

Tamer Family 391

Chapter 391: Inheritance Assessment

Yang Chen had his own reasons for choosing the martial inheritance.

Just like what Universe Saint said, the Dao of Array Formation was obscure and difficult to understand. Even with the inheritance of Universe Saint, it would still take a lot of time to make a breakthrough in the Dao of Array Formation.

With this time, why not comprehend the Great Dao? Didn't he hear how difficult it was to comprehend the Great Dao from Universe Saint?

Yang Chen understood the principle of biting off more than one could chew. He should devote himself to martial arts for the rest of his life.

All-rounder was not something Yang Chen had to consider.

After choosing the martial inheritance, Yang Chen didn't have to worry about bottlenecks. As long as he had enough resources and talent, he could continue cultivating.

At that time, he would naturally have a lot of time to comprehend the Great Dao, which would naturally be beneficial for his future development.

Only with sufficient time to cultivate, could Yang Chen ascend to a higher position. Wouldn't that be better than becoming an Array Master?

Back to the main topic.

After hearing Yang Chen choose the martial inheritance, Li Kehui nodded, "Alright, then I'll choose the array inheritance."

After the three of them had chosen their inheritances, Yu Sheng turned around again.” Have you chosen your inheritances?””

The three of them nodded.

“Alright then, I’m going to pass the inheritance to you guys. However, I’ve set a test for these inheritances. The number of inheritances you complete will represent how many inheritances you can absorb in one go.”

“This is also for your own good. If you can’t accept so many inheritances but still insist on accepting them, then you will be biting off more than you can chew.”

“As for the rest of the inheritance, I will keep it for you. Anyway, this remnant soul of mine can last for a few hundred years, which is enough for you to receive all the inheritances.”

“After you’ve digested the current inheritance, you can come here to find me and receive the rest of the inheritance.”Yu Sheng said.

Yang Chen and the other two understood what Yu Sheng meant. Yu Sheng was worried that Yang Chen and the others couldn’t digest all the inheritances at once, so he handed them over in batches.

This way, they could ensure that the inheritance could be used effectively by the three of them without wasting it.

After thinking it through, the three of them nodded, indicating that they agreed with Yu Sheng’s method.

Seeing this, Yu Sheng handed the three inheritances to Chen Yang and the other two.” Touch the inheritances. The test will come.””

The three of them looked at each other. In the end, Shen Daokong took a step forward.” I’ll go first.””

Shen Daokong reached out his right hand and hesitated for a moment before touching the ball of light.

In an instant, Shen Daokong collapsed to the ground.

Seeing this, Yang Chen and the other man instantly became nervous.

Could something have happened?

Seeing this, Universe Saint smiled and said, "Inheritances naturally have to be passed down to the spiritual level. As for this test, it is naturally targeted at each person's soul. We will see how much everyone can digest."

"Don't worry, the test has already begun. It won't be long before this person wakes up."

"If you're still worried, then wait until this person wakes up before touching the ball of light."

Hearing this, Yang Chen and Yang Chen both chose to wait. It wasn't that they didn't trust Yu Sheng, but it was better to be cautious.

When Yu Sheng saw this, he wasn't angry. Instead, he revealed a satisfied expression.

It was good to be cautious. Only a cautious person could live to the end and reach the peak.

Just like that, no one spoke. They all looked at Shen Daokong on the ground, waiting for him to wake up.

Silence, deathly stillness, time passed.

An hour later, as Shen Daokong opened his eyes and gradually woke up, the atmosphere finally relaxed.

Seeing that Shen Daokong had woken up, Chen Yang and Li Kehui quickly went forward and helped Shen Daokong. Then, Chen Yang asked, "Ancestor, how was it?"

"After I touched the ball of light, I appeared in a white world. I could feel that it should be a spiritual world."

"In this place, the illusory image of the Universe Saint continuously tested me. I'm stupid and only passed 13 tests."

At this point, Shen Daokong sighed.

To be honest, he was not satisfied with this result. He had only passed 13 tests, so the inheritance he received would definitely not be too much.

However, Shen Daokong understood that this was his limit. If he was greedy, then it would be just like what Yu Sheng had said.

"It's already not bad."

Just as Shen Daokong was blaming himself, Yu Sheng smiled and said, "Although you and I are both in the Dao of Fire, the Dao of Fire is complicated and ever-changing."

"The two of us can be regarded as two different Great Daos. It's already very good that you can pass the thirteen tests."

"This inheritance will at least allow you to break through to the throne. Of course, the prerequisite is that your aptitude is sufficient."

"I can see that your aptitude is still a little lacking. Next, you have to work hard in this area."

Shen Daokong bowed to Yu Sheng when he heard that. "Thank you for your guidance, Yu Sheng!"

“There’s no need to be so polite.”

Yu Sheng smiled and waved his hand. Then, he looked at Chen Yang and Li Kehui. “You two, can you touch the ball of light now?”

Seeing this, the two of them nodded. Then, they came to the ball of light and touched the inheritance they had chosen.

In an instant, the two of them blacked out and collapsed.

“Is this the mental world that Patriarch Dao Kong spoke of?”

Chapter 392: Inheritance Assessment (2)

When Yang Chen opened his eyes, he saw a world of white.

The sky was white, the earth was white, and everything around him was white, in this white world, there was a middle-aged man in blue who was extremely eye-catching.

Yang Chen recognized that this blue-robed man was Yu Sheng.

Yang Chen quickly bowed. “Greetings, Yu Sheng.”

Facing Yang Chen’s bow, Yu Sheng said nothing and said expressionlessly, “Inheritor, please repeat the set of fist techniques I performed.”

Then, Yu Sheng demonstrated his fist technique to Yang Chen.

At first Yang Chen could still see it clearly, but as time passed, the fist technique became faster and faster, and Yang Chen gradually lost his sight. Yang Chen’s expression turned strange. “I can’t even pass the first stage, right? That would be too embarrassing.”

Just as Yang Chen was in a daze, Yu Sheng finished his fist technique and said coldly, "Repeat my fist technique from before."

Hearing this, Yang Chen could only brace himself and slowly practice his fist technique according to his incomplete memory.

However, the more he fought, the faster Yang Chen's fist technique became. In the end, it was so fast that it was almost on par with Yu Sheng's fist technique. Yang Chen, on the other hand, had no recollection of the way he had practiced.

It was as if all of this had nothing to do with him. He was just a bystander. "Damn it, what's going on? I didn't even remember it, so how could I have used this set of fist techniques?"

"If I really cleared the stage, then when I receive the inheritance, will I be turned into a fool by the vast amount of knowledge?"

Yang Chen panicked. What was going on?

However, no matter how panicked Yang Chen was, his hands never stopped moving. In a short time, Yang Chen had finished this set of fist techniques. Meanwhile, Yu Sheng said expressionlessly, "Congratulations on passing the first test. Please use the palm technique I used.

Immediately after, Yu Sheng ignored Chen Yang and continued his palm technique.

Yang Chen was focused on the palm technique, afraid that he would miss a single move.

Unfortunately, Yang Chen still didn't remember much of it. Even so, when it was his turn to display his palm technique, he still managed to display it without any obstruction and successfully passed the test.

Yang Chen was flustered and excited.

He was excited because every time he passed a test, he could receive more inheritances.

What made him panic was that he hadn't remembered anything at all. How could he clear the level? If that was the case, when he received the inheritance, he had better not let the huge amount of knowledge break through his mind. Yu Sheng didn't care about Yang Chen's conflicting feelings. He continued to announce the assessment like a machine, announcing the success of the assessment.

