

## Tamer Family 501

### Chapter 501: Entering the Heaven and Earth Spirit Pool

“Alright, I’ve already finished introducing you. It’s time for you to tell me the truth.”

Hearing this, everyone looked at each other. Then, Lord Fen Mie took the lead and said, “We sent a total of 48 disciples this time.”

“Among them, there are six young king tiers and one young emperor. The rest are all geniuses who have the potential to break through to the king tier.” Hearing Lord Fen Mie’s words, the Lishui Emperor smiled and said, “The disciples that Dao Sect sent out this time aren’t weak either. Perhaps we can gain quite a lot.”

Lord Fen Mie smiled.

It wasn’t easy for them to encounter the Tide of Spirit Tide, so they naturally had to send out all the geniuses in their sect.

However, who would have thought that the Holy Race would interfere?

But it didn’t matter, as long as it didn’t affect the young emperor in the Dao Sect.

This Heaven and Earth Spirit Pool was so big, coupled with the young emperor’s aptitude, it shouldn’t be to the extent of not being able to absorb a satisfactory spirit tool.

After Lord Fen Mie finished speaking, it was the Shen family’s turn. Immediately, Shen Renxu stepped forward and said, “My Shen family has sent out a total of eleven people, one of whom is a spot bestowed by the Dao Sect.” “Among them, there’s a young king. The others are pretty good, so the possibility of them breaking through to the Void Piercer King realm is very small.”

Then, Lord Fen Mie looked at Shen Renxu. “Wind King, I remember that person is called Chen Yang.” Back then, we even specially discussed it and wanted to absorb it into the Dao Sect.”

“In the end, considering the face of your Shen family, I gave up.”

“It’s Yang Chen.” Shen Renxu turned to look at the Heaven and Earth Spirit Pool.” I wonder how much spiritual energy Yang ‘er will absorb this time.” After Shen Renxu finished his introduction, Li Ruxiao and Wang Cheng also introduced their disciples.

However, the disciples of these two families were very ordinary. There was not a single young king tier.

This was normal. After all, the Li family and the Beast Tamer Sect had only barely touched the threshold of the fourth-grade. The clan only had a Space-Piercing King and a combat strength equivalent to a Space-Piercing King.

With such strength, how could he possibly take out a young king tier at any time and place?

After they were done, everyone looked at the Heaven and Earth Spirit Pool. It had already been a long time since they entered. Some of the weaker geniuses should also have broken through.

At this moment, a tremor came from the Heaven and Earth Spirit Pool. A genius at the first level of the Purple Prefecture Realm had successfully broken through to the second level of the Purple Prefecture Realm.

Upon seeing this, Fen Mie smiled.” Whose genius is this? The first to break through. Quick, according to the rules, take out something to celebrate.”” “This is my Shen family.”

Shen Renxu smiled.” I didn’t expect that it would be my Shen family’s first to break through. Well, I’ll take out the spirit wine that I’ve kept for many years and let everyone drink it.””

In order to get a good fortune, the first genius to break through would usually take out something to celebrate.

When the few of them arrived, they had also prepared their own treasures.

When Shen Renxu took out the spirit wine, everyone, including the Lishui Emperor, gathered together to ask for a chance.

They all hoped to use this wine to pray for their disciples to break through a few realms.

Just as they were distributing the wine, a change suddenly occurred in the Heaven and Earth Spirit Pool.

A Spirit Qi vortex slowly emerged from the Spirit Pool, absorbing the Spirit Qi in the Heaven and Earth Spirit Pool.

Seeing this, Emperor Lishui said, "Everyone, I'm sorry. My young Saint is going to use his power."

When everyone saw this, they all smiled bitterly and drank the wine.

If the young Saint exerted his strength, how much more spiritual energy could their disciples absorb?

Many geniuses in the Heaven and Earth Spirit Pool sensed this fluctuation. Immediately, many geniuses frowned and looked in the direction of the spirit qi vortex.

When they saw that the genius who had caused the vortex was a member of the Sacred Clan, everyone was stunned for a moment before sighing and leaving the vortex.

When the geniuses of the Holy Clan saw the vortex, they could only smile bitterly.

"Brother Chi Ling, you're really something. You've only been here for a short while, and you're already starting to absorb spiritual energy wantonly."

I can't help it. Brother Chi Ling is a young saint.

Besides, the Heaven and Earth Spiritual Pool is so big. Brother Chi Ling can't absorb it all by himself. Let's just walk further away."

That's right. With our aptitude, we can absorb large amounts of spiritual energy wherever we go. Why fight with Brother Chi Ling?"

"We have no problem, but it's not necessarily the case for the others Brother Chi Ling will activate at least half of the spirit tools in the spirit pool this time.

As for the nine of us, plus that young emperor of the Dao Sect, we should at least split the other half. As for the others, I'm afraid they won't even get to drink the soup."

"So what? It's all because their aptitude is not good. If their aptitude is good, then we'll be the ones drinking the soup."

Alright, alright. Time is limited. Let's leave quickly."

With that, everyone left the place and headed to the other half of the Heaven and Earth Spirit Pool.

The other people who had woken up also headed towards the other half of the Spirit Pool.

When the Saint Clan members saw this, they were stunned for a moment before they sneered,""I didn't expect that we would be looked down upon." "Since that's the case, we have to absorb the spiritual energy with all our might and let them know that we're not to be trifled with."

Hearing this, a beautiful Holy Race woman with a good figure frowned. "Don't say so," they said,"they also want to absorb some spiritual energy."

Besides, we really can't compare to Brother Chi Ling."

If they follow us, they can still absorb some leftovers from the feast. If they stay with Brother Chi Ling, I'm afraid they won't even be able to drink the soup."

“It’s not easy. When the time comes, let’s all give in and not go overboard. After all, we all represent the face of the Holy Race.”

“What Sister Xueying said makes sense. Let’s do as Sister Xueying says.” After Sister Xue Ying’s persuasion, these Holy Clan disciples did not go all out and only absorbed the spiritual energy that they could digest.

Seeing this, the other geniuses looked gratefully at the Holy Clan disciples before quickly absorbing the energy.

The geniuses who were standing on the other side also rushed over.

Not long after, the Heaven and Earth Spirit Pool was split into two halves, and the other half was occupied by the other geniuses.. The other half were Chi Ling and Chen Yang!

Chapter 502: End of the Journey to the Heaven and Earth

Spirit Pool at the Fourth Level of Dao Origin

“Strange, why didn’t that person come over?” A Saint Clan disciple noticed Yang Chen and asked in confusion.

“Who knows? He probably entered a state of cultivation. He had forgotten himself in his cultivation, which was why he did not notice the change in the Heaven and Earth Spirit Pool.”

“Then this person is in trouble. He’s actually with Brother Chi Ling. It’s already not bad if he can break through one level.”

All of a sudden, most of the people looked at Yang Chen with pity.

It was not easy to obtain such a chance, but in the end, because he entered the cultivation state too quickly, he could not effectively use this quota.

How could this be reasonable?

Just as these Holy Clan disciples had guessed, Yang Chen had indeed entered a state of cultivation.

However, Yang Chen didn't leave because the Spirit Qi vortex hadn't affected him yet.

But soon, Yang Chen frowned.

