

Tamer Family 351

Chapter 351: Secret Discussion (2)

“Let me put myself in their shoes. If the Chamber of Commerce really developed to the point that it was like what Family Head Chen said, I’m afraid I wouldn’t blame Dynasty and wouldn’t oppose them.”

“Looks like there’s an expert behind Dynasty.”

“Not necessarily.”

Yang Chen shook his head with a smile and teased, “Maybe they just want to get themselves an ally?”

Hearing this, Master Li was stunned.

After a while, Master Li woke up from his dream.

That’s right. If he couldn’t think of it, would Dynasty definitely be able to think of it?

Perhaps he was simply using these businesses to rope in an ally for himself.

In the end, he was lucky and walked on the right path.

“Of course, that might not be the case.” Suddenly, Yang Chen shook his head.

“Not necessarily?”

Master Li looked at Yang Chen in a daze. “Big brother, what else do you have to say? Can you say it all at once? You’re making me look stupid.”

“If there is a terrifying force behind these families, and this force looks at the problem from a higher perspective, it might not be impossible for them to think of what I just analyzed.”

“After all, they rule over a large territory and have seen a lot of things. In addition, the things I analyzed weren’t difficult, so it’s normal for them to think of it.” Yang Chen said.

Hearing this, the Li Family Head fell silent.

It was not a big deal if there was only one faction behind the dynasty. Who did not have a few spies?

However, if there were other fifth rank sects with similar forces, then there would be a huge gap.

What are you trying to do by recruiting so many vassals in someone else’s territory?

He was just trying to cause some trouble for the ruler of this place.

Then who was the ruler of this place? Mianyang’s Li family.

Although the Li Family Head resented the main branch for expelling his branch, it was their branch’s fault back then. It was just that the punishment of being expelled was a little too much.

But no matter what, both sides still had a common ancestor.

During the ancestral worship, the incense was given to the same ancestor.

Someone wanted to deal with the Li family of Mianyang, but the Li family head was naturally unwilling.

Immediately, the Li Family Head looked at Chen Yang and guessed, “You mean that the Netherworld Sword Sect is involved?”

“I’m not sure.”

Yang Chen shook his head.” The Shen family only found the Netherworld Sword Sect in the dynasty. They can’t slander a fifth-rank dynasty just because of this. Moreover, a fifth-rank sect is involved now. Naturally, we have to treat it with caution.”

“However, we have to be more careful. If the Netherworld Sword Sect is really behind this, the obstruction our operation will face will not be small.”

“That makes sense.”

Master Li nodded and said,“”Let’s not talk about the Netherworld Sword Sect for now. Chen Clan Leader, what are the motives of those two chambers of commerce?”

“The motives of these two chambers of commerce are probably more complicated.”

“First, there’s the Chamber of Commerce established by Dynasty. Simply put, this Chamber of Commerce is to earn spirit stones for Dynasty.”

“But in the long run, this dynasty will influence these forces below Rank-6 in a subtle way.”

“Not only will they rely on Dynasty for their cultivation, but they will also yearn for Dynasty more.”

“For example, in a chamber of commerce, the branches in a large place will definitely have more resources than the branches in a small place.”

“Then as the main account of the Chamber of Commerce, there must be more resources inside?”

“If that’s the case, how can we not make these forces below Rank-6 yearn for it? After all, Dynasty did not control their resources.”

“I understand.”

Master Li smiled and looked at Chen Yang. “This is the same as your Chen Family’s method. Isn’t your Chen Family also using plays to attract young people from the Great Qian Dynasty and even the Endless Mountain Range?”

Yang Chen glanced at Master Li.

“That’s different.”

“My Chen family did not suppress other plays. On the contrary, my Chen family continued to help them improve their plays.”

“The reason why Chen Cheng can become the holy land in their mouth is mainly because of its own hard power to create high-quality plays.”

“And most importantly, it’s the benevolence of my Chen family. To put it bluntly, this play was just a tool for relaxation during leisure time. How attractive could it be?”

“Even if there is, why would so many people rush to Chen City?”

Hearing Yang Chen’s words, Master Li nodded.

“Benevolence. This sounds very similar to the style of our Li family’s main branch.”

“Although I hate the main branch, I have to say that the main branch’s style of doing things based on benevolence and righteousness is indeed easy to be pursued.”

“Of course.” Yang Chen continued, “Young people are all chivalrous.”

“You treated me as a Kingdom Scholar, so I will repay you with a Kingdom Scholar.”

This had been passed down from generation to generation. Even if the young people were old, they would never forget the emotions they had felt back then.

When they were needed, these old young people would also repay the Li family with their lives, just like the young people now.”

These words made the Li family head silent for a long time. After a while, the Li family head shook his head.

“Forget it, why are we talking about this? This won’t be of any help to our current plan. Let’s continue talking about the three chambers of commerce.”

Hearing this, Yang Chen continued, “This third chamber of commerce is selling things like spiritual weapons.””

“Actually, there’s nothing much to analyze about the purpose of this Chamber of Commerce. It’s just to earn spirit stones and increase the strength of the factions below. It’ll make them a threat to the rank-6 factions so that those rank-6 factions won’t be able to focus on dealing with Dynasty.”

“What we need to analyze now is the role of the Rank-6 forces behind this Chamber of Commerce.”

“Although this alliance is led by Dynasty, to be honest, the main ones are still the Rank-6 factions.”

“Since the faction behind the Chamber of Commerce is an alliance of factions, the various Rank-6 factions will definitely get a share of the profits.”

“Then here comes the question. Since Dynasty controls all the major factions and is afraid that they have too many resources, why would they give them the chance to earn Spiritual Stones?”

Faced with Yang Chen’s doubts, the Li family head couldn’t fight back for a while.

However, in the blink of an eye, the Li family head seemed to have thought of something and hurriedly said, "Master Chen, I don't know why the dynasty allows these rank 6 forces to earn spirit stones."

"But I know of a piece of information that might help you analyze these problems."

"Oh?" Yang Chen's interest was piqued and he quickly asked, "Patriarch Li, what news is it?"

"It's the alliance leader of this power alliance. Although it's nominally taken turns by each family, the dynasty won't interfere. However, there were some internal connections between the leaders of each clan."

"That is, almost everyone who can become the alliance leader has an unclear relationship with Dynasty." Master Li said.

"That's very reasonable. Does Dynasty really not interfere just because they said so?" Yang Chen smiled. "So many Rank-6 forces have joined forces. It's enough to threaten Dynasty. How can they not interfere?"

"It's not what you think. It's true that these alliance leaders have a relationship with Dynasty, but it's a relationship of hatred." The Li Family Head's words were shocking.

"What?"

"What?" Yang Chen was stunned and asked, "Does that mean that those who can become the Alliance Master are all enemies of Dynasty?"

"You can say that." Master Li said.

"That's interesting."

Yang Chen smiled and pondered for a moment before looking at the Li Family Head. "It seems that there is another major force involved."

“There’s another major power involved?” Master Li frowned. “Why do you think so?”

“That’s the only way to explain why the Alliance Master is Dynasty’s enemy. It’s obvious that he doesn’t want the alliance to side with Dynasty.”

“Let’s assume that the Netherworld Sword Sect is behind the Dynasty.

The forces behind the alliance were probably on the same side as the Netherworld Sword Sect, but there were also some dirty dealings between them.”

“Because it’s the only way to explain why that great force did not reveal the relationship between the Netherworld Sword Sect and the Dynasty.”

“Because the two of them belong to the same camp.

The conflict between the alliance and Dynasty was just an internal conflict between the two factions. It had nothing to do with the other factions, so they naturally could not tell the other large factions.”

“This is also the reason why Dynasty allows the alliance to earn Spiritual Stones..’1

Chapter 352: Change of Target

“These spirit stones aren’t for the alliance to earn, so Dynasty naturally doesn’t have to stop them. They even had to help out. After all, the forces behind the two families were still related.”

Listening to Yang Chen’s words, the Li family head carefully calculated.

In the end, Master Li found that what Yang Chen said made sense. That was the only explanation for why the dynasty would sit idly by and watch the Chamber of Commerce expand.