The third test, the fourth test, the fifth test...

Yang Chen passed the 13th test easily, while Yu Sheng continued with the 14th test.

As for Yang Chen, he had already given up and was only looking at it from time to time.

After so many tests, Yang Chen had already understood that no matter how much he remembered, when he was asked to perform martial arts, he would be able to perform it smoothly.

Now, Yang Chen only had one thought in his mind, which was to give up. Anyway, he would ask Yu Sheng for advice after he went out and he would know everything.

Under this indifferent attitude, Yang Chen passed another eight tests. It wasn't until the 22nd test that he stumbled.

Yang Chen was overjoyed. It was finally over.

But what Yang Chen didn't expect was that even though he made a few mistakes, Yu Sheng still cleared the stage.

At this time, Yang Chen finally understood that it was not a requirement to not make any mistakes. As long as the mistakes were controlled within a certain range, it was still possible to clear the level.

“Sigh, let’s continue.” in the outside world, Yang Chen and Yang Ming had been asleep for an hour. Shen Daokong, who was standing at the side, said awkwardly, “I didn’t think that inside this world, I was actually the weakest.

This was too embarrassing. Whether it was Chen Yang or Li Kehui, in terms of strength, they were no match for him.

But in the end, these two fellows could receive more inheritances than him.

How could this be reasonable?

Yu Sheng smiled and explained, “Sleeping for a long time doesn’t mean that you’ll pass many stages.”

“Perhaps the content of this assessment is more complicated and the time taken to clear it is longer.”

“Besides, comprehending the Great Dao is harder than the martial inheritance and the array inheritance. If they were to receive the fire inheritance, they might not even be able to pass the third stage.

Yu Saint’s comforting words made Shen Daokong feel slightly better, in the blink of an eye, Shen Daokong laughed self-mockingly. “How old am I? Why do I still care about this? With so many distracting thoughts, how am I supposed to comprehend the Great Dao?” “Everyone has distracting thoughts. It just depends on how you adjust them. When I was at the Dao Origin realm, I was young and vigorous, so I had more distracting thoughts than you.”

“But in the end, it still didn’t affect my breakthrough to the Void Piercing realm. At the end of the day, distracting thoughts were not scary. You just had to learn to adjust them.” Yu Sheng said.

Shen Daokong pursed his lips when he heard Yu Sheng’s words.

Good heavens, these words sounded like he was comforting himself, but he felt that Yu Sheng was just showing off his talent.

Yu Sheng also realized that his words were a little arrogant. He immediately smiled and pretended that he had not said anything.

At this time, Li Kehui opened his eyes and gradually woke up.

Seeing this, Shen Daokong quickly helped Li Kehui up.” How was it? How many checkpoints did you pass?””

Hearing this, Li Kehui smiled awkwardly.” Well, I’m not talented and only passed nine rounds.”

Shen Daokong heaved a sigh of relief. Fortunately, he was not the worst. If he really couldn’t beat Li Kehui, even if their inheritances were different, Shen Daokong would still feel a little disappointed.

After all, according to common logic, the more powerful a person was, the more knowledge they could receive, or rather, the more inheritance they could receive.

Shen Daokong smiled and said,” Don’t be discouraged. The art of formations is obscure and difficult to understand. In addition, you haven’t studied it before, so you don’t have any foundation at all. It’s already very good that you can pass the nine stages.”

“That’s right. The person who came to me estimated that a person who has never come into contact with array formations is already qualified to pass the third stage. Your ninth stage is already very outstanding.”Yu Sheng also consoled him.

Hearing this, Li Kehui took a deep breath.” Thank you, seniors. I know my own situation. I’m very satisfied with this.””

“Perhaps my aptitude is not good enough, forcefully accepting the inheritance is a waste.

I’ve already decided that after I get out, I’ll find an array master with monstrous talent and give him the inheritance of the Universe Saint. No matter what, I can’t let the legacy of the Universe Saint disappear into thin air because of my stupidity.”

Hearing this, Yu Sheng smiled and shook his head." There's no need. You should keep this inheritance."

-Moreover, there are many insights in this inheritance. It's impossible to teach it to others. After all, one can only experience it themselves."

"As for the rest of the things, they are nothing much. Other than some precious formations, there is nothing too valuable."

"It's not worth it to search for an heir with such fanfare.

-I appreciate your kindness. If you really want to do something for me, then find an inheritor for the remaining two inheritances."

"Although these two inheritances are not worth much, if converted to martial arts inheritances, they can only help martial artists break through to the Void Piercing realm."

"Your three legacies can't compare at all. "However, these two inheritances belong to my sect. I really can't bear to let these inheritances disappear from the world."

Upon hearing this, the two of them nodded solemnly." Don't worry, Cosmos Saint. We will do our best to find an heir for Cosmos Saint!"

"That's good." Yu Sheng smiled and nodded.

With their assurance, he could finally breathe a sigh of relief. In the eyes of Universe Saint, it was fine if his own inheritance dissipated, but the inheritance of his sect had to be preserved no matter what.

After chatting for a while, the three of them turned their attention to Yang Chen.. How many tests could Yang Chen pass?

Chapter 393: End of Inheritance, Chen Yang Broke Through to the Eighth Level of the Purple

Prefecture (1)

in the white world, Chen Yang looked at Yu Sheng expressionlessly.

From the twenty-eighth level onwards, Yang Chen could not even remember a single move. Even so, Yang Chen was still able to perform the martial arts displayed by Yu Sheng.

Anyway, Yang Chen had already made up his mind to not be in a hurry to receive the inheritance after he left. He would tell Yu Sheng about this first.

As for the inside, let him be.

Bang!

As Yu Sheng punched out an air-piercing fist, he finished performing this set of martial arts. Yu Sheng said expressionlessly, "Please display your martial arts."

Hearing this, Yang Chen subconsciously tried to use his martial arts, but this time, Yang Chen found that he couldn't even use a single move.

"Is it finally over?"

Yang Chen wasn't disappointed. Instead, he was happy. This could be considered as the end of the matter. If this continued, Chen Yang did not know how to explain it.

Seeing that Yang Chen was unable to display his martial arts, Yu Sheng announced the final result, "The assessment has failed. The final number of levels passed is 33. The assessment is over."

Then, Yang Chen's vision turned black. When he opened his eyes again, he saw Shen Daokong and the other two.

"Yang 'er, you're finally awake."

Seeing Yang Chen wake up, Shen Daokong let out a long sigh of relief.

Good heavens, Yang Chen had already been asleep for four hours. If he still didn't wake up, Shen Daokong would be worried that something had happened to Yang Chen.

Fortunately, nothing unexpected happened.

After helping Yang Chen up, Li Kehui said with admiration, "I didn't expect you to have such great talent in martial arts. You can actually persist for so long."

"Right, how many levels did you pass?"

"This..."

Yang Chen hesitated, but he gritted his teeth and said, "I passed the thirty-third level."

"Thirty-three levels!"

Shen Daokong and Li Kehui exclaimed at the same time. He had passed the

33rd level. Was he still human?

Could it be that Yang Chen's Spiritual Power and martial arts talent were so outstanding?

If that was the case, Yang Chen's cultivation would definitely soar after he absorbed the inheritance of the Universe Saint.

If they met again, Yang Chen would probably break through and go on stage. After all, after absorbing the inheritance, there would be no bottlenecks in cultivation.

For a moment, the two of them were extremely envious.

