

Tamer Family 471

Chapter 471: The Battle of Instigating Chu Liang to Began

“What’s wrong?” Yang Chen asked with a smile.

“No... It’s nothing.”

Chu Liang shook his head and looked at Yang Chen in fear. “Your scheme is too powerful. If anyone were to be your opponent, they might not even know how they died.”

At this point, Chu Liang laughed self-mockingly. “I thought the Qing Consortium was tricked by the Sky Cloud Martial School. I wanted to see your shocked expression when you found out the truth.”

“I didn’t expect it. I was indeed shocked, but the one who was shocked was me.” “But I still have a question. Since you know about the Sky Cloud Martial School, why would you dare to go against the Sky Cloud Martial School?”

“We naturally can’t do it alone.”

Yang Chen smiled and looked at Shen Renxu who was fishing by the pond outside the pavilion. “But if the Shen family is involved, it will be different.” “No matter how powerful the Sky Cloud Martial School is, they are not a match for the Shen family.”

“Shen family?”

Chu Liang followed Chen Yang’s gaze and saw him staring at an old man.

Out of curiosity, Chu Liang also looked at it carefully.

Then, Chu Liang suddenly realized that this old man was none other than the

Wind King of the Shen family, Shen Renxu.

“Shen...Shen Renxu.”

Hearing Chu Liang’s trembling voice, Chen Yang turned his head.” Oh, you know me, Patriarch Ren Xu.1”

“Who in the world doesn’t know about the Wind King, Shen Renxu?”Chu Liang said enviously.

He didn’t even dare to think about ascending to the throne. How could he not be shocked when he saw the Wind King, Shen Renxu?

“Wait, your ancestor?”

Chu Liang looked at Chen Yang in shock.” You mean? Aren’t you from the Qing Consortium?”

“Of course not.” “The Qing Consortium is just a force loyal to me,” Chen Yang

said with a smile.”

-I see.” Chu Liang nodded and smiled.”! didn’t expect that the Sky Cloud Martial School has been targeted by the Shen family.”

“It’s laughable that the Sect Leader and the others are still thinking of destroying the Qing Consortium.”

Chu Liang understood everything. He understood Chen Yang’s confidence and also understood why Third Elder could be secretly recorded with a video stone. With the Wind King around, what was impossible?

After thinking through everything, Chu Liang began to think about the reason why Yang Chen had brought him here. In other words, he was of no use to Yang

Chen.

“Yang Chen, what do you need me to do?” Chu Liang asked immediately.

“Brother Chu Liang is a person who understands the times.”

Yang Chen smiled, “The Sky Cloud Martial School’s higher-ups colluded with the demons, but it has nothing to do with the ordinary disciples. I have no intention of destroying the Sky Cloud Martial School.” “However, the Sky Cloud Martial School has done something wrong and needs to be punished. “Therefore, this new sect master must know when to advance and retreat and listen to my orders.”

Hearing this, Chu Liang wanted to get down from the stone chair and kneel on one knee. “Zhu Liang is willing to be loyal to you, sir. I am willing to lead the disciples of the Sky Cloud Martial School to make up for the mistakes I made earlier!”

Yang Chen nodded in satisfaction.

The reason why he had said so much to Chu Liang was because he wanted to annex the Sky Cloud Martial School.

However, a starving camel was still bigger than a horse. With a little training, it would become another fifth-grade force.

Immediately, Chen Yang helped Chu Liang up. “We are satisfied that Sect Leader Chu Liang has such intentions. Next, Sect Leader Chu needs to help me with something.”

“Sir, please speak.” Chu Liang said.

“Help me kill one.” Yang Chen smiled.

Chu Liang was speechless.

“Sir, what do you mean?” Chu Liang looked at Yang Chen in confusion. What did he mean by helping you kill one?

Yang Chen knew that his words had caused Chu Liang to misunderstand. He immediately smiled and said, “Didn’t your sect say that they wanted to record the scene of you being slaughtered by me?”

“Since that’s the case, we have to follow their wishes. After all, they are guests.”

“I understand.” Chu Liang nodded.

Yang Chen was planning to fake his death so that the Sky Cloud Martial School would have more reason to attack.

A month later, in the main hall of the Sky Cloud Martial School. Looking at the Photostone in his hand, Gong Liu couldn’t help but laugh. “Hahahaha, I didn’t expect the Qing Consortium’s Crown Prince to be so cooperative. This saves us a lot of effort.”

The elders below also laughed.

After laughing enough, the Great Elder stepped forward and said, “Sect Master, since there are witnesses and material evidence, we should make a move.” “Yes.” Gong Liu nodded and looked at the Great Elder. “Great Elder, how do you think we should act?”

The First Elder pondered for a moment before he laughed sinisterly, “I think we should act quickly. We can’t give the Qing Consortium any time to react.” “Therefore, this operation only requires us to personally take action. We must use those blood foods.”

The blood food that the Great Elder was talking about was the Sky Cloud Martial School’s disciples and other higher-ups who didn’t know anything about it.

To them, those people were the blood food prepared for the future. They would fight for them on normal days, and when they were needed, they would be refined into blood food.

Hearing this, Gongliu nodded." Great Elder, this is a good idea, but we can't leave without any subordinates.""

"How about this, other than the third elder, the rest of the elders will move with me. in addition, transfer ten thousand disciples from Sword Holding Peak to help us."

"Although this Blood Food of the Sword Holding Peak is not smart, he is still very loyal. He doesn't ask anything and just follows our orders." "Such good blood food, we naturally have to make good use of it. Alright, all of you go get ready.. In three days, we'll ride on spirit beasts and head straight for the Qing Dynasty!"

Chapter 472: The Battle Begins to Instigate Chu Liang

"Yes, sir!" The elders replied in unison.

Immediately, all the elders left in turn, leaving only the third elder behind.

Seeing that the Third Elder had not left, Liu Gong asked doubtfully,""Is there anything else, Third Elder?"

"Sect Master, why don't you let me go?"Third Elder asked," I've been to the Qing Imperial Capital before, so I'm quite familiar with the place. Letting me go over will be quite beneficial for our operation.""

"So this is what Third Elder cares about."

"I have my own reasons for keeping Third Elder here," said Gongliu with a smile."

"The ancestor still needs someone to serve him, and the sect also needs someone to manage the overall situation. Only you, Third Elder, are most suitable for this task."

"After all, we are all affected by the blood food and are not calm enough. It is fine if there are more people, but once we have the power, it is easy for something to happen."

“Therefore, I can only bear with the pain and let you stay.”

So this was the reason why he had stayed behind.

The Third Elder understood and immediately cupped his hands. “Sect Master, don’t worry. I’ll definitely guard the sect well and wait for the good news from Sect Master and the elders.”

“Yes, that’s good.” The sect master nodded in satisfaction.

Seven days later, in the Qing Consortium’s Imperial Capital.

Chu Liang’s disappearance had indeed caused quite a commotion. However, the Imperial City did not have any other advantages. It just had a lot of things to do.