One had to know that businesses such as spirit artifact array diagrams were not the slightest bit smaller than medicinal pills. This was especially true for warriors who lived in the Endless Mountains and walked on the tip of the blade. They needed treasures that could increase their combat strength even more.

In addition, this also explained why the Rank-6 forces did not resist even though they had already formed an alliance.

It was one thing for them to be controlled by others in terms of resources, but the most important thing was that the forces behind the two sides were related.

For this reason, it was impossible for these two sides to fight.

■ ■Clan Leader Chen, do you think it's possible that the Netherworld Sword Sect is behind both sides?" Master Li asked again.

Yang Chen shook his head.

"That's not possible."

'■From the perspective of checks and balance, if the Netherworld Sword Sect is the force behind the alliance, it would be reasonable to use someone who has a grudge against the dynasty as the leader."

"But this way, there's no need to separate the two chambers of commerce so clearly.

By then, everyone would be able to sell the same goods and the prices would be unified. No matter which chamber of commerce flourished, the Netherworld Sword Sect would benefit."

Moreover, this kind of competitive relationship might even bring more profits to the Netherworld Sword Sect."

■■But in reality, these three merchant associations are very distinct. Although they each sell their own items, to be honest, without competition, there is no motivation to increase the attractiveness of the merchant association.” ■’In that case, martial artists won’t buy things that can be bought or not.

“In the end, the Netherworld Sword Sect is the one who loses.”

“Of course, these are all my own words. The Li family head just treated it as a show and laughed it off.”

“Master Chen, you must be joking.”

Master Li smiled.” You’re not joking. It’s a wise saying. You’ve analyzed it

thoroughly.”” “However, Clan Leader Chen, how will our analysis help our plan?

The Li Family Head was not against analyzing the big picture.

However, no matter how much he analyzed, he ultimately came to a conclusion. It would be beneficial to this operation.

“That would be of great help.”

“First of all, we know that the establishment of the Chamber of Commerce will definitely be blocked by the three alliances.” Yang Chen smiled.” •’Although Dynasty and the sect behind them won’t make a move directly for the sake of the Li family. However, assassinations and commercial suppression are unavoidable. How are we going to solve this?”

“Don’t worry about this, Chen Clan Leader.” Master Li picked up his teacup and took a sip leisurely.” It doesn’t matter if the business is suppressed. We can’t wait for this to happen.

“After all, what we’re selling isn’t the so-called enhanced version of the Beauty

Pill.”

-What we sell are all kinds of cultivation resources. Even if they suppress us, will it affect us? Not at all, but it also helped us clear out the trouble, so we don't have to deal with unexpected guests.”

“As for the assassination...”

At this point, the Li family's head snorted disdainfully.

“My Li family relied on assassinations to make a name for ourselves. Why would I be afraid of being assassinated?”

“Oh, there's such a thing?”

Yang Chen's interest was piqued. The Li family's reputation for benevolence and righteousness was well-known to the world. He didn't expect that this family of benevolence and righteousness actually relied on assassination to make a name for themselves. This was too surprising.

It was not that he looked down on families that relied on assassination to make a name for themselves. It was just that such families more or less carried the cold-blooded temperament of assassins.

However, he was cold-blooded and had no relationship with the Li family. Seemingly seeing through Yang Chen's doubts, the Li Family Head smiled and said, “It is precisely because we rely on assassination to make a name for ourselves that the Li family knows the terror of assassins.” “They are afraid that their clansmen will be assassinated by other assassins.” “Then how do we solve it? Our Li family's ancestor decided to directly solve the root cause and let the Li family establish a family with benevolence and righteousness.” “This may cause us to suffer losses, but it will definitely not make the other aristocratic families hate the Li family. This will reduce the trouble of many assassinations.”

“I see.”

Yang Chen understood. He didn't expect that there was such a reason for the Li family's foundation.

“However, Patriarch Li, I have another question.

Yang Chen looked at Master Li seriously. Master Li put down his teacup and said seriously, “Please speak, Chen Clan Leader.”

“The problem is very simple. Since there is a big force behind the alliance, can we still sell cultivation resources to them?” Yang Chen asked.

If there were not so many miscellaneous matters and it was just a simple conflict between Dynasty and a Rank-6 force, it would be fine.

In order to resist Dynasty, these Rank-6 organizations would naturally choose to purchase resources.

Resources would not have to be sold.

However, the problem was that there was a terrifying force behind both sides. To put it bluntly, be it Dynasty or the alliance, they were nothing more than chess pieces for the two factions to play.

As a chess piece, did he want to jump out of the chessboard?

Hearing this, the Li Family Head sighed deeply. “Now, we can only find those forces that are willing to break free.”

“After all, I have the Li family behind me, and you have the Shen family behind you. The Shen family and the Li family are so close to the Endless Mountain Range, so they naturally know who to choose.”

“Oh?”

Chen Yang smiled and looked at the Li family head. “It’s understandable that I have the Shen family behind me, but why do you have the Li family behind you?”

“The Li family has expelled you.”

“It’S true that the Li family expelled us, but our surname is still Li, and our ancestor is the same person.”

“In addition, no matter what, we’re cleaning up trouble for the Li family. Would the Li family not support me?” Master Li smiled at Yang Chen.

“So, Master Li, your goal has changed. From overthrowing Dynasty to making things difficult for the two major factions?” Yang Chen smiled.

“Of course.”

Master Li narrowed his eyes and said faintly, “Ever since I found out that the Netherworld Sword Sect is behind Dynasty, my goal has changed.” -My conflict with Dynasty is a conflict between forces. And I have a blood feud with the Netherworld Sword Sect!”

-I understand. So our current goal is to rope in the forces of the Endless Mountain Range to the Li family and the Shen family. “As for the two of us, we’ll just get some benefits from it.” Yang Chen said.

“Chen Clan Leader is extremely intelligent. I admire you!” Master Li smiled. “Hahaha, Patriarch Li isn’t bad either. Yang also admires him!”

‘Since that’s the case, we can’t act rashly. We need to contact the Shen and Li families first.” Yang Chen continued.”

“I’ll leave this communication work to you, Patriarch Li. I believe the Li family has a special method of communication..”

Chapter 353: The Past of the Li Family of Qianyuan, All parties Prepare

,

“As a fifth-rank force and a branch of the fourth-rank force Mianyang Li family, the Li family should have a special means of communication.”Yang

Chen smiled.

Hearing this, Master Li nodded.” Don’t worry, leave this to me. I’ll definitely contact them within three years.”

“Then I’ll have to trouble you, Patriarch Li.”

Yang Chen stood up with a smile and cupped his hands at the Li Family Head. He then said,”Since the matter has already been settled, then this one will not disturb Patriarch Li.”

“Master Li, farewell, Yang Chen!”

“Farewell!”

After leaving the Li family, Yang Chen returned to the Chen family without any delay.

When they arrived at the Chen Family, before Chen Yang could catch his breath, the Great Elder walked up to them.

“Patriarch, all the forces have come to ask when our first caravan operation will begin.”

“The situation outside the Endless Mountain Range is rather complicated. As for this merchant group...”

Yang Chen thought for a moment and said, "How about this? We won't sell anything in the first caravan operation. We'll buy special resources from outside the Endless Mountains and sell them inside.""

"Great Elder, you and the various factions will calculate how many spirit stones we need and how many experts we need.

"Alright." Chen Xuan nodded and planned to leave in the blink of an eye.

At this moment, Chen Yang called out to Chen Xuan again, "First Elder, wait a moment."

"What's wrong?" Chen Xuan looked at Chen Yang in confusion.

"It's like this."

Yang Chen said, "Tell everyone that if you follow the caravan, remember to hide us. Just treat us as a local force outside the Endless Mountains and go to the Chamber of Commerce and other forces to buy resources.

"Forget it, let's not complicate things. We'll go directly to the three merchant associations to buy it. He told them to be more alert so that the people from the three chambers of commerce wouldn't notice anything."

"I understand." Chen Xuan nodded and planned to leave.

This time, Chen Yang did not stop Chen Xuan.

Yang Chen immediately returned to the meeting hall and continued to deal

with the family matters.

Two days later, when Yang Chen was dealing with family matters, the guard slowly walked into the meeting hall.