One of them was at the peak of the Dao Origin Realm, while the other was at the seventh level. Not only were their results inferior to Yang Chen's, they couldn't even compare to Yang Chen's combined results. How could this be justified?

If Chen Yang was the Void Piercer King, then it would be fine. But the most important thing was that Chen Yang was only a Zifu Disciple and was extremely young.

Could it be that they were about to see a genius who could suppress the current generation appear out of nowhere?

Yu Sheng was also shocked by Yang Chen's results. However, Yu Sheng used to be a top expert in the Alkaid World and had seen all kinds of geniuses. He was slightly stunned and recovered.

Yu Sheng smiled." That's right. It seems like you've made a wise choice by choosing the martial inheritance. Sometimes, you don't have to choose the strongest one. You still have to choose the one that suits you the most."" Thank you for your guidance, Yu Sheng." Yang Chen nodded, then gritted his teeth and asked,"Yu Sheng, I have a question for you."

"Oh?" "Ask away," said Yu Sheng with a smile.

Hearing this, Yang Chen took a deep breath and told Yu Sheng about the spiritual world." Yu Sheng, in the assessment, I will repeat the martial arts you performed."

"It was fine at the beginning. I could still keep up. Although I didn't remember everything, I didn't miss too much."

"But after that, I couldn't. Especially after the thirtieth level, I couldn't remember a single move."

"I clearly didn't remember it, but I was still able to execute it without missing a beat. May I ask what's going on, Universe Saint? Will it affect me receiving the inheritance?"

Hearing this, Yu Sheng was stunned." You didn't remember it, but you can still use martial arts?"

"Yes." Yang Chen nodded.

Yu Sheng looked at Yang Chen and asked,""Then, when you were learning martial arts, did this happen?"

"No, I haven't." Yang Chen continued to shake his head.

After asking clearly, Yu Sheng was not in a hurry. Instead, he sized up Yang Chen.

On the other hand, Shen Daokong and Li Kehui were also a little nervous, afraid that something had happened to Yang Chen.

As for Yang Chen himself, he was no longer in a hurry.

It was naturally good to obtain this martial inheritance. If he couldn't get it, he could only say that it was a pity. It wasn't a big loss.

As long as he had the Dao Integration Pearl, Yang Chen would not have to worry about his future.

After sizing up Yang Chen a few times, Yu Sheng smiled and shook his head." Forget it, I don't want to think about it. You can just accept the inheritance directly.""

Yang Chen was speechless.

"Lord Yu Sheng, are you so hasty? If I don't figure it out, won't I be in danger when I receive the inheritance?"

Yang Chen was stunned.

Normally, even if they didn't know what was going on, they wouldn't let Yang Chen take the risk for safety reasons.

However, Yu Sheng did the opposite and directly let Chen Yang receive the inheritance. It was no wonder that Chen Yang was puzzled.

Hearing that, Yu Sheng chuckled." What are you thinking? I know the reason for your condition. It's nothing more than your mental strength being too strong."

"It can also be said that the soul is too strong, which is why you can pass through so many trials."

"After all, this inheritance ultimately tests your spiritual power, which is your soul. If your souls are strong, you will naturally be able to receive more information."

"in fact, they have the same situation. They clearly don't remember everything, but they can still pass the test."

"To put it bluntly, this assessment mainly targets two aspects. One is the strength of your soul, and the other is your talent..

Chapter 394: End of Inheritance, Chen Yang Broke Through to the Eighth Level of the Purple Prefecture!(2)

"In your current situation, your soul is too strong. As for your talent..."

Yu Sheng didn't say it explicitly, but Yang Chen knew what Yu Sheng meant. It was nothing more than that his talent was a little bad.

Of course, Yang Chen's talent in martial arts wasn't bad when compared to others, including Li Kehui and Shen Daokong.

However, compared to his immense soul strength, his martial arts talent paled in comparison.

"So, the reason why I was able to pass so many tests was because of my powerful soul?" Yang Chen asked.

"That's right."

Yu Sheng nodded. "This assessment is based on your soul and talent. Logically speaking, the two sides should complement each other."

"However, because your soul is too strong, it causes your soul to drag your martial arts talent forward."

"This is what I'm confused about. Logically speaking, the strength of everyone's soul isn't too different."

"Other than some people with extraordinary talent, there was no obvious difference in the souls of everyone at the beginning.

If he wanted to increase the strength of his soul, he had to strengthen himself in all aspects through the increase in his cultivation."

"The second is to consume some special spirit herbs."

"I can be sure that the whole of you have never consumed any of those special spirit herbs before. Because those things would be bought by all the major powers as soon as they appear."

"Similarly, your Cultivation isn't high, and your soul isn't strong enough. Why is your soul far stronger than Shen Daokong's, who is at the peak of the Dao Origin?"

Hearing this, Yang Chen smiled." Maybe it's because I'm that talented person?"

"No."

Yu Sheng shook his head again." A person with a naturally strong soul will learn everything very quickly.

" And when I asked you just now, did you happen to be able to use it even though you clearly didn't remember it? But you said that you didn't."

"Then we can be sure that you're not a talented person." Then here comes the problem. I really don't know why your soul is so powerful."

"However, this doesn't affect the outcome. Perhaps you have your own opportunities."

Hearing Yu Sheng's words, Yang Chen fell silent. Could it be that his current situation was because he had transmigrated?

Or was it because of his Dao Integration Pearl?

Forget it, there was no point in caring about those things. As long as it did not harm his life, it was fine.

Shen Daokong and Li Kehui were in the same situation. They did not doubt why Yang Chen's soul was so strong.

After knowing that the inheritance would not harm Chen Yang's life, they all persuaded Chen Yang to ignore these things and just accept the inheritance.

"Alright, don't think about this anymore. Since you've all passed the test, then start receiving the inheritance."

“But before you receive the inheritance, let me remind you first. Do you want to explain it to your family in advance?”

“After all, the time it takes to receive the inheritance is not short. It is possible that it will take a year and a half. If you don’t explain, I’m afraid your family will be anxious.” Yu Sheng smiled.

Hearing this, the three of them finally reacted. There were still people waiting for them upstairs.

If they hadn’t been informed in advance, they would have thought that something had happened to Yang Chen and the other two.

“Thank you for your reminder, Universe Saint. Please take us away and let us greet our clansmen in advance.” Yang Chen cupped his hands.

“Alright.” Yu Sheng smiled and nodded. Then, he waved his right hand and the three of them disappeared.

When he reappeared, he was already in the dark underground space.

Universe Saint also followed them out. When he saw the evil demon skeletons, his emotions fluctuated.

However, very quickly, this fluctuation was suppressed by Yu Sheng. “Go ahead,” Yu Sheng said with a smile. “I’ll wait for you here.”

“Yes, sir!”

Hearing that, Yang Chen and Li Kehui quickly rushed to the cave entrance under the protection of Shen Daokong’s Holy Qi.

Above the deep pit, the Li family elder looked at the blood-red spiritual energy with some worry. His family head went to investigate the situation, but he did not know what was going on.

Most importantly, this deep pit looked dangerous. If anything happened, it would be a huge loss for the Li family.

At this moment, Yang Chen and the other two jumped out of the deep pit.

When the Li family elder saw this, he quickly smiled and went up to greet him." Family Head, is everything alright?"

"It's nothing much. It's just that there are some things that we need to deal with down there. I'm afraid it will take some time." Li Kehui said.

Hearing this, the Li family elder said with some worry, "Patriarch, is there any danger?"

"Don't worry. If there's danger, do we still have the time to come up and inform you?" Li Kehui smiled.