In just a few days, the Imperial City had already forgotten about Chu Liang’s matter and continued to busy themselves with their own matters.

On this day, the citizens of the Imperial City were busy with whatever they needed to do as usual. Suddenly, a loud sound like thunder exploded from the sky.

“Chen Yang, get your ass over here!!!”

This thunderous sound attracted the attention of the entire Imperial City.

Immediately, countless citizens and martial artists subconsciously looked at the horizon, wanting to know what had happened.

Their doubts didn’t last long. After the sound of the explosion rang out, it didn’t take long for a terrifying beast that was thousands of meters long to hover in the sky above the Qing Consortium’s Imperial Capital.

If it was just these thousand-meter-long beasts, it would be fine. It was not enough to cause a commotion.

What shocked the people of the Imperial City even more was that on the body of this giant beast, there were martial artists dressed in the same uniform.

Every single one of these cultivators exuded a terrifying aura, and the weakest among them was at the level of a Core Formation cultivator.

As for the dozens of people leading them, they emitted a terrifying aura like gods and ghosts.

Sensing this aura, the people even found it difficult to breathe.

As the number one sect under the Li family, the Sky Cloud Sect's uniform was not well-known to everyone, but it was similar.

Not long after, someone recognized the identity of the Sky Cloud Martial School and exclaimed, "This... This was the uniform of the Sky Cloud Martial School. The expert on this beast was from the Sky Cloud Martial School!" "What is it? The strongest level five Sky Cloud Martial School? What are they trying to do?"

"They came with ill intentions, they came with ill intentions."

Glancing coldly at the people of the Imperial City, Gong Liu swallowed a mouthful of saliva and suppressed the greed in his eyes. With a furious look, he shouted angrily, "Chen Yang! Didn't you hear what I said? Get the hell out here!"

This time, he received a response.

Immediately, Qing Zhiyu and Old Ancestor Qing rushed out of the Imperial Palace. They were a thousand meters away from Liu Gong. Qing Zhiyu wrapped his voice in spiritual qi and asked, "I didn't know Sect Leader Liu would come. I hope Sect Leader Liu can forgive me."

“Humph! I’m not in the mood to talk to you. Hurry up and get Yang Chen out!”

Seeing this, Qing Zhiyu pretended to be puzzled and said, “How did my Qing Consortium’s Crown Prince offend Sect Leader Liu to the point of him mobilizing such a large force?”

“How did you provoke me?”

Liu Gong snorted and threw out two photographic stones. He injected Holy Qi into them, and two screens that were ten thousand meters wide appeared in front of everyone.

The screen was playing the scene of the men in black capturing Chu Liang and Chen Yang killing him.

Liu Gong, who was at the side, roared, “This Feng Liang is my personal disciple. In order to prevent others from persecuting him, I specially let him hide here.” “I didn’t expect, I didn’t expect, I didn’t expect to still be killed by the thief!”

At this point, a sorrowful expression appeared on Gongliu’s face as he said with hatred, “I want the Qing Consortium and everyone in the Qing Dynasty to be buried with my beloved disciple!”

After learning of the Sky Cloud Sect’s intentions and reasons for coming, the entire Qing Imperial Capital descended into chaos.

Countless people scrambled to escape, trampling, crying, and cursing.

“Damn it! I told you long ago that Chen Yang was so jealous that he would bring disaster to the Qing Consortium sooner or later! I didn’t expect that we would be implicated and killed by this Crown Prince!”

“Sect Master, Sect Master Liu! This injustice has a perpetrator, and this debt has a perpetrator. What does that brat’s mistake have to do with us? Please be magnanimous and spare us!”

“Brat, brat! The Qing Consortium’s ten-thousand-year-old foundation was actually destroyed in the hands of such a person. I’m unwilling, I’m unwilling!” “The Qing Consortium is only at Rank-5, so how can they compare to the Peak Rank-5 Sky Cloud Martial School?”

“Is the Qing Consortium really going to be destroyed today?”

Hearing the cries and insults from below, Gongliu nodded in satisfaction. Under the command of the spies he had planted, the people of the Imperial City were all blaming the Qing Consortium and Chen Yang. As the perpetrator, there was no problem with him.

Then, Liu Gong gave the Great Elder a look, telling him to act according to the plan..

Chapter 473: The Battle of Instigating Chu Liang to Began

Seeing this, the Great Elder stepped forward and pretended to be compassionate.” Sect Master! Chen Yang’s mistake had nothing to do with these ordinary people.”

“Sect Master, please be magnanimous and forgive them!”

Hearing this, a conflicted expression flashed across Gong Liu’s face. He then pretended to suppress the grief and indignation in his heart and roared, “Good! I’ll spare these irrelevant people, but the Qing Consortium must be destroyed today!”

At the same time, Gong Liu sighed in his heart.

There was so much blood food. Even if the quality was not very good, it would still be of great help to him.

However, for the sake of the Sky Cloud Martial School and the future, he could only give up for now.

After hearing what Gongliu had said, the Sky Cloud Martial School’s spies led the entire Imperial City to express their gratitude.

“Thank you, Sect Leader Liu! Thank you, Sect Leader Liu!”

” The Sky Cloud Sect is righteous. The Qing royal family is usually tyrannical. Fortunately, the Sky Cloud Sect came. Otherwise, we would still be oppressed by the Qing royal family.”

“That’s right, the Sky Cloud Martial School’s righteousness!”

Hearing the voices of discussion in the Imperial City, an awkward expression flashed across Qing Zhi’s face.

Although Qing Zhi Yu knew that these rumors were instigated by the Sky Cloud Sect’s spies, the fact that the people of the Imperial Capital were willing to be instigated also meant that the Qing Clan didn’t do a good job.

Qing Zhi made up his mind.

After this matter was over, he had to pay more attention to the feelings of the people and restrain the imperial family. They could no longer act as they pleased.

But now, he had to drag it out for a while to give Yang Chen and the others time to plan the next stage of the plan.

Immediately, Qing Zhiyu stepped forward and said,“Sect Leader Liu, the Crown Prince was at fault. We can punish him, but can we spare the other members of the Qing Consortium?”

“Impossible! The other members of the Qing Consortium are all accomplices. Don’t even think about escaping punishment!”Gongliu said angrily.

Giving up so much blood and food for the people of the Imperial City was already a painful loss for Liu Gong. If he were to give up the Qing Consortium as well, wouldn’t this operation be a huge loss?

Seeing this, Qing Zhi still wanted to say something, but he heard a loud shout from behind him." Qing Emperor, that's enough. The matter has been arranged properly. There's no need to talk to them anymore."

Immediately after, Chen Yang and Shen Daokong flashed out of the palace and stood beside Qing Zhiyu. They looked at Liu Gong with a smile." Sect Leader Liu, weren't you looking for me? I'm coming over now."

After seeing Yang Chen, a hint of greed flashed in Gongliu's eyes, but he still pretended to be angry and said,""Thief, you killed my disciple. What else do you have to say now?"

