

## Tamer Family 541

### Chapter 541: End of the Battle, Descending of the Emperor Evil Demon

“So, that punch and your evasion of the Vermilion Bird Crossbow were all illusory Daos?” Shen Daokong asked.

“That’s right.” Yang Chen nodded.

“The first stage of this illusory Great Dao is illusory inanimate objects. Martial arts were also considered dead objects, so they could naturally be illusory.”

“However, there is a prerequisite. The spiritual energy contained in this martial art cannot exceed my own strength by too much.”

“Fortunately, you weakened it, Patriarch Dao Kong, so that King of Fiends has less than 10% of its strength left. At most, I’ll only use up a little more of my power to illusionary its martial arts.”

The second stage was the illusory self. This is also why I’m not afraid of the Vermilion Bird Crossbow.”

After explaining why he was safe and sound, Yang Chen looked at the location of the battle.

Over there, the King of the Outworld Fiends floated in the air, trembling. He had already lost most of his strength.

At this moment, the King of the Outworld Fiends could barely unleash the strength of a cultivator at the first level of Dao Origin.

The only reason he was still alive now was because of the Evil Demons and the powerful vitality of the King.

Seeing Yang Chen looking at him, the King of Outworld Fiends fled as if he had seen a ghost.

But how could Yang Chen let a cooked duck fly away?

Just as the King of the Outworld Fiends was about to flee, Yang Chen appeared in front of it, "King, since you want to go back so badly, why don't I send you off?"

"Don't worry, I don't accept spirit stones."

With that, numerous Spiritual Sword phantoms appeared around Chen Yang. These Spiritual Sword phantoms were like sharp blades, and in the blink of an eye, they had reaped the life of this King of Outworld Fiends.

After doing all of this, Yang Chen looked at the Summoning Token on his wrist with a smile. It was great, he had an additional 1,000,000 merit points and 10 special merit points.

When Yang Chen returned to Shen Daokong's side, he sighed, "This illusory Great Dao is indeed worthy of being the strongest Great Dao that the human race can comprehend. It actually has such divine effects."

"In my opinion, if you make good use of it, you might even be able to kill a monarch-level demon."

"It's still a little difficult to deal with emperors and demons." Yang Chen continued, "My Illusory Great Dao looks powerful, but it also has to follow the Great Dao laws."

"If the emperor uses the Great Dao of the Third Plane to suppress me, I won't be able to use the Illusory Great Dao."

"Besides, even if the emperor doesn't use the third realm's Great Dao to suppress my illusory Great Dao, I won't be able to hold him back with my strength."

"No matter what, this Evil Demon Calamity is still a place for you to show off." Shen Daok, somewhat gratified, looked at Chen Yang.

How long had it been, and Yang Chen was already able to participate in the battle of the kings?

If it had been a little longer, Yang Chen would have been involved in the battle between the emperors.

After sighing for a while, Shen Daokong returned to the frontline with Yang Chen's help.

There was nothing to explain about the following battle.

Although Shen Daokong was severely injured, he was still able to unleash his power at the peak of the Dao Origin Stage. Coupled with the second stage of the Fire of Extermination, he was able to unleash his full power.

Even if he wasn't a match for a King, it was still relatively easy for him to deal with Evil Demons below the King level.

After all, none of these demons had surpassed the seventh level of Dao Origin, so they were not an obstacle to Shen Daokong.

With Yang Chen's help, it was much easier to resist.

As for the Evil Demons, due to the death of their King, they no longer had the courage to continue fighting.

Not long after Shen Daokong and Yang Chen appeared, the demons fled back one by one.

This battle that threatened the safety of the Shen family had completely come to an end with Yang Chen's help.

In the Shen family camp.

The group of Shen family elders sat paralyzed on the ground, panting heavily as they tried their best to recover from their injuries.

From time to time, they would look at the young man who was conversing with Shen Daokong with respect.

They didn't expect Yang Chen to support them alone.

What was even more unexpected was that Yang Chen alone had completely turned the situation around.

Only a King would be able to do such a thing.

One had to know that Chen Yang was only at the Dao Origin.

All of a sudden, both the 13th Elder and the other elders had already regarded Chen Yang as a king.

Naturally, one had to be respectful to Kings.

It seemed that it was still the eyes of the patriarch and ancestor Kong that were good. It was also fortunate that they saw through Chen Yang's evildoer, allowing the Shen family to avoid this disaster.

"Progenitor Dao Kong, I still have some matters to attend to, so I won't stay any longer. If there's anything, you must tell me as soon as possible."

After chatting for a while, Yang Chen did not intend to stay any longer.

Yang Chen immediately stood up and cupped his hands, then turned around and left the Shen family.

When Yang Chen passed by these elders, they subconsciously made way for Yang Chen and watched him leave the Shen family camp.

After Chen Yang's figure disappeared, Shen Daokong slowly stood up and swept his gaze across the elders." From today onwards, anyone who dares to gossip about us supporting the Chen Family will be executed without mercy!"

"Yes, sir." The elders lowered their heads.

Even if Shen Daokong didn't say anything, they wouldn't dare to say anything.

Who would dare to speak ill of an existence who could kill a king tier?

By the time Yang Chen returned to the northern mountain range, the battle outside City 18 had reached its climax.

Whether it was humans or demons, their eyes were completely red from killing..

Chapter 542: The Battle Ends, The Descending of the

Emperor Evil Demon

This was especially true for the battle between the king tiers. At the start, they were still cautious, afraid that it would affect the battle below.

But now, they couldn't care about anything else. Each martial art was more powerful than the other, and they were all trying to kill their opponents.

As for whether the shockwaves would affect the battle below, he couldn't care less.

In this kind of blood-red battle, a large number of humans and demons died. For a moment, the battlefield was filled with the smell of blood and blood-red gas.

It could be said that those who were still alive, whether they were humans or demons, were the elites of their respective camps.

Seeing this, the evil demon leader nodded in satisfaction." Very good. The training this time is not bad."

"Next, it's time to retreat. However, before retreating, I want to give the human race a big gift."

"After all, we are the guests and they are the host. We can't come to their territory empty-handed."

After muttering to himself, the evil demon leader let out a voice that only the evil demons could understand.

This voice was mixed with the spirit qi of the evil demon leader. In a short while, it resounded throughout the entire battlefield.

Even the demons in the other three battlefields heard this voice.

Almost at the same time, these demons left the battle and gathered in the center.

Lord Fen Mie had experienced many evil demon disasters and knew what this voice meant. It meant that these evil demons were about to retreat.

This surprised him.

It had only been a day since the battle began, and the demons had already retreated?

According to the previous situation, it would take at least half a month.

However, the King of Inferno still gave the order to retreat and let the human warriors retreat to the 18th city.

Their original goal was to stop the evil spirits and expel them.

Now that the demons had retreated, Lord Fen Mie had no reason to stop them.

Of course, Lord Fen Mie wouldn't let these demons leave so easily.

The moment he returned to the city wall, he looked at the Vermillion Bird Crossbows." Mobilize all the Vermillion Bird Crossbows. Before they leave, give them a gift."

"Yes, sir!"