“Patriarch, the Spirit Eared Fox requests an audience.” the guard said.

“Oh? The Spirit Eared Fox is here, let it in.” Yang Chen put down what he was doing and ordered.

“Yes, sir!”

Not long after, the guard brought the Spirit Eared Fox into the meeting hall.

Then, the guard left alone and closed the door of the meeting hall.

When only Chen Yang and the Spirit-Eared Fox were left in the meeting hall, Chen Yang asked, “Spirit Eared Fox, why are you looking for me?”

“Milord.”

The Spirit Eared Fox bent down and said, “Demon Emperors, there’s something you want me to convey to you.”

“What is it?” Yang Chen said lightly.

“It’s like this. The Blue Phoenix Demon Emperor plans to deal with the Golden Lion, and he wants to ask you what you think.” the Spirit Eared Fox said.

“Got it. You may leave.”

“Yes.”

After the Spirit Eared Fox left, Chen Yang sighed, "Sigh, this Blue Luan is really impatient."

"Forget it. We'll have to deal with the Golden Lion sooner or later anyway. We don't need these few days."

Immediately, Chen Yang handed the matter at hand to Chen Xuan, and he rode the Underworld Dragon toward the Endless Mountain Range.

In the lair of the flood dragon demon emperor in the Endless Mountain Range. Looking at the Green Luan who was drooling at the flood dragon and the trembling flood dragon, Yang Chen couldn't help but laugh. "Chen Qing, why have you come to Chen Jiao's territory?"

"Since I'm going to come sooner or later, I'll come a few days earlier." The Blue Luan swallowed her saliva and looked at Yang Chen. "Yang Chen, when do you plan to attack the Golden Lion?"

Listening to the translation of the Spirit Eared Fox, Yang Chen was silent for a moment before saying, "What do the other demon emperors think?"

"They have all agreed to go to." Qing Luan laughed.

Jiao Long, who was standing at the side, secretly pursed his lips.

How could he not agree? You've already gone to their territory. From the looks of it, if they don't agree, you're going to exercise with them.

"In that case, I have no objections. A Golden Lion at the peak of the intermediate stage of the Demon Emperor Realm can't do anything." Yang Chen said.

■ I knew it." The Blue Luan laughed. "What's there to be afraid of? A Golden Lion in the Intermediate Stage of the Demon Emperor Realm. I can even fight it to a draw."

"We have so many demon emperors, why should we be afraid of a Golden

Lion?”

‘Since everyone has decided, Yang Chen, when do you want to deal with this Golden Lion?’”

“No rush.”

Yang Chen shook his head. “I want to ask if the Golden Lion King has any Demon Emperors that he is on good terms with.”

“Why are you asking this?” The flood dragon demon emperor was puzzled.

“It’s like this.”

‘I’m afraid the news of our alliance has already spread,’ Yang Chen said slowly. “The Golden Lion King, as the Demon Sovereign that is adjacent to our alliance territory, naturally knows about this.””

“If it is afraid of being surrounded by us, it will naturally drag a few demon emperors with it. A demon emperor that could be regarded as a friend by the Golden Lion King must not be weak.”

‘I’m just afraid that an accident will happen, so I wanted to ask in advance.’ Hearing this, the Blue Phoenix Demon Emperor nodded, “I understand what you mean, but you don’t have to worry about this. This Golden Lion King is overbearing by nature. No one in the surrounding Demon Emperor Territory is its friend.””

The demon emperors who are on good terms with the Golden Lion King are all quite far away from the Golden Lion King’s territory. It’s impossible for them to abandon their own territory and come so far to guard the Golden Lion King’s territory..”

Chapter 354: The Past of the Li Family of Qianyuan, All parties Prepare

Yang Chen understood.

According to the Blue Luan, the demon emperors in the territories near the Golden Lion King were not on good terms with it.

Since their relationship wasn't good, they naturally wouldn't help the Golden Lion King.

As for those demon emperors who had a good relationship with the Golden Lion King, their territories were too far away from the Golden Lion King's territory.

If he came all the way here to help the Golden Lion, what would happen if something happened to his territory?

"That's why the Golden Lion is considered a loner." Yang Chen smiled.

"You can say that." The flood dragon, who knew what it meant to be alone, nodded.

Seeing this, Yang Chen issued an order, "Since that's the case, let's make preparations in advance. We'll try our best to take action against the Golden Lion King within a month and finish it off in one fell swoop!"

"Good!"

"No problem!"

Time passed in a flash, and in the blink of an eye, the one-month deadline had arrived.

Within this month, the news of Yang Chen's plan to attack the Golden Lion King had spread throughout the Alliance.

As the demon emperors gathered, they also arranged their scouts to investigate the Golden Lion's territory.

Although there was a high chance that the Golden Lion King did not have any allies, what if he did?

After staying with Yang Chen for a long time, these Demon Emperors had also considered the worst possible outcome. After all, there was no harm in preparing more.

In the territory of the flood dragon demon emperor.

Looking at the assembled Demon Emperors, Yang Chen smiled and said, "Everyone, you should know the goal of this trip, right?"

"I won't say anything else. This trip is dangerous, so we must ensure our own safety."

"As long as we join the alliance, we are all brothers and sisters."

"Alright, let's go!"

Immediately, the group of demon emperors set off toward the territory of the Blue Phoenix Demon Emperor.

Flood Dragon Demon Emperor, Gold Splitting Armadillo Demon Emperor, Blue Phoenix Demon Emperor, and Golden Lion Demon Emperor all had territories in the same direction, and they had many borders.

Even if the demon emperor wanted to hide, he could just fly to the border of the Blue Phoenix demon emperor and hide.

Now, he just needed to hurry over.

Five days later, at the border of the Blue Phoenix Demon Sovereign Territory.

Looking at the grassland in front of them, the Blue Luan said, "The Golden Lion's territory is just ahead. What should we do?"

"Same old rules, let Chen Yang contract us and secretly sneak over, catching the Golden Lion off guard." The gold-splitting armadillo laughed.

The Blue Luan looked at the Gold-splitting Armadillo in confusion. "Chen Qiu, when did you learn how to sneak attack?"

The Gold-Splitting Armadillo didn't say anything. It just smiled at Yang Chen.

Yang Chen felt a headache coming on.

Don't look at me, I didn't teach you how to sneak attack, I really didn't!

"Ahem." Seeing that all the demon emperors were looking at him, Yang Chen coughed and said righteously, "Chen Qiu's method is very good and creative."

"Since that's the case, let's follow Chen Qiu's method."

In between the lines, he was saying that this was something that the

Gold-splitting Armadillo thought of and had nothing to do with Yang Chen.

Seeing this, the group of demon emperors smiled and went to Yang Chen's side one by one to sign a normal subdued beast contract with him.

After signing the contract with all the Demon Sovereigns, Yang Chen released the Hell Dragon and brought the Spirit Eared Fox to the Demon Sovereign of the Golden Lion.

At the same time, in a hall somewhere in the Li family.

The Li family head dispersed the crowd and then came to an array by himself.

Looking at the array, the Li family head sighed faintly." To be honest, I really don't want to contact the main branch, but this concerns the hatred of my Li family's ancestors. I can only temporarily put aside my personal differences."

Then, Master Li took out 1,000 Spiritual Crystals from his storage ring.

According to the specific arrangement, the Li Family Master placed the 1,000 Spiritual Crystals into the array.

Then, the Li family head injected a terrifying spiritual energy into the array. Suddenly, the array flashed with a blue light.

Immediately after, a blue screen appeared in front of the Li family's head.

It was just that there was no image of anyone in the screen of light.

Seeing this, the Li family head was also anxious and waited patiently.

Time passed by slowly. In the blink of an eye, half a day had passed. Just as the Li Family Head was getting impatient, the blue light screen finally reacted.

Seeing this, the Li family's head quickly perked up.

A middle-aged man wearing a blue golden cannon and a jade golden crown slowly appeared in the blue light screen under the gaze of the Li family's head.

The middle-aged man looked at the Li family head and asked with some doubt, "Who are you? Why have I never seen you before?"

"This is the unique Kongwen Array between the main and branch branches of our Li family. Where did you get it? Tell me the truth!"

