

Tamer Family 551

Chapter 551: The Evil Demon's Strange Movements (2)

After receiving this news, Chen Yang first let Chen Xuan guard the city while he came to the Land of Evil Demons, a desolate place.

After ensuring that there were no humans or demons around, Yang Chen released the red dragon.

The reason why he chose the red dragon was simple. The red dragon's bloodline was that of a spirit beast, but it was because it was congenitally deficient.

When the Red Dragon broke through to the Demon Sovereign Realm, Yang Chen had already used the Dao Integration Pearl to make up for the Red Dragon's congenital deficiency.

Now that his red dragon bloodline had reached the level of a spirit beast, he had some energy left to upgrade his bloodline.

After releasing the red dragon, Yang Chen opened his right hand. The Dao Integration Pearl emitted a seven-colored light and slowly appeared on Yang Chen's right palm.

"Dao Integration Pearl. The Red Dragon's cultivation will be raised to the Spiritual Venerable Realm."

Following Yang Chen's order, a large amount of energy surged out of the Dao Integration Pearl.

This energy did not stay for long and quickly poured into the red dragon's body.

"Roar!"

The red dragon let out a dragon roar and began to endure the pain, waiting for the energy to increase its strength.

As time passed, the red dragon's aura grew stronger.

About six hours later, the red dragon let out an angry roar. The dragon grew to a thousand meters long and emitted a terrifying aura.

Spirit Venerable, officially achieved!

After the Red Dragon broke through, Yang Chen returned home.

After arriving at City 32, Chen Yang did not expect Chen Xuan to run out of the City Lord's Estate in a hurry.

Patriarch, the Mystic Ice King is here. She seems to have something urgent and has been waiting for you."

Hearing this, Yang Chen hurried to the City Lord's Mansion.

City Lord Manor, in the reception hall.

After arriving at the reception hall, Yang Chen saw the Mystic Ice King sitting in the guest seat with tea in her hand.

"I didn't know that Mystic Ice King had graced us with your presence. I hope Mystic Ice King can forgive me for not welcoming you." After tidying up his clothes, Yang Chen walked in with a smile.

Seeing Yang Chen come over, the Mystic Ice King put down the teacup in her hand and stood up with a smile," "Congratulations to the Illusory Venerable for breaking through to the Void Piercer King Realm. From today onwards, I will call you the Illusory King."

After some pleasantries, the two sat down.

“The Mystic Ice King hastened to my 32nd City. It’s not as simple as congratulating me, is it?” Yang Chen asked.”

The Illusion King is indeed smart.”

The Mystic Ice King laughed,”! came here to congratulate the Illusion King on his breakthrough and to tell him a piece of news.””

“The Evil Demon Calamity is coming again, and the location chosen this time is your City 32.”

Yang Chen was speechless.

What a surprise!

“This Evil Demon Disaster hasn’t just ended, why is it here again?”Yang Chen asked.

“I don’t know either.” The Mystic Ice King shook her head.” However, since the

Evil Demon Disaster has come, we naturally have to deal with it.”

“The Dao Sect has decided to let you be the commander of this evil demon calamity. We will send experts to support you.”

Yang Chen remained silent.

Although this Evil Demon Calamity could earn a large amount of merit points, it was still too dangerous.

Even with the support of the Taoist Faction, Yang Chen was not confident that he could withstand this evil demon disaster.

Moreover, this evil demon calamity had come so quickly. Could it be that the situation in the outside world had become even worse?

Many questions appeared in Yang Chen's mind.

After a while, Yang Chen took a deep breath and smiled, "Since the Dao Sect has given the order, I will accept it."

Yang Chen had also thought it through. No matter what happened outside, the most important thing now was to improve his and the Chen family's strength. And this Evil Demon Calamity was the best opportunity.

If they were used well, the Chen family's strength might also be able to increase rapidly.

Seeing that Chen Yang had agreed, Mystic Ice King laughed, "Alright, Illusory

King, make your preparations. I won't disturb you anymore."

"I estimate that it won't be long before experts and other martial artists arrive here."

Then, the Mystic Ice King stood up and left.

After the Mystic Ice King left, Chen Yang called Chen Xuan over and told him about the Evil Demon Disaster so that he could make preparations.

Time passed by bit by bit. In the blink of an eye, another month had passed.

Within this month, the experts that the Mystic Ice King had promised arrived one after another.

Although it wasn't as many experts as the Evil Demon Calamity in the 18th

City, there were still a few king tiers.

What made Yang Chen even more concerned was that there were many Dao

Origin and experts who came with these Kings.

As for the martial artists below the stage, there were also many who came. For a moment, the thirty-second city was overcrowded.

City Lord Manor, in the meeting hall.

Chen Yang looked at the Mystic Ice King, "Mystic Ice King, how much time is

left before the Evil Demon Calamity?"

The exact time is uncertain, but it will be within these few days."the Mystic Ice King said.

Hearing this, Chen Yang nodded his head and looked at King Fen Mie, "King

Fen Mie, how are the formations around?"

"The formation has been set up properly. We're just waiting to give the demons a taste of their own medicine." Fen Mie laughed.

Seeing that everyone was ready, Yang Chen stood up and said, "In that case, we only need to block the path of the evil demons and wait for them to descend."

"How about this? Mystic Ice King, you guard the east, Progenitor Dao Kong, you guard the west, and King Fen Mie, you guard the north."

“No problem.”

“Sure.”

“No problem.”

Seeing that the three of them had agreed, Yang Chen smiled and walked to the door of the meeting hall. He looked up at the dark red sky and said, “Now, we just have to wait for the arrival of the demons..”

Chapter 552: The Evil Demon’s Strange Movements (3)

Three days later.

Dense spots of light suddenly appeared in the sky above City 32.

The moment the light spot appeared, someone notified Yang Chen.

Immediately, Chen Yang led a group of Kings and Dao Origin Supremacies up the city wall and looked at the dense spots of light.

“It’s finally here. From the looks of it, this rift shouldn’t be too big. According to the information, the greatest thing this rift can withstand is the King of Evil Demons.”

After determining the scale of this evil demon disaster, Yang Chen shouted, “Everyone, get ready. The great battle is about to begin!”

“Yes, sir!”

Not long after, the demons descended from the Great Wall.

Under the leadership of their leader, demons that were emitting dark red auras charged toward City 32.

Yang Chen, who was standing on the city wall, was stunned.” What’s wrong with these demons? Why are they charging at us?””

“Forget it, it’s just convenient. There’s no need to gather them together.”

“Vermilion Bird Divine Crossbow, fire!”