After receiving Lord Fen Mie's order, the experts in charge of controlling the Vermilion Bird Crossbows quickly took action.

At that moment, the Vermilion Bird Crossbows gathered a large amount of spiritual energy and aimed at the demons. They were waiting for the Lord of Fen Mie's order to entertain these demons.

The changes on the city wall naturally could not escape the eyes of the evil demon leader.

However, the evil spirit did not do anything about it. Instead, it sneered and said,"You've been using us as targets for so long. Do you still want to use us as targets?"

"Fine, I'll let you experience what despair is."

Then, the demon broke a thorn on its left shoulder.

Almost in an instant, the evil demon leader's face was instantly defeated. Drops of blood also dripped from the corner of the evil demon leader's mouth.

However, the evil demon leader couldn't care less about this. He looked at the sky with a fanatical expression. More accurately, he looked at the sky, at the hole that had been torn open.

Under the gaze of the evil demon leader, a dazzling red dot rapidly descended.

Almost in the next instant, the red dot landed on the ground.

A Bloody Thorn Demon emitted a terrifying aura. His eyes were filled with killing intent as he stared at the 18th City.

The moment the Bloody Thorn Demon appeared, Lord Fen Mie's expression changed drastically and he quickly shouted, "Quick, activate the Vermilion Bird Crossbow!"

At Lord Fen Mie's command, the Vermilion Bird Crossbows spat out tongues of fire. Spiritual weapons containing terrifying energy shot towards the Bloody Thorn Demon.

Looking at the spiritual energy ballista that was getting closer and closer to him, the Bloody Thorn Demon had a disdainful expression on his face."

With a casual wave of his right hand, the Bloodthorn Demon summoned a crimson barrier that was ten thousand feet in diameter and appeared in front of the sinister devil.

The spirit weapon ballistae that the King of the Outworld Fiends had to be careful of were easily blocked by this dark red light barrier like a child's toy.

Seeing that the Bloody Thorn Demon had easily blocked so many spiritual energy ballistae, everyone's expressions changed drastically. What level was this fellow at?!

Only Lord Fen Mie's expression didn't change.

Lord Fen Mie knew that the arrangements on the 18th City wouldn't be able to do anything to this guy.

This was an emperor-level demon, and it wasn't just an emperor-level demon. "Alright, Wood Emperor, why don't you show yourself?" The Bloodthorn Demon sneered.

The moment the voice fell, a white-haired old man walked out of City No. 18.

This old man was none other than the foundation of the Taoist Faction, a super expert at the emperor level, the Wood Emperor!

The Wood Emperor looked at the people in the 18th City and smiled. "Blood Demon Emperor, I didn't expect you to appear. What, have you recovered from your injuries from 300 years ago?"

"You!"

Hearing this, the Blood Demon Emperor's eyes were filled with hatred. "Today, I'm here to take revenge for what happened 300 years ago. Wood Emperor, die!"

Then, the Blood Demon King released a terrifying aura that belonged only to a king.

Under this aura, even breathing became a luxury for both demons and humans.

Looking at the people struggling on the city wall, the Wood Emperor smiled and said, "There will definitely be a battle between us, but before that, let the children leave first."

"Don't tell me you want these demon brats to die in the aftermath of our fight?"

The Blood Demon King looked at the evil demons behind him and retracted his aura. "Fine, I'll leave two hours for both sides to retreat."

The Wood Emperor nodded and looked at Lord Fen Mie." Fen Mie, bring everyone away. This battlefield is not something you can interfere in."

"Yes, sir!" Lord Fen Mie nodded and quickly led the human warriors out of City 18.

On the other side, the Evil Demons left the Land of Evil Demons under the leadership of the Evil Demon leader and flew towards the crack in the sky.

Two hours later, the area around City No. 18 was completely cleared.

Seeing this, the Blood Demon Emperor revealed a cruel smile and twisted his neck." Wood Emperor, come!"

"I'm happy to accompany you!"

In a moment, the two emperors fought, and thunderous sounds exploded in the sky.

Even Yang Chen, who was guarding the northern mountain range, noticed the commotion.

Looking in the direction of the 18th city, Chen Yang muttered,""This is...The big shots from both sides have gone on stage?"

When he found out that the crack could allow the emperor level demons to pass through, Yang Chen had a feeling that there would definitely be emperor level experts fighting.

As expected, the battle began.

However, Yang Chen didn't expect the war to come so quickly. It didn't make sense at all.

“Could it be that the demons don’t want to train their troops? Or could it be that there would be many opportunities for the demons to train their troops in the future, so they naturally had to end it quickly to avoid unnecessary casualties?” Yang Chen frowned.

If it was the first possibility, it would be fine. Everyone would naturally live in peace.

However, if it was the second possibility, it would be terrible. With more opportunities to train, didn’t that mean that the Array God’s array wouldn’t be able to hold on for long?

It seemed that his future days would not be peaceful.

Not only did Yang Chen sense the commotion, Sect Leader Liu and the others also sensed the commotion.

“Clan Leader Chen, what should we do?” Sect Leader Liu asked.”

“We definitely can’t participate in a battle of this level. Forget it, let’s continue guarding here.”

Yang Chen thought that it would be better to stay put.

If they participated in a battle between emperors, they would be courting death.

At this moment, a cultivator dressed in Taoist attire ran up from the foot of the mountain.

“Report! Chen Clan Leader, Elder King Fen Mie has ordered you to go to the 19th city. King Fen Mie will be waiting for you there.”

“To City 19?” Yang Chen frowned.” If we leave, we’ll open a path for the demons.””

“What should we do when the demons escape from our place?”

Hearing this, the Taoist Faction went up to the stage and explained, "Reporting to the Chen Clan Leader, the demons have all retreated.""

"They all retreated?"

"That's right."

Yang Chen subconsciously looked at the sky. It seemed that things were getting worse.

"I understand. I'll bring someone over immediately.."

Chapter 543: Exchange for the Reward Flower of the Great Dao

City 19 was also an ordinary city.

If there was any bright spot, it should be that it was not far from the 18th city.

The evil demon disaster that had occurred in City No. 18 had caused the reputation of City No. 19 to enter the ears of many experts.

In the 19th city.

Lord Fen Mie, Lord Xuan Bing, and the Shen family arrived at the 18th city almost at the same time.

As soon as they met, the three parties began to complain.

“Lord Fen Mie, let me tell you, this Evil Demon Calamity is really strange. Even the King of the Outworld Fiends wanted to tear open a hole and escape.”

“In this battle, I used all of my strength to defend against the two King Fiends.

I didn’t have the time to take care of the other warriors.”

“Sigh, I lost 70% of the warriors who came with me.”The Mystic Ice King said with a gloomy expression.

Lord Lord Fen Mie smiled bitterly and said,“My side isn’t any better. Although I have the help of the Vermilion Bird Crossbow, I’ve killed quite a few demons.

But at the same time, our losses were not small.”

“I did a simple check on the way here. Nearly half of the Dao Origin experts have been lost. As for those below Dao Origin, they had lost a total of 90%.”

“This time, everyone has suffered a great loss.”

“The most infuriating thing is that after losing so many of them, we didn’t even manage to kill a single King of Fiendish Demons.”