Hearing the middle-aged man's rebuke, the Li family head took a deep breath and slowly said, "Li Kehui of the Qianyuan Li family greets the elder of the main branch."

"Li Family of Qianyuan?"

The middle-aged man was stunned for a moment. Then, he immediately remembered and said, "Didn't we expel the Li family of Qianyuan?"

When he heard the word 'banish', the Li family head was furious and wished he could directly close the Kongwen Array.

However, when he thought of the important matter, Li Kehui suppressed the anger in his heart and said indifferently, "Yes, we were expelled, but our Qianyuan Li family found a place to live elsewhere."

"At present, my Li family is still a fifth-rank aristocratic family and the ruler of this place."

"I see.." The middle-aged man nodded and asked, "Since you have already found your own territory, why did you suddenly think of contacting the main branch?"

Chapter 355: The Past of the Li Family of Qianyuan, All parties Prepare

"Is there any difficulty? If there is, just say it. No matter what, we have the

same ancestor.”

“AS long as you don’t go against the rules, the main branch can still help you solve some problems.”

“No need.” Li Kehui said lightly, “The Li Family of Qianyuan has endured the most difficult times. Now, we have a firm foothold. Naturally, there are no difficulties for the main branch to solve.””

As a branch of the Li family, he had nothing but backbone.

When the main branch expelled the Li family of Qianyuan, they had also told the Li family to help them find a place to establish their clan.

However, at that time, the head of the Li Family of Qianyuan refused and brought his clansmen to the Endless Mountain Range alone to find a place to establish their clan.

The difficulty was self-evident.

Back then, the Li family did not even beg the main branch, so they naturally would not do so now.

-What are you talking about?” “You’re the head of the family, so you can’t throw

a tantrum like a child,” the middle-aged man complained.”

“Besides, it was also your fault for expelling you back then. Not only did you act tyrannically, but you also dared to exterminate the other party’s clan.” -What are you doing? Where is the foundation of my Li family?”

“Humph! You don’t have to lecture me here!”

When it came to the matter of expulsion, the Li family head could no longer suppress the anger in his heart.

“It was our fault for being tyrannical, and we also admit our mistake for destroying other people’s clans. But isn’t the fact that that clan killed my clan’s young master also a bloody fact?”

“A life for a life, it’s only right and proper!”

“You also know that a life for a life!” The middle-aged man also said fiercely, “You should know what kind of character your young master has.” “If it wasn’t for your young master being domineering and angering him, would such a thing have happened?”

“Besides, the person who killed your young master has already bowed down and severed his meridians. You still dare to raise an army to exterminate his clan? What, do you still want to implicate him?”

“In my opinion, the biggest sinner who caused your Qianyuan Li family to be like this is your young master!”

-Humph! in the 8,000 years since our Li family was established, there has never been such a bastard!

“Enough!”

“He’s already gone, what’s the use of saying this now?!” Li Kehui shouted. I admit that this is my Li family’s fault, and my Li family will also accept punishment.”

“However, those who exterminated the clan were also willing to bow their heads and die. But what about you? You didn’t care at all and directly expelled

US.”

“As a result, those people felt sorry for their family and were willing to be the vanguard for us. In the end, they all died with hatred!”

“Shouldn’t your main branch say something about all of this?”

The middle-aged man was silent for a moment before he said, "It's all your fault after all."

"The expulsion of the Li family of Qianyuan was the decision of the main branch and all the branch branches."

"I know that this was the decision of the main branch and all the other branches. I won't pursue this matter anymore. I contacted the main branch because I have something important to tell the main branch." Li Kehui took a deep breath and said slowly.

"Something big? What is it?" The middle-aged man was interested.

For Li Kehui to take the initiative to contact the main branch, this was definitely not a small matter.

"It's like this. Does the Li family know about the Li Dynasty?" Li Kehui asked.

"I know." The middle-aged man nodded. "A fifth-rank empire near the Hidden Dragon Mountain Range. Why? Is this related to the Li Empire?"

"It's like this. According to reliable intelligence, the Li Dynasty might be related to the Netherworld Sword Sect." Master Li said.

"What?"

The middle-aged man's eyes were filled with killing intent. "What did you say? The Li Dynasty is related to the Netherworld Sword Sect. Is that true?"

"Humph!"

"This is related to the hatred of the Li family's ancestors. How can I play around?" Li Kehui snorted. "If you don't believe me, you can contact the Shen family of the Hundred Lineages."

“This information was leaked by the Shen family.

Shen Jia?

Hearing this, the middle-aged man muttered to himself. No one knew what he was thinking about. After a while, the middle-aged man looked at Li Kehui.

Tell me everything you know.””

Immediately, Li Kehui told the middle-aged man everything he knew and what he had analyzed with Chen Yang.

After hearing Li Kehui’s words, the middle-aged man was silent for a moment and then said,”“You mean that the Li Dynasty and the so-called alliance of forces are supported by the Netherworld Sword Sect and another unknown force?”

“I don’t have any concrete evidence. Maybe the Netherworld Sword Sect is behind both sides, or maybe it’s just a coincidence.

“I still suggest that the main branch get in touch with the Shen family as soon as possible. The Shen family must have started investigating long ago.” “If the Shen family finds out later, it will be a big joke.

“The back garden of the Li family in Dangdang Mianyang has been infiltrated by the Netherworld Sword Sect. This was not a big deal. He still had to rely on the Shen family to help solve it.”

“If this matter gets out, I’ll see where your main branch will put its face!”Li Kehui said rudely.

Although Li Kehui’s words were not polite, the middle-aged man could not care less at this moment. He quickly said,”I know. I’ll deal with it now.” “In addition, you must ensure that your Space News Array is activated at all times to ensure that we can contact you in time.”

“All the expenses will be borne by the main branch.

“Humph! No need.”

” It’s just a few thousand Spiritual Crystals.” Li Kehui snorted.” The Li Family can still afford it. Don’t forget that he is not only your ancestor, but also our ancestor..””

Chapter 356: The Past of the Li Family of Qianyuan, All parties Prepare

Then, Li Kehui turned off the blue screen.

However, the middle-aged man’s words did not escape Li Kehui’s mind. Instead, he added more Spiritual Crystals and sent people to guard the Kongwen Formation.

At the same time, in the Endless Mountain Range.

After nearly a day of traveling, Yang Chen was already close to the Golden Lion’s nest.

Along the way, Yang Chen encountered many demonic beasts that were not to be trifled with. In order to avoid any unnecessary trouble, Yang Chen avoided them all.

Those demonic beasts sensed the dragon bloodline aura on the earth dragon’s body and did not act rashly. They only watched the earth dragon.

After the Underworld Dragon left, they began to move.

Back to the main topic.

On the Underworld Dragon's back, Yang Chen looked at a protruding mountain peak in front of him and said slowly, "In front of us is a grassland basin with a radius of a hundred miles."

"The Golden Lion's lair is in this basin."

"Underworld Dragon, be careful. Don't be ambushed by this Golden Lion."

The Underworld Dragon nodded. It flapped its wings and slowly approached the basin in front of it.

For his own safety, Yang Chen also took out his puppet and asked it to keep an eye on the surroundings.

After crossing the mountain peak, Yang Chen saw an endless grassland.

This grassland was not an ordinary grassland. Every grass here was a seventh-grade spiritual medicine.

Within a hundred miles, there were countless stalks of this Tier 7 spiritual herb.

Although the spiritual herbs did not have many uses, they were still seventh grade spiritual herbs, so their value was needless to say.

Yang Chen was a little confused as he slowly flew over the grassland.

Where was the Golden Lion?

Logically speaking, there was no way to hide demon beasts in this grassland, especially demon emperors that were 100 meters long.

However, after flying for so long, he did not even see a single hair of the Golden Lion King, let alone a Demon Sovereign that was a hundred meters tall.

Immediately, Yang Chen stopped the Underworld Dragon and

asked,“Underworld Dragon, do you sense the aura of the Demon Emperor here?”

The Underworld Dragon shook its head.

Seeing this, Yang Chen sighed deeply.

