

Tamer Family 311

Chapter 311: The Li Family's Reaction to Dividing the Troils

Thinking of this, the Single-Horned Ox Crocodile wanted to slap itself. If it had joined this alliance back then, it would not have to do this.

After the discussion, Yang Chen and Zhou Tianli returned to Chen City.

At the same time, the first stage of the selection of the Little Green Mountain in the City of the City of the People's Republic of China was gradually coming to an end.

"This is a sixth-grade aptitude!"

On the small green mountain, along with the exclamation of a family general, almost everyone looked at the young man who was testing his aptitude.

One of them recognized this person and immediately exclaimed, "Isn't this the first name of Da Qian Academy, Qiyuan? He actually came to the Chen family!"

"Oh my god, even Qiyuan is here. The attraction of this Chen family guard is too great."

Hearing these people's flattery, Qiyuan did not reveal any expression. He had long been sick of hearing such flattery.

"Lord General, did I pass the test?" Qi Yuan smiled.

"All!" The guard recovered from his shock and quickly said, "You've passed, you've passed. Here, this is your number plate. Please wait for the second stage of the assessment."

Qi Yuan put away his number plate and headed to the camp that had passed the first stage of the assessment. When those people saw Qiyuan arrive, they all made way for him.

As for Qiyuan, he nodded in thanks as he found an empty space and looked up at the sky.

It won't be long before I can become a Chen family guard!

Not long after, the first round of testing officially ended. To Chen Dao's surprise, not many people were eliminated in the first round.

After all, if one's aptitude had not reached the eighth grade, one would not have the confidence to apply for the position of the Chen family's guard.

After the first round of the selection, Chen Xuan continued to shout, "The second round of the test is to test your strength."

"Next, the Chen Clan will hold an arena at the foot of Little Green Mountain. Everyone will fight each other until there are only 500 people left."

"After I read out the number, the genius with the number plate will go down the mountain to fight."

"Next, Number One versus Number Thirteen, Number Four versus Number Eight, Number Two versus Number One Hundred and Thirty-Four..."

While the duel was in full swing, in the Li family's meeting hall.

Master Li looked at the quarreling elders and rubbed his forehead helplessly. "Stop arguing. Tell me one by one."

"Elder Li Kerning, you go first."

"Yes, sir!"

“Patriarch, everyone, do you believe what the Chen family said?” Li Kerning stood up and said, “The Zhou ancestor and the evil cultivators have an internal conflict?””

“Anyway, I don’t believe it. I feel that the Chen Clan must be hiding something. We definitely can’t ignore the power that can destroy the Zhou Clan’s Old Ancestor and the Malevolent Ghost Sect.”

“Even if we don’t destroy the Chen family, we have to control this power. Otherwise, our Li family’s rule will be affected.”

“You’re trying to frame me!”

Li Mo stood up and retorted, “How many hidden powers can there be in the Endless Mountain Range? Even if there are hidden powers, how can the Li family not know?””

“You would rather believe that the Chen family has a power that is beyond our knowledge than believe that the Sorcerers are having an internal conflict. Could it be that you don’t believe that our Li family’s intelligence organization has a superpower?”

“Li Kezhan, who is in charge of intelligence management, is here. If you ask him directly, won’t you know everything?”

Li Kezhan also stood up with an ugly expression. “I can guarantee that there is only one puppet in Chen City.”

“This...”

Li Kerning was stunned for a moment, but then he braced himself and said, “Of course, I believe in the intelligence organization of our Li family. But what if the Chen family has other forces in the Endless Mountains?”

“Our scouts didn’t infiltrate the Endless Mountain Range.”

“What kind of power can be hidden in the Endless Mountain Range?” “Don’t tell me Elder Kerning thinks that there are experts who are willing to stay in the remote Endless Mountain Range just to provide help to the Chen family at the most critical moment?” Li Kehua said disdainfully.”

“Only demonic beasts are willing to stay in the Endless Mountain Range.”

Hearing this, Li Kerning’s eyes lit up.” Yes, it’s a demon beast. Maybe the Chen family is colluding with the demon emperor in the Endless Mountain Range.””

After saying this, Li Kerning’s face turned red.

He was surprised that he could think of colluding with the Demon Emperor.

The other elders also had a joking expression on their faces. This Li Kerning was really forced into a corner and even said nonsense.

However, the Li family head thought seriously for a moment and then said, “It’s not like there’s no such thing. With the help of the puppets, it’s easy to force one or two demon emperors to ally with you.”

Hearing the patriarch’s words, the elders also seriously considered the feasibility of this idea.

In the end, these elders were shocked to find that it seemed to really work.

As long as they were given some resources, it was possible that the demon emperors would ally with the Chen family or obey their orders.

After all, that group of demonic beasts cherished their lives very much.

In addition, there were resources and rewards, so it was not impossible for him to be someone else’s thug.

“Yes, yes, yes, that’s what happened. Otherwise, why would Yang Chen let the Qian Dragon Guards leave?””

“Isn’t it just that he’s afraid that the matter of his alliance with the demon beasts will be exposed?”

“Therefore, I suggest that we must participate in this alliance. Even if we can’t make the demon beasts listen to our orders, we can’t make the demon beasts listen to the Chen family’s orders.”

” After all, he is a demon emperor!”

Hearing Li Kerning’s words, Master Li fell into deep thought. Li Kerning’s words made sense. No matter what, he could not let the Chen family control such a force.

Unless the Chen family was willing to swear an oath to the heavens and earth to be forever loyal to the Li family.

Seeing that the family head was moved, Li Ke quickly said,“Patriarch, this is just a guess. Do we still need to investigate the specifics?”

“What if we wrongly accuse the Chen family? At that time, wouldn’t it make the vassals feel disappointed? Do you think that our Li family can casually use crimes to destroy them?”

“It’s not without reason.”

Master Li thought for a moment and said,“”Elder Ke Lu’s words make sense. Without accurate evidence, we can’t make wild guesses.

How about this, Elder Ke Zhan, you go and investigate the situation of the Chen family and see if the Chen family has really formed an alliance with the demon beasts.”

“Yes, sir!”

Li Kerning saw that the family head did not intend to deal with the Chen family again, so he quickly said, "Even if there is no evidence to prove that the Chen family is in an alliance with the demon beasts, it is obvious that the Chen family used the puppets without our permission."

"If we don't punish them, then what prestige will our Li family have?"

"That's absurd!"

"We're using the puppets to deal with the Sorcerers!" Li Kehua said angrily. "If the Li family punishes the Chen family because of this, we'll lose our family's prestige!"

"We can secretly punish those in the United States." Li Kerning retorted.

"Secret punishment? A rabbit will bite when it is anxious. If we punish them too much, won't the Chen family publicize this matter?" Li Kehua asked.

"He dares?"

"If he spreads this news, we will destroy the Chen family." Li Kerning said angrily.

"Then in the end, won't we still lose our prestige?" Li Ke glared at Li Ming.

"Alright, alright."

The Li Family Head waved his hand, signaling the two of them to stop arguing. "We definitely have to punish them for this matter. However, the Chen Family is also dealing with the Sorcerers, so it's understandable."

"How about this, we'll just reprimand them a little and let the Chen family remember the rules."

"A simple reprimand will not make the Chen family remember." Li Kerning continued.

“Then let’s punish them a little and make the Chen family hand over some spirit stones. I think we’ll just hand over a million. Anyway, the Chen family’s harvest this time is definitely not small.” Master Li said.

When Li Kerning saw this, he wanted the Li family head to punish him more.

However, seeing that the family head was already a little impatient, Li Kerning could only swallow his words.

“I’ll leave this matter to the Elder. You’re familiar with the Chen Family anyway, so there won’t be any misunderstandings.”

“Alright, meeting dismissed.”

Hearing this, Li Ke sighed deeply in his heart.

Sigh, you’re asking me to do something that offends people again. It seems that the family head is still angry at my bloodline because of the marriage alliance.

After a long sigh, Li Kehua walked out of the meeting hall and began to think about how to tell the Chen family about this..

Chapter 312: Zhou Consortium’s Plan

Chen City, Yang Pass.

After splitting the resources in the Endless Mountain Range, Chen Yang and

Zhou Tianli rode their respective mounts back to Jiang Prefecture.

When they reached Yang Pass, the two of them stopped.

“Master, where do you plan to go next? Should he stay in Chen City or go to Yi City?”

Zhou Tianli pondered for a moment before saying, “I’m used to staying in Chen City, I really don’t want to leave. How about this, I’ll ask the Prefecture Overseer to move the government to Chen City. This way, we can continue to live in Chen City.”

Hearing this, Yang Chen smiled and said, “Then I’ll clean my humble abode and pay my respects to Master.”

With that, the two of them split up.

Zhou Tianli flew straight to Yi City while Chen Yang entered Yang Pass and headed towards the Chen Family.

“Eh? Why are there so many people on this little mountain?”

Yang Chen was shocked when he passed by Little Green Mountain. Although his Little Green Mountain was more popular, it was not as fun as Chen Cheng’s Monster Beast Zoological Garden.

Now, why were there so many people on this little green mountain?

Upon closer inspection, these people were all young people, and there were even people dueling below the small green mountain.

After thinking about it, Yang Chen decided to go down and see what was going on.

“Let’s go down and take a look.”

“Roar!”

With a roar, the Underworld Dragon flapped its wings and slowly descended.

“What’s that?”

The dragon’s roar entered everyone’s ears.