“It’s not your fault.” Mystic Ice King patted Lord Fen Mie’s shoulder and comforted him,“The scale of our Evil Demon Land isn’t big.”

“Even if the Evil Demon Calamity happens, the scale will be limited. Generally speaking, a King was a top-notch combatant.”

“Under such circumstances, killing a King is easier said than done. You see, we don’t have any King’s Fall either.”

“By the way, Flame Emperor, how’s the situation on your side?”

Seeing that the Mystic Ice King was asking about him, Shen Daokong said slowly, “I’m doing fine. I only lost 30% of my clansmen, which is within my expectations.”

“Only 30%!” “What’s going on?” the Mystic Ice King asked in surprise. “Don’t tell me the evil spirit that went to your side isn’t strong?”

“How can it not be strong?” That was led by an evil demon at the peak of King’s Realm Level 1,” Shen Daokong said with a sigh. “Our Shen family almost died.”

“Then why did your Shen family suffer such a small loss?” Lord Fen Mie was also interested and asked.

Shen Daokong smiled proudly. “It’s because of Yang Chen.”

“Illusory Sovereign?” Lord Fen Mie frowned. “Flame Emperor, please elaborate.”

“There’s nothing special about it. Chen Yang used his Dao to help my Shen family kill that King of the Outworld Fiends.”

“Without the King of the Outworld Fiends, it’s quite easy for me to deal with those ordinary Outworld Fiends.” Shen Daokong laughed.

“Yang Chen killed the King of the Outworld Demons!”

“How is this possible?!” The Mystic Ice King was shocked. Even if Yang Chen had mastered the Illusion Great Dao, he shouldn’t have the strength to kill a King of Outworld Fiends.”

“With Chen Yang’s own strength, it definitely won’t work, but if you use some external items, you can still achieve it.”

Shen Daokong immediately told the Mystic Ice King and Lord Fen Mie about how Chen Yang killed the King of Outworld Fiends.

After listening to Shen Daokong's story, admiration appeared in Lord Fen Mie's eyes." So the Illusory Great Dao can be used like this."

"The Illusory Venerable is quite bold. Isn't he afraid that an accident will happen to him? After all, that was a King of Outworld Fiends!"

The Mystic Ice King also sighed,""From the looks of it, the three of us have been defeated by the illusory Venerable."

The Mystic Ice King looked at Shen Daokong enviously." Your Shen family is really lucky to have such a monstrous existence."

"I helped you break through to the king tier before, and this time, I helped you survive the calamity."

Seeing this, Shen Daokong revealed a smug expression." Hehe, I was lucky. I was just lucky.""

Be envious, be envious. Anyway, there's no such monstrous existence among your descendants.

And there will be many times when you will be envious. Yang Chen's limit is far from being reached.

While the three of them were chatting, Yang Chen led his troops to City 19.

Seeing Yang Chen come over, the three of them went up to him.

Seeing the warriors behind Yang Chen, Lord Fen Mie was shocked.

His essence, energy, and spirit were too high.

Among the troops led by the three of them, even the Shen family, who had suffered the least losses, had a tired expression on their faces. They all planned to quickly end this battle.

However, the martial artists behind Yang Chen were different. Their faces were filled with fighting spirit, and they did not look dispirited at all.

The difference was too great.

“Progenitor Dao Kong, King Fen Mie, King Xuan Bing.” After entering the city, Chen Yang greeted them one by one.

Only then did Lord Fen Mie come back to his senses. He sighed, “Illusory Venerable, you’ve really stolen the limelight this time.”

“There are so many Kings, but none of them managed to kill a King of Fiendish Demons. You’re only at the Daosource Realm, yet you managed to kill one.”

“Lord Fen Mie is too kind.” Chen Yang smiled and shook his head. “This is luck. It’s just good luck.”

“Oh right, Lord Fen Mie, I didn’t use the Grade Two Vermilion Bird Crossbow you gave me. Now, I can return it to its rightful owner.”

As he spoke, Yang Chen took out the second-grade Vermilion Bird Crossbow from his storage pouch.

Lord Fen Mie looked at the Vermilion Bird Crossbow in surprise.. “You didn’t use the second-grade Vermilion Bird Crossbow? Then how did you manage to defend it?”

Chapter 544: Exchange for the Reward Flower of the Great

Dao

"I killed a King of the Outworld Fiends in front of those Outworld Fiends. Seeing the King of the Outworld Fiends die, those Outworld Fiends naturally became fearful and didn't dare to attack our defense line."

"That's why we managed to hold the line of defense without losing much." Yang Chen explained.

"So that's the case. You killed a King of Fiendish Demons...What was that? You killed another King of the Outworld Fiends?"

"What?!" Lord Fen Mie was surprised. "You mean you killed two King Fiends?!" "That's right." Yang Chen nodded. "Speaking of which, these 20 special merit points should be enough to exchange for God Stones."

"Enough, enough."

Lord Fen Mie subconsciously nodded his head, but he still couldn't believe it. "Two King Fiends? Two King Fiends actually died at your hands?"

"In the past hundred years, there have only been three Kings and Evil Demons that have died in the Land of Evil Demons, and you have killed two of them." "Tsk, tsk, tsk. I originally thought that this divine stone was just a formality and that no one here could exchange for it."

"I didn't expect it. I really didn't expect it..."

Lord Fen Mie's sigh made Yang Chen feel a little embarrassed.

Wasn't it just a King of the Outworld Fiends? What was the big deal? If I had more time, I could still kill a few.

Of course, Yang Chen did not say this out loud.

If he said it out loud, all the Kings present would probably find a hole to hide

in.

“Oh right, Lord Fen Mie, why did the battle last so quickly?” Yang Chen asked. Hearing this, Lord Fen Mie took a deep breath. “I’m not too sure either, but I’m sure that the demons are up to no good.”

“Perhaps the future calamity of the Evil Demons will become a normal occurrence.”

Speaking up to this point, Lord Fen Mie laughed, “I’m just joking. Don’t take it seriously. How could it be normal? The Array God would never allow it.” Although the Lord of Fen Mie said that he was joking, Yang Chen heard it in his heart.

This was not much different from his own judgment. Even if it would not become normal, it would definitely be even more difficult to defend the Evil Demon Land in the future.

Thinking of this, Yang Chen was eager to exchange for the God’s Stone. With the help of the divine stones, he should be able to cultivate faster.

Strength was the capital to face danger in the future.

Just as the four of them fell into silence and were worried about the future, a deafening sound suddenly erupted in City No. 18.

Immediately, the four of them looked at the 18th city. Unfortunately, City No. 19 was too far away from City No. 18. They didn’t know the exact situation.

All they saw was a hundred thousand feet shadow of a demon appearing and disappearing in the next instant.

However, after the appearance of the demonic shadow, the battle calmed down, as if everything was over.

Of course, the three of them were not in a hurry to go over and waited for the Wood Emperor's notification.

After all, if they went over rashly, who knew if they would disrupt the Wood Emperor's plans?

About an hour later, the Wood Emperor appeared in front of everyone/ "Bring everyone to Dao City to recuperate. At the same time, it will be convenient for them to exchange for resources."