"What?" Hearing this, the Li family elder heaved a sigh of relief. "Then, how long will it take for the family head to settle it?"

"I estimate that it will take at least a year. You guys lock this place down and don't let anyone get close for a year. As for our safety, you don't have to worry."

"With Senior here, there's no danger at all."

Right, send someone to inform the Chen family. Their family head couldn't return for the time being, so they didn't want the Chen family to worry." Li Kehui said.

Hearing this, the Li family elder nodded. "Alright, I understand. Family Head, Chen Family Head, Senior, be careful!"

After informing the people above in advance, Yang Chen and the other two returned to the underground space. Not long after, the three of them met Yu Sheng..

Chapter 395: End of Inheritance, Chen Yang Broke Through to the Eighth Level of the Purple Prefecture!

Seeing the three of them return, Yu Sheng smiled and said, "Since you've made it clear, then come back with me."

With that, the three of them disappeared. When they reappeared, they were already in the hall.

Ever since they entered, their eyes never left the inheritance. Even Shen Daokong, who was at the peak of the Dao Origin Stage, felt nervous and expectant in front of the inheritance.

When Yu Sheng saw this, he didn't waste time and immediately handed the inheritance to Chen Yang and the other two. "There's something I need to tell you in advance."

"This inheritance is maintained by the Holy Qi. When you receive it, you will definitely be washed by the Holy Qi. Your meridians and dantian will swell. That is inevitable."

"But there are benefits. If you absorb so much pure Holy Qi, your cultivation will definitely increase."

"Especially you. Your cultivation level is only at the Zifu level. You've absorbed so much Holy Qi and combined it with the martial inheritance. When you wake up, your cultivation level will probably scare you."

After hearing that this inheritance could increase one's cultivation, the three of them were somewhat expectant. After all, who would complain that their cultivation was high?

As for the swelling pain, after practicing martial arts for so long, could he not accept a little pain?

Immediately, the three of them nodded at Yu Sheng. Then, they sat cross-legged on the ground and reached out to touch the light balls. Immediately after, a huge amount of knowledge quickly surged into the minds of the three of them.

With the influx of knowledge, pure and vigorous Holy Qi washed through their meridians and dantian.

“Hiss! It hurts!”

For a moment, the three of them could not help but exclaim.

When Yu Sheng saw this, he smiled and said, “I already warned you that it would hurt a little. You didn’t believe me, but now you do.”

“Sigh, work hard to receive the inheritance. If the evil demons don’t die in our Alkaid World, who knows when another war will be set off.”

“At that time, the future of the Alkaid Realm will depend on you.” After a faint sigh, Yu Sheng turned around and looked at his skeleton. For a moment, he was silent for a long time.

“So, I made so many mistakes.” Yang Chen muttered to himself.

In the beginning, the pain almost woke Yang Chen up from the state of receiving the inheritance.

However, as the inheritance slowly entered Yang Chen’s mind, he was so absorbed by it that he forgot about the pain.

With so much knowledge, Yang Chen understood many things that he didn’t understand before. Those so-called barriers seemed very laughable now.

And this was just a little bit. If he absorbed the first stage of the inheritance, Yang Chen estimated that even the barrier would no longer exist.

At that time, Yang Chen only needed to ensure that he had sufficient resources to quickly reach the stage.

As for the barriers between each small layer, they were even less significant.

They could be broken through in the time it took to eat.

Just like that, Yang Chen was Immersed in the vast martial arts inheritance of Yu Sheng and forgot about time.

When you were focused on one thing, time always passed very quickly.

And when you receive the inheritance, it's as if you've comprehended the supreme power of the Great Dao of Time and used your ability to accelerate time.

Unknowingly, half a year had passed.

Chen Yang and the other two had also comprehended the inheritance for half a year.

Among them, the first person to receive the inheritance had also officially woken up.

"Am I really the first person to wake up? After all, I've only passed the ninth stage, and I didn't have much of the inheritance from the first stage." " However, this little bit of inheritance has still benefited me greatly. I estimate that with my current ability, it shouldn't be a problem for me to become a seventh grade array master."

"Hehe, after digesting all the inheritance, I'll probably become a formation master of my generation. At that time, anyone who asks me to set up formations will have to be polite."

"Humph! "Especially for the main branch. I won't go too far. After all, we're family. When the time comes, I'll directly invite the ancestor."

"Sigh, your cultivation has even broken through a level. What an unexpected surprise."

After he woke up, Li Kehui immediately fell into ecstasy. This vast array formation inheritance had brought Li Kehui a lot of shock.

This was the first time Li Kehui knew that there were so many twists and turns in the array.

For a moment, Li Kehui wanted to give up his position as the family head and focus on the Dao of arrays.

However, Li Kehui knew that this was impossible. The Patriarch would never allow him to give up his position as the Patriarch. Now that he had broken through, it was even more impossible.

In contrast, Li Kehui could only pray that a monster would appear in his family, so that he could be obsessed with arrays.

“You’re awake.”

Just as Li Kehui was indulging in his fantasies, Yu Sheng floated down from

above.” Since you’re awake, tell me about the Alkaid Realm.”

“It just so happens that you’re waiting for your companion. It won’t be boring to talk to me, right?”

Hearing this, Li Kehui quickly stood up and bowed. We will obey Master’s orders!”

“Master?”

Yu Sheng was stunned for a moment before he understood. Li Kehui had accepted his inheritance, so he naturally regarded Yu Sheng as his master. ” There’s no need for that,” Yu Sheng said with a smile.” The inheritance is given to the fated person. You don’t have to treat me as your master.”” “Alright, let’s not talk about this. Tell me about the current situation in the Alkaid Realm.”

“Yes, sir!”

Li Kehui nodded and slowly told Yu Sheng everything he knew..

Chapter 396: End of Inheritance, Chen Yang Broke Through to the Eighth Level of the Purple Prefecture!

Yu Sheng listened attentively to Li Kehui's story. When he was excited, he would also express his opinion.

Time continued to pass as Li Kehui spoke and Yu Sheng listened.

Unknowingly, another two months had passed. This time, it was Shen Daokong who woke up.

Seeing that Shen Daokong had woken up, Li Kehui and Yu Sheng stopped and looked at him. "How is it?"

Shen Daokong smiled. "I've gained quite a lot. I reckon that in another ten years, my Great Dao will be able to transform into the Fire of Destruction."

Yu Sheng nodded his head in satisfaction. "Not bad. It seems that your aptitude for the Great Dao of Fire is quite good."

"Ten plus years of changing Great Dao, this aptitude is already very good."

"That's also because of Lord Yu Sheng's inheritance. If I were to change myself, I'm afraid it wouldn't be possible even if I took a few hundred years." Shen Daokong said humbly.

"Hahaha..." Hearing Shen Daokong's praise, Yu Sheng laughed out loud.

Every Saint had their own hobbies, and Yu Sheng's hobby was to listen to others praise him.

After laughing enough, Yu Sheng waved his hand. "Come here. Li Kehui is telling me interesting stories about the Alkaid Realm."

You're older, so you've seen more things than Li Kehui. Tell me about it to relieve my boredom."

“Yes, sir!”

Hearing this, Shen Daokong stood up and walked to Yu Sheng’s side, telling him some interesting stories he knew.

At the same time, Shen Daokong also glanced at Yang Chen from time to time. Yang Chen had passed 33 trials, so he must have received more legacies than them.

So, how long would Yang Chen need to wake up?

The answer was soon revealed. Three months later, Yang Chen emitted a terrifying aura.