Immediately, everyone raised their heads to look at the sky. When they saw the demon beasts in the sky, someone exclaimed, “Underworld Dragon, Chen Clan Leader is here!”

“It’s really an underworld dragon! I didn’t expect the Chen family head to come personally to check on our selection.”

“I must work hard and strive to make the Chen Clan Leader notice me!”

Chen Dao also revealed a smile and led the Chen family to the foot of the small green mountain to wait for Chen Yang’s arrival.

After the Underworld Dragon landed, Chen Yang put it into his Imperial Beast Bag. Then, he walked up to Chen Dao and asked, “Big brother, what’s going on?”

“Clan Leader,” Chen Dao explained, “these are all young talents who are preparing to join our Chen Clan and become generals.”

“I’m here on the orders of the Great Elder to select them.”

“Oh, is that so?” Yang Chen nodded and asked, “Are there any geniuses?”

“That’s too many.”

” There are more than 100 seventh-grade geniuses,” Chen Dao said with a bitter smile.” There’s even one sixth-grade genius. The rest are basically eighth-grade geniuses.””

“Wow, the quality is so high?”

This gave Yang Chen a fright. With so many geniuses, if they grew up, it would not be a problem to build a seventh-rank force.

“Who’s that rank-six genius? Bring him over for me to take a look.”Yang Chen ordered.

“Yes, sir!”

Chen Xuan nodded and turned to leave. Not long after, he brought Qi Yuan to Chen Yang.

Looking at his idol standing right in front of him, Qiyuan was a little nervous for a moment. He even forgot the most basic greeting.

Yang Chen could tell that Qi Yuan was nervous. He patted his shoulder and asked,”What’s your name?”

Hearing this, Qi Yuan hurriedly said,”Replying to Chen Clan Head, my name is Qi Yuan.””

“Qiyuan...” Yang Chen smacked his tongue and laughed,”Not bad. Cultivate well. I have high hopes for you. Perhaps you can even become a guest of my Chen family and enjoy the treatment of an elder.”

Hearing that, Qiyuan’s entire person became excited.

Although he had heard enough compliments, Yang Chen’s praise still filled him with enthusiasm.

“Yes!” Qi Yuan said excitedly. I will definitely become a general of the Chen family and serve the Chen family!”

“Yes.”

Chen Yang patted Qiyuan’s shoulder again and looked at Chen Dao.” Big Brother, I’ll leave the matters here to you. I’ll return to the clan first.””

“Yes, sir!”

Under everyone’s gaze, Yang Chen rode the Underworld Dragon and quickly disappeared.

After Yang Chen completely disappeared, everyone finally came back to their senses.

“Is that the Chen Clan Leader? As the legends said, immortals descended from the heavens!”

“Sigh, Qiyuan is quite lucky to be able to obtain the Chen Clan Head’s praise.”

“If you had a sixth grade aptitude, the Chen Clan Leader would also praise you. Why are you saying all this? You might as well cultivate properly and strive to enter the Chen Clan Leader’s sight as soon as possible.”

Chen Clan, in the meeting hall.

Yang Chen was shocked when he entered. There were all kinds of books and scrolls on the desk. It was obvious that there were a lot of things piled up.

Chen Xuan was currently dealing with these matters seriously. He did not even notice Chen Yang coming in.

“Cough cough, First Elder has worked hard.”

This sudden voice pulled Chen Xuan's attention back from the book.

Seeing Chen Yang enter, Chen Xuan quickly said, "Patriarch, you're finally back. There are still many important matters here that need your personal attention."

"What's the big deal?"

Yang Chen came to the desk and took Chen Xuan's seat. Then, he asked.

Hearing this, Chen Xuan took out a book from the few books he had specially arranged. "Family Head, this is about the blockage in Chen City. The second elder has requested to expand Chen City."

Then, Chen Xuan handed the booklet to Chen Yang.

Yang Chen took the book and read it carefully. He then said, "It's true that we should expand the city. Inform the Mo family, the Liu family, and the Feng family. Give them two choices."

"The first is to choose a city within the territory of my Chen Clan for them to live in."

"The second option is for the girl to voluntarily give up her territory and live under the Chen family. The Chen family could guarantee that if they had a bite to eat, they would have a bite to drink.."

Chapter 313: The Zhou Consortium's Plan (2)

"After they make their choice, instruct the second elder to expand Chen City.

This time, build a bigger Chen City so that it won't be blocked again."

“Yes.”

“Patriarch, this second matter...”

While Chen Yang and Chen Xuan were dealing with the major matters piled up in Chen City, the higher-ups of the Zhou Consortium in the capital and the palace were also discussing the major matters that concerned the survival of the Zhou Consortium.

Zhou Tianke glanced at the Zhou Consortium’s higher-ups below and slowly said, “Don’t look so sad. Our Zhou Consortium hasn’t perished yet!”

Hearing this, the Zhou Consortium’s higher-ups braced themselves and looked at Zhou Tianke, who was sitting at the main seat.

After a short while, Prince De stood up and said, “Your Majesty, the most important thing now is to ease our relationship with Prince De Shun.”

“Deshun Commandery Prince was able to break through and ascend the stage all by himself. We didn’t help him at all. Even if Deshun Commandery Prince abandoned us, no one would blame him.”

“Although I believe that De Shun Commandery Prince will not do this, we must prepare for the worst. In order for De Shun Commandery Prince not to abandon the family, we must plan ahead.”

Hearing this, Zhou Tianke nodded and asked, “Does Prince De have any thoughts?”

“First, let the grandson of the Deshun Commandery Prince, Zhou Yingzhao, take over the position of the Human Ruler. This way, the Deshun Commandery Prince will not leave us for at least three hundred years.”

Prince De’s heart was bleeding.

After planning for so long, in the end, he still wanted to give up the position of Human King.

However, there was nothing they could do about it. After all, once Zhou Tianli left them, it was uncertain whether the Zhou Consortium could remain as the royal family of Da Qian.

If he couldn't sit firmly in the royal family of Da Qian, then the position of Human King would become a joke.

For the sake of the Zhou clan, Prince De could only let Zhou Ying Zhao take over the position of the Human King.

"That's true, but is Zhou Yingzhao willing to take over the position of Human King?" Zhou Tianke was a little worried. "Everyone is clear about Zhou Yingzhao's character. He even finds the position of Deshun Commandery Prince troublesome, let alone the position of Human King."

"I have to try no matter what. What if I succeed?" Prince De thought about it and continued, "If Zhou Yingzhao is unwilling to take over the position of Human King, then we have to think of another way."

"My suggestion is to hold a marriage alliance."

"Whichever bloodline's woman can marry Ying Zhao, then the position of Human King will be decided by that bloodline."

"With this layer of relationship, I believe that De Shun Commandery Prince will not leave us."

The longer the family developed, the weaker the blood relationship between them. As the Zhou family developed, even the blood relationship between the direct descendants was extremely weak. There was no problem with marriage.

Some large clans that had developed for a long time relied on this kind of marriage to ensure the purity and stability of the bloodline in the clan.

Prince De's plan received the approval of the higher-ups.

If the descendant of their lineage could marry Zhou Yingzhao, wouldn't that mean that the position of the Human King would ultimately fall into their lineage?

This was the best way to fight for the position of Human King under the premise of stabilizing the family.

Immediately, everyone began to calculate what they should do next.

At this moment, Zhou Tianke changed the topic." The matter of the Deshun Commandery Prince has come to an end for now. Next, we should discuss the matters of the Chen Family.""

"Some time ago, I asked you to select the daughters of each family. How is the selection going?"

At the mention of the Chen family, everyone's hearts turned cold again.

If there were other ways to deal with the Chen family in the past, now, there was only one way left.

After all, the Chen Clan's current strongest force was stronger than the royal family. If they angered the Chen Clan, the Zhou Clan's destruction would be in their hands.

After a moment of silence, Prince Deli said,""Your Majesty, the selection we have been waiting for is almost done. We are only waiting for Your Majesty's orders."

"It's the same for us."

" Alright," Zhou Tianke instructed." Since that's the case, we'll bring our daughter to the Chen family in three days. We must fight for a direct marriage with the Chen family.""

"Right, who will lead this operation?"

As soon as he said this, everyone's thoughts quickly became active.

If they could get the chance to lead the team, they might be able to build a good relationship with the Chen family. With the relationship with the Chen family, it would be of great benefit to them in competing for the position of the Human King.

Immediately, the higher-ups all petitioned, expressing their willingness to lead a team.

When Zhou Tianke saw this, he glanced at everyone and said, "How about this, Prince De is highly respected, let Prince De lead the team."

"Yes, sir!" Hearing this, Prince De's eyes flashed with joy as he hurriedly replied.

When the other higher-ups saw this, disappointment flashed in their eyes.

However, this disappointment quickly disappeared. As long as her daughter's husband could marry into the Chen family, then everything was still unknown.

"Alright, that's all for today's discussion. Everyone, please disperse. Prince De, come with me."

"Yes, sir!"

After everyone left, Prince De followed Zhou Tianke into a hall.

After entering the hall, Zhou Tianke sat on the main seat and pointed to the chair in front of him. "Uncle, please sit."

Hearing this, Prince De hurriedly bowed and said, "This old man cannot be addressed as Uncle King."

“What are you talking about? According to seniority, you’re my uncle. How can you not bear the responsibility?” Zhou Tianke helped Prince De up and placed him on a chair.

Then, Zhou Tianke continued, “Uncle, do you know why I asked you to lead the team?”

“I don’t know.” Prince De shook his head.

