

## Tamer Family 511

Chapter 511: The Treasure in the Danger Zone of the

Seventy-eighth Year of Qiyuan

“Originally, my Li family only treated this deep pit as an ordinary dangerous place and didn’t plan to pay attention to it.

However, before leaving, my Li family’s late-stage Demon Emperor subdued beast suddenly sensed an aura that it yearned for.”

“So we guessed that there should be some treasures in this deep pit that can help subdued beasts grow.”

“Isn’t the Chen family a beastmaster family? That’s why the family head asked me to come over and see what the Chen family thinks.”

Yang Chen’s eyes lit up as he listened to Li Ke’s explanation.

He had been thinking about how he could obtain some treasures that could increase his subdued beasts’ strength. He didn’t expect them to come knocking on his door.

However, the flames in this deep pit were not to be trifled with.

If it was really as the Li family said, even a Dao Origin Supremacy could not withstand the flames.

Even if there was a treasure in the deep pit that could help the Demon Emperor break through to the Spirit Beast realm, Chen Yang would not be able to enjoy it.

However, no matter what, he still had to go over and take a look personally to understand.

Thinking of this, Chen Yang looked at Li Kehua." Elder Kehua, I understand the situation." How about this, bring me over to take a look. After we see the deep pit with our own eyes, we'll talk about other things."

"Good!"

Immediately, Chen Yang and Li Ke called the Chen family's carriage and returned to the Li family.

Ten days later, the two of them arrived at the Li family.

After the Li family picked up Li Kehui, the three of them flew toward the dangerous place.

Three days later, everyone arrived at the periphery of the Danger Zone.

Before he even got close to the danger zone, Yang Chen could already feel waves of heat coming at him. Within the heat waves, Yang Chen could also feel a bone-piercing chill.

Such a contradictory combination made Yang Chen believe the Li family's judgment even more. This dangerous place was not simple.

Wait until you reach the deep pit, wait until you reach the deep pit, wait until you reach the deep pit, wait until you reach the deep pit, wait until you reach the deep pit, wait until you reach the deep pit, wait until you reach the deep pit, wait until you reach the deep pit, wait until you reach the deep pit, wait until you reach the deep pit.

This deep pit was much more shocking than looking at it from the image stone.

Not only were the flames fiercer, but many black flames appeared near the bottom of the pit.

Chen Yang recognized this flame. It was the Fire of Extermination that Shen Daokong had displayed.

If there was a fire of extermination here, the Dao Origin would definitely not be able to withstand it.

Those ordinary flames could still be resisted.

It was unknown whether the treasures were in the black flames or in the ordinary flames.

Thinking of this, Yang Chen looked at Li Kehui." Master Li, do you know where the treasure your familiar sensed is?"

Li Kehui shook his head." I'm not sure. It only sensed a general idea.""

Seeing this, Yang Chen pondered for a moment before releasing the Four-Winged Tiger.

"Heavy-eyed Four-Winged Tiger, can you sense some treasures from these flames?"

Hearing this, the Four-Winged Tiger pondered for a moment before its eyes lit up.

Seeing this, Yang Chen knew that there really were some treasures that could be used against demonic beasts in the flames.

Thinking of this, Yang Chen quickly asked,""Where is this treasure?"

After hearing Yang Chen's order, the Four-Winged Tiger tried to comprehend it carefully before roaring in a certain direction.

Yang Chen looked in the direction of the tiger's roar and felt a chill in his heart.

The flames of extermination were basically concentrated in the deep pit. However, there were also some surprises. Some places near the edge also had some flames of extinction.

Coincidentally, there were some flames of extermination in the direction that the heavy-eyed Four-Winged Tiger was looking.

It seemed that this treasure would not be easy to obtain.

Seeing this, Li Kehui also looked at the place where there might be treasures.

After seeing the situation around him, Li Kehui said thoughtfully, "Clan Leader Chen, if your subdued beast's judgment isn't wrong, then I should be able to give it a try."

"Can I try?"

Yang Chen looked at Li Kehui in surprise. "Could it be that the Li family has some treasure that can isolate the Fire of Extermination?"

"Of course not, but I can set up a formation." Li Kehui smiled.

"Formation!"

Yang Chen's eyes lit up. How could he have forgotten that Li Kehui had received the array formation inheritance of Yu Sheng and knew countless array formations.

There might be some array formations that were useful to the flames of extermination..

Chapter 512: Third-Grade Treasure, Multicolored Lotus

Flower

“Patriarch Li, tell me, what do you think?” Chen Yang said in surprise.

Yang Chen had planned to give up, but he didn’t expect that there was still a possibility of solving it.

“I have some ideas.”

Li Kehui took a step forward and stared at the black flame. “I know a formation that can weaken the energy of the flame.”

“Look at the place where the treasure is stored. There’s only a little black flame. I reckon that my array should be effective.”

“In that case, let’s give it a try.”

“Alright.”

Li Kehui nodded and made some preparations.

When he was ready, Li Kehui jumped into the sea of fire. Of course, it was in the ordinary flames.

The moment he jumped in, a barrier made of spiritual energy appeared around Li Kehui.

Under the obstruction of this barrier, Li Kehui arrived at the Fire of Extinction that was wrapped in ordinary flames.

After taking a look at the Fire of Extinction, Li Kehui took out the materials needed to set up the array from his storage bag.

Of course, these materials were wrapped in spiritual energy to ensure that the flames would not affect the effects of these materials.

After taking out all the materials, Li Kehui began to set up the array.

In Yang Chen's line of sight, Li Kehui first used these materials to surround the Fire of Extinction.

After surrounding the Fire of Extinction, Li Kehui began his dazzling operation.

Although Yang Chen couldn't understand Li Kehui's operation, he could keenly feel that the energy emitted by the flame was gradually weakening as Li Kehui set up the array.

In other words, the harm that the flame posed to martial artists would gradually decrease.

"Ha!"

After placing the last material, Li Kehui shouted.

With Li Kehui's shout, the Extinction Fire in the center of the array suddenly weakened.

At the same time, the Fire of Extinction no longer emitted that soul-stirring aura.

Of course, the current Fire of Extinction could still burn martial artists below the Dao Origin.

However, to Dao Origin Supremacies, the flames of extinction were nothing.

After successfully setting up the array, Li Kehui turned to look at Chen Yang," Chen Clan Leader, it's done.""

Hearing this, Yang Chen jumped into the sea of fire and came to Li Kehui's side.

Looking at the Fire of Extinction in front of him, Yang Chen frowned in disbelief. "I still can't believe that this treasure is in the Fire of Extinction."

"What kind of treasure can withstand the flames of extinction?"

