Chapter 381: Reaching a Cooperation with Gu Mu

The reason why spirit beasts were called spirit beasts was not only because of their increased intelligence, but also because they could control their own bodies.

Compared to demonic beasts, the improvement of spirit beasts was in many aspects. Not only did their strength increase, but their speed also increased greatly.

Take the pegasus for example. A pegasus at the Demon Emperor Realm could travel less than ten thousand miles a day, but it was already considered fast among Demon Emperors.

After reaching the Spiritual Venerable level, the Pegasus could travel 100,000 times a day. It could also use Spiritual Qi to build a barrier around its body to block the wind blades. This was also the reason why Spiritual Beasts could travel so fast.

Generally speaking, only spirit beasts could cast such a barrier when flying at full speed.

If the demon emperor wanted to cast a barrier to block the wind blades generated by flying, he would definitely not be able to maintain his peak speed. Back to the main topic.

At this speed, the nearly 300,000-mile-wide Endless Mountain Range, Tianma only used three days to leave the Endless Mountain Range and arrive at the real Alkaid Realm.

On the Pegasus, Yang Chen looked down at the vast ground below and couldn't help but sigh, "This is the real Light Shaking World. In comparison, our place is still a little smaller."

"There's no need to sigh, Master Chen. Sooner or later, the Chen family will be able to conquer this place." Li Kehui laughed.

How could Li Kehui not see the ambition in Yang Chen's heart? A small place in the Endless Mountain Range was definitely not enough to satisfy Yang Chen's appetite.

Yang Chen's stage was still outside the Endless Mountains.

This was also the reason why Li Kehui was willing to cooperate with the Chen family. After all, the Endless Mountains was only a stepping stone for the Chen family. In the future, it would still be handed over to the Li family.

After taking a glance at the scenery below the Pegasus, Yang Chen calmed down the excitement in his heart and slowly said, "Let's go to Sun City."

In Sun City, inside the Longyue Merchant Association, Li Kehua was flipping through the merchant association's transaction records when a cloud of black smoke rose quietly.

Then, a man in black clothes and a black mask walked out of the black smoke. When Li Ke saw this, he said helplessly, "Black One, it can't be that bad, right? Are you afraid that others won't know that you're an assassin of my Li family?" When Black One heard this, he looked a little embarrassed. "Well, I'm used to it. Please forgive me, Elder Ke Lu."

"Alright, alright. I brought you up myself. How can I not know you? Tell me, why are you looking for me?" Li Ke said.

"Yes."

Black One sorted out his thoughts and said, "According to our scouts, the clan heads and Chen Clan heads, as well as an unknown expert, have arrived in Yang City. They are currently strolling around in Yang City."

"What?"

Li Kehua suddenly stood up. "How did you get here so quickly?!" That was true. This kind of thing must be very urgent. They might even use spirit beasts."

After pacing back and forth, Li Kehua looked at Black One." Let's go. Come with me to welcome the Master." Oh right, change your clothes. Don't make it seem like you're ready to kill at any moment."

"Understood."

In Sun City, Yang Chen and the other two were strolling around the city. After strolling for an hour, the three of them were all amazed. This place was still bustling.

Even Li City, the largest city in the Endless Mountains, looked a little shabby compared to this place.

"Patriarch Li, such a good city can't be destroyed." Chen Yang said with some heartache.

"Of course, we can't destroy our city." Li Kehui felt the same.

If such a good city was destroyed, it would be too heartbreaking. Even if it was rebuilt, it would cost a lot of spirit stones and time.

In addition, it would be difficult for a rebuilt city to have its current charm.

The corner of Venerable Lord Huo's mouth twitched when he heard the words. The two of them looked distressed as if the city had already fallen into their hands.

Just as the three of them were about to continue shopping, Li Kehua had already brought Black One to find the three of them.

"Li Kehui greets the patriarch, the patriarch, and the senior." Li Kehua hurriedly bowed.

"Please, Elder Lu, this is Sun City, how did you find us?" Li Kehui smiled.

"Patriarch, it's like this."

Li Ke sorted out his thoughts and said unhurriedly, "I was inspired by the Chen Clan Leader and felt that it was better to place all the spies in Sun City to ensure that I would be the first to know if anything major happened in Sun City."

"Well, I already received the news the moment you came in."

Hearing Li Kehui's words, Li Kehui smiled and looked at Yang Chen. His eyes seemed to be saying, "Look at what you've done to my elder."

Yang Chen pretended as if he didn't see anything and smiled at Li Kehua. "Elder Kehua, we already know what happened here. Take us to Gu Mu."

"So fast."

Li Kehua was stunned. "Clan Leader Chen, you're tired from the journey. Aren't you going to rest first? Besides, he had to make some preparations for President Gu Mu."

"We don't need to rest. As for Gu Mu, if he's prepared, we might not be able to find the information we want." Yang Chen smiled.

Li Kehui, who was beside him, also echoed, "Carving it? It's better to do it according to what the Chen family leader has obtained. This was also what we discussed from the beginning."

"This... Alright then."

Seeing that the two family heads said so, Li Kehua couldn't refuse. He immediately said, "Patriarch, Chen Clan Leader, Senior, please follow me.."

Chapter 382: Reaching a Cooperation with Gu Mu

Immediately, the group of five headed towards the main branch of the Yuan Clan Chamber of Commerce in Yang City.

At the same time, in the Yuan Clan Chamber of Commerce's main store.

Gu Mu smiled and looked at the spy in front of him." You mean President Li Kehua left the chamber of commerce in a hurry?"

"That's right."

"I know. You can go down." Gu Mu nodded.

"Yes."

After the scout left, Gu Mu slumped on the chair and looked at the ceiling with a smile." It seems that the one who can make the decision is here.""

"Tsk tsk, it's only been a year and I've already arrived here. It seems that I'm still very important to him."

"Fine. Since he is so sincere, I will naturally show him the same sincerity."

Immediately, Gu Mu stood up and walked to the side room. He seemed to have gone to take a bath and change his clothes.

Outside the Yuan Conglomerate's main store, Li Kehui looked at the gilded words "Yuan Conglomerate" on the signboard. His eyes revealed a yearning look." When will our Longyue Chamber of Commerce be able to reach this level?"

"Soon." Yang Chen said.

“Soon. When exactly is it?”

“Today, the moment we enter the door. Hahaha...”

Yang Chen let out a hearty laugh. Then, he puffed out his chest and walked into the Yuan Consortium Chamber of Commerce.

In the shop, the waiter saw a group of five people coming here. Seeing that these people were dressed luxuriously, he knew that they were important customers. He immediately smiled and went forward, “Dear customers, what do you need?”

