

Tamer Family 431

Chapter 431: Longyue Chamber of Commerce's Platform for the Sharing of the Harvest

After getting his benefits, Yang Chen focused on waiting for the Rank-6 forces to arrive.

Three months later, these Rank-6 forces arrived as scheduled.

Immediately, Qing Zhiyu brought the leaders of the sixth-rank forces to a certain hall in the palace. Yang Chen was sitting on the main seat of the hall, waiting for the leaders of these forces.

As soon as the leaders of these forces entered the hall, they saw Chen Yang sitting on the main seat.

Everyone was shocked. The ruler behind the Longyue Merchant Association was actually so young?

However, they did not say anything. After arriving at the main hall, they sat down obediently.

When the last leader of a sixth-rank force arrived at the main hall, he closed the door after celebrating.

Yang Chen stood up with a smile. "Everyone, you should know why I invited you here."

"I can also let bygones be bygones. Today, I invited everyone here to discuss the future."

Hearing this, a leader of a force asked, "Sir, how do you plan to deal with us?"

"I won't deal with you. On the contrary, I'll give you freedom. The freedom to do business and earn spirit stones." Yang Chen smiled.

Hearing this, the leaders of the forces began to whisper. After a while, someone asked, "Sir, what do you need us to do?"

They were not fools. Since Yang Chen had given up such a large profit, he would definitely ask them to do something.

“My request is very simple. If you want to do business, you must rely on the Longyue Merchant Association.” Yang Chen smiled.

“In other words, regardless of whether you sell your resources in bulk or in bulk, you will need the help of the Longyue Chamber of Commerce.”

“Among them, we will take 10% of everyone’s profits. “Of course, we will also pay something.”

“For example, helping everyone contact each other to ensure the safety of the business so that everyone can do business without worries.”

“What do you think?”

Hearing Yang Chen’s words, these leaders didn’t say anything at first.

After a while, the leaders of these forces began to discuss. In the end, one of the leaders said, “We can agree to Milord’s conditions, but this 10% profit is too high.”

“Not high.” Yang Chen smiled and said, “When you start your business, you will realize that this 10% profit is not high.””

“You have to know that we are escorting you and bearing your losses at the same time to ensure that your business can proceed normally.”

“With so many benefits, do you still think that this 10% profit is high?”

Hearing this, everyone fell silent again. After a while, these forces looked at each other and said together, “In that case, we agree.”

The leaders of these forces had very simple thoughts. Although they would have to take 10% of the profits, at the very least, they would be able to do business.

In this way, they could exchange spirit stones for the cultivation resources they wanted and increase their cultivation. Wasn't it better than before?

Moreover, it was not a big deal to take 10% of the profits. At most, he could just sell it at a higher price.

Seeing that everyone had agreed, Yang Chen smiled and said, "You can ask the Longyue Chamber of Commerce about the details."

"Lastly, I hope that everyone will be able to prosper under the leadership of the Longyue Chamber of Commerce."

Then, Yang Chen turned around and left.

The leaders of these forces surrounded the current president of the Longyue Chamber of Commerce, Gu Mu.

That's right, Gu Mu became the president of the Longyue Chamber of Commerce. As for Li Kehui, he was transferred back to the Endless Mountains.

The business of the Chamber of Commerce had to be handled by professionals.

After settling the matter here, Yang Chen found a secret place and prepared to consume the Nine Heavens Mysterious Spirit Fruit to improve his cultivation.

The rest of the troublesome matters and details were left to Li Kehui and the others.

Time passed by bit by bit, and in the blink of an eye, Chen Yang had been in seclusion for a year.

In the past year, the turmoil caused by the annexation of the three major chambers of commerce had also been completely smoothed out. Allowing Rank-6 forces to do their own business would also greatly fill the market gap here.

As a result, martial artists from outside came here to buy pills or other cultivation resources.

For a moment, this place was flourishing..

Chapter 432: Chen Yang Broke Through the Second Level of the Heaven and Earth Spirit Pool

In a pavilion somewhere in the Qing Dynasty's Imperial Palace.

Looking at the garden furnishings in the Qing Consortium's Imperial Palace, Li Kehui said leisurely,""After staying here for a long time, it does feel like I'm living in seclusion in the mountains."

"Qing zun-zhe, you really know how to enjoy yourself."

"You're welcome." Qing Zun shook his head and poured a cup of tea for Shen Daokong." Kehui, you have your own difficulties."

"If it weren't for the fact that the Qing Consortium was unable to expand outward, would I have numbed myself and allowed myself to sink into the mountains and rivers?"

" But that's all in the past. Over the past year, the Qing Consortium's business has been expanding continuously, and we've already stopped our decline."

"All of this is thanks to Milord."

“Speaking of Chen Yang, how long do you think Chen Yang will be in seclusion? According to the time, the Shen family and the Li family would be arriving soon.” Li Kehui couldn’t help but ask when he heard Qing Xingye talking about Chen Yang.

Hearing this, Shen Daokong smiled and picked up his teacup. “I think it’ll take some time. It’s not like you guys don’t know how strong the Nine Heavens Mysterious Spirit Fruit is.”

“If you want to completely digest this terrifying medicinal effect and stabilize your cultivation, with Yang ‘er’s talent, it will take at least two to three years.”

Then, Shen Daokong blew on the hot air and took a deep breath.

“I don’t think so.”

Li Kehui shook his head and looked at Shen Daokong. “Senior Shen, don’t forget that Chen Yang is...”

Li Kehui’s words were clear but Shen Daokong knew what he meant. It was nothing more than receiving Yu Sheng’s inheritance. For Yang Chen, there was no bottleneck in his cultivation.

Coupled with Yang Chen’s aptitude, it would not be a problem for him to break through quickly.

Shen Daokong placed the teacup on the table and said with a smile, “I understand what you mean, but you’re also an expert who has ascended the stage. You know how deep the accumulation of the stage is. How could Yang Chen be so fast...”

Before Shen Daokong could finish speaking, he immediately sensed a powerful aura bursting forth from the Qing Consortium’s Royal Palace.

Immediately after, Qing Xingye and Li Kehui also sensed this aura.

Immediately, Li Kehui said with a strange expression, “Could it be that Chen Yang is in seclusion? It seems that the Chen Clan Head’s aptitude is more powerful than you and I thought.”

“This...”

Shen Daok, stuttering, did not dare to speak. He had just said that Yang Chen would need at least two to three years to digest it, but Yang Chen had ended his seclusion.

This slap in the face came a little too quickly.

However, Shen Daokong was someone who had seen and experienced many things. In the blink of an eye, he threw this matter to the back of his mind and smiled. “This is a good thing. Let’s go and see Yang ‘er.”

Then, Shen Daokong took the lead and left.

Li Kehui and Qing Xingye looked at each other and followed Shen Daokong’s footsteps, heading toward the place where Yang Chen was in seclusion.

