

Tamer Family 461

Chapter 461: Plan to Start the Sky Cloud Martial School

“If the Li family sends out a large number of experts, that force will definitely be in fear, afraid that the Li family will deal with them.”

“The Li family had no choice but to send an expert to help deal with the Netherworld Sword Sect and kill their experts.”

“Think about it. In the Li family’s territory, which force is not on the same side as the Li family?”

Hearing the Feather Spirit’s question, the group of young people did not even think about it and directly replied, “Needless to say, it’s definitely the Qing Empire.”

At this point, a young man in a blue and white brocade robe seemed to have thought of something and hurriedly said, “Brother Feather Spirit, are you saying that the Chen family is a spy planted by the Qing Empire?”

“That’s right.”

“I have a friend who happens to know some inside information.” Yu Ling said proudly, “The head of the Chen family is a hidden monster in the Qing Dynasty.”

“Now that the evildoer has succeeded in his cultivation, he naturally has to find a reason to announce his return. At the same time, he has a reason to give the evildoer a large amount of cultivation resources.”

“We are all from great forces, so we naturally know the insincerity of it.

Without great contributions, how can we convince the masses and reward them with a large number of cultivation resources?”

Listening to Yu Ling's narration, the group of young people came to a realization.

"So that's what happened."

"I was wondering why the Royal Chamber of Commerce was established by the Qing Consortium, so how could it be related to the Netherworld Sword Sect?"

In the end, the Qing Consortium had done all of this on purpose to give their hidden spies a chance to make contributions."

"By the way, Brother Feather Spirit, do you know how talented that spy is to make the Qing Consortium pay so much?"

Hearing this, Feather Spirit's eyes flashed with a strange light." Let me put it this way. As long as the Chen Clan Leader doesn't die, he will definitely become a peak Dao Origin expert in the future!"

"What is it? This is impossible!"

" Brother Feather Spirit, don't try to deceive us." A young man said unhappily." Does that Chen Clan Leader really have such a powerful aptitude?"

"Why would I lie to you? The Chen Clan Leader is only 180 years old now, but his cultivation has already reached the first stage. His own aptitude is even at the peak of the Fourth Stage."

"With his talent and realm, it's a certainty that he will reach the peak of the Dao

Origin in the future."

"Furthermore, if there's an opportunity, it's possible to raise your aptitude to the third grade and cultivate to the Void Piercer King realm."

” Of course, if you don’t believe me, you can go to the Qing Empire and ask around. Quite a few people have seen the Chen Clan Lord in action.”

” As for the Chen Clan Head’s date of birth, the Qing Consortium has already announced it a long time ago. You’ll know at a glance.”

Hiss!

Hearing Yu Ling’s words, the group of young people fell into shock.

Since the Feather Spirit had said so, it meant that this matter was true.

If it was true, then the problem would be huge. Those with top-notch Rank-4 aptitude who were less than 200 could reach the first level.

All these conditions added together meant that the future was promising.

He did not expect the Qing Consortium to give birth to such a monster.

Seeing the group of young people so shocked, Yu Ling smiled in satisfaction. It seemed that this task was very easy.

While Feather Spirit was informing these young people of the news, people were talking about this matter in taverns of all sizes in Drifting Cloud City.

Gu Clan’s ability to scout was officially displayed in the territory of Li Clan in Hidden Dragon Domain.

At the same time, in the discussion hall of the Sky Cloud Martial School.

Liu Gong, the leader of the Sky Cloud Martial School, revealed a dark smile.” Hehe, what do you think about the news in the Sky Cloud City?”

The discussion hall of the Sky Cloud Martial School was filled with the Dao Origin Sovereigns of the Sky Cloud Martial School.

These Dao Origin Supremacies had different appearances, but each of them emitted a sinister and bloody aura.

Hearing Gong Liu's question, the head elder of the Sky Cloud Martial School grinned and said, "Since the best grain has appeared again, we naturally can't let it go."

"That's right. If we refine him, our strength will increase by quite a bit." The Second Elder echoed.

For a moment, a sinister smile resounded in the hall.

After the sinister smile disappeared, the third elder of the Sky Cloud Martial School stood up and said, "Sect Master, elders, I have a concern."

"The Qing Dynasty is a dynasty that is fighting for supremacy with the Li family. Their foundation far surpasses our imagination. If we attack rashly, I'm afraid..."

"What are you afraid of? Third Elder, you're too timid!"

The head elder of the Sky Cloud Martial School stood up and shouted, "So what if the Qing Consortium has a foundation? Our Sky Cloud Martial School is no longer that weak fifth rank martial school!"

"As long as we have time, even the Li family will become our food!"

"Besides, what we do is dangerous. Could it be that he would give up just because it was dangerous? Then why bother cultivating? Go home and retire."

"First Elder is right." Gong Liu nodded.

After gesturing for the Great Elder to sit down, Liu Gong looked at the Third Elder." Third Elder, although the Great Elder's words are a little harsh, they're rough but not rough. That's the truth.""

"Since we have chosen this path, we must persist. After all, we can't turn back."

"Moreover, who knows how long Sir can hide? If it's leaked, what awaits us will be a calamity!"

"Before that, we must think of all ways to increase our strength. Even if it means taking some risks, we will not hesitate."

Hearing this, the Third Elder nodded. His eyes revealed a hint of ruthlessness, and the corners of his mouth curled into a cruel smile." Alright, let's do it!" "Every man for himself.. Since we've chosen this path, let's go all the way!"

Chapter 462: The Plan to Start the Sky Cloud Martial

School

|

"It's good that Third Elder thinks so."

Gongliu smiled in satisfaction. Then, he looked at the other elders." Everyone, , since we've decided to swallow this grain, we have to make early preparations.

"I suggest that we do it the same way as before. What do you think?"

"No problem."

“Let’s do it the old way.”

All the elders agreed with the sect master s plan.

When Gong Liu saw this, he looked at First Elder.” First Elder, I’ll leave this matter to you.”

-No problem.” The Great Elder grinned and nodded.

At this moment, the Third Elder stood up again and said,”Sect Master, First Elder, I think we should investigate whether this news is true before we take

action.”

Hearing this, displeasure flashed across First Elder’s face.” Third Elder, you’re

too cowardly!”

“Great Elder, it was you who was affected by the side effects of the blood food!”Third Elder retorted.

When the First Elder heard this, he was about to take action immediately.

At this moment, Liu Gong glanced at the Great Elder. Seeing this, the Great Elder could only give up.

Seeing that the conflict had subsided, Liu Gong smiled and said,” Great Elder, Third Elder is right. We’ve all been blinded by this bloody food. We’ve acted

rashly.”

-It is precisely because of this that we controlled the Third Elder’s blood food and let the Third Elder judge the gains and losses of the matter for us and determine if there are any traps.”