"Strange, why is there less spiritual energy?"

Yang Chen opened his eyes and looked at the situation within the Heaven and Earth Spirit Pool.

With one look, Yang Chen understood the situation.

"So it's because this person has attracted half of my spiritual energy, so my spiritual energy has decreased?"

"Since someone is making a move, then I won't hide it."

After making up his mind, Yang Chen's illusory holy pulse quickly took effect. When his hair turned purple, a vortex that was even larger than the one caused by Crimson Ridge appeared.

This vortex stretched for a hundred meters, and the spiritual energy it absorbed affected the entire Heaven and Earth Spirit Pool.

This change naturally could not escape the eyes of Lishui Emperor and the others.

The moment the Spirit Qi vortex appeared, Emperor Lishui stood up instantly. His eyes were filled with horror, and his expression changed drastically. "This... What's going on?"

"This kid actually caused a spiritual qi vortex! Moreover, from the vortex, this child's aptitude and strength were even higher than Chi Ling's!"

"How is this possible?"

The Lishui Emperor fell into a daze.

Even though he was an emperor, he had never seen a genius who could compare to the top geniuses of the Saint Clan.

But now, not only did he see it, but this genius also seemed to be even more powerful than his own monstrous talent.

The Lishui Emperor was extremely familiar with Chi Ling's talent.

Chi Ling's aptitude was not as simple as a first-grade. He was even considered an average existence among first-grade.

And this kid had caused such a huge whirlpool. Could it be that this kid's aptitude had already reached the peak of the first grade?

Or rather, divine-grade!

Not only was the Lishui Emperor stunned, but everyone else, including Shen Renxu, was also shocked.

Shen Renxu knew that Yang Chen's talent was definitely not weak. Otherwise, he would not have been valued by the Tianji Saint.

However, Shen Renxu did not expect that Yang Chen's talent was even more powerful than the monsters of the Saint Clan.

No wonder the Heavenly Secret Saint saw Chen Yang as the future hope of the Alkaid World.

As for the Mystic Ice King and the others, they were deeply envious.

It was normal for the Saint Clan to have a monster of this level, but how could a fourth-rank force have a monster of this level?

Were they worthy?

All of a sudden, the three kings of Dao Sect had the idea of snatching it.

"Such a monster must belong to our Dao Sect and lead our Dao Sect to become a second-grade force.

However, the moment this thought appeared, it was killed by the three Kings.

What they were thinking was also what the Lishui Emperor was thinking.

If their Dao Sect was unwilling to give up on such a monster, would the Holy Race be able to give up?

The truth was just as the three Kings had expected. After the shock, the Lishui Emperor regained his senses.

At the same time, an indelible greed arose in his heart.

Such a monster must join our Holy Clan!

” If I nurture him seriously, my Saint Clan will definitely give birth to another Saint in a few thousand years. No one will be able to stop me!

Thinking of this, the Liwater Emperor looked at Shen Renxu.

Emperor Lishui remembered that this genius was from the Shen family.

If he wanted to recruit this genius into the Saint Clan, he had to convince the Shen Clan.

If it was possible, Li Water Emperor wanted this genius to join the Holy Clan voluntarily.

In order to achieve this goal, the Shen family was a part that could not be avoided.

The Lishui Emperor had already decided that as long as the Shen family could make this genius submit to the Saint Clan, he would be willing to spend a large amount of resources to create an emperor for the Shen family.

The resources needed to forcefully nurture an emperor were astronomical. Even the Taoist Faction could not afford it.

But compared to Yang Chen, all of this was nothing. It was worth it!

Looking at the Lishui Emperor’s gaze, Shen Renxu had already guessed what the Lishui Emperor was thinking. He smiled bitterly and said, ”Lishui Emperor, I know what you are thinking.”

”But I have to tell you, where Chen Yang goes is not up to us, nor is it up to your Holy Clan.”

”Oh?”” What?” The Lishui Emperor was a little stunned.” Even you and my Holy Clan can’t decide. Is there some big shot behind Chen Yang?”

”Let me be frank. Even if Yang Chen has a great figure behind him, he can’t change the situation.”

“As long as your Shen family agrees, no one can do anything.”

“Oh? What about me?” The moment Emperor Lishui’s voice fell, an old voice entered everyone’s ears.

Accompanied by the voice, an old man dressed in Daoist robes with an ethereal aura appeared.

This person was the Heavenly Secret Saint!

After seeing the Heavenly Fate Saint, the Lishui Emperor was like a bone-piercing cold light and did not dare to move. Cold sweat dripped down from his forehead.

Oh my god, could it be that the expert behind Chen Yang is the Heavenly Secret Saint?

Chapter 503: End of the Journey to the Heaven and Earth

Spirit Pool in the Fourth Level of Dao Origin

,

If it really was the Heavenly Secret Saint, then what was the point of snatching?

The Tianji Saint was known as the number one Saint in the world and the existence closest to God!

Even if the entire Vermillion Bird Divine Clan combined forces, they might not

be a match for the Heavenly Fate Saint.

If not for the fact that this Heavenly Secret Saint had a carefree nature and no ambition, the Alkaid World would have long been unified.

After sweeping his gaze across the crowd, the Heavenly Secret Saint smiled and said, "Everyone, don't be nervous. I don't mean to blame you."

"I'm here on behalf of the Saints to convey a message."

"That is, no matter who it is, do not interfere with Yang Chen's growth. All of you pretend that you have not discovered Yang Chen's talent, understand?" "Yes, sir! We will obey!" Emperor Lishui and the other Kings quickly agreed, afraid that they would be killed by the Heavenly Fate Saint if they were too slow.

"Yes." Seeing this, the Heavenly Fate Saint smiled and nodded. Then, he looked at the Mystic Ice King. "I reckon that Chen Yang will definitely be able to break through to the Dao Origin Realm this time."

"How about this? Give Chen Yang another thirty years. After thirty years, let

Chen Yang lead the Chen family to guard the Evil Demon Land."

"Guarding the Land of Evil Demons?" The Mystic Ice King was stunned. "Sir, this land of demons is extremely dangerous. What if something happens to

Chen Yang?"

The Mystic Ice King didn't dare to agree. Didn't he hear what the Heavenly Fate Saint said? This Chen Yang was the focus of all Saints.

If an accident happened in the land of demons guarded by their Dao Sect, then the consequences would be unbearable for their Dao Sect.

After understanding what the Mystic Ice King meant, the Heavenly Fate Saint smiled and said, "Although this Evil Demon Land is dangerous, it's also the place where our Alkaid Realm can

receive the aura of the universe the most.” “Comprehending the Great Dao here is much easier than outside.” “Besides, as the hope of the Alkaid Realm, can’t you bear this bit of danger?”

“Alright, do as I say.”

“Right, I heard that Yang Chen’s cultivation technique is the Ten Thousand

Beast Technique.”

“Of course, I’m not asking you to give it to Yang Chen for free.

“YOU can sell them. Firstly, it will give you some benefits. Secondly, it was to

give Yang Chen some pressure.”

“Alright, that’s all I have to say. Goodbye, everyone.”

Then, the Heavenly Fate Saint disappeared.

After the Heavenly Fate Saint left, the Lishui Emperor wiped the cold sweat off his forehead.