"Forget it, we'll know when we go in and take a look."

Yang Chen made up his mind.

Holy Qi gushed out from his dantian and surrounded Yang Chen.

After a moment of hesitation, Chen Yang gritted his teeth and stepped into the flames of extermination.

As soon as he entered, Yang Chen felt a wave of heat.

Under the burning of this flame, it seemed that the Holy Qi barrier would be burned down.

However, this array did not disappoint Yang Chen. When the Fire of Extinction was about to burn the barrier, it stopped abruptly.

At this moment, the Holy Qi in Yang Chen's body had already maintained a dynamic balance with the Exterminating Fire outside.

Seeing that the Fire of Extinction would not affect him, Yang Chen began his search.

"Strange? Why not?"

Soon, Yang Chen searched the area. However, Yang Chen was surprised that he actually got nothing.

What's going on? Is there something wrong with my perception?

Yang Chen thought that his perception was wrong, so he looked around again. Unfortunately, Yang Chen still couldn't find anything.

Yang Chen had no choice but to leave and return to Li Kehui's side.

Seeing that Yang Chen had returned, Li Kehui asked, "What's wrong? Is there a problem?"

"I searched twice, but unfortunately, I didn't find any treasures." Yang Chen frowned.

Hearing this, Li Kehui also frowned at the treasure. "I'm also curious. If there really is a treasure here, then even if we didn't enter the Fire of Extinction, we should be able to feel the aura of the treasure."

"But whether it was when I was setting up the formation or when I was waiting for you to search for the treasures, I didn't sense the aura of any treasures."

"This is very strange."

Immediately, the two of them stood in the ordinary flames and seriously considered the current situation.

However, no matter how much he thought about it, there was still no way.

"Why don't you release the demon beast and let it comprehend again?" Li Kehui asked.

"Release it?"

Yang Chen frowned and sighed, "That's the only way."

Immediately, Yang Chen touched the Imperial Beast Bag with his right hand, and the heavy-eyed Four-winged Tiger appeared in front of the two.

Looking at the Four-Winged Tiger hovering in the sky, Yang Chen asked, "Heavy-Eyed Four-Winged Tiger, try to comprehend it again and see where the treasure is."

Hearing this, the heavy-eyed four-winged tiger closed its eyes and began to comprehend.

A moment later, the heavy-eyed four-winged tiger opened its eyes again. This time, the four-winged tiger spat out an energy ball from its mouth.

This energy ball went straight into the Fire of Extinction, blasting out a small pit.

Looking at the hole that was less than a meter in diameter, Yang Chen asked, "Do you mean that the treasure is under this small pit?"

The Four-Winged Tiger nodded.

Seeing this, Yang Chen withdrew the Four-Winged Tiger and regrouped before jumping into the Fire of Extinction again.

This time, Yang Chen didn't stay for long. He went straight to the small pit, pulled out his Spiritual Sword, and dug into it..

Chapter 513: Third-Grade Treasure, Multicolored Lotus

I

After digging for about ten meters, Yang Chen's eyes lit up.

Because Yang Chen could already feel a strong aura here.

Along with this aura, Yang Chen felt a terrifying heat, immediately, Yang Chen flew out of the small pit he dug out. With a wave of his Spiritual Sword, a Spiritual Sword phantom appeared.

“Flowing Shadow Sword Technique!

As Yang Chen shouted, these shadows flew into the small pit like real bodies.

Not long after, the small pit became deeper and deeper. In just a few dozen breaths, it had expanded by another ten meters.

This time, not only was the aura of the treasure even stronger, Yang Chen could also sense the charm of an array.

Looking through the black flames, Yang Chen found that there was an isolation array at the bottom of the pit.

There seemed to be another world beneath the isolation formation.

■ ■ I see.” Yang Chen nodded.” It’s because of this isolation array that Patriarch Li and I couldn’t sense the treasure below.”

Thinking of this, Yang Chen once again circulated the spiritual energy in his body, and the shadows of spiritual swords appeared.

This time, Yang Chen planned to directly destroy the isolation array.

“Flowing Shadow Sword Technique!”

Once again, the Flowing Shadow Sword Technique blasted out, aiming at the isolation array below.

Although the grade of this isolation array was not low, perhaps because it had been too long, it was no longer as strong as before.

When the last phantom charged at the isolation array, the isolation array finally could not hold on any longer and turned into a phantom.

Seeing this, Yang Chen's face lit up with joy, and he couldn't help smiling.

Before he could smile, Yang Chen's expression changed and he was sent flying.

The moment Yang Chen left, the small pit continued to spew out flames of extermination.

After flying out, Yang Chen grabbed Li Kehui and flew out of the deep pit at the fastest speed.

Then, the two of them sat on the ground and looked at the constantly erupting

Fire of Extinction.

-Hiss! Damn, the height of this eruption was about a hundred meters. What was inside?"Li Kehui said with lingering fear.

If Yang Chen hadn't saved him, he would have been burned to ashes by the Fire of Extinction.

-I didn't see it clearly, but from the looks of it, the treasures inside shouldn't be bad."Yang Chen also felt a lingering fear.

If he hadn't made preparations in advance, he probably wouldn't have been

able to react in time.

“Let’s wait and see when the flames of extinction will finish erupting.” Li Kehui smiled.

The two of them immediately sat beside the deep pit and looked at the constantly erupting Fire of Extermination.

It had to be said that this scene was quite beautiful.

After about a cup of tea’s worth of time, the Fire of Extermination finally stopped spewing.

The two of them also took the opportunity to look at the place where the treasures were buried. When they saw it, the two of them felt a little helpless.

Because at the place where the treasure was buried, the flames of extermination had completely devoured the ordinary flames.

That scale was close to a mile in radius, and it was gradually expanding outwards.

With such a large area, how could he set up an array formation?

Seeing this, Li Kehui smiled bitterly.”

“No, not necessarily.”

Yang Chen shook his head.” Look at the center. Although there is also the Fire of Extermination, it is still affected by your array.”

“Right now, your formation shouldn’t have been destroyed, so it should be able to hold on for a while.

If he took advantage of this time to go over and take a look, he might be able to find some treasures.”

Hearing this, Li Kehui said worriedly, "Isn't it too dangerous? I don't know how long this formation can last."

"Even if it's dangerous, we're already here." Yang Chen smiled, immediately, Yang Chen jumped back into the sea of Extinction Fire. The barrier formed by Holy Qi kept resisting the surrounding Extinction Fire. However, looking at the situation, it shouldn't be able to resist for long. Seeing this, Yang Chen quickly rushed to the small pit he had dug. Yang Chen looked down at the pit and was delighted. There was no trace of the Fire of Extermination in the pit.