“Go, call your President Gu Mu over. Tell him that Li Kehua is looking for him.” Li Ke said.

“This...”

The waiter sized up everyone and immediately smiled. “Everyone, wait a moment. I’ll immediately ask the shopkeeper to invite the president down.”

“Okay, go ahead.”

Immediately, the waiter turned around and left.

As for Yang Chen and the others, they were strolling around the Chamber of Commerce.

After taking a few glances, Li Kehui and Chen Yang were a little envious. As expected of the main branch of the Sun City branch. There were so many treasures inside.

Even grade six spirit weapons were openly displayed outside as a front for sale.

One had to know that this kind of spiritual weapon that served as a facade could not be said to be very cheap, but it was not precious either.

To put it bluntly, it was just a method to attract people in. If you wanted to buy the real good things, you still had to talk to the shopkeeper here in detail.

And the Yuan Clan Chamber of Commerce had displayed the grade six spirit weapon to tell everyone that a mere grade six spirit weapon wasn't worthy of his manager personally coming out.

It wasn't even worthy of a grade six spirit weapon, then one could imagine just how many treasures were hidden inside.

Yang Chen and the others did not wait long. After a cup of tea, Gu Mu came down from upstairs. As he walked, his hearty laughter entered everyone's ears.

"Aiya, Chairman Li, you have graced us with your presence. I hope you can forgive me for not welcoming you."

Smiling, Gu Mu walked to the front of the five people and looked at Li

Diao,""President Li, these are all..."

Seeing this, Li Kehua quickly introduced,"Let me introduce you. This is the head of the Li family, Li Kehui, and this is the head of the Chen family, Chen Yang."

"As for that senior, he is from the Chen family. As this senior doesn't want to attract too much attention, I can't tell this name to President Gu."

Hearing this, Gu Mu looked shocked. After a while, he quickly held Li Kehui's hand." Oh, Master Li, you've graced my humble abode with your presence!"

"It's just that Patriarch Li suddenly came, so I wasn't prepared. I hope Patriarch Li can forgive me for my lack of hospitality."

“Alright, alright.” Li Kehui nodded with a smile and subconsciously looked at Yang Chen.

Seeing this, Gu Mu was shocked.

It seemed like Yang Chen was the leader of Li Kehui!

How was this possible? Didn't the intelligence report say that the Chen Family was only a seventh-rank aristocratic family? Could it be that the Chen family has some secret that I don't know?

Damn it, I'm always smart, why am I so muddle-headed at this time? If the Chen family was just an ordinary seventh-rank family, would the Li family do business with the Chen family? Would he even let the Chen Clan Leader come along?

There was no time for Gu Mu to think. He quickly held Chen Yang's hand, "This must be the Chen Clan Leader. As the rumors say, he is handsome and has extraordinary talent."

"Hahaha, President Gu, you've heard of my name before." Yang Chen smiled.

"Of course. The name of the Chen Clan Leader has long been passed down here with the Longyue Chamber of Commerce. Chen Clan Leader, Li Clan Leader, this is not the place to talk."

Inside the chamber of commerce, in a side room, after the last dish was served, Gu Mu smiled and said, "Chen Clan Leader, Li Clan Leader, this matter happened so suddenly that I didn't have time to prepare."

"President Gu has already made ample preparations."

Yang Chen looked at Gu Mu with a smile. The smile in his eyes made Gu Mu feel as if he had fallen into an ice cave.

"If I'm not mistaken, the brocade robe President Gu is wearing is made of heavenly silk and is priceless."

“As for the jade crown on President Gu’s head, it’s made from the grade four spirit material, Dragon Fragrance Jade, and its value is even comparable to a grade five spirit weapon.”

“This Long Xiangyu will emit a delicate fragrance that will make people feel relaxed and happy. President Gu’s attire is already enough to give us face and is also thinking of us in every way.”

“After all, we’ve just arrived in Sun City. We don’t have much time to prepare for President Gu.”

Hearing Yang Chen’s words, Gu Mu’s back suddenly broke out in cold sweat..

Chapter 383: Reaching a Cooperation with Gu Mu

He was showing off his might!

This was Yang Chen’s show of strength!

Yang Chen was telling himself not to play any tricks and to show his sincerity if he wanted to cooperate.

Amazing, really amazing.

Gu Mu couldn’t help but praise Chen Yang in his heart. He could tell from his clothes that he had already known about Chen Yang’s group.

Moreover, Yang Chen had used this matter to warn him not to have any devious thoughts and just focus on working together.

Immediately, Gu Mu smiled bitterly.” The Chen Clan Leader is powerful. It seems that the Chen Clan isn’t just a vassal of the Li Clan as they say. They’re not people that the Li Clan has pulled out to be their shields.””

“Since the Chen Clan Leader is so straightforward, then this Gu will not hide it. To tell the truth, if this Gu has guessed correctly, you should have Mianyang’s Li Clan backing you.”

Hearing this, Yang Chen looked at Li Kehui and smiled, “Can you tell me why you made such a judgment?”

“Because the Longyue Merchant Association is very arrogant and is not afraid of offending the three major merchant associations. From my conversation with President Li Kehua, I know that President Li Kehua is not an idiot.”

“Then here comes the problem. A person who isn’t an idiot and dares to offend the three major merchant associations like this must have some powerful faction behind him.”

“The Li family of Mianyang is the most likely to be able to reach here. In addition, the Li family is a branch of the Li family of Mianyang, so I guess that there should be an instigation from the Li family of Mianyang behind this.”

“As for why the Li family of Mianyang has extended their hands here, it’s probably related to the Shen family of the Hundred Lineages coming here to investigate some time ago.” Gu Mu laughed.

“Oh.”

Chen Yang came to find out that the Shen family had come here to investigate. It seems that your Yuan Chamber Chamber of Commerce’s intelligence network is very powerful. One had to know that even Dynasty did not know about this.”

“Thank you for your praise, Master Chen. The Gu family that I belong to is famous for their spies. Although I came out alone, my family still sent some people over.”

“Using these people, I created an intelligence organization. Not to mention anything else, in terms of intelligence, even a top Rank-5 force can’t compare to me.”

Speaking of this, Gu Mu's face revealed an unconcealable pride.

When Venerable Lord Huo heard this, he hurriedly asked, "Gu Clan? Is it the Gu family, a fourth-rank family in the North Region?"

"That's right."

Gu Mu nodded and looked at Venerable Lord Huo thoughtfully. "It seems that you know about our Gu family, Senior."