“NOW that Third Elder has proposed it, we naturally have to implement it.” “Besides, we should naturally keep in touch with the Sorcerers as little as possible. If this matter is false, then wouldn't we have wasted an opportunity to contact the Sorcerers?”

Hearing this, First Elder took a deep breath and slowly said, “Alright, I'll investigate first.”

Liu Gong nodded in satisfaction. “Everyone, let's go. The future belongs to us!”

“Long live the Sky Cloud Martial School!”

In the Qing Dynasty, in the Imperial Palace.

Looking at Gu Mu, Shen Renxu looked at Chen Yang in surprise. “I didn't expect that even the Gu family disciples would be willing to listen to your orders.”

“Yang 'er, your reputation is greater than mine.

Seeing this, Chen Yang smiled and said, “Ancestor Ren Xu, you must be joking.

How can my face compare to yours?”

“The reason why President Gu listened to my orders was because we were cooperating with each other.”

-He helped me, and I helped him realize his childhood dream.”

“Dreams?”

Shen Renxu looked at Gu Mu. “President Gu, what is your dream?”

“Senior Renxu, my dream is to develop a merchant association into the most powerful merchant association in the Alkaid Realm.” Gu Mu said.

“This dream isn’t a small one, but why don’t you implement it in your Gu family’s territory? “Oh, I remember now. Gu Clan has a huge force, which has already prevented the rise of other chambers of commerce.

Shaking his head with a smile, Shen Renxu stopped talking about Gu Mu and looked at Chen Yang.” Yang ‘er, what are you going to do next?

“Naturally, we will follow the plan.” Yang Chen smiled, “I think the Sky Cloud Martial School won’t believe this news so easily. They will definitely send

people to spy on us.””

“I need to prepare in advance to make sure that the Sky Cloud Martial School will believe this news.”

“I have an idea.”

Yang Chen’s eyes turned and he smiled, “” The Qing Consortium will issue an order for me to become the Qing Consortium’s Crown Prince. They will also officially pass the Qing Emperor’s throne to me in three years.” ■■ Then, some people refused to accept it. The Qing Consortium’s Patriarch was pressured and decided to hold a Martial Arts Conference. I’ll show off my strength and beat everyone into submission.”

“Then, all of this happened to be seen by the Sky Cloud Martial School’s spies. Ancestor, what do you think of this plan?

“The plan is not bad.” Shen Renxu nodded and said worriedly .”” However, Yang Er, you have to find out the whereabouts of the Sky Cloud Martial School’s spies first.”

“I’ll have to trouble President Gu for this.” Yang Chen smiled at Gu Mu. Gu Mu saw this and quickly said, “Chen Clan Leader, Senior Ren Xu, don’t worry. I will definitely know the whereabouts of the Sky Cloud Martial School’s spies!””

Shen Renxu smiled and stroked his beard.” In that case, let’s carry out the plan.””

“No problem.”

In the 933rd year of the Qing Emperor’s reign, a piece of news blew up the Qing Dynasty.

The position of Crown Prince that had been empty for more than 900 years was finally settled. This result was within everyone’s expectations, but it was also beyond everyone’s expectations.

This was not a contradictory statement.

After all, the person who took over the Crown Prince’s position was a person with the surname Chen.

It was said that this person was a spy planted by the Qing Consortium. He had outstanding talent, so it was no big deal for him to become the Crown Prince. But to everyone’s surprise, the Qing Consortium’s Patriarch requested that the Qing Emperor relinquish the throne three years later and officially pass it to this person with the surname Chen.

This made everyone feel a little puzzled. Even if they wanted to nurture this genius, there was no need to be in such a hurry.

However, everyone’s doubts did not last long. A piece of big news attracted everyone’s attention again.

Many people in the Qing Clan were dissatisfied with this news. The Qing Clan’s Patriarch was pressured and decided to hold a martial arts competition in the Imperial Capital to determine the final result.

At the same time, he wanted to let the people of the Qing Consortium's imperial Capital see how graceful their future Qing Emperor would be. immediately, many people flocked to the Imperial City, afraid that they would miss such a major event.

Among these people, there were many spies from the Sky Cloud Martial School. '■ Hehe, I was just worrying about how to get information out of them. I didn't expect the Qing Consortium to play such a show.."

Chapter 463: Plan to Start the Sky Cloud Martial School

"That's right. This has saved us a lot of trouble. We really should thank the Qing Consortium."

"Alright, cut the crap. Let's hurry to the Imperial City. If we can't make it in time, we won't be able to report back."

"Yes, sir!"

Not long after these spies entered the Imperial Capital, Chen Yang, who was in the Imperial Palace, received news.

Yang Chen smiled and said," It's not easy. It's been half a year. The Sky Cloud Martial School's scouts have finally arrived.""

"The Sky Cloud Sect isn't far from the Qing Consortium. Why are they so slow?"

When the Qing Consortium's Patriarch heard this, he smiled and

explained,""Not far is relative. If we use spirit beasts to travel, we can reach the Qing Consortium from the Sky Cloud Martial School in three days."

“However, the Sky Cloud Martial School’s scouts don’t have spirit beasts as mounts, so they’re naturally slower.”

“After all, there aren’t many demon beasts around here. If there were as many demon beasts as there were in the Hidden Dragon Mountain Range, it would take at least two years to get here.”

“I know that.” Yang Chen smiled and shook his head. “I’m just complaining. Forget it. Since the audience is here, it’s time for the show to begin.””

“Spread the news. The Martial Arts Conference will officially begin in seven days.”

“Yes, sir!”

Seven days later, in the largest martial arts practice field in the Qing Imperial Capital.

The huge training field that could accommodate hundreds of thousands of spectators was now filled with people.

People from all over the world swarmed into the martial arts arena, afraid that they would miss such a big show.

Among them, there were spies from the Sky Cloud Martial School.

Everyone looked at the training field with anticipation, waiting for the battle to begin.

About an hour later, the Qing Emperor’s figure appeared in the center of the training field. He used Spirit Qi to mix his voice with his to ensure that his voice could reach everyone’s ears.

Immediately, Qing Zhi briefly explained the rules of the Martial Arts Conference and introduced who would be going on stage.

After a quick explanation, the competition officially began.

In the first battle, Chen Yang's opponent was a Regional King of the Qing Consortium, who was also a powerhouse on the first level.

As soon as this person went on stage, he muttered softly, "Milord, I'm sorry for being rude this time."

Hearing this, Yang Chen also laughed softly and said, "It's fine. Just give it your all. You can't act too fake, or the audience will be dissatisfied."

Hearing this, the Regional King nodded his head vigorously. Then, he clenched his fists and released a terrifying aura.

At the same time, the spies that Gu Mu had arranged for the audience started to exaggerate the Regional King's strength.

Of course, the result was no surprise. Chen Yang ended the battle in three moves.

