

Tamer Family 451

Chapter 451: The Chen Family's Advancement to Rank-6,

Two New Alliances

It was as if the second ruler of the Endless Mountains was rising.

At the thought of this, the sixth-rank forces bent their backs even more, afraid of angering the Second Ruler.

Li Kehui looked around and then looked at Chen Xuan." Great Elder of the Chen family, where's the Chen family master? Why didn't he come over to welcome his friend?""

As soon as he finished speaking, Yang Chen's figure appeared in front of

everyone.

Looking at the demonic beasts in the sky, Yang Chen smiled and said,""How can there be such an impudent demon emperor in the territory of my Chen family? Master Li, you're the first."

Hearing this, Li Kehui laughed,"Hahaha, my fault, my fault." I'm a little excited."

"Forget it I have to admit that I was wrong. Don't worry, Chen Clan Leader.

After you see the gift from my Li Clan, you will naturally forgive my mistake."

"Is that so?" Yang Chen smiled and made a welcoming gesture." Then I'll be waiting for the Li family's gift. Master Li, please come in.""

Listening to the conversation between the two, everyone was even more convinced of their thoughts.

At that moment, he bent his waist even more, lowered his posture even more, and humbly knelt down like a servant.

just as Li Kehui was about to enter, the flying demonic beast hovering above

the Chen family suddenly let out an angry roar.

“Roar!”

This roar was filled with battle intent, as if it had met its mortal enemy.

Seeing this, Yang Chen and Li Kehui stopped in their tracks and looked at the distant sky.

Before long, the two of them knew the reason for the demonic beast’s roar.

A flying demon beast at the same level as the Demon Emperor slowly appeared in front of everyone as if it was coming from the sky.

Looking at the demonic beast, Li Kehui smiled and said, “Looks like the Qing Consortium is here too. That’s true. They should be here.”

Hearing this, Chen Yang looked at Li Kehui. “Patriarch Li, I’ll have to trouble you to help me welcome the Qing Consortium members.”

“In addition, all of you pull the demonic beasts outside of Chen City. If you two demon emperors hover above Chen City, how can I hold the promotion ceremony?”

“Good fellow, you even called me here. I’m a guest. Fine, then I’ll help you welcome the people from the Qing Dynasty.”

With that, Li Ke leaped out. After arranging for the beasts to leave, he headed toward the Qing Consortium.

Seeing this, Chen Yang looked at the Rank-6 forces." Everyone, please come

in."

"Thank you, Master Chen!"

What Yang Chen didn't expect was that just this sentence would make these

Rank-6 forces feel grateful and honored.

How could they not feel honored?

They had also heard the conversation between Yang Chen and Li Kehui. There was also a dynasty that came to participate in the Chen family's promotion ceremony.

What did this mean? It meant that the Chen family had already mixed into the

Rank-5 circle.

in other words, at this moment, Chen Yang was no different from the leader of a fifth-grade force.

in addition to the great power behind the Chen family, with all these identities stacked together, wouldn't a single sentence make them feel great honor.

Chen Xuan brought these Rank-6 forces to the Chen family. As for Chen Yang, he waited for Li Kehui and the Qing Consortium's people outside the door.

Before long, Li Kehui brought the Li Family Elder and Qing Zhiyu brought the Qing Consortium Elder. Both of them arrived at the Chen Family's main gate.

After seeing Chen Yang's figure, Qing Zhi subconsciously half-knelt."

Greetings, Lord! My family's ancestor is unable to come because he has to help you guard your business. Please forgive me!

There's no need for the Qing Emperor to be so polite."

Yang Chen helped Qing up and smiled,""Venerable Qing has worked hard for my Chen family. How can I blame him?

"This is not the place to talk. The two of you and the elders of the two clans, please follow me."

Chen Yang brought the Li family and the Qing Consortium members to the

Chen family.

Just as Yang Chen was about to bring the two of them to the banquet venue, he suddenly heard a faint roar.

Although the roar wasn't very loud, and if one didn't listen carefully, it would be difficult to distinguish, it carried an inexplicable charm.

This was the roar of a spirit beast!

Yang Chen understood and immediately said,""The Shen family of the Hundred Lineages has arrived. I have to go out and welcome them, so I can't accompany the two of you."

“What are you saying, Chen Clan Leader? With the status of the Hundred Lineages ‘Shen Clan, they naturally have to treat us with care. As for us, we are already so familiar with each other, so it doesn’t matter if we accompany them or not.” Li Kehui smiled.

Qing Zhiyu also echoed, “Yes, Your Excellency, let’s go and welcome the Shen family first.”

Hearing this, Yang Chen nodded and then pointed to the guards behind him. “You guys, bring the lords to the banquet venue.

“Yes, sir!”

At that moment, a few of the family’s Guauls took on the role of Chen Yang and brought the Li family and the Qing Consortium to the banquet venue below the Ancestral Platform.

As for Yang Chen, he leaped forward and headed towards the source of the roar.

Not long after Yang Chen flew out, he saw a flying demonic beast that was more than ten meters long. Behind the flying demonic beast was an ordinary chariot.

Sitting in the carriage was Patriarch Shen Renxu.

There was also Shen Qiyu.

Seeing this, Chen Yang paused for a moment before quickly coming to the side of the chariot and respectfully said, “Chen Yang greets Patriarch Renxu and

Great – Grandfather Qi Yu.”

“Yang ‘er, there’s no need to be so polite.” Shen Renxu laughed.

“Yes, sir!”

Hearing this, Chen Yang entered the carriage.

“Sit.” Shen Renxu pointed at the chair at the side.

Yang Chen sat on the chair and looked at Shen Renxu.” Ancestor Renxu, why would I trouble you for such a small matter?””

“You might have misunderstood. I have something else to discuss with you. I’ just going to attend your Chen Clan’s promotion ceremony.”Shen Renxu laughed..

Chapter 452: Two New Alliances for the Chen Family to Advance to Rank- 6

” As for the re-signing of the alliance agreement, the one representing the Shen family to attend the ceremony is Shen Qiyu. If you have anything to say, just tell Qi Yu directly. As for my matter, well talk about it after you’re done with this matter.”

Then, Shen Renxu closed his eyes, as if he didn’t care about anything.

When Chen Yang saw this, he looked at Shen Qiyu.” Great-grandfather Qi Yu, how do we sign this alliance agreement?”

Shen Qiyu first looked at Shen Renxu. After confirming that Shen Renxu had given him full authority to deal with him, Shen Qiyu smiled and said,””It’s like this. Before I came, we drafted an alliance agreement.”

“The terms of the alliance agreement are not much different from the previous one. It’s just that in terms of support, you will be given a year’s worth of spirit stones from a seventh-grade force instead of a fifth-grade force.”

“Of course, we have to renegotiate the bet. We’ve decided that if you break through to the Dao Origin Realm within a hundred years, you don’t have to come to my Shen family.”

“Correspondingly, if you break through to the Dao Origin Realm within too years, then my Chen family will cooperate with your Chen family in all aspects. Within too years, we will definitely bring your Chen family to a fifth-grade force.”

“Note that not only the high-end combat strength, but even the basic and middle-end combat strength will be on par with the fifth-rank forces.”

“Of course, you can choose not to sign this agreement. We can follow the previous agreement.”

“However, according to the content of the previous agreement, we will give you resources of the same rank as your Chen family reaches Rank-4.”

“I’ll leave this choice to you.”

After hearing Shen Qiyu’s words, Chen Yang fell into deep thought.

To be honest, the two agreements were more tempting. It was just that the first agreement was more risky, while the second agreement was more secure.

From Yang Chen’s perspective, he still wanted to choose the first covenant.

After all, a fifth-grade force could earn an average of 15 million Spiritual Stones a year. It might not be much in one or two years, but if it accumulated for a hundred years, it would be a terrifying astronomical figure.

However, Yang Chen was also worried about whether he could break through to the Dao Origin Realm in 100 years.

According to Yang Chen's understanding, there was no one in the fourth-rank forces who could break through to the Dao Origin Realm within 100 years.

