

## Tamer Family 291

### Chapter 291: The Appearance of the Puppet on Stage, the Reaction of All Sides

Hearing Yang Chen's explanation, Zhou Tianli nodded, "I understand. Disciple, what you mean is that you want the ancestor to have no choice but to deploy experts at the detention location to prevent us from ambushing."

"That's right."

Yang Chen smiled and said, "In the past, they were the ones who had the initiative, but after knowing the location of the detention, the initiative belongs to us."

"If they want to ensure the safety of the place, they have to send a large number of experts to guard it."

"Then, the remaining experts will have to consider whether they can deal with this puppet of mine."

Hearing Yang Chen's words, Zhou Tianli laughed, "Now, I'm afraid that the power that the ancestor controls is far beyond our imagination."

"But that's impossible. If the ancestor really had so many experts, he would have already sent an army to destroy the Chen family."

Yang Chen nodded. Along the way, conspiracies became overt conspiracies, and the most difficult thing to deal with was overt conspiracies.

Because you knew that this was a scheme, but you still had to jump in.

Immediately, the two of them returned to the Chen family.

When Sect Master Xu, who was hiding in the dark, saw this, he spat, "Pah! He's even an elder of the Li Clan! He's so afraid of death that he doesn't even want to fight!"

“Alright, since that’s the case, I’ll kill Li Kezhao first and avenge my lord.”

“Moreover, this operation can’t be said to have no gains. At the very least, we know that Chen Yang has such a terrifying puppet in his hands.”

“Fortunately, I listened to Milord. Otherwise, I’m afraid I would have died in the Chen family.”

Immediately, Sect Master Xu turned his body and rushed in the direction where Li Kezhao had escaped.

In Chen City.

At this moment, Chen Cheng was in an uproar.

This was because many people had seen Yang Chen summon his puppet and fight against Li Kezhao.

After experiencing the people’s narration, everyone understood the horror of the puppet. For a moment, whether it was Chen Chengren or not, they all fell into excitement.

A puppet of the Ascending Realm!

This was a puppet that had never appeared before, but now it had appeared in the Chen Clan.

No one had expected the Chen family to have such power.

Didn’t that mean that as long as the Chen Clan was willing, they could rely on this puppet to establish a dynasty?

Even if they were not strong enough, it was enough to establish a sixth-rank aristocratic family.

A sixth-rank aristocratic family. How many years had it been since a new sixth-rank aristocratic family had appeared? Counting, it had been at least one to two thousand years.

Now, they were watching a Liu family rise up.

Of course, there were also spies from many large factions.

“Quick, go back and tell the sect master that the Chen family has a puppet at the stage realm that can’t be defeated!”

Of course, there were also many people who watched coldly.

This kind of puppet that had never appeared before had indeed brought glory to the Chen family. At the same time, it had also brought a new disaster to the Chen family.

Would the Li family really let such a powerful puppet wander outside?

When the Li family forces you to hand over this puppet, can you still refuse?

If you obediently hand it over, then there will naturally be no problem. Perhaps the Li family will be kind enough to reward you with something.

If they weren’t willing to hand it over, hmph hmph, then the only thing that awaited the Chen Family was destruction.

Naturally, Chen Yang knew about this. Immediately, Zhou Tianli paced back and forth with a worried expression on his face.

“Oh no, we’ve already considered this aspect. The Li family, the Li family will definitely covet your puppet.”

Looking at Zhou Tianli pacing back and forth, Yang Chen smiled and said, "Master, don't worry. The Li family might not come after my puppet."

"After all, the Li family still has some face."

"Besides, who will get this puppet back? There would probably be endless internal strife within the Li family. After all, this was a fighting force that could last forever."

"There will always be people who won't be willing to join any of the factions. With so many restrictions, I might really be forced to keep this golem."

Of course, there was one more thing that Yang Chen didn't say. If the Li Clan didn't want this puppet, it would be fine. If they did, what awaited them would be a calamity.

The Shen family was not to be trifled with..

Chapter 292: The Li Family's Reaction to the Impact of the Incident

Great Gan, Yingzhou, Zhou Muchun's manor.

Looking at Li Kezhao's corpse in Sect Leader Xu's hands, Zhou Muchun nodded his head in satisfaction. "Well done."

"It seems that the Chen family has hidden many secrets. They were really able to force Li Kezhao into injury."

"That's right." "The Deshun Commandery Prince seems to have mastered the Li Clan's Great Blood Burning Technique, and the Chen Clan is also hiding a puppet that has reached the third level of combat strength."

"What did you say?"

Zhou Muchun's expression turned ugly." A puppet with third level battle prowess? This is equivalent to a grade four spirit weapon. Where did the Chen Clan get this from?"

"I don't know."

Sect Master Xu shook his head, a hint of greed flashing in his eyes." Sir, it doesn't matter where the Chen family obtained the puppet. This puppet is a genuine existence.""

"What do you mean?" Zhou Muchun frowned and shot a glance at Sect Head Xu.

"Milord, what I mean is that we should attack. We should use all our strength

to destroy the Chen Clan and seize this puppet."

"For the sake of this golem, taking a little risk is nothing."Sect Master Xu said with a fiery expression.

Hearing Sect Head Xu's words, Zhou Muchun hesitated.

No one in the upper sect had a puppet of this level. If they could snatch it, wouldn't they be making a great contribution?

Moreover, he would only be away for a period of time. Even if something happened to the place of detention, the losses would not be too great.

"In that case, let's..."

"Report!"

Just as Zhou Muchun was about to give the order, someone suddenly entered the main hall with an anxious expression.

Zhou Muchun glanced at this person and said indifferently, "What is it?"

"Milord, the location of our grain has been discovered by the Qian Dragon Guards."

"What did you say?" Zhou Muchun suddenly stood up from his chair. He discovered that this matter seemed to be starting to escape his grasp.

Sect Master Xu also had a look of disbelief, "How is this possible? That place of detention is built on top of a mountain peak, and there's even a Bewildering Formation blocking it."

"Other than flying demonic beasts, how could anyone else have discovered it?"

"This..." The scout hesitated for a moment, then braced himself and said, "This subordinate is not sure either, but this subordinate can confirm that they have indeed found the place of detention."

"Because the Qian Dragon Guards have been walking around the mountain. Although they seem to be wandering aimlessly, they haven't gone far from the mountain."

"There are so many mountains here, and the Qian Dragon Guards are right below the mountain where we keep the grain. This subordinate surmises that the Qian Dragon Guards have discovered this place."

"You can leave first."

Zhou Muchun waved his hand, indicating for the scout to leave.

After the scout left, Muchun took a deep breath. "It seems like there are capable people among the Chen family's scouts."

Zhou Muchun was well aware of the capabilities of the Firmament Dragon Guards.

The reason he allowed the Qian Dragon Guards to search the Endless

Mountains was because he knew that they would never find the location of the detention.

As for Zhou Muchun, he had underestimated the Chen Clan. He did not expect that there would be someone capable hidden in the Chen Clan who could discover the detention location that he had painstakingly built.