At this time, the spy began to exaggerate Yang Chen's strength.

After such a combination of skills, the audience began to believe that Yang Chen was truly a rare genius and the future hope of the Qing Consortium.

Of course, this show was not over yet. In the following time, Yang Chen defeated the strong enemies and won seven times in a row.

At this moment, the spies that had been arranged long ago began to deliberately talk.

"From the looks of it, this Crown Prince is really very powerful. It seems that the Imperial Family's words are not false. This Crown Prince really has the possibility of becoming the Imperial Family's hope."

He was afraid that he would deliberately call an old man a genius.”

“Fake? How was this possible? All the records of the Crown Prince were in existence, and anyone could check them. How could this be faked?”

“That’s right. Besides, isn’t there a public bone age test in a while? The treasure used to test the bone age was a fourth-grade treasure. Unless the Sky Piercer King personally took action, it couldn’t be fake.”

“Could the Void King help the Qing Consortium fake it?”

Listening to these scouts, the Sky Cloud Martial School scouts looked at each other and secretly took out the image stone, ready to secretly record the scene of the bone age test.

Not long after, the treasure that tested the bone age was displayed. Of course, it was a treasure that had been tampered with.

The results showed that Yang Chen’s bone age was 183 years old, just like what Dynasty had said.

Taking advantage of the opportunity, he began to spread the news that Chen Yang was the hope of Dynasty, and everyone in Dynasty supported Chen Yang.

At the same time, the scouts from the Sky Cloud Martial School smiled in satisfaction. They had gotten the answer they wanted..

Chapter 464: The Second Phase of the Plan

After the competition, the Sky Cloud Martial School’s scouts gathered in an inconspicuous place.

“Now that we have the information, I suggest we take the spirit beast back.”

“Riding on a spirit beast? This isn’t appropriate.”

“What’s wrong with that? The sect master gave us the spirit beasts so that we could pass on the information faster. Since we have already obtained the true information, we naturally have to pass it on to the sect master as soon as possible.”

“I agree.”

After a round of discussion, everyone finally decided to ride their spiritual beasts to the Sky Cloud Martial School to report the news.

They were all the core spies of the Sky Cloud Martial School, so they knew a thing or two about the higher-ups of the Sky Cloud Martial School.

The group of higher-ups had long been blinded by the blood food. If they did not return early, even the Third Elder would not be able to save their lives.

Three days later, the scouts returned to the Sky Cloud Martial School.

The moment they arrived at the Sky Cloud Martial School, these spies were brought to the meeting hall.

“How’s the intel?”

In the meeting hall, Gongliu licked his lips as if he had thought of something delicious. He asked with a hint of unsatisfied desire.

Sensing the gloomy aura in the hall, the scouts all shivered.

Immediately, the leader hurriedly stepped forward and said, “Reporting to the sect master and elders, the matter has been investigated clearly.”

” We saw with our own eyes that the Qing Consortium’s Crown Prince had revealed a cultivation level that could reach the first layer of the stage, and his strength was extraordinary.”

Hearing this, the cruel smile on Gongliu’s face grew even wider.” What about his age?”

“Sect Master, he is also less than 200 years old. We have the video stone as proof.”

Then, the leader quickly took out a photographic stone from his storage bag. After injecting spiritual energy into the photographic stone, the image of Chen Yang’s age test was displayed in front of everyone.

While playing the video of the video, the leader explained,”Reporting to the sect master, the instrument used to test the bone age is a fourth-grade existence. Unless the Void Piercer King personally takes action, there won’t be any mistakes.”

After seeing the image of the photographic stone, Liu Gong nodded in satisfaction.” You guys did a good job. You may leave.””

Hearing this, the scouts all heaved a sigh of relief. After they bowed, they respectfully left.

After the scouts left, Guru Liu looked at the elders in the hall.” Everyone, since we’ve confirmed it, we should start implementing the plan.”

“Does anyone have any other opinions?”

The elders shook their heads.

“Alright, Great Elder, carry out the plan.” Gong Liu smiled.”

“Yes, sir!”

After the Sky Cloud Martial School's spies left, the Qing Imperial Capital returned to peace. It was as if the battle for the Crown Prince and the throne had never happened.

However, some people with sharp senses still discovered that there were quite a few undercurrents hidden under this peace in the Imperial City.

For a moment, a storm was about to come.

The reason for all this was naturally Gu Mu.

Since the Sky Cloud Martial School's spy had left, the second part of the plan had to be carried out. The most important point of the second part of the plan was to not let the Sky Cloud Sect frame the Qing Consortium.

Naturally, the Imperial City was filled with spies.

This was because only by discovering evidence of the Qing Consortium colluding with the Sorcerers in the Imperial Capital could they truly prove that the Qing Consortium was colluding with the Sorcerers. Only then would the Sky Cloud Sect have a real reason to act.

This was also the usual strategy of the Sky Cloud Martial School, so they had to prepare in advance.

Half a month after the scouts left, the evil cultivators officially entered the Imperial City.

Although these evil cultivators hid themselves well, Gu Mu's spies were not to be trifled with. The movements of these evil cultivators and the Sky Cloud Martial School's people were all exposed in front of Gu Mu.

After hearing the news, Yang Chen smiled and said, "It seems that the Sky Cloud Martial School can't take it anymore. Otherwise, they wouldn't use spirit beasts to transport the evil cultivators here."

To be able to arrive in such a short period of time, they could only use spirit beasts.

Immediately, Yang Chen ordered Gu Mu to pay attention to the movements of these people and not let their plot succeed.

Imperial City, Drunken Immortal Pavilion.

As a restaurant and inn founded by the Qing Imperial clan, the Drunken Immortal Pavilion's business had always been very hot.

Moreover, because they were afraid of the imperial family, there was no need to worry about the safety of the Drunken Immortal Pavilion. No one dared to cause trouble here.

On this day, five guests with extraordinary identities arrived at the Drunken Immortal Pavilion.

Among the five people, four of them were the elders of the Nine Yin Sect.

The last person was a deacon of the Sky Cloud Martial School.

After entering the Drunken Immortal Pavilion, the five of them acted like normal guests. They first had a meal in the restaurant and then booked a room.

Although the waiter was very puzzled as to why the five of them wanted to get a room, he did not say anything out of his own manners. He obediently booked a room for the five of them according to the request.

After entering the room, the five of them first scouted around. After confirming that there were no experts nearby, they sat around the table in the room.

After sitting down, the deacon of the Sky Cloud Martial School said, "Everyone, are we sure we want to choose this Drunken Immortal Pavilion?"

Hearing this, the evil cultivator at the side laughed sinisterly. "Deacon Jin, this Drunken Immortal Pavilion is a restaurant established by the dynasty. It's usually a mix of good and bad people. It's very reasonable for there to be some places that hide evil."