There might be some among the third-grade forces, but they were still as rare as phoenix feathers and qilin horns.

Logically speaking, this bet was very unreasonable. However, considering Yang Chen's current strength and the Heaven and Earth Spirit Pool fourteen years later, it seemed to be acceptable.

At the very least, his cultivation would not fall.

However, the most important thing was to comprehend the Great Dao. Could Yang Chen comprehend a Great Dao within a hundred years?

Comprehending the Great Dao in a hundred years was rare among fourth-rank forces, but it was not unheard of.

From this point of view, the bet was reasonable.

However, the problem was that Chen Yang was not confident that he could comprehend the illusory Great Dao within 100 years.

One had to know that the Illusory Great Dao was ranked tenth on the Great Dao Roll.

Yang Chen was not willing to comprehend other Daos.

After thinking about it, Yang Chen felt that he had to discuss it with the Great Elder first and see what the Great Elder thought.

"I'll think about it first. I'll give you an answer after the promotion ceremony." Yang Chen said with a smile.

“Alright.” Shen Qiyu nodded. He was not in a hurry anyway, so it was not a big deal to think about it.

Seeing that both sides had come to an agreement, Yang Chen acted as the coachman and drove the carriage to the Chen family.

When they arrived at the Chen Family, Chen Yang looked at Shen Renxu.” Ancestor Renxu, do you want to go to the promotion ceremony of the Chen Family or find a quiet place to stay for two days?””

“Since we’re already here, we naturally have to experience the local customs and customs. Let’s go to your Chen family’s promotion ceremony.”Shen Renxu laughed.

Hearing this, Chen Yang nodded and brought Shen Renxu and Shen Qiyu to the banquet area below the Ancestral Platform..

Chapter 453: The Request of the Sixth Stage Chen Family and the Shen Family

Below the Ancestral Platform, all the guests held their breaths and looked at the Ancestral Platform in unison.

On the Ancestral Platform, Yang Chen walked up the steps and came to the top of the platform. Under everyone’s gaze, Yang Chen’s solemn voice rang out.

“My Chen Family’s head, Chen Yang, is announcing to the heavens that the Chen Family has risen from the ashes. Fortunately, the heavens have taken pity on us and our strength has risen to Rank-6.”

“Today, I hereby announce to the heavens that I hope that the Heavenly Dao will bestow the Chen clan with a sixth-grade clan position!”

Then, Yang Chen looked at the blue sky nervously.

The guests below the ancestral platform were also waiting for the response of the heavens.

Not long after, a seven-colored light surrounded Yang Chen.

Seeing this, Yang Chen finally heaved a sigh of relief. This was the response given by the Heavenly Axiom. From today onwards, the Chen family officially became a sixth-rank aristocratic family.

When the guests below the ancestral platform saw this, they stood up to congratulate them.”
Congratulations to the Chen family for reaching Rank-6!” “Congratulations to the Chen family for reaching Rank-6!”

Amidst the cheers, Yang Chen walked down from the Ancestral Platform and sat down on the main seat with a smile.” Everyone, sit!””

After hearing Yang Chen’s words, the guests sat down one by one.

They hadn’t noticed it before, but after it was done, the guests realized that there was suddenly an unknown force.

The news came from the seats. According to the rules, the Qing Consortium and the Li family should be sitting on Chen Yang’s left and right seats respectively.

To everyone’s surprise, there was an old man sitting on the left side of Chen Yang.

The Qing Dynasty, on the other hand, was beneath this old man.

With regards to this, many thoughts surfaced in the hearts of the guests. It seemed that this old man also represented a large faction.

However, he did not know what this powerful force was. Perhaps it was the force behind Yang Chen.

Thinking of this, everyone did not even dare to look at the old man, afraid that they would anger him and bring disaster to their forces.

In the following time, according to the rules, the guests began to present their congratulatory gifts.

In response, Chen Yang put on a mechanical smile and accepted everyone's congratulatory gifts one by one.

The Chen family was different from the past. Chen Yang didn't like the gifts from Rank-8, Rank-7, and even Rank-6 forces.

However, out of courtesy, Yang Chen still personally accepted them one by one. He did not neglect any of the forces because of the ordinary gifts.

This kind of offering continued all the way to the Qing Consortium before Chen Yang regained his spirits.

At the same time, the guests' interest was piqued. As a dynasty, the Qing Consortium's generosity was naturally extraordinary.

Under everyone's watchful eyes, Qing Zhiyu walked to a place ten meters away from Chen Yang and handed him a Beast Tamer Bag with both hands.

"The Qing Dynasty congratulates the Chen family on advancing to the Sixth Stage. We present the cub of the demon emperor level demon beast, the Flaming Armored Demonic Bear. May the Chen family's martial arts luck prosper!"

The Qing Consortium had obviously done their research beforehand and knew that the Chen family was a beastmaster aristocratic family, so they had presented such a congratulatory gift.

The Flaming Armored Demonic Bear was not ordinary. It was a demonic beast that could break through to the peak of the Demon Emperor realm. If an ordinary sixth-grade beastmaster family obtained it, they would definitely treat it as the family's treasure.

But for Yang Chen, it was nothing.

Now that Yang Chen had set his sights higher, the only thing that could move Yang Chen was the cubs of those spirit beasts.

However, Yang Chen was still very happy. He couldn't use it, but his clansmen could. If a clan member could sign a contract with the Flaming Armored Demonic Bear, it would still increase the strength of the clan by quite a bit. Immediately, Yang Chen smiled and went to Qing Zhiyu's side. He took the Imperial Beast Bag with both hands and said with a smile, "The Qing Emperor is very thoughtful."

Hearing this, Qing Zhiyu felt relieved and said, "It's good that you like it. I was afraid that you wouldn't like it."

"Don't say that. Even a fifth or fourth-rank force wouldn't say that they don't like such a gift, right?" Yang Chen smiled.

After a few simple pleasantries, Yang Chen returned to his seat.

Qing Zhi returned to his seat under the shocked gazes of the guests.

How could a person who could casually take out such a gift not be shocking? Was the foundation of a fifth-grade dynasty really that powerful?

And what kind of existence was the Chen family that could make such a powerful dynasty treat them with caution?

Before everyone's shock was over, Li Kehui took over Qing Zhi's position and stood up to Yang Chen. He smiled and said, "Chen Clan Leader, I told you that I would definitely give you a big gift."

"Oh? Master Li, don't keep me in suspense. Tell me quickly." Yang Chen smiled.

Earlier, Li Kehui said that the Li family would present a big gift, but Yang Chen didn't take it to heart.

Yang Chen knew the Li family very well. What kind of gift could the Li family give him? Even if the Li family offered the Dragon Scale, it wouldn't be a big gift for Yang Chen.

Although the dragon scale armor was precious enough, the Chen family did not need it at all.

"Alright."

Li Kehui smiled and nodded. Then, he placed his storage bag on the table." The Li family congratulates the Chen family for advancing to Rank-6. They specially offer 100 Rank-6 Aptitude Pills. May the Chen family's martial arts luck prosper!"

"What?"

Yang Chen suddenly stood up and looked at Li Kehui in disbelief." Master Li, what do you think is in this storage bag?"

"A hundred sixth grade aptitude pills. Let me tell you, this cost my Li family ten million spirit stones. This is also because of the discount from that large faction. Otherwise, we wouldn't have been able to get ten million."

"Chen Clan Leader, how is this gift?"Li Kehui smiled.

100 grade-6 aptitude pills!

Chapter 454: The Request of the Shen Family and the Chen

Family

Everyone present had just recovered from the shock of the previous match when their jaws almost dropped.

Li Kehui actually took out 100 Rank-6 Aptitude Pills.

If this were to be auctioned off in an auction, it would definitely fetch 20 million spirit stones. Li Kehui gave away nearly 20 million Spiritual Stones just like that?

The Li family's spending was indeed a little big.

Moreover, it was not only because of the spirit stones. The aptitude pills had always been in a state of being priceless. The sixth-grade aptitude pills were even more so. Even if they had so many spirit stones, they might not be able to buy so many sixth-grade aptitude pills.

