

Tamer Family 281

Chapter 281: The Ceremony Ends, Everyone Is Getting Ready

As soon as he said that, everyone immediately stood up and looked at the royal family's ancestor with wine cups in their hands.

Of course, it wasn't that statue. It was Zhou Muchun, who was standing to the right of Human King Zhou Tianke.

When Zhou Muchun saw this, he smiled as he raised his wine cup and said with a friendly expression, "Your Majesty, you flatter me. This old man only did what I should have done."

"The Zhou Consortium nurtured this old man and allowed this old man to step onto the stage. This old man returned the favor and used his entire life to repay the Zhou Consortium."

"There's no need to mention gratitude."

"Sigh, ancestor, please don't be too modest." Zhou Tianke smiled and said, "Anyone with eyes can see that if it wasn't for the ancestor's support, my royal family would have been bullied."

"Let's not talk about the distant events. If it weren't for the Patriarch who went to suppress the demon tide in Jiang Prefecture decades ago, I'm afraid that the flood dragon demon emperor would have slaughtered our Jiang Prefecture." "Speaking of this, Sect Master Wang has the most right to speak."

Wang Shuo heard this and quickly stood up. "That makes sense. Although I was young, I also experienced the demon horde. I don't want to experience that kind of despair again."

"It's also fortunate that the ancestor was here that the Jiang Prefecture wasn't damaged. Just based on this, everyone in the Jiang Prefecture has to toast the ancestor."

"If all of you give me a toast, I'll drink myself to death." After Zhou Muchun teased, he downed the wine in his cup in one gulp. "Alright, this old man will accept everyone's cup of wine."

Seeing Zhou Muchun gulp down the wine in one gulp, the others did not hesitate either and also drank the wine in their cups.

After everyone finished drinking, Zhou Muchun smiled and said, "Alright, this kind of banquet should belong to you young people. This old man won't participate."

"Everyone, please enjoy yourselves."

After saying that, Zhou Muchun turned around and left. As for the people at the banquet, under Zhou Tianke's lead, they shouted in unison, "Farewell, Patriarch."

After the ancestor left, Zhou Tianke smiled at everyone. "Everyone, enjoy your drinks."

The banquet officially began. As the lights intersected, there was laughter and joy.

As for Yang Chen, who was one of the seventh-rank forces, everyone toasted him. No one dared to look down on the patriarch of an eighth-rank aristocratic family.

Moreover, the Chen Family's momentum was getting stronger and stronger. Almost everyone believed that Rank-7 was definitely not the Chen Family's limit.

Everyone naturally tried their best to befriend this future star.

After the ceremony ended, Zhou Tianke sent Chen Yang and the other two off in a flying carriage, returning to Chen City.

After returning to Chen City, Chen Yang said to Zhou Tianli, "Master, let's split up. I'll go to the Endless Mountain Range."

"As for you, Master, you will do as we said earlier and reveal a little bit of information about your Deshun Prince's mansion."

“The Piercing Guard of my Chen Clan will also assist master in his actions.”

“Don’t worry, I know what to do.”Zhou Tianli said.

Hearing this, Chen Yang nodded and secretly left Chen City. He rode the Underworld Dragon and rushed to Chen Jiao’s lair.

At the same time, in Zhou Muchun’s manor in Yingzhou.

Glancing at Sect Leader Xu, Zhou Muchun said indifferently,“I’ve probed a few things. First, Li ‘er has already broken through and entered the stage.”

“What?”

Sect Master Xu suddenly stood up and said with an incredulous expression,“How is this possible? How did Zhou Tianli break through? Where did he get the resources?”

“What a fuss.”

Zhou Muchun glanced at Sect Master Xu and continued unhurriedly,“Everyone has their secrets. Maybe Li ‘er grasped some secrets, which is why she broke through and went on stage.”

“You don’t have to worry, Li ‘er’s cultivation is only at the first level, it won’t affect our plan.”

Seeing Zhou Muchun’s words, Sect Master Xu heaved a sigh of relief. He immediately guessed,“Then is this Deshun Commandery Prince their trump card?”

“From Yang Chen’s words, I can sense that Li ‘er is their final trump card.”

“Of course, we can’t act so arbitrarily. We still have to investigate.

How about this, you send our most elite scouts into Chen City and investigate Chen City for me.”Zhou Muchun said.

Hearing this, Sect Master Xu nodded.” Don’t worry, sir. Leave this matter to me.””

“If it’s confirmed that their trump card is only the Deshun Commandery Prince, then should I go and destroy Chen Cheng?””

“After all, if it can save some trouble, then it can save a pill for Milord.”

Zhou Muchun glanced at Sect Leader Xu and immediately smiled.””I’m very satisfied with your filial piety.”

“But still, don’t be anxious. Even if their trump card is Li ‘er, you don’t need to make a move.”

“You don’t need me to do anything?”

Sect Master Xu frowned and asked tentatively,”Sir, do you mean that someone will help us deal with the Chen family?”

“Of course.”

Zhou Muchun’s eyes revealed a hint of viciousness.” A certain fellow is greedy and wants to extort something from me.”

“Humph! How can I, Zhou Muchun, take my things so easily?”

“Now, I hope that the Chen family is still hiding some secrets. In that case, we can make that damn guy pay the price!”

Looking at the gloomy expression on Zhou Muchun's face, Sect Head Xu steeled his heart and slowly said, "There's no need for the Chen family to hide their strength. We just need to injure that person."

"When the time comes, we'll let him destroy the Chen family for us. When he comes back, I'll kill him."

"Two birds with one stone. We have to dig out the remaining value of this person."

Hearing this, Zhou Muchun laughed. "You're a good fellow. You're actually using your brain too." "Alright, we'll do as you say."

"If this matter is really done, when the people of the upper clan arrive, I will personally ask for your reward."

Excitement appeared on Sect Master Xu's face as he hurriedly stood up and said, "Thankyou, my lord!"

"Yes, it's nothing. Go do your work. The premise of all these plans was that the information had to be transparent." Zhou Muchun waved his hand, indicating for Sect Head Xu to leave.

"This subordinate will take his leave."

In the Endless Mountain Range, Chen Jiao's lair.

Yang Chen brought the Spirit Eared Fox to the pond and shouted, "Chen Jiao, your old friend is here. Why don't you meet him?"

As soon as Yang Chen's voice fell, the pool began to boil. Immediately after, Chen Jiao's dragon head appeared above the pool.

"Roar!"

The Spirit Eared Fox quickly translated, "Yang Chen, why are you looking for me?"

Listening to the Spirit Eared Fox's translation, Yang Chen smiled and said, "I have a small matter to ask a friend for help."

"We're all allies. There's no need to invite me or not. If there's anything, just say it." Chen Jiao said.

"It's like this. There are two things."

"First, I need you to organize a wave of demons to attack my Chen City.

Of course, it wasn't a real attack. It was just a show to test Chen Cheng's bottom line."

Chen Jiao tilted his head and thought for a moment, then said, "This matter is simple.. What about the second matter?"

Chapter 282: Recruit the Demon Emperors and Confuse the Ghost Fiend Sect's Scouts

"The second thing is also very simple. I need you to show your face outside Chen City. Of course, you have to hide yourself and ensure that you can only be discovered by warriors above the Core Formation stage." Yang Chen said.

"Alright, no problem."

Chen Jiao didn't ask Yang Chen why he was doing this.

