

Tamer Family 371

Chapter 371: Sky Cloud Martial School, Chen Yang Ascends to Zifu!(3)

“Gods?”

Shen Daoqing pondered for a moment before continuing to ask, “What is this

god? Why do you believe in it so much?”

“No one knows exactly what a god is except for the ancestor. However, the gods

have indeed given us many things, which is why we believe in the gods so much.” Zhou Muchun said.

“Then where did you find this god?”

“I don’t know. When I joined the sect, the gods were already in the sect. When did this god come and where did he come from? I have no idea.” Zhou Muchun said.

Hearing this, Shen Daoqing shook his head. “I thought I could figure it out completely. In the end, I only know the sect behind it and nothing else.

“Right, do you know what’s going on with the Blood Magic Stone?”

“I know.” Zhou Muchun nodded. “This Blood Devil Stone is a treasure bestowed

by the gods. It is said that it can save my life in times of danger.”

“Another god? What kind of demon is this god?” Shen Daoqing took a few deep breaths to calm himself down.

After a while, Shen Daoqing’s eyes shone brightly again.

As the light shone, Zhou Muchun fainted on the ground.

“Let’s go. It won’t be long before he wakes up. At that time, he will forget that

we were here and ask the dynasty here not to reveal that we were here.” Shen

Daoqing said.

“Yes.”

Immediately, the three of them walked out of the trouble and entered the hall along the secret passage.

In the main hall, Zhou Yingzhao hurriedly stepped forward when he saw the three of them.” Uncle-Master, Seniors, how did it go?”

“It’s done. Oh right, don’t tell anyone about us interrogating your ancestor, including your ancestor.” Yang Chen said.

Hearing this, Zhou Yingzhao nodded and didn’t ask why.

Whatever Yang Chen said, he would do it.

The three of them immediately left the palace and returned to the Chen family in a carriage.

Chen Clan, in the meeting hall.

After arriving at the Chen family, Shen Daoqing and Xiao Zhuo gathered together to discuss their gains.

“How is it? Is the Kongwen Array set up?” Shen Daoqing asked with a smile.

“It’s done.”

Xiao Zhuo nodded, then took a sip of tea.” You’re still worried about me? Have

you completed the task that the ancestor gave you?””

“Sigh, it’s a long story.” Shen Daoqing shook his head.

“What?” Xiao Zhuo was a little surprised.”You can’t pry open that man’s

mouth?””

“Yes, I did.”

Shen Daoqing said faintly,” However, this guy is not an important person. I don’t know many things. I only know that the sect that caused this is the Sky Cloud Sect.””

“But the evidence, other than what this person said, we don’t know anything

else.”

“And this person doesn’t know much. Obviously, he can’t be used as evidence.

We still need to investigate slowly.”

“I see.”

Xiao Zhuo nodded and placed the teacup on the table beside him. He smiled and said, “You don’t have to blame yourself too much for this. In the end, you’ve found a direction. It’s better than not knowing anything.”

“It just requires us to spend a little more time. Our Shen family still has this bit

of time.”

Shen Daoqing nodded. Since things had come to this, this was the only way.

After chatting for a while, the two of them stood up and said goodbye. Before they left, Shen Qiyu told Yang Chen about the resources that they would need to provide. What surprised Chen Yang was that the Beast Tamer Sect actually handed the cultivation technique to Shen Qiyu and asked him to pass it to Chen Yang.

This surprised Chen Yang. Could it be that the Beast Tamer Sect was so at ease with the Shen family and wasn’t worried that the Shen family would keep a backup?

However, after seeing the cultivation technique, Yang Chen’s doubts disappeared completely.

This was because this cultivation technique was engraved in the jade slip, and to open the jade slip, a special key was needed.

If it was forcefully opened, the only outcome would be destruction.

The key was a strand of Wang Cheng’s divine sense.

Shen Qiyu had also brought this spiritual will along with him, even though it was currently in a special container and was in a deep sleep.

However, once he used his Divine Sense, he would definitely be sensed by Wang Cheng.

At that time, Wang Cheng would know clearly whether it was Chen Yang or the Shen family who opened it.

The Shen family would not offend Wang Cheng and the Beast Tamer Sect because of this cultivation technique.

After all, the Shen family still cared about their reputation.

After watching Shen Daoqing, Xiao Zhuo, and Shen Qiyu leave, Chen Yang returned home. After opening the jade slip and taking out the cultivation technique, he continued to live a peaceful life.

Just like that, time passed to the twenty-eighth year of Qiyuan.

This year, Yang Chen was 75 years old.

Over the past year, the Dao Integration Pearl had accumulated more than 210,000 points of energy.

This year, Yang Chen's cultivation had also reached a critical juncture.

After more than ten years of accumulation, Yang Chen's cultivation had already reached the final step of the Solidifying Core realm. He was only a hair's breadth away from breaking through to the Purple Prefecture Realm.

And the breakthrough was today!

In the Endless Mountains, in the closed-door cultivation site built by the Chen family.

Yang Chen sat cross-legged in the center of the hall, surrounded by Spiritual Stones and Spiritual Crystals.

Outside, Zhou Tianli and Chen Xuan were waiting anxiously.

Waiting for others to break through was much more uncomfortable than breaking through on his own.

In the main hall, Yang Chen was absorbing the Spiritual Qi from the Spiritual Stones and Spiritual Crystals, circulating the Ten Thousand Beast Technique and directing it into his Dantian.

At this moment, Chen Yang had already completed the construction of his Zifu. What he lacked was mastery and mastery, allowing his Zifu to truly display its effects.

Under the manipulation of the Ten Thousand Beast Technique, a stream of Spiritual Qi whistled into Yang Chen's Dantian..

Chapter 372: Sky Cloud Martial School, Chen Yang Ascends to Zifu!(4)

However, that Zifu was like a barrier set up by the heavens. No matter what, it could not be broken through, and it could not be used.

Every time it was halfway through, an unstoppable force would come from the Purple Mansion, forcing the spiritual qi back into the meridians.

Every time the spiritual energy returned, it would cause considerable injuries to his meridians.

As the spiritual energy was forced back again, Yang Chen suddenly spat out a mouthful of blood.

However, Yang Chen didn't care at all. After wiping the blood from the corner of his mouth, he took out a pill from his storage ring and consumed it.

As the pill entered his body, Yang Chen's meridians were quickly repaired. Not long after, his meridians were as good as new.

Immediately, Yang Chen continued to mobilize his spiritual energy, intending to break through this barrier that was like a natural moat.

Every time the spiritual energy returned, it did not only damage his meridians, but it also brought about a considerable impact on the barrier of the Purple Prefecture.

Chen Yang, who had regrouped, mobilized his spiritual energy to break through the barrier. However, he clearly felt that the barrier was not as thick as before.

Seeing this, Yang Chen's eyes lit up. It seemed that this time, he was almost going to succeed.

Under Yang Chen's control, the spiritual energy attacked the Zifu barrier like an arrow leaving the bow.

Once, he was forced back, twice, thrice...

He didn't know how many times he had been forced to go back. Just as Chen Yang's meridians couldn't take it anymore and he was about to continue taking the pill after this cleansing, the spiritual energy suddenly pierced all the barriers!

At that moment, a stream of pure and high-quality spiritual energy surged out from the Purple Mansion.