Touching his drenched junior, Lishui Emperor smiled bitterly and said, “I didn’t expect Chen Yang to be valued by all the Saints.”

“Wind King, do you know anything special about Yang Chen?”

Shen Renxu thought about it seriously and then said with a bitter smile, “To be honest, I don’t know either.”

“Yang Chen doesn’t want to develop in our Shen family, but he leads a family to cultivate alone. I don’t know how magical he is.”

Hearing this, the Lishui Emperor nodded.” That’s not strange. Perhaps Yang Chen found some supreme treasure in the world, or perhaps he was originally talented.

That was why it attracted the attention of all the Saints and made Yang Chen cultivate step by step.”

“Alright, since it’s the Saint’s order, we’ll just follow it.”

“Oh right, this Ten Thousand Beast Technique originated from the Divine Code. When the time comes, please let Wind King know that Chen Yang can come to the Holy Tribe to buy it if he needs it. Our price is absolutely fair.”

“Yes, sir!” Shen Renxu nodded respectfully.

After deciding on Yang Chen’s matter, everyone looked at the Heaven and Earth Spirit Pool again.

They were all somewhat curious. Just how much benefit could this genius known as the hope of the Alkaid World obtain from this Heaven and Earth Spirit Pool?

Within the Heaven and Earth Spirit Pool.

The appearance of this Spirit Qi vortex naturally could not escape the eyes of the cultivation geniuses here.

At that moment, many people looked at the new spiritual qi vortex in confusion.

When they saw the genius who caused the spiritual qi vortex and the scale of the spiritual qi vortex, everyone fell into a daze.

“How is this possible? How could there be someone more monstrous than Brother Chi Ling outside!” A disciple said in disbelief.

Xue Ying’s beautiful eyes turned and she looked at Yang Chen in shock.” Do you know this person?”

“I don’t know him, but I’ve seen him with those people from the fourth-rank forces. Could he be from a fourth-rank force?”

“From a rank 4 force?” “There’s actually someone more monstrous than Brother Chi Ling in a fourth-rank force?” Xue Ying asked in astonishment.” “It’s useless to say all this. Once this person causes a spiritual qi vortex, how can we cultivate?”

“Why don’t we give him a warning?” A Saint Clan disciple said with an unfriendly expression.

“Nonsense!” “Didn’t you hear the Lord of Fen Mie’s warning?” Xue Ying shouted.”

“Besides, this kid’s aura is so strong, his cultivation must be higher than Brother Chi Ling. Aren’t you afraid of causing trouble for yourself by provoking him?”

“Then we can’t cultivate the ‘unruled , right?”

Hearing this, Xue Ying sighed.” Now that things have come to this, we can only let Brother Chi Ling negotiate with this person.

Let’s see if both sides can compromise and leave us a mouthful of soup to drink.”

Xue Ying laughed at herself.

Just now, they thought that these people wanted to drink the soup they left behind.

Who would have thought that they would be the ones drinking the soup?

“Hmm? What was going on? Why is there less spiritual energy?”

Chi Ling, who was cultivating, suddenly noticed that the spiritual energy around him was slowly decreasing.

Could something have happened to the Heaven and Earth Spirit Pool?

Out of doubt, Chi Ling opened his eyes and looked in the direction of the flow of spiritual energy.

When he saw Yang Chen and the Spirit Qi vortex that he had created, Chi Ling’ eyes, which were as deep as the starry sky, revealed a look of disbelief..

Chapter 504: End of the Journey to the Heaven and Earth

Spirit Pool in the Fourth Level of Dao Origin

“Who is he?”

Chi Ling did not expect that someone even more monstrous than him would suddenly appear.

When the Saint Clan disciples saw that Chi Ling had woken up, they quickly went up to him and told him their intentions.

After listening to these people, Chi Ling nodded, “I understand. I’ll go negotiate with this genius, but I can’t guarantee that he will agree to my proposal.” Then, Chi Ling gradually approached Yang Chen.

Chi Ling’s actions naturally couldn’t escape Yang Chen’s senses.

Immediately, Yang Chen opened his eyes and looked at Chi Ling in confusion. "What do you want to do?"

"Don't misunderstand!"

Chi Ling waved his hand and smiled, "I didn't expect to meet a young Saint here.

I am from the Vermilion Bird Divine Clan, and I would like to ask who you are."

"Yang Chen." "Brother Chi Ling, may I know why you've come here?" Chen Yang asked lightly."

"It's like this. My clan brother's talent is really too amazing. If you and I absorb all the spiritual energy, I'm afraid they won't be able to cultivate."

"How about this? Why don't you and I both take a step back? The two of us can control it a little and split this half of the Heaven and Earth Spirit Pool."

"As for the other half, we'll let them split it."

"In order to show my sincerity, I am willing to absorb only a third of our share, and the remaining two-thirds will be given to my brother."

Hearing Chi Ling's words, Yang Chen nodded. "Alright, no problem."1"

Originally, Yang Chen did not need so much spiritual energy. The reason why he was absorbing spiritual energy at full speed was mainly because Nangong Chiling had absorbed all the spiritual energy.

Since the other party had chosen to back down, Yang Chen had no reason to persist.

Firstly, this would give the Saint Clan some face, and secondly, it would allow the Shen family to absorb some spiritual energy.

Thinking of this, Yang Chen continued, "I can agree to your conditions.

However, I hope that your Holy Clan can allocate an area for the geniuses of my clan to cultivate."

"No problem." Nangong Chiling promised, "Leave such a small matter to me."

Immediately, Nangong Chiling came to the other half of the spirit pool and told everyone the results of their discussion.

The genius from the Holy Clan was naturally overjoyed when he heard this.

As long as they controlled it a little, this half of the spirit pool was enough for them to absorb.

As for giving the Shen family a piece of land, the Saint Clan geniuses didn't reject it.

Firstly, this was what he should do. After all, he had to give face to this young Saint.

Secondly, they also knew that there was no genius in the Shen family. Even if they added up, they might not be able to absorb as much as a young king.

Since that was the case, why not give Yang Chen some face?

Immediately, the geniuses of the Saint Clan made the decision and specially divided an area for the geniuses of the Shen Clan.

He also told the others that no one was allowed to absorb the spiritual energy in this area.

When the geniuses from the Dao Sect, the Li family, and the Beast Tamer Sect saw this, they looked at Shen Longzhao and the others with envy.

With an exclusive area, their trip would definitely be fruitful.

There was nothing they could do. Who asked the Shen family to give birth to such a monstrous genius? They could only be envious.

Seeing that Nangong Chiling had dealt with it properly, the purple hair on

Chen Yang's head instantly disappeared, and the spiritual energy vortex gradually decreased.

After adjusting the spiritual energy he absorbed, Yang Chen continued to cultivate with his eyes closed.

Seeing this, Nangong Chiling also began to cultivate.

Now that he had finally encountered such a monstrous genius, he naturally wanted to have a good competition to see who had the greater harvest.

One had to know that one's aptitude might not necessarily be high, but one's realm might be higher.

After all, the bottleneck of martial arts truly existed.

If they were stuck at a bottleneck, it would be useless no matter how high their aptitude was.

As everyone calmed down and cultivated, time passed bit by bit. In the blink of an eye, seven days had passed.

