

## Tamer Family 481

### Chapter 481: Traces of the Dragon Blood Tree, Reward from the Taoist Faction

As a precaution, Yang Chen passed the leaf to the other demon emperors. However, after these demon emperors sensed it, they also did not find anything strange about the leaf.

Seeing this, Yang Chen took back the leaf and looked at the giant tree." Dragon Blood Tree, is there a problem with you giving this to me?"

"Or is there something you need our help with?"

This stalemate was not a solution, so Yang Chen could only take the initiative to attack.

However, Yang Chen wasn't very confident about the Dragon Blood Tree's response. After all, he had never heard of the Dragon Blood Tree being able to speak.

What Yang Chen did not expect was that an old voice actually came from the Dragon Blood Tree.

"After I understand this leaf, this old man will naturally find you."

With that, the Dragon Blood Tree's figure instantly disappeared.

"This..."

Yang Chen was even more confused. Was there really something different about this leaf?

At this moment, the Gold-Splitting Armadillo looked at Chen Yang." Chen Yang, since the ancient tree has said so, you should try to comprehend it first. What if you can comprehend something else?"

Yang Chen nodded.

Now that things had come to this, this was the only way.

Fortunately, the Dragon Blood Tree had left.

Then the Alliance's expansion plan could proceed normally. It could be considered an unexpected gain.

After that, Yang Chen returned to his family.

He cultivated in the morning, dealt with family matters in the afternoon, and studied the purple leaf at night.

This mechanical arrangement lasted for a year and a half.

Over the past year and a half, Yang Chen's Dao Integration Pearl had accumulated 1.1 million points of energy.

Yang Chen's cultivation had also broken through to the fifth level.

The strength of the clan had also increased greatly. The first Core Formation cultivator of the Ming generation had also been born in the clan.

However, Yang Chen had never been able to comprehend this leaf. He had not even made any progress.

Yang Chen couldn't help but wonder if he had taken the wrong path.

If the destination was in the sky, Yang Chen would not be able to find it even if he searched all over the world.

"Forget it, forget it. I don't want to think about it anymore. Let's go and do business first."

After putting the purple leaf into his bosom, Yang Chen looked at the Endless Mountains.

Now that the Dao Integration Pearl had accumulated more than a million points of energy, it was about time to upgrade another subdued beast to the Demon Sovereign Realm.

Immediately, Yang Chen rode on the Underworld Dragon and flew towards the Endless Mountains.

After finding the territory where he had improved his Familiar's strength, Yang Chen released the Winged Tiger.

As the Winged Tiger that had made great contributions to him in the early stages, Yang Chen couldn't treat it badly.

In addition, he had an additional 100,000 points of energy. He could completely increase the Winged Tiger's bloodline first and then increase its cultivation.

When the Winged Tiger saw the scene around him, his face instantly fell.

It was over. He had to raise his cultivation again.

It was not a big deal to increase his cultivation. The main thing was that the pain was simply not something a human could endure. No, it was simply not something a tiger could withstand.

Unfortunately, Yang Chen did not give Winged Tiger the chance to object, opening his right hand, the Dao Integration Pearl emitted a seven-colored light and slowly appeared in Yang Chen's right palm.

At that moment, Chen Yang ordered the Daodao Pearl, "The Daodao Pearl will raise the bloodline of the Winged Tiger to the level of Demon Emperor. At the same time, it will raise the cultivation of the Winged Tiger to the level of Demon Emperor."

With that, a terrifying energy surged out of the Dao Integration Pearl. This energy was injected into the Winged Tiger's body without any explanation, improving its bloodline.

Fifteen minutes later, the Winged Tiger's bloodline was upgraded.

At this moment, the Winged Tiger's appearance had changed greatly.

The wings on its back had evolved into four wings, and the fur on its body had turned golden.

The two tiger eyes evolved into two pupils.

His entire appearance was much more majestic than before.

"Heavy Eye Four Winged Tiger!" Yang Chen excitedly called out Winged Tiger's current identity.

The heavy-eyed four-winged tiger contained a huge demon emperor bloodline in its body. It would not be a problem for it to cultivate to the peak of the demon emperor realm.

Most importantly, this Heavy Eye Four Winged Tiger had the bloodline of the legendary divine beast Qiong Qi,

If he continued to evolve, he might really become a Qiong Qi.

After upgrading his bloodline, it was time to upgrade his cultivation.

Waves of pure and supreme energy surged out of the Dao Integration Pearl and quickly poured into the body of the Four-Winged Tiger, increasing its cultivation.

"Roar!"

The heavy-eyed four-winged tiger let out a miserable roar, looking like it was about to die from the pain.

Alright, even if the Winged Tiger evolved into a Four-Winged Tiger, it still could not change its nature of being afraid of pain.

As the tiger roared, its cultivation level rose. Two hours later, it successfully broke through to the Demon Sovereign Realm.

Unlike the other subdued beasts, the heavy-eyed Four-winged Tiger was paralyzed on the ground after its breakthrough, as if it was crippled.

Seeing this, Yang Chen smiled and said, "You see, I still need to train." How about this, I'll prioritize increasing your strength next time."

Hearing this, the heavy-eyed Four-Winged Tiger shivered and quickly stood up, looking like it didn't need to train.

The breakthrough of the heavy-eyed four-winged tiger meant that Yang

Chen's weekly energy accumulation had officially reached 4,000 points.

At this rate, Yang Chen would be able to upgrade another subdued beast's cultivation in less than five years.

There was more and more hope for these days.

After returning, Yang Chen repeated his previous life, cultivating, dealing with

family matters, and comprehending the leaves.

In the 58th year of Qiyuan, five years had passed since Chen Yang returned to the clan..

## Chapter 482: Traces of the Dragon Blood Tree, Reward

from the Taoist Faction

|

It had been three and a half years since the heavy-eyed four-winged tiger had broken through to the Demon Sovereign Realm.

in the past three and a half years, Chen Yang had never stopped comprehending the leaf. Unfortunately, he had not comprehended anything.

On the other hand, Yang Chen's cultivation had successfully broken through to the sixth level of the Ascendant Stage after three and a half years of cultivation, reaching the peak of the middle stage.

Of course, this rapid improvement was about to end.

The inheritance of the first stage of the Universe Saint would at most allow

Yang Chen to cultivate to the peak without any bottlenecks.

If he wanted to continue cultivating without any bottlenecks, he had to receive new inheritances. However, there was no need to rush.

And in the 58th year of Qiyuan, there was another major event for Chen Yang.

That was what Shen Renxu had promised. The reward from the Taoist Faction would be given to Yang Chen this year.