This spiritual energy and the spiritual energy of Chen Yang's Concealment fused together, forming a new type of spiritual energy that belonged solely to the Zifu Disciple!

Chen Yang had broken through to the Zifu Disciple level!

In an instant, Yang Chen's aura rose steadily, as if it was about to break through the cover of the hall and destroy it.

At the same time, Yang Chen's aura also increased in many aspects!

The spiritual energy not only repaired his meridians, but also strengthened Yang Chen's body.

At the same time, the surrounding Spiritual Stones and Spiritual Crystals were rapidly consumed and poured into Yang Chen's body, filling his Purple Mansion.

Just as Yang Chen was enjoying the pleasure of his increase in strength, the Illusory Spirit Eye bloodline in Yang Chen's body began to change.

Suddenly, Yang Chen felt as if he was being targeted by some ferocious beast.

Looking up, Yang Chen saw a golden eyeball that was too feet in size staring at him.

For no reason, Yang Chen's heart palpitated.

Immediately after, the eye shot towards Yang Chen. Yang Chen instinctively blocked it with his hand.

The eyes seemed to be illusory as they ignored Yang Chen's resistance and directly enveloped him.

Yang Chen didn't feel any sense of danger when he was enveloped by those eyes. Instead, he felt as warm as if he was being hugged by his mother.

Immediately after, memories regarding the Illusory Spirit Eye Bloodline and how to use it surged into Yang Chen's mind.

Time ticked by, and in the blink of an eye, two hours had passed.

As time passed, the eyes gradually dimmed. At the same time, the memories and usage methods in Yang Chen's mind increased.

Two hours later, the eye completely disappeared, and Yang Chen had completely absorbed the knowledge that the eye had imparted to him.

"So this Illusory Spirit Eye Bloodline has so many uses..."

Yang Chen's eyes suddenly flashed with a bright light. Along with the bright light, an inexplicable noble aura was emitted by Yang Chen unconsciously.

Immediately, Chen Yang stood up and slowly opened the door of the hall." Master, First Elder, I've successfully broken through.'"

Outside the main hall.

When Chen Xuan and Zhou Tianli saw Chen Yang come out, they welcomed him with joy. Zhou Tianli, in particular, held Chen Yang's shoulders with both hands excitedly." That's great. Disciple, you've finally broken through to the Purple Prefecture Realm.'"

As his only disciple, Zhou Tianli was very concerned about Yang Chen. Seeing Yang Chen break through, Zhou Tianli felt even happier than him.

Chen Xuan, who was at the side, was also in ecstasy.

Although the outside world had already treated the Chen family as a sixth-rank aristocratic family, he knew his own situation. In the entire Chen family, other than the puppet, only Chen Yang's subdued beast had reached the Daemon King Realm.

And now, Chen Yang had also broken through to the Zifu Disciple level. Even if they abandoned their puppets, the Chen Clan could still be considered the number one seventh-ranked aristocratic family in Da Qian.

“Patriarch, since you’ve already broken through, let’s go back and celebrate.” Chen Xuan said with a smile.

“No, there’s no need.”

Yang Chen shook his head and said, “We need to broaden our horizons. A mere Purple Mansion is not worth celebrating.”

“Oh right, Great Elder, you should go back with my master first. I still have some things to deal with here.”

“Alright.”

Hearing Chen Yang’s words, Zhou Tianli and Chen Xuan did not ask further and immediately turned around to leave.

As for Chen Yang, he leaped towards the Endless Mountains.

The reason why Chen Yang sent Zhou Tianli and Chen Xuan away was to do something big.

After 18 years of accumulation, the Dao Integration Pearl’s energy had long reached a terrifying figure of more than 230,000.

With so much energy, Yang Chen naturally wanted to increase the strength of his familiars.

Coupled with the fact that the Longyue Merchant Association was facing more and more resistance, Yang Chen estimated that it would not be long before the two sides went to war.

When the time came, the battle would start. With the combat strength of a Daemon King, their losses would be reduced.

In the Endless Mountain Range, somewhere in the Land of Desolation.

Yang Chen first circulated his Illusory Spirit Eye bloodline. After confirming that there weren't any powerful demonic beasts around, he released his subdued beasts..

Chapter 373: Sky Cloud Martial School, Chen Yang Ascends to Zifu!(5)

Among Chen Yang's current monsters, the Hell Earthworm and Red Dragon were both Zifu Disciples, so they naturally wouldn't be able to increase their cultivation.

The ones that were second only to the two demon kings were the Winged Tiger at the intermediate stage of the Demon Venerable Realm, the Light Plucking Eagle at the peak of the early stage of the Demon Venerable Realm, the Fire Crow at the early stage of the Demon Venerable Realm, and the Howling Moon Wolf at the early stage of the Demon Venerable Realm.

Among them, the Fire Crow had relied on itself to cultivate to the early-stage Demon Venerable realm. From this, one could see the strength of the peak Demon King bloodline.

As for the other demonic beasts, other than the Winged Tiger who had broken through to the intermediate stage of the Demon Venerable Realm, the others were still in the same realm as before.

However, this was understandable. After all, whether it was the Flashing Light Eagle or the Howling Moon Wolf, their bloodlines were not high. It was already very good to be able to cultivate to the Demon Venerable realm.

If he wanted to improve at the Demon Venerable realm, he would need a long time to accumulate.

Back to the main topic.

After careful consideration, Yang Chen decided to upgrade the Winged Tiger and Fire Raven to the Daemon King Realm.

The reason why he chose the Winged Tiger was that it had made outstanding military achievements in the past, so it was natural to reward it.

As for the Fire Raven, it was purely because the Fire Raven's bloodline was the Daemon King's bloodline, which could save Yang Chen 10,000 points of energy.

With these 10,000 points of energy, Yang Chen could upgrade the bloodlines of other familiars.

After making up his mind, Yang Chen released the Winged Tiger and Fire Raven.

As soon as the two familiars came out, they first looked up at their surroundings, then looked at Yang Chen with some confusion.

They didn't know why their master called them out.

Seeing this, Yang Chen smiled. "I'm going to increase your strength next. How is it? Are you happy?"

Hearing this, the Fire Crow's eyes flashed with excitement. It was finally his turn to increase his strength!

As for the Winged Tiger, his expression was a little complicated.

On one hand, the winged tiger also desired to increase its strength.

On the other hand, if he increased his strength, wouldn't it mean that he couldn't continue to lie in the sun and retire?

The Winged Tiger was a little unhappy when he thought about how the days of eating would disappear.

Forget it, forget it. After increasing his strength, he would have more lifespan to enjoy life. Although the first few days were a little tiring, he could still look forward to the future.

Thinking about it this way, the tiger was more willing to accept the increase in strength.

While the two familiars were lost in their thoughts, Yang Chen slowly opened his right hand.

Immediately, a dazzling seven-colored light shot out from Yang Chen's right palm. Accompanied by the seven-colored light, the Dao Integration Pearl slowly appeared.

Looking at the Dao Integration Pearl floating in his hand, Yang Chen smiled and said, "Dao Integration Pearl, first raise the Winged Tiger's bloodline to the Demon King bloodline."

