

Tamer Family 261

Chapter 261: The Malevolent Ghost Sect Wants to Destroy the Chen Family

“Why should I put it down?” “Although the Beast Tamer Sect and the Loyalty Marquis ‘Residence are both seventh-rank forces, they are nothing to my Ghost Fiend Sect.”

“Lord, don’t worry. I swear that within half a year, I will definitely be able to destroy the Beast Tamer Sect and the Loyalty Marquis’s Residence.”

“I naturally believe in your Ghost Fiend Sect’s strength.”

Zhou Muchun nodded and looked at Sect Head Xu.” But Sect Head Xu, have you ever thought that if you want to destroy a rank 7 faction before the external help arrives, you would need to use at least two to three times their strength.”

“Now that the higher-ups are pressing us for missions, how can we have so many martial arts experts to attack the Beast Tamer Sect and the Loyalty Constabulary?”

“Then what do you mean?” Sect Master Xu looked at Zhou Muchun.

Zhou Muchun thought carefully for a moment before saying,“The main purpose of this operation is to warn the other powers not to get involved in the matters of the Ghost Fiend Sect.”

“Therefore, it doesn’t matter who we destroy. What’s important is to destroy them with lightning speed to show the strength of our Ghost Fiend Sect.”

“I understand.” Sect Master Xu nodded.” What you mean is that we should strive to exterminate a faction as quickly as possible.”

“Then i understand. Let’s start with the Chen family who has been in the limelight.”

“Yes.” Zhou Muchun smiled in satisfaction.” Then what do you plan to do?”

Hearing Zhou Muchun's question, the corners of Sect Head Xu's mouth curled into a cruel smile, "I will exterminate the Chen Clan within a day. After that, I will cut off the heads of the entire Chen Clan and hang them on the walls of Chen City."

"Is it that simple?" Zhou Muchun's eyes revealed a hint of contempt.

When Sect Master Xu saw this, he continued, "I will pull out the skin of the Chen family members and paste them all on the wall as paper."

"Then, I'll use the bones of the Chen family as a pen and their blood as ink to write an open letter to all the factions, warning them not to get involved in the matters of the Malevolent Ghost Sect."

Upon hearing Sect Head Xu's words, Zhou Muchun raised his teacup and blew at the steam before taking a sip. "Go ahead."

Hearing this, Sect Leader Xu nodded with a sinister smile and turned around to arrange the matter of destroying the Chen Clan.

Chen Cheng, Chen Family, in the meeting hall.

Chen Xuan had a smile on his face and said excitedly, "Patriarch, these taxes are calculated. It's estimated that there are ten thousand spirit stones every year."

Although these 10,000 spirit stones were nothing to the current Chen family, they were given for free after all. The Chen family did not need to pay anything, so Chen Xuan was naturally happy about it.

Chen Yang took the booklet and glanced at it. Then, he looked at Chen Xuan. "First Elder, I'll leave the tax collection to you."

Seeing that Chen Yang seemed to be a little absent-minded, as if he was thinking about something, Chen Xuan asked curiously, "Patriarch, did something happen?"

n

No, why do you ask?"Chen Yang looked at Chen Xuan.

"I saw that the Patriarch was a little absent-minded, so I guessed that something had happened."Chen Xuan said.

Hearing this, Yang Chen explained,"It's nothing serious. I was just thinking about the revenge of the Ghost Fiend Sect.""

"The Ghost Fiend Sect wants to take revenge on us?" Chen Xuan's eyes widened.

My family head, isn't this a big deal?

That was the Ghost Fiend Sect, a sixth-rank evil sect!

"First Elder, don't worry. With the hidden strength of our Chen Clan, unless the Ghost Fiend Sect comes out in full force, they really can't do anything to us."Yang Chen smiled.

"As for coming out in full force, that's even more impossible. They still have important things to do now, so they definitely won't put their focus on our Chen family."

"Besides, even if they come out in full force, with my master around, it's wishful thinking for them to want to destroy our Chen family!"

Chen Yang's words were not false. If Zhou Tianli could hold back the sect leader of the Sinister Ghost Sect, then the puppet in Chen Yang's hands would undoubtedly be an unstoppable existence to the other evil cultivators of the Sinister Ghost Sect.

Even Zifu Disciples wouldn't be able to block a single palm strike. At that time, it would not take long for Chen Yang to destroy all the Zifu Disciples.

The remaining evil cultivators were nothing to the Chen family. With the Sirius Star Array, the ones who should be worried should be those evil cultivators.

“Then what are you worried about, Patriarch?” Hearing Chen Yang’s words, Chen Xuan also felt that the Chen family was impregnable. However, in that case, what was the family head worried about?

“This matter is related to a secret matter. I can’t explain it to the Great Elder.”

Hearing this, Chen Xuan waved his hand repeatedly.” Since it’s a secret, I won’t ask.””

Chen Xuan could also guess that it definitely had something to do with the evil cultivators. It was better to leave such a big matter to the family head.

“Oh right, invite my master over.”Yang Chen said.

“Understood.”

Not long after, a masked man entered the Chen family and walked straight into the meeting hall.

Seeing this person come over, Yang Chen quickly stood up to welcome him.”

Yang greets Master.””

“There’s no need to be so polite.” Zhou Tianli helped Chen Yang up and sat down on a side seat.

When Yang Chen saw this, he returned to the main seat and smiled at Zhou Tianli.” Master, I invited you here today because I have something to discuss with you.”

“Please speak.”

Yang Chen nodded and explained, "According to the intelligence we have, I have a bold guess. That was, a large portion of the food that the evil cultivators plundered had to be handed over to the evil sect behind them."

"And the Patriarch is someone from the heretic sect behind him. He will definitely be present when the transaction takes place."

"So I was thinking that if we could know the time and place of the transaction, would we be able to find evidence that the ancestor colluded with the evil cultivators?"

Zhou Tianli thought about it seriously and said, "Theoretically, it's possible, but the problem is that we don't even know the time and place of this transaction."

"We don't know, but the Sorcerers do." Yang Chen smiled. "As long as we keep an eye on the place where the Sorcerers are holding the people, we'll be able to see the scene of the transaction when we follow them."

Hearing Yang Chen's words, Zhou Tianli was deep in thought. "What do you mean? We should send people to find the place where the evil cultivators imprison the people."

"That's right."

Yang Chen nodded and said, "I've decided to send out most of the Heaven Dragon Guards to find this place."

"If we can find it, it will save us a lot of effort."

"We can give it a try." Zhou Tianli understood and asked, "Then, my disciple, where do you think the evil cultivators will keep these people?"

"With so many people, they definitely won't be detained in the dynasty. Even the ancestor's base camp, Yingzhou, would not be used as a place to guard."

“The most likely place is still the Endless Mountain Range.” Yang Chen said.

“This Endless Mountain Range is so large. It’s not easy for us to find the location of the guards.” Zhou Tianli sighed.

Hearing this, Yang Chen smiled and said, “Master, don’t worry. I already have some guesses.”

“These evil cultivators keep the people in the Endless Mountain Range and will also bear the risk of being attacked by demon beasts.”

“Thus, I believe that this place of guarding shouldn’t be too far away from the Ghost Fiend Sect’s headquarters.”

“Then the question is, where is the nest of the Ghost Fiend Sect?”

“Yingzhou!” Zhou Tianli’s eyes lit up. “You mean that the range of our investigation is in the Endless Mountain Range behind Yingzhou.”

After the excitement, Zhou Tianli was a little worried. “But the scope of this is not small. If the evil cultivators have completed the transaction before we find them, it will be difficult to collect evidence.”

Zhou Tianli’s worries were not without reason. Ying Province was the most narrow and long province among the three provinces that were close to the Endless Mountain Range.

The range of its radiation was even larger than the Jiang Prefecture and the Spiritual Prefecture near the Endless Mountain Range combined.

It was not easy to find the location of the guards.

“Let’s take it slow. After our operation this time, we can at least guarantee that the Sorcerers have plundered the people of four counties less.”

“Since the quantity is insufficient, they naturally wouldn’t dare to trade. In addition, the Li Clan has sent out patrols, so the Ghost Fiend Sect wouldn’t dare to act now.”

“This will give us a lot of time to find a place to be detained.” Yang Chen explained.

“I’m just afraid that they’ll offer up as much as they have.” Zhou Tianli sighed.

“Then we can only take a gamble.”

If the Guimo Sect really offered up as much as they had, then Yang Chen had no choice but to admit defeat.

However, this was unlikely. After all, the sect behind it seemed to come from outside the Endless Mountain Range.

It was not easy to cross the Endless Mountain Range, and they probably would not come and go frequently. There was a high possibility that they would offer everything at once.

“Oh right, my disciple, the commotion this time is so big that even my scouts have discovered that the Ghost Fiend Sect is investigating our operation this time.”

“I reckon that it won’t be long before the revenge of the Ghost Fiend Sect comes. Are you ready?” Zhou Tianli looked at Yang Chen.

Seeing this, Yang Chen’s eyes were filled with killing intent.” I hope that the

Sorcerer will come quickly. Maybe we can get some information.””

“By the way, Master, if the Evil Cultivation Sect invades, don’t be in a hurry to attack.”

“Master, you and my puppet are my hidden trump cards. Unless it’s absolutely necessary, I definitely can’t move.”

“But if that’s the case, are you confident that you can stop the evil cultivators?”Zhou Tianli asked.

“Don’t worry, the Malevolent Ghost Sect won’t send out too many powerful experts at the start. After all, my Chen family is only an eighth-rank force.”

“An expert at the first level of the Zifu Disciple realm. Master, do you think I can’t stop him?”Yang Chen asked with a smile.

Zhou Tianli nodded his head,” Alright, we’ll do as you say. However, if you’re in danger, I won’t bother hiding and will definitely take action.”

“Master, don’t worry. When the time comes, I’ll ask you to help me even if you don’t tell me.”Yang Chen smiled.