When the three of them arrived at the place where Yang Chen was in seclusion, they found that Yang Chen was smiling at them. The hall that had been prepared for Yang Chen’s seclusion had collapsed under Yang Chen’s aura.

“The three of you, I didn’t disappoint you and successfully broke through to the second level.”

Hearing this, the three of them quickly arrived at Chen Yang and Fatty Chen.

Feeling the faint aura on Yang Chen’s body, Shen Daokong smiled and said, “Good! Good! Good! However, a 100-year-old expert on stage, this talent, even in the Dao Sect, was an existence that only appeared once in 10,000 years.”

“Yang ‘er, cultivate hard. I dare to say that you will definitely have a place in the future position of the strongest in the Alkaid World.”

Li Kehui and Qing Xingye also congratulated, ""Congratulations to Family Head Chen for breaking through to the stage and enjoying a lifespan of 1,600 years!"

"Alright, let's put the congratulations aside for now. How's the situation outside?" Yang Chen asked.

"The situation outside is fine. Everything is going according to our plan."

"How about this, let's go back first. We'll talk on the way." Li Kehui said.

Immediately, Yang Chen and his group left the place. On the way, Li Kehui told Yang Chen many things about the outside world.

This included the development of the Longyue Chamber of Commerce. Under the leadership of the Longyue Chamber of Commerce, a group of Rank-6 forces began to do business with each other.

Moreover, these Rank-6 forces were quite tactful. They basically did business with goods that the Longyue Chamber of Commerce had never sold or sold less.

In short, none of these rank-6 forces chose to compete with the Longyue Chamber of Commerce.

Over the past year, the Longyue Merchant Association had also generated close to 15 billion Spiritual Stones for Chen Yang and the others.

This was already very terrifying. One had to know that a fifth-grade force's total income in a year was only about 15 million.

The Longyue Chamber of Commerce's ability to earn Spiritual Stones was comparable to that of a fifth-rank force.

This was because the market had not been fully developed. The Chen family and the Li family did not have such a big appetite to digest the entire market.

If they could digest all of them, the Longyue Chamber of Commerce would probably be able to earn 30 million Spiritual Stones in a year.

If they continued to expand, the annual income of the Longyue Chamber of Commerce would be an astronomical figure.

Yang Chen nodded in satisfaction after listening to Li Kehui's explanation. Then, Yang Chen thought of something and asked, "By the way, Patriarch Li, how's the matter of me asking you to buy the aptitude pill going?"

Hearing Yang Chen mention it, Li Kehui smiled and said, "Don't worry, Lord Chen. I've already bought you 100 grade-7 aptitude pills during this period of time. I'll definitely let every single one of your direct descendants reach grade-7 aptitude."

"That's good."

Yang Chen heaved a sigh of relief and asked, "Patriarch Li, how many spirit stones did you spend? I'll pay you.."

Chapter 433: Yang Chen Breaks Through the Second Level of the Heaven and Earth Spirit Pool

"Hey, you're slapping my face."

"It's just a hundred Grade Seven Elixirs," Li Kehui pretended to be unhappy. "They're only worth about a million Spiritual Stones. The amount of Spiritual Stones our Li Family earned this time is more than a few million."

"This little aptitude pill, just treat it as me giving it to the Chen clan leader."

"Two different things."

Yang Chen shook his head." I don't just need these 100 pills. I still need Master Li to help me collect the aptitude pills in the future.""

"Patriarch Li can give me a Rank-7, but can you give me a Rank-6? One had to know that a hundred sixth-grade aptitude pills were equivalent to ten million spirit stones."

"This is your Li family's annual income."

"Then we'll talk about it in the future." Li Kehui waved his hand." You don't have to talk about it anymore, Chen Clan Leader. In the future, when I collect Grade-6 Elixirs, you have to give me spirit stones."

"But now, a mere 100 grade-7 aptitude pills. If you still talk to me about this, then we won't be friends anymore."

Qing Xingye, who was at the side, also followed." That's right. We'll talk about it in the future. These grade-7 aptitude pills are not worth a few spirit stones. Sir, please accept them.""

"I can't let down the good intentions of the Li family head."

Seeing everyone say so, Yang Chen sighed," Alright, I'll accept it." However, Patriarch Li, I'm telling you, you can't refuse spirit stones next time."

"After all, what I need next is not only tier 6 aptitude pills, but also a large number of tier 7 aptitude pills."

"If you don't accept spirit stones, I'm afraid you won't be able to collect all of them even if you sell your Li family."

Hearing this, Li Kehui looked at Yang Chen in astonishment." From what you said, it seems that you also want your Chen Family's collateral disciples to be Rank-7.""

“How can everyone be a Rank-7?” Yang Chen’s eyes flashed with a bright light, “I want all the members of the Chen family, regardless of whether they are direct descendants or collateral relatives, to be like dragons!”

These words shocked the three of them. After a while, the three of them smiled and said, “Alright, then let us witness the birth of a terrifying family!”

After returning from his seclusion, Yang Chen, Shen Daokong, and Li Kehui indulged in the man-made landscape.

In fact, Yang Chen had already planned to go back, but since the Shen family and the Li family had come to look for them, he could not change it at will.

Fortunately, Yang Chen didn’t have to wait long.

Half a year later, the Shen family’s Patriarch, Shen Renxu, and the Li family’s Patriarch, Li Ruxiao, arrived at the Qing Consortium’s Royal Palace together.

Immediately, Chen Yang and the other two welcomed the two Patriarchs into the hall and respectfully waited for the two Patriarchs to lecture them.

“Don’t be nervous. Sit down and talk.”

Shen Renxu smiled and pointed at the chair beside him.

Seeing this, the three of them looked at each other and then sat on the chair together.

After the three of them sat down, Shen Renxu smiled and said, “You guys did well this time. I already saw it when I came. You guys successfully expelled the devil cultivators in such a short period of time.”

“Of course, this isn’t the most important thing. The most important thing is that while you’re expelling the devil cultivators, you’re also ensuring the stability of this place.”

“After the elders of the Dao Sect learned of this news, they were not stingy with their praises and praised you for being able to do things.”

“For the Dao Sect and us, expelling the demonic cultivators is very simple, but we don’t want these disciples who are hundreds of thousands of miles away to suffer because of the expulsion of the demonic cultivators, causing the people to live in poverty and the martial arts to decline.”

“In short, you guys did a good job!”

Hearing Shen Renxu’s praise, Li Kehui and Shen Daokong looked at Yang Chen.

Yang Chen had expected it. Sure enough, Taoism still hoped to successfully expel the demonic cultivators without affecting the local martial arts.

Seeing that both of them were looking at Chen Yang, Li Ruxiao understood something and immediately smiled. “Chen Yang, this plan was all your idea, right?”

“Use the conflict between the merchant associations to lure the devil cultivators to a place and capture them together.”

