Chapter 441: How to Understand the Great Dao

Yang Chen nodded.

Yang Chen understood all of this, but what Dao should he comprehend?

The most important thing was how to comprehend the Great Dao?

No one had taught Yang Chen about this, so he really didn't know. Chen Yang immediately looked at Shen Daokong." Patriarch Dao Kong, how do you comprehend the Great Dao?"

"Ah?" Shen Daokong was stunned. What kind of question was that?

"I mean, what exactly is considered to be comprehending the Great Dao?" Yang Chen explained. To be honest, I don't know how to comprehend a Great Dao, so I naturally don't know what Great Dao to comprehend."

Shen Daokong slapped his forehead." How could I have forgotten about this? You've been here for a long time, so there must be many inheritances that have been lost. It's normal that you don't know how to comprehend the Great Dao." "Alright, since we're talking about this, I'll explain to you how to comprehend the Great Dao."

Hearing Shen Daokong's words, Yang Chen immediately focused.

This was related to his future cultivation, so he could not be careless.

Shen Daokong sipped his tea and placed it on the stone table. Then, Shen Daokong cleared his throat and continued.

"To put it bluntly, comprehending the Great Dao is to increase your compatibility with the Great Dao and finally transform into the Great Dao. Your words are the Great Dao's edict."

“Of course, that’s just a legend. Even if you ascend to the divine throne, you don’t dare to say that you’ve transformed into the Great Dao. Those who can truly transform into the Great Dao are only legends.”

“Alright, let’s get down to business. Let’s talk about how to comprehend the Great Dao.”

“In fact, comprehending the Great Dao is nothing more than the word ‘comprehension’. For example, when you can see the essence of flames, you can be considered to have entered the door of the Great Dao of Fire.”

“Next, it’s nothing more than comprehending the Great Dao step by step and increasing the compatibility of the Great Dao.”

“After you’ve entered the sect, you won’t need me to teach you how to comprehend it, you’ll be able to comprehend it yourself.”

“Right now, the most important thing is to get started.”

Yang Chen nodded. That’s right. The most important thing now was to get started. Once he got started, Yang Chen would know how to comprehend the Great Dao. At that time, it would all depend on his own talent.

Yang Chen looked at Shen Daokong and waited for his next words.

“As we said earlier, if you want to enter the sect, you have to see through the essence of a certain Great Dao. Then what was considered seeing through the essence?”

“Concept!” Shen Daokong said.

“Concept?” Yang Chen asked unconsciously.

“That’s right, it’s the concept!” Shen Daokong continued, “You should be familiar with the concept of intent realm. For example, the famous Sword Heart that has been passed down for a long time is actually the intent realm of the sword path.”

“The other Saber Hearts, Spear Hearts, or the Will of Wind are all part of the intent realm.”

“Why are disciples who comprehend Sword Heart the treasure of every sect? That was because they had comprehended intent. If they had sufficient talent, it was almost certain that they would become Dao Origin experts in the future.” “I’m a little clear now.” Yang Chen nodded thoughtfully.

So, to enter the rudiments, it was referring to the concept.

“Patriarch Dao Kong, how can you determine that you’ve already comprehended intent? How can you determine which Great Dao suits you?” “How do you determine if you have comprehended intent? It was actually very simple. Take Sword Heart for example. When you used a sword and realized that it was no different from your hand, you would comprehend Sword Heart.” “By the same logic, when you use a martial art of a certain Great Dao or a spiritual weapon, you won’t feel any obstruction. It’s as if it’s a part of your body, and you’ve already comprehended the intent realm.”

“Among them, the more powerful the Great Dao, the more obvious its performance when it enters the intent realm. For example, if one comprehended the Space Concept in the Great Dao of Space, then one would be able to travel dozens of miles in a single leap without realizing it.”

“Another example is the Great Dao of Time. It’s even more obvious. With a casual wave of your hand, you can slow down or speed up time in a certain place.”

“Even a fool can see this strange performance.” Shen Daokong laughed.

“As for which Great Dao you are suitable for, that will depend on you to try it out. There is no way to test it at the moment.”

“However, there is a small trick. You can learn all kinds of martial arts. Among these martial arts, the one you master the fastest is the Great Dao that you are most suitable for.”

“Of course, this method is not accurate. For example, you are originally suitable for the Great Dao of Time, but there are very few time martial arts.” “However, it is still a method.”

Hearing this, Yang Chen’s heart sank. Was he really going to try them one by one?

Was comprehending the Great Dao that difficult?

Looking at Yang Chen’s expression, Shen Daokong smiled and said, “How is it? Do you feel the difficulty? This was very normal. Dao Origin Supremacies were respected existences no matter where they were.”

“And among the 1,000 martial artists on stage, not even one Daoyuan Supremacy might appear.”

“If there’s no difficulty, how can we show the preciousness of a Dao Origin Supremacy?”

“I understand.” Yang Chen nodded and took a deep breath. “I’m not in a hurry. I’ll try it out slowly until I find the most suitable Dao.”

“It’s good that you think that way.”

Seeing that Yang Chen had managed to stabilize his heart so quickly, Shen Daokong nodded in satisfaction. “I can give you a little trick. You can try it and maybe you can really find a Great Dao that suits you..”

Chapter 442: How to Understand the Great Dao

“Knock?”

Yang Chen’s interest was piqued and he quickly asked, “Patriarch Dao Kong, what trick?”

“This trick is only useful for us bloodline warriors. Generally speaking, the ability of your bloodline was the most suitable Great Dao for you.”

“Of course, this is not absolutely correct. Perhaps there are other Great Daos that are most suitable for you.

However, although the bloodline power might not be the most suitable for you, at the very least, if you can continue to comprehend it, you definitely won't be an insulated body.”Shen Daokong said.

Hearing Shen Daokong's words, Yang Chen nodded.

To determine which Great Dao was most suitable for him based on his bloodline? This was a good idea.

“Ancestor, what Dao can be developed from the Illusory Spirit Eye bloodline?”Yang Chen asked.

“I'm not too sure either. After all, the Illusory Spirit Eye Bloodline hasn't appeared in a long time. The family doesn't have much information on what it is.”

“However, as the owner of the Illusory Spirit Eye Bloodline, you should know what abilities it has.”Shen Daokong asked.

Hearing this, Yang Chen thought about it seriously and said,“As far as I know, the Illusory Spirit Eye Bloodline has the ability to see through formations, martial arts, and other weaknesses.”

“But what is the Great Dao related to seeing through abilities?”

Yang Chen didn't know much about the Great Dao, so he didn't know what the Great Dao related to the ability to see through was.

“See through...”

Shen Daokong was also worried. To be honest, this ability was a little vague and seemed to fit many Daos.

Even the Great Dao of Space could be seen through.

After all, to see through a weakness, one needed to ignore the obstacles that it had set up. In other words, wasn't it the same as moving oneself into the obstacles? Wasn't this the Great Dao of Space?