The entire hall was shaking under the aura, and the flames on the pillars were gradually extinguished.

“Looks like Yang ‘er has gained quite a lot this time.”

Shen Daokong nodded with a smile as he sensed the powerful aura emanating from Yang Chen’s body.

Then, he waved his right hand, and a terrifying aura emanated from Shen Daokong’s body, protecting the hall from being destroyed by Yang Chen.

At the same time, the three of them also looked at Yang Chen. They were all curious about how much Yang Chen had gained in the past year.

“Is it over...”

Pressing his forehead, Yang Chen opened his eyes, unable to hide his joy.

Seeing that Yang Chen had woken up, the three of them quickly surrounded him.” So?”

“I’ve gained quite a lot.”

Yang Chen smiled and nodded. “I won’t talk about the specifics of the inheritance. I’ll just say one thing. Before I break through to the Dao Origin, I shouldn’t have a barrier.”

“In addition, there’s no barrier to the Dao Origin realm. It’s just that I need to comprehend the Great Dao, so I didn’t count it in.”

“So powerful!” Shen Daokang and Li Carving Hui were shocked.

Although the two of them had already expected it, they were still a little shocked after knowing the exact situation.

Without the barrier, with Yang Chen’s own talent and a large amount of cultivation resources, Yang Chen could very likely break through to the peak of the stage in 10 to 20 years.

At that time, Yang Chen was probably less than a hundred years old.

A person who was less than a hundred years old had never reached the peak of the stage, not even in a fourth-rank force.

Even among third-grade forces, he was a legendary existence at the level of a saint. He could be nurtured as an heir.

“In addition, I’ve digested Lord Yu Saint’s Saint Qi, and my cultivation level has reached the eighth level of the Purple Prefecture.”

While the two were still in shock, Yang Chen kindly reminded them.

Hearing this, the two of them rolled their eyes at Chen Yang. “We already know. Just now, you emitted a terrifying aura.”

“From that aura, we can already sense that your cultivation has broken through to the eighth level of the Purple Prefecture Realm.”

Yang Chen smiled awkwardly. He had wanted to surprise the three of them, but he didn't expect them to know about it long ago.

Forget it, he knew it. Anyway, he had already been shocked. It didn't matter if he was shocked this time.

Next, it was time to deal with the situation outside the Endless Mountains..

Chapter 397: Discussion of the Three Great Chambers of Commerce

“Alright, since the three of you have finished refining the first stage of the inheritance, I won't keep you any longer.

When you have completely digested the first stage of the inheritance, come and look for me to receive the next stage of the inheritance.

After saying that, Yu Sheng took back the three inheritances and indicated that the three of them could leave.

Seeing this, the three of them looked at each other and bowed together.” We will remember your kindness. Lord Yu Sheng, we will take our leave!”

“Okay, go ahead.”

Yu Sheng waved his right hand and the three of them disappeared. Then, Yu Sheng looked at the empty hall and sighed.

-When will the Evil Demon Calamity be completely resolved...”

After they came out of the hall, the three of them looked at each other and then laughed silently.

The harvest this time was not small. Although it had taken a year, it would not be a problem to harvest it in ten years, let alone a year.

“Before we have the ability to protect ourselves, it’s best not to tell anyone about what happened here.” Shen Daokong reminded her as if he had recalled

something.

Chen Yang and Li Kehui nodded.” We understand.””

Although this inheritance could only be engraved in the mind and slowly digested, it would still be troublesome if others knew about it.

For the sake of safety and to save trouble, it was better not to tell anyone about what happened here.

Seeing that both of them knew the severity of the matter, Shen Daokong did not say anything else. Instead, he brought up something else.” Let’s go. We haven’t been back for a year. Something big might happen.””

“Didn’t you ask that Gu Mu to help expand? “In two years, I’m afraid it has expanded quite a bit. I reckon that the remaining two chambers of commerce should have reacted. We should go back early and make preparations in

advance.”

“That’s right. Go back early.”

When Yang Chen and the other two returned, outside the Endless Mountains, in the main shop of the Yang City branch of the Royal Chamber of Commerce, the branch president of the Royal Chamber of Commerce, Chu Ge, was staring at the pill in front of him with a gloomy expression.

“Good! Good! Good!”

“I didn’t expect that someone would actually use an array to sell pills to those rank 6 forces. Very good!”

-Not only are they fighting for business with the Royal Chamber of Commerce, but they are also ruining Dynasty’s plans!”

After roaring twice, Pavilion Chu calmed down and looked at the Great Elder.” Great Elder, does the dynasty know about this?”

“Got it.” The First Elder said.

Hearing this, Pavilion Chu took a deep breath.” What instructions does the dynasty have?”

“Dynasty told us to destroy the Longyue Merchant Association and the forces behind it at all costs. We must destroy them as well.”

“When necessary, we can invite the members of the upper clan to come over and support us.”The First Elder said.

Hearing the Great Elder’s words, Pavilion Chu pondered for a long time before shattering the pill in front of him.” Go, send an invitation to Guild Leader Valley Shepherd and Yang Mo Chamber of Commerce. Tell them that I have something to discuss with them.”

“Yes, sir!”

Qi Zhen Pavilion was one of the many restaurants in Yang City.

Unlike other restaurants, the Qi Zhen Pavilion didn’t care about their customers. They didn’t care if their customers came or not.

As a result, Qi Zhen Pavilion's business was getting worse by the day.

But even so, the Qi Zhen Pavilion still showed no signs of closing down. On the contrary, it developed even better.

All the restaurant managers were confused about this. They didn't know what was going on.

Actually, the answer was very simple. There was a power behind the Qi Zhen Pavilion that provided the funds, which made the Qi Zhen Pavilion fearless.

This was because the faction behind this did not intend to use the Qi Zhen Pavilion for profit. They only wanted to use the Qi Zhen Pavilion as a cover so that they could discuss some shameful matters here.

That's right, this Qi Zhen Pavilion was established by the three major chambers of commerce. The purpose was to provide a place for the three major chambers of commerce to discuss matters.

There were many forces in Sun City. Even the three major chambers of commerce were afraid of being probed by other spies. Only in this place could the three major chambers of commerce discuss matters with ease.

After all, no force would spend so much effort to investigate a restaurant.

Qi Zhen Pavilion, in a quiet room.

The presidents of the three major chambers of commerce sat side by side. Apart from the presidents of the three major chambers of commerce, the others were all chased out by Pavilion Chu.

Silence, silence, silence.

As if feeling that this silence was not a solution, Pavilion Chu coughed and smiled. "Hahaha, everyone, I invited you here today because there's a major matter that poses a threat to the safety of our three

chambers of commerce.” “Threaten the three merchant associations?” Gu Mu smiled as he looked at the Chu Pavilion.” President Chu, don’t try to scare us. How can a palm-sized place like this threaten the safety of the three major chambers of commerce?”

“That’s right.”

“This is Dynasty’s back garden, and Dynasty has a close relationship with the three merchant associations.”

“With Dynasty’s help, how could something that would endanger the three major merchant associations happen?”

Hearing the words of the two guild leaders, Pavilion Chu didn’t want to do business.

If it were him, he wouldn’t believe that there was something that could threaten the three major chambers of commerce.

However, the truth was right there. He had to believe it even if he didn’t want

to.

Pavilion Chu took a deep breath and explained,““Everyone, listen to me. Do you still remember the Longyue Merchant Association?”

“I remember.”