“At the same time, we specially gave the remaining devil cultivators time to escape so that they wouldn’t have to fight to the death.”

“I have to say that you did a good job. You did indeed ensure the stability of this place. If it were me, I might not be able to do as well as you.”

Hearing this, Chen Yang stood up and bowed. “Thank you for your praise, Old Ancestor Li. This is what I should do.””

“However, you’ve caused my Li family a lot of trouble. During this period of time, my Li family has been covering for you and constantly chasing after those fleeing devil cultivators.” Li Ruxiao laughed and scolded.

Hearing Li Ruxiao’s words, Yang Chen smiled awkwardly. “I just wanted to give the Li family a reason to vent their anger.”

“Moreover, he also helped your Shen family to be a good person and not offend the Netherworld Sword Sect and the Devil Essence Palace.” Li Ruxiao continued.

Yang Chen didn’t know what to say.

Li Ruxiao saw Chen Yang’s expression and smiled. “Alright, I won’t tease you anymore. You did a good job.”

“If I were you, I would do the same.”

“And I have to thank you. Otherwise, my Li family really can’t vent this anger.”

“As for the remaining demonic cultivators, the Shen family can use them all to exchange for resources.”

Shen Renxu looked at Li Ruxiao in surprise. “Old Li, are you that generous? Aren’t you going to take revenge?”

“It’s revenge, there’s no rush. Your Shen family has been busy with this matter, so no matter what, they should give your Shen family some benefits.” Li Ruxiao said.

Shen Renxu smiled.

“I see that you’ve already extended your hands here. I’m afraid that these hundreds of thousands of miles of land are already in your stomachs.”

Chapter 434: Yang Chen Breaks Through the Second Level of the Heaven and Earth Spirit Pool

Chen Yang narrowed his eyes. What did Li Ruxiao mean by that? Did he want to get his hands on this place?

“Don’t think too much. Since you’ve swallowed it, I’ll give it to you. As long as it’s not given to the devil cultivators, it’s not a problem to give it to anyone.” Of course, my Li family also wants to take some benefits. I wonder if the Chen family leader is willing to give my Li family this opportunity?’^ Ruxiao asked with a smile.

Hearing Li Ruxiao’s address, Chen Yang knew that Li Ruxiao was serious. Otherwise, he wouldn’t have addressed Chen Yang as the Chen Clan Leader.

After thinking it through, Chen Yang said,“Please enlighten me, Old Ancestor Li.””

“It’s very simple. My Li family’s Chamber of Commerce will also be stationed here. I’ve observed that you can’t take on such a big market. Instead of handing it over to others, it’s better to let my Li family fill the gap.”

“After all, the Li family’s reputation for benevolence and righteousness is well known to the world. If they do business with the Li family, they will be at ease. On the other hand, won’t it stabilize your market?”Li Ruxiao smiled.

Chen Yang was silent for a long time after hearing Li Ruxiao’s words.

Although it seemed like the Dragon Yue Chamber of Commerce had an advantage, the Li Clan Chamber of Commerce would definitely bring in a lot of customers.

Moreover, the martial artists here would not be too far away from the Li Clan’s Chamber of Commerce. On the other hand, it had indeed helped the Longyue Chamber of Commerce stabilize its market.

However, the problem was that this would undoubtedly block the future development of the Longyue Merchant Association.

If the Chen Family and the Li Family of Qianyuan did not develop, it would definitely be a good thing for both parties.

But what if it developed? At that time, it would not be a good thing for the two families.

However, he could not reject the Li family. After all, they had also paid a lot. Many of the demonic cultivators were dealt with by the Li family. Moreover, this place was also the Li family's backyard. They couldn't just send a merchant association and Chen Yang would reject it.

After thinking about it, Yang Chen said, "Sure, but I have a condition. The Li Clan will allow the Longyue Merchant Association to set up a branch in the Li Clan's territory."

Yang Chen thought that since you sent a Chamber of Commerce to my territory, then I will send a Chamber of Commerce to your territory. This is very reasonable.

Li Ruxiao did not reject Yang Chen's conditions." Sure, the Li family agrees." Li Ruxiao's idea was very simple. The Longyue Merchant Association was just an ordinary merchant association. It would not have much impact on the Li family for the time being.

Letting the Longyue Merchant Association in would also show the Li family's magnanimity.

By the time the Longyue Merchant Association could threaten the Li Clan's Merchant Association, the Chen Clan would probably have to advance to the Fourth Stage before they could do so.

Was Rank-4 that easy to achieve?

If it was easy, it would be impossible for the Alkaid World to only have 28 fourth-rank forces.

It would take at least a few thousand years for the Chen Clan to reach Rank-4.

By then, their friendship would have dissipated, and the Li Clan could stop them without worry. After thousands of years of development, Li Ruxiao believed that the Li Clan would definitely be able to easily suppress the Longyue Merchant Association.

Moreover, even if the Li family declined, they could use this opportunity to build a good relationship with the Chen family and help the Li family tide over the difficulties.

In short, the Li family did not suffer any losses.

Of course, there were also other possibilities. The Chen family had quickly become a Rank-4, so fast that the Li family had not been strengthened or weakened at all. There would definitely be conflicts.

But how was this possible?

Shen Renxu saw their conversation, but he didn't say anything.

Shen Renxu knew what they were thinking. He was also curious whether Yang Chen could create a miracle.

Even if he really couldn't, with the Shen family around, Yang Chen could become a Void Piercer King.

"Alright, let's not talk about anything else. This time, you have completed your mission well. The Dao Sect has prepared many rewards."

Shen Renxu brought up the content of the conversation." First of all, the Li family of Qianyuan. The Li family of Qjanyuan has made a lot of contributions. The Taoist Faction has decided to reward the Li family of Qjanyuan with a Nine Revolutions Spiritual Cloud Pill."

"This Nine Revolutions Spirit Cloud Pill is a third-grade medicinal pill. It can increase the chances of breaking through to the Dao Origin by 30%."

If it wasn't for your outstanding completion of the mission, the Dao Sect wouldn't have given you such a treasure pill."

Hearing this, Li Ke's eyes immediately went straight.

Good heavens, this was the Nine Revolutions Spirit Cloud Pill, a pill that could increase a martial artist's chances of breaking through to the Dao Origin! If he had this thing, wouldn't his chances of breaking through to Dao Origin greatly increase?

Good stuff!

Looking at Li Kehui's expression, Shen Renxu smiled and handed a jade bottle to Li Kehui." Take it. Don't let down the good intentions of Taoism and break through to the Origin of Dao as soon as possible.'"

"Yes, sir!"

Li Kehui took the Nine Revolutions Spirit Cloud Pill with a burning face. Then, he carefully wiped the bottle and put it away in his storage bag.

"Next, it's yours, Yang'er." Shen Renxu said.