Seeing this, Yang Chen shouted, "Master Li, there's no Fire of Extinction here. I'll go down and take a look."

After saying that, Yang Chen controlled his body and followed the small pit into the area isolated by the isolation array.

After entering, Yang Chen realized that there was another world here.

This place was a semi-spherical space with a diameter of about two meters, and the small pit that Chen Yang had made was just at the top of this cave.

After falling into the Grotto-heaven, Yang Chen discovered that the walls were still mixed with some Extinction Flames.

However, the scale of these flames of extinction was not large, so it would not affect Yang Chen in any way.

Of course, this was not Yang Chen's main concern. What Yang Chen wanted was the treasures here.

Yang Chen looked around.

Soon, Yang Chen's eyes focused on the center of the ground.

The center of the ground was surrounded by a ball of Exterminating Flames. Below the Exterminating Flames was a pool.

This was too confusing. Who would have thought that there was a pool under the flames? How did the two of them coexist?

With doubts in his heart, Yang Chen moved to the side of the pool.

Through the flames of extermination, Yang Chen discovered that there was a lotus flower growing in the pond.

This lotus flower was about half a meter in diameter. Each petal had its own color and was different from each other.

As for the lotus core, it was a demonic purple.

Looking at the lotus, Yang Chen fell into deep thought.

“I think I’ve seen this thing somewhere before. Where is it?”

Yang Chen frowned and pondered for a moment. His eyes lit up and his brows relaxed. He clenched his right fist and slapped his left hand. “I remember now. The introduction of the lotus was on the list of herbs that the Shen family gave

me..”

Chapter 514: Third-Grade Treasure, Multicolored Lotus

Immediately, Yang Chen flipped through his storage pouch and took out a jade slip.

Looking at the jade slip, Yang Chen said happily, "Fortunately, I always bring this thing with me on weekdays. Otherwise, I would have been creased this time."

Immediately, Chen Yang sent his Holy Qi into the jade slip and began to search for the origin of the lotus flower.

After searching for a long time, Yang Chen finally found his target.

"Multicolored lotus? It's actually this lotus!" Yang Chen couldn't hide the surprise on his face.

The multicolored lotus had a total of 100 petals.

In the beginning, the color of the petals was the same. After every hundred years, one petal would change.

After 10,000 years, every petal would have a different color.

At this time, the multicolored lotus flower would truly mature.

As for the mature multicolored lotus, it was a third-grade spirit herb!

As for the effect of the multicolored lotus, it was also extremely powerful. Its lotus leaves could increase the bloodline level of bloodline warriors!

However, there was an upper limit, which was that it could only be upgraded to high-grade spirit vein, which was the same grade as Chen Yang's illusory spirit eye bloodline.

However, even so, it was still very precious. After all, how many people in this world had high-grade spiritual veins?

As for the lotus heart, it was of little value to the human race. However, to demonic beasts, it was a supreme treasure!

That was, this lotus heart could increase the bloodline and strength of demon beasts.

If the lotus core was eaten by a demonic beast, its bloodline would definitely be upgraded to the Spiritual King Bloodline!

At the same time, the cultivation of the demon beast would also soar to the peak of the demon emperor realm. As for not advancing to spirit beast, it was also because of the limitations of the Great Dao.

If he comprehended the Great Dao in advance, he would definitely break through to the spirit beast realm.

If it was consumed by a spirit beast, its bloodline would also improve. As for his cultivation, it had also increased, but the effect was not as good as the demon beast's.

This was normal. When one reached the realm of spirit beasts, the accumulation between each level was especially large. The energy of the lotus heart was definitely unable to support the rapid advancement of cultivation.

It could be said that both the petals and the lotus heart were extremely precious treasures.

In terms of value, it could be compared to a second-grade spirit herb.

However, there were some limitations to this multicolored lotus flower. Be it the petals or the lotus core, it had to be consumed by a fire-type demon beast or a fire-type martial arts practitioner.

But even so, it did not affect its value.

Back to the main topic.

Looking at the colorful lotus and the cave inside, Yang Chen guessed, "Could it be that this was specially set up by some expert?"

"After all, the conditions to naturally produce the Flames of Extinction are extremely harsh. These Flames of Extinction are completely man-made."

"But if it was man-made, why did everyone take the multicolored lotus?"

"Forget it. Whether it was man-made or natural, I only know that this multicolored lotus is mine."

Yang Chen rubbed his hands and looked at the colorful lotus in the pool with a burning gaze.

Putting aside the petals, just the lotus heart alone was enough to move his heart.

If he let his subdued beasts consume the multicolored lotus flower, coupled with the energy he had accumulated, he would be able to create a spiritual beast within six to seven years.

When the clan advanced to the Fifth Stage, the increase in luck would be the same as before.

In short, he could not give up on this lotus no matter what.

After making up his mind, Yang Chen began to think about how to take down the lotus.

Since it was not affected by the Fire of Extinction, it was likely that the pool water was not that simple. Without knowing the foundation, Yang Chen did not dare to act rashly.

After thinking about it again and again, Yang Chen still decided to try it out with the Spiritual Sword in his hand.

His Spiritual Sword was a fourth-grade Spiritual Sword, and with the Holy Qi surrounding it, he could react to any problems.

Immediately, Yang Chen circulated his Holy Qi around the Spiritual Sword, passed through the Fire of Extinction, and entered the pool.

After reaching the pool, Yang Chen found that his spiritual sword had not changed much. This pool water was just like ordinary water.

But here came the problem. If it was ordinary water, how could it stop the Fire of Extinction?

“Forget it. No matter what this pool of water is, we should get rid of the flames of extermination first.”

Yang Chen took back his Spiritual Sword, circulated his Holy Qi, and sent out a palm.

The strong wind driven by Holy Qi instantly blew the Fire of Extinction to the ground.

However, the pond seemed to be unaffected. There were no ripples at all.

Seeing this, Yang Chen was even more confused.

However, Yang Chen still decided to try it himself.

Immediately, Holy Qi surrounded Yang Chen’s right hand. With Holy Qi surrounding it, Yang Chen felt a little more at ease.

Then, his right hand slowly touched the pool water.

When his right hand touched the water, Yang Chen’s expression changed because he realized that the water seemed to be an illusion. He didn’t touch anything at all.

“What’s going on?” Yang Chen waved his right hand, but he still didn’t touch anything.

“Could it be that this is a maze?”

Suddenly, Yang Chen had this guess.

However, if it was a Bewildering Formation, how could the Fire of Extinction be suspended in midair?

Looking at the seemingly real and illusory pool, Yang Chen didn’t know what to do.