Within these seven days, the geniuses who entered the Heaven and Earth Spirit Pool all had a breakthrough.

The only two people who did not break through were Yang Chen and Nangong Chiling.

The geniuses were not surprised by this.

After all, the two of them had high cultivation levels, so the spiritual energy they needed was naturally high.

However, after seven days of accumulation, it was time for him to break through.

“Who do you think will break through first?” Nangong Xueying asked.

As soon as Nangong Xueying finished speaking, Chi Ling’s aura suddenly changed. His aura rose steadily until he broke through to the eighth layer.

When Nangong Xueying saw this, she smiled and said, “It seems that the question has been answered.”

After breaking through, Nangong Chiling looked at Chen Yang with a smug look in his eyes. He didn’t expect that he would break through first.

At this moment, a change suddenly occurred in the sky above the Heaven and

Earth Spirit Pool. Dark clouds gradually gathered.

In the dark clouds, bolts of lightning gathered, sweeping with terrifying energy as if they wanted to destroy everything below.

When Nangong Chiling saw this, his expression changed drastically and he hurriedly shouted, “Chen Yang! Quickly wake up! This is the Daosource Tribulation. Hurry up and transcend the tribulation!”

Chen Yang, who was awakened by this voice, raised his head and looked at the dark clouds in the sky. Then, he leaped out and flashed outside the Heaven and Earth Spirit Pool to begin his tribulation.

This Dao Origin Tribulation was a tribulation that experts needed to experience when they broke through to the Dao Origin.

Furthermore, under the Dao Origin Tribulation, it was strictly forbidden for anyone to help. Otherwise, the power would increase by more than ten times.

This was also the reason why Yang Chen had left the Heaven and Earth Spirit Pool.

If he stayed in the Heaven and Earth Spirit Pool, the Dao Origin Tribulation would definitely use other geniuses as Chen Yang's helpers.

Once that happened, the Dao Origin Tribulation would not be something that Chen Yang could withstand..

Chapter 505: End of the Journey to the Heaven and Earth Spirit Pool at the Fourth Level of Dao Origin

Looking at Chen Yang who was transcending his tribulation outside the Heaven and Earth Spirit Pool, a sense of defeat rose in Nangong Chiling's heart.

"I didn't expect him to break through to Dao Origin. It's ridiculous that I still wanted to compete with him.

After shaking his head with a bitter smile, Nangong Chiling closed his eyes and continued to absorb spiritual energy.

"He's a monster, so he naturally can't compare to him. However, I can't let my trip to the Heaven and Earth Spirit Pool be in vain either.

There were nine bolts of lightning in this Daoyuan Tribulation. Each bolt of lightning was stronger than the last.

The ninth bolt of lightning had the power of a first-level Dao Origin expert's attack.

If he wanted to cross over, he had to be able to withstand a strike from a first-level Dao Origin expert.

Of course, this was only for others. For Yang Chen, it was simple.

Once the holy pulse was opened and the illusory ability was used, the lightning could not hit Yang Chen at all.

With this ability, Yang Chen didn't even lose a single hair after being struck nine times.

An hour later, the tribulation ended and Yang Chen officially stepped into the Dao Origin Realm!

After seeing Chen Yang return to the Heaven and Earth Spirit Pool unscathed, Nangong Chiling was even more convinced of his thoughts.

This guy was a pervert. What was there to compare with a pervert? It was better to compare with himself.

The process of Yang Chen's tribulation naturally couldn't escape the eyes of the king tiers.

The Mystic Ice King immediately looked at the Lishui Emperor." Lishui Emperor, if I'm not wrong, Yang Chen has comprehended the Illusory Great Dao."

"That's right, it's the Illusory Great Dao. Moreover, it seems that he has already comprehended the second realm."

Lishui Emperor took a deep breath and said with some jealousy,""! finally understand why the Saints value Chen Yang."

“When his cultivation was still on the stage, his comprehension of the Great Dao had already reached the second realm. Such a monster is simply unheard of.”

“The only one I remember is the illusory god. He comprehended the second realm illusory great dao when he ascended the stage.”

“From the looks of it, the Saints hope that Chen Yang will become the second Illusory God. At the very least, he was an illusory saint!”

Illusion Great Dao!

This illusory Great Dao, known as the number one Great Dao of the human race, had not appeared for many years.

Now that it had finally appeared again, it was no wonder these Saints were so excited.

If Yang Chen was really able to become a god, then there was a high chance that he would be able to open this cage, and they would also become gods!

Even if Yang Chen didn't become a god, with the existence of the illusory saint, the pressure on them would be much less.

After all, this world was not as safe as what a Rank-4 force knew.

Time passed once more. In the blink of an eye, the one month trip to the Heaven and Earth Spirit Pool had completely ended.

The moment it ended, the Mystic Ice King came to the Heaven and Earth Spirit Pool and woke everyone up.” Everyone, the Heaven and Earth Spirit Pool has ended. Please wake up!”

If a king level expert were to personally make a move, even a genius who was deeply engrossed would be awakened.

Immediately, geniuses walked out of the Heaven and Earth Spirit Pool one after another. A satisfied expression appeared on each of their faces.

This was the Heaven and Earth Spirit Pool that produced the Tide of Spirit. The Spirit Qi here was indeed abundant.

Each of them had practically broken through three small ranks.

It must be known that to a Zifu Disciple, three minor levels might not be much.

However, for those on the stage, these three small ranks could save them more than ten years, or even decades of cultivation.

Of course, Yang Chen was the one who had the biggest harvest.

After Yang Chen broke through to the Dao Origin, he broke through three more minor levels in a row. He was now a fourth-level Dao Origin expert!

Breaking through three small stages at the Dao Origin stage would save hundreds of years of cultivation time.

After ending the Heaven and Earth Spirit Pool, everyone returned to their respective forces.

Then, the Void Piercer Kings from the various factions led them away.

Before long, in this city within the city, only the Shen family was left.

Chen Yang looked at Shen Renxu." Ancestor Renxu, why don't we leave?"

“Wait a minute. The Taoist Faction has something to tell you.” Shen Renxu said..

Chapter 506: The Secret of the Yaoguang Realm

“Is there something the Dao Sect is looking for me for?”

Yang Chen was stunned. Could it be that he had broken through too quickly and attracted the attention of Taoism?

Aiya, I made a mistake. Shouldn't I have been greedy for such a little spiritual energy? Shouldn't I cultivate step by step?

Seeing the worry on Yang Chen's face, Shen Renxu knew that Yang Chen was thinking too much.

“I know what you're thinking, Yang 'er,” Shen Renxu said with a smile.

“But I can tell you that no faction in this world will force you to do anything because of your talent.”

“Hmm?” Chen Yang looked at Shen Renxu in confusion. “Ancestor Renxu, are you hiding something from me?”

“It's not a big deal. It's just that you've already fallen into the eyes of the Saints.” Shen Renxu laughed.

Yang Chen was speechless.

Wasn't this a big deal?

That was a Saint! The strongest existence in the world!

Wasn't it a big deal to fall into their line of sight?

“Don’t worry, let me explain.”” It’s a good thing for you,” Shen Renxu said with a smile.” Even though you’ve been noticed by the Saint.””