Shen Daokong immediately told Yang Chen what he was thinking.

Yang Chen sighed after listening." Is it so general? Do I have to try them one by one?"

Yang Chen's eyes lit up." Right, we can ask Yu Sheng and see if he has any opinions.""

"That's right!"

Shen Daokong was enlightened." How could I have forgotten about Yu Sheng? As a Saint, the things he knows must be far more than you and me. If we ask Lord Yu Sheng, we might really have some unexpected gains.""

The two of them did not waste any time and quickly headed to where Yu Sheng was.

After passing through the deep pit and arriving outside the Cosmos Saint Hall, Shen Daokong took a deep breath and shouted,""Senior Yu Sheng! I have a request!"

As soon as he finished speaking, Yu Sheng's phantom appeared in front of the two of them.

"Where's the last person?" Yu Sheng asked with a smile. We agreed that I would only be able to give you the second part of the inheritance if the three of you arrived together."

Hearing this, Yang Chen smiled. "Lord Yu Sheng, you've misunderstood. We're not here for the inheritance. We have something to ask you."

"You have something to ask me?"

Yu Sheng sized up Chen Yang and smiled, "If you have any questions, just ask."

Hearing Yu Sheng's words, Yang Chen took a deep breath and said slowly, "Lord Universe Saint, I'm about to comprehend a Great Dao, but my bloodline is the Illusory Spirit Eye bloodline. I'm not sure what Great Dao it suits, so I wanted to ask if Universe Saint has any opinions."

"Find the most suitable Great Dao according to the bloodline ability? This is a good method."

Yu Sheng smiled and nodded. Then, he suddenly thought of something and his expression changed. He hurriedly asked, "What bloodline did you say you have?"

"Illusory Spirit Eye Bloodline?" Yang Chen was a little worried. Was there something wrong with his bloodline?

"I didn't expect you to have the Illusory Spirit Eye Bloodline. In the past, this bloodline was considered a powerful bloodline that was on par with the Divine Bloodline." Yu Sheng sighed..

Chapter 443: Chen Yang's Great Dao Qiyuan Fifty-Three

Years

"On par with the Divine Pulse?" Yang Chen looked at Yu Sheng in shock.

Bloodlines were divided into three types: Beast, Spiritual, and Saint, which corresponded to the seven grades.

Above the holy meridian, there was another bloodline that was called the divine meridian.

As for the aptitude above the first grade, it was respectfully called the divine-grade aptitude. The two had the same effect, opening the ladder for martial artists to ascend to the divine position.

For those Saints who suppressed the Yaoguang Realm to become gods, other than reaching the standard of Great Dao comprehension, their bloodline or talent had to reach divine-grade.

The importance and preciousness of a god vein didn't need to be said, but how could the Illusory Spirit Eye bloodline compare to a god vein?

Shen Daokong also looked at Yu Sheng." My Shen family's ancestor had awakened this Illusory Spirit Eye Bloodline before, but there was nothing special about it."

"And according to the Shen family's records, I've never heard of an Illusory Spirit Eye bloodline being on par with a God Bloodline."

"That's because your legacies are not enough."

Yu Sheng smiled." If I'm not wrong, your Shen family's strength shouldn't exceed Rank-4. The age of inheritance shouldn't exceed 20,000 years. Am I right?"

"That's right."

Shen Daokong nodded." But the short period of inheritance has nothing to do with the family's knowledge. In these 10,000 years, my Shen family has visited various large factions and basically gathered the secrets of the Alkaid World." "But even so, I have never heard of anything special about the illusory spirit eye bloodline."

“That’s because your Shen family hasn’t come into contact with the true secret.”

Yu Sheng patted Shen Daokong’s shoulder.” Don’t blame me for being harsh. To a Rank-1 and Rank-2 force, even a Rank-3 force is dispensable to them, let alone a Rank-4 force.”

“I naturally won’t tell these small factions about some secrets.”

Shen Daokong nodded his head. What he said was not wrong. Take the Shen family as an example. Could it be that the Shen family had to tell a Rank-5 or 6 force when they came to ask about some secrets?

Everyone had something to hide.

“If your inheritance has been passed down for a long time, you might be able to learn some clues. Those major forces will tell you about it because of your hard work.”

“But your Shen family obviously didn’t fulfill this condition, so it’s normal that you don’t know some secrets.” Yu Sheng smiled.

“Lord Yu Sheng, is there anything special about this Illusory Spirit Eye bloodline?” Yang Chen asked.

Chen Yang didn’t care what secrets these factions were hiding. What he was most concerned about was the uniqueness of the Illusory Spirit Eye bloodline.

Yu Sheng laughed.” This Illusory Spirit Eye Bloodline is only a high-grade spirit meridian. It can’t even compare to a saint meridian, let alone a divine meridian.”

“However, the Illusory Spirit Eye Bloodline has many special features that Saint Veins and even God Veins don’t have.”

“That is the illusory Great Dao hidden within the bloodline of the Illusory Spirit Eye!”

“Illusion Great Dao!”

Yang Chen took a deep breath and said slowly, “Lord Universe Saint, what is the Great Dao of the Void?”

Shen Daokong was speechless.

Good heavens, looking at your expression, you seem to know.

Yu Sheng smiled as he looked at Chen Yang. “There are 3,000 Daos. There are definitely strong and weak. A million years ago, a god had made a list of the 3,000 Great Dao.”

“The name of this ranking is the Great Dao Rankings.”

“The Illusory Spirit Eye Bloodline is ranked in the top ten of the Great Dao Rankings. From this, you can know the power of the illusory Great Dao.” “However, I have to remind you that the Great Dao Rankings are only for the humans of our Alkaid Realm. Things weren’t necessarily the same for demons or demons.”

“In the future, if you are to fight against a Monster Race expert, you must understand it clearly in advance.

Perhaps to the human race, it was an extremely weak Great Dao, but to the demon race, it was indeed a very powerful Great Dao.”

“It’s the same principle when fighting demons. You need to understand more information.”

After listening to Yu Sheng’s explanation, Chen Yang finally understood the power of the Illusory Great Dao.

It was ranked in the top ten of the Great Dao Rankings, so there was no need to say how precious and powerful it was.

If he could really comprehend the Illusory Great Dao, then his future achievements would be limitless.

However, Yang Chen had another question in his mind. From the bloodline information transmitted by the illusory spirit eye bloodline, there was no trace of the illusory Great Dao at all.

Chen Yang immediately looked at Yu Sheng. "Lord Yu Sheng, why is my Illusory Spirit Eye bloodline hiding the Illusory Great Dao?"

"You have to know that whether it's its ability or inheritance information, there's no information about the illusory Great Dao."

Shen Daokong also looked at Yu Sheng. This was also the same question in his heart.

