

Tamer Family 361

Chapter 361: The Support of the Three Major Forces, The Cultivation Method Is Found

“Test?” Chen Yang looked at the three Patriarchs. Why did they suddenly test them?

“That’s right, it’s a test for the people in the United States.”

Shen Renxu nodded. “We still have many ways to deal with this dynasty, but after thinking about it, we have decided to give this opportunity to you.”

“If you can pass our test, there will naturally be good things waiting for you.”

Li Ruxiao continued, “Don’t keep us in suspense. Let me tell you straight. If you can complete our test, we will introduce you to the ruler of the Hidden Dragon Region, the third-rank sect Dao Sect.”

“Dao Sect?”

“That’s right, Dao Sect.”

“Didn’t I tell you before that there are a total of eight third-grade factions in the Alkaid World? The Hidden Dragon Region commanded by the Dao Sect and the Demon Region commanded by the Demon Hall divided the Southern Region, one of the four great regions of the Alkaid World.”

“The Southern Domain is only this big. The two sides will definitely fight for their own profits.”

“Therefore, the matter of the dynasty is not just a fight between us, the Netherworld Sword Sect, and the Devil Origin Palace. To be precise, it is also a confrontation between Taoism and the Devil Palace.”

“If you can resolve this confrontation, the Dao Sect will definitely reward you.”

“As the ruler of the Alkaid World, the Dao Sect’s handiwork is not ordinary.” Li Ruxiao smiled.

Yang Chen realized that there were so many tricks in this.

Was it the confrontation between the Dao Sect and the Demon Hall?

Actually, it was quite normal when he thought about it. The Hidden Dragon Region was the territory of Taoism. Without the permission or secret permission of the Devil Hall, the Netherworld Sword Sect would not dare to extend their hand.

“Alright, I’ll tell you about the support our three sides have given you.” Shen Renxu said.

Hearing this, Yang Chen and Li Kehui’s eyes lit up.

The support of three fourth-rank forces was definitely not ordinary.

As expected, the moment Shen Renxu finished speaking, Wang Cheng, the ancestor of the Beast Tamer Sect, took the lead and said, “I’ll go first. In this battle with the Netherworld Sword Sect, whether it’s a scheme or something else, we need a strong backing.”

“How about this? My Beast Tamer Sect will sponsor two spirit beasts for both of you to provide strength to ensure the implementation of your plan.”

Then, Wang Cheng took out a Beast Tamer Bag from his pocket and handed it to Yang Chen. “I’ve already told them that you can just let them out when you use them.”

“Understood!”

Yang Chen nodded and took the bag with both hands. After examining the bag, Yang Chen asked, "Ancestor Wang Cheng, what level are spirit beasts?"

You don't know about spirit beasts?"

Wang Cheng was stunned. He looked at Shen Renxu as if he was asking why Shen Renxu didn't say anything to his junior.

Seeing this, Shen Renxu's eyes were a little embarrassed. He smiled and said, "I'm just afraid that it will affect Yang 'er's mentality."

"Fine, since you've asked me, I'll tell you everything."

"Generally speaking, spirit beasts are a general term. As long as it's a demon beast above the demon emperor level, it's called a spirit beast."

"The reason why I call them that is because after a demonic beast breaks through to a spirit beast, its intelligence will greatly increase. It is not difficult for it to speak human language."

"At the same time, they can also control their own bodies freely. They are extremely clever, so they are called spirit beasts."

"As for the specific classification of spiritual beasts, you can refer to the honorific titles of us martial artists."

"For example, if a Daoyuan Realm expert is called a Supremacy, then a spirit beast of the same level as the Daoyuan Realm expert is a Spirit Supremacy."

"The Void Breaking Realm is called the King Realm, so the Spiritual Beasts above the Spiritual Venerable Realm are called the Spiritual Kings."

Spiritual Venerable, Spiritual King.

Dao Origin Supremacy, Space-Piercing King-

Yang Chen suddenly knew many things that he had never known before.

It turned out that those above Demon Emperor were called spirits, and those above Dao Origin Supremacy were called Space-Piercing Kings.

“Ancestor, why is the grade of this spirit beast so random? For example, the names of our martial artists ‘levels are all based on the characteristics of the realm.”

“Just like how the Zifu is built within the dantian, ascending the stage is using the Zifu as the foundation to ascend to the highest level.”

“As for the Dao Origin, it is to comprehend the Dao concept. Why is it so casual when it comes to demon beasts?” Yang Chen asked.

Hearing this, the three ancestors looked at each other and then laughed together.

Yang Chen scratched his head. What was so funny about this?

After laughing, Li Ruxiao said, “Yang Chen, let me ask you. Who determined the first to ninth grades of spiritual weapons and spiritual medicines?”

“Naturally, it’s us humans.” Yang Chen said.

“Doesn’t that explain it? To us humans, there’s no difference between demon beasts and spirit weapons and spirit medicines. Is there a need to specially think of realm names for them?”

“I’ve already given them enough face by giving them the honorific title of our human race. If you don’t believe me, you can ask any spirit beast. Who wouldn’t be grateful for this?”

“Chen Yang, the Alkaid Realm is the territory of the human race. Everything is up to the human race.”

In Li Ruxiao’s words, Chen Yang heard the domineering aura of the Human Race standing proudly in the Alkaid World.

Immediately, Yang Chen bowed to the three of them.” Thank you for your explanation.””

“There’s no need to be so polite.”

Shen Renxu helped Chen Yang up. After Chen Yang sat down, he looked at the red-bearded old man beside him.” Brother Wang is right about one thing. No matter what kind of plan you have, you need strength to back it up.”

“Yang Chen, this is Venerable Lord Huo of the Shen family, Shen Daokong. From today onwards, he will be under your command..”

Chapter 362: Support from the Three Major Forces, the Cultivation Method Is Found

Chen Yang quickly stood up when he heard that.” Greetings, Progenitor Dao Kong.””

“There’s no need to be so polite.” Shen Daokong smiled and stood up. He quickly arrived in front of Chen Yang and helped him up.” I don’t dare to call you ancestor in front of you.””

“You’re too polite, Patriarch Dao Kong. This isn’t an honorific title, but a title that the juniors use to address you in terms of seniority.”Yang Chen smiled.

“Alright, since that’s how Yang ‘er calls you, just accept it. According to seniority, you’re indeed Chen Yang’s ancestor.”Shen Renxu laughed.

“Yes, sir!”

Shen Daokong nodded and stood behind Yang Chen. This made Yang Chen extremely uncomfortable. He didn't know whether to get up or not.

Fortunately, Li Ruxiao's words attracted everyone's attention and helped Yang Chen out.