Gu Mu smiled and said,“ Isn’t the Longyue Chamber of Commerce here to compete with the Yu Chamber of Commerce for business? However, after being suppressed by the three major chambers of commerce, the Longyue Chamber of Commerce has already restrained themselves..”

Chapter 398: The Discussion of the Three Great Chambers of Commerce

“Currently, only those rank 6 forces have dealings with the Longyue Chamber of Commerce. However, they could not be blamed for this. After all, the goods of the Longyue Chamber of Commerce were indeed good.”

“Speaking of which, President Yang, don’t blame me for being harsh. This matter concerns your future business, so why aren’t you concerned?”¹ “We’ve always been very attentive.” “We’ve been suppressing the Longyue Merchant Association the most in the past two years,” Yang Mo said in astonishment. “How can we care?”

“You know what I mean.”

Gu Mu waved his hand. “The Longyue Chamber of Commerce has so many special elixirs, but you can’t even find a single recipe. Is this the result of your efforts?”

“I heard that the Longyue Chamber of Commerce is about to launch an enhanced version of the Longevity Extending Pill. When this pill is released, we won’t be able to stop even a seventh-rank force, let alone a sixth-rank force.” Hearing this, Yang Mo felt a little awkward.

After searching for several years, he still couldn’t find anything. This made Yang Mo feel embarrassed.

Now that Gu Mu had placed him in front of the stage, Yang Mo felt even more embarrassed.

“President Gu, don’t worry. We’ve already made great progress. In less than half a year, we’ll definitely be able to research the special pill of the Longyue Chamber of Commerce.” Yang Mo said.

Hearing this, Gu Mu smiled.

Researched it? It’s all thanks to your research.

This medicinal pill is non-existent to begin with. Can you guys still create something out of nothing?

“President Yang, give up. You won’t be able to research it no matter what.” Suddenly, Pavilion Chu said something.

Hearing this, Yang Mo’s expression turned ugly.

What does this mean? Are you looking down on us?

As if understanding Yang Mo’s meaning, Chu Ge explained, ““President Yang, don’t think too much. I don’t mean to look down on you.”

“No? Then why are you so sure that we can’t research it no matter what?”

Yang Mo’s tone was already very rude.

Yang Mo could not be blamed for being angry. Although the Yu Chamber of Commerce was indeed inferior to the Royal Chamber of Commerce and the Yuan Chamber of Commerce, it did not mean that the other two major Chambers of Commerce could insult the Yu Chamber of Commerce as they pleased.

Behind the Yu Chamber of Commerce, there was still a powerful Rank- 5 force that could not be insulted.

Seeing this, Pavilion Chu knew that if he didn’t say anything, the enmity between the two families would definitely be formed.

Immediately, Pavilion Chu took out a pill from her sleeve. “ Do you recognize this pill?”

Isn’t this just a Beauty Pill? What’s so special about it?” Gu Mu glanced at it and felt his heart skip a beat. However, he pretended not to know anything on the surface.

President Gu, you can take a good look. Is this really a Beauty Pill?” Pavilion Chu smiled.

Hearing this, Gu Mu carefully sized up the Beauty Pill in Pavilion Chu's hand and said, "Isn't this the Beauty Pill?"

"Yes, this is a Beauty Pill." Yang Mo added.

"Is that so?"

Pavilion Chu grinned. Then, a surge of spiritual energy whizzed out of her body and washed over the Beauty Pill.

After the cleansing, Pavilion Chu smiled and said, "Guys, are you still using the Beauty Pill?"

"This is...Meridian Unlocking Pill!"

Suddenly, Gu Mu stood up from the chair and said in disbelief, "President Chu, this...What is going on?"

Yang Mo stood up as well. "Guild Leader Chu, what's going on?" "Please sit down." Pavilion Chu smiled and pointed at the chair. After the two sat down, Pavilion Chu continued, "That's why I said earlier that President Yang doesn't need to study it."

"Because this so-called strengthened version of the pill is non-existent. How could it be developed?"

"The real target of the Longyue Merchant Association has always been those rank-6 forces. They used the Bewildering Formation to turn the cultivation pills into pills like the Beauty Pills. Their goal is to cover our sight so that they can sell cultivation resources to the rank-6 forces."

"No wonder."

"I was wondering how much we investigated, but we couldn't find the pill formulas. So it turns out that the pill formulas for the Enhancing Pill don't exist at all." Guild Leader Yang said in relief.

“Humph! The power behind the Longyue Chamber of Commerce was smart.”

“President Yang, now is not the time to praise your opponent.”

Pavilion Chu put away the pills and looked at Gu Mu and Yang Mo with a serious expression.” The two of you, this Longyue Chamber of Commerce harbors evil intentions. We must destroy them. This is also the intention of the dynasty.”

“So, what does this have to do with us?” Gu Mu laughed.

“What did you say?” Pavilion Chu narrowed her eyes.” It has nothing to do with you?”

“That’s right, it has nothing to do with us.” Gu Mu stopped smiling and released his aura.

Yang Mo saw that the two of them were about to fight and quickly stopped them.”Gentlemen, gentlemen, harmony breeds wealth.”

“President Gu, President Chu hasn’t finished yet. Let him finish first. What if it has something to do with us?”

“President Chu, you too. President Gu was just joking. Our three chambers of commerce have always been on the same side.”

Hearing this, Gu Mu withdrew his aura.

As for Pavilion Chu, she cupped her hands.” President Gu, I’m sorry for being rude.” b

“But President Gu, this matter is indeed related to the survival of our three chambers of commerce.”

“Oh?” “I’d like to know the details,” Gu Mu said.

Seeing that Gu Mu had the intention to reconcile, Pavilion Chu heaved a sigh of relief and quickly said, "It seems that the Longyue Merchant Association is targeting the Royal Merchant Association and the royal family behind us." "But think about it carefully. Why did these Rank-6 forces continue to sell your goods?"

"Let's take President Gu's Yuan Consortium Chamber of Commerce as an example. If the strength of those Sixth Rank Chambers of Commerce increases, would they still need treasures like Spirit Tools to increase the combat strength of warriors?"

"You have to know that their spirit stones are controlled by the dynasty."

"Now that my strength has increased, I'll definitely give up on these treasures that increase my combat strength if I can."

"If they really gave up on the treasure, they would choose a treasure with a lower price. Isn't this a blow to the Yuan Chamber of Commerce?"

"As for the Yu Chamber of Commerce, there's no need to talk about it. It's the same logic. The reason why those Rank-6 forces buy your goods, other than special treasures like the Longevity Pills, is because our Imperial Chamber of Commerce limits them, causing them to be unable to spend spirit stones?"

"Now that they can buy cultivation resources, do you think they will still go to your Chamber of Commerce to buy treasures?"

"At that time, you can only earn the Spiritual Stones of those Rank-7 and

Rank-8 forces. How many Spiritual Stones can they have?"

At this point, Gu Mu and Yang Mo's faces turned ugly.

Although what Pavilion Chu said was a little exaggerated, it was the truth. If those rank-6 forces kept buying the goods of the Longyue Chamber of Commerce, it would be a loss for the Chamber of Commerce.

Of course, Gu Mu's ugly expression was fake.

He was indeed thinking about something, but he was thinking about how to hold Pavilion Chu and pass the information to Yang Chen.

After taking in their expressions, Pavilion Chu smiled and said, "That is why I say that the Dragon Leap Chamber of Commerce has to be destroyed. Otherwise, it will be a devastating blow to our three major chambers of commerce."

"Destroy the Longyue Merchant Association? It was not easy to destroy the Longyue Chamber of Commerce. There was also a powerful force behind it." Gu Mu said worriedly.