At the beginning of April, Shen Renxu arrived at the Chen family in a spirit beast carriage.

After hearing the news, Yang Chen quickly put down his hands and rushed to the reception hall.

In the reception hall, Shen Renxu was drinking tea leisurely.

At this time, Yang Chen had also rushed to the guest hall. Before he entered the door, his voice came in.

“Greetings, Old Ancestor Ren Xu. Old Ancestor, why bother you with such a small matter?”

“This is no small matter.”

Shen Renxu placed the teacup on the table and smiled at Yang Chen. “The Dao Sect rewarded your Chen family with a total of ten Great Dao Crystals. How can it be a small matter?”

“Really?”

Yang Chen sat on the main seat excitedly and asked, “How can the Dao Sect be

so generous?”

Although Shen Renxu had promised to help Chen Yang apply for 10 Dao

Crystals, Chen Yang was still in a hurry.

However, the closer his cultivation was to the Dao Origin, the more Chen Yang knew how precious the Dao Crystal was.

The Dao Sect was actually so generous. Ten Great Dao Crystals were given just like that.

“Yang ‘er the Evil Demon Calamity has been the enemy of the Alkaid World since ancient times. Since your Chen family helped my Shen family deal with the Evil Demon of the Sky Cloud Martial School, the Taoist Faction will naturally reward you generously.”

“In addition to these ten Great Dao Crystals, the Dao Sect has also rewarded you with the Flowing Shadow Sword Technique that you have been longing for.”

As he spoke, Shen Renxu took out ten Dao Crystals and a jade slip from his storage ring.

“You should recognize this Universal Dao Crystal. As for this jade slip, it contains the Flowing Shadow Sword Technique.

However, it can only be used by you alone. Don’t let your clansmen learn it just because you’re greedy for small benefits.” Shen Renxu laughed.

“Yes, yes, I understand.”

Yang Chen nodded and looked at the jade slip with a burning gaze. This was the key to whether he could comprehend the illusory Great Dao and break through to the Dao Origin!

“In addition to these rewards, the Dao Sect has also given you a jade token.” As he spoke, Shen Renxu took out a jade token embroidered with the symbol of Taoism.” I didn’t expect Taoism to give you this.”

One must know that when my Shen family obtained this jade token, we paid a painful price.”

“Oh?”

Yang Chen’s interest was piqued. What was so mysterious about this jade token that even the Shen family had to pay a painful price to obtain it.

“Ancestor, what is this jade token?” Yang Chen asked.

“This jade token represents a qualification, a qualification to do business with the Dao Sect.” Shen Renxu said.

“Just like that?”

Chen Yang looked at Shen Renxu in astonishment. “Ancestor Renxu, it’s just a qualification to do business. Even if you can’t do business with Taoism, it doesn’t matter, right?”

“Normal businesses naturally won’t be affected.” Shen Renxu smiled and looked at Chen Yang. “But do you know what business this jade token represents?”

“I don’t know.” Yang Chen shook his head.

Shen Renxu did not keep him in suspense.

Of course, there was also a prerequisite. That was, one’s cultivation had to reach the peak of the Void Piercing Realm and hold a jade token in order to be qualified to buy the Law of Dao.

“As for the Law of Dao, it is the general term for a group of cultivation techniques. In the Hidden Dragon Region, the source of all cultivation techniques was in the Law of Dao.”

“Among them are the cultivation techniques of my Shen family, the Li family, and the Beast Tamer Sect.”

“In other words, if you want to cultivate to a higher realm, you have to buy a Dao manual from the Dao Sect.”

After listening to Shen Renxu’s explanation, Yang Chen finally understood the value of the jade token.

That was a cultivation technique. Without a cultivation technique, how could he break through to a higher realm?

It could be said that if a force wanted to advance to the Third Stage, they had to buy cultivation techniques from the Dao Sect.

But the question was, why did the Taoist Faction sell the cultivation technique? Immediately, Chen Yang looked at Shen Renxu." Ancestor Renxu, why does the Taoist Faction want to sell cultivation techniques? Wasn't this creating an enemy for himself?"

"They didn't want to sell it either, but they had no choice." Shen Renxu laughed. "Before the Dao Sect, there were many third-grade forces in the Hidden Dragon Region. Among them, there were quite a few forces that held the Law of Dao."

"When other forces have geniuses who can break through to the emperor realm or even higher, they must sell their cultivation techniques to them. Otherwise, the sect will definitely decline."

"This is a curse set by the god who created the Daoist Canon using the Great

Dao."

"A curse set by a god cannot be avoided unless it is a god."

"The gods also want our Alkaid World to have an endless stream of experts to resist the evil demon calamity..

Chapter 483: Traces of the Dragon Blood Tree and the Reward of the Taoist Faction

"It's just that it's a pity that since 100,000 years later, the number of emperors born in the Alkaid World has become fewer and fewer. As a result, this Dao Law has almost become a cultivation method unique to third-grade factions."

“As for the specific reason, you’ll know when you complete the mission given to you by the Beast Tamer Sect.”

“Alright, I still have matters to attend to in the clan, so I won’t stay any longer.”

“Oh right, the Heaven and Earth Spirit Pool will open in ten years. You should make your preparations.”

Then, Shen Renxu waved his hand, indicating that Chen Yang did not need to send him off. He disappeared in a flash.

After Shen Renxu left, Yang Chen put away the Dao Crystal and the jade card, and then picked up the jade slip with the Liuying Sword Technique.

“The matter of cultivation techniques is not something I can worry about now. It’s better to comprehend the Great Dao first and take it step by step.”

Immediately, Chen Yang handed the family matters to Chen Xuan to handle. He went to his courtyard and began his seclusion.

After arriving at the courtyard, Yang Chen injected his spiritual energy into the jade slip.

Immediately, the martial arts information of the Flowing Shadow Sword Technique surged into Yang Chen’s mind.

Following the information in his mind, Yang Chen closed his eyes and began his learning journey.

What Yang Chen didn’t know was that when he was cultivating, the leaf that he placed next to his body was shining with purple light.

In the blink of an eye, a month had passed.

A month later, Yang Chen opened his eyes, his eyes filled with unconcealable surprise." This Flowing Shadow Sword Technique is a fourth-grade martial art.

I didn't expect that I would be able to master it within a month.""

"However, my goal is not to learn this sword technique, but to comprehend the illusory Great Dao."

"Next, it's time to comprehend the Illusory Great Dao."

There were no tricks to comprehending the Great Dao. One could only practice it bit by bit.

Immediately, Yang Chen performed the Flowing Shadow Sword Technique again and again in his courtyard, hoping to comprehend the illusory Great Dao from it.