“Uncle, you’re old and scheming for the country. There are some things that I can only tell you.” Zhou Tianke said.

Hearing Zhou Tianke’s words, Prince De frowned slightly. He subconsciously felt that the matter with the ancestor was not that simple.

As expected, Zhou Tianke’s next words verified Prince De’s guess.

“I asked Chen Yang to investigate the matter of the ancestor. Uncle, do you know why?” Zhou Tianke asked.

“Of course, we have to take the matter of the evil cultivators seriously.” Prince De hurriedly replied. “Even our ancestor can’t tolerate it.”

“Your Majesty’s actions are for the sake of the future of our Zhou clan.”

Zhou Tianke smiled. “Uncle, there are no outsiders here, so there’s no need to say such things.”

“Uncle knows my character the best. If there are no great benefits, would I break my own arms?”

Prince De looked at Zhou Tianke with some doubt. “Isn’t Your Majesty afraid that the matter of the ancestor would implicate the Zhou family, so he did this?”

“This is one aspect, but not the most important. Let me put it this way. The matter of the old ancestor is a fight between the two great sects outside the Endless Mountain Range.”

“And I stand on the side of the forefather’s enemy sect.”

“That sect promised that as long as I ruined the plans of the sect that the ancestor was in, that sect would nurture three mighty figures for our Zhou clan.”

“Furthermore, each of them is at least at the middle stage of the Ascending Stage, and the time limit is eight hundred years.”Zhou Tianke said.

Hearing Zhou Tianke’s words, Prince De was silent for a long time.

“Your Majesty, I have three questions.” First, were these two sects evil cultivators?”

“Secondly, how can His Majesty be so sure that the final victor will be the sect His Majesty chooses?”

“Thirdly, is the sect’s promise credible?”

Although these three questions were simple, they hit the nail on the head.

The first problem was also the most important problem. If both sects were evil cultivators, then no matter who the Zhou Consortium chose, it would be difficult for them to escape death in the future.

As for the second problem, Prince De was blaming the king. Before he could determine who would win, the best thing to do was not to participate.

After all, they were separated by an endless mountain range. The Zhou Consortium could completely stay out of this.

The third problem was that if that sect stood him up, wouldn’t all of their efforts be in vain?

Zhou Tianke smiled and said, "The first question is that these two sects are not Evil Sects."

"The second question. Although the sect behind the Old Ancestor is not Evil Sect, the things that he has done are things that even Evil Sect looks down on."

"The sect I've chosen has already found a lot of evidence. Once it's exposed, the only thing waiting for the sect behind the patriarch is death.."

Chapter 314: Visitor from the Royal Family

"As for the third question, uncle, you don't have to worry. The sect I chose has made a sect oath."

"Uncle, you should know how powerful this sect oath is. It's not inferior to the heaven and earth oath made by martial artists, so I'm not worried that they will go back on their word." Zhou Tianke laughed.

After hearing Zhou Tianke's words, Prince De was silent for a long time before he asked, "King, do you really think that the sect behind the ancestor will definitely fail?"

"I can guarantee it."

Hearing this, Prince De took a deep breath. "In that case, do as the King has instructed."

"Good!" Zhou Tianke clapped his hands. "Uncle, don't worry. I will leave one of these three spots for you. When the time comes, you can choose whoever you want."

Upon hearing this, Prince De's eyes flashed with a bright light!

A mighty figure on stage!

Why did he have to let his descendants compete for the position of the Human King? Wasn't it because he wanted his descendants to touch the stage that he hadn't touched?

Now, with Zhou Tianke's promise, even if his descendant was not a Human King, he could still become a mighty figure!

Moreover, as long as his descendants could become mighty figures, it would be of great help to the development of his bloodline.

At that time, his advantages would continue to stack, and perhaps there would be an endless stream of mighty figures appearing in his lineage.

Immediately, Prince De knelt on one knee and said, "Your Majesty, my bloodline is willing to forever be under Your Majesty's command."

Uncle, what are you talking about?"

Zhou Tianke smiled as he helped Prince De up." We're all family. What's there to talk about?" By the way, I promised the Chen family some profits. This time, I'll go to the Chen family. Uncle, please give it to the Chen family as well."

"Oh, what do you have?" Prince De asked.

"First, the title. I said before that I would confer the title of King of a different surname to the Chen family."

"Secondly, there are some benefits. I promised to give the Chen family 1,000 Spiritual Crystals and 1,000,000 Spiritual Stones. At the same time, I promised to find three demon beast cubs with the bloodline of the Demon King for the Chen family."

"Lastly, you have to choose three types of spirit herbs or spirit weapons. There's no limit to the grade. Among these conditions, except for the third one, you can directly hand them over to the Chen family."

"As for the third one, let Yang Chen come and get it himself." Zhou Tianke said.

Hearing Zhou Tianke's words, Prince De took a deep breath. Good heavens, His Majesty was indeed generous.

So many things were given away just like that?

However, on second thought, these things were nothing to solve the problem of the ancestor. After all, if he gave these things to the Li family and asked them to help deal with it, the Li family might not be willing to do it.

Immediately, Prince De nodded." Don't worry, Your Majesty. This old man will not fail his mission!"

"Okay, go ahead."

Time flew by, and in the blink of an eye, another month had passed.

In this month, the expansion of Chen City was in full swing. Whether it was the Mo family, the Liu family, or the Feng family, they were all willing to give up all their territories and live under the Chen family.

In this regard, it saved the Chen family's effort and could quickly carry out the expansion.

As for Yang Chen, he had also done a lot of things in this month. First, he used the 1,000 energy points in the Dao Integration Pearl to raise the Darkwind Wolf's bloodline to the Demon Venerable Rank.

Because of this, the Darkwind Wolf evolved into a Howling Moon Wolf.

Yang Chen was not surprised by this. After all, whether it was the Storm Wolf, the Mythical Wind Wolf, or the Howling Moon Wolf, their bloodlines were very similar.

Since his bloodline had risen to Demon Venerable, it was not surprising that he had evolved into a Howling Moon Wolf.

This time, Yang Chen didn't need to hide. As the Chen family grew stronger, some precious treasures gradually entered the Chen family.

It was not a big deal to use these treasures to improve his subdued beast's bloodline.

Other than the matter of the Mythical Wind Wolf, no, it should be the Howling Moon Wolf, Yang Chen was also improving his cultivation.

After handing over the matter to the Great Elder, Yang Chen started his closed-door cultivation. He consumed the Spirit Lotus and began to improve his cultivation.

Perhaps it was because of the bloodline in Yang Chen's body, but in less than half a month, the lotus was successfully produced by Yang Chen.

Yang Chen's cultivation had also officially reached the eighth level of Core Formation.

With this strength, he could completely dominate the entire Da Qian.

After his breakthrough, Yang Chen stabilized his cultivation for another ten days. He only came out of seclusion after he had absorbed all his aura into his body and there was nothing unusual in the outside world.

After coming out of seclusion, Yang Chen had been dealing with the Chen family's affairs.

With Zhou Muchun exterminated, the Chen Clan would be able to obtain a period of development. At the same time, Chen Yang could gradually implement some of his plans.

Just like that, it was the 13th day of the nth month of the 3rd year of Qiyuan.

On this day, a large number of flying carriages slowly landed outside Chen City.

Seeing the symbol on the chariot, the pedestrians on the road hurriedly made way for them. This was because the symbol on the chariot was the official proof of the royal family of Da Qian.

Someone from the royal family actually came to Chen City!

Moreover, looking at the scale, there were not a few at all. Could it be that there was something else?

For a moment, everyone was discussing animatedly.

Ever since the Chen Clan had destroyed Zhou Muchun, the number of major powers that had come to Chen City was not small. However, this was the first time the royal family had come. It made people wonder if there was something going on.

Prince De ignored the discussion of the passers-by and said to the descendants of the royal family who had followed him, "Remember, when you arrive in Chen City, you must behave properly. Don't let the Chen family see us as a joke."

"We understand!"

Hearing this, Prince De nodded his head in satisfaction. Then, he led a group of people into Chen City.

The guards at the gate of the city, from afar, saw the princes and pedestrians, and saw the symbols on their bodies.

The guards subconsciously made way for the fear of the royal family.

However, after seeing the two golden words "Chen Family" on the city wall, the guards regained their courage and slowly waited for Prince De and the others to arrive.

When Prince De arrived, the captain of the guards stepped forward. "Stop, please explain your purpose."

"Are you blind? Don't you recognize the symbols on our bodies?" The moment the guard finished speaking, the middle-aged man behind Prince De berated.

Since when did the royal family need to check the cities of Da Qian?

11

Don't be rude!"

Prince De berated him before smiling. "Guards, you are good. They are all members of the Great Qian royal family."

"We came here today to discuss something with the Chen family."

Prince De's polite attitude stunned the guards and the merchants.

When did the royal family become so polite?

However, on second thought, this was Chen City. With the Chen family's current power and influence, even the royal family had to be polite to the guards of Chen City.

The Chen family was getting stronger and stronger...

The royal family was also lonely...

Hearing Prince De's polite words, the captain couldn't help but feel excited. He didn't expect Prince De of Da Qian to be so kind to him.

Thank you, Chen Family!

However, no matter how excited he was, he still had to do what he had to do. Immediately, the guard captain quickly said, "Please wait a moment, Your Highness. I will ask the Chen family to come and welcome you."

"Okay, go ahead."

Prince De sighed as he watched the guards leave.

He did not expect the guards of Chen City to have such courage and resourcefulness. The courage was that they could still talk freely in front of him.