Then, the Wood Emperor's figure disappeared.

Although everyone had a belly full of questions, they could only do as they were told and obediently follow the Wood Emperor's instructions.

In Dao City.

After a few days of traveling, they successfully arrived at Dao City.

Dao Sect did not send them to guard the city. Instead, they let them recuperate in Dao City for a few days. When they recovered, they would exchange for treasures to guard the city.

During this period, the Taoist Faction would send experts to support the cities that each force was responsible for guarding.

In the Chen family's compound.

Yang Chen was sitting in the middle of the courtyard, tasting tea leaves with Shen Daokong.

At this moment, Lord Fen Mie walked in, "Venerable Illusion, the ancestor wants to see you."

“Lord Wood Emperor wants to see me?” Yang Chen placed the teacup on the stone table in astonishment. “Lord Fen Mie, do you know what the Wood Emperor has ordered?”

“I don’t know about that. However, since you’ve killed two King Fiendish Demons, Lord Wood Emperor naturally wants to see you.” -Maybe I’ll help you exchange for Godstones. Haven’t you always wanted to exchange for them?”

Speaking of the God Stone, Lord Fen Mie couldn’t help but envy Yang Chen.

Even he had never used this Godstone before.

Never mind using it, he had never even seen it before. Now, Yang Chen was one step ahead of him and enjoyed the divine stone.

Hearing that there was a possibility of exchanging for God’s Stones, Yang Chen was also interested and quickly said, “Alright, I’ll go with you now.” Chen Yang followed Lord Fen Mie to a courtyard in the north of Dao City. Standing outside the courtyard, Lord Fen Mie said to Yang Chen, “Go in by yourself. The ancestor is waiting for you in the courtyard.

Hearing this, Yang Chen took a deep breath, pushed open the courtyard door, and slowly walked in.

When he reached the courtyard, Yang Chen realized that the person waiting for him was not just the Wood Emperor.

There were three other people sitting around the stone table with the Wood Emperor.

Chen Yang recognized one of the three. It was Emperor Lishui of the Vermillion Bird Holy Tribe.

As for the other two elders, Yang Chen did not recognize them. However, since they were able to sit together with the Wood Emperor and the Lishui Emperor, they were obviously two emperors.

Chen Yang immediately stepped forward and bowed.”

“Illusory Sovereign, there’s no need to be so polite.” The Wood Emperor stretched out his hand and used his Holy Qi to help Yang Chen up. He then smiled and said,““Venerable Illusion, let me introduce you..”

Chapter 545: Exchange for the Reward Flower of Dao

I

“This is Emperor Lishui of the Vermillion Bird Holy Clan, this is Emperor Scorching Sun of the Vermillion Bird Holy Clan, and this is Emperor Dark Shadow of the Vermillion Bird Holy Clan.’1

After introducing the three emperors of the Vermillion Bird Divine Tribe to Chen Yang, the Wood Emperor smiled and said,““I heard that you killed two Kings of the Outworld Fiends?”

“I was lucky to kill two King Fiendish Demons.’Yang Chen said in a neither servile nor overbearing manner.

” Monster!” Emperor Lishui praised.” Monster! Monster!”

When we were your age, we couldn’t even fight against the King of the Outworld Fiends, let alone kill them.”

In this aspect, you are much stronger than us.”

“Alright, let’s not talk about this anymore. I invited you over today to help you exchange for divine stones.

The exchange price for this Godstone is ten special merit points for one piece. Do you want to exchange it?”

Yes! Yang Chen nodded. Only a fool wouldn't exchange for it.

Alright then, bring your contribution token over." Lishui Emperor laughed. Seeing this, Yang Chen came to the stone table and presented the merit token with both hands.

After receiving the merit token, Emperor Lishui did a simple operation and then handed it to Yang Chen.

However, the number that represented the special merit points in the merit point token disappeared again.

After deducting the special merit points, Emperor Lishui took out a box made of ancient wood from his storage ring.

The box emitted a delicate fragrance and looked extraordinary. Of course, the main point was not the box, but the contents of the box. After Emperor Lishui opened the box, two golden stones stood inside. This golden stone emitted a dense spiritual energy. Even if one took a breath, the experts on the stage would immediately break through.

As for the divine Qi contained in the golden stone, it was a treasure that even gods needed.

"This is the Godstone. "Looking at the divine stone in the box, the Lishui Emperor could not help but reveal a greedy expression.

In the blink of an eye, the Lishui Emperor wiped away his greed and looked at Yang Chen with a smile.

Hearing this, Yang Chen took the box and touched it a few times before putting it into his bag of holding.

After doing all this, Yang Chen looked at the four emperors again." Is there anything else, my lords?"

"No." The Wood Emperor waved his hand, signaling Yang Chen to leave. Seeing this, Yang Chen bowed again and left the courtyard.

Looking at Yang Chen's back as he left, the Lishui Emperor couldn't help but say, "This future belongs to them."

"I wonder if the demons will give them time to grow."

Hearing this, the three of them looked worried. "We don't have time, but we have to buy time for them."

"That's right. Although the evil god's phantom appeared this time, it's still not the same.

But that didn't mean that the evil god could break through the array. Perhaps the array god could resist for a long time."

"Moreover, any genius who can become a god and advance to the divine realm won't take too much time."

The Array God can still hold on for this period of time. If he couldn't break through, then it would be useless no matter how long the Array God held on." "Let's see if this Chen Yang is like what the Heavenly Secret Saint said, the hope of our Alkaid World."

After returning to his own house, Yang Chen opened the box impatiently and began to absorb the God's Stone.

As soon as he absorbed it, the dense divine energy almost burst Yang Chen's meridians and dantian.

Fortunately, Yang Chen stopped in time and was not injured.

After putting the God's Stone back into the box, Yang Chen said with some lingering fear, "It seems that if I want to absorb the divine stone, I have to at least adjust my body to its peak."

"Whatever. The reason why the Taoist Faction asked us to stay in Dao City is to heal our injuries. I think we should wait until we've fully recovered before we return to City 32 to absorb the divine stones."

In the following period of time, Chen Yang and the Chen Clan stayed in Dao City for a full month.

Among them, Yang Chen's injuries had completely healed half a month ago. As for why he didn't leave, it was because he was waiting for others to heal. Now that a month had passed, everyone's injuries had completely recovered. Seeing this, Yang Chen felt that it was time to leave this place and return to City 32.

However, before leaving, Yang Chen still had to exchange his merit points. As for his clansmen, they didn't have many merit points. They could go back to City 32 to exchange for more.

Merit Hall.

After arriving at the area where he could exchange for treasures with millions of merit points, Yang Chen began to examine the treasures on the blue light screen.

There weren't many people lining up for the one million merit points. Yang Chen also made use of his time to search for treasures that he was satisfied with.

After searching for a while, Yang Chen managed to find three treasures that were worth less than two million merit points.

The first treasure was a second-grade Saint Pill, the Void Piercing Pill. Its effect was very simple. It could raise the cultivation of Kings below the fourth level of Void Piercing by one level.

The value of this sacred pill was extremely precious to the king tiers in the lower levels of Void Piercer.