Chen Jiao knew that they were allies who had sworn an oath to the heavens and earth. Trust in allies was the prerequisite for the alliance to develop healthily.

"Yang Chen, when are you going to send out the demon horde?" Chen Jiao asked again.

Yang Chen thought for a moment and said, "A month later."

"No problem." Chen Jiao nodded. Then, he seemed to have thought of something and continued, "Oh right, Chen Qiu told me that it has managed to rope in two more Demon Emperors."

"However, whether you can pull the two demon emperors into the alliance or not, you still need to persuade them personally."

"According to Chen Qiu, they don't seem to be willing to join the Alliance."

Chen Yang's eyes lit up.

He really got what he wanted.

Originally, Yang Chen had wanted to rope in some more Demon Emperors to strengthen his side.

Now, it saved him a lot of time and effort. Yang Chen smiled and said, "Of course. How about this, Chen Jiao, accompany me there."

"No problem." Chen Jiao nodded.

Immediately, Chen Yang put away the Underworld Dragon and jumped onto Chen Jiao's back with the Spirit-Eared Fox, flying towards Chen Qiu's nest.

A day later, in Chen Qiu's lair.

After landing, Chen Jiao let out a dragon roar.

Accompanied by a dragon roar, the Golden Armadillo Demon Emperor crawled out of the ground. "Chen Yang, Chen Jiao, you two are here. What's the matter?"

“Didn’t you say that you’ve roped in two more Demon Emperors? We’re here to persuade them to join us.” Chen Jiao said.

Chen Qiu nodded and looked at Chen Yang. “Chen Yang, are we really going to rope them in?”

“Oh? From what you’re saying, there’s a disadvantage in roping them in?” Yang Chen asked.

“Not bad.”

Chen Qiu shook his head and said, “It’s just that these two guys have huge appetites. I’m afraid they’re going to ruin our friendly relationship.”

Chen Qiu didn’t want to ruin the friendly relationship between the Alliance just because a new Monster Emperor joined.

Hearing Chen Qiu’s words, Chen Yang pondered for a moment, then smiled and said, “I’ll go and take a look myself. If the appetite is really big, then it’s another matter.”

“Alright.”

Immediately, Chen Qiu brought Chen Jiao and Chen Yang and headed northwest.

Two days later, Yang Chen and his group arrived at the Demon Emperor’s lair.

This was a basin. Swamps were everywhere in the basin, and wisps of miasma were released.

The various appearances of this place constantly told Yang Chen that the demon emperors living here were not to be trifled with.

When they arrived at their destination, Chen Qiu let out a roar.

As the roar spread, the swamp below kept churning. Soon after, a huge beast crawled out of the swamp.

This giant beast had the body of a crocodile, and its head was indeed the head of a cow.

On the head of the bull was a sharp horn that was more than ten meters long, flickering with a cold light.

On the crocodile's body, there was a row of sharp thorns in the middle of the scales that flickered with purple light.

"This is...Single-horned Ox Crocodile!" Yang Chen narrowed his eyes as he recognized the origin of this demonic beast.

Single-horned Ox Crocodiles were a special race.

Its body contained two Daemon King level bloodlines, the Horned Fire Bull and the Cold Pool Deinosuchus.

With the fusion of these two bloodlines, the Single-Horned Ox Crocodile had a bloodline that was comparable to a Demon Emperor.

It was because of this that the Single-Horned Ox Crocodile was able to break through the barrier of the Demon Sovereign and become a Demon Sovereign.

However, this was his limit. He would never break through to the intermediate stage of the Demon Emperor Realm in his lifetime.

After seeing the background of this Demon Emperor, Yang Chen gave up on the idea of pulling him into the Alliance.

It was not because of anything else, but because his aptitude was not good.

In the current alliance, even the Ghost Eye Disc with the weakest bloodline power could grow to the late stage of the Demon Emperor Realm.

If he could rope this Horned Ox Crocodile into the alliance, he would definitely think of ways to increase its bloodline in the future. At the very least, it would be similar to the Ghost Eye Demonic Butterfly.

Otherwise, there would be a rift in the alliance.

After all, the first rule of the alliance was to increase the strength of their allies.

However, the amount of resources required to raise its bloodline to the late Demon Sovereign Realm was probably enough to allow the flood dragon and the Ghost-eyed Demonic Butterfly to enter the late Demon Sovereign Realm at the same time.

Rather than that, it was better to develop him into a fighter for the Alliance. In the future, when the Alliance grew stronger, he would become one of the Alliance's subordinates.

Of course, if the Horned Bull Crocodile was willing to join the alliance, Yang Chen was still willing to accept it.

But if he had to personally ask the Single Horned Bull Crocodile to join the Alliance, then sorry, this Single Horned Bull Crocodile wasn't worthy.

Yang Chen wasn't kind enough to help a Demon Sovereign who didn't have enough talent but didn't want him to take the initiative.

After thinking it through, Yang Chen took a step forward and smiled."Chen Yang greets the Single Horned Ox Crocodile Demon Emperor. The Golden Armadillo Demon Emperor has already told me what you mean."

“We agree to your request. We are willing to pay Spiritual Crystals or resources to invite you to help when necessary.”

I also hope that the friendship between us can be preserved forever.”

Chen Qiu looked at Chen Yang with some doubt. Why didn't he mention the matter of pulling him into the alliance?

However, Chen Yang didn't say anything. He must have his own considerations, so Chen Qiu didn't say anything.

When the Single Horned Ox Crocodile heard this, it smiled and nodded, “Alright, straightforward.” I thought you wanted to pull me into the Alliance.”

“To be honest, I really don't want to get involved with you guys. I have no ambition and just want to guard my own territory..”

Chapter 283: Roping In Two Demon Emperors, Bewitching The Ghost Fiend Sect's Scouts

“Now that you didn't mention it, it saves me the trouble of rejecting you. As for the reward, you said that you want us to maintain our friendship, so I definitely won't ask for more.”

“I don't think you need my help for opponents below the Demon Sovereign level, so I won't mention it. I need 1,000 Spiritual Crystals for each operation against opponents above the Demon Emperor Realm.”

1,000 crystals. To be honest, this price was a little high.

However, if he really used the Single-Horned Ox Crocodile, it would definitely be a critical moment. At that time, he would not need to worry about Spiritual Crystals.

After thinking it through, Yang Chen smiled and said, “Alright, the Alliance agrees to the conditions of the Horned Ox-Crocodile Demon Emperor.””

The One-Horned Ox Crocodile looked at the Golden Armadillo in confusion.

This alliance seemed to be led by this human race.

Thinking of this, the Single Horned Bull Crocodile felt even more fortunate that it didn't join the Alliance.

It was not willing to listen to a human's orders.

At the same time, the One-horned Ox Crocodile was also a little puzzled. Was there something wrong with the Golden Armadillo's brain? It was actually willing to listen to the orders of a human.

However, this was the Gold-splitting Armadillo's freedom, and it couldn't interfere.

"Since you guys have agreed, I won't be long-winded. If you need anything, just look for me directly." Then, the Single Horned Ox Crocodile turned around and left.

When Chen Yang saw this, he looked at the Gold-splitting Armadillo." Chen Qiu, let's go to the next Demon Emperor."

Hearing this, the Gold-splitting Armadillo brought the flood dragon and Chen Yang away from the One-horned Bull Crocodile's nest and headed for their next destination.