Hearing this, Li Kehui looked at Yang Chen. He had already taken a Nine

Revolutions Cloud Pill. As the commander of this operation, what benefits could Yang Chen get?

Yang Chen was also curious, but he didn't want him to take the Nine Revolutions Spirit Cloud Pill.

After all, the Nine Revolutions Spirit Cloud Pill was more or less useless with the inheritance of the Universe Saint.

Under the curiosity of the two, Shen Renxu told them about Chen Yang's reward." Your reward is a quota."

A quota?" Chen Yang looked at Shen Renxu." Patriarch, what quota?"

"Heaven and Earth Spirit Pool." Shen Renxu laughed.

Heaven and Earth Spirit Pool!

Yang Chen took a deep breath and asked in shock, ""Ancestor, what is the

Heaven and Earth Spirit Pool?"

Chapter 435: Yang Chen Breaks Through the Second Level of the Heaven and Earth Spirit Pool

Shen Renxu smiled and said,"I thought you knew about the Heaven and Earth Spirit Pool.""

"Fine, I'll give you an explanation. This Heaven and Earth Spirit Pool was a good thing. It was formed by absorbing the essence of the world and could nourish a martial artist's body and eliminate hidden injuries."

"Most importantly, this Heaven and Earth Spirit Pool can increase a cultivator's cultivation without any side effects."

"It can be said that this spiritual pond is one of the assets of a third-rank force."

After listening to Shen Renxu's explanation, Yang Chen finally understood what the Heaven and Earth Spiritual Pool was. It could be called the Nine Heavens Mysterious Spiritual Fruit.

No, it was a little more precious than the Nine Heavens Mysterious Spirit Fruit. After all, the Nine Heavens Mysterious Spirit Fruit was gone, and the Heaven and Earth Spirit Pool could be reused.

“The Dao Sect is willing to give me such a precious spot?” Yang Chen asked.

This Heaven and Earth Spirit Pool was extremely precious since it could increase a cultivator’s cultivation without any side effects. Why would it give him a spot?

He hadn’t made much of a contribution.

Hearing Yang Chen’s question, Shen Renxu smiled and said, “You value the entry to the Heaven and Earth Spirit Pool too much.”

“It’s not right to say that this thing isn’t precious. After all, all the Heaven and Earth Spirit Pools in the Alkaid World are in the hands of third-grade factions.”

“But if you want to say that it’s too precious, that’s not entirely true. Rank 4 factions like us can obtain quite a number of spots every time the Heaven and Earth Spirit Pool opens.”

“At the end of the day, whether this Heaven and Earth Spirit Pool is precious or not still depends on yourself.”

“Look at me,” Yang Chen frowned. “Ancestor, I don’t understand.”

“What’s there to not understand? Let me explain it to you.” Li Ruxiao continued, “Although the Heaven and Earth Spirit Pool can increase a martial artist’s cultivation, the amount of increase will definitely be different.”

“If you only advance from the first layer of Meridian Unsealing to the second layer of Meridian Unsealing, then these Heaven and Earth Spirit Stones are nothing to you.”

“But if you can advance from Dao Origin to Void Piercer King, this Heaven and Earth Spirit Pool can be said to be the most precious treasure.”

Listening to Li Ruxiao’s explanation, Yang Chen gradually understood.

It seemed that the Heaven and Earth Spirit Pool did not have a fixed increase in cultivation. The exact amount depended on him.

“Then how can I increase my cultivation?” Yang Chen asked again.

“It’s very simple. It depends on your aptitude,” Shen Renxu said. “The better your aptitude is, the faster you can absorb the energy in the Heaven and Earth Spirit Pool, and the more your cultivation will increase.”

“Of course, if you’re talented, it’s extremely easy to break through those realm barriers. Even if your talent is a little bad, you can still increase your cultivation by a lot.”

“However, this kind of situation is very rare. After all, generally speaking, the higher the aptitude of a martial artist, the easier it is to break through the cultivation barrier.”

“It’s very rare for people with poor aptitude to appear without a cultivation barrier.”

“You don’t have to worry. With your talent, although you can’t reach the peak, you can still be considered as one of the top tier. You will definitely gain a lot from this trip to the Heaven and Earth Spirit Pool.”

Shen Renxu knew about Yang Chen’s aptitude. He had a high-grade Spiritual Bloodline, which was equivalent to a third-grade aptitude.

This aptitude was rare even among third-grade forces, so it was naturally considered top-grade.

After all, Chen Yang, who had this qualification, had already reached the level of cultivation...

Wait a minute!

This cultivation?

Shen Renxu suddenly realized that Yang Chen had made a breakthrough, which shocked him.

What kind of joke was this? Even if he was a Second Grade talent, or even a First Grade Holy Son from the four hidden Second Grade aristocratic families, it was impossible for him to cultivate to the Second Stage before he was a hundred years old.

“Yang ‘er, what’s your cultivation?”

Li Ruxiao was curious when Shen Renxu mentioned Yang Chen’s cultivation. He looked at Yang Chen’s cultivation.

It did not matter if she did not look at it, but when she did, Li Ruxiao was shocked.” Oh my god! Why did you break through and go on stage?”

Seeing the two forefathers ‘shocked faces, Chen Yang smiled and said,““I’ve been quite lucky recently. I’ve been able to obtain those spirit herbs that can increase my cultivation without any side effects, so I’ve cultivated to the second level.”

“See, some time ago, I was lucky enough to obtain the Nine Heavens Mysterious Spirit Fruit..”

Chapter 436: Returning to the Chen Family, and the Plan with the Demon Emperor

Hearing this, the two Patriarchs heaved a sigh of relief. If Chen Yang could cultivate to this realm by himself, then the two Patriarchs would really be unable to sit still.

“You are lucky to have such an opportunity. “If you break through to the Dao Origin early, you will have more time to comprehend the Great Dao. This is still quite beneficial to you.”

“However, even if you have all kinds of fortuitous encounters, the fact that you can cultivate so quickly also represents your talent.”

“Perhaps you are the kind of genius who can easily break through the bottleneck of cultivation.”

“With this talent, you have to make good use of it. I still say that breaking through to the Dao Origin as soon as possible will be of great help to you.” Shen Renxu laughed.

Hearing Shen Renxu’s words, Yang Chen smiled and said, “Yes, I understand.”

“It’s good that you understand. Let’s not talk about this anymore. Let’s talk about the Heaven and Earth Spirit Pool.”

Shen Renxu said, “The Heaven and Earth Spirit Pool opens every twenty years. The next time it opens is five years later, but there are no more slots.”

“The quota I’ll give you is the one after that, which is the quota for the Heaven and Earth Spirit Pool in twenty-five years.”

“When the time comes, I’ll send someone to pick you up. You have to prepare in advance. When the time is almost up, wait for us at home.”

“I understand.” Yang Chen nodded.