With Yang Chen’s order, the Vermilion Bird Crossbows on the 32nd city wall began their first volley of shots.

Following the first volley of arrows, the Evil Demons fell to the ground one after another.

Logically speaking, the demons should have stopped attacking.

However, to everyone’s surprise, this evil spirit seemed to be unafraid of death. Even though it was facing the Vermilion Bird Crossbow’s attack, it still charged forward.

Yang Chen took a deep breath and shouted,””Follow me!”

Then, Yang Chen took the lead and flew out.

Seeing this, the other experts also flew out and fought with the demons.

The first round of battle lasted for two hours before the two sides retreated.

“Strange, this is really strange. Why did this demon do this?” Yang Chen, who had returned to the city wall, frowned as he looked at the demons.

This Evil Demon Calamity was completely different from the previous one.

If the previous Evil Demon Calamity was still orderly, this Evil Demon Calamity was simply a gathering of a motley crew.

Within these two hours, Chen Yang had even killed a King of Outworld Fiends.

If this was before, the evil spirit would have already retreated and waited for the next attack.

What puzzled Yang Chen was that none of the demons wanted to leave. It was as if they had received some order to attract Yang Chen’s attention.

Wait, attention.

Thinking of this, Chen Yang looked at the King beside him, “ King Wind Walk, did you notice any scattered evil spirits escaping?”

“A zero-grade evil spirit?”

“ Hmm?” King Windwalk was stunned, then he frowned. “ I really didn’t pay attention to this. Why? Did something happen?”

Seeing this, Yang Chen explained, “ I suspect that this Evil Demons Disaster is a feint to attract our attention so that we can complete some missions that we don’t know about.”

“Otherwise, there’s no way to explain the fearless actions of these demons.”

“These demons clearly don’t want us to rest and distract our attention.”

Hearing Yang Chen's analysis, King Wind Walk fell silent.

After a while, King Fengxing said, "I've seen some scattered evil demons fleeing. But with just a few of them, they might not be able to rush out." "What if these scattered demons are king level demons?" Yang Chen asked.

"It can't be." The Wind Walk King laughed. "If it's a King of Outworld Fiends, no matter how hard he hides his cultivation, we should be able to find some clues."

"Unless..."

Speaking up to this point, King Wind Walk lost his confidence. "If it's really that kind of demon, what is this mission?"

"Could it be related to that place?"

Chapter 553: Dark Demon (1)

What kind of demon was that?

Where was that?

Many questions appeared in Yang Chen's mind, "I say, King Wind Walk, what time is it now? Why are you still asking riddles?"

Hearing this, King Fengxing smiled awkwardly. "I'm used to it. In the past, in order to not cause panic among my subordinates, I didn't let them know about some news."

"The demon that I'm talking about that can slip away right under our noses is called the Dark-Descended Demon."

“These demons are born with the ability to hide themselves, and even emperors can’t discover their true identities. They are only treated as ordinary demons.”

“In the previous great battles, there were many times when our Alkaid World suffered heavy losses because of this dark-descendant demon.”

“After all, would you care if a Core Formation or even Meridian Unsealing realm demon slipped away from you?”

“The skill I used to crush it was enough to exchange two moves with the King of the Outworld Fiends.”

He understood. This was a two-pronged approach.

Yang Chen nodded. He had to admit that this demon’s plan was pretty good.

First, he would start a non-stop battle to attract their attention, and then let the dark-skinned demons escape. With the characteristics of the dark-skinned demons, he could completely leave the battlefield without anyone noticing.

When they reached the outer defense line, a group of Evil Demons might not be able to tear through the defense line, but one or two Evil Demons could easily slip out.

Moreover, once he unleashed his strength, he could completely force his way through.

Then the question was, where was the dark-skinned demon going to sneak out?

“Wind Walk King, that place you mentioned, what exactly is it? You seem quite nervous.” Yang Chen asked again.

Hearing this, King Zephyr Wind sighed.” This place is called the Evil Demon Lair. It can be considered a stain on our Evil Demon Land.”

“Once, there was a demon disaster at the emperor level.”

“We didn’t manage to wipe out all the demons during that evil demon calamity, causing these demons to gather at the center of the Evil Demon Land.”

“For such a long time, Taoism has not been eliminated. If I go out and talk to other big forces, I will inevitably be laughed at by them.”

“If the Dark-Descended Evil Demons really went to this Evil Demon Lair, they must be plotting something.”

“Evil Demon Lair...”

Yang Chen frowned. A group of demons had been operating in the Land of Demons for such a long time that no one knew what was inside.

If there was something that could elevate a King of Evil Demons to a Saint, then it would be a disaster for this land of Evil Demons.

Of course, this was just a guess. Perhaps the situation was not that bad, or perhaps it was even worse.

But no matter what, he could not let this dark demon’s scheme succeed.

Thinking of this, Yang Chen looked at King Gale Force,” King Gale Force, I want to go to the Evil Demon Tide to take a look. I can’t let the dark demons succeed.””

“What?”

Upon hearing this, King Gale Force was stunned.” King Illusion, let’s not talk about this being our guess. It’s not certain if there’s such a situation.”

“Even if there really is one, there’s no need for you, the commander-in-chief, to go.”

“Have you seen the commander-in-chief leave the battlefield in that battle?”

Yang Chen was about to retort when he heard an old voice.

“Let the Illusory King go. I will be in charge of the battlefield.”

Along with this voice, the Wood Emperor’s figure appeared in front of the two of them.

“Greetings, Wood Emperor!” Yang Chen and King Windwalk bowed.

“No need to be so polite, Illusion King. This evil demon nest is extremely dangerous. Even if I go personally, I can’t guarantee that I can escape unscathed.”

“You must pay attention to your safety during this operation.”

“Right, don’t tear space. Use the Void Great Dao to travel. If you use the Dao, the demons will definitely guess your movements.”the Wood Emperor said.

“Understood.” Chen Yang nodded. He then glanced at the demons outside the wall, went down the wall, and slipped away through another city gate.

After Yang Chen left, King Fengxing asked in confusion,“” Ancestor, why did you let Chen Yang go? This evil demon lair was extremely dangerous. If Yang Chen went, what would happen if he was in danger?”

King Feng Xing naturally knew the importance of Chen Yang.

However, even though he knew how important Chen Yang was, the Wood Emperor still sent him on such a dangerous mission. This really puzzled King Gale Force.

Faced with King Windwalk's question, the Wood Emperor smiled as he looked at the demons outside." The situation is getting more and more dangerous. There's no time for Yang Chen to develop peacefully."