As a cultivator who had broken through to the sixth level, Yang Chen could easily control the spiritual energy to prevent it from destroying the courtyard.

He held a spiritual sword in his hand and activated his spiritual energy.

Around Yang Chen, many Spiritual Sword phantoms appeared.

Although these shadows were obviously fake, each of them contained terrifying spiritual energy.

True and false, false and true. This was the power of the Flowing Shadow Sword Technique.

This time, Yang Chen noticed the change in the leaf in his arms when he activated the Flowing Shadow Sword Technique.

"Hmm? Could it be that I need to comprehend the Great Dao in order to comprehend the leaf?"

Many thoughts appeared in Yang Chen's mind, but in a flash, Yang Chen threw these thoughts to the back of his mind.

Who cared how he could comprehend it?

The most important thing now was to comprehend the Illusory Great Dao.

When he executed martial arts, his spiritual energy was exhausted. When he recovered his spiritual energy, he executed martial arts...

After repeating this for about a year, when Yang Chen used the Flowing Shadow Sword Technique again, he suddenly realized that the spiritual sword in his hand didn't seem so real.

"Strange? Is there something wrong with my eyes?"

Yang Chen couldn't figure it out." That shouldn't be? This spiritual sword was clearly real, but why did it feel fake?"

Yang Chen couldn't help but touch the Spiritual Sword.

At this moment, a strange scene appeared. Yang Chen's left hand actually passed through the Spiritual Sword!

That Spiritual Sword was actually no different from the other phantoms!

This change scared Yang Chen so much that he quickly threw away his spiritual sword.

Thump!

After the spiritual sword fell to the ground, a knocking sound was heard. This time, when he looked at the spiritual sword again, he realized that there was no change to the spiritual sword.

“What’s going on?” Yang Chen frowned.

“Wait! Is this the Illusory Great Dao?”

For some reason, Yang Chen had a feeling that he could turn everything he touched into an illusion.

Yang Chen quickly grasped this feeling and began to think seriously.

Just as Yang Chen was about to grab hold of this thought, the purple light emitted by the purple leaf in Yang Chen’s arms gradually faded.

After the purple light faded to the extreme, Yang Chen’s eyes lit up.

“I understand what this illusory Great Dao is all about!”

Chapter 484: Chen Yang’s Divine Pulse’s Terrifying Enhancement

A gentle breeze blew through the green trees.

Under the urging of the breeze, the leaves broke free from the shackles of the branches and slowly floated down.

Yang Chen, who was under the tree, opened his right hand, wanting to catch the falling leaves.

The moment the leaf touched Yang Chen’s right hand, the leaf began to turn Illusory. Gradually, the leaf passed through Chen Yang’s palm and fell to the ground.

Looking at the leaves on the ground, Yang Chen smiled and said, "The illusory is real, the real is illusory. When reality becomes illusory, it is the Great Dao." After more than a year of comprehension, Yang Chen had broken through the basic obstacles of comprehending the Great Dao and officially pushed open the door to the Illusory Great Dao.

However, Chen Yang, who had successfully comprehended the Illusory Great Dao, did not show much excitement.

Instead, he sat cross-legged on the ground and took out the purple leaf from his bosom.

Chen Yang did not dare to say that he was the only person in the Alkaid World who had comprehended the Great Dao within a year, but he was also certain that Chen Yang was one of the top people.

The reason for this was undoubtedly the purple leaf in his hand.

-What kind of treasure is this leaf? It can actually help me comprehend the illusory Great Dao."

Yang Chen's eyes lit up when he talked about the Great Dao." Oh right, since this leaf can help me comprehend the Illusory Great Dao."

"Then if I use the Illusory Great Dao to comprehend this leaf, will I be able to comprehend something?"

Yang Chen immediately narrowed his eyes. A feeling of emptiness and reality emanated from Yang Chen's body.

As for the purple leaf in Yang Chen's palm, it became like a shadow.

Of course, this was only in the eyes of outsiders.

In Yang Chen's eyes, the purple leaf became clearer than before.

Yang Chen knew that he had guessed correctly.

“I didn’t expect that I would have to use the illusory Great Dao to comprehend the leaves. Fortunately, I obtained the Flowing Shadow Sword Technique. Otherwise, I’m afraid I wouldn’t be able to comprehend this leaf for decades.” After muttering to himself, Yang Chen sat cross-legged on the ground and began to comprehend the leaf.

As Yang Chen immersed himself in it, an inexplicable palpitation surged out from Yang Chen’s bloodline into his mind.

“What happened? Why do I feel my heart palpitating?”

Yang Chen frowned. This kind of palpitation originated from his bloodline. In Yang Chen’s eyes, it was as if he had touched a high-quality bloodline.

This high-quality bloodline seemed to have the same origin as the bloodline in his body, which was why he felt such fear.

This piqued Yang Chen’s interest. If it had the same origin as the Illusory Spirit Eye Bloodline, then wouldn’t it be the legendary Illusory Divine Bloodline?

Could it be that there was a secret about the illusory holy pulse hidden in this leaf?

Thinking of this, Yang Chen continued to comprehend.

As Yang Chen continued to comprehend, the blood in Yang Chen’s body began to palpitate in fear.

However, Yang Chen could feel a sense of joy from his bloodline.

It was this contradictory feeling that made Yang Chen feel at ease to comprehend.

Just like that, another three months passed.

Three months later, Yang Chen looked away from the purple leaves for the first time.

Then, Yang Chen slowly stood up.

The moment Yang Chen stood up, he felt as if he was an illusion.

If other supreme beings who had comprehended the Illusion Great Dao saw this, they would definitely exclaim in shock. Yang Chen had actually comprehended the second realm of the Illusion Great Dao.

No matter which Great Dao it was, as long as one comprehended the second realm, it meant that one could cultivate to the Void Piercer King Realm.

In other words, the second realm of the Great Dao corresponded to the Void Piercer King. The Great Path that all can comprehend

However, Yang Chen had not comprehended the second realm of the Illusory Great Dao. The reason why his entire body had become illusory was because of the mutation of his bloodline.

After three months of comprehension, Yang Chen's Illusory Spirit Eye Bloodline had unlocked a bloodline ability that had been sealed for a long time.

That was to turn oneself into an illusion.

And this illusory body was the Great Dao ability corresponding to the second realm of the Illusory Great Dao.

Every realm of the Great Dao corresponded to a Great Dao ability. The first realm of the Illusory Great Dao corresponded to the illusion of dead objects.

The second realm was to turn oneself into nothingness.

As for the third realm, it was to turn others into illusions. At that time, the viciousness of the illusory Great Dao would be officially revealed.