On the way, the gold-splitting armadillo could not help but ask,""Yang Chen, why don't you pull that Single Horned Ox Crocodile into our alliance?"

"Simply put, it doesn't deserve it." Yang Chen explained with a smile."

"Not worthy?" " Oh, Yang Chen!" the Gold-Splitting Armadillo said in shock." That's the Demon Emperor! Don't tell me that the Demon Emperor can't satisfy you now?"

"It's not its strength, but its aptitude."

Yang Chen immediately told the Armadillo why he didn't pull the Horned Oxroc into the Alliance.

After listening to Yang Chen's reason, the Gold-splitting Armadillo nodded." That's true. If I were to specifically improve its bloodline, I wonder how many resources would be consumed."

"If the Single-Horned Ox Crocodile was willing to join us, it would be fine. However, since it doesn't want to join us, it's indeed not worth us spending resources to rope it in."

Meanwhile, the flood dragon beside him had a proud expression on his face.

Do you see that? It isn't easy to enter the Alliance. Not only do you have to be as strong as me, but your talent also can't be weak.

Otherwise, they could only be hired thugs.

Putting the matter of the One-horned Ox Crocodile aside, Yang Chen, under the lead of the Gold-splitting Armadillo, headed towards the lair of the second Demon Emperor.

This second Demon Emperor was different from the One-Horned Ox Crocodile. That guy was an existence in the middle stage of the Demon Emperor Realm. In terms of strength, even the Gold-Splitting Armadillo was no match for him. Only the Blue Luan could fight him.

He naturally had to be careful with such an existence.

The territory of the second Demon Sovereign was located in the southwest of the Single-Horned Ox Alligator, which was 25,000 miles deep in the Endless Mountain Range.

After spending two days, Yang Chen and his group finally arrived at the lair of the second Demon Emperor.

Yang Chen was stunned when he entered.

It was mainly because of this Demon Emperor's lair...

How should he describe it? If the Gold-splitting Armadillo had not said that this was the Demon Emperor's nest, Chen Yang would have thought that this was the location of some immortal sect.

This was a dense forest. Spiritual energy surrounded the dense forest, making it look like an ethereal paradise.

In the dense forest, many demonic beasts were peacefully gathered together. There was not the slightest bit of disturbance from the secular world.

Looking at the dense forest in front of him, Yang Chen repeatedly confirmed, "Chen Qiu, is this really the Demon Sovereign's lair?"

"Naturally."

Chen Qiu smiled and nodded, then shouted into the room.

Not long after, an eagle's cry suddenly came from the dense forest. Then, a figure that covered the sky and earth appeared in front of Yang Chen.

It was a huge eagle-type beast that was a hundred meters long. This eagle-type beast had four wings on its back.

On the top of the eagle's head, there was a sharp horn that was more than ten meters long.

After seeing the appearance of the Demon Emperor, Chen Yang also knew the origin of the Demon Emperor.

The Four-Winged Horned Eagle had the bloodline of a peak-stage Demon Sovereign. It was only a matter of time before it became a demon beast at the late-stage of the Demon Sovereign Realm.

If there were enough resources or opportunities, it was not impossible to become a demon beast at the peak of the demon emperor level.

After the Four-winged Horned Eagle landed on the ground, the Gold-splitting Armadillo spoke first, "Four-winged Horned Eagle Demon Emperor, I've brought some people over. What do you think?"

The Four-Winged Horned Eagle ignored the Gold-Splitting Armadillo and looked at Yang Chen. "I heard from the Gold-Splitting Armadillo Demon Emperor that you are their leader. I only have one question. How did you convince them to listen to your command?"

"As long as your answer can satisfy This Emperor, This Emperor can directly join your alliance without any promises."

"If you can't satisfy me, then I'm sorry, but I'll forget about the alliance. For the sake of the Gold-splitting Armadillo, as long as you can pay Spiritual Crystals, I will help you."

This Four-winged Horned Eagle was naturally free and easy, it didn't beat around the bush and directly asked Chen Yang to bring out the conditions that could convince it to join the Alliance.

After listening to the Spirit Eared Fox's translation, Yang Chen smiled and stepped forward. "The answer is very simple. I can fulfill your wishes."

"Satisfy the Demon Emperor's wish?" The Four-winged Horned Eagle looked at Yang Chen with great interest. "What did you fulfill their wishes?"

Chapter 284: Roping In Two Demon Emperors To Confuse The Ghost Fiend Sect's Scouts

"For example, the Golden Armadillo Demon Emperor. I promised to help it break through to the late stage of the Demon Emperor Realm. For example, the flood dragon demon emperor. I promised him that I would help him become a true dragon."

"There's also Demon Emperor Blue Phoenix. I promised him to integrate the Endless Mountain Range and lead it to prosperity." Yang Chen smiled.

The Flood Dragon was stunned. When did Yang Chen promise him that he would help him become a true dragon?

Forget it, he shouldn't ruin things at this time. What if Yang Chen really planned to do this?

At the thought of this, the flood dragon demon emperor became even happier.

Becoming a True Dragon had always been the dream of the Flood Dragon Demon Emperor.

Hearing Yang Chen's promises, the Four-winged Horned Eagle sneered, "How dare you say that. You think you can fulfill their wishes?"

"This is also a kind of investment. They value my potential and believe that I can help them in the future. Anyway, with the oath of heaven and earth, I can't go back on my word."

"As for whether or not I'm bragging shamelessly, you don't have to worry about it." Yang Chen sneered.

Seeing that the atmosphere between the two of them was a little frozen, the Gold-splitting Armadillo came out to smooth things over. "Calm down."

"Yang Chen, this Four-Winged Horned Eagle Demon Emperor doesn't know your potential and background, so it's normal for him to be suspicious."

"And you, Four-winged Horned Eagle Demon Emperor, you don't know Yang Chen's background. Why are you so sure that Yang Chen can't fulfill his promise?"

"Besides, with the oath of heaven and earth, why can't we rake a gamble? Even if Yang Chen can't fulfill our wishes, we can still help each other if we join forces."

"Isn't this much better than fighting alone?"

Yang Chen cupped his hands at the Four-winged Horned Eagle.

The Four-Winged Horned Eagle stared at Chen Yang and pondered over the Golden Armadillo's words.

Could it be that this human really had some secret or background?

Moreover, the Golden-Splitting Armadillo had a good saying. After all, working together was stronger than fighting alone.

For a moment, the Four-winged Horned Eagle was a little shaken.

Seeing that the Four-Winged Horned Eagle was wavering, Yang Chen gave the final blow, "Four-Winged Horned Eagle Demon Emperor, I heard that your bloodline originated from the Six-Winged Roc. I wonder if it's true."

"It's passed down from ancient times, so it naturally can't be fake. "The four-winged horned eagle said without hesitation.

Then, the Four-winged Horned Eagle asked in confusion, "Why are you asking this?"

"Nothing much. As long as you're willing to join us, I can help your bloodline break through to the Six-winged Grand Roc." Yang Chen smiled.

Hearing Yang Chen's words, the Four-Winged Horned Eagle's feathers instantly stood up, and its eyes were filled with seriousness and excitement. "Are you serious?"

"If you don't believe me, you can take this as a condition to join the alliance. According to the alliance agreement, as long as we have the ability, we will try our best to help you advance your bloodline."

"Of course, this condition can only be mentioned once. If you want your allies to help you, you have to pay them."