"After all, if the Nine Yin Sect really wanted to cooperate with the Qing Consortium, we would have chosen this place as our base."

"If you want to frame them, this is the best place."

"A busy city is often the best place to hide secrets."

Deacon Jin nodded and said, "Since that's the case, everyone, use your techniques."

"Then please wait and see, Deacon Jin.."

Chapter 465: The Second Phase of the Plan

The evil cultivator let out a sinister laugh again and then looked at each other. Then, the four of them took out a blood-red stone from their storage bags.

When the leader of the evil cultivators saw the blood-red stone, a hint of greed appeared on his face. "This Nine Yin Stone is a treasure of my Nine Yin Sect.

Only a million 18-year-old young women can create such a piece."

"Now that I have to use four pieces at once, I really can't bear to."

Hearing this, Deacon Jin glanced at the leader of the evil cultivators. "Don't worry. After this is done, we will compensate you."

“Of course.” “We’ve worked with you so many times, so we naturally believe in your credibility.”

“I’m just grumbling. I hope Deacon Jin doesn’t mind.”

“I don’t mind, but you should hurry up and act.” Deacon Jin said.

“Yes.”

Immediately, the four evil cultivators stood up together and went to an empty space in the room. They each landed in the north, south, east, and west directions.

Immediately after, the four of them activated their evil energy together. Under the evil energy’s surrounding, these blood-red stones flickered with a soul-stirring blood-red light.

Then, the four rocks floated in the air and slowly landed on the ground.

In the next moment, the nine stones disappeared.

What replaced it was a sinister aura that gradually appeared around the Drunken Immortal Pavilion.

This aura was not obvious. Without the careful observation of a Dao Origin Supremacy, it would probably be very difficult to detect.

After doing all this, the leader of the evil cultivators smiled and said, “Deacon Jin, the Nine Yin Great Formation has been set up. It’s time for us to leave.”

“If we don’t leave now, it won’t be good if we’re discovered.”

Hearing this, Deacon Jin nodded and immediately planned to leave with these evil cultivators.

At this moment, a cold snort sounded in the minds of the five people. You've already been discovered, and you still want to leave?"

Hearing this, the five people's expressions changed. Then, they could not care less and directly released their spiritual qi and evil qi, breaking through the wall and rushing out.

This sudden change instantly attracted the attention of everyone in the Drunken Immortal Pavilion.

As the evil Qi on the evil cultivators of the Nine Yin Sect was too eye-catching, someone immediately called out the identities of these people.

"This... This was an evil cultivator! It's the Evil Practitioner from the Nine Yin Sect!"

"What? Nine Yin Sect!"

In an instant, everyone's expressions changed drastically.

The Nine Yin Sect was the nightmare that surrounded the Li Clan. The Nine Yin Sect, as the largest evil cultivator sect in this place, had created countless tragedies.

A hundred years ago, the Nine Yin Sect had massacred a dynasty and abducted hundreds of millions of people.

He did not expect that the Nine Yin Sect would actually come to the Imperial City. What was the purpose of their visit?

When he heard someone call out his identity, the expression of the leader of the Nine Yin Sect's evil cultivators changed. He immediately shouted, "Qing Consortium, you've gone too far!"

"The crafty rabbit dies and the dog is cooked! Today, I finally understand the meaning of these words!"

“You guys have finished working with us, but you don’t want to fulfill your promise. Humph! Let me tell you, my Nine Yin Sect is not to be trifled with!”

“Just wait and see. It won’t be long before Lord Sect Master will avenge us!”

Deacon Jin also understood what the evil cultivator of the Nine Yin Sect meant. He immediately shouted, “Everyone from the Nine Yin Sect, there must be some misunderstanding. His Majesty would not go back on his word!”

Immediately after, Deacon Jin glanced into the distance and said seriously, “Listen up, I don’t care who you are. Cooperating with the Nine Yin Sect is His Majesty’s order, and no one can stop you!”

“If you want to destroy this cooperation, aren’t you afraid that His Majesty will destroy your entire family?”

Deacon Jin and the evil cultivator echoed each other, causing the expressions of everyone present to change again.

“What’s going on? Based on what the Sorcerer said, His Majesty was cooperating with the Nine Yin Sect?”

“How is this possible? The Nine Yin Sect is a Demonic Cultivator.”

“If there was no cooperation, how do you explain the current situation?”

All of a sudden, the people in the Drunken Immortal Pavilion and the surrounding area began to believe that the Qing Consortium and the Nine Yin Sect were working together.

At this moment, the cold snort sounded again. However, this time, it was indeed heard by everyone.

“Humph! You still want to slander the Qing Consortium when you’re about to die?”

“Fine, I’m in a good mood, so I’ll let you die in peace. I have already recorded your conversation with the Photostone.”

You still want to slander the Qing Consortium?”

With that, an image was displayed in front of everyone with the support of spiritual energy.

“Everyone, are we sure we want to choose this Drunken Immortal Pavilion?”

“If you want to frame them, this is the best place.”

When they saw the contents of the video, everyone finally understood that the Nine Yin Sect had wanted to frame the Qing Consortium. The Qing Consortium had never colluded with the Nine Yin Sect.

“You!”

Deacon Jin’s expression changed. He had thought that this expert had been attracted by the fluctuations of the Nine Yin Formation. Who would have thought that their actions had long been noticed by the other party?

Deacon Jin immediately glanced at the Evil Practitioner from the Nine Yin Sect. The meaning was very clear. Now that things had come to this, everyone should run.

Then, the Evil Practitioner and Deacon Jin of the Nine Yin Sect did not say anything else and flew off into the distance.

“Humph! You set up such a tragic array formation like the Nine Yin Formation in the Qing Consortium’s Imperial Capital, and you still want to run?”

Immediately, an old figure appeared.

This person was none other than the Qing Consortium's Dao Origin Patriarch..

Chapter 466: The Second Phase of the Plan

Old Ancestor Qing glanced at the few people who were running away and smiled disdainfully. Then, he clenched his right hand. Immediately after, a terrifying Holy Qi surged out of Old Ancestor Qing's body and instantly controlled the few people.

The trapped evil cultivator and Deacon Jin were also ruthless people. Knowing that they could not escape, they directly severed their meridians and died.

Patriarch Qing was not surprised or regretful about this. He had no intention of sparing their lives. Cutting off their meridians saved him a lot of effort.

What happened in the Drunken Immortal Pavilion was not a coincidence. Almost at the same time, a one-sided battle erupted in various locations in the Imperial City.

The Nine Yin Sect had done everything they could to frame the Qing Consortium, but in the end, they were all seen through by the Qing Consortium, and they had become a laughingstock.

In the Qing Royal Palace, after listening to Patriarch Qing's report, Chen Yang smiled and said, "Qing zun-zhe, you guys did well."

"However, don't relax now, because the Nine Yin Sect's framing won't end just like that. I reckon that there are still other tricks up their sleeves."