Qing Zhi also looked at Li Kehui with some envy. He had acted together with the Chen family, but the Li family had made a lot of money. They had even become generous.

In the past, the Li family would have been hesitant to spend even a million spirit stones, let alone ten million spirit stones.

Seeing everyone's shocked expressions, Li Kehui smiled in satisfaction. Taking out so many spirit stones at once made Li Kehui feel a little pained.

However, in order to build a good relationship with the Chen family, Li Kehui had no choice but to do so.

This was because Li Kehui had a feeling that the Chen family would very likely cause trouble again. If the Chen family caused trouble, it meant that countless spirit stones were waving at them.

Li Kehui naturally wanted to participate in this and continue to earn some Spiritual Stones for the family.

This was just like doing business.

“Patriarch Li, isn’t this a little too generous?” After recovering from his shock,

Yang Chen said in embarrassment.

To be honest, even if the Chen family advanced to the Fifth Stage, it would not be worth it to give them something worth ten million spirit stones.

Hearing this, Li Kehui smiled. “Don’t mention it. The Chen family’s promotion to the Sixth Stage is a big deal. A mere ten million Spiritual Stones is nothing.” “Alright, there’s no need for formalities between us.

Seeing this, Yang Chen stood up and came to Li Kehui’s side. He took the storage bag with both hands and then whispered into Li Kehui’s ear, “Tell me the truth. What exactly are you planning?”

“As expected, the Chen Clan Leader understands me.”

Li Kehui chuckled and whispered, “I don’t ask for much. I just hope that if the Chen family needs my Li family’s help, just tell me.

In other words, he meant to remember to bring the Li family with him when he caused trouble.

Yang Chen looked at Li Kehui and laughed, “Hahaha, my Chen family will remember the good intentions of the Li family head.”

This was to tell him that the Li family could cause trouble with the Chen family in the future.

Li Kehui immediately returned to his seat, and Yang Chen returned to the main seat.

Just as Chen Yang was about to announce that everyone was enjoying themselves, he suddenly realized that Shen Qiyu had stood up.

Seeing this, Yang Chen quickly stood up." This..." There's no need for the Shen family."

-What are you saying, Chen Clan Leader? Since we are here, we naturally have to present our congratulatory gifts according to the rules." Shen Qiyu smiled. Immediately, Shen Qiyu took out a four-inch token from his interspatial ring. The Shen family congratulates the Chen family on advancing to Rank Six and offers a Sage Sect Token. May the Chen family's martial arts luck prosper!"" Hearing that, Chen Yang quickly stood up and went to Shen Qiyu's side to take the so-called Glory Sect Token.

Although Yang Chen didn't know what the Glory Sect Token was, the item that the Shen family had taken out was definitely not a simple treasure.

Yang Chen wasn't the only one who was confused. The leaders of the forces present were also confused.

What exactly was this Glory Sect Token?

On the other hand, Li Kehui and Qing Yu looked at each other and saw shock in each other's eyes.

The Shen family actually took out the Glory Sect Token!

After Chen Yang took the Glory Sect Token, Shen Qiyu smiled and said,""You must have a lot of questions in your heart, but I can't explain it to you at the moment. After all, this Glory Sect Token is of great importance. I'll explain it to you after the banquet is over."

Yang Chen nodded and returned to the main seat to announce the start of the banquet.

The banquet lasted for seven days and seven nights. During that time, the lights in Sun City were bright. Everyone was celebrating the Chen family's promotion to Rank-6.

Seven days later, after sending off all the guests, Chen Yang, Shen Qiyu, and Shen Renxu came to the Chen family's reception hall.

In the reception hall, after the servant served tea, Yang Chen asked, "Second Great Grandpa, what exactly is this Glory Sect Token?"

"The so-called Glory Sect Token is the right to enter the ruins of a sect called Glory Sect."

Shen Qiyu put down the teacup in his hand and explained with a smile, "Glory Sect was a second-rank sect 120,000 years ago. In order to resist the demons, the entire sect died."

"However, the inheritances and resources of the fallen sect were not cut off. In order to ensure that the ruins of Glory Sect would not be opened up, all the major powers had joined forces to seal off Glory Sect, and they had stipulated that it would only open once every hundred years."

"There's a limit to the number of slots available each time. This token is the qualification to open the Glory Sect's ruins fifty years later."

Hearing Shen Qiyu's words, Chen Yang looked at the storage bag that contained the token. He did not expect that this token was actually related to a second-rank sect.

Such a precious treasure, the Shen family actually gave it to him?

Shen Renxu seemed to have noticed Yang Chen's confusion and smiled, "Yang

'er, don't think too much of this token."

"After a hundred thousand years of development, Glory Sect has been almost fully developed. Currently, only the fifth-grade forces valued the Glory Sect Token."

"This is a rare treasure. Who knows what other inheritances Glory Sect has hidden?" Yang Chen said.

"That's true, but this requires luck. Since it's all about luck, why don't I let you gamble?" Shen Renxu laughed.

“Of course, this Glory Sect Token is not given to you for free. I need your Chen family to do something for my Chen family.”

“There will be other benefits after this.”

Hearing this, Chen Yang looked at Shen Renxu. This was probably the reason why Shen Renxu had come personally.

Chen Yang nodded.” The Patriarch has instructed.

“Actually, this matter is related to you. Do you still remember the Sky Cloud Sect?”Shen Renxu asked.

“Sky Cloud Martial School?”

Yang Chen’s expression changed and he quickly asked,“Forefather, is there an outcome to the matter of the demons?”

“That’s right.”

Shen Renxu nodded,” We did find out that the Sky Cloud Martial School colluded with the evil cultivators. We also witnessed the transactions between the Sky Cloud Martial School and the evil cultivators more than once. “In that case, why didn’t the Shen family destroy the Sky Cloud Martial School?”Yang Chen asked.

“Because there is no evidence, or rather, there is no accurate evidence that the Sky Cloud Martial School is colluding with the demons.”Shen Renxu said. “This Sky Cloud Sect is unlike the other sects. As a top rank 5 sect, we can’t just listen to others and destroy them.”

“Moreover, the Sky Cloud Martial School is a subordinate sect under the Li family. We have communicated with the Li family. The Li family said that if they don’t have accurate evidence, if the Shen family makes a move on the Sky Cloud Martial School, the Li family will definitely not stand by and watch.”Shen Renxu said.

“Didn’t the Shen family see the Sky Cloud Martial School colluding with the Sorcerers?” Yang Chen asked.”

“This is not enough.”

” For a force of this level,” Shen Renxu sighed.” There must be a video stone to record the evidence of their collusion with the demons.”“

■ ■ What we investigated was basically what others said and the collusion between them and the evil cultivators. This was far from enough.” “They can say that they colluded with the Sorcerers to catch a big fish.” -To be honest, it’s not just them. If we didn’t catch a few Sky Cloud Martial School’s higher-ups, we wouldn’t have believed it after they admitted it.” “In the end, it’s because of the Sky Cloud Martial School’s special nature. Without any video recording, no one can say that they are colluding with the demons.”

Yang Chen nodded. He understood what Shen Renxu meant.

In this world, since malicious editing was not allowed, video recordings were the most convincing evidence.

For a sect like the Sky Cloud Sect, they could only attack the Sky Cloud Sect if they had an accurate video recording.

As for what the higher-ups of the Sky Cloud Martial School said, it was too simple. Any illusion could do it. It was even possible that the higher-ups of the sect deliberately framed him. This was not enough evidence.

“So, what does the Shen family need the Chen family to do?” Yang Chen asked. “If you attack the Sky Cloud Martial School, the Li family won’t interfere.” Shen Renxu said..

Chapter 455: A Mission Against the Sky Cloud Martial

School

I

“Your Chen family is only a sixth rank force now. If you want to attack the Sky Cloud Martial School, the Li family will have an excuse to refuse to help the Sky Cloud Martial School.”

“After all, a Rank-6 force is attacking a Rank-5 force, and a Rank-5 force still needs to ask for help. This is simply the biggest joke in the world.”