“Brother Shen, if you send Venerable Lord Huo out, won't you expose yourself?”

“Exposed? Didn't you hear Chen Yang call out to Patriarch Dao Kong? Shouldn't the Patriarch help when his junior is bullied?” Shen Renxu laughed.

“From what you're saying, you don't intend to hide the Chen family anymore?” Li Ruxiao asked.

“I want to hide it too.”

Shen Renxu smiled at Chen Yang, his eyes filled with satisfaction. “But who would have thought that the Chen family would develop so quickly?”

“Since the Chen family has such potential, why don't we announce the relationship between our two families? This way, the Chen family will have less trouble when developing.”

“As for whether I will be remembered, the Chen family is on your Li family's territory anyway. If anything happens, I will look for you.”

“You...”

Li Ruxiao's words paused, and he immediately scolded with a smile, “You're being too unreasonable. Forget it, I still have to thank Chen Yang for this. Since that's the case, my Li family will help you take care of the Chen family.”

Of course, Li Ruxiao was only joking when he said that he would take care of the Chen family for the Shen family.

The power created by the Shen family's younger generation still needed the help of other families to take care of it. That was too much of a slap to the Shen family's face.

Shen Renxu's original intention was just to let the Li family open a convenient door for the Chen family.

After all, if the Chen family wanted to develop, they could not avoid the Li family no matter what. If they informed them in advance, it would save them trouble in the future.

As for the enemies that were not friendly to the Chen family, that would naturally be dealt with by the Shen family.

Li Ruxiao knew what Shen Renxu meant, so he didn't refuse and agreed.

This operation indeed had to thank the Chen family, so they naturally had to give up a portion of the benefits.

Moreover, the Chen family was still weak. Even if they took some of the Li family's interests, how much could they take?

If they wanted to really affect the Li family's interests, the Chen family had to be at least a top fifth-rank family.

By then, hundreds or even thousands of years might have passed, and their friendship would have long been exhausted. The Li family could stop them without worry.

For the sake of the Shen family, the Li family would not go too far, but they would not let the Chen family develop steadily.

At the very least, he would have to let the Chen family move to the Shen family's territory and divide his own interests from the Shen family's interests.

Besides, this friendship could only last for one or two hundred years. Li Ruxiao did not believe that the Chen family could advance to Rank-5 in one or two hundred years.

As long as he had not advanced to Rank-5, he would not mind giving up the benefits.

Back to the main topic.

After Wang Cheng and Shen Renxu showed their support, Li Ruxiao also expressed the support of the Li family." Although this operation is a confrontation between Taoism and the Demon Palace, it is ultimately a matter of the Li family."

"My Li family naturally can't be stingy."

"However, you have two Spirit Paragon-level spirit beasts and Venerable Lord Huo's help."

"How about this? I'll give you a quota of crystals, and you can exchange it for any support of the same value."

"If you need spirit herbs, use the crystals to exchange for spirit herbs. If you need spirit weapons, use them."

"As for the scale of the Spiritual Crystals,"

Li Ruxiao thought about it seriously and said,""100,000 Spiritual Crystals it is."

100,000 crystals!

Yang Chen and Li Kehui widened their eyes.

That was 100,000 crystals!

Some Fifth-rank forces might not even be able to come up with 100,000 Spiritual Crystals even if they went bankrupt. They did not expect Li Ruxiao to take it out to support them.

“Thank you for your support, Patriarch. We will definitely not disappoint you!”

“Alright, there’s no need for formalities. Show us the actual battle situation to thank us.” Li Ruxiao waved his hand, indicating that the two of them did not have to do this.

“Right, if you need anything, just contact me with the Kongwen Formation.”

“Yes.” Li Kehui nodded.

On the other hand, Chen Yang looked at Li Ruxiao with some doubt.

What kind of array was this Kongwen Array? It sounded like they could communicate remotely. If the Chen family had this array, it would be much more convenient to contact the Shen family.

“Patriarch Li, what kind of array is this Kongwen Array?” Chen Yang asked.

Li Ruxiao didn’t feel anything about Yang Chen’s question. He explained directly, “To put it bluntly, the Kongwen Formation is a formation that can be used for long-distance communication.”

“Its internal structure is quite simple, but it requires a formation master who understands the Dao of Space to set it up. After all, this long-distance communication already involves the Dao of Space.”

“Of course, there are very few array masters to begin with, let alone array masters who comprehend the Dao of Space.”

“Generally speaking, some treasures that contain the Dao of Space can completely replace array masters who comprehend the Dao of Space.”

“Basically, any fifth grade formation master can set up this kind of formation. It’s just that treasures that contain the Dao of Space are not easy to find..”

Chapter 363: The Support of the Three Major Forces, The Cultivation Technique Is Found

Yang Chen understood, but a question arose in his mind.

How could he accurately contact the other party?

There was no phone number here.

Shen Renxu stroked his beard with a smile.” You have a lot of questions.””

“Actually, it’s not difficult to solve. I just need the mother stone.”

“As for this Mother Stone, it is a strange treasure. No matter how far away it is, the Child Stone can sense the Mother Stone.”

“As for why the mother stone is so strange, no one can figure it out. Everyone is guessing that the Heavenly Dao was bored and got its hands on a small toy.”

“However, this characteristic is used in the Kongwen Formation.”

“When you activate the Kongwen Array, you only need to place the Child Stone and you can contact the Kongwen Array where the Mother Stone is.”

“For forces like ours, we usually set up two Kongwen Arrays. One of the Kongwen Arrays is always open, and the mother stone is placed there to wait for the child stone to contact us.”

“The other Kongwen Formation is used to contact other forces using their Child Stones.”

“You might be wondering how many stones you have. You can send them out at will and let the other factions contact you.”

“Actually, you’re right. You can have as many child stones as you want. You just need to inject Holy Qi into the mother stone. Oh, right, the Holy Qi was the name of the spiritual energy in the body of a Dao Origin Venerable or above.

“You’ll understand the specific situation in the future. You can now understand that when the quality of Spiritual Qi increases to a certain level, it can be called Holy Qi.

Back to the main topic.

After injecting Holy Qi into the mother stone, he would paste an ordinary piece on it, and that stone would become a child stone.”

“As for the Mother Stone, every Mother Stone is a unique existence, just like us humans.”

“It is also because of the uniqueness of the Mother Stone that the faction that possesses the Mother Stone will be looked upon highly by others. This means that not only can you contact others, but others can also take the initiative to contact you.”

Listening to Shen Renxu’s explanation, Chen Yang finally understood some things about the Kongwen Array.

