

## Tamer Family 531

### Chapter 531: The Battle Begins

“I’ve already broken through successfully. Why do I still need to enter seclusion?” Shen Daokong looked at Yang Chen with a smile.

Although his tone was calm, the content was shocking.

I’ve already broken through

What could he break through? It was nothing more than breaking the shackles of the Void Piercer and becoming a Void Piercer King!

In the Alkaid World, every Space-Piercing King was an illustrious existence.

Excluding the holy clans, the number of Void Piercer Kings in the Alkaid World would definitely not exceed 100.

Even with the addition of emperors and saints, there were no more than 100.

In other words, Shen Daokong had already become one of the top 100 powerhouses in Yaoguang World, excluding the Holy Clan.

After hearing Shen Daokong’s words, Yang Chen stood up from his chair in shock.” Really! But Patriarch Dao Kong, why did you break through so quickly?”

Logically speaking, it would take at least a few decades to break through from Dao Kong to Void Piercer, let alone a hundred years of seclusion.

However, Shen Daokong had only used a year to break through.

“ You only saw it,” Shen Daokong said with a smile. “ I used a year to break through to Sky Piercer.””

“But you don’t know how many years I’ve spent at the peak of the Daosource Realm.”

“After so many years of training, coupled with the inheritance of Lord Cosmos Saint, I’m only a bloodline shackle away from the Void Piercer King realm.”

“Now that I have your multicolored lotus, breaking through to the Void Piercer King realm is just a matter of time.”

“Alright, let’s not talk about this anymore.

I came here today to deliver a message. Have you heard of this Evil Demon Calamity?”

“I’ve heard of it.”

Yang Chen nodded and sat back in his chair. “The Mystic Ice King has already told me about this. Progenitor Dao Kong must have come today to announce the transfer of my Chen Clan, right?”

“That’s right.”

Shen Daokong took out a booklet from his pocket and handed it to Yang Chen. “ The transfer order is written inside. It says that your Chen family should send at least half of the experts to support City 18.”

Chen Yang took the book and glanced through it briefly before looking at Shen Daokong. “ Patriarch Dao Kong, when are you going?”

“One day later, I will take you there.”

Chen Yang nodded when he heard that. “ Alright, Patriarch Dao Kong, please stay in City 32 for a day. I’ll make the arrangements immediately.””

Then, Yang Chen placed the book on the table and went to mobilize the Chen family's experts.

Since they had already made preparations, there was not much trouble when they mobilized.

A day later, the Chen family gathered on time.

On the city wall, Chen Yang looked at the Chen family members and generals gathered below him and asked, "Patriarch Dao Kong, are we going on my subdued beast or yours?"

"Time is of the essence."

After saying that, Shen Dao released a late stage Spirit Venerable spirit beast from his Beast Taming Bag.

After the spirit beast adjusted its body to its maximum size, Shen Daokong jumped off the spirit beast and shouted at Yang Chen, "Yang 'er, bring your clan's experts up."

Hearing this, Yang Chen nodded and shouted at the Chen family members and guards below the city wall, "Follow me!"

Then, everyone jumped onto the back of the spirit beast. The spirit beast flapped its wings and flew toward the 18th city.

The rest of the people, under Chen Xuan's lead, guarded the city and waited for Chen Yang's triumphant return.

City No. 18 was originally an ordinary city that was guarded by a Fifth Stage force in the Land of Demons.

However, a few days ago, this 18th city was not so ordinary.

The reason was that the Taoist Faction had informed them that the next evil demon calamity would begin in the territory of City No. 18.

This gave the fifth-grade force guarding City No. 18 a fright.

That was the calamity of the Evil Demons!

If they weren't careful, what awaited the eighteenth city would be a disaster!

Fortunately, Haotian Taoism had sent the strong to take over the 18th city in time, so there was no riot in the 18th city.

After Haotian Taoism took over City No. 18, groups of experts rushed over from the various cities in the Land of Evil Demons.

All of a sudden, City No. 18 was bustling with activity.

City No. 18, City Lord's Mansion.

Lord Fen Mie sat on the main seat and looked at a Dao Origin Supremacy below." Sand Supremacy, how many people are not here yet?"

Upon hearing this, the Sand Venerable took out a book from his bosom. After carefully reading it, he handed it to the Mystic Ice King.

"Dark Ice King, there are still thirteen cities that haven't come. This is their list."

The Mystic Ice King took the book and glanced at it briefly. Then, she placed the book on the table beside her." These cities are quite far away. It's normal for you to come a little later."

"But we can't let them affect our plans."

“Forget it, let’s not bother about them. Pass down the order to set up the formation and set up the ballistae.”

“Yes, sir!” The Sand knight nodded and turned to leave.

After Sand Sentinel left, Lord Fen Mie picked up the teacup beside him. Just as he was about to take a sip, his expression suddenly changed and he looked towards the east.

Then, Lord Fen Mie disappeared.

Only the teacup fell to the ground and shattered into pieces.

When Lord Fen Mie reappeared, he was already in front of a spirit beast in the east.

Looking at the crowd on the spirit beast, Fen Mie laughed, “Hahaha, Venerable Lord Huo. No, he should be called the Flame Emperor now.”

When Shen Daokong heard this, he looked at the Lord of Fen Mie in surprise.”

Lord of Fen Mie, I have never revealed this.. How did you know about my breakthrough?”

Chapter 532: The Battle Begins

“Hahaha, the Flame Emperor must have forgotten about the miraculous power of my bloodline.” Fen Mie laughed.

After Lord Fen Mie's reminder, Shen Daokong finally understood." Right, right, right. I forgot about that."

"With your King of Destruction bloodline, you can sense the cultivation of the surrounding warriors. Even if it's an emperor, you can sense some depths."

"I remember there was a time when the Holy Clan had a demonic calamity. They even specially invited you over to help them search for the royal demons."

"This time, you became the commander of the Daoist Sect because you value this point, right? With Lord Fen Mie leading the way, this calamity would be easily resolved."

"You're welcome." Lord Fen Mie humbly waved his hand and said to Shen Daokong,""Flame Emperor, this is not the place to talk. Flame Emperor and the illusory Venerable, please follow me."

Then, Lord Fen Mie disappeared again.

When Chen Yang saw this, he looked at Shen Daokong." Patriarch Dao Kong, what is the meaning of this?"

"What else could it mean? Seeing that I've broken through to the Void Piercer realm, it's planning to maintain a relationship."Shen Daokong laughed.

Then, Shen Daokong brought the Chen Clan into the city.

After settling down the Chen family, Shen Daokong and Chen Yang went to the reception hall of the City Lord's Estate.

In the reception hall, the Flame Emperor looked at Shen Daokong with interest." Flame Emperor, please forgive me for speaking too much.

As far as I know, you were still a venerable a year ago. How did you become a king tier in just a year?"