"Yes, sir!"

Old Ancestor Qing nodded and left.

After Patriarch Qing left, Chen Yang pondered for a moment and then said indifferently, "President Gu, please come over."

"Understood!"

Not long after, Gu Mu came to Chen Yang and bowed respectfully. "Greetings, Master Chen."

"President Gu, there's no need to be so polite."

Yang Chen smiled as he helped Gu Mu up and patted him on the shoulder. "President Gu, you must have heard about what happened in the Imperial City."

"I heard about it." Gu Mu nodded his head. "Clan Leader Chen, your plan was a great success. The Nine Yin Sect's plan to frame them had completely failed, and only jokes were left."

"This is all thanks to President Gu." Yang Chen smiled.

"I wouldn't dare. I only did my best. It's all thanks to the Chen clan leader's overall planning." Gu Mu said.

Seeing this, Yang Chen smiled and walked away.

"The next phase of the plan is about to begin. Otherwise, the Sorcerers will continue to harass us." Yang Chen said without turning his head.

"My request is very simple. Within half a year, I want this news to spread throughout the Empire and Drifting Cloud City. In order to assist you, I can lend you the Shen family's spirit beast."

"Understood!"

Ten days later, in the meeting hall of the Fleeting Cloud Clan.

Guru Liu looked at the elders below with a gloomy expression and said indifferently, "You've heard, right? The Nine Yin Sect's operation failed."

No one dared to answer Gong Liu's question. After all, Gong Liu was in a rage. If they angered Gong Liu, he might kill them in a fit of anger.

Seeing that the elders were all silent, the anger in Gongliu's heart grew even stronger.

"What? Are you all mute?" Gong Liu asked coldly. Think of a way!"

Hearing this, the elders shivered and lowered their heads, afraid of angering Liu Gong.

In the end, it was the First Elder who stepped forward and braced himself. "Sect Master, the Qing Clan has been passed down for ten thousand years. There must be many hidden things within the clan, so it's not strange to discover traces of the heretic practitioners."

"And then?" Gongliu looked at the Great Elder coldly. "Just one 'not strange' and it's gone? What I want now now is a reason. A reason to annex the Qing Consortium and turn that genius into blood food!"

Furious, a terrifying Holy Qi whizzed out of Guru Liu's body and hit the Great Elder.

Suffering such a heavy blow, First Elder could not help but spit out a mouthful of blood.

However, the Great Elder couldn't care less about this at the moment. He hurriedly wiped the blood from the corner of his mouth and persuaded, "Sect Master, don't be angry. There are other ways."

"Another way?"

Hearing this, Liu Gong calmed down and looked at the Great Elder coldly. "I'm telling you, I've already told the ancestor about the blood food. If we don't get the blood food, I don't think I need to tell you what the ancestor will do."

"Now, tell me your plan."

Hearing Gong Liu's words, the Great Elder broke out in a cold sweat as his mind spun rapidly.

After thinking about it, the First Elder's eyes lit up and he quickly went forward. "Sect Master, if evil doesn't work, we can do it the right way." "Positive?" Gongliu's interest was piqued, and he retracted his aura. "Great Elder, please elaborate."

The First Elder heaved a sigh of relief when he saw Gong Liu's reaction. He quickly said, "Sect Master, this family that has existed for tens of thousands of years must have had many shady dealings."

"As long as we concentrate on the investigation, we can find a reason to make a move."

"Besides, even if the Qing Consortium really didn't make any mistakes, we can still make use of the weakness of the Qing Consortium's people and make a move against them."

"For example, if the Qing Emperor is greedy for money and likes treasures, we can bring a treasure to the Qing Imperial Capital."

"If the Qing Emperor discovers the traces of this treasure, he will definitely be unable to endure it. Wouldn't that give us a reason to take action if he steals the treasure and kills people?"

"Of course, this is just an analogy. In short, there are many things that we can use, and the reasons are not as good as before. However, as long as we can get blood and food, it is worth taking some risks."

Then, the First Elder looked at Liu Gong expectantly, afraid that Liu Gong would not like his idea.

Gong Liu was silent for a moment in the face of First Elder's suggestion. He immediately smiled and said, "Let's discuss."

Seeing the smile on Gong Liu's face, the elders heaved a sigh of relief and immediately began to discuss.

However, they all agreed with the Great Elder's plan.

Seeing that the elders could not come up with any constructive suggestions, Liu Gong waved his hand, signaling for everyone to quiet down..

Chapter 467: The Second Phase of the Plan

After the hall quieted down, Gong Liu looked at Third Elder. "Third Elder, what do you think? Is there any risk involved?"

Hearing this, everyone looked at the Third Elder. It had become a habit for everyone to ask the Third Elder if there were any risks whenever there was a major event.

Under everyone's gaze, the Third Elder took a step forward and cupped his hands. "There is nothing wrong with Great Elder's plan."

"After all, the weakness of human nature is the most difficult to avoid, and at the same time, the easiest to target."

Seeing that the Third Elder did not refute him, the First Elder heaved a sigh of relief. At the same time, he gave the Third Elder a grateful look.

The Third Elder acted as if he didn't see it and continued, "However, we still have to continue with this plan."

“Oh?” Gong Liu looked at Third Elder in confusion.” Third Elder, why?”

“Very simple.”

” If we want to investigate the Qing Consortium’s weakness, we have to go deep into the Qing Imperial Capital,” Third Elder analyzed.”

“But we’ve seen the Qing Consortium’s inner secrets. What if they discover us again?”

” So, we have to find something to attract the Qing Consortium’s attention.

That way, we won’t let them interrupt our new operation.”

“And if the framing is successful, that’s even better. After all, this can save us a lot of trouble.”

“At the end of the day, it’s very simple to deal with the Qing Consortium. We just lack a reason. Since that was the case, he naturally had to attack from many angles. He would always be able to find an excuse.”

Hearing this, Liu Gong laughed wantonly,”Hahahaha...”

After laughing, Liu Gong looked at Third Elder with satisfaction.” We’ll do as Third Elder says.””

” Everyone, Third Elder has a good point. It’s easy to deal with the Qing Consortium. We just lack an excuse.”

” After we find an excuse, the Qing Consortium’s clansmen will become our food, and that genius Chen Yang will die in pain!”

“It was a mistake for him to be born in a weak force, and we are the ones who help him correct his mistakes!”

“Hahaha...” Hearing this, all the elders also laughed.

Immediately, the Sky Cloud Martial School took action once again. Many scouts set out, their target being the Qing Consortium’s Imperial Capital.

Just like that, the river of time passed for another half a year.

Half a year later, in Drifting Cloud City.

Yu Ling looked at her mission and sighed. Then, she pretended that nothing had happened and walked into the restaurant to chat with her friends.