“Of course, it would be even better if the Sky Cloud Martial School could take the initiative to attack you and force you to fight back. Even if the Sky Cloud Martial School is in danger, the Li family can refuse.”

“After all, you attacked others first and were counterattacked. How can you still have the face to ask for help?” Shen Renxu laughed.

“I understand.”

Yang Chen nodded, “It is not convenient for the Shen family to show up, so they let our Chen family take the lead to attack the Sky Cloud Martial School.

After we destroy the Sky Cloud Martial School, the truth will be revealed to the world.””

“That’s right.” Shen Renxu nodded.

“However, Ancestor Ren Xu, with our Chen family’s strength, it’s a little too much for us to deal with the top rank 5 Sky Cloud Martial School, which has a peak Dao Origin expert.” Yang Chen said worriedly.

in fact, Yang Chen had already made it very clear. With the strength of the Chen family, it was no different from throwing an egg at a rock.

This Glory Sect Token was not easy to obtain.

“Don’t worry, we won’t let your Chen Family deal with the Sky Cloud Martial School.” Shen Renxu looked at Yang Chen with a smile.

“They won’t let us deal with the Sky Cloud Martial School alone?”

Chen Yang frowned. “Does Old Ancestor Ren Xu mean that he plans to send experts to support us? However, if the experts of the Shen family were to step out, wouldn’t they be exposed? The Sky Cloud Martial School should know the famous experts of the Shen family.”

“You’ll have to think of a way yourself.”

Shen Renxu smiled and said, “Once the powerful warriors of the Shen family come out, they must defeat the enemy in one go. We can’t give the Sky Cloud Martial School too much time.”

“In other words, the experts of the Shen family can only be used in the final battle. As for the previous battles, they will be handed over to the Chen family. “Although this mission is very difficult, if you can complete it well, the reward from the Dao Sect will definitely not be low. You might even be rewarded with a Great Dao Crystal.”

“Great Dao Crystal?” Chen Yang looked at Shen Renxu in confusion. “Ancestor Renxu, what is this Dao Crystal?”

“The Great Dao Crystal is a good thing.”

Shen Renxu’s eyes were filled with desire. “Simply put, this Great Dao Crystal is a treasure that can help you comprehend the Great Dao. It’s like a Spiritual Crystal that can help you cultivate.”

“You should know how helpful Spiritual Crystals are to warriors. The Great Dao Crystal can help warriors comprehend the Great Dao much more than Spiritual Crystals can help warriors cultivate.”

Great Dao Crystal!

After listening to Shen Renxu's explanation, Yang Chen finally understood why the Dao Crystal was so precious.

Being able to assist martial artists in comprehending Great Dao, this was a rare good thing.

Chen Yang already knew a thing or two about how difficult it was to comprehend the Great Dao. Many geniuses had been shackled by this Great Dao and could not advance any further in their lives.

Chen Yang was tempted. He was currently at the moment of comprehending the Great Dao. If he had the help of the Great Dao Crystal, he might be able to breakthrough to the Dao Origin realm earlier and complete the bet with the Shen family.

However Yang Chen was also worried. Although the Shen family would send out experts, they could only appear in the final battle. Yang Chen was afraid that the Chen family would not be able to last until the final battle.

The difference between the two sides was too great.

As if he had seen through Chen Yang's thoughts, Shen Renxu smiled and said, "I estimate that the Dao Sect will reward at least ten universal Great Dao Crystals, which are Great Dao Crystals that can be used by all Great Daos." "I estimate that these ten Great Dao Crystals are enough for you to comprehend your own Great Dao within ten years."

Ten years!

Yang Chen was even more tempted.

Shen Renxu continued to laugh. "In addition, you can also pull the Li family of Qianyuan with you. You can work with the Qing Dynasty or even the Black

Water Sect."

“It shouldn’t be a problem to act with them and persist until the final battle.” “Oh right, the Taoist Faction has recently refined a batch of Grade Five Elixirs.

If the Shen family helps to apply for it, with your Chen family’s contribution, it should not be a problem for the Taoist Faction to reward you with a batch of

Grade Five Elixirs.”

“This grade 5 aptitude pill is an existence that has a price but no market.”

Pa!

Yang Chen’s determination was completely shattered.

The benefits were too great, so great that the Chen family had to take the risk. Moreover, even if the mission failed, the Chen family would not be in any danger with the support of the Shen family’s experts.

Moreover, the possibility of winning was not low. He just needed to plan carefully.

Chen Yang looked at Shen Renxu and said, “Ancestor Renxu, the Chen Family agrees.”

Shen Renxu smiled in satisfaction. “I knew you would agree. After all, this is a profitable deal.”

“With the experts of my Shen family around, do you still need to worry about the safety of your Chen family? At most, we’ll just fail the mission.

“Alright, let’s not talk too much. I’ll give you two years to prepare. Two years from now, the Shen family’s powerhouses will arrive at the Qing Dynasty. At that time, the mission will officially begin.”

Then, Shen Renxu stood up and left.

After sending Shen Renxu out of the Chen family, Yang Chen returned to the meeting hall and thought about the gains and losses alone.

To be honest, the reward was very tempting.

Just those Tier 5 aptitude pills were enough to make the Chen family take the risk.

One had to know that the price of each pill was between one million to three million spirit stones.

Moreover, there was a price but no market. You couldn't buy it even if you wanted to.

Since the Taoist Faction had rewarded them with Grade Five Elixirs, it was impossible for them to only reward a few. That would be slapping the Taoist Faction in the face..

Chapter 456: Mission Against the Sky Cloud Martial School(2)

Yang Chen estimated that the number of Grade 5 Elixirs given to him would be at least two digits.

With these Grade 5 Elixirs, the number of members of the Chen family who had a chance of breaking through would reach double digits. This was what Chen Yang valued the most.

Not to mention, there was also the Great Dao Crystal, a treasure that could assist martial artists in comprehending the Great Dao.

It could be said that any force would be tempted by such a generous reward.

However, there was a problem. Such a generous reward meant that the mission was difficult to complete.

Firstly, and most importantly, he couldn't let the Sky Cloud Martial School hear that the Shen family was going to deal with him. Otherwise, they would have run away long ago.

Secondly, how to make the Sky Cloud Martial School take the initiative to attack the Chen family.

If they were deliberately provoking him, then it would be too stupid. The Sky Cloud Martial School would probably guess that there was a trap.

However, if they didn't take the initiative to provoke them, how could the Sky Cloud Martial School attack the Chen family? After all, the Sky Cloud Martial School had a relationship with the demons, and they would rather avoid trouble.

After thinking about it, Yang Chen took a deep breath." Fine, I'll inform Li Kehui first. Didn't he want to cooperate with the Chen Family? This is the opportunity.""

Thinking of this, Yang Chen gave a simple explanation and then rode the Underworld Dragon towards the Li family.

A month later.

Li family, in the guest hall.

Li Kehui dispersed the crowd, leaving only Yang Chen and him.

"What's the matter?" Li Kehui asked immediately." Chen Clan Leader, what's the matter?""

"There's a good thing."

Yang Chen smiled and nodded, "The Shen family plans to deal with a sect.

Because it is inconvenient for them to act, they plan to let the Chen family take the lead."

"Of course, the Shen family will also send experts to support them. After the matter was done, the Shen family and Dao Sect would be rewarded."

"Well, with such a good thing, the first thing I thought of was the Li family." Hearing this, Li Kehui was pleasantly surprised and quickly said, "Really?"

"That's great, my Li family is willing to serve the Shen family."

"That's right, allow me to ask one more question. Which sect is the Shen family going against?"

"Sky Cloud Martial School." Yang Chen smiled faintly.

"Sky Cloud Sect!"

Li Kehui suddenly stood up from his chair and said in disbelief, "Chen Clan

Leader, you're not joking with me right?"

"This Sky Cloud Martial School is a peak rank 5 force. Unless a rank 4 force personally makes a move, who else can defeat it?"

"Patriarch Li, calm down."

Yang Chen smiled and waved his hand, indicating for Master Li to sit down.