To be honest, this Kongwen Array was quite troublesome. With the Mother Stone, the Kongwen Array had to be activated at all times to ensure that no one could miss out on contact.

“Forefather, I still have a question. What resources do you need to activate the Kongwen Array? Wouldn’t it be a waste of resources if you keep it activated?” Yang Chen said.

This time, it was Wang Chenglai who explained to Yang Chen, “If you want to activate the Kongwen Array, you need to consume a lot of Spiritual Crystals.”

“As for what you said after that, that’s because your ancestor didn’t explain it to you clearly.”

“In fact, only when the two sides contact each other can the Kongwen Formation be truly activated.

The activation of the formation, like what your ancestor said, is to maintain the activity of the Kongwen Formation, so that we can know who is contacting us.”

“This kind of active activation only requires a few spirit stones. Generally speaking, a hundred a day is enough.”

“Even though it has been a long time, the number of spirit stones consumed is not small. But here came the problem. Which faction that possessed the Mother Stone was not a ruler?”

“If you can’t even afford to use up these spirit stones, then you should give the mother stone to someone else as soon as possible to save yourself from losing face.”

He would need to spend 100 spirit stones every day!

Chen Yang sucked in a breath of cold air. What a good fellow. This was really not something that ordinary forces could afford.

Yang Chen immediately made a decision. Before the Chen family became rich, he would give up the idea of owning the mother stone.

It was already good enough to take some stones.

“Since we’re talking about the Kongwen Array, it’s time to set up one for your Chen Family.”

“This is the son stone of the Shen family. Take it first. As for the Kongwen Array, when I return, I will arrange for an array master to come with your second great grandfather.” Shen Renxu said.

Immediately, Chen Yang took the legendary Zi Shi.” Thank you, Ancestor Ren Xu.””

Then, Yang Chen carefully sized up Zi Shi.

To be honest, this Child Stone looked quite ordinary, no different from the ones on the roadside. However, if one felt it carefully, one could sense the wonders of the Child Stone.

This feeling was as if he had made a great oath to heaven and earth and received a response from the Heavenly Dao.

It seemed that the mother stone was something that the Heavenly Dao had created. This statement did make some sense.

“Since Brother Shen intends to set up the Space News Array for the Chen family, then according to the rules, my Li family will also have to give the Child Stone.”

“This is my Li family’s Zi Shi. If you need anything, remember to contact my Li family.” Li Ruxiao said.

Yang Chen took the stone from the Li family. There was a Li character carved on it, so Yang Chen didn’t need to identify it.

Wang Cheng, who was at the side, also said, “Since that’s the case, I’ll give you one of the child stones from my Beast Taming Sect.”

As he spoke, Wang Cheng also handed Yang Chen a stone.

On the stone was the symbol of the Beast Tamer Sect.

Seeing this, Chen Yang smiled at Shen Renxu." Ancestor Renxu, why doesn't our Shen family's Mother-Child Stone have any symbol?"

"Because I don't need to be an enthused."

" No matter which force it is, the Child Stone given by the Shen family must be treated separately," Ren Xu said proudly." We don't need to mark it for him."" "Alright, alright, aren't you just showing off your Shen family's Three Princes? We will have one in the future too."Li Ruxiao said sourly.

Seeing this, Shen Renxu smiled, but his eyes were still filled with pride.

In the entire Alkaid World, one sect and three kings were in the minority..

Chapter 364: The Support of the Three Major Forces, The Cultivation Method Is Found

While the two of them were chatting, Wang Cheng stared at Yang Chen without moving his eyes.

Yang Chen was scared and quickly asked,"Ancestor Wang Cheng, is there anything special about me?"

Hearing this, Wang Cheng grinned and said,"It's nothing. It's just that the cultivation technique you cultivate seems to be my Beast Tamer Sect's Ten Thousand Beast Technique. It looks like it's an incomplete copy.""

He was here!

If Wang Cheng didn't mention it, Chen Yang would be too embarrassed to bring it up.

"Ancestor Wang Cheng, you might not know this, but we also have a Beast Tamer Sect here."

"The founder of the mountain is said to be a disciple of Wang Cheng's Beast Tamer Sect."

"As for my Chen family, we used to be a vassal family of the Beast Tamer Sect. It's normal for us to cultivate the same cultivation technique as the Beast Tamer Sect."

"Oh, there's such a thing?"

Wang Cheng frowned. He couldn't be careless about the cultivation method. He couldn't just let Chen Yang say whatever he wanted. Naturally, he had to investigate it properly.

Shen Renxu smiled and said, "I can prove this. When we came here, we specially went to the Beast Tamer Sect to take a look. It's indeed your family's inheritance."

"Their sect's logo is exactly the same as your Beast Tamer Sect."

Wang Cheng nodded.

Wang Cheng still believed Shen Renxu's words, but even if he did, he still had to continue investigating.

It was still the same sentence. He could not be careless about the cultivation technique.

"Since Brother Wang has mentioned the cultivation technique, then this old man will be thick-skinned and ask Brother Wang to take out the Beast Tamer Sect's cultivation technique and give it to the Chen family. My Chen family can exchange it with resources."

"After all, I can't just watch as the proud son of heaven of my Shen clan gets stuck at the Purple Prefecture Realm." Shen Renxu laughed.

Hearing this, Wang Cheng sized up Chen Yang again." From the aura, it's indeed the cultivation technique of my Beast Tamer Sect's King Beast Art Purple Mansion Chapter."

"However, Brother Shen, how can you just give this cultivation technique to others?"

"Sigh, Brother Wang, you're too stingy. Brother Shen didn't say that he wanted all of your cultivation techniques."

Li Ruxiao, who was standing beside Shen Renxu, said," You can take out the Stage Chapter and Dao Origin Chapter. This way, you can give Brother Shen face and exchange them for some resources."

Wang Cheng was silent for a moment when he heard this. He immediately said,"Alright, since that's the case, I'll give Brother Shen and Brother Li some face."

"Other than the Space-Breaking Chapter, our Beast Tamer Sect's cultivation technique can be given to the Chen family. Of course, the Chen family has to guarantee that it won't be leaked."

" Thank you, Old Ancestor Wang!" Yang Chen immediately said." I guarantee that this cultivation technique will only be cultivated by the Chen Family!"

"Don't thank me yet."

"I can even give you the cultivation technique for free, but there's one thing I need you to do for me."

Shen Renxu frowned." One thing? Brother Wang, if your Beast Tamer Sect has anything that needs the Chen family to do, can't my Chen family do it?"

"No."

Wang Cheng shook his head," Brother Shen, you should know, I say, what is it, this guarding thing, it's my turn, Beast Tamer Sect, you Shen family want to go up, the Taoist sect also won't agree."