Shen Renxu laughed and said, “Alright, we’re done here. We won’t disturb you anymore.” Right, Dao Kong, I’ll let you negotiate with those captives. All the benefits you get will belong to you.”

Hearing this, Shen Daokong’s face was filled with excitement. “Thank you, Patriarch!”

Then, the two patriarchs were about to leave. At this time, Chen Yang said, "Ancestors, you haven't taken back the Beast Tamer Sect's spirit beasts yet."

"Right, right, right. How could I forget about this? Leave it to me." Shen Renxu said.

Yang Chen did not reply.

Seeing this, Shen Renxu knew that Yang Chen must have something to tell him. He smiled and said, "Right, I remembered something. I have something to talk to you about in private. Follow me."

Then, Shen Daokong looked at Li Ruxiao. "Old Li, you can wait here for a while."

"It's okay. You do your thing." Li Ruxiao smiled.

Then, Shen Renxu took Yang Chen to a deserted place and asked, "Tell me, what do you want to tell me alone?"

"It's like this, Patriarch. I've found some information that might be related to the matter of the demons." Yang Chen said.

Shen Renxu's expression changed. He waved his right hand and Holy Qi surrounded the area, creating a barrier to ensure that no one could hear their conversation.

After that, Shen Renxu asked, "What exactly happened?"

"It's such a thing,"

Yang Chen immediately told Shen Renxu what he knew and his speculations about the Black Water Sect.

Shen Renxu nodded." I understand. Yang 'er, the demons are dangerous. Leave it to us.""

"From now on, you'll work hard to cultivate and wait for the Heaven and Earth Spirit Pool to open."

"Yes." Yang Chen said.

After talking about the Black Water Sect with Shen Renxu, the two of them returned to the main hall. This time, they had nothing else to do. After collecting the spiritual beasts, Shen Renxu, Li Ruxiao, and Shen Daokong left together.

After the three of them left, Li Kehui looked at Chen Yang," Chen Clan Leader, we've been here for quite some time. Let's leave as well.""

"Agreed." Yang Chen nodded. Indeed, it was time to go back.

After that, Chen Yang gave some simple instructions and asked some Li family elders and Gu Mu to guard the place. Chen Yang, Li Kehui, and the rest of the Li family elders returned to the Endless Mountains.

On the way out of the palace, Yang Chen suddenly realized that someone was staring at him.

Immediately, Yang Chen turned his head around but found nothing.

If there was anything special, it would be that there was a fortune-teller. However, the fortune-teller was reading his own client's fortune and did not have time to keep an eye on Yang Chen.

Yang Chen's strange behavior attracted Li Kehui's attention. He immediately asked,""Chen Clan Leader, what's wrong?"

"It's nothing. I must have sensed wrongly."

Yang Chen shook his head. Then, he and Li Kehui boarded the flying carriage of the Li family and returned to the Endless Mountains.

After the two of them completely disappeared, the fortune-teller stroked his beard.”

“No, no, no, you shouldn’t say that. Perhaps he’s not a hot shot and is just lucky.”

“However, if he’s not a hot shot, why does he have such powerful luck?”

“Even if your luck is strong, it’s not a big deal. It can’t prove that you’re a hot shot either!”

Under the shocked gazes of the passersby, the fortune-teller started arguing with himself. From the looks of it, he might even start fighting with himself.

Not long after, the old man’s face turned red. Just when the passers-by thought that the old man wanted to fight with them, the old man instantly recovered his bottleneck.” Forget it. Whether it’s true or not, we’ll know once we test it.”” Immediately, the fortune-teller closed his eyes and began to calculate with both hands. As time passed, cold sweat gradually appeared on the old man’s forehead.

After a while, the old man suddenly woke up and panted heavily.. His face revealed a shocked expression,” How is this possible? Rootless Fate?”

Chapter 437: Returning to the Chen Family and Planning with the Demon Emperor

“Are you kidding me? He’s not a dead person. How can luck appear out of thin air?”

“Could it be that this person has some treasure or secret to hide his luck?” That should be the case. Forget it, I’ll use the Emperor’s Fortune Bell to investigate once I return.”

With that, the old man's figure suddenly disappeared, causing the surrounding pedestrians to be completely stunned.

Not long after, a strange legend appeared in the Imperial City.

Without the spirit beasts, Chen Yang and the others moved much slower. After a year, they finally reached the Endless Mountains.

After all, demon emperors couldn't travel at full speed. They had to avoid other flying demon emperors and rest. Their speed was naturally a hundred times slower than that of spirit beasts.

After arriving at the Endless Mountains, Yang Chen didn't stay in the Li family for long and went straight to the Chen family.

In the Chen family's meeting hall, Chen Xuan was dealing with family matters. Suddenly, the guard ran in excitedly." Report!!!"

"Reporting to the First Elder, the family... Master is back!"

"It's true!" Chen Xuan stood up excitedly. Then, he ignored the things at home and rushed out excitedly. He bumped into Chen Yang who had returned.

"Patriarch, you're finally back!" After seeing Chen Yang, Chen Xuan heaved a sigh of relief.

Although Chen Xuan did not know what Chen Yang had gone to do, he knew that this mission was not simple, and it was very dangerous.

The Chen Family now relied on Yang Chen for everything. If anything happened to Yang Chen, the Chen Family would be finished.

Fortunately, everything was fine.

“Hahaha, Great Elder, long time no see. I know you must have a lot of questions. Fine, I’ll tell you all about it after we enter.” Yang Chen smiled.

“Yes, yes, yes. Let’s go in first. Patriarch, please!”

Immediately, Chen Xuan welcomed Chen Yang into the meeting hall with excitement.

In the meeting hall, Yang Chen smiled as he served tea to the servants, “First Elder, I left this time because I was ordered by the Shen family to do something big.”

“Because the matter is more important, I didn’t tell you. I’m sorry for making you worry.”

“Patriarch, what are you saying?” Chen Xuan laughed, “The family head is working hard for the family, we are pulling our legs.” Let’s not talk about this. Master, how did you get this time?”

Yang Chen smiled and said, “The harvest this time is not ordinary. Let me put it this way. It’s not a problem for everyone in the family to increase their cultivation resources by ten times.”

“It’s true!”

Chen Xuan stood up excitedly. If he could really increase his strength by ten times, then the Chen family’s strength would definitely usher in a surge.

“That’s not all. I’ll tell you this. I’ve prepared a hundred seventh grade aptitude pills that can allow every direct descendant to reach seventh grade aptitude.”

“In addition, I’ve also sent people to collect more aptitude pills. At that time, regardless of whether it’s the direct line or the collateral line, as long as it’s a member of the Chen family, everyone’s martial talent will be above the seventh grade!” Yang Chen smiled.

Hearing this, Chen Xuan became even more excited. “Family Head, quickly tell me how much money you’ve made this time.”

The Chen family was considered a large family now. Including the branch family disciples, there were nearly two thousand people.