“This is also the core of the alliance. We won’t let any of our allies work for nothing.” Yang Chen said.

Hearing Yang Chen’s words, the Four-Winged Horned Eagle nodded, “Alright, I can join you, but I won’t mention this condition now. Can I leave it for the future?”

“Of course. In fact, they all have this condition.” Yang Chen smiled.

“Oh?” The Four-winged Horned Eagle glanced at the Gold-splitting Armadillo. “Didn’t you promise it that you would help it advance to the late-stage Demon Emperor Realm?”

“That was a promise I made in private, and I didn’t make a Heaven and Earth Oath.” Yang Chen smiled.

In an instant, the Four-winged Horned Eagle felt as if it had fallen into a pit.

If she had known earlier, she would have agreed to Yang Chen’s request.

However, since he had already agreed, the eagle would not go back on its word. “Forget it, it doesn’t matter anymore. Since I’ve joined you, we’ll follow the normal rules of the alliance.”

“Since that’s the case, make a Heaven and Earth Oath.”

Immediately, under the guidance of the Rending Gold Dull, the Four-Winged Horned Eagle made a Heaven and Earth Oath, swearing that it would act according to the alliance agreement.

After the Four-Winged Horned Eagle had completed its vow, the

Gold-Splitting Armadillo laughed. “Chen Yang, give the Four-Winged Horned Eagle Demon Emperor a name too.”

“What does naming mean?” The Four-Winged Horned Eagle asked.

” That’s the honorable name we call each other as allies,” the Gold-splitting Armadillo explained.” It’s better than me calling you Four-winged Horned Eagle.””

The Four-winged Horned Eagle thought for a moment, then said,“”Okay, Chen Yang, you give me a name too.1’

“According to our usual naming habits, we’ll call you Chen Ying.”Yang Chen said.

“Chen Ying...Chen Ying...11

The Four-Winged Horned Eagle smacked its tongue and nodded in satisfaction.” Alright, from today onwards, I will be called Chen Ying.”

After persuading rhe Four-winged Horned Eagle to join the Alliance, Yang Chen was done with his preparations and returned home. Meanwhile, the Flood Dragon followed Yang Chen’s instructions and prepared to gather a group of Demonic Beasts to put on a show for Yang Chen.

Seven days passed in a flash.

Seven days later, in Chen City, a fat merchant dressed in brocade was haggling with a local merchant.

However, the shop owner didn’t notice that when the merchant was bargaining, his eyes kept glancing into the distance from time to time.

When he saw a young master waving a fan and making a gesture that only he knew, the merchant changed the topic.” Forget it. Since you can’t convince me, and 1 can’t convince you, let’s put it aside for now.’1

“Let’s calm down and think about the benefits of cooperation and how much we

can give up. We'll talk about it tomorrow..”

Chapter 285: Roping In Two Demon Emperors, Bewitching The Ghost Fiend Sect's Scouts

Then, the merchant turned around and left.

He walked aimlessly to an inn. After the merchants entered, the young master who was waving his fan also entered the inn.

In the inn, in the first room.

After making sure that no one was listening in, the merchant put away the smile on his face and said calmly, “How's the investigation going?”

“Milord, we have found out.” The young master closed the fan in his hand and quickly said, “Although they hid it well, I still found some clues.”

“These clues, although we cannot be certain that De Shun Commandery Prince is in Chen City, we cannot arbitrarily say that De Shun Commandery Prince is no longer in Chen City.”

The merchant nodded. “Well done. Continue to investigate. We must get accurate information.”

“Understood!”

While the two of them were discussing, they suddenly heard the sound of a large bell ringing in Chen City.

Hearing this voice, the two of them were very puzzled. However, not long after, they heard someone shouting, “Demonic beasts are attacking. Guests, please don't go out!”

Hearing this voice, the two of them looked at each other and walked out of the inn together.

When the waiter saw the two of them running out, he quickly followed them to stop them. Unfortunately, the two of them walked too fast and the waiter did not catch up.

Seeing this, the waiter could only sigh and return to the inn, closing the door tightly.

After running out of the inn, the two of them mixed in with the martial artists supporting Yang Pass and entered Yang Pass together.

Standing on the wall of Yang Pass and looking at the dense number of demon beasts below, the young master could not help but say, "Good heavens, so many Demon Venerables. It seems that this demon beast is planning to destroy Chen Cheng."

"No, it's not that simple."

The merchant frowned and shook his head. "Although these Demon Venerables are quite a lot, none of them made a move. It seems like they are testing Chen Cheng's bottom line."

"Chen Cheng's bottom line, what bottom line does Chen Cheng have?" The young master asked.

The young master didn't understand. What was the point of testing? Would Chen Cheng allow the demonic beasts to enter Chen City and kill the people?

"It might not be Chen Cheng, but someone in Chen Cheng. "The merchant said slowly, then looked at the young master." It seems that we have to guard Chen City for a period of time."

When the young master heard this, he could not help but laugh.

He was a dignified evil cultivator, and he would actually help a city resist the demon tide one day.

Immediately, the two of them carefully released their spiritual energy to resist the demon tide together.

Although the spiritual energy of the evil cultivators was black, it would only change color when it was released at full force.

For people like the young master who only released a little bit, the spiritual energy and aura were no different from ordinary martial artists, and they would not be discovered.

Just like that, the two of them spent five days on the Yang Pass.

In these five days, the merchants were even more convinced that the demon wave was testing Chen Cheng's bottom line.

Because for five whole days, not to mention the Demon Venerable, even the demon generals did not step out. They just stood at the back and quietly watched the tier-one demon beasts fight with the warriors guarding the city.

Chen Cheng also seemed to be worried about something. He did not take the initiative to fight the enemy like in the past, but only defended Yang Pass.

This strange scene even caused a group of demon beasts to stand under the Yang Pass and roar. The martial artists on the Yang Pass were comparing which demon beast was louder.

Although the merchant had never experienced a demon wave, he was sure that no demon wave would be like the one he had been trying to do these past few days.

He was obviously very nervous, but he was very relaxed.

"Sir, what are you looking at?"

Just as the merchant was deep in thought, the young master suddenly shook the merchant's shoulder.

The merchant instantly woke up. Then, he followed the young master's hand and looked at the dark clouds in the sky.

It didn't matter what he saw, but it gave the merchant a fright.

If it was a warrior below the Core Formation stage, these dark clouds were no different. However, for warriors above the Core Formation stage, the dark clouds contained great terror.

This was because the famous flood dragon demon emperor had actually appeared in the dark clouds.

Although he had hidden himself, he could still be discovered by experts above the Core Formation realm.

"What's the Dragon Demon Emperor doing?" the young master asked curiously. "Since he's here, why doesn't he destroy Chen Cheng?"

"If he was hiding himself in order to obtain something else, why did he only hide a little?"

Chapter 286: Li Zhao's Attack (1)

The young master was somewhat puzzled. Why did this flood dragon demon emperor hide and not hide?

The young master couldn't tell, but the merchant could.

Immediately, the merchant ignored the young master and looked at the Chen family.

As expected, a stream of light instantly swept out from the Chen family and disappeared in the blink of an eye.

After seeing this light, the merchant smiled in satisfaction and looked at the young master. "Let's go."

"What?"

The young master was stunned. It wasn't lower than the demon tide?

Seeing the young master's appearance, the merchant scolded him with a smile, "What, do you really want to accept the city for the Chen family?"