This was really strange. Even the Hell Earthwurm, a demonic beast, could not sense the aura of the Demon Emperor. Could it be that the Golden Lion King had gone out?

Seeing this, Yang Chen didn't bother to hide anymore. He released all the Demon Emperors and asked,“Everyone, I've arrived at the Golden Lion's lair.”

“But after walking for so long, I still haven't seen any traces of the Golden Lion King. Could it be that the Golden Lion King has gone out?”

“But even if we go out, there should be someone guarding our nest. You have to know that there is a Spiritual Crystal mine buried here.”

The rule for demon emperors to choose their nests was very simple.

As for the spiritual herbs and decorations, he could make them himself, but he couldn't make the Spiritual Crystal Mine.

Hearing this, the group of emperors looked around in confusion.

After a while, the demon emperors' gazes gathered on the Blue Luan.

If there was anyone who understood the Golden Lion the most, it was probably the Blue Luan.

There was no doubt in the Blue Luan's eyes. Instead, it looked confident." Everyone, don't worry. The Golden Lion King didn't set up any inescapable traps."

"The reason why there are no traces of the Golden Lion here is because it should have gone to its other nest."

"That nest is not far from here, so it naturally doesn't need its subordinates to guard it."

"Another nest?"

Yang Chen looked at the Blue Phoenix." Doesn't the Demon Sovereign rely on the Spiritual Crystal lode to build his nest? There is already a Spiritual Crystal lode here. Why did the Golden Lion cultivate his nest elsewhere?"

"That's because there's also a Spiritual Crystal vein in that place, and it's an Attribute Spiritual Crystal vein!" the Blue Phoenix Demon Emperor said.

"What?"

All the demon emperors looked at the Blue Luan in astonishment. There were Attribute Spiritual Crystals here!

All of a sudden, the eyes of every demon emperor flashed with yearning.. Those were Attribute Spiritual Crystals!

Chapter 357: The Golden Lion's Strange Appearance

If there were elemental spirit stones, there would naturally be elemental spirit crystals.

Attribute Spirit Stones didn't have much use. They were much more helpful to attribute martial artists than ordinary Spirit Stones.

However, the cultivation of attributed martial artists could increase, but attributed spirit stones could not.

Once an attributed martial artist made a breakthrough, then whether it was ordinary spirit stones or attributed spirit stones, they would no longer be of any help to him.

If he wanted to cultivate, he had to use Spiritual Crystals.

However, Spiritual Crystals were the product of extremely dense Spiritual Stones.

Ordinary Spiritual Stones that were extremely dense could produce ordinary Spiritual Crystals. Attribute Spiritual Stones that were extremely dense could also produce Attribute Spiritual Crystals.

Attribute Spiritual Crystals were of equal help to Attribute Spiritual Stones to ordinary martial artists.

It was obvious why these demon emperors were so excited.

Immediately, the gold-splitting armadillo asked expectantly, "Chen Qing, what are the Attribute Spiritual Crystals here?"

"Metal Spiritual Crystal." the Blue Phoenix Demon Emperor said.

Hearing this, the Rending Golden Darro became even more excited. Like the Golden Lion, it was a Metal Demon Emperor. If it could defeat the Golden Lion, it could get the Spiritual Crystal of the Attribute, which would speed up its cultivation.

The other Demon Sovereigns had a look of pity in their eyes, but they were still excited.

Although they didn't need the Gold Spiritual Crystals, if they gave them to the Gold-splitting Armadillo, when the Armadillo's strength increased, the Alliance's strength would naturally increase.

At that time, the Alliance could continue to expand and they would benefit greatly.

Immediately, the flood dragon Demon Emperor wagged his tail and said excitedly, "There's no time to lose. Chen Qing, take us there."

"Good!"

Immediately, the Blue Phoenix Demon Emperor flapped its wings and flew away.

Seeing this, the other demon emperors also flew over.

On the way, Yang Chen asked, "Chen Qing, do you know how the Gold Spiritual Crystal was born?"

"Naturally, it was born from a metal-attributed spirit stone." The Blue Luan glanced at Yang Chen. Why did he ask such a simple question?

"But as far as I know, the spirit stones in the spirit crystal mine here are all ordinary spirit stones." Yang Chen frowned. He really couldn't understand how an ordinary Spiritual Stone mine could produce Spiritual Crystals.

The Blue Phoenix Demon Emperor also understood what Yang Chen was confused about and immediately said, "I'm not sure about that. Maybe there's a large metal spirit crystal mine here."

"That Spiritual Crystal Mine was long taken away by the Omnipotent Experts. As for why there are still some Spiritual Crystals left, it's probably to leave a seed for the Spiritual Crystal Mine here."

"After all, as long as there are Spiritual Crystals here, after a long period of development, another Spiritual Crystal mine can be born here." the Blue Phoenix Demon Emperor said.

Yang Chen nodded and stopped asking.

He didn't care why there were Attribute Spiritual Crystals. Yang Chen only knew that these Spiritual Crystals were going to belong to them.

Led by the Blue Luan, they soon arrived at the place the Blue Luan had mentioned.

This place was located outside the mountain peak of the Golden Lion's nest, adjacent to a river valley. In the middle of the river valley and the mountain peak, a hundred-meter-long giant beast was lying on the ground.

This hundred-meter beast was the Golden Lion.

Below the Golden Lion was a metal attribute Spiritual Crystal.

Naturally, the Golden Lion could not hide the movements of Yang Chen and the others. After the Demon Sovereigns flew over, the Golden Lion raised its head slightly and looked at the Demon Sovereigns in the sky.

"Green Luan, I didn't expect you to fall and associate with the weak." The Golden Lion sneered. What, do you think you can defeat me with them?"

The Golden Lion King's attitude of disregard completely angered the demon emperors.

Without waiting for Chen Yang to say anything, the Demon Emperors surrounded the Golden Lion King and released a terrifying aura.

As for the Green Luan, it stared coldly at the Golden Lion King." Don't talk nonsense. I'll give you two choices. One is to submit, and the other is to die!" "Surrender and die?"

"Hahahaha..."

The Golden Lion King seemed to have heard some ridiculous words as it grew in size crazily.

After it was done laughing, the Golden Lion slowly stood up. At the same time, a terrifying aura swept out.

Sensing the aura of the Golden Lion, the Blue Luan's expression changed." Demon Emperor Advanced Stage! When did you break through?"

Damn it, something unexpected had happened. The Golden Lion King had actually broken through to the late stage of the Demon Emperor Realm.

"Why do you care when I broke through? I'm asking you now. Do you still want me to choose?"The Golden Lion laughed coldly.

Sensing the aura of the Golden Lion, Yang Chen knew that he had encountered a tough opponent this time.

Now, it was not about whether Yang Chen and the others could deal with the Golden Lion King, but whether the Golden Lion King could deal with Yang Chen and the others.

When the flood dragon responsible for carrying Chen Yang saw this, it asked anxiously,"Yang Chen, what should we do next?"

"Let's wait and see. I don't think the Golden Lion King has any intention of attacking. It seems like he has something to say."

As if confirming Yang Chen's words, the Golden Lion sneered at the Blue Luan and said,"I will give you two choices now. One is to take your so-called alliance and scam, swearing never to enter my territory."

"The second is to die!"

Speaking up to this point, the Golden Lion King did not hide the terrifying aura on its body at all.

Seeing this, the Blue Luan turned to look at Yang Chen.

Yang Chen frowned and pondered.

Something was wrong, something was wrong. Why would the Golden Lion let them go?

According to what the other demon emperors said, the Golden Lion King had a violent nature. Now that its strength had increased, how could it choose to let them go?

Hearing the Golden Lion King's words, Yang Chen felt that the Golden Lion King seemed to be strong on the outside but weak on the inside, as if it was afraid of them.

Could it be...

Yang Chen decided to take a gamble.

So, Yang Chen patted Jiao Long and signaled him to come forward.

Seeing this, the flood dragon flew toward the Golden Lion King.

Seeing this, the Golden Lion subconsciously retreated a little, but in the blink of an eye, it moved forward again.

Naturally, Yang Chen could not escape his eyes. Immediately, Yang Chen became even more determined in his judgment.