Even if Yang Chen had the inheritance of the Universe Saint and had no bottlenecks in his cultivation, he still needed this pill badly.

Even if there was no bottleneck, it would still take a lot of time to increase his cultivation by one level.

With this pill, he could completely save time.

Moreover, even if Yang Chen didn't need this pill, he could still trade it for it. After all, the matter of his cultivation method hadn't been resolved yet, and an additional treasure meant an additional bargaining chip.

The second treasure was a second-grade spirit herb called the Flower of Dao.

The Flower of the Great Dao was a specialty of the Land of Evil Demons. It had been watered by the aura of the Great Dao for a long time..

Chapter 546: Exchange for the Reward Flower of Dao

The effect of the Flower of Dao was also very simple. It helped martial artists comprehend the Great Dao.

According to the introduction of the blue light screen, this Great Dao Flower was equivalent to 500 Great Dao Crystals.

Moreover, the most important thing was that the time it took to absorb this Great Dao Flower was equivalent to the time it took to absorb 100 Great Dao Crystals.

This also saved a lot of time in comprehending the Great Dao.

If he had the Flower of Dao, Yang Chen would be able to comprehend the second realm of the Illusory Great Dao within a short period of time.

The third treasure was a second-grade Saint Pill called the Nine Revolutions Golden Pill.

This medicinal pill was not a medicinal pill that aided cultivation, but a healing sacred pill.

With this pill, no matter how serious the injury was, as long as there was still a breath, the Nine Transformations Golden Pill could be saved.

The reason why Yang Chen was interested in this Nine Transformations Golden Pill was because the Land of Evil Demons was filled with danger. No one could guarantee that they would not be seriously injured.

However, this pill had some protection.

“I want all three of them. Unfortunately, I don’t have enough contribution points, so I can only choose one or two.”Yang Chen sighed.

After hesitating for a while, Yang Chen made up his mind.

Soon, it was Yang Chen’s turn to exchange for treasures.

“Sir, what do you want to exchange for?”The maid bowed respectfully.

“I want to exchange for the Flower of Dao.”

Chen Yang thought about it and decided to exchange for the Flower of Dao.

The reason was very simple. Regardless of whether it was the Void Piercing Pill or the Nine Transformations Golden Pill, they were good, but Chen Yang could not use them at the moment.

Now that the Land of Evil Demons was filled with wind and clouds, who knew if any accidents would happen?

In order to ensure his own safety, it was better to raise his strength to the king level first.

The purpose of buying the Flower of Dao was to push the Great Dao to the second stage.

Moreover, after entering the second stage, Yang Chen could turn himself into an illusion without activating the illusory holy pulse.

If he activated the illusory holy pulse, even if the enemy used the Great Dao to suppress him, Yang Chen could still make himself illusory.

In short, based on the current situation, it was not a bad choice to exchange for the Flower of Dao.

After hearing that Chen Yang wanted to exchange for the Flower of Dao, the maid nodded slightly." Please wait a moment.""

Then, the maid turned around and left.

Not long after, the maid came to Yang Chen with another box. The box contained the Flower of Dao.

When Yang Chen saw the Flower of Dao in the box, the maid smiled and said,""Sir, please give me the merit token. I want to deduct merit points."

Hearing this, Yang Chen handed over his merit token.

After the maid finished deducting the merit points, Yang Chen put away the merit token and the Flower of Dao, turned around and left the Merit Hall.

After returning to the courtyard where the Chen family lived, Chen Yang brought the Chen family back to City 32 on the spiritual beast of the Shen family.

After returning to the city, Yang Chen first understood what had happened in the city. After making sure that nothing major had happened, Yang Chen officially started his seclusion.

In a secret chamber, Yang Chen took out the Flower of Dao. After a moment of hesitation, he began to absorb the aura of the Great Dao inside the Flower of Dao.

The aura of the Great Dao surged into Yang Chen's mind, and his understanding of the Illusory Great Dao rapidly improved with the help of the aura of the Great Dao.

A year later.

In the secret chamber, Yang Chen's body was constantly changing.

Of course, it wasn't a change in color, but the intertwining of reality and illusion.

In this intertwining of reality and illusion, Chen Yang slowly opened his eyes."

I didn't expect this Flower of Dao to be so useful."

In a year, I've already comprehended the second realm of the Illusory Great Dao."

"Of course, the Illusory Divine Pulse also played a big role in this. Without the help of the Illusory Divine Pulse, I'm afraid I wouldn't have been able to comprehend the second stage so quickly."

"But no matter what, I've already broken through the shackles of the Great Dao."

"Next, it's time to increase my strength."

Then, Yang Chen took out the God Stone from his storage bag. When his body was at its peak, he began to absorb the Divine Qi from the God Stone.

The sun rose and the moon set. The sun disappeared and the moon appeared.

As time passed, Yang Chen's strength also increased rapidly..

Chapter 547: Chen Yang's Breakthrough in Exchange for a

Cultivation Technique

In the Land of Evil Demons, there was night and day.

However, due to the dark red aura in the sky, it was not bright during the day and not dark at night. It looked very strange.

The only time that looked like the outside world was probably the sunset when black and white alternated.

The dark red aura blended perfectly with the sunset, making it look no different from the outside world.

Looking at the sunset could also relieve the sorrow of homesickness.

On the 18th city wall, Chen Xuan looked at the sunset and gradually became a little fascinated.

After the sunset disappeared, she came back to her senses with some pity.

Then, Chen Xuan looked at the City Lord's Estate and muttered to himself, "It's been two years, but the patriarch still hasn't shown any signs of coming out of seclusion."

"Fortunately, in the past two years, no powerful demons have descended from the 18th city. Coupled with the family head's subdued beasts, there have been no accidents."

“It’s just that cultivating in the Land of Evil Demons always gives people a feeling of unease.”

“I still hope that the Patriarch can end his seclusion soon.”

While Chen Xuan was muttering to himself, in a secret chamber in the City Lord’s Estate.

Yang Chen slowly opened his eyes. The moment he opened his eyes, a terrifying aura emanated from him.

In the blink of an eye, the aura was absorbed by Yang Chen.

After twisting his neck slightly, Yang Chen revealed an excited look. “I didn’t expect that I would have broken through to the peak of the Origin of Dao in just one year of cultivation.”

“As expected of a divine stone. With my divine meridians, I can advance so quickly at the Dao Origin realm.”

“And most importantly, I only absorbed half of the divine energy from this divine stone. “After I break through to the Space-Piercing Realm, it should be able to help me cultivate for a period of time.”

“Before that, let’s settle the matter of the cultivation technique first.”

The inheritance that Yang Chen had comprehended could allow him to cultivate to the seventh layer of the Sky Piercing Realm. He didn’t need to receive any more inheritances for a while.

At the same time, he had also comprehended the second stage of the Great Dao. Now, the only obstacle in front of Chen Yang was this cultivation technique.

Thinking of this, Yang Chen slowly got up and pushed open the door of the secret room.

After coming out of seclusion, Chen Yang went straight to Chen Xuan's side. After communicating with Chen Xuan, he rode a Golden Crow and left City No. 18.

This trip was naturally to go to the Beast Tamer Sect to exchange for the next stage of the cultivation technique.