“This is all thanks to Yang ‘er.” Shen Daokong couldn’t help but look at Yang Chen with gratitude in his eyes.

“Thank the illusory Venerable?”

Lord Fen Mie looked at Chen Yang in shock, “Why? Does this matter have anything to do with the Venerable Illusion?”

“Of course it has something to do with me.”

Shen Daokong continued, “You should know that I’ve been at the peak of the Dao Origin for a long time. The only difference between me and a King is that little talent.”

“And just a while ago, Yang ‘er gave me a treasure, a treasure of a multicolored lotus flower.”

“With the multicolored lotus, my bloodline has reached the top grade spirit vein. Without the shackles, breaking through to the king realm is just a matter of time.”

“Multicolored Lotus!”

Lord Fen Mie stood up in shock and looked at Yang Chen in disbelief.

This multi-colored lotus was famous in the Shaoguang World. Even if the emperor encountered it, he would be greedy and want to take it for himself.

From this, it could be seen how precious this multicolored lotus was.

And such a precious treasure was actually found by Yang Chen!

Of course, it was normal for Chen Yang to find him. After all, the Tianji Saint had once said that Chen Yang was the hope of the Yaoguang Realm.

As a hope, it was normal for him to be lucky.

However, Lord Fen Mie did not expect Chen Yang to hand the multicolored lotus to Shen Daokong.

Was it because Yang Chen had the Shen family's bloodline in his body?

Lord Fen Mie was jealous.

Lord Fen Mie was about to die of jealousy.

Why don't I have such a good junior? Why isn't there such a monstrous existence among my juniors?

Why didn't they know that they had to give me a colorful lotus flower?

The descendant of Lord Fen Mie was speechless.

After glancing at Shen Daokong with a hint of envy and jealousy, Lord Fen Mie sat back down." Since the Flame Emperor has broken through to the Void Piercer King realm, he'll have more confidence in resisting the Evil Demon Calamity this time."

"How much time is left before the Evil Demon Disaster begins?" Shen Daokong asked."

"The exact time is unclear, but it will be soon."

Lord Fen Mie sighed," According to the information sent by the Formation God, the entrance above has already allowed the King of Outworld Fiends to pass."

“I think it should be soon. After all, our Evil Demon Land is a relatively small Evil Demon Land. It wouldn’t be worth it to release an emperor Evil Demon here.”

“Of course, it’s hard to say. Perhaps this demon will suddenly attack and send out an emperor demon.”

“In short, Lord Wood Emperor and the other emperors are all prepared. If the demon dares to send out an emperor, we must make sure that the emperor demon stays!”

“Oh right, Lord Array God said that he mined a batch of divine stones this time and plans to use them as rewards for this evil demon calamity.”

“However, you can only use special merit points to exchange for it.”

“Godstone!” Shen Daokong stood up abruptly and said in disbelief, “Lord Array God actually took out a divine stone. Is that true?”

Lord Fen Mie glanced at Shen Daokong. “How can this be fake? The first batch of God Stones has already been sent over.”

Hearing this, Shen Daokong sat down in shock. After the shock disappeared, it was replaced by ecstasy.

He did not expect that there were actually divine stones!

Seeing this, Yang Chen asked curiously, “Progenitor Dao Kong, King Fen Mie, what is this Godstone?”

“Godstone, that’s a good thing.”

“When a warrior breaks through to god-level,” Lord Fen Mie explained, “his Holy Qi will evolve again and become richer and higher-quality Spiritual Qi.”

“And this spiritual energy is called divine energy.”

“As for divine stones, they are spirit stones that exist in the universe and contain divine qi. You can think of it as a god’s spirit crystal.”

“The effect is similar to the Spiritual Crystal. If we use the divine stones to cultivate, our cultivation speed will be at least ten times faster.”

Shen Daokong chimed in, “Didn’t you keep asking why there were no Saint Stones? Although there weren’t any Saint Stones, there were Divine Stones. They were passable.”

Chen Yang nodded. “Yes, it’s alright..”

Chapter 533: The Battle Begins

Shen Daokong was speechless.

King Fen Mie was speechless.

Although he said that it was passable, Yang Chen had long taken a fancy to this God Stone.

If he had the divine stone and the inheritance of the Universe Saint, as long as he could comprehend the Great Dao smoothly, wouldn’t his future be a smooth sailing one?

Chen Yang looked at Lord Fen Mie, “Lord Fen Mie, what are these special merits?”

“Special merit points refer to the merit points obtained after killing a King level evil demon. Killing a King level 1 evil demon will give you an additional 10 special merit points.”

“King level 2 is 20 points, and for every minor level increase, 10 special merit points will be added.”

“As for the emperor demons, the starting point is 100. Similarly, for every increase in cultivation level, 100 special merit points will be added.”

“These special merit points are very useful. Generally speaking, if you want to exchange for treasures worth more than 100 million merit points, you will need some special merit points.”

“As for the divine stones, ten special merit points for one is considered more conscientious.”

10 special merit points for one piece!

Yang Chen’s heart sank. In other words, if he wanted to obtain the Godstone, he would have to kill at least one King of Evil Demons.

However, how could Yang Chen kill a King of Outworld Fiends?

Shen Daokong, who was beside him, also consoled him, ““Yang ‘er, it’s fine. When the time comes, I’ll help you kill a King of Fiends and exchange it for a divine stone.””

As far as Shen Daokong was concerned, it would be a little difficult for the current Chen Yang to deal with the King of Outworld Fiends.

Hearing Shen Daokong’s words, Yang Chen nodded. “ We’ll talk about it when the time comes. Perhaps I can fish in troubled waters and kill a King of Evil Demons.””

In the following time, the three of them chatted for a while.

After that, Yang Chen and Shen Daokong left the City Lord’s Mansion together and arrived at City No. 18, where the Chen family lived.

Now, they could only wait for the arrival of the Evil Demon Disaster.

Just like that, half a month passed quietly in the 18th city.

Half a month later, the sky above the 18th city suddenly turned dark red.

Immediately after, the sky seemed to have been torn open as light spots fell from the sky.

The moment the light spot appeared, a loud shout came from the City Lord's Mansion.

"The demons have descended. Everyone, face the enemy!"

As Lord Fen Mie shouted, experts above the Dao Origin flew to the city wall and looked at the dense light spots in the sky with solemn eyes.

In the city, the warriors of various forces stood quietly in the city, waiting for Lord Fen Mie's orders.

On the city wall, Lord Fen Mie roughly counted the light spots and then looked at the Kings on the city wall.

"Everyone, according to the orders of the Formation God, that entrance can already allow the demonic emperors to pass through."

"Of course, it's not certain whether we pass or not. Even if we pass, we have emperors to deal with them."

"There is no need to worry about the emperor."

"However, there is one thing. The scale of this demonic calamity is probably far greater than before. There will definitely be many Kings and Fiendgods descending."

“This time, we’ll focus on defense.”