After the two of them talked, they went to deal with their own matters.

Time passed by bit by bit. In the blink of an eye, another month had passed.

As time passed, the commotion caused by the Evil Practitioner’s Calamity gradually subsided. Everyone returned to their normal lives and no longer worried about the evil cultivators.

In this peace, a team of 300 people slowly moved towards Chen City.

The person leading the group was the elder in charge of displaying the might of the Ghost Fiend Sect, a heretic cultivator at the second level of the Purple Mansion Realm..

Chapter 262: Choose Your Own Death

“Fifteenth Elder, for this operation, our brothers still need to rely on your care.”Beside the Fifteenth Elder, a flattering smile appeared on the evil cultivator’s face.

The Fifteenth Elder glanced at this person and immediately sneered, "I know what you're thinking, but I'll say it first. There are some things that can be done, but we must pay attention to them. We must first complete the mission that the sect master has given us."

"After the mission is completed, whether you want to collect food or vent your anger, it's up to you."

Hearing the Fifteenth Elder's words, the Core Condensation evil cultivator's face was filled with excitement. "Thank you, Elder."

ii

No need to thank me. You deserve it."

The Fifteenth Elder did not pay any attention to his subordinate's gratitude and continued to move towards Chen Cheng at the same speed.

Outside Chen City.

The guard looked at the team heading toward Chen Cheng and frowned. He then held the spear in his hand and stepped forward. "Stop! Who are you?"

The Fifteenth Elder glanced at the guard and said lightly, "Get lost before I get angry!"

The guard was stunned. It was the first time in so many years that someone dared to speak to him like this.

Because of the Chen family's transcendental status, even the eighth-ranked aristocratic families outside were polite when they came to the city gate.

"I can get lost, but you have to tell me where you came from and why you came to Chen City!" The guard scolded.

“Destroy the Chen Clan.” The Fifteenth Elder said indifferently.

“What?”

“I said that we are here to destroy the Chen family.” The Fifteenth Elder grabbed the guard’s neck and a sinister smile appeared on his face. “Do you hear me now?”

“Wuuuuu...” The guard struggled frantically, but the Fifteenth Elder’s hand was like an iron clamp, firmly gripping the guard’s neck, making it impossible for him to break free.

Just as the guard was about to give up, the Fifteenth Elder flung him away and released a terrifying aura. “I don’t want to kill today. Get lost!”

Sensing the heart-palpitating aura from the Fifteenth Elder, the guards subconsciously wanted to escape, but before they could take a step back, they stopped and shouted together, The Chen Family’s Deadly War!

The Chen Family’s Deadly War!

Seeing that this group of people dared to stop him, the evil cultivator stepped forward and said, “Elder, leave it to me. I’ll go and slaughter these ants.”

Then, the Core-Condensing Cultivator stepped forward but was stopped by the Fifteenth Elder.

The Fifteenth Elder looked at the Core Condensation evil cultivator and

said, “Don’t cause any more trouble. Destroy the Chen family first. These ants have plenty of time to deal with.”

Then, the black spiritual energy in the Fifteenth Elder’s body whistled out. The terrifying spiritual energy was like a violent wind, instantly clearing the city gate.

Immediately after, the group of people leaped forward and headed straight for the Chen family.

Looking at the black gas floating in the sky, everyone understood the origin of this group of people.

Evil Practitioner!

Thinking of what the Chen Family had done previously, it was not difficult to guess that these evil cultivators came from the Malevolent Ghost Sect, and their goal was naturally to take revenge on the Chen Family.

“It’s over. The evil cultivators from the Ghost Sect are here. Can the Chen

Family defend against them?”

“Are you kidding me? How can the Chen Family not be able to resist a mere demonic cultivator?”

“I think the Chen Clan is in danger. I can sense the terrifying aura emanating from the leader of the evil cultivators. He’s an evil cultivator at the Zifu Disciple level.”

“Let me explain it to you this way. The strength of that leading evil cultivator is the same as the Beast Tamer Sect’s ancestor. Do you still think that the Chen family can defeat the evil cultivator?”

“That’s right. The Chen family is only at Rank-8. The strongest in the family is only at the Core Formation realm. How can they be a match for these evil cultivators?”

After the explanation of some warriors, everyone understood the terror of the evil cultivators. For a moment, the atmosphere of despair spread in Chen City.

“Damn it, brothers, come with me to the Chen family and stand with the Chen family!” A Qi Refinement Realm martial artist shouted loudly.

Immediately, many people from Chen City followed the Qi Refining martial artists and rushed towards the Chen family.

“Are you guys crazy? Wouldn’t he be courting death if he went to the Chen family now?” The foreign martial artists looked at these Chen City people in confusion.

“Outsiders like you naturally don’t know what we’re thinking. We’re able to have everything we have today because of the Chen family.”

“Now that the Chen family is in trouble, we naturally have to go through life and death with the Chen family.”

“That’s right, Scholar Chu’s words are good. We want to live and die with the Chen family!”

“Crazy, everyone is crazy.” The foreign martial artists looked at these crazy Chen City people. They were all crazy, actually courting death.

Even if he wanted to save the Chen family, he should have rushed out and told the other experts about this.

To rush over so rashly, wasn’t that just showing off his courage?

Of course, the foreign martial artists also understood that the Chen family would not be able to hold on until the foreign aid arrived.

With a Zifu Disciple here, the Chen Clan would probably not be able to hold on.

Outside the main gate of the Chen family, the Fifteenth Elder glanced at the two large words ‘Chen family’ on the plaque and smiled disdainfully. Then, the spiritual energy in his body whistled out and pushed down the entire city wall.

At the same time, a loud shout resounded throughout the entire Chen family.

“Chen Yang, get out and die!”

The shout echoed in the ears of all the members of the Chen Clan, and they all subconsciously turned their gazes toward the main gate.

When they saw the mass of black Qi, they were shocked. “Evil Practitioner!”

The name of the Sorcerers had long been known by the Chen Family. After all, the Chen Family’s recent reputation was due to Chen Yang shattering the Ghost Fiend Sect’s conspiracy.

The Chen family naturally knew how terrifying the evil cultivators were. Now that the evil cultivators had invaded, could their Chen family still survive?

“Hahaha, you all from the Ghost Fiend Sect have come to our Chen family. You have really brought light to our humble Chen family.”

As soon as the Fifteenth Elder shouted, Chen Yang’s voice rang out from the Chen Clan Estate.

Following this voice, Yang Chen rode the Underworld Dragon and flew to the gate.

At the same time, the direct descendants of the Chen Clan also ran to the gate and stood with the Grand Elder. They looked at the evil cultivators with worry and despair.

After sizing up Chen Yang, the Fifteenth Elder smiled and said, “So you’re Yang Chen? There’s nothing special about you. I don’t know why you’re so daring to interfere in the affairs of my Ghost Fiend Sect.”

“Elder, I’m sorry.”

Yang Chen smiled and shook his head, "The Ghost Fiend Sect is just a rat hiding in the dark. Why wouldn't I dare to interfere in your matters?"

"Humph! You're about to die, yet you still dare to be so arrogant." The Core Condensation evil cultivator beside the Fifteenth Elder cupped his hands and said, "Elder, please let the Great Hall of the Exalts go out and kill this shameless Chen Yang."

Yang Chen smiled and said, "Elder of the Ghost Fiend Sect, you don't seem to have enough authority. You actually let your subordinate interrupt our conversation."

"This evil cultivator is indeed an evil cultivator. He doesn't even know the basic rules."

Hearing Chen Yang's words, the Core Formation Evil Cultivator's head was instantly covered in cold sweat. "Elder, i..." That's not what I meant."

"Retreat!"

The 15th Elder glanced at his subordinates and then looked at Chen Yang who was on top of the Underworld Dragon. "You're not very capable, but you talk big."

"Right now, I really want to see if you can still say such big words when you see the bones of your Chen clan members being crushed by us."

As he spoke, the Fifteenth Elder swept his gaze across the Chen Clan and immediately smiled, "I heard that your Chen Clan has a seventh grade array master. Where is he?"

"Did he hear that we were here and scared him away?"

"As for my Chen Clan, there's no need for the Ghost Fiend Sect's elders to worry about it." Yang Chen smiled.

“Forget it. It doesn’t matter if a mere Core Formation cultivator comes or not. Yang Chen, I actually quite admire you, but unfortunately, you have angered my Ghost Fiend Sect.”

“Today, you and your Chen family will definitely die. However, I can give you a special treatment and let you choose your own way of dying.” The fifteenth elder said very generously,

“In that case, do I have to thank you?”

Hearing Yang Chen’s words, the 15th Elder frowned, “Why? Do you think you can survive?”

Yang Chen took a deep breath and said slowly, “There are many people in this world who can take my life, but unfortunately, the prerequisite for taking my life is humans. Rats are not included.”

“You’re courting death!”

Seeing that Chen Yang was insulting them again, the Fifteenth Elder could no longer endure it. He immediately activated his second-level Purple Mansion Realm cultivation and carried a terrifying spiritual qi as he leaped towards the Underworld Dragon in the sky.

The Underworld Dragon looked at the charging Fifteenth Elder and swung its claw down, colliding with the Fifteenth Elder.

Bang!

A loud sound rang out. The terrifying counterattack sent the Fifteenth Elder and the Underworld Dragon flying.

The Fifteenth Elder looked at the Underworld Dragon in shock. “Demon King!”

“I was wondering why you had the guts to go against my Ghost Fiend Sect. So it turns out that you’re relying on the Monster King. However, have you ever thought that even if I’m held back by you, my subordinates can still wipe out your Chen family?”

“In the end, your Chen family will still be destroyed.”

“Attack!”

Following the command of the Fifteenth Elder, the remaining evil cultivators rushed in.

These evil cultivators with the lowest cultivation level were Meridian Opening. To an Eighth-rank Aristocratic Family, they were undoubtedly a disaster.