“Milord, what should we do next?”

Sect Master Xu had also lost his ability to judge. His plan was also carried out under the premise that the location of the detention would not be discovered.

Now that the location of the detention had been discovered, all his plans had become empty talk.

Zhou Muchun pondered seriously for a long time before slowly saying, “To defeat a puppet on the third floor, we will need at least a large portion of our strength.”

“And the Chen family still has reason. He can take the opportunity to come to the detention location and save the food.”

“I’m afraid the power we left behind won’t be able to stop Li ‘er. Moreover, Li ‘er still has the Li family’s Blood Burning Technique. It’s going to be difficult...” Zhou Tianli had not expected that the aristocratic family that could cause him so much trouble was actually an eighth-rank aristocratic family.

Now, he had to make a choice.

“Forget it! No matter how precious this grade four spirit weapon was, to put it bluntly, it was also merely the battle prowess of ascending to the third layer. It wasn’t any big deal either.”

“And our food is related to the sect’s grand plan. The value of the items they obtained far exceeded the puppets on the third floor.”

“It’s better to focus on guarding the place of detention and act according to the original plan.”

“At worst, I’ll just waste a Treasure Pill. In any case, as long as this batch of food reaches the sect safely, the sect’s reward will definitely be much more valuable than this Treasure Pill.”

After some calculations, Zhou Muchun made up his mind.” Ignore the Chen family and focus on guarding the detention location.”

“Understood!” Sect Master Xu nodded.

However, Sect Master Xu was still a little unwilling. He immediately said,”Milord, the Chen family has already become powerful. If we leave it alone, it will affect our plan.”

“If it recklessly tries to destroy us, will we be able to hold on to so much food?”

“Your words are not without reason, but don’t worry, someone will take care of the Chen family.”Zhou Muchun laughed.

Hearing Zhou Muchun’s words, Sect Master Xu pondered for a moment before a smile appeared on his face.” Sir, you mean that the Li Clan will make a move?” “Naturally.”

Zhou Muchun looked at Li Kezhao’s corpse on the floor and sneered,”“The Chen family used a puppet to kill the Li family’s elder. How can the Li family remain indifferent?”

“Tell the Li family that the reason why Li Kezhao came to Chen City is because he has taken a fancy to the Chen family’s puppet.”

“But Li Kezhao didn’t expect Li ‘er to break through to the stage. This led to Li Kezhao’s death on the spot and he was killed by the Chen family..”

Chapter 293: The Li Family’s Reaction to the Impact of the Incident

“Alright, I’ll contact the Li family when I get back.”

Sect Master Xu replied. Then, he asked, “Will the Li family believe this reason?”

“It will. Compared to a dead Elder, this puppet that can last forever is more valuable.”

“They definitely won’t pursue the matter. Instead, they’ll use this opportunity to snatch the puppet away.” Zhou Muchun laughed.

“This subordinate understands.”

Time flew by. In the blink of an eye, a month had passed since Li Kezhao attacked the Chen family.

In this month, the consequences of this incident were sweeping through the entire Da Qian.

Whether it was merchants, peddlers, or nobles, no one had expected that the Chen family actually had a puppet on stage.

One had to know that decades ago, the Chen family was still in the midst of storms and living a precarious life.

It had only been a short time since they had reached the Eighth Stage. It was already shocking enough, but now they were told that the Eighth Stage was just a display of strength deliberately made by the Chen family.

There was still a lot of strength hidden within.

How could this not shock everyone?

Of course, even if the Chen family could be considered a sixth-rank force now, not many big forces were willing to make friends with them.

The reason was still the terrifying force that shrouded everyone's heads.

The Li family!

No matter who it was, they were all waiting for the Li family's opinion.

If the Li Clan acknowledged the Chen Clan's status and did not take away the puppet, they would naturally try their best to curry favor with them.

If the Li family forcibly took away the Chen family's puppet, the Chen family would be reduced to its original form, and at most, it would be an eighth-rank aristocratic family.

What would the Li family choose?

The Li family, which was in the center of everyone's attention, was also arguing fiercely at this moment.

Li family, in the meeting hall.

Patriarch Li glanced at the elders and said indifferently, "Tell me, should we make a move?"

As soon as he finished speaking, an elder in a golden robe took the lead and said, "Of course we have to take action. The Chen family killed my Li family's elder. If we don't take revenge, how can my Li family talk about dignity!"

"The Chen family killed him? I really don't know where you got the news from. Just based on the words of a passerby, you're sure that the Chen family killed him."

“Doing things so rashly will damage the dignity of my Li family.” A blue-robed elder mocked.

“Alright, there are no outsiders here. Why are you lying so much?”

“We must investigate Kezhao slowly and not let him die unjustly. However, we must get the puppet of the Chen family no matter what.”

“Only my Li family is worthy of possessing such a puppet.” A green-robed elder said.

The green-robed elder’s words struck a chord in everyone’s hearts. They naturally had to take revenge for Li Kezhao, but they also wanted the Chen family’s puppet.

The golden-robed man looked at the blue-robed man smugly. “Elder Ke Lu, you think so too, don’t you?”

“Oh, that’s not right. I forgot that Chen Yang is the disciple of that bastard Zhou Tianli. He’s also related to your lineage.”

“Humph!” Li Kerning snorted. “Li Kerning, watch your mouth.””

“Putting aside the fact that it was clearly your fault, what does it have to do with Zhou Tianli? Now that Zhou Tianli has broken through to the stage, we have to respect him!”

“Alright, alright.”

Seeing that the two of them were about to continue arguing, the Li Family Head hurriedly waved his hand. “Elder Ke Lu is right. Zhou Tianli has already broken through and stepped onto the stage. We still have to give him face.”

“From today onwards, no one is allowed to mention that matter.”

“In addition, if Zhou Tianli is willing to marry into our family, that would naturally be good. If not, we can’t force him too much.”

“With Qingya’s talent, it’s only a matter of time before she breaks through to the stage. We can’t let the two of them, who clearly can listen to the Li family’s command, enter the stage and hate the Li family.”

“Why are you talking about this? We are discussing how to deal with the Chen family.”

“I still don’t recommend dealing with the Chen Family.” Hearing this, Li Kehua took the lead and said, “Not only because Chen Yang is Justice’s disciple, but there are also other reasons.”

“Oh, what is the reason?” Li Kerning said playfully.

“Who does this puppet belong to now that we’ve seized it?” Li Kehua asked indifferently.”

The elders fell silent.

The current Li family was not like before. Everyone loved each other and focused on the development of the family.

Now that the clan had become stronger, there were naturally more schemes and infighting. Everyone wanted to take this puppet as their own.

At the same time, they didn’t want the other party’s bloodline to control this puppet.

After a long silence, the green-robed elder smiled and said, “No matter what, we still need to bring the puppet over.”

“As for how we distribute it, that’s our own business.”

“I don’t think so.” Li Kehua shook his head. “This distribution will definitely create a gap between us.”