It was not like the Shen family had never seen an Illusory Spirit Eye Bloodline before, but the information that the owner of the Illusory Spirit Eye Bloodline had conveyed did not contain any information related to the Illusory Great Dao.

Hearing Yang Chen's question, Yu Sheng smiled and said, "That's because the Illusory Spirit Eye Bloodline is only a branch of the divine bloodline. It didn't inherit the information of the Illusory Great Dao in the divine bloodline or the abilities related to the Illusory Great Dao."

"But even if you don't have any genetic information or abilities, the characteristics are still inherited. As long as you comprehend the illusory Great Dao, you will naturally feel a sense of belonging."

"However, this Illusory Spirit Eye Bloodline has a flaw. That was because his bloodline was only a branch. It would not be of much help to him in comprehending the illusory Great Dao.."

Chapter 444: Chen Yang's Great Dao Qiyuan Fifty-Three Years

“In the future, you still have to think of a way to raise your illusory spirit eye to a divine bloodline. At that time, you will be able to comprehend the illusory Great Dao as if it was a god helping you.”

“At the very least, you don’t have to worry about distracting thoughts until you reach the emperor level.”

“Oh right, that divine pulse is called the illusory divine pulse. If you go to some big forces to search, you will naturally find some clues.”

“An illusory god is a famous existence.”

After listening to Yu Sheng’s words, Yang Chen nodded and then bowed to Yu Sheng. “Thank you for your explanation, Lord Yu Sheng.”

“There’s no need to be so polite. I still hope that another illusory god will be born in our Alkaid World.” Yu Sheng smiled.

Becoming a god?

Yang Chen had some self-doubt. Can I really become a god?

However, in the blink of an eye, this suspicion was killed by Chen Yang. With the Dao Integration Pearl, it would be most surprising if he did not become a

After learning from Yu Sheng what Dao he had comprehended, Chen Yang and Shen Daokong returned to the Chen Family.

When they arrived at the Chen Family, Yang Chen brought Shen Daokong to a tea pavilion. 6

After that, Yang Chen poured Shen Daokong a cup of tea and asked, “Patriarch Dao Kong, how much do you know about the illusory Great Dao?”

Shen Daokong picked up his teacup and took a sip before saying, "I don't know much about the Illusory Great Dao. Universe Saint has already told you that bit of information."

-However, I know that there is a martial art related to the Illusory Great Dao in the Dao Sect. If you can obtain it, it might help you enter the door of the

Illusory Great Dao."

"Martial arts?"

Yang Chen's expression changed and he quickly asked, "What martial arts?"

"Flowing Shadow Sword Technique." Shen Daokong said.

-Swordsmanship?" Yang Chen frowned. "What does this have to do with the Dao of Illusion?"

-Of course it has something to do with me." "When the Flowing Shadow Sword technique is cultivated to great success, eighty illusory clones will be born around you," Shen Daokong explained. "When you attack your enemy, these clones will attack your enemy together with you."

"Isn't this an illusory Great Dao?"

"Of course, you might think that it's a little far-fetched, but the Illusory Great Dao is extremely mysterious. There are even fewer martial arts techniques derived from the Illusory Great Dao."

"This is the only martial art I know."

Yang Chen nodded. Since he couldn't find a particularly suitable martial art, he could try the Mirage Sword Technique.

But the problem was, how could he get the Mirage Sword Technique from the Taoist Faction?

For any force, martial arts were second only to cultivation techniques and could not be taught to outsiders.

It would definitely not be easy for him to obtain this Mirage Sword Technique from the Dao Sect.

“Patriarch Dao Kong, do you have any way to obtain the Mirage Sword Technique from the Dao Sect?”

“It’s very difficult.”

Shen Daokong revealed a troubled expression. “This Mirage Sword Technique is a martial art that is not easy to obtain. Even if you buy it with spirit stones, they won’t sell it to you. If you want to obtain this martial art, you have to make another great contribution.” “Another contribution?”

“Even if you buy it with spirit stones, they won’t sell it to you. If you want to obtain this martial art, you have to make another great contribution.” “Another contribution?”

Yang Chen’s expression changed as he suddenly thought of the matter of the demons. If he could make some contributions in the matter of the demons could he exchange for this cultivation method from the Taoist Faction? Thinking of this, Yang Chen quickly looked at Shen Daokong.

Shen Daokong knew about the evil spirit, so Yang Chen didn’t hide it and told Shen Daokong what he was thinking.

“Patriarch Dao Kong, isn’t the Shen clan investigating the matter of the demons. If I can participate in it, will I be able to make a great contribution?” Hearing Chen Yang’s words, Shen Daokong nodded. “The Evil Demon Calamity is a disaster for the entire Yaoguang World.”

“If you can participate in solving the evil demon’s calamity, that Dao Sect will definitely not be stingy with their rewards. They can still reward you with a blowing Shadow Sword Technique.”

“How about this, take me to the Kongwen Array, and I’ll help you contact the patriarch and the ancestor.”

Since Shen Daokong was willing to help him contact him, Yang Chen was naturally very happy. Immediately, Chen Yang brought Shen Daokong to the main hall where the Chen family had arranged the Kongwen Array.

When they arrived at the main hall, Chen Yang placed the spirit stones and spirit crystals on the Kongwen array and activated it.

The wait did not last long before the Kongwen Formation activated a blue light curtain.

5

Then, a young figure appeared on the screen.

“Hello, this is Shen...Elder Dao Kong? Why is it you?”

“I have, something important to discuss with the family head.” Shen Daokong didn’t bother with the formalities and directly asked the man to contact the family head.

Yes, sir! Elder Dao Kong, please wait a moment.”

Before long, Patriarch Shen’s figure appeared on the blue screen of light.” Hahaha, Elder Dao Kong, what’s the matter that you’re in a hurry about?” Master, are you sure no one is eavesdropping on you?” Shen Daokong said cautiously.

6

When Master Shen saw Shen Daokong’s expression, he knew that Shen Daokong must have something important to tell him.

Immediately, Master Shen waved his right hand, and a barrier appeared around him to ensure that no one could eavesdrop.

After doing all this, Master Shen said, “Elder Dao Kong, you can speak now, “It’s such a thing,”

Shen Daokong immediately told Patriarch Shen about the relationship between the Illusory Great Dao and the Illusory Spirit Eye Bloodline. At the same time he also told Patriarch Shen about Yang Chen's request.

After hearing Shen Daokong's words, Master Shen fell into deep thought. After a while, Master Shen smiled and said, "Elder Dao Kong, you've really caused me a lot of trouble.."

Chapter 445: Chen Yang's Great Dao Qiyuan Fifty-Three Years

"I didn't expect the Illusory Spirit Eye bloodline to be related to the Illusory Great Dao, which is ranked tenth on the Great Dao Rankings."

"This..."

"But since Yang'er needs it, then my Shen family will naturally help. However, there is a problem. How did you know about this relationship?"