"I killed your disciple?"

Yang Chen smiled and said,"Then take a look at who this is.""

Then, Chu Liang's figure swept out from the crowd and stood beside Yang Chen.

When Guru Liu saw Chu Liang's figure, he was immediately shocked and looked at First Elder with some resentment.

Wasn't Chu Liang killed by Chen Yang? What was going on?

First Elder smiled bitterly. He did not know what was going on.

The citizens of the Imperial City below were similarly stunned. Chu Liang was alive and well in front of everyone, so how could he have been assassinated?

Liu Gong couldn't be bothered to blame the Great Elder. Since Chu Liang was not dead, he could only bet that Chu Liang would act according to the plan.

Gong Liu pretended to be surprised and said,""Disciple, you're still alive? They didn't abuse you, did they?"

In other words, he wanted Chu Liang to admit that he had been abused so that they could have a reason to make things difficult for him.

Who knew that Chu Liang would sneer and say, "Guru Liu, the matter of you colluding with the evil spirit has already been exposed. Hurry up and be executed. Save yourself the pain of flesh and blood!"

Hearing that he was colluding with demons, Gongliu subconsciously took a step back and pretended to be calm. "What do you mean by colluding with demons? Disciple, what's wrong?"

"Enough, stop acting!"

"The Sky Cloud Martial School colluded with the Blood Refined Demon," Chen Yang said with a serious expression. "Today, the Chen family, Chen Yang, the Qing royal family, and the Black Water Martial School are all under the command of the Shen family. They are executing justice on behalf of the heavens and annihilating the Sky Cloud Martial School!"

As soon as Chen Yang finished speaking, the Shen family, Qing Consortium, and Blackwater Sect's experts all came out and surrounded the Sky Cloud Martial School.

A powerful aura enveloped Liu Gong and the others..

Chapter 474: The Destruction of the Sky Cloud Martial

School (1)

Glancing at the experts around him, cold sweat broke out on Liu Gong's forehead.

As the master of the Sky Cloud Martial School, it was his duty to understand the experts of the other martial schools. Liu Gong also knew these experts, most of them were from the Shen family.

Was it really as Yang Chen had said, that they had been exposed?

However, Liu Gong wouldn't give up so easily. He snorted and said, "I don't know what you're talking about."

"I don't know why the Shen family wants to slander my Sky Cloud Martial School, but don't forget that my Sky Cloud Martial School is a vassal of the Li family!"

"Your actions are a slap to the Li family's face. Aren't you afraid that the Li family will take revenge?"

"We will naturally explain to the Li family." Yang Chen smiled at Gong Liu. "And you seem to have forgotten something."

"That is, we are not here today to prove that you colluded with the demons, but to directly destroy you."

"So, no matter how you quibble, you can't change the final outcome."

"Ancestor Renxu, come out and let Sect Leader Liu meet you."

Shen Renxu's figure suddenly appeared in front of everyone.

After seeing Shen Renxu, Gongliu's face turned pale. He knew that he was going to die here today.

However, even if he died here today, he had to spread the news. After all, his family was in the Sky Cloud Martial School.

Subconsciously, Gongliu looked behind the Imperial City, thinking about how to send the message.

Chen Yang, who had seen through Guru Liu's intentions, smiled and said, "Sect Leader Liu, you don't need to think about sending any messages."

“The reason why I only appeared so late was to arrange for people. Now, the entire Imperial City is locked down.”

“You probably don’t understand what it means to catch a turtle in a jar, but I’ll use my actions to tell you what it means.”

Hearing this, Gong Liu’s heart turned cold. He knew that it was all over.

However, Guru Liu still had a doubt in his heart. Since the other party had the help of the Shen family, why didn’t they just attack the Sky Cloud Martial School?

Liu Gong knew that he didn’t have much time left, so he didn’t have any scruples and said openly,“”! want to ask, why didn’t you attack the Sky Cloud Martial School directly, but spent so much effort to lure us here?”

“Two aspects.”

Yang Chen explained,“ The first reason is that, like you said, your Sky Cloud Martial School is a vassal of the Li family. We have to give the Li family face when we do things.””

“If you take the initiative to attack us, then we’ll destroy you. It won’t lose any face for the Li family.”

“As for the second reason, the Sky Cloud Martial School is your base, after all. Who knows what you’ve set up?”

“All of you bastards are related to demons. If any of you escape, it will be a danger to the people here.”

“That’s why I lured you here with the intention of catching you all in one fell swoop.”

Hearing Yang Chen’s words, Gongliu broke out in a cold sweat.

His defeat was justified.

Not only was the other party stronger than them, but he was also leading them by the nose.

How could he possibly win against such a monster?

If he could do it all over again, Liu Gong would rather offend the Void Piercer King than become Yang Chen's enemy.

In Liu Gong's eyes, Yang Chen was much more powerful than the Void Piercer King.

Unfortunately, there were no ifs.

"Alright, I've answered all your questions. Even if you die, you can rest in peace."

"Everyone, attack!"

With Yang Chen's order, terrifying Holy Qi swept over. The Holy Qi gathered together as if doomsday had arrived.

As for the people in the capital, everyone was in danger, afraid that they would die in the aftermath of this battle.

However, Chen Yang would not allow the Qing Consortium's Imperial Capital to be destroyed. After all, the Qing Consortium was a force that had submitted to him.

What was the difference between destroying the Imperial City and destroying one's own property?

Therefore, Chen Yang had already sent Shen Daokong to protect this place. As a peak Dao Origin expert, it was not a problem for Shen Daokong to protect the Imperial City.

With Shen Daokong around, these experts would not have to bear any burden when they fought.

Immediately, powerful martial arts techniques were released from the hands of the self-reliant martial artists. They carried the power to suppress everything and bombarded the people of the Sky Cloud Martial School.

Although the Sky Cloud Martial School tried their best to resist, they were still weaker.

In addition to Shen Renxu's participation, the battle was already over. Soon, the entire Sky Cloud Martial School was wiped out.

Even if someone managed to escape, they would be killed by Yang Chen's ambush not long after.

About an hour later, everything returned to normal.

Shen Renxu carried Gong Liu, who looked like a dead dog, to Yang Chen and said, "Yang 'er, is there anything else you want to ask?"

Chen Yang nodded and looked at Liu Gong. "Tell me, how much has the Blood Refined Demon recovered?"

Hearing this, Gongliu glanced at Yang Chen. "Why should I tell you? If I tell you, I'll die. I might as well not tell you. Perhaps I can even drag two people down with me."

Chen Yang nodded. "I know the Blood Demon's strength."

Gongliu was speechless.

I didn't say anything. How did you know?

Gong Liu was not the only one who was confused. Shen Renxu also looked at Yang Chen in confusion.”
Yang ‘er, how do you know the strength of the Blood Refined Demon?’”

“He said that this Blood Refined Demon can drag two people down with it. Of course, these two people might be a rough number, but at the very least, the Blood Demon did have some strength..”