“I don’t care about that anymore. Let’s continue to look deeper!”

Yang Chen made up his mind and jumped into the pool.

As expected, Yang Chen entered the pool as if nothing had happened..

Chapter 515: Third-Grade Treasure, Multicolored Lotus

Since this was the case, Yang Chen decided to give it his all and touch the colorful lotus flower first.

However, when Yang Chen touched the colorful lotus, he was pleasantly surprised to find that the colorful lotus was real.

Immediately, Yang Chen took out the multicolored lotus and flew out.

When Yang Chen came out, the pool changed and instantly solidified into a huge rock.

Out of doubt, Yang Chen touched the stone again. This time, Yang Chen touched a real stone. There was still a burning sensation on the stone, as if someone had started a fire on the stone.

Seeing this, Yang Chen frowned. "I think I've seen this before..."

If you can't make up your mind, turn over the jade slip.

Finally, Yang Chen found the answer from the jade slip.

"So this water is called Illusion True Water. It's a special water that can only be condensed by saints who have comprehended the Illusion True Great Dao." "Humans can't sense the existence of this water. They can only see it, but it can isolate all the flames in the world."

"If you use powerful flames, you can store some precious treasures."

"It's over. This is confirmed. This thing was really set up by someone."

Although he was sure that it was set up by someone, Yang Chen had no intention of returning it.

After all, this multicolored lotus had matured for a long time, but no one had come to take it. Perhaps it had long been forgotten.

Or perhaps, the person who set up this thing had long passed away? Regardless of the reason, it didn't stop Yang Chen from taking the treasure. Immediately, Yang Chen put the colorful lotus into his storage bag and then flew out.

At the same time, in a bamboo forest in the center of the Alkaid World.

The Heavenly Secret Saint was drinking tea when his heart suddenly throbbed. "What happened?"

The Heavenly Secret Saint frowned and calculated with his hands. He couldn't help but laugh. 'This Chen Yang is indeed a person with great luck. He can even find the multicolored lotus I set up.'

"If it wasn't for Chen Yangguang, I would have long forgotten that when I was at the Dao Origin realm, I set up a colorful lotus flower."

"At that time, I was only thinking of saving up resources for my future cultivation. Who would have thought that before the lotus matured, I would have already broken through to become a Saint Ruler?"

"Well, since Yang Chen got it, I'll give it to him. Maybe this is fate."

Then, the Heavenly Secret Saint smiled and shook his head. Then, he continued to drink the hot tea on the stone table.

Outside the crater.

Seeing Yang Chen come out, Li Kehui quickly went up to him, "Master Chen, how is it?"

"Fortunately, I didn't fail my mission and found some treasures." Yang Chen smiled.

"It's true!" Li Kehui's eyes lit up and he quickly asked, "Clan Leader Chen, what treasure is it?"

"I wonder if Patriarch Li has ever heard of the Multicolored Lotus?"

"Multicolored lotus?"

Li Kehui frowned, then remembered the origin of the colorful lotus. He said excitedly, "Chen Clan Head, you mean that the treasure below is a multi-colored lotus?"

"That's right." Yang Chen smiled and nodded.

“If it’s a multicolored lotus, then that’s great. This multicolored lotus is a rare treasure even among the major powers.” Li Kehui said excitedly.

“Patriarch Li, don’t be so happy yet.”

Yang Chen poured a bucket of cold water on Li Kehui, “I suspect that someone set up this colorful lotus.”

“Therefore, after you return, you must keep your clansmen’s mouths shut.

Don’t let them speak nonsense.”

Hearing this, Li Kehui nodded solemnly. “Don’t worry, I know the pros and cons of this. I definitely won’t let them talk nonsense. We’ve never even discovered this dangerous place.”

“That’s good.”

Yang Chen nodded and took out the multicolored lotus. “Master Li, how should we split it?”

Li Kehui thought for a moment and said, “Logically speaking, it should be 50 –

However, I only set up one array formation, so I shouldn’t be splitting so much.”

“How about this, the lotus heart belongs to you, Chen Clan Leader. We’ll split the petals 60-40, you 60,1 40..”

Chapter 516: The Chen Family’s Advancement to the Fifth Stage, Thirty Years Until

Hearing this, Yang Chen shook his head with a smile." Even if you didn't say it,

I would have taken Lianxin down.""

"But as far as I know, 50 petals can raise a mid-grade spirit vein bloodline to high-grade spirit vein."

"If you take 40 pills, you won't be able to sell them. It's useless to keep them for yourself."

"I think we should split the petals equally."

Hearing this, Li Kehui looked at Chen Yang gratefully." Thank you, Master

Chen.""

"Don't mention it. If it wasn't for the Li family, I wouldn't have been able to get this treasure."Yang Chen didn't take it seriously.

These ten extra petals would not do him any good, so he might as well give them to the Li family.

in this way, if the Li family discovered anything, the first person they would look for would still be the Chen family. At that time, he would definitely gain something from the company.

After discussing the distribution plan, the two of them separated the multicolored lotus flowers according to the plan and placed them in jade boxes.

Then, both of them revealed a satisfied smile.

Obviously, the two of them were quite satisfied with this distribution method. Immediately after, everyone left this dangerous place in the carriage.

Chen City, Chen family's inner chamber

Sitting in the meeting hall, Yang Chen began to think about how to deal with the colorful lotus.

Among them, the lotus heart must be given to the demon beast, but the question was who to give it to.

"According to the price-performance ratio, I'll definitely give it to Fire Raven. After all, the Fire Crow's bloodline is the weakest among all the monsters I have at the moment, and its cultivation is the weakest.

"And among the Fire Crow bloodline, there is also the bloodline of the divine beast, the Three-legged Golden Crow.

Although the lotus heart of the multi-colored lotus could not allow the Fire Crow to evolve into a three-legged Golden Crow, it was still impossible for it to evolve into a three-legged Golden Crow. But at the very least, it could carry some of the glory of a divine beast."

"The most important thing is that the Fire Crow is a fire type demonic beast, which is suitable for swallowing the lotus heart of the multicolored lotus."

"Yes, I've decided. I'll give it to the Fire Raven."

After making up his mind, Chen Yang gave Chen Xuan a simple explanation and rode the Fire Crow toward the Endless Mountain Range.

When they arrived at the designated location, Yang Chen took out the lotus core and looked at Fire Raven." Fire Raven, swallow this.'"

The Fire Raven had wanted to swallow the lotus heart for a long time. Seeing that Chen Yang finally allowed it to swallow it, the Fire Raven could no longer hold it in and swallowed the lotus heart in one gulp.