"Danger and opportunity co-exist. Only by experiencing life and death dangers can one rise rapidly."

"Which one of those gods didn't grow up between life and death?"

"Ancestor, do you mean that Chen Yang can become a god?" "What a joke!" King Wind Walk was in disbelief." It's true that Chen Yang is a monster, but how could he become a god?"

"You don't believe me?" The Wood Emperor turned to look at King Windwalk." I don't believe it either. Therefore, we need a fact to make us believe it."

"And this Evil Demon Calamity is an opportunity."

"Let's see how much Chen Yang can grow after this demonic calamity. Then we'll know if our suspicions are true."

Outside City 32.

After escaping from the demons, Yang Chen rushed to the northern defense line where Lord Fen Mie was guarding.

The reason why they came here was because the demons wanted to go to the central area. The nearest route was to pass through Lord Fen Mie's defense line.

He could ask the Lord of Fen Mie if he had found anything..

Chapter 554: Dark Demon (2)

Before they reached the Lord of Fen Mie's line of defense, Yang Chen and the Lord of Fen Mie had already met.

"Lord Fen Mie, what are you doing?" Yang Chen asked.

"Oh no!" Lord Fen Mie said anxiously, "Lord Illusion, it's bad! A King of Fiendish Demons has slipped away from my line of defense!"

Hearing this, Yang Chen's face darkened. "It seems that our guess is correct."

"Guesses? What guess?" Lord Fen Mie asked.

Yang Chen told King Fen Mie about his and King Fengxing's guesses.

After hearing this, Lord Fen Mie immediately expressed that he wanted to go as well. "Lord Illusion, I'll go with you. My bloodline is special, so I can see the strength of the demons."

"With me around, our operation will be more confident."

"Moreover, since the demons have decided to attract our attention, they will definitely not flee in all directions. There will be no problems with the northern defense line."

Yang Chen shook his head at Lord Fen Mie's suggestion, "No, Lord Fen Mie, you can't go."

"We're not afraid of ten thousand, but we're just afraid of the unexpected. If the evil demons really flee in all directions, and you don't have any king tiers guarding this place, wouldn't it be easier for accidents to happen?"

“But...”

“There’s no buts. You have to believe me.”

Then, Yang Chen left without looking back.

Looking at Yang Chen’s back, Lord Fen Mie sighed deeply and returned to his own line of defense.

After leaving the battlefield, Yang Chen took out the map and looked at it. He then used the Void Great Dao and tore through space.

This was the first time Yang Chen had torn space, but he didn’t feel any discomfort.

After all, after breaking through to the King realm, the Vast Space Great Dao was implanted into the minds of every King.

In the words of his previous life, this was an official cheat, so how could there be any discomfort?

After tearing through space several times, Yang Chen arrived at a forest.

In the forest, Yang Chen did not tear the space apart anymore. Instead, he panted heavily.

Tearing space for a long time was a burden for Yang Chen.

Just as Yang Chen was resting, he suddenly felt the fluctuation of traces of the Great Dao nearby.

Yang Chen immediately suppressed all the aura in his body and walked towards the place where the traces of the Great Dao fluctuated.

After walking for a while, Yang Chen saw a demon standing in the forest, panting heavily.

He found it!

Yang Chen's eyes lit up. This should be the legendary dark demon.

Then, Yang Chen had two choices. One was to kill this dark demon here.

The second was to follow the Dark-Descended Evil Demon into the Evil Demon Lair.

After thinking about it, Yang Chen felt that it was better not to alert the enemy.

Who knew how many dark demons there were in total? If Yang Chen made a move here, wouldn't it be a wake-up call for the other dark demons?

Forget it, I'll just follow him.

What Yang Chen didn't know was that when he was observing the

Dark-Descended Evil Demon, the Dark-Descended Evil Demon's mouth also revealed a sly smile.

"I didn't expect that there would be a smart person among the human race. You were actually able to discover my movements. I didn't wait for you for so long in vain.

Forget it, I'll let you live a little longer. When we reach the Holy Land, I'll use your blood to welcome the arrival of my God.

Thinking of this, the dark-skinned demon wiped away the smile on its face and continued to walk out of the forest.

Seeing this, Yang Chen followed suit.

A human and a demon had peacefully walked through a long distance.

After walking for about two hours, the dark-skinned demon stretched its body and tore open space to leave.

Chen Yang, who was following behind the dark-skinned demon, didn't tear the space.

"Looks like this dark-skinned demon has really discovered me." Yang Chen said faintly.

Since an hour ago, Yang Chen had suspected that the dark demon had discovered him. After all, he had been following them for such a long time, and the Dark-Descended Evil Demon did not suspect him at all.

And just now, Yang Chen had intentionally revealed a flaw and released his own aura, but the Dark-Descended Evil Demon had not discovered him.

Unless this dark demon wasn't a king, it should have discovered him by now.

The King of Destruction had also confirmed that it was indeed the King of Outworld Fiends who had slipped through his defense line.

Then there was only one possibility left. This dark-skinned demon had discovered him, but for some reason, it deliberately pretended that it had not discovered anything.

"Then the question is, why did it pretend that nothing happened? Was it disdain, or was it for other reasons?"

Doubts rose in Yang Chen's heart.

But no matter what, he still had to follow them.

Currently, Yang Chen's greatest advantage was that he had comprehended the Illusion Great Dao.

With the power of the Illusory Great Dao, coupled with his divine pulse, it was not a problem to ensure his safety.

Thinking of this, Yang Chen didn't hesitate anymore. He tore open the space and hurried on his way.

After coming out of the space, Yang Chen found that the dark demon was standing in front of him, smiling at him, "You must be tired after following me for so long."

"This king is very tender and won't let you continue to tire yourself out."

"Correct me, this isn't how you should use tenderness." Yang Chen smiled.

"Oh?" The dark-skinned demon was stunned for a moment before asking, "Tell this king how to use this tenderness."

"If you tell this king, this king can be merciful and give you a quick death."

"Of course, there's another option. You can submit to This King and become This King's human teacher, teaching This King human knowledge."

"This king will treat you like how you humans treat your teacher. I will ensure that you will not have to worry about food and clothing. I've used the right place to live comfortably."

Yang Chen smiled and said, "You used it in the right place."

"Since you're so fascinated by our human culture, why don't you submit to me? I can guarantee that after we conquer your territories, I'll let you rule them."

“Isn’t it better to become the master of a world than to be a pawn? Look, I’ve taught you another word.”