However, to the Fifteenth Elder’s surprise, he did not see a trace of panic on Chen Yang’s face.

Bang!

Just as these evil cultivators were about to approach the Chen family, a loud bang suddenly came from inside the Chen family.

Immediately after, a thousand-meter-long giant wolf phantom appeared in the sky above the Chen family mansion.

As the giant wolf phantom appeared, many wolf beast phantoms that looked the same but were much smaller rushed out of the Chen family and fought with the evil cultivators.

The strength of these wolf beast phantoms varied. The strong ones were close to the peak of the Core Formation realm, while the weak ones were at the Meridian Opening realm.

Looking at the giant wolf phantom, the Fifteenth Elder said in horror, “Sirius Star Formation!”

“Damn it, didn’t the intelligence say that your Chen family didn’t accept the

Divine Martial Crossbow that the Sirius Star Formation wanted?”

“You don’t have to worry about that.” “Didn’t you ask where the Chen Family’s Array Master went?” Yang Chen smiled.”

Now, you should know. Oh right, let me tell you something. My Chen family still has two Core Formation Realm cultivators. He didn’t appear. Guess what they went to do?”

The Fifteenth Elder frowned.. Suddenly, he shouted,,”Be careful of the Divine Martial Crossbow!”

Chapter 263: Defeating the Sorcerers

“Be careful of the Divine Martial Crossbow!”

Along with the Fifteenth Elder’s voice, a Divine Martial Crossbow that was hidden in the dark flickered with a cold light.

He was gathering a terrifying amount of spiritual energy and aimed it at those evil cultivators to launch this attack that he had been preparing for a long time.

The reminder from the Fifteenth Elder came a little too late.

The group of evil cultivators trapped by the wolf beast phantom had no time to dodge the white light wave that swept over.

Bang!

With a loud bang, the Chen family’s gate was completely shattered. The huge waves swept over and destroyed the buildings along the street and the houses in the Chen family mansion.

Some of the ancient trees and ornaments that were used for decoration were also crushed into powder by the huge wave. Together with the smoke and dust, they blocked the morning sun in the sky.

The spectating members of the Chen family were also blown back dozens of meters by the huge wave.

If not for Ancestor Chen Tao rushing over quickly and using his spiritual energy to block this huge wave, many of the Chen family's direct descendants would have died under this huge wave.

Even so, the direct descendant of the Chen family still had quite a few injuries, but it did not affect his life and cultivation.

As for Patriarch Chen Tao, who had blocked the giant wave, a trickle of blood flowed from the corner of his mouth. His chest heaved up and down, clearly heavily injured.

But even so, Ancestor Chen Tao still had a smile on his face." As expected of the Divine Martial Crossbow. Its power is truly formidable."

The reason why Ancestor Chen Tao was so happy was because a deep pit that was 20 meters deep and nearly 50 meters wide had appeared at the Chen family's gate.

In the deep pit, the corpses of the evil cultivators were strewn everywhere.

The stronger ones, such as Core Formation evil cultivators, still had their corpses preserved.

As for the weaker ones, under the bombardment of the Divine Martial Crossbows, their flesh and blood flew everywhere, and they died without a complete corpse.

This attack was the most powerful attack of the Divine Martial Crossbow, and its power was equivalent to a full-powered attack from a Zifu Disciple!

In addition, this group of evil cultivators were all gathered together, so it was not strange for them to be instantly killed.

In the sky, Yang Chen glanced at the miserable state of his clansmen and sighed, "Looks like I was a little rash. If I had known earlier, I wouldn't have used the strongest attack of the Divine Martial Crossbow."

Then, Chen Yang smiled and looked at the Fifteenth Elder, "Elder of the Ghost Fiend Sect, are you satisfied with the welcoming gift of my Chen Family?"

"Phew!"

The Fifteenth Elder was so angry that his chest was heaving up and down. Killing intent and rationality competed in his eyes. In the end, rationality prevailed.

The Fifteenth Elder knew that this operation had failed completely.

As for him, he was only left with the path of defeat. If he stayed here, he was afraid that his life would be killed by the Chen family.

One had to know that the Divine Martial Crossbow had already begun to gather energy again.

The Fifteenth Elder was not a long-winded person. After thinking it through, the Fifteenth Elder quickly rushed out without even saying any harsh words.

Looking at the back view of the Fifteenth Elder, Yang Chen's lips curled into a smile as if he was bathing in the spring breeze.

"If you stay in my Chen Clan, you might have a chance of survival. But if you run away, then the only thing waiting for you is death."

The reason why Yang Chen was so confident was because Zhou Tianli had already followed the Fifteenth Elder out from the shadows.

Now that there was no one around, Zhou Tianli could give the Fifteenth Elder a surprise.

Chen Yang patted the Underworld Dragon and signaled for it to land.

After landing on the ground, Chen Yang quickly came in front of Chen Tao and held him." Ancestor, are you alright?"

"It's just a small injury." Chen Tao smiled as he wiped the blood from the corner of his mouth." Yang 'er, you did a beautiful job in this battle. Even the Zifu Disciples were defeated by our clan."

Chen Tao was very glad that he had chosen to let Yang Chen take over the Chen family.

Reality proved that Chen Tao's choice was not wrong.

Under Yang Chen's leadership, not only had the Chen Clan reached the Eighth Stage, but they had also been fortunate enough to break through to the Core Formation realm. The clan's hidden trump card could even defeat the Zifu Disciples.

If Chen Tao had been the one to lead the team, he did not think that he would have been able to achieve the current situation.

No, he definitely couldn't do it.

After feeding Chen Tao a healing pill, Chen Yang looked at Chen Xuan." First Elder, help the ancestor down to rest. I still have some things to deal with."" "Understood!"

Chen Xuan knew that Chen Yang was probably going to deal with the evil cultivators.

Immediately, Chen Xuan supported the ancestor and brought the Chen family members back to the Chen family.

When Chen Yang saw this, he rode on the Underworld Dragon and rushed in the direction where the Zifu Disciples had fled.

Not long after Yang Chen left, the people of Chen City who wanted to live and die with the Chen Family also officially arrived at the gate of the Chen Family.

Looking at the deep pit at the door, the leader's heart turned cold." Oh no, could it be that the Sorcerers have already succeeded?"

"Then are we still going in?"

"Of course we have to go in. Even if we die, we have to die with the Chen family!"

Following the leader's shout, the group dodged the deep pit and ran towards the Chen family.

"Stop! What are you doing!"

At this moment, Chen Xuan, who was planning to come out and clean up the mess, saw a large group of people running towards the Chen family. He was so scared that he almost retreated and immediately shouted.

"First Elder, are you alright?"

After seeing Chen Xuan, the leader ran to Chen Xuan's side happily."

Chen Xuan sized up this person and immediately said,"I know you. Aren't you the master of Chencheng Shanyang Fist Gym? What are you doing?"

"It's like this. We know that the evil cultivators are looking for trouble with the Chen family. We want to live and die with the Chen family, so we came to support the Chen family."

"First Elder, where did those people go?"

Although our strength is not strong, it is still enough to block one or two attacks from the evil cultivators for the Chen family.”The master of the Shanyang Boxing Gym said excitedly.

When Chen Xuan heard this, he smiled and waved his hand.” Dear fellow villagers, I thank everyone for supporting my Chen family.”

“However, we have already killed the evil cultivator. His corpse is in that deep pit.”

“As for the bandit leader, he has already fled. The head of the Chen family is chasing after him.”

Hearing Chen Xuan’s words, everyone looked at each other.

We were all prepared to fight to the death in the Chen family, but when we came, you told us that this evil cultivator had been dealt with by you?

The master of the Shanyang Martial Arts Gym said in disbelief,”Grand Elder, this bandit leader is a Zifu Disciple. Can the Chen Clan defeat him?”

Chen Xuan patted the shoulder of the head of the Shanyang Martial Arts Dojo.” Head Liu, is there a need for me to lie to you about this?””

“I appreciate your good intentions, but it’s better to leave with your men. With so many people here, what about Chen Cheng’s business?”

Hearing this, Head Liu took a deep breath.

My heavens! The Zifu Disciples had been forced back by the Chen Clan. Just what sort of level of power had the Chen Clan reached?

Was this still the eighth-rank aristocratic family that he was familiar with?

“Great Elder, we’re already here. If you need any help, just let us know.” Head Liu said.

When Chen Xuan heard this, he knew that he could not disappoint these people. He immediately smiled and said, “Since that’s the case, please repair the door of my Chen family with the members of my Chen family..”

Chapter 264: Spying for Intelligence

Great Qian, in the Endless mountain range outside Chen City of Jiang Prefecture.

Glancing at Chen Cheng with lingering fear, the Fifteenth Elder took a deep breath and complained, “This damn information is useless!”

“Not only did we not manage to negotiate with the Monster King, but we also did not know about the terrifying killing formation of the Sirius Star Formation. Fortunately, I ran fast. Otherwise, I would have died in the Chen family.”

“When we return, we must report this to the sect master and ask him to organize the information.”

“As for the Chen family, hmph! Since I know your background, it’s only a matter of time before I destroy you.”

“Oh, who do you want to destroy?”

Just as the Fifteenth Elder was about to say something ruthless, a playful voice sounded from all around.

“Who is it?”

The Fifteenth Elder looked around, and black spiritual energy gathered in his hand. “Eggless rat, don’t you dare to reveal your true colors?”

“Since Elder is so willing to let this one show up, then this one naturally cannot give Elder face.”

Accompanied by a mocking voice, Zhou Tianli slowly stepped out from the dense forest in the Endless Mountain Range. He smiled and twisted his neck, "Elder, am I an eggless rat?"

"Deshun Commandery Prince!"

The 15th Elder looked at this person in shock. Damn it, why is he here? Could it be that our operation has been leaked?

Or had the Deshun Commandery Prince always stayed in Chen City?

