Chapter 271:1 Love to Make Friends in the US

“Sure.” Zhou Tianli nodded.

Hearing this, Yang Chen burned it clean, completely eliminating the firefly poison.

Yang Chen had wanted to burn this silk cloth.

However, Zhou Tianli had said that if he wanted the Firefly Poison to be burned along with it, he would have to expose it to the scorching sun for a month.

Although Yang Chen didn't understand the principle behind it, he still did as he was told.

The principle was not important. What was important was to destroy this firefly poison.

Now that the firefly poison had dissipated in the sea of fire, Yang Chen heaved a sigh of relief.

After the flames had burned out, Yang Chen found someone to collect the ashes and buried them underground. Then, he sat around the stone table with Zhou Tianli.

While pouring tea for Zhou Tianli, Yang Chen asked, “Master, what should we do next?”

Hearing this, Zhou Tianli was stunned. “Isn't this your decision? Why are you asking me?”

Zhou Tianli was stunned. Ever since he had worked with Yang Chen a few times, he had already made up his mind to be a fighter.

He would still leave it to Yang Chen to play with his brain.

But now that the think tank was asking for the hatchet man's opinion, how could the hatchet man not be surprised?

Hearing Zhou Tianli's words, Yang Chen smiled and said, "I naturally have some plans in my heart, but I still want to ask Master so that our plans don't conflict."

"I don't have any plans," Zhou Tianli replied nonchalantly. "You can do whatever you want. If you need me to make a move, just let me know."

Seeing this, Yang Chen smiled and sat on the stone chair. He picked up the teacup, blew on the hot air, and then took a sip.

When the fragrance of the tea bloomed in his mouth, Yang Chen looked at the Endless Mountains. "The current situation is clear."

"We just need to find the place where the people are being held and we can find evidence."

"In the following time, we can also go and do our own things. By accumulating strength in advance, when the war broke out, it could also increase the probability of victory."

"My dear disciple, I don't know if I should say this." Zhou Tianli seemed to have thought of something and hesitated.

"Master, feel free to speak."

Hearing Yang Chen's words, Zhou Tianli told Yang Chen about his worries, "Yang er, you only said that we would be able to find evidence of the ancestor during the transaction."

"But have you ever thought about what if the ancestor isn't around during the transaction? Or rather, what if the ancestor went but disguised himself?"

Hearing Zhou Tianli's words, Yang Chen placed the teacup on the stone table and remained silent.

After a while, Yang Chen slowly said, "The royal family's ancestor will definitely return to the trading place. After all, according to the intelligence, he is the commander here."

"How can the commander not go for such a big deal? Don't worry and let his subordinates contact the higher-ups.

If that happened, he would not be the one to gain merit. If he was the one to blame, what could the ancestor do?"

"As for the matter of disguise, that is a problem that I have yet to consider."

Yang Chen looked at Zhou Tianli with some relief.

Fortunately, Master reminded me of this point. Although I don't know how to solve it now, I have time to think about it \*

"The focus of our next action is to prove that the ancestor is indeed standing among the trading crowd under the premise of the ancestor's disguise."

Zhou Tianli nodded, "This is indeed a problem. I'll ask the King later and see if he has a solution."

"Mm, this matter is not urgent. Let's go and accumulate our strength now.

Perhaps when he was searching for his own strength, he could also find a solution." Yang Chen said.

"Then how should we accumulate our strength?" Zhou Tianli asked. This transaction has only happened in the past few years. It can't let you break through to the stage."

"How do I accumulate my strength?"

Yang Chen looked at the Endless Mountains and smiled, "I'm looking for friends, of course. I love making friends."

Zhou Tian straightened Chen Yang's line of sight and looked at the Endless Mountains as well. After awhile, Zhou Tianli smiled and said, "I understand."

Immediately, the two of them did not waste time. After giving Chen Xuan some simple instructions, they flew towards the Endless Mountain Range together.

Logically speaking, under such circumstances, Yang Chen should be overseeing the Chen Family and commanding the overall situation.

However, the current situation was that neither the Firmament Dragon Guard nor the Piercing Guard had found a place to detain them.

Even if Yang Chen stayed in the Chen family, it would not help. He might as well take advantage of the time to accumulate some strength.

In any case, Yang Chen estimated that this operation would take at most a month.

This month's time would not affect the overall situation. At the very least, he should be able to find a place to detain them within a month.

if the ancestor had made the trade in advance, then it would be just like what Yang Chen had said before.

But even if he was unlucky, he still needed some strength. When a conflict arose in the future, he would have the confidence to win.

It could be said that regardless of whether the other party made a deal or not, the most important thing was to rope in some experts and ensure that they had the power to suppress the ancestor.

After all, the prerequisite for all schemes was to use the corresponding strength as a backing.

Two days later, in the Endless Mountain Range, at the Dragon Demon Emperor's encampment.

Looking at the calm pond, Yang Chen smiled and said, "Friend, you're here.

Won't you come out and meet me?"

As soon as he finished speaking, the pool surged violently. Then, the Dragon Demon Emperor's dragon head surfaced."

Seeing this, Yang Chen looked at the Spirit Eared Fox that he was looking for.

This Spirit Ear Fox was the Spirit Ear Fox that was in charge of talking to the other demon emperors. According to the agreement with Yang Chen, the Spirit-Eared Fox had been staying in a specific area.

Otherwise, Yang Chen wouldn't have been able to find it in a day.

Seeing Yang Chen looking at him, the Spirit Ear Fox quickly translated, "Sir, the flood dragon Demon Emperor is asking why you're here. Is he going to kill another Demon Emperor?"

"No, no, no. We came here to make friends." Yang Chen smiled."

"Friend, is it the kind of friend that I understand?" The flood dragon demon emperor looked at Chen Yang in confusion. "Humans can make friends with demon beasts?"

"Why not?"

"Aren't we friends now?" Yang Chen said with a smile. "But I, Yang Chen, have always liked to make friends since I was young, so I would like to ask the Dragon Demon Emperor to introduce some friends to me."

“In the future, if anything happens, having more friends means more opportunities.”

After hearing Yang Chen’s words, the Demon Emperor Dragon understood.

How was this making friends? This was clearly looking for a fighter.

” However, what does this have to do with me? If I do as this person says, I will naturally benefit. I don’t care about the other demon emperors.

” I also know some demon emperors,” the flood dragon demon emperor said immediately.” If you can persuade them, it’s not impossible to make friends with them.””

“Alright, Dragon Demon Emperor, please tell us.”

“First, we’ve worked together with the Ghost-eyed Butterfly. It shouldn’t be a problem for us to become friends/”said the flood dragon demon emperor.

“Ghost Eye Butterfly? That’s not bad.” Yang Chen nodded.

Yang Chen valued the Ghost-eyed Butterfly, especially the Ghost-eyed Demonic Art, which was a great killing weapon.

If he had the help of the Ghost-eyed Demonic Butterfly, Yang Chen wouldn’t be afraid even if a sect came.

“Who else could it be other than the Ghost-eyed Butterfly?”

“There’s also the Golden Armadillo Demon Emperor. Although it’s an existence in the middle stage of the Demon Emperor Realm, it s kind by nature and has a good relationship with me.”

“Moreover, the Golden Armadillo Demon Emperor has many friends.”said the flood dragon demon emperor.

Yang Chen’s eyes lit up when he heard the name of the Gold-splitting Armadillo. A demonic beast in the Intermediate Stage of the Demon Emperor Realm was a great help.

“As for the other Demon Sovereigns, you know that although I am a Demon Sovereign, I am at the border of the Endless Mountain Range.”said the flood dragon demon emperor.

“That’s enough. Let’s set off immediately to find the Demonic Butterfly Monarch.”

Inside the nest of the Ghost-eyed Butterfly.

Looking at the thriving Blood Spirit Bamboo, the Ghost Eye Butterfly nodded in satisfaction.

Last time, those two guys dug up so many Blood Spirit Bamboos, which made the Ghost-eyed Demonic Butterfly feel pain for a long time. Now that they had finally planted them again, this time, they would not let anyone dig them up.

“Ghost-eyed Demonic Butterfly Demon Emperor, long time no see.”

Just as the butterfly nodded in satisfaction, a voice sounded, causing the butterfly to shiver..

Chapter 272: Gold-Splitting Armadillo

Looking at the familiar figure on the basin, the Ghost Shadow Butterfly couldn’t help but tremble.

‘Damn it, why is he here? Could it be that he knows that I’ve cultivated another Blood Spirit Bamboo and is here to take advantage of me?’

For a moment, the Ghost-eyed Butterfly almost cried.

It's easy for me, I just like this feeling of being surrounded by spiritual energy. Why are there always bad people destroying it?

"Fufufu."

"The Ghost Eye Demonic Butterfly Emperor is asking you why you came to his territory this time." Linger fox translated to

Hearing this, Yang Chen smiled. "It's been a long time since we last met. I miss the Demonic Butterfly King. I'm here today to continue our friendship."

The Ghost-eyed Butterfly was speechless.

What did he mean?

The Ghost-eyed Demonic Butterfly was still a little younger than the flood dragon demon emperor, so it naturally didn't understand what Yang Chen meant.

When the flood dragon demon emperor saw this, he helped to translate it.

At this moment, the Ghost-eyed Butterfly realized that Yang Chen was here to get beaten up. No, I'm here to look for a friend.

"I can help you, but what can you give me?" The Ghost-eyed Butterfly said.

Demonic beasts weren't like humans, who had to go through so many twists and turns. The Ghost Eye Demonic Butterfly's thoughts were also very simple.

Seeing this, Yang Chen didn't want to talk about anything else and immediately said, "I've already said it in advance. My enemy is an existence on the stage. Demonic Butterfly Demon Emperor, if you're willing to help me, I'll definitely give you a reward."

