

## Tamer Family 401

### Chapter 401: Preparing for the Great War

“Are we bringing them over in batches? That works too.” Yang Chen nodded and looked at Black One.” Thank you for your hard work.””

“What are you saying, Chen Clan Leader? This is my duty.” Black One smiled and shook his head. Then, he asked, “Patriarch, who should we bring over first?”

Li Kehui glanced at Yang Chen and said, “Bring me, Patriarch Chen, and Senior over first. We have something to discuss with Gu Mu, so it’s best to arrive early.”

Black One nodded. Then, he led Chen Yang and the other two to the Longyue Chamber of Commerce according to the route that they had prepared in advance. They successfully brought everyone to the Longyue Chamber of Commerce without disturbing the three major chambers of commerce.

In the meeting hall of the Longyue Chamber of Commerce, after the three of them sat down, Li Kehua asked, “Patriarch, is there anything you need me to do?”

Li Kehui looked at Chen Yang, “Chen Family Head, what do you think?””

Yang Chen held his teacup and thought for a while. Then, he placed the teacup on the mahogany table beside him and looked at Li Kehua with a smile. “Since the other party is going to start a war, we naturally have to get some information.”

“Elder Ke Lu, please bring Gu Mu here.”

“Yes, sir!” Li Ke nodded and turned to leave.

After Li Kehui left, he asked, “If we call Gu Mu over at this time, wouldn’t it arouse suspicion?”

“There will definitely be danger, but compared to the information we have, we can only take the risk.” Yang Chen smiled.

“That’s true.” Li Kehui nodded and then kept silent, waiting for Gu Mu’s arrival.

Gu Mu didn’t make them wait for long. In less than two hours, Gu Mu followed Li Kehua to the meeting hall.

Seeing Gu Mu come over, Chen Yang stood up and said with a smile, “Long time no see. How has President Gu been recently?”

“Thank you for your concern, Chen Clan Leader.” Gu Mu replied with a smile.

“Hahaha, come, President Gu, please take a seat.”

After Gu Mu sat down, Yang Chen returned to his seat with a smile and asked, “President Gu, how did your mission go?”

Gu Mu picked up the cup of tea and wanted to quench his thirst. When he saw Chen Yang asking him, Gu Mu put the cup of tea aside and cupped his hands, “Reporting to Chen Clan Leader, the mission was completed quite well.”

“First, it’s those rank 6 forces. Under my influence, all the rank 6 forces, even those loyal to the Devil Origin Palace, have started doing business with the Longyue Merchant Association.”

“Given the current situation, even if the three major merchant associations disappear overnight, the Longyue Merchant Association can replace them. It won’t affect the daily cultivation needs of a rank-6 organization.”

“I know all this.” Yang Chen smiled and shook his head. “What I want to ask is, how many Rank-6 forces are willing to be on our side?”

Hearing this, Gu Mu took out a piece of paper from his pocket and respectfully handed it to Chen Yang, "Chen Clan Leader, this is the meaning of each rank 6 force.""

"There are a total of 13 Rank-6 forces now. They've already made it clear that they're willing to stand on our side and resist the demonic cultivators with us."

"There are also 23 Rank-6 forces who are neutral. Although they won't help us, they won't help the Fiendish Cultivators either. After the war ends, if we win, they will help us rebuild order."

"This is the condition that they have to pay in order to guarantee their neutrality."

"The remaining ten rank 6 forces are all loyal to Devil Origin Palace. They will definitely help when the three major merchant associations attack Longyue Merchant Association together."

"Chen Clan Leader, although there are not many forces that are loyal to Devil Origin Palace, they are the top figures in the alliance."

Yang Chen glanced at the contents of the paper and handed it to Li Kehui. He then looked at Gu Mu, "Thank you for your hard work, President Gu. You did a good job in this mission. You can guarantee 36 Rank-6 forces. We can also report our work.""

"Oh right, President Gu, I still don't know how the three chambers of commerce plan to deal with us."

Compared to the previous content, this was what Yang Chen was most concerned about.

How the enemy planned to attack, where to attack, and how many experts to send.

Only this would determine the outcome of the battle.

Gu Mu also understood what Yang Chen meant and immediately said, "I'm not too sure about the specifics, but I do know that they definitely won't launch a sneak attack."

“This time, they invited the people from the Netherworld Sword Sect and the Devil Origin Palace. Naturally, they won’t ambush us.”

” At the very least, we have to destroy the Longyue Merchant Association with great fanfare to show off their prowess and ensure that no new Longyue Merchant Association will appear.”

“Make a move with great fanfare?”

Yang Chen was puzzled. Since they had invited the Netherworld Sword Sect and the Devil Essence Palace, why did they make such a big fuss? Were they afraid that others would not know that they were in contact with the Devil Cultivators?

Immediately, Chen Yang told Gu Mu about his doubts,” President Gu, since the three major merchant associations intend to let the Netherworld Sword Sect and the Devil Essence Palace attack, why would they do it so openly? Are they not afraid of being discovered to be colluding with the Devil Cultivators?”

“Although Devil Cultivators are also martial artists, the Li family has a deep hatred for Devil Cultivators. Isn’t this giving the Li family an excuse to make a move?”

“Hahaha!” Gu Mu smiled and said nothing.

Yang Chen frowned.” What? Am I wrong?””

“What the Chen Clan Leader said is naturally correct, and it also makes sense.”Gu Mu smiled and looked at Chen Yang,” But Clan Head Chen has forgotten that almost no one here has ever seen a Devil Cultivator.”

“Although Devil Cultivators use Devil Qi, Devil Qi and Spirit Qi look similar. If you hide it, unless you’ve seen a Devil Cultivator before, it’s very difficult to recognize a Devil Cultivator based on hearsay.”

” Besides, it’s true that this is the Li family’s back garden, but it’s also Dynasty’s back garden. Dynasty’s entire territory covers this place. Even if someone really recognizes the Fiendish Cultivator, it’ll be very difficult for them to break through Dynasty’s blockade and tell the Li family the news.”

"I see." Yang Chen nodded and smiled,""President Gu, do you know where the Netherworld Sword Sect and Devil Essence Palace are stationed?"

"I don't believe that you will go to the Demon Territory to invite them over."

" The Chen Clan Leader is indeed intelligent." President Gu flattered him." The Netherworld Sword Sect and the Devil Essence Palace do have a station, and it's in the imperial capital of the dynasty."

"Alright."

Yang Chen rubbed his wrists, and a murderous look flashed in his eyes." This way, we can deal with Dynasty at the same time. We don't have to think of other reasons."

"Oh right, President Gu, do you know how many experts the three chambers of commerce can mobilize?"