Hearing this, the dark-descendant evil demon’s expression turned cold.” It seems like you’re unwilling to submit. Forget it, This King already has quite a few human teachers. It won’t make much of a difference to have you as my teacher.”

“Now, it’s time to use your blood to welcome the arrival of our god!”

Then, the Dark-Descended Devil disappeared and reappeared behind Yang Chen.

Immediately, the dark-skinned demon smiled cruelly and punched Yang Chen’s back.” Die for This King!””

But soon, the dark-skinned demon’s smile froze.

Its fist easily pierced through Yang Chen’s chest, but Yang Chen was completely unharmed.

“Sigh, wasn’t it better to act so quickly earlier?”

Yang Chen sighed.

Then, illusory sword shadows appeared around Chen Yang.

However, these illusory sword shadows seemed to be real, stabbing into the Dark-Descended Evil Demon’s body one by one.

Looking at the spiritual sword phantom on its body, a hint of fear flashed in the dark-descendant demon’s eyes.

Immediately, the dark-skinned evil demon retreated dozens of steps and said with a shocked expression, "Illusion Great Dao! You actually comprehended the Illusory Great Dao!"

"Looks like I can't let you live!"

To demons, this illusory Great Dao was like a nightmare.

Back then, when the illusory gods invaded the evil demon plane, they killed them until they were close to extinction.

From that day onwards, the terror of the Illusory Great Dao had seeped deep into the blood of every demon.

Fortunately, the Evil God had opened his eyes, and the Great Dao of Illusions had disappeared without him noticing. This allowed the evil spirit to catch its breath.

And now, this illusory Great Dao had actually reappeared!

No, no matter what, we have to kill this person today. Once this person becomes a god, it will definitely be a calamity for our race!

After making up his mind, the dark-skinned evil demon laughed sinisterly. "I didn't expect you humans to be so stupid."

"A monster like you who has comprehended the Illusion Great Dao actually doesn't protect him. It's fine if he didn't protect you, but he actually sent you to your death!"

"This is the evil god's protection for our race. It allows our race to eliminate a threat like you in advance!"

Yang Chen quietly looked at the dark-skinned demon and listened to its words.

After the dark-skinned demon finished speaking, Yang Chen smiled and said, "Are you done? If you're done talking, go to hell!"

Then, the phantoms of spiritual swords appeared around Chen Yang again. These phantoms of spiritual swords were like dreams and quickly pierced into the dark-demon's body.

As for the Dark-Descended Evil Demon, it acted as if nothing had happened. It laughed sinisterly and said, "Do you really think that you will win just because you have the Illusory Great Dao?"

"Milords, this sacrifice I brought is not bad, right?"

Chapter 555: Destroying the Evil Demon's Lair, Terrifying

"Milords, this sacrifice I brought is not bad, right?"

As the dark-skinned demon let out a cold laugh, demons emitting terrifying auras appeared one after another.

Some of these demons were strong and some were weak.

The weakest was at King Level 3, while the strongest had already reached Emperor Level.

Looking at Chen Yang who was surrounded by them, the leader of the Imperial Evil Demons smiled and said, "Dark Ridge, well done. You didn't embarrass your Dark-Descendant Saint Clan."

"Tsk tsk tsk, a king who has comprehended the illusory Great Dao. I believe Lord Evil God will be very satisfied with this sacrifice."

"Human brat, surrender now to avoid too much pain."

Facing so many demons, Yang Chen did not show any fear. Instead, he said calmly, "Is welcoming the arrival of the evil god your goal?"

"Why? Do you still want to ask?" The dark evil spirit, An Ling, sneered.

"I also want to be an enlightened ghost. Look, I taught you another human saying. You're much better than your master, right?" Yang Chen smiled.

"Understand ghost..."

An Ling pondered for a moment and then laughed sinisterly, "Thank you. To repay you, I will give you a quick death."

"As for our goal, you don't need to know!"

After saying that, An Ling's aura far surpassed the previous one. This aura whistled out and wrapped around Chen Yang.

The Dark Ridge was actually hiding something.

Just as Dark Ridge was about to make his move, the Evil Monarch said, "Dark Ridge, pay attention to propriety. We need him alive to welcome the evil god." "Understood. I will spare his life." An Ling smiled and agreed as he rushed out. Seeing this, Yang Chen acted as if he was waiting to be tied up. "Alright, don't go through so much trouble. I won't resist. Take me away."

Hearing this, the sinister devil from the Dark Ridge was stunned. He immediately turned his head to look at the demonic emperor.

Seeing this, the demonic emperor frowned slightly.

What the hell was this human brat doing? Could there be some conspiracy behind this?

Humph! No matter what scheme he had, a mere Void Piercer King wanted to overturn the heavens?

” Even if you have the Illusory Great Dao, under the suppression of my Emperor Great Dao, you still won’t be able to unleash the Great Dao’s ability.

Any conspiracy had to be based on strength.

If your strength is not enough, all your schemes will be in vain!

After carefully calculating in his mind, the demonic emperor smiled and said, ”Since this human friend is so cooperative, Dark Ridge, don’t lose your manners.”

”Understood.”

An Ling smiled and nodded. Then, a rope made of dark red spiritual energy trapped Yang Chen.

At the same time, a wisp of dark red Spiritual Qi entered Yang Chen’s dantian.

If Yang Chen had any abnormalities, the spiritual energy would destroy Yang Chen’s dantian in an instant.

After doing all this, the group of demons brought Yang Chen to tear through space and arrived at the demon lair in the center of the Land of Demons.

There was no other color here other than dark red.

Here, Yang Chen also saw human powerhouses being abducted by these demons one by one, used as food and toys.

Yang Chen could see all of this, but he didn’t show any change on the surface.

Seeing this, An Ling sneered, "You should be glad that you are lucky enough to be a sacrifice to our god."

"Otherwise, the pain you will bear will definitely be more than theirs."

Hearing this, Yang Chen smiled and said, "Now that things have come to this, you can tell me how you have welcomed your evil god.""

"As far as I know, this place is protected by the array god's array. It's impossible for evil gods to enter."

Hearing Chen Yang talk about the Array God, a trace of fear flashed through Dark Ridge Demon Eye, "Your Array God is indeed extraordinary."

"Even the Heretic God has praised it more than once. The Array God's talent is peerless, and even Lord Heretic God himself is inferior."

"If it wasn't for protecting your Alkaid World, according to Lord Evil God's estimation, the Array God would definitely become the strongest array master since ancient times."

"It's a pity that the Array God is not from the same race as my race. Otherwise, why would the Array God drag me down here?"

"Since the Array God is so powerful, how can you let the evil god descend?" Yang Chen asked.