“If you don’t help me, I won’t blame you. It’s just that we won’t be able to cooperate in the future.”

On the surface, Yang Chen was speaking in a carefree manner for the sake of the Demonic Butterfly.

However, the Ghost-eyed Butterfly could hear the threat in his words.

This meant that if Yang Chen needed Spiritual Crystals in the future, it would be his first priority.

After all, other than the flood dragon demon emperor, only its territory was closer to Chen City.

In addition, its strength was weak. If they didn’t deal with it, who else could they deal with?

After thinking it through, the Ghost-eyed Butterfly quickly said,“I told you, I can help you, but I want to know the reward.”

“I can’t promise you the reward now. After all, I don’t know how many treasures the enemy has, but I can promise you that I’ll give you at least 1,000 Spiritual Crystals.”

“In addition, we can also make a Heaven and Earth Oath to form an alliance with each other, help each other, and develop together.”Yang Chen said.

Hearing Yang Chen’s words, the Ghost-eyed Butterfly was moved.

Of course, it wasn’t because of the 1,000 spirit stones, but rather because they wanted to form an alliance and help each other.

Among them, it was the weakest. If they formed an alliance, not only would its safety be guaranteed, but it could also use the strength of Chen Yang and the others to seek benefits for itself in the future.

After thinking it through, the Ghost-eyed Butterfly quickly said,“Alright, I can promise you that.”

Yang Chen was a little surprised that the Ghost Eye Disc was so easily convinced, but he still smiled and said, "Don't worry, Ghost-eyed Demonic Butterfly Demon Emperor. You will be happy about the decision you made today."

Then, Chen Yang glanced at the Blood Spirit Bamboo in the basin and said in surprise, "Ghost Eye Demonic Butterfly Demon Emperor, you actually planted so many Blood Spirit Bamboos?"

The ghost eye butterfly was stunned.

As expected, they still had their eyes on my treasure.

Immediately, the Ghost-eyed Demonic Butterfly said with a sobbing tone, "If you like this Blood Spirit Bamboo, feel free to take it."

Where is the word, the home has already had a lot of, now is still not counting too need, wait for the future need to talk about it." Yang Chen smiled.

Hearing this, the Ghost-eyed Butterfly heaved a sigh of relief. Luckily, it didn't take the Blood Spirit Bamboo this time.

As for the future, he could talk about it later. It was fine as long as he could protect the Blood Spirit Bamboo now.

After convincing the Ghost-eyed Demonic Butterfly, Yang Chen looked at the

Dragon Demon Emperor." Dragon Demon Emperor, it's time to go to the territory of the Golden Armadillo Demon Emperor, right?"

"Please come with me."

The territory of the Gold-Splitting Armadillo was 25,000 miles deep in the Endless Mountain Range.

This place was filled with all kinds of powerful demon beasts. Demon King level demon beasts were not rare. Everyone even saw two demon emperors who had submitted to the Golden Armadillo.

Of course, the resources here were also much more than outside. Otherwise, there was no way to feed so many demon beasts.

After two days of travel, everyone successfully arrived at the Gold-splitting Armadillo's nest.

This was a barren valley with all kinds of spiritual metals on the surface. If a Weapon Refinement Master was here, he would probably be unable to walk on the road.

"Roar!" Dragon Demon Emperor roared politely when he arrived.

As the roar fell, the entire valley trembled. Then, a terrifying beast nearly 300 meters long crawled out of the cave.

The true face of the Gold-Splitting Armadillo was officially revealed in front of Yang Chen.

Its general appearance was similar to the armadillo in Yang Chen's previous life, except that its entire body was bright gold, and there was a row of sharp thorns on its back, emitting a cold light.

In terms of appearance, the Golden Cracking Armadillo was not very impressive, but no one present dared to look down on this ordinary demonic beast.

This was because a terrifying aura that far surpassed everyone else's was slowly being released from his body.

When the flood dragon demon emperor saw this, he hurriedly roared twice.

When the Gold-Splitting Armadillo saw this, it looked at Yang Chen in surprise. Then, it retracted its aura and roared, "Squeak squeak squeak?"

Seeing this, the Spirit Ear Fox quickly translated, "The Gold-Splitting Armadillo Demon Emperor asked you why you chose it as your ally."

The reason why he chose it was naturally because it was powerful.

Of course, Yang Chen wouldn't say that.

Immediately, Yang Chen's face revealed a smile like a spring breeze, and he said, "Naturally, I admire the personality of the Golden Armadillo Demon Emperor, which is why I chose to cooperate with you."

"My personality?" The Gold-Splitting Armadillo was puzzled.

"Yes, both the flood dragon demon emperor and the Ghost Eye Demonic Butterfly demon emperor said that you were kind-hearted and liked to make friends. You were committed to uniting forces to develop the Endless Mountain Range and lead them to glory." Yang Chen smiled.

The Gold-Splitting Armadillo was dumbfounded. I'm kind and I like to make friends, but when did I say that I would lead them to glory?

If these words were to be heard by the big shots in the depths of the Endless Mountain Range, wouldn't they skin me alive?

Of course, the Gold-splitting Armadillo also knew that this was flattery, so it accepted it.

In any case, he was praising himself, so he did not lose out.

Seeing the gold-splitting armadillo's satisfied expression, Yang Chen smiled and said, "Golden Armadillo Demon Emperor, why don't you form an alliance with me and develop the Endless Mountain Range together?"

The Gold-Splitting Armadillo looked at Chen Yang with a playful smile in its eyes. "I gave up on the other mid-stage Demon Emperors to form an alliance. Why did I choose you?"

When Yang Chen heard this, the smile on his face disappeared and he put on a compassionate face. "The reason is the same as the reason I asked you to form an alliance."

"Oh, I'd like to hear more about it."

"Gold Splitting Armadillo Demon Emperor, you know the nature of the other demon emperors. What they want is not to develop the Endless Mountain Range."

"They only want to enslave other demon emperors and make themselves stronger."

"As for the other demon sovereigns, they suppressed them in every possible way, fearing that a demon sovereign that surpassed them would appear. How could they cooperate with such a demon sovereign?"

"How can we develop the Endless Mountain Range and lead everyone to glory if we stay with these insects?"

Hearing Yang Chen's words, the Gold-splitting Armadillo agreed with him. He was right. If he stayed with this group of insects, not to mention developing, it would be good enough if he could keep his life.

"You're right, but I still can't promise you." The Gold-Splitting Armadillo said.

"Why?" Yang Chen looked at the Golden Armadillo in confusion. He had already said so, why would it reject him?

"Because I didn't plan to lead everyone to glory, as long as I can protect my territory."

"It's fine if you say that I'm unambitious and don't know how to appreciate favors, but let's forget about this alliance."

Hearing this, Yang Chen took a deep breath and said slowly, "As long as you can form an alliance with me, I promise that I will definitely help you become a late Demon Emperor."

The Gold-Splitting Armadillo sneered, "What makes you so sure that you can help me break through to the late stage of the Demon Emperor Realm?"

Seeing this, Yang Chen took out a jade pendant from his storage bag. "Have you seen this jade pendant before?"

The Gold-Splitting Armadillo carefully examined the jade pendant. After a while, it suddenly remembered that wasn't this the symbol on the flying chariot a few years ago?

The Gold-Splitting Armadillo clearly remembered that the demon emperor pulling the flying chariot was a late-stage demon emperor.

If a demon emperor of this level was used to pull a carriage, one could imagine how noble the person sitting in the carriage was.

One could imagine how powerful the force behind it was.

Could it be that this human in front of him was also related to that faction?

"Where did you get this jade pendant?" asked the Gold-splitting Armadillo.

Seeing this, Yang Chen knew that he had made the right bet.

Shen Qiyu had once complained to Chen Yang that there were too many demonic beasts in the Endless Mountain Range.

If it wasn't for the fact that those demonic beasts saw Shen Qiyu's carriage being pulled by a demonic beast in the late Demon Emperor Stage, they would have surrounded him long ago.

The Gold-Splitting Armadillo's territory was right next to the flood dragon demon emperor. If they did not take a detour, the Gold-Splitting Armadillo should have seen Shen Qiyu's chariot before.

Judging from the Gold-Splitting Armadillo's question, it could be seen that the armadillo had seen the chariot before.

"Naturally, it was given to me by my clan. How about it? Is this enough?" Yang Chen smiled.

The Gold-Splitting Armadillo was silent. After a moment, it said, "I can agree to form an alliance with you, but you have to state in the agreement that you must help me become a late Demon Sovereign."

"No problem," Yang Chen said with a smile. "As long as I have enough resources in the future, I will naturally fulfill my promise."

There was a prerequisite for this promise, and that was sufficient resources.

Otherwise, with the current Chen family, they would not be able to help a demon emperor break through to the late stage.

The Gold-splitting Armadillo naturally understood what Yang Chen meant. It did not object to this. After all, it still had a long life and had plenty of time to wait.

Moreover, after forming an alliance, it could also climb up to that large faction. To it, it would also have quite a few benefits.

At the very least, their safety was guaranteed..

Chapter 273: Blue Luan (1)

Seeing how the armadillo agreed to form an alliance with them so easily, Zhou Tianli looked at Yang Chen in confusion.

To be precise, he was looking at the jade pendant in Yang Chen's hand.

It seemed that this disciple of his had a lot of secrets behind him.

Forget it, what did this have to do with him? Who didn't have secrets? Not to mention master, even parents couldn't know all the secrets of their children.

Seeing that the Gold-Splitting Armadillo had agreed, Yang Chen

continued, "Golden Armadillo Demon Emperor, see if you have any friends that you can rope in to the alliance."