Following Chen Yang's command, the Dao Integration Pearl slowly rotated. Immediately after, a golden light shot out from the Dao Integration Pearl and quickly enveloped the Winged Tiger.

Accompanied by the golden light was the divine energy from the Dao Integration Pearl. As soon as the divine energy entered the Winged Tiger's body, it rapidly improved its bloodline.

Of course, pain was unavoidable.

The Winged Tiger, who felt the pain in his heart, could not help but roar,!"

If he had known earlier, he wouldn't have increased his strength.

No matter how regretful the Winged Tiger was, the energy had already arrived. All the Winged Tiger could do was grit its teeth and endure it.

Fortunately, it did not take long for the bloodline to be upgraded. In just 15 minutes, the Winged Tiger's bloodline had already been upgraded to the Demon King Bloodline.

What surprised Yang Chen was that after the Winged Tiger's bloodline was upgraded to the Demon King, there was no change in the Winged Tiger.

It seemed that the bloodline of this winged tiger was not ordinary. Perhaps it was originally at the demon king level, but it declined later on.

Of course, that had nothing to do with Yang Chen.

After upgrading the Winged Tiger's bloodline, Yang Chen continued, "Dao Integration Pearl, raise the cultivation of the Winged Tiger and Fire Raven to the Demon King realm!",

The Dao Integration Pearl continued to spin. This time, a large amount of energy surged out of the Dao Integration Pearl. This energy, along with the golden light, split into two and surged into the Fire Raven and Winged Tiger's bodies.

The Winged Tiger had just ended his pain and had yet to catch his breath when a new pain arrived.

He had no choice but to bear it.

Fortunately, the pain had a time limit. After two hours, the Winged Tiger and Fire Raven let out a furious roar at the same time.

Two terrifying auras were emitted from the desolate land and quickly swept through the nearby forest.

Some demon beasts felt this terrifying aura and hurriedly prostrated on the ground, afraid that their actions would anger these two new king tiers.

After raising the Winged Tiger and Fire Raven to the Daemon King level, Yang Chen was not in a hurry to leave. Instead, he sat cross-legged on the ground and calculated the strength of his family.

“Currently, there are a total of five Zifu Disciples in the clan. They are me, the Hellwyrn Dragon, the Crimson Dragon, the Winged Tiger, and the Fire Crow.” “These five Zifu Disciples can provide 500 points of energy for my Dao Integration Pearl every week.”

After muttering to himself, Chen Yang picked up a stone from the ground and wrote the words “ Purple Mansion ” on the ground. He then wrote the number “ five ” behind the Purple Mansion.

” There aren’t many Core Condensation Realm cultivators below the Purple Prefecture Realm. Other than my two subdued beasts, there’s only the First Elder, the Tenth Elder, the Patriarch, and then Ling You, Chen Ying, and the other guest elders.”

“It can be said that compared to the power of a Zifu Disciple, the number of Core Condensation experts needs to be increased. At the very least, the ratio of Zifu Disciples to Core Condensation experts needs to be one to five.”

“It seems that the direction of the clan’s future development is to collect aptitude pills to increase the aptitude of the clan members. Then, we will do our best to nurture new core condensation experts..”

Chapter 374: Sky Cloud Martial School, Chen Yang Ascends to Zifu!(6)

“There are a total of seven Core Condensation experts. The energy provided by the guest elders will be halved. In other words, Core Condensation experts will provide me with 60 energy points every week.”

Then, Yang Chen wrote the words ‘Condensing Dan’ below the Purple Mansion, and then wrote the word ‘Six’ on the right side of the Condensing Dan.

■■ As for the Meridian Opening battle prowess, the clan has quite a few of them. The Elders, my brothers, and the next generation of clan members are mostly within this range of power.”

■■ in addition to some demon general-level subdued beasts, there are a total of

40 of them. They can provide me with 40 points of energy every week.”

After he wrote ‘Meridian Unlocking’ under the condensed Dan, Yang Chen wrote ‘40’ beside it.

After he finished writing, Yang Chen looked at the words on the ground and smiled, “From the looks of it, our Chen family does have quite a number of experts. We can provide 600 energy points to the Dao Integration Pearl every week.”

“At this rate of improvement, it won’t be long before my Chen family has a

Demon Emperor-level subdued beast.”

After saying that, Yang Chen wiped away the traces on the ground, put away the Fire Crow, and rode the Winged Tiger back to the Chen family.

While Yang Chen was breaking through to the Zifu Disciple level, many things were happening outside the Endless Mountains.

After more than two years of investigation, some information about the Longyue Chamber of Commerce had been made known to the three major merchant associations.

Sun City, Yu Chamber of Commerce, in the meeting hall.

Changyang Mo from the Yang City branch of the Yu Chamber of Commerce stared at the elders before him with a dark expression.”

“The forces behind the Longyue Merchant Association are the Li and Chen

Families?”

“Forget about the Li family, what is the Chen family? How could a seventh-rank aristocratic family become the force behind the Longyue Merchant Association together with the Li Family?”

“Use your brains to think about it. Is this possible?”

Hearing Yang Mo’s words, the Yu Chamber of Commerce’s Great Elder raised his head and said, “President, please calm down first. This information might

be true.”

“After all, for the past two years, the Longyue Chamber of Commerce has been tolerating us.”

“Although the Li family is a fifth-rank aristocratic family, they were expelled after all. It’s fine if they face other forces, but if they really face a fifth-rank force, it’s understandable that they don’t have enough confidence.”

“As for the Chen family, this might be a cover-up by the Li family. It’s also possible that those special pill formulas were contributed by the Chen family.” “For the sake of their reputation, the Li family had no choice but to pull the Chen family over. After all, the Chen family was only at the Seventh Stage. A few spirit stones would be enough to get rid of them.

“This way, we can still take care of our family’s reputation.”

“I’m even angrier when I talk about this.”

■’ How long has it been?” Yang Mo’s face darkened.” We still haven’t gotten the strengthened version of the pill formula. What are these spies doing?” “Fortunately, after our suppression, the Longyue Merchant Association can only sell to Rank-6 forces. Otherwise, how can we report to the sect master when we go back?”

Facing Yang Mo’s accusation, the Great Elder’s face was a little embarrassed.

The main reason was that the matter this time was too ugly. There were so many strengthened versions of the pill formula, but he actually did not get a single one.

After investing so many spirit stones, he couldn't do anything. Anyone would be angry.

Immediately, the Great Elder had an idea," President, should we take the initiative to attack and set up spies in the Hidden Dragon Mountain Range?

"Since the Li family is the force behind the Longyue Merchant Association, we should go straight to the dragon's den and investigate the Li family. We should be able to get some pill formulas from them.

Yang Mo was silent for a moment.

After a while, Yang Mo nodded." This plan is feasible. How about this? Send out 50% of our spies and let them sneak into the Li family. No matter what, we must get one or two pill formulas."

"If this mission fails again, don't let them come back."

"Yes."

The Great Elder nodded and immediately stood up to leave. He was prepared to follow Yang Mo's instructions.

After taking two steps, the Great Elder seemed to have thought of something and turned to look at Yang Mo." President, do we need to send spies from the Chen Family?"

"There's no need. A seventh-rank force is not worthy of our special investigation.'Yang Mo said.

"Yes." First Elder nodded and turned to leave.

"Wait a minute."