Hearing this, An Ling looked at the demonic emperor hesitantly.

"Hmph!" Seeing this, the demonic emperor sneered. "Tell him. He'll find out soon anyway."

The reason why the demonic emperor had the confidence to tell Yang Chen the whole story was because he had already checked the surroundings and there were no human powerhouses around.

This emperor evil spirit was a spirit ear evil spirit of the evil spirit race. It was born with extraordinary senses. Even saints couldn't escape its senses.

Just now, the demonic emperor had already sensed that there were no human experts around. Since that was the case, so what if he told Chen Yang? Would he be able to overturn the heavens?

AVoid King had comprehended the illusory Great Dao, but so what?

How could he cause trouble under the noses of so many emperors and kings?

Stop dreaming.

"Actually, this is something that we have been planning for thousands of years."

"The reason why you didn't go back wasn't because of your pursuit, but because you wanted to set up the Evil God Altar."

"This Evil God Altar requires a large amount of offerings and energy replenishment. Once it is replenished, it only needs a King's offering to unleash a terrifying welcoming power."

"This guiding power can penetrate many formations and guide my god here." "When my god comes in, I don't need to say more about what happens next.."

Chapter 556: Destroying the Evil Demon Lair, Terrifying Merit Points (6000)

"Understood." Yang Chen nodded.

An Ling's words finally solved Yang Chen's doubts.

When Yang Chen heard that there was an evil demon's lair in this place, he suspected that since the evil demon here was so powerful, why didn't they escape?

There were so many opportunities, but this evil spirit didn't want to leave.

Now, he finally knew the answer. It wasn't that the demon couldn't escape, but that it didn't want to.

"I still have a question. Since you only lack a king offering, why go through so much trouble? Why don't you just send an emperor or demon to abduct one?" Yang Chen asked.

"Isn't that eye-catching?" The sinister demon from Dark Ridge laughed.

"If we really do as you say, it will definitely arouse the vigilance of the great factions of the human race."

"As for people like me, wouldn't it be safer if I deliberately left a flaw to lure you over to investigate?"

"After all, in order not to alert the enemy, you won't send a large number of experts to follow me, right?"

Hearing An Ling's words, Chen Yang nodded.

There were also smart people among the demons who knew what to do to increase the success rate of the matter.

The development of this matter was indeed as they had planned. "Unfortunately, what they don't know is that not only did I comprehend the illusory Great Dao, but I also have the illusory Divine Meridian.

Even if the emperor can suppress my illusory Great Dao, he can't suppress my illusory divine pulse.

Once the holy pulse was activated, it would be easy to run out.

There was always a gap in these hundred secrets.

However, now was not the time to leave. He still had to see what was going on with the Evil God Altar.

After thinking it through, Yang Chen did not ask any more questions. He followed the Evil Demons and slowly walked towards the Evil God Altar.

About an hour later, Yang Chen saw the legendary Evil God Altar.

In terms of appearance, the Evil God Altar was no different from an ordinary altar. The only difference was that it was a little bigger.

According to Yang Chen's estimation, the Evil God Altar was about a hundred meters tall and occupied about a thousand meters.

Moreover, the altar contained terrifying energy. It was obvious that it would not take a few decades to build such an altar under the eyes of the human race.

It seemed like what An Ling said was true. This Evil God Altar was really a scheme that the Evil Demon Clan had been brewing for thousands of years.

After being brought to the altar by the evil spirit, the emperor looked at Dark Ridge.

Seeing this, An Ling placed Chen Yang at the center of the altar and patted

Chen Yang's shoulder." Don't be nervous. It only hurts a little.""

After that, An Ling returned to the emperor." Sir, what should we do next?""

"Next..."

" You..." The King Evil Demon's eyes turned, and a terrifying aura and Great Dao enveloped Yang Chen." There's nothing for you to do next."

"In order not to let you cause trouble, you should sleep."

Then, he activated the Great Dao of the Imperial Evil Demon.

In an instant, Yang Chen felt the world spin and he fell onto the altar. Before he fainted, he only had one thought.

It was over. He had gone too far this time.

Looking at Yang Chen who was lying on the altar, the King Evil Demon laughed sinisterly,""Do you really think I'm not prepared?"

"My Great Dao can make experts below the emperor realm fall asleep. There are no human experts around. Even if you have any schemes, let's see how you can realize them."

Then, the Imperial Evil Demon swept his gaze over the other evil demons."

Let's begin."

Hearing this, the group of demons took action and scattered around the altar. Spiritual qi whistled out and poured into the altar.

At the same time, the altar gave off an evil energy. Balls of dark red gas appeared, making the hell-like demon lair even more sinister and terrifying. When the surrounding demons saw this, their eyes revealed excitement. They raised their hands and shouted," Lord Evil God! Lord Evil God!"

The demonic emperor standing on the altar clenched his fists excitedly," Soon, in another hour, Lord Evil God will descend.""

As time passed, the altar's energy became more and more terrifying, and it soon reached a critical point.

At this moment, any bit of spiritual energy could probably detonate the altar. Seeing this, the Emperor Evil Demons immediately ordered the other Evil Demons to stop and guard around the altar, preventing any spiritual energy from entering the altar.

As for the spiritual energy floating around, if no one guided it, it would not pour into the altar.

Of course, as time passed, not only did the altar's energy reach its peak, but the bloodline in Yang Chen's body also underwent a silent change.

The power of the Great Dao that had caused Chen Yang to fall into a coma was being devoured bit by bit by the divine pulse.

If the demonic emperor had observed Yang Chen carefully, he would have been able to see through the mystery.

This was the protection of the divine pulse!

As long as it was a divine pulse, it had the ability to protect the body!

However, the demonic emperor was currently in a state of ecstasy. How could he have the time to investigate Yang Chen's situation?

As for the divine pulse, it was even more impossible to know.

Time passed bit by bit. Unknowingly, there were only a few dozen breaths left before the altar opened.

At this moment, the demonic emperor had already retreated from the altar. He was half-kneeling on the altar, welcoming the arrival of the evil god.

Yang Chen, who was on the altar, barely woke up at this time.

“What’s wrong with me? What happened just now?”

After waking up, Yang Chen was stunned. However, in the blink of an eye, Yang Chen noticed the uniqueness of the altar.

“Damn it! Is the altar about to be activated?”

Chapter 557: Destroying the Evil Demon Lair, Terrifying

“Wait, the energy of this altar seems to be a little violent. Perhaps a little spiritual energy can cause an explosion.”

Yang Chen frowned as he pondered. A bold idea emerged in his mind.