After Master Li sat down, Yang Chen smiled and said, "I know that the mission is difficult, but from another perspective, the more difficult the mission is, the higher the reward for completing the mission, right?"

"Let me put it this way. The Dao Sect will reward you with many treasures.

They will even reward you with grade- 5 aptitude pills."

"Let's not talk about anything else, just this Tier 5 aptitude pill alone is enough to move our hearts."

Hearing this, Li Kehui hesitated.

To be honest, even the Li family was in dire need of fifth-rank pills. After all, no one could guarantee that every one of their clansmen had a fifth-grade aptitude.

Moreover, having a grade-5 aptitude pill would also have many benefits for the future development of the clan.

"Lord Chen, what did the Sky Cloud Martial School do? Even the Taoist Faction was planning to attack him? Besides, if the Taoist Faction was willing to help, why would they let the Chen Family do it?" Li Kehui asked.

"It's like this. The Taoist Faction doesn't know about the situation of the Sky

Cloud Martial School yet." Yang Chen said.

"I wonder about the situation in the Sky Cloud Martial School?"

"The Taoist Faction doesn't know about the situation of the Sky Cloud Martial School, so why would they give us so many rewards?" Li Kehui asked in surprise."

“That’s because the Sky Cloud Martial School is in cahoots with the demons.”

Yang Chen slowly smiled.” It’s impossible for the Li Family Head not to know how serious this evil thing is. If we get rid of this hidden danger, will the Taoist Faction not reward us?””

“Evil demon!”

Li Kehui revealed a shocked expression. He didn’t expect that the Sky Cloud Martial School was related to demons.

If the Sky Cloud Martial School was really related to the evil spirit, then the reward for destroying the Sky Cloud Martial School would definitely not be small.

The Evil Demon Calamity was related to the life and death of the Alkaid World, and the Dao Sect was the ruler of the Hidden Dragon Region. If an Evil Demon appeared in their territory and was swept away by other factions, the Dao Sect would definitely reward them.

Otherwise, the world would look down on Taoism.

For a force like the Taoist Faction, face was the most important.

Thinking of this, Li Kehui made up his mind.” Alright, my Li family is willing to help!”

“Right, what should we do next?”

“What’s next?”

Yang Chen thought for a moment and said,”The Shen family gave me two years to prepare.” Two years later, the Shen family would send experts to the Qing Dynasty. This would also announce the official start of the mission.”

“In these two years, I’ve decided to first consolidate our forces.”

“For example, the Qing Dynasty and the Black Water Sect.”

“Black Water Sect?” Li Kehui thought for a moment and then asked, “Is it the sect behind the Yu Chamber of Commerce?”

“That’s right.”

Yang Chen nodded, “The Black Water Sect seems to know about the Sky Cloud Martial School, and the Shen family didn’t tell me that the Black Water Sect is related to the evil spirit. This means that the Blackwater Sect can cooperate.” “With the addition of the Black Water Sect, our chances of victory will increase.”

“It just so happens that we haven’t contacted the Black Water Sect after annexing the Yu Chamber of Commerce. We can take this opportunity to have a good talk.”

“Alright, then let’s move quickly.”

“That’s exactly what I was thinking.” Yang Chen smiled.

Yang Chen knew that time waited for no man.

Yang Chen only had two years to prepare, and in these two years, he had to take into account the time he had to travel. Naturally, he could not delay.

Li Kehui gave a simple explanation and then led most of his elders to the Chen family with Yang Chen.

After arriving at the Chen family, Chen Yang first called Chen Xuan over. After giving some instructions, he brought Shen Daokong and officially headed out of the Endless Mountain Range.

A year later, in the Qing Dynasty, in the Imperial Palace.

Qing Zhi welcomed Chen Yang to the main seat and asked carefully, "Milord, is there anything that the Qing Consortium can do for you?"

"There really is."

"I hope you can inform the Blackwater Sect to come here as soon as possible." Yang Chen smiled.

"If they don't want to, just say it's related to the Sky Cloud Martial School."

Hearing this, Qing Zhiyu nodded. "Yes!"

With that, Qing Zhiyu turned around and left.

Seeing this, Yang Chen looked at Li Kehui and Shen Daokong. "We can only wait."

"Wait?"

Li Kehui looked at Yang Chen. "Aren't we going to do something? For example, gathering some information."

"There's no need." Yang Chen shook his head. "We can't gather much information in such a short time. Besides, the Black Water Sect already knew about the Sky Cloud Martial School. They have more information than us." "In that case, all we need to do is wait."

Hearing this, Li Kehui nodded. "I understand."

The Black Water Sect was about 100,000 miles away from the Qing Dynasty.

With the speed of the Demon Emperor, he could send the news to the Black Water Sect in 100 days.

After all, this place was not like the Endless Mountain Range, where there were many flying demonic beasts. He had to be careful.

In addition, the Demon Sovereign that the Qing Consortium was riding on was a late-stage Demon Sovereign, so its speed was extremely fast.

In less than a hundred days, the Qing Clan had brought the Black Water Sect's people to the Qing Clan's Royal Palace.

In the Conference Hall of the Qing Imperial Palace.

Yang Chen sat on the main seat and smiled at the people from the Black Water Sect.

The leader was dressed in the black Black Water Sect uniform. Clearly, his status was different from the others. Every move he made gave off endless pressure.

Chen Yang guessed that this person should be the sect master of the Black Water Sect, Zhao Li.

"Welcome, Sect Leader Zhao." Yang Chen stood up and smiled.

Zhao Li looked at Chen Yang in front of him and cupped his hands. "You must be the Chen Clan Leader, right? Meeting you in person is better than hearing about you. You're indeed a talented person."

"May I know why the Chen clan leader has asked the Great Hall to come here?" "Sect Master Zhao, at this time, there's no point in using these sloppy words." Yang Chen smiled..

Chapter 457: Information on the Sky Cloud Martial School

Hearing Yang Chen's words, Zhao Li was a little hesitant because the truth about the evil spirit was of great importance. Zhao Li was really afraid that this news would be known by people related to the evil spirit.

Seeing that Zhao Li was still hesitating, Chen Yang smiled and said, "I know you're still hesitating, sect leader Zhao. You're afraid that we're related to the Sky Cloud Sect."

"I can tell you frankly that we have nothing to do with the Sky Cloud Martial School, and we intend to destroy the Sky Cloud Martial School in the future."

"Otherwise, we wouldn't have invited sect leader Zhao."

Hearing this, Zhao Li looked at Chen Yang and immediately said, "Chen Clan Leader, what evidence do you have?"

"Evidence?"

Yang Chen smiled as he looked at Shen Daokong beside him.

When Shen Daokong saw this, he smiled at Zhao Li. Soon after, balls of flames appeared beside Zhao Li.

Zhao Li looked at the flames beside him in shock and sensed the terrifying aura that Shen Daokong was emitting. He hurriedly said, "Peak of Dao Origin!"

"Wait, this aura..."

Zhao Li seemed to have thought of something and hurriedly asked, "May I ask if you are Venerable Lord Huo, Lord Shen Daokong?"

"I'm a fake and I'm a fake." Shen Daokong said calmly.

Yang Chen also continued, "Our Chen family has received the order from the Shen family to attack the Sky Cloud Martial School. At that time, the Shen family will also send experts to support us."

"Originally, the Shen family planned to take action personally, but without the video evidence recorded by the video stone, if we act rashly, it will definitely not be convincing."

"I see."

Zhao Li nodded and immediately said with a smile, "In that case, my Black Water Sect is willing to fight against the Sky Cloud Sect together with the Chen family."

"That's good. Oh right, I've prepared a banquet to welcome sect master Zhao. Sect Master Zhao, please follow me."

Chen Yang saw that Zhao Li had agreed and hurriedly stood up, inviting Zhao Li to the banquet that he had prepared.

When they arrived at the banquet, the few of them toasted and the atmosphere became familiar.

Seeing this, Yang Chen knew that it was about time. He smiled and looked at Zhao Li, "Sect Leader Zhao, after three rounds of wine and five dishes, we should move on to the next program."