Yang Mo called out to the Great Elder, "It's better to send some scouts. What if there's an unexpected surprise?"

"But don't worry too much. The focus is still on the Li family. Don't put the cart before the horse."

"Understood."

While the Yu Chamber of Commerce was discussing how to deal with the Longyue Chamber of Commerce, in the Royal Chamber of Commerce, President Chu Ge was also discussing matters regarding the Longyue Chamber of Commerce with a group of elders.

"Have you obtained those special pill formulas?" Pavilion Chu asked. Hearing this, the elders looked embarrassed. After a while, the First Elder stood up and said, "President, this has nothing to do with us. There's no need to look for this thing."

"Foolish."

Pavilion Chu glanced at the Great Elder. "If there's such a pill, why don't we have it? At that time, our Chamber of Commerce's business won't be limited to here."

"Moreover, I still feel that there must be something wrong with these pills."

"It's just a pity that every time I send a different person to buy it, I only get pills that fail to be refined."

"That's strange. Why is my luck so bad? I haven't been able to successfully refine it on my first try."

"But if this pill is just for show, why do those rank 6 forces buy a large number of pills every year?"

"He didn't even buy cultivation resources for this. He even applied for a large number of spirit stones from Dynasty every year for these pills."

“If you say that there’s no problem with it, I definitely won’t believe it.”

“But what is the problem?”

Pavilion Chu shook her head and expelled the chaotic thoughts in her mind. She then looked at the Great Elder, “Great Elder, we need to investigate these pill formulas as soon as possible.”

“If necessary, we can use the demon emperors to send spies into the Hidden Dragon Mountain Range to collect some information from the Li family.” “With the speed of the demon emperors, it won’t take long for them to send the spies into the Hidden Dragon Mountain Range.

“In addition, send some scouts to those rank 6 forces. Perhaps we can find out the reason why these forces are crazily buying pills from them.”

“I understand.”

The Great Elder bowed to Pavilion Chu and turned to leave, informing the others of Pavilion Chu’s instructions.

As for Pavilion Chu herself, she was sitting on a chair, looking outside the door and muttering, “Why is that?”

What secrets are hidden in this? Just because the effect was good, so many Rank-6 forces were willing to buy pills regardless of everything?”

Chapter 375: Three Demonic Beasts with the Bloodline of the Demon Emperor

Pavilion Chu really couldn’t understand why those pills that had no interest in cultivation would be so sought after. Was it simply because of their outstanding effects?

No, Pavilion Chu didn't think so. There must be some secrets hidden within this pill that he didn't know about.

At the same time, in the Yuan Clan Chamber of Commerce.

Looking at the "Beauty Pill" in front of him, Yang City branch leader Gu Mu smiled and said, "This dragon blood jade pendant is worth it. I didn't expect the Li family to have such a wonderful idea."

"Tell me, why didn't we think of this? If we had thought of this earlier, we could have at least taken half of the business from the Royal Chamber of Commerce."

"You must know that the Royal Chamber of Commerce has strict control over the cultivation resources purchased by Rank-6 forces. I don't know how much business space there is that hasn't been developed."

"Tsk, tsk, tsk, wonderful."

As he spoke, Gu Mu picked up the Beast Taming Pill, his eyes filled with fascination.

Gu Mu was a businessman who was obsessed with business. Otherwise, the power alliance would not have chosen him to be the president of the Yang City branch.

Seeing such a huge business opportunity in front of him, and the fact that it could even snatch the benefits of the Royal Chamber of Commerce, Gu Mu was even more fascinated.

"Sigh, what a pity. It's not mine."

Gu Mu shook his head and put the pill on the table.

When the First Elder saw this, he smiled and said, "It's not too late for us to participate now."

“Oh?”

“What do you mean?” Gu Mu asked with interest.”

“President, think about it. If we can use the Dragon Blood Jade Pendant to understand the mysteries of these pills, can’t the Royal Chamber of Commerce do the same?”

“It’s only a matter of time before I’m exposed.”

“And if we participate in it, with our help and our influence among the Rank-6 forces, we can at least keep this secret hidden for decades.”

“How many spirit stones can the Longyue Chamber of Commerce earn in a few decades? It’s not too much for us to ask for some benefits, right?”

“That makes sense.”

Gu Mu picked up the Beauty Pill on the table again and said with a smile,“Send an invitation to the president of the Longyue Merchant Association. Tell him that I want to invite him to the Drunken Immortal Restaurant.”

“Yes.”

The First Elder nodded and left with a smile.

As for Gu Mu, he was still looking at the pill in his hand,“ Decades? It was too little. It would take at least a few hundred years.”

“The Netherworld Sword Sect? Devil Essence Palace? Your trouble is here, hahaha...”

In the Longyue Chamber of Commerce, Li Kehua, as the president appointed by Li Kehui, had been here for more than two years.

For the past two years, the Longyue Merchant Association had been constantly being pursued by the three major merchant associations. Li Kehua had been worried about this every day.

Fortunately, the three major merchant associations did not know the background of the Longyue Merchant Association and did not act rashly. Otherwise, Li Kehua was not sure if he could return alive.

However, when he thought of the fact that he had a spirit beast to protect him, Li Kehua was no longer so worried.

Today, as usual, Li Kehua was dealing with all kinds of matters inside and outside the Chamber of Commerce. At this moment, the First Elder of the Chamber of Commerce walked in.

“President, someone is looking for you.”

“Looking for me?” Li Ke didn’t even raise his head and said, “Tell that person that I don’t see guests.”

“President, that person claimed to be the Yuan Clan Chamber of Commerce’s Great Elder.”

“Oh?”

Li Kehua stopped writing and looked at the Great Elder. “Why is the Great Elder of the Yuan Clan Chamber of Commerce looking for me? Fine, invite him in.” “Yes.”

Not long after, the Yuan Clan Chamber of Commerce’s Great Elder officially arrived at the Longyue Chamber of Commerce’s meeting hall.

When Li Kehua saw this, he quickly stood up and said with a smile, “I didn’t know that you were here. I apologize for not welcoming you.”

“Sigh, what are you talking about?”

” This old man came uninvited,” said the Yuan Clan Chamber of Commerce’s Great Elder with a smile.” I hope President Li won’t blame me.””

“You’re too polite. Please take a seat, Elder.”

After both parties sat down, Li Kehua went straight to the point.”Elder, as the Great Elder of the Yuan Clan Chamber of Commerce, you must be extremely busy on a daily basis. Why do you have the time to come here today?”

“It’s like this.”

The Yuan Clan Chamber of Commerce’s Great Elder took out an invitation from his sleeve, then stood up and presented it to Li Kehua.

“Tomorrow morning, our Yuan Clan Chamber of Commerce’s President, Gu Mu, will be inviting President Li to a banquet at the Drunken Immortal Restaurant. I hope President Li can do us the honor of attending.”

Li Kehua looked at the invitation and hesitated for a moment before standing up with a smile.” Elder, what are you talking about? Since President Gu has invited me, I will naturally go.””

“Then let’s see each other tomorrow.”

“See you there. I’ll take my leave.”

Looking at the back view of the Yuan Clan Chamber of Commerce’s Great Elder, Li Ke twirled the invitation in his hand.” Inviting me to the banquet, what kind of evil idea is this?””