The Fire Raven that swallowed the lotus heart immediately let out a crow cry. Immediately after, the Fire Raven crouched on the ground, quietly waiting for the lotus heart to take effect.

Although the lotus heart could increase the Fire Crow's strength and bloodline, it was obviously not as effective as the Dao Integration Pearl.

Therefore, Yang Chen was not in a hurry. While the Fire Raven was crawling, Yang Chen sat cross-legged on the ground and began to cultivate.

This cultivation lasted for a whole month.

It was only after a month that the Fire Raven completely refined the lotus heart.

No, it shouldn't be called Fire Raven now.

At this moment, the Fire Crow's bloodline had already risen to the Spirit King level. As his bloodline evolved, his appearance also changed greatly.

Its entire body was golden, and there seemed to be a sun in its beast eyes. It looked exactly like the legendary three-legged Golden Crow.

The only difference was that the evolved Fire Crow only had one leg. -A Golden Crow. As I expected, the Fire Crow, whose bloodline has risen to the Spirit King realm, has already revealed the elegance of a divine beast." "If it were to breakthrough to the Spiritual Paragon level, its strength would probably far surpass Spiritual Paragon level spiritual beasts of the same level." Yang Chen's eyes were filled with joy.

Clearly, the Golden Crow's transformation was beyond Chen Yang's expectations.

With its powerful bloodline as the foundation, coupled with its current cultivation at the peak of the Demon Emperor Realm, it could even give a try to a spirit beast in the first layer of the Spiritual Venerable Realm.

After the Golden Crow finished refining the lotus core, Yang Chen did not stay any longer and rode back to his family.

After returning to his family, Yang Chen began to think about how to deal with the petals of the colorful lotus.

This thing could raise a mid-grade spirit vein bloodline to high-grade spirit vein. If it was auctioned, it would definitely be sold for a good price.

However, Yang Chen didn't plan to sell them. Instead, he wanted to leave them for Shen Daokong.

The Shen family and Shen Daokong had helped Yang Chen a lot during his rise. In addition, Shen Daokong was currently at the peak of the Dao Origin Stage. If he could use the petals of the multi-colored lotus to enhance his bloodline, he would definitely become a Void Piercer King.

At that time, Shen Daokong would definitely be grateful to the Chen family, and the Chen family would be able to gain the friendship of the Void Piercer

King.

Logically speaking, she should give the petal to Shen Daokong.

However, this matter still needed to be discussed, immediately, Chen Yang called Chen Xuan over." Great Elder, I plan to give the petals of the Rainbow Lotus to Shen Daokong. What do you think?" "It's all up to the Patriarch." Chen Xuan did not have any objections.

Seeing this, Yang Chen took a deep breath." Fine, since that's the case, I'll leave it to Shen Daokong."

" How about this? When the reinforcements from the Shen family arrive next time, tell them about this and have them relay the news to Progenitor Ren Xu and Progenitor Dao Kong."

"Yes, sir!"

After deciding the ownership of the lotus petals, peace returned.

Now, he only needed to wait for the energy to reach 10 million to create a spiritual beast.

The sun set and the moon rose. In the blink of an eye, six years had passed. After six years, Yang Chen had once again appeared at the place of breakthrough.

This time, Chen Yang wanted to completely raise the strength of the Golden Crow to the Spiritual Venerable Realm.

“Logically speaking, this Dao Integration Pearl has already accumulated to million points of energy. It’s just that there have been a lot of matters in the clan recently, so I can’t escape.”

“Now that the matter is more or less settled, it’s time to raise my Golden Crow cultivation base..”

Chapter 517: The Chen Family’s Advancement to Rank-5 Thirty Years

I

Then, Chen Yang released a Golden Crow.

Looking at the curious Golden Crow looking around, Yang Chen smiled and said, ‘-Golden Crow, this time, I’m going to raise your cultivation level to that of a spirit beast. Are you ready?’

Hearing this, the Golden Crow looked at Yang Chen with a face full of joy and kept nodding.

Becoming a spirit beast was something that every Golden Crow dreamed of. How could they not be prepared?

Seeing this, Yang Chen spread out his right hand. The figure of the Dao Integration Pearl slowly appeared in front of Yang Chen with a seven-colored light.

“The Dao Integration Pearl bestows a Golden Crow with the Great Dao.” Yang Chen ordered. &

Following the command, the Dao Integration Pearl slowly rotated.

A seven-colored light surged out from the Dao Integration Pearl. It carried a weak but holy energy as it poured into the body of a Golden Crow.

What was different from increasing one’s bloodline and cultivation was that there did not seem to be any pain in bestowing the Great Dao.

At the very least, the Golden Crow did not show any signs of pain.

After the seven-colored light poured into the Golden Crow’s body, it closed its eyes and began to comprehend the Dao bestowed by the Dao Integration Pearl. As his comprehension of the Great Dao deepened, many flames appeared around the Golden Crow.

These flames did not look very powerful, but they carried a supreme and noble aura.

Two hours later, a Golden Crow opened its eyes. A sun slowly appeared in its eyes.

As the sun appeared, the fire of the sun burst out beside the Golden Crow!

The fire of the sun rolled and rolled, looking like it could burn everything. Fortunately, the Golden Crow had retracted the fire of the sun in time. Otherwise, Yang Chen would have to deal with it.

“The Great Dao of Yang Fire. As expected, the Great Dao comprehended by a Golden Crow is ultimately related to the sun.” Yang Chen smiled.

As he comprehended the Great Dao, the remaining medicinal effects of the lotus core that was stored in the Golden Crow's body began to take effect.

The Golden Crow's strength rose steadily. Not long after, it successfully broke through the shackles of a spiritual beast and became a spiritual beast!

At this moment, the Golden Crow was already 1,000 meters tall, and its entire body was emitting a terrifying aura.

After releasing the joy of successfully breaking through, the Golden Crow's body rapidly shrank. Soon, it was as tall as Yang Chen.

The shrunken Golden Crow spoke in human language, "Master, I succeeded." Controlling their bodies and speaking in human language was the ability of spirit beasts.

Hearing the Golden Crow's words, Yang Chen nodded in satisfaction. "Very good."

After that, Yang Chen returned to the Chen family on his Golden Crow.

After arriving at the Chen Family, Yang Chen put away his Golden Crow and entered the meeting hall alone, starting to plan.

"There are only fourteen years left before the thirty year deadline."

"And after my Chen family advances to the Fifth Stage, we can provide more than 27,000 points of energy to the Dao Integration Pearl every week.

In this way, he would have accumulated 19.7 million energy in these 14 years." "In addition to the breakthrough of the strength of the clansmen in the past fourteen years, I estimate that it should reach 20 million points of energy.