For a moment, the Fifteenth Elder had many ideas. He even had his own guesses about who the traitor was.

However, that was all in the future. Right now, he still had to run.

Immediately, the Fifteenth Elder left and dashed into the Endless Mountains without any regard for his life.

At this moment, the Fifteenth Elder wished that he was a heretic cultivator of the Fiend Soul Sect.

But at this critical juncture, no evil technique could compare to the Blood Evasion Thousand Miles.

"You still want to run in front of me?" A smile appeared on Zhou Tianli's face. He then released his aura without any restraint and disappeared. When he reappeared, he was already in front of the 15th Elder.

Sensing the terrifying aura from Zhou Tianli, the Fifteenth Elder said with a trembling voice, "You... You've already broken through to the stage?"

Heavens!

Wasn't the Prince of Deshun restricted in his cultivation resources? How could he break through to the stage?

Various thoughts appeared in the Fifteenth Elder's mind, but unfortunately, he was afraid that he would not get an answer to his doubts.

Looking at the 15th Elder in front of him, Zhou Tianli punched out and instantly injured the 15th Elder.

Bang!

The 15th Elder fell down like a bird with broken wings. The terrifying power transmitted by Zhou Tianli's fist made use of the 15th Elder's body to create a deep pit in the ground below!

Zhou Tianli jumped to the bottom of the pit and lifted the Fifteenth Elder up like he was carrying a dead dog." If it wasn't for my disciple asking me to spare your life, you would already be a corpse."

Then, Zhou Tianli looked at Chen Cheng.

He didn't know how long it would take for his disciple to arrive.

As if in response to Zhou Tianli's thoughts, a dragon's roar sounded. Immediately after, Chen Yang rode on the Underworld Dragon and slowly landed beside Zhou Tianli.

After jumping down from the Underworld Dragon's body, Yang Chen glanced at the fifteenth elder in Zhou Tianli's hands and smiled,""Thank you, Master."

"No need to thank me. Yes, if you have anything to ask, ask quickly."Zhou Tianli said.

Hearing this, Chen Yang looked at the Fifteenth Elder," Tell me, where is the place where your Ghost Fiend Sect holds the people?"

When the 15th Elder heard this, he sneered. "Chen Clan Leader, you are also a big shot. Why do you ask this? Do you really think I will betray the sect?"

"You're quite stubborn." Yang Chen smiled and grabbed the chin of the Fifteenth Elder, "I have plenty of time to deal with you. You can be stubborn. I still want to use a big shot like you to verify the torture of my Chen family." "Punishment?" "Bring it on if you have any ability," the Fifteenth Elder said disdainfully.

"Very straightforward." Yang Chen let go of the Fifteenth Elder's hand and looked at Zhou Tianli, "Master, let's make a bet and see whose punishment can make this person relent."

"Oh, what bet?" Zhou Tianli asked.

"If I win, master will give me a piece of Da Qian Gold. If I lose, I will give you a piece of Da Qian Gold." Yang Chen smiled.

Listening to their conversation, the Fifteenth Elder said angrily, "If you want to kill me or cut me up, do as you please. I'm a Zifu Disciple after all; there's no need to humiliate me like this!"

"Humiliated?" Yang Chen kindly reminded him, "The word insult is used on people. You don't deserve it."

Immediately, the two of them brought the Fifteenth Elder to the seclusion place in the Endless Mountains.

Interrogating the evil cultivator elder of the Ghost Fiend Sect was such a big matter. Naturally, it could not be done in the city. What if the news leaked out?

The place where he was in seclusion in the Endless Mountain Range was the most suitable place for interrogation.

After arriving at the location, Zhou Tianli first crippled the fifteenth elder's dantian before looking at Chen Yang, "Who's first?"

“You’re my master, so naturally, you go first.” Yang Chen smiled.

Hearing this, Zhou Tianli took out a seven-colored pill from his storage pouch. When he saw this pill, the fifteenth elder’s pupils constricted.

“Bone Eroding Pill? You... Just kill me!”

“It’s not that easy to die.” Zhou Tianli pinched the Fifteenth Elder’s mouth and forcefully fed him the Bone Eroding Pill.

As soon as the Bone Eroding Pill was swallowed, the Fifteenth Elder’s face turned purplish red, and he rolled on the ground. It hurt! It itches!”

Looking at the miserable state of the Fifteenth Elder, Zhou Tianli explained, “This is a poison pill of the seventh rank, the Bone Eroding Pill. After swallowing it, it’s as if ten thousand insects are biting and corroding the bones. It hurts and itches, and even a Zifu Disciple can’t withstand it.”

Just as Zhou Tianli had said, not long after, the Fifteenth Elder begged for mercy, “You... Just kill me!”

“Tell me, where is your Ghost Fiend Sect keeping the people?” Zhou Tianli forced again.

“I’ll talk. I’m willing to talk.” The Fifteenth Elder nodded repeatedly. The effects of the Bone Eroding Pill made death a luxury for the Fifteenth Elder.

Seeing this, Chen Yang took out a map of Da Qian and the surrounding Endless Mountains from his storage bag and spread it out in front of the Fifteenth Elder.

The Fifteenth Elder looked at the map and looked at Chen Yang in confusion. “So you already knew the approximate location of our food.”

“Cut the crap. If you want to be free as soon as possible, tell us where this place is.”

Seeing this, the Fifteenth Elder quickly pointed at a place on the map.

Seeing this, Yang Chen used a pen to mark this spot and then looked at Zhou Tianli.

Seeing this, Zhou Tianli put an end to the Fifteenth Elder's pain and asked, "Disciple, how do you know what he said is true?"

"It doesn't matter. In any case, there will be people coming to tell us information in the future." Yang Chen smiled.

"You mean that the Ghost Fiend Sect won't let this go?" Zhou Tianli asked.

"Of course." Yang Chen smiled and kept the map, "If I were the sect master of the Ghost Fiend Sect, I wouldn't let this matter rest if I couldn't even handle a small Eighth-rank Aristocratic Family.."

Chapter 265: The Attack of a Late-stage Zifu Disciple

"The evil cultivators of the Ghost Fiend Sect tried to destroy my Chen City. Fortunately, the heavens favored them and they were successfully destroyed by the Chen family."

In Chen City, even though a month had passed since the invasion of the evil cultivators, the news of the destruction of the evil cultivators still occupied the front page of the Chen newspaper.

"Paper boy, give me a newspaper."

A man dressed in white, who looked like a young master from an aristocratic family, bought a newspaper with a smile. Then, he walked to the tea stall and read it with relish.

When the waiter saw this, he smiled and asked, "Sir, you should be from outside

Chen City."

When the noble young master heard this, he placed the report in his hand on the table and smiled at the waiter." Oh, how did you know? Don't tell me you remember everyone in Chen City?"

"This lowly one doesn't have the ability." The waiter scratched the back of his head with a silly smile, then smiled and said,"I had this guess because i saw that you were looking at Chen Bao with such relish."

"The people of Chen City have known about this news for a long time, so they naturally wouldn't be so focused on it."

"And the reason why Chen Bao placed the news of the invasion of the Sorcerers on the front page was to prepare for outsiders like you."

When the noble young master heard this, he patted the waiter's shoulder with a smile." Not bad, as expected of Chen Cheng. Even the waiter has such observation skills.""

"However, i have some doubts. I hope that the waiter can help me explain."

"Oh, please speak, sir." The waiter smiled.

"It's like this." The noble young master expressed his doubts." The Chen Family is only at Rank-8. Even if the Chen Family Head is talented and can be said to be the number one monster in Da Qian. However, he had only trained for a short period of time, so it was impossible for him to be a match for a Zifu Disciple."

"I heard that among the evil cultivators who came to invade this time, there was an evil cultivator at the level of a Zifu Disciple. How did the Chen clan defeat this evil cultivator at the level of a Zifu Disciple?"

"So you have doubts about this."The waiter poured a cup of tea for the noble young master and immediately smiled."Sir Chen Yang is not only talented, but his luck is also the best in Great Gan."

"Luck?"

The noble young master frowned." What does this good luck have to do with defeating the Zifu Disciples?"

"Of course there is." "Ten years ago, Lord Chen Yang found a recently dead Underworld Dragon in the Endless Mountains."

"Sir, you should know that Lord Chen Yang has an underworld dragon among his subdued beasts, right?"

The noble young master nodded, and a gleam of light flashed in his eyes as he quietly listened to the waiter.

The waiter did not seem to notice the strange look in the noble young master's eyes. He continued to speak confidently," That dead underworld dragon was a demon king level existence."

"Lord Chen Yang extracted the blood essence of the demon king and dug out its demon core to feed his subdued beast."

"It was precisely because of this that Lord Chen Yang's Hellwurm successfully broke through to become a Daemon King, allowing it to resist the Zifu Disciple."

Hearing the waiter's words, the noble young master didn't quite believe it." That's impossible, right? Let's not talk about swallowing the demon core. Will it cause any losses to the subdued beast?"

"Let's say that after successfully refining the demon core, the subdued beast can completely absorb the spiritual energy in the demon core and advance to the demon king realm?"

"If it's really that simple, wouldn't those major forces be able to nurture many Daemon King familiars?"

It was no wonder that the noble young master had such doubts. Logically speaking, even if he swallowed the demon core of a demon king of the same type, it would be very difficult for a Demon Venerable to break through to the demon king realm.

Generally speaking, it was already very good to be able to let a Demon Venerable advance from the early stage to the late stage and let the late stage advance to the peak.

Only demonic beasts at the peak of the Demon Venerable realm could break through to the Demon King realm under the infusion of the massive amount of spiritual energy in the demon core.

But among them, the danger was extremely high. Generally speaking, it was already good luck to be able to kill one out of ten.

“That’s why I said that Lord Chen Yang is lucky.” The waiter echoed.