“Forget it. Regardless of whether this banquet is a good banquet or a hidden weapon, I, Li Ke, will definitely go to this banquet.”

The next morning, Drunken Immortal Restaurant.

When Li Kehua arrived at the Drunken Immortal Restaurant, he found that the Yuan Consortium's Chamber of Commerce's President, Gu Mu, had already booked a private room and was waiting for him inside.

Seeing this, Li Kehua quickly entered the private room." Aiya, the Chamber of Commerce was busy and couldn't make it in time. Please forgive me, President Gu.""

"What did President Li say?"

Gu Mu smiled and said," You've already given me enough face by coming. Come, sit down and have a taste of this Drunken Immortal Restaurant's specialty. It's delicious.""

"Is that so?" Li Kehua sat down with a smile and finally tasted the delicious food on the table seriously.

Gu Mu, who was standing at the side, was also urging him to drink.

After three rounds of wine and five dishes, Gu Mu asked the people who followed him to leave the room..

Chapter 376: Three Demonic Beasts with the Bloodline of the Demon Emperor

Seeing this, Li Kehua also put down the chopsticks in his hand and smiled."President Gu, do you have something to tell me?"

"President Li, your eyes are sharp. I do have something to tell you."

While speaking, Gu Mu took out a pill from his sleeve and placed it on the table.

Li Kehua was shocked when he saw the pill. However, he still pretended to be calm and said, "President Gu, why did you take out a beauty pill?"

"President Li, you don't have to hide it from me at this time. This Beauty Pill is the Beauty Pill that you sold to the Rank-6 forces." Gu Mu laughed.

Hearing this, Li Kehua stopped smiling. "I don't understand what President Gu is talking about."

"Looks like President Li thought I was going to bomb you. Forget it, I'll speak for President Li. On the surface, this Beauty Pill looked like a Beauty Pill, but in fact, it was a Meridian Unlocking Pill engraved with a maze array."

"President Li, am I right?" Gu Mu smiled and looked at Li Ming, that pair of eyes, flashing many unknown expressions.

Seeing this, Li Kehua knew that his plan had been exposed. He immediately sneered and said, "President Gu Mu, just tell me what you want."

"Very straightforward."

Gu Mu nodded, then took out a piece of paper from his sleeve and handed it to Li Kehua.

Seeing this, Li Kehua took the note with some doubt. After opening it and reading it, he looked at Gu Mu in surprise. "President Gu, you mean that your Yuan Conglomerate Chamber of Commerce wants to participate?"

"Naturally, the note has already written everything clearly, including the things that my Yuan Clan Chamber of Commerce needs to pay and the benefits that we will receive."

"President Li, what do you think? Think about it carefully. My conditions are already very generous."

Then, Gu Mu picked up a cup of wine and drank it in one gulp.

When Li Ke saw this, he took a deep breath and slowly said, "President Gu, this is a matter of great importance. I'm afraid I can't make a decision."

"Then let those who can make a decision look at this piece of paper." "I can still afford to wait for this bit of time." Gu Mu smiled.

"As a show of sincerity, before you give me an answer, the Royal Chamber of Commerce and the Yu Clan Chamber of Commerce will absolutely not get any information from the Rank-6 forces."

"Alright, don't worry, President Gu. I'll give you an answer within three years."

Then, Li Ke stood up and left.

Gu Mu looked at Li Kehua's figure and shook his head with a smile. "Impatient, I'm still a little impatient. If I were the president of the Longyue Chamber of Commerce, I definitely wouldn't have agreed so easily."

"Wait a minute. It's not impossible. It'll depend on how the Chief Sovereign decides. I hope I'm not wrong. There's an even greater figure behind this."

Then, Gu Mu hummed an unknown tune, leisurely drinking wine and enjoying the delicacies on the table.

Within the Endless Mountains.

After returning from the Endless Mountains, Yang Chen continued to live his old life.

Chen Yang thought that today would be another day of peaceful development as usual. Chen Xuan told Chen Yang a piece of news that made him extremely excited.

The first round of inheritance of the Yang Gate in the Endless Mountains had been completely taken over by the Chen family.

Hearing this, Chen Yang couldn't care less about anything else. He pulled the Great Elder along with his fifth brother, Chen Shou, and sixth sister, Chen Die, to the ruins.

Bringing the Great Elder along was naturally to let the Great Elder help him analyze the ruins.

He brought Chen Shou and Chen Die along because they were the most powerful alchemists and array masters of the Chen Family. With a new inheritance, he naturally had to let them accept it.

The earlier they received the high-level inheritance, the more beneficial it would be for the Chen family's development.

The distance from the Chen family to the ruins was nothing to the winged tiger at the Daemon King Realm. In just half an hour, they had already reached the entrance of the maze.

Immediately, Yang Chen put away the Winged Tiger and entered through the entrance of the maze, following the secret passage to the ruins.

When the giant moth on the dome saw Yang Chen's figure, tears almost flowed out.

Good heavens, you still know to come. What? You really weren't anxious if I didn't say anything.

" And those hostile forces of the Chen family outside, what are you doing? Don't tell me you're not a threat to the Chen family at all?

How can I help the Chen family if you're not a threat? If I can't help the Chen family, how can I get out of this damn place?

It had been a long time since he had seen the giant moth, and Yang Chen missed it a little. Immediately, Yang Chen smiled and greeted it, "Sir, long time no see."

"Oh, isn't this the busy man of our Chen family? Why, do you have the time to receive the inheritance?"

The light voice rang in Yang Chen's ears again. However, Yang Chen could not help but feel a little resentful.

Damn it, this was too terrifying.

Yang Chen smiled awkwardly. "I've already received the inheritance I wanted. Naturally, I don't want to come here."

"Milord, don't worry. My Chen family is getting stronger and stronger, and we have more clansmen. The speed at which we receive the inheritance is also getting faster and faster. It won't be long before all the inheritances here are taken over by my Chen family."

"At that time, you can leave."

Yang Chen naturally knew what the giant moth wanted to hear, so he chose to say something nice.

Sure enough, after hearing Chen Yang say so, the displeasure in the giant moth's eyes lessened a lot.

Seeing this, Yang Chen continued, "It's just that Sir, the assessment of this relic is too difficult. If we can't complete it, we'll have to do everything we can to repair the inheritance."

"For these resources, my Chen family has been busy for a long time. It's too time-consuming and exhausting.."

Chapter 377: Three Demonic Beasts with the Bloodline of the Demon Emperor

“Milord, do you know if there is any way to avoid the punishment? This way, our Chen family can accept the inheritance without worry and no longer have to be cautious.”

Hearing Yang Chen’s words, the giant moth thought about it seriously.

Suddenly, the giant moth realized that Yang Chen was right. If there was no punishment, wouldn’t the Chen family be able to develop the remains without worry?

After thinking about it, the giant moth couldn’t hold it in anymore.

“You’re right. However, I’ve sworn an oath to the heavens that I can’t change the rules of this legacy formation.”

“When you find the dragon blood jade pendant, come and tell me about this.”

“Sir, I have the dragon blood jade pendant.”

Yang Chen smiled and took out a dragon-blood-colored leaf from his storage pouch.

Upon hearing this, the giant moth quickly looked at Yang Chen, but its eyes couldn’t take it off.