“But isn’t it a little too much to let the Chen family attack? The Chen family can’t deal with them.” Shen Renxu said.

“Don’t worry. There are still two hundred years for the Chen family to develop.”

“Don’t tell me you don’t have confidence in your junior? I think that the Chen family in 200 years will definitely give us a fright.”

“Besides, our Beast Tamer Sect isn’t just letting the Chen family go. Our Beast Tamer Sect will also send experts.”

“I have already stated the conditions. Yang Chen, the choice is on your side.” Wang Cheng said.

Hearing this, Chen Yang didn’t even think about it and directly said, “I agree.”

No matter what the Beast Tamer Sect wanted the Chen family to do, the Chen family had to do it. After all, without a cultivation technique, the Chen family could only lower themselves to Rank-7.

Moreover, there were still 200 years to develop. After 200 years, the Chen family would definitely be able to deal with what Wang Cheng had said.

How much energy could he accumulate in two hundred years?

With the Dao Integration Pearl, would he be afraid of difficulties and trouble?

Chapter 365: The Plan Begins, Interrogating Zhou Muchun

Seeing that Yang Chen did not hesitate and agreed, Wang Cheng was still a little stunned." Are you sure? Aren't you going to ask what it is?"

"No need."

Yang Chen smiled and shook his head," No matter what it is, the Chen Family is willing to do it. After all, this concerns the future of the Chen Family.""

Hearing this, Wang Cheng said," In that case, I won't trick you. I'll send someone to send this cultivation technique to the Shen family in a while. When the time comes, I'll get the Shen family to send it to you directly.""

"As for what your Chen family needs to do, I can tell you directly."

Yang Chen focused all his attention on what Wang Cheng said next.

To Yang Chen's surprise, Wang Cheng didn't tell Yang Chen what was going on.

Instead, he asked," Yang Chen, have you ever heard of demons?""

"I've heard of it."

Yang Chen nodded." We found a Blood Magic Stone here some time ago, but it was taken away by the Shen family.""

Wang Cheng was stunned and looked at Shen Renxu." So, Chen Yang was the one who found the Blood Demon Stone. You took it to your Shen family to claim credit.""

"The Taoist Faction has rewarded your Shen family quite a bit. Aren't you going to show your gratitude?"

Shen Renxu smiled." You still need me to investigate. Before I do, the reward won't be given.""

"After we come down, I naturally won't owe Yang 'er anything."

"Forget it. This is your own matter, so I won't care."

Wang Cheng looked at Chen Yang again." Since you know about the evil spirit, you should have heard from your Shen family that the evil spirit was not destroyed."

Yang Chen nodded.

"The thing I want to give you is related to this demon."

"Our Alkaid World has eight great demonic lands that require the various large factions to take turns guarding. "In 200 years, it will be our Beast Tamer Sect's turn to guard the land of the demons in the Hidden Dragon Region."

"My matter is that I need your Chen Clan to help me guard the Land of Evil Demons. "Of course, my Beast Tamer Sect will also send experts to help."

"Your Chen family doesn't have to worry about high-level combat strength. In fact, what my Beast Tamer Sect needs is your Chen family's help to deal with low-level demons."

"As for the specifics, we'll talk about it after two hundred years."

"Of course, you don't have to worry too much about the evil spirit. If it weren't for that matter, we would have eradicated the evil spirit long ago."

"As for why we can't eradicate the evil spirit, you'll know when your Chen family becomes a Fourth Stage family."

“I hope that your Chen family can become a fourth-rank family. You have to know that the Alkaid Realm hasn’t produced a new fourth-rank force for a full 3,000 years.”

Yang Chen understood.

It turned out that the Beast Tamer Sect needed the Chen family to help guard the Land of Evil Demons.

In the next 200 years, he would have to prepare well.

At the very least, they had to know some of the characteristics of the evil demons. Otherwise, they would be the ones who would suffer if they were blinded.

After everything was explained, the three forces did not want to stay any longer. Immediately, with Yang Chen and Li Kehui sending them off, the three forces left the Endless Mountains together.

After the three forces disappeared, Chen Yang and Li Kehui came to the Li family’s meeting hall.

As for Venerable Lord Huo, Li Kehui asked his elder to take him to the Chen family first.

After taking their seats, Li Kehui asked the elders and servants to leave. When there were only two people left in the meeting hall, Li Kehui asked, “Chen Clan Leader, what should we do next?”

“It’s very simple. Just follow the original plan.” Yang Chen said.

“Carry out the original plan?”

“It’s that simple?” Master Li was stunned. There’s no need to plan anymore?”

“No need.”

Chen Yang shook his head." In fact, since we know the forces behind Dynasty and the alliance, we only need to destroy these two forces and expel the Netherworld Sword Sect and Devil Essence Palace."

"Now, we only need an excuse to make a move."

"Of course, we still have to investigate the hidden experts in these two forces."

"Once we carry out the plan, we will definitely be able to touch the interests of the Netherworld Sword Sect and the Devil Origin Palace."

"At that time, they will naturally send experts to deal with us. This will give us an excuse to attack."

Secondly, it can also help us understand the hidden powerhouses in Dynasty and the alliance."

Although Yang Chen's plan was good, Li Kehui was still a little worried.

"Chen Clan Leader, will those rank 6 forces buy our pills? If they didn't buy it, wouldn't the plan fail?"

Li Kehui's worries were not without reason. After all, with Devil Origin Palace around, how could those Rank-6 forces act on their own?

Regarding this, Chen Yang smiled." There's no need to worry about that. All forces have their own selfish motives. Besides, we have three fourth-rank forces behind us. Are we afraid of Devil Essence Palace?"

"Also, just because the alliance is backed by Devil Origin Palace doesn't mean that every rank 6 force is backed by Devil Origin Palace."

"I reckon that the Devil Essence Palace isn't too concerned about this alliance of forces. Otherwise, they wouldn't have allowed the Empire to control the cultivation resources of the various Rank-6 forces."

"The Demon Origin Palace only wants to earn some spirit stones and bury a nail."

“There is a Chamber of Commerce to earn Spirit Stones, so there is naturally no need to worry about it. As for the spies in the Central Plains, one is enough, so there is no need for so many.”

“I guess that among so many rank 6 forces, only a few of the strongest rank 6 forces are directly controlled by Devil Essence Palace..”

Chapter 366: The Plan Begins, Interrogating Zhou

Muchun

“As for the other rank 6 forces, some might know about the Devil Origin Palace, while some might not even know about it.”

“They can naturally go and buy cultivation resources.”