Hearing this, Gu Mu told Chen Yang everything he knew," Reporting to Chen Clan Leader, as far as I know, the three major merchant associations are able to mobilize nearly 50 powerhouses.""

"As for Dao Origin Supremacies, I should be able to mobilize four of them. They are all fiendish cultivators.."

Chapter 402: A Righteous Duel

"Four Dao Origin and nearly 50 experts!"

Hearing Gu Mu's description of the power that the three chambers of commerce could bring out, everyone couldn't help but exclaim.

He did not expect that the three major chambers of commerce could actually bring out so many experts. This was completely stronger than an ordinary fifth-grade force.

Take the Li family for example. There were only about 20 people from the Li family who went on stage. As for the Dao Origin Supremacy, there was only one ancestor.

However, the strength of the three Chambers of Commerce was much stronger than the two Li families combined.

Chen Yang's face revealed a cautious expression. Although they had Shen Daokong, a peak Dao Origin expert, on their side, what if the Dao Origin Supremacies brought out by the three chambers of commerce were not weak.

If they could stall Shen Daokong, the rest of them would be in trouble, immediately, Chen Yang looked at Gu Mu again." President Gu, do you know the exact power of those Dao Origin Supremacies?"

Gu Mu thought for a moment and then said,"I don't know the exact strength, but I'm sure it won't exceed the fifth level of Dao Origin.

" Even a fourth-rank force needs a fifth-level Dao Origin expert. It's impossible for them to be sent to such a dangerous place. The Netherworld Sword Sect and the Devil Origin Palace can't afford to suffer any losses."

"Won't it exceed the fifth level Dao Origin?"

Yang Chen nodded. Although it was just a guess, it made sense. There was nothing here that could cause a big fight between a Rank-4 force. The Netherworld Sword Sect and the Devil Origin Palace would not send out powerful experts.

Just as Gu Mu had said, if they were to die here, there would not be any particularly important benefits. The Netherworld Sword Sect and the Devil Essence Palace could not afford such a loss.

Looking at the silent Yang Chen, Li Kehui asked,""Chen Clan Leader, can we deal with the three merchant associations?"

"It should be about the same."

“With Patriarch Dao Kong around, as long as the other side doesn’t send out late-stage Dao Origin experts, Patriarch Dao Kong will be able to finish them off with one move.”

“And after dealing with the Dao Origin Supremacy, the remaining ones are not worth mentioning.”

Hearing this, Li Kehui heaved a sigh of relief.

As for Gu Mu, he looked at Shen Daokong in shock. To be able to make Chen Yang say this, Shen Daokong’s strength must be at least at the late-stage Dao

Origin.

An expert of this level was actually sent here!

Even if they wanted to remove this nail, they didn’t need to send such an expert, unless...

Gu Mu looked at Yang Chen with a hint of shock in his eyes.

Unless it was to ensure Yang Chen’s safety, then Yang Chen’s talent was probably beyond everyone’s imagination.

Perhaps he could become a Void Piercer King in the future.

Thinking of this, Gu Mu was glad that he had made the decision. This was the future Sky Piercer King.

If he could build a good relationship with Chen Yang, it would be of unimaginable benefit to Gu Mu’s future development.

After getting some information, Yang Chen didn't keep Gu Mu. After all, the war was about to start. As the president of the Yuan Clan Chamber of Commerce's Yang City branch, Gu Mu naturally couldn't disappear forever.

Immediately, Gu Mu stood up and left.

As for Chen Yang and the others, they hid in the Longyue Merchant Association and waited for the subsequent developments.

About five days later, the three major merchant associations jointly sent a letter to the Longyue Merchant Association.

The contents of the letter were also very simple. On the 4th of next month, at the Yang City Martial Arts Practice Field, the conflict between the two sides would be resolved.

After receiving the letter, Chen Yang quickly gathered everyone together. In the meeting hall of the Longyue Chamber of Commerce, Chen Yang handed the letters sent by the three major chambers of commerce to everyone. He then asked, "What's going on with this Sun City Martial Arts Practice? Why did the three Chambers of Commerce invite us over?"

Hearing this, Li Diao stood up and explained, "Chen Clan Leader, I know a thing or two about this."

"This so-called Yang City Martial Arts Stage was jointly established by the three major chambers of commerce. According to the three major chambers of commerce, the purpose of establishing this Yang City Martial Arts Stage was to mediate the conflicts between the chambers of commerce.

"Once there is a conflict in the Chamber of Commerce, you can have a duel in the Yang City Martial Arts Practice Field. The loser has to agree to any request of the winner."

"Although the original intention of its establishment was not bad, it soon became a sharp blade for the three major merchant associations to eliminate dissidents. It was also because of the existence of the Yang City Martial Arts Practice Ground that the three major merchant associations did not spend too much effort to expel the other merchant associations, resulting in the current situation."

“So that’s what happened.”

Yang Chen nodded and then smiled at Li Kehui.” Master Li, it seems that the three chambers of commerce are unwilling to fight with us.””

-Oh?” Li Kehui handed the letter to the others and then smiled.””Chen Clan Leader, do you really believe that the three merchant associations are so kind?”

“I don’t believe you.”

Yang Chen shook his head,” Our Chamber of Commerce is different from the other Chambers of Commerce. On the surface, we have the support of the Li family, which is almost the same as the Royal Chamber of Commerce. Even if it’s a duel, they don’t have the confidence to win.”

-I reckon that the duel is fake. The real reason is to use the opportunity of the duel to catch us off guard.”

“Then what should we do?” Li Kehui asked.

“Just take it.” Chen Yang’s lips curled into a cold smile.” With Patriarch Dao Kong around, do we need to be afraid of them scheming?

“That’s true.”

Li Kehui looked at Shen Daokong.” I don’t think they know that we have the support of the Li and Shen families. It’s even more impossible for them to know about Senior Shen Daokong’s existence.””

-From their point of view, the Longyue Merchant Association is only backed by the Li family..”

Chapter 403: A Righteous Duel

“How many geniuses can a banished fifth-rank aristocratic family have? How much combat power can they have? I think they won’t be too serious, and we can use this opportunity to catch them off guard!”

Chen Yang and Li Kehui were so confident because of the lack of information.

Both sides exist, the information is different, the nature is to grasp more information, the party is to obtain the final victory, the possibility is more important, and the major.

Immediately, Chen Yang looked at Li Kehui.” Elder Kehui, please tell the three merchant associations that the Longyue Merchant Association has accepted this duel.”

“Yes, sir!”

The news that the three major merchant associations were going to duel with the Longyue Merchant Association quickly spread throughout Yang City.

All of a sudden, a storm raged in Yangcheng.