As for knowledge, he had clearly gone to investigate their identities, but he said that he had invited the Chen family to welcome them.

This would complete the mission and give them enough face.

It seems that my royal family is a little lacking...

Not long after, Chen Yang and Chen Xuan arrived at the north gate to welcome

Prince De.

“Chen Yang greets Prince De.” After arriving at the north gate, Chen Yang stretched out his clothes and cupped his hands in greeting.

Prince De hurriedly stepped forward to support Chen Yang. With the current status of the Chen Family, Prince De did not dare to let Chen Yang bow to him.

“Family Head Chen, there’s no need to be so polite. I’ve come to disturb you.” Prince De laughed.

“You’re right.”

Yang Chen also smiled, “Prince De graced us with your presence. You have brought light to my humble abode. I am extremely grateful.”

“Prince De, please!”

Immediately, Yang Chen led Prince De and the others through the north gate and slowly entered the Chen family.

When they arrived at the Chen family, Chen Yang first asked Chen Xuan to settle down the members of the royal family. Chen Yang himself brought Prince De into the reception hall.

Chen Yang had already noticed that Prince De had something to say to him. Without needing Prince De to mention it, Chen Yang sent the others away.

When they arrived at the reception hall, Yang Chen poured a cup of tea for Prince De and then went to the main seat. After sitting down, he asked with a smile, “Prince De, why have you come this time?”

Hearing this, Prince De put down the teacup in his hand and smiled. “I came here for two reasons.”

“The first is to represent the king to fulfill the king’s promise.”

With that, Prince De stood up and took out a golden book from his bosom. He read it aloud, “The Great Qian Imperial Decree: Granting Chen Yang the title of Nanyang County Prince. From today onwards, Nanyang County will be the Chen Family’s fief.”

The imperial edict was very simple. There was no need to write those high-sounding words for such an exchange of interests.

Moreover, the Chen family was not weak. If they wrote those rewards, wouldn’t they think that the Chen family was a vassal of the royal family?

That was why the imperial edict was so simple.

Of course, it didn’t matter if it was a false reputation or not. What Chen Yang valued was the three benefits that Zhou Tianke had promised.

Prince De knew what Yang Chen was thinking. He placed the golden book on the tea table and took out two bags.

One was a storage bag, and the other was a subdued beast bag.

“Lord Chen, this storage bag contains 1,000 Spiritual Crystals and 1,000,000 Spiritual Stones. This Imperial Beast Bag contains three demon beast cubs with the bloodline of the Demon King.”

“As for the three spirit medicines or spirit tools that His Majesty promised you, you will have to personally go to the capital to choose.” Prince De said.

Chen Yang smiled as he put the storage pouch and beast pouch into his bag. “Thank you for your reward, King De. What’s the second matter?”

“The second matter is a private matter of the Zhou clan and does not represent the royal family of Da Qian.”

“It’s like this. Our Zhou clan already has many women waiting to be married, and their requirements for partners are relatively high.”

“And the Chen family doesn’t lack prodigies the least, so I plan to ask the Chen family leader if our two families can marry.” Prince De said..

Chapter 315: That’s Right, That’s What I Think

“Marriage? That’s not impossible. However, my Chen family pursues free love. If you want to marry into my Chen family, the most basic thing is that my clansmen have to be willing.”

“Prince De, it’s not that I don’t want to give you face, but this matter concerns the cohesiveness of my clan. I can only apologize.” Yang Chen smiled.

Hearing this, Prince De hurriedly smiled and waved his hand. “I know the rules of the Chen Family. My royal family will not force anyone, as long as the Chen Family Head does not stop them.”

“Why should I stop them? It is the Chen family’s honor to be able to marry into the royal family.” Yang Chen smiled.

“In that case, thank you, Patriarch Chen.” Prince De heaved a sigh of relief.

As long as Chen Yang didn’t stop Prince De, he was confident that his family’s girl would be able to attract the Chen family.

A fast-growing family like the Chen family would definitely not pay too much attention to the education of their clansmen. Their words and actions were definitely inferior to the descendants of the royal family.

Was he afraid that the Chen clan’s sons wouldn’t be fascinated by this comparison?

Furthermore, Prince De had not only brought young girls of the royal family’s age, but also many young talents. His goal was also to form a marriage alliance.

If they were only married, their relationship would be a little worse. It was better to have a deeper relationship with someone who was married.

“Since the Chen Family Head is willing to marry, when can we let them meet?” Prince De asked.

“Tomorrow then. It just so happens that my Chen Family’s clan competition is tomorrow. I would like to ask Prince De to give me some pointers.”Yang Chen said.

“I don’t dare to give you pointers.”

After the two of them exchanged pleasantries, Chen Yang arranged a banquet to entertain Prince De.

As for the rest of the royal family, Chen Xuan was in charge of entertaining them.

At the same time, the purpose of the royal family coming here was gradually known by the direct descendants of the Chen family.

Marriage!

The royal family was planning to have a marriage alliance.

Almost all the unmarried direct descendants were discussing this matter.

In the Martial Arts Practice Field, a few young direct descendants of the Chen family were gathered together, discussing the matter of the royal marriage.

“Have you seen the women of the royal family? How does he look?”

“What, you really intend to marry into the royal family?”

“Is there a problem?”

“Of course there’s no problem. Have you thought about it? They’re a group of young ladies. I don’t know how to serve them if I marry them.”

“Hey, you’re so prejudiced. Our Chen family is also powerful, but we haven’t seen the women of the Chen family being so rude and difficult to serve.”

“How can that be the same? What kind of education have we received? I dare say that there is no one in the entire Da Qian Dynasty who knows more about etiquette and upbringing than our Chen family.”

Hearing this, everyone looked at the white-robed young man sitting on the stone chair.

This person was Chen Mingyu, the son of Chen Xiao, the Tenth Elder of the Chen Family. His martial talent was outstanding, and he was at the peak of Level Seven. If he did not fall in the future, it would not be a problem for him to cultivate to the peak of the Core Formation Realm.

In addition, his father, Chen Xiao, was the only person in the Chen family who possessed a high-grade beast bloodline. One could imagine his status.

Although the Chen family did not have so many perfunctory thoughts, it was their nature to be strong. In addition, their seniority was one generation higher than them, so these young direct descendants were willing to listen to Chen Mingyu.

Seeing that everyone was looking at him, Chen Mingyu thought for a moment and immediately said, "None of us have ever seen a royal woman before, so it's not good to speculate."

"Anyway, we'll meet sooner or later in the future. We don't have to be anxious. If we like her, we'll marry her. If we don't like her, then forget it."

"As for tomorrow's Family Competition, I heard that Seventh Uncle took out a young demon beast with the bloodline of a demon king to reward the first place in the Family Competition."

Hearing this, the group of young people gasped.

"A cub with the bloodline of a Monster King, why is Seventh Grandpa so generous?"

"What are you saying? When has 7th grandpa not been generous? I wouldn't be surprised even if 7th grandpa took out the baby demon emperor."

"But why didn't 7th grandpa tell us in advance? It'll also allow us to prepare early."

"Little Uncle, what do you think?"

Chen Mingyu thought for a moment and guessed, "I think Seventh Uncle is warning us."

"Warn us? What do you mean?"

Chen Mingyu continued, "If Seventh Uncle had told us earlier, we would have cultivated diligently for this baby demon king."

"But this way, it's impossible to judge who's putting in effort in martial arts and who's not."

"If they didn't tell us the rewards, we would definitely treat this race competition as an ordinary race competition, and no one would specially cultivate it."

"I think Seventh Uncle is using this reward to tell us that no matter what, we must always take cultivation to heart."

"As long as we devote ourselves to cultivation, the clan and our efforts will not owe us anything."

Hearing Chen Mingyu's words, all the geniuses became excited.

So this was what 7th grandpa was planning. Alright, we must work hard to cultivate and not let 7th grandpa down!

Outside the Martial Arts Stage, Prince De heard Chen Mingyu's words and said with slight admiration, "It turns out that the Chen clan leader has put in so much effort. No wonder the Chen clan has developed so quickly."

Yang Chen smiled.

What was going on? He had also suddenly thought of using Zhou Tianke's reward to motivate his clansmen.

He did not expect Chen Mingyu to think so much.

No, that's what I was thinking.

Yang Chen smiled and said, "In order to develop the family, I can only put in effort in all aspects."

Time passed in a flash. In the blink of an eye, it was the day of the Chen family's family competition.

This year's family competition was different from the past. All the Chen family members who participated in the family competition knew that the royal family was going to marry the Chen family.

Out of curiosity towards the royal family, regardless of whether it was the direct descendants of the Chen family or the collateral relatives, they were all ready to perform well.

After all, they were still young. Who wouldn't want to show off in front of the other family disciples?

The women and men of the royal family also looked at the Chen family members with curiosity. They were very clear about the purpose of this trip.

For the sake of the family, they were naturally willing to sacrifice themselves for the marriage alliance with the Chen family.

However, even if he sacrificed himself, he had to make a good choice. He could not marry a profligate son.

In the VIP seats.

Prince De sat beside Chen Yang and smiled. "Lord Chen, how about the women of my royal family?"

"As expected, golden branches and jade leaves are extraordinary." Yang Chen subconsciously said something nice.

Hearing this, Prince De hurriedly asked, "Then is the Chen Clan Leader willing to choose one of them to find a wife for himself?"

Hearing Prince De's words, Chen Yang jumped in fright. What a good fellow, this was a thought.