” Moreover, I reckon that even the rank 6 forces controlled by the Devil Essence Palace will buy them. After all, their cultivation resources are also controlled by the Dynasty.”

“Moreover, buying our resources won’t affect the interests of Devil Origin Palace.”

“Perhaps until the real battle begins, Demon Origin Palace and his merchant associations might not be willing to get involved. They just have to stand together because they belong to the same camp.”

Yang Chen’s words were not without reason. Firstly, it was impossible for Devil Origin Palace to control all the Rank-6 forces.

If that was really the case, then all the rank 6 forces were under Devil Origin Palace and affected the interests of Devil Origin Palace. How could they allow Dynasty to control their cultivation resources?

Secondly, the Devil Essence Palace and the Netherworld Sword Sect had some kind of relationship. They would definitely stand on the same side when it came to major matters. However, when it came to small matters like earning Spiritual Stones, they would naturally be happy to see the other party suffer.

Most importantly, the cultivation resources of these rank-6 organizations were blocked by Dynasty.

Even if it was controlled by the Devil Essence Palace, they still had to think of ways to find cultivation resources.

The Devil Origin Palace was indeed terrifying, but the lack of cultivation resources was what made the forces feel despair.

"I see."

Li Kehui smiled as he picked up a cup of tea and took a sip. Then, he smiled and said, "There's a Chen family master. The victory of this operation is right in front of the eyes of the enemy."

"Patriarch Li, you must be joking."

Yang Chen smiled and shook his head. Then, he suddenly thought of something and quickly said, "Oh right, it's best if you can rope in the rank 6 forces in the alliance."

"Why?"

The Li Family Head couldn't figure out Yang Chen's thoughts. In the past, he instigated a rebellion because he had no other choice.

Now that he had the support of three Rank-4 forces, there was no need to worry so much. He just had to directly push them over.

“Patriarch Li, think about it. If the cities in your territory are infiltrated by the enemy, you will be able to escape.”

“I’ll give you two choices now. One is to expel the enemy by force, but your own city will definitely be paralyzed.”

“Secondly, although it will take some time, I can guarantee that this city will still be useful and can provide the Li family with spirit stones.”

“If it were you, what would you choose?”

Li Kehui thought about it seriously and said, “If I had to choose, I would choose the second option.”

“It’s possible that my Li family doesn’t care about the profits of that city, but it will also take a lot of time to rebuild it.”

“In addition to the violent sweep, my Li family will definitely lose the hearts of the people here and be hated. It’s better to spend more time and slowly deal with it.”

“Compared to the profits from the spirit stones, these are what my Li family values the most.”

“Isn’t this the end of the game? Your Li family values this, and the Dao Sect also values this.” Yang Chen smiled and said, “Since we’re asked to do something, and there’s no time limit, why don’t we spend more time to do this thing beautifully?”

“The Dao Sect shouldn’t be short of time.”

Hearing this, Li Kehui nodded. “Alright, tell us. What should we do?”

“It’s very simple. We’ll carry out the original plan. The three major chambers of commerce will definitely join forces to suppress us, but we won’t start a decisive battle right from the start.”

“After all, before they figure out our trump card, they won’t be willing to rashly start a decisive battle.”

“What I want is for Patriarch Li, you to try your best to win over all the forces that you can before the three Chambers of Commerce decide to fight.”

“When the final battle begins, we will have some power to help us rebuild the market.”

“You have to know that the three Chambers of Commerce and Dynasty are related to the cultivation resources of many martial artists in such a large territory.”

“Once this market collapses, a new market will definitely appear. Otherwise, how will those martial artists buy cultivation resources for a while?”

When the time comes, the sound of complaints, when the time comes, the sound of complaints appears. The voices of the people were so loud that even Dao Sect was unwilling to see it.”

“Even if our two families annex such a large market and can swallow it, we still need some power to help sell it.”

“And just as I said before, these forces can also ensure that the order here is not chaotic, and there is no need for the Taoist Faction to specially repair it.”

After listening to Yang Chen’s plan, Li Kehui smiled and said, “Clan Head Chen is indeed thoughtful. Alright, let’s do as Clan Head Chen says.”

“Don’t worry, Patriarch Chen. The specific implementation will be left to my Li family. It’s just that some decisions still need the help of Patriarch Chen.”

“Don’t worry, Patriarch Li. This is what I should do.” Yang Chen smiled.

After discussing the plan, Yang Chen returned to the Chen family alone.

Meanwhile, the Li family's head used the Li family's Spiritual Crystals and the pills he had prepared in advance to carry out his plan.

Two years later.

Outside the Hidden Dragon Mountain Range, a chamber of commerce named "Dragon Leap Chamber of Commerce" was officially established in the city where the alliance was located.

In this chamber of commerce, the establishment of the first, just to attract the city inside the large part of the people's attention.

He was too bold.

Even though the main names of the three merchant associations were not here, the cities where the alliance was located were second only to the imperial cities, including Dynasty.

As the second largest city, the branches of the three major merchant associations here could be considered to be second only to the main account..

Chapter 367: The Plan Begins, Interrogating Zhou Muchun

Setting up a Chamber of Commerce in this city was equivalent to slapping the three major Chambers of Commerce in the face.

On the day that the Longyue Merchant Association opened for business, the branch presidents of the three major merchant associations received the news.

In the meeting hall of the Royal Chamber of Commerce controlled by Dynasty, Branch Chairman Chu Ge sat on a mahogany chair and knocked on the table beside him with a smile.

The elders sitting on the right and left of Pavilion Chu were sitting on their chairs, waiting for Pavilion Chu to lecture them.

“Why, no one said anything?” Pavilion Chu suddenly asked.

Hearing Pavilion Chu’s words, the elders looked at each other and then turned their attention to the branch’s First Elder.

Seeing this, the branch’s First Elder Liu Mo stood up and cupped his hands. “Guild Master, do you think we should keep our stance?”

“Oh?” Pavilion Chu narrowed his eyes and smiled. “Why do you have to deal with all changes with the same attitude?”

“It’s like this,” Liu Mo explained. “Since this Longyue Merchant Association dares to establish a merchant association in Sun City, there are only two outcomes.”

“Firstly, the founder of this merchant association is a fool. The Yu Clan Merchant Association will naturally destroy the Longyue Merchant Association. After all, the things sold by this Chamber of Commerce are the contents sold by the Yu Clan Chamber of Commerce...”

“The second possibility is that the founder of this Chamber of Commerce is not an idiot. “Since he’s not a fool and still dared to establish it in Sun City, it means that he must have the confidence that we don’t know about.”