There was no need to say much about the three major chambers of commerce. The people of Yang City knew them very well. The rule of the three major chambers of commerce was also an unshakable existence.

As for the Longyue Chamber of Commerce, the people of Sun City knew quite a bit about it. This newly established Chamber of Commerce had many mysterious pills in their hands, and they quickly dominated the business of the Yu Clan’s merchants.

Many people had discussed in private that the three major merchant associations would never let the Longyue Merchant Association go.

However, what everyone did not expect was that the three major chambers of commerce would actually choose to open the Yang City Martial Arts Practice Ground. One had to know that this Yang City Martial Arts Practice Ground had not been opened for almost a hundred years.

For a moment, everyone was discussing animatedly.

“Good heavens, the Sun City Martial Arts Practice Ground has actually been opened. It seems that these three major chambers of commerce are really anxious.”

” How can I not be anxious? The Longyue Chamber of Commerce is coming at us menacingly. It has only been a short while, and they have already seized the business of the Yu Clan Chamber of Commerce. If we don’t stop them, I’m afraid that even the business of the Yuan Clan Chamber of Commerce and the Royal Chamber of Commerce will be snatched away by them.”

“Snatch away the business of the Yuan Clan Chamber of Commerce and the Royal Chamber of Commerce? Do you think that’s possible? One had to know that the Royal Chamber of Commerce was backed by the Empire, while the Yuan Conglomerate was backed by the alliance of forces. Neither of them was someone the Longyue Chamber of Commerce could afford to offend.”

Some young geniuses were currently discussing this matter in the restaurant.

“Oh? Didn’t they say that the Longyue Merchant Association also had a powerful faction backing them?”

“There is a great power, but that great power is a fifth-rank power that has been expelled. How much help could he provide to the Longyue Merchant Association? How could he possibly go against the dynasty?”

“As for the other one, the Chen family is only a Rank-7. It might be a terrifying force to us, but it’s not enough to look at Dynasty.”

“That’s right. If Dynasty were to get serious, they could easily send out a Regional King to destroy the Chen Family. How much help can the Chen Family provide to the Longyue Merchant Association?”

“If that’s the case, the Longyue Merchant Association will definitely lose?”

“That’s right. From the day the Longyue Merchant Association chose to go against the three major merchant associations, their failure was already foretold.”

This argument was not only spread among the young people in the restaurant. Almost no one in the entire Sun City was optimistic about the Longyue Merchant Association.

Everyone thought that under the joint attack of the three major chambers of commerce, this chamber of commerce, which only had the support of the Li family and a Rank-7 Chen family, would lose miserably.

Of course, no matter whether they were good or bad, it did not affect the agreement of the duel between the two parties.

All it could do was add some legendary color to this battle.

Under everyone’s anticipation, time passed bit by bit. In the blink of an eye, it was the day of the duel.

Early in the morning, countless Yang City people rushed to the martial arts practice field, afraid that if they were late, there would be no place to enjoy this long-awaited battle.

Compared to the excitement of the audience, neither side was in a hurry. At this moment, they were still making preparations in their own chambers of commerce.

In the meeting hall of the Royal Chamber of Commerce, Pavilion Chu glanced at Gu Mu and Yang Mo and said, “Gentlemen, this time, the three merchant associations have handed over the operation to me. Please cooperate with me.”

“President Chu must be joking. Since the higher-ups have already made a decision, how can we not obey?” Yang Mo laughed.

Yang Mo's words entered Chu Ge's ears from the left and left his ears from the right. His attention was completely on Gu Mu.

"Don't worry, President Chu," Gu Mu said with a smile, "We'll definitely act according to your instructions."

Hearing this, Pavilion Chu smiled and said, "That's good. Although the enemy this time isn't strong, we still have to show off our momentum."

"First, we must annihilate the Longyue Merchant Association. We can't let go of the power behind the Longyue Merchant Association either."

"We can't deal with the Li family head-on, but we have to destroy that Chen family who doesn't know death."

"We need to use the corpse of the Chen family to tell everyone that the three chambers of commerce are their heavens. Whoever dares to overturn the heavens will have the same ending as the Chen family!"

Hearing Pavilion Chu's words, Gu Mu sneered in his heart.

He even wanted to destroy the Chen family? There might be a chance of survival if the Li family was destroyed, but the Chen family was doomed.

Because the Chen family can take care of you all by themselves.

Aiya, now I really want to see their expressions after knowing the true strength of the Chen family.

After expressing his lofty aspirations, Pavilion Chu looked at Gu Mu again. "President Gu, I'll leave the experts sent by the higher-ups to you."

Hearing this, Gu Mu stood up and cupped his hands.

Seeing this, Pavilion Chu nodded in satisfaction. Then, she looked at Yang Mo." President Yang, I'll be counting on you to negotiate with the Longyue Merchant Association.."

Chapter 404: A Duel of Righteousness (3)

"No problem." Yang Mo smiled and nodded.

Seeing that the two guild leaders were so obedient, Chu Ge was overjoyed.

Pavilion Chu had always had a wish, and that was to make the Royal Chamber of Commerce the ruler of the three major chambers of commerce. At the very least, in Sun City, the Royal Chamber of Commerce had to be the one to speak.

Unfortunately, these two fellows were always making things difficult for him. Now, with this opportunity, Pavilion Chu could finally fulfill her wish.

Longyue Chamber of Commerce, I really have to thank you properly.

How should I look at it? In this way, I'll give you a quick death.

Thinking of this, Pavilion Chu laughed proudly. After laughing for a long time, Pavilion Chu said in high spirits,"Let's go!"

In the Longyue Merchant Association, Chen Yang and the others were making their final preparations.

"Patriarch Li, have the Li family elders been properly arranged?"Yang Chen asked.

"Don't worry. I've already disguised these elders as ordinary service staff of the Longyue Chamber of Commerce. No one will notice."Li Kehui smiled.

Chen Yang nodded." In that case, let's go to the Yang City Martial Arts Practice Field.'"

“Wait a minute.”

At this moment, Li Kehui stopped Yang Chen.” Master Chen, I have a question for you.””

“What is it?”

Li Kehui thought for a moment and then said,”Chen Clan Leader, what is the method of this duel?”

Yang Chen was stunned.” I don’t know.””

Li Kehui was also stunned.” I thought the Chen Family Head knew. What should we do? The duel is about to begin and we don’t even know the rules.””

When Li Ke saw this, the corner of his mouth couldn’t help but twitch. Good heavens, these two didn’t even know what the duel was, and they were already planning to go over and participate in it.

“Clan Head, Clan Head Chen, the specific rules of this duel have to be decided by both parties. That’s why I didn’t tell the two of you.”

“I see.” Yang Chen nodded.” That means that both sides will have to discuss how to fight.””