“This... This is the leaf of the Dragon Blood Tree!”

“Daren knows the Dragon Blood Tree?” Yang Chen asked with a smile.

“Nonsense.” The giant moth rolled its eyes at Chen Yang.” Who doesn’t know the name of the Dragon Blood Tree? Back then, I fought with a force for the Dragon Blood Tree.”

“Unfortunately, I didn’t manage to defeat that faction and missed the Dragon Blood Tree.”

At this point, the giant moth’s eyes flashed with a trace of pity.

Chen Yang, who was below, was sweating profusely.

Good heavens, a force that could fight for the Dragon Blood Tree was undoubtedly a great force that stood at the peak of the Alkaid World.

For the giant moth to be able to compete with such a terrifying force, just how terrifying was its strength?

“Forget it, forget it. This is all in the past. Since you have this leaf, I can help you change the rules of the inheritance.”

Then, the giant moth’s eyes turned. Immediately, the leaf in Yang Chen’s hand quickly left his hand and flew in front of the giant moth, sticking to its face.

Not long after, the leaf disappeared, and a terrifying aura surged in the entire cave.

Fortunately, the giant moth deliberately avoided Yang Chen and the others. Otherwise, under the pressure of this aura, Yang Chen and the others would have died on the spot.

At this moment, a golden light suddenly shot out from those ruins.

This golden light collided with the aura in the grotto-heaven, and they were in a stalemate.

However, this stalemate did not last long. Not long after, the golden light was suppressed into the ruins. At the same time, the giant moth’s body emitted wisps of blue light.

These blue lights enveloped the place where the ruins were located, and the aura of the array formation leaked out.

Not long after, the blue light disappeared, and a light voice sounded in Yang Chen's ear, "Alright, I have changed the array pattern of the inheritance array.

Not only was there no punishment, but there were also no restrictions on the inheritance.

If you want to inherit what ruins, you can inherit what ruins. You don't need to strictly follow the rules of the circle to inherit the ruins."

"I didn't expect you to have such a treasure. It's a pity that if I had sworn a Heaven and Earth Oath instead of a Bloodline Oath, I would be able to leave now."

"Work hard. My freedom still needs to be tested by you. If you can let me be free earlier, I'll naturally take care of your Chen family and make your Chen family the top existence in the Alkaid World."

Yang Chen didn't pay attention to the moth's words. Instead, he stared at the ruins. The barriers that had prevented them from entering the ruins had all disappeared.

For a moment, Yang Chen was a little stunned and said unconsciously, "I didn't expect Milord to know about formations."

"Of course."

"I have plenty of time at my level," the giant moth said with a smile. "I can't break through to a higher level due to the limitations of my bloodline."

"Since I can't break through, then I don't need to focus on cultivation. The time I save will naturally be spent researching other things to kill my boredom."

“Yang Chen, let me tell you something. All the old monsters in this world, except for those who have no talent, are extremely proficient in things like refining weapons, alchemy, and arrays.”

“The accumulation of time has allowed each of them to grasp abilities that you don’t know about and have trump cards that you don’t understand.”

Hearing this, Yang Chen respectfully bowed to the giant moth. “Thank you for your warning, sir! Yang will remember this in his heart!”

This was a wise saying, which gave Yang Chen some understanding of those old monsters. One day, he would not be harmed by underestimating the enemy.

Although Yang Chen would have become an old monster by then, there was no harm in being careful.

“Alright, alright. If you really want to thank me, hurry up and accept the inheritance here. In any case, there are no restrictions or punishments.” The giant moth asked.

“Yes, Yang.”

Chen Yang nodded. Then, he brought Chen Xuan and the other two into the second circle of inheritance in the ruins.

According to the information given in the previous round, Chen Yang quickly found the most precious beastmaster inheritance in the second round.

As for Chen Xuan and the others, Chen Yang asked them to find a legacy that they were satisfied with.

At the same time, he also checked out the inheritance of the second circle.

Although there were no punishments, there was no harm in making more preparations.

Arriving at the most precious beastmaster inheritance in the second circle, Chen Yang took a deep breath and slowly pushed open the door of the courtyard.

The courtyards and rooms in the second circle were exactly the same as the first circle, except that the area was slightly larger.

As he entered the courtyard, the familiar mechanical female voice sounded in Yang Chen's ears..

Chapter 378: The Demonic Beast with the Bloodline of the Three-Headed Demon Emperor

[Inheritor, you are good. This place is a beastmaster's inheritance ground. Would you like to receive the inheritance check?]"

This so-called inheritance test should be the same as the first round of inheritance. They would test first to see if the inheritor was qualified to accept the inheritance.

Yang Chen didn't think too much about it and immediately agreed," Yes.""

Then, a trace of the charm of a spatial array appeared in the courtyard. Immediately after, a puppet appeared in front of Yang Chen.

Seeing this puppet, Yang Chen took a deep breath.

Good heavens, this puppet was actually an existence at the Zifu level. If the second round of the preliminary test was this difficult, then what was the point of accepting it?

As if she had heard Yang Chen's thoughts, but also as if it was a routine explanation, the mechanical female voice sounded in Yang Chen's ear again.

“The difficulty of a second-level inheritance is determined by the preciousness of the inheritance. As the most powerful beastmaster here, the difficulty of the inheritance is the Zifu-level puppet.”

“The inheritor needs to defeat the puppet before receiving the beastmaster’s inheritance.”

Hearing this, Yang Chen heaved a sigh of relief. Fortunately, the difficulty of the inheritance test here was a little too high.

However, no matter how much he went overboard, he couldn’t stop Yang Chen.

Immediately, Yang Chen released his puppet. In any case, this place did not restrict puppets, so why not take a shortcut?

No matter how powerful a Zifu golem was, it couldn’t compare to a stage golem.

In just a single exchange, the Zifu Disciple was defeated by Chen Yang’s puppet, and the mechanical female voice announced that she had passed the test.

“Congratulations, inheritor, for passing the inheritance test. Please enter your room to receive Ju You’s inheritance.”

Hearing this, Yang Chen put away the puppet and took a deep breath. Then, he stepped out of the room, pushed open the door, and stepped in.

The furnishings in this room were no different from those in the first circle.

Yang Chen came to the table against the north wall with ease and waited for the robotic female voice to speak.

“Greetings, inheritor. The inheritance of a Traveling Beastmaster is divided into three stages. After receiving all three stages of the inheritance, you can receive all the knowledge of the inheritor.”

Yang Chen realized that this relic loved to use knowledge as the final reward.

This was naturally great for others because they could use this knowledge to nurture their own subdued beasts. During this process, they would save a lot of time and take fewer wrong paths.

But for Yang Chen, it was of little value.

Chen Yang's training of subdued beasts was simple and crude. He could directly use the Dao Integration Pearl to improve them.

However, it couldn't be said that this knowledge was useless. After all, it was the inheritance of a beastmaster from a super sect. It wasn't bad to give it to the family.

" Now, please choose the subdued beast you want to nurture. The Two-Headed Flame Wolf with the Demon Sovereign Bloodline, the Extreme Frost Dragon Turtle with the Demon Sovereign Bloodline, and the Shadow Cat with the Demon Sovereign Bloodline."

Same old rules, still choose one out of three.