“In addition to defending, we must trap these demons near the 18th city and prevent them from harassing other demons.”

“Therefore, please do your best.”

Then, the Burning Extinguisher Empire bowed to everyone.

” You’re too polite, Lord Fen Mie.” Everyone said.” If you have any orders, just say it.””

“That’s right, we will definitely do our best.”

Seeing this, the Lord of Fen Mie nodded and looked at Shen Daokong.” Flame Emperor, I want your Shen family to guard the east side and ensure that the demons don’t break out from the east side. Can you do that?””

“No problem.” Shen Daokong smiled and nodded.

“Flame Emperor?”

Everyone looked at Shen Daokong when they heard how Lord Fen Mie addressed him.” Venerable Lord Huo, you’ve broken through?”

“That’s right. I broke through by luck.” Immediately, Shen Daokong began to brag about what he had told the Lord of Fen Mie.

Everyone looked at Shen Daokong with envy and jealousy.

'You're so lucky. Why don't I have such a monstrous junior?'

However, even though they were envious, Shen Daokong had broken through to the King realm. It was definitely beneficial to them.

At the very least, his chances of resisting this evil demon calamity had increased by a lot.

After giving his orders to Shen Daokong, Lord Fen Mie looked at the Mystic Ice King." Mystic Ice King, lead the martial artists of the third layer to guard the west side. Don't let them escape to the west."

"No problem." The Mystic Ice King nodded.

Following that, Lord Fen Mie looked at Chen Yang," Chen Clan Leader, I want you to guard the north side. Can you do that?"

Before Yang Chen could reply, Shen Daokong spoke first,""No!"

"Lord Fen Mie, Chen Yang is only at the seventh-stage Dao Origin. How can he fight against so many demons? Aren't you forcing him to die by treating him as a King Envoy?"

"That's right, Fen Mie emperor, it's not like you don't know how special the Chen clan leader is. Why would you send him for such a dangerous mission?"

Shen Daokong wasn't the only one who couldn't understand. The other Kings of Dao Sect couldn't understand Lord Fen Mie's decision either.

Chen Yang was a monster that the Saints valued. If something happened here, it would be a sin that was much greater than letting the Evil Demon Disaster spread.

To put it bluntly, even the Land of Evil was not as important as Chen Yang in the eyes of Saints.

So, why did he let Yang Chen take on such a dangerous mission?

Chapter 534: The Great War Begins

Hearing this, Lord Fen Mie smiled bitterly. "I didn't want to either, but you all know the news. The evil demon calamity this time is far more than before."

"It's already very difficult for me to send out two king tiers. If I send out another king tier, I reckon that the evil devil will be able to break through from the front."

"That won't do. The importance of the Chen Clan Leader is needless to say. Even if we have to bear the danger of being broken through, we can't let the Chen Clan Leader take the risk."

"Kings, please listen to me."

Just as these king tiers were about to start a quarrel again, Yang Chen stepped forward and said, "It's not a problem for me to guard the north. I want to know how much support the Taoist Faction can give me."

Hearing this, Lord Fen Mie pointed at the Vermilion Bird Crossbow beside him. "This is a second-grade Vermilion Bird Crossbow. It can release energy equivalent to an emperor's attack."

"There are only two here. If the Chen clan leader is willing to guard the north, I can transfer one of these crossbows to the Chen clan leader."

"In addition, our Taoist Faction is also willing to give the Chen Clan Leader the Spiritual Crystals needed to activate the Vermilion Bird Crossbow."

"Chen Clan Leader, our Dao Sect doesn't have many Spiritual Crystals. At most, we can activate it three times."

Hearing this, Yang Chen looked at the Vermilion Bird Crossbow and nodded, "Alright, I accept this mission!"

"What?" Shen Daokong's expression changed when he heard this. "Yang 'er, don't force yourself. Although you have the help of the Vermilion Bird Crossbow, it won't be easy to defend the north!"

"Don't worry, Patriarch Dao Kong. I know what I'm doing." Yang Chen smiled.

Hearing this, King Fen Mie patted Chen Yang's shoulder, "Chen Clan Leader, don't worry. Whether this mission succeeds or not, I will report it to the Emperor and reward you with ten Divine Stones and a thousand Great Dao Crystals."

"If the Great Dao Crystal warehouse is not enough, I'll personally help you condense this Great Dao Crystal!"

Hearing Lord Fen Mie's words, Yang Chen smiled and said, "In this way, I have even more confidence in defending the north."

Seeing that Yang Chen had already made up his mind, Shen Daokong could only sigh. "Yang 'er, if you can't hold on, don't force yourself. You have to inform me immediately."

"I understand. I won't force you." Yang Chen said.

In the following period of time, everyone began to act according to Lord Fen Mie's instructions.

Chen Yang also led 30% of the warriors in the city to the north of the 18th city, waiting for the arrival of the demons.

The terrain in the north was actually easier to defend. It was a small mountain range.

Relying on the mountain range, although it could not stop the Dao Origin and the Kings of the Evil Demons, it was still relatively easy to stop the Evil Demons below the Dao Origin.

Standing on the mountain range, Yang Chen watched as the light spots gradually increased in number and slowly landed on the ground. He took a deep breath and shouted, "Everyone! Be prepared. No matter what, we can't let the demons break through our defense line!"

As Yang Chen shouted, the warriors on the mountain responded, "Defend the defense line! He would never allow the demons to step over a single soldier!"

Within a hundred miles of City No. 18, light spots fell to the ground and turned into demons that emitted evil auras.

The moment these demons appeared, they roared wantonly. Their eyes were filled with a bloodthirsty light. Some of them even let out a sinister sneer.

All of these actions conveyed the same meaning. They wanted to devour the humans here.

The moment the evil spirit landed, Lord Fen Mie shouted, "Activate the formation!"

As soon as Lord Fen Mie finished speaking, killing formations rose up from the east, west, and south sides of City 18, protecting the city.

Under the activation of this killing formation, all the demons that landed near the city died.

The remaining demons fled to the north of the 18th city.

Among the demons, a demon emitting a terrifying aura sneered when he saw this. "Trying to trap us? That would depend on whether you had the ability."

Then, under the command of the leader of the demons, the demons slowly retreated from the city gate, leaving a large area.

Following that, more and more demons stepped forward and began to fight with the human experts.

Of course, both sides understood that the current battle was just a small skirmish. The real battle was still to come..

Chapter 535: The Illusion Great Dao Reveals Its Might, Killing the King of the Outworld Fiends

In front of the 18th city, human experts were fighting with demons.

Although this battle was extremely tragic, it was still child's play when compared to the densely packed Evil Demons behind them and the powerful auras in the city.

Within the evil devil camp, the leader of the evil devils glanced at Lord Fen Mie who was standing on the city wall and sneered, ""! don't have time to fool around with you."

"Attack the city!"