"This way, our alliance will be stronger and the safety of our members will be guaranteed."

Hearing Chen Yang's words, the Gold-Splitting Armadillo was silent for a long time before saying, "! have a friend who fits your requirements."

"Moreover, that friend of mine is extremely easy to rope in. As long as you tell it exactly what you told me just now, I guarantee that it will definitely be willing to form an alliance with you."

"Oh, who are your friends?" Yang Chen asked curiously."

"Demon Emperor Blue Phoenix." the Gold-Splitting Armadillo said.

"Roar?" Before Yang Chen could say anything, the flood dragon demon emperor had a look of disbelief on his face, and his entire dragon body could not help but tremble.

Seeing the Dragon Demon Emperor's expression, Yang Chen couldn't help but ask, "Flood Dragon Demon Emperor, is there anything wrong with Green Phoenix Demon Emperor?"

"It's the Green Phoenix Demon Emperor." The Flood Dragon Demon Emperor smiled bitterly. "I'm afraid that it will swallow me alive if I form an alliance with it."

Hearing this, Yang Chen was a little surprised.

"No, the Blue Phoenix Demon Emperor is not cruel. On the contrary, the Blue Phoenix Demon Emperor is extremely kind and does not slaughter demon beasts."

"Of course, dragon-type demonic beasts are an exception." the Gold-splitting Armadillo explained.

"What is the reason?" Yang Chen looked at the flood dragon demon emperor in confusion. Could it be that the Blue Luan and the dragon race were mortal enemies?

As if he could see the doubt in Yang Chen's heart, Dragon Demon Emperor explained, "Friend, you should know about the Azure Dragon of my Dragon Clan."

Yang Chen nodded. Who didn't know the Azure Dragon's name? He was the leader of the Four Sacred Beasts, an existence that was on par with the Dragon Ancestor.

However, it was not a dragon. No matter how blessed the dragon was, it was still a demon beast. However, the Azure Dragon was a saint beast.

If the heavens were a person, then the dragon race would be the favorite son of the heavens, and the azure dragon would be the brother of the heavens.

This was a difference in seniority.

However, Yang Chen didn't correct the dragon. In the eyes of the dragon race, the Azure Dragon was the dragon race, the ancestor they needed to worship.

"I know. Could it be that this Blue Luan and the Azure Dragon have some relationship or origin?" Yang Chen asked.

“No, absolutely not.” The flood dragon demon emperor shook his head repeatedly.

“Let me explain.” Seeing that the flood dragon demon emperor couldn’t get to the point, the Gold-splitting Armadillo continued.

“The Blue Luan is a descendant of the Vermillion Bird, one of the Four Sacred Beasts.”

“Are you surprised? These four sacred beasts are formed from heaven and earth. There are only four top-notch sacred beasts in the world, so how can their descendants be passed down?”

Yang Chen nodded.

ii

In fact, no matter which of the four sacred beasts, they don’t care about us demonic beasts, let alone leaving behind descendants.”

“When they reach the end of their lifespan, they will return everything they have to the world. According to the laws of the Heavenly Dao, they will brew the next Four Sacred Beasts.”

“From another perspective, the four sacred beasts can be considered immortal existences.”

“I’m getting off topic. When the four sacred beasts return everything to the world, they will leave behind a treasure.”

“Among them, the treasure left behind by the Azure Dragon is the Azure Dragon Bone. There’s an Azure Dragon phantom left inside the Azure Dragon Bone that can unleash the power of a peak Azure Dragon.”

“In the legendary Dragon Valley, there is a Green Dragon Bone. This is also the reason why the Dragon Clan is not to be trifled with.”

“Of course, the Azure Dragon phantom can only be used once. If they wanted to use it again, they would need many treasures to charge it. This price was something that even the dragon race could not afford.”

ii

‘As for the Vermillion Bird, one of the Four Sacred Beasts, the treasure it left behind is the Nanming Primordial Fire. It was rumored that the Nanming Primordial Fire was the Vermillion Bird’s natal flame.’”

“Just like the Azure Dragon Bone, the Nanming Primordial Fire also has a Vermilion Bird projection. However, unlike the Azure Dragon phantom, the Vermilion Bird phantom seemed to have its own consciousness.”

“He also thinks of himself as an ordinary demonic beast. That Blue Luan is the descendant of the Vermillion Bird phantom and a Luan.”

“It’s very strange, isn’t it? The phantom can have offspring with the Luan.’The gold-splitting armadillo laughed.

Yang Chen nodded. This was indeed beyond his imagination. However, as one of the Four Sacred Beasts, it was normal for the Vermilion Bird to be special.

However, if that was the case, did that mean that there were many races in the world that contained the Vermillion Bird bloodline?

After all, since the birth of the Alkaid Realm, the four sacred beasts had changed countless times.

To Yang Chen’s surprise, the Gold-splitting Armadillo said that in the entire world, only the Cyan Phoenix Clan possessed the Vermilion Bird bloodline.

” Why?” Yang Chen asked.” Could it be that the other Vermilion Bird phantoms didn’t find a satisfactory demon beast?””

“This has to start with the first Vermillion Bird phantom. When the first Vermillion Bird phantom had sex with a group of Luan birds, the Nanming Primordial Fire suddenly shattered and turned into Vermillion Bird blood essence, which surged into the Luan birds ‘bodies.”

“Since the Nanming Primordial Fire is gone, the Vermilion Bird phantom will naturally disappear as well.”

“This scene was recorded by the Heavenly Dao and engraved in the Vermilion Bird’s mind. After that, there were no other descendants of the Vermillion Bird.”

“Although the Nanming Primordial Fire isn’t like the other treasures of the four sacred beasts, it doesn’t exist in the world forever.”

“When a new Vermillion Bird is born, the Nanming Primordial Fire will collapse, but it can still exist for a long time.”

“The Vermillion Bird projection naturally wants to live a little longer.”

Hearing this, Yang Chen couldn’t help but sigh. Heaven was still fair.

Since he had given the Vermilion Bird phantom an independent consciousness, he naturally had to take something away.

“After the first batch of Blue Phoenixes were born, they seemed to be affected by the Vermillion Bird bloodline. They didn’t take a fancy to other demon beasts. At most, they only took a fancy to the Phoenix that the Vermillion Bird phantom took a fancy to.”

“In the future, when the number of Blue Luan increases, they won’t even take a fancy to the Luan and will directly reproduce within the clan.”

“This is also the reason why the Blue Luan is the only descendant of the

Vermillion Bird bloodline in the world.”

“As for why the Cyan Phoenix Clan likes to eat dragons, it’s also because of the influence of the Vermillion Bird bloodline. They believed that their bloodline was noble, and only the dragon race was worthy of being their food.”

Yang Chen finally understood what was going on.

“According to what you said, this Blue Luan should have an extremely powerful bloodline. Why would it exist in the Endless Mountain Range?” Yang Chen asked.

“I’m not sure either.” The Gold-Splitting Armadillo shook its head. “I only know that this Blue Luan is not old. Otherwise, it would not have stayed at the Demon Sovereign Realm and had such naive thoughts.”

“Forget it, why are you thinking so much? Let’s go talk to the Blue Luan now.” Yang Chen smiled.

” What?” Upon hearing this, the flood dragon demon emperor shuddered. “ Are we really going to look for the Blue Luan?”

Seeing this, Yang Chen smiled and comforted him. “ Dragon Demon Emperor, don’t worry. The Green Phoenix Clan only likes to eat dragons. It doesn’t have to eat dragons.””

“Don’t worry. With the us here, Demon Emperor Blue Phoenix won’t dare to eat you.”

Hearing Yang Chen’s words, the Dragon Demon Emperor nodded vigorously. Since they were already on the same boat, what else could they do? They could only follow him.

Demon Emperor Blue Phoenix’s territory was fifty thousand miles deep in the Endless Mountain Range, just south of Demon Emperor Gold-splitting Armadillo’s territory.

Immediately, they packed up and headed to the territory of the Green Phoenix Demon Emperor.

Since the Gold-splitting Armadillo could not fly, it had to consider the terrain when walking on the road. After all, the Gold-splitting Armadillo did not want to destroy its territory.

When they arrived at the Blue Luan's nest, it was already seven days later.

The Blue Phoenix Demon Emperor lived in a dense forest that was dominated by an ancient tree that was more than ten meters thick and more than a hundred meters tall.

When everyone arrived, they discovered that the Blue Luan was feasting on its food, and the thing that acted as the Blue Luan Demon Emperor was a Demon King level flood dragon.

Seeing this, the flood dragon demon emperor shivered.

Although the demon king level flood dragon was not of the same race as him, he could not help but feel a little sad.

Seeing Yang Chen and the others coming over, a hint of excitement flashed in the Blue Luan's eyes. It flapped its wings and came in front of the Golden Armadillo.

"Tititi...!"

When the Spirit Eared Fox saw this, it quickly translated." Gold-splitting Armadillo, you're here to play with me." Hey, did you bring this flood dragon here?"

"If you say you're coming, then so be it. Why do you have to bring gifts like humans? I'm so embarrassed."

Although it said that it was embarrassed, the fierce light in its eyes and the saliva dripping from the corner of its mouth had already betrayed it.

What was there to be embarrassed about? The Blue Luan wished she could swallow the flood dragon demon emperor alive.

When the flood dragon demon emperor saw this, he cast a pleading look at Chen Yang.

The Gold-splitting Armadillo quickly stopped the Blue Luan." Don't eat it. It's our ally.""

"An ally?" The Blue Luan looked at the Gold-splitting Armadillo in confusion." What ally? How can I not know?

"This is exactly what I wanted to tell you. Before I tell you, let me introduce you to a friend."Then, the Gold-cracking Armadillo turned his gaze to Yang Chen.