It would be impossible for two thousand people to reach the seventh grade without making a fortune.

Seeing that Chen Xuan was so curious, Chen Yang briefly introduced the mission this time and then emphasized the gains this time.

After listening to Chen Yang's account of his gains, Chen Xuan was stunned on the spot. After a while, Chen Xuan smiled bitterly and said, "Patriarch, you're already from a completely different world from us."

"I don't even dare to dream of making a fifth-rank dynasty submit. Not to mention me, even the ancestor would not dare to dream about it."

"As expected, why let the fourth brother be the family head? He should have returned earlier. It seems that the ancestor is wise."

"Ahem." Chen Yang coughed, "Great Elder, don't say that. Although I'm happy to hear praise, it's still a little inappropriate to use my father as a foil to me."

"I was originally a big brother, but I was his big brother, and my grandfather was a person. I could still say something." Chen Xuan said.

"Alright, let's not talk about this anymore."

"First Elder, I'll have to trouble you with the distribution of resources and aptitude pills for the clan members 'cultivation.'" Yang Chen smiled.

"That's easy to say."

Chen Xuan nodded." No matter what, I've been an elder for almost a hundred years. There's no problem dealing with these things."

"But Patriarch, are we going to give them the aptitude pills just like that?"

"Of course not."

Chen Yang shook his head." Cultivation resources can be directly upgraded. After all, the resources obtained by each Sequence member are fixed."

" They won't have any complaints if we double them all at once. If they do, they'll strive to enter the high-level Sequences."

"However, the Aptitude Pill is different. After all, aptitude affects the judgment of the Echelon. If we continue to reward them like this, there will definitely be people who are unwilling."

"If their aptitudes were the same, it would be fine. If each of them had one, they wouldn't have anything to say. However, the key was that everyone's aptitude was different."

"Our original intention is to let everyone in the clan reach the seventh grade, but this will definitely be unfair to those who already have the seventh grade aptitude."

"My opinion is that we should still exchange according to the contribution points. However, we have too many aptitude pills. The contribution points for the grade-7 aptitude pills can be appropriately lowered."

"Those clansmen with high aptitude will definitely not exchange for it.. At that time, won't they still be given to those clansmen with insufficient aptitude?"

Chapter 438: Returning to the Chen Clan, and the Plan with the Demon Emperor

“This way, it’ll be easier for those with higher potential to accept it. They’ll be more willing to work hard for the clan and increase its strength. Then they can take out treasures that can help them increase their strength.”

Hearing this, Chen Xuan nodded in admiration.”

“By the way, Patriarch, I have something to tell you. Do you still remember the Shadow Cat you brought out from the ruins?

“NOW that it has grown for some time, it should be able to accept the contract. When do you think you can sign the contract with the Shadow Cat?” -If you hadn’t mentioned it, I would have forgotten about it.”Only then did Yang Chen remember that he still had a demon emperor cub that he had yet to contract.

This was related to the subsequent development of the remains. According to the customs of the remains, if one passed the first test, then it was time to reward the young spirit beast.

To be honest, after feeling the power of a fifth-grade force, Yang Chen was eager to have a Dao Origin level combat strength in his family.

After raising the Shadow Cat to the Daemon King Realm, Yang Chen might be able to obtain a Spirit Beast. After that, he would be able to increase his family’s Dao Origin combat strength.

immediately, Chen Yang handed batches of resources to Chen Xuan and went

to the Chen family’s cultivation room with Chen Xuan.

Seeing that the Shadow Cat was playing with the Howling Moon Wolf, Chen Yang looked at Chen Xuan with some doubt.” First Elder, what’s going on?

Hearing this, Chen Xuan smiled and said,“Haven’t you always put this Mystic Wind Wolf on hold because of its strength?””

“That’s why we thought of asking it to help take care of the newborn cubs.” “This area has been here for decades. Although this Mysterious Wind Wolf has evolved into a Howling Moon Wolf, the matter of raising a baby is still handed

over to it.”

Hearing this, Yang Chen’s mouth twitched.

It seemed that the Howling Moon Wolf was working quite hard. Hmm, he had to increase the Howling Moon Wolf’s bloodline and cultivation in the future so that he could raise his children at a higher level.

Smelling Yang Chen’s scent, the Howling Moon Wolf turned around with a happy expression. After seeing Yang Chen, it quickly came to Yang Chen’s side with its big tail.

Looking at the 10-meter-tall Howling Moon Wolf, Yang Chen smiled and flew into the air. He rubbed the wolf’s head and said, “Don’t worry, Howling Moon Wolf. You’re the first one to follow me. I won’t forget you.

“It won’t be long before I raise your cultivation and bloodline to the level of a demon king. At that time, your body size and strength will increase, and you can bring more demon beast cubs.”

The Howling Moon Wolf was speechless.

Suddenly, the Howling Moon Wolf’s tail gradually fell.

The Howling Moon Wolf suddenly realized that its master seemed to have already treated it as a tool to raise the young demon beasts. This was nothing, but the most important thing was that this wolf was a male wolf 111

After a short interlude, Yang Chen looked at the Shadow Cat and then stepped forward. He pressed his right hand on the Shadow Cat’s head and asked, “Are you willing to sign a natal contract with me?””

Sensing the terrifying aura on Yang Chen's body and thinking about the life principles passed down by the Howling Moon Wolf, the Shadow Cat nodded repeatedly.

Seeing this, Yang Chen smiled and signed a Natal Familiar Contract with the Shadow Cat.

At this point, the Howling Moonwolf became Yang Chen's first natal subdued beast after breaking through to the Purple Prefecture Realm.

After signing the contract, Yang Chen resumed his old life. Other than dealing with family matters, he cultivated.

This peace lasted for a year.

Of course, it was not an accident that broke the silence. It was the Spirit Eared

Fox.

Looking at the trembling Spirit Eared Fox in front of him, Yang Chen blew on the hot tea and took a sip.

When the hot tea entered my stomach, Yang Chen smiled and asked me, "Spirit Ear Fox, why are you looking for me?"

-No, no, no. I'm the one who's looking for you. The other demon emperors have something to discuss with you."

"Other demon emperors?"

Yang Chen slapped his forehead. He had forgotten that he had a Demon Emperor Alliance.

Immediately, Yang Chen put down his work and went to the lair of the flood dragon demon emperor with the Spirit-Eared Fox.

In the lair of the flood dragon demon emperor.

Sensing the terrifying aura emitted by Chen Yang's body, the flood dragon widened its dragon eyes. This..."

Yang Chen frowned as he listened to the Spirit Eared Fox's translation. "Why are you stammering? Translate what the Dragon Demon Emperor said for me." The Spirit-Eared Fox felt wronged. "I didn't stutter. This is what the flood dragon Demon Emperor said."

Hearing this, Yang Chen smiled and looked at the flood dragon demon emperor. "Chen Jiao, what's wrong?"