After Yang Chen unlocked the ability in his bloodline, the leaf in his hand lost its mystery and became just like an ordinary leaf.

Yang Chen knew that he must have comprehended the leaf.

Now, he had to wait for the arrival of the Dragon Blood Tree.

Yang Chen didn't know how the Dragon Blood Tree knew that he had successfully comprehended the leaf.

However, with the Dragon Blood Tree's abilities, it naturally had its own methods and abilities.

What Yang Chen had to do was wait.

After standing in the courtyard for about two hours, a one-meter-tall tree appeared in Yang Chen's courtyard.

Seeing the small tree, Yang Chen smiled. "Dragon Blood Tree, you're finally here. I have already comprehended the leaf that you gave me according to the requirements."

Next, you should tell me the reason for all of this."

"Don't worry, I'll tell you."

An old voice came from the Dragon Blood Tree. Yang Chen's vision went black and he disappeared with the Dragon Blood Tree.

When light appeared in front of his eyes and he could see everything around him, Yang Chen realized that he was deep in the starry sky.

In front of him was an old man in purple with a purple beard. He was smiling at him.

As if to help Yang Chen see his face, the old man even held up a torch..

Chapter 485: Chen Yang's Divine Pulse's Terrifying Enhancement

However, the torch looked extremely illusory, as if it was not in the same place as the two of them.

Seeing Chen Yang wake up, the old man took the lead and said, "Young man, you're awake."

"Chen Yang greets Senior!" Although Yang Chen didn't know who this old man was, he was definitely not someone to be trifled with since he had brought him here.

"There's no need to be so polite." The old man waved his hand and Yang Chen felt a pair of hands supporting him.

"Young man, my name is Li Kai. I was the one who brought you here. If you have any questions, feel free to ask me."

Hearing this, Chen Yang pondered for a moment before looking at Li Kai. "Senior Li, what is your relationship with this Dragon Blood Tree?"

Yang Chen was not in a hurry to ask why Li Kai had brought him here. Instead, he first asked about the relationship between Li Kai and the Dragon Blood Tree.

Perhaps he could guess Li Kai's identity from his relationship with the Dragon Blood Tree.

"My relationship with the Dragon Blood Tree..." Li Kai stroked his beard. "I should be considered the grower and creator of the Dragon Blood Tree."

Creator!

Just these three words made Yang Chen's eyes widen and his entire person freeze.

Legend had it that the Dragon Blood Tree was formed from the heavens and earth, yet this person actually claimed to be the creator of the Dragon Blood Tree.

If what this person said was true, then this person's identity...

If the Dragon Blood Tree had such great effects, then the only one who could create it, other than heaven and earth, was probably God.

God!

The person in front of him was probably a super powerful person who had ascended to the divine realm!

After figuring out this person's identity, Yang Chen was even more curious as to why he had brought him here.

"Senior, why did you bring me here?"

"Yes... Because of your bloodline." Li Kai said.

"My bloodline? Could it be that Senior also possesses the Illusory Spirit Eye bloodline?" Yang Chen said excitedly.

But as soon as he said this, Yang Chen regretted it.

How was this possible? The Illusory Spirit Eye Bloodline was only equivalent to a third-grade talent, and the old man before him was an existence that had ascended to the Heavenly Divine Realm. How could he have an Illusory Spirit Eye Bloodline?

“You’re right. I created this Illusory Spirit Eye Bloodline based on my own bloodline.” Li Kaiyu’s words were shocking.

“My bloodline is an illusory divine meridian because it can help martial artists comprehend the illusory Great Dao. “Therefore, I was thinking if I could create a bloodline with this ability.”

“After all, if more martial artists comprehend the Illusory Great Dao, the chances of victory in a battle with the demons will increase.”

“Thus, I created this Illusory Spirit Eye Bloodline.”

“The development at the beginning was indeed as I expected. With the support of the Illusory Spirit Eye bloodline, the experts who comprehended the Illusory Great Dao surged.”

“But later on, for some reason, the number of martial artists who comprehended the Illusory Great Dao became fewer and fewer. As a result, before I died, there was not a single martial artist who could comprehend the Illusory Great Dao.”

“Senior, you passed away?” Yang Chen was a little stunned.

“Why? Is it strange?” Li Kai smiled and looked at Chen Yang. “Gods aren’t immortal existences. They have a lifespan limit too. I will naturally die.””

“Forget it, that’s not important.”

“Before I died, I finally figured out the reason. This is the restriction of the Heavenly Dao.”

“Restrictions of the Heavenly Dao?” Yang Chen frowned.

“That’s right, it’s the restriction of the Heavenly Dao.” Li Kai sighed. “This Illusory Spirit Eye Bloodline possesses all the abilities of the Divine Bloodline, so it’s naturally forbidden by the Heavenly Dao.”

“Therefore, the Heavenly Dao has added restrictions. This would prevent the Illusory Spirit Eye Bloodline from comprehending the Illusory Great Dao, and it would naturally be unable to unlock the Illusory Body’s abilities.”

Hearing this, Yang Chen’s frown deepened.

If the Heavenly Dao is blessed, how can I comprehend the illusory Great Dao to reach the limit of the law?

As if he had seen through Yang Chen’s thoughts, Li Kai smiled and said, “However, I firmly believe that even with the restrictions of the Heavenly Dao, there will definitely be people who defy the heavens.”

“There are 50 Great Daos, 49 are derived from the heavens, and humans escape from one. “This is the Supreme Great Dao. It has left a chance of survival for us humans, and it is also an opportunity.”

“Only humans can defy the heavens.”

“Therefore, before I died, I specially created a batch of Dragon Blood Trees in order to help me search for the appearance of that heaven-defying person.”

“Hard work pays off. After ten million years of searching, I finally found that heaven-defying person. That’s right, it’s you.”

“Me?” Yang Chen pointed at himself.

From a certain perspective, he was indeed a heaven-defying person. After all, a treasure like the Dao Integration Pearl could not be recognized by the Heavenly Dao.

Not only was he able to master it easily, but he was also lucky enough to live for so long. He was obviously a heaven-defying person.

Or rather, it was precisely because of the Dao Integration Pearl's choice that he became a heaven-defying person.

It could be either way, and they might even complement each other.

"Now that I've found this heaven-defying person, I naturally have to create another illusory god."

"This old man doesn't believe that if this old man can cultivate to the god level, he can't go against this heaven shattering technique?" Li Kai said domineeringly.

From Li Kai's words, Yang Chen could sense that Li Kai was definitely not a person who would follow the will of the heavens.