Seeing this, Yang Chen stood up and said,"Greetings, Demon Emperor

Qingluan.""

The Blue Phoenix Demon Emperor sized up Yang Chen and said,""Yang Chen,

Gold-splitting Armadillo, why did you introduce this human to me?"

When the Gold-Splitting Armadillo heard this, it also looked at Chen Yang."

Chen Yang, repeat what you said to me to the Blue Luan.""

Yang Chen heard this and told this theory to the Blue Luan.

After hearing Yang Chen's words, the Blue Luan became excited and said with a trembling body,""That's right. How can we strengthen the Endless Mountain Range with these insects?"

"If you ask me, we should join forces and develop the Endless Mountain Range together. We should turn the Endless Mountain Range into a forbidden land and become a nightmare in the hearts of others!"

“Of course, I’m not targeting the human race. I’m targeting all the races outside the Endless Mountain Range, including the Cyan Phoenix Race.”

In the eyes of the Blue Luan, geography had already triumphed over race.

To the Blue Luan, there were two races in this world, the races within the Endless Mountain Range and the races outside the Endless Mountain Range.

Although Yang Chen didn’t know why the Blue Luan thought so, he knew that with this attitude, she could be roped in by Yang Chen..

Chapter 274: The Alliance Was Formed at the End of the  
Second Year of Qiyuan

“Human friend, tell me, what should we do?”The Blue Luan asked with her big eyes.

This alliance was very interesting. The flood dragon demon emperor was an old friend. Needless to say, he would definitely follow Chen Yang.

As for the Ghost-eyed Butterfly, it was purely afraid of death and was forced to board the ship.

As for the Gold-splitting Armadillo, it was an exchange of benefits. Under the premise that Chen Yang could help it break through to the late stage of the Demon Emperor Realm, it chose to join the alliance.

Only the Blue Luan really wanted to develop the Endless Mountain Range together and lead it to become stronger.

Yang Chen was stunned when he heard the Blue Luan’s question. Then, he smiled and said,“Demon Emperor Blue Phoenix, the expansion of the Endless Mountain Range is definitely not something that can be done in a short period of time.”

“Think about it, yes, think about it.”Qingluan nodded.” So, how do you plan to proceed?””

Looking at the Blue Luan's watery eyes, Yang Chen knew that he would not be able to pass the test if he did not tell her something today.

Immediately, Yang Chen quickly calculated in his heart and said, "I have two major stages in mind. The first stage is to increase my strength and eliminate the external enemies at the same time."

"To put it bluntly, this stage is to eliminate the evil people in the Endless Mountain Range and use their resources to train us so that our strength can rise."

The Blue Luan nodded. As expected of the human race. They had ways and ideas.

Yang Chen smiled. As expected of a young demonic beast, it was easy to fool. The so-called evil people were those demon beasts and people who were enemies with them.

"The second stage will only begin when our alliance becomes the strongest in the Endless Mountain Range."

"The main strategy is to unify the entire Endless Mountain Range. For demon beasts above the Demon Venerable level, they have already formed intelligence. We have to let them develop in an orderly manner and not kill them without authorization."

"As for the demonic beasts below the Demon Venerable realm, since their bestial nature triumphs over rationality, let them follow their bestial nature. We don't have to pay attention to them."

"This is the choice of the Heavenly Dao. We have to respect the Heavenly Dao."

The Blue Luan nodded. That's right. Even if they unified the Endless Mountain Range, they couldn't interfere with the bestial nature of the demonic beasts and stop them from killing each other.

This was impossible. Even for it, when it encountered a dragon-type demon beast, the bestial nature in its body would overcome its rationality and drive it to kill.

This was the choice of the Heavenly Dao, and no one could stop it.

“That makes sense. Then, what about after unifying the Endless Mountain Range? How should we develop the Endless Mountain Range?”

“I...I'll tell you the truth. I'm from the outside world. I know more about the power of the outside world than you do.”

“To put it bluntly, even if we gather all the demon beasts above the Demon Venerable realm in the Endless Mountain Range, we won't be able to compete with the forces in the outside world.”The Blue Luan sighed.

“What should I do next...”

Yang Chen was silent for a moment, then his eyes lit up.” The next step is to do business with the outside forces. We will use the Spiritual Crystals and Spiritual Stones we earn to buy the treasures we need and continue to improve our strength.””

“Business?” The Blue Luan tilted its head and thought for a moment before asking,“Will this work?”

“Naturally.” Yang Chen nodded,“ Our Endless Mountain Range is hundreds of thousands of miles wide and millions of miles long.”

“Within such a long mountain range, who knows how many precious resources it has nurtured. Some of these resources are simply useless to us, or rather, it would be a waste.”

“If we take these resources out and put them in front of those factions that need them, I dare say that we can definitely sell them for a good price.”

“In addition, the demon beasts in our Endless Mountain Range can't be idle either. We should make good use of the characteristics of each demon beast to nurture resources for us.”

“Take the Blood Spirit Bamboo for example. This thing is absolutely popular, and the resources it cultivates require the blood of demon beasts or warriors.”

“Of course, we can’t kill demonic beasts to cultivate the Blood Spirit Bamboo. However, demonic beasts all have beastly nature. If we can’t release it and keep suppressing it, it will definitely be a disaster.”

“Therefore, we can set up a martial arts arena and let these demonic beasts whose beastly nature has been suppressed to the extreme kill each other, as long as they don’t die.”

“You’ll definitely get injured in a fight, and the blood from the injuries can be used to nurture the Blood Spirit Bamboo. At the same time, the martial arts arena could also buy tickets for the human race to have fun.”

“We can also collect the blood left behind by the demon beasts below the Demon Venerable Realm when they die and use it to cultivate the Blood Spirit Bamboo.”

“This is just one of the ways to make money. After we unify the entire Endless Mountain Range, there will be many more ways to make money.”

Yang Chen’s words made the Blue Luan a little confused.

However, the Blue Luan was very clear about one thing, which was to use the characteristics of demon beasts to nurture resources, and then use these resources to exchange for the resources they needed to strengthen their strength.

Compared to the Blue Luan, the Gold-splitting Armadillo and the Flood Dragon Demon Emperor had a deeper understanding. They could see the huge business potential from Yang Chen’s words.

If he could make good use of them, as the elders of the Alliance, they could lie in their beds and count crystals.

Oh, there was also the Ghost-eyed Butterfly. It was currently shivering.

I knew it. I knew it. You'll never let my Blood Spirit Bamboo go, you big bad guys!

Looking at the Blue Phoenix who was thinking silently, Yang Chen smiled and went forward." Blue Phoenix Demon Emperor, do you agree?"

"Hmm?" The Blue Phoenix Demon Emperor tilted her head and stared at Yang Chen, then said,""Alright, I agree!"

Chapter 275: The Alliance Was Formed, End of the Second Year of Qi Yuan

Seeing this, Yang Chen smiled and said,"Alright, it's better to meet today than to choose a day. Let's hold the oath of alliance today.""

"I agree." Dragon Demon Emperor nodded.

"I agree." Crack Gold nodded.

"I...Ah, no, I agree too." The Ghost-eyed Demonic Butterfly quickly said.

Seeing this, a smile appeared in the Blue Luan's eyes." Me too.""

Immediately, Yang Chen and the four Demon Emperors stood together and made a Heaven and Earth Oath together,"!, Yang Chen (...), "At this moment, I swear to the heavens and earth that we are willing to form an alliance and never betray you in this life. If we violate this oath, the heavens will punish us!"

The moment the oath was made, a seven-colored light floated down from Yang Chen and the others' heads and circled around them, announcing the oath.

After the agreement was made, the Blue Luan said impatiently,""Yang Chen, when are we taking action?"

“There’s no hurry. Only by knowing yourself and your enemy can you win a hundred battles.” Yang Chen smiled.

“What do you mean?”

“It means that we have to first investigate the situation in the vicinity and know who is an enemy and who is a friend.” Yang Chen said.

Hearing this, a trace of pity flashed in the Blue Phoenix’s eyes. “So we can’t move now. Forget it, when will we move? Just let me know.”

“No problem.”

Yang Chen smiled and nodded. Then, he focused his gaze on the Gold-splitting Armadillo. “Demon Emperor Gold-splitting Armadillo, I’ll have to rely on you to gather information.”

Among everyone present, only the Gold-splitting Armadillo had more friends. With more friends, there would naturally be more news.

The Gold-splitting Armadillo nodded. “No problem. Leave this information to me.”

“Oh right, I still have a suggestion. In order to deepen the close relationship between our allies, why don’t you choose one or two of your descendants to sign a natal subdued beast contract with my Chen family?” Yang Chen asked.

This was a benefit that Yang Chen was seeking for his family. As the descendant of the Demon Emperor was his natal subdued beast, the strength of the family members would definitely increase by a huge step.

“Anything is fine, but I don’t have any descendants.”

“I’m also The Ghost-eyed Demonic Butterfly said.

Immediately, Yang Chen shifted his gaze to the flood dragon demon emperor and the gold-splitting armadillo.

The two demon emperors looked at each other and said at the same time, "No problem."

After agreeing, the flood dragon demon emperor added, "How about this, let's not choose one or two. We can set a time limit for your Chen Clan members to come and choose."

"As long as both parties are willing, we can let both parties sign a natal subdued beast contract."

"Sure." Yang Chen didn't refuse. This was a good thing for the family. "Let's make it three years."

"I agree." Dragon Demon Emperor nodded.

"I agree." The Gold-Splitting Armadillo Demon Emperor did not object.

After the discussion, Chen Yang asked for the last time, "Do you have any other ideas? If not, let's go home and wait for the first operation."