"What else? Look at your cultivation. When did you break through and go on stage?" Dragon Demon Emperor said in shock.

Dragon Demon Emperor still remembered that when they first met, Chen Yang was only in the Core Formation realm, and he was only in the early stage of the Demon Emperor realm.

But now, Yang Chen was on the stage, and it was only at the early stage of the Demon Emperor Realm.

So, if I, the Demon Sovereign, condensed my core, and you ascended the stage,

I would still be the Demon Sovereign?

Dragon Demon Emperor wondered if he had overslept. In fact, hundreds of years had passed outside.

Otherwise, how could he explain Yang Chen's current cultivation?

After understanding the Dragon Demon Emperor's shock, Yang Chen smiled and said, "I was just lucky. Let's not talk about me. Why did you call me here." Dragon Demon Emperor curled his lips. "Luck? Why don't I have such luck?" However, since Chen Yang was talking about serious business, the Dragon

Demon Emperor did not talk about anything else and directly told Chen Yang about the matter." It's like this. Chen Qing and the others said that we have rested for more than ten years and it's time to get down to business."

"I understand."

Yang Chen knew that this so-called business was nothing more than expanding their territory.

It just so happened that Yang Chen had the same intention. Now that they had opened up the path to the outside world, it was time to deal with the Endless Mountains.

At the very least, they had to ensure that the road between the Chen Family and the Qing Consortium was unimpeded.

"Then when do we start?" Dragon Demon Emperor saw that Yang Chen also wanted to expand and immediately asked.

Yang Chen thought about it carefully and said, "There's no hurry. If you want to expand your territory quickly, it's best if you have Dao Origin Power or a spirit beast at the Spiritual Venerable Realm."

"But right now, we don't have either of them, so we can only take it slow." "We can take it slow, as long as we can expand our territory." said the flood dragon demon emperor.

"If that's the case, you guys go pick your targets first and then tell me, then we'll act together."

"Good!" Dragon Demon Emperor nodded.

The demon emperors of the Endless Mountain Range still did not know what kind of scene awaited them next..

Chapter 439: How to Understand the Great Dao

‘

“Roar!”

A wolf-type demon beast that was nearly two meters long, with silver-white hair and a crescent moon carved on its head let out a furious roar.

“You guys, do you really want to kill us all?” The Spirit Eared Fox quickly translated.

Listening to the translation of the Spirit-Eared Fox, Yang Chen smiled and looked at the silver-white wolf. “Silver Moon Wolf Emperor, aren’t you very arrogant?”

“What, are you still begging for mercy now?”

Hearing Yang Chen’s words, the Silver Moon Wolf Emperor was furious. You

guys were the ones who targeted me first. Can’t I complain?

Good heavens, didn’t I just call you a motley crew? Did you have to chase me

for so long?

While the Silver Moon Wolf Emperor was complaining, he also felt how

powerful Yang Chen’s Monster Beast Alliance was.

There were two demon emperors in this alliance who were only in the late stage of the demon emperor realm. Moreover, it was only in the late stage of the demon emperor realm. How could it resist this alliance?

Seeing the Silver Moon Wolf Emperor's eyes retreat, Yang Chen smiled and said ""Silver Moon Wolf Emperor, I still have the same words. As long as you submit to us, not only will we keep your life, but we will also bring you along to earn resources in the future!"

"You guys are too insincere! I'm a demon emperor in the late stage, yet you've only accepted me into a level two alliance. Is this your sincerity?" Silver Moon Wolf Emperor said angrily.

"Silver Moon Wolf Emperor, this Purple Demon Marten Emperor is also a Late

Demon Emperor." Yang Chen asked.

"It's because of this! It was just a defeated opponent of mine. How could I be on the same level as it?" Silver Moon Wolf Emperor said angrily.

Upon hearing this, the Purple Demon Marten Emperor was enraged." You bastard, what did you say? Who was your defeated opponent? I'm just retreating strategically. Do you really think I'm afraid of you?"

"If you're not convinced, we can compete directly!

"Come then, do you think I'm afraid of you?" Silver Moon Wolf Emperor said angrily.

"Alright!"

Yang Chen released his own aura to stop the two Demon Emperors from attacking." Silver Moon Wolf Emperor, you have to understand that I want you to join us, but it doesn't mean that you can bargain!"

"I am now officially informing you that there are only two paths in front of you.

One is to submit, and the other is to die!"

Then, Yang Chen gathered a terrifying aura in his hand and looked at the Silver

Moon Wolf Emperor with an unfriendly expression.

Seeing this, the rest of the Demon Sovereigns also emitted a terrifying aura. They looked at the Silver Moon Wolf Emperor with a cold smile on their faces. They were waiting for Chen Yang's order to kill the Silver Moon Wolf Emperor.

The Silver Moon Wolf Emperor's expression changed when he saw the malicious gazes of these Demon Sovereigns. After a while, the Silver Moon Wolf Emperor sighed." Alright, I'm willing to submit.

Hearing this, Yang Chen retracted his aura and smiled like a spring breeze, as if nothing had happened.

"That's right. The Endless Mountain Range is so big and there are many powerful demonic beasts. Only by joining forces can we obtain greater benefits."

"Silver Moon Wolf Emperor, welcome."

Hearing Yang Chen's words, the other Demon Sovereigns retracted their terrifying auras and looked at the Silver Moon Wolf Emperor with a friendly expression. At the same time, they expressed their welcome to the Silver Moon Wolf Emperor.

Looking at these Demon Emperors, Yang Chen was filled with satisfaction. It was now the 46th year of Qiyuan. It had been a year and a half since Chen Yang arrived at the Endless Mountain Range.

Half a year had passed since the Demon Beast Alliance's operation.

In the past half a year, the Demon Beast Alliance had been expanding continuously. They had annexed three Demon Emperors in total. They were the Advanced Demon Emperor Silver Moon Wolf Emperor and the Purple Demon

Marten Emperor.

Because of the increase in the strength of the alliance, these two demon emperors could only be absorbed into the level two alliance.

However, Yang Chen also said that if anyone made a great contribution in the future, or if their cultivation increased by leaps and bounds, they could also enter the first-class alliance.

Apart from the two demon emperors in the late demon emperor stage, the alliance also absorbed a demon emperor in the middle demon emperor stage, making it the first level three alliance in the alliance.

Although the Four-Winged Bat Dragon was unwilling, the situation was dire, so it could only express its submission.

After absorbing the Silver Moon Wolf Queen, the Blue Luan bent down and asked, "Yang Chen, are we going to deal with the King Kong Ape Demon Emperor next?"

"No!"

Yang Chen shook his head. "This Diamond Ape has the strength of a peak Demon Emperor. We can't deal with it for now.

"In addition, once we swallow the Diamond Ape, we will have to come into direct contact with the spirit beasts. With our strength, we can't come into contact with the spirit beasts for the time being.