Otherwise, Li Kai wouldn't have created the Illusory Spirit Eye Bloodline, which could destroy fairness.

After making his bold statement, Li Kai looked at Yang Chen with a smile. "Before I died, I stripped off my bloodline.."

Chapter 486: Chen Yang's Divine Pulse's Terrifying

Enhancement

“I injected my bloodline into the Dragon Blood Tree. It is because of my bloodline that this Dragon Blood Tree has survived until now.”

“As for the other Dragon-Blood Trees, I’m afraid they’ve long died. I know that there are still Dragon-Blood Trees in this world, but they’re merely replicas of other experts.”

When you get out, the Dragon-Blood Tree will give you my bloodline.”

“I hope that you can inherit my last wish to completely wipe out the evil spirits and return the Light Shaking World to a peaceful world!”

Then, Li Kai’s figure disappeared, and Yang Chen’s vision went black again.

When Chen Yang woke up, he realized that he was still in his courtyard. It was as if everything that had just happened was just a dream.

At this time, the Dragon Blood Tree came in front of Yang Chen and said sadly, “Master has truly died.”

“Chen Yang, I hope you don’t forget Master’s last wish and return the Alkaid World to a bright and peaceful world.

Instead of locking himself up and being a cowardly turtle, closing his eyes and waiting for death!”

Blockade? Close your eyes and wait for death?

From the Dragon Blood Tree’s words, Yang Chen seemed to have guessed some secrets, some secrets about why the evil spirits were extinct.

However, whether his guess could be confirmed, he would probably have to wait until he went to the Land of Evil Demons in the future to find out.

“Alright, I’ll give you Master’s bloodline.”

Then, a ball of purple blood slowly emerged from the Dragon Blood Tree’s body.

From the purple blood, Chen Yang felt the pressure and desire of the bloodline.

Reaching out to receive the blood, Yang Chen looked at the Dragon Blood Tree.” How do I absorb this bloodline?”

It doesn’t matter. You can do whatever you want with it. Drink it, touch it with your hands, and stick it to your chest.’The Dragon Blood Tree said.

Seeing this, Yang Chen sank his right hand into the purple blood.

In an instant, the blood pierced through Yang Chen’s skin and quickly rushed into Yang Chen’s bloodline.

Then, nothing happened.

Yang Chen looked at the Dragon Blood Tree in astonishment.” This...” What’s going on?”

“Don’t worry, the transformation of the bloodline is not something that can be completed in a day.

Wait a little longer. I estimate that in a year’s time, your bloodline will be able to advance to the illusory divine bloodline.”

“Cough cough cough...”

At this point, the Dragon Blood Tree suddenly coughed violently.” Without Master’s blood, I’m afraid I won’t be able to live past today.”

Yang Chen, before I die, I hope you can fulfill one of my wishes.”

“Dragon Blood Tree, you’re the one who’s going to be the judge.” Yang Chen looked at the Dragon Blood Tree with a serious expression.

This Dragon Blood Tree could completely monopolize the blood and not give it to him.

However, the Dragon Blood Tree did not do so. Just based on this point, Yang Chen should fulfill the last wish of the Dragon Blood Tree.

“I hope that after you ascend to the divine throne, you can create more Dragon Blood Trees and not let those imitations occupy the reputation of my Dragon Blood Tree clan.”

“Can you do this?”

“No problem.” Chen Yang agreed.

Hearing this, a human-like smile appeared on the bark of the Dragon Blood Tree. Then, the entire tree quickly withered and gradually turned into a pile of dead wood.

Looking at the dead wood, Yang Chen sighed, “Don’t worry, you’ve given me such a great opportunity. I will definitely restore the glory of the Dragon Blood Tree!”

Then, Yang Chen personally dug a grave for the Dragon Blood Tree and buried it.

On the tombstone, the words “Tomb of the Illusory God’s beloved pet, the Dragon Blood Tree” were carved.

After doing all this, Yang Chen returned to his previous life and quietly waited for the evolution of his bloodline.

A year later.

Chen Yang's courtyard.

With the help of the bronze mirror, Yang Chen saw his purple hair and could not help but smile bitterly. "Could it be that the price for evolving to a divine meridian is a head of purple hair?"

That's right, after a year of digestion, Yang Chen's bloodline had officially evolved into the legendary Divine Meridian, the Illusory Divine Meridian!

At this point, Yang Chen's aptitude was enough to support Yang Chen's cultivation to the God Realm!

However, Yang Chen didn't know whether to laugh or cry at this head of purple hair.

How could this be explained?

Right, let's talk about the mutation of the bloodline. No one had the Illusory Spirit Eye Bloodline anyway, so he could say whatever he wanted.

Moreover, he was not lying. His bloodline had indeed changed a little.

Just say it.

After thinking it through, Chen Yang rode the Hell Earthworm and headed toward the Endless Mountain Range.

Putting aside the matter of the bloodline for the time being, after nearly six years of accumulation, the Dao Integration Pearl had accumulated more than 100,000 points of energy.

Now, it was time to nurture the Pegasus to the Demon Sovereign Realm.

At that time, Yang Chen would be able to obtain new spirit beasts from the ruins.

After arriving at the secret location, Yang Chen released the Pegasus.

After stroking the Heavenly Horse's hair, Yang Chen flipped his right hand and revealed the Dao Integration Pearl.

After looking at Pegasus again, Yang Chen said lightly, "The Dao Integration Pearl can raise Pegasus' cultivation level to the Demon Sovereign realm."

Upon hearing this, waves of energy were released from the Dao Integration Pearl.

Instantly, the Pegasus let out a miserable cry.

"Hey!"

Hearing this scream, the Underworld Dragon nodded in satisfaction. Not bad, he finally met a normal companion.

Unlike the Netherworld cat from before, which did not even bark.

Four hours later, Tianma was promoted from the Demon General Realm to the

Demon Sovereign Realm.

Its body also expanded to a hundred meters.

At this moment, the Pegasus was emitting the power of a spirit beast bloodline owner.

When it saw the giant moth on the dome, the pegasus instantly became obedient and did not move at all.

“Congratulations, you have successfully passed the second stage of the inheritance. Please enter the room to receive the next stage of the inheritance.”the mechanical female voice said.

Seeing this, Chen Yang put away his Pegasus and went to the bedroom on the other side.

After entering, the mechanical female voice gave her a choice.”The third stage of the inheritance requires the spirit beast to be raised to the Spirit Paragon level. The time required is 500 years.”

“There are currently three types of spirit beasts to choose from.”

“A Fire Abyss Dragon with the bloodline of a Spiritual Venerable, a pseudo-dragon.”