At that time, he would directly raise the Dragon Kun to the Spiritual Venerable Realm."

“This way, not only will we have an additional spirit beast’s combat power, but we can also take out some knowledge on how to nurture subdued beasts from the ruins and leave something for the clan.”

Don’t underestimate the knowledge of training subdued beasts. Although Yang

Chen didn’t have any use for it, it was a treasure for others.

With this knowledge, the Chen family would save at least half the time in training subdued beasts.

As time passed, the importance of this knowledge would increase. This was also the reason why Yang Chen planned to promote Kun Dragon to a Spiritual Venerable.

It was a pity that the Kun Dragon was ultimately a water-type demonic beast.

Its strength on land was ultimately inferior to that in the water.

Now, he could only hope that the Land of Evil Demons also had a great river, allowing the Kun Dragon to unleash its original strength.

After planning for the future, Yang Chen began to hold the promotion ceremony.

The Chen family did not invite too many people for the promotion ceremony this time. They only invited the Rank-6 forces in the Endless Mountains and the Li family to witness the Chen family’s promotion to Rank-5.

After all, the Chen family would send most of their people to the Land of Evil Demons in the near future, so they wouldn’t need to manage the Endless Mountains much.

After the promotion ceremony ended, the days flew by.

In the blink of an eye, it was already the 98th year of Qiyuan. The 30-year deadline had officially arrived.

In the Chen family's meeting hall.

Chen Yang sat on the main seat and flipped through the list that Chen Xuan had submitted.

The name list contained the members and generals of the Chen Clan who were going to the Land of Evil Demons.

Looking at the strength of his clansmen and family guards on the list, Yang Chen smiled in relief.

After so many years of development, the Chen family finally showed their fangs.

Firstly, Yang Chen's strength.

Ever since Chen Yang broke through to the fourth level of the Essence of Dao, after thirty years of cultivation, his cultivation had already reached the seventh level of the Essence of Dao, breaking through to the late-stage of the Essence of Dao.

The speed of breaking through a level every ten years was something that even

a God Realm expert could not compare to.

Of course, that was under the premise of normal cultivation. If there was an opportunity, that would be another story.

Then, it was the subdued beast in Chen Yang's hands. Just as Chen Yang had predicted fourteen years ago, as the cultivation of his clansmen increased, the speed at which the Dao Integration Pearl absorbed fate every day also increased.

In the end, the Dao Integration Pearl managed to reach 20 million points of energy in a month.

According to the plan, Yang Chen raised Long Kun's cultivation to the Spiritual Venerable Realm and received the rewards from the ruins.

In addition to Yang Chen's strength, the strength of the Chen family members had also increased..

Chapter 518: The Chen Family's Advancement to Rank-5,

Thirty Years

After all, with the support of the Grade 5 aptitude pill, the Chen family members no longer had to worry about their aptitude. Coupled with a large number of resources, their cultivation also rose rapidly.

The ones with the highest cultivation were Yang Chen's tenth brother and Yang Chen's eldest nephew, Chen Mingde.

These two people had both arrived at the stage.

As for why he broke through so quickly, it was related to the Sage Sect Token Token.

Some time ago, when Glory Sect was opened, Yang Chen followed the agreement and selected ten people from the Chen Family to explore Glory Sect.

Originally, Yang Chen didn't plan for them to have a breakthrough.

However, what Yang Chen did not expect was that Chen Xiao and Chen Mingde really found their own opportunities in the ruins.

It was because of that opportunity that the two of them broke through to the stage and became the strongest person in the Chen family other than Chen Yang.

Below the two of them was the Chen Clan ancestor, Chen Tao, who was at the eighth level of the Zifu Disciple Realm.

With such a cultivation base, Yang Chen could rest assured and let Chen Tao stay behind to guard the Chen Family.

That's right, Yang Chen didn't plan to let Tao Chen follow him to the Land of Evil Demons. The Endless Mountains was the ancestral land of the Chen Family, so naturally, he had to guard some experts.

Even if Yang Chen didn't leave any experts behind, with the Li family's help, no one would dare to provoke the Chen family.

However, relying on others was ultimately not as good as relying on oneself.

As for the elders of the Chen Clan and the clansmen of the same generation as Chen Yang, they had all broken through to the Zifu Disciple level.

In addition, three Purple Prefecture experts had appeared in the collateral branch. This really gave Chen Yang a pleasant surprise.

As for the clan guards, Chen Ying, Ling You, and Chen Xuan had all broken through to the Purple Prefecture Realm after receiving the rewards from the Chen Clan.

Coupled with the three of them's special abilities, they would definitely be able to achieve great things in the Land of Evil Demons.

Other than these high-end experts, the strength of the Chen family's trump card organizations, the Dragon Riders and the Piercing Guards, had increased greatly.

The first was the Dragon Riders. As a combat organization that the Chen family had carefully nurtured from the beginning, the Dragon Riders were no longer the same as before.

There were a total of 1,312 Dragon Riders, and each of them was at least Meridian Unsealing.

Among them, there were 312 people who were at the Core Formation realm.

Their mounts had also changed from fiery mane horses to wind-riding horses with the Demon Venerable bloodline.

Among them, the mounts that those Core Formation martial artists sat on were Wind Piao Horses that had already grown to maturity.

For this trip to the Land of Evil Demons, Chen Yang would not mobilize all the Dragon Knights.

But at the very least, these Core Formation martial artists, Chen Yang would definitely have to mobilize them.

These 312 Core Formation realm martial artists, as well as 312 Demon Venerable realm Winddrift Horses. Together with the army formation that Chen Yang had found, the combat power it displayed was not inferior to a Zifu Disciple.

As for the spy organization, the Piercing Guard, they were slightly weaker.

However, the Piercing Guard's main purpose was to scout for information, and their requirements for strength were not as high as the Dragon Knight Guard's.

As for the Land of Evil Demons, Yang Chen was still in a state of ignorance, so the Piercing Guard would definitely be able to show off.

Back to the main topic.

Yang Chen nodded in satisfaction after reading the list.

This time, the Chen Clan had sent out a total of 2,000 people. Among these 2,000 people, the weakest was an existence at the fourth level of Pulse Unsealing.

It could be said that this was the first time the Chen Family used their own strength to intervene in the Alkaid Realm's major affairs. They naturally had to treat it with caution.

Placing the name list on the tea table, Chen Yang looked at Chen Xuan." Great Elder, is there any news about the Shen family or the Dao Sect?"

The 30 year deadline had arrived but the Shen family and Dao Sect people had not come.

Could it be that something had delayed him?

"No, I haven't." Chen Xuan shook his head.