“Forget it, what’s the point of thinking so much? We’re not going to have a duel anyway. We’re just looking for an excuse to deal with these three Chambers of Commerce.”

Li Kehui thought about it and confirmed that it was indeed the case. He did not take it to heart and left the Longyue Merchant Association with Yang Chen.

Under the leadership of Yang Chen and Li Kehui, the group of people from the Longyue Chamber of Commerce marched toward the Sun City Martial Arts Practice Field.

The audience had been waiting for a long time in Sun City's martial arts arena, but even now, neither side had come.

Some complaints could not help but spread among the audience.

At this moment, the doors of the martial arts arena opened again. Immediately, the audience became spirited.

One had to know that after the audience seats were filled, the martial arts practice field's door had already closed.

Now that it was opened again, it could only mean one thing. The two sides of the battle had arrived!

Under the watchful eyes of the crowd, the Longyue Chamber of Commerce and the three major chambers of commerce entered from the north and south gates respectively. They walked in opposite directions until they reached the center of the martial arts field.

The two sides stopped ten meters away from each other, and then Chu Ge gave Yang Moyi a look.

Seeing this, Yang Mo immediately smiled and stepped forward." Greetings, everyone from the Dragon Leap Chamber of Commerce. I am Yang Mo, the president of the Yang City branch of the Yu Clan Chamber of Commerce."

"Hello, President Yang." Under Yang Chen's instructions, Li Ke walked up and smiled.

Seeing this, Yang Mo wanted to say a few more polite words, but Pavilion Chu, who was behind him, said arrogantly,"Enough, President Yang, there's nothing to say to them. Let's get straight to the point."

Hearing this, an apologetic look appeared on Yang Mo's face. He then said,"The Longyue Chamber of Commerce is an outsider. Although they know the rules of the training ground, they probably don't know much."

“Let me explain to everyone here. The rules are very simple. Both parties will have a duel, and the winner will obey all orders of the loser.”

“Of course, this order won’t be too excessive. Orders such as asking you to commit suicide are not accepted.”

“Generally speaking, we’ll ask the other party to leave this place. Similarly, the orders from the three major merchant associations are to keep the Longyue Merchant Association far away from all places under the Empire.”

“Now, let’s discuss how to fight.”

“Wait a minute.”

Li Kehua stopped Yang Mo and smiled.” President Yang, you have given the order, but we haven’t. Don’t be so anxious.””

Hearing this, Pavilion Chu coldly snorted,””Humph! You still dare to ask for victory in a situation where you’re bound to lose? Fine, just say it. Don’t say that we’re bullying you.”

” Our orders are simple.” Li Kehua smiled.” We just need to reverse your orders. Since you want us to leave, we’ll ask you to leave after we win.””

“This...” Yang Mo turned to look at Pavilion Chu.

Seeing this, a cold light flashed in Pavilion Chu’s eyes as she said,””Hehe, what a big tone. Forget it, we agree.”

Hearing this, Yang Mo heaved a sigh of relief.

Yang Mo was really afraid that Pavilion Chu would play some tricks at this time.

However, since he had already made sense of it, then it was time to discuss the method of the duel. Yang Mo smiled and said, "The visitor is a guest. Please set the rules first."

Hearing this, Li Kehua told Yang Mo about the decision they had discussed earlier. "Since it's a duel instead of a battle, it's probably to avoid losses for both sides."

"How about this, best two out of three?"

"No problem." "Yes." Yang Mo nodded and said, "The rule we proposed is that only those under 100 years old can participate in the duel."

Chapter 405: A Righteous Duel

Yang Mo's rule was a hidden knife.

A duel between people under the age of too was a competition of the strength of the geniuses of both sides.

After all, at this age, the geniuses of both sides were still in the rising stage of cultivation. It was not like the later stages where both sides competed with their accumulation and trump cards.

The geniuses of the three merchant associations were naturally extraordinary.

This was also the goal of the three major merchant associations. If they could easily deal with the Longyue Merchant Association, the three major merchant associations would naturally not be willing to make a big fuss.

Hearing this, Li Kehua looked at Yang Chen and Li Kehui. After Yang Chen nodded, Li Kehua smiled and said, "Alright, we agree."

“In that case, please send your players.”

Immediately, both sides left the arena and chose their competitors.

On Yang Chen’s side, Li Kehui smiled.” There are very few people who can reach the Purple Mansion Realm under the age of too. After all, reaching the Purple Mansion Realm at the age of too is considered a monster even among fourth-rank forces.””

“On our side, the Chen Clan Lord’s battle prowess at the eighth level of the Purple Prefecture Realm has already completely locked in victory. In that case, we only need to win one battle.”

Although Li Kehui believed that this wasn’t something that could be resolved by a duel, they still didn’t want to lose this duel.

The goal was simple.

Although Li Kehui looked down on the main branch, he had to admit that it was really convenient to act in the name of justice.

Yang Chen saw through Li Kehui’s thoughts and said with a smile,””Does the Li family have any hidden geniuses?”

Hearing this, Li Kehui smiled.”

Li Kehui immediately looked at the young man behind the crowd.”Zhaoming, come and greet Master Chen.””

Hearing Li Kehui’s order, a man in blue and a jade crown came forward from the crowd and bowed to Chen Yang.” Li Zhaoming greets Master Chen.””

“This is my great-grandson, Li Zhaoming,” Li Kehui explained.”His aptitude is not bad. He has a fourth-grade aptitude.”

“Moreover, his talent isn’t considered weak among the fourth-grade. If he doesn’t die in the future and successfully comprehends the Great Dao, it shouldn’t be a problem for him to break through to the mid-stage Dao Origin.” “He’s much stronger than a great-grandfather like me, but in terms of talent, he’s about the same as my ancestor.”

“Is that so?” Chen Yang looked at Li Zhaoming in surprise, “Such talent should have been famous in the world long ago. Why is there no news at all?””

“In the past, he was nurtured as a seed and hidden away. That’s why the Chen Clan Leader has never heard of this great-grandson of mine.” Li Kehui smiled. “Then why don’t you hide it now?” Yang Chen laughed.”

“I was thinking of sending him out to train with Elder Ke Lu so that he could take over my position as soon as possible.” Li Kehui said.

Li Zhaoming looked at Li Kehui in shock.

Li Kehui had asked him to come out to gain experience, but he did not say that he would take over the position of the family head.

Moreover, Li Kehui was doing well. Why would he give up the position of the family head?

Seeing Li Zhaoming’s shocked expression, Li Kehui smiled and patted Li Zhaoming’s shoulder.”  
Zhaoming, learn from Master Chen. The future of the Li family depends on you.””