Chapter 475: The Destruction of the Sky Cloud Martial

School!(2)

“And when he said that, his eyes were a little evasive. That means that he doesn’t have much confidence in the Blood Demon’s strength.”

“And when he said that, he subconsciously looked at you. That means you can easily take care of the Blood Fiend.”

“Thus, I estimate that the blood-refined demon’s cultivation level should be at the peak of the Daosource Realm. “Because only those at the peak of Daoyuan can drag two people down with them under your nose.”

“I see.” Shen Renxu nodded with satisfaction in his eyes. Chen Yang was not an ordinary person to be able to analyze the strength of such a blood-refined demon from Liu Gong’s words and eyes.

Compared to Shen Renxu’s satisfaction, Liu Gong was more afraid.

He did not expect Chen Yang to be right. The Blood Demon’s strength was indeed at the peak of the Dao Origin.

Was this still a human? It was actually so powerful!

Liu Gong regretted his decision to make a move on Chen Yang.

He had no chance of winning against such a person.

“Since you’ve already investigated the Blood Refined Demon’s strength, this person is useless.” Shen Renxu said.

Then, a burst of Holy Qi gushed out of Shen Renxu’s body and ended Gongliu’s life.

Before Liu Gong died, he was still regretting why he attacked Yang Chen.

After ending the battle in the Imperial City, Chen Yang ordered, “Master Li, you should collect all the storage bags of these people first. After we destroy the Sky Cloud Martial School, we will distribute them.”

“Qing Emperor, you are in charge of stabilizing the people of the capital. Tell them all these things, or they will be in panic.”

“Understood.”

The two of them nodded and moved together. Li Kehui picked up the storage bags one by one while he explained everything to the people of the Imperial City.

Through Qing Zhi’s explanation, the people of the Imperial City finally knew what had happened.

Immediately, everyone fell into shock and looked at Yang Chen in the sky with horror.

They had never thought that the Sky Cloud Martial School, a top force of the Fifth Stage, would dare to collude with the demons.

At the same time, they didn’t expect that the Sky Cloud Martial School would fall into Yang Chen’s trap and be led by the nose.

This person was too terrifying.

“Your Highness is really amazing. You discovered the Sky Cloud Martial School’s conspiracy early on and played a little trick on them.”

“What Crown Prince? It’s Lord Chen Yang! Didn’t you hear His Majesty say that Lord Chen Yang wasn’t a spy planted by the Qing Consortium?”

” And from what Your Majesty said, the Qing Consortium seems to have submitted to Your Excellency a long time ago. Otherwise, why would they be willing to listen to Your Excellency’s orders?”

“Our Qing Dynasty is lucky. If we didn’t submit to Lord Chen Yang, we would have been swallowed by the Sky Cloud Martial School.”

Hearing the discussions below, Yang Chen smiled. He didn’t take the discussions seriously, nor did he feel proud.

The world was so big and there were so many experts. The current him did not have the right to be complacent.

Not long after, Li Kehui had finished cleaning up the battlefield. At the same time, he arranged for people to bury the bodies of the Sky Cloud Martial School disciples.

After doing all this, Li Kehui came to Yang Chen and asked,“”Chen Clan Leader, what should we do next?”

“Next, naturally, we’re going to sneak attack the Sky Cloud Martial School.”Yang Chen smiled.

Immediately, after settling the matters in the Imperial City, everyone rode on the spiritual beasts of the Shen family and headed towards the Sky Cloud Martial School.

Three days later, in the Sky Cloud Martial School.

The Third Elder sat on the seat of the sect master, feeling a little uneasy.

“Strange, why do I have this uneasy feeling?”

The Third Elder frowned and suddenly thought of something terrifying.” Could it be that the sect master’s group failed?”

“No, I can’t! That’s impossible!”

Third Elder shook his head.” With so many Dao Origin Supremacies attacking together, how could it fail? I should be too concerned, causing me to think in a terrifying direction.”

The Third Elder forced himself not to worry and at the same time, patiently dealt with the sect’s matters.

At this moment, a loud bang suddenly erupted outside the meeting hall. When the Third Elder saw this, his expression changed and he instantly rushed out.

“Who dares to behave atrociously in my Sky Cloud Martial School?”

After leaving the meeting hall, the Third Elder discovered that a huge pit had been blasted out of his sect’s mountain peak.

Looking at this huge pit, Third Elder was furious.

Who was it that was not afraid of death and dared to behave atrociously in the Sky Cloud Martial School?

“You must be the third elder of the Sky Cloud Martial School.” Suddenly, a hearty voice came from the sky.

Third Elder looked towards the source of the sound and saw a Spiritual Venerable level spiritual beast slowly heading towards the Sky Cloud Martial School.

Looking at this spirit beast, Third Elder's heart turned cold. Oh no, something really happened.

However, his long-cultivated personality still calmed the Third Elder down. He flew into the air and asked with a serious expression, "Who are you? How dare you invade my Sky Cloud Martial School?"

Chen Yang, who was standing on the back of the spirit beast, smiled and said, "Now that things have come to this, there's no need for you to hide, Third Elder."

"Your matter has been discovered. Hurry up and get your forefather and the Blood Refined Demon to come out. Don't let me waste my breath."

Hearing this, the Third Elder's expression changed. He immediately pretended to be calm and said, "What do you mean? I don't understand."

"Let me tell you, the Drifting Cloud Martial School is a subordinate of the Li family. If you dare to bully the weak, the Li family will not forgive you.."

Chapter 476: The Destruction of the Sky Cloud Martial

School

"If you leave now, I can let bygones be bygones."

Hearing the Third Elder's words, Yang Chen smiled and shook his head. "Third Elder, you don't want to be dignified."

"In that case, I'll help you look decent."

“Attack!”

Following Yang Chen’s command, the experts on the back of the spirit beast flew out and surrounded the Third Elder.

At the same time, Yang Chen’s shout spread throughout the entire Sky Cloud Martial School.

“Disciples of the Sky Cloud Martial School, listen up. Your sect’s higher-ups colluded with the evil spirits. But since you don’t know, as long as you don’t resist, I can spare your lives!”

Hearing this, the hundred thousand disciples of the Sky Cloud Martial School were stunned.

What was that? The higher-ups of the sect colluded with demons? How was this possible?

When the Third Elder heard Yang Chen’s shout, he could no longer remain calm. He hurriedly shouted, “Everyone, don’t listen to his nonsense. If you want to punish someone, you have to have a reason!”

“Run quickly and ask the Li family for help!”

“Third Elder, you’re still stubborn.”

Chen Yang smiled and walked to the side of the Third Elder, “Do you think I would dare to come to your Sky Cloud Martial School’s lair with just these few people?”

“You must know that the ancestor of your Sky Cloud Martial School is a peak Dao Origin expert.”

“What do you mean?” The Third Elder frowned.

“Look.” Yang Chen smiled and pointed to the east.

When the Third Elder saw this, his expression turned ugly because the place Chen Yang was pointing at was where the Patriarch lived.