As Yang Chen was thinking, the hour limit finally arrived.

At this moment, a pillar of light suddenly emerged from the altar. The pillar of light penetrated Yang Chen’s body and reached the sky.

Looking at the pillar of light that reached the sky, the Emperor Evil Demon stood up excitedly, “Lord Evil God, you’re finally coming!”

Perhaps it was because he was too excited, the demonic emperor didn’t notice that Yang Chen, who was pierced by the red pillar of light, could still smile.

“Lord Evil God! Descent! Lord Evil God! Descend!”

After letting out a few wild roars, the demonic emperor hurriedly half-knelt on the ground.

Lord Evil God is about to descend, how can I be rude?

One breath, two breaths...

Before he knew it, dozens of breaths had passed, but the evil god still hadn't descended.

"What's going on? Did something go wrong with the altar?"

"That's impossible. I've used the Evil God Altar a few times. It can't possibly go

wrong the moment I use it, right?"

The demonic emperor stood up in confusion and looked up at the altar. In the blink of an eye, the confusion on his face quickly turned into disbelief.

"You! How can you be fine!"

Something unimaginable must have happened to make a monarch-level evil spirit turn pale with fright.

At this moment, on the altar, Yang Chen stood in the middle of the red pillar of light with a smile on his face. "Lord, have you forgotten that the Great Dao I comprehended is an illusory Great Dao?"

"I don't doubt that this altar can't kill you. I'm asking how you woke up. Even an emperor can't wake up so quickly!" The demonic emperor roared.

"Then let's go ask the heavens." Yang Chen shrugged.

To be honest, Yang Chen was not sure either.

When the holy pulse protected him, Yang Chen was in a coma. How could he know that it was the holy pulse that saved him?

Hearing this, the demonic emperor took a deep breath and calmed the frustration in his heart.

Suddenly, a terrifying power of the Great Path enveloped Yang Chen again, preventing him from escaping the red pillar of light.

“Forget it. I don’t care how you woke up. Anyway, the altar is already completed. I just need to suppress the illusory Great Dao in your body and let you recover your physical body.”

“When the time comes, hmph! “If you’re lucky, you’ll be affected by my Great

Dao and continue to fall into a deep sleep. You can still avoid some pain.”

“If you are pierced by the red pillar of light first, then you can only blame your bad luck!”

Then, the demonic emperor pushed the power of the Great Dao to the extreme and instantly suppressed Yang Chen’s illusory Great Dao.

At this moment, the evil spirit shouted with a fiery expression, “Lord Evil God, descend!”

“Lord Evil God?”

Seeing that Lord Evil God had not descended, the demonic emperor looked at

the altar again.

What the King Evil Demon didn't expect was that Chen Yang was still safe and sound. Not only was he not killed by the power of the altar, but he also didn't fall asleep.

"This... What's going on?" The demonic emperor was on the verge of collapse.

Could it be that there was a problem with his Great Dao?

No! There was absolutely no problem with the Great Dao.

Could it be?

The sinister demon king seemed to have thought of something and said in shock, "You! You have an illusory divine pulse!"

If someone had comprehended the Illusory Great Dao, the demonic emperor would at most be slightly startled, but he wouldn't be too worried.

However, if the Illusory Great Dao was matched with the Illusory Divine Meridian...

Illusory God!

All of a sudden, the Sovereign Devil thought of the powerhouse who had almost wiped out the Evil Devil Clan and branded the clan with an indelible mark of fear.

Could it be that this person in front of him could become an Illusory God?

No! He would definitely become an Illusory God!

Damn it, the illusory god is about to appear again!

At this moment, to the emperor, it was no longer important to bring the evil god in.

Compared to guiding the evil god, dealing with Chen Yang was more important.

Once Yang Chen became an Illusory God and cooperated with the Array God, it would undoubtedly be a disaster for the Evil Demon Clan!

On the altar.

Yang Chen didn't know what the demonic emperor was thinking, nor did he want to know what the demonic emperor was thinking.

Chen Yang looked at the Holy Qi in his hand and revealed a rare cruel smile. "Do you really think I have the time to talk to you for so long? All I did was gather Holy Qi to detonate the altar."

Then, Chen Yang slapped his Holy Qi into the altar!

Even though the altar would explode if a little spiritual energy was poured into it, it was still a very dangerous place.

However, the effects of detonating a little Spirit Qi and the pure Holy Qi that Chen Yang had accumulated over a long period of time would definitely be different.

After all, the evil spirit must have thought that the altar might absorb spiritual energy and made arrangements in advance.

However, this kind of arrangement was absolutely impossible to resist. Chen Yang had gathered Holy Qi for such a long time.

Yang Chen had also guessed this, which was why he was deliberately stalling for time.

What happened next was self-evident.

Bang!

” No!”

Under the desperate shouts and horrified expressions of the demons, the altar was detonated by Chen Yang. A loud noise that shook the world spread from the demon nest.

Even City No. 32, which was hundreds of thousands of miles away from the evil demon’s lair, felt a trace of fluctuation..

Chapter 558: Destroying the Evil Demon Lair, Terrifying

As for the Evil Demon Lair, with the altar as the center, almost all living things within a radius of ten miles were instantly vaporized.

The shockwave from the explosion was like a full-force attack from a king, spreading in all directions.

As far as the shockwaves went, trees, boulders, demons, and other creatures were all crushed into dust.

Gradually, the entire land of demons was crushed by the aftershock. The demon nest that had been built by the demons for thousands of years was turned into ashes in an instant.

Only the deep pit that covered a radius of dozens of miles showed that there was once a demon nest here.

After destroying the entire Evil Demon Land, the aftershock finally subsided.

However, it still contained a terrifying amount of energy, starting from the demon nest and spreading in all directions.

Along the way, ancient trees were uprooted, boulders were crushed into dust, mountain ranges collapsed, and mountain peaks were destroyed!

After about ten minutes, the aftershock caused by the explosion of the altar completely dissipated.

Chen Yang's figure quietly appeared where the altar was. He said with lingering fear, "Oh my god, the altar explosion is so powerful! No wonder he was able to guide the evil god to break through the array formation of the array god and descend here."

"Fortunately, I destroyed it. Otherwise, wouldn't the Alkaid World be destroyed?"

"In that case, I seem to be the savior of the Alkaid World."

After saying that, Yang Chen looked at the merit token on his wrist. The densely packed numbers on the token made Yang Chen feel refreshed.

"This merit token is indeed powerful. I made it illusory, but it can still record merit points."