“To put it bluntly, isn’t this puppet only at the third level of strength? If the clan were to fall into chaos because of this, it would really be unwise.”

“But we can’t just leave a puppet outside, right? Once it becomes hostile towards our Li family, it will also cause a lot of losses.”The green-robed elder retorted.

“What’s so difficult about that?”

Li Kehua glanced at the green-robed elder and said indifferently,“We can just directly include the Chen family into our vassal family.”

“There are so many dynasties and sects in the Endless Mountain Range, and there are all old ancestors in them. I don’t see any of them affecting my Li family.”

How could they, they could, they could, they could, they could, they could, they could?”

Even the green-robed elder fell silent.

Many of the ancestors of the dynasties and sects outside had reached the fourth level and above, but they did not pose a threat to the Li family.

“The energy required for this puppet of the Fourth Stage has to be provided by spirit crystals,” Elder Li Ke continued.

If we were to bring them into our vassal families, the restrictions on them would be even greater than the restrictions on the ancestors of the dynasties.”

“As long as we strictly restrict the Chen family’s Spiritual Crystals, how we use this puppet will depend on our eyes.”

“If we forcefully seize it, we will definitely be resisted. At that time, which faction will bear the losses?”

As soon as he said this, not only the Li family elder, but even the Li family head fell into deep thought.

Was it worth it?

No matter how good this puppet was, it could only display the strength of a puppet on the third level.

Snatching it would not increase his overall strength much. It would only make him look better when he brought it out.

Seeing that the family head was a little relaxed, Li Kehua struck while the iron was hot and said, "Patriarch, when we let the Chen family become our Li family's vassal, we can also propose other conditions."

"For example, if we want to use the puppets, we have to get our permission. If we want to recruit the puppets, they can't object."

"If we don't snatch the Chen Clan's puppets, the Chen Clan will be deeply grateful to us. How could they possibly refuse our request?"

"With this request, isn't this puppet equivalent to our Li family? Moreover, it can avoid fighting with each other and hurt the harmony of the family."

These words were the last straw that broke the camel's back.

Not only the Li Family Head, but all the elders were also tempted.

Except for Li Kerning.

Li Kerning was from Li Kerning's lineage. Now that their lineage had lost a third level mighty figure, they were in urgent need of new experts.

Puppets were his only choice.

Li Kerning immediately cupped his hands and said, "Master, you can't listen to the words of the elder. He's completely siding with the Chen family."

"How can I be at ease if I leave this puppet outside?"

"I'm biased towards the Chen family?" "Hmph!" Li Kezhao snorted coldly and then admitted openly, "That's right, I'm siding with the Chen family."

"The clan head also said that it's only a matter of time before Qingya breaks through to the stage. At that time, the only people related to the Chen clan will be two mighty figures."

"And be it Justice or Qing Ya, their future achievements will not be limited to the early stages of the competition."

"Because of this puppet that has ascended to the third level, two experts above the middle stage have been separated from the Li family. Is this worth it?"

"If we don't seize the puppet, not only will the Chen Clan be grateful, but the two powerhouses above the middle stage will also be grateful to us."

Chapter 294: The Visitor from Outside the Endless

Mountain Range, Li Ke's Arrival

As soon as he said this, an elder immediately cupped his hands and

said, "Patriarch, I agree with Elder Ke Lu."

The rest of the elders also voiced their opinions, agreeing with Li Kehua's view.

When the Li Family Head saw this, he slowly nodded. "Alright, we'll do as Elder Ke Mu says. In addition, he ordered the Chen family to investigate Elder Li Kezhao within ten years."

"This is a test for the Chen family."

In the eyes of the Li Clan, the fact that the Li Clan didn't take back the puppets and allowed the Chen Clan to become a vassal of the Li Clan was already a great favor to the Chen Clan.

The Chen family naturally had to pass the Li family's test.

However, the Li family head and the elders had never thought that the Chen family would really be grateful for this.

Chen Cheng, Chen Family, in the meeting hall.

Zhou Tianli looked at Chen Yang excitedly, "Disciple, you're right. Not only did the old ancestor not take action, he even increased the security of the detention area."

"It seems that these commoners are quite important to the ancestor."

"Of course." Yang Chen grinned and said, "For evil cultivators, this innate Qi is more important than any treasure or hatred."

"Now, we just have to wait for the transaction to begin."

Zhou Tianli smiled and nodded. Then, he asked worriedly, "Disciple, do you have an answer to the question I asked you last time?"

“What is it?” Yang Chen asked.

“It’s about the fact that the forefather might be hiding his face.”

“Oh, this.”

Yang Chen smiled and said, “Master, why do you think I want to rope in such a demon emperor?”

“Why?”

“Naturally, it’s to deal with the problem you mentioned. Since we can’t judge or prove that the ancestor is hiding his true identity, we’ll wipe them out.”

“When the time comes, we’ll slowly investigate. Are we still afraid that this ancestor won’t be exposed?” Yang Chen smiled.

“So that’s what you’re planning.” Zhou Tianli understood.

At first, Zhou Tianli thought that Chen Yang only wanted to rope in some power for him to prevent the patriarch from attacking the Chen family.

But now, it seemed that Yang Chen had already made other plans.

What made Zhou Tianli even more excited was that not only would he be able to capture a group of evil cultivators, but he would also be able to save so many commoners.

Now that the situation was clear, all they needed to do was wait for the Evil Sect behind them to come over. Then, they would be able to resolve all the problems in one go.

At this moment, the First Elder rushed in.

“Patriarch, there’s a Spirit Eared Fox at the Demon Venerable Realm that wishes to see you.”

“Spirit Eared Fox.” Yang Chen recognized his Spirit Eared Fox, the one that had been acting as his translator.

Now that the Spirit Eared Fox had asked to see him, it was likely that something had happened to the Demon Emperor and the others.

Immediately, Chen Yang looked at Chen Xuan.” First Elder, bring that demonic beast in.””

“Yes.”

Not long after, the Spirit Ear Fox followed the First Elder to the meeting hall.

After entering, Chen Yang deliberately gave Chen Xuan a look.

Seeing this, Chen Xuan turned around and left the meeting hall. At the same time, he closed the door to ensure that no one would disturb Chen Yang.

In the meeting hall, Yang Chen looked at the Spirit Eared Fox and said,””Tell me, why are you looking for me?”

The Spirit-Eared Fox heard this and bowed.” Your Excellency, the Flood Dragon Demon Emperor has something to tell you.””

“Flood Dragon?” Yang Chen frowned and asked,”Do you know what it is?”

“This subordinate does not know.” The Spirit Eared Fox shook its head.

Hearing this, Chen Yang looked at Zhou Tianli, "Master, it seems like we have to go to the Endless Mountain Range."

"That's how it should be."

Immediately, the two of them brought the Spirit Eared Fox and rode on the Underworld Dragon toward the lair of the Flood Dragon Demon Emperor.

Two days later, in the flood dragon's nest.

After summoning the Jiao Dragon, Yang Chen asked, "Chen Jiao, is there something you need from me?"