As the leader of the demons shouted, a group of demons released dark red aura wantonly and charged towards the 18th City.

When Lord Fen Mie saw this, he said with a serious expression, ""Ballista, fire!" With Lord Fen Mie's command, the Vermilion Bird Crossbows were activated. Immediately, streaks of fiery red light shone on the city.

Under this fiery red light, a soul-stirring aura was revealed.

The Vermilion Bird Divine Crossbow spat out tongues of fire, which were equivalent to the full-strength attack of the Sky Piercer King.

Bang!

Loud booms spread out in front of City No. 18.

Blood and flesh flew everywhere.

Under the attack of the Vermilion Bird Crossbow, even the demons' attacks were halted.

In an instant, tens of thousands of demons were turned into dust by the ballistae, disappearing from this world.

Seeing this, Lord Fen Mie rushed out of the city wall and shouted, "Everyone, follow me and attack. Once the Vermilion Bird Crossbows are recovered, we will withdraw together!"

Following Lord Fen Mie's order, human experts descended from the city walls one after another.

These experts fearlessly charged into the midst of the demons and began to fight with them, buying time for the Vermilion Bird Crossbow to recover.

For a moment, the terrifying spiritual energy and the dark red spiritual energy collided. The aftershock even affected some weaker humans and demons.

However, human experts and demons above the Dao Origin realm knew their limits when fighting.

Not only did they fight as far away from the ground as possible, but the power of each martial art move was also strictly controlled to ensure that it would not affect the bloody battle on the ground.

Under this all-out battle, the ground was soon dyed red with blood.

At the same time, in a mountain range in the north.

Yang Chen and the leaders of the nine fifth-rank forces stood in front of the mountain range, watching the battle before them.

Among them, a rough-looking man in fiery red spiritual armor rubbed his hands together. "I really want to participate."

"Sect Leader Liu, what are you so anxious about? It won't be long before the demons flee towards us."

"When the time comes, you won't be spared in the battle. I just hope that you won't complain about having too many demons." A faction leader laughed. "Bullshit!" Sect Leader Liu snorted coldly, "Do you think I'd find it too much?"

I can't wait to see more demons. That way, I might be able to use this opportunity to break through to the Void Piercer Realm."

"You? Do you think you are the Chen Clan Head?"

You can even break through space. It's already God's fault that you can cultivate to the Dao Origin. "The leader of the faction who was at odds with Sect Leader Liu mocked.

"Ye, do you want to have a fight with me?" Sect leader Liu stared at sect leader Ye.

"If you want to come, then come. Do you think I'm afraid of you?" Sect leader Ye didn't plan to back down.

"Alright!" Yang Chen frowned as he listened to their argument.

Seeing Yang Chen's anger, whether it was sect leader Liu or sect leader Ye, they all obediently shut up.

They were still very afraid of Yang Chen.

This was not only because of Chen Yang's talent and identity, but also because of his strength.

The seventh-level Dao Origin had already become the strongest among them. When the strong were angry, how could the weak not be afraid?

Seeing that the two of them had quieted down, Chen Yang's voice also softened," Sect leader Ye, sect leader Liu, I don't care what kind of conflict there is between you two."

"But now, in this great battle, no matter who it is, you have to put aside your past grudges and fight against the demons with me."

"After the war is over, you can do whatever you want. If you don't have a place, I, Yang Chen, can find a place for you to fight."

"We understand!" Although Yang Chen's voice had softened, the leaders of these forces all lowered their heads in fear.

Sometimes, this kind of peaceful voice was the most serious.

Seeing this, Chen Yang nodded." Everyone, there's no need to be anxious. I reckon that with another round of attacks from the Vermilion Bird Crossbow, there will be demonic statues fleeing in all directions."

As if verifying Chen Yang's words, after the Vermilion Bird Crossbows were fully charged, a large number of experts returned to the city walls.

The warriors who didn't return to the city wall also moved closer to the city wall and fought with the demons.

The Vermilion Bird Crossbow would not attack or affect them if they fought here.

Bang!

Another volley of arrows, and this time, the demons suffered even more losses.

There was even a King of the Underworld being who was heavily injured by the Vermilion Bird Divine Crossbow, and he couldn't even use his full strength.

When the evil demon leader saw this, he snorted coldly and said, "Although we are training our troops, we don't want to be your live targets."

"Fine. Since you don't want to fight us, we'll go find the humans who are willing to fight with us."

Then, the evil demon leader made a hand gesture.

Immediately, the demons scattered in all directions.

Seeing this, Lord Fen Mie knew that he wouldn't be able to use the Vermilion Bird Crossbow in the upcoming battle.

That was because those demons had clearly made up their minds to fight with the humans..

Chapter 536: The Illusion Great Dao Reveals Its Might, Killing the King of the Outworld Fiends

If you retreat, they'll find someone else.

In order to alleviate the pressure from the other three directions, Lord Fen Mie had to lead the human experts and warriors to attack.

“It’s already very good that you were able to blast out two rounds. I remember that the last time, you only blasted out one round, and those demons started to scatter.”

After consoling himself, Lord Fen Mie once again flew out of the city. This time, he didn’t say much and only said, “Everyone, fight to the death!” Almost all the martial artists in City No. 18 were sent out. Only a few experts were left to guard the city and wait for the Vermilion Bird Crossbow to recover. Although the demons were no longer willing to be live targets, they wouldn’t change much if they were struck by the Vermilion Bird Crossbow during the battle.

However, if he wanted to do this, he would have to test the skills of the Vermilion Bird Crossbow’s user.

How could he find a place without humans on the chaotic battlefield and attack the demons?

Back to the main topic.

Although Lord Fen Mie led his experts to hold back the demons, there were still many demons that fled in all directions.

This included the king-level Bloody Thorn Demon who had been struck by the Vermilion Bird Divine Bow and the demons under his command.

The place they fled to was the mountain range guarded by Chen Yang.

“He’s here!”

Yang Chen’s expression turned grim when he saw the demons rushing towards him.” Prepare the Vermilion Bird Crossbow.””

Under Chen Yang’s orders, Chen Xuan pushed the Vermilion Bird Divine Crossbow to their side.

After adjusting the divine crossbow and placing the Spiritual Crystals, Chen Xuan asked, "Patriarch, when are you going to activate the divine crossbow?" Yang Chen didn't rush to answer. Instead, he asked, "Great Elder, can you defeat the king level Bloody Thorn Demon?"

"What?!"

Before Chen Xuan could reply, the expressions of the leaders of the factions changed drastically.

"Chen Clan Leader, did you sense wrongly? There really are King level Outworld Fiends?"

"That's right." Yang Chen nodded. "It's the unlucky demon that was hit by the Vermilion Bird Celestial Bow."

Hearing this, everyone looked at the evil demons that were charging at them in shock.

This was a king-level demon!