“But...Great-grandfather, you are in your prime, why did you pass the position of the family head to me?” Li Zhaoming asked.

Hearing this, Li Kehui smiled but didn’t say anything.

Chen Yang, on the other hand, knew the reason for this. It was nothing more than wanting to immerse himself in the Dao of arrays.

To those who had yet to learn the basics of array formations, it was obscure, difficult to understand, and extremely boring.

However, once he entered the sect, he would realize that this was the most fascinating thing in the world. Li Kehui naturally wanted to take off his burden as soon as possible and devote himself to studying the Dao of arrays.

“Alright, alright, let’s not talk about this anymore. Zhao Ming is currently at the first level of the Zifu Disciple level. As long as he doesn’t face the other party’s Zifu Disciple level, his chances of winning are still very high.”Li Kehui smiled.

“That makes sense.”

Yang Chen nodded and looked at the three merchant associations.” Then the problem is, how can we be sure that we won’t be able to match up to the other party’s Purple Mansion?”

“Leave this matter to me.”Shen Daokong suddenly said..

Chapter 406: The Appearance of the Devil

“Leave this matter to me.”

Shen Daokong’s indifferent words attracted everyone’s attention.

“Patriarch Dao Kong, how can you be so sure that Zhaoming definitely won’t be able to deal with the Zifu Disciple?”

“Very simple.”

"I can detect the strength of their disciples," Shen Daokong said with a smile. "When the time comes, we'll stall for a little longer. Then, we'll know who Zhaoming's opponent is, won't we?"

"I see."

Yang Chen understood and immediately asked, "Ancestor, will the other party discover our plan?"

"You're looking down on the strength of peak Dao Origin too much." Shen Daokong smiled and said, "If I were to probe the cultivation of a Zifu Disciple and be discovered by the other party, then I, as a Dao Essence Supremacy, might as well go home and farm as soon as possible."

Hearing Shen Daokong's confident words, Yang Chen's heart calmed down completely. "Alright, let's do as he says."

While Yang Chen and the others were discussing their strategy, the three Chambers of Commerce had already chosen their members for the first battle. "President Li, we've already chosen our disciples. What about you?" Yang Mo shouted.

"We have no more problems here. We're just making a final request."

"I see." Yang Mo smiled and looked at the disciple beside him. "You can go up the arena first. We are the hosts, so we have to wait for our guests."

"Yes."

The disciple nodded and walked up to the arena.

Seeing this, Yang Chen quickly asked in a low voice, "Patriarch Dao Kong, how strong is this disciple?"

"First level of the Zifu Disciple level."

Hearing this, Yang Chen looked at Li Kehui." Master Li, send any disciple. We'll give up this battle.""

"Alright."

Li Kehui took a look and his gaze gathered on a young man in a white robe." Zhao Yuan, you go. Don't force yourself. Seize the opportunity to admit defeat and ensure your own safety.""

"Yes, sir!"

Li Zhaoyuan nodded and slowly walked to the battle area.

When the two contestants arrived at the battle area, the referee in charge of the duel began to check the bone age of both parties.

"After inspection, both sides have met the bone age requirements. I declare that the duel begins!"

The moment the referee announced the start of the duel, Li Zhao Yuan forcefully stomped on the ground. In an instant, the cement ground under Li Zhaoming's feet cracked open. Borrowing the reverse thrust, Li Zhaoming shot out like an arrow leaving the bow.

At the same time, a terrifying spiritual energy gathered in Li Zhaoming's hands. Gradually, Li Zhaoyuan's hands emitted a dazzling golden light.

Following that, Li Zhaoyuan formed a fist with both hands and blasted towards his opponent with an unstoppable aura.

Seeing this, Pavilion Chu of the three major chambers of commerce nodded thoughtfully." Scorching Sun Golden Fist. I remember that this is the family martial art of the Li Family of Qianyuan. It seems that this person should be the seed of the Source of Dao of the Li Family of Qianyuan."

“Sigh, he’s only at the eighth level of the Core Formation Realm. It seems that the Li family of Qianyuan is really lonely.”

“This kind of strength is still fine against others, but against Liu Qi, it’s not enough. If things go wrong, it’s very likely that Liu Qi will kill you in one move.”

As if confirming Pavilion Chu’s words, when Li Zhaoming approached Liu Qi, a disdainful smile flashed across Liu Qi’s face.

Immediately after, he punched out with his right fist, carrying his own terrifying spiritual energy as he smashed towards Li Zhaoyuan’s fist.

Bang!

A loud sound that resounded through the sky spread out. The residual waves produced by the two fists shattered the martial arts practice field. Some gravel was crushed into powder and turned into dust that blocked everyone’s vision.

The aftershock that spread in all directions carried a heart-palpitating aura as it swept towards the audience.

Fortunately, when they established the Yang City Martial Arts Practice Ground, the three major merchant associations had thought of such a result. When the aftershocks approached the audience, array formations were activated on the walls.

The barriers formed by these formations kept the dangerous shockwaves outside the walls, allowing the audience to watch the battle in the arena with peace of mind.

Under everyone’s nervous gaze, a figure flew out of the smoke like a bird with broken wings and smashed into the wall.

If it wasn’t for the formation blocking it, this person’s body would have smashed a huge hole in the wall.

The audience couldn't care less about this. They were scrambling to look at the person below the wall. Who was this person? What was the outcome of this battle?

"That's...A disciple of the Longyue Chamber of Commerce! The first of the three chambers of commerce wins!"

"What's so surprising about this? When the two of them were fighting, I had already sensed the strength of both sides. The disciples of the Longyue Merchant Association were only at the eighth level of the Core Formation Realm, while the disciples sent by the three major merchant associations were at the first level of the Purple Prefecture Realm."

"A first level Zifu Disciple versus an eighth level Core Formation cultivator, what other suspense can there be?"

"So that's how it is. I didn't expect that within the three great merchant associations, there would actually be a genius who broke through to the Zifu Disciple level before the age of a hundred. Even in a fourth-rank force, such disciples were rare."

"Hehe, why don't you think about who's behind the Three Great Chambers of Commerce? With Dynasty backing him up, it would not be a problem to find such a genius in the entire Dynasty."

"That's right. Every fifth-grade force should have a genius of this level. Otherwise, they wouldn't be able to maintain their fifth-grade inheritance."

The moment Li Zhaoyuan was blasted to the city wall, Li Kehui quickly rushed out and helped Li Zhaoyuan up. After confirming that his life was not in danger, Li Kehui heaved a sigh of relief..

Chapter 407: The Appearance of the Devil Cultivator

Then, Li Kehui shouted at the referee,"The Longyue Merchant Association admits defeat in this battle!"