"Of course I don't want to defend the city, but isn't this to obtain information?" the young master said.

The merchant smiled and shook his head. "No need. I've already obtained all the information I need. It's time to go back now to avoid any more trouble." Although the young master did not know why the merchant was so confident, he still nodded.

Immediately, the two of them pretended to have exhausted their spiritual energy and walked down the Yang Pass with the other martial artists who had exhausted their spiritual energy to a special place to recover their spiritual energy.

When they arrived there, the two of them found another reason to quickly escape.

Not long after the two of them left, the dark clouds dispersed and the demon tide slowly retreated.

At the same time, De Shun Commandery Prince spat out a mouthful of blood in the air before disappearing.

What Zhou Tianli didn't know was that his performance was useless.

Chen Clan, in the meeting hall.

Zhou Tianli first wiped the blood from the corner of his mouth, then picked up his teacup and took a big sip. "Disciple, I've already done as you instructed." "However, how can you be so sure that a spy from the Ghost Fiend Sect has entered Chen City?"

"That's because I believe in the professionalism of the spies of the Guimo Sect." Yang Chen smiled.

“Professional.”

Zhou Tianli smacked his tongue and asked, “What do you mean?”

“It means that as a rank 6 Evil Sect’s spy, he will definitely gather information at the first possible moment and will not give the enemy time to hide the news.”

“That’s why I’m certain that the elite spies of the Ghost Fiend Sect will enter Chen City immediately to search for information.” Yang Chen explained.

Hearing Chen Yang’s explanation, Zhou Tianli put down the teacup in his hand and sighed. “I’m just worried that the ancestor will directly attack and destroy Chen Cheng.”

“It’s fine. If the ancestor makes a move directly, don’t we have a second plan to solve it?” Yang Chen smiled.

Although Yang Chen said so, the worry on Zhou Tianli’s face didn’t lessen by much. “The premise of this second plan isn’t to find the real detention location.”

“But now, where is the place of detention?”

As soon as Zhou Tianli finished speaking, there was a knock on the door of the meeting hall.

“Enter!”

As Yang Chen’s voice fell, Chen Ying entered the meeting hall.

Seeing that it was Chen Ying, Chen Yang asked, “Why is the Shadow Guest

Warrior back? Could it be that he has found the place of detention?”

“That’s right.”

Chen Ying nodded and took out a map from his storage bag, laying it on the wooden board of the meeting hall.

“Patriarch, please take a look. The detention locations are in these few places.”

Chen Yang and Zhou Tian looked at Chen Ying’s finger. They were both confused.” Guest Shadow, you’re referring to mountains.””

“Could it be that the place of detention is located in the mountain?”

“More or less.” Chen Ying nodded. “After investigating, the Ghost Fiend Sect built a city in the sky on the mountain peak.”

“And those commoners were placed in the city in the sky. As for the outside, it was isolated by a maze, and it looked no different from a normal mountain peak.”

Hearing Chen Ying’s words, Chen Yang’s face revealed a look of surprise,” This is simply a genius ‘idea. I didn’t think that this Ghost Fiend Sect would actually have such a person.”

Zhou Tianli asked,”How did you find such a secret place?””

“Junwang Ye, I have a bloodline warrior under me. His bloodline ability is to monitor the sound within a 50-mile radius.”

“It was also because of his help that I found the place of detention.”Chen Ying explained.

Hearing this, Zhou Tianli looked at Chen Yang, "My disciple, you have quite a number of extraordinary people under you. Even I'm a little envious."

"You're welcome." Yang Chen smiled and shook his head. "Since we've confirmed the location of the detention, we should carry out the second plan."

Immediately, Chen Yang looked at Chen Ying, "Shadow Guest, I have a mission for you. Under the premise of ensuring your safety, you must let the people of the Ghost Fiend Sect know that you have discovered the location of the detention."

"Yes, sir!"

Although Chen Ying didn't know that Yang Chen had issued such an order, he didn't ask out of trust.

"Yes, you may leave."

After Chen Ying left, Chen Yang smiled at Zhou Tianli, "Master, you should be relieved now."

"Don't worry, don't worry."

Zhou Tianli smiled and nodded his head. It was good that Yang Chen was here, he didn't need to use his brain at all.

Moreover, this plan was also very easy to execute. It was to expose all his hidden strength.

Other than that, there was no need to make any other plans.

In addition, he wasn't afraid of being probed by spies. After all, this was all his power. No matter how you probed, you wouldn't be able to detect power that didn't originally exist.

Yingzhou, Zhou Muchun's manor.

After Zhou Muchun arrived, Sect Head Xu stood up and said, "Sir, I have investigated it thoroughly."

Chapter 287: Li Enezhao Attacks (2)

"Oh, have you really investigated it?" Zhou Muchun asked.

"I've really investigated the place thoroughly."

Sect Master Xu nodded and waved his hand behind him. Immediately, the merchant and the young master entered the hall together.

"Milord, this is the most powerful scout of my Ghostfiend Sect. Although his strength is only at the peak of the Core Formation stage, I dare to say that in terms of scouts, even a Zifu Disciple cannot compare to these two subordinates of mine."

After listening to Sect Master Xu's boasting, Zhou Muchun looked at the two scouts. "Tell me what you've heard."

"Yes, sir!"

The two of them looked at each other, and the young master immediately took a step forward. "Your Excellency, I have found traces of Deshun Prince's residence in Chen City."

"Moreover, judging from the color of the chimney, the Duke of De Shun has lived here for at least a year."

"Of course, this subordinate does not dare to guarantee how long the Deshun Commandery Prince has stayed, but this subordinate can confirm that the Deshun Commandery Prince has indeed lived in Chen City."

"Moreover, he even placed all the people in the prefecture in Chen City."

After hearing the young master's words, Zhou Muchun nodded and looked at the merchant." What's your news?"

When the merchant heard this, he took a step forward." Sir, I've also found news that the De shun Prince once lived in Chen City."

"In addition, there was a demon wave in Chen City, but in my opinion, this demon wave seems to be a test by demon beasts."

"Oh?" Zhou Muchun's interest was piqued." What do you mean?"

"It's like this. Although the demon tide was aggressive, the Demon Venerable and the Demon General did not make a move. They only let the demon beasts continue to attack the city."

"In addition, Chen Cheng also seems to know that this is a test by the demon beasts. Other than the first day when he sent out the warriors to fight back, all of them hid on the city wall."

"And I also saw the figure of the flood dragon demon emperor ."

Zhou Muchun interrupted the merchant and sneered /""You can see the flood dragon demon emperor?"

"It's like this. The flood dragon demon emperor never intended to hide it, or rather, he only hid it from ordinary people and warriors below the Core Formation realm."

"The flood dragon demon emperor didn't hide anything from the warriors above the level of Core Formation."

"This subordinate thinks that the Flood Dragon Demon Emperor must have done this on purpose to tell Chen Yang and Deshun Commandery Prince that he is here."

After the merchant finished speaking, he took a step back.

When Sect Master Xu saw this, he continued, "The matter is already very clear. Chen Cheng's final trump card is the Deshun Commandery Prince who has ascended to the first level."

"As for the Third Elder, he probably died at the hands of the Deshun Commandery Prince."

"Do you really think so?" Zhou Muchun smiled as he looked at Sect Head Xu.

Seeing this, Sect Master Xu nodded his head, "That's right. After all, if the Chen Clan really had other hidden forces, why would they be forced to such a state by the demonic beasts?"