But before that, Yang Chen had to make a trip to the city that the Shen family was guarding.

Shencheng.

As the largest city among the ten cities guarded by the Shen family, most of the Shen family's experts were gathered in the Shen city.

This included the new king tier of the Shen family, Shen Daokong.

Outside the City Lord's Mansion, Yang Chen looked up at the plaque on the door of the City Lord's Mansion. After confirming that he had not come to the wrong place, he took a step forward and said, "This guard, please inform everyone that Chen Yang is seeking an audience with the Flame Emperor."

"I'm sorry. Wait, what did you say your name was, Yang Chen?" The gatekeeper wanted to refuse, but he suddenly discovered something amazing and asked excitedly, "Are you Chen Yang, the head of the Chen family?"

"That's right, it's me." Yang Chen smiled.

Seeing that Yang Chen had admitted his identity, the gatekeeper's face became even more excited. "You're really the Chen Family Head!"

"Patriarch Chen, you are our idol. Everyone has heard that you saved the Flame Emperor and killed the King of the Outworld Fiends by yourself."

“Chief Chen, I...”

After seeing his own idol, the gatekeeper seemed to not even know how to speak. He kept stammering and didn't know what to say.

Seeing this, Yang Chen smiled and patted the Gatekeeper's shoulder, “Cultivate well. In the future, you might be able to kill King level Outworld Fiends.”

“Right, I have something urgent to discuss with Patriarch Dao Kong. Please help me inform him.”

“Alright, I'll be right there.”

Immediately, the gatekeeper disappeared.

Seeing this, Yang Chen waited patiently.

After the time it took to brew a cup of tea, a hearty laugh sounded. “Hahaha, Yang Er, why do you have time to come here today?”

Accompanied by hearty laughter, Shen Daokong walked out of the City Lord's Estate.

After arriving beside Yang Chen, Shen Daokong patted Yang Chen's shoulder excitedly. However, in the next moment, he was stunned on the spot.

“Yang 'er, your cultivation level...”

“Shh.” Yang Chen made a hand gesture to lower his voice and smiled, “Progenitor Dao Kong, may I have a word with you?”

“Yes, yes, yes. Yang 'er, come with me. Today, you should have a good taste of my Shen family's spiritual tea.” Shen Daokong suddenly realized that this was indeed not the place to talk.

Immediately, Shen Daokong brought Yang Chen to the reception hall of the City Lord's Mansion.

After the servants and other members of the Shen family were expelled, Shen Daokong asked impatiently, "Yang 'er, I haven't seen you in a few days. How did you break through to the peak of the Dao Origin?"

"Didn't I exchange for a divine stone? The divine qi of this divine stone is extremely pure, so it naturally increases my cultivation speed by quite a bit." Yang Chen smiled.

"A divine stone?" Shen Daokong had a yearning look on his face. "If there's a chance, I want to exchange for one too. I want to see how powerful this Godstone is."

"There will be a chance." Yang Chen smiled and said, "Progenitor Dao Kong, I came here today because I want the Shen clan to recommend the Beast Tamer Sect."

"I plan to make a deal with the Beast Tamer Sect in exchange for the Space-piercing cultivation technique of the Ten Thousand Beast Technique."

"It's not a big deal. I can bring you to the Beast Tamer Sect directly." Shen Daokong smiled when he heard that.

"But before that, we have to make a trip to Dao City and report to the Dao Sect. We also have to get the Dao Sect to send experts to help us guard the city.."

Chapter 548: Chen Yang's Breakthrough in Exchange for the Cultivation Technique (2)

Then, the two of them left Shencheng together.

After reporting to the Dao Sect, the two of them first received the token to enter the Land of Evil Demons and then left.

In the northern part of the Hidden Dragon Region, under a spiritual mountain.

Below this spiritual mountain, many proud sons of heaven gathered.

Some of these geniuses were strong, while others were weak. However, they all had one thing in common, and that was that they were all beastmasters who had cultivated beast taming techniques.

These genius beastmasters were all gathered at the foot of the spirit mountain, looking at it anxiously.

To be precise, he was looking at the sect on the Spirit Mountain.

“How many spots do you think the Beast Tamer Sect will recruit disciples this time?” A genius couldn’t help but ask the person beside him.

“Heh, you asked the right person. I and you said, and you and I were the deacons in charge of recruiting disciples.”

“He secretly told me that the Beast Tamer Sect is only recruiting 1,000 disciples this time.” The person beside him said proudly.

“A thousand people! There were nearly 100,000 geniuses here, and the Beast Tamer Sect only recruited 1,000 people?”

“This is very normal. The Beast Tamer Sect is a fourth-rank force after all.”

“This time, it’s not too bad. We were able to select one out of a hundred people. I remember the cruelest time, only one out of ten thousand people was selected.”

“You have to know that those who can come to the Imperial Beast Mountain to accept the final assessment, which one of them isn’t a one in ten thousand genius?”

Hearing this, the other geniuses nodded.

This was the Beast Tamer Sect, a fourth-rank force!

Isn’t it normal for the selection to be stricter?

After all, the Beast Tamer Sect was one of the three major fourth-rank forces in the Hidden Dragon Region. No force dared to underestimate it!

Just as the group of geniuses were anxiously waiting for the selection to begin, many Beast Tamer Sect elders suddenly arrived at the Beast Tamer Sect’s mountain gate.

Seeing this, the geniuses looked at the elders in surprise.

“What’s going on? It’s still time for the selection to begin.”

“Moreover, even if we were to recruit disciples, there’s no need for so many elders, right?”

“Could it be that there’s some amazing existence in this batch of disciples that shocked the Beast Tamer Sect, causing such a huge commotion?”

“Who knows, maybe.”

Faced with the changes on the mountain gate, the geniuses could only make this guess.

What happened next dispelled everyone’s guesses.

This was because not only were the elders gathered at the mountain gate, but even the Beast Tamer Sect's sect master had come out.

Moreover, these elders were divided into two teams. It was obvious that they were going to welcome someone.

The geniuses who knew what the Beast Tamer Sect meant became curious. Who was it that could make the Beast Tamer Sect welcome him so solemnly?

Not long after, his doubts were resolved.

Under the gazes of the geniuses, a Golden Crow flew to the mountain gate.

A middle-aged man and a young man walked down from the Golden Crow.

The moment the two of them appeared, a deafening welcome rang out in the Beast Tamer Sect." Welcome, Flame Emperor! Clan Leader Chen has come to our Beast Tamer Sect!"

Flame Emperor!

Hearing the Beast Tamer Sect's address, everyone finally reacted. So it was the King's Arrival.

No wonder the Beast Tamer Sect treated him so seriously. This was a king!

As for the Chen Clan Leader, he should be the clan leader of some great world. At the very least, he would not be weaker than the Beast Tamer Sect.

It was just that these geniuses racked their brains and could not remember that there was such a big family with the surname Chen in the Hidden Dragon Region.

Of course, they certainly did not know that the Chen family, which they called a big aristocratic family, was only a fifth-grade.

On the mountain gate.

Looking at the Beast Tamer Sect with such great fanfare, Chen Yang smiled and said, "Sect Master, you're too polite. Why are you making such a big fuss?"