“Human brat, what do you think of my opinion? Do you want to be friends with me, or do you want to die here?”The Golden Lion snorted coldly and narrowed its eyes.

“Golden Lion, I guess you’re injured.” Yang Chen smiled.”

Hearing Yang Chen’s words, the Golden Lion’s eyes narrowed and it snorted coldly,“Injured? Can I be injured?”

“Is there anything here that can hurt me?”

The more the Golden Lion King said this, the more Yang Chen believed in his own judgment.

“Golden Lion, if I’m not wrong, your injuries should be the price you have to pay for breaking through to the Late Demon Emperor Stage.”

“Perhaps you swallowed some extremely dangerous treasure, or perhaps you fought with other demon emperors for a treasure that could increase your cultivation base.”

“However, I’m leaning towards the first option. This is because before you break through, you will definitely heal your injuries and not let your foundation have any problems..”

Chapter 358: The Golden Lion Submits

|

Hearing Yang Chen’s words, the Golden Lion broke out in a cold sweat.

Just like how the Blue Luan was shocked that it had broken through to the late stage of the Demon Emperor Realm, logically speaking, it could not have broken through to the late stage of the Demon Emperor Realm so quickly.

As Chen Yang had guessed, the reason why the Golden Lion King had reached the late stage of the demon emperor realm was because it had swallowed a treasure.

Although that treasure could help the Golden Lion King break through to the advanced stage of the Demon Sovereign Realm, it would cause the Golden Lion King to be seriously injured for a year.

Within this year, the Golden Lion King was already at the intermediate stage of the Demon Emperor Realm.

Although he could use the strength of a Demon Emperor in the late stage by force, it would mean death. If they were lucky enough to survive, their cultivation would be reduced to less than 10% of their original cultivation.

But even so, the Golden Lion did not hesitate.

As long as it could survive this year, it would be an existence in the late stage of the Demon Emperor Realm. This price was nothing to a demon emperor in the late stage.

Seeing this, a trace of bloodlust flashed in Blue Luan's eyes." I was wondering how you managed to cultivate to the late-stage Demon Emperor Realm so quickly. It turns out that you consumed some kind of treasure that required you to pay a huge price.'"

If my guess is correct, you should have swallowed the Luminant Gold Fruit. Counting the days, it was indeed time for the Luminant Gold Fruit to mature." "Humph! Fortunately, I persevered. If I had waited a little longer, I really wouldn't have been able to do anything to you."

"Now, I'll give you two choices. Surrender or die!"

With that, the Blue Luan unleashed the terrifying aura in its body with all its might. Under the shroud of this terrifying aura, the Golden Lion King hesitated for a moment.

Of course it didn't want to die.

However, the Golden Lion was unwilling to submit just like that.

Damn it! 'In another half a year, I'll be able to reach the late stage of the Demon Emperor Realm in just half a year. How did these bastards come so quickly?' Seeing that the Golden Lion King was wavering, Yang Chen knew that it was time for him to take action.

Immediately, Yang Chen jumped down from the dragon's back and walked to the Golden Lion with his puppet.

"Golden Lion Demon Emperor, I don't know what you're hesitating about. Is there anything more important than your own life?" Yang Chen asked with a smile.

Hearing this, the Golden Lion King snorted coldly. "Of course, just like the dignity of your human race."

Hearing the translation of the Spirit Eared Fox, Yang Chen smiled in his heart.

As expected, he took the bait.

Immediately, Yang Chen smiled and said, "So the Golden Lion King cares about his dignity. There's no need to worry about that. When the Green Phoenix Demon Emperor said that he would submit, he just wanted to join our alliance."

"The first rule of our alliance is to respect each other. The dignity you want will definitely be there."

The flood dragon behind Yang Chen tilted its head. Was there such a thing?

Forget it, forget it. If Yang Chen said so, then so be it.

The Golden Lion looked at Yang Chen, then at the Demon Emperors around him, and snorted coldly, "I don't feel any dignity at all when I listen to a human like you."

“Golden Lion Demon Emperor, you must know that everyone has their own uses. For example, do you think that the metal-type Spiritual Crystal under you can help the growth of other demonic beasts?”

By the same logic, the demon emperors listen to me because I’m good at overall planning and commanding.”

“This is just an equal cooperation. There are no orders or anything like that.” Yang Chen said.

Hearing Yang Chen’s words, the Golden Lion nodded thoughtfully and then looked at the Blue Luan, “Blue Luan, your bloodline is the highest among all of them. I believe that you won’t go against the nobility of your bloodline and deliberately deceive me.”

“Tell me now, is what this human said true?”

“Of course it’s true.” Blue Phoenix Demon Emperor raised his head and said, “I don’t care about lying to you. I was the one who proposed the strategy to deal with you.”

“And it was the Gold-Splitting Armadillo who suggested dealing with the Three-Headed Wolf. As for Yang Chen, he only commands us how to fight. There is no relationship between us.”

“Even the Three-Headed Wolf of the Level 2 Alliance is still equal to us, the members of the Level 1 Alliance. It’s just that when we split the profits, we will get a smaller share.”

The golden lion looked at the three-headed wolf after hearing the words of the Green Phoenix Demon Emperor.

The Three-Headed Wolf nodded. “I can prove what the Green Phoenix Demon Emperor said. Although I’m a member of the Level 2 Alliance, they didn’t order me to do anything.”

“This operation is an operation of the entire Alliance. If you participate, you will get to divide the spoils of war.”

Hearing the Three-Headed Wolf's words, the Golden Lion looked at Chen Yang again." Human brat, no." Yang Chen, tell me the difference between a Level 1 Alliance and a Level 2 Alliance."

Seeing this, Yang Chen knew that he had succeeded halfway.

"To put it simply, the members of the Level One Alliance will get more loot." Yang Chen smiled. At the same time, the Alliance would try their best to complete a wish of a Level 1 Alliance member."

"As for the members of the Level 2 Alliance, the loot they get will be less than the loot from the Level 1 Alliance. Similarly, the Alliance wouldn't fulfill its wish."

After listening to Yang Chen's introduction, the Golden Lion said,""Alright then, I'm willing to join a level one alliance."

The Golden Lion thought about it. Joining the Alliance would not only save its own life, but it could also let the Alliance fulfill its wish. Why not?

However, the Golden Lion King did not expect Yang Chen to shake his head.

Seeing this, the Golden Lion frowned." What do you mean? You don't want me to join your alliance?"

"If you want to join us, we naturally welcome you. However, it was not easy to enter the Golden Lion Alliance."Yang Chen said.

"Oh, what do you need me to do?"The Golden Lion said.

"It's very simple. To join the Level One Alliance, you need to hand over all your

Spiritual Crystals and complete a mission of the Alliance."

After all, I can't let everyone come here for nothing."

“If you want to join the Level 2 Alliance, you don’t have to hand over the Spiritual Crystals. However, other than the Spiritual Crystals, you have to let the members of the Alliance divide the other treasures. It’s still the same thing. We can’t run for nothing.”

Hearing this, the Golden Lion did not get angry.

Instead, he lay on the ground and carefully considered his gains and losses.

After a while, the Golden Lion looked at Chen Yang again.” Then can I wish for anything?”

“It’s best if it can be realized. If you want us to help you become a god, we can’t do it. “Yang Chen smiled.

“Become a god? I don’t dare to think about it. My only wish is to evolve my bloodline so that I can break through the barrier of the demon emperor.”The Golden Lion said.

“No problem.”

Yang Chen smiled and said,” The Four-winged Horned Eagle Demon Emperor’s wish is similar to yours. This wish is not too much. It is possible to achieve it in the future.””

“Oh, is this wish okay?”

The Golden Lion was stunned. This was not an easy wish to fulfill.

Even human Daoyuan realm experts did not dare to guarantee that they could improve the bloodline of the Demon Sovereign and allow the Demon Sovereign to break through the barrier of the Demon Sovereign..

Chapter 359: Three Years Later

“Of course. As long as your wish isn’t too excessive, and we can fulfill it, then there won’t be a problem.”

“Of course, you can also temporarily put this wish on hold. When the Alliance becomes stronger in the future, won’t you be able to choose some wishes that are even more difficult to fulfill?” Yang Chen smiled.