After hearing the news from Master Shen, Shen Daokong and Yang Chen looked at each other. Then, Shen Daokong said, "Clan Head, do you know Yu Sheng?"

"Yu Sheng?"

Master Shen thought for a moment and then said, "I've heard that this Yu Sheng was a strong cultivator from 200,000 years ago. I heard that Chen Yang's place was also the burial ground of Yu Sheng."

"Could it be that you found it?"

"That's right." Shen Daokong nodded. "We found the place where Yu Sheng was buried, but Yu Sheng still passed away, leaving behind only the bones of demons."

“And the Universe Saint left behind a letter. One of the pages wrote about the relationship between the Illusory Spirit Eye Bloodline and the Illusory Great Dao.”

This was the reason that Yang Chen, Shen Daokong, and Li Kehui had thought of long ago. The huge pit in the burial ground of Yu Sheng was so big that it was impossible for it not to attract attention.

Since that was the case, he would openly admit that this was the place where Yu Sheng was buried. In any case, he had already made an agreement with Yu Sheng. Unless the three of them went together, Yu Sheng would not appear.

Although Universe Saint really wanted to chat with others, he agreed for the sake of his inheritance.

This also guaranteed that Yu Sheng’s burial ground could be told to others.

After all, who would believe that there was still a wisp of Yu Sheng’s soul left in this world?

After hearing Shen Daokong’s words, Master Shen fell into a state of shock. After a while, Master Shen said slowly, “I didn’t expect that Yang ‘er’s place was really where Yu Sheng was buried.”

“Sigh, a powerful being of the generation of Cosmos Saint was actually buried together with the demons. How lamentable!”

“Oh right, do you think I can take a look at Yu Sheng’s diary?”

“Patriarch, there’s nothing else.” “This letter has been stored for 200,000 years. Naturally, it will shatter with a touch.” Shen Daokong smiled bitterly.

“If it wasn’t for the fact that the first page of the diary recorded the matter of the Illusory Great Dao, I’m afraid we would never have known about this.”

After hearing Shen Daokong’s words, Master Shen remained silent for a long time.

Then, Master Shen slowly said, "Sigh, what a pity." Forget it. It's already very good that you can bring this news."

"As for the Flowing Shadow Sword Technique, you don't have to be anxious. I'll go back and tell the ancestor to let Yang 'er participate in it no matter what." Hearing this, Yang Chen quickly said, "Thank you, Master Shen!"

"There's no need to thank me. If there's nothing else, I'll leave first." Master Shen said.

"Farewell, Patriarch!"

After Master Shen left, Yang Chen turned off the Kongwen Array and said with a serious face, "We made a mistake this time. I feel that Family Head Shen should have guessed that we have Yu Sheng's inheritance here."

"That's for sure."

Shen Daokong chimed in from the side. "I've watched you grow up. You've been extremely intelligent since you were young. You can often find some crucial information from other people's words."

"I've already guessed the location of the clan master's contact, so the clan master will definitely be able to find some traces."

"Then why did you contact Master Shen?" Yang Chen asked.

"Two aspects."

"One reason is that if you want to exchange for the Flowing Shadow Swordsmanship, you have to go through the clan."

“On the other hand, I am an elder of the Shen family. I have some important news related to the inheritance of the family, so I naturally have to tell the family. Otherwise, wouldn’t he be letting down the family’s nurturing?”

“In addition, Yang ‘er, you don’t have to worry. According to my understanding of the patriarch, he definitely won’t tell anyone about this. Instead, he inadvertently reminded us so that we would know that he had kept a secret for us.”

“At that time, if there’s anything that needs our help, can we still not help?”

“After all, the inheritance left behind by a supreme expert like a Saint can only be chosen by one person. Once the inheritance is left behind, there will be no way for a second person to receive the inheritance.”

“This Clan Leader knows about this. Since that’s the case, why don’t we, who have received the inheritance of Yu Sheng, owe him a huge favor?”

“Perhaps when the time comes, the benefits of being able to exchange for it will be even greater than receiving the inheritance.”

Hearing Shen Daokong’s analysis, Yang Chen smiled and said, “Shen Family Head is a wonderful person.”

“Of course. The family head is known as the most outstanding family head of the Shen family and is very smart.” Shen Daokong praised.

After Shen Daokong’s analysis, Yang Chen was no longer in a hurry.

Anyway, since they didn’t show their faces on Yu Sheng’s side, and Yu Sheng didn’t show his face either, the news of the inheritance would definitely not be leaked.

Even if Master Shen sent someone to investigate, he would find nothing. In the end, he could only sell them a favor in exchange for his own benefits.

While they were analyzing Patriarch Shen's status, Patriarch Shen was also alone in a hall." From what Elder Dao Kong said, they seem to have obtained Universe Saint's legacy."

"Of course, it's also possible that they're telling the truth."

"Regardless of that possibility, I should help them hide this matter. After all, just based on Chen Yang's talent and the possibility of him comprehending the Illusory Great Dao, it's enough for me to invest."

"If they really do obtain the inheritance of the Cosmos Saint, they might become Saints in the future."

"Saints who comprehend the Illusory Great Dao are probably the top experts in the entire Yaoguang Realm. I don't have to say much about the benefits I can get from being on good terms with Yang 'er.."

Chapter 446: Chen Yang's Great Dao Qiyuan Fifty-Three Years

"And if we become enemies, let's not talk about whether I can obtain this inheritance. If everyone knows about it, what benefits can I get?"

"At that time, wouldn't it be a wedding dress for those experts? After all, my strength is still too weak."

"In that case, I'll help them cover up and make them owe me a favor."

"If we do that, we have to plan properly. How can we get Chen Yang to join the evil spirit..."

After dealing with the Flowing Shadow Swordsmanship, Yang Chen's life returned to its usual calm.

Just like that, it continued until the fifty-third year of Qiyuan.

In the fifty-third year of Qiyuan, Chen Yang was already a hundred years old.

Nine years had passed since Yang Chen returned.

During this period of time, Yang Chen's strength had also increased a lot, reaching the fourth level.

Breaking through a level in four years, this cultivation speed could be compared to the cultivation speed of those young God Realm experts.

However, Yang Chen was still not satisfied. After all, those young gods had bottlenecks, but he did not.

As long as he absorbed enough spiritual energy, he would naturally break through easily.

However, due to his aptitude, Chen Yang's speed of absorbing Spiritual Qi was not comparable to those super geniuses with Saint Veins or even Divine Veins.

Yang Chen estimated that if he had a Saint Meridian, it would not be a problem for him to break through one level in a year.

This deepened Yang Chen's desire to evolve his bloodline to the Divine Meridian. This was not only related to the illusory Great Dao, but also related to the difference in his cultivation speed.

Moreover, it was a very obvious difference.

Without the bottleneck, the gap between aptitudes had deepened.