All the demon emperors shook their heads, but the Blue Phoenix Demon Emperor said, "Yang Chen, you should give us a human name too. This way, we will look like an alliance."

"Otherwise, it wouldn't be right for the Green Phoenix Demon Emperor to call me that."

Hearing this, Yang Chen was stunned for a moment before he smiled and said, "Alright, how about this, everyone will share the same surname as me. How about we all take the surname Chen?"

"No problem. We are all allies. It is normal for us to share the same surname." The Blue Phoenix Demon Emperor did not object.

Seeing this, the other demon emperors did not object. Since they were all named after humans, they might as well share the same surname as their allies.

“How about this, Green Phoenix Demon Emperor, your name is Chen Qing. This Qing is the same word as the Qing of your race, so it suits you.” Yang Chen smiled.

“Chen Qing?” The Green Phoenix Demon Emperor nodded in satisfaction. “Alright, I’ll be called Chen Qing from today onwards.”

The Gold Splitting Armadillo also smiled and said, “Since that’s the case, I’ll follow this method and call myself Chen Qiu.”

“Then I’m Chen Jiao.” the flood dragon demon emperor said.

Seeing this, the Ghost-eyed Demonic Butterfly hurriedly said, “Then I’ll be called Chen Die, how about it?”

“All, this...” Yang Chen looked at the butterfly awkwardly.

Seeing this, the Ghost-eyed Demonic Butterfly said in confusion, “Why? Is there something wrong with my name?”

“It’s nothing. It’s just that my sixth sister’s name is Chen Die.” Yang Chen said.

Seeing this, the Ghost-eyed Butterfly thought for a while and then kicked the ball to Yang Chen. “In that case, I’ll leave the name to you. You come up with

Yang Chen thought for a moment, then smiled and said, “How about this, add the feather character in the middle of Chen Die, and you call her Chen Yu Die?”

“Chen Yu Die?” The Ghost-eyed Demonic Butterfly pondered for a moment and said, “No problem.”

After the name was given, the matter of the alliance agreement came to an end. After several rounds of discussion, Chen Yang and the others rode on the flood dragon demon emperor, no, Chen Jiao, and returned to Chen Jiao's lair.

After arriving at Chen Jiao's lair, Chen Yang exchanged a few pleasantries with Chen Jiao before returning to Chen City on the Underworld Dragon.

On the way, Yang Chen placed the Spirit-Eared Fox in its territory and handed it two Spiritual Crystals." You translated it well this time. This is your reward.""

"If you can't use it, you can exchange it for other resources with the flood dragon demon emperor."

The Spirit-Eared Fox received the Spiritual Crystal with a delighted expression." Thank you, Lord!"

After dealing with the alliance, Yang Chen and Zhou Tianli quietly returned to the Chen Family.

After arriving at the Chen family, the two of them did not waste time. They went straight to the meeting hall and found Chen Xuan.

"Grand Elder, is there any news from the Firmament Dragon Guard?"

"No, I haven't." Chen Xuan shook his head.

Seeing this, Chen Yang looked at Zhou Tianli." Since that's the case, Master, let's bring out our spies and go investigate the Endless Mountain Range together.""

"No problem. With more strength, we will have an extra chance to find the place of detention." Zhou Tianli said.

Immediately, the two of them began to move.

The Piercing Guards that belonged to the Chen Clan and the spies from the De Shun King Manor headed towards the Endless Mountain Range together.

Time passed in a flash, and in the blink of an eye, it was already the end of the second year of Qiyuan.

After half a year of searching, everyone still found nothing. Yang Chen did not panic. Instead, he comforted everyone and told them not to panic.

After all, the location of the check was definitely in a secret place, it was normal to not be able to find it.

At the same time, in the ancestral manor of Yingzhou.

Sect Master Xu looked at Zhou Muchun and asked, "Milord, hasn't the High Sect arrived yet? The scouts of the Firmament Dragon Guards have been circling the area, and it's only a matter of time before they discover our location."

"What are you so anxious about? So what if you find out? Could it be that you, a Rank Six Evil Sect, can't even guard a detention spot?" Zhou Muchun said disdainfully.

When Sect Master Xu heard this, his expression turned slightly awkward. A moment later, a flattering smile appeared on his face. "I'm just worried about you, sir."

"Milord, think about it. Don't they know that with the protection of my Ghost Fiend Sect, it is absolutely impossible for them to save those commoners?" "Since they know, why are they looking for this place?"

"In my opinion, they want to use the Image Stone to record your face during the transaction and then inform the public."

"If that's the case, the Li family will definitely make a move on you. Then, our grand plan will not be completed."

Hearing Sect Head Xu's words, Zhou Muchun's eyes narrowed. It wasn't impossible.

Immediately, Zhou Muchun looked at Sect Master Xu." You've considered quite a lot."

Sect Master Xu smiled. He was just making a wild guess.

However, what Sect Leader Xu didn't know was that he had guessed Yang Chen's real plan.

"You don't need to worry about this. When the transaction is made, they definitely won't be able to see my face. They won't even be able to sense my aura."Zhou Muchun said confidently.

"Sir, you mean that you used that pill? However, that pill was the pill that allowed Daren to successfully retreat after Daren was exposed. Was he going to use it just like that?"Sect Master Xu said with some pity.

When Zhou Muchun saw this, he smiled and patted Sect Master Xu's shoulder." There's nothing to pity. Pills are meant to be eaten.."

Chapter 276: The Invitation Sent by the Ancestor

"Besides, after this operation is over, we will be free to deal with Yang Chen and the Human King, and the successor will be the person I choose."

"When the time comes, there will be a King to cover for us inside, and the Li family to cover for us outside. In addition, we will kill those who know about it. Who will suspect me?"

"Since no one suspects me, this pill is useless."Zhou Muchun said indifferently.

When Sect Master Xu heard this, he took a deep breath." Alright, we'll do as you say. But Milord, let's just destroy the Firmament Dragon Guards."

"We can't destroy them. This is the power of the Human King. If we destroy them, who will help the Human King cover our tracks in the future?"Zhou Muchun asked.

When Sect Master Xu heard this, he suddenly realized something and said, "Oh, I was wondering why you allowed these insects to wander in front of you. So that's what you were planning."

"It's good that you understand."

Zhou Muchun nodded his head in satisfaction. "These are the most loyal canine teeth I trained."

"They don't know right from wrong, they only know how to be loyal to the Human King."

"How could I possibly cut off such perfect power?"

"Alright, it's going to be the 3000th birthday of the first ancestor of our Zhou clan. I'm going back, so I'll leave this place to you."

"Remember, don't make any trouble."

"In addition, I will send Chen Yang to the capital. When the time comes, I'll personally test that person's level and let you feel at ease."

"Understood!" Sect Master Xu nodded vigorously.

As the end of the year approached, Chen Cheng also got busy.

To Core Formation and even Meridian Unsealing experts, they had a lifespan of several hundred years. The end of the year was nothing.

However, for ordinary people and Qi Refining martial artists, within their limited lifespan, every year was worth celebrating.

On the streets, red lanterns were hung everywhere. The theater and cinema also had discounts to repay the support of the people of Chen City.

Looking at the bustling Chen City, some tourists couldn't help but sigh. To be honest, they really didn't want to leave Chen City.

Compared to Chen City, the city they were in was like the difference between clouds and mud.

However, no matter how much they liked Chen City, this was not their home. It was better to spend the New Year at home.

"If only the Chen clan was in my city..."

After letting out an envious sigh, the traveler returned, reducing the liveliness of the bustling Chen City.

Chen Family.

Perhaps it was because the end of the year was approaching, but there were fewer things to do in Chen Cheng. This allowed Chen Yang to have time to watch the competition between the young disciples of the family.

The Chen Family Tournament was a method passed down since the establishment of the family to motivate the young clansmen.

When Yang Chen was 16 years old, he had won the championship of the family competition.

This was also the reason why Chen Tao chose to take over after Chen Yang left.

Just as Chen Yang was enjoying this moment of peace, Chen Xuan suddenly looked for him." Master, the Deshun Prince wants to see you.""

"Oh, I know."

“Sigh, I stole half a day of leisure.” After a faint sigh, Yang Chen stood up and left, heading to the reception hall to meet the Duke of Deshun.

In the guest hall, Zhou Tianli didn’t waste any time and went straight to the point, “Yang ‘er, His Majesty has sent you an invitation to attend His Majesty’s family banquet in the capital.”

“Why are you still going?” Yang Chen took the invitation in confusion. “Could it be that His Majesty has something else to tell me?”

“No.”

Zhou Tianli shook his head and explained, “The eleventh day of the first month of the third year of Qiyuan is the birthday of the first ancestor of our Zhou Clan.”

“Our Zhou Clan will invite a rank 7 faction to celebrate the thousand-year birthday of every ancestor.”

“Moreover, you’re the first ancestor of my family to ascend the stage. Naturally, we have to commemorate you.”

“Didn’t you say you’d invite a rank-7 force? Why did you invite me?” Yang Chen asked.

Upon hearing this, the Deshun Commandery Prince glanced at Chen Yang. “Your Chen family has killed two Zifu Disciples in a row. Although there isn’t much news about Shen Ma, it can be confirmed that he was a Zifu Disciple.”

“With such a valiant battle record, how could they still treat your Chen family as an eighth rank force?”

“In addition, you’re my disciple. It’s reasonable to invite you to attend the ceremony.”

Yang Chen nodded. According to Zhou Tianli, he really had to go.

“In that case, why did you come personally, Master? Just send someone to tell me the invitation and the news.”

“I’m not here just for the invitation. I have other things to discuss with you.” Zhou Tianli said.

Yang Chen placed the invitation on the table and said, “Please ask, Master.”