"Who doesn't know the name of the Gu family?" After Venerable Lord Huo finished speaking, he continued to close his eyes and rest.

Yang Chen continued, "So President Gu is from the Gu Family of the Northern Region. I didn't recognize you. Please forgive me."

"Master Chen, you've gone too far. In this place, Gu Clan's reputation might not even be as great as Chen Clan's." Gu Mu laughed.

"Hahaha, President Gu is too polite."

Yang Chen shook his head with a smile and continued to ask, "Since President Gu is from the Gu family, why did you come here?"

Yang Chen stared at Gu Mu.

Why did the dignified Gu family come here?

If Gu Mu wasn't valued, it would be fine. However, judging from the fact that the people sent by the Gu family could establish such a large intelligence organization, the people sent must be very powerful.

Yang Chen didn't believe that any one of the Gu family's people could defeat the intelligence organizations of other forces.

From this, it could be seen that Gu Mu must be highly valued by the Gu family. Then the question was, why would such a highly valued person come here?

Hearing this, Gu Mu laughed heartily, "Everyone has their own aspirations. My ambition is to create a Chamber of Commerce that can dominate the entire world."

"In the north region, this dream will never be fulfilled because there is already a huge merchant association in the north region."

"Additionally, that chamber of commerce is on the same side as my Gu Clan. For the sake of peace, Gu Clan will never allow me to establish a chamber of commerce."

"After all, my identity is special. If I set up a Chamber of Commerce in the North Region, it's hard not to be suspected by the Chamber of Commerce that our Gu family is trying to shake their foundation."

"Therefore, I can only come here to pursue my dream. This is also the reason why I chose the Longyue Chamber of Commerce. I can see the potential of the Longyue Chamber of Commerce."

"If I were to lead the Longyue Merchant Association, I would definitely be able to achieve my revenge."

Gu Mu's words made everyone's expressions change.

Yang Chen didn't change his smile, but his eyes flashed with different meanings. Apparently, he didn't believe Gu Mu's words.

However, no matter what Gu Mu's purpose was, as long as it didn't harm the interests of the Chen family and could help the Chen family earn profits, they could cooperate.

Even if Gu Mu wanted to overthrow Gu Clan, as long as he could create sufficient benefits for Chen Clan, Chen Clan would also help him.

Of course, this was just an example.

As for Li Kehui, although he was expressionless, the excitement in his eyes had already betrayed him.

In Li Kehui's opinion, if he cooperated with Gu Mu, he would definitely be able to establish a relationship with the Gu family. This relationship would be beneficial to the development of the Li family.

As for Li Kehua, his eyes were wide open as he looked at Gu Mu.

Gu Mu, I was kind enough to introduce you to the family head, but you actually covet my position, I...

Sigh, that's not right. My position as president was originally meant to be given away.

If he gave it to Gu Mu, he could still establish a connection with Gu Clan. This was totally feasible.

Venerable Lord Huo continued to rest with his eyes closed while Black One was eating..

Chapter 384: Reaching a Cooperation with Gu Mu

"Hahaha, President Gu is so ambitious. I'll believe President Gu's words for the time being, but let's talk about the matter at hand. Since you want to cooperate, President Gu should show some sincerity." Yang Chen smiled.

Seeing this, Gu Mu took a deep breath.

Gu Mu could see that Yang Chen didn't believe what he said, which was normal. Even Gu Mu wouldn't believe the words of someone he had just met.

However, Gu Mu could tell that Yang Chen didn't care about the truth of his words. What Yang Chen wanted was for Gu Mu to create benefits for the Chen Family.

Since that was the case, it was easy to handle.

"Alright, then I'll show my sincerity." Gu Mu said immediately. Just like I said to President Li, I can help cover it up. At the very least, for the next few decades, the Royal Chamber of Commerce will not find any clues about this matter."

"In the next few decades, it's enough for us to find allies, accumulate strength, and deal them a fatal blow."

"I see President Gu's sincerity, but we don't need President Gu to do this." Yang Chen said.

"No need?"

Gu Mu frowned, "What do you mean? Letting the Royal Chamber of Commerce investigate the Longyue Chamber of Commerce?"

"That's right." Yang Chen nodded.

Gu Mu looked at Chen Yang. What was Chen Yang planning? Could it be that Chen Yang wanted the Royal Chamber of Commerce to find out something and start a war with the Longyue Chamber of Commerce?

"Pardon me for being blunt, but do you want the Royal Chamber of Commerce to start a war with you?" Gu Mu asked.

"President Gu is wise, I admire you." Yang Chen nodded and admitted Gu Mu's guess.

Seeing this, Gu Mu was a little worried." Chen Clan Leader, isn't this a little rash? I know that this is definitely not your idea. It's the Li Clan's opinion.""

"However, the Netherworld Sword Sect is not the only one behind this. The Demon Origin Palace is also behind our alliance. I believe the Li family has already investigated this."

"Facing two Rank-4 forces, even if the Li family has the geographical advantage, it will be a little difficult for them to deal with them."

"Hahaha, President Gu, don't worry. When that day comes, neither the Netherworld Sword Sect nor the Devil Essence Palace will send anyone over."Yang Chen smiled.

"Oh?"

Hearing this, Gu Mu looked at Huo zun-zhe thoughtfully. Suddenly, Gu Mu seemed to have understood something and immediately said,"Could it be that this matter is not only the Li family's idea, but also the Dao Sect's idea?"

"Pa, pa, pa."

Chen Yang encouraged Gu Mu," President Gu is amazing. To be honest, this looks like a confrontation between the Li family and the Netherworld Sword Sect."

"But in reality, this is a confrontation between the Dao Sect and the Devil Hall. At that time, we only need to act. There will naturally be people to stop the devil cultivators outside."

"I see."

Gu Mu understood, and his eyes were a little excited." If it was really instructed by Taoism, then we really shouldn't have done this."

“Chen Clan Leader, tell me, what do you need me to do?”

“President Gu is straightforward!”

Yang Chen stood up and poured a glass of wine for Gu Mu. Then, he patted Gu Mu’s shoulder and said, “What I want President Gu to do is very simple. Spread the business of the Longyue Chamber of Commerce to all the rank-4 forces as soon as possible.”

“It doesn’t matter even if it’s leaked. I just need to let these rank 6 forces leave the Royal Chamber of Commerce and continue to develop.”

“I understand.”

Gu Mu nodded, then looked up at Chen Yang, “What the Chen Family Head means is to ensure that the economy of this place will not collapse because of the battle.”

“To put it another way, even if the three major merchant associations disappear overnight, the Rank-6 organizations can still purchase the goods they want from the Longyue Merchant Association.”