Even if they were heavily injured, even if they had the Vermilion Bird Divine Crossbow, or even a Second Grade Vermilion Bird Divine Crossbow, they might not be a match for the King of the Outworld Fiends.

After all, with the speed of the King of the Outworld Fiends, dodging the ballistae was a piece of cake.

Previously, the Bloody Thorn Demon had been hit by the attack because of a moment of carelessness, as well as the fact that there were more demons.

Now that the Bloody Thorn Demon had just been hit, it must be very careful. It would be as difficult as ascending to the heavens to hit it.

"Chen Clan Leader, what should we do?"

“Chen Clan Leader, that King of Outworld Fiends was just struck by the Divine Vermilion Bird Crossbow, so he’ll definitely be wary of it. Besides the Divine Vermilion Bird Crossbow, we don’t have any other way to block the King of Outworld Fiends.”

For a moment, even the leaders of these large factions could not help but feel a little flustered.

“There is a way.”

Yang Chen’s eyes gleamed, “As long as I keep this King of the Outworld Fiends busy, won’t the Vermilion Bird Crossbow be able to hit the Outworld Fiends?” ‘What? That’s definitely not possible!”

Hearing this, Sect Leader Liu quickly retorted, “Chen Clan Leader, let’s not talk about whether you can hold this evil spirit back. Even if you can, won’t you still be hit by the Vermilion Bird Crossbow?”

“In a battle like this, how can a general send himself to his death? This is absolutely not allowed!”

“How about this, I’ll deal with that evil spirit. If I die, I’ll have to ask Chen Clan Leader to take care of Brilliant Flame Sect!”

After saying that, Sect Leader Liu planned to dash out.

At this moment, Yang Chen stopped Sect Leader Liu. “The answer to the first question is that I’m at the seventh level of the Dao Origin Realm, while the King of the Outworld Fiends can only unleash peak Dao Origin Realm power at most.”

“It’s relatively easy for me to stop this demon.”

“As for the answer to the second question, don’t worry. I’m confident that I won’t die under the attack of the Vermilion Bird Crossbow.”

“Alright, follow the order?”

After saying that, Yang Chen leaped away.

When the others saw this, they wanted to stop him, but they found that Yang Chen had already arrived in front of the sinister devil and was fighting with the King of Outworld Fiends.

When Chen Xuan saw this, he began to mobilize the Vermilion Bird Divine Crossbow.

When Sect Leader Liu saw this, he hurriedly berated, "What are you doing!

Don't you know the uniqueness of the Chen Family Head?"

"If the Chen Clan Leader dies here, you and I will not be able to escape responsibility. Hurry up and stop. Let me go and ask for help!"

Sect Master Liu didn't know that Chen Yang was the hope of the Alkaid World.

However, Sect Leader Liu understood one thing. If the three armies fought and the commander died, this was a huge sin.

When the time came, the mountain range would no longer have a commander. Wouldn't it be like a backyard where the demons could come and go as they pleased?

Facing Sect Master Liu's scolding, Chen Xuan was unmoved. "Sect Leader Liu, thank you for worrying about my clan head."

"But I absolutely believe in the strength of my Chen clan head. If he says it's fine, it's definitely fine."

"What is he fine with?"

"How can he block the Vermilion Bird Divine Bow?" Sect Master Liu laughed in anger. "He's only at the seventh-level Dao Origin. How can he block the Vermilion Bird Divine Bow's attack?"

You guys should also express your opinions!”

Hearing this, the leaders of the other forces continued,“Sect Leader Liu, since things have come to this, we can only trust the Chen Clan Leader.”

Even though they didn't believe that Yang Chen could escape unscathed.

But now, he could only take a gamble. If the gamble was successful, then this mountain range would be successfully defended.

If the bet failed, they would not be able to survive. They would be buried with Yang Chen..

Chapter 537: The Illusion Great Dao Reveals Its Might,

Killing the King of the Outworld Fiends

“Crazy, you're all crazy!”

Sect Leader Liu shook his head violently and looked at the battlefield with a worried expression.

Chen Clan Leader, you have to get out of here.

“Bastard! Does anything dare to stop this king now?”

The king level Bloody Thorn Demon roared and punched Yang Chen away.

It had never expected that a Dao Origin Venerable would block its path.

Could it be because he was seriously injured?

“Humph! I, the Bloody Thorn Demon, have the strongest vitality. You want to take advantage of me? Dream on!”

“You’ll know soon enough whether you’re daydreaming or not.” Yang Chen sneered as he waved the Spiritual Sword in his hand.

Then, the shadows of Spiritual Swords appeared in front of the Blood-refined Demon.

Looking at the spiritual sword phantom, the Bloody Thorn Demon said disdainfully, “What, you want to use the same trick again? Let me tell you, this is useless to me!”

Then, wisps of dark red Spiritual Qi appeared around the Bloody Thorn Demon. With a punch, the Spiritual Sword phantoms disappeared.

The Bloody Thorn Demon looked at Yang Chen provocatively. He had originally wanted to see some panic on Yang Chen’s face.

However, to the Bloody Thorn Demon’s surprise, Yang Chen did not panic. Instead, he revealed a mysterious smile.

“Who said I was going to use Flowing Shadow Sword Technique against you?”

Then, Yang Chen suddenly stepped forward, and his hands were filled with Holy Qi. The Holy Qi was like a pair of pincers, tightly gripping the Bloody Thorn Demon.

At this moment, a ball of fiery red light appeared behind Yang Chen.

Under this fiery red light, a terrifying energy spread out.

The Bloody Thorn Demon recognized that it was this fiery red Spiritual Energy Ballista that had heavily injured him.

Instinctively, the Bloody Thorn Demon wanted to escape.

The Holy Qi pincers held the Bloody Thorn Demon tightly, preventing it from moving.

“Are you crazy? Under this ballista, you and I will both die!” the Bloodthorn Demon said in fear.

“It’s enough to drag you down with me.” Yang Chen smiled.

Hearing this, the Bloodthorn Demon felt a chill down his spine.

This guy actually planned to perish together with him!

“Humph! This King will not perish together with an ant like you!”

The Bloody Thorn Demon mobilized all the blood-red Spiritual Qi in its body, intending to kill Yang Chen first before taking the opportunity to escape.

A punch was thrown out and instantly penetrated Yang Chen’s chest.

A smug smile appeared on the Bloody Thorn Demon’s face.

But soon, his smug smile froze and was replaced by a look of disbelief.

This was because the Bloody Thorn Demon saw that Chen Yang, who had been pierced by it, was looking at it unharmed.

“What’s wrong? Didn’t you eat?”

“No, I can’t! How is this possible!” The Bloody Thorn Demon was on the verge of collapse. It really couldn’t understand why Yang Chen was fine.

Suddenly, the Bloodthorn Demon seemed to have thought of something and looked at Yang Chen in shock.

“You... You are...”

At this moment, the blood-refined demon no longer cared about running away. It roared hoarsely, “This place has the ability to comprehend illusions...”