"A great power?"

"President Gu, are you talking about the Li family of Qianyuan who was expelled, or the Chen family who is only at Level Seven?"

"President Gu, you are too careful. The Li Family of Qianyuan had been banished for 1,000 years. 1,000 years! One should know that the lifespan of a mighty figure was only 1,600 years."

"In the past 1,000 years, the gap between the Qianyuan Li family and the ordinary fifth-grade forces has long been like a chasm."

The current Li family is no different from a demonic beast with its teeth pulled out and its cultivation crippled."

"As for the Chen family, they are ants. They are not worth mentioning. There is no need for the dynasty to do anything. Any elder from the three chambers of commerce can destroy the Chen family."

"To tell you the truth, Dynasty's plan was not just to destroy the Longyue Merchant Association.. Dynasty will also destroy the forces behind it!"

Chapter 399: Going to Sun City Again

“Whether it’s the Li family of Qianyuan or the ant-like Chen family, the dynasty has no intention of letting them go.”

Pavilion Chu told the two of them about Dynasty’s plan coldly while observing their expressions.

Gu Mu didn’t change much, he was still smiling. As for Yang Mo, he looked excited and worried.

“President Chu, is Dynasty really planning to do this?” Gu Mu smiled at Pavilion Chu.

“Naturally.”

“In that case, please forgive me for not being able to participate. Farewell.” Then, Gu Mu stood up and was about to leave.

Seeing this, Pavilion Chu quickly moved in front of Gu Mu. “President Gu, can you tell me the reason?”

Gu Mu glanced at the arm in front of him and smiled, “Forget it. The three merchants are united against a common enemy. It’s not impossible for me to tell you the reason.”

“Chairman Chu, let me ask you, whose branch is this Li family?”

Pavilion Chu frowned. “Who doesn’t know about the branch of Mianyang’s Li family? However, the Li Family of Mianyang has already expelled the Li Family of Qianyuan. If we deal with the Li Family of Qianyuan, the Li Family of Mianyang will not say anything.”

“Won’t say what? Hahaha...”

Gu Mu laughed out loud. Seeing this, Pavilion Chu suppressed the anger in her heart and asked, “What’s so funny about this? Will the Li Family of Mianyang stand up for the Li Family of Qianyuan?”

“Naturally.”

Gu Mu flung his sleeves and sat back down on the chair. “Although the Li Family of Mianyang expelled the Li Family of Qianyuan, he is still an old ancestor. Blood is thicker than water!”

“Now that there’s a force that wants to deal with its own people, and this force is not under the control of Mianyang’s Li family, do you think Mianyang’s Li family will let this force go?”

“To put it bluntly, this is Mianyang’s Li family’s back garden, and in his back garden, there is a dynasty that is not under his control.”

“The Mianyang Li family originally wanted to deal with this dynasty, but they had no excuse. Now that this dynasty has personally handed the saber to the Mianyang Li family, how can the Mianyang Li family not be tempted? How can we not make a move?”

Pavilion Chu nodded thoughtfully. “Chairman Gu, you mean that if Dynasty chooses to take action, the Li family of Mianyang will definitely take the opportunity to make trouble.”

“That’s right.” Gu Mu smiled and looked at Pavilion Chu. “Since the Li family of Mianyang has decided to clean up this dynasty, how can we let go of the Royal Chamber of Commerce that is under the dynasty’s rule?”

“The other two chambers of commerce that are inextricably linked to the dynasty are also involved in the operation to destroy the Li family of Qianyuan. Do you think the Li family of Mianyang will let them go?”

“Therefore, once you decide to destroy the Li Family of Qianyuan, our Yuan Clan Chamber of Commerce will never participate in it. When necessary, we will give some help to the Li Family of Qianyuan.”

“President Chu, don’t blame us for being heartless. We still want to continue living and earning spirit stones.”

Gu Mu’s words caused Chu Ge to fall into deep thought.

What Gu Mu said was true. Dynasty had never been under the Li family’s control, and it was located behind the Li family. The Li family had long regarded Dynasty as a thorn in their side.

Now that they had finally found an opportunity, the Li family of Mianyang would definitely not let it go. The Li family would also not forgive the three of them as pawns.

After all, there were quite a lot of goods in the three chambers of commerce. The Li family was still willing to swallow this fat meat.

Chu Ge wasn’t the only one who thought of this. Yang Mo also thought of this. Immediately, Yang Mo tried to dissuade him, “That’s right, President Chu. We should still be cautious. Don’t forget, the closest place to this place was the Li family of Mianyang.”

Chu Ge looked at Yang Mo, then at Gu Mu. He sighed deeply, “Then, what do you think we should do?”

“What should we do? It was very simple. First, Dynasty could not appear. Secondly, we can’t directly target the Li family.” Gu Mu said.

“Dynasty can’t make an appearance?”

Pavilion Chu narrowed his eyes and sneered at Gu Mu. “President Gu, I’m afraid you think too highly of the three chambers of commerce. If Dynasty doesn’t show up, how can we defeat the Li family of Qianyuan?”

“You have to know that the Qian family has a Dao Origin Venerable.”

“As for not being able to deal with Li, even if we take care of the Longyue Merchant Association, it won’t be long before the Huyue Merchant Association and the Wolf Leaping Merchant Association appear again.”

Gu Mu didn’t rush to answer Pavilion Chu’s question. Instead, he smiled at Yang Mo,” President Yang, look, President Chu is still as impatient as ever.”

“You didn’t even hear me out and you’re already in a hurry to refute me. What’s the point of cooperating like this? President Yang, in my eyes, it’s best for the two of us to get out of here as soon as possible.”

Hearing this, Yang Mo looked at Chu Ge.” President Chu, don’t be anxious. Let President Gu explain.””

“What if President Gu has a good plan to defeat the enemy?”

Seeing Yang Mo say this, Chu Ge took a deep breath and then cupped his hands towards Gu Mu, asking for guidance from President Gu.”

“Since President Chu has said so, then I will explain.”

Gu Mu sorted out his thoughts and then smiled,””! didn’t let Dynasty come forward because I wanted to shut up Mianyang’s Li family.”

“After all, the Li family of Mianyang is founded on benevolence and righteousness. If Dynasty doesn’t make a move, then the Li family can’t do anything to Dynasty.”

“As for not dealing with the Li family, it’s the same purpose. As long as we don’t openly target the Li family, the Li family of Mianyang can’t do anything to us.”

“At that time, we can say that we didn’t know that the Qianyuan Li Family was behind the Longyue Chamber of Commerce..”

Chapter 400: Going to Sun City Again

“Moreover, our three chambers of commerce don’t have a Dao Origin Supremacy. We’re already at a disadvantage compared to the Li family. If we win, the Mianyang Li family won’t be able to say anything.”

“What can he say? His own family is not capable, so how can he forcefully take revenge? Unless he doesn’t want that benevolence and righteousness

anymore.”

“As for the problem of treating the symptoms but not the root cause, President Chu, you don’t have to worry. The Longyue Chamber of Commerce was founded by the Li Family of Qianyuan. The Li Family of Qianyuan will definitely not give up easily.”

“At that time, the Li Family of Qianyuan will definitely send experts to help the Longyue Chamber of Commerce. We can take this opportunity to teach the Li Family a lesson.”

After hearing Gu Mu’s idea, Yang Mo’s face was filled with excitement as he clapped his hands.”

“President Chu, if we follow President Gu’s plan, we can solve this problem

without offending Mianyang’s Li family.”