As they talked about the exciting things, Feather Spirit held a cup of wine and seemed to have suddenly remembered something. She said to everyone, “Everyone, do you still remember that demon called Chen Yang?” “I remember. Why?” a young man asked.

“I’m telling you, this Chen Yang is not ordinary.” Yu Ling said with a smile.

“Not ordinary? How is it different?” Yu Ling’s friend asked cooperatively. Seeing this, Yu Ling smiled and said, “This Chen Yang is very jealous.” “Envy?” The young man in white was confused. “What’s so special about being jealous?”

“It’s nothing to be jealous, but Yang Chen’s jealousy has reached a terrifying level.”

“Wasn’t that Chen Yang planted in a small place by the Qing Consortium?” the Feather Spirit slowly explained. In that small place, Yang Chen was known as the number one monster.”

“As time passed, Yang Chen was quite proud of himself. He didn’t allow anyone to surpass him or even be a genius like him.”

” According to reliable sources, Chen Yang has killed evildoers more than once out of jealousy. Those evildoers ‘organizations have no choice but to swallow their anger because they are afraid of the Qing Consortium.”

“Really?” The blue-clothed young man didn’t believe it.

Seeing this, Feather Spirit said rather proudly, “My information can’t be wrong.””

Hearing Feather Spirit’s words, everyone also believed Feather Spirit’s words.

“I didn’t expect Yang Chen to be such a jealous person.”

“Who says so? It seems that in the future, don’t provoke this person too much.” Hearing everyone’s words, Feather Spirit knew that the last sentence of this mission was about to be said.

“Hmph!” Feather Spirit was a little unconvinced. So what if his talent was monstrous? If he was so arrogant, he would sooner or later offend a major faction.”

“When Chen Yang kills the monster of the big forces, how can the big forces let it go? It’s even possible that they’ll destroy the Qing Consortium..”

Chapter 468: Falling Into a Trap Step by Step

“This Chen Yang is so jealous that he won’t tolerate the existence of other geniuses. Sooner or later, he will provoke a big force and bring disaster to the family!”

Yu Ling said with a face full of resentment. In her words, there were many complaints about Chen Yang.

These young people only treated these words as the words of the Feather Spirit.

After all, this had nothing to do with them. It was just a topic of conversation at the table.

They didn't care, but some people did.

In the same restaurant, the scout from the Sky Cloud Martial School nodded thoughtfully after hearing Yu Ling's words. Then, he continued to eat and drink normally.

After they finished eating, the scout paid the bill like a normal customer and left.

However, when they left, the target of the scout was the Sky Cloud Martial School.

In the discussion hall of the Sky Cloud Martial School, Gong Liu looked at the scout who reported the news," I understand. You can leave now.""

"Yes, sir!"

After the scout left, Liu Gong glanced at the elders and said,""Recently, spies have been sending in news one after another."

"The information is basically the same. It's just about how jealous Yang Chen is."

"Everyone, let's discuss."

As soon as Gong Liu finished speaking, the Great Elder took a step forward and cupped his hands with a smile."Sect Master, we can use this weakness to frame the Qing Consortium."

"Oh?" Liu Gong looked at the First Elder and said,"Tell me."

"Yes, sir!"

The Great Elder sorted out his thoughts and then smiled. If a monster no weaker than Chen Yang appeared in the Qing Consortium's Imperial Capital, how would Chen Yang react?"

"Coincidentally, this demon has no background and is extremely arrogant. How did Yang Chen react?"

"That means that we can't allow anyone more talented than him to exist. Naturally, we'll do everything we can to imprison or even kill this new genius."

"Only in this way can his jealous heart calm down and maintain his current reputation."

At this point, the Great Elder looked at Liu Gong and bowed. He smiled sinisterly and said,"But this monster is from our sect."

"It's reasonable for us to take revenge for the monster, right?"

"If this person is not only a disciple of our sect, but also has a relationship with the higher-ups of our sect, then the reason for revenge is even more sufficient."

Hearing the Great Elder's words, Gong Liu nodded." I understand what you mean. You want me to send a monster over and let Chen Yang kill him, so we have a reason to destroy the Qing Consortium."

"Sect Master is smart!" First Elder smiled and cupped his hands.

Gong Liu wasn't happy about the Great Elder's flattery. Instead, he raised two fingers.

"I have two questions. First, there is no such monster among my descendants or your descendants. What should we do?"

"The second question, even if we really find this monster, will Yang Chen definitely kill him?"

“If Yang Chen goes crazy and doesn’t kill them, won’t our plan fail?”

The First Elder pondered for a moment upon hearing this. He immediately smiled and said, “The answer to the first question is that there are no monsters in our descendants, but we can create one.”

“For example, isn’t the newly recruited personal disciple, Chu Liang, just right?”

“You can take him in as your personal disciple. That way, Chu Liang’s status will be like your son. If Chen Yang kills him, how can you not avenge Chu Liang?”

“As for the answer to the second question, if Yang Chen doesn’t make a move, then we’ll help Yang Chen.”

“Anyway, we only need one reason. It doesn’t matter who Zhu Liang dies in.”

“Zhu Liang?”

A pained expression appeared on Liu Gong’s face. “This is the blood food for me to break through to the late-stage Dao Origin. It’s a waste to give it up like this.”

“Besides, Chu Liang is already over 200 years old. His aptitude is not considered top-notch among Rank-4, martial artists. In terms of monstrous talent, he can’t compare to Chen Yang at all. How can he arouse Chen Yang’s jealousy?”

“If you can’t even arouse Yang Chen’s jealousy, how can you make people believe that Yang Chen killed Chu Liang?”

“You’ve said it yourself. Chu Liang’s talent is inferior to Chen Yang’s. In that case, Chu Liang will definitely not be able to beat Chen Yang as food.”

“Why not exchange a lesser blood food for a better blood food?”

“Besides, after we destroy the Qing Consortium, we can refine a large number of Qing clansmen, which Chu Liang doesn’t have.”

“Sect Master, you can only gain if you give up!”

“As for Chu Liang’s talent, we can promote it ourselves.

For example, his age. Let’s say that he’s only 150 years old. Would anyone test Chu Liang’s age?”

“As for talent, I can also boast that it’s at the top of the Fourth Stage. By the same logic, who would have the time to test Chu Liang’s aptitude?”

“We don’t want Chen Yang to believe it, but we want others to believe that Chen Yang believed in Chu Liang’s talent and sent people to kill Chu Liang.”

Liu Gong looked at the Great Elder and nodded.” I understand.”

“How about this? I’ll leave this matter to you. You’ll be responsible for getting Zhu Liang to cooperate with us.”

“Meeting dismissed!”

With that, Liu Gong turned around and left.

The various elders also left to prepare for the next matter.

Just like that, a month later, in the Qing Consortium’s Imperial Capital, a piece of news blew up the long-peaceful Imperial Capital.