Unfortunately, before he could finish his sentence, the spiritual weapon ballista from the Vermilion Bird Divine Crossbow instantly shot over.

Bang!

A loud bang rang out.

Sensing the terrifying aftershock, Sect Leader Liu sat on the ground, paralyzed. “It’s over, it’s all over.”

Even Sect Leader Liu was struggling to defend himself from the aftermath, let alone Yang Chen, who was at the center of the explosion.

How could Yang Chen survive such a violent explosion?

Sect Leader Liu and the other leaders looked at the center of the explosion.

They wanted to see if Chen Yang could kill the Bloody Thorn Demon with the blow he had exchanged with his life.

Soon, the dust settled.

A scene that made all the forces despair appeared before their eyes.

The Bloody Thorn Demon was still floating in the air!

Although the Bloody Thorn Demon did not have any good spots on its body, its current strength was at most equivalent to the fifth-level Dao Origin.

However, whether it was Sect Leader Liu or the leaders of the other forces, they did not feel any joy of success.

This was because this King of Outworld Fiends was a Blood Thorn Devil with the strongest vitality.

It was also the Bloodthorn Demon with the strongest recovery ability.

With the Bloody Thorn Demon's recovery ability, even if it was already heavily injured, it would not take long for it to recover.

Their only chance was to kill the Bloody Thorn Demon while it was still weak.

However, there was another problem. Although the Bloody Thorn Demon's strength was weak, it still had the strength of the fifth-level Dao Origin.

Coupled with his terrifying vitality, unless a seventh-level Dao Origin expert attacked, everything would be in vain.

However, the only seventh-level Dao Origin expert here had already fallen under the Vermilion Bird Divine Crossbow's ballista. Even his corpse could not be found.

"It's over, everything is over. I said long ago that I shouldn't go to the Chen clan leader. Can't I go?"

"This is great. Not only has the Chen Clan Leader died, but the evil spirit hasn't been killed yet." Sect Leader Liu was annoyed.

He was annoyed at himself. Why didn't he be a little tougher and die in Yang Chen's place?

The expressions of the other leaders were also extremely unsightly. They didn't expect that even after paying such a huge price, they still couldn't kill this King of the Outworld Fiends.

Could it be that the heavens wanted to destroy them?

"Cough, cough, cough!"

The Bloody Thorn Demon spat out a mouthful of blood. When he saw that the annoying fly had disappeared, he laughed arrogantly..

Chapter 538: The Illusion Great Dao Reveals Its Might,

Killing the King of the Outworld Fiends

"Hahahaha, ant, in the end, you died and I survived!"

"Oh, really?"

Suddenly, a voice sounded from behind the Bloody Thorn Demon.

After hearing this voice, the Bloody Thorn Demon suddenly turned around. His smile instantly froze, and he said in shock, "No, how can you be fine!"

Chen Yang looked at the demon with a smile, "Why am I fine? Shouldn't you have already guessed it?"

After Yang Chen's reminder, the Bloody Thorn Demon finally remembered and shouted, "There are human beings who have comprehended the illusory Great Dao here!"

Unfortunately, the Bloodthorn Demon, who had taken a direct hit from the divine crossbow, only had less than 10% of its strength left. It was no longer able to make a sound that the other Kings of the Outworld Fiends could hear. "Alright, it's annoying to keep talking!"

Yang Chen leaped forward, and the shadows of Spiritual Swords appeared, stabbing at the Bloody Thorn Demon in an instant.

This time, the Bloody Thorn Demon was unable to resist. Before long, the Bloody Thorn Demon was pricked like a porcupine.

A king of a generation had fallen just like that!

At the same time, the merit token on Yang Chen's wrist had an additional one million merit points.

Below the merit points was a golden number with the word 'ten' written on it. This sudden change caused Sect Leader Liu and the other leaders to be stunned on the spot. Disbelief appeared on their faces.

For a moment, he could not even speak.

Until Chen Yang came over and said, "What's wrong with everyone?" After that, everyone reacted.

Immediately, Sect Leader Liu and the others surrounded Chen Yang, their faces filled with ecstasy, "Chen Clan Leader, you're fine!"

"Chen Clan Leader, how did you do it? To be able to withstand a single strike from the Vermilion Bird Divine Crossbow, this is unbelievable!"

"Hahaha, with the Chen Clan Leader leading us, wouldn't it be easy for us to defend the northern mountain range?"

Facing everyone's concern and questions, Yang Chen smiled and said, "I have a treasure that can allow me to temporarily leave this space."

"In addition, the Void Great Dao of a king can't be used in battle, so I thought of this plan."

"Fortunately, the heavens took pity on me. Although I suffered some minor injuries, it was not a big deal. This plan was also successfully implemented." "Alright, there's still a tough battle waiting for us. Everyone, cheer up!" Hearing Yang Chen's explanation, the leaders of the forces shouted, "Hooray!" Under the lead of these leaders, the entire northern mountain range resounded with cheers of "Long live!"

Then, under Yang Chen's command, the experts forced the demons to retreat.

Without the leadership of the King of the Outworld Fiends, and with the help of the Vermilion Bird Divine Crossbow, it would be a miracle if those Outworld Fiends wanted to break through the northern defense line.

In the end, most of these demons were converted into merits for Yang Chen and the others.

A small portion of the demons escaped from this place and told the other demons about the battle.

When they had won a great victory in the northern battlefield, the Shen family had encountered trouble.

The territory that the Shen family guarded did not have any mountains or rivers as a danger, so they could only fight with the demons on the plains.

This battle had caused the Shen family's warriors to suffer heavy losses. Even Shen Daokong was heavily injured.

Of course, the Evil Demon King wasn't in a good state either. The King of the Evil Demons was also heavily injured, and the Evil Demon King wasn't a Bloodthorn Demon, so it didn't have that much recovery power.

For a moment, both sides were in a stalemate.

In the Shen family camp, a Venerable stepped forward and said, "Progenitor

Dao Kong, why don't we ask for help?"

After Shen Daokong broke through to Void Piercer, the Shen family addressed him as Patriarch Dao Kong.

Shen Daokong looked at the Supremacy." 13th Elder, where should we go to ask for help?"

"The battlefield in the 18th City is much more tragic than ours. How can they have any experts to support us?"

The 13th Elder hesitated for a moment when he heard Shen Daokong's words. Then, he said, "Why don't we go to the north and ask for help?"

"Yang Chen has the Second Grade Vermilion Bird Crossbow. It shouldn't be a problem for him to solve our current problem."

"What? Go ask Yang Chen for help? No, absolutely not." Shen Daokong shook his head repeatedly..

Chapter 539: Helping the Shen Family

“Patriarch Dao Kong, why can’t we?” The Thirteenth Elder was puzzled.”