Could it be that there were still experts attacking the ancestor?

As if to confirm the Third Elder's thoughts, a loud sound suddenly erupted from the east.

Then, the Sky Cloud Martial School's ancestor and Shen Daokong flew out from the ground at the same time. Within a short period of time, they exchanged dozens of blows in the air.

"That's...Venerable Lord Huo!"

Third Elder narrowed his eyes. He did not expect Venerable Lord Huo to actually come. It seemed that the Shen family had really discovered what they had been doing in secret.

However, just relying on Venerable Lord Huo alone was far from enough.

After exchanging dozens of blows with Venerable Lord Huo, the old ancestor of the Sky Cloud Martial School forced Venerable Lord Huo to retreat with one move. At the same time, he snorted coldly and said, "Shen Daokong, what is the meaning of this!"

"Nothing much. After your incident, my Shen family specially came to wipe out the entire family." Shen Daokong laughed.

"What?"

The old ancestor of the Sky Cloud Martial School was shocked, but he still pretended to be calm and said, "What happened? I don't know what you're talking about."

"But I'm telling you, my Sky Cloud Martial School isn't something that can be easily controlled!"

As soon as he finished speaking, the aura of the Sky Cloud Martial School's ancestor rose. Not long after, his aura had reached a terrifying level.

Feeling the aura of the Sky Cloud Martial School's ancestor, Shen Daokong said in shock, "This is...Half-king! You've broken through to the Half-step Void realm!"

"You have good taste."

The Sky Cloud Martial School's ancestor said proudly, "Although I haven't broken through to the Sky Breaking Realm, I've still taken a step inside."

"The current me isn't someone you can resist. On account of the Shen family's face, as long as you retreat, I can let bygones be bygones."

"Otherwise, you, Venerable Lord Huo, will have to stay here today no matter what!"

Hearing the words of the Sky Cloud Martial School's ancestor, the Third Elder looked at Yang Chen with a smug expression. His eyes seemed to be saying, "We've colluded with the demons. What can you do to us?"

Anyway, you don't have any evidence. As long as we don't expose the demons, how can you prove that we colluded with the demons?

"And now, with your strength, you're not enough to threaten our lives." Since there's no threat to their lives, why should we release the demons? Looking at the smile on the Third Elder's face, Yang Chen's eyes flashed with a strange light, "Third Elder, do you really think that you will win?" "What do you mean?" The Third Elder frowned. Could it be that the Sky Piercer King of the Shen family had come?

Impossible. If the Void Piercer King came, wouldn't he be warning the evil spirit to run away?

Thinking of this, the Third Elder still looked at Chen Yang proudly.

Even if your Sky Piercer King comes, you won't dare to let him show himself, because once he shows himself, our demons will run away.

At that time, you will still have no evidence to prove that we are colluding with the demons.

"If you don't show your face, you won't be able to do anything to us with your current strength. At this moment, we are already in an invincible position!

"Since Third Elder doesn't believe me, then let's continue watching."

Yang Chen shook his head. He wasn't in the mood to explain to the Third Elder. Instead, he looked at the place where Shen Daokong and the Sky Cloud Martial School's ancestor were fighting.

The Third Elder also looked over.

I want to see what kind of confidence you have.

Under everyone's gaze, Shen Daokong laughed coldly. "You're just an idiot, Liu. Although you've broken through to the Half-Step Void Piercer Realm, I'm not unprepared!"

As soon as he said that, flowers made of black flames suddenly bloomed around Shen Daokong.

When the old ancestor of the Sky Cloud Martial School saw this, his expression changed drastically. This is the Fire of Extermination. How did the Great Dao you comprehended become the Great Dao of the Fire of Extermination?"

This shocked the Sky Cloud Martial School's ancestor. The Fire of Extermination was ranked in the top 100 on the Great Dao Rankings!

There was a huge gap between this and the Great Dao he had comprehended.

If Shen Daokong mastered the Fire of Extermination, his advantage of breaking through to Half-Step Void Piercer would be gone.

“You don’t have to worry about that.”

Shen Daokong sneered and charged out once again. Waves of flames of extermination shot towards the Sky Cloud Martial School’s old ancestor..

Chapter 477: The Destruction of the Sky Cloud Martial School!(6000 requests for a quote)

The Fire of Extinction was indeed worthy of being ranked in the top too of the Great Dao Rankings. Not long after, Shen Daokong suppressed the old ancestor of the Sky Cloud Martial School.

It seemed like it wouldn’t be long before the Sky Cloud Martial School’s old ancestor was killed by Shen Daokong.

The old ancestor of the Sky Cloud Martial School, who was in a sorry state, grinned and said,“”You forced me to do this. I want all of you to be buried here!”

“Old friend, since Venerable Lord Huo wants to find you so much, then show your face.”

Hearing his ancestor’s words, the Third Elder’s expression changed drastically.

Foolish! How could he be so stupid!

No matter what, he couldn’t summon the Blood-refined Demon!

Isn’t this giving them evidence to destroy us?

If you let him hit you, would he really dare to kill you? You're a half-step Void Piercer King. If I kill you for any random reason, not only will the Li family not let it go, but even the Taoist Faction will come forward.

They definitely wouldn't dare!

But you...

This damned blood food had already blinded the old ancestor's mind. He couldn't even calculate the most basic gains and losses.

At this moment, Third Elder could only beg. The Shen family did not send a Void Piercer King. Otherwise, they would only have one way out.

As soon as the Sky Cloud Martial School's ancestor finished speaking, a mass of black blood gas appeared in the ancestor's residence.

Immediately after, a monster that looked like a demon with three sharp horns on its head and wings on its back appeared.

After seeing this monster, the disciples of the Sky Cloud Martial School were completely stunned.

This... This was a demon.

Their ancestor had actually colluded with the demons!

When the blood-refined demon came to his side, the old ancestor of the Sky Cloud Martial School grinned and said, "After this battle, my Sky Cloud Martial School will no longer exist."

"And you will be buried with my Sky Cloud Martial School!"

The blood-refined demon laughed and said, "If it were up to me, you shouldn't have hidden yourself. If you had started killing, you would have reached the Void Piercer King Realm long ago."

"Forget it, it's useless to say this. Let's join forces and devour this blood food."

"Alright." The old ancestor of the Sky Cloud Martial School nodded.

"Next, it's time for you to die."

The old ancestor of the Sky Cloud Martial School thought that after he released the blood demon, these guys would show fear.

However, to the Sky Cloud Martial School's ancestor's surprise, these people's expressions didn't change at all.

Soon, the Sky Cloud Martial School's ancestor knew why these people weren't afraid anymore.

When the evil spirit appeared, Yang Chen smiled and looked behind him, "Ancestor, you've recorded everything, right? Since that's the case, it's time to end the battle.""

Following Yang Chen's command, Shen Renxu's figure suddenly appeared beside Shen Daokong.

When he saw Shen Renxu, the Sky Cloud Martial School's old ancestor was shocked, "You..." You are the Wind King, Shen Renxu!"