“As you said, there are so many restrictions and difficulties, but Lord Chen Yang was able to succeed. Doesn’t that prove that he is the number one person in Da Qian?”

The noble young master’s words paused. It seemed like that was the case.

“Of course. Regardless of whether it was because they swallowed a demon core or because of something else, the Chen clan had a demon king-level subdued beast, which was why they were able to defeat the Zifu Disciple.” the waiter said.

After hearing the waiter’s words, the noble young master was silent for a moment, then smiled and said, “How did you know about such a secret?”

“Secret?” The waiter looked at the noble young master in puzzlement. “I’m not the only one who knows about this.”

“Practically all of the people of Chen City saw Lord Chen Yang riding on the Hellwyrms Dragon to pursue the Zifu Disciple.”

“As for how the Underworld Dragon broke through to the Demon King realm, it’s news released by the Chen family. As for whether it’s true or not, we don’t know.”

“But there is one thing we can be certain of, and that is that the Chen Clan already has the power of a Zifu Disciple.”

Hearing this, the noble young master nodded.

That’s right. It didn’t matter how he obtained a Daemon King-level subdued beast, as long as he knew that the Chen family had Zifu Disciple combat strength.

It seemed that this trip was not in vain. Next, he should investigate if the Chen family had any other hidden combat strength other than this demon king.

Immediately, the noble young master paid the bill and fanned himself as he strolled around Chen City.

Seeing the noble young master leave the teacup, the person who was sweeping the floor beside the teacup slowly walked to the side of a person who was tidying up the trash.

“Tell the commander that the fish has bitten the hook.”

Then, the sweeper left and continued to sweep the streets. However, this route coincided with the route that the noble young master took.

Chen Clan, in the meeting hall.

After listening to Chen Ying’s report, Yang Chen waved his hand, signaling for Chen Ying to leave.

After Chen Ying left, Zhou Tianli couldn’t help but say, “Yang ‘er, what do you have to do to make that spy believe that the Chen Clan only has one Daemon King?”

“What do we do?” Yang Chen’s lips curled into a smile. “I don’t need to do it. Just let him investigate normally.”

“In any case, our Chen Clan truly only has the power of a Zifu Disciple. Why should we be afraid of him investigating?”

Hearing Yang Chen’s words, Zhou Tianli suddenly realized that he was overthinking things.

In the Chen Family, only the Great Elder knew about Chen Yang’s background.

Outside, only he and Wang Ming knew about Yang Chen’s background.

As long as they didn’t say anything, no one would know that Yang Chen had a stage level puppet in his hands.

As for the rest, he would let the Ghost Sect’s scouts investigate. However, they could only find the Hell Dragon.

If they were bold enough to come to the Chen family to investigate personally, they would only be able to find out about the Sirius Star Array.

Yang Chen had planned to release this information to confuse the enemy. Since that was the case, why would he be afraid of being investigated?

“Disciple, this time, although we can fool the Malevolent Ghost Sect and make them continue to send out Zifu Disciple level experts, we can still send them out.”

“But what about next time?”

“I reckon that this time, the Ghost Fiend Sect will send out a late-stage Zifu Disciple. If we still kill him, then the next person who will come will probably be the sect master of the Ghost Fiend Sect.” Zhou Tianli said worriedly.

“Don’t worry, I won’t.” Chen Yang smiled and shook his head, “The most important thing for the Ghost Fiend Sect now is to hand over the people they plundered to the sect behind them.”

“Otherwise, the Malevolent Ghost Sect wouldn’t have sent the Zifu Disciples over and directly mobilized the entire sect.”

“As for the next time we kill the enemy, it will definitely make the Ghost Fiend Sect more cautious towards us.”

“However, I can guarantee that the most the Ghost Fiend Sect can do is to send out spies to investigate the Chen Clan’s background in preparation for future revenge.”

“As for revenge, no matter what, it should be after the transaction is completed and not immediately.”

Hearing Chen Yang’s words, the Deshun Commandery Prince nodded slowly.”

In that case, we’ll do as you say.””

Zhou Tianli had also thought it through. With such a disciple around, there was no need for him to waste his brain thinking. He could just say who he wanted to hit.

Time passed by bit by bit. In the blink of an eye, another half a month had passed.

And the noble young master who had been scouting for information in Chen City half a month ago had also arrived at the manor of the Yingzhou ancestor.

In a certain hall, Sect Master Xu did not hide the killing intent on his face. He stared straight at the noble young master in front of him, “Speak, what information did you find on this trip?””

“Sect Master, after my investigation, the Chen family has a total of the Hell Dragon and the Sirius Star Array.”

“What did you say?” Zhou Muchun frowned and immediately asked, “Are you sure it’s the Sirius Star Array?”

“That’s right.”

Your noble son nodded, because this Sirius array is too famous, we will firmly remember it.”

“When I was near the Chen family, i sensed the aura of the Sirius Star Array.”

After hearing the noble young master’s words, Sect Master Xu looked at Zhou

Muchun.” Old Ancestor, the situation is clear now.”

” I don’t know where the Chen family got their hands on the Celestial Wolf Formation and Daemon King subdued beasts, but that’s how they managed to kill the Fifteenth Elder.”

“Sir, let me go and kill Yang Chen.”

Zhou Muchun looked at Sect Master Xu.” What a rash person. What a disgrace.

mt

“The Chen family is just a minor illness, so there’s no need to take it too seriously. The most important thing now is to guard the food. If anything happens, your entire Ghost Fiend Sect will be buried with you.”

“As for the Chen Clan, they can send a late-stage Zifu Disciple.”

Hearing Zhou Muchun’s words, Sect Master Xu nodded.” Alright, I’ll go back and send the Third Elder over. The Third Elder is an expert at the seventh level of the Purple Prefecture Realm. It shouldn’t be a problem for him to take care of the Chen Clan.”

“By the way, Milord, do you know when the higher-ups will send people to receive the food? Guarding the rations requires a large number of our Ghost Fiend Sect’s men, and it really affects our development.”

“Why are you in such a hurry? How can transporting so many people be solved in a short period of time? The higher-ups naturally have their considerations. You just have to focus on waiting.”

“As for your losses, don’t worry. The higher-ups will definitely give you a satisfactory reward.”Zhou Muchun said.

Hearing Zhou Muchun’s words, Sect Master Xu took a deep breath and slowly said,“I understand. If there’s nothing else, I’ll take my leave.”

“Go ahead.”

After leaving the main hall, Sect Master Xu went straight to the Ghost Fiend Sect’s lair and called the Third Elder over.” Third Elder, I have a mission for you. Go and destroy the Chen Family.”

A cruel smile appeared on Third Elder’s face.” Do you need me to destroy Chen Cheng as well?”

“There’s no need. The Li family’s investigators haven’t left yet. Isn’t massacring the city a slap to the Li family’s face?”

“I understand..”

Chapter 266: Dealing With Yang Chen Is Easy

Hearing Sect Master Xu’s words, Third Elder nodded.” Don’t worry, Sect Master. In less than a month, I’ll be able to bring Chen Yang’s head to see you.” “Yes, I can rest assured that you’ll do your job. However, there is one thing you must pay attention to. We did not send out many spies this time. The authenticity of the information needs to be considered.”Sect Master Xu instructed.

Hearing this, the Third Elder smiled." Sect Master, you still don't know me. I've always been a cautious person. Don't say that you don't know the background of the Chen family.""

"Even if I know the Chen family's strength, i will still be careful. If I can assassinate them, i will do so."

"It's good that you think so. Go, go early and come back early. We still need people to watch over the detention place."Sect Master Xu smiled.

Hearing this, the Third Elder turned around and left.

Unlike the Fifteenth Elder who brazenly brought the evil cultivators to exterminate the clan, the Third Elder was not in a hurry to go to the Chen family after he came out. Instead, he disguised himself as a big-bellied merchant.

Immediately after, the Third Elder purchased a batch of silk and hired some people to walk towards Chen City with great fanfare.

Chen City, Chen Family.

At this moment, Chen Yang still didn't know that the Ghost Fiend Sect had already sent a seventh-level Purple Mansion Realm expert to assassinate him. Currently, Yang Chen's focus was still on the Endless Mountains.

"Master, do you think that if we follow the people from the sect behind us, we might know a way to reach the Endless Mountain Range without any injuries?" Hearing Chen Yang's words, Zhou Tianli cast his gaze onto the map." It's very likely that the lives of the people are extremely important to Evil Sect.

After all, they still had to refine the innate Qi in the blood. Naturally, they would not let the commoners suffer any harm."

"But even if we know this path, what's the use?"

“Of course it’s business.” “If we can find a trade route and resell resources from all over the world, we can definitely make a fortune.” Yang Chen smiled. “When the time comes, do we still need to go to the Endless Mountain Range to find trouble with those demon emperors?”

Hearing this, Zhou Tianli’s eyes lit up. However, in the blink of an eye, his eyes disappeared.” But if that’s the case, we have to ensure that they can successfully trade.”

“At that time, we won’t be able to save those commoners.”

“Although the people of Da Qian were not captured in this operation, every year, the evil cultivators will kidnap a large number of Da Qian citizens. These citizens are innocent.

Although the other commoners are not from Da Qian, they are still humans. It would be cruel to abandon them just like that.”

Zhou Tianli had always been like this. Otherwise, he wouldn’t have gotten into such a huge fight with Prince De because of the demon horde.

Yang Chen sighed deeply.” Master, with our strength, it’s impossible to stop the transaction.””

Hearing Yang Chen’s words, Zhou Tianli was silent for a long time before he slowly said,””Is there no way to save them?”

“If we want to rush into the Endless Mountain Range from the outside, we will need a lot of time. In such a long time, the number of people captured by the evil cultivators will definitely exceed our imagination.”

“A way...”

Yang Chen lowered his head and thought for a moment before he suddenly laughed.” There is also a way. That is, before they make the transaction, our strength is already on par with the sect behind them.”