When Zhao Li heard this, he placed his chopsticks on the table and

said, "Please instruct me, Chen Clan Leader."

"It's not a big deal. We're going to attack the Sky Cloud Martial School, so I'm planning to collect some information about the Sky Cloud Martial School. I'm especially asking sect leader Zhao if he knows anything."

Yang Chen seemed to be talking about something very casual as he picked up a piece of demon beast meat with his chopsticks.

However, Zhao Li, who heard the question, wasn't so casual. After thinking for a while, Zhao Li slowly said, "My Black Water Martial School and the Sky Cloud Martial School have been in contact for so many years, so we have collected some information about the Sky Cloud Martial School."

"I wonder what kind of information you intend to ask about."

"Let's talk about the strength of the Sky Cloud Martial School first." Yang Chen asked.

"Alright."

Zhao Li nodded and said, "The Sky Cloud Martial School is the strongest fifth rank martial school under the Li family of Mianyang."

"The most powerful one is the ancestor at the peak of the Dao Origin Stage. There was once a King's Prophecy saying that the ancestor at the peak of the Dao Origin Stage of the Sky Cloud Martial School has a very high chance of breaking through to the Void Piercer King Stage."

"Although I haven't broken through yet, I've already accumulated a lot of power. Ordinary peak Dao Origin experts can't deal with me."

"Under this peak Dao Origin ancestor, there are still 30 Dao Origin Sovereigns in the Sky Cloud Sect. It could be said that in terms of Dao Origin Venerables, the Sky Cloud Martial School was no weaker than an ordinary fourth-rank force."

"Among the fourth-rank forces that I know of, only the Dao Origin Venerable of the Shen family is stronger than the Sky Cloud Sect."

"As for the experts below the Origin of Dao, there are even more. According to our statistics, there are already 234 experts in the Sky Cloud Martial School."

Yang Chen's expression didn't change when he heard Zhao Li's explanation. However, he had long sighed in his heart.

Not easy to deal with.

The Sky Cloud Sect was indeed the strongest fifth-grade sect under the Li family. They even had 31 Dao Origin Sovereigns.

Only the Void Piercer King could deal with so many Dao Origin Supremacies.

"How much do you know about the collusion between the Flowing Cloud Sect and the Evil?" Yang Chen asked again.

Hearing Yang Chen's question, Zhao Li took out a book from his storage ring and handed it to Yang Chen, "This book records the collusion between the Sky Cloud Martial School and the demons."

Seeing this, Yang Chen took the book and looked through it.

It was a shocking sight. It turned out that the Sky Cloud Martial School had been colluding with the demons for 500 years.

The Blackwater Sect had known about the Sky Cloud Sect colluding with the demons 500 years ago.

However, Yang Chen had some doubts. How did the Black Water Sect know about such a secret matter?

Immediately, Chen Yang looked at Zhao Li, "Sect Leader Zhao, please forgive me for speaking too much, but how did you know about the Sky Cloud Martial School colluding with the demons?"

"This is a coincidence."

Zhao Li explained, "500 years ago, our Black Water Sect's Dao Origin Patriarch was recruited by the Li family. He went to the Land of Evil with the Sky Cloud Sect to fight against the evil spirits."

"During a large-scale battle with the demons, my patriarch and the Daosource Patriarch were grouped together."

"At that time, their target was a Void Piercer King level demon."

"You should have guessed the rest of the story, Chen Clan Lord. The demon was defeated by us humans and fled in panic. The Li Clan sent a group of Daosource Patriarchs to chase after it.."

Chapter 458: Information on the Sky Cloud Martial School

"At that time, that demon's strength was already less than 10%. It was enough to send a Dao Origin Supremacy."

"This batch of Dao Origin Sovereigns that were sent out decided to split up under the suggestion of the Dao Origin Ancestor of the Sky Cloud Sect."

"Coincidentally, my ancestor got lost. While he was wandering around, he bumped into the scene of the Sky Cloud Martial School's ancestor trading with the demons."

"I don't know what they talked about, but in the end, the Sky Cloud Martial School's ancestor put the evil spirit into an ordinary stone and brought it out as if nothing had happened."

"At first, my ancestor wanted to tell the Li family about this, but on second thought, he didn't have any evidence. How could the Li family trust my ancestor?"

"You have to know that the peak Dao Origin ancestor of the Sky Cloud Sect was already at the eighth level of Dao Origin."

“As for my Patriarch, he’s only at the first level of the Daosource Realm.”

“Without concrete evidence, the Li family will not offend the Sky Cloud Sect’s Dao Origin Patriarch because of our patriarch.”

“In addition, my family’s ancestor is a timid person, so we let the Sky Cloud Martial School bring the evil spirit out.”

“Now that I think about it, the world is really unpredictable. The old ancestor knew that he had done something wrong. After he came back, he had been plotting to destroy the Sky Cloud Martial School.”

“Unfortunately, the Blackwater Sect is not strong enough.”

Listening to Zhao Li’s narration, Yang Chen had some understanding of some things that happened 500 years ago.

Yang Chen agreed with the saying that the world was unpredictable.

The Dao Origin Venerable actually got lost. This matter already sounded like a fantasy.

Of course, it was also possible that the Land of Evil Demons was special, or that the Black Water Sect’s ancestor had not planned to sense the direction at that time.

No matter what the reason was, it could be attributed to the Sky Cloud Martial School’s bad luck.

To be caught doing business with demons, if this wasn’t bad luck, then what was?

After a short sigh, Yang Chen flipped through the book that Zhao Li handed over. He looked left and right, and found that the Sky Cloud Martial School was always collecting humans.

“I see that the Sky Cloud Martial School has been collecting commoners. Could it be that they can get some benefits from the demons?” Yang Chen asked.”

“That’s right.”

Zhao Li nodded.” According to our old ancestor, the demon they were chasing was a demon known as the Blood Refined Demon.”

” Its innate ability is to refine the blood of other races and extract many benefits from them.”

“Clan Leader Chen, you should know that the Human Race is known as the Heavenly Treasure Clan.”

“Oh right, Chen Clan Leader, take a look at the thirteenth page.”

“The thirteenth page?”

Yang Chen looked at Zhao Li and then turned to page thirteen.

On the thirteenth page, it was written that the Sky Cloud Martial School had exterminated the fifth-rank Qian Family for colluding with evil cultivators.

Seeing this, Yang Chen was a little confused.”

The skill has been unlocked.

Zhao Li explained,” This was something that happened 300 years ago. The so-called Qian Clan colluding with the evil cultivators is a non-existent matter. Although there was video evidence, the Sky Cloud Martial School had recorded it on purpose.”

“After all, when the photographic stone was recording, we didn’t even see the other party’s face clearly. We only recorded his clothes.”

“The Sky Cloud Martial School had prepared the evidence from the Qian family beforehand.”

“The Sky Cloud Martial School is in cahoots with many evil cultivators.”

“Then why did the Sky Cloud Martial School want to destroy the Qian family?” Yang Chen asked.

“This is the problem I want to talk to the Chen family. The blood-refined demons were not like the evil cultivators who could only refine humans of a certain age and cultivation.”

“That blood-refined demon has no taboos. Moreover, the stronger it is, the more benefits it will be able to refine.”

“Not long after the Qian family was destroyed, the ancestor of the Sky Cloud Martial School reached the peak of the Dao Origin Realm and made a name for himself. Furthermore, he had three more Dao Origin Supremacies under him. It was impossible for this not to be suspicious.”

“In the past 500 years, the Sky Cloud Martial School has destroyed three rank 5 forces and 17 rank 6 forces.” Zhao Li said.

Hearing Zhao Li’s words, Yang Chen understood, “You mean, the Sky Cloud Martial School let the demon refine the Qian Family’s expert?”

“Then why did you choose the Qian family?”

“We have been investigating this. About ten years ago, we gathered all the forces that the Sky Cloud Martial School had destroyed in the past five hundred years and finally found the answer.”

“There’s basically one thing in common among these forces, and that’s that a monstrous genius has appeared among them.”