A super genius who was not weaker than Chen Yang had appeared in the Imperial City!

“Have you heard? There was a genius living in the Drunken Immortal Pavilion. It was said that this genius was only 150 years old, but his cultivation had already broken through to the first level..”

Chapter 469: Falling Into a Trap Step by Step

“Really? I don’t believe that such a genius would come to a small place like ours.”

“It’s definitely true. Let me tell you, this genius is a native of our dynasty. There’s a Rank-6 force that saw the process of this person’s rise.”

“According to that rank 6 force, this genius was born in a desolate rank 9 family.”

That ninth-rank aristocratic family is already on the verge of decline, and there are internal and external problems.

And that genius had grown up in such an environment. Furthermore, he had killed powerful enemies along the way and led his aristocratic family to become a new sixth-rank aristocratic family step by step.”

“You all know about this sixth-rank aristocratic family, that Feng family. As for the name of this genius, it’s called Feng Liang. You’ll know once you check.” “D * mn, does that mean that not only does our dynasty have a monster like the Crown Prince, but we also have Feng Liang!”

“It’s just that this demon didn’t show his strength in the past. Why did he suddenly appear?”

“Who knows? Perhaps he came to the Imperial City to seek new development for the family.”

For a moment, the entire Imperial City was talking about this Feng Liang. The various large factions had their own ideas, wanting to rope Feng Liang in to their side.

This was because everyone could see that Feng Liang's future was boundless. He could definitely reach the Dao Origin.

If he had a good relationship with Feng Liang, his power might be able to rise to another level in the future.

Countless people headed to the Drunken Immortal Pavilion, wanting to see Feng Liang.

At the same time, in a pavilion in the palace.

Listening to Gu Mu's report, Yang Chen smacked his lips," The Sky Cloud Martial School is indeed a top rank 5 force. In just a month, they have created such a native monster."

"The Sky Cloud Sect's methods aren't weak to have so many forces in the Qing Empire cooperate with them."

When Qing Zhiyu heard this, he quickly said,""Don't worry, Your Excellency. All the factions in the Qing Empire are loyal to Your Excellency." "This time, we are just following your orders and cooperating with the Sky Cloud Martial School."

"What are you nervous about?"

Yang Chen smiled and glanced at Qing Zhi, then said,""Since they have already set up the stage, it's time for us to take the stage."

"Everyone, get ready. The great battle is coming."

"Yes, sir!"

In the Drunken Immortal Pavilion, Chu Liang leaned against the window and looked at the noisy crowd outside. He looked at the old man beside him worriedly." Third Elder, I'm a little worried."

When Third Elder saw this, he smiled and patted Chu Liang's shoulder." Chu Liang, you don't have to worry. With me around, your safety will not be a problem."

At this point, the Third Elder sighed faintly." Sigh, if it weren't for the fact that the Qing Empire has the treasures we need, we wouldn't have put you in such danger."

Seeing Third Elder mention this, Chu Liang frowned and said,"Third Elder, I shouldn't be asking this, but I really can't help it."

Since the Qing Consortium has the treasure we need, we can just snatch it from them. Is there a need to find excuses?"

"Child's words."

Third Elder smiled and shook his head. Then, he patted Chu Liang's shoulder." Chu Liang, since the Sect Master chose you as his personal disciple, it's to nurture you so that you can take over the position of the Sect Master in the future."

"But what you are saying now doesn't sound like what a sect master should say at all."

Oh, if you snatch whatever you like, won't you be surrounded by enemies in the future? Even the number one sect in the Alkaid World doesn't dare to do this, so why would our Sky Cloud Sect dare to do this?"

Hearing Third Elder's words, Zhu Liang nodded." I understand."

Oh right, Third Elder, what treasure is so important that the Sky Cloud Sect would personally frame the Qing Dynasty?"

Upon hearing Chu Liang's question, a strange expression flashed across Third Elder's eyes." It's naturally a good treasure. Let me tell you, this is related to whether the Sect Master can advance to the late-stage

Dao Origin realm." If the sect master breaks through, according to the rules, the sect master will have to relinquish his position and pass it to you."

When he heard Third Elder say that the sect master would pass the position of sect master to him, Chu Liang's eyes were filled with enthusiasm. He did not even notice the redness in Third Elder's eyes.

Just like that, after staying in the Drunken Immortal Restaurant for a day, the Third Elder suddenly said, "Chu Liang, according to the scouts, many experts suddenly walked out of the palace."

"Looks like the Crown Prince can't hold it in anymore and is planning to make a move against you."

Upon hearing this, Chu Liang looked at Third Elder nervously. "Third Elder, what should we do next?"

"Don't panic."

Third Elder patted Chu Liang's shoulder. "With me around, it's naturally not a problem to protect your safety."

Upon hearing this, Chu Liang felt relieved.

The Third Elder was an existence at the Dao Origin Level. Wasn't it easy for him to protect him?

As for Yang Chen, you've really kicked a metal plate this time.

I really want to see how regretful you will be when you find out my identity. Thinking of this, Chu Liang was a little excited. "Third Elder, let's take action." At that moment, Chu Liang really wanted to see Chen Yang bring disaster to the Qing Consortium because of his jealousy.

At the same time, he wanted to see Yang Chen beg for mercy in front of him.

Seeing how enthusiastic Zhu Liang was, Third Elder was stunned at first. Then, a strange smile appeared on his face. "Alright, let's take action immediately." Immediately, Third Elder and Chu Liang walked out of the room together. Under everyone's witness, they left the Drunken Immortal Pavilion.

Of course, there were naturally many forces that wanted to build a good relationship with Chu Liang.

However, to these people, Chu Liang used the excuse that he had something important to do now and that they would talk about it in detail later.

The more the two of them walked, the fewer pedestrians on the road.

Of course, this was the result of both sides working together. Chen Yang didn't want the people of the Imperial City to cause trouble, and neither did the Sky Cloud Martial School.

Under the joint efforts of both sides, the originally overcrowded Imperial City actually had a place with no one around.

When he reached this point, Third Elder stopped and patted Chu Liang's shoulder. "Zhu Liang, I can't accompany you anymore."

"If I was still here, the Qing Consortium would definitely not have made a move."

"Understood." Chu Liang nodded. "Third Elder, leave it to me."

Seeing that Zhu Liang was so sensible, Third Elder nodded in satisfaction. "Yes, don't worry. With me around, there won't be any problem protecting your safety."

With that, the Third Elder's figure quietly disappeared.

When Chu Liang saw this, although he felt a little uneasy, he still followed the agreement and walked down bit by bit.

Not long after, a few men in black appeared in front of Chu Liang.

Although Zhu Liang was shocked, his expression did not change. "Who are you to cause trouble in the Royal Capital? Aren't you afraid that His Majesty will punish you?"

"Punishment?"