“If it’s really the second possibility, then we shouldn’t make a move. In any case, the Longyue Merchant Association doesn’t affect our interests. Let the Yu Clan Merchant Association have a headache.”

“After the Yu Clan Chamber of Commerce has thoroughly investigated the Longyue Chamber of Commerce, we will consider the strength of their trump cards and consider whether we should participate.”

“Regardless of whether we participate or not, the best plan now is to remain unchanged.”

Great Elder Liumo told Pavilion Chu and the other elders what he had thought of.

After hearing the First Elder's words, the elders nodded in agreement.

After all, this has nothing to do with us, so why should we act as pawns for the Yu Chamber of Commerce?

"Wonderful! Wonderful! Wonderful!"

"Great!" Pavilion Chu exclaimed. Then, she looked at the elders and said, "Everyone, no matter who from the Yu Chamber of Commerce is looking for you, don't be in a hurry to agree."

"Let the Yu Clan Chamber of Commerce have a headache over this Longyue Chamber of Commerce."

"If you want us to take action, you have to at least investigate this Longyue Merchant Association thoroughly."

"Alright, everyone go do your own things."

While the Royal Chamber of Commerce was discussing this matter, the Yuan Clan Chamber of Commerce, which was located in the north of Yang City and was created by the alliance of powers, was also discussing this matter.

Gu Mu, who was then the Yang City branch president of the Yuan Clan Chamber of Commerce, also sought the opinions of the elders in the Yuan Clan Chamber of Commerce branch.

"President, I don't think this has anything to do with us. Why should we get involved?"

"That's right. It's said that the three chambers of commerce are helping each other out, but every time something happens here, those two chambers of commerce are just watching the show."

“Now that they have a problem, why should we get involved?”

“Third Elder’s words are correct. That Yu Clan Chamber of Commerce is about to become the little brother of the Royal Chamber of Commerce. Now that there’s a problem, let his big brother resolve it.”

The elders of the Yuan Consortium’s merchants discussed this matter and came to a consensus, which was to ignore it.

Due to the conflict between Dynasty and the alliance, the merchant associations created by the two factions were not on good terms with each other.

They might stand together on major matters, but on small matters, let alone helping, if they didn’t cause trouble, the higher-ups of the Chamber of Commerce would forget about it.

As for the Yu Chamber of Commerce, although it was said to be a chamber of commerce that stood side by side with the two major chambers of commerce, in reality, it had already completely sided with the Royal Chamber of Commerce. It was no different from a subordinate of the Royal Chamber of Commerce.

Now that something had happened to the Yu Conglomerate, the Yuan Conglomerate was even more unwilling to help.

After hearing the elder’s words, Yuan Clan Chamber of Commerce’s Branch President Gu Mu waved his hand, signaling for everyone to quiet down.

After it was completely quiet, Gu Mu slowly said, “I understand what everyone means, but this is ultimately a matter between the three major merchant associations.”

“How about this, if the Yu Chamber of Commerce comes knocking on your door, you can just tell them that you want our help, but you must find out the background of the Longyue Chamber of Commerce.”

“I don’t believe that there isn’t a powerful force behind the Longyue Merchant Association.”

“As for after we figure it out, we have to judge whether it is feasible to offend that major power.”

“Anyway, it didn’t affect our business. If we can avoid offending the big powers, then we won’t.”

“Yes, sir!” The elders replied in unison.

The two Chambers of Commerce were discussing this matter peacefully. However, the Yu Clan Chamber of Commerce was no longer as peaceful. “Investigate! Go and investigate!”

“Which faction dares to come here and compete with my Yu Chamber of Commerce for business?”

Yang Mo, the president of the Yang City branch of the Yu Chamber of Commerce, was currently raging at his own elder.

In Yang Mo’s eyes, the establishment of the Longyue Chamber of Commerce was a slap in the face, a blatant slap to the Yu Clan Chamber of Commerce’s face!

As the branch president of the Yu Chamber of Commerce, this was no different from slapping Yang Mo’s own face. How could he not be furious?

The Elders at the side hurriedly took action. On one hand, as members of the Yu Chamber of Commerce, they also felt humiliated.

On the other hand, he didn’t want to endure Yang Mo’s roar.

Soon, only the Great Elder and Yang Mo were left in the meeting hall.

At this moment, the anger on Yang Mo’s face had disappeared.. He said calmly, “Great Elder, do you think the other two chambers of commerce are behind this?”

Chapter 368: The Plan Begins, Interrogating Zhou Muchun

“I’m not sure.”

The Great Elder shook his head.” For now, we have to quickly investigate the background of the Longyue Merchant Association.”

“As for targeting the Longyue Chamber of Commerce, we will first carry out normal business suppression.”

“After we investigate, we’ll know if the two big chambers of commerce are behind this. We’ll also know what to do next.”

Hearing this, Yang Mo nodded.” Alright, go and scout.””

The opening ceremony of the Longyue Chamber of Commerce was surprisingly peaceful as the three major chambers of commerce each had their own ulterior motives.

With the opening ceremony, Yang Chen and Li Kehui’s plan was slowly unfolding.

Of course, because they couldn’t find a buyer in the beginning, the pills placed in the chamber of commerce were all normal pills such as the Beauty Pill.

Only after finding a real buyer would the enhanced version of the Beauty Pill and the enhanced version of the Longevity Pill appear.

The Endless Mountain Range wasn’t as peaceful as they were now.

When Yang Chen heard that Shen Qiyu had brought people over, he quickly put down what he was doing and rushed to the reception hall.

At this moment, Shen Qiyu was standing at the side in a formal manner in the reception hall.

Two old men sat down. One of them had a sage-like appearance. He was dressed in white and was stroking his beard with a smile.

The other was a man of few words. He wore light blue clothes and his every move had a special aura.

When Yang Chen arrived at the meeting hall, he saw the three of them and quickly went forward to greet them." Yang Chen greets the two seniors and greets Second Great Grandpa.""

"Patriarch Chen, there's no need to be so polite."

"Qi Yu, introduce us to your junior and tell him why we're here." The white-bearded old man smiled."

"Yes, sir!"

When Shen Qiyu heard that, he quickly went forward and helped Chen Yang up. Then, he said,""Yang'er, this is Shen Daoqing. His honorific title is Supremacy

Xin."

"Greetings, Patriarch Daoqing." Yang Chen bowed again.

"Yes, get up. There's no need to be so polite."

After Chen Yang stood up, Shen Qiyu continued,""This is the array master that the Shen family worships. His name is Xiao Zhuo."

“Greetings, Senior Xiao.” Yang Chen bowed again.

“There’s no need to be so polite.”