"Since you know this king, why don't you surrender?" Shen Renxu snorted.

However, Shen Renxu regretted it the moment he said that. "Look at my brain. What use do I have for you bastards?!"

Shen Renxu immediately punched out.

Suddenly, the entire Sky Cloud Martial School shook. A stream of spiritual energy was absorbed by Shen Renxu's fist.

As compensation, Shen Renxu's fist emitted a soul-stirring aura. Even the mighty figures on the stage felt their hearts shatter when they felt this aura. It was as if they would be scared to death in the next moment.

Bang!

He punched out!

Suddenly, a mountain peak was smashed into dust by Shen Renxu's punch.

The Sky Cloud Martial School's ancestor and the blood-refined demon, who were in the center of the fist, were lying on the ground like dead dogs.

This punch had almost ended their lives.

Shen Renxu had deliberately held back. If he had used his full strength, they would not have survived.

Shen Renxu walked towards the Sky Cloud Martial School's old ancestor and said coldly, "People like you who collude with evil spirits should be consigned to eternal damnation!"

Then, the Holy Qi in Shen Renxu's body gushed out and instantly ended the life of the Sky Cloud Martial School's ancestor.

Then, Shen Renxu looked at the blood-refined demon. "As for you, come with me to the Taoist Faction to receive the reward."

At this point, the Sky Cloud Martial School was destroyed!

Chapter 478: Checking the Harvest and Returning to the Clan

It had been three days since the Sky Cloud Martial School was destroyed.

In these three days, Yang Chen had done two things. The first was to stabilize the Sky Cloud Martial School.

After all, Yang Chen was planning to take over the Sky Cloud Martial School, so he wouldn't let anything happen to the Sky Cloud Martial School.

The specific way to deal with this was to tell the disciples of the Sky Cloud Martial School that as long as they had nothing to do with the demons, the Shen family would not pursue them.

The second was to arrange for Chu Liang to be the sect leader of the Sky Cloud Martial School and make him swear an oath of loyalty to Yang Chen.

As for the other matter, he wanted Li Kehui to search for the Sky Cloud Martial School's treasures.

After three days of checking, all the resources and hidden treasures in the Sky Cloud Martial School were unearthed and brought to Yang Chen by Li Kehui.

In the discussion hall of the Sky Cloud Martial School.

Chen Yang, Shen Renxu, Shen Daokong, and Li Kehui gathered around the table and counted their gains.

"Seniors, Chen Clan Leader, there are many treasures in the Sky Cloud Martial School." Li Kehui said excitedly.

"Oh? Tell me the details." Yang Chen was interested.

“First of all, there are a lot of spiritual stones hidden in the Flowing Cloud Sect. I counted them and there are a total of one billion!”

“How many years does the Sky Cloud Sect have to accumulate so many spirit stones?” Li Kehui said.

“It’s normal.”

Shen Daokong nodded, “The Sky Cloud Martial School has been around for a long time. Plus, there haven’t been any major setbacks. It’s not strange to accumulate some spirit stones.”

“And to be honest, spirit stones aren’t very useful to us. The main thing is spirit crystals. How many Spiritual Crystals did he get this time?”

“Let me see.”

Li Kehui took out a yellow book from his pocket. After opening it and counting, he grinned and said, “Hehe, it’s a total of 500,000 crystals.”

“Five hundred thousand.”

Yang Chen’s eyes widened. This was already quite a lot.

Although the Sky Cloud Martial School was big, it had a lot of people. It consumed a lot of resources every day. Yang Chen was already very happy to be able to find 500,000 crystals.

“Other than these basic resources, are there any other treasures?” Shen Daokong asked.

“There are quite a few.” Li Kehui nodded.

“However, there are some treasures that I don’t recognize. The strangest ones are these stones.”

As he spoke, Li Kehui took out ten transparent stones from his storage bag. They were glowing with faint starlight.

When they saw the stone, Shen Renxu and Shen Daokong stood up at the same time. Their eyes were filled with astonishment." The Great Dao Crystal!"

"What?"

Hearing this, Yang Chen also looked at the ten stones on the table in shock." These are the Dao Crystals?"

Ever since he heard Shen Renxu talk about the function of the Dao Crystal, Yang Chen had been obsessed with this legendary treasure.

He didn't expect to find a Dao Crystal in the Sky Cloud Martial School!

This was a treasure that could help martial artists comprehend the Great Dao!

Immediately, Chen Yang looked at Shen Renxu." Ancestor Renxu, what kind of Great Dao does this Great Dao Crystal belong to?"

"It's the Great Dao Crystal of the Universal Great Dao."

Shen Renxu had recovered by now. He sat back on the chair and explained to everyone,""Although the effects of this universal Great Dao Crystal are not as good as the exclusive Great Dao Crystal, it's not as good as the ordinary Great Dao Crystal."

"However, the Universal Great Dao Crystal has an advantage. It can be used on any Great Dao."

"The harvest this time is really not small. Even the Great Dao Crystal has appeared."

Shen Renxu had planned to ask for some Dao Crystals after he destroyed the Sky Cloud Martial School.

After all, this treasure was needed by all forces.

However, Shen Renxu did not expect to find the Dao Crystal in the Sky Cloud Martial School's treasure.

Although there were not many of them, they were still Great Dao Crystals. They were also treasures that every expert needed.

After the Great Dao Crystal came out, everyone could not remain calm.

It was fine to distribute the other treasures. It did not matter if you had more or I had less. However, everyone wanted the Great Dao Crystals.

Seeing that the stalemate was not going to continue, Chen Yang looked at Shen Renxu." Ancestor Renxu, how do you plan to distribute the Dao Crystals?"

Shen Renxu thought for a moment and then looked at Chen Yang." How about this? The Shen family will take six of these Dao Crystals. You and the Li family will each take two."

"As for the Qing Consortium and the Black Water Sect, we won't be splitting the Great Dao Crystals."

Chen Yang and Li Kehui had no objections to Shen Renxu's distribution method.

After all, the Shen family was the main force that destroyed the Sky Cloud Martial School, so they should have more treasures.

Seeing that the two of them had no objections, Shen Renxu took the six Great Dao Crystals, while Chen Yang and Li Kehui also took their share of the Great Dao Crystals.

After receiving the Dao Crystal, the atmosphere at the scene eased up.

“Other than the Great Dao Crystal, are there any other precious treasures?” Yang Chen smiled.

“As for the other precious treasures, I have a book here that lists them. Please take a look.” Li Kehui handed the booklet in his hand to the three of them and asked them to pass it around.

After everyone had taken a look around, they knew a little about the treasures in the Sky Cloud Martial School.

First, there were the highest grade treasures. There were five top grade fourth grade treasures in the Sky Cloud Martial School.

There were two sets of spirit herbs and three sets of spirit weapons.

These spirit herbs were the Demonic Purple Spirit Vine and the White Bone Flower.

The Demonic Purple Spirit Vine was a purple vine that emitted a dense aura.