"Moreover, this merit token even thinks that these demons were killed by me. I'm rich. I'm really rich this time."

The Merit Token's effective range was 100 miles, but the Evil Demon Lair was only a few dozen miles. The Evil Demons that died in the Evil Demon Lair were naturally recorded by the Merit Token.

Although the number of Evil Demons in this Evil Demon Lair couldn't compare to the Evil Demon Calamity, their quality was definitely far superior.

The merit points accumulated from killing these demons were no less than the merit points that Yang Chen had accumulated from killing several demon calamities by himself.

Not long after, Yang Chen finally counted the number on the merit token," 5.3 billion ordinary merit points and 1,032 special merit points."

"This time, I might be able to empty the entire Merit Hall."

Just as Yang Chen was ecstatic about this operation, he suddenly sensed the fluctuation of the Great Dao around him.

Immediately, Yang Chen turned into an illusion and looked at the fluctuation.

At the place where the fluctuations had come from, the leader of these demons, the emperor demon, was clutching his chest and panting heavily.

"Damn it! Damn it! You deserve to die!"

"My demon race's thousands of years of planning was actually destroyed by you. Today, even if I have to die with you, I will kill you!"

This demonic emperor had completely gone mad.

A thousand-year-old plan was destroyed just like that. No one would be able to withstand it.

Immediately, the demonic emperor disregarded his own injuries and rushed forward without any regard for his life. He frantically circulated his spiritual energy. Even though Yang Chen had turned into an illusion, he did not tire of attacking.

"If you want to use the Great Dao, you have to consume the energy of the Great Dao. I don't believe that you can maintain your illusory state forever."

"When you remove the illusion, then what awaits you will be your death!"The demonic emperor said somewhat maniacally.

“You’re right.” Yang Chen nodded and smiled, “”But, why am I standing here and waiting for the illusory state to end?”

Then, a space was torn apart. Chen Yang used the Pan-Space Great Dao and disappeared completely.

There was another advantage to this illusory state. After the illusory body was illusory, there would be no fluctuations in the spiritual energy in the body. It was not considered in battle, so he could naturally use the Universal Space Great Dao.

It was just that there was a possibility that he would be stopped by the demonic emperor.

After witnessing Chen Yang leave, the Emperor didn’t stop him because it knew that it would be useless to stop him. Perhaps it was because it would be seriously injured if it did.

After all, this was the destruction of space. It wasn’t at its peak, so who would dare to do it casually? Not to mention the monarch-level demons who had just experienced this terrifying explosion.

After Yang Chen left, the Imperial Evil Demon also tore through space and left..

Chapter 559: Time Mystic Realm (1)

City 32, city wall.

The attack of the evil demons under the city had eased up, and the Wood Emperor heaved a sigh of relief.

At the same time, the group of martial artists guarding the city heaved a sigh of relief.

Ever since he had guessed that these demons were only there to attract attention, the Wood Emperor had not allowed any martial artists to leave the city.

They wouldn't run anyway, so why would they leave the city to die?

It was precisely because of the Wood Emperor's actions that the number of people lost in this evil demon calamity had become the lowest in history.

If this situation continued, then this Evil Demon Calamity shouldn't cause too many losses.

Of course, although the losses were small, every warrior guarding the city was extremely exhausted.

The continuous attacks of the evil demons left them with no time to rest.

Fortunately, the demons' attacks had slowed down, and they could take a breather.

On the city wall, King Windwalk came to Wood Emperor's side." Ancestor, what was that commotion just now?"

"I'm not too sure about the skill." The Wood Emperor shook his head." Maybe Yang Chen was the one who did it.""

At this point, the Wood Emperor could not help but laugh.

Yang Chen was the one who did it. Stop joking.

"Speaking of Yang Chen, I'm a little worried. Can Yang Chen come back safely?" King Wind Walk said worriedly.

Hearing this, the Wood Emperor looked towards the center of the Land of Evil Demons." Yang Chen has the protection of the Illusory Divine Meridians. In addition, he's usually very cautious. As long as he doesn't encounter any Emperor Evil Demons, the possibility of him running back is quite high."" "But what if we encounter an emperor demon?" King Windwalk asked again.

"If we encounter the Emperor Evil Demon..." The Wood Emperor also fell silent. If Yang Chen were to encounter a king level demon, he might not be able to survive.

"Now that things have come to this, we can only leave it to fate. It's a good time to see if Chen Yang has the qualifications to become a god."

"After all, although the path of growth for every god is filled with danger, they can still survive."

"It's as if the heavens are looking out for them."

"Perhaps the reason why Saints can't become gods is because they don't have this kind of blessing."

The saying of luck had always been passed down.

Furthermore, as the process of the rise of each god was calculated, it made the warriors of the Yaoguang Realm believe that every god was an existence blessed by the heavens.

Although their growth seemed to be fraught with danger, in reality, they were always able to turn danger into safety at dangerous moments.

"Is the heavens looking out for you?"

King Wind Walk looked up at the dark red sky. If luck really existed, then let luck bless Yang Chen to survive.

"Lord Wood Emperor, save me!"

Just as the two of them were feeling a little sad, a thunderous shout exploded in the sky.

Looking in the direction of the voice, the Wood Emperor and King Wind Walk realized that Chen Yang was tearing space apart and rushing toward City 32 as if he was not afraid of his life.

Of course, this was not important.

More importantly, behind Yang Chen, there was a demon with the aura of an emperor chasing after Yang Chen.

What was going on?

Why would the emperor demon chase after Chen Yang?

As it chased after Yang Chen, the demon attacked him.

Unfortunately, every attack passed through Yang Chen and did not cause any injuries to him.

Once he turned himself into a phantom, not to mention an emperor, even a god wouldn't be able to attack Yang Chen.

However, this void-ification still had a cost.

From Yang Chen's defeated face, the Wood Emperor could tell that Yang Chen would not be able to hold on for much longer.

"How dare you, demon!"

The Wood Emperor could not care less and jumped in front of Yang Chen.

Then, he threw a punch at the Imperial Evil Demon!

What the Wood Emperor didn't expect was that his punch actually sent the demonic emperor flying hundreds of meters away.

Furthermore, the demonic emperor looked like he was severely injured.

The Wood Emperor could not help but look at his right hand. When did my strength become so strong?

After seeing the Wood Emperor appear, the demonic emperor calmed down.

It knew that it could not kill Yang Chen no matter what.

Immediately, the emperor looked at the surrounding demons and shouted, "Everyone, retreat and inform Lord Evil God that a demon with an illusory divine pulse and illusory Great Dao has appeared in the human race!" Then, the demonic emperor leaped up and stood in front of the Wood Emperor, buying time for the other demons to retreat.