“There is also the Kun Dragon with the Spiritual King bloodline and a trace of Kun Peng bloodline.”

After listening to the robotic female voice, Yang Chen quickly made a choice.

He would definitely choose the Dragon Kun. Not only did his bloodline reach the Spirit King realm, but he also possessed a trace of the Kun Peng bloodline. In the future, it would not be a problem for him to evolve into the Kun Peng realm.

That was an existence on the same level as the divine beast Qiong Qi. There was no need to say much about how powerful it was.

“I choose the Dragon Kun.”

As soon as Yang Chen finished speaking, a Kunpeng egg appeared in front of him.

After putting away the Dragon Kun Egg, Yang Chen had no reason to stay any longer. He immediately turned around and left.

In the following period of time, there was nothing else to do. All that was left was to wait for the Heaven and Earth Spirit Pool to open.

Just like that, time passed until the sixty-eighth year of Qiyuan.

This year was the year when the Heaven and Earth Spirit Pool opened.

This year was also the seventh time he had thought of raising the Pegasus to become a Demon Empress.

In these seven years, Yang Chen had upgraded the Light Plucking Eagle and the Red Dragon to the Demon Emperor Realm.

After the restoration of the red dragon's bloodline, it had reached the level of a Spiritual Venerable. This gave Yang Chen a pleasant surprise.

This was because one would need a million energy points to raise the Demon Emperor Bloodline to the Spiritual Venerable Realm.

Repairing the red dragon's bloodline only required 100,000 points of energy. With this rounding up, a new Demon Sovereign could be cultivated.

This was also why Yang Chen chose to increase the strength of the Red Dragon.

As for choosing the Flashing Light Eagle, it could be considered a reward for his previous efforts.

After the Light Eagle Bloodline evolved into a Demon Emperor, it had become a Purple Feather Sky Eagle. Its speed was considered extremely fast among Demon Emperors.

If they were in a hurry, the purple-feathered heavenly eagle was also a good choice.

At this point, the energy accumulation of the Dao Integration Pearl had once again reached the bottleneck of a sixth-rank force, reaching 1,000 points of energy per day.

With such a fast accumulation speed, he could accumulate nearly 1.1 million energy points in three years.

At this rate, it wouldn't be long before Yang Chen's subdued beasts reached the Demon Sovereign Realm.

As for Yang Chen himself, he had already reached the ninth level in the past seven years.

This was the first time Yang Chen had witnessed the horror of the holy pulse.

One had to know that the accumulation in the later stages of the stage could not be mentioned in the same breath as the early stages. Yang Chen's cultivation speed did not slow down. Instead, it increased.

Among them, the holy pulse played a vital role.

Moreover, the effects of the holy pulse were not limited to this. In these seven years, Yang Chen had gradually become familiar with the primary ability of the holy pulse.

And just the beginner ability allowed Yang Chen to master the second stage of the Illusion Great Dao, the ability to turn himself into an illusion.

At this moment, Yang Chen had already easily turned himself into an illusion.

If someone attacked Yang Chen, Yang Chen could turn his body invisible to avoid the attack..

Chapter 488: Heading to the Shen Family

As his understanding of the holy pulse deepened, Yang Chen's purple hair also turned black.

Unless he fully activated his holy pulse, his hair would never turn purple again. Apart from Yang Chen himself, the strength of the Chen family had also increased a lot.

Among them, the fastest growth was the aptitude of the direct descendants of the family.

Two years ago, when the Shen family gave away ten years of resources, they also brought back a hundred Grade 5 aptitude pills.

In these two years, these 100 Grade 5 aptitude pills were basically digested by the clan members.

Apart from a few young disciples, the aptitude of all the direct descendants of the Chen family had risen to the Fifth Stage Realm.

In other words, as long as they were given enough time, they would be able to become experts on the stage.

After all, the Chen family did not lack cultivation resources at all. They could use them as they pleased.

Apart from their aptitude, the strength of their clansmen had also increased. Although there were no Zifu Disciples yet, they would be coming soon.

The ancestor, Chen Xiao, and First Elder Chen Xuan had all cultivated to the peak of the Core Formation realm. Most likely, it wouldn't take long for him to become a Zifu Disciple.

Back to the main topic.

This year was the year the Heaven and Earth Spirit Pool opened. Therefore at the beginning of the year, Yang Chen had been waiting for the Shen family to arrive.

The Shen family did not let Chen Yang wait for too long. In the beginning of the fourth month of the sixty-eighth year of Qiyuan, Shen Daokong arrived at the Chen family on a spirit beast.

After learning of this news, Yang Chen quickly put down what he was doing and rushed to the meeting hall to meet Shen Daokong.

“Progenitor Dao Kong, I didn’t expect you to be the one who came. As soon as he entered, Yang Chen cupped his hands and smiled.

When Shen Daokong saw this, he put down the teacup in his hand and looked at Yang Chen with a smile.” This Heaven and Earth Spirit Pool is of great importance. Naturally, I have to come and fetch you personally.” “This trip to the Heaven and Earth Spirit Pool will definitely be able to...When did you break through to the ninth level?”

Shen Daokong noticed Yang Chen’s strength by chance and his eyes widened. What a joke. Even if there was no bottleneck, it was impossible for him to cultivate so quickly.

Was this cultivation speed something that the Illusory Spirit Eye bloodline could achieve?

Seeing Shen Daokong’s shocked expression, Yang Chen smiled and said, “I was lucky.”

Hearing this, Shen Daokong nodded. Then, he looked at Chen Yang with a Strange expression.” I’m starting to believe Qing Zun’s words more and more. Perhaps you really are a person with great luck.”

“Fortunately, I came. Otherwise, it would be a waste for you to go to the Heaven and Earth Spirit Pool now.”

“How about this, before we head to the Heaven and Earth Spirit Pool, we’ll first make a trip to the Land of Inheritance of the Universe Saint and receive a portion of the inheritance.”

“Oh?” Yang Chen was a little worried. “Is there enough time?”

Yang Chen couldn't be blamed for this worry. The last time he received the inheritance, it took a whole year.

Now that the Heaven and Earth Spirit Pool was about to open, how could he have the time to receive the inheritance?

“Let's try.”

Shen Daokong sighed. “Who would have thought that your cultivation speed would be so fast? Otherwise, I would have come a year earlier.”

“Alright, since it's like this, we can only give it a try and see if we can only receive a portion of the inheritance.”

In short, no matter what, we have to maximize the use of the Heaven and Earth Spirit Pool.”

“Alright.” Yang Chen nodded.

What Shen Daokong said made sense. It was not easy for the Heaven and Earth

Spirit Pool to be opened once, so it naturally could not be wasted.