Yang Chen smiled. "Prince De, I'll say it again. The Chen family believes in free love. I have no feelings for these royal women. How can I marry them?"

Chen Yang's words were already very polite, and Prince De also understood that he could only choose to settle for the second best and see if he could marry a direct descendant of the Chen family..

Chapter 316: The Zhou Clan's Clansmen Caught in Self-Doubt

“Patriarch, we can start now.”

Just as Chen Yang and Prince De were talking, Grand Elder Chen Xuan stepped forward and told Chen Yang that the competition could begin.

Chen Yang smiled at Prince De, “Prince De, please excuse me for a moment.”

“Please go ahead, Chen Clan Leader.” Prince De hurriedly said.

Immediately, Yang Chen left his chair and stepped forward. His majestic voice spread throughout the entire martial arts arena.

“It’s the start of the annual clan competition, so I won’t waste my time on idle chatter. I hope that everyone will always remember how difficult it was for our ancestors to establish their clans and work hard in cultivation.”

“Today, you are proud to be born in the Chen family. I believe that it won’t be long before the Chen family will be proud of you!”

As soon as these words were said, the young clansmen of the Chen family instantly became excited.

It won’t be long before the Chen family will be proud of us!

We will definitely work hard to cultivate and not let down the clan’s expectations of us!

Even the disciples of the royal family were ignited by these words. When would the royal family be proud of them?

Hearing Yang Chen’s words, a hint of fear flashed across Prince De’s eyes.

Indeed, what one saw was better than what one heard. This Yang Chen was indeed powerful! These two short sentences were worth thousands of words of encouragement!

After mobilizing the emotions of his clansmen, Yang Chen continued, "In order to reward everyone, I've decided to reward the first place of this family competition with a young demon beast with the bloodline of a demon king."

As soon as these words were said, the young clansmen of the Chen family instantly boiled over.

He did not expect that the clan would actually reward the first demon king cub. If they could obtain this demon king cub and nurture it for a long time, wouldn't they be able to be on par with Supremacy Zifu in the future?

It wasn't just the young members of the Chen family. The members of the royal family who had come with Prince De were also shocked.

The Chen Clan's clan competition actually had such a reward!

Even their royal family would not take out a demon king cub to reward their clansmen during the clan competition.

Could it be that the resources that the Chen family had already surpassed the royal family?

No matter what these people thought, Yang Chen had achieved his goal. Looking at the young clansmen who were filled with fighting spirit, Yang Chen smiled in satisfaction.

"Everyone, I hereby announce the start of the clan competition!"

As soon as Chen Yang finished speaking, the sixth elder of the Chen family, Chen Nan, walked to the martial arts practice field. "I will be the judge for this family competition."

“The first battle, the Direct Line Chen Daoyuan against the Collateral Branch Chen Feng. The battle begins!”

Due to the rapid development of the Chen family, although the Chen family was already ranked as a Rank-8 force, it was even stronger than a Rank-7 force.

However, the number of clansmen in the clan was only equal to that of an ordinary ninth-rank aristocratic family.

This also led to the Chen family’s family competition not having qualifiers, but directly opening the finals, and there was no stage.

With the Chen family’s young clansmen, once they set up the sub-stages, the clan competition would probably be over in less than half a day.

This young family competition could be treated as a family celebration. He had never heard of a celebration that ended in half a day.

Therefore, the Chen family directly used an arena to hold the family competition. Although the scale did not seem to be comparable to the other aristocratic families, at least the time could be balanced.

As Chen Nan’s voice fell, two people walked out from the Chen family’s young clan members.

One of them was dressed in a blue robe and wore a crystal-blue crown on his head.

Don’t look down on that crown. It was an Eighth-Grade Spirit Tool that could nurture a martial artist’s spirit anytime and anywhere.

Judging from his attire, this person was a young master from a wealthy family.

The other person’s attire was a little shabby, but that was only in comparison.

If there was no comparison, that person's attire was completely comparable to the attire of a direct descendant of an Eighth-rank Aristocrat Family.

These two people were the participants of this year's Family Competition.

The blue-robed young man was Chen Daoyuan, a direct descendant of the Chen family, and the other was Chen Feng, a collateral relative.

Seeing the two of them walk onto the martial arts field, the royal family members immediately perked up and planned to see the strength of the Chen family members.

However, these people's eyes were more or less filled with disdain, with a hint of guidance from a superior.

To put it bluntly, this group of people thought that the Chen family was just lucky enough to obtain a puppet.

The strength of their clansmen was equivalent to that of a normal member of an eight-rank aristocratic family. There was nothing much to learn from them.

"Should I say it or not, the Chen family members are quite good-looking." A daughter of the Zhou family laughed.

ii

Just having good looks is not enough. If you want to marry us, you have to be strong enough." Another daughter of the Zhou family said.

"Compared to strength, I value etiquette more. I just don't know if the Chen family, which has suddenly risen, has any education on etiquette."

A conflicted look flashed across the eyes of a legitimate woman from the Zhou family. She did not want to marry a vulgar man who did not know etiquette.

“Sigh, it’s difficult. How could this etiquette be cultivated in a short period of time? We should lower our requirements. It’s fine as long as we pass.” Another Di daughter sighed.

While the Zhou Family members were discussing, Chen Daoyuan and Chen Feng were also ready.

ii

Let the competition begin!” Chen Nan quickly said.”

Hearing this, Chen Daoyuan and Chen Feng first bowed to each other. Then, they erupted the spiritual energy in their bodies and fought each other.

This burst of spiritual energy gave the Zhou clan members a fright.

This was because they were shocked to discover that both Chen Daoyuan and Chen Feng were above the seventh level of Qi Refinement.

One had to know that these two people were not older than 20 years old.

The Zhou Clan members might not necessarily surpass them in terms of cultivation in this grade.

“I think the Chen family must have deliberately chosen the most talented clansman in the clan to lead the clan competition in order to leave a good impression on us.” A member of the Zhou Family guessed.

This guess was approved by most of the Zhou Family members.

This was because they could not believe, nor did they want to believe, that the quality of the Chen clan’s clansmen was already comparable to their Zhou clan.

However, this theory was soon shattered by reality.

Almost none of the young members of the Chen clan who went on stage were below the seventh level of Qi Refinement. Even the members of the collateral family were the same.

As for that Chen Mingyu, he had even broken through to the Meridian Unsealing realm before the age of twenty!

At this age and cultivation level, even in the Zhou Consortium, he was a monstrous existence!

“Could it be that the strength of the Chen clan has already caught up to our Zhou clan?” The first daughter of the Zhou family, who had valued the strength of the marriage partner, said in astonishment.

“How is this possible? The Chen family is only at Rank-8. They can only be compared to our Zhou family by relying on puppets?”

The rest of the Zhou clansmen were also shocked.

It was no wonder that the Zhou family members were so puzzled.

Because no one knew that in addition to the huge annual income of spiritual stones, the Chen family also had an annual income equivalent to that of a seventh-rank force outside the Endless Mountain Range.

In addition, there were too few members of the Chen family. The amount of resources that each person could get was an unbelievable number.

Not to mention the Zhou Consortium, even the Li Clan couldn't compare to the Chen Clan in terms of cultivation resources.

With such a huge amount of resources, even if the Chen family members were not talented, their cultivation speed before opening their meridians was still very impressive.

As a result, the Chen family, which was only an eighth-rank aristocratic family, was comparable to the Zhou family, a sixth-rank aristocratic family.

However, compared to the cultivation base of the Chen Clan, the endless trump cards that he had were what shocked the Zhou Clan the most.

This was because they saw a beastmaster charging to the front with a sword in hand, getting his subdued beast to support him.

In addition, they had never even heard of the various martial arts of the Chen family, let alone seen them.

The most shocking thing was that they actually saw a Chen family member draw an array with his bare hands.

This was simply beyond their knowledge!

If not for the Chen family's array master Ling You explaining to them that this was a legendary martial arts array, an array master's initiative to attack.

The meaning was equivalent to martial arts. They thought that the Chen family had produced many array formation experts.

These trump cards had caused the Zhou clansmen to sink into deep self-doubt.

H

So, is the Chen family an eighth-rank aristocratic family, or is our Zhou family an eighth-rank aristocratic family?"A son of the Zhou clan smiled bitterly.

In the VIP seats.

Prince De put away the shock in his eyes and turned to look at Chen Yang.” The nobles actually have so many legendary things?”

Damn it, a martial arts array. Even he had never heard of this before.

Not to mention some martial arts that he had never seen before.

If not for the fact that he was a Prince of the Zhou Consortium, he would have wanted to join the Chen Clan.

“Good luck, just good luck.” Yang Chen smiled.

If it weren’t for the remains of the Yang Gate, the Chen Family wouldn’t have been able to grasp so many trump cards.

After decades of development, the inheritance of the first circle had gradually been inherited by the Chen family.

A large number of martial arts techniques filled the library of the clan, causing

Yang Chen’s father, who was guarding the library, to have a headache.

He had thought that it was an idle job, so he had come over to distribute his waste heat energy.

In the end, he realized that this was not an easy job. It was simply a hot potato.

In order to help his father, Chen Yang had asked the ancestor Chen Tao to return to the Chen family to help his father guard the library.

Moreover, this was only revealed. Those that were not revealed, such as pill formulas, blacksmithing blueprints, array formation blueprints, and so on, were the true trump cards of the Chen family.

With these things, as long as there was enough time, the Chen family could quickly grow stronger.

Back to the main topic.