"I suggest expanding horizontally and slowly accumulating strength.

After seriously thinking about Yang Chen's words, the Green Phoenix Demon Emperor said, "What you said makes sense. Then how do we expand?" -What I mean is that if we expand horizontally, it means that the strength of the demon emperors we encounter is within our control.

"When the time comes, you can deal with those below the late Demon Emperor Stage. If you encounter any demon beasts at the late Demon Emperor Stage, come and discuss with me."

"I still have some things to deal with on my side. I can't participate in everything for the time being." Yang Chen said.

"I understand."

The Blue Phoenix Demon Emperor nodded and told the Demon Emperors Yang Chen's intention.

When the demon emperors heard this, their faces lit up with joy. If they were allowed to act on their own, it meant that they could monopolize the resources of the enemy demon emperors.

Even if they couldn't take it all for themselves, they could call for fewer demon emperors so that they could get more when they split the loot.

Especially the Four-Winged Bat Dragon. At this moment, it wished that it could quickly start a war with the surrounding demon emperors and find some subordinates for itself..

Chapter 440: How to Understand the Great Dao

|

Seeing that these Demon Emperors were eager to try, Yang Chen felt that he still had to remind them, "Everyone, you must be careful. As for the demon emperors, they could absorb them if they could, and if they couldn't, they could become demon emperors outside the alliance and become a fighter."

-If there's something you can't solve, don't be greedy. Bring it out and discuss it together, understand?"

"We understand." The Demon Emperors said in unison,

Seeing this, Chen Yang nodded and then looked at Demon Emperor Rending Gold Armadillo." Chen Qiu, you're quite steady. You must keep an eye on them.""

“Understood. You can leave it to me.”the Gold-Splitting Armadillo Demon Emperor said.

After he had finished his task, Yang Chen rode the Underworld Dragon back to his clan.

In the following period of time, Yang Chen planned to cultivate well. Before Yang Chen broke through to the Dao Origin, there was no barrier. He had to hurry up and cultivate to the peak.

After they were done cultivating, they could look for Yu Sheng to receive the inheritance. After that, they could go to the Heaven and Earth Spirit Pool.

After entering the world’s spirit pool, how much one’s cultivation could improve depended on one’s own ability.

However, there was also a way.

First of all, with so many people entering together, it was still uncertain whether the rich spiritual qi of the Heaven and Earth Spirit Pool was enough for these people to fully absorb.

If he couldn’t fully absorb it, then there would definitely be competition. Naturally, the faster the martial artists absorbed the Spiritual Qi, the more benefits they would receive.

And how to increase the speed of absorbing spiritual energy? Naturally, it was in terms of aptitude and strength.

The higher the aptitude, the faster the speed of absorbing spiritual energy The stronger the strength, the faster the speed of absorbing spiritual energy.

In terms of aptitude, Chen Yang could not solve it in a short period of time, but his strength could still be improved quickly.

Chen Yang's cultivation had not reached a bottleneck, and with such abundant cultivation resources, it was naturally not a problem for his cultivation to rise.

Then, he had to make good use of all his time and cultivate diligently. In the Chen family, as soon as Chen Yang landed, he was found by the First

Elder." Family Head, the Shen family's resource delivery team has arrived."

"Oh?"

"That's true. It's the 46th year of the Qiyuan era. It's almost time.""

Chen Yang smiled and shook his head. Then, he looked at Chen Xuan." We're not the first to receive resources. First Elder, you can just talk to him.""

Yang Chen was a little puzzled. In the past, it was the Great Elder who went alone. Why did he have to go with him today?

Chen Xuan explained," It's like this. Senior Shen Daokong is here as well. I think something must have happened, that's why I called you.""

"Progenitor Shen Daokong?"

Yang Chen's expression changed. Shen Daokong was an existence at the peak of the Dao Origin Stage. Even among the fourth-rank forces, he was considered as the most powerful person in the world. Now that he had made a move, something big must have happened.

Immediately, Chen Yang did not dare to delay. He quickly followed Chen Xuan to the reception hall.

When Chen Yang saw Shen Daokong sitting on a chair in the guest hall and leisurely drinking tea, he quickly went forward." Greetings, Patriarch Dao Kong!"

“May I know if there is any urgent matter for Patriarch Kong to visit?”

“No, I haven’t.” Shen Daokong shook his head. “It’s nothing serious. It’s just that on the way here, the old ancestor suddenly remembered that you’ve been exposed. Naturally, he will send experts to protect you.””

“Coincidentally, we bumped into Qi Yu again, so I followed him here to protect your safety.”

After knowing that there was nothing urgent, Yang Chen heaved a sigh of relief and smiled, “If that’s the case, please come with me, Patriarch Dao Kong. I want to properly welcome you.”

“As for the matter of resources, leave it to First Elder and Qi Yu’s second great grandfather.”

“Alright.”

Shen Daokong nodded and left the reception hall with Yang Chen.

In a tea pavilion somewhere in the Chen family.

Yang Chen poured Shen Daokong a cup of tea and asked, “Forefather, how’s your comprehension of the Universal Saint’s inheritance?”

“I’ve almost comprehended it. I reckon that in a few years, I’ll be able to exchange all of my Great Dao for Yu Sheng’s Fire of Extinction.” Shen Daokong said. &

Hearing this, Yang Chen nodded. “In other words, in a few years, we can receive the next stage of the inheritance?”

“How can it be so fast?”

” Let’s not talk about you guys,” Shen Daokong said with a smile.” Let’s talk about me. After digesting the first inheritance, I need some time to adapt.”” “I also need to find something that can improve my bloodline. Otherwise, with the bloodline shackles, I won’t be able to break through to the Void Piercer King realm.”

“Yang ‘er, I know what you’re thinking. You want to receive a new inheritance now, that’s fine. When the time comes, we’ll go together and you’ll be the only one receiving the inheritance.”

It s not far anyway. Just take it as a walk.”

Hearing Shen Daokong’s words, Yang Chen nodded. Indeed, he couldn’t rush this.

If he really wanted to receive the next stage of the inheritance, Yang Chen could ask them to accompany him and let him receive it alone.

“By the way, you’re about to break through to Dao Origin. Have you thought about comprehending that Great Dao?”Shen Daokong asked again.

“Great Dao...”

Yang Chen frowned. What Dao was he trying to comprehend?

Comprehending the Great Dao was not something that one could comprehend just because one wanted to. It mainly depended on one’s talent. If one’s talent was not good, how could one comprehend the Great Dao?

“I still don’t have a clue as to what Great Dao I should comprehend.-Yang Chen sighed.

“Then you have to prepare early. With the inheritance of the Universe Saint, your cultivation speed will definitely be extremely fast. If the Great Dao restrains your cultivation, then the gains will not make up for the losses.”Shen Daokong said..