“The Saint said that you are the hope of the Light Realm. There must be something big that needs you to handle, but you can’t handle it now.”

“In other words, before you become a Saint, no other forces will affect your development.”

“After you become a Saint, with the power of your illusory Great Dao, no one in this world will force you to do anything.”

“You won’t lose out either way.”

Yang Chen nodded.

What Shen Renxu said did make sense.

Moreover, the Saints saw him as their hope and wanted to deal with something. Chen Yang also had some guesses.

Perhaps it was the same thing as the cage that the illusory god had mentioned.

However, this was not important. For now, it was better to cultivate step by step. Now that the sky had collapsed, there would naturally be someone taller to hold it.

When Chen Yang became taller, he would be able to solve some problems with his own experience.

After thinking it through, Yang Chen continued to ask,””Why did the Taoist Faction ask me to stay?””

“It’s to let your Chen family go to the Land of Demons to guard it.”Shen Renxu said.

Yang Chen was speechless.

Didn't you say that you won't force me to do anything?

"For others, guarding the Land of Evil Demons might be a dangerous thing," Shen Renxu explained."

"But for you, the advantages far outweigh the disadvantages."

"As for the specifics, wait a moment. Someone from the Dao Sect will explain it to you. It's also a good time to let you know some secrets of the Alkaid World."

"Alright." Yang Chen nodded and patiently waited for the call from the Taoist Faction.

Not long after, the Mystic Ice King sent the other forces away and returned to the city within the city." Wind King, settle down your clansmen first. Then, bring Chen Yang to the reception hall of our Dao Sect."

"Alright."

Immediately, under the lead of the Mystic Ice King, the Shen family returned to the manor.

Then, Shen Renxu and Chen Yang followed the Mystic Ice King to the reception hall of the Taoist Faction.

Looking at the magnificent reception hall, the Mystic Ice King said

slowly,""Please come in with me."

Under the lead of the Mystic Ice King, the two of them arrived at the reception hall.

Although the reception hall was quite large, there were not many people inside. Including the Mystic Ice King, there were a total of ten people.

However, these ten people emitted extremely terrifying auras. Each of them was an existence at the level of a Void Piercer King.

After bringing Chen Yang and Shen Renxu to the guest hall, the Mystic Ice King introduced everyone in the hall, "Chen Yang, this is the sect leader of our sect, Ye Yuan."

"Greetings, sect leader Ye." Yang Chen quickly greeted him.

"Hahaha, there's no need to be so polite, Patriarch Chen." Ye Yuan laughed.

"Chief Chen, these are some elders of our Dao Sect. They are the First Elder, the Second Elder...Ninth Elder."

"Greetings, elders."

After getting to know each other, Chen Yang sat in the guest seat and looked at Ye Yuan, the sect master of Dao Sect. "Sect leader Ye, what do you need me to do?"

Although Yang Chen already knew what the Taoist Faction wanted to do, he still asked out of courtesy.

"There's no hurry." "Before I read out your Chen family's transfer order, I'll first introduce you to the history of the Alkaid Realm."

"Clan Lord Chen should know that ever since our Alkaid Realm was born, we have been fighting demons endlessly, right?"

Yang Chen nodded, indicating that he knew.

“This evil demon comes from a demonic world next to our Alkaid World. Under the leadership of a demonic god, it has been trying to annex our Alkaid World.”

“Of course, our Alkaid World isn’t something that can be easily controlled. There are endless gods who have always led human martial arts experts to fight against the evil demons.”

“The most successful counterattack was under the leadership of the illusory god, they attacked the evil demon’s nest.”

“At that time, my Alkaid Realm was unparalleled in its glory and had the momentum to resolve the evil demon calamity once and for all.”

Speaking up to this point, Ye Yuan’s eyes revealed a yearning look. It would be such a wonderful thing to follow the Lord God into the Evil Demon World.

“Unfortunately, the good times didn’t last long. After a long battle, the illusory god suffered countless internal injuries.”

“As a result, the illusory god only lived for 200,000 years before he died of hatred.”

“You must know that the lifespan of a Deity is at least a million years.

Even if he was given another 100,000 years, the Evil Demon Calamity could be resolved once and for all, let alone the Illusory God for another 800,000 years..”

Chapter 507: The Secret of the Yaoguang Realm

“But that’s just an ‘if’.” Ye Yuan sighed.

Every time he saw the history of this place, Ye Yuan wished he could lend his lifespan to the Illusory God.

Unfortunately, that was just a joke.

Then, Ye Yuan continued, "In the following period of time, history has been repeating itself.

Every time the evil demons plan to completely annex the Alkaid World, our Alkaid World can give birth to a god and lead the Alkaid World to turn the tide." "There seems to be some kind of power maintaining the balance between the

two sides."

"But this balance was broken 100,000 years ago."

He was here!

Chen Yang's mind moved. 100,000 years was an extremely sensitive number. The Alkaid World 100,000 years later was completely different from the Alkaid

World 100,000 years ago.

100,000 years later, no more gods were born in the Alkaid World, but they did not feel the threat of the evil demons at all.

Perhaps, the turning point was during this period of time.

As expected, Ye Yuan continued to explain, "'At that time, a shockingly talented god was suddenly born in the Evil Demon Realm."

"The strength of this God far surpasses any God in the past." "According to the Saints 'guess, this evil god should have broken through to the second realm of god."

“Under his leadership, the Alkaid Realm is immediately at risk of destruction.<sup>1</sup> “And at this time, a god was born in my Alkaid World, the Array God!”

“The Great Dao that the Array God has comprehended is the Array Formation Great Dao, which is ranked 12th on the Great Dao Rankings. He knows many powerful array formations.”

“It’s precisely because of the appearance of the Array God that my Alkaid World

has today’s stability.”

Array God?

Yang Chen was a little confused. Didn’t they say that the evil god seemed to have broken through to the second realm of god? How could he be stopped by a god who had just broken through?

As if he could see the doubt in Chen Yang’s heart, Ye Yuan continued to explain, “After the Formation God broke through, the Gecaaos knew that their strength was no match for the evil gods.”

“Then, the Array God used the Alkaid World as the foundation and set up a divine array!”

“This divine formation can unleash the power to exterminate gods when attacking, and it can defend against the attacks of evil gods when retreating.” “It was precisely because of this grand array that the demons were unable to annex my Alkaid World.”

“There are a few passages left behind in this formation.

This channel was limited in its capacity to accommodate the demons, so it had been handled by the internal forces of the Shaoguang Realm. This was also the origin of the Land of Demons.”

“Right now, the Array God is outside the Alkaid Realm. He uses the array as the foundation to resist the evil gods. And inside, we’ll be the ones defending against the demons of the Land of Demons.”

After listening to Ye Yuan's explanation, Chen Yang finally knew the origin of this land of demons.

It seemed like this Array God was also a shockingly talented existence. He wasn't weaker than an Illusory God.

Although he wasn't as valiant as an illusionary god, he was still able to defend against a second-stage god.

Thinking of this, Yang Chen suddenly reacted, "So the Array God is still alive?" "Naturally, he's alive." Ye Yuan smiled and said, "If the Array God dies, only death awaits my Alkaid Realm."