Needless to say, these three demon beasts were extremely precious. They all possessed the bloodline of demon emperors, and it was not difficult for them to become demon emperors in the future.

Now, the main consideration was the special use of these demon beasts.

The Double-Headed Flame Wolf was a fire-type demonic beast. It was quite normal. The reason why he chose it was probably to make up for the Chen family's regret of not having a fire-type subdued beast.

The Extreme Frost Dragon Turtle was a dragon-type demonic beast, and it had the ability to freeze. However, to be honest, it was just that.

Not to mention the dragon-type demonic beasts, Yang Chen even had a Red Dragon from the True Dragon Race. He wouldn't be lacking in this Extreme Frost Dragon Turtle.

As for this Shadow Cat, it was a dark type demonic beast and was proficient in assassination.

It was rumored that the assassination techniques in this world were developed by the Omnipotent Experts based on the Shadow Cat.

Of course, that was just a legend. However, it also proved that the Netherworld Cat was very powerful in the assassination.

After thinking about it, he still felt that it would be better to choose the Shadow Cat.

There was indeed a gap in the assassination path in the Chen family. If they could find a demon beast like the Shadow Cat, they could completely make up for this gap.

After making up his mind, Yang Chen smiled at the north wall and said, "I choose Shadow Cat.."

Chapter 379: Heading to Yang City

"My choice is Shadow Cat."

Yang Chen smiled and told the robotic female voice his choice.

"As you wish." Not long after, the mechanical female voice responded. At the same time, the north wall opened again, and a three-meter-long demon beast egg surged out from the north wall and floated in front of Yang Chen.

Looking at the floating demon beast egg, Yang Chen's mouth twitched a little. So, what was the point of setting up a table?

After Yang Chen took the Shadow Cat's egg, the mechanical female voice told him about the first stage of the Legacy quest.

"This assessment requires the Shadow Cat to be raised to the Daemon King realm. The time limit is 100 years."

Yang Chen had to admit that the difficulty of this was very high. It was easier said than done to raise a demonic beast to the Daemon King Realm within a hundred years.

However, Yang Chen didn't have that problem. As long as Yang Chen wanted to, five or six years would be enough.

After collecting the demon beast eggs, Yang Chen didn't plan to stay any longer and walked out.

When Chen Yang went out, he realized that Chen Xuan and the other two did not come out.

This was normal. After all, Yang Chen did not take much time to pass the assessment. In such a short time, they might not even have found their own inheritance, let alone come out.

Seeing this, Chen Yang sat cross-legged on the ground and quietly waited for Chen Xuan and the other two.

The first to come out was the first elder, Chen Xuan.

Chen Yang estimated that Chen Xuan should not have chosen his own inheritance. He only followed Chen Yang's instructions and went to investigate the inheritances here one by one.

As expected, after Chen Xuan and Chen Yang greeted each other, he continued to investigate the remaining inheritances.

The inheritance in the second round was much less than the inheritance in the first round. Chen Xuan only spent an hour to complete the exploration of the inheritance here.

After the exploration, Chen Xuan came to Yang Chen and handed the booklet to him.

The contents of the various inheritances were written on the book.

At the same time, Chen Xuan also explained from the side, "Patriarch, the number of legacies in the second circle is 60% less than the first."

"In terms of other types, there aren't as many inheritances as in the first circle. For example, the inheritances of the spiritual plant masters are gone in the second circle."

"Those clansmen who received the first round of special inheritances will probably have to learn these special inheritances from other places."

"As for the ones with the most number, they're naturally martial arts inheritances. Of course, there are also quite a few beastmaster inheritances."

"Next are the inheritances of alchemists and blacksmiths. The number of inheritances of these two are about the same, but the inheritances of array masters are a little less."

"As for some special inheritances, they are all recorded in this book."

After glancing through the book, Yang Chen nodded, "That's right, Great Elder. When you return, give this book to the other elders and let them know the contents of this inheritance."

"After that, I'll focus on nurturing my clansmen. Although there's no punishment for failure, it's still a waste of time. It's better to treat it seriously."

"Yes." Chen Xuan nodded.

In the following period of time, the two of them sat together and waited for Chen Shou and Chen Die.

Perhaps it was fate that brought them together as a family, but Chen Shou and Chen Die actually came out at the same time. The two of them looked at each other and saw a satisfied smile on each other's faces.

Then, the two of them came to Yang Chen together." Family Head, we've received the inheritance."

"Oh, what are they? Fifth brother, you go first." Yang Chen smiled.

"Yes."

Chen Shou nodded. After which, he calmed down the excitement in his heart and slowly said,""This inheritance of mine originated from the inheritance of a grade five Weapons Craftsman."

"Even though this first stage's test is merely a grade seven spirit weapon, it's a carriage among grade seven spirit weapons."

"Moreover, this chariot has extremely high defensive power. Although it's a medium-grade seventh-grade chariot, in terms of defensive power, even a top-grade seventh-grade chariot can't compare to mine."

Chen Yang smiled and nodded when he heard that." That's right. Looks like it won't be long before my Chen Clan will have a grade seven spirit weapon carriage for each of us."

"Sixth Sister, what about you?"

Seeing that Chen Yang was questioning him, a smile instantly bloomed on Chen Die's face. She said somewhat excitedly,"Patriarch, the inheritance I chose is the inheritance of a fifth grade alchemist."

"The first stage of the legacy is the aptitude pill."

"Aptitude Pill!"

Yang Chen stood up abruptly, unable to conceal the excitement in his heart.

The Potential Pill was what the Chen Clan lacked the most. Although the Chen Clan was not short of Spirit Stones, there were very few alchemists who could refine the Potential Pill.

Moreover, other forces also wanted to buy it. There were not many aptitude pills in the hands of the Chen family at all. It was completely not enough for the Chen family.

Yang Chen had also tried to find the recipe for the Aptitude Pill, but the pill was so precious that it was naturally treated as a treasure by all the alchemists and would never be sold.

Now that the Chen family could also refine the aptitude pill, the cultivation of the Chen family members would definitely reach a place where it would explode.

In addition, the Chen Clan didn't have many people, and they had plenty of resources. It wouldn't be long before all the direct descendants of the Chen Clan were at the level of Exalted Core Formation.

The trip to the ruins this time could be said to be fruitful. Even when he left, the smile on Yang Chen's face did not stop.

When Chen Xuan and the other two saw how happy Chen Yang was, they also giggled.

This frightened the winged tiger. Good heavens, the four of them were standing on his back and laughing foolishly. Who wouldn't be afraid?

If he really became stupid, who would support him?

Chapter 380: Heading to Yang City (2)

Fortunately, after arriving at the clan, the four of them seemed to care about their dignity in front of the clan members. None of them laughed anymore and continued to deal with their own matters as if nothing had happened.

Time passed in a flash, and in the blink of an eye, it was already the 29th year of Qiyuan.

This year, the weather was warm and the sun was shining brightly. Nothing major happened, but some undercurrents had already begun to take shape.

In the meeting hall, Chen Yang was dealing with the family's matters. At this moment, Chen Xuan walked in. "Master, someone is looking for you."

"Who is it?" Yang Chen said without raising his head.

"Patriarch, it's an elder of the Li family. I'm not sure what his name is, but he didn't say." Chen Xuan said.