"It's not me, it's Chen Qiu who's looking for you." the flood dragon said.

"Chen Qiu?"

Yang Chen was stunned. Why was the Gold-splitting Armadillo looking for him?

Immediately, Chen Yang looked at Jiao Long. "Chen Jiao, do you know what happened to Chen Qiu?"

"I know that Chen Qiu's favorite descendant was killed by the human race. He's currently fighting with that group of humans and has sent me to ask for help."

"Not only you, but the other demon emperors have also rushed over. If I hadn't been waiting for you, I would have rushed over by now." Chen Jiao said.

"A human killed Chen Qiu's descendant?"

Chen Yang frowned, "That's not right. Not to mention Chen Qiu's territory, even your territory is considered a forbidden land for the humans in the Endless Mountain Range. How could a human enter Chen Qiu's territory?"

"They aren't from the Endless Mountain Range. That group of humans came from outside the Endless Mountain Range." the flood dragon said.

"Outside the Endless Mountains!"

Chen Yang's sharp senses detected that something was amiss. How could someone from outside the Endless Mountain Range come to Chen Qiu's territory?

Could it be the evil cultivation sect behind him?

"Chen Jiao, do you know how many powerful humans there are in that group?" Yang Chen asked.

"According to Chen Qiu's information, quite a few humans have come. There are three major powers on stage, and nearly a hundred Zifu Disciples."

"As for experts below the Zifu level, there are countless of them."

"What surprised Chen Qiu the most was that this group of humans brought many carriages with them. There were so many carriages that they stretched for dozens of miles." The flood dragon said.

Hearing this, Yang Chen was even more convinced that the person who came was the sect behind them.

The purpose of his visit was also clear. It was to transfer the people gathered by the royal family's ancestor..

Chapter 295: The Visitor from Outside the Endless Mountain Range, Li Ke's Arrival

Yang Chen quickly said, "Let's go, bring us there.""

"Good!"

Immediately, the two of them rode on the flood dragon Demon Emperor and rushed to the nest of the Golden Armadillo Demon Emperor.

When he arrived, Yang Chen found that the rest of the demon emperors were also gathered here.

Seeing Yang Chen arrive, the group of Demon Emperors surrounded him. The Blue Phoenix Demon Emperor took the lead and said, "You're finally here. Chen Qiu said that you must be present before everyone can launch an all-out attack."

"Chen Qing, don't worry."

Chen Yang comforted Demon Emperor Qing Luan and then looked at the Gold-splitting Armadillo. "Chen Qiu, where are those people now?"

"It's still in my territory, but what surprised me was that this group of people seemed to value their chariot very much. The reason why they didn't leave quickly was to protect it. "the Gold-Splitting Armadillo said.

"Let's go," Yang Chen said quickly. "Bring me to the scene. Everyone, be careful. Hide your aura."

"Alright."

"No problem."

Immediately, the demon emperors concealed their auras and followed the Gold-splitting Armadillo to where the human convoy was.

On a mountain peak not far from the human convoy, Yang Chen looked down at the humans fighting the demonic beasts and frowned. "Strange, why aren't they evil cultivators?"

"Could it be that this group of people isn't from the sect behind the ancestor?" "If they are not, then what is their purpose for coming here?"

Zhou Tianli reminded Yang Chen, "Disciple, we seem to have walked into a misunderstanding."

"Who said that the sect behind the Old Ancestor must be the Evil Sect?"

"You have to know that the ancestor has fought more than once or twice. If it was a heretic cultivator, he would have been exposed long ago."

Hearing Zhou Tianli's words, Yang Chen was enlightened.

That's right, who said that the ancestor and the sect behind the ancestor must be evil cultivators?

There was another point. Although the old ancestor collected strong men who were twenty years old every year, there might be many accidents on the way from here to the Endless Mountain Range.

When he arrived at the sect, his age might not meet the requirements.

Now, it seemed that the reason why the old ancestor specially collected strong men of a fixed age was to make people suspect that he was a heretic cultivator so that the sect behind him could cover up.

Then the question was, why did a sect that wasn't a heretic practitioner want so many strong men?

Immediately, Yang Chen told Zhou Tianli about his speculations and doubts.

Although he said that he would follow Yang Chen's plan, he still wanted to kill these people.

Therefore, he decided to listen to this matter and see if he could kill this group of people without affecting Yang Chen's big plan.

Yang Chen smiled. "It's okay. I can tell you. After all, I still need your help."

Immediately, Yang Chen told everyone the reason for the incident.

After Yang Chen finished, the Gold-splitting Armadillo asked, "So you want to let these people go so that you can catch them head-on and leave evidence of their collusion?"

"That's right." Yang Chen nodded.

Hearing this, the Gold-splitting Armadillo took a deep breath and slowly said, "Then after leaving the evidence, how do you plan to deal with these people?"

"What should we do?" Yang Chen sneered and said, "People who collude with evil cultivators in the middle of the country can be considered evil cultivators even if they are not evil cultivators."

"The human race has always believed that everyone should kill evil cultivators!"

Hearing Yang Chen's words, the Gold-splitting Armadillo nodded in

relief. "That's good."

"Thank you for your understanding, friend. Chen Qiu, can you let them go now?"

“No problem.” Chen Qiu understood and immediately ordered his subordinates to have the other demonic beasts retreat.

When Yang Chen saw this, he said, “Send some scouting beasts to follow them. If they aren’t the sect I’m waiting for, then your enemies will leave.””

Hearing this, the smile on Chen Qiu’s face grew wider.

From Yang Chen’s words, Chen Qiu knew that Yang Chen was thinking for them.

They would definitely not lose out by being allies with such a person.

Immediately, Chen Qiu nodded his head vigorously, “Don’t worry, I definitely won’t let these people escape my sight.””

After confirming this matter, Yang Chen quickly returned to the Chen family to make the final preparations for the deal.

The group of demon emperors were all gathered in the dragon’s nest, quietly waiting for Chen Yang’s news.

“Great Elder, you must ensure the safety of the Chen family while I’m away. If something major happens to the Sorcerer recently, he won’t notice our Chen family.”

“But we still have to be careful.” Before he was about to leave, Chen Yang specially instructed Chen Xuan.

When Chen Xuan heard this, he nodded hard.

Immediately, Chen Yang, Zhou Tianli, and Chen Ying decided to leave the Chen Family.

At this moment, the guard suddenly ran over.

“Report!”

“Patriarch, someone outside claims to be an elder of the Li family and wants to see the patriarch.”

“Li family elder?”

Yang Chen’s brows were tightly knitted together. What should have happened had happened. Whatever, he would see what the Li family had to say.

Immediately, Yang Chen returned to the meeting hall and asked the family guard to bring the Li family elder in.

Not long after, an elder dressed in a blue robe was brought into the reception hall by the Chen clan guards.

“This old man, Li Ke, greets Patriarch Chen.”

As soon as he entered the door, Li Kehua greeted Yang Chen politely.