As time passed, the competition officially came to an end.

Among them, Chen Mingyu obtained the final victory. Under everyone's envious gazes, Chen Yang handed a demon king cub to Chen Mingyu.

Seeing this, Chen Mingyu said excitedly, "Thank you, Seventh Uncle. I will definitely work hard to cultivate and strive to make my own contribution to the clan as soon as possible!"

"Yes, it's good that you have such thoughts." Yang Chen nodded in satisfaction.

After the Family Competition ended, the two parties officially began the marriage alliance. In order to enhance the relationship between the two parties, Chen Yang specially asked the young members of the Chen family to bring the royal family around Chen City.

Prince De followed behind them in the name of protecting them.

The main reason was that Prince De was afraid that his clansmen would be too domineering and anger the Chen clan.. How could he marry them?

Chapter 317: The Arrival of Li Ke, The Tyrannical Li Family

This Prince De's fear was somewhat groundless.

Because of the clan competition, these sons and daughters of the Zhou clan had long let go of the contempt in their hearts.

He even felt a little inferior.

How could he be so arrogant and despotic under the influence of such emotions?

Seeing that his clansmen were not domineering, Prince De heaved a sigh of relief. However, in the next moment, Prince De became worried again.

This was because Prince De discovered that the Chen family's Di sons had a refined manner of speech that completely trampled the Zhou family's Di sons under their feet.

Those Zhou's Di daughters were completely subservient to the talent of the Chen's Di son.

As for the eldest daughter of the Chen family, she did not even look at the eldest son of the Zhou family.

This made Prince De extremely uncomfortable. Originally, Prince De's plan was to let both sides have a go at each other.

In the end, his plan was completely ruined.

Because in such an obvious comparison, Prince De would not believe that the daughter of the Chen clan would take a fancy to the son of the Zhou clan.

"Sigh, if I had known earlier, I would have brought out the true monster of our Zhou Corporation." Prince De said regretfully.

Actually, from the bottom of his heart, Prince De did not think much of the Chen family.

Prince De believed that even an ordinary Di son of the Zhou clan was enough to captivate the Di daughters of the Chen clan.

However, from the looks of it, even the most monstrous son of the Zhou family might not be able to compare to the son of the Chen family.

Especially when they saw Chen Mingyu confidently narrating Chen City to the Zhou's Di daughters, their eyes were filled with fascination.

The son of the Zhou family followed behind like a lackey, trying to curry favor with the daughter of the Chen family, but was rejected by her. Prince De was furious.

A bunch of sh * t, are you still the legitimate sons of the Zhou family?

I really...

If it wasn't for Chen City, Prince De would have already captured this group of bastards and cleaned them up.

At the same time, Prince De was also suspicious of how the Chen Family had nurtured their clansmen to have such outstanding knowledge and self-restraint.

Prince De would never have thought that even when the Chen family was at its weakest, they had not given up on educating their clansmen.

At that time, he even took out half of the family's resources to invest in education.

No matter which aristocratic family it was, it was unimaginable.

After all, if Yang Chen hadn't insisted, the Chen family probably wouldn't have invested so much in education.

As for the results, it was obvious.

Moreover, Yang Chen had said from the very beginning that he would never neglect etiquette education. This also led to the fact that the Chen clan members who came out of the clan school would definitely not be inferior to any clan in etiquette.

At the same time, the Chen clan also collected many strange things in the world to increase the knowledge of the Chen clan members.

Moreover, the Chen family's long-term dominance had also filled the Chen family with confidence.

It was this confidence that allowed the Chen Clan members to not be at a disadvantage in front of the Zhou Clan members. In fact, even the Zhou Clan members felt inferior to them.

Elegant in speech, knowledgeable, powerful in strength, with many trump cards. The key was that he was much stronger than his Di son.

So, how could he not be fascinated by the daughter of the Zhou family?

Shaking his head, Prince De sighed and could only endure the pain and continue to follow.

As the direct descendant of the Chen family brought the members of the Royal family to visit Chen City, Elder Li Keke also quietly arrived in the Chen family.

In the guest hall.

Li Kehua looked at Chen Yang, who was sitting at the head of the table, and sighed, "Sigh, Lord Chen, you're in big trouble this time."

“Oh?”

Yang Chen’s eyes turned cold, but his expression did not change.””May I ask Elder Ke Lu, what mistake did my Chen family make?”

“What did you do wrong?”

” I’ve just told you that you’ll need my Li Clan’s approval to use the puppets, but what happened next? You used the puppets to destroy Evil Sect.”

“Although this goal is good, you still violated the Li family’s rules. Look at you, even if you report it later, I can still say that it happened suddenly.”

“But how long has it been? You didn’t say a word. Isn’t this clearly slapping the Li family’s face?” Li Kehua complained.

Yang Chen narrowed his eyes as he listened to Li Ke’s words. He smiled and said,””Hahaha, I was careless for a moment and made a great contribution. I was a little complacent. I hope the Li family can forgive me.”

“It’s good that you know.”

Li Kehua glanced at Yang Chen and said,””However, your intentions are good. My Li family can’t risk the world’s condemnation to blame you.”

“However, this punishment is definitely necessary. Otherwise, my Li family will not be able to command the other vassal families.”

“Yes, yes, yes,” Yang Chen quickly replied,”The Chen Family is willing to accept the punishment.””

Seeing that Yang Chen was so tactful, Li Kehua didn't say anything more. He immediately told Yang Chen about the Li family's punishment," Family Head Chen, after our discussion, the family head has decided to punish the Chen family with one million spirit stones."

"You don't have any objections, do you?"

"No, no, absolutely not." "Please wait for a moment, Elder Ke Lu. I'll go prepare the spirit stones immediately." Yang Chen smiled."

"Yes." Li Kehua nodded in satisfaction.

At the same time, he praised Yang Chen in his heart. Yang Chen was famous at a young age, but he did not have the slightest bit of arrogance or recklessness.

Knowing when to advance and when to retreat, knowing the strong and the weak, under the leadership of such a person, it would be difficult for the Chen family not to become strong.

Not long after, Yang Chen returned with the storage bag.

Yang Chen handed the storage bag to Li Kehua and smiled." "There are a million spirit stones in here. Please put in a good word for my Chen family in the future."

"Mm, don't worry. You are my son-in-law's disciple, so I will naturally side with you."

Li Kehua said with a smile. Then, he checked the spirit stones in his bag of holding, but there was a problem.

"Clan Leader Chen, I remember that I said that this spirit stone is one million, right?"

"That's right, there's a million yuan inside."

“Really?” “But no matter how I look at it, there are more than a million spirit stones in here.””

Hearing this, Chen Yang smiled and said, “We can’t let Elder Inscription work hard for our Chen family for nothing. This extra spirit stone can be considered as Elder Inscription’s hard work fee.””

“Ha ha ha, a talented commander like the head of the Chen Clan, why worry about the prosperity of the Chen Clan?” Li Kehua looked at the spirit stones in his storage bag and smiled in satisfaction.

Good heavens, there were nearly 200,000 spirit stones inside.

It seemed that the Chen family had really made a fortune this time.

After sighing slightly, Li Ke stood up and said, “Chen Clan Leader, since I have already passed down my orders, I will not stay any longer.”

“Chen Clan Leader, before I leave, let me remind you.”

“I know that you have a huge chasm in your chest and are absolutely unwilling to submit to any faction, but you have to understand that sometimes, when it’s time to submit, he has to submit.”

“Thank you for your guidance, Elder Yang!” Yang Chen said seriously.

Seeing this, Li Ke showed an expression of a promising elder and immediately turned around to leave.

After Li Kehua disappeared, the smile on Yang Chen’s face also disappeared.

Yang Chen then sat on the main seat, picked up a cup of tea, and drank it in one gulp.

“I’ll remember the Li family.”

As soon as he finished speaking, the teacup was crushed by Yang Chen.

Chen Yang had always avoided the Li Family and had always been forbearance.

But now, it seemed that he could no longer tolerate it.

After putting aside the Li family's matters, Yang Chen continued to receive the royal family. After a month of shopping, Yang Chen began to work on the marriage.

Chen Yang first asked his family's direct descendants to see if there were any who took a fancy to the other party. If there were, Chen Yang would go to Prince De and see if the royal family was willing.

If both parties were willing, they could directly form a marriage alliance.

After half a month of discussion, a total of eleven daughters of the royal family were married to the sons of the Chen family, allowing the two parties to facilitate the marriage relationship.

After completing his mission, Prince De left in satisfaction.

Yang Chen followed Prince De to the capital. His goal was naturally the three chances to choose the treasure promised by the royal family.

At the same time, the news that the royal family had conferred Chen Yang the title of King of Nanyang had spread.

The people and the major powers of Da Qian were not surprised by this.

After all, the Chen family had made a great contribution. It would be unreasonable if they were not conferred the title of king. And according to the judgment of the large factions, this title of emperor might just be on the surface.

Privately, the royal family must have given many rewards to thank the Chen family.

If it wasn't for the Chen family, the royal family's reputation wouldn't have been as bad as it was now after the matter was exposed. At that time, it would be good enough if the entire family wasn't destroyed by the angry crowd.

After all, the dynasties outside would not let go of such a good opportunity.

As for Nanyang's fief, it was dispensable. Even if he didn't make Nanyang a king, wouldn't Nanyang be the Chen family's territory?

This title of king would only save Nanyang's taxes.

For the Chen family, the tax revenue of Nanyang was nothing to them.

Amidst the heated discussion, Yang Chen also officially arrived at the capital.