After introducing the two seniors, Shen Qiyu smiled and said, “We came here for three reasons.”

“The first goal is to give you the resources for the next ten years. Although there’s still half a year before the actual date of the resources, it doesn’t matter.”

“As for the second purpose, it’s to ask Senior Xiao Zhuo to set up the Space

News Array for your Chen Family.”

“The third purpose is to interrogate the person who is related to the evil spirit.

It didn’t matter. In any case, he had to be the ancestor of this dynasty.”

“This is an urgent matter. Senior Xiao Zhuo, please let your Chen Clan Elder set up the formation. We have to interrogate that person as soon as possible to avoid any trouble.”

“Alright.”

Chen Yang nodded and called Chen Xuan over to set up the Kongwen Array with Xiao Zhuo.

As for Chen Yang, he brought Supremacy Xin and Shen Qiyu to the capital.

In the capital.

After learning of Yang Chen's arrival, Zhou Yingzhao, who was then the king, quickly put down what he was doing and brought his ministers to welcome Yang Chen.

"Greetings, Uncle-Master. Uncle-Master is travel-worn. Is there anything urgent?" At the front gate of the palace, Zhou Yingzhao hurriedly bowed when he saw Chen Yang alighting from the flying carriage.

"Your Majesty, there's no need to be so polite."

Chen Yang smiled as he helped Zhou Ying Zhao up. "Your Majesty, these are the two seniors I invited. They are in charge of handling the matters of your family's ancestor."

"This matter is of great importance. Your Majesty, let the ministers leave first." Hearing this, Zhou Yingzhao nodded and looked at the officials. "You can leave first. Martial Uncle has some private matters to discuss with me." "Understood!"

Then, Zhou Yingzhao looked at Chen Yang again. "Uncle-Master, Seniors, this is not the place to talk. Come with me."

Under Zhou Ying Zhao's lead, Chen Yang and the others arrived at a private hall in the palace..

Ascends to Zifu!(I)

After closing the doors of the hall, Zhou Yingzhao stepped forward and said, "Seniors, my Patriarch is locked in the Zhao Prison below this hall. Come with me."

Immediately, Zhou Yingzhao came to the northernmost side of the hall, next to the dragon throne that was close to the wall. He then turned the dragon head on the left side of the dragon throne.

As the dragon head turned, a secret passage slowly appeared in the center of the hall.

“Martial Uncle, Seniors, that’s enough.”

Immediately, under Zhou Yingzhao’s lead, Chen Yang and the others entered the most mysterious Zhao Prison of the royal family through a secret passage.

The entire Zhao Prison was filled with empty cells.

There was only one prison cell, and the prisoner was none other than the royal family’s ancestor, Zhou Muchun.

Seeing Zhou Ying Zhao walk over, Zhou Muchun sneered, “Your Majesty, you came to see me again? I’ll still say the same thing. I won’t say anything.

If you’re still my junior, remember my kindness and give me a quick death.”

Hearing this, Zhou Yingzhao took a deep breath. “Ancestor, I’ll advise you one last time. Tell me everything you know. That’s good for both sides.”

“No comment!” Zhou Muchun turned his head away, looking uncooperative.

Seeing this, Zhou Yingzhao looked at the old man guarding the cell door. “Third Grandpa, open the cell door.”

“Yes, sir!”

The old man stood up and walked to the cell door. After opening it, he stood to the side and waited for Zhou Ying Zhao’s instructions.

“Uncle-Master, Seniors, please follow me in.” Zhou Yingzhao said.

After they entered the cell, Zhou Yingzhao said, "Seniors, don't worry. My ancestor's cultivation has been sealed and he can't do anything."

With that, Zhou Yingzhao walked out of the cell and closed the door before leaving with the old man guarding the cell.

Zhou Yingzhao understood what he should and shouldn't hear.

After Zhou Ying Zhao left, Zhou Muchun turned his head around and glared at Chen Yang. "The thing I regret the most is not killing you and letting you ruin my plans."

"The thing you regret the most should be falling into the evil path."

Chen Yang didn't want to say anything more to Zhou Muchun. He looked directly at Shen Daoqing, "Patriarch Daoqing, if you have anything to ask, just ask."

After saying that, Yang Chen moved aside and left the seat for Shen Daoqing.

Seeing this, Zhou Muchun sneered. "I won't say a word."

"That's not up to you."

Shen Daoqing walked up to Zhou Muchun with a smile on his face. Suddenly, the smile on his face disappeared, and a demonic purple light shot out from his eyes.

Being enveloped by the purple light, Zhou Muchun seemed to have encountered some great enemy. His entire body went limp on the ground, and he continuously trembled.

As he trembled, white foam gushed out of Zhou Muchun's mouth.

It wasn't until the time it took to brew a cup of tea that Zhou Muchun finally stopped moving. When he stood up again, there was no light in his eyes, only obedience.

Seeing this, Yang Chen took a deep breath. This was too scary.

A perfectly fine person had been completely controlled by Shen Daoqing in just the time it took to brew a cup of tea.

Even so, Shen Daoqing was still a little dissatisfied." Looks like I still have to practice more. It actually takes so much time to control a stage.""

"Let's not talk about this anymore. Qi Yu, remember everything this person said."

"Yes."

Shen Qiyu quickly took out a photographic stone from his storage ring and injected spirit energy into it, allowing the photographic stone to record what happened in the cell.

Seeing that Shen Qiyu had activated the Photostone, Shen Daoqing asked,""Tell me, which sect is behind you?"

"It's the Sky Cloud Martial School."

"It's actually this sect!" Shen Daoqing frowned. The impact of this information was too great.

The Sky Cloud Martial School was the most powerful subordinate sect of the Mianyang Li family. It was the sect with the highest chance of reaching the fourth rank.

Moreover, this sect had always inherited the Li family's founding philosophy, which was based on benevolence and righteousness, and had a high reputation.

He did not expect that this sect would actually have a relationship with the demons.

“What exactly is your plan?”

Zhou Muchun thought about it carefully and immediately said, “The ultimate goal is to push the old ancestor into the Sky Breaking Realm and make the Sky Cloud Martial School a fourth rank force.”

“As for the specific strategy, it is...”

At this point, Zhou Muchun started to tremble violently, as though he was suffering from some sort of pain.

When Shen Daoqing saw this, he frowned. “Damn it, it’s a Heaven and Earth Oath. I actually forgot to bring the Dragon Blood Jade Pendant this time. What should I do?”

A Heaven and Earth Oath!

Zhou Muchun swore a great oath to the heavens and earth!

Actually, thinking about it, it was normal. How could he not make a Heaven and Earth Oath for such an important matter?