“In that case, there’s no need to worry. We can just save these people.”

Hearing Yang Chen’s words, Zhou Tianli sighed deeply.

How was this possible?

Although Zhou Tianli didn’t know when they would make the deal, it probably wouldn’t be too long. It would only be a few years.

Within a few years, it was undoubtedly a fool’s dream to have their strength equal to the Evil Sect behind the Ghost Fiend Sect.

“In that case, let’s do as you say.” Zhou Tianli waved his hand. Since he couldn’t save these people, he wouldn’t blindly do so.

Even though Sky Justice was kind, he wasn’t a fool. He wouldn’t blindly show kindness to the underlings.

The Heavenly Circuit Society would remember these grudges in their hearts. When there was a chance in the future, they would seek revenge from them. “Right, any news from the Firmament Dragon Guard?” Since he was no longer bothered by the previous matter, Zhou Tianli sorted out his emotions and asked about the matters of the Qian Dragon Guards.

Yang Chen knew what Tianli was asking and immediately replied, “Not yet. After all, the area that the Ghostly Fiend Sect gave was only an approximate area.”

“In addition, the evil cultivators will definitely hide. It won’t be so easy to find the place of detention.”

Chen Yang wasn’t worried about the fact that the Dry Dragon Guards had found nothing.

According to Yang Chen’s estimation, it would be good enough if the Heaven Dragon Guard could find a place to detain them within a year.

Yang Chen didn't believe that the Sorcerers would blatantly expose so many people.

According to Yang Chen's guess, it might be somewhere underground, or even guarded by a maze.

"Tell the Qian Dragon Guards to hurry up." Zhou Tianli said, "I'm still feeling uneasy. I'm afraid they'll make a quick trade."

"I will." Yang Chen nodded.

In the following time, the two of them talked about other things.

After there were no more questions, Zhou Tianli stood up and left. Yang Chen also went to deal with the Chen Family and Chen Cheng.

After the Chen family became stronger, the Great Gan did not set up a county magistrate in Chen City. All the matters in Chen City were decided by the Chen family.

There were many more things to deal with.

After all, anything that could be placed in front of Yang Chen was basically a major event that affected the development of Chen Cheng and the Chen family. Naturally, Yang Chen had to deal with it personally.

Just like that, half a month passed.

Half a month later, the merchants led by the Third Elder also successfully passed through the guards and entered Chen City.

After arriving in Chen City, Third Elder keenly sensed that there were many people watching him in the dark.

The Third Elder knew that these people should be the Chen family's spies.

The Third Elder smiled disdainfully.

You can look at it however you want. Anyway, I'm not taking action now.

Immediately, the Third Elder found an inn, and then like an ordinary merchant, he began to sell his goods to the merchants in Chen City.

Although the Piercing Guard was suspicious of this new merchant, he couldn't find a single problem.

Night fell.

The Third Elder, who had been busy outside for a whole day, returned to the inn. After treating the guards and waiters to a meal, he returned to his room.

In the room, the Core Formation evil cultivator who was in charge of following the Third Elder first looked outside and then said, "Third Elder, when do we take action?"

"There's no rush. The Chen Family is only an Eighth-rank Aristocratic Family. Dealing with the Chen family was a piece of cake." The Third Elder said disdainfully.

"Then what are you waiting for, Elder?" The Core Condensation Evil Cultivator was puzzled.

"I now suspect that the Deshun Commandery Prince is in Chen City. After careful consideration, the strength that the Chen Family has revealed is not enough to kill the Fifteenth Elder."

"The Fifteenth Elder is not weak. Even if he can't defeat the Chen Family, he can still escape."

"Only if the Deshun Commandery Prince personally makes a move would the Fifteenth Elder not be able to escape." The Third Elder guessed..

Chapter 267: Killing the Third Elder and Reconfirming the Detainment Location

Hearing Third Elder's words, the Core Formation evil cultivator had a look of admiration." Elder, you're really thoughtful?"

"Alright, stop flattering me.

From tomorrow onwards, you and I will investigate the whereabouts of the Deshun Commandery Prince. After confirming that the Deshun Commandery Prince is indeed not in Chen City, I will go and finish off Chen Yang.i*

The next day, Third Elder continued to introduce his goods like the other merchants.

While introducing his goods, the Third Elder was also observing to see if the Deshun Commandery Prince was in Chen City.

The investigation lasted for seven days.

After seven days of investigation, the Third Elder finally confirmed that Deshun Prince was not in Chen City.

The reason why he could not find the Deshun Commandery Prince was not because the Third Elder was incapable, but because the Deshun Commandery Prince had been in the Chen Family for the past few days.

As for the reason, it was naturally to hide the De Shun Commandery Prince.

Chen Yang had also considered whether the Guimo Sect would suspect that the Deshun Prince was in Chen City. Under the premise of not letting the Deshun Prince leave Chen City, hiding him in the Chen Family was the best choice.

In the inn.

After repeatedly confirming with his subordinates that there was no trace of the Deshun Commandery Prince, the Third Elder decided to start his own operation.

In fact, if it wasn't for the fact that the place of detention required strong people, so he couldn't waste more time in Chen City, the Third Elder would have wanted to observe for half a year and figure out everything before taking action.

However, it didn't matter. There was no need to be so cautious when dealing with a mere eighth-rank aristocratic family. It was a waste of time.

The Third Elder immediately informed his confidant of his plans.

Hearing that the Third Elder was planning to act, the Core Condensation Evil Cultivator smiled and asked, "Sir, is there anything I can help you with?"

"Just guard these goods." The Third Elder smiled.

"Protect the goods?" The Core Condensation evil cultivator looked at the Third Elder in confusion. "Elder, you mean to protect those silks?"

Seeing the Third Elder nod, the Core Condensation evil cultivator asked, "Why are you guarding these broken things? This subordinate will accompany you in."

"No need."

The Third Elder rejected his subordinate's suggestion and immediately walked out of the inn with a smile. With the help of the night light, he quietly disappeared into the night.

The Core Condensation evil cultivator was still thinking about it. If the Third Elder asked him to guard the goods, Why did the Third Elder ask me to guard these goods? Could it be that there's something hidden in the goods?"

With doubts in his heart, the Core Condensation evil cultivator decided to take a closer look at these goods.

Immediately, the Core Formation evil cultivator walked out of the room and went to the warehouse where the goods were stored. He carefully observed the silk.

This observation really allowed the Core Formation evil cultivator to find something. Immediately, the Core Condensation evil cultivator walked to a purple silk and lowered his head to smell it.

"The Core Condensation evil cultivator seemed to have thought of something. He quickly retreated and looked at the purple silk in front of him with some fear.

"This is the Firefly Flower Poison! It seems that the Third Elder not only wants to assassinate the Chen Family Head, but also to destroy the entire Chen City. No wonder he asked me to guard these silks."

"Once Chen Yang dies, Chen City will definitely fall into chaos. At that time, this firefly flower poison will also be able to spread until the entire Chen City is destroyed."

A hint of excitement flashed in the eyes of the Core Formation evil cultivator. Soon, I will be able to destroy a city with my own hands.

Within the Chen Clan, after successfully spreading the news that the Piercing Guard was secretly watching him, the Third Elder infiltrated the Chen Clan.

Sensing the spiritual energy fluctuation of the Chen family, the third elder smiled and said, "There really is a Sirius Star Formation. Fortunately, I was prepared. Otherwise, I would have been discovered."

"Now, we just need to save time and find Yang Chen."

The Third Elder immediately began searching the Chen Family.

At this moment, Chen Yang was sitting on a stone chair in his courtyard, as if he was waiting for someone.

“Only a Zifu Disciple can shake off my Piercing Guard. It seems I m quite honored to have a Zifu Disciple come and assassinate me.”

As soon as Yang Chen finished speaking, the door of the courtyard was pushed open and the Third Elder slowly walked in.

Third Elder was surprised to see Chen Yang sitting on a stone chair and drinking tea leisurely.” You seem to be waiting for me?””

Before Chen Yang could answer, the Third Elder answered his own question,””They should be waiting for me. It seems that I have underestimated your spies.”

“No matter how normal I act, these spies will not relax their surveillance on me. In the end, all kinds of clues will expose me in front of you.”

“However, I have a question. i hope that Patriarch Chen can enlighten me.”

Yang Chen smiled and nodded.” Elder, please ask.””

“Since you knew that I was coming to assassinate you, why didn’t you make preparations beforehand? You could have escaped or asked your master, the Deshun Prince, to come to your Chen Family.”Third Elder asked.

“Because i don’t need to be an enthused.”

“No need?” The Third Elder frowned and then sneered,”What, do you think you can defeat me with just yourself and your Monster King?”

“Then you’re looking down on me too much, and you’re thinking too highly of yourself.”

After saying that, a terrifying wave of air burst out from the Third Elder's body. What was even stranger was that these waves of air only flowed in the courtyard. No one outside could feel the slightest movement.

The Third Elder's mastery of spiritual energy and aura had already reached a peak!

Under the suppression of this powerful aura, Yang Chen found it difficult to breathe, but his expression remained unchanged.

This made the Third Elder feel insulted..

Chapter 268: Killing the Third Elder and Reconfirming the Detainment Location

You're just a mere Core Formation cultivator, yet you dare to look down on me? Looks like I'll have to teach you a lesson!

The Third Elder's figure disappeared immediately. When he reappeared, he was already behind Chen Yang.

The Third Elder raised his right fist. After quickly circulating most of his spiritual energy, his right fist suddenly smashed down.

A cruel smile appeared on the Third Elder's face. He seemed to have seen the scene of Chen Yang's neck breaking under his punch.

Bang!

With a loud bang, the smile on the Third Elder's face instantly froze.

The bloody mess that he had imagined did not appear. Instead, it was replaced by a metal arm.

Looking up from the arm, a puppet emitting a terrifying aura was staring coldly at the Third Elder.

“Deng...Almighty!”