“It’s like this. I have to go to the ancestor’s birthday no matter what. But with my strength, if the ancestor finds out, won’t I be exposed?” Zhou Tianli said worriedly.

Hearing this, Chen Yang was silent for a moment. Then, he looked at Zhou Tianli, “There’s no treasure that can hide one’s aura and prevent others from looking at it?”

“Yes, I do. My wife once gave me a treasure like that. It’s just that at a family banquet, wouldn’t it arouse suspicion if I hung that treasure?” Zhou Tianli said.

“This is indeed a problem.”

Yang Chen held his chin and pondered. What kind of reason could he use to hang a treasure that could hide his cultivation?

After thinking about it, Yang Chen was still confused. He said, “Hang up first. If outsiders ask, just say that you have a breakthrough.”

“If anyone related to the ancestor asks, master, just say that you forcefully broke through and ascended the stage. In the end, your breakthrough failed and your cultivation was damaged, so you hung up a treasure to hide your aura.”

“Is this possible?” Zhou Tianli asked.

“That’s the only way. Anyway, we can’t let the news of you breaking through to the stage be exposed.” Yang Chen said.

Seeing this, Zhou Tianli nodded.

Yang Chen was a little frustrated. Since the royal family's ancestor had a relationship with the sects outside, it was inevitable that he would obtain some treasures.

If that treasure could help the ancestor see through his master's concealment and see through his master's cultivation, it would be troublesome.

After thinking about it, Yang Chen could only prepare for the worst.

It seemed that he had to pull in some allies.

"Oh right, there's one more question. Your invitation was personally sent by my royal family's ancestor."

"That's why I'm suspecting that the royal family's ancestor is up to something." Zhou Tianli asked again.

"Hiss! There's such a thing?"

Yang Chen was stunned. It seemed like this invitation was quite a hot topic.

"Disciple, you don't have to worry. When the time comes, you'll always be by my side. My royal family's ancestor won't attack you in front of me, right?" Zhou Tianli patted Yang Chen's shoulder.

"Master, I suspect that our plan to spy on the ancestor has been discovered by the ancestor."

"Otherwise, Patriarch wouldn't have specially sent me an invitation." Yang Chen voiced out his guess.

Zhou Tianli nodded." That's normal. The Heaven Dragon Guard was trained by the ancestor, so he's naturally very sensitive to spies."

“But you don’t have to worry. The ancestor definitely doesn’t know about the power we’re hiding in the dark..”

#### Chapter 277: The Ancestor’s Summoning

There was a reason why Zhou Tianli was so assured that Zhou Muchun definitely didn’t know about the strength that Chen Yang and the others were hiding.

After all, only Chen Yang, Chen Xuan, and Zhou Tianli knew about the puppet in Chen Yang’s hands.

Only Chen Yang and Zhou Tianli knew about the alliance.

Even the direct descendants of the Chen family did not know, so how could the royal family’s ancestor know? He could not even find out anything.

“Master, don’t worry. Even if the royal family’s ancestor knows that I’m investigating him, he won’t do anything to me.”

“I think there’s a high possibility that the royal family’s ancestor is planning to spy on something. “Yang Chen said.

Hearing this, Zhou Tianli nodded.” Since things have come to this, we can only deal with them as they come. There is still a month before the birthday of my royal family ancestor. When I go to the capital, I will come to Chen City to look for you.”

“Yes, no problem.”

Immediately, Zhou Tianli stood up and left.

After Zhou Tianli left, Chen Yang sat on the chair, thinking about what the royal family’s ancestor would spy on him.

After thinking about it, there were two possibilities.

The first and most important factor was the strength of Chen Yang's family.

This was because the premise of all schemes was still to use strength to speak. If one had enough strength, they could even push their way up.

The other possibility, which Yang Chen didn't have much confidence in, was that the royal family's ancestor was planning to spy on Yang Chen's current discovery.

Based on Yang Chen's current discovery, they would then combine it with the information they had obtained and implement other plans to interfere with Yang Chen.

Of course, perhaps the royal family's ancestor had other plans. They could only wait and see what the ancestor would ask.

Time passed bit by bit. In the blink of an eye, it was the day of the birthday of the first ancestor of the royal family.

On this day, Zhou Tianli brought Zhou Yingzhao and rode on the flying carriage that represented the identity of the Deshun Commandery Prince. They swaggered to the north gate of Chen City.

This was the first time the Deshun Commandery Prince had appeared in front of everyone since he was said to be in seclusion.

Immediately, the scouts sent by the various forces gathered their gazes on Chen Cheng's sect. Under the watchful eyes of the scouts, Chen Yang slowly boarded the flying chariot.

Immediately, the flying carriage took off and headed towards the capital.

On the flying carriage, Zhou Tianli looked at Chen Yang." Yang 'er, have you made the necessary arrangements?"

“Master, don’t worry. There’s no problem.”Yang Chen nodded.

When Zhou Tianli saw this, he nodded his head.

Zhou Yingzhao looked at his grandfather, then at Yang Chen, completely confused. What the hell is he talking about? Why can’t I understand a single word?

Although Zhou Yingzhao was filled with doubts, he knew that his grandfather was planning something big with Yang Chen.

It was better for fewer people to know about such a big matter.

The flying carriage flew at full speed. In less than three days, it successfully arrived at the royal palace of the capital.

Unlike the last time when Chen Yang and Zhou Yingzhao came to the palace, this time, not only the descendants of the king, but also Zhou Tianke personally came to welcome them.

Immediately, there was an endless stream of pleasantries. Under the escort of the King and the descendants of the royal family, Zhou Tianli and the other two entered the palace and stayed in the pavilion that had been prepared for them.

There was still half a month before the ceremony began. During this half a month, Chen Yang and the other two would have to stay in this pavilion.

For the sake of safety and peace, the three of them did not leave the pavilion.

However, Yang Chen and the others wanted peace and quiet, but someone didn’t want them to be.

Five days after Chen Yang and the other two moved into the pavilion, a servant came to deliver the decree.” Your Highness, the Prince of Deshun, the patriarch of the Chen family invites you.””

Hearing this, Zhou Tianli looked at Chen Yang and said, "Alright, I understand. Lead the way."

Immediately, the two of them followed the attendant to the pavilion where the ancestor was.

Outside the pavilion, the attendant opened the door for the two of them and said, "Please come in."

Seeing this, Chen Yang and Justice exchanged glances before entering the pavilion together. When the attendant saw this, he closed the door behind him.

There were a total of three people in the pavilion. One of them was an old man with a kind face and a dragon's body sitting on the seat. Beside him stood an old man and a young man.

Yang Chen also recognized the young man. It was Zhou Yinglan.

As for the other elder, Yang Chen guessed that he was Prince De.

As for the old man with the body of a dragon bell, he didn't need to guess to know that he was the royal family's ancestor.

As expected, after entering, Justice bowed towards the old ancestor before introducing him to Chen Yang, "Disciple, this is the ancestor of our royal family."

When Chen Yang heard this, he quickly cupped his hands and bowed. "Greetings, Patriarch."

"Hahaha... There's no need to be so polite." Zhou Muchun raised his hand, indicating for Chen Yang to stand up. Then, he said with a satisfied expression, "As expected of the number one monster of Da Qian, you are indeed a talented person."

"Ancestor, you flatter me." Yang Chen bowed.

Zhou Tianli continued to introduce him to Yang Chen." Yang 'er, this is Prince De."

"Yang greets Prince De." Seeing this, Yang Chen bowed to Prince De.

Prince De personally came to Chen Yang and helped him up." There's no need to be so polite, Chen Clan Leader." I heard from Lan 'er that you two are good friends?"

"Since that's the case, you must help me supervise Lan 'er in the future and make him cultivate diligently."

"Prince De is joking, Brother Lan is talented and intelligent, why do you need others to supervise your cultivation?" Yang Chen smiled.

After the formalities, Zhou Muchun pointed to the chair on the right." Li 'er, Chen Clan Head, please sit.""

"Thank you, Forefather."

The two of them bowed together and sat down together, waiting for Zhou Muchun's question.

Zhou Muchun looked at Yang Chen with a smile. Then, he shifted his gaze to Zhou Tianli. Immediately, Zhou Muchun's eyes narrowed.

A mighty figure on stage!

I didn't expect Li 'er to break through and go on stage. So this is your confidence?

Collect my evidence first, then rely on Li 'er's strength to transport the evidence and inform the world?

Unfortunately, your plan is going to fail.

After being slightly stunned, Zhou Muchun acted as if he had not seen anything and asked with a smile, "Li 'er, Chen Clan Leader, I won't beat around the bush with you. For the position of Human King, can you give me face and support Lan 'er?"

Yang Chen didn't expect that the first thing the ancestor said was about the fight for the Human King position.

Yang Chen immediately looked at Zhou Tianli and gestured for him to answer.

Seeing this, Zhou Tianli thought for a moment before gritting his teeth, "Alright, since the ancestor has said so, then I'll promise the ancestor that I'm willing to support Lan 'er in competing for the position of Human King."

"That's good." A satisfied expression appeared on Zhou Muchun's face. "However, I have to say this in advance. You can't hide in the dark like you did in the past. You have to publicly announce that you support Lan 'er."

"No problem." Zhou Tianli nodded.

When Zhou Ying Lan heard this, an excited expression appeared on her face. The De Shun Commandery Prince had publicly announced his support for him.. In addition to her original supporters, wasn't it a certainty that he would become a Human King?

Chapter 278: Zhou Muchun's Test

While Zhou Yinglan was in a state of ecstasy, Zhou Muchun and Zhou Tianli started chatting.

The content of this conversation sounded ordinary.

But whether it was Chen Yang or Zhou Tianli, they were both very cautious in their answers. Who knew what kind of sword was hidden inside?