“Forefather, I have a dragon blood jade pendant here.”

Yang Chen suddenly remembered that when Chen Ying was loyal to the Chen family, he had offered his Dragon Blood Jade Pendant.

Now, this Dragon Blood Jade Pendant happened to be effective.

Hearing this, Shen Daoqing said excitedly, “Quick, use it on him.”

“Yes, sir!”

Yang Chen quickly came to Zhou Muchun’s side and took out the dragon blood jade pendant from his storage pouch, placing it on Zhou Muchun’s forehead.

Immediately, the dragon blood jade pendant disappeared, and Zhou Muchun collapsed onto the ground once again, waiting for the dragon blood jade pendant to melt the oath of heaven and earth.

Seeing this, Shen Daoqing heaved a sigh of relief. He then looked at Yang Chen, his eyes filled with surprise.

Shen Daoqing did not expect the Chen family to have a Dragon Blood Jade Pendant.. Could it be that the Chen family had slaughtered dragons before?

Chapter 370: Sky Cloud Martial School, Chen Yang Ascends to Zifu!(2)

No, that was impossible.

Perhaps he was lucky enough to find the Dragon Blood Jade Pendant, but this was also quite shocking.

There were quite a few dragon blood jade pendants in the world, but he had never seen a family that could plunder them all.

To put it bluntly, luck was also a part of strength.

Since the Chen family was lucky enough to find the dragon blood jade pendant, it could also be seen that the Chen family had the strength to slay a dragon.

Anyway, the final goal was the same. It was just that the process of achieving it was different.

“Hey, that’s not right.”

By chance, Shen Daoqing glanced at the Dragon Blood Jade Pendant in Yang Chen’s hand and suddenly realized that it was not a Dragon Blood Jade Pendant at all.

Immediately, Shen Daoqing came to Yang Chen’s side and picked up a piece of Dragon Blood Jade Pendant from Yang Chen’s hand, carefully examining it.

After a while, Shen Daoqing told Shen Qiyu to close the photostone and said slowly, “Yang ‘er, where did this thing come from?”

“Old ancestor, this is my clan’s general. He found it in the Endless Mountain Range. It is said that it fell from a huge tree.” Yang Chen said.

“That’s right.”

Shen Daoqing nodded and looked at Yang Chen with envy, “I didn’t expect your Chen family to be so lucky to get such a treasure.”

“Yang ‘er, do you know what that giant tree is?”

“I don’t know.” Yang Chen shook his head.

“This giant tree is called the Dragon Blood Tree. This Dragon Blood Tree is extremely mystical. Its leaves have various effects. This blood-red leaf can be used as a dragon blood jade pendant.”

“The other leaves on the Dragon Blood Tree also have various effects. The most powerful one can turn a demon general level dragon demon beast into a spiritual paragon level spirit beast overnight.”

“There are also some leaves that can allow humans to possess the dragon bloodline. They can be considered powerful existences among bloodline warriors.”

“In short, if any force can control the Dragon Blood Tree, they will at least become a fourth-rank force.”

“Moreover, this Dragon Blood Tree is extremely rare. In the Alkaid World, there are no more than five known Dragon Blood Trees.”

“Four of them were obtained by a hidden second-rank aristocratic family, and the other one fell into the hands of the strongest third-rank sect, the Sword Sect.”

“You can also say that. It is precisely because of this Dragon Blood Tree that these factions can ensure their rule.”

“Your servant is quite lucky to be able to touch the Dragon Blood Tree and even obtain its reward.”

Yang Chen didn't expect the Dragon Blood Tree to be so precious.

According to what Shen Daoqing said, once this Dragon Blood Tree appeared, it would probably attract the attention of all the major factions in the Alkaid

World.

A hot potato!

Yang Chen immediately cupped his hands and said, “Yang is willing to offer the Dragon Blood Tree to the Shen family.””

Yang Chen knew that even if he got the Dragon Blood Tree, he wouldn't be able to keep it. He might as well give it up and exchange it for some resources.

Hearing this, Shen Daoqing smiled and shook his head. "There's no need. This is the Chen family's luck. The Shen family can't force it."

Yang Chen was stunned. Was Shen Daoqing that noble? He could even abandon the Dragon Blood Tree.

Seeing Yang Chen's expression, Shen Daoqing couldn't hold it in anymore. He smiled and said, "Alright, I won't tease you anymore. Do you know what level of existence this Dragon Blood Tree is?"

"I don't know." Yang Chen shook his head.

"This Dragon Blood Tree has its own intelligence and is a rare plant spirit beast.

As for its strength, let me put it this way. If this Dragon Blood Tree was alone, it could crush our Shen family's ancestor with a finger."

"You said that the Shen family can subdue such a powerful Dragon Blood Tree?"

"That general of yours is really lucky. Not only did the Dragon Blood Tree not crush him to death, it even rewarded him with a leaf."

"Although this thing isn't very precious to the major powers, if we can reward this thing, we can reward others."

"Perhaps the Dragon Blood Tree will be in a good mood and directly bestow the Dragon Clan bloodline to your family member." Shen Daoqing laughed.

Yang Chen understood.

So it was not that the Shen family did not want it, but that the Shen family could not subdue it.

“If that’s the case, why don’t you offer it to the Dao Sect in exchange for some resources?” Yang Chen asked again.

“Why do you want to offer it to Dao Sect?” Shen Daoqing smiled and said, “The resources that the Taoist Faction can reward are limited. If you can maintain a relationship with the Dragon Blood Tree, then those strange leaves will be unlimited.””

“Even if my Shen family buys it directly from your Chen family, it would still be better than offering it to the Dao Sect in exchange for limited resources.”

Yang Chen nodded. So this was Shen Daoqing’s idea.

However, how could Shen Daoqing be so sure that the Chen family could always obtain leaves from the Dragon Blood Tree?

After knowing Yang Chen’s doubts, Shen Daoqing stroked his white beard. “It’s okay to try. If you really can’t get it, it’s not too late to give it to the Taoist Faction.””

“For now, let’s do what we have to do.

By the way, you don’t have to rush to find the Dragon Blood Tree. I’ll give you some information about the Dragon Blood Tree when we get back.”

“My Shen family can still afford to wait for this little time.”

Just as the two of them were conversing, Zhou Muchun gradually calmed down. He stood up again and waited for Shen Daoqing’s instructions.

Seeing this, the two of them stopped chatting and continued to interrogate Zhou Muchun. Shen Qiyu continued to open the video stone.

“Tell me your plan.”

“Yes.”

Zhou Muchun nodded and continued,“Our plan is to plunder adult strong men and offer them to the gods to obtain rewards from them..”