Seeing this, Yang Chen took a deep breath," In that case, I'll go to the ruins first and see if I can find a powerful demonic beast. It can also be considered as laying a foundation for this trip.""

Then, Yang Chen rode his Pegasus and headed toward the ruins.

Inside the relic, Yang Chen came to the core area.

There weren't many courtyards here, but each of them represented a powerful inheritance.

Most importantly, as long as the inheritance here was developed, Yang Chen would be able to come into contact with the hidden inheritance of the Yang Sect.

Perhaps there might be demonic beasts with the bloodline of a Spirit Saint inside.

Back to the main topic.

After finding the courtyard of the strongest beastmaster in the core area, Chen Yang pushed open the door and entered. After passing the assessment, he went to the room.

The mechanical female voice sounded in Yang Chen's ear, "Congratulations on passing the beginner's test. Please choose your reward."

"There are two rewards. The first is a Winged Serpent with the bloodline of a Spirit King. The other was the Purple Luan with the bloodline of the Spirit King."

After reaching the core area, there were very few choices.

However, although there were few of them, the quality was not low. These two demonic beasts were both famous existences. Each of them could cultivate to the peak of the Spirit King Realm.

Serpentwing had the bloodline of the divine beast, the Flying Serpent.

This made Yang Chen choose the Winged Serpent without hesitation. "I choose Serpentwing."

Seeing Yang Chen state his choice, the Winged Serpent egg appeared in front of Yang Chen.

At the same time, the mechanical female voice also announced the following assessment: "Please nurture Serpentwing to the Spirit King level within two thousand years."

The assessment was as difficult as ever.

But Yang Chen didn't care anymore. After putting away the Flying Snake egg, Yang Chen stood up and returned to the Chen family.

After arriving at the Chen family, Yang Chen hatched the Winged Serpent and signed a natal contract with it.

This process lasted for a month.

After signing the natal contract, this sect and the Shen family finally arrived!

In the Chen family's reception hall.

The Mystic Ice King looked at Shen Daokong, who was unable to control his temper, and smiled. "Venerable Lord Huo, why are you so nervous?"

"Letting the Chen family enter the Land of Evil Demons was something that was agreed upon long ago. You should have made preparations long ago, right?"

Shen Daokong smiled when he heard that.

Yes, I was prepared.

But am I nervous because of this? I was nervous because of the petals of the colorful lotus.

After sending the news of the flower petals to the Shen family, the Shen family decided to let Shen Daokong come and get them personally.

And the time taken was the day when the 30-year deadline was up. It was also a good time to escort the Chen family.

Shen Daokong was naturally nervous when he saw the opportunity to break through to the Sky Piercing Realm..

Chapter 519: Entering the Land of Evil Demons (1)

The Mystic Ice King and Shen Daokong didn't wait long. Soon, Yang Chen arrived at the meeting hall.

"Greetings, Mystic Ice King. Greetings, Progenitor Dao Kong."

In the meeting hall, Yang Chen smiled and cupped his hands at the two of them.

Seeing this, the Mystic Ice King quickly put down the teacup in her hand and stood up to help Chen Yang up." There's no need to be so polite.""

"Illusory Sovereign?" Yang Chen looked at the Mystic Ice King in surprise. What kind of title was that?

Seeing this, the Mystic Ice King explained,"This is the honorific title we gave you according to the rules of the Alkaid Realm.""

"Of course, for the sake of confidentiality, we only call you that when our own people are around. In front of outsiders, we will still call you the Chen Clan Leader."

So that was the case.

Yang Chen nodded. The Taoist Faction had given him the title of the Illusory Venerable based on the Illusory Great Dao he had comprehended.

As for calling him the Chen Clan Leader in front of outsiders, it should be the Taoist Faction's own consideration. They wanted to help Chen Yang hide his Great Dao to avoid any danger. 7

"Alright, let's not talk about this anymore. How are the preparations of your Chen family?"The Mystic Ice King asked.

“I’ve already prepared it.” Yang Chen smiled.

The Mystic Ice King nodded.” Alright, I’ll give you another day to gather. We’ll set off on time one day later.””

“Alright, then please stay with my Chen family for a day.”

Immediately, Chen Yang brought the two to the courtyard where the Chen family arranged the guests and sent someone to serve them.

After settling the two of them down, Chen Yang returned to the meeting hall and gathered the clansmen with Chen Xuan.

While he was mobilizing his clansmen, Shen Daokong found Yang Chen.

“Yang ‘er, I heard that you’ve collected the petals of the multicolored lotus?” Shen Daokong said nervously.

This concerned whether he could break through to the Void Piercer King Realm, so Shen Daokong was naturally nervous.

Hearing this, Yang Chen smiled and took out a jade box from his storage bag before handing it to Shen Daokong.

“Progenitor Dao Kong, there are fifty petals of the multi-colored lotus flower in here. Take them as a token of my respect for you.”

Shen Daokong’s hands trembled as he took the jade box. When he opened it and saw the petals inside, he said excitedly, “Good! Good! Good!”

“Yang ‘er, don’t worry. I won’t take your things for free.”

“When I return, I’ll ask the family to send some resources over. I definitely won’t let the Chen family suffer any losses.”

“What are you saying, Patriarch Dao Kong? This petal was originally a gift from my Chen Clan to Patriarch Dao Kong.” Yang Chen shook his head.

“No.”

Shen Daokong looked straight at Yang Chen. “That’s another matter. Yang ‘er, you don’t know how important this thing is to me.”

“No matter what, the Shen family should report to the Chen family.”

“How about this? I see that you urgently need the aptitude pill. After I return, I will let the clan collect 100 Grade 4 Aptitude Pills for you.”

“However, this grade-4 aptitude pill is relatively rare. It’s possible that we won’t be able to collect it in a short period of time.”

Yang Chen smiled.

This made him profit.

One had to know that at this moment, it was not an exaggeration to sell a grade-4 aptitude pill for 20 million spirit stones. Moreover, there was a high price but no supply.

These 100 Tier 4 Aptitude Pills were worth 2 billion spirit stones.

Although it was an exaggeration to say that the Shen family was emptied, it was not easy for the Shen family to take out so many spirit stones at once.

Of course, in the eyes of the Shen family.

No, it should be that in the eyes of any major power, two billion spirit stones in exchange for a Void Piercer King was worth it.

“Since Patriarch Dao Kong is so insistent, our Chen Clan will accept him.” Yang Chen smiled.

“That’s good, that’s good.” Shen Daokong nodded repeatedly.

In the following period of time, there was nothing to disturb Yang Chen.

Within a day, Yang Chen not only gathered his 2,000 clansmen and family members, but also prepared a large amount of resources.