When Yang Chen saw this, he quickly stood up and helped Li Kehua up.” Elder Li, you’ve really defeated me. Everyone knows that all the elders of the Li family are mighty figures.”

“As a mighty figure on stage, how can you bow to others? Elder, please take a seat.”

“No need, the visitor is a guest. As a guest, I naturally have to have the conduct of a guest. I’ll sit at the side.” Li Ke said indifferently.

Seeing this, Yang Chen helped Li Diao to the main seat and returned to the main seat himself.

However, Yang Chen didn't notice Zhou Tianli's awkward expression, as if he was afraid of Li Kehua.

Yang Chen didn't notice that Li Kehua had seen Zhou Tianli. He snorted coldly, "Zhou Tianli, I'm here. Shouldn't you bow to me?"

When Zhou Tianli heard this, he stood up and bowed, "Justice greets the engraving elder."

"What did you call me?" Li Diao glared at him and said with an unfriendly expression.

"Greetings, Lord Tai Shan."

Yang Chen looked at the two of them in surprise. So his master's wife was Li Kehua's daughter.

Hearing this, Li Kehua continued to snort coldly, "Lord Tai Shan? Let me ask you, since you've already broken through, why don't you go to the Li family and reunite with my daughter?"

"What? Now that you've broken through and stepped onto the stage, you don't like my daughter anymore?"

"Let me tell you, I gave birth to my youngest daughter when I was five hundred years old. She is my youngest and also my most beloved daughter."

"If you dare to betray her, I will definitely destroy your entire Zhou family!"

Chapter 296: Domineering Li Jia (Seeking for)

"I didn't. I definitely won't let Qingya down." Zhou Tianli said excitedly.

“It’s good that you didn’t.”

Li Kehua glanced at Zhou Tianli and said,“I know what you’re thinking. You just don’t want to marry into my Li family. After all, you have an aristocratic family behind you.”

“However, I hope you can remember that everything Qingya has is given to her by the Li family. One day, when the Li family needs you to fight, you can’t refuse.”

“Otherwise, it will be considered a betrayal of the Li family. You should know what happens to traitors without me telling you.”

Zhou Tianli nodded,“ Don’t worry, if the Li family needs me, I will definitely fight.”

“That’s good. You know how talented Qing Ya is. You’ve also broken through and entered the stage. On account of you, the family’s restrictions on Qing Ya’s resources are not so severe.”

“It won’t take long for Qingya to break through and enter the stage. At that time, you can reunite.”Li Ke said.

Hearing this, Zhou Tianli’s eyes were filled with excitement.” Thank you, Lord Tai Shan.””

“You don’t have to thank me. You’ve done well. You were able to break through the restrictions of the lack of resources, so the family’s opinion of you will definitely rise to a higher level.”Li Ke said.

Zhou Tianli looked at Yang Chen gratefully.

He knew his own situation. If it wasn’t for Yang Chen, he probably wouldn’t have been able to break through to the stage even in his dreams.

Seeing that the atmosphere between the two of them had eased up, Chen Yang smiled and looked at Li Kehua.” Elder Li, may I know why you’re here?”

“Elder Li Kezhao is dead. According to the informant, he died at your hands. Let me ask you, is this true?” Li Kehua asked.

When Yang Chen heard this, he looked at Zhou Tianli in confusion. Seeing that Zhou Tianli was also shocked, he immediately said, “I’m innocent! When did we kill Elder Li Kezhao?”

Seeing that their expressions did not seem to be fake, Li Ke said, “This matter has yet to be concluded, so the Li family has decided to leave this matter to you to investigate.”

“This is also a test for you by the Li family. Please, the Chen family must grasp it.”

“Test? What test?” Yang Chen was a little confused. He had no contact with the Li family, so why would they give him the test?

“Naturally, it is a test to become a vassal of my Li family.” Li Kehua said lightly. “Vassal?”

Yang Chen’s heart skipped a beat and he asked, “Elder Li, what do you mean?”

“I don’t know if the Chen Clan Leader has heard of the literal meaning. A man who is innocent will be punished for his wealth. It is a great crime for your Chen Clan to have a puppet that can ascend the stage.”

“Originally, the clan wanted you to hand over the puppet.”

“However, considering your relationship with Justice, I decided to persuade the clan not to accept your puppet.”

“It’s fortunate that Justice and Qing Ya have outstanding talents. After considering everything, the clan head has decided to let you keep this puppet.

However, as compensation, your Chen family will become a vassal of my Li family.”

“This is also an honor for your Chen family. After all, only a Rank-6 force can become a vassal of my Li family.”

“On the other hand, my Li family has already acknowledged your Chen family as a sixth rank force. This is of great benefit to the development of your Chen family.”

Yang Chen’s heart was burning with anger. From what Li Kehua said, the Chen family had become a vassal of the Li family, and they still had to thank the Li family.

What logic was this?

However, Yang Chen decided to endure it for now. It was just a vassal, so he would just be one. Anyway, there was no loss to the Chen family.

“Since the Li family favors you, I’m willing to accept your orders.” Yang Chen said with a smile.”

Upon hearing this, a smile appeared on Li Kehua’s face.” I am very pleased that the Chen Family Head is able to distinguish right from wrong and knows when to retreat.”

“Of course, since the Chen family has become a vassal of my Li family, there are some rules that the Chen family has to abide by.”

“Elder Li, please speak.”

“This is also the rule that all the vassal families have to follow. If my Li family has a war with other forces, you have to listen to my Li family’s orders.”

“For the other factions, this recruitment is only for the mighty figures who have ascended the stage.”

“However, your Chen Clan doesn’t have any mighty figures on stage, so the target of the conscription is your Chen Clan’s puppet.”

Yang Chen didn't object to this, nor was he surprised.

After all, according to the rules passed down since ancient times, it was very normal to recruit the experts of the vassal forces.

See Chen Yang no object object Li burn continue say carry Li home condition, this second condition, that is you Chen family want to use puppet, must get me Li home agreement."

"What?"

Yang Chen suddenly stood up and narrowed his eyes,""Elder Li, isn't this condition a little too much?"

"I've never heard of any other subordinate forces of the Li family needing the approval of the Li family to use their ancestor."

"Moreover, if the enemy were to invade, and I had to obtain the approval of the Li Clan before I could use the puppet, then before the news of the Li Clan could reach us, my Chen Clan would probably be wiped out."

"Don't worry, Chen Clan Leader."

Li Kezhao pressed his hand down, and a terrifying spiritual energy instantly enveloped Yang Chen, pressing him down on the chair.

Fortunately, Li Kezhao did not intend to move. Although the spiritual energy was terrifying, it did not cause any damage to Yang Chen.

Seeing this, Yang Chen sat on the chair and listened to Li Kehua's explanation. "If your Chen family has enemies attacking your doorstep, then you naturally have to prioritize self-preservation. You don't have to listen to my Li family's orders."

“My Li family has also considered this point. At this time, we will not force your Chen family to listen to my Li family’s orders.”

“As for the problem you mentioned earlier, special matters need special treatment. We are also thinking for your Chen family.”