“And this monster’s cultivation just so happens to be at the stage.”

“For example, the young master of the Qian family has a fourth-grade aptitude. He’s not even 200 years old, but he’s already cultivated to the stage.”

“If I don’t die, there’s a high chance that I’ll reach the peak of the Dao Origin realm in the future.” Zhao Li said.

“I understand what you mean.”

Chen Yang narrowed his eyes. “This kind of monster who has cultivated to the stage is the most beneficial to the Blood Refined Demon.”

“The forces that were destroyed by the Sky Cloud Martial School all had such monstrous talents.”

“Hehehe, after destroying so many forces in 500 years, the Sky Cloud Martial School still has such a good reputation.”

“There’s nothing we can do.” Zhao Li continued, “Who asked the Sky Cloud Martial School to be so righteous when they were exterminated?”

“Almost every time they attacked, the Sky Cloud Martial School could produce absolute evidence. After the annihilation of the sect, they even pretended to let go of the so-called ignorant clansmen and gave them a lot of resources.”

“With all these measures implemented, would anyone still blame the Sky Cloud Martial School?”

Zhao Li sighed. The Sky Cloud Martial School was too cunning. If the Black Water Martial School didn’t know the truth, they might have been fooled by the Sky Cloud Martial School.

The Sky Cloud Martial School was so difficult to deal with, he didn’t know if this person could handle it.

Thinking up to this point, Zhao Li looked at Chen Yang, only to find that Chen Yang still maintained his previous expression, not moving at all, as if he was thinking about something.

“Chen Clan Head, what is this?” Zhao Li looked at Li Kehui beside him and wanted to ask Yang Chen what was going on.

Seeing this, Li Kehui smiled and shook his head.

What else could he do? He naturally found some clues from the information and thought of a plan to deal with the Sky Cloud Sect.

Not long after, Yang Chen smiled and looked at Zhao Li, “Sect Leader Zhao, if another monster appears, what do you think the Sky Cloud Martial School will do?”

“Naturally, we’ll continue with the previous measures.”

Zhao Li said without hesitation, “With the Sky Cloud Martial School’s appetite, they definitely won’t let this monster go. Of course, it depends on whether this monster is a Rank Four. If he is a Rank Four, the Sky Cloud Martial School will still be scared.”

“Not really. We have been transferred to different places before. The Sky Cloud Martial School has also secretly sent a few geniuses. It’s just that those geniuses came from other places, so no one knows.”

Speaking up to this point, Zhao Li’s words paused for a moment before he asked, ““Could it be that the Chen Family Head wants the Sky Cloud Martial School to take the initiative?”

“Of course. As long as the Sky Cloud Martial School takes the initiative, the Li family will not interfere when we fight back.” Yang Chen said.

“But the Sky Cloud Martial School’s way of slandering their opponents is to frame them for being related to the evil cultivators. If that was the case, would the Li family still be indifferent?” Zhao Li said with slight uncertainty.

Yang Chen shook his head." I will give him a reason to attack us, but I won't give him the chance to frame us.""

"Sect leader Zhao, let me ask you, if you have an excuse that has nothing to do with the evil cultivators, will the Sky Cloud Martial School still attack?"

Zhao Li considered for a long time, then nodded his head forcefully." They definitely will. They are already no different from the evil demons, so how could they possibly give up?"

"In that case, I have an idea. Let's not talk about this anymore. Let's continue drinking. We can't let the Sky Cloud Sect ruin our banquet, right?"Yang Chen smiled.

Although Zhao Li was confused, since Yang Chen had said so, he couldn't say anything more.

After the banquet ended, Zhao Li also stayed at the Qing Consortium.

Chen Yang said that it wouldn't be long before the Shen family's experts arrived.

If he did not personally see the Shen Clan's powerhouse, Zhao Li would not feel

at ease..

Chapter 459'- Yang Chen's Plan

,

Two hundred days after Zhao Li arrived in the Qing Empire, the Shen family's experts also arrived.

The leader was none other than the Void Piercer King, Shen Renxu.

Following Patriarch Shen Renxu were 20 Dao Origin Realm Sovereigns.

Shen Renxu did not lie. The Shen family had indeed sent many experts. Half of the family's Dao Origin Supremacies had been sent.

In the Qing Royal Palace, Chen Yang saw Shen Renxu and the others disembark from the flying carriage and quickly went forward to say, "Forefather Ren Xu, you actually came personally."

"This Sky Cloud Martial School is not easy to deal with. Naturally, my Shen

family will go all out." Shen Renxu laughed.

Shen Renxu paused for a moment before continuing with a smile, "Yang Er, the two years are up. Have you thought about how to do it?"

"There are already some clues."

"According to the Black Water Sect's intelligence, there's a Sky Piercer King level demon in the Sky Cloud Sect. It's called the Blood Refined Demon," Yang

Chen said.

"Blood Refined Demon!"

Shen Renxu stopped smiling and said worriedly, "I didn't expect it to be a

Blood Refined Demon. This bastard has caused a lot of trouble for the Hidden

Dragon Region."

“I originally thought that this Blood Refined Devil had already been exterminated. I didn’t expect that it was still alive in this world. Alright, continue.”

“Yes.”

Yang Chen continued,” According to our intelligence, this Blood Refined

Demon can refine human blood and extract many treasures from it. This is

very similar to the evil cultivators.

“in addition, since the first time the Sky Cloud Martial School colluded with the Blood Refined Demon, the Sky Cloud Martial School has destroyed a total of 20 forces in the past 500 years.”

“From these forces, we found a common point, and that is, among these forces, there is a monster whose cultivation is on the stage.

“I reckon that the Blood Refined Demon will be able to extract an extremely precious treasure from this monster.”

Shen Renxu nodded.” You’re right. There are two ways for the Blood Refined

Demon to refine blood.”

“The first is the ordinary refinement. This refinement consumes less energy, but the treasures obtained are also less. Generally speaking, the higher the cultivation, the more treasures one would obtain.”

-The second type is talent refinement. This type of refinement consumes less energy, but the treasures obtained will be more.”

“If you use the second method, the more talented you are, the more treasures you will have. The more powerful your faction is, the more treasures you will have.”

“However, because the second refining method consumes a lot of energy, there should be a threshold. If you exceed the threshold, you can’t refine it.

“So it turns out that this is the case.” After listening to Shen Renxu’s explanation, Yang Chen gained a better understanding of the Blood Refined Demon.

Then, Yang Chen told Shen Renxu his plan, “Patriarch, I plan to use this to make the Sky Cloud Martial School attack us.”

“According to the Blackwater Martial School’s understanding of the Sky Cloud Martial School, they have even touched the disciples of a fourth-rank force.” After hearing Yang Chen’s plan, Shen Renxu didn’t rush to say anything. Instead, he smiled and said, “Yang ‘er, this isn’t the place to talk. Aren’t you going to invite us in?”

Hearing this, Chen Yang quickly said, “Yes, yes, yes. Look at my memory.

Ancestor, seniors of the Shen family, please!

Immediately, Yang Chen and the others brought the Shen family’s experts to a hall.

Not long after they sat down, a servant served a banquet. Under the lead of Li Kehui, they began to welcome the experts of the Shen family.

As for Chen Yang, he and Shen Renxu went to a side hall.

Yang Chen could tell that Shen Renxu had something to say to him. Otherwise, he wouldn’t have invited them in.

-Do you have any instructions, Old Ancestor Ren Xu?" Chen Yang asked after they arrived at the side hall."

"I understand your plan, but as far as I know, when the Sky Cloud Martial School attacks other forces, they usually use the excuse of colluding with evil cultivators."

"If we give you this title, even if we counterattack, the Li family will not stand

by and watch."Shen Renxu said.

-Don't worry, Old Ancestor Ren Xu. I've thought about this long ago." Yang

Chen smiled."

"With you and the Shen family's experts around, can he still frame me?"

"That's true."

Shen Renxu nodded. If the Sky Cloud Martial School could frame Yang Chen right under their noses, then they would be looking down on them.

"But how can the Sky Cloud Sect attack you?"