"Only the Duke of De Shun, who has ascended to the first level, is not as strong as the flood dragon, but he will cause trouble for the flood dragon. That's why both sides are in a stare of probing."

"Of course, there is another possibility."

Sect Master Xu smiled. "That means Chen Yang and the Dragon Demon Emperor have formed an alliance. He asked the Dragon Demon Emperor to cooperate with him on purpose to confuse us."

"But is that possible? Not to mention that he doesn't know, we've already seen through the strength of the Deshun Commandery Prince."

"It's impossible for this to be related to the Demon Beast Alliance."

Zhou Muchun also laughed. Forming an alliance with a demonic beast? How was this possible? What a joke.

Even if it was him, he was only using his strength to force the flood dragon to make a non-aggression pact.

Chen Yang, how could he be so virtuous as to make the Flood Dragon willingly ally with him?

Now, Zhou Muchun was certain that Chen Yang and the rest only had Zhou Tianli as their trump card.

"Sir, since that's the case, why don't you send me out to destroy the Chen family?" Sect Master Xu still planned to destroy the Chen Family first.

When Zhou Muchun saw this, he shot a glance at Sect Master Xu. "I've told you so many times, why don't you remember at all?"

"You have to put the big things first. Do you understand?"

"This subordinate understands." Sect Master Xu nodded and then smiled. "This subordinate is just worried about wasting your precious pill."

"As for using the Li family, who knows if they will fall for it."

"Don't worry, Li Kezhao will make a move." Zhou Muchun gave a mysterious smile, then turned around and said, "Go and invite Li Kezhao over. Tell him that I agree to his conditions."

"Yes."

A voice came from the dark shadow behind Zhou Muchun.

When Sect Master Xu saw this, he cupped his hands towards Zhou Muchun. "Since that's the case, this subordinate will take his leave."

"Go ahead."

Time flew by. Seven days later.

Zhou Muchun's manor, in a certain guest welcoming hall.

Li Kezhao sat on the guest seat and blew on the steam from the teacup. Then, he took a sip." Brother Mu Chun, I heard that you agreed to my request."

When Zhou Muchun heard this, a conflicted look appeared on his face." Brother Zhao, logically speaking, we've already settled our debts last time. I don't need to repay you with spirit stones anymore."

"But you also said that your lineage's development has been suppressed. If you want to recover in a short period of time, you will need a large amount of resources."

"I thought about it. Indeed, I have to compensate Brother Kezhao. But these spirit stones..."

Hearing Zhou Muchun's words, Li Kezhao laughed coldly in his heart and said indifferently," Brother Mu Chun, there's only the two of us here, so there's no need to act."

"You only need to tell me what you need me to do."

Zhou Muchun laughed and clapped his hands," Brother Kezhao is straightforward, so I won't be long-winded. Brother Kezhao, you know what I'm doing right now, and you also know who's causing me trouble."

"I hope Brother Kezhao can help me destroy the Chen family."

"Is it that simple?" "Brother Muchun, you can't even deal with a mere eighth-rank aristocratic family?" Li Kezhao sneered."

"Brother Kezhao, you might not know, but Li 'er has already broken through to the stage. With him guarding, ordinary people can't destroy the Chen family."

"And I need people to guard here, I really can't spare anyone, so I came to ask Brother Kezhao to help." Zhou Muchun said.

“What did you say?”

Li Kezhao suddenly stood up and said in disbelief,¹ “Zhou Tianli broke through and went on stage? Where did he get the resources?”

Before Zhou Muchun could reply, Li Kezhao said/”Fine, since you’ve already compensated me, it has nothing to do with me whether Zhou Tianli breaks through or not.”

Then, Li Kezhao sat on the chair.” I can destroy the Chen family, but I can also keep the life of your precious descendant. However, the price will be doubled.”

“No problem.” Zhou Muchun laughed.

Seeing this, Li Kezhao stood up and left.” In seven days, you will receive news of the Chen family’s destruction.”

After saying that, Li Kezhao disappeared.

After Li Kezhao left, Zhou Muchun wiped the smile off his face and said

coldly,””Tell Sect Leader Xu to kill Li Kezhao on the way.”

“Yes.”

“If you want to take something from me, Zhou Muchun, no matter what, you have to pay a price.”

Outside Chen City.

Looking at the majestic city, Li Kezhao couldn’t help but laugh.”It’s just an Eighth-rank Aristocratic Family, but the city’s construction is not bad.”

“It seems that after the Chen Clan is destroyed, I can ask for Chen Cheng and use it to reward my servant.”

Then, Li Kezhao took out a mask from his storage bag and put it on his face.

No matter what, he was going to another dynasty to destroy a family. He had to hide what he had.

Even if others saw through it, they had to maintain their dignity and hide it.

Otherwise, it would be too disrespectful to the Great Gan Lord Dynasty.

After putting on the mask, Li Kezhao did not hide his tracks at all. He directly flew over Chen City and headed straight for the Chen family.

This brazen leap over Chen City naturally could not escape the eyes of everyone. Immediately, many people looked at the figure in the sky.

Some of the experts who were doing business in Chen City sensed the aura that Li Kezhao had leaked out. Their expressions instantly changed, and they said in shock, “This... What kind of expert is this? I feel that this aura far surpasses my sect’s ancestor.”

Some warriors who knew this person couldn’t help but ask, “How is this possible? The sect’s ancestor is an expert at the fifth level of the Purple Prefecture, far superior to your ancestor. Could it be that this person is a peak Purple Prefecture expert?”

“I’m afraid it’s not that simple. No matter how powerful a peak Zifu Disciple is, his essence hasn’t changed.”

“I can feel a difference in nature from this person’s aura.. This person is probably a legendary mighty figure!”

Chapter 288: The Appearance of the Puppet on Stage, the Reaction of All Sides

“Almighty!”

Everyone started panicking. They weren't afraid that the mighty figure would kill them, but they were afraid of the mighty figure himself.

After awhile, the panic subsided slightly. Someone asked, “What do you think this mighty figure is doing in Chen City?”

“I'm afraid that they're coming with ill intentions.”

“They came with ill intentions? Do you mean that this mighty figure is going to deal with the Chen family?”¹

“Almost. Otherwise, there's no way to explain why this mighty figure would go to the Chen family so aggressively. Even if the mighty figure goes to other families as a guest, he has to follow basic etiquette.”

“You look like you're going to be a guest.”

Hearing this person's explanation, everyone's hearts sank.

My God, who did the Chen family offend? There was actually a legendary expert like a mighty figure on stage who personally came to destroy the Chen family.

If the Chen family was destroyed, would Chen Cheng still be able to survive?

Even if Chen Cheng was able to retain the new family that dominated Chen Cheng, could it be like the Chen family?

All of a sudden, everyone began to worry about their future.

in their opinion, it was only a matter of time before the Chen family was destroyed. It would depend on whether this mighty figure on stage wanted to play around.

If he wanted to play, he would just kill them for a while.

If they didn't want to play, the Chen family wouldn't even be able to last a breath.

Once Chen Cheng was destroyed, this city that they saw as the city of the future would probably be reduced to mediocrity.

"Sigh, this world..."

in the Chen Family, after sensing the aura that could destroy everything, Chen Yang smiled at Zhou Tianli." It seems that we can only execute the second plan."