“Your Chen Clan is only as strong as an eighth rank force without the puppets. If you use the power of the puppets, you can suppress the other forces in every possible way.”

“The consequences of provoking a powerful enemy are not something that a puppet can resolve.”

“The other factions can use their ancestors as they please because their remaining strength far exceeds that of a rank-7 faction.”

“This is the confidence of others, and this confidence is something that your Chen family doesn’t have.”

Yang Chen smiled when he heard Li Ke’s words.

What a tyrannical Li Clan. If the Chen Clan wanted to use the puppets, they would need the Li Clan’s approval. What was the difference between this and the Li Clan taking away the puppets?

“What, Chen Clan Leader is unwilling?” Li Kehua looked at Yang Chen and sighed, “I know that the Chen Clan Leader is definitely dissatisfied, but this is the greatest concession this old man can make.”

“I hope that the Chen Clan Master will take into account that the development of the clan is not easy and not forcefully defy the heavens.”

Hearing this, Yang Chen took a deep breath and smiled, “Thank you, Elder Ke Mu. My Chen family agrees to this condition.”

“That’s good. Oh right, if my Li family wants to recruit puppets, you can’t object.”

But don't worry, with me around, they won't casually recruit puppets."Li Kehua added..

Chapter 297: The Impact of the Li Family's Vassal, the Deal

Begins

"No problem, I agree."

Li Kehua looked at Yang Chen in confusion. Why did he agree so easily this time?

Logically speaking, this condition was even harsher than the previous two conditions.

However, since Yang Chen agreed so easily, it saved him a lot of trouble. Li Kehua naturally wouldn't ask.

"Alright then, I'll take my leave." Li Ke stood up immediately. Don't worry, Lord Chen. It won't be long before my Li family will inform everyone about your Chen family becoming a vassal..."

"At that time, the other forces will not choose not to trade with your Chen family because they are afraid of my Li family."

"The development of your Chen family can still continue as usual."

"Farewell, Elder Li."

After Elder Li left, Zhou Tianli said with an ugly expression, ""Yang Er, what should we do next?"

"What should we do? It was normal! Can they cancel our operation because of the Li family?"Yang Chen asked.

“But what if the Li family blames us after this?”

“They wouldn’t dare. After all, this matter has something to do with the Sorcerers. Would they dare to risk universal condemnation and use this to blame my Chen family?” Yang Chen sneered.

Zhou Tianli’s face was still filled with worry, “I’m afraid that they will settle the score after the fall. Even if I, Lord Tai Shan, am involved, your Chen Family won’t have an easy time.”

“It’s fine, as long as it can drag on for a few years.”

Yang Chen sneered. A few years later, who knows who would bow down to whom!

Putting the Li family’s matter aside, the two continued to head to the Endless Mountain Range and stationed themselves 200 miles away from the floating cities.

There were two advantages to being stationed here. One was that it was not easy to be discovered.

Secondly, if there were any changes in the journey, this place would be able to know as soon as possible.

At the same time, Yang Chen sent out the Piercing Guard to the depths of the Endless Mountain Range. Together with the Gold-Splitting Armadillo, they monitored the direction of the convoy.

Logically speaking, such a dangerous matter should be left to the Qian Dragon Guards. After all, the Qian Dragon Guards were comparable to a rank 7 force, much stronger than the Piercing Guard.

The reason why he chose to pierce the guard was because Chen Yang did not want others to know about his alliance with the demonic beasts.

After all, it had only been a few decades since the demon horde, and the hatred people had for demon beasts had not dissipated. At this time, the news of the Chen family forming an alliance with the demon beasts would definitely affect the Chen family.

Moreover, once the Li family found out, who knew what kind of trouble they would cause.

Just like that, time passed bit by bit. In the blink of an eye, another two months had passed.

In these two months, no matter if it was the Chen family or Zhou Muchun, or the convoy in the distance, there were no accidents.

On the other hand, Da Qian was completely blown up by a piece of news.

The ruler of the Endless Mountains, the only fifth-rank aristocratic family, the Li family, officially announced to the outside world that the Chen family would become a vassal aristocratic family.

This news revealed two important pieces of information.

The first was also the focus of everyone's attention. The Li family did not take back the puppet, but continued to let the Chen family hold it.

The second reason was that the Li family believed that the Chen family was already comparable to a sixth-rank aristocratic family!

Because only a Rank-6 force was qualified to become a vassal of the Li family. This was already known by everyone in the Endless Mountain Range.

After this news spread, be it the Great Qian royal family or the various major factions, they all fell into an intense discussion.

Royal family, inside the meeting hall.

The high-ranking officials of the royal family were all gathered here. As this was an internal discussion of the royal family, the ministers were not allowed to participate.

However, this did not affect the importance the royal family placed on this matter.

In the meeting hall, Zhou Tianke swept his gaze across the royal family's higher-ups and said indifferently, "Tell me, what do you think of this matter?"

Zhou Tianke did not say it explicitly, but everyone knew what he was talking about.

"Your Majesty, I think we should treat the Chen family with caution. We should acknowledge their status on the surface and suppress them in secret."

"You have to know that the land of the Great Qian Dynasty was built by the ancestors of the Zhou family after hundreds of years of painstaking efforts. How can we let other families divide it?"

"Prince De's words are wrong."

The moment Prince De finished speaking, Prince Deli stood up and said, "If we suppress the Chen family, isn't that pushing the Chen family to the opposite side?"

"There are already many enemies outside the dynasty. If we add another one, then our Zhou clan will be in a very difficult situation."

"Besides, Chen Yang is the disciple of the Deshun Commandery Prince. Everyone should be aware of the matter of the Deshun Commandery Prince breaking through and ascending the stage. Shouldn't we be concerned about the Deshun Commandery Prince's face?"

At the mention of the Deshun Commandery Prince, all the high-ranking members of the royal family fell silent.

No one had expected that the Duke of Deshun would still be able to break through to the Ascending Stage State under the premise of limited resources.

Could it be that his talent had already far exceeded the limits of the bottleneck?

Or could it be that the Deshun Commandery Prince had obtained some kind of opportunity?

Of course, no matter what the reason was, it could not change the fact that Deshun Commandery Prince had already become a mighty figure.

The Chen Family's actions could not be avoided by the Deshun Commandery Prince. At the same time, they had to give the Deshun Commandery Prince face.

Everyone could see that the old ancestor was exhausted. Once the old ancestor died, the Zhou clan would still have to rely on Deshun Commandery Prince.

Prince De was silent for a moment before asking, "Are we going to let the Chen Family divide the territory of Da Qian?"

"You have to know that Da Qian is only so big and can only support a sixth-rank aristocratic family.."

Chapter 298: The Impact of the Li Family's Vassal, the Deal Begins

All the higher-ups nodded. Prince De's words made sense. If Da Qian had a large territory, then it would not matter. It was not impossible to give some resources to the Chen Family.

However, Da Qian was only so big. It was already very difficult to support the Zhou Consortium, so how could they support the Chen Consortium?