The man in black seemed to have heard a funny joke and laughed crazily.

Hahahaha, will His Majesty punish us?"

"Fine, I'll let you die with some understanding. We're here under the Crown Prince's orders to understand you. Do you think His Majesty will punish us?"

Upon hearing this, Chu Liang was delighted. This group of idiots had actually fallen into their trap so easily.

Although Chu Liang was very happy after completing the mission, he still did not show it. Instead, he said with a terrified expression, "What did you say? His Highness wants to attack me?"

"No, this is impossible!"

"Cut the crap. If you have anything to say, say it in hell!"

Immediately, the black-robed man moved quickly. A terrifying spiritual energy swept out from the black-robed man's body, wrapped around his fist, and smashed fiercely at Chu Liang.

Facing this fist, Chu Liang felt a threat to his life. It was as if he would be killed by this fist in the next moment.

Instinctively, Chu Liang wanted to ask for help, but before he could say anything, the fist landed on Chu Liang's body.

Immediately, Chu Liang was sent flying. A pain that felt like his internal organs had been shattered instantly surged into Chu Liang's mind.

Am I really going to die?

Chu Liang's thoughts did not last long. Just as he was about to fall into a restaurant, a black-robed man suddenly appeared and punched him from behind.

Immediately, the fist pierced through Chu Liang's abdomen, and Chu Liang fainted completely..

Chapter 470: The Beginning of the Great Battle of Chu Liang

"Where is this place? Am I dead?"

In a daze, Chu Liang realized that he seemed to be in a room.

There were many people walking around, looking very busy.

After forcing his eyes open, Chu Liang realized that a handsome man with a jade-like face was looking at him. His smile was like a spring breeze.

"Did you save me?"

Chu Liang vaguely remembered that he had been pierced through the abdomen by the man in black and fainted.

Now that he was here, could it be that this man had saved him?

“Yes... You can think so too.”

Yang Chen patted Chu Liang’s shoulder.” You’re not in a good state right now. You need to rest well. We’ll meet again when your injuries have recovered.”” Then, Yang Chen turned around and left.

When Chu Liang saw this, he looked up at the roof and secretly praised that he had met a good person.

Chu Liang was indeed worthy of being an expert on the first level. Even though he had suffered such serious injuries, he was able to get out of bed and walk around in less than a day under the treatment of Chen Yang’s medicinal pills. Immediately, under the guidance of a servant, Chu Liang arrived at a pavilion in the Imperial Palace.

Yang Chen was sitting in the pavilion, sipping tea as he watched Chu Liang walk towards him.

~

After entering the pavilion, Chu Liang broke free from the servant’s support and knelt on one knee.”Chu Liang, thank you for saving my life!” “Benefactor, I will never forget your great kindness. Please tell me your name and give me a chance to repay your kindness.”

“Brother Chu Liang, there’s no need to be so polite.” Yang Chen smiled as he helped Chu Liang up. Then, he helped Chu Liang sit on the stone chair.

Yang Chen then sat beside Chu Liang and smiled,””My name is Chen Yang. You should have heard of me. I’m the Crown Prince of the Qing Empire.”

“What?!”

Chu Liang’s eyes widened as he struggled to get up. He did not expect this person to be Yang Chen!

Chen Yang saw this and helped Chu Liang to sit on the stone chair.” Brother Chu Liang, please calm down. I know you have many questions in your heart. I can answer them one by one.”

Upon hearing this, Chu Liang suppressed the restlessness in his heart and asked indifferently, “May I know why Your Highness brought me here?” “If you are jealous of my talent, Your Highness can kill me with a sword.” “Brother Chu Liang, before I answer your question, I want to show you something.”

Yang Chen smiled and took out a Photostone from his storage bag and placed it on the stone table.

Seeing this, Chu Liang also looked over curiously. He did not know what Yang Chen wanted to show him.

Under Chu Liang’s gaze, Chen Yang injected his spiritual energy into the image stone. Not long after, an image slowly unfolded.

The person who appeared on the screen was none other than the third elder of the Sky Cloud Martial School.

Looking at the contents of the screen, Chu Liang’s eyes immediately widened. Because in this scene, Third Elder witnessed Chu Liang being surrounded by the men in black. Not only did he not help, but he even took out a video stone to record the scene of him being surrounded.

Of course, this was not a big deal. After all, according to the plan, the third elder was supposed to record the scene of him being surrounded so that the Sky Cloud Martial School would have a reason to attack.

However, after Third Elder recorded this scene, what he said next made Chu Liang feel as if he had fallen into an ice cave.

“Not bad, not bad at all. With this evidence, we have a reason to destroy the Qing Consortium.”

“I didn’t expect the blood food to work so well together, and I didn’t expect the Qing Consortium to work so well together as well. This saved me a lot of effort.”

“Tsk tsk, what a pity. I didn’t expect such good blood food to be wasted like this.”

” Logically speaking, I should save Chu Liang and bring him back to be used as food. However, to ensure that the reason is sufficient, I still have to let the Qing Consortium kill Chu Liang personally.”

“When the time comes, we’ll capture a few men in black and force them to admit to killing Chu Liang.”

“There are witnesses and physical evidence. It’s better than just physical evidence.”

“There is something to give, there is something to gain. I don’t want this blood food.”

After grumbling, Elder Three looked at the shadow on his right.” I’ll leave the rest to you. It’ll be even better if you can record the evidence of Chu Liang being killed by the Qing Consortium.

Even if he couldn’t record it, he would still make Chu Liang die in the Qing Consortium’s Royal Palace. He would also record this scene with the Photographic Stone.”

“Yes.” A gloomy answer came from the shadows.

After that, Third Elder glanced at Chu Liang before turning around and leaving without any reluctance.

After watching the images recorded by the Shadow Stone, Chu Liang was dumbfounded. His mind was a mess and he did not know what to say.

Chen Yang patted Chu Liang’s shoulder.” Brother Chu Liang, I know you have more questions. Don’t be anxious. Let me explain slowly.””

First of all, the reason why all of this happened is because the higher-ups of

your Sky Cloud Martial School colluded with the demons.”

You should know about demons, right?"

Chu Liang nodded subconsciously. Then, he looked at Yang Chen in disbelief." What did you say? The higher-ups of the Sky Cloud Martial School colluded with demons? This is impossible!"

Since it's impossible, why would your sect call you blood food?"Yang Chen asked.

Hearing Yang Chen's words, Chu Liang remained silent.

After a while, Zhu Liang slowly said,"Continue.""

"Next, it will be me and your Sky Cloud Martial School pulling each other and setting each other up..."

Immediately, Yang Chen told Chu Liang about his plan, including how to trick the Sky Cloud Martial School.

After Chu Liang heard Yang Chen's words, he looked at Yang Chen in disbelief."

All of this was your plan.. A trap you set?"