However, he couldn't rush it. He had to plan slowly.

In the past nine years, the strength of the Chen family had also improved a lot. With a large number of aptitude pills, the aptitude of the direct descendants of the Chen family had basically reached the seventh grade, except for those newborns.

The increase in aptitude, coupled with a huge amount of cultivation resources, represented a surge in strength.

Before Yang Chen returned, the ten elders had all reached the late stage of Pulse Unsealing. However, due to their limited aptitude, they were unable to quickly advance and break through to the Core Formation realm.

And after their aptitude increased, in the past nine years, the ten great elders all broke through to the Core Formation realm.

Right now, the strongest among the direct descendants of the Chen Clan was Chen Xiao. After all, Chen Xiao's bloodline was a high-grade beast vein, so his cultivation speed was naturally fast.

With the addition of a large amount of resources, Chen Xiao had successfully broken through to the seventh layer of the Core Formation Realm, becoming the most powerful existence in the Chen Family, other than Chen Yang.

Second only to Chen Xiao was the Chen Clan ancestor, Chen Tao. Although Chen Tao had broken through to the Core Formation realm earlier than Chen Xiao, due to his talent, his cultivation had fallen behind. He was only at the fifth level of the Core Formation realm.

However, the shackles of aptitude were about to end. According to the news from the Li family, the sixth-grade aptitude pills were almost collected. It was estimated that it would not be long before they could be sent to the Chen family.

At that time, the Chen family's cultivation would soar again.

The cultivation resources that the Chen Family enjoyed were comparable to that of a fourth-rank aristocratic family. If their aptitude increased again, it would be abnormal if their strength did not soar.

Other than the explosive increase in strength, the Dao Integration Pearl had also accumulated a lot of energy over the past nine years.

After all, after Yang Chen broke through and ascended the stage, the Dao Integration Pearl could absorb the fate of a sixth-rank aristocratic family for ten years.

Over the past ten years, the Fate he had accumulated had long exceeded 100,000, reaching 120,000.

But this benefit also ended in the fifty-third year of Qiyuan.

Next, the energy absorbed by the Dao Integration Pearl was still calculated according to the seventh-grade.

However, this would not last long, because Yang Chen was planning to raise the realm of the Netherworld Cat to the Demon Emperor Realm, and then the family would advance to the Sixth Stage.

At that time, the Dao Integration Pearl would be able to absorb the luck of a sixth-rank aristocratic family again.

At this moment, Yang Chen was riding on the Underworld Dragon. After finding a place in the Endless Mountains and making sure that there weren't many demonic beasts around, Yang Chen released the Netherworld Cat.

Rubbing the Netherworld Cat's head, Yang Chen released the Dao Integration Pearl." The Dao Integration Pearl will raise the Netherworld Cat's cultivation to Demon Emperor!"

With that, a huge amount of energy surged out of the Dao Integration Pearl.. This energy quickly poured into the Netherworld Cat's body and increased its cultivation!

Chapter 447: The First Spiritual Beast Level Familiar

"Meow!"

A shrill scream sounded, as if someone was torturing a weak cat.

As the owner of this scream, the Shadow Cat was happy.

The Shadow Cat sensed that the pain was accompanied by an increase in its strength.

in less than fifteen minutes, his strength had increased from Demon General

to Demon Venerable.

If this continued, even the demon kings would not be able to stop him.

When he thought of the glory he would gain after his strength increased, the pain was nothing.

When the Underworld Dragon saw this, he could not help but smack his lips. Good heavens, he could still smile in such pain. This new companion was not ordinary.

It seemed like...Don't spend too much time with it in the future.

It was still the winged tiger that knew how to enjoy.

As time passed, the Shadow Cat's strength continued to rise. After two hours, the Shadow Cat let out another miserable scream.

Accompanied by this miserable scream was a huge aura, an aura that belonged to a demon king level demon beast.

Sensing this aura, the nearby low-level demon beasts all prostrated on the ground, afraid of angering this demon king.

Looking at the Netherworld Cat that had grown to 30 meters, Yang Chen nodded and immediately comforted it, "Shadow Cat, if you persist, you will break through to the Demon Sovereign Realm."

Demon Emperor!

The Shadow Cat perked up when he heard the name.

Come on, let the pain be more intense.

After another four hours, the Shadow Cat's body had grown to a hundred meters. At this time, the Netherworld Cat's aura had also risen to the extreme. Suddenly, the Shadow Cat's eyes moved, and a terrifying aura emanated from its body.

This aura quickly spread out, as if it had the feeling of spreading thousands of miles.

Seeing this, Yang Chen quickly waved his hand to block the aura. If this aura leaked out, it would attract the attention of others.

Currently, Chen Yang's strength was not enough to expose the Dao Integration Pearl, so he had to endure for a while.

The terrifying aura did not last long. As the Netherworld Cat stood up, the aura was quickly absorbed into its body. It was as if nothing had happened.

The Netherworld Cat had officially broken through to the Demon Sovereign Realm!

And Yang Chen finally had a Demon Emperor level subdued beast!

Looking at the awe-inspiring Netherworld Cat, Yang Chen nodded in satisfaction. "Not bad, not bad. Next, the Chen Family should also advance to

Rank-6.””

After enjoying the treatment of a Rank-6, Yang Chen was very disgusted with the energy brought by the luck of a Rank-7 family.

Now, when the clan advanced to the Sixth Stage, the Dao Integration Pearl would be able to absorb the clan fate of a sixth-rank aristocratic family. The amount of energy it absorbed every day would be a terrifying figure.

If this continued, it wouldn't be long before all of Yang Chen's demonic beasts would become existences at the Demon Emperor level.

When the Hell Cat was about to break through, the Dao Integration Pearl also sent a message. It said that one million energy points were needed to train a Demon Emperor level subdued beast to the Spiritual Venerable level.

Moreover, just one million was not enough.

This was because demonic beasts also needed to comprehend the Great Dao to break through to the spirit beast realm. However, their Great Dao was basically related to their own bloodline, so it was easier to comprehend the Great Dao. However, no matter how easy it was, it still required one to comprehend the Great Dao of the Arts of the people.

However, the Dao Integration Pearl told Chen Yang that it could consume one million energy points to directly instill the most suitable Great Dao into the

Demon Emperor.

This shocked Yang Chen for a long time.

He did not expect the Dao Integration Pearl to have such a miraculous effect.

This strengthened Yang Chen's determination to keep the secret. If it was just to increase the strength of the demon beasts, it might not be enough to shock people.

However, if he could even improve his Great Dao, then no matter who it was, they would not let Yang Chen off.

This meant that as long as there was enough time, the Dao Integration Pearl could create a god!

"No, we have to hide it well. Also, we can't let this Netherworld Cat out for the time being. No matter what, we can't expose the Dao Integration Pearl" Yang Chen muttered.