Hearing this, the referee nodded and immediately shouted, "Both sides have fifteen minutes to rest. Please choose the next disciple within fifteen minutes." Then, the referee closed his eyes to rest.

As for Li Kehui, he carried Li Zhaoyuan and came to his side." Elder Ke Lu, bring Zhaoming to heal. Leave this to us.""

"Yes, sir!"

Hearing this, Li Kehua quickly took Li Zhaoyuan and left the place.

Seeing this, Pavilion Chu sneered, "It seems that this is really the Dao Origin Seed of the Li Family of Qianyuan. Even President Li didn't care about the duel and took him to heal."

"Doesn't that mean we've won this battle just like that?"

"No!" Yang Mo shook his head.

"No?"

Pavilion Chu frowned and looked at Yang Mo." President Yang, what do you think?"

Yang Mo took a deep breath and slowly said, "President Chu, you heard the discussions of the audience."

"I believe that they have a good saying. If there isn't a genius who can break through to the Zifu Disciple level before the age of a hundred, how can this fifth-grade legacy not be passed down?"

"You see, the Li Family of Qianyuan still dares to take the initiative to provoke us, which means that they are not worried about the end of the fifth-grade inheritance."

Hearing Yang Mo's words, Chu Ge nodded thoughtfully." I understand what you mean. You're trying to say that the Li family has a hidden genius that hasn't appeared yet, right?"

"That's right."

Seeing this, Chu Ge smiled and patted Yang Mo's shoulder." President Yang, you don't have to worry. If they are hiding something, we are hiding something too."

"Don't worry, whoever should be sent up for the next round will be sent up. If they really had something hidden, the ones they sent out in the next round would definitely be true Dao Origin seeds.

We can strategically give up a match to ensure the safety of our geniuses."

"But if that's the case, will there be any accidents? What if they were still hiding? The Chen family did not show any traces of it.'Yang Mo said worriedly. "Hahahaha, Chen family? What could a seventh-rank aristocratic family hide? Besides, even if they are hiding something, I can tell you that they can't do anything."

"Because they don't know what kind of terrifying existence the enemy they are facing is! "Pavilion Chu said arrogantly.

Hearing this, Yang Mo glanced at Chu Ge.

The Royal Chamber of Commerce and the Yuan Conglomerate Chamber of Commerce had always been in contact with an unknown power. Yang Mo knew about this.

Could it be that Pavilion Chu had transferred a genius disciple from some unknown force?

Only then would Pavilion Chu not worry about the outcome of the duel.

Perhaps even if they lost the duel, with the support of that unknown force, the three merchant associations could still destroy the Longyue Merchant Association.

That was why Pavilion Chu wasn't panicking at all and didn't care if the Longyue Chamber of Commerce was hiding something.

Whatever, I'm just a tool. I'll do whatever Pavilion Chu says.

After thinking through it, Yang Mo looked at the blue-robed disciple beside him." Song Qing, with your half-step Zifu Disciple cultivation, it shouldn't be a problem for you to win the battle. I'll leave the next battle to you."

"Yes, sir!" Song Qing nodded and looked at the Longyue Chamber of Commerce with fighting spirit.

On the side of Longyue Chamber of Commerce, Chen Yang looked at Shen Daokong."

"No problem." Shen Daokong nodded and glanced at the three Chambers of Commerce.

Time passed by bit by bit. In the blink of an eye, 15 minutes had passed.

The ground of the training field that was damaged by the battle was also repaired by the referee using spiritual energy within this quarter of an hour. This ensured that the battle between the two sides would not be affected.

When the time was up, the referee looked at both sides and immediately said in a clear voice,"Time is up. Both sides, please send out your disciples for the duel."

Hearing this, Yang Mo looked at Song Qing." Song Qing, go.""

"Yes."

Hearing this, Song Qing took a deep breath and walked to the battle area.

The instant Song Qing walked out of the camp of the three great merchant associations, the Longyue Merchant Association revealed this person's strength." This person's strength is at the half-step Zifu Disciple level." "Half-step Zifu Disciple?"

Chen Yang looked at Li Zhaoming." Zhaoming, I'll be depending on you from now on.""

Li Zhaoming nodded his head and looked at Song Qing, who was in the battle zone." Don't worry, Clan Head Chen. I will definitely win this round.""

Then, Li Zhaoming walked into the battle area.

Seeing that the disciples from both sides had arrived, the referee nodded his head. Then, he tested the bone age of both sides. After confirming that there was no problem with the bone age, the referee announced the start of the competition.

" I announce that the competition begins!"

The instant the judge's voice fell, Song Qing revealed the terrifying strength of a half-step Zifu Disciple.

Under the terrifying aura, even the audience felt uncomfortable."

"As expected of the three great merchant associations. They just brought out a Zifu Disciple, and now they've brought out a half-step Zifu Disciple. It seems that the three great merchant associations will definitely win this battle."

"Not necessarily. Perhaps the Longyue Chamber of Commerce has its own secrets."

Everyone's gazes gathered on Li Zhaoming. The enemy had already revealed the strength of a half-step Purple Prefecture Master, so what about Li Zhaoming? How strong was he? How could he help the Longyue Merchant Association achieve victory?

Under everyone's gaze, Li Zhaoming formed a fist with both hands, and a terrifying aura quickly swept across the martial arts practice field..

Chapter 408: The Appearance of a Devil Cultivator

And this aura belonged to the tyrannical aura of the first level of the Zifu Disciple realm!

"Zifu! He's actually a Zifu Disciple!"

"I knew it. It's impossible for the Longyue Merchant Association to be completely unprepared. This is going to be interesting. Both sides have sent out Zifu Disciples. In that case, the third battle will depend on who has more trump cards."

Sensing the terrifying aura that Li Zhaoming was emitting, Yang Mo's expression changed. In the end, he sighed," Sigh, we lost this time."

Since the other party had already sent out a Zifu Disciple, Yang Mo no longer had the confidence to win.

On the other hand, Pavilion Chu still smiled calmly and said,"Guild Master Yang, relax. If we lose this match, then so be it. At the very least, we'll know that there won't be any Zifu Disciples on the other side in the next match."

"In addition, even if there are Zifu Disciples hiding on the other side, they definitely aren't as powerful as this person."

"After all, the Longyue Merchant Association has already reached the edge of the cliff. They must win this battle no matter what. Naturally, they must send their strongest experts."

"We won't lose out if we use the weak to fight against the opponent's strongest."

“Just wait for the next match and welcome the victory.”

Pavilion Chu’s words calmed Yang Mo’s restless heart.

That’s right, Pavilion Chu’s analysis was right. The other party had already reached the edge of the cliff, so they had to send their strongest to win.