Hearing Yang Chen’s words, the Golden Lion nodded. “Alright, I’ll keep this wish for now.”

[Welcome to the Alliance!]

Yang Chen smiled and opened his arms, then said, “By the way, please make way. According to our agreement, we’re going to distribute your Spiritual Crystals now.”

“In addition, the Spirit Ear Fox will inform you of the Heaven and Earth Oath that you need to make.”

“No problem.”

The Golden Lion stood up quickly and exposed the metal spiritual crystal underneath its body.

Seeing the Spiritual Crystals, the Gold-splitting Armadillo’s eyes widened. The greed in its blood made it want to take these Spiritual Crystals immediately.

But in the end, rationality took over. The Gold-splitting Armadillo swallowed and looked at Yang Chen. “Yang Chen, you organize the distribution.”

“Alright.”

Hearing this, Yang Chen didn't stand on ceremony and went forward to count the number of Spiritual Crystals.

The other demon emperors stood around and stared at the metal Spiritual Crystals.

As for the Golden Lion, it turned its head away and stopped looking at the crystals. Although the Golden Lion acted as if it didn't care, it would be a lie to say that it didn't feel heartache.

However, in the face of life and a better future, the Golden Lion could only give up these Spiritual Crystals.

About an hour later, Yang Chen finished counting and looked at the other Demon Sovereigns." The total is 13,442 Spiritual Crystals.""

"According to the distribution rules, the Three-Headed Wolf will take 1442 pills, and we will each take 2000 pills."

"As for how to use these Spiritual Crystals, it's up to you. Now, you don't have any objections to my distribution, right?"

Hearing this, the demon emperors shook their heads.

In the end, this operation was a victory without a fight. It was already good enough to get Spiritual Crystals. How could they doubt the distribution principle?

The Three-Headed Wolf nodded. According to the rules, it could only take half of the Spiritual Crystals of a Level 1 Alliance member.

Now that there were more than 400, he was naturally even happier.

Yang Chen nodded.

“Alright, since no one has any objections, I’ll talk about how to deal with my Spiritual Crystals first.”

“I want to give up some of my Spiritual Crystals in exchange for the Golden Lion’s mission.”

Then, Yang Chen gave the flood dragon a look.

“Yang Chen, what do you plan to do with the Golden Lion?” Flood Dragon asked.”

The Golden Lion also turned its head, curious about what Yang Chen was planning to do.

“I plan to let the Golden Lion protect my family’s merchant group and do business outside the Endless Mountain Range.”Yang Chen said.

“Like Chen Qing?” the flood dragon asked again.”

“That’s right.” Yang Chen nodded and gave the flood dragon a look.

Seeing this, Jiao Long shook his head.” No, you’re losing too much. The foundation of our alliance is to not owe any member.””

“Chen Qing has guarded your caravan before. He should know that this is not a big deal. How can it be worth 2,000 crystals?”

“You must know that the demon emperors in the Endless Mountain Range will give face to each other even if they don’t get along with each other.”

“We’re just letting the caravan pass safely without harming them, so these demon emperors naturally won’t refuse.”

“Since you won’t refuse, then you don’t have to fight. Just accompanying me is worth 2,000 crystals?”

The Blue Luan looked at Yang Chen and the flood dragon. She immediately understood the purpose of these two guys.

Hence, the Blue Luan also echoed, "That's right. The last time I was guarding, I didn't fight many times."

"This is because I acted rashly and didn't warn you beforehand. If I had warned you beforehand, not a single battle would have happened."

"The so-called guards are just accompanying him for a walk. Other than wasting time, there is no loss."

"For a demon emperor, time is the most important thing. How can a guard be worth 2,000 crystals?"

"This..." A look of hesitation flashed across Yang Chen's face. "Then what should we do?"

When the Golden Lion heard this, it was very glad that it had joined the Alliance.

Look, look, as expected of a member of the alliance. This was obviously an advantage for him, but they still rejected him.

This meant that he would definitely not be scammed in the future.

The Golden Lion thought happily.

"How about this? I have an idea."

The gold-splitting armadillo also understood what he meant and suggested, "Yang Chen, give your share of Spiritual Crystals to the Golden Lion."

“Then, we can discuss how many times we need to escort this Golden Lion. This will be beneficial to both you and the Golden Lion.”

“After all, your family can’t possibly organize a caravan operation, and the Golden Lion is not willing to give up the Spiritual Crystals just like that.”

“This operation is a win-win situation.”

Yang Chen turned to look at the Golden Lion.” Golden Lion, what do you think?””

“I don’t have any problems,” The Golden Lion nodded repeatedly.

This was too much. Wasn’t it just protecting a caravan? How much trouble could it be? Such a simple thing could be exchanged for 2,000 Gold Spiritual Crystals. Was there anything more worth it than this?

Seeing that the Golden Lion had agreed, Yang Chen smiled and said,””Then how many times do you think it is appropriate to protect my Chen family’s caravan?”

“That’s to listen to you, to be a man of a high status” The Golden Lion King expressed that he could do it as many times as he wanted.

According to the Golden Lion’s thoughts, it had already gained the upper hand this time. Naturally, it could not let him decide the number of times.

Hearing this, Yang Chen thought for a moment and said,””Your strength is important to the Alliance. It’s a waste of talent to just let you protect the caravan.”

“How about this, how about escorting the caravan ten times? This won’t take up too much time and won’t be considered a waste of your strength.”

Hearing this, the Golden Lion agreed without thinking,” No problem.”

Escorting 10 times was equivalent to paying 200 crystals for each escort. It was totally worth it.

After all, according to what the Blue Luan said, this escort was not troublesome.

Seeing this, Yang Chen nodded.” Alright, let’s distribute according to this method.””

Then, under Yang Chen’s organization, these Spiritual Crystals were distributed equally to each Demon Emperor according to the distribution method decided upon.

After distributing the attribute Spiritual Crystals, the group of demon emperors rushed to the Golden Lion’s nest and distributed the ordinary Spiritual Crystals.

Yang Chen didn’t give up on this.

After all, the Chen Family did not need Attribute Spiritual Crystals, but ordinary Spiritual Crystals were still useful.

In the end, Yang Chen earned a total of 2,200 ordinary Spiritual Crystals..

Chapter 360: Three Rank-4 Forces

At the same time, they also brought the Golden Lion, who was in the advanced stage of the demon realm, into the alliance, increasing the strength of the alliance.

It could be said that this operation was a great success.

Then, it was time to recuperate.

Three years later.

Chen Clan, in the meeting hall.

Looking at the scenery outside the door, Chen Yang calculated for a while." According to the speed of the caravan, they should be out of the Golden Lion's territory by now.""

"Now, it's time for real danger."

The territory within the Golden Lion was under Yang Chen's control, so there was naturally no danger.

However, it was not necessarily the case outside the territory. Although there was the Golden Lion guarding it, its safety would be guaranteed.

However, accidents could still happen. Yang Chen could only pray that everything would be fine and no accidents would happen.

After all, although the caravan was only testing the waters, they had invested a lot. Just the Chen family had invested three million spirit stones.

This was not counting the various martial artists. Adding them all together, he still had six million spirit stones.

Even the Li family would feel sorry for them, let alone the Chen family.

"Forget it, it's useless for me to worry." Shaking his head, Yang Chen chased away the worries in his heart and continued to deal with the family matters.

At this moment, Chen Xuan suddenly walked in."Master, Master Li is here.""

"I understand."

Chen Yang nodded and immediately handed the matter here to Chen Xuan. He went to the reception hall alone.

In the reception hall, Li Kehui was holding the Chen family's tea and leisurely tasting it.

Seeing Yang Chen come in, Li Kehui quickly went forward." Aiyo, Master Chen, you're finally here.""

"Why? Did something happen?" Yang Chen smiled.

"Didn't you ask me to contact the Li family and the Shen family?" Li Kehui said." I've already contacted them. They're already waiting at my Li family. I'll take you there now.""

"So fast."

Yang Chen was stunned. He really didn't expect the Li and Shen families to react so quickly.

However, a smile appeared on Yang Chen's face in the blink of an eye. The faster this was resolved, the greater the benefits it would bring to the Chen family.