After chatting for about ten minutes, Zhou Muchun suddenly asked, "Oh right, I heard that the Ghost Fiend Sect went to Chen City to take revenge on the Chen Family?"

"Although the Chen family won this time, they didn't lose anything, right? The Chen Clan is a rising star in our Great Gan. Every member of the clan is a treasure, and we can't afford to lose them."

Hearing Zhou Muchun's question, Chen Yang didn't reveal anything on the surface, but he understood in his heart that Zhou Muchun's probing had begun.

On the surface, he was concerned about the Chen family's losses, but in fact, he was still probing the Chen family's secrets.

Immediately, a pained expression flashed across Chen Yang's face, but it was quickly covered up. "A mere heretic practitioner is nothing. My Chen family did not suffer any losses. Thank you for your concern, Ancestor."

The pained expression that flashed across Yang Chen's face was captured by Zhou Muchun. Immediately, Zhou Muchun smiled and said, "It's good that there are no losses."

"Lord Chen, although everyone has the right to kill evil cultivators, when it comes to serving justice, you still have to pay attention to your own safety."

"Don't cause damage to your own family because of a false reputation. That would be the pain of your loved ones and the joy of your enemies."

Is this a warning to me...

Yang Chen smiled and nodded. "Thank you for your concern, Patriarch. I understand what you mean. Ancestor, don't worry. I won't joke around with the lives of my clansmen."

"It's good that you know." Zhou Muchun laughed.

Chen Yang was a smart person, so he naturally understood what he meant.

In the following period of time, everyone began to chat again. It was as if the question just now was just one of the many casual conversations that Zhou Muchun had asked on the spur of the moment.

An hour later, Zhou Muchun smiled and said, "Let's stop here today. You must have your own things to do, so I won't delay you any longer."

Hearing this, Zhou Tianli and Chen Yang looked at each other. They could see the confusion in each other's calm eyes.

Could it be that Zhou Muchun's probing was only this little?

But since Zhou Muchun wanted them to leave, they were naturally unwilling to stay any longer.

The longer they stayed, the more things they would be exposed.

"We'll take our leave."

"Okay, go ahead." Zhou Muchun laughed.

Seeing this, the two of them walked towards the main door together. When they were about to reach the main door, Zhou Muchun's voice sounded again.

"Wait a minute. Look at my brain. How could I forget something important?"

Hearing this, the two of them stopped in their tracks and turned to look at Zhou Muchun.

Seeing the two of them turn around, Zhou Muchun smiled and said, "Has the flood dragon demon emperor been well-behaved these past few years?"

According to the rate at which the demon beasts reproduce, I'm afraid that the demon tide will come again. You have to guard Jiang Prefecture."

This question...

Yang Chen knew that Zhou Muchun was testing him again.

The content of the test was the strength of the Chen family.

If the flood dragon demon emperor was too honest, it meant that the Chen family had enough power to make the flood dragon demon emperor yield.

And after learning of this information, Zhou Muchun would definitely focus on dealing with the Chen Clan, eliminating the danger of the Chen Clan first.

After thinking it through, Yang Chen was about to reply. However, he suddenly remembered that the royal family's ancestor had never asked why Zhou Tianli had a treasure to hide his strength.

Could it be that he had really guessed it correctly?

What kind of treasure did the royal family's ancestor have that could pierce through the concealment and directly see the strength of a martial artist?

If that was the case, he couldn't give such an answer.

"Why? Is there a problem?" Seeing that Yang Chen did not reply for a long time, Zhou Muchun asked again with a strange smile on his face.

"Oh, no, nothing." Yang Chen shook his head repeatedly, and a trace of confusion appeared on his face." Overall, there's no problem.""

“If there’s no problem overall, does that mean there’s still a problem?” Zhou Muchun’s eyes narrowed as he stared intently into Yang Chen’s eyes. “Tell me, what exactly happened?”

“We can’t be careless about the demon tide. This is a natural disaster that is even cruder than the evil cultivators’ disaster.”

Faced with Zhou Muchun’s question, Chen Yang seemed to be a little flustered. “There hasn’t been a large-scale demon wave in Jiang Prefecture. Even if there is, the danger isn’t great. Please rest assured, Patriarch.”

“As for the flood dragon demon emperor, he is generally quite honest and has not done anything out of line.”

Seeing Yang Chen’s reply, Zhou Muchun smiled and said, “That’s good. You guys can leave.”

“Yes, sir.”

After returning to his own pavilion, Zhou Tianli first looked around the pavilion to make sure that no one was eavesdropping on him before sending Zhou Yingzhao out.

When only Zhou Tianli and Chen Yang were left in the pavilion, Zhou Tianli couldn’t help but ask, “Disciple, why did you answer like that just now?”

“We can’t hide the demon wave at all. Just tell the truth. In any case, there really hasn’t been a large-scale demon wave.”

“Why did you say such ambiguous words? Isn’t that just raising suspicion?”

Yang Chen didn’t answer Zhou Tianli’s question, “Master, the ancestor seems to have discovered your strength.”

“Have you discovered my strength?” “How is that possible?” Zhou Tianli asked in puzzlement. “I’ve already brought along a treasure to hide my strength.”

“It’s normal. After all, the sect behind it comes from outside the Endless Mountains. It’s not surprising that it has treasures that are more powerful than the Li family.”

“The evidence is that in the nearly one-hour conversation, the ancestor did not ask about your strength at all.”

“This is obviously not normal. It’s only because he saw through your strength that he didn’t specifically ask.”

“Forefather’s goal is to make us think that we haven’t been exposed, so that we can take some initiative in the following plan.” Yang Chen said.

Hearing Yang Chen’s words, Zhou Tianli’s expression turned serious, “If that’s the case, then we’re in a passive position.”

“It’s nothing. If we make good use of it, we might be able to make the ancestor think that master’s strength is our last trump card.” Yang Chen smiled.

“That’s why you said that on purpose. Your goal is to make the ancestor think that our final trump card is my strength.” Zhou Tianli said in realization.

“That’s right. I did that because I wanted to lure the Patriarch into thinking that it was because of you, Master, that the demon horde didn’t erupt.”

“At the same time, because your strength is not comparable to the flood dragon demon emperor, the flood dragon demon emperor is constantly moving.” Yang Chen smiled.

After hearing Yang Chen’s words, Zhou Tianli excitedly hammered his palms, “Brilliant! Truly brilliant!”

“Master, don’t worry. These two words of mine aren’t enough to convince the ancestor.” Yang Chen smiled..

Chapter 279: Finding the Place of Detainment, the Ceremony Begins

“These two sentences are just a prelude. If we want the royal family’s ancestor to truly believe that our hidden trump card is you, master, we still need some other hints.”

“Moreover, if we let the royal family’s ancestor believe that master is our trump card, it can also explain why we have the courage to investigate him.”

“After all, from his words, I could tell that the ancestor had discovered the Qian Dragon Guard, but for some unknown reason, he didn’t attack them.” Yang Chen smiled.

Hearing Yang Chen’s words, Zhou Tianli smiled and poured a cup of tea for Yang Chen. He then handed it to Yang Chen, “Tell me, what are you going to hint at next?”

Yang Chen took the teacup with both hands and smiled, “After the ancestor tested me, he will definitely send spies to Chen City to verify what I said.”

“We have to act in two directions. The first is to hide your residence. Of course, you have already hidden it.”

“What I mean is, it’s hidden, but it’s not completely hidden.

If a small clue was leaked, the spies would spend a lot of time to find it. This way, the information they obtained would be more trustworthy.”

“The second aspect depends on the flood dragon, no, it depends on Chen Jiao. Asking Chen Jiao to send out a portion of the demonic beasts to attack Chen Cheng doesn’t have to be too strong or too weak. It looks like they are testing our bottom line.”

“It would be best if we let Chen Jiao reveal himself so that the spy can see it.” “With this set of combination punches, even if the ancestor doesn’t believe it, he will believe it. After all, no one knows our true trump card except for us.” Hearing this, Zhou Tianli patted Yang Chen’s shoulder excitedly, “Alright, we’ll do as you say.””

“If there’s anything you need me to do, just say it.”

Yang Chen thought about it carefully and said, “Indeed. When the time comes,

I need Master to disappear for a period of time and personally enter the Endless Mountain Range under the witness of the ancestor’s scouts.”

“When we come out, the demon horde will have receded, and you’ll have suffered quite a bit of injuries. We’ll take back a portion of the Qian Dragon Guards and act weak.”

“With this, the ancestor will believe even more that master is our last trump card.”

“I understand.” Zhou Tianli nodded.

He looked at Yang Chen with admiration.

As expected of my apprentice, both in terms of aptitude and resourcefulness,

he is far superior to others.

To be able to accept such a genius as a disciple, it can only be said that I, Zhou Tianli, am very lucky.

Just as Zhou Tianli was immersed in his self-satisfaction, he noticed that Yang Chen was frowning, as if he was thinking about something.

Immediately, Zhou Tianli couldn’t help but ask, “This plan is very good.

Disciple, do you still have anything to worry about?"

Hearing this, Yang Chen took a deep breath and slowly explained,""Right now, I'm just worried that if the Patriarch knows about our trump card, he might send out a mighty figure to deal with us."

"When the time comes, won't all my preparations be in vain? After all, I can't let that mighty figure on stage destroy my Chen family."

Yang Chen's worries were not without reason.

If Yang Chen was the ancestor of the royal family...

Once he knew the enemy's true strength, Yang Chen was willing to send out a strong in order to solve this problem.

Destroy the Chen family and end everything.

If you really do this, what should I do? He couldn't just watch that expert destroy the Chen family, right?

However, if he resisted, wouldn't all his previous plans be in vain?

For a moment, Yang Chen didn't know how to react.