“Leave this matter to me. Within two years, this matter will be settled.

“Moreover, I will try my best to rope in those Rank-6 forces so that the martial arts power here will not be too damaged.”

“After all, the strength of the martial arts here is also related to the business of the Longyue Chamber of Commerce.”

Chen Yang patted Gu Mu’s shoulder.

“Alright, as long as President Gu can settle this matter, the position of president of the Longyue Chamber of Commerce will be prepared for President Gu.”

“After the other three Chambers of Commerce are eliminated, I still have to ask President Gu to work hard and lead the Longyue Chamber of Commerce to occupy the market of the three Chambers of Commerce..”

Chapter 385: Universe Saint's Inheritance

The entire market!

Gu Mu clenched his fists in excitement. This was the entire market occupied by the three major chambers of commerce. Wasn't it what Gu Mu wanted to unify the market of the three major chambers of commerce?

From Yang Chen's words, Gu Mu could easily tell what kind of power was behind the Chen Family.

The other senior from the Chen family was also somewhat similar to the rumored Venerable Lord Huo.

If it was really Venerable Lord Huo, then it could be said that the Chen family was backed by the Shen family!

With the support of the Shen and Chen families, the development prospects of the Longyue Chamber of Commerce could be imagined.

Gu Mu narrowed his eyes. It seemed that the potential of the Longyue Chamber of Commerce was far greater than he had imagined.

According to Gu Mu's previous thoughts, the Longyue Chamber of Commerce had the backing of the Li family. Naturally, developing in the Li family's territory would be more beneficial than other chambers of commerce.

This was also the reason why Gu Mu chose the Longyue Merchant Association. He believed that as long as the Li family supported him, he could develop the Longyue Merchant Association into the largest merchant association in the Li family's territory.

Now, it seemed that not only the Li family's territory, but also the Shen family's territory and even the Taoist sect's territory could be developed.

Perhaps, the Longyue Chamber of Commerce could really become a behemoth and be on par with that Chamber of Commerce.

Thinking of this, Gu Mu was a little excited.

Was this what he wanted?

"Don't worry, Patriarch Chen. I will do my best to develop the Longyue Chamber of Commerce into the number one chamber of commerce in the Hidden Dragon Chamber of Commerce." Gu Mu said excitedly.

Seeing this, Yang Chen smiled and nodded." Thank you for your kind words, President Gu. With this wine, I wish us success!"

Then, Yang Chen returned to his seat and picked up the wine glass on the table.

When the others saw this, they also raised their wine glasses and looked at each other before laughing.

After discussing the next plan, Yang Chen and the others did not stay for long and returned to the Endless Mountain Range.

According to Yang Chen's plan, he would end the battle this time.

However, Gu Mu's surrender made Yang Chen change his mind. It would be beneficial for Yang Chen's future development if he could stabilize the Rank-6 force here. In that case, he would wait for another two days.

Anyway, with the help of the Spirit Beasts and Gu Mu, Chen Yang and the others would be able to arrive in time when the battle really started.

Three days later, the Pegasus returned to the Endless Mountain Range.

After arriving at the Endless Mountains, Chen Yang and Li Kehui had a simple conversation before returning to their respective families and quietly waiting for the arrival of the war.

According to Yang Chen's plan, he would develop his plan step by step and wait for news from Li Ke.

But sometimes, you didn't want an accident to happen, and it just happened to happen.

In the 30th year of Qiyuan, a year after Chen Yang made his plan, an explosion suddenly occurred in a dynasty called the Dachu Dynasty in the Endless Mountain Range.

It was said that a city of the Dachu Dynasty was turned into dust in this explosion. The county where the city was located was also destroyed by the aftershock of the explosion into a living hell.

Tens of millions of people died on the spot. Those who were lucky enough to survive also suffered many injuries.

At the starting point of the explosion, a bottomless pit with a radius of dozens of miles appeared.

From the deep pit, blood-red gas kept rising.

Fortunately, the blood-red gas would not spread and only lingered near the deep pit. Otherwise, the entire Great Chu and even the forces in the Endless Mountain Range would be in trouble.

The Dachu Dynasty had once sent experts to investigate this place, but once those experts came into contact with this blood-red gas, they would attack their companions around them like crazy demons.

After two days, his meridians would be broken and he would die.

The Dachu Dynasty knew that this matter was not something they could handle, so they informed the Li Clan of this news.

After the Li family received the news, they sent people to investigate, but unfortunately, they did not find anything.

There was no other way. He had to discuss this matter with the Chen family. After all, Venerable Lord Huo was in the Chen family. Perhaps he knew what was going on with this blood-red gas.

Chen family, in the guest hall.

After listening to Li Kehui's description of the deep pit incident, Yang Chen was silent. After a while, Yang Chen slowly said, "Patriarch Li, do you have any guesses about this matter?"

"No, I haven't."

Li Kehui shook his head. "After the Dachu Dynasty informed the Li family of this matter, the Li family also sent experts to investigate."

"Unfortunately, even Zifu Disciples are unable to resist that blood-red gas and are unable to probe the things in the deep pit."

"That's why I came here. I want to ask senior Wen Daokong if he knows what this blood-red gas is."

Chen Yang nodded when he heard that. "Patriarch Li, please wait a moment. I'll go invite Patriarch Dao Kong over."

"Yes."

Then, Yang Chen stood up and left. Not long after, Yang Chen brought Shen Daokong into the guest hall.

As soon as he entered, Shen Daokong took the lead and said, "Patriarch Li, tell me everything you've discovered."

Li Kehui had intended to bow, but when he heard Shen Daokong say that, he could only put down his hand and slowly said, "Yes, sir!"

"Senior Dao Kong, according to the information our Li clan has gathered, this blood-red gas seems to have been born from the deep pit."

"Moreover, this blood-red gas seems to be restricted by the deep pit. It can't leave the deep pit. This is also the reason why our scouts were able to escape."

"According to the scouts, when they saw this blood-red gas, they couldn't help but tremble, as if this blood-red gas hid some great terror.."

Chapter 386: Universe Saint's Inheritance (2)

"However, when they used spiritual energy to probe this blood-red gas, the scouts discovered that this blood-red gas was no different from ordinary spiritual energy of heaven and earth."

"But if you absorb it, forget about absorbing it, even if you touch it, you will be like a crazy demon. You will attack the people around you until your meridians are broken and you die."

Shen Daokong nodded as he listened to Li Kehui's story. He already had a guess in his heart, so he immediately asked, "Patriarch Li, is the soil at the edge of the deep pit dark red, like blood that has coagulated?"

“That’s right.”