Prince Deli was at a loss for words and didn't know what to say.

The Commandery Prince of Deming stood up and continued, "Your Majesty, Prince De, I don't know if everyone has noticed that the Chen Family is only a Rank-8!"

"To be frank, with the Chen family's current appetite, can they swallow so many resources?"

"I have a set of data here. Please listen carefully."

"The Chen family has been established for less than a hundred years. There are more than eight hundred people in total, and most of them are collateral relatives."

"As for the direct descendants, including the women, there are only seventy-three of them in the Chen family."

"There are only so many people. Even if the resources of each of them are comparable to the treatment of the core disciples of our royal family, it won't consume much."

"Moreover, the Chen family has a large number of spirit stones in their accounts every year. If we exclude this portion, the number of spirit stones the Chen family needs every year will be even less."

"With these few resources, why don't we give them to the Chen family?"

The Commandery Prince of Deli County took over the conversation excitedly. "That's right, that's right. There are only so many resources. Why not give them to the Chen family?"

"Even if there are more people in the Chen family in the future and there will be a competition for resources with us, that will be in the future."

"Right now, we definitely can't push a puppet with the strength of the third level to our enemies just because of such a small amount of resources."

"In addition, how unwise would it be if you didn't make enemies with Deshun Prince?"

Zhou Tianke fell into deep thought as he listened to the words of the two kings.

There were some things that Zhou Tianke could not tell everyone. In Zhou Tianke's opinion, the Chen Family had to be on good terms.

Because once the ancestor was killed, the Zhou family would definitely decline. At this time, they needed allies even more.

In addition, he had a relationship with Deshun Commandery Prince, so he naturally had a good relationship with him.

As for whether there would be competition in the future, that would be for later.

Before that force sent over the resources, they must not become enemies with the Chen family.

Thinking of this, Zhou Tianke's mood drifted to Yingzhou.

He didn't know if this operation would go smoothly or not. After all, this was related to whether he could obtain the reward from that sect and whether he could ascend the stage.

If he could ascend the stage, the Zhou Clan would be able to ascend the stage twice. After all, their might would far exceed what they had now.

After regaining his senses, Zhou Tianke said, "The two Commandery Princes, Deli and Deming, are right. Regardless of whether the Chen family will compete with us in the future, we can't offend the Chen family at the moment."

"After all, the Chen family doesn't need many resources."

Seeing that Wang Shang had spoken, the royal family's higher-ups stood up and said, "We agree!"

Zhou Tianke had ruled Great Gan for 300 years, so he still had this bit of authority.

Even Prince De did not object.

Seeing that everyone agreed, Zhou Tianke continued, "Since we can't offend them, we must think of a way to befriend them. Everyone, let's discuss how we should befriend the Chen Clan."

"Naturally, it's a marriage alliance with the Chen family."

Prince Deli stood up again. "I have a granddaughter. She's eighteen years old and has a sixth-grade aptitude. She's suitable for marriage with the Chen family."

"Oh?" Zhou Tianke was a little surprised. "That's your treasure. You're willing to marry into the Chen family?"

"To serve the clan!"

"I'm willing to do anything as long as I can fight for the interests of the family," the Prince of Deli said righteously.

When Zhou Tianke saw this, he was moved and said, "If everyone is like this, why wouldn't my Zhou family be prosperous?"

"Tell me, who does your granddaughter want to marry? I'll personally matchmake you!"

"It's like this. I heard that Yang Chen hasn't married yet, so let my granddaughter marry Yang Chen."

You old fox, to think that I was so touched. So this is what you're planning.

Zhou Tianke was extremely sad. Everyone knew that Chen Yang's talent was limitless, and he was the master of the puppet.

If she married Yang Chen, wouldn't she have found herself a long-term backer?

Not only Zhou Tianke, but the higher-ups of the royal family also reacted.

The Commandery Prince of Deming immediately stood up and said, "Sigh, Chen Yang is already over 50 years old. Isn't it a waste for the granddaughter of the Commandery Prince of Deli to marry him?"

"I think it's better to let my granddaughter marry over. My granddaughter is now twenty-seven, about the same age as the Chen clan leader. Her aptitude is not weak either, so it's just right for her to marry over."

"Bullshit!"

Prince Deli blew his beard and glared at him."

"Twenty-seven and fifty-something are the same age!"The Commandery Prince Deming didn't want to be outdone.

"Alright, alright, stop arguing!"

Zhou Tianke waved his hand with a headache. This group of old fellows really did not want to let go of any benefits.

Sigh, why are you talking about others? Isn't it the same for me?

Speaking of which, my little granddaughter's age is also suitable. Why don't I go over and give it a try?

Zhou Tianke smiled and said, "How about this? Let's do an internal selection now. Then, we'll bring the selected people to the Chen family and see who the Chen family leader will choose."

“However, I have to tell you in advance that the Chen family head might not be interested in the daughter of our Zhou family.”

“It’s fine. Even if we don’t like it, we can still marry other direct descendants of the Chen family.” Prince Deli smiled.

“Alright, no matter who the marriage is, we have to be prepared. Those who wish to form a marriage alliance should prepare in advance. The selection will be held after a period of time..”

Chapter 299: The Impact of the Li Family’s Vassal, The Deal Begins

“As for now, everyone should pretend that nothing has happened.”

“After all, there are many eyes on the royal family. We can’t let them use us.” Zhou Tianke said.

“Yes, sir!”

What happened in the royal family was not a coincidence. In the Da Qian Realm, all the major forces were engaged in intense discussions.

In the end, everyone walked on the path of marriage.

After all, compared to other methods, marriage was undoubtedly the best way to close the relationship between the two parties.

At the same time, in the Endless Mountain Range.

Hearing Chen Ying’s report, Chen Yang looked at Zhou Tianli, “Master, according to the information, with the speed of the convoy, they will reach here in about a month.”

“We have to make preparations in advance. How about this, let all the spies withdraw.”

“Withdraw?” Zhou Tianli looked at Chen Yang in confusion, “Why did you all retreat? Can’t we just let them help us?”

“It’s like this. I don’t want others to know about our alliance with the Demon Emperor yet.”

“In addition, the Guimo Sect has been expelling the Qian Dragon Guards recently. If we take the opportunity to retreat, not only can we hide our alliance with the Demon Emperor, but we can also show our sympathy for the Qian Dragon Guards.” Yang Chen said.

Hearing this, Zhou Tianli nodded.

It was indeed not good to leak the fact that they had formed an alliance with the demon beasts. After all, the demon wave had not passed for long, and Da Qian was still hostile to the demon beasts in the Endless Mountain Range.

“But those evil cultivators who escaped will also leak this matter.”

“It won’t happen.” Yang Chen smiled and shook his head. “Even if they leaked it, do you think anyone would believe the words of the Sorcerer?”

“But with the power we have displayed, we can’t defeat so many evil cultivators.” Zhou Tianli asked.

“I also thought of a reason.”