After doing all this, Yang Chen sat in the meeting hall and waited for the arrival of tomorrow.

The next day, 2,001 people, including Chen Yang, rode on the familiars of the Taoist Faction and left the Chen Family, heading towards the unknown land of demons.

Within the territory of the Taoist Faction, in a desolate area near the southern part of the faction.

The reason why it was said to be desolate was because it was a desert that stretched for hundreds of thousands of miles.

What kind of concept was this?

One had to know that the territory of a fourth-rank force was only a million miles. This was equivalent to half of the territory of a fourth-rank force, and it was all desert.

If this place wasn’t desolate, then where was it?

Moreover, this place was not only desolate, but there were also many terrifying spirit beasts inside.

According to the Taoist Faction, there were even spiritual beasts that were equivalent to Saints.

In order to ensure the safety of the people and warriors under their command, Taoism had spent a lot of manpower and resources to seal off this place and prohibit anyone from entering or leaving.

As for how to seal it, there were two methods.

The first method was to set up a large array. When someone wanted to enter the desert, they would find a barrier blocking them.

Moreover, this barrier seemed to have an alarm function. Once someone tried to break through the barrier, the Taoist Faction would know in the shortest time possible and send experts here.

The second method was to build many cities outside the desert to protect the desert.

The cautious attitude of the Taoist Faction convinced the warriors of the Hidden Dragon Region that there was definitely a terrifying spirit beast in the desert..

Chapter 520: Entering the Land of Evil Demons (2)

Outside the huge desert.

After three months of traveling, Yang Chen and his group finally arrived.

Looking at the endless desert, Yang Chen couldn't help but smack his lips." Damn, such a majestic sea of sand is actually an illusion.""

"There's nothing we can do about it. If the Land of Evil Demons is truly revealed, it will definitely cause panic."The Dark Ice King said.

That's right, this desert of hundreds of thousands of miles was all an illusion. It was an illusion specially set up by the Array God.

His real identity was the legendary Land of Evil Demons.

After the spirit beast landed outside the land of demons, everyone jumped down one after another. Then, the Mystic Ice King put away the spirit beast and stood outside the desert with Yang Chen.

When Yang Chen and the others appeared, there were people rushing over from the nearby city.

The person who rushed over was not weak. He was an existence at the peak of the stage.

"This is a dangerous place. Please leave quickly!" the man shouted. Otherwise, don't blame me...Mystic Ice King!"

After seeing the Mystic Ice King's appearance, the man quickly half-knelt and bowed."Chi City Guardian Chi Xingyuan greets Mystic Ice King!"

"Please forgive me, Mystic Ice King."

"Get up." The Mystic Ice King waved her hand." I didn't inform you in advance, so you didn't know. You're innocent.""

"There's nothing for you to do here. Continue guarding Pool City."

“Yes, sir!” Hearing this, Chi Xingyuan bowed again and left quickly.

After Chi Xingyuan left, the Mystic Ice King looked at Chen Yang with a smile, “Venerable Phantom, are you ready? You will see the true secrets of this Alkaid World.”

Yang Chen took a deep breath and nodded solemnly. “I’m ready.”

Seeing this, the Mystic Ice King took out a token from her storage ring and slapped it on the transparent barrier.

The moment the token landed on the barrier, a ripple appeared on the barrier. Then, a five-meter-wide and ten-meter-tall iron door appeared.

The moment the door appeared, the Mystic Ice King’s voice rang out again, “I am the Mystic Ice King. Open the door.”

As the Mystic Ice King’s voice fell, the iron door slowly opened.

After the iron door was opened, the Mystic Ice King laughed, “Come in.”

Then, the Mystic Ice King and Chen Yang passed through the iron gate and arrived at the land of demons.

After entering, Yang Chen realized that he was surrounded by a magnificent city wall.

Not only were the city walls hundreds of meters tall, but there were also many powerful ballistae on the walls.

Clearly, the city wall was the final barrier.

As for the Demonic Grounds, it was different from what Chen Yang had imagined. The blood-red sky, the dark sky, and the hellish scene. The Demonic Grounds was no different from the outside world.

The Mystic Ice King seemed to have read Yang Chen's mind and smiled, "This place can be considered to be the edge of the Land of Evil Demons. The influence of the Evil Demons here is not deep."

"When you come to the real battlefield, you will realize that it is simply not a place for humans to survive."

"Dark blood-red demonic qi can be seen everywhere. Even the sky seems to have been dyed red by this demonic qi."

Yang Chen nodded.

This was more like it. This looked like what the Land of Evil Demons should look like.

"Alright, let your people in quickly. We still have a long way to go." Mystic Ice King laughed.

Hearing this, Chen Yang quickly asked Chen Xuan to call everyone in. After the Chen family's clansmen and guards all came in, the Mystic Ice King summoned the spirit beast again.

The journey down would require the spirit beasts to work hard.

Chen Yang and the others rode on their spiritual beasts again and headed towards their destination.

As for Shen Daokong, he left the group and headed toward the city of the Shen family in the Land of Evil Demons.

After walking for about ten days and flying over 100,000 miles, Yang Chen and his group stopped at the foot of a giant city.

Looking at the city, the Mystic Ice King explained, "Illusory Sovereign, the forces in this Evil Demon Land are divided into three levels."

"The one with the highest authority is undoubtedly our Dao Sect. We are in charge of commanding the overall situation and killing the strongest demons in the area."

"And this Dao City is the encampment of our Dao Sect."

There were many experts in the city, and even King level demons would not be able to survive."

"The second tier is the cities guarded by fourth-rank forces. There are ten cities in total."

These ten cities were respectively guarded by the three families of the Hidden Dragon Region. This time, the one guarding was the Shen family."

"The second level is responsible for cooperating with the third level to hunt down the demons."

"As for the third level, there are a total of 100 cities, which will be handed over to 32 fifth-grade forces to guard."

"The strong will guard a few more cities, and the weak will guard a few less. Of course, the more cities they defended, the more benefits they would get."

After listening to the Mystic Ice King's explanation, Yang Chen had a better understanding of the situation in the Land of Evil Demons.

There were a total of three levels of power in the Land of Demons. The strongest was naturally the Dao Sect, and the weakest was a Fifth Stage power.

It could be said that the strength of the Evil Demon Land wasn't weak at all. It wasn't a problem to stall the Evil Demons.

“Oh right, I forgot to tell you that these cities correspond to the demonic passageways.”

“When you go into closed door cultivation and absorb the universe energy here, you will sense the passage.”

“In the outside world, the channels that the Array God’s array formation revealed weren’t large. Moreover, the strength that each channel allowed to pass through was also different..”