The effect was relatively powerful and simple. In a short period of time, it could raise the cultivation of a first-level Dao Origin expert to the peak of the Dao Origin..

Chapter 479: Checking the Harvest and Returning to the

Family

The price was that his cultivation would not advance for a hundred years.

To be honest, the price was a little high. Even if a Dao Origin Supremacy had 3,200 years of lifespan, he could not afford to be unable to cultivate for a hundred years.

However, from another perspective, it was worth it to use a hundred years of being unable to cultivate in exchange for his life.

As for the specific gains and losses, he still had to consider it himself.

As for the White Bone Flower, it was even more powerful. It was a sacred healing medicine.

As long as a warrior below the Void Piercer King was still breathing, he could be saved.

It could be said that this White Bone Flower was a treasure that any faction needed. Unless that faction dared to guarantee that their own people would not be injured.

The three top-notch fourth-grade spiritual weapons were a Holy Qi ballista, a chariot, and a spiritual sword.

The Holy Qi ballista was not much different from the ballista in Yang Chen's house, but it was more powerful.

With Spiritual Crystals as a resource, he could at most unleash a full-powered attack equivalent to a seventh-level Dao Origin expert.

The chariot was not an ordinary chariot either. It could consume Spiritual Crystals to form an extremely powerful defensive barrier outside the chariot.

It was not a problem for this barrier to withstand the full-strength attack of a seventh-level Dao Origin expert.

As for the rest of the spiritual swords, there was nothing special about them. They were just of a high grade, more powerful, and more precious.

Among the five treasures, Yang Chen liked and wanted the Holy Qi Ballista the most.

Because Shen Daokong had told Chen Yang that after knowing that he had the Fire of Extinction, Shen Renxu planned to transfer him back to deal with the current situation of the Shen family.

The Shen family had many enemies, and Shen Daokong had the battle strength of a half-step King. Naturally, he had to go back and help the family fight against the enemies.

After Shen Daokong left, Yang Chen had to increase his family's combat strength to the level of Dao Origin.

If he couldn't take down the Holy Qi Ballista, then the White Bone Flower was not bad either.

It could be used to heal injuries, and it could also be used to exchange for resources. Perhaps, it could also be exchanged for treasures similar to the Holy Qi Ballista.

Apart from these five top treasures, there were still many other treasures in the Sky Cloud Martial School, which were worth at least two million crystals.

In addition to these treasures bought with Spiritual Crystals, there were also a large number of treasures bought with Spiritual Stones. If they were converted into Spiritual Stones, they could be sold for at least 10 billion Spiritual Stones.

The difference between the Qing Consortium and the Sky Cloud Sect could be seen from this treasure.

Although the Qing Consortium was in decline, their heritage was long and their ancestors were rich. They were able to take out some treasures that could resist the Void Piercer King.

As for the Sky Cloud Martial School, although they had many treasures and could be sold for a lot of Spiritual Crystals and Spiritual Stones, they did not have any real treasures that could be used as a foundation.

After counting the treasures, Chen Yang looked at Shen Renxu." Ancestor Renxu, how should we distribute these things?"

“As for the distribution...”

Shen Renxu thought for a moment and said, “I have an idea. These five top-notch fourth-grade treasures will be divided among the three of us. My Shen family will take three portions, and each of you will take one portion.” “As for the remaining treasures, we will divide them among the five clans. There’s no need to be too detailed.”

“My suggestion is that you give the treasures to me and let my Shen family sell them on behalf of you. When the time comes, I will give you spirit stones and spirit crystals.”

“As for the free Spiritual Stones and Spiritual Crystals, let’s split them among the three of us. My Shen family will take 40% and each of you will take 20%.” “Of course, if there are any treasures that you need, you can take them away.” After listening to Shen Renxu’s distribution method, Yang Chen did not have any objections, but Li Kehui said, “Isn’t this unfair to the Chen Clan Head?” “This plan was set up by the Chen clan leader, and the result is the same as mine.”

“Moreover, the Shen family took a little too little.”

“I suggest that the distribution method be changed. First, the Spiritual Crystals and Spiritual Stones that we have now will still be distributed among the three families. The Shen family will take half, the Chen family will take 40%, and the Li family will take 10%.”

“As for those ordinary treasures, the Shen family will take 50%, the Chen family will take 30%, and the remaining 20% will be split equally between the three of us.”

Li Kehui knew very well that this operation had nothing to do with them. At most, they were just assistants.

Taking so many resources made him feel uneasy.

Even so, they still had a lot of advantages.

Moreover, Li Kehui still wanted to continue to mingle with Yang Chen, so he naturally had to ensure the interests of the Chen family.

Chen Yang and Shen Renxu nodded in satisfaction with Li Kehui's distribution plan." Alright, we'll do as Master Li says.""

"Right, since the Sky Cloud Martial School is going to be annexed, we should at least leave some spirit stones and spirit crystals for the Sky Cloud Martial School."

"I suggest that each of us take out 10% of our harvest to subsidize the Sky Cloud Martial School."

Hearing this, Yang Chen and Li Kehui did not object.

Seeing this, Shen Renxu began to distribute the five most precious treasures." Since my Shen family has the most treasures, I'll let you choose first.""

Then, Li Kehui looked at Chen Yang." Chen Clan Leader, you choose first.""

Seeing this, Yang Chen didn't stand on ceremony." I want that Holy Qi Ballista.""

"Alright." Shen Renxu nodded and then looked at Li Kehui.

Li Kehui didn't hesitate too much," I want the Demonic Purple Spirit Vine."

"No problem." Seeing that Yang Chen and Li Kehui had chosen the treasures they wanted, Shen Renxu took the other three treasures.

The next step was to settle the Sky Cloud Sect.

This lasted for nearly a month before it completely ended.

After it ended, each faction had to leave.

Before he left, Shen Renxu went to Yang Chen." Yang 'er, there is still some time before the reward from the Taoist Faction is given. I estimate that I will only be able to give it to you after five years.""

"It's okay. I'm not in a hurry." Yang Chen quickly said.

"Yang 'er, we're leaving soon. Do you need anything?" Shen Renxu asked."

Yang Chen thought about it seriously and said,""I want 100 Grade 5 Elixirs. I wonder if Great Ancestor Ren Xu can help me buy them?"

"100 grade-5 aptitude pills!"

Shen Renxu looked at Chen Yang in astonishment." You sure have a big appetite. Even if you have a lot of Spiritual Stones this time, you don't have to spend them like this. Don't our clansmen need Spiritual Stones for cultivation?"

"Hehe, my Chen family has no other advantages, but we have few people. With fewer people, the spirit stones used would not be much."

"Now that I have plenty of spirit stones, it's quite suitable to buy some grade- 5 aptitude pills.'Yang Chen smiled.

Shen Renxu nodded.

Indeed, Yang Chen was right. The Chen family had few people, so they didn't need too many spirit stones.

This time, Yang Chen had already received 300 million Spiritual Stones and 150 thousand Spiritual Crystals. He had the capital to waste them.