Because they didn’t dare to gamble, they could only choose to send the strongest.

However...Did they really not have any more trump cards?

Looking at Yang Chen who was standing beside Li Kehui, Yang Mo felt uneasy again. He felt that this young man seemed to be their hidden trump card.

“I hope that my worries are useless and that Pavilion Chu’s trump card will be able to obtain the final victory. Unless it’s absolutely necessary, I really don’t want to start a war.”

In the battle area, Song Qing’s expression quickly darkened after sensing the terrifying aura from Li Zhaoming’s body.

He knew that in this battle, he was doomed.

“Humph! I won’t admit defeat so easily!”

Song Qing clenched his teeth and rushed out with his longsword in hand. The shadow of a crescent moon appeared behind him.

This was Song Qing’s trump card martial art, Crescent Moon Slash. It was obvious that Song Qing was planning to make a final gamble.

Upon seeing this, Li Zhaoming also leaped forward. Behind him, the shadow of a scorching sun also appeared.

Song Qing didn't hide anything, so Li Zhaoming didn't hide anything either. The moment he attacked, he used the Li family's most powerful martial art, the Scorching Sun Golden Light Fist.

Obviously, Li Zhaoming also wanted to end the battle as soon as possible.

The audience watched nervously as the fists and swords collided. In an instant, more violent aftershocks than before spread out.

The violent aftershock made the audience worried that the array formation on the wall would be able to block such a terrifying aftershock.

Fortunately, the wall did not disappoint the audience. It successfully blocked the aftermath outside the wall.

After ensuring that they were not in danger, the audience cast their gazes toward the battlefield.

The battle between Li Zhaoming and Song Qing also caused a cloud of dust to fill the sky. However, unlike the previous battle, no one was sent flying.

They had no choice but to wait patiently.

After the dust settled, everyone could see what was happening inside.

At this moment, Song Qing was half-kneeling on the ground, using his sword to block Li Zhaoming's fist. Li Zhaoming was not having it easy either. At this moment, he was panting heavily. Clearly, even though he had the upper hand, Li Zhaoming was not having it easy either.

If he took it slow, Li Zhaoming could easily take care of Song Qing.

However, Li Zhaoming chose to be fast, so naturally, he had to expend a lot of energy.

“Bah!”

Song Qing, who was half-kneeling on the ground, spat out the blood in his mouth. He immediately laughed with a ferocious smile, “I told you, it’s not that easy to defeat me!”

Immediately, pure and dense spiritual energy whizzed out of Song Qing’s body.

Li Zhaoming’s expression changed continuously when he sensed Song Qing’s aura. After a while, he sighed and said, “It seems that it’s impossible to resolve this quickly.”

Immediately, Li Zhaoming dodged Song Qing’s attack and began to fight with Song Qing.

After not seeking speed, the advantage of a Zifu Disciple began to be revealed. In less than ten moves, Song Qing was already at a disadvantage and could only passively take a beating.

Song Qing felt helpless about this.

He had already used all his trump cards. How could he resist the attack of this Zifu Disciple?

However, Song Qing also had his own thoughts. It was not scary to lose, but even if he lost, he had to drag it out a little longer. Only then would he be able to show that he was still gloriously defeated.

Immediately, Song Qing was no longer in a hurry and began to slowly fight with Li Zhaoming.

The result of this was that the audience was exhilarated. The previous battle had happened too quickly. Before they could recover, it had already ended.

And now, they could finally enjoy the battle between a half-step Zifu Disciple and a Zifu Disciple.

After Bai He, Li Zhaoming seized the opportunity and quickly defeated Song Qing, bringing this battle to an end.

"I hereby announce that the Longyue Merchant Association is the winner of this battle!" The referee hurriedly announced. Please rest for fifteen minutes before the final battle!"

In the three merchant associations, Song Qing walked to Yang Mo with a disappointed expression." President Yang, I lost.""

"It's nothing."

Yang Mo smiled and patted Song Qing on the shoulder." The other side has already brought out a Zifu Disciple. Your defeat is already certain. It's already not easy for you to be able to last for a hundred moves.."

Chapter 409: The Appearance of a Devil Cultivator

"You can go and rest first. Leave the rest to us."

"Yes."

After Song Qing left, Yang Mo looked at Chu Ge." Guild Leader Chu, this is the final battle. Are you confident?""

"Don't worry. The person I sent out is an existence at the fifth level of the Zifu Disciple realm." Pavilion Chu smiled.

"Fifth level Zifu Disciple!"

Yang Mo sucked in a breath of cold air. A fifth-level Purple Mansion cultivator under the age of 100 was one of the top geniuses even among fourth-rank forces.

It would not be a problem for such an existence to advance to the late-stage or even the peak of the Dao Origin realm in the future.

There was even a glimmer of hope that he could break through to the Void Piercer King Realm. Such a genius would be a treasure in any fourth-rank force.

He didn't expect that Pavilion Chu would actually invite such a genius over!

Thinking of this, Yang Mo looked at the Longyue Merchant Association with a smile.

In the Longyue Chamber of Commerce, Li Kehui smiled and said, "Clan Leader Chen, we'll have to rely on you from now on. I'm really curious, after you display your cultivation, how interesting will the expression on the other side's face be?"

Time trickled by, and in the blink of an eye, another fifteen minutes had passed.

This time, Chen Yang didn't let the three major chambers of commerce wait for him. When the referee announced the time, Chen Yang quickly came to the battle area.

Not long after, the disciples sent by the three major chambers of commerce also arrived at the battle area.

This person was dressed in black, and his face was cold. At first glance, it made people feel uncomfortable.

The referee looked at the two of them. Since it was the last match, the referee deliberately asked, "Are everyone ready?"

“No problem.” Yang Chen smiled and nodded.

The black-robed man remained silent, as if talking to the judge would damage his status.

“Are you ready, contestant?” the referee asked again.”

“I’m ready. Stop talking nonsense. I’m in a hurry.”The man in black coldly snorted.

Hearing this, the referee suppressed his anger and measured the bone age of both parties. After confirming that there was no problem with their age, the referee said loudly,“ I announce that the competition begins!”

The moment the referee announced the start of the match, the black-robed man revealed all his cultivation.

Almost in an instant, everyone in the martial arts arena felt a cold feeling. Accompanied by this cold feeling was a terrifying aura that made people’s hearts palpitate.

“ZL.Fifth level of the Zifu Disciple Realm! He’s actually a fifth-tier Purple Mansion expert!” Some of the audience members with superior perception exclaimed.

“What is it? He was actually a fifth-level Zifu Disciple! How could such an expert appear in the Three Great Chambers of Commerce?”