Hearing this, the evil demons gave up on attacking and flew towards the crack in the sky.

"Prepare the Vermilion Bird Divine Crossbow! Don't let the evil spirit escape so easily!" The Wood Emperor laughed loudly when he saw this.

Then, the Vermilion Bird Crossbows on the 32nd City spat out tongues of fire one after another.

The terrifying spiritual energy ballistae bombarded the bodies of the demons that were like targets, robbing them of their lives.

Seeing this, the emperor's eyes were about to split open in anger. He leaped to the side of the evil demon, wanting to block the spiritual energy ballista for the other evil demons.

At this moment, a demonic phantom appeared in the sky.

This demonic shadow was about 10,000 feet tall, but it carried an invincible aura.

The moment the demonic phantom appeared, it looked at the Wood Emperor.

Waves of terrifying aura enveloped the Wood Emperor. It felt as if crushing the Wood Emperor was as simple as crushing an ant.

As for the people in City 32, even breathing became difficult.

Some weaker martial artists were even crushed into powder by this remnant aura.

Terrifying!

Everyone fell into fear. It was as if that demonic phantom could kill them in an instant..

Chapter 560: Time Mystic Realm (2)

At this moment, a human figure appeared.

This human figure was also about 10,000 feet tall. He was handsome and had an inexplicable sense of freedom.

The moment the human figure appeared, the terrifying aura that enveloped the Wood Emperor and the others disappeared.

Then, the human figure smiled indifferently and said, " Evil God, you crossed the line."

The evil god phantom looked coldly at the human phantom." Array God, I just want to bring my people back."

“You know, my race is already small, let alone emperor-level existences. No matter what, I have to take it away safely.”

Hearing this, the array god phantom smiled.” Since the evil god has spoken, I will naturally give him face.””

“Heretic God, take these demons away.”

Seeing this, the evil god phantom did not say anything. With a wave of his arm, the group of demons and the evil god phantom, including the emperor, disappeared at the same time.

After the evil god phantom left, the array god phantom sighed.” Sigh, cultivate hard.”

Then, the phantom of the Array God also disappeared.

The ups and downs came a little too quickly.

Almost everyone was sitting on the ground, gasping for breath, enjoying the time after the disaster.

After a few dozen breaths, someone exclaimed,” The ones who appeared were the Array God and the Evil God, right?”

“That’s right, it’s really the Array God! I didn’t expect that I would be able to see the Array God in my lifetime!”

“Also, do you still remember what that demonic emperor said? Someone here has comprehended the Illusory Great Dao and even has an Illusory Divine Meridian!”

“Hiss! Wasn’t this the same as an illusory god? Could it be that there’s someone here who can become a new illusory god?”

“This is an Illusory God! Even an Array God was no match for an Illusory God!”

“Who is it? Who can be so monstrous?”

“Think about it, who is that demonic emperor chasing after?”

“Hiss! It can’t be the Chen Clan Leader, right?”

All of a sudden, the entire 32nd City was in an uproar. Countless people looked at Yang Chen on the city wall with shock, disbelief, and excitement in their eyes.

No one had expected Yang Chen to have hidden himself so deeply!

If it wasn’t for the fact that the monarch-level demon had revealed Chen

Yang’s secret, they probably wouldn’t have known that Chen Yang was such a monster!

Yang Chen smiled helplessly as he felt the gazes of others.

He did not expect that he would not be able to hide it even after hiding it for so long.

“However, it doesn’t matter. Now that I’ve already broken through to the Void Piercer King realm, I’m standing among the top 100 experts of the Alkaid World.

So what if the secret was leaked?

At this moment, the Wood Emperor shouted, “No one is allowed to leak what happened today, including the Chen Clan Head’s aptitude and the arrival of the Evil God and the Array God.”

“If anyone dares to leak it, our Dao Sect will definitely kill them!”

A strong killing intent leaked out from the Wood Emperor's body.

Obviously, the Wood Emperor was not joking. If someone really dared to leak it, the Wood Emperor would definitely hunt them down personally.

Being enveloped by this killing intent, everyone felt as if they had fallen into an ice cave. Immediately, they replied in unison, "We will definitely keep this a secret. No matter what, we will not reveal what happened today."

Upon hearing this, the Wood Emperor retracted his killing intent and came before Chen Yang with a strange expression, "Chen Clan Leader, your bloodline? And what did you do just now?"

"This matter is of great importance and needs to be discussed in private." Yang Chen said.

Upon hearing this, the Wood Emperor nodded and then arranged for the cultivators of the Taoist Faction to evacuate the martial artists in City 32.

About a day later, the 32nd city returned to its usual calm. Only the Chen family was guarding this place.

At the same time, in the reception hall of the City Lord's Mansion in City 32.

The Wood Emperor put down the teacup in his hand and looked at Chen Yang, "Chen Clan Leader, there are only the two of us in the guest hall. It's time for you to answer my questions."

"No problem." Yang Chen nodded and told the Wood Emperor about the evil demons' plot.

After hearing Yang Chen's words, the Wood Emperor broke out in cold sweat.

He didn't expect that this evil demon would be so ambitious.

This conspiracy had been planned for over a thousand years.

If the evil cultivator's scheme really succeeded, then what awaited the Alkaid Realm was probably a calamity.

Thinking of this, the Wood Emperor looked at Yang Chen with some relief.

Fortunately, Chen Yang was there, and fortunately, Chen Yang had seen through the evil demons' plot, so he saved the Alkaid Realm.

Thinking of this, the Wood Emperor cupped his hands at Chen Yang. "Illusion King, I want to thank you on behalf of the billions of living beings in the Alkaid World."

"Wood Emperor, please don't say that." Yang Chen shook his head repeatedly. "This is what I should do. There's no need to thank me."

"Right, Wood Emperor, I suspect that the altar here is not a coincidence. Perhaps there are altars in other demonic lands as well."

The Wood Emperor narrowed his eyes and nodded. "It's possible. The demons won't just place their bets on us."

"How about this, I'll go back and communicate with the sects in charge of the other demonic lands, and have them investigate as well."

"It's not a bad thing to be careful."

"Sure." Yang Chen agreed with the Wood Emperor.

In the following time, the two of them started chatting again. After the conversation became more heated, the Wood Emperor changed the topic. "Oh right, what's with your bloodline?"

“It’s like this. I was lucky and obtained some opportunities. My bloodline evolved into an illusory divine meridian.”Yang Chen said vaguely..