In the palace, Zhou Tianke received Chen Yang alone.

In the guest hall, Zhou Tianke first asked a servant to serve Chen Yang a cup of tea before dispersing them, leaving only him and Chen Yang in the hall.

After everyone else left, Zhou Tianke smiled and said, "Clan Leader Chen, this mission was well done."

"No, no, it's just the hard work of the Heaven Dragon Guards. My contribution is insignificant." Yang Chen smiled.

"Haha, Chen Clan Leader is too polite."

"Oh right, I heard that the Chen clan leader has sent people to seal off the ancestor's manor. No one is allowed to enter." Zhou Tianke asked again.

Yang Chen smiled and said, "I found a stone inside that can take one's soul away. To protect the safety of others, I sealed the place."

"Oh, I see."

Zhou Tianke's eyes narrowed slightly. The soul-stirring stone sounded like that thing. It seemed that he would have to ask the adults later.

If it really was that thing, then he would have made a great contribution.

After thinking about it, Zhou Tianke continued to smile. "Now that the Chen Clan Lord has come personally, I believe he is here to choose a treasure."

"Forget it, I won't spoil the mood of the Chen clan leader. Now, I'll bring you to our treasure vault."

Yang Chen's eyes lit up.

I can finally choose my treasures. Who wants to be polite with you here?

Immediately, under Zhou Tianke's lead, Chen Yang officially entered the treasury of the Zhou Clan of the Great Qian Dynasty..

Chapter 318: Shen Qiyu Arrives in the Sixth Year of Qiyuan

In the royal treasury, Yang Chen could not help but sigh as he looked at the dazzling array of treasures in front of him. Compared to this thousand-year-old family, the Chen family's foundation was still weak.

Zhou Tianke walked to Chen Yang's side and introduced him, "Lord Chen, the royal family's treasury is divided into two levels. The first level is where treasures of the seventh rank and below are stored."

“The second level is for treasures of the sixth grade and above. Please choose a treasure that you are satisfied with, Chen Clan Leader.”

Hearing this, Yang Chen didn't stay for long and went straight to the second level.

Although the treasure did not have to be of a high grade, the most important thing was that it was suitable.

However, Chen Yang was not in urgent need of a certain treasure, so he might as well choose a high-grade treasure.

After entering the second level, the number of treasures was clearly much less than the first level.

Meanwhile, Yang Chen calmed down and started to pick slowly.

Zhou Tianke was not in a hurry either. He quietly waited for Yang Chen to make his choice.

About an hour later, Yang Chen finally finished choosing the three treasures.

Looking at the three treasures that Chen Yang had chosen, Zhou Tianke smiled and said, “Clan Leader Chen has good taste. Any one of these three treasures can be considered the national treasure of our Great Gan.”

“For example, this grade six spirit weapon, the Cold Origin Sword. Even though it's grade six, its value isn't inferior to a grade five spirit weapon.”

“Back then, our Zhou clan spent a lot of effort to obtain this Cold Essence Sword.”

Hearing this, Chen Yang's eyes flashed with curiosity. “Your Majesty, I only chose the Cold Essence Sword because I felt that this spiritual weapon was extraordinary.”

“I wonder if Wang Shang can tell me what is so special about this Cold Essence Sword?”

“Fine, then I’ll speak on behalf of the Chen Clan about the three treasures you’ve chosen.”

Zhou Tianke cleared his throat and slowly said, “Firstly, this Cold Essence Sword. Why do I say it’s precious? It’s because the Mystical Materials used to build it are all fifth-grade and above.”

“You might be wondering why you would use so many precious spirit materials to forge a grade six spirit weapon.”

“Don’t be anxious. Let me come slowly.”

“The reason why we need to use so many precious Mystical Materials to forge this grade six spirit weapon is because this Coldorigin Sword has a weapon soul!”

“Patriarch Chen should know that a spirit weapon with a weapon soul is much more powerful than a spirit weapon of the same grade without a weapon soul.”

“Of course, this is only an additional product produced by the soul. The true ability of the soul is to help martial artists fully master spiritual artifacts.”

“With the help of a tool spirit, a martial artist can use a spirit tool as if it were his own arm. The Chen Clan Leader should be able to understand how this kind of spirit weapon could increase a martial artist’s battle prowess.”

Yang Chen nodded his head. Generally speaking, when a martial artist used a Spirit Tool, there would more or less be some obstruction.

After all, it was an inanimate object, so it was naturally not as useful as his own arm.

According to Zhou Tianke, if a tool soul could help a martial artist, like using one’s own arm to use a spirit tool, then one could imagine how much it would improve a martial artist.

He didn't expect Yang Chen to choose a Spirit Tool that contained a Tool Soul.

However, Yang Chen was a little confused. Why didn't he sense the existence of the artifact soul?

Zhou Tianke seemed to have noticed the doubt in Chen Yang's heart as he smiled and said, "Did the Chen Clan Leader not sense the existence of the artifact soul within the Cold Essence Sword?"

"This is also one of the great advantages of the Coldessence Sword. This Coldessence Sword is like a puppet. It needs to recognize a master before it can be used."

"You need to recognize me as your master?"

Chen Yang was stunned. According to his current understanding, only puppets needed to recognize a master for Spirit Tools below the Fifth Stage.

And now, the Cold-Essence Sword actually needed to recognize a master.

If that was the case, then the value of this Cold Essence Sword's True Qi was very high. If there was a fierce battle and he accidentally lost the Cold Essence Sword, he would not have to worry about the enemy picking up the Cold Essence Sword to deal with him.

"How was it? Didn't I say that this Cold Essence Sword is very powerful?" Zhou Tianke echoed with a smile.

Yang Chen smiled and nodded. Then, he changed the topic. "Your Majesty, can you continue to introduce the remaining two treasures to me?"

"Of course not."

Zhou Tianke could be said to have answered Yang Chen's question without reserve. He immediately continued, "The second treasure you chose is a Tier 5 Spiritual Medicine, the Primordial Dao Grass."

“This Primordial Dao Grass is extremely rare in the Endless Mountain Range. When my Zhou family obtained it, we didn’t recognize it.”

“Fortunately, there are records about the Daoyuan Grass in the family’s ancient books. Only then did we know what kind of spiritual medicine this Daoyuan Grass is.”

“Back to the main topic. This Dao Elemental Grass is a fifth-grade spirit medicine, so it naturally has its own unique effect. It can increase the chances of a Zifu Disciple breaking through to the third level.”

“What?”

Yang Chen was stunned. The reason why he chose the Primordial Dao Grass was because he had taken a fancy to the grade of this fifth-grade herb. He did not know the effects of the Primordial Dao Grass.

He did not expect that this Primordial Dao Grass would actually be able to increase the chances of a Zifu Disciple breaking through and ascending the stage.

Why didn’t the Zhou Consortium use such a precious spirit herb?

Immediately, Chen Yang told Zhou Tianke about his doubts, “Your Majesty, this Primordial Dao Herb is so effective. Why didn’t the royal family use it?”

Zhou Tianke explained, “Clan Leader Chen, you might not know this. Although the effects of this Primordial Dao Herb are good, its medicinal properties are extremely violent.”

“After consuming it, there is a 30% chance of dying on the spot. Unless you combine it with the Water Element Grass, which is also a fifth-grade spiritual medicine, you will be able to offset its violent medicinal properties.”

“It’s a pity that my Zhou clan has been searching for a long time, but we haven’t found any traces of the Water Elemental Grass..”

Chapter 319: Shen Qiyu Arrives in the Sixth Year of Qiyuan

Hearing Zhou Tianke's explanation, Yang Chen took a deep breath.

That was close. If he had consumed the Primordial Dao Grass blindly, wouldn't there be a chance that he would be killed by the violent medicinal properties?

Immediately, Yang Chen decided not to consume it before he figured out the medicinal properties of the Primordial Dao Herb.

Chen Yang did not completely believe Zhou Tianke's words.

Who knew if Zhou Tianke was telling the truth? It was better to ask the Shen family when they arrived.

After talking about the Primordial Dao Grass, Zhou Tianke continued to talk about the third treasure that Chen Yang had chosen.

"This third treasure is a grade five spirit weapon, the Great Sun Bow. There's nothing special about this Great Sun Bow, and it's quite ordinary."

"If I have to find a special point, it would be that there are very few bow-type spirit tools. The rarer an item is, the more valuable it is. The Great Sun Bow's price will also be a little higher."

Hearing Zhou Tianke's words, Chen Yang's eyes flashed with a trace of pity.

He had originally thought that there was something special about this bow, but now that he looked at it, it turned out to be an ordinary bow.

However, it was enough. Just as Zhou Tianke had said, bow-type spirit weapons were rare to begin with. The rarer an item was, the more valuable it was. The value of this Great Sun Bow was not low.

After choosing the treasure, Yang Chen did not stay for long and left the capital in a flash.

After returning to Chen City, under Yang Chen's orders, the Chen family began to keep a low profile.

Two and a half years passed.

Qiyuan 6th year, 4th month, 17th day. This date was nothing special to Da Qian.

But to the Chen family, it was somewhat important.

Because today, Shen Qiyu of the Shen family once again took the resources and crossed the Endless Mountain Range to reach the Chen family.

In the guest hall, Chen Yang quickly invited Shen Qiyu to sit down.

After both parties sat down, Yang Chen smiled and said, "Second Great Grandpa, why didn't you tell me in advance so that I could be prepared to welcome you?"