Moreover, it was not a waste to increase the aptitude of the clansmen.

“Alright then, I’ll go collect them for you. But I’ll say this in advance, these Tier 5 aptitude pills are extremely rare. No matter how many you buy, they won’t be cheap.”

“I estimate that two million is about right. Your 100 pills will cost about 200 million spirit stones.” Shen Renxu said.

“Don’t worry, Patriarch Ren Xu. Spiritual stones are not a problem.” Yang Chen said.

“You’re even more generous than I am,” Shen Renxu laughed. If I wanted to spend 200 million spirit stones at once, I would have to think about it for a long time.”

“Alright, let’s not talk about this anymore. Let’s meet again in five years.”

“See you in five years.”

After bidding farewell to Shen Renxu, Yang Chen and Li Kehui returned to the Endless Mountains.

In order to save time, Yang Chen specially invited the Shen family to ride the spirit beast and send them back to the Endless Mountain Range.

Shen Renxu didn’t refuse. It was just a few days. It was not a big deal.

Five days later, in the Chen family in the Endless Mountains.

After returning to the Chen Family, Chen Yang did not have much to do. He basically cultivated and waited for the Dao Integration Pearl to accumulate energy.

According to Yang Chen's estimation, he would be able to raise another demonic beast to the Demon Sovereign Realm in another year and a half. When the time came, the speed of accumulating energy would increase again.

It would not be long before Chen Yang's Dao Fusing Pearl could absorb 1,000 points of energy a day..

Chapter 480: Traces of the Dragon Blood Tree, Reward from the Taoist Faction

To raise a demon beast from the Demon King Realm to the Demon Emperor Realm required one million points of energy, and Yang Chen had less than eight hundred thousand points of energy.

In other words, it would take more than a year for the energy to raise the other subdued beasts to the Demon Sovereign Realm.

According to Yang Chen's plan, he would not go anywhere for the past year. He would just wait at home.

However, the tree wanted to be quiet, but the wind did not stop. Half a year after Chen Yang returned to the family, the Spirit-Eared Fox found Chen Yang.

Looking at the ten-meter tall Spirit Eared Fox outside the pavilion, Yang Chen smiled and said, "I haven't seen you for a few years, but your cultivation has improved again."

"This is all thanks to the contribution of Milord and the few demon emperors." The Spirit Ear Fox said humbly.

"Alright, there's no need to flatter me. Why did you come to my place?" Yang Chen said.

"That's right."

The Spirit-Eared Fox nodded. "According to your instructions, the Demon Sovereign has been expanding his territory."

In recent years, he had absorbed three middle-stage Demon Emperors and seven late-stage Demon Emperors.”

“The strength of the alliance has gradually spread because of the addition of these demon emperors. Within the Endless Mountain Range, he was very famous.”

“But recently, the expansion of the alliance has encountered some obstacles.”

“Oh?” “Didn’t I tell you not to provoke the late stage Demon Emperor?” Yang Chen asked with some doubt.”

“Since we didn’t provoke the late Demon Emperor Stage, how could our expansion be hindered?”

“It’s like this.”

” We have been following your orders, sir,” the Spirit Ear Fox explained hurriedly.” We have been expanding to both sides. However, when we were expanding, we found a towering tree.””

“This tree is at least a hundred meters thick and ten thousand meters tall. Such a huge tree must be extraordinary.”

“But no matter which demon emperor, they didn’t sense any aura from this giant tree.”

“The demon emperors originally planned not to provoke the tree and continue expanding as if nothing had happened.”

“But the next time I encountered this giant tree, it was only a hundred meters tall.”

“Such a strange change made the Demon Emperors unable to make up their minds, so they asked me to ask for your opinion.”

” Strange tree?

Yang Chen frowned. How could there be such a strange tree?

Suddenly, Yang Chen thought of a possibility. Could this tree be the legendary Dragon Blood Tree?

Immediately, Yang Chen couldn't remain calm anymore and quickly said, ”Come, bring me there.”

If it really was a Dragon Blood Tree, he had to be careful.

If it was handled well, it would be a huge opportunity. If they did not handle it well, what awaited them was probably a calamity.

A day later, Yang Chen arrived at the Dragon Demon Emperor's lair.

The other Demon Emperors seemed to have thought that Chen Yang would come to the Dragon Demon Emperor's lair first. They had arrived at the Dragon Demon Emperor's lair long ago and waited for Chen Yang's arrival.

After Yang Chen arrived, the Blue Phoenix Demon Emperor quickly stepped forward. ”Yang Chen, you're finally here.”

”What exactly happened?” Yang Chen put away the Earth Dragon and looked at the other Demon Emperors. ”Where is the giant tree?”

”We discovered that giant tree by chance.”

The Gold-splitting Armadillo continued, ”At first, we didn't pay much attention to it. We just thought it was a magical ancient tree.”

“However, Chen Jiao said that he felt a noble aura from this giant tree, a pressure that originated from his bloodline.”

“There is dragon blood in Chen Jiao’s body. To be able to make him feel pressure, we can only treat it seriously.”

“It’s hard to tell in a short period of time. Let’s go over and take a look.”

Yang Chen nodded.” Alright, let’s go and take a look.””

Immediately, more than a dozen demon emperors rushed toward the giant tree.

The aura emitted by this gathering made the surrounding demon beasts scared out of their wits.

Seven days later, they arrived at their destination.

Yang Chen also saw the legendary Dragon Blood Tree for the first time.

The appearance of this Dragon Blood Tree was exactly the same as what Chen Ying had described. It was about a hundred meters tall and had leaves of different colors growing on its branches.

Yang Chen’s heart thumped when he saw the Dragon Blood Tree. An indescribable feeling of frustration and palpitation arose in Yang Chen’s heart.

“What happened?”

Yang Chen frowned.

Logically speaking, he had nothing to do with dragons, so how could he feel his heart palpitate?

Or could it be that the dragon blood tree was hostile towards them?

“Everyone, be careful. This ancient tree might not treat us well.” Chen Yang reminded.

In fact, even without Yang Chen reminding them, they would still be careful.

Such a strange ancient tree made the flood dragon’s heart palpitate. It would be a lie to say that there was no problem. Naturally, it had to be treated with caution.

Yang Chen and the Demon Emperors observed the giant tree for a quarter of an hour. After making sure that the giant tree would not attack them for the time being, Yang Chen began to move toward the giant tree carefully.

At this moment, a purple leaf fell from the giant tree. The leaf fell into Yang Chen’s hand as if it was being controlled by someone.

Chen Yang looked at the leaves in his hand and was confused by the Dragon Blood Tree.

What was this? Buying his life with money?

But the problem is, you can kill ants like us with a single breath. Do you still need to spend money to buy your life?

Or was there something strange about this leaf?

Thinking of this, Yang Chen pinched the leaf with two fingers and looked at it carefully.

There’s no problem with that, right?

In Yang Chen’s eyes, the leaf was just like an ordinary leaf. At most, it was purple in color..