"I see." Yang Chen nodded and asked, "Then in these 100,000 years, there hasn't been another god born to help the Array God?"

"This is what I want to tell you next."

Ye Yuan smiled and looked at Chen Yang. "Chen Clan Leader, do you think that with the Array God's attainments in array formations, he might have left a few passages behind?"

Yang Chen shook his head.

This was also the question he had wanted to ask earlier. Why didn't the Array God seal it once and for all, but instead, a few passages had leaked out?

"Actually, this was intentionally left behind by the Array God." Ye Yuan laughed.

"Did you leave it behind on purpose?" Yang Chen looked at Ye Yuan in astonishment.

"That's right, he left it behind on purpose."

Ye Yuan slowly explained, "You should know about the Great Dao Crystal, right? It's a treasure that can help martial artists comprehend the Great Dao."

"But do you know how this Great Dao Crystal was born?"

Yang Chen shook his head. How would I know?

"This Great Dao Crystal is refined by experts above the Dao Origin based on the aura of the universe."

"Although it is said to be refining, most of the energy is wasted."

If he could directly absorb the aura of the universe, the effect would be far stronger than this Great Dao Crystal.'

"And the array formation of the Array God indeed cuts off the connection between the Alkaid Realm and the universe. The aura of the universe will only be born in this demonic passageway."

"This is also the reason why in the past 100,000 years, not a single god or even a demigod has been born in our Alkaid World."

"When the illusory god was around, the Alkaid World also welcomed 100,000 years of peace. At that time, there were endless gods in the Alkaid World." "And now, it's also peaceful, but not a single deity or demigod has appeared. The reason was because of the array that the God of Formations had set up." "And if it weren't for that demonic passageway, even Saints wouldn't have appeared in the Alkaid World.' Ye Yuan said with some hesitation.

From this aspect, the Array God was indeed dragging down the development of the Alkaid Realm's martial dao.

But if there was no array god, then the Alkaid Realm would have long perished, and there was no need to talk about martial arts development.

Now, the entire Alkaid World, including the Array God, was praying that a monster who could break through to the God Realm could appear in this Alkaid World that could be called a desolate land.

If another god appeared, he would be able to defeat the evil spirit. At the very least, more of these passageways could be opened, and the possibility of a god appearing again in the Alkaid World would be greater.

“As for the aura of the universe, you can understand it as the origin left behind by the 3,000 Great Dao in the universe.”

“The universe aura is also extremely easy to identify. Every strand of universe aura is a seven-colored light.

As for whether it was a universal Great Dao universe aura or an exclusive one, you would know after you captured it.

“This is the reason why I sent your Chen Clan to guard the Land of Evil

Demons.”

“Of course, I won’t let your Chen family go now.

The Taoist Faction has decided to let your Chen Family develop for another 30 years. After 30 years, we will officially head to the Land of Evil Demons.” -When the time comes, you can choose to send your entire clan or a portion of your people.”

“However, let me say this first. Once I go, I will definitely be in charge of a territory. I hope that Chen Clan Leader can understand this.”

Yang Chen nodded. He had already thought of this.

Since he was going, he couldn’t just slack off and enjoy without giving anything.

Seeing that Chen Yang agreed, Ye Yuan smiled and said, "Since that's the case, you should make preparations.""

"By the way, there's something I forgot to tell you. Your agreement with the Beast Tamer Sect is invalid, but you can use resources to buy cultivation techniques. You need to discuss this with the Beast Tamer Sect."

"In addition, you can also buy the Dao Law of my Dao Sect. There are no additional conditions, as long as the resources are in place."

"Also, the Saint Clan has a cultivation technique that leads directly to the God Throne. You can also buy it, but the prerequisite is that you have to have the resources to move the Saint Clan."

"This is a benefit that the Saint is giving you, and also a pressure that the Saint is giving you."

Hearing this, Yang Chen's eyes lit up.

Everything else was not important. He could buy the follow-up cultivation method, but it solved Yang Chen's urgent need.

He was about to break through to the Void Piercer King realm, but this cultivation technique had not been found yet.

Now that he had a channel to buy it, it was naturally for the best.

Yang Chen smiled and said, "Don't worry, I'll definitely give you resources that will satisfy you.""

After that, there was nothing else to do. Yang Chen followed Shen Renxu back to the Shen family.

As for the resources to buy the cultivation technique, Yang Chen had already thought it through.

In the entire Alkaid World, was there any resource more precious than the Great Dao Crystal?

By then, Yang Chen would remain in the Land of Demons and would not come out unless he collected enough Demonic Crystals.

After returning to the Shen family, Shen Renxu asked Shen Daokong to escort Yang Chen back.

Shen Daokong was the one who requested this. After seeing that Chen Yang had broken through to the Origin of Dao Realm, Shen Daokong wanted Chen Yang to continue receiving the inheritance of the Universe Saint.

Shen Renxu did not refuse.

However, before he left, Shen Renxu told Yang Chen a piece of news. "Yang 'er, I'm afraid you can't go personally to the Sage Sect Token..'

Chapter 508: The Treasure in the Danger Zone of the

Seventy-eighth Year of Qiyuan

"Yang 'er, I'm afraid you won't be able to go to Glory Sect personally."

Before returning, Shen Renxu suddenly remembered something and explained to Yang Chen, "That Glory Sect has a requirement for strength. One has to be below the Dao Origin Supremacy to enter."

"How about this, you choose a few people from your family and enter with my Shen family."

Oh right, a Sage Sect Token can send ten people in. You can choose for yourself when the time comes.”

Hearing Shen Renxu’s words, Yang Chen nodded.

“Alright, I understand. I’ll arrange for someone to come when the time comes.”

Yang Chen had been quite interested in the trip to Glory Sect.

However, things were different now. After Yang Chen had broadened his horizons, he no longer had much interest in the ruins that had been developed for more than 100,000 years.

Even if Shen Renxu didn’t mention it, Chen Yang didn’t intend to go personally.

After that, Shen Renxu did not ask Yang Chen to stay any longer.

Immediately, Chen Yang and Shen Daokong sat in the Shen family’s carriage and flew toward the Endless Mountains.

A month later, in the sky above Chen City in the Endless Mountains.

Looking down at Chen Cheng, Yang Chen took a deep breath.” I’m back.””

After sighing, Chen Yang looked at Shen Daokong.” Patriarch Daokong, do you plan to stay in my Chen Clan for a few days, or do you plan to head straight to the Cosmos Saint Ruins?””

Shen Daotong thought for a moment and then said,”I won’t stay.”

In the next hundred years, the Shen family needs to guard the Land of Evil Demons. Now that the Shen family is lacking manpower, I naturally have to return quickly.”

Hearing this, Yang Chen nodded." Alright, I'll inform my family first. Then, we'll go to the Cosmos Saint Ruins together.""

Then, Yang Chen jumped down.

After returning to his family and exchanging a few words with them, Yang Chen returned to the carriage.

This time, the two of them first went to the Li Family. After picking up Li Kehui, they went to the Cosmos Saint Ruins.

Inside the Cosmos Saint Ruins.

When the projection of the Universe Saint saw Yang Chen's strength, he couldn't help but exclaim,""Oh my God, you've already broken through to the fourth level of Dao Origin?"