When Zhou Tianli saw this, he laughed,""It's not a big deal. When the time comes, I'll fight them to the death. I don't believe that I can't defeat the invading experts if I fight to the death."

"Losing me like this will be more convincing. Our last trump card is me."

"No, you can't do that."

Chen Yang shook his head and said, "I definitely won't sit idly by and watch you get hurt. Instead of doing this, I might as well use all my trump cards and fight them head-on."

"My dear disciple."

Zhou Tianli stood up and patted Yang Chen's shoulder, "You can't cherish your life when you're doing something big. As long as you can accomplish this, it's acceptable to suffer some injuries."

"But Master, have you ever thought that even if you really fight to the death and defeat the enemy, the enemy will not come again?"

"In the end, it's just adding to the damage." Yang Chen said.

Hearing Yang Chen's words, Zhou Tianli fell into deep thought.

If things really developed according to Yang Chen's plan, it would be troublesome. Even if Yang Chen was willing to sacrifice himself, he would not be able to prevent his trump card from being exposed.

"Actually, it's not that there's no solution. We just need to reveal some of our strength. This strength could repel the enemy, but it could not compare to the strength of the ancestor."

"To put it bluntly, we have to make the ancestor believe that our strength will not affect his plan. If he wants to deal with us, he will also suffer some losses." "Only in this way, under the pressure of the guards, he won't attack us." After thinking about it, Yang Chen thought of a solution. He smiled at Zhou Tianli, "Of course, the premise of this plan is that we have to find the location of the Ghost Fiend Sect."

"When the time comes, they will have to let us go for the time being."

"Then can the Qian Dragon Guards find the place where the people are being detained?" Zhou Tianli revealed a worried expression.

“Right now, we can only trust our spies and believe that they will be able to find the place where the people are being detained..”

Chapter 280: The Ceremony Begins at the Place of  
Gambling

“Even if we can’t find it, we can still expose all our strength. Everything was on the surface. It all depended on whose spy was more powerful.”

Detection and counter-detection, this was Yang Chen’s final plan.

Since he could not succeed by pretending to be weak, he would have to compete with his intelligence network.

Seeing this, Zhou Tianli could only agree with Chen Yang’s words. At the same time, he prayed in his heart that the Heavenly Dragon Guards must find a place to detain the people.

In a dense forest in the Endless Mountains.

The Piercing Guard commanded Chen Ying and his subordinates to search for a place to be held.

“It’s been almost a year. Where is the detention place?”The captain of the Dragon Guards grumbled.

When Chen Ying heard this, he looked at a handsome man in front of him.” Chen Xuan, did you hear something?”

When Chen Xuan heard this, he shook his head with an ugly expression.

Seeing this, Chen Ying sighed.

Several decades had passed, and Chen Xuan’s strength had already reached the sixth level of Meridian Unsealing.

With Chen Xuan's current strength, he could hear everything within a 50-mile radius by circulating his bloodline.

Now that they had investigated so many places, they still did not hear the voices of the commoners. Could it be that the Guimo Sect had placed these commoners in the sky?

Wait a minute!

Thinking of this, Chen Ying felt a chill run down his spine, and his hair stood on end. He then turned his head abruptly and looked at the 3,000 feet tall mountain behind him.

When the captain saw Chen Ying's expression, he looked at the mountain behind him and asked in confusion, "What? Is there something wrong with that mountain?"

Chen Ying did not answer the captain's question. Instead, he asked, "Captain Chu, I would like to ask, if we build a palace on that mountain peak, how feasible is it?"

Although Captain Chu didn't know why Chen Ying asked this question, he still answered honestly, "This mountain peak is quite big. If the peak is removed, it shouldn't be a problem to build a few palaces."

Hearing Captain Chu's words, Chen Ying estimated the range of the mountain peak and thought, "This mountain peak stretches for hundreds of miles. The narrower part of the peak is only one or two miles."

"The widest part is more than ten li."

"Moreover, the height of the mountain peaks is quite similar. If the difference is eliminated, we can completely build a city in the sky."

"If we use Illusion and Bewilderment Formations to cover it, we can completely hide the floating city."

“And when I passed by the mountain peak just now, I had some doubts. Why would those flying demon beasts avoid this mountain peak?”

“Could it be that the commoners are really hidden on the mountain peak?”

Thinking of this, Chen Ying looked at Chen Xuan.” Chen Xuan, when you were scouting for information just now, did you check the sky or the ground?”

Chen Xuan shook his head.” No. If it’s a three-dimensional scan, the range of the scan will be reduced.”

“Why? Commander, do you think that the citizen is hiding underground?”

“But even if it’s hidden underground, as long as it’s not more than a hundred meters, I can still hear it even though I can’t hear it clearly.”

“But in fact, I didn’t hear a single sound.”

When Chen Ying heard this, he smiled and patted Chen Xuan’s shoulder.”

There’s nothing underground, but what about in the sky?”

“In the sky?”

Chen Xuan frowned. Following Chen Ying’s gaze, they looked at the mountain peak that stretched for hundreds of miles.” Commander, you mean that they have placed these people on the mountain peak?”

“That’s right.” Chen Ying smiled and nodded.

Captain Chu took a deep breath.” Damn, why didn’t I think of that?””

“Now that I think about it, it’s indeed possible that he’s hiding on the mountain peak. There’s no time to lose.”

“No rush!”

Chen Ying stopped Captain Chu and said, “Let us investigate first. After we confirm it, you can go over.”

After saying that, Chen Ying brought Chen Xuan along and the two of them slipped towards the foot of the mountain.

Captain Chu also knew that Chen Xuan was special, so he didn’t have any other opinions. He quietly waited for news from the two of them.

Looking at the mountains and running to death, this phrase was very suitable for anywhere. The mountain peak didn’t seem far, but by the time Chen Ying and Chen Xuan reached the foot of the mountain, an hour had already passed.

One had to know that the speed of the two of them was not weaker than ordinary demon generals.

Even so, they still needed an hour to reach the foot of the mountain. One could imagine how far the mountain was.

Back to the main topic.

When they reached the foot of the mountain, Chen Ying looked at Chen Xuan. Seeing this, Chen Xuan closed his eyes and activated his bloodline.

At the same time, a voice within a 50-mile radius entered Chen Xuan’s ears.

Then, Chen Xuan controlled his bloodline ability and began to listen for sounds on the mountain peak.

Time trickled by, and in the blink of an eye, the time it took to brew a cup of tea had passed. Chen Xuan's ability had already helped him to listen for sounds from the peak.

"Strange, why is there no sound?"

Just as Chen Xuan was wondering why there was no sound, he heard footsteps.

Immediately after, the sound of eating entered Chen Xuan's ears in an endless stream.

This time, Chen Xuan could confirm that there was indeed a city built on the mountain peak.

Chen Xuan immediately withdrew his bloodline ability and looked at Chen Ying." Commander, I heard the sound of people walking and eating."

"It seems that these evil cultivators have very strict control over the upper echelons. They did not make any noise."

"This is very normal. After all, there are so many people. If they all make a sound, even those without your bloodline ability will hear it."

"Of course, it could also be some kind of sound-isolating array formation. In short, it's fine as long as we can confirm that there are civilians up there."Chen Ying laughed.

Chen Xuan also heaved a sigh of relief. For the past half a year, Chen Xuan had been under high pressure.

With his gratitude towards the Chen Family, Chen Xuan wished he could immediately find the place to be detained and share the burden of the family head.

Unfortunately, things did not go as they wished. After more than half a year, the group still came up empty-handed.

Now that he had finally found the place to be detained, Chen Xuan was relieved.

“However, such a small place can’t hold so many commoners. I suspect that there are other places to guard.”

Chen Ying sized up the mountain peak and then looked at Chen Xuan.” Chen Xuan, we’ll have to trouble you from now on. We have to investigate the mountain peaks in this area.”

“Understood!” Chen Xuan nodded with a serious expression.

Immediately, the two of them returned to where the Dragon Guards were. After speaking to Captain Chu, they split up.

Captain Chu and the others were still strolling aimlessly to confuse the Ghost Fiend Sect.

Meanwhile, Chen Ying and Chen Xuan were searching for the floating city on the mountain peaks.

In the royal palace of the capital.

Time passed in a flash. In the blink of an eye, the birthday celebration ceremony of the first ancestor of the royal family officially began.

In a square, the Human King sat at the head of the table. On the left were the Zhou Clan’s powerhouses, and on the right were the seventh-rank forces and Chen Yang.

Huge pillars stood around the square.

These pillars were carved with embossed, as if they were telling a story.

If someone who was familiar with the history of the Zhou Clan looked at the pillars, they would definitely realize that the content of these embossed was the story of the Zhou Clan dominating the Great Qian Dynasty step by step and finally ruling the Great Qian Dynasty.

In the center of the square, there was a statue.

This statue was the first ancestor of the royal family to ascend the stage.

Immediately, under Zhou Tianke's lead, everyone stood on both sides of Zhou Tianke and bowed to the first statue of the royal family's ancestor.

After the three salutations, everyone sat down and began to celebrate.

As the Human King, Zhou Tianke naturally had to be polite.

Zhou Tianke immediately raised his wine cup and said to everyone, ""! thank everyone for coming all the way here to attend the birthday of my royal family's ancestor."

"Once again, I'll toast everyone!"

Then, Zhou Tianke finished his glass.

When everyone saw this, they also raised their wine cups and said to Zhou Tianke in unison, ""May Your Majesty live as long as the heavens, and may Great Gan prosper!"

Then, everyone drank their wine.

Seeing this, Zhou Tianke refilled his wine cup." Everyone, this second cup of wine. Please join me in giving a toast to the royal family's ancestor."

"Without his protection, the royal family would not be where we are today!"