Li Kehui’s eyes lit up and he said excitedly, “Senior, do you know what this blood-red spiritual energy is?”

“I have some guesses, but I’m not sure. As for what it is, I’ll have to go and see for myself.”

“How about this, Yang ‘er, Patriarch Li, come with me to take a look. If my guess is correct, this is probably an opportunity.” Shen Daokong laughed.

Hearing this, Yang Chen and Li Kehui both nodded.

However, there was still some worry on Li Kehui’s face. “Senior Dao Kong, even Zifu Disciples can’t withstand that blood-red gas. What if the Chen Clan Lord goes and something unexpected happens?”

“Don’t worry, Patriarch Li.” Shen Daokong smiled. “With me around, nothing will happen.”

Hearing Shen Daokong’s words, Li Kehui heaved a sigh of relief. Yang Chen also heaved a sigh of relief in his heart.

Immediately, the three of them rode on the Li family’s flying carriage and flew toward the scene of the incident.

In the Feather County of the Darchu Dynasty, the higher-ups of the Darchu Dynasty could not bear to see the miserable state of the commoners.

These were the people of their dynasty. If they were injured, it was no different from the dynasty being injured.

Moreover, this was an undeserved disaster, which was even more difficult to accept.

Looking at these commoners, the leader of the Darchu Dynasty's higher-ups ordered, "Pass down the order to save these people with all your might. After they recover, we will use the work-for-relief method invented by Lord Chen Yang to save them."

"In short, I don't want Feather County to become the history of our Dachu Dynasty."

"Understood!"

After giving the order, the leader looked at the sky and sighed faintly. "I wonder if the Li family can deal with that strange pit."

In the deep pit, the Li family elder was leading people to seal the place.

Now that the family head had already gone to ask for help, they naturally could not let this deep pit cause any more danger and cause trouble for their family head.

Looking at the blood-red gas, the Li family elder felt his legs spin.

It was too strange. These blood-red gases looked like ancient murderers. Just their aura was enough to make martial artists tremble in fear.

"I hope Patriarch will come quickly. This blood-red gas looks a little strange."

As if he had heard the elder's plea, Li Kehui's chariot descended from the sky the moment the elder spoke.

When the Li family elder saw this, he quickly went forward and

said, "Greetings, Patriarch Chen. Greetings, Senior."

"Yes, you've worked hard. Leave the rest to me."

Li Kehui nodded and led Yang Chen and Shen Daokong toward the deep pit.

After arriving at this place, Yang Chen felt uneasy. The closer he got to the deep pit, the more uneasy he felt.

Especially after seeing the blood-red gas, Yang Chen's uneasiness reached its peak. Subconsciously, Yang Chen stopped in his tracks.

Seeing Yang Chen stop, Li Kehui asked in confusion, "Chen Clan Leader, what's wrong?"

"It's nothing. I just feel a little uneasy." Yang Chen said grimly.

When Shen Daokong saw this, he smiled and said, "Don't worry, Yang 'er. This is your bloodline warning you that this place is dangerous."

"Generally speaking, as long as one's spiritual heritage is above mid-grade, they will have this kind of warning ability."

There was no need to worry?

Yang Chen looked at Shen Daokong in shock. Even his bloodline had warned him, so how could he not be worried?

As if he could read Yang Chen's mind, Shen Daokong smiled and said, "The warning from your bloodline is because your own strength is insufficient to deal with the current situation."

"However, you don't know if your bloodline is valid. You have this old man by your side. If you knew that this old man was accompanying you, you naturally wouldn't have warned me."

"But that's impossible. How can a bloodline be so smart?"

Hearing Shen Daokong's words, Chen Yang felt a little relieved and followed Shen Daokong to his side.

When they were about two meters away from the deep pit, there was already blood-red gas flowing. However, before it could get close to Yang Chen and the others, it was blocked by the Holy Qi in Shen Daokong's body.

As for Holy Qi, it was a name for the Spirit Qi in the bodies of experts above the Origin of the Dao.

It was just that because the quality was too high, it was a little demeaning to call it spiritual energy. However, in essence, it was still a type of spiritual energy.

Back to the main topic.

Under the protection of Shen Daokong's Holy Qi, the three of them successfully reached the edge of the pit.

Chen Yang first swept his eyes over the dark red soil beside the deep pit, and then cast his gaze into the deep pit.

Yang Chen's forehead broke out in a cold sweat as he looked down. It seemed like a primordial beast was in the dark pit, waiting for Yang Chen to fall into its trap.

"Yes, yes."

Shen Daokong, who was standing at the side, said excitedly, "Looks like the rumors are not bad."

Seeing this, Yang Chen asked in confusion, "What rumors, Patriarch Dao Kong?"

"It's a rumor in the Hidden Dragon Mountain Range.."

Chapter 387: Universe Saint's Inheritance (3)

Shen DaokongHe calmed himself down and explained, "Rumor has it that 300,000 years ago, the demons invaded our Alkaid World again."

"Because these evil devils had sneaked in, almost no one had time to react before these evil devils had already arrived at the Hidden Dragon Region."

"At that time, in order to kill these demons, a supreme expert named Yu Sheng used himself as the foundation to seal these demons in the Hidden Dragon Mountain Range."

"The place that was sealed is known as the burial ground of Yu Sheng."

"In other words, this place is the burial ground of Yu Sheng. Unfortunately, as time passed, more and more people thought that this was just a legend. No one believed that an expert like Yu Sheng would set this place as his burial ground."

Chen Yang thought about it when he heard Shen Daokong's words. "So, Patriarch Daokong, do you think that the person buried in this deep pit is Yu Sheng?"

"That's right."

Shen Daokong nodded and asked, "Yang Er, do you know why this place exploded and what this blood-red gas is?"

"I don't know." Yang Chen shook his head.

"There is an answer to both questions."

“When these demons die, a type of gas will be produced in their bodies,” Shen Daokong said. That’s right, it was this blood-red gas.”

“This gas is called the Evil Spirit Qi. When the Evil Spirit Qi accumulates to a certain extent, it will explode.”

“Back then, the number of evil spirits buried by the Universe Saint was more than a million. Once these evil spirits died, the amount of evil spirit energy accumulated would definitely reach a terrifying level.”

“Once so much demonic Qi explodes, the destructive power can be imagined. That’s why I’m certain that this is the place where Universe Saint’s bones are buried.”

“Yang ‘er, we’re going to be rich this time. Rumor has it that Yu Sheng knew that he was going to die, so he buried his inheritance with himself.”

“In other words, there is a high possibility that the inheritance of the Universe Saint is in this deep pit!”