“Humph! There was no need to think about it. The Chamber of Commerce must have colluded with the big forces outside. This kind of thing, it was not the first time they did it.”

“Sigh, it seems like the last contestant is going to be in trouble. This person is definitely not a kind person. He is definitely a ruthless person. Can a contestant from the Longyue Merchant Association keep his life?”

Under everyone's worried gazes, Yang Chen smiled and looked at the man in black." Aren't the three chambers of commerce planning to hide it? That's good. It saves me the trouble of wasting my breath."

"What do you mean?"

The black-clothed person frowned and immediately smiled."! don't care what you mean, and I don't care what you plan to do. I'd better get rid of you as soon as possible."

After saying that, the black-clothed person rushed out. Waves of demonic aura that carried a cold aura gathered in the black-clothed person's hand.

At the same time, the shadow of a fist about three meters tall appeared behind the man in black.

"Devil Essence Fist!"

The black-robed man punched out. In an instant, the shadow behind him floated and then attached to the demonic qi. With an unstoppable aura, it rushed towards Chen Yang.

Yang Chen seemed to have been scared silly by this martial art and did not move at all.

When the man in black saw this, he revealed a victorious smile.

I thought that this person really had something to hide, but it turns out that he's just an ordinary person. 'That's right. How can there be a threat in such a small place?'

It seemed that it was another easy victory..

Chapter 410: Speak With Strength? Then Let's Speak with Strength!

The fist shadow shot out quickly and in the blink of an eye, it was already close to Yang Chen.

Just as the fist shadow was about to hit Yang Chen, Yang Chen clenched his fists. Immediately after, a terrifying aura that far surpassed the black-robed man emanated from Yang Chen's body.

Under the obstruction of this aura, the fist shadow did not even get close to Chen Yang before it dissipated between heaven and earth.

At the same time, Yang Chen's voice also reached the black-robed man's ears," So this is demonic energy. If I don't feel it properly, it's really not easy to discover it.""

This sudden change in the situation caused everyone to fall into a daze.

No one had expected that the fist that was so aggressive just a moment ago would actually disappear into the world in an instant.

After a while, someone revealed a horrified expression and said with a trembling voice,""This... This is the eighth level of the Zifu Disciple Realm!" "This person is an expert at the eighth level of the Zifu!"

This person's words instantly set off a thousand waves!

"Eighth level Zifu Disciple! An eighth-level Zifu Disciple who wasn't even a hundred years old! How is this possible!"

"What is it? Eighth level Zifu Disciple? Was this a joke? Hiss! No!

This was indeed the aura of an eighth-level Zifu Disciple! Oh my god, is this even a human?"

"With this level of cultivation, even in the legendary Dao Sect, he can already be considered a Dao Child."

“Is it? If he was more confident, he would definitely be a figure at the level of a Dao Child, or even more powerful than a Dao Child!”

Countless people fell into a daze. This was simply too shocking.

What kind of concept was reaching the eighth level of the Zifu Disciple realm under the age of a hundred? Perhaps, in terms of talent, it wasn't enough to shock anyone.

Let's put it this way. The current sect master of the Dao Sect, who was called a genius that was hard to come by in ten thousand years, was only at the seventh level of the Purple Prefecture Realm before he was a hundred years old!

Didn't this mean that Yang Chen was even more powerful than the sect master?

Of course, just because one could cultivate quickly in the beginning did not mean that the later stages would be smooth. However, at the very least, it could save a lot of time. It would give them a lot more time than ordinary geniuses to comprehend the Great Dao, and the possibility of reaching the peak would be higher.

Sensing the aura from Yang Chen's body, Pavilion Chu and the other two fell into a daze.

Yang Mo was wondering what was going on and where the other party had gotten such a genius.

Gu Mu was thinking that as expected of the Chen Clan Leader. With such talent, the Chen Clan Leader's future would definitely not be limited to the present. It seemed that he had really made the most correct decision in his life.

As for Chu Ge, he looked at Chen Yang with a face full of shock.

Damn it! Who was this? Could he be a Dao Child of Dao Sect?

Many thoughts flashed through Pavilion Chu's mind. After a while, she regained her composure and asked coldly, "President Gu, President Yang, you are very knowledgeable. Do you know Dao Children of Dao Sect or geniuses from other fourth-rank forces?"

Hearing this, Yang Mo shook his head. "I've been traveling for so many years. I don't dare to say that I know all the geniuses in the world, but in the Hidden Dragon Region, I do know the top geniuses of the major forces."

"I can confirm that this person is definitely not a genius from any of the major powers."

Then, Yang Mo looked at Gu Mu. His meaning was obvious. Do you know this person?

Seeing this, Gu Mu shook his head, "I don't know this person either. Logically speaking, this kind of genius must be as dazzling as the sun in the dark night. It's impossible to hide."

"That's strange. I've never even heard of him, let alone seen him. Could it be that this person appeared out of thin air?"

Seeing the two of them say this, Pavilion Chu fell into a dilemma.

Was this person a hidden genius of a large faction or an undiscovered gem?

This was very important, so important that it concerned Pavilion Chu's next move. If this person was really a disciple of a large faction, then he would have to hide and fulfill his promise.

But if it wasn't...

Thinking of this, a hint of killing intent appeared in Pavilion Chu's eyes.

If not, then there were only two paths left for this person. One was to submit, and the other was to die!

Thinking of this, Pavilion Chu quickly ordered, "Quick, ask everyone in the Chamber of Commerce and see if anyone knows this person!"

"Yes, sir!"

After explaining everything, Pavilion Chu continued to look at Yang Chen with a shocked expression. This was the first time he had seen a genius of this level.

In the battle area.

The man in black looked at Yang Chen. He pretended to be calm, but it was still difficult to hide the horror on his face.

'Damn it, I actually met someone on the same level as the Demon Prince here. Which bastard said that this mission was very easy and came here to relax?'

Bastard!

He should have let him do it himself. Let him personally see if this mission was as easy as he said!

Although he was complaining, there was still a battle that had not ended. Immediately, the man in black swallowed his saliva and immediately mobilized the spiritual energy in his body to continue blasting a martial art at Yang Chen.

"I just wanted to see what this demonic qi was like, so I didn't fight back. And now that I've figured it out, it's time to end the battle."

Then, Yang Chen's figure flashed and appeared in front of the fist shadow.

Then, Yang Chen threw a punch. The ordinary Mizar Fist displayed unimaginable power in Yang Chen's hands.

The fist shadow directly shattered the black-robed man's martial arts. Then, its speed did not decrease as it charged straight at the black-robed man.

" No!"

Seeing the fist shadow getting closer and closer to him, the pupils of the man in black widened. He wanted to get up and escape, but he realized that with his speed, he could not escape no matter what..