"If it's to be carried out, then it's to be carried out. We have been preparing for so long and have long expected all kinds of accidents to happen. Now that an accident has really happened, we will face it head-on."

Zhou Tianli had completely let go of this. No matter who this person was, they had to give him an unforgettable memory so that he would have no choice but to give up on dealing with the Chen Clan and enter a state of confrontation with them.

Outside the Chen family.

Li Kezhao stood in the air and looked coldly at the buildings below the Chen family.

According to Li Kezhao's original plan, he wanted to destroy this place with one palm.

However, as a mighty figure, Li Kezhao had no choice but to endure for the time being. He could only destroy the Chen family after he had completely taken care of the Chen family's experts.

Not long after, Chen Yang rode on the Underworld Dragon and flew out of the Chen family mansion with Zhou Tianli, standing opposite Li Kezhao.

Looking at Zhou Tianli, Li Kezhao sneered, "I didn't expect that you would actually break through and ascend the stage."

Zhou Tianli's expression changed when he sensed this person's aura. "It's you!"

At that moment, even Yang Chen could feel Zhou Tianli's surging aura. It seemed like Zhou Tianli knew this person.

"Master, what's wrong? Who's coming?" Yang Chen asked in a low voice.

Zhou Tianli did not answer Chen Yang. Instead, he forced himself to calm down and asked in a calm voice, "This is the territory of Da Qian. As an elder of the Li Family, you shouldn't be here."

Li Family Elder!

Yang Chen's expression changed. The person who came was actually an elder of the Li family.

Combined with Zhou Tianli's actions just now, Chen Yang had already guessed that this person should be the elder in charge of the marriage alliance.

No wonder his master was so agitated. It turned out that it was his enemy.

When Li Kezhao heard Zhou Tianli's words, he snorted coldly. "What Li family? I don't understand."

"I was originally a rogue cultivator. I was entrusted by someone to destroy the Chen family. Deshun Commandery Prince, this matter has nothing to do with you."

“Otherwise, I can't guarantee your safety once we start fighting!”

Entrusted by others?

Yang Chen's eyes turned. It seemed that this person had been entrusted by the ancestor to come and destroy my Chen family.

That was good. At least he could be sure that it did not go beyond his plan.

“Next, as long as we defeat this person, we can make the ancestor fear us and have no choice but to defend the location with all his strength.

Chen Yang gave Zhou Tianli a look.

Zhou Tianli could not hold it in any longer and was about to make a move.

Now that he had received Chen Yang's instruction, he didn't want to waste even a breath. He circulated the terrifying aura in his body and rushed out.

Looking at Zhou Tianli, who was charging at him, Li Kezhao sneered, “A mantis trying to stop a chariot. Forget it, I'll deal with you first before destroying the Chen family.”

Immediately, Li Kezhao circulated the spiritual energy in his body and threw a punch at Zhou Tianli!

Bang!

With a loud bang, Zhou Tianli fell to the ground, creating a huge crater.

Jumping out of the pit, Zhou Tianli clutched his chest and looked at Li Kezhao in disbelief.

“I didn’t expect you to be able to advance to the third level despite the lack of resources.”

“Hehehe, if you can break through to the stage, why can’t I break through to the third level? However, I really underestimated you.”

“Looks like I’m going to break my promise and kill you as well. Otherwise, you’ll definitely become my mortal enemy in the future!” Li Kezhao sneered.

From Li Kezhao’s eyes, Yang Chen could feel an extremely dense killing intent.

If Chen Yang didn’t stop him, Li Kezhao would probably kill Zhou Tianli immediately.

Yang Chen immediately summoned his puppet and had it stop Li Kezhao.

After laughing coldly, Li Kezhao punched out just as Chen Yang had guessed. The closer his fist got to Zhou Tianli, the wider the smile on Li Kezhao’s face became..

Chapter 289: The Appearance of the Puppet on Stage, the Reaction of All Sides (2)

Die!

As long as you die, all of this will return to dust!

Suddenly, the smile on Li Kezhao’s face froze.

This was because under his fist, Zhou Tianli did not die. Instead, he was stopped by a puppet.

Sensing the puppet’s aura, Li Kezhao’s expression changed. He looked at Chen Yang in disbelief, “A puppet with the strength to go on stage? Where did you get a puppet of this level?”

“There’s no need for Elder Li to worry about that. Puppet, attack!”

Following Yang Chen's order, the puppet threw three punches in succession.

The puppet was on par with Li Kezhao in terms of strength. In addition, Li Kezhao was in a daze. When the three punches came, Li Kezhao did not react at all and could only subconsciously block them.

It was already good enough that he could block one punch.

Bang!

With a loud bang, Li Kezhao was sent flying by the puppet's punch. He also fell to the ground and created a deep pit.

"Cough, cough, cough."

Leaping up from the deep pit, Li Kezhao clutched his chest and coughed in pain.

Looking at the puppet in front of him and Zhou Tianli, who still had combat strength, Li Kezhao knew that his mission this time had probably failed.

Immediately, Li Kezhao did not waste any time, he snorted and turned to leave.

Yang Chen didn't stop Li Kezhao as he ran away. Instead, he chased after him with Zhou Tianli.

Yang Chen couldn't let Li Kezhao go so easily, he couldn't show the strength of the Chen Family without hurting them. He couldn't make them follow the plan and confront the Chen Family.

However, Yang Chen didn't want to fight in Chen City. If they fought with all their might, the entire Chen City would be turned into ruins.

This was a city that Yang Chen had developed single-handedly. Yang Chen couldn't just watch it be destroyed by the aftershocks.

Now, Li Kezhao had taken the initiative to escape, which was in line with Yang Chen's plan.

In the Endless Mountains, looking at Zhou Tianli and Chen Yang who were chasing after him relentlessly, Li Kezhao made up his mind and stopped where he was, quietly waiting for the two of them.

Not long after, Chen Yang and Zhou Tianli arrived.

Looking at the two intruders, Li Kezhao said coldly, "Why? Do you have to become enemies with my Li family?"

Standing on the Underworld Dragon, Yang Chen smiled and said, "Elder Li, don't be nervous. We don't want to become enemies with the Li family, but we have a big matter that requires Elder Li's cooperation."

"Do you need my cooperation?"

Li Kezhao frowned. "How do you want me to cooperate?"

"Very simple." "Elder Li, we just need to beat you up badly." Yang Chen smiled.

"You!"

Li Kezhao's expression changed, and spiritual energy gathered in his hands. "Yang Chen, don't go too far. Don't think that you can fight me just because you have a puppet."

"There is still a gap between a human and a puppet. If I fight to the death, I will definitely be able to kill you before your puppet."

“I naturally believe that Elder Li can do it.”

Yang Chen smiled and shook his head. Then, he stared at Li Kezhao, “But Elder Li, you said it yourself. It’s a fight to the death.”

“But here comes the problem. Are you willing to fight to the death? You must know that we have no intention of taking your life.”

Hearing Yang Chen’s words, Li Kezhao hesitated. To be honest, unless it was absolutely necessary, he would never be willing to risk his life.

Moreover, if he had run away wholeheartedly, Li Kezhao was confident that he could escape from Yang Chen.

It was just that the price was a little high, and Li Kezhao didn’t want to use it.

Thinking about it, Li Kezhao decided to give in. “Forget it, I’ve failed this time.

I m willing to pay some treasures in exchange for you to let me leave safely.”

Yang Chen smiled and shook his head.