” The legacy of the Universe Saint!”

Yang Chen looked at the deep pit again, his eyes burning with passion.

Yu Sheng!

To be able to be called a Saint, what level of expert was he? The inheritance left behind by such an expert was extremely precious.

“In that case, let’s go down and investigate. I wonder if there are any more demons here.”Yang Chen said worriedly.

If there were still demons inside, how would they be able to find the legacy of the Universe Saint?

Shen Daokong laughed." Yang 'er, that was 300,000 years ago. How could a demon that could live for 300,000 years be sealed by Yu Sheng?"

"Thus, I concluded that there are absolutely no living demons here."

Hearing Shen Daokong's words, Yang Chen was relieved. He smiled and said,"If that's the case, then please escort us down, Patriarch Dao Kong."

"It's a small matter."

Shen Daokong laughed heartily. Then, he wrapped Yang Chen and Li Kehui with Holy Qi. The three of them jumped into the deep pit together.

The deep pit was extremely dark. Chen Yang and the other two had only fallen a hundred meters, but they could not even see their own fingers.

Fortunately, the three of them had their own ways to see their surroundings clearly.

Yang Chen's method was naturally his own Illusory Spirit Eye Bloodline.

Time passed bit by bit. After an unknown amount of time, Chen Yang and the other two finally reached the bottom of the deep pit.

When he reached the bottom, Yang Chen discovered that there were many skeletons at the bottom of the pit.

These skeletons were of all shapes and sizes, and each of them was constantly emitting the Blood Demon Qi.

Needless to say, this skeleton was definitely the corpse of an evil demon.

Of course, Yang Chen had already expected these skeletons to appear, so he wasn't that surprised. What shocked Yang Chen was that the bottom of the pit was so huge that he couldn't see the boundary at a glance.

After a simple inspection, Yang Chen realized that he had underestimated the area of the bottom of the pit.

To put it this way, the deep pit that was dozens of miles wide was child's play compared to the bottom of the pit.

Yang Chen estimated that the space at the bottom of the pit was at least a thousand miles wide.

"Patriarch Dao Kong, this place is so big. How are we going to find the legacy of the Universe Saint?" Chen Yang asked.

"I don't know."

Shen Daokong shook his head. "I only know a little about Yu Sheng. Right now, we can only use stupid methods to search for him bit by bit."

"If we really can't find it, then we'll burn the evil Qi here. Don't let it destroy the outside world. At least we didn't come here in vain."

Hearing this, Yang Chen calmed down and slowly explored the underground space with Shen Daokong.

As the three of them were scouting the bottom of the space, a starry light flashed about a hundred kilometers away.

Unfortunately, the three of them were quite far away from this place, so no one noticed the starry sky light.

After searching for a day, the three of them still couldn't find the legacy of the Universe Saint.

Even Shen Daokong was getting impatient.” Could it be that the legacy of the Universe Saint disappeared along with the demons in the river of time?”

“It’s possible.”

Li Kehui nodded.” We’ve explored at least 500 miles, but we haven’t even seen Yu Sheng’s body, let alone the inheritance.”

“From what I see, either the inheritance of Universe Saint has disappeared or it isn’t here at all..”

Chapter 388: Universe Saint’s Inheritance

“Not here?”

Chen Yang looked at Li Kehui.” Master Li, what do you mean?”

“It’s very simple. Since you’re Universe Saint, do you want your body and inheritance to be buried with these filthy things?”Li Kehui asked.

Hearing this, Yang Chen thought for a moment.

Li Kehui’s words were not without reason. If he was Yu Sheng, he would naturally not want to be buried with such a group of filthy people.

However, if that was the case, it would be even more difficult to find Yu Sheng. “Forget it, why are you thinking so much? This place is vast and boundless. I think we haven’t explored enough.”Shen Daokong said.

“Yes.”

Chen Yang and the other man nodded and followed Shen Daokong’s footsteps to continue their investigation.

At this moment, Yang Chen suddenly realized that someone was patting his shoulder.

“Who are you?”

Yang Chen suddenly turned around, his eyes shining with a golden light, like a bolt of lightning that pierced through the darkness.

“What’s wrong?”

Yang Chen’s strange behavior naturally attracted the attention of the two.

Immediately, Shen Daokong released all of his aura. He looked at the direction of the golden light with a stern gaze and asked, “Yang ‘er, did something happen?”

“Someone patted my shoulder just now.”

Yang Chen frowned and said, “It’s just that I used my bloodline power, but I still didn’t see the existence that patted my shoulder just now.”

Hearing this, Shen Daokong and Li Kehui became nervous.

This place was not a safe place. Anything could happen.

However, the three of them still did not see anything.

Seeing this, Yang Chen heaved a sigh of relief. "Forget it, maybe I was a little nervous and sensed wrongly."

Immediately, the three of them put away their divine powers and planned to continue searching.

The moment the three of them turned around, cold sweat appeared on their foreheads.

Because in front of the three of them, a pale white shadow appeared!

"Who is it?"

Shen Daokong let out a furious roar. His aura swept out and quickly enveloped the pale white shadow.

Yang Chen also circulated his bloodline to see what this shadow was.

"Hahaha, don't be nervous."

What the three of them didn't expect was that this phantom actually spoke human language.

At this moment, the three of them could tell that this phantom was a human phantom.

Seeing this, the three of them heaved a sigh of relief. It was fine as long as he was a human, who cared what form he was in.

"Senior, who are you? Why are you teasing us?" Shen Daokong asked.

Hearing this, the illusory figure smiled. "A name is just a code name. There's no need to be conflicted. They all call me Yu Sheng. Why don't you call me that too?"

"Yu Sheng!"

The three of them were dumbfounded!

Didn't Yu Sheng die 300,000 years ago? Then what was going on with the phantom now?

Could it be that Yu Sheng wasn't dead?

As if he could read their thoughts, Yu Sheng smiled and said, "There's no need to panic. I'm indeed dead. What you see now is only a wisp of my soul."

"Back when I sealed the evil spirit, I was already prepared to die. However, my inheritance came from my master. As a disciple, I naturally couldn't let my inheritance be buried with an unfilial descendant like me."

"That's why I kept this wisp of remnant soul, waiting for someone to inherit my legacy. Unfortunately, it's been 300,000 years and no one has come."

"Well, it wasn't easy for me to see you. I was itching to make a joke and caused trouble for the three of you."

Damn, it really was Yu Sheng!

The three of them exchanged glances and saw the excitement in each other's eyes.

Who would have thought that they would really bump into Yu Sheng.

"Senior, please don't say that. Back then, you sacrificed your life to bury these demons, and you were deeply respected by us." Yang Chen quickly said..