Shen Qiyu smiled and shook his head. "Your Chen family needs to lay low for now. If everyone knows about it, it's inevitable that outsiders will find out about the relationship between your Chen family and my Shen family."

"For the safety of your Chen family, it's better to keep a low profile."

Then, Shen Qiyu picked up his teacup and was about to take a sip when he subconsciously looked at Chen Yang's cultivation.

It did not matter if he did not look, but when he did, Shen Qiyu was shocked.

Good heavens, Yang Chen's cultivation had already reached the eighth level of the Core Formation Realm!

Furthermore, it was not an ordinary eighth level. It was obvious that he had been at the eighth level for a long time, and there was no instability in his realm.

If he progressed quickly, he would probably be able to break through to the ninth level of Core Formation within three years.

Damn, how old is Chen Yang, and he's already a Zifu Disciple?

Immediately, Shen Qiyu asked in shock, "Yang 'er, with your cultivation level?" "Oh, you mean this?" Yang Chen smiled and explained, "I was lucky enough to find the Spirit Nurturing Lotus Flower, allowing my cultivation to reach the eighth level of the Core Formation Stage."

Shen Qiyu heaved a sigh of relief when he heard that. Fortunately, he had the help of spirit herbs.

If Chen Yang really relied on himself to cultivate to the eighth level of the Core Formation Realm, that would truly shock Shen Qiyu.

One had to know that Yang Chen was only in his fifties. Even in the Shen family, the highest cultivation level among his peers was only at the seventh layer of the Core Formation Realm.

This was also because the Shen family had a large amount of resources, and the Chen family's resources were obviously not as good as the Shen family's. If their cultivation was higher than the Shen family's, then it would be somewhat unreasonable.

"You are really lucky. Even my Shen family needs this lotus flower." Shen Qiyu said enviously.

This kind of spirit herb that could increase a warrior's cultivation without any side effects, let alone the fourth-rank force, the Shen family, even the third-rank forces needed it badly.

Once this kind of spiritual medicine appeared on the market, it would basically be snatched up.

“If you can break through to the ninth level of Core Formation within three years, then you might be able to break through to the Zifu level before the age of eighty.”

“Breaking through to the Purple Mansion at this age is enough to cause a commotion even in the Shen family.”

“You have to know that the Patriarch of my Chen clan broke through to the Zifu level before the age of eighty. At that time, it caused a huge commotion in the entire Chen clan, and the Patriarch was also known as the number one genius in the past five thousand years.”

“Now, we’ll see if you can break the record set by the patriarch.” Shen Qiyu smiled.

“No, no, how could I dare to be compared to the Shen family head?” Yang Chen smiled and shook his head.

He knew his own situation. Ever since he broke through to the Core Formation realm, Yang Chen clearly felt that the improvement of his cultivation had slowed down.

In addition, the Chen family could not give Chen Yang the resources that the Shen family had at that time. Chen Yang really did not have the confidence to break through to the Purple Prefecture before the age of 80.

It had to be known that the bottleneck between condensing the core and the Zifu stage was no weaker than the bottleneck between the Zifu stage and the stage.

If one had to say what advantage he had, it would be that the accumulation required to condense a Core was less than that of a Zifu Disciple. He could quickly cultivate to the peak of the Core Formation realm, and then use a large amount of time to slowly break through the bottleneck.

Oh, right, there was another advantage, and that was that this bottleneck was not like the bottleneck between the Zifu Disciple and the stage. Without the assistance of medicinal pills, as long as one failed to break through, they would die.

When condensing a core to the Purple Prefecture, even if there was no medicinal pill to assist, even if the breakthrough failed, as long as the martial artist accumulated enough, his life would not be in danger.

Of course, even if there was no life-threatening danger, the difficulty would be as high as it should be. It would not be that easy to successfully break through. "Don't belittle yourself. You and the family head are both possessors of ten lineages. Why can't you surpass the family head?"

"You're able to develop a weak Chen family to this extent. You naturally have your own abilities.."

Chapter 320: Shen Qiyu Arrives in the Sixth Year of Qiyuan

"With this ability, wouldn't it be easy to get cultivation resources?" Shen Qiyu smiled.

"Sigh." Hearing Shen Qiyu talk about cultivation resources, Yang Chen could not help but sigh.

When Shen Qiyu saw this, a puzzled expression appeared on his face. "Why can't you help but sigh when I talk about cultivation resources?"

"Second Great-Grandpa, you might not know this, but two years ago, my Chen family was extorted of more than a million spirit stones. When I heard Second Great-Grandpa talking about cultivation resources, I couldn't help but sigh." Yang Chen said.

Upon hearing that, Shen Qiyu's face turned cold and his voice turned cold. "What exactly happened?"

Seeing this, Chen Yang quickly told Shen Qiyu about the Li family.

After Shen Qiyu heard that, he was not in a hurry to answer. Instead, he frowned and pondered.

Not long after, Shen Qiyu's brows relaxed and he sneered, "Who am I? It's the Li family of Qianyuan."

"A branch family that has been banished dares to be so arrogant and despotic. If the Li family finds out, it'll be merciful if they don't destroy them!"

“Humph! The Li family in Mianyang actually had such a branch family. It was really a pity.”

Then, Shen Qiyu looked at Chen Yang.” Yang ‘er, let me go. Leave this matter to me.” I want to see how the Li family of Qianyuan dares to be so arrogant now that they have settled down in a corner!”

Then, Shen Qiyu pretended to get up and cause trouble for the Li family.

When Yang Chen saw this, he quickly stopped him,””Second Great-grandfather, don’t be anxious. The Li family has a presence on the stage. If you go like this, I’m afraid you’ll suffer some damage.”,

“Don’t worry, Yang ‘er. Since I dare to transport the resources alone, I naturally have my own confidence. Even if the Li family has a Daoyuan Realm expert, I’m not afraid!”

“Don’t worry, at least let me check out the Li family’s base.”Yang Chen said.

Upon hearing Chen Yang’s words, Shen Qiyu first calmed the anger in his heart and slowly said,””Alright, I’ll listen to you first.”

After his anger subsided, Shen Qiyu remembered the important matter and quickly handed the storage bag to Chen Yang.” Yang ‘er, these are the resources of my Shen family. Take a look and see if the amount is correct.””

“There’s no need to look. I believe in Second Great-Grandpa.”

Chen Yang smiled as he took out the resources from his storage bag and placed them into his own storage bag. Then, he returned the storage bag to Shen Qiyu.

The storage bag that Shen Qiyu had was not ordinary. The space inside was ten times more than the storage bag that Chen Yang used. Naturally, it was expensive. Chen Yang did not want to keep this storage bag.

After returning the storage bag to Chen Yang, Shen Qiyu did not think too much about it and kept it.

“Oh right, second great-grandfather, I have something to tell you.” Yang Chen said.

Shen Qiyu frowned when he heard that. “Could it be that there are other forces extorting your Chen Family?”

“Not really. It’s something related to the Sorcerers.” Immediately, Chen Yang told Shen Qiyu about Zhou Muchun and the sect behind him.

After hearing Chen Yang’s words, Shen Qiyu did not know what to do.

“It’s a Sect that isn’t Evil Sect, but it needs a large number of people. This is a little strange. Moreover, Yang ‘er, you don’t have any other clues, so I don’t know where to start looking.”

“There are clues too.”

“I found a strange stone in the manor of the royal family’s ancestor,” Yang Chen said slowly.”

“There are also people in the Li family who colluded with the royal family’s ancestor. If we investigate patiently, we should be able to find some clues.”

“In that case, take me to see that stone.” Shen Qiyu said.

Immediately, Chen Yang brought Shen Qiyu and rode his Underworld Dragon to Yingzhou.

Yingzhou, Zhou Muchun’s manor.

After arriving at the patriarch’s manor, Chen Yang opened the tunnel and brought Shen Qiyu into it.

When they got inside, Yang Chen didn't open the door immediately. Instead, he instructed, "Second Great-Grandpa, that stone has a soul-stirring effect. You must be careful."

"Don't worry."

Shen Qiyu nodded, and fear flashed in his eyes.

Even Yang Chen, the owner of the Illusory Spirit Eye Bloodline, was almost hit. This stone was definitely not ordinary.

Chen Yang slowly pushed open the door and walked in with Shen Qiyu.

The decorations inside did not change at all. It was still a strange statue and a blood-red stone.

After seeing the stone, Yang Chen quickly closed his eyes.

At this moment, Shen Qiyu pulled Chen Yang and shouted outside. Then, he quickly closed the stone door.

After doing all this, Shen Qiyu heaved a sigh of relief.

Seeing this, Yang Chen couldn't help but ask, "Second Great-Grandpa, what exactly is that stone?"

Shen Qiyu heard this and slowly said, "Blood Demon Stone. I didn't expect to see a Blood Demon Stone here."

"Blood Devil Stone, what is that?" Yang Chen asked.

Shen Qiyu did not seem to hear Chen Yang's question. He kept muttering about the Blood Demon Stone until Chen Yang asked again and again. Shen Qiyu then came back to his senses.

Shen Qiyu immediately explained, " Yang 'er, you have to look after this place. I'll help you deal with this thing when I bring the family head over next time."

"This Blood Devil Stone is a terrifying thing. It can turn humans into living monsters."

Hearing this, Yang Chen subconsciously moved away from the stone door and asked, "Where did such a terrifying thing come from?"

This time, Shen Qiyu did not tell Chen Yang, " Wait until your Chen Family advances to Rank-5, then you'll know where this thing came from.."