Shen Daokong explained,” 13th Elder, it’s not like you don’t know. The north doesn’t have any king tiers to hold down the fort. It’s not easy to begin with. How could they possibly have the ability to support us?””

“That’s why we have to ask. If it doesn’t work, we’ll think of another way.””When we supported the Chen family, didn’t we want them to provide us with help?””

“Now that the Chen family already has the strength, if we don’t use the Chen family now, when will we wait?”

“You have to know that we won’t be able to withstand the next attack from the evil spirits. If we were to perish, the Shen family would definitely suffer heavy losses.”

“Then what’s the point of supporting the Chen family?”

As soon as the 13th Elder said this, the elders beside him nodded.

They were not like Shen Daokong.

Shen Daokong was indebted to Chen Yang, but they weren’t.

In their opinion, the Shen family had already reached a critical moment. If they did not use the Chen family now, when would they wait?

Seeing this, Shen Daokong knew that he had no choice but to agree.

Although Yang Chen's future had moved them, at this moment, they might not even be able to protect their lives. How could they talk about the future?

Shen Daokong immediately looked at the 13th Elder. "I understand. Send someone to ask if Chen Yang can help us." Oh right, don't try to force a man in the United States."

"Yes, I know!" The 13th Elder agreed happily and then quickly sent people to the northern mountain range.

In the northern mountain range.

Yang Chen stood at the northern mountain range, looking down at the demons below.

When he saw the demons' movements, Yang Chen couldn't help but smack his lips. "Tsk tsk, these demons are actually afraid of us and don't dare to come."

Hearing this, Sect Leader Liu laughed, "Of course. With Lord Chen here, even if the King of the Outworld Fiends came, they wouldn't be able to gain anything."

"These Daosource demons are courting death by coming here."

The other leaders of the other forces also echoed Sect Leader Liu's words. Their words were full of flattery.

Hearing everyone's words, Yang Chen smiled and shook his head. "Everyone, there's no need to say more flattering words."

"Let's hurry up and kill more demons to accumulate our merits."

"Yes."

At this moment, Chen Xuan rushed to Chen Yang's side." Master, someone from the Shen family is here.""

"Oh?" Yang Chen pondered for a moment before looking at Sect Leader Liu and the others." You guys guard this place. I'll go over and take a look.""

"Understood." Everyone understood.

After following Chen Xuan to the foot of the mountain, Chen Yang discovered that a martial artist who had ascended the stage was waiting anxiously for him.

Seeing Chen Yang come over, the cultivator on the stage hurriedly knelt down on one knee," Greetings to Clan Head Chen. Please save my Shen Clan.""

"What happened? Get up and talk first."

Yang Chen helped the man up and asked,""Did the Shen family encounter some powerful evil spirit?"

That person nodded," The place my Shen family is guarding has no geographical advantage, so we can only fight the demons head-on."

"Normally, it's fine, but once you encounter a King of the Outworld Fiends, you'll pale in comparison."

"And just a moment ago, a King of Fiendish Demons at his peak led his subordinates to attack our Chen family's formation."

"Progenitor Dao Kong has just broken through, and he's no match for that King of the Fiendish Demons."

"Although our Shen family has managed to hold off the king level fiends, Patriarch Dao Kong is also heavily injured. If the fiends come again, I'm afraid we won't be able to hold our line of defense."

“Please support my Shen family, Chen family head!”

After listening to the Shen family’s situation, Yang Chen patted the man’s shoulder.” How about this? You go back first. I’ll arrange the things here and then go to support the Shen family.””

“That’s good, that’s good.””

Then, this person turned around and left. It was obvious that he wanted to tell the good news to the Shen family and cheer them on.

After this person left, Chen Xuan asked,“Master, are we really going to support the Shen family?”

“That’s for sure.” Yang Chen nodded,” Not to mention that the Shen family has helped my Chen family, and the two families have signed an alliance agreement.”

“Just by guarding the various regions, we have to help in order to resist the evil demon disaster.”

“Logically speaking, we have to support them.”

“How about this, I’ll go tell them first. Then, you take the Vermilion Bird Divine Crossbow and help the Shen family with me.”

With that, Yang Chen leaped up and quickly arrived above the mountain range.

After informing Sect Leader Liu and the others that he was going to support the Shen family, he returned to the mountain range.

He then released the Purple Winged Sky Eagle and rode it to the Shen family camp.

Chen Yang's spirit beasts were all left in the 18th city. The fastest subdued beast was the Purple-feathered Heavenly Eagle.

Fortunately, the two camps weren't too far apart. Even if they used the demon emperors to travel, it wouldn't take much time.

In the Shen family camp, Shen Daokong was still recuperating. Suddenly, a loud sound rang out.

Following that, numerous sinister devils, under the leadership of the King of the Outworld Fiends, charged towards the Shen family.

Shen Daokong's expression changed when he saw this." That damned demon! He didn't even give me time to catch my breath.""

"Today, even if I have to die, I will keep you here."

After saying that, Shen Daokong risked his heavily injured body and flashed out, arriving in front of the King of the Outworld Fiends and engaging in a battle with him.

As for the rest of the Shen family, when they saw the vast number of demons, they were in despair for a moment..

Chapter 540: Helping the Shen Family

He didn't expect that the demons would counterattack so quickly.

Even if the Chen Clan brought the Vermilion Bird Crossbow to reinforce them, it would be of little use in the current situation.

“I didn’t expect that my Shen family would still be unable to overcome this calamity?”

After shaking his head in grief and indignation, 13th Elder’s eyes revealed a trace of viciousness.” Since you don’t want us to live, we’ll drag you down with us before we die!”

Following that, the 13th Elder led the Shen family to charge at the evil spirit with the will to die.

In the sky, Shen Daokong’s left hand blocked the evil spirit’s punch while his right hand gathered balls of Extermination Flames.

The flames of extermination wrapped around Shen Daokong’s fist before he punched out.

Bang!

A loud bang rang out as the King of the Outworld Fiends was sent flying hundreds of meters away by Shen Daokong’s punch.

However, Shen Daokong did not feel good either. He floated in the air and panted heavily.

At this moment, Shen Daokong could no longer display the strength of the Void Piercer King. He could only rely on his comprehension of the second stage of the Fire of Extermination to fight against the evil spirit.

“Tsk, tsk, haven’t you eaten yet?”

The King of Outworld Fiends rubbed the spot that was hit by Shen Daokong earlier and said with a sinister smile,“Looks like you can’t display the strength of a king anymore.”

“Since this is the case, this game should end!”

Then, a dark red spirit energy gushed out of the King of the Outworld Fiends

'body.

Before long, the dark red spiritual energy was enough to cover the sky.

The King of the Outworld Fiends, who was within the dark red spiritual energy, revealed a victorious smile." I heard that you call the second stage of spiritual energy Holy Qi."

■ ■ You're really shameless. In this world, there's only spiritual qi and divine qi, but you just had to come up with holy qi."