The Third Elder looked at the puppet in front of him in shock. Damn it, how could there be a puppet at the level of a mighty figure here!

Also, did the sect’s spies grow up doing nothing? He didn’t even know such important information!

After blocking the Third Elder’s punch, the puppet threw another punch.

In an instant, a terrifying power flowed through the puppet’s fist and into the Third Elder’s body.

Instantly, Third Elder felt his meridians break, his bones shatter, and his five internal organs shatter. His entire person flew backward.

Just as the Third Elder’s body was about to touch the house, the puppet quickly rushed in front of the Third Elder and grabbed the Third Elder’s neck with its hand, forcefully pulling him back.

Kacha!

In an instant, the Third Elder felt that his neck bone had also broken. If not for the spiritual energy in his body hanging on to the last breath of the Third Elder, the Third Elder would have died by now.

Then, the puppet dragged Third Elder to Yang Chen like a dead dog.

Looking at the pained Third Elder, Yang Chen smiled and said, “Now you know where my confidence lies.”

Upon hearing this, the Third Elder endured the pain and revealed a sinister smile." I lost. With this puppet around, even if my Malevolent Ghost Sect sent out all its elites, we wouldn't be able to do anything to you, let alone me."

"However, don't be too pleased with yourself. The power behind this matter is far beyond your imagination. Sooner or later, you will be buried with me."

"Elder, you don't have to worry about when I'll die."Chen Yang held a cup of tea and handed it to the Third Elder.

The Third Elder looked at Yang Chen and then at the tea in front of him. He endured the pain and drank the hot tea in the bowl.

"Bah!"

After drinking the tea, Third Elder spat out the tea leaves in his mouth and immediately smiled."Chen Clan Leader, on account of the fact that i didn't harm the other members of the Chen Clan, please give me a quick death."

"You are also a great person in the world, you will not even meet this little requirement.""

Yang Chen patted the Third Elder on the shoulder," You should be glad that you didn't endanger the lives of my Chen Family members. Otherwise, you wouldn't even have the right to bargain with me.""

"Not only can I give you a quick death, but I can also bury you. However, you have to answer one question of mine."

"Please ask, Chen Clan Leader."

"Where is the place where your Ghost Fiend Sect keeps the people, which is also the place where you say you have food?"Yang Chen asked.

Hearing Yang Chen's question, the Third Elder smiled and said, "I think you must have interrogated Old Fifteen before. With your methods, I think Old Fifteen should have confessed."

Yang Chen nodded. "That's right. We did interrogate the Sorcerer who came some time ago. The Sorcerer Elder also told us a location."

"What, you don't believe what Old Fifteen said?" The Third Elder smiled at Chen Yang, then sucked in a breath of cold air. "It hurts. Hurry up and bring me the map. I'll tell you the location."

"I hope that after you get the answer, you can fulfill your promise."

"Don't worry, Elder."

Yang Chen took out the map and placed it in front of the Third Elder. The Third Elder endured the pain and circled a location for Yang Chen.

Looking at the location on the map, Yang Chen nodded.

These two Zifu Disciples had marked out the exact location. Presumably, the true place of detention should be in this area.

After marking the location, Third Elder looked at Chen Yang, "Chen Clan Leader, can you satisfy my needs now?"

Yang Chen nodded. "Since you're so cooperative, I can fulfill one of your requests."

The third elder was silent for a moment when he heard this. He immediately said, "Although I have become a heretic practitioner, I have never killed any ordinary person in my life."

"To be arrogant, with my talent, I don't even need to do anything to refine the innate Qi."

“Therefore, I hope that the Chen family head can erect a tombstone for me on account that I have never killed an ordinary person.”

“It’s not too much of a request.” “I can agree to your request. What’s your name?” Yang Chen said.”

“Shen Ma.”

“Alright, I’ll write Shen Ma’s grave on the tombstone and hide your identity as a heretic practitioner.” Yang Chen said.

Hearing this, Shen Ma closed his eyes.

Under Yang Chen’s command, the puppet took Shen Ma’s life.

Looking at Shen Ma’s body, Yang Chen said slowly, “Chen Ying.”

Chen Ying walked out of the darkness and came to Chen Yang’s side.” Please give me your orders, Patriarch.”

“Bury this person’s body and write Shen Ma’s Tomb. In addition, seize the goods that this person brought.” Yang Chen said.

“Understood.” Chen Ying nodded, picked up Shen Ma’s body, and left.

After Chen Ying left, the door behind Chen Yang opened and Zhou Tianli walked out.

Looking at the symbol on the map, Zhou Tianli said, “It seems that it won’t be long before we can find the location of this detention.”

“It’s just that my disciple, I don’t understand one thing. Why did that heretic practitioner tell us the location of the detention? Could it be that he just wanted a quick death?”

“How is that possible?”

Yang Chen smiled as he poured a cup of tea for Zhou Tianli,” Master heard what he said. This matter is complicated. There might be some powerful force playing the role of a chess player.”

“This person’s goal is very simple. He wants us to fall into his trap so that he can use the power of the major powers to destroy us and avenge him.”

“From what he said, I thought he still had a conscience. I didn’t expect him to be so vicious.”Zhou Tianli sighed.

“Have a conscience?”

Yang Chen smiled disdainfully.” If he really had a conscience, he wouldn’t have become a Sorcerer.”

“The reason why he doesn’t kill ordinary people isn’t because he has a conscience, but because he disdains them.

In his eyes, ordinary people were no different from ants. If they did not provoke him, why would he hunt them?”

“Master, if you don’t believe me, you can wait. It won’t be long before this person’s goods are brought over.”

“In his eyes, the people of Chen City are like ants that have bitten themselves. He wouldn’t show any mercy.”

Hearing Yang Chen’s words, Zhou Tianli nodded.

Then, he sat down with Chen Yang at the stone table, drinking tea while waiting for Chen Ying’s news.

In the inn, the Core Formation evil cultivator who was sitting at a table and waiting for news from the Third Elder suddenly sensed that something was wrong.

Instantly, the Core Condensation evil cultivator leaped up and dodged a cold arrow.

“Oh? He had been discovered. Since that was the case, he had to make his move!”

Following Chen Ying’s order, the Piercing Guards broke the windows and surrounded the Core Formation evil cultivator.

When the Core Condensation evil cultivator saw this, his expression changed.

Damn it, there could only be one reason for this situation, and that was that the Third Elder had failed.

The Core Condensation evil cultivator immediately made a decision and charged toward one of the Piercing Guards. Seeing this, the Piercing Guard hurriedly dodged.

What was surprising was that the evil cultivator’s goal was not to pierce Wei, but to pierce through the wall behind Wei.

After shattering the wall, the Core Formation evil cultivator leaped down and quickly disappeared.

Seeing this, the Piercing Guards still wanted to chase after him, but they were stopped by Chen Ying.” There’s no need to chase. We’ll follow the clan head’s instructions and bring this batch of goods to him first.””

Hearing this, the Piercing Guards nodded and followed Chen Ying to search for the goods. At the same time, they comforted the other guests in the inn.

Chen Family, Chen Yang’s courtyard.

Chen Ying placed the silk in front of Chen Yang.” Family Head, due to my negligence, the evil cultivator guarding the silk escaped.”

“So be it. Those evil cultivators will get the news sooner or later anyway..”

Chapter 269: Firefly Poison

Yang Chen did not care about the escape of the Sorcerer.

It was nothing more than to inform the Guimo Sect of Shen Ma’s failure. Even if they kept this person, would the Guimo Sect not receive the news of Shen Ma’s failure?

Before Shen Ma came out, he would definitely set a date. When the time was up, the Ghost Fiend Sect would definitely send out spies to investigate.

When Yang Chen was fine and he couldn’t contact Shen Ma, he would naturally know that Shen Ma had failed.

Moreover, whether this Core Formation evil cultivator could successfully escape was another matter.

There were many experts of the Qian Dragon Guard around Chen Cheng.

If he wanted to escape quickly, he would have to mobilize his spiritual energy. Once he used his spiritual energy, the aura of the evil cultivator would leak out.

As long as the Firmament Dragon Guards weren’t blind, they would definitely notice.

At that time, even if he did not kill the evil cultivator, it would still cause trouble. When the evil cultivator returned, it might be a long time later.

Compared to the Sorcerer, Yang Chen was more curious about whether there was anything on the silk.

Immediately, Yang Chen and Zhou Tianli came to the side of the silk and carefully observed it.

When he saw the purple silk, Zhou Tianli suddenly grabbed Yang Chen's right hand," Wait a minute.""

Hearing this, Yang Chen retracted his right hand and looked at Zhou Tianli in confusion," Master, is there a problem?"

Zhou Tianli didn't answer Yang Chen. Instead, he approached the purple silk and sniffed it.

After that, Zhou Tianli covered the purple silk with another piece of silk and said with an ugly expression,""It's actually the Firefly Flower Poison. It seems that this Shen Ma wants to exterminate the entire Chen City."

"Firefly Flower Poison, what is that?" Yang Chen asked.

"This Firefly Flower Poison is a mysterious and powerful poison in the Ghost Fiend Sect."

"As long as you come into contact with the Firefly Flower Poison, you will immediately be infected.

Those infected with the Firefly Flower Poison would turn a demonic purple like fireflies, and their bones would slowly corrode until they died."

"It's even more amazing. This firefly flower poison can also devour the nutrients in the infected person's body and nurture the next stage of the firefly flower poison. Then, through contact, it can infect the next person."

Hearing Zhou Tianli's words, Chen Yang's scalp went numb. If the Firefly Flower Poison were to erupt in Chen City, then it would not be as simple as Chen City suffering.

Chen City could be said to be the center of Jiang Prefecture. Countless people came to Chen City every day. If this spread, Jiang Prefecture would be conquered by the Firefly Flower Poison sooner or later.