When Li Kezhao saw this, his eyes turned cold. “Why? Do you have to become my mortal enemy?”

“It’s not that I want to form a death feud with you, but since Elder Li has participated in this matter, you must pay the price.”

“When have you ever seen a chess piece used for the main attack not suffer any casualties?” Yang Chen smiled.

“Chess piece...”

Li Kezhao knew that he had already fallen into Chen Yang and Zhou Muchun's chessboard.

Zhou Muchun intended to use the God of the Realm to destroy the Chen Clan. How could the Chen Clan not want to use him to intimidate Zhou Muchun?

"I didn't expect that I, the grand elder of the Li family, would become a chess piece one day. Forget it, since you want to use me to intimidate Zhou Muchun, then you have to be prepared to pay a painful price!"

Immediately, Li Kezhao leaped forward, his target was Yang Chen.

On the other hand, Zhou Tianli couldn't hold it any longer. Seeing that Li Kezhao had taken the initiative to attack, he immediately surrounded Li Kezhao with his puppet.

Bang!

In an instant, the earth shook.

The shockwaves from this battle instantly turned the surrounding boulders and ancient trees into dust.

Chen Yang, who was in midair, was also struggling to resist the aftershock. If it weren't for the Underworld Dragon's help, Chen Yang would have been crushed by the aftershock.

Yang Chen understood that he couldn't get too close.

Immediately, Yang Chen quietly moved back, but not too far.

Because Yang Chen was worried that Li Kezhao wasn't the only enemy.

If they were too far away and were assassinated by others, the puppet and Zhou Tianli might not be able to save them in time.

Yang Chen's worries were not without reason. Not far away, the Ghost Fiend Sect's Sect Leader Xu was coldly watching everything that was happening.

At this moment, Sect Leader Xu was thinking about whether he should help Chen Yang or Li Kezhao.

According to Zhou Muchun's instructions, Sect Leader Xu should be helping Chen Yang kill Li Kezhao..

Chapter 290: The Appearance of the Puppet on Stage, the Reaction of All Sides

After all, if he really wanted to destroy the Chen Clan, then Zhou Muchun could totally get Sect Leader Xu and Li Kezhao to act together.

The reason why he didn't do so was firstly to hide the relationship between the Ghost Fiend Sect and a portion of the Li Clan.

Secondly, Li Kezhao's various excessive requests had also stirred up Zhou Muchun's killing intent. He wanted to use Li Kezhao to kill him.

But in his heart, Sect Leader Xu wanted to kill Chen Yang. After all, Chen Yang had killed two of his elders. If he did not take revenge, what status would the Ghost Fiend Sect have among the evil cultivators?

Feeling conflicted, Sect Master Xu decided to observe for a while longer.

"Just watch. If Li Kezhao can kill Yang Chen, it will save me a lot of effort. At the same time, with Yang Chen's strength, Li Kezhao will have to pay a painful price if he wants to kill Yang Chen."

"When the time comes, I'll take advantage of the situation and kill Li Kezhao as well."

“By the same logic, if Yang Chen wants to kill Li Kezhao, he will have to pay a painful price. At that time, I can also take advantage of the situation.”

“No matter what, I will definitely gain something from this operation.”

Immediately, Sect Leader Xu decided to be an oriole.

Because Sect Leader Xu was worried that Yang Chen might have some hidden cards that he hadn't revealed.

After all, if he could even bring out a puppet with the strength to enter the stage, Sect Master Xu wouldn't be surprised if he had any other trump cards.

On the battlefield, the battle between two people and one puppet instantly reached its climax.

That Zhou Tianli's reckless fighting style also made Li Kezhao tired of dealing with it.

If he focused on killing Zhou Tianli, that puppet would definitely be able to kill Li Kezhao at the same time.

However, if he were to block passively, Justice's reckless fighting style would only cause Li Kezhao's injuries to worsen, and eventually, he would die.

“Bastard!”

Li Kezhao immediately made up his mind. Forget it, this wasn't the only way to break free from the chess game. He was going to quit.

Turning over the chessboard could indeed turn over the game.

However, he could also escape from the game by flying away from the chessboard.

After making up his mind, Li Kezhao quickly took action.

In an instant, a terrifying spiritual energy erupted from Li Kezhao's body. This terrifying spiritual energy forced Zhou Tianli, who was planning to fight to the death, to temporarily retreat and endure.

As for the puppet, it retreated dozens of meters to create a safe distance.

"This is the Li family's martial arts technique known as the Blood Burning Technique. It can temporarily raise a martial artist in the early stages of the stage to the fourth stage."

"Of course, the price will not be small. The lower the strength, the greater the price.

With this person's strength, if he wanted to advance to the fourth level, he would definitely be seriously injured and would need to recuperate for at least a year."

"Looks like this person is going to risk his life. This Blood Burning Technique won't last long. As long as we can resist it, this person will definitely die." Zhou Tianli explained.

Zhou Tianli wasn't too worried about Li Kezhao's cultivation technique.

Because of his wife, he also knew this kind of cultivation method. He could also have the battle strength of the fourth layer.

Of course, the price was much more severe than Li Kezhao's. Although he wouldn't die, he would have to lie in bed for at least two hundred years.

However, as long as he could kill this person, Zhou Tianli was willing to pay the price.

Hearing Zhou Tianli's words, Yang Chen nodded and approached his puppet to ensure that he would not become a target for Li Kezhao.

Li Kezhao looked at Yang Chen and his group, who were waiting for him, and grinned. "Deshun Commandery Prince, I know that you also know this Blood Burning Technique."

"However, you have to understand that although this Blood Burning Technique can raise us to the fourth level, there is a huge gap between the late stage of the fourth level and the early stage of the fourth level!"

"Today, I'll let you see how powerful the Blood Burning Technique is after it has been completed!"

Hearing this, not only Zhou Tianli, even Yang Chen became nervous.

There was a huge gap between the early and late stages of each level.

"Humph! I don't need to kill you. I just need to drag you out until the end of the Blood Burning Technique." Zhou Tianli snorted coldly and used the Blood Burning Technique as well.

However, Zhou Tianli wasn't too familiar with this Blood Burning Technique, so his aura didn't rise very quickly.

However, Zhou Tianli was not worried. With the puppet around, he could still use the Blood Burning Technique safely.

At this moment, a scene that made the two of them dumbfounded appeared.

Li Kezhao smiled cruelly. After twisting his neck, he quickly fled into the distance.

It was so fast that Yang Chen and the others didn't even have time to react.

It was only when Li Kezhao's figure completely disappeared that the two of them woke up as if they were dreaming.

“We actually let this person escape!” Zhou Tianli snorted coldly and said with some pity.

Yang Chen also waved his hand, “Forget it, we can force the Li Family Elder to use the Blood Burning Technique to prove our strength. The development of the matter is still within our plan.”

“And this is just right. We don’t have too many injuries, so we can give the ancestor more pressure.”

Zhou Tianli nodded and asked, “Then, how should we implement the plan next?”

“The next plan is simple. I need you to disappear, because only then will the ancestor not dare to attack us.”

“With the puppet, if he wants to destroy my Chen Clan, he will have to mobilize most of the Ghost Fiend Sect’s strength.”

“But Master, you disappeared. No one knows where you went.”

“In addition, we already know the location of the detention. This is telling the ancestor that if he wants to make a move on me, then think carefully. Master, will you make a move on the location where the people are detained?” Yang Chen said..