Pavilion Chu fell into silence, as if she was considering the feasibility of Gu

Mu’s actions.

After a while, Pavilion Chu looked at Gu Mu again.” President Gu, there is one thing you haven’t considered, and that is the Dao Origin Venerable of the Li

Family of Qianyuan.”

“Without the help of the dynasty, we can’t deal with this Daoyuan Supremacy.” “President Chu, we can’t deal with them, but someone else can.” Gu Mu smiled.”

“You mean...”

Chu Ge suddenly swallowed the words that were about to come out of his mouth. He looked at Yang Mo and smiled.-President Yang, I still have some private matters to discuss with President Gu. Can you...”

“I understand, I understand”

Yang Mo quickly stood up and walked out of the room before closing the door. After Yang Mo left, Pavilion Chu lowered her voice.” President Gu, do you mean to ask the sect master to help?”

“Only when Lord Shangzong makes a move will we have a chance of victory. “Gu Mu said.

Hearing this, Pavilion Chu pondered for a long time before gritting her teeth and saying,”“Alright, I’ll let Lord Shangzong take action.”

“How about this, I’ll make a trip to Dynasty and ask the president to invite the lord of the sect. As for President Gu, you’ll keep an eye on them to ensure that nothing unexpected happens here.”

“Sure.”

Gu Mu smiled and nodded.

The reason why Gu Mu said so much was to slow them down and give them

time to prepare.

Now that the plan was complete, it was time for him to inform Yang Chen and

the others.

After the discussion, the three of them returned to their respective chambers of commerce. As for Gu Mu, after confirming that he was not followed, he turned around and went to the Longyue Chamber of Commerce.

In the meeting hall of the Longyue Chamber of Commerce.

After bringing Gu Mu here, Li Kehua dispersed the others and asked, "President Gu, do you have anything to tell me?"

"It's like this. The Royal Chamber of Commerce is already preparing to make a move. I've held them back for the time being. Elder, please inform the Li family and Chen family of this news."

Then, Gu Mu didn't want to stay any longer and left.

After getting the exact news, Li Kehua thought for a while and handed the Longyue Merchant Association to the First Elder of the Merchant Association. He then rode on his spiritual beast and quickly rushed to the Endless Mountain

Range.

In the Endless Mountains, Chen City, Chen Family.

Yang Chen had just returned when he received a message from the Li family.

The Li family head had invited him over to discuss something.

It was also specially marked that the matter was urgent and that they should go quickly.

Yang Chen already had a guess about this. It should be the plan outside the Endless Mountains that had begun to draw in the net.

Yang Chen did not bother to rest. After giving Chen Xuan a few simple instructions, he brought Shen Daokong and rushed to the Li family.

In order to save time, Yang Chen even released the Pegasus and rode it to the Li family.

Two days later, in the Li family's meeting hall.

After Yang Chen and Shen Daokong arrived, Li Kehui quickly brought them to the meeting hall. Elder Li Kehua was also waiting there.

After entering, Li Kehui ignored the formalities and looked directly at Li

Kehua." Elder Kehua, tell the Chen Clan Leader the news.'"

"Yes."

Li Kehua nodded and said,"Lord Chen, President Gu sent a message saying that the Royal Chamber of Commerce already knows about our secret and is preparing to take action."

"And President Gu has temporarily stalled the Royal Chamber of Commerce and asked us to send people over as soon as possible.

Then, Li Kehua looked at Li Kehui.

Li Kehui waved his hand, indicating for Li Kehua to leave first.

After Li Kehui left the hall, he sat on the main seat and looked at Chen Yang, who was sitting on the guest seat." Chen Clan Leader, Senior Shen, what should we do now?"

Yang Chen thought for a moment and said,"Since President Gu has already sent the news, let's go there directly."

"I believe that during this period of time, the three major merchant associations have been suppressing us. Now that we've wiped them out, isn't this the day we've been waiting for?"

"The most important thing now is how to stabilize the other forces after we deal with them. We need to ensure that there won't be too much chaos here." Hearing this, Li Kehui smiled." Don't worry about that. I think President Gu has already handled it. After we go over, we can ask President Gu directly.

"Even if it doesn't work, we can use the Longyue Chamber of Commerce. There won't be any problems in the short term."

"As for the future, if it really doesn't work out, I'll hand over the Longyue Merchant Association to the Shen or Li Clan in exchange for some resources." "That's the only way." Yang Chen nodded and then looked at Li Kehui." Master Li, are the experts of the Li family ready?"

"Everything has been prepared. The Li family ancestor and the experts on stage are all ready except for the few people who stayed behind to guard the family." Li Kehui smiled.

Seeing this, Yang Chen turned to look at the Endless Mountains." In that case, let's go!"

Immediately, Li Kehui quietly gathered the Li family's experts together and then rushed to the Endless Mountains with Chen Yang.

Outside the Endless Mountain Range, after looking at the experts behind him,

Chen Yang released the Pegasus." Everyone, let's move."

“Yes, sir!”

Immediately, a group of people leaped onto the Heavenly Horse’s back. Then, the Heavenly horse flapped its wings and flew out of the Endless Mountain

Range.

Three days later, outside Yang City.

After landing in a deserted place, Yang Chen put away his Pegasus and looked at the Li Family powerhouses who had followed him.” Everyone, we have to disguise ourselves and pretend to be a merchant group entering Yangcheng.” “I’ll have to trouble everyone to disguise themselves as a merchant group.” “Family Head Chen is too polite. As long as we can complete the mission, there’s nothing wrong with doing odd jobs.” Li Kehui smiled.

Then, under Li Kehui’s arrangement, Yang Chen and the others quickly dressed up as a caravan and took out some prepared carriages from their storage bags. Yang Chen took out a few Storm Wolves and used them as demonic beasts to pull the carriage. Then, everyone rushed to Yang City.

The reason for this was naturally to conceal everyone’s whereabouts. Although he might be suspected, at the very least, the chances were much lower.

After entering Sun City without any obstructions, Yang Chen led the convoy toward the Longyue Chamber of Commerce’s territory.

As for Li Kehua, he went to the Longyue Merchant Association alone.

As the president of the Longyue Merchant Association, he definitely could not stay with Chen Yang and the others. Otherwise, he would definitely be suspected.

At the same time, the Great Elder of the Chamber of Commerce had also heard the news of Chen Yang and the others ‘arrival. He immediately instructed Black One,” Black One, bring the Family Head and the

others to the inn that we have prepared. First, settle them down. Then, bring them to the Chamber of Commerce in batches.””

“Yes.”

Black One nodded and disappeared from the chamber of commerce.

Yang Chen and the others did not walk for long in Sun City before they ran into Black One.

When Black One saw the crowd, he quickly came to the side of the convoy and said to Chen Yang, “Gentlemen, I was sent by the shopkeeper to discuss business with you. Please follow me.

Yang Chen and Li Kehui looked at each other, then led the convoy to catch up with Black One.

In an inn near the Longyue Chamber of Commerce in a rather remote location. After everyone settled down, Black One then went to Li Kehui’s room.

Yang Chen and Shen Daokong were also waiting for Black One. “Greetings, clan head, Chen clan head, senior!” After entering, Black One quickly bowed.

Seeing this, Li Kehui helped Black One up.” Black One, there’s no need to be so polite. How do you want us to transfer the Longyue Merchant Association over?”

“It’s like this. The elders asked me to settle down the elders first and then bring you to the Longyue Chamber of Commerce in batches.” Black One..