Chapter 389: The Three Great Inheritances

“Lord Yu Sheng, you used your body to feed the devil. We are in no hurry to thank you. How can we not joke about it?”

Hearing Yang Chen’s words, the defeated figure’s face turned red.” Aiyoyo, say more. I like hearing this kind of words.””

Yang Chen was speechless.

It was over. The glorious image of a Saint in his heart was gone.

On the other hand, Shen Daokong had a look of admiration on his face.” I finally understand why Yu Sheng was able to ascend to the Saint Plane. Only by being so straightforward can one comprehend the Dao of Heaven and Earth.”

When it came to cultivation, the smile on Yu Sheng’s face instantly disappeared.” To comprehend the Great Dao, you must avoid distracting yourself.”

“After all, we humans are weak. If we are distracted, it will be difficult for us to comprehend the true Great Dao.”

“Look at those old monsters. Are they really called old monsters just because they have a long lifespan?”

“No. The reason why they are called old monsters is because they act like children. They are extremely strange and confusing.”

“Because only in this way, like a child who is innocent, unrestrained, without burdens, and without distracting thoughts, can one concentrate on comprehending the Great Dao.”

“All of this was done because we had no choice. Do you really think that we wanted to do this? In the end, everything was for cultivation.”

“Although I’m only a remnant soul, I can see your current problem. The reason why you’re stuck at the Dao Origin realm is because you have too many distracting thoughts.”

“Although these distracting thoughts will be of great help in the future, if you can’t even get through it now, how can you talk about the future?”

When Shen Daokong heard this, he quickly bowed and said, “Thank you for your guidance, sir. I will definitely remember it.”

“Will distracting thoughts still help?” Li Kehui couldn’t help but ask.

Li Kehui had already cultivated to the late-stage of the Dao Origin Realm. With his talent, he had a high chance of breaking through to the Dao Origin Realm in the future.

If one wanted to grow at the Dao Origin realm, they had to comprehend the Great Dao.

He had heard from Yu Sheng that distracting thoughts would hinder the comprehension of the Great Dao, and Li Kehui agreed with him.

However, in the next moment, Yu Sheng said that distracting thoughts would be helpful in the future, which confused Li Kehui.

Was this distracting thought useful or useless?

Hearing Li Kehui’s question, Yu Sheng smiled and explained, “These distracting thoughts are of course useful. If you don’t believe me, look. Among those existences who can ascend to the divine realm, which one of them acts like a child at our realm?”

“Let me tell you this. If you want to ascend to the divine throne, you must comprehend the Great Dao to an exquisite realm.”

” And if we want to comprehend the realm of the uncanny, we need these distracting thoughts that we regard as ferocious beasts.”

” That’s why it’s a contradiction. If you want to become a deity, you have to use distracting thoughts. If you want to break through the Dao Origin and ascend to the throne, you have to abandon distracting thoughts in the future.”

” If you want, you can’t give up. You can either stay in the throne for a lifetime. If you have good qualifications, you can stay in the throne. But that’s all.””

“Of course, there’s another possibility. That is, your talent has already reached a monstrous level. You can ignore distracting thoughts and comprehend the Great Dao.”

“How many monstrous geniuses have there been in the records? In other words, how many people were able to ascend to the God Throne since the beginning of the records?”

“I’m sorry. I haven’t seen you in a long time.”

Hearing this, the three of them shook their heads.” Fortunately, we were guided by Yu Sheng. We can’t be more grateful. How could we complain that Yu Sheng is long-winded?””

Yang Chen and the others naturally wouldn’t mind Yu Sheng’s long-windedness. After all, Yu Sheng’s words would be of great help to their cultivation or knowledge.

If it wasn’t for Yu Sheng, they wouldn’t know that if they wanted to continue cultivating, apart from their own aptitude, they would also have to be naive and abandon all distracting thoughts.

They would also not know that if they abandoned their distracting thoughts, they would never be able to ascend to the divine throne in this lifetime.

Just like what Cosmos Saint said, this was a contradiction.

It was also precisely because comprehending the Great Dao was so difficult that it caused it to be very difficult for the gods of the Alkaid World to be born.

Ancestor Shen Renxu had once said that there had not been a first-rank aristocratic family in the Yaoguang World for 100,000 years. In other words, there had not been a martial artist who had ascended to the divine throne in the Yaoguang World for 100,000 years.

Perhaps aptitude was one thing, but the most important thing was probably the comprehension of the Great Dao.

“Alright, alright, let’s not chat anymore. If you don’t think I’m long-winded, I’m going to. I didn’t come to you this time to listen to my complaints.”

“Most importantly, I want you to inherit my inheritance.” Yu Sheng smiled.

Hearing this, the three people’s eyes flashed with excitement.

Although the content of the Great Dao that they had discussed earlier had increased their knowledge, to be honest, it did not improve their cultivation much.

However, this inheritance was a genuine improvement, and everyone yearned for it.

Seeing the expressions on their faces, Yu Sheng smiled and said, “Alright, follow me.”

After saying that, Yu Sheng took the lead and floated away. Seeing this, Yang Chen and the others quickly followed Yu Sheng’s footsteps.

After walking for about 300 miles, everyone saw a place that flickered with starlight.

Presumably, that was where the inheritance was located.

As expected, after arriving at the starlight, the projection of Universe Saint stopped in place and turned around. He looked at the three of them and smiled. "Everyone, this is my inheritance. However, before you inherit my inheritance, I need you to make an oath."

"Oath?"

The three of them looked at each other.. Then, Shen Daokong asked, " Lord Yu Sheng, what oath?"

Chapter 390: The Three Great Inheritances

"It's very simple. I want you to swear an oath to the heavens and earth that you will never betray the human race or collude with the demons."

"I don't want my inheritance to become a wedding dress for those evil demons!" Yu Sheng said seriously.

Hearing this, the three of them did not even think about it and made a Heaven and Earth Oath together.

"I, Chen Yang (Li Kehui)(Shen Daokong), swear an oath to the heavens and the earth that I will never betray the human race or collude with the demons. I will definitely fight against the demons until I die."

"If I violate this oath, I hope the Heavenly Dao will punish me and let me die without a burial place!"

As the Heavenly Dao responded, this oath was acknowledged by the Heavenly Dao and officially took effect.

Seeing this, a gratified smile appeared on Yu Sheng's face. " Alright, although the oath of heaven and earth can be broken by various treasures, I still hope that all of you will always remember today's oath. Don't rely on the demons and become their lackeys just because of some petty benefits!"