After muttering to himself, Yang Chen put away the Hell Cat and rode the Hell Dragon toward the Chen Family.

Although the Netherworld Cat could not be exposed, the Chen Family still had to advance to Rank-6. After all, Yang Chen's strength had already reached the fourth level. He could totally bring the Chen Family to a Rank-6 aristocratic family.

Chen Clan, in the meeting hall.

After Yang Chen returned to the Chen family, he went straight to the meeting hall.

Just as Yang Chen had expected, the Great Elder was currently handling some matters in the meeting hall.

Seeing that Chen Yang had returned, Chen Xuan stood up and said with a smile, "Patriarch, have you settled the matter?"

"It's done." Yang Chen nodded.

“That’s good.” Chen Xuan smiled in relief. He was the second person to know some of Yang Chen’s secrets.

Although he wasn’t sure what the secret was, he knew that Yang Chen was going to raise his subdued beast’s strength.

NOW that he had returned, it naturally represented that the Chen family had another terrifying combat strength.

Looking at Chen Xuan’s smiling face, Chen Yang thought for a moment and decided to entrust him with a few words.” First Elder, don’t tell anyone my secret. Can you do that?””

“Of course. This old man is naturally clear about the powerful relationship between them.”Chen Xuan said with a smile.

Chen Yang was still more at ease with Chen Xuan’s words. For the time being, Chen Xuan had made a Heaven and Earth Oath.

As long as Chen Xuan kept Chen Yang’s secret, Chen Yang would not treat Chen Xuan badly in the future.

Chen Xuan could still tell the relationship between them clearly.

“Oh right, inform the other forces that my Chen family will advance to Rank-6 in a year.’Yang Chen ordered..

Chapter 448: The First Spiritual Beast Level

Familiar

The reason why they had to advance to the Sixth Stage after a year was an unwritten rule in the Aikaid Realm. The purpose was to give the guests time to prepare.

After all, advancing to the Sixth Stage was a major event. The host naturally did not want to make it look ugly. Naturally, they had to leave time to inform the guests and give them time to prepare.

Hearing Chen Yang's words, Chen Xuan nodded." Okay, I'll inform the others immediately and let them send the invitation."

Then, Chen Xuan put down what he was doing and went to deliver Chen Yang's message.

Not long after, the news that the family was about to advance to Rank-6 spread throughout the Chen family. After receiving this news, regardless of whether it was the direct line or the collateral line, or the Chen family guards they all fell into ecstasy.

They didn't even give any instructions. They all spontaneously informed the other forces to buy goods and prepare for the Chen family's promotion ceremony.

Such a huge commotion naturally could not be hidden from Shen Daokong. After receiving the news, Shen Daokong looked for Yang Chen." I heard that your Chen Family is about to advance to Rank-6?"

Without waiting for Yang Chen's reply, Shen Daokong answered himself,-That's true. With your strength at the fourth level, it's normal for you to advance to the sixth grade."

"How about this? Lend me the Kongwen Array. I'll inform the family and ask them to come and attend your Chen family's promotion ceremony."

"There's no need for that."

Yang Chen tried to stop him." My Chen family has advanced to Rank-6 How would I dare to trouble the Shen family to congratulate me personally?" "The congratulations are just a side effect. The reason why I informed the clan is to sign a new alliance agreement with your Chen clan."

“We can’t possibly give you the resources of a seventh-rank family when your Chen family has already advanced to the sixth rank, right?” Shen Daokong said. After knowing Shen Daokong’s intention, Yang Chen did not try to dissuade him. He then brought Shen Daokong to the main hall where the Kongwen Array was placed and told him to pass the news to the Shen family.

After the Shen family received the news, they explicitly guaranteed that they would definitely be able to rush over within a year.

Yang Chen wasn’t worried about this.

With the speed of the spirit beasts, they could definitely rush from the Shen family to the Chen family within a year.

After all, it only took five years for a demon beast in the late stage of the Demon Emperor Realm to travel from the Chen family to the Shen family. The Shen family was still able to take out a spirit beast.

In the following period of time, the entire Chen City entered a busy state. Whether it was merchants, hawkers, or farmers, everyone was preparing for the Chen family’s promotion.

After all, the advancement of the Chen family was not a small matter. If they made good use of it, it was not impossible for them to make a fortune.

In the midst of this hustle and bustle, Yang Chen rode the Underworld Dragon alone and arrived at the Land of Inheritance.

Inside the Paradise.

The giant moth looked at Yang Chen in surprise. How did he come so quickly this time? Could it be that the subsequent stages were easier?

Or was Yang Chen lucky?

Forget it, what's the point of thinking so much? I can't wait for Yang Chen to receive the inheritance as soon as possible.

After arriving at the Legacy Hut, Yang Chen said to the mechanical female voice, "'I've already raised the Netherworld Cat to Demon Sovereign.'" Not long after, the robotic female voice sounded in Yang Chen's ear, "Please release the Netherworld Cat."

Hearing this, Yang Chen looked a little embarrassed. Wasn't he afraid of blowing up the courtyard by releasing the Netherworld Cat?

In the blink of an eye, Yang Chen slapped his forehead. What was he thinking? After the demonic beast cultivated to the Demon Emperor Realm, it could already fly. Why would it be afraid of bursting the courtyard?

After thinking it through, Yang Chen released the Netherworld Cat and told it to fly into the air and not fall.

As soon as the Netherworld Cat came out, it subconsciously released the terrifying aura in its body.

However, the moment it was released, the Netherworld Cat immediately felt a dangerous aura. It subconsciously looked up, and its fur instantly stood on end!

"Hehehe, little kitty, I mean no harm." The giant moth's voice came from the sky.

When the Netherworld Cat heard this, it quickly lowered its head, not even daring to look at the giant moth.

At this moment, the mechanical female voice rang in Yang Chen's ear, "Congratulations, you have successfully passed the assessment. Please enter the bedroom on the left and choose the content of the second stage of the assessment."

Hearing this, Yang Chen quickly put away the Netherworld Cat, afraid that it would be scared to death.

After putting away the Netherworld Cat, Yang Chen followed the instructions of the mechanical female voice and went to the bedroom on the left.

Pushing the door open, Yang Chen walked to the table near the north wall and quietly waited for the mechanical female voice's instructions.

Not long after, the mechanical voice sounded again." The second stage of the assessment is to choose a demon beast and nurture it to the Demon Sovereign Realm."

"There are a total of three demon beasts to choose from this time. They are the Six-winged Golden Roc with the Spiritual Venerable bloodline, the Pegasus with the Spiritual Venerable bloodline, and the Four-armed King Kong with the Spiritual Venerable bloodline."

"Please make your choice."

After listening to the robotic female voice's narration, Yang Chen fell into deep thought.

To be honest, these three demonic beasts were all existences that could break through to the Spiritual Beast realm. Yang Chen wanted any one of them.