Yu Sheng didn't understand. Was the Heaven and Earth Spirit Pool really that effective?

Hearing this, Yang Chen smiled and said," I'm a little luckier. Because I inherited Yu Sheng's martial arts, my cultivation speed is a little faster.""

Seeing this, Yu Sheng was relieved.

It was understandable that such a monster who could comprehend the illusory Great Dao would do other shocking things.

Immediately, Yu Sheng brought the three of them into the main hall.

In the hall, Yu Sheng glanced at the three of them." This time, will the three of you receive the inheritance together, or will Yang Chen receive the inheritance alone?"

Shen Daokong and Li Kehui looked at each other and said in unison,""Let Yang Chen do it himself."

The two of them had yet to completely digest the contents of the inheritance.

In fact, their progress was considered normal.

People like Yang Chen were purely lucky. He had endless resources and outstanding talent, which was why he was able to digest the inheritance of Universe Saint so quickly.

According to the progress of a normal genius, Yang Chen's speed of digesting the inheritance might be faster, but it would not be to such an absurd extent.

Seeing that the three of them had already made up their minds, Yu Sheng nodded." "Alright, then let Chen Yang receive the inheritance first."

After saying that, Yu Sheng took out the ball of martial inheritance and handed it to Yang Chen.

"This time, I won't take the initiative to wake you up. How much inheritance you can digest depends on yourself. If you have the ability, you can directly digest all of it."

Yang Chen smiled.

What a joke! How could he absorb all of them? At most, he would only be able to absorb the Void Piercer King.

He knew his own capabilities.

Then, Yang Chen took the ball and sat down on the ground, beginning to comprehend.

As for Li Kehui and Shen Daokong, they told Yu Sheng about the Alkaid Realm and took the opportunity to ask him some questions.

Just like that, the sun rose and set, and the moon disappeared and appeared.

Unknowingly, a year had passed.

In the past year, there was no change in Chen Yang's aura.

This was very normal. After all, Yang Chen was not like before. The little bit of spiritual energy that was used to preserve the inheritance was nothing to Yang Chen.

Yang Chen's true change was still in his mind.

At this moment, although Yang Chen was still focused on absorbing the inheritance of the Universe Saint, he could also split his attention to check how much he had absorbed.

She wouldn't know if she didn't look, but she was shocked when she saw it.

Yang Chen realized that he had already absorbed the first level martial arts inheritance of the Void Piercer King.

In other words, the current Yang Chen had no barrier before he broke through to the Space-Breaking Realm Level 1.

And this was far from Yang Chen's limit.

According to Yang Chen's estimation, he could absorb it for at least another year at this rate.

In this year, although he couldn't digest the Supreme Emperor, he could definitely make some progress in the Void Piercer King Realm.

Thinking of this, Yang Chen suppressed the excitement in his heart and continued to absorb the inheritance.

In the main hall.

Yu Sheng looked at Chen Yang and praised, "This Yang Chen's talent is really good. It's been a year and there's no sign of it ending."

"I originally thought that Chen Yang absorbing it to the peak of the Dao Origin was already very good. From the looks of it, it's probably even possible for him to absorb it to the peak of the Void Piercing Realm."

Hearing this, Shen Daokong and Li Kehui sighed.

He didn't expect Yang Chen to rise so quickly.

He vaguely remembered that the first time they met, Chen Yang was only at the Purple Prefecture Realm. One of them went on stage, while the other had Dao Origin.

And now, Yang Chen was about to cultivate to the Void Piercer King realm. One of them was still on the stage, and the other was at the Dao Origin..

Chapter 509: The Treasure in the Danger Zone of the Seventy-eighth Year of Qiyuan

Could it be that the gap between them was really that big?

Thinking of this, the two of them sighed.

Forget it, we can't compete with him. Let's just compete with ourselves.

After regrouping, the two of them continued to ask Yu Sheng about cultivation.

As for Yu Sheng, he was also happy to answer them.

As the question was being answered, the river of time expanded for another year.

A year later, in the main hall.

Shen Daokong was having a heated discussion with Yu Sheng about something. Chen Yang, who had been sitting quietly for two years, suddenly moved. Seeing this, the three of them did not bother to talk about the matter. They surrounded Yang Chen to see when he would wake up.

Yang Chen slowly opened his eyes.

At the same time, the ball of light that represented the martial inheritance left Yang Chen's body and returned to Yu Sheng's hand.

Looking at the ball of light in his hand, Yu Sheng hurriedly asked, "How is it?"

How's the digestion of the inheritance?"

Li Kehui and Shen Daokong were also curious. They wanted to know how far Yang Chen had comprehended the inheritance.

Seeing Yu Sheng's question, Yang Chen smiled and answered, "Yu Sheng, I've already digested it to the seventh layer of the Sky Piercing Realm."

"In other words, before I reach Void Piercer King Level 7, I have no barrier." "Not bad, not bad at all!" Yu Sheng said happily. From the looks of it, I might even be able to see you become a Saint with my own eyes."

After receiving the inheritance, the three of them didn't stay long at Cosmos Saint's place.

Yang Chen then sent Li Kehui back to the Li family and then returned to the Chen family with Shen Daokong.

Above Chen City, Yang Chen asked again, "Progenitor Dao Kong, are you really not going to rest for a few days in my Chen Clan?"

"No thanks." Shen Daokong shook his head. "We've already wasted enough time. It's time to leave."

"Chen Yang, after this farewell, I'm afraid that when we meet again, it will be the Land of Evil Demons."

"When the time comes, I'll welcome you and your Chen family."

Then, Shen Daokong drove away.

Yang Chen watched as Shen Daokong left and returned to the Chen Family.

Chen Clan, in the meeting hall.

Seeing Chen Yang suddenly appear, Chen Xuan quickly came forward to welcome him.

"Of course." Yang Chen nodded in satisfaction and said, "Oh right, I have something to tell you."

"After twenty-eight years, we will send most of our clansmen to the Land of

Evil Demons to suppress the evil demons."

"During these 28 years, don't be stingy with resources."

All these years, the Chen family had been earning a lot of spirit stones and the cultivation resources of the clan had also increased day by day.

However, the Great Elder still could not change his past thoughts. He always wanted to leave some foundation for the family so that when it declined in the future, he could use it to turn the tide.

In the past, Yang Chen would not have said anything. After all, every member of the Chen family had enough cultivation resources.

If there were more, the price-performance ratio would not be very high.

Instead of doing this, it was better to let First Elder leave some foundation. However, things were different now. Even if it wasn't cost-effective, Yang Chen had to forcefully use the cultivation resources to increase the strength of his clansmen.

And to be honest, the cultivation resources that the Chen family had now were nothing compared to the Land of Evil Demons.

Putting aside the fact that the Land of Evil Demons had a unique production of Great Dao Crystals, just killing evil demons would yield many benefits.

The specific things could only be found out after he entered the room.

However, what Yang Chen knew was that after killing these demons, he could obtain some merit points. These merit points could be exchanged for resources from the Taoist Faction or the Holy Clan.

How could the treasures of the Dao Sect and the Saint Clan be measured by spirit stones?

Moreover, there were still many precious treasures in the Land of Evil Demons.