Hearing this, Chen Yang put down what he was doing and looked up at Chen Xuan. "Invite him in."

"Patriarch, he has already left. He came here to deliver a message." Chen Xuan said.

"Oh, what news?" Yang Chen asked.

Chen Xuan thought about it seriously and immediately said, "It's like this. Master Li seems to have something urgent to discuss with you. The elder doesn't know what it is exactly, but Master Li said it's urgent and asked you to hurry over."

Hearing Chen Xuan's words, Chen Yang understood. It must be about the Longyue Merchant Association outside the Endless Mountains.

Yang Chen nodded. "Alright, I understand. First Elder, help me deal with these matters. I'll go to the Li family."

“Yes.”

Immediately, Yang Chen got up and left, riding the Underworld Dragon to the Li family.

In the Li family, Li Kehui sat quietly on a chair. After dispersing all the elders, he was alone in a hall. He seemed to be thinking about something.

“Gu Mu, where did this person come from? Why did he say that?”

“Does Gu Mu not know that cooperating with my Longyue Chamber of Commerce is akin to digging the grave of the Royal Chamber of Commerce?”

“No, he knows. Otherwise, he wouldn’t have found the Li family.””

“Then here comes the problem. Since he knows the consequences of our matter, why is he still cooperating? Could it be that the conflict between the Yuan Consortium and the Royal Chamber of Commerce has already reached this stage?”

“Forget it, I don’t want to think about it anymore. It’s better to wait for the Chen family head to come and ask for his opinion.”

Then, Li Kehui leaned back in his chair and rubbed his forehead with both hands, still thinking about these things.

Although the distance between the Chen family and the Li family was quite far, with the speed of the Underworld Dragon, Chen Yang successfully arrived at the Li family in half a month.

After learning that Yang Chen had come, Li Kehui quickly brought him to a hall and told Yang Chen all the news that Li Kehui had sent back.

Yang Chen nodded thoughtfully after hearing Li Kehui's words." So, you're suspecting Gu Mu's purpose?"

"That's right."

Li Kehui nodded," This is obviously something that is detrimental to the Yuan Consortium of Commerce. As the president of Sun City, how could Gu Mu not know about this? Would these small profits ruin their original plan?"

"You're right. Gu Mu is not a fool. On the contrary, he's very smart. The meaning of this cooperation is not ordinary."Yang Chen smiled.

Seeing this, Li Kehui quickly asked,""Oh, what did you think of?"

"I only have a simple conjecture, but I don't know if it's correct."Yang Chen said.

"Tell me." Li Kehui said.

Yang Chen rubbed his wrist," It's like this. Let's make a bold guess. If Gu Mu knows the stakes of these things and still wants to cooperate with us, what does he want to do?"

"On the surface, our operation is targeted at the three merchant associations. But in reality, we are still targeting the Netherworld Sword Sect and the Devil Origin Palace."

"Gu Mu's actions can be seen as a destruction of Demon Origin Palace and a betrayal of Demon Origin Palace."

"Since he betrayed Devil Origin Palace, he naturally wants to find a new backer. This backer must be of greater help than Devil Origin Palace."

"This place is also the Li family's territory. If the Li family wants to support any forces, it will naturally be much more convenient."

Yang Chen looked at Li Kehui with a smile.

Seeing this, Li Kehui frowned and thought for a moment.

Then, Li Kehui suddenly realized, "You mean Gu Mu wants to join the Li family?"

"That's right."

Yang Chen nodded. "Not only that, but he might also be interested in the Longyue Merchant Association. He might even want to become the president of the Longyue Merchant Association."

"After all, according to the intelligence, this person is a business maniac. His obsession with business far exceeds our imagination."

"He has also seen the potential of the Longyue Merchant Association. Perhaps he had already set his eyes on the Longyue Merchant Association when he found it."

After listening to Yang Chen's explanation, Li Kehui finally realized that Gu Mu was up to something.

Not only did they want to rely on the Li family, but they also had their eyes on the president of the Longyue merchant association.

But thinking about it, it was normal. For a person like Gu Mu, there was nothing more fascinating than bringing a Chamber of Commerce to the world.

As for defecting to the Li family, it was just an additional product.

If the Longyue Merchant Association didn't have such great potential and couldn't shake the foundation of the three major merchant associations, even if the Li family was behind the Longyue Merchant Association, Gu Mu wouldn't have joined them.

After thinking it through, Li Kehui asked, "Then what should we do next?"

"What should I do? Naturally, I should go and see this President Chu." Yang Chen smiled.

"Meet President Chu?"

Li Kehui frowned. "Does Master Chen mean that we should make a trip to Sun City?"

"That's right." "I haven't been to Yangcheng, so I'm naturally curious."

"But isn't this too dangerous? You have to know that that place is the enemy's lair. If we act rashly and something happens..." Li Kehui said worriedly.

"It won't happen."

Yang Chen smiled as he picked up the teacup, blew on the hot air, and took a sip. After drinking the tea, Yang Chen said, "For this operation, I plan to bring Venerable Lord Huo along."

"With Venerable Lord Huo around, are you still worried about our safety?"

"With Huo zun-zhe around, our safety will naturally not be a problem. However..."

"Venerable Lord Huo is the final barrier, after all," Li Kehui said hesitantly. "Don't tell me you want to make a move now, Master Chen?"

"It's not necessary to make a move now, but since we're going, we have to understand some of the situation."

"Venerable Lord Huo is very powerful, so he is the most suitable person to investigate." Yang Chen said.

“You used Venerable Lord Huo as a spy!”

Li Kehui widened his eyes and said with some admiration, “Chen Yang, you’re really bold to let a peak Dao Origin Supremacy be a spy. Aren’t you afraid that Venerable Lord Huo will blame you?”

“Ah.” Yang Chen waved his hand and said righteously, “For Taoism!”

Li Kehui couldn’t help but burst out laughing. “Yes, for the Dao Sect.”

Both of them were bold people. Since they had already decided to go to Yangcheng, they would not delay.

Within a month, the two of them had finished dealing with the matters of their families and gathered outside the Endless Mountains.

Looking at the boundless mountain range, Yang Chen took a deep breath. “I’m finally going out.”

Seeing this, Li Kehui patted Yang Chen’s shoulder. “Although the Endless Mountain Range is bustling, it’s not as peaceful as here.”

“Chen Clan Leader, it’s best not to have too high of an expectation.”

“I understand.”

Yang Chen nodded and took out the Beast Taming Bag that Wang Cheng had given him, releasing the other spirit beast.

As the subdued beast bag flashed, a two-meter-long winged horse appeared in front of the three of them.

“Sorry to trouble you.”

Yang Chen nodded at the winged horse, or more accurately, the Pegasus.

“Patriarch Chen, there’s no need to be so polite. This is what I should do.”The Pegasus smiled and nodded. Its body continued to expand, and before long, it had become a hundred-meter-long beast.

When he saw this, Chen Yang looked at Venerable Lord Huo.” Patriarch Dao Kong, please.”“

“Yes.”

Venerable Lord Huo nodded and leaped onto the back of the pegasus. Seeing this, Chen Yang and Li Kehui quickly jumped onto the back of the Heavenly Horse.

After the three of them steadied themselves, the Pegasus flapped its wings and disappeared from the spot in the blink of an eye..