"In my opinion, compared to you, my spiritual qi is more like holy qi."

"Today, I'll let you know what Holy Qi is!"

With that, the King of Outworld Fiends punched out.

Under the influence of this punch, the dark red spiritual energy that covered the sky quickly gathered into a fist that was 1,000 feet tall.

A terrifying energy was hidden within this giant fist.

Shen Daokong knew that he would not be able to survive if this punch landed on his body.

The moment Shen Daokong had this thought, the fist suddenly shot out and arrived in front of Shen Daokong in the blink of an eye.

It was over.

This was the only thought on Shen Daokong's mind. Even if he wanted to dodge, he would not be able to.

After all, the current Shen Dao no longer had the strength of a king tier. How could he possibly dodge the martial arts of a king tier?

Damn it, I've just broken through to the King Realm and haven't even shown my ambition yet, and I'm going to die here?

Just as Shen Daokong was about to close his eyes and await his death, the fist suddenly passed through him. Then, without slowing down, it smashed into the ground.

Bang!

A loud bang rang out, and a huge pit that was a thousand feet wide appeared. Furthermore, the deep pit was bottomless. There were still many terrifying energy remnants inside. Even Dao Origin experts would be heavily injured if they went deep into it.

in this deep pit, a large number of evil demons had fallen, crushed into powder by this terrifying martial art.

Shen Daokong did not want the battle between Kings to affect the Shen family, so he chose a place far away from the battlefield.

The King of the Outworld Fiends also had the same plan, so he chose to stand behind the Outworld Fiends.

Fighting here would at most affect the demons who were lagging behind and did not charge forward.

The truth was just as they had expected. However, who would have thought that the fist would pass through Shen Daokong and land on the ground?

Fortunately, although this King of the Outworld Fiends could unleash the combat prowess of a King of the Outworld Fiends, his strength was still considerably weakened.

If it was at its peak, the huge pit on the ground would probably not be as simple as ten thousand feet.

At the very least, it was in units of 10,000 feet.

Back to the main topic.

When he felt that he had survived, Shen Daokong opened his eyes in excitement. After sweeping his gaze around, a look of shock appeared on his face.

This was because Chen Yang was looking at him with a smile." Progenitor Dao

Kong, long time no see."

"Yang Chen, why is it you!" Shen Daokong looked at Yang Chen in surprise.

Could it be that Yang Chen was the one who caused the incident just now? But how was this possible? How could Yang Chen do such a miraculous thing? However, it wasn't done by Yang Chen. Yang Chen's face was pale, and it was obvious that he had consumed a lot of energy.

What was going on?

Shen Daokong wasn't the only one who didn't know the reason. The King of the Outworld Fiends also didn't know what had happened.

Seeing that his move had not only failed to kill Shen Daokong, but had also killed many evil spirits, the King of the Outworld Fiends was furious. He said hatefully, ""Who are you?"

Facing the King of the Outworld Fiends' question, Yang Chen smiled and said, "Cough, cough, cough. It doesn't matter who I am, but you're dead for sure today."

"You and I have seen the power of that martial art just now. I don't believe that you can still use such a powerful martial art?"

-To be precise, do you still have spiritual energy in your body?" Hearing this, the expression of the King of the Outworld Fiends changed. Yang Chen was right. That attack had almost exhausted all the spiritual energy in the King of Outworld Fiends' body.

At this moment, this King of the Outworld Fiends was already unable to display much of his strength.

"Humph! Even if I don't have any spiritual energy in my body, you can't stop me from leaving!"

After saying that, the King of Outworld Fiends turned and left.

At this moment, it no longer had any spiritual energy. If it stayed any longer, it would only cause more changes.

However, how could Chen Yang allow this King of Outworld Fiends to leave? just as the King of the Outworld Fiends was about to leave, numerous Spiritual Sword phantoms instantly surrounded him.

Looking at the Spiritual Sword phantom in front of him, the King of Outworld Fiends made up his mind and turned to look at Yang Chen. "Forget it, then I'll crush an ant like you before leaving!"

After saying that, the King of Outworld Fiends charged towards Yang Chen.

"Yang'er!" Shen Daokong hurriedly said, "Leave quickly, Yang'er! Let me stall this King of Outworld Fiends!"

Although this King of the Outworld Fiends didn't have much spiritual energy in his body, it was still nothing compared to his own body.

Compared to Dao Origin Supremacies, the remnant spiritual energy of the King of the Outworld Fiends was still a terrifying amount.

“There’s no need. You’re heavily injured, Patriarch Dao Kong. Let me stop this demon.”

After saying that, Yang Chen leapt out and engaged the King of Outworld Fiends.

When Shen Daokong saw this, he wanted to drag his body and rush forward. However, at that moment, a sound of air being torn could be heard.

Whoosh!

Looking in the direction of the voice, Shen Daokong was shocked to see a Vermilion Bird Crossbow resting on the body of a demonic beast, spitting out a tongue of flame.

The ballista that contained a terrifying amount of spiritual energy was aimed at Yang Chen and the King of Outworld Fiends.

Seeing this, Shen Daokong shouted at the top of his lungs, “Yang Chen, dodge!” However, it was as if Yang Chen hadn’t heard him, and he continued to fight with the King of Outworld Fiends.

The King of the Outworld Fiends noticed this attack, and his expression changed drastically. He immediately wanted to leave.

However, how could Yang Chen let the evil spirit leave?

Seeing that the Evil Demon was about to leave, Yang Chen used the method of trading damage for damage, trying to stall the Evil Demon no matter what.

“Are you crazy? If we don’t dodge, we’ll all die!” The King of the Outworld Fiends roared.

“There’s no need for you to worry about this!” Yang Chen sneered.

Bang!

In the end, the spiritual energy ballista still blasted over. In an instant, terrifying energy erupted from the place where the two of them fought. The shockwaves from the energy spread out, causing even the King level Shen Daokong’s injuries to worsen.

However, Shen Daokong couldn’t care less about this at this moment. He looked at the battlefield with a face full of despair and let out a mournful roar, “Yang Chen!”

“Patriarch Dao Kong, why are you speaking so loudly? I’m not deaf.

Just as Shen Daokong was feeling hopeless, a familiar voice that was like the sound of nature rang in his ears.

Almost instantly, Shen Daokong looked in the direction of the voice.

When he saw Yang Chen still smiling at him, Shen Daokong was overwhelmed with ecstasy. “Hahahaha...”

After he was done laughing, Shen Daokong looked at Yang Chen and asked in confusion, “Yang ‘er, what’s going on?”

“Patriarch Dao Kong, have you forgotten the Great Dao I comprehended?” Yang Chen smiled.

After Yang Chen’s reminder, Shen Daokong suddenly remembered.

What Chen Yang had comprehended was ranked in the top ten of the Great Dao Rankings.. It was the strongest Great Dao that the human race could comprehend, the Illusory Great Dao!