After all, the Land of Evil Demons was connected to the universe. Those spiritual herbs and spiritual materials could occasionally absorb various auras from the universe to nourish themselves.

The effects and growth speed far exceeded the spirit medicines inside the Alkaid World.

Compared to them, the Chen family's resources were nothing.

Moreover, if they wanted to obtain those resources, there had to be a prerequisite. That was, the Chen family had enough strength to fight.

This was also the reason why Yang Chen had decided to improve the strength of his clansmen even if it was not cost-effective.

Back to the main topic.

After listening to Chen Yang's words, Chen Xuan subconsciously nodded."

Alright, I'll arrange it immediately.""

After saying this, Chen Xuan finally reacted. What kind of place was the Land of Demons that the Patriarch had to pay so much attention to?

"Master, where is this land of demons? Is it that dangerous?" Chen Xuan asked immediately."

"Of course it's dangerous. After all, it's related to the demons." Immediately, Chen Yang explained to Chen Xuan about the Land of Evil Demons.

After explaining, Yang Chen said,""Aside from the elders, don't tell the clan about the Evil Demon Land for now."

"In addition, in these twenty-eight years, increase the courage of your clansmen. Don't wait until you encounter the evil demons and the evil demons don't attack before you become scared silly."

"There are many great powers in the Land of Evil Demons. I can't afford to lose face."

“Don’t worry, Patriarch.”” You’re right.” Chen Xuan’s eyes flashed with determination.” The clansmen will definitely not disappoint you.”

“That’s good.”

In the following period of time, Chen Yang helped Chen Xuan share some of the family matters. He then resumed his cultivation and dealt with the matters of the family..

Chapter 510: The Treasure in the Danger Zone of the Seventy-eighth Year of Qi Yuan

Just like that, eight years later.

The 78th year of Qiyuan was nothing special to the Chen Clan and the outside world.

If one had to find something, it would be that the 10 years of fifth-grade luck that Chen Yang enjoyed after breaking through to the Dao Origin had officially disappeared.

Chen Family, Chen Yang’s courtyard.

After dispersing the servants, Yang Chen released the Dao Integration Pearl.

Looking at the Dao Integration Pearl, Yang Chen muttered,””Currently, the Dao Integration Pearl has gathered a total of 8.9 million points of energy. There’s still a long way to go before the first spirit beast appears.”

“Without the ten years of bonus, the Dao Integration Pearl can only absorb 1,000 points of energy a day.”

“From the looks of it, it will take at least 30 years to gather 20 million points of energy to push a demon emperor into a Spiritual Venerable and help him comprehend the Great Dao.”

“Sigh, the road is still very long.”

“However, if I can break through to the Void Piercer King Realm within 30 years, I’ll be able to unlock the fate of a fourth-rank force for 10 years.”

“Then maybe I can create a few more spirit beasts. At that time, the road will be shortened by a lot.”

“Unfortunately, it’s a little difficult.”

Yang Chen had been cultivating for eight years, but he had only improved by one level.

This was still a divine bloodline. If it was the previous bloodline, even if there was no bottleneck, it would take at least 20 years to increase one level of cultivation.

It could not be helped. The accumulation of Dao Origin was simply not something that could be compared to going on stage.

Not only did Dao Origin experts accumulate a lot, but the quality of the Spirit Qi in their bodies also reached the level of Holy Qi.

This required absorbing a large amount of Spiritual Qi and compressing it into Holy Qi. Who knew how much effort he had to spend in this.

“It would be great if I could have Spiritual Stones with Holy Qi. I estimate that my cultivation speed would be at least three times faster.”

“Unfortunately, as far as I know, there are no such cultivation resources.”

“Maybe, but I can’t accept it at the moment.”

“Instead of thinking about this, why don’t you think about what treasure can raise the cultivation of a demon beast to that of a spirit beast?”

“After all, if you want to develop normally, you can’t let me drive the growth of luck, right?”

Thinking of this, Yang Chen couldn’t help but smile. Resources that could upgrade a demon beast to a spirit beast were harder to find than Spirit Stones that contained Holy Qi.

“Looks like I’m looking forward to the Land of Evil Demons even more. Perhaps there are resources I need there.”

After sighing, Chen Yang put away the Dao Integration Pearl and planned to head to the meeting hall to deal with the family matters.

At this moment, Chen Xuan suddenly arrived outside Chen Yang’s door.

“Patriarch, I have something to discuss with you.” Chen Xuan said outside the door.

Hearing this, Chen Yang opened the courtyard door and welcomed Chen Xuan in.

After that, Chen Yang poured a cup of tea for Chen Xuan. As he poured the tea, Chen Yang asked, “Great Elder, is there anything urgent?”

“It’s like this.”

Chen Xuan took the teacup and held it in his hand. He looked at Chen Yang and said, “The Li family’s elder, Li Ke, is here. He said that the Li family found a dangerous place in the Endless Mountain Range.”

“The Li Clan thinks that there might be some treasures in this dangerous place, but they don’t dare to explore it alone, so they came to ask about our plans.” “Danger zone?”

Yang Chen frowned.

As the name implied, this perilous land was usually an extremely dangerous place.

Moreover, most of the dangers in this perilous land were pure danger, and there were no benefits.

Only some special places that had turned into dangerous places might have some treasures.

However, due to the special nature of the danger zone, the price paid for obtaining this treasure was clearly not proportional.

This was also why there were so many factions in the Alkaid World, but not many were willing to explore the dangerous lands.

Not worth it.

However, since the Li family had come to visit, Yang Chen naturally had to receive them.

“Bring Elder Li Ke to the reception hall. I’ll go see him immediately.” Yang Chen said.”

“Yes.” Chen Xuan put down the teacup in his hand and quickly followed Chen Yang’s instructions.

As for Yang Chen, he tidied up his clothes and walked to the reception hall.

In the reception hall, Li Kehua quickly stood up and bowed when he saw Chen Yang.” Greetings, Chen Zunzhe!”

Hearing Li Ke’s address, Yang Chen remembered that he hadn’t given himself a title yet.

For example, Shen Daokong was known as Venerable Lord Huo, and Shen Renxu was known as the Wind King.

Then what was his title?

Generally speaking, this title was basically the name of one's own comprehension of the Great Dao. From the looks of it, he should be an illusory Venerable?

Forget it, this was not important. He should first see what was going on with the dangerous land that the Li family had discovered.

Thinking of this, Yang Chen stepped forward and helped Li Kehua up." Elder Kehua, you don't have to be so polite.""

After helping Li Diao to the chair, Yang Chen returned to the main seat and asked,""I already know why Elder Ke Lu is here. I want to know everything about that dangerous place.""

Hearing this, Li Kehua nodded. Then, he took out a video stone from his storage bag.

Under the activation of the Image Remnant Stone, a picture slowly unfolded.

What was shown in the picture was a circular deep pit.

This deep pit was located in the Endless Mountain Range, and there were dense ancient trees growing beside it.

The deep pit was filled with endless flames.

Li Kehua, who was at the side, explained,""According to our measurements, this deep pit occupies a radius of about a hundred miles and is bottomless.""

“The flames inside are probably something that even Daoyuan Supremacies can’t withstand.”

“And that deep pit is so deep that I can’t see the bottom. I have no idea how deep it is..”