But if he had to choose one of the three, Yang Chen would still prefer the Pegasus.

The reason why he chose the Pegasus was because the Pegasus was known as the race chosen by the Great Dao. Staying with the Pegasus for a long time would make one feel calm and their comprehension of the Great Dao would increase.

Although the increase was not much, to experts above the Dao Origin, a little more was better than nothing.

It was also because of this that almost every major force kept a few Pegasus. It was because of this characteristic of Pegasus.

Now that Yang Chen was about to enter the realm of Dao Origin, he naturally had to make early preparations. And this Pegasus could provide Yang Chen with help.

After thinking it through, Yang Chen said slowly, ""! choose Pegasus."

"As you wish."

As soon as the mechanical voice fell, Yang Chen saw a three-meter-long egg appear in the bedroom.

At the same time, the mechanical female voice recalled something again " Please nurture it to the Demon Sovereign Realm within 500 years." Then, the mechanical female voice suddenly disappeared and no longer announced the punishment.

After all, after the giant moth's negotiation, there was no longer any punishment in the inheritance.

Looking at the egg, Yang Chen said in a strange tone, ""Don't tell me that Pegasus are also egg-born? I've never heard of it."

This was something that Yang Chen had never known before. Among all the demon beasts that Yang Chen was familiar with, all horse-type demon beasts were born alive.

Why did it turn into an egg when it came to the Pegasus?

For the first time, the mechanical female voice gave an answer." The pegasus is indeed not born from an egg. This eggshell is man-made. The purpose is to ensure that the pegasus survives until now."

You can treat it as an egg and just hatch it normally."

"I see."

Yang Chen nodded. Thinking about it, a large portion of his subdued beasts were artificial eggshells.

Yang Chen didn't hesitate to put it this way.

After putting the Pegasus egg into his Imperial Beast Bag, Yang Chen turned around and left the ruins.

After returning to the Chen family, Chen Yang handed the pegasus egg to Chen Xuan and let it hatch. Yang Chen didn't hide anything about the pegasus egg, and he wasn't afraid of letting Shen Daokong know.

Who didn't have a secret? Compared to the inheritance of the Universe Saint, this pegasus egg was nothing.

Even if Shen Daokong saw him, he wouldn't say anything.

Just as the mechanical female voice had said, the Pegasus hatched after a month of normal incubation.

When it hatched, Yang Chen had officially signed a contract with the Pegasus.

When he was combing the pegasus, Yang Chen felt an unprecedented peace in his heart.

It was as if all the complicated matters had disappeared.

Yang Chen decided to keep the Pegasus by his side.

However, Yang Chen's plan failed.

When Shen Daokong learned that Yang Chen had found a Pegasus, he hurried over and said that he would take care of the Pegasus for Yang Chen no matter what.

Yang Chen had so many things to do, so he didn't need to worry about such a small matter.

Chen Yang could only shake his head with a bitter smile and follow Shen Daokong's wishes.

He could find a Pegasus for Shen Daokong and let him focus on comprehending the Great Dao. He wouldn't have the time to care about other things, so that Chen Yang and the others could explore the Yang Gate ruins without worry.

It wasn't time for the Yang Gate remains to be made public yet..

Chapter 449: The Chen Family's Advancement to Rank-6, Two New Alliances

"Cosmic Bro, wait for us!"

Outside Chen City, a group of white-robed youths were running towards the Endless Mountains.

The leader was slightly older, but he was no older than eighteen.

Hearing someone call out to him, the leader looked at his younger siblings." Hurry up. We sneaked out. If Grandpa Ming De finds out, we'll be in trouble."" "Don't worry, brother Long Yu. I'm taking out the Immortal's Drunken Wine.

Grandpa Ming De won't wake up."A cute girl around the age of 16 laughed.

Hearing this person's words, another young man said worriedly,"If we knock out Ming De's grandpa, he will definitely be punished when we go back."

Chen Longyu came over and knocked the man's head." What are you thinking?""

“Let me ask you, did we use knockout powder? I don’t think so. We are using Immortal Drunken Wine, which is a wine worth thousands of gold.”

“There’s fine wine. Out of filial piety, there’s nothing wrong with offering it to Grandpa Ming De. Grandpa Ming De’s gluttony is also his own problem. How can he blame it on us?”

“Alright, let’s not get tangled over this. Our Chen family will advance to Rank-6 in a month. As members of the Dragon generation, we naturally have to offer our gratitude.”

“Furthermore, this trip to the Endless Mountain Range is not as simple as capturing a demonic beast and giving it to the family.”

“At the same time, it’s also to show the other forces how powerful our Chen family’s new generation of disciples are!”

Hearing Chen Longyu’s words, the group of young Chen clansmen became excited.

“That’s right. We must let the other forces see how powerful our Chen family’s younger generation is!”

Immediately, the group of people increased their speed.

However, what they did not know was that their every move was completely seen by Chen Mingde.

After these people ran far away, Chen Mingde’s figure appeared outside Chen City.” What are these children thinking? A mere bottle of Immortal Drunk can make a half-step Core Formation expert like me drunk?”

“Forget it. Anyway, their hearts are good, so I won’t blame them.”

“It’s just that this Endless Mountain Range is full of dangers, and they didn’t bring the Chen Family’s flag. We still have to follow them to take a look, and don’t let any accidents happen.”

Then, Chen Mingde also flew toward the Endless Mountain Range.

This scene was just a microcosm of Chen Cheng's past year.

As the time for the Chen family to advance to the Sixth Stage was getting closer and closer, the entire Chen City was busy.

Outside, forces entered Chen City one after another.

Inside, the inns, tea stalls, and restaurants were all busy entertaining these foreign forces.

These foreign forces were also quite interested in visiting Chen City to see what kind of scenery this legendary Holy City had.

In the Chen family, Yang Chen was handling some matters in the meeting hall.

The promotion ceremony was getting closer and closer, and Chen Yang had more and more things to do. In the past half a month, Chen Yang didn't even have time to cultivate.

Fortunately, he could hold on for another month. When the promotion ceremony was over, everything would calm down and Yang Chen would be able to deal with things step by step.

While Chen Yang was dealing with things, Chen Xuan walked in from the door with a booklet.

As soon as he entered, Chen Xuan placed the book on the table beside Chen Yang." Family Head, these are some matters regarding the promotion ceremony. Take a look and see if there are any problems."

Hearing this, Chen Yang put down what he was doing and picked up the booklet to scan it briefly. Then, he looked at Chen Xuan." First Elder, have you read this booklet?"

"I've seen it. I don't think there's any problem." Chen Xuan said.

Yang Chen nodded." Since there's no problem, let's follow the procedure in the booklet.'"

"Yes."

Hearing this, Chen Xuan turned around and left. He began to set up the Chen family in advance.

Time passed bit by bit. In the blink of an eye, a month had passed.