“Don’t worry, Yu Sheng. We will always remember the oath we made today. We will never betray the human race and collude with the demons.”

Upon hearing this, a childlike smile appeared on Yu Sheng’s face.” Alright, I’m relieved now. Come in with me.””

Then, Yu Sheng’s figure disappeared.

Immediately after, the three of them blacked out and disappeared from this place.

When the three of them came back to their senses, they realized that everything in front of them had changed.

Chen Yang and the other two were currently in a large hall. The hall was brightly lit. Balls of black-brown flames illuminated every blind spot in the hall.

The walls around the hall were carved with embossed sculptures, as if they were recording a person’s life.

Walking north along the main hall, not far away, they came across ninety-nine steps.

There was a platform above the stairs, and on the platform was a magnificent dragon throne.

A skeleton was sitting on the dragon throne. Its empty eyes were looking straight ahead, as if it was examining its own hall, but also as if it was looking at Yang Chen and the others.

Chen Yang and the other two were stunned when they suddenly arrived here.

While they were still in a daze, Yu Sheng’s shadow appeared again.

“This is my burial ground. The skeleton above is my skeleton.”

Hearing this, the three of them changed their expressions and bowed three times respectfully to Yu Sheng's skeleton.

After bowing, Yang Chen asked, "Lord Yu Sheng, why did you bring us here?"

"Naturally, it's for my inheritance." "My inheritance is in the same place as my bones," said Yu Sheng with a smile. "If you want my inheritance, you naturally have to come here."

"Alright, let's not talk about this. I have a total of five great inheritances."

"But there are only three of you. How about this? I'll take out the three most precious inheritances for you to choose from."

"If there's nothing suitable for you, then take out the remaining two. If there is, then please take out the remaining inheritances and help me build my old sect. This inheritance will be my sect's cornerstone treasure."

"Can the three of you help me fulfill this small request?"

Hearing this, the three of them hurriedly said, "Don't worry, Yu Sheng. We will definitely complete Yu Sheng's task"

Seeing this, Yu Sheng smiled and nodded. He then floated in front of his skeleton and stared at it for a long time.

"Sigh!"

After a deep sigh, Yu Sheng touched the Dragon Throne. Immediately after, five balls of light shot out from the Dragon Throne.

After using his spiritual energy to support the five balls of light, Yu Sheng once again came in front of Chen Yang and the other two.

“The three great inheritances I chose are the Fire Inheritance, the Array Inheritance, and the Martial Inheritance.”

“You definitely don’t understand what this means. I don’t need you to ask I’ll explain it to you directly.”

“Firstly, the Fire Inheritance. This is actually my comprehension of the Dao of Fire. Before I ascended to the Saint Plane, I was always called the Fire Emperor.”

“Although the name doesn’t sound as good as Yu Sheng’s, it can still prove my understanding of the Dao of Fire.”

“However, I have to remind you that what I have comprehended is the Fire of Extinction of the Fire Dao. It might conflict with the Dao you have comprehended. If you accept everything from me, you can only advance according to my pace in the future.”

Shen Daokong’s eyes lit up when he heard that.

This thing was too suitable for him.

One had to know that he had comprehended the Dao of Fire. Although it was not the Fire of Extinction, was that important? He could totally change it.

Shen Daokong had his own foundation, and he was also in the Dao of Fire. Even if he changed his Dao, it would not take much time.

As for the future, he could only follow the steps of Cosmos Saint. In other words, the end of his life was becoming a Saint.

Shen Daokong couldn't ask for more. With his current aptitude and comprehension of the Great Dao, it would be difficult for him to even become a King, let alone a Saint.

In this world, how many people could ascend to the Saint Plane?

Shen Daokong immediately made up his mind to obtain the Fire Inheritance no matter what.

As for Yang Chen and Li Kehui, they didn't have that much desire for the inheritance of fire. Although the inheritance of the Great Dao was very precious, they didn't need it yet.

Moreover, who knew if they had the Fire Extreme Body? They would definitely not be able to comprehend the Dao of Fire in this lifetime.

If that was really the case, even with the comprehension of Universe Saint, they would not be able to comprehend the Dao of Fire. In the end, it would still be a waste.

She might as well give it to Shen Daokong and form a good relationship with him.

After he finished explaining the inheritance of fire, he continued, "This legacy of formations is my understanding of the Dao of formations."

"The fact that I was able to seal so many demons with my body as a foundation shows how powerful I am in the Dao of Formations."

"In fact, back then, I was known as the number one Array Master in the world and was respectfully called the Array Saint. It can be said that my inheritance was no weaker than the Fire Inheritance."

"It's just that the Dao of Formations is obscure and complicated, and requires a long period of accumulation. This is probably the weakness of this inheritance."

"As for the martial inheritance, it's simple. There are many things inside that I understand about the martial path."

“Let me put it this way. As long as you comprehend enough of the Great Dao, you will be able to do it. With this inheritance of mine, you can completely cultivate without hindrance.”

“Bottlenecks don’t exist for you. I also have the confidence to say this.”

“Of course, the prerequisite is that your aptitude is sufficient. If your aptitude is insufficient, my martial arts inheritance will not be able to help you.” Yu Sheng smiled.

Hearing this, the three of them looked at each other. Good fellow, he really wanted all of them.

“You can discuss what you want to choose,” Yu Sheng said with a smile.”

After saying that, Yu Sheng turned his head away and let the three of them discuss.

Seeing this, the three of them glanced at each other. In the end, Shen Daokong was the first to speak, “Let me put it this way. I want the inheritance of fire.”

“You should also know how important this Fire Inheritance is to me. As long as you give this inheritance to me, I will help you with one thing unconditionally.”

“This is my promise to you.”

Hearing this, Li Kehui smiled. “Senior, what are you talking about? This inheritance is suitable for you. How can we go back and fight for it?”

Chen Yang also echoed, “That’s right, Patriarch Dao Kong. I’ll give you the inheritance of fire. Why are you still talking about compensation?”

“If you don’t come, will we come in?”

Shen Daokong nodded. "I'll remember your friendship."

After Shen Daokong made his choice, it was Chen Yang and his sister's turn.

The two of them looked at each other, and then Li Kehui said, "Chen Clan Leader, let's not beat around the bush. Just tell us our thoughts and discuss what we should choose."

"Let me say this first. I'm very interested in both the formation inheritance and the martial inheritance."

Yang Chen knew that Li Kehui was letting him choose first.

Yang Chen didn't try to be pretentious. After seriously assessing his own abilities, Yang Chen smiled and said, "Since Patriarch Li is free and easy, I won't waste time. I choose the martial inheritance.."