"Ancestor, don't worry. I'll give them a reason."Yang Chen smiled.

"Reason?"

Shen Renxu's interest was piqued." How do you plan to give them a reason?" Yang Chen didn't keep her in suspense and said directly,""It's very simple. I'll reveal my cultivation, age, and aptitude first. Of course, I'm not revealing my true age and aptitude. Otherwise, even a fool can tell that I'm related to the Shen family."

■'After this gets out, the Sky Cloud Martial School will definitely be tempted.

They will use the same method as before and pin the accusation of colluding with the evil cultivators on me."

"Of course, with you around, this will definitely not succeed.

Yang Chen flattered Shen Renxu without leaving any trace.

"Next, we can carry out the second phase of the plan. This is what I plan to do. At that time, I will send someone to spread the news that I think highly of myself and claim to be the number one genius outside the Li family." "Secondly, I'll send another message. Tell them that I'm extremely jealous and have killed geniuses more than once."

■■ Of course, I'll have to change my identity here. I've thought it through. I'm the Qing Consortium's hidden spy in the Endless Mountains. Now that my cultivation has improved, I'll naturally have to return.

"The first thing I did when I returned was to help the Qing Consortium annex the three major merchant associations."

"Of course, that's not important. Let's get down to business."

"After my reputation as a jealous person spreads, I'll send people to spread the word that I'm so arrogant that I'll kill the disciples of the major factions sooner or later and bring disaster to the Qing Consortium."

"Didn't this news give the Sky Cloud Martial School a reason to attack? At that time, the Sky Cloud Sect would definitely send their genius disciples to the Qing Consortium's territory."

"When I kill the Sky Cloud Martial School's disciple out of jealousy, no one will be able to say anything."

“And with this reason, if I retaliate, the Li family won’t help the Sky Cloud Martial School.”

After listening to Yang Chen’s plan, Shen Renxu nodded.” It doesn’t sound like a problem, but you need a strong spy organization.”

“It’s not easy to hide the information of our side and guide the Sky Cloud Martial School.”

“Don’t worry, Patriarch. I’m prepared for this.” Yang Chen smiled.

Yang Chen wasn’t bragging. With Gu Mu around, he really didn’t have to worry about the spies.

After all, who could be better than the Gu Family disciples in this aspect? Besides, Gu Mu had brought professionals with him before he came out, so there would definitely be no problem in carrying out this plan.

-Speaking of which, I have a question. Why didn’t the Shen family launch a sneak attack? Once the Shen family launched a sneak attack, even if the Sky Cloud Martial School wanted to ask for help, it would be too late.” Yang Chen

asked..

Chapter 460: Plan to Start the Sky Cloud Martial School

“Old Ancestor, I have a question. Why didn’t the Shen family launch a sneak attack?”

“With the strength of the Shen family, if they attack the Sky Cloud Martial School, I’m afraid that the Sky Cloud Martial School won’t even have the chance to ask for help.” Yang Chen asked.

This had always been a question in Yang Chen’s mind.

Shen Renxu said that if the Shen family were to attack, the Li family would definitely stop them.

Yes, this was the actual situation.

However, the Shen family could launch a sneak attack. If the Shen family really decided to take care of the Sky Cloud Martial School, not to mention the Sky Cloud Martial School, even the Li family would not be able to withstand the sneak attack. Why did they have to spend so much effort?

Shen Renxu laughed when he heard Yang Chen's question. "If my Shen family were to launch a sneak attack, then you would not be able to participate in it, and naturally would not be able to obtain the reward from the Dao Sect." "What?"

Yang Chen looked at Shen Renxu in shock. He did not understand what Shen Renxu meant.

Shen Renxu saw this and explained, "You are right. If our Shen family really wants to attack the Sky Cloud Martial School, we will not be afraid even if we attack them head-on, let alone sneak attack. Even if we have the Li family to stop us, we will not be afraid.""

"After all, my Shen family has three Void Piercer Kings while the Li family only has one. The strength of the Shen family far exceeds any of the forces under the Dao Sect."

"But once the Shen family does this, you will not be able to get the reward from the Dao Sect."

"The family head told me that you obtained Yu Sheng's personal letter. It records some things about the Great Dao Rankings."

"Your Illusory Spirit Eye Bloodline can allow you to comprehend the Illusory Great Dao of the tenth place on the Great Dao Rankings. Naturally, the Shen family has to help."

"But the Shen family is not the same as before. With more clansmen, the hearts of the people are complicated."

“If you want to get the reward from the Taoist Faction and get the Flowing Shadow Sword Technique, then my Shen family will have to pay a huge price.” “After paying such a huge price, the clansmen are ultimately somewhat unwilling. After all, you are still the head of the Chen family and not the head of my Shen family.”

“I’ve discussed it with the patriarch and the other two ancestors. If we want you to receive the reward from the Dao Sect, we have to let you participate in this matter.”

“Just as Li Jia said, if we make a move, then Li Jia must stop us.” Isn’t this an opportunity for you to participate?”

Yang Chen understood.

The reason why the Shen family went around in such a big circle was to let him participate in it so that he could obtain benefits from the Dao Sect and help him comprehend the illusory Great Dao.

At the same time, Chen Yang also learned from Shen Renxu’s words that Master Shen had indeed helped Chen Yang hide the news of Yu Sheng.

It seemed that he owed her a huge favor.

Not only did he owe the Shen family a favor, but he also owed the Shen family head and the three ancestors a huge favor.

After thinking it through, Yang Chen slowly nodded, “I will remember the Shen family’s favor. I can’t guarantee anything else. If one day, my Chen family really becomes rich, I will definitely not forget the Shen family’s friendship.” “Sigh, you don’t have to say that. No matter what, the blood of the Shen family flows in your body. No one can change this.” Shen Renxu laughed.

After telling Shen Renxu about his plan and hearing the answer he wanted to know from Shen Renxu, Yang Chen didn’t say anything else.

In the following time, Yang Chen entertained the Shen family's experts.

After settling down the Shen family's experts, Yang Chen began to implement his plan.

A year later, in a restaurant in the main city of the Sky Cloud Martial School, the Sky Cloud City.

A few luxuriously dressed young men were gathered together and talking about something.

"Hey, have you heard about that big thing?" A young man in a light blue brocade robe asked.

"What's the big deal?"

"Can there be a second major event in the past few years? Naturally, it was about that major event in the Qing Empire." The blue-robed youth laughed.

"Oh, so it's about this."

"I've also heard about this." His companion disciple said, "It's said that the three major chambers of commerce in the Qing Dynasty colluded with the Netherworld Sword Sect and were discovered by the Li family."

"Then, the Li family appointed a rank six force called the Chen family to drive away the Netherworld Sword Sect for the Li family."

"Brother Feather Spirit, is there anything wrong with this?"

The young man who was called Yu Ling by everyone smiled, then leaned towards the table and said mysteriously, "Do you know who the Chen family is?"

"Who are you?"

A white-robed disciple frowned." Wasn't it sent by the Li family? That naturally has something to do with the Li family."

"You're wrong." Yu Ling shook her head." Think about it. If it really has something to do with the Li family, why would the Li family beat around the bush? Couldn't they have just taken action?"

"Yes," A young man in green echoed,"Brother Yu Ling, you're right. As far as I know, the Li family didn't interfere much in this matter. They only sent a Dao Origin Supremacy."

"Think about it. If it were any other faction, it would be fine if the Li family sent a Dao Origin Supremacy, but that's the Netherworld Sword Sect."

"I'm sure you know the hatred of the Netherworld Sword Sect. The Li family wants to kill everyone related to the Netherworld Sword Sect."

"But why did the Li family only send one Dao Origin Supremacy?"

"Yeah, why?" The group of young people looked at the young man in green.

Seeing this, the young man in green smiled and looked at Yu Ling." Brother Yu Ling, please explain."

Seeing this, Feather Spirit first took a sip of the wine in her glass, then said unhurriedly,""That's because we found out that the Netherworld Sword Sect's power is not on the same side as the Li family. It's not good for the Li family to interfere.."