In the past month, the Chen family had already arranged everything properly. Whether it was the banquet venue below the ancestral Remembrance Platform or the various welcoming procedures, everything was arranged in an orderly manner.

Now, all they had to do was wait for the arrival of the various major forces, and the Chen family would announce to the heavens that they had advanced to Rank-6.

Early in the morning, forces of all sizes gathered outside the Chen family's gate, quietly waiting for the gate to open.

Today was different from the past. Since the Chen family was about to advance to Rank-6, the forces participating in the promotion ceremony were at least Rank-8.

In the eyes of the ordinary people and the ninth-rank forces, the high and mighty leader of the eighth-rank forces could only stand outside the door with the ordinary people and listen to the Chen family's orders.

Creak!

As the door of the Chen family opened, the leaders of the Level Eight forces rushed to the steps of the Chen family's door to occupy a good position and leave a good impression on the Chen family.

The first position was occupied by the head of an eighth-rank aristocratic family.

When the leaders of the other forces saw this, they could only sigh and fight for the second place.

After the door opened, Chen Mingde and the Chen Clan's general walked out of the Chen Clan. Looking at the numerous leaders of the eighth rank forces, Chen Mingde smiled and said, "Everyone, there's no need to be anxious. As long as you come with an invitation, my Chen family welcomes you."

"However, due to the large number of participating forces, rank 8 forces can only bring one person in."

As soon as Chen Mingde said this, the leaders of the Rank-8 forces flattered him, "Milord, don't say that. It's already a great grace for us to be able to attend the Chen Family's promotion ceremony.. How could we dare to ask for too much?"

Chapter 450: The Chen Family's Advancement to Rank-6,

Two New Alliances

"That's right, that's right. Logically speaking, only eighth-rank forces like us can enter the promotion ceremony of a sixth-rank force alone."

"Now, the Chen family wants us to bring one more person. The Chen family is very righteous!"

Chen Mingde could not help but sigh in his heart when he heard the flattery of these faction leaders. The Chen family was no longer ordinary.

Chen Mingde vaguely remembered that when he was young, if the leader of an eighth-rank force came to the Chen family, the Chen family would have to treat him carefully, afraid that he would anger the leader of the eighth-rank force.

But now, these high and mighty leaders of the eighth rank forces in his childhood memories were flattering him and smiling, afraid of offending him.

Time is fate...

“Everyone, please come in!”

After a brief sigh, Chen Mingde began to earnestly carry out the task that his family had given him. He welcomed the leaders of the eighth-rank forces into the Chen family and asked the family guards to bring them to the banquet venue below the ancestral platform.

This time, a total of 200 rank-eight forces were participating in the promotion ceremony. This was even deliberately restricted by the Chen family. If the restrictions were lifted, all the rank-eight forces in the Endless Mountains would probably come after hearing about it.

Anyone could see that the relationship between the Chen family and the Li family was not ordinary. The Chen family had a big background. Now that they finally had the opportunity, they naturally had to curry favor with them.

Back to the main topic.

After an eighth-rank force entered the Chen family, it would be a seventh-rank force next.

The last time the Chen family was promoted to Rank-7, it was the Great Elder who personally welcomed the leaders of these Rank-7 forces.

But this time, there was no need.

Even though Chen Mingde had come to welcome them, the leaders of the seventh-rank forces were still deeply honored. There was a flattering smile on their faces, and there was not a trace of displeasure.

After half a day of welcoming guests, all the Rank-7 and Rank-8 forces successfully entered the Chen family.

As for Chen Mingde's work, it had come to an end for the time being. Next, the matter of welcoming the Rank-6 factions would require the great elder, Chen Xuan, to personally take action.

When Chen Xuan arrived at the door, these Rank-6 forces appeared one after another as if they had discussed it beforehand.

When Chen Xuan saw this, he hurriedly smiled and went up to greet them, exchanging pleasantries with these Rank-6 forces.

"How long has it been? The Chen family has already advanced to the Sixth Stage. This speed is beyond our reach." Prince De of the Great Gan Lord Dynasty laughed.

Hearing this, Chen Xuan hurriedly smiled and said, "No, no. It's mainly because the family head is powerful. His cultivation has risen rapidly. We're just following suit and taking advantage of him."

Hearing Chen Xuan talk about Chen Yang, the eyes of these Rank-6 forces were filled with envy.

Now that the Chen Family was about to reach Rank-6, they naturally knew a lot about the Chen Family. However, they realized that the reason why the Chen Family was so powerful today was all because of Chen Yang.

Excluding Yang Chen, the Chen family was only a relatively strong Rank-8 force.

Not to mention them, they could not even compare to a seventh-rank force.

It would be great if our faction could produce such a person.

Just as Chen Xuan was exchanging pleasantries with these Rank-6 forces with ease, a roar suddenly sounded.

Hearing this roar, everyone present could not help but shudder.

It wasn't that they were frightened by the roar, but that the aura of a Demon Emperor instantly swept through the area.

Immediately, countless people looked at the sky in shock. Could it be that a demon emperor was taking the opportunity to attack the Chen family?

Sensing this aura, Chen Xuan's expression changed. He suppressed the fear in his heart and shouted sternly, "Who are you? Can you come out and meet me?"

"Hahaha, the grand elder of the Chen family is not a scoundrel, but my Li family. What? You can't even recognize the voice of my Li family's flying subdued beast?"

A loud laughter came from the sky. Then, a demon beast that covered the sky circled above the Chen family. Behind this demon beast was a golden carriage.

Hearing this voice, Chen Xuan heaved a sigh of relief. "So it's Master Li. I didn't come far to welcome you. I hope Master Li can forgive me."

"What are you talking about?"

Li Kehui jumped down from the flying chariot and looked around. The people from the sixth-rank forces quickly lowered their heads when they saw this.

This was the head of the Li family, Li Kehui! The ruler of the Endless Mountains! A single word could decide their life and death.

He didn't expect Li Kehui to come personally!

They were not surprised that the Li family would attend the Chen family's promotion ceremony.

Even a fool could see that the relationship between the Li family and the Chen family was not ordinary. The Li family's first elder would run to the Chen family for no reason.

However, what they did not expect was that the Li family head actually came personally!

This caused them to fall into a daze.

If they were to attend the promotion ceremony of a Rank-8 force to Rank-7, they might send someone, but they would definitely not let the family head come in person.

This was against the rules.

But Li Kehui still came.

That could only mean two possibilities. One was that the Chen family's strength was not weaker than the Li family's. For a banquet of the same power, they naturally had to send the leader of the power.

The second possibility was that the power behind the Chen family was not ordinary, so the Li family had to be careful.

These Rank-6 forces were more inclined to the second possibility because it was too shocking to say that the current Chen family had already surpassed the Li family in terms of strength.

Of course, regardless of the possibility, the Chen family's position in their hearts had already risen infinitely, and they could be on equal footing with the Li family..