It would be best if it could be resolved immediately. Then, the Chen family could do business without worry.

"Since both sides are waiting for me, then let's not be long-winded. Patriarch Li, please."

Immediately, Yang Chen and Li Kehui didn't dare to stay any longer. They sat in the carriage that Li Kehui had brought and rushed toward the Li family.

In order to save time, the Li family had pulled out the only demon emperor flying demon beast in the family.

With the speed of traveling ten thousand miles a day, the two of them arrived at the Li family in less than eight days.

After entering the Li family, Li Kehui didn't delay and brought Yang Chen to a hall in the Li family.

After entering the hall, Yang Chen found that there were three forces in the hall.

Although these people were also sitting facing the door and had equal status, there were obvious symbols on their clothes. It was easy to recognize that they were from three different forces.

Yang Chen recognized one of them. It was the Shen family.

The one sitting at the head of the table was Shen Renxu, the ancestor of the Shen family. Yang Chen didn't know the people sitting on the two sides, but they must be the higher-ups of the Shen family.

As for Shen Qiyu, he could only stand behind and do odd jobs.

As for the other two forces, Yang Chen didn't recognize them, but he could guess that one was the Li family, and the other was a fourth-rank force similar to the Shen family and the Li family.

Seeing Yang Chen enter, Shen Renxu smiled and said, "Brother Li, Brother Wang, this is the Chen Yang I mentioned to you. How is it?"

"Not bad?"

The man whom Shen Renxu called Brother Li looked at Chen Yang with envy in his eyes. "I heard the Li family of Qianyuan mention Chen Yang. He has extraordinary talent and resourcefulness."

"Good fellow, you never suppressed me in your life, but now you've put me at a disadvantage in terms of juniors."

Shen Renxu only smiled at Brother Li's words.

He could not believe all of his words. There might be some envy. After all, Yang Chen's talent was equivalent to Level Three. This talent was rare in the Li family.

However, saying that he was at a disadvantage was just a polite remark. Whoever believed it would be stupid.

On the other side, Brother Wang frowned as he sized up Chen Yang." Brother Shen, why is the cultivation technique that this junior of yours cultivates my Beast Tamer Sect's Ten Thousand Beast Technique?"

"I will explain to you later. Right now, we still have to deal with the Netherworld Sword Sect." Shen Renxu said.

Hearing this, Brother Wang nodded.

"Greetings, Patriarch Renxu."

Chen Yang walked up to Shen Renxu and bowed to him.

Shen Renxu smiled and lifted Yang Chen up with his spiritual energy." No need to be so polite. Yang Er, let me introduce you.""

"This is the Li family's ancestor, Li Ruxiao, and this is the Beast Tamer Sect's ancestor, Wang Cheng."

Beast Tamer Sect!

Yang Chen's pupils contracted. He had really worn out his iron shoes and searched for it, but it didn't take much effort to find it.

Chen Yang had been worried more than once about what to do with the cultivation technique. He had originally wanted to find the Beast Tamer Sect Master through the Shen family. He did not expect that he would come knocking on his door now.

Chen Yang immediately bowed to the two of them." Greetings, Old Ancestor Li Ruxiao and Old Ancestor Wang Cheng!"

"There's no need to be so polite."

After using his spiritual energy to lift Chen Yang up, Li Ruxiao smiled and said,""Yang Chen, I really have to thank you this time. If it wasn't for your reminder, I don't know how much ridicule I would have suffered in the following days."

Li Ruxiao was talking about the infiltration of the Netherworld Sword Sect.

After Li Kehui's explanation, Li Ruxiao knew that all of this was based on Yang Chen's deduction.

It wasn't too much to say thanks.

"Forefather Skylike is too polite. This is only what I should do."Yang Chen said in a neither servile nor overbearing manner.

"Sit down first."

Li Ruxiao glanced at Li Kehui, who immediately moved a chair for Yang Chen.

Yang Chen looked at the three Patriarchs, then sat on the chair, waiting for the three Patriarchs to speak.

After Yang Chen sat down, Li Ruxiao smiled and said,""Brother Shen, you should tell your juniors about this."

“No problem.”

Shen Renxu nodded. “Yang ‘er, you’re right. There are two different forces behind Dynasty and the so-called alliance.”

“The Netherworld Sword Sect stands behind the Majestic Empire, and the Devil Essence Palace stands behind the alliance.”

“As you have guessed, although the Netherworld Sword Sect and the Devil Origin Palace belong to the same camp of devil cultivators, they have a lot of conflicts with each other, which leads to the two forces hindering each other.” Hearing Shen Renxu’s words, Chen Yang looked at Shen Renxu in confusion. “Patriarch, you’ve investigated everything so quickly?”

It was no wonder that Chen Yang was confused. It had only been a short while, but he already knew everything. The arrangements of the Netherworld Sword Sect and the Devil Origin Palace had become a joke.

Seeing the confusion on Yang Chen’s face, Shen Renxu smiled and said, “How long do you think it will take? No matter what, we’re also a faction at the peak of the Alkaid World. It’s still relatively easy to really investigate something.”

“Of course, the idea you gave us is also very important. It saved us a lot of time.”

“Peak?”

Yang Chen was even more confused. The Shen family was only Rank-4, and Rank-4 was the peak of the Alkaid Realm?

Seeing Yang Chen’s expression, Shen Renxu laughed and scolded, “Brat, you look down on a fourth-rank force.”

“Now that Rank-2 is hidden and Rank-3 is the ruler of the world, why can’t a Rank-4 force become the peak?”

“You have to know that there are only eight third-rank forces and twenty-eight fourth-rank forces in this world.”

Only today did Chen Yang know the distribution of the major forces in the Alkaid World.

Eight third-grade, twenty-eight fourth-grade.

To be honest, this was weaker than Yang Chen thought.

According to Yang Chen’s imagination, Rank-3s were everywhere, and Rank-4s were as numerous as dogs.

He did not expect Rank-4 to be so rare.

“What about the first-rank forces?” Yang Chen asked again.

Shen Renxu sighed.” It’s been 100,000 years since a first-rank force was born in the Alkaid Realm.”

From Shen Renxu’s words, there seemed to be some secrets.

However, Yang Chen knew that this was not something he could understand at the moment. He still had to deal with the matters of the Netherworld Sword Sect and the Devil Origin Palace.

“Patriarch, what do you need me to do?” Yang Chen asked.”

Yang Chen didn’t ask them what they wanted, but asked them what they needed him to do. The answer to these two questions was very likely to be the same, but different ways of asking questions could give these three ancestors different impressions.

As expected, the three Patriarchs revealed a satisfied expression as soon as Chen Yang finished speaking.

Then, Li Ruxiao said, "The enemy has taken the initiative to attack, so we naturally have to take it." "

"However, the two sides are currently in a stalemate, and it is not good for us to take the lead. Therefore, we plan to support you and the Qianyuan Li Family and let your two families solve this problem for us."

"Are your two families willing?"

Hearing this, Yang Chen and Li Kehui looked at each other and replied, "< M >< M >

Nonsense, only a fool would be unwilling.

Although it looked like the Li and Chen clans were playing chess with the three forces, the benefits they could get from it were not fake.

Putting aside the support of the three Rank-4 factions, just the benefits of swallowing this Dynasty and faction alliance would be enough for the Chen family and the Li family to split.

"Alright."

Old Forefather Li Ruxiao nodded in satisfaction. "We'll talk about how to support you later. Let me tell you what you should do first."

"What we mean is that we can't be exposed for the time being. At the very least, this has nothing to do with us on the surface."

"Can you understand this?"

“Understood.”

Yang Chen nodded. What was so difficult to understand? He just had to take into account his relationship with the demonic cultivators. Now was not the time to fall out with them, so he naturally had to hide it.

Even if it was just a superficial concealment, it had to be done.

“Next, we want you to stir up a conflict with them. It’s best if you let them take the initiative to make things difficult for you, and then you’ll deal with them.”

“That’s the general plan. As for how to implement it, it’s up to you.”

“Don’t think that we’re doing nothing. This is a test for you. After you complete it, you’ll naturally be rewarded handsomely..”