“Chen Ying, have you come into contact with this firefly flower poison?” Chen Yang, who was afraid that the Firefly Flower Poison would spread, hurriedly asked.

When Chen Ying heard this, his expression turned ugly.” Someone touched it.””

Hearing this, Yang Chen’s heart skipped a beat and he quickly said,””Hurry up and isolate the person who touched him. No one is to touch him.”

“Yes, sir!” Chen Ying immediately took action.

Before Chen Ying could take two steps, Zhou Tianli stopped him,” No need.”

“No need?” Yang Chen looked at Zhou Tianli in puzzlement. If he didn’t control it, wouldn’t the firefly poison spread in Chen City?

Looking at Yang Chen’s puzzled face, Zhou Tianli laughed,””Although the firefly poison is terrifying, if you want it to be effective, you need a medicinal primer.”

“If a human comes into contact with the firefly poison, the firefly poison will dissipate within three days without the use of a medicinal primer.”

“The firefly poison will only be activated when it touches the drug primer, displaying its terror and infectious nature.”

“Without the drug primer, even if they come into contact with each other, they won’t be infected. This was also the reason why I dared to go up and smell it.”

Hearing Zhou Tianli’s words, Yang Chen heaved a sigh of relief.” Then Master, what is this drug primer? I’ll let them avoid it.””

“Yang ‘er, I’ve already told you that this poison was developed by the Ghost Fiend Sect. What did you say the medicine primer is?”Zhou Tianli laughed.

Hearing this, Yang Chen thought for a moment and smiled,“It can’t be Innate Qi, right?”

In Yang Chen’s opinion, the Innate Qi was such a precious thing. How could it be used as a drug primer by the evil cultivators?

To Yang Chen’s surprise, the truth was just as he had guessed.” That’s right, the drug primer is the innate Qi.”

“You must be very surprised. Are you thinking that the Sorcerer’s brain is broken to use such a precious thing as a drug primer?”

Yang Chen nodded.

“It’s precisely because this innate Qi is too precious that evil cultivators use it as a medicinal primer.”

“After all, the firefly poison is really too terrifying. Even Supremacies of the Purple Prefecture have fallen for it. In order to prevent accidents from happening during the production and storage process, the Ghost Fiend Sect used the Connate Qi as the medicine primer.”

“After all, no evil cultivator would randomly place the innate Qi anywhere.

They would not even preserve it. To a certain extent, accidents can be avoided.”

“I see. Then i can rest assured.”

Yang Chen smiled and nodded. Then, he looked at Chen Ying.” There’s no need to quarantine, but you still have to pay attention to make sure that no accidents will happen.””

“Those servants who are kept in the dark must also be monitored at all times to ensure that they do not come into contact with the innate qi and cause the firefly poison to erupt.”

“Understood!”

In the next three days, the Piercing Guard kept an eye on those who might have come into contact with the firefly poison. Only when they were completely sure that there was nothing wrong did they stop monitoring.

Time passed by bit by bit. In the blink of an eye, another month had passed.

A month later, Yingzhou, in the old nest of the Ghost Fiend Sect.

Sect Master Xu fiddled with the jade pendant in front of him in annoyance.” Damn it, when is the deal going to be made? Why didn’t you give me a definite answer?””

“Although the location of the guards was chosen so that they would not be discovered or disturbed by others, it was inevitable that they would chase away the demon beasts.”

“Just driving these demon beasts requires a large amount of manpower every day.”

Speaking of manpower consumption, Sect Master Xu suddenly remembered that it had been some time since Third Elder went to assassinate Chen Yang. Why was there no news at all?

Did he fail?

Sect Master Xu burst out laughing. How could he have such a ridiculous idea?

How could the head of an eighth-rank family defeat the third elder? Furthermore, the third elder had gone to assassinate him, so it was impossible for him to fail.

Just as Sect Leader Xu was about to get rid of this ridiculous thought, someone suddenly reported, "Sect Leader, Deacon Geng has returned."

"Deacon Geng?" Sect Master Xu frowned, "Didn't he follow Third Elder to Chen City? Why did you suddenly come back?"

Suddenly, Sect Master Xu had a bad idea and hurriedly said, "Let him in."

After Attendant Geng entered, Sect Master Xu quickly asked, "What happened? Why did you come back alone?"

At this moment, Attendant Geng was in a sorry state. There was not a single good spot on his body. Wounds could be seen everywhere, and his aura was very unstable.

Hearing Sect Leader Xu's question, Attendant Geng said with a sobbing tone, "Sect Master, Third Elder, Third Elder has failed.."

Chapter 270: I Love Making Friends the Most

"What did you say?" Although Sect Leader Xu's hearing was fine, he was still unwilling to believe it and quickly asked.

Deacon Geng took a deep breath and said slowly, "A month ago, after the Third Elder gave me some instructions, he went to the Chen family alone to carry out a mission."

I originally thought that with Elder's strength, it would be very easy to complete this task. However, I didn't expect that not long after, the Chen Clan's spies would find me."

"Not long after I ran out, I ran into the Dry Dragon Guards again.

It took him a month to reach this place. On the way here. I've asked around, but

I haven't heard of any changes in the Chen family."

'So I guess that Third Elder's operation should have failed.'

"As for the third elder himself...'

Deacon Geng didn't say anything, but Sect Master Xu could guess that it was probably not going to be good.

"You can leave first and have a good rest. In the future, there will be other matters that require you to serve the sect."Sect Master Xu consoled.

"Yes, sir!"

After Attendant Geng left, Sect Leader Xu pondered for a moment before heading towards Zhou Muchun's manor.

Zhou Muchun's manor, in a certain hall.

Sect Master Xu thought about it again and again, then said,"Milord, this operation has failed again. I reckon that there should be a hidden power in the Chen family that we don't know about. Perhaps Deshun Commandery Prince has been staying in the Chen family all this while."

"I suggest that I make a trip to the Chen Clan. If there is really any secret, I will return quickly. If there is nothing..."

At this point, a bloodthirsty look appeared in Sect Master Xu's eyes." If there isn't, and it's just that the Deshun Commandery Prince is staying in the Chen Family, then I'll kill Chen Yang,""

"Don't worry, my lord. I'm absolutely confident that I can kill Chen Yang without hurting the Deshun Commandery Prince."

Zhou Muchun shot a glance at Sect Leader Xu before taking a sip of tea." Are you done?"

Sect Head Xu looked at Zhou Muchun in confusion. From Zhou Muchun's words, it seemed like he didn't agree with his plan.

Immediately, Sect Master Xu asked carefully, "Sir, is there anything wrong?"

"What do you think?" Zhou Muchun shot a glance at Sect Head Xu and immediately didn't keep him in suspense. He placed the teacup on the table at the side and began to explain the reason.

"Your idea is good, but there are two problems. The first problem was that if the Chen Clan could kill Zifu Disciples, could they not kill Daoists?"

"At present, we don't know the Chen family's secret. If we send you out rashly, what if you die like Third Elder?"

"Don't think that I'm making a fuss. When we sent Third Elder out, didn't we all think that Third Elder would succeed immediately?"

Hearing Zhou Muchun's words, Sect Head Xu fell into deep thought.

His Excellency's words made sense. Since he could kill a seventh-level Purple Mansion expert, he might also be able to kill a powerful expert.

As for him hiding in the dark and carefully observing Yang Chen's secret, it was most likely impossible. Since the other party had the strength to kill him, he naturally had the ability to discover him.

Although the possibility was not high, he still had to treat this situation with caution.

Zhou Muchun ignored Sect Head Xu's thoughts and continued, "The second problem, which is also the most important problem at the moment, is to guard the food."

“You should understand what is more important. It was still the same sentence. If there was a problem with the food, it was only a matter of time before the entire Ghost Fiend Sect was destroyed.”

With that, Zhou Muchun stood up and walked to Sect Master Xu’s side. He patted Sect Master Xu’s shoulder.” If you’re really angry, you can ask for the help of the powerhouses of the higher sects after the food is delivered.”

Hearing this, Sect Master Xu nodded.” Alright, then let the Chen Family off for now.”

“It’s good that you think that way.” Zhou Muchun smiled and immediately said,” Of course, we still have to investigate the Chen Clan.”

“I reckon that after the grain transaction is successful, the news of the Chen family will be more or less investigated. At that time, we will have a greater chance of destroying the Chen family.”

“Understood.”

Chen City.

Although the Chen family did not leak the news of Shen Ma’s attack, many people knew about the commotion in the Chen family at that time.

Everyone guessed that there must be some powerful evil cultivator who went to the Chen family to assassinate Chen Yang.

In the end, he naturally put his life in the hands of the Chen family.

With this, everyone’s guess of the Chen family’s strength increased by another level.

To be able to resist the assassination of a Zifu Disciple, the power he wielded absolutely surpassed everyone’s imaginations.

Some of the powerful forces heard this and secretly remembered it. It seemed that they could not treat the Chen family as an eighth-rank force in the future.

The Chen family was not even considered an ordinary Rank-7 force. They were already qualified to become a strong Rank-7.

For a moment, everyone sighed.

The rise of the Chen family allowed the various forces to understand the Chen family's past.

A few decades ago, the Chen family was just a ninth-rank aristocratic family. Now, the Chen family had grown to the point where they were on par with a Rank-7 force.

In fact, it seemed to be above the seventh-rank forces.

And the cause of all this was none other than Chen Hu Zi and Chen Yang from the Chen Clan!

Anyone with a discerning eye could see that after Yang Chen took over the Chen family, the Chen family had undergone earth-shaking changes.

Everyone was very envious of this. If Chen Yangsheng was in our faction, wouldn't we be a sixth-rank faction now?

Yang Chen wasn't sure what the other forces were thinking.

At this moment, Yang Chen and Zhou Tianli were standing in front of a ball of silk.

Looking at the silk in front of him, Yang Chen asked/"Master, I have already followed your request and left this firefly idle for a month.. Can you burn it now?"