"Sigh, it has to be like this." "The Flame King has graced us with his presence, so we naturally have to treat him with respect."

"As for the Chen Clan Head, he has personally killed a King of Outworld Fiends. We naturally have to welcome him."

"Alright, Flame Emperor, Chen Clan Leader, please follow me into the sect."

With that, Wang Zhao welcomed Chen Yang and Shen Daokong into the Beast Tamer Sect's reception hall.

After arriving at the reception hall, Wang Zhao went straight to the point and said, "I already know why the two of you are here. My Beast Tamer Sect can offer this cultivation technique to you with both hands."

Hearing this, Chen Yang smiled and said, "Thank you, Sect Master. I wonder what the Beast Tamer Sect's conditions are.""

"My Beast Tamer Sect's condition is very simple. 1,000 Great Dao Crystals or 5,000,000 merit points are fine." Wang Zhao said.

Hearing this, Shen Daokong laughed. "Sect Master Wang is asking for an exorbitant price. 5,000,000 contribution points. This is far more valuable than a third-grade cultivation technique.""

“Flame Emperor, you can’t do that.”

“If it was an ordinary third-grade cultivation technique, it wouldn’t be worth five million merit points. However, my Beast Tamer Sect’s Ten Thousand Beast Art originated from an ancient cultivation technique.”

“The Vermillion Bird Holy Clan even has the Ten Thousand Beast Technique.”

“If the Chen Clan Leader can obtain an ancient cultivation method and cultivate it without any hindrance, just based on this point, the Ten Thousand Beast Technique will be clearly different from ordinary third-grade cultivation methods.”

Shen Daokong remained silent.

Wang Zhao was right. The Ten Thousand Beast Technique had a distinct advantage over other third-grade cultivation techniques.

That was, the Ten Thousand Beast Technique could continue to be upgraded.

As for the other third-grade cultivation techniques, reaching Space-Breaking was already the limit. If he wanted to continue improving, he would have to re-cultivate the cultivation technique.

The time lost during this period was calculated in thousands of years.

However, Shen Daokong couldn’t make the decision on this matter. It was still up to Yang Chen..

Chapter 549: Chen Yang’s Breakthrough in Exchange for the Cultivation Technique (3)

Shen Daokong immediately looked at Yang Chen.” Yang Er, what’s your plan?”

“Five million is fine.” Chen Yang nodded. “However, I don’t have so many merit points at the moment. I hope the Beast Tamer Sect will forgive me for a few years.””

Hearing this, Wang Zhao smiled. “What are you talking about, Chen Clan Head? I can still afford to wait for this bit of time.””

“How about this? In another 80 years, our Beast Tamer Sect will take over the Shen family’s duty to guard the Land of Evil Demons.”

“At that time, the Chen Clan Leader can give us the merit points. As for this cultivation technique, please accept it, Chen Clan Leader.”

As he spoke, Wang Zhao took out a jade slip from his storage ring and handed it to Yang Chen.

Obviously, Wang Zhao had already prepared this cultivation method and did not intend to let Chen Yang repay the merit points now.

Seeing this, Yang Chen took the jade slip and said with a smile, “I’ll remember the kindness of the Beast Tamer Sect.”

It was already very kind of him not to force Yang Chen to hand over the merit points now. This was obviously a favor for Yang Chen.

After settling the matter of the cultivation method, Yang Chen had no reason to stay any longer.

Immediately, under Wang Zhao’s farewell, the two of them left the Beast Tamer Sect and returned to the Land of Evil Demons.

After returning to the 18th city, Yang Chen started his closed-door cultivation without stopping.

Now that he had the cultivation technique, it was time for him to try breaking through to the King realm.

Time passed slowly. Unknowingly, half a year had passed.

Half a year later, Chen Xuan was in the meeting hall discussing the matter of the 18th city with the Chen family's elder.

Suddenly, a terrifying aura came from the City Lord's mansion.

Sensing this aura, Chen Xuan's expression changed drastically. He hurriedly shouted, "Quickly inform the clansmen to stay away from the City Lord's Estate!"

With that, the group of elders left the city lord's mansion as if they were running for their lives.

Just as they left the City Lord's Mansion, bolts of lightning gathered in the sky.

These purple thunderbolts contained the power to destroy everything. Even a peak Dao Origin expert might not be able to withstand any of the thunderbolts.

On the city wall, Chen Xuan looked at the thunderclouds that looked like the end of the world with lingering fear.

"Can the Patriarch overcome such a lightning tribulation?"

The moment Chen Xuan's worried voice appeared, Chen Yang jumped out of the city lord's mansion and welcomed the great tribulation that he had to experience to break through to the King realm.

Kacha!

A series of thunderous sounds rang out. Just hearing this sound was enough to scare the Chen family.

The pressure that Chen Yang was under under under this lightning tribulation was imaginable.

Looking at the Thunder Tribulation in the sky with a serious expression, Chen Yang mobilized all the Holy Qi in his body." I didn't expect this Space-Breaking Tribulation to seal my own Great Dao.""

"Looks like my plan to rely on the illusory Great Dao to resist the lightning tribulation is going to fail."

"Wait a minute."

Suddenly, Yang Chen seemed to have thought of something." I can't use this illusory Great Dao, but I should be able to use the ability of the illusory Divine Meridian in my body."

Thinking of this, Yang Chen couldn't help but get excited.

If he could use the power of his holy pulse, wouldn't he be able to easily overcome the nightmare of the Space-Breaking Kings and the legendary Space-Breaking Tribulation?

He did as he was told.

The moment the first lightning bolt struck down, Yang Chen's black hair turned a demonic purple. At the same time, he became like a phantom.

Whether or not he could safely pass through the Space-Breaking Tribulation depended on this!

Under Yang Chen's slightly nervous gaze, the lightning pillar was getting closer and closer.

In the end, the lightning pillar passed through Yang Chen's body and struck the City Lord's Mansion.

In that instant, the City Lord's Mansion turned into ruins.

Success!

He did not expect that this divine pulse could have such a wonderful effect during the tribulation.

It was no wonder that none of the monsters with the holy pulse had ever failed to transcend the tribulation.

The ability in each divine pulse was the best help for these monsters to resist the great tribulation!

After knowing that he could safely transcend the tribulation, Chen Yang also relaxed. He looked up at the lightning, as if he was mocking why the lightning pillar was descending so slowly.

The lightning tribulation seemed to be angry as well. It struck down one lightning pillar after another. From the looks of it, it didn't seem to want to leave Yang Chen any chance of survival.

However, for Chen Yang who had the illusory holy pulse, these lightning tribulations that were enough to make the Void Piercer King tremble in fear were not a big deal.

Bolts of lightning passed through Yang Chen's body and struck the mayor's mansion.

Not long after, the City Lord's Estate had completely disappeared, being struck into powder by this lightning tribulation.

The lightning tribulation seemed to know that it couldn't do anything to Chen Yang, so it casually struck twice and ended it hastily.

The Thunder Tribulation dissipated, and a seven-colored light appeared, improving the quality of Yang Chen's Holy Qi and all aspects of his physical fitness.