Immediately, the two of them did not stay any longer. They rode their spirit beasts directly to the Li family.

After the Li Family picked up Li Hui, the three of them headed to the land of the Universe Saint Inheritance.

At the bottom of the cave, Yu Sheng looked at Chen Yang and the other two with a strange expression.-  
'How many years has it been, and you're here to receive the inheritance again?'

Shen Daokong glanced at Yang Chen." It's all our monster's fault. He reached

the ninth level in just a dozen years.'"

"Even pills aren't as fast as his cultivation."

Hearing Shen Daokong's words, Yu Sheng looked at Yang Chen in surprise."

Could it be that I'm so lucky to have met such a rare monster?'"

Alright, since the three of you are here, you can naturally receive my inheritance according to the rules."

"Come in with me."

Then, he brought the three of them into the underground hall.

After entering the hall, Shen Daokong took a step forward and said,""Senior Yu

Sheng, we're only here to let Chen Yang receive the inheritance."

"Moreover, we have some urgent matters to attend to, so I'm afraid we won't be able to delay for too long."

"Lord Universe Saint, can you control the time of the inheritance and not exceed a month?"

Yu Sheng nodded." No problem.'"

After saying that, Yu Sheng handed the ball of light representing the martial arts inheritance to Chen Yang and said with a smile, "I'll give you a month's time. How much you can receive depends on yourself."

Yang Chen nodded and took the Inheritance Orb. Without wasting any time, he sat on the ground and activated the inheritance.

Immediately, a stream of information surged into Yang Chen's mind, solving all of his doubts about martial arts.

As time passed, Yang Chen gained a better understanding of the next stage of martial arts.

Some bottlenecks that seemed unexplainable and unbreakable at the moment disappeared like bubbles.

A month later, Yu Sheng woke Yang Chen up on time.

After Yang Chen opened his eyes, he couldn't hide the excitement in his heart.

There was also joy in his eyes.

Seeing Yang Chen's expression, Shen Daokong knew that Yang Chen's harvest this time was definitely not small..

J

Immediately, Shen Daokong stepped forward and asked, "Yang 'er, how is it?" "Fortunately, I didn't fail you."

Chen Yang smiled and nodded." After receiving the inheritance for a month I won't have any bottlenecks until I cultivate to the fourth level of Dao Origin"" "Fourth level Dao Origin?" Shen Daokong clicked his tongue." That's enough Ever since the Heaven and Earth Spirit Pool opened, there has never been a genius who broke through to the fourth level of Dao Origin."

"This time, you can definitely scare them."

At this point, Shen Daokong seemed to have thought of something and quickly asked, How is your comprehension of the Great Dao?"

If one's comprehension of the Great Dao was not up to standard, then even if there was no bottleneck in the martial arts realm, one would not be able to break through the Dao Origin.

After hearing Shen Daokong's question, Chen Yang smiled and took out a spiritual sword from his storage bag.

Then, the illusory Great Dao spread out, and the Spiritual Sword became completely illusory in front of everyone.

Seeing this, Yu Sheng exclaimed"" "Illusion Great Dao! It was really the Illusory Great Dao ranked tenth on the Great Dao Rankings!"

"I didn't expect the legend to be true!"

" Of the top ten Great Daos on the Great Dao Ranking," Yu Sheng said excitedly." Other than the tenth Great Dao, no one has ever comprehended the first nine Great Daos.""

"The gods have guessed that perhaps the Great Dao in the top nine is not something we can comprehend at all."

-In other words, Chen Yang, you've already reached the forefront of many martial artists and comprehended the strongest Great Dao of the Alkaid World's human race!"

Hearing Yu Sheng's words, Yang Chen looked at Yu Sheng in shock. "No one has comprehended the Great Dao of the top nine?"

"No one has ever comprehended it. At the very least, among the experts I know no one has ever comprehended the Great Dao of the top nine." Yu Sheng shook his head.

"Then what is the ranking of the Great Dao of Space?" Yang Chen asked again. "Ranked third."

"That's not right." "As far as I know, there are many array masters who have comprehended the Great Dao of Space."

The array master who set up the Space News Array for the Chen family had comprehended the Great Dao of Space.

"Really?" Yu Sheng was stunned. Could it be that in these 200,000 years the Alkaid World's martial arts had developed so rapidly?

Hearing this, Shen Daokong smiled and explained, "Lord Yu Sheng, Chen Yang it's not what you think."  
5'

"The Great Dao of Space comprehended by those Array Masters and some warriors is completely different from the Great Dao of Space mentioned by Universe Saint."

"Not the same Great Dao?" Yang Chen was also stunned. "Is there a second Space Great Dao?"

"Of course there is." "Just like my Great Dao of Fire," Shen Daokong said with a smile. "It's divided into many smaller Great Daos, including the Great Dao of Fire of Extermination that I've comprehended so far."

"As for the Great Dao of Space, it includes many minor Great Daos. The Minor Great Dao that he had comprehended the most was the Void Great Dao." "I also know about the Vast Void Great Dao." Yu Sheng continued, "The Vast Space Great Dao is ranked 1,000 on the 3,000 Great Dao Rankings. It's a minor path derived from the Great Dao of Space."

“However, this Void Great Dao cannot be compared to the true Space Great Dao.”

Void.”

“Thars right/ Shen Daokong nodded.” After your Dao Origin breaks through to the Space-Breaking Realm, you can tear through space to travel.” “After this ability is expanded, it will become the Great Dao of the “It sounds very powerful. After all, only the Void Piercer King can control it. But in reality, it was one thing.”

“It’S just like flying in the air. Warriors below the Purple Prefecture level are very envious, but for those above the Purple Prefecture level, who would take this ability to fly in the air seriously?”

“In actual combat, the power of the Void Great Dao can’t even compare to the Great Dao ranked lower than him.”

After Yu Sheng and Shen Kongkong’s explanations, Chen Yang had a new understanding of the Space Great Dao and the Pankong Great Dao.

From the looks of it, he was really like what Yu Sheng said, he had already walked in front of the Alkaid World martial artists.

Since that was the case, if he did not become a god, he would not be worthy of this title.

“Alright, put aside the Great Dao for now. No matter how powerful the Great

Dao was, it still had to be supported by one’s own strength in the end.”

“Now, let’s hurry to the Heaven and Earth Spirit Pool.” Shen Daokong said. Hearing this, Yang Chen nodded. Then, the three of them cupped their hands at Yu Sheng.” Senior Yu Sheng, goodbye.””

Then, the three of them were sent out of the hall by Yu Sheng.