Chen Yang looked at the mountain peaks where the people were imprisoned, “The ancestor and the evil cultivators of the Ghost Fiend Sect couldn’t reach an agreement, resulting in a fight between the two sides.”

“Let’s seize the opportunity to capture both of them while both sides are injured.”

“Will anyone believe it?”

“They will. It’s still the same thing. If they don’t believe me, will they believe the evil cultivators?”

After a simple discussion, Chen Yang had Chen Ying inform the guards to leave.

The reason was simple. The mission had reached the most critical moment, and the fewer people there were, the higher the chances of success.

The Heaven Dragon Guards had no doubts about this. They followed Chen Yang’s orders and withdrew from the Endless Mountains.

Of course, Yang Chen wouldn’t give up such a powerful force.

Chen Yang had his own plans for the Heaven Dragon Guards. He wanted them to guard the borders of Da Qian and kill any evil cultivators who wanted to enter Da Qian.

The members of the Firmament Dragon Guard expressed their willingness to follow this mission.

This was to ensure the safety of Da Qian, so they could not be careless.

Yang Chen also had this plan. Of course, he also had some selfish motives, which was to stop the evil cultivators outside Da Qian so that the chances of the alliance being exposed would be much lower.

Time passed in the blink of an eye. Another half a month had passed. At this moment, only a few Piercing Guards were left around the detention area.

As for the Firmament Dragon Guards, they all withdrew from the Endless Mountain Range in this half a month.

Great Gan, Yingzhou, in the ancestral manor.

“Milord, according to our scouts, all of the Qian Dragon Guards have retreated. Only a few dozen Chen Clan scouts called the Piercing Guards remain.”Sect Master Xu reported the information he knew.

After hearing Sect Master Xu’s words, Zhou Muchun smiled.” It seems like this Chen Clan’s spy isn’t bad. He can clearly see the timing of our transaction.”

“Fine, we’ll cooperate with them and tell the guards not to chase these Piercing Guards away.”

“Hmph, I want to see how interesting their expressions would be if they didn’t notice my figure when we were trading.”

Sect Master Xu also laughed sinisterly at the side. Chen Yang, oh Chen Yang, no matter how resourceful you are and how many schemes you have, in the end, isn’t it all useless?

Under the preparation of both sides, another half a month passed.

At this moment, the convoy had also arrived at the area and was quietly waiting for the people from the Ghost Fiend Sect to deliver the food.

On the mountain peak, there was a city in the sky. No, it would be more appropriate to use the word ‘prison in the sky’ to describe it.

In the Sky Prison, every cell was filled with people. At a rough glance, a person could occupy a square meter of space, which was considered spacious.

In the corridors of the cells on both sides, the evil cultivators of the Ghost Fiend Sect paced back and forth, monitoring the food, afraid that someone would commit suicide.

The commoners were already numb to this.

Ever since they had been captured and brought here, these commoners had tried to kill themselves. However, every time someone committed suicide, they would be discovered by the Ghost Fiend Sect.

Furthermore, the Ghost Fiend Sect would severely punish those who committed suicide. The cruelest punishment was to cut them into pieces in front of everyone.

What made the commoners even more despairing was that even if they were to be cut into pieces, the Ghost Fiend Sect would not let that person off easily.

After using a large number of spirit herbs to revive the corpse, he would be specially cared for. When the new flesh grew back, he would be cut into a thousand pieces.

After more than ten times, he finally ended that person's life.

The screams continued to ring in everyone's ears. At this point, the number of people committing suicide had greatly decreased.

Even if he was refined by this group of evil cultivators, it would still be more satisfying than this kind of torture..

Chapter 300: The Impact of the Li Family's Vassal, The Deal Begins

Glancing at the commoners in the prison, a Core Formation evil cultivator heaved a sigh of relief." It's finally over. It took us a lot of effort to feed this group of food."

"Isn't that so?"

"It's always a troublesome matter to collect food for them."

“We sent out the entire sect and our lackeys to collect a large amount of food to feed these bastards.”

“To be honest, I really want to kill them all.”

We can't just say that. Although it's hard to raise them, they can still bring us benefits, right?”

“I still remember the last time we had such a large-scale transaction. The treasures bestowed by the sect allowed our Ghost Fiend Sect to rise from top to bottom.”

“It was also because of that transaction that I broke through to the Core Formation realm.”

Hearing his companion's description, the other Core Formation evil cultivator revealed a look of yearning.” I haven't experienced the deal you mentioned, but according to what you said, the last big deal is far inferior to this one.”

“Do you think we will get more benefits?”

“Of course.”

Both of their eyes were filled with yearning.

After this transaction, there was no need for them to take the risk of hunting civilians. Instead, they could cultivate in peace for a while.

After breaking free from their fantasies, the two of them looked at the commoners again. One of them said, “I've always had a question. How much food would it cost to send so many people to the Endless Mountains?”

“How do the people of the upper clan store food? Even if he had a powerful storage bag, he would still need a lot of chefs.”

“You don’t know, do you?”

“I brought a Fasting Pill with me. One Fasting Pill is enough for an adult man to not eat or drink for a month.”

“With the Fasting Pill, why would we need a chef?”

“Using pills to feed these grains?” The young evil cultivator took a deep breath. “How many spirit stones would this cost? The sect is really rich.”

“You can’t say that. It’s true that the sect is rich, but this fasting pill isn’t that expensive. It’s just that we don’t sell it here.”

“According to the people outside, 100 fasting pills only cost one spirit stone. Our 200 million grain only cost less than 10 million spirit stones.”

“It sounds like a lot, but the value of this grain is far greater than the ten million spirit stones.”

“Besides, a rank-seven force in the outside world can produce 150,000 spirit stones a year. Every time it advances by one grade, the profit it can produce will increase tenfold.”

“Ten million spirit stones is only equivalent to a year’s income for the sect.”

“Moreover, the sect leader is extremely intelligent and won’t let himself be at a disadvantage.”

Hearing the elder Sorcerer’s words, the young Sorcerer’s face revealed admiration. “Big Brother, you know more.”

“No, no, I just lived a few more years and experienced more. You’ve lived to my age, so you definitely know more than me.”

“No, no, how could this little brother surpass big brother?”

Just as the two of them were exchanging pleasantries, the Zifu Disciple guarding the area suddenly shouted, “Attack!”

Hearing this, the two of them led their subordinates to the front of the cells and scattered a handful of purple dust.

As the purple dust drifted, one adult man after another fainted on the ground.

After that, the evil cultivators left and headed to the next cell.

Seeing that the evil cultivators had made their move, most of them revealed expressions of relief. After being imprisoned for so long, they could finally be freed.

Of course, there were also people who were afraid.

Seeing that these evil cultivators were ready to make a move, these people desperately wanted to get out. Unfortunately, all of this was useless.

A prison made of refined iron was not something that ordinary people could break out of.

“Damn it, I want to go out. I don’t want to die. Someone save me!”

“Stop shouting. Those big forces outside are just a bunch of insects. It’s impossible for them to come and save us. We can only beg for our next life and not live in Da Qian anymore..”