The Holy Qi in his body was also compressed rapidly, becoming purer and richer.

At the same time, a stream of spiritual energy was absorbed into Yang Chen's body to fill the empty space in his dantian.

Chen Yang had become the Void Piercer King today!

After the breakthrough, Chen Yang came to Chen Xuan.

Seeing this, Chen Xuan hurriedly congratulated the other

elders,"Congratulations, Clan Head, for breaking through to the Void Piercer King Realm!"

"Not worth mentioning, not worth mentioning."

Although Yang Chen said that it didn't matter, the smile on his face revealed the excitement in his heart.

After a while, Yang Chen stopped smiling and coughed twice." Cough cough, Great Elder, go inform the people in the Merit Hall and tell them to inform the Taoist Faction of my breakthrough."

"Also, let the Taoist Faction send people over to rebuild the City Lord's Mansion."

Yang Chen had no intention of hiding the news of his breakthrough. There were people from the Merit Hall the moment he arrived. The commotion of his breakthrough breakthrough was so huge that it was impossible to hide it.

Secondly, he had the favor of the Tianji Saint. No matter how monstrous his performance was, there would not be a situation where the wind would destroy the tree that stood out in the forest.

On the contrary, the more monstrous Yang Chen was, the safer he would be.

Because only then could he attract the attention of the Saints.

“Yes, sir!” After hearing Chen Yang’s order, Chen Xuan cupped his hands and immediately jumped off the city wall with an excited expression, rushing towards the Merit Hall.

Yang Chen stood with his hands behind his back, looking at the dark red sky and muttering to himself, “Now that you’ve broken through to the Sky Piercer realm, you should have the strength to protect yourself in the future..”

#### Chapter 550: The Evil Demon’s Strange Movements

Dao City, in a quiet courtyard.

In the Land of Evil Demons, especially in the largest city, Dao City, it was not easy to find a quiet place.

But it was not easy, and it was relative.

For the ancestor of the Dao Sect, the Wood Emperor, who had ascended the throne, it was relatively easy to find such a quiet courtyard to cultivate.

In the courtyard.

The Wood Emperor poured a cup of tea for the Lishui Emperor, who was sitting beside the stone table. “Lishui Emperor, the Evil Demon Calamity has just ended. Why is it here again?”

“This is obviously against the rules. The Array God didn’t resist?”

Hearing the Wood Emperor’s complaint, the Lishui Emperor smiled and said, “Oh, Wood Emperor, the Array God naturally has his considerations for doing this.”

“And last time, didn’t you guys win a complete victory? Not only did he not kill

a king tier, he even killed two king tiers.”

“What kind of victory is that?”

“We didn’t suffer any losses at the king level, but what about those below the king level?” the Wood Emperor said disdainfully.”

“We’ve lost nearly half of our warriors below the King level. We should have been resting, but how can we endure another Evil Demon Calamity?” Seeing that the Wood Emperor would not give up until he figured it out the Lishui Emperor sighed and said,“Sigh, to tell you the truth, this is also the Array God’s helpless action.”

“Helpless?”

The Wood Emperor frowned and said worriedly,“Could it be that there’s something wrong with this array?”

“That’s right.” Emperor Lishui nodded.” According to the Array God, the array can’t unleash much power.”

“That evil god also saw the exhaustion of the formation, which was why he attacked the land of demons so crazily.”

” Because the Heretic God knew that the final battle would arrive soon. Before that, it had to train a large number of soldiers that could fight.”

“Although the Array God also wants to stop it, he is powerless. Once the Array God personally stops it, without the commander of the Array God, I’m afraid that the array will collapse in the next moment.”

Hearing the Lishui Emperor's explanation, the Wood Emperor nodded helplessly." I understand now. Our Dao Sect will take on this evil demon calamity."

"How big is this scale and where will it be launched?"

"The scale shouldn't be too big. According to the Formation God's estimation, there shouldn't be any emperor demons. Of course, just in case, you still have to stay on the battlefield."

"As for the location, it's City 32." Lishui Emperor said.

"City 32?" Wood Emperor hesitated.

When the Lishui Emperor saw this, he asked in confusion,""Why? Is there something special about City 32?"

"You don't know." The Wood Emperor took a deep breath." City 32 is the city guarded by Yang Chen."

"You know how important Chen Yang is. I'm afraid that if something happens..."

"Wood Emperor, you worry too much."

After learning the reason for the Wood Emperor's hesitation, the Lishui Emperor smiled and said,""Chen Yang also participated in the last demon disaster, but nothing happened, right?"

"Chen Yang is very important, but those Gods and Saints have all been through many hardships. Protecting them blindly will only delay them."

Hearing Lishui Emperor's words, Wood Emperor knew that he couldn't protect Chen Yang too much.

This Evil Demon Calamity was filled with both danger and opportunity. If he made good use of it, soaring to the heavens was not a dream.

Just as the Wood Emperor was about to agree, someone knocked on the door of the courtyard.

“Dong dong dong!”

Forefather, it’s me. I have important information to report.”

“Sect Master is here. Come in.” the Wood Emperor said.

After pushing open the door of the courtyard, the sect master went straight to the stone table. After bowing to the two emperors, he said,“Patriarch, Lord Lishui Emperor, Chen Yang has broken through to the King realm.”

“What?”

“Yang Chen broke through to the king tier?” The Lishui Emperor asked incredulously. Is the news true?”

It’s true.”” Yes.” The Dao Sect Master nodded.” Many people have seen the lightning tribulation of the breakthrough.”

Upon hearing this, the Lishui Emperor looked at the Wood Emperor in shock.”

Oh my god, the speed of his breakthrough is so fast!”

The Wood Emperor was also shocked.” I was worried about Yang Chen’s safety

Now, it seems that this kind of monster is not human.””

“The Void Piercer King broke through just like that?”

“However, this is also a good thing. This way, I can be more at ease in letting

Chen Yang preside over this Evil Demon Calamity.”

At this point, the Wood Emperor smiled and looked at the sect master of Dao

Sect.” Sect Master, ask the Mystic Ice King to go to City 32.”

“Firstly, I’m here to congratulate Yang Chen on behalf of our Dao Sect.

Secondly, I’m here to inform Yang Chen about the Evil Demon Disaster and let

him be the commander of this Evil Demon Disaster.”

“Yes, sir!”

The Dao Sect’s sect master replied and retreated.

After the sect master left, the Lishui Emperor and the Wood Emperor looked at each other and sighed at the same time.””In a world of great strife, there are many monstrous geniuses.”

City 32.

It had been half a year since Yang Chen broke through to the Void Piercer King Realm. 6

In this half a year, Chen Yang guarded City 32 while waiting for news.

This information was the energy accumulated by the Dao Integration Pearl.

When the Leviathan Dragon broke through, the Dao Integration Pearl was already accumulating energy at an extremely fast speed.

In about six years, he would be able to forge another Spiritual Paragon level subdued beast.

And now, Chen Yang had broken through to the King realm, and the Chen family's luck had broken through to a fourth-rank family.

The speed at which he accumulated energy had increased by a lot.

Now, after half a year of waiting, his energy value had reached 20 million. He

could upgrade another spiritual beast..