After leaving, Shen Daokong sent Li Kehui to the Li family and then returned to the Chen family.

After Yang Chen made the necessary arrangements, the three of them headed out of the Endless Mountains.

On the flying chariot, Yang Chen couldn't help but ask as he watched the scenery below pass by quickly, "Patriarch Dao Kong, where are we going first?" "Shen family."

"Shen family?"

"That's right, let's go to the Shen family first. When you reach the Shen family you will be led by Old Ancestor Renxu to the Dao Sect with my Shen family members." Shen Daokong said.

Yang Chen nodded.

"We can go to the Shen family first. To be honest, I'm really curious about what kind of existence this disciple of a Rank-4 faction is.

Shen City was the largest city in the territory of the Shen family, a fourth-rank force of the Hundred Lineages. It occupied more than a thousand miles.

In such a huge city, there were millions of people living in the Shen family and tens of millions of people serving the Shen family.

At the center of Shen City was the core of the Hundred Lineages 'Shen Clan the inner city.

Those who lived in the inner city were not necessarily direct descendants, but they were definitely people with a certain status in the Shen family.

Collateral Elders, Direct Line Elders, Family Head, Patriarch...

Almost all of the upper echelons of the Shen family were gathered in the inner

Currently, the inner city was decorated with lanterns and streamers for the first time, as if something good was about to happen.

There was indeed a joyous occasion, but this joyous occasion was only known to the people living in the inner city and the Shen family's favored son.

This joyous occasion was that the Heaven and Earth Spirit Pool was about to open.

Logically speaking, the interval between the opening of the Heaven and Earth Spmt Pool was not long. To a Rank-4 force that developed in units of ten thousand years, it was not a big deal.

However, every time the Heaven and Earth Spirit Pool was opened, in order to show respect to the fourth-rank forces, the Dao Sect would send higher-ups to personally pick up the selected disciples of the Shen family.

Since Taoism had shown their respect for the fourth-rank forces and returned the favor with a peach, the Shen family naturally had to give Taoism a certain amount of respect.

The city was decorated with lanterns and streamers to welcome the Taoist Faction.

However, before welcoming the Taoist Faction, Master Shen also wanted to make use of these items.

In the Shen family's meeting hall, the Shen family's head swept his gaze over the elders and said indifferently, "Let me tell you, when Yang Chen comes, tell him that the layout of the inner city is all prepared for Yang Chen."

Even if Yang Chen could tell that this thing was not prepared for him, you still have to say so.”

Hearing this, many elders looked indignant. One of the elders stood up and said, “Family Head, although this Chen Yang has outstanding talent, he has always been unwilling to join the Shen family. Why do we value him so much?” “That’s right.”

As this elder spoke, another elder stood up and said, “A person who is unwilling to join the Shen family, no matter how outstanding his aptitude is, what does it have to do with us?”

“The two elders are wrong.”

At this moment, the Shen family’s First Elder stood up and said, “Although Yang Chen’s surname is Chen, the blood of our Shen family still flows in his body.”

“This blood is dissolved in water. Once something happens to our Shen family Chen Yang will definitely not stand idly by. Just based on this, we have to pay more attention to Yang Chen.”

“With just Yang Chen?”

One of the elders said disdainfully, “It’s not that I look down on Chen Yang.

Chen Yang’s talent is not bad. He’s stronger than you and me.”

“But Yang Chen is too young. Being young means that his aptitude has not been transformed into strength.”

“Even if Yang Chen’s talent is very strong, I can crush him with one hand.”

“If you want to turn your talent into strength, you’ll need at least a few thousand years. Who knew what would happen thousands of years later? What if he had a change of heart? What if he doesn’t care about the blood in his body?”

“Even if he doesn’t have a change of heart, it won’t be too late to value him when the time comes.”

This elder’s speech represented the thoughts of the vast majority of the Shen family’s elders.

In their opinion, since Chen Yang had the blood of the Shen family flowing in his veins, he should not stay in the Chen family. He should quickly return to his family.

However, who knew that not only did the family head let him stay in the Chen family, but he also strongly supported the development of the Chen family. Wasn’t this driving the genius out?

Since they don’t want to come, why do they care so much, isn’t this for nothing, damaging the dignity of the Shen family?

Alright, everyone, stop arguing.”

At this moment, Master Shen stood up and said,““Since everyone doesn’t support my decision, then when Yang Chen comes, everyone can give it a try.” “You want us to try?” The elder who had spoken earlier smiled and said,“Family Head, aren’t you bullying Chen Yang too much? We’re all Dao Origin Supremacies.”“

“What? You still want to do it yourself?”Master Shen glanced at the elder.”

Aren’t you afraid of being called a bully?”“

“Isn’t Yang Chen going to the Heaven and Earth Spirit Pool? It just so happens that our clan members are also going to the Heaven and Earth Spirit Pool.” At this point, Master Shen could not help but laugh.

Master Shen knew the genius disciples of the clan better than anyone else.

Their strength was definitely not Yang Chen’s match.

According to the ancestor, Yang Chen had already broken through and ascended the stage.

Go on stage!

How old was he when he broke through to the stage? Was it 150 or 180?

At the thought of this, Master Shen was a little jealous of Yang Chen's talent.

Back to the main topic.

There was also a selfish motive in Master Shen's actions. On the one hand, he wanted these elders to support his actions.

On the other hand, he wanted Yang Chen to teach these youngsters a lesson

and let them know that there was always someone better.

Many elders had already guessed what Patriarch Shen was thinking.

"Patriarch, you mustn't." The Second Elder stood up immediately.

"No matter how much we look down on Chen Yang's strength, that's based on our own abilities. After all, we've all comprehended the Great Dao and broken through to the Dao Origin."

"But to our clan disciples, Chen Yang is undoubtedly an unstoppable existence."

"A bloodline of one of the ten lineages, and we have spared no effort in nurturing it during this period of time."

“Although I don’t know how strong Yang Chen is, I dare to say that none of the family’s disciples are his match.”

“If we let them fight, aren’t we afraid of damaging their confidence?”

The Second Elder was really afraid.

Among the geniuses who were heading to the Heaven and Earth Spirit Pool this time, there was a direct descendant that he valued very much.

If he lost his spirit and confidence, the Second Elder would not know how to cry.

Some elders who were in a similar situation as the second elder also voiced out to dissuade him.

They were also afraid.

Although they said they looked down on him, in reality, no one dared to look down on Chen Yang, who had one of the ten meridians.

Seeing this, Master Shen narrowed his eyes.” This won’t do, that won’t do. Tell me, what should we do?”

As soon as he said this, the meeting hall quickly fell silent..
