

## Tamer Family 561

### Chapter 561: Time Mystic Realm (3)

Seeing this, Wood Emperor knew that Chen Yang didn't want to talk too much about this matter.

The Wood Emperor immediately stopped asking. Who didn't have some secrets?

In order to ease the atmosphere, the Wood Emperor smiled and said, "You've struck it rich this time. I can't even imagine how many merit points you'll earn by destroying the entire evil demon lair."

"Not much, not much." Yang Chen shook his head humbly.

"Not many?" The Wood Emperor looked at Yang Chen with a smile. "I don't believe you. Tell me, how many are there?"

"There really isn't much. I reckon that even emptying the Merit Hall wouldn't

be enough." Yang Chen said.

The Wood Emperor was speechless.

"Empty the Merit Hall?" "Looks like you've really struck it rich. You're actually thinking of emptying the Merit Hall."

"Fine. It's your ability to empty the Merit Hall."

"Let's go take a look. There are many treasures in the Merit Hall that are

extremely important to Saints."

” After you’ve redeemed the items, your strength should be able to make a leap.”

As they spoke, the two of them did not have the mood to continue chatting. Yang Chen was anxious to exchange for merit points, while the Wood Emperor was curious about what treasure Yang Chen would exchange for.

Without further ado, the two of them left City 32 and arrived at Dao City.

Dao City, Merit Hall.

For the first time, the Wood Emperor prepared a special room for Yang Chen and specially sent someone to serve Yang Chen one-on-one.

As for Yang Chen, he boldly looked at the treasures that were ranked at the top, worth billions or even tens of billions of merit points.

“Eh? What was this quota? Why did it require five billion contribution points and 1,000 special contribution points?”

After scanning the treasures on the blue screen, Yang Chen’s eyes finally focused on a spot.

The blue light screen didn’t state what the quota represented, but the expensive price made Yang Chen extremely curious.

When the Wood Emperor heard this, his eyes revealed a look of yearning, ” This quota is a quota that everyone in the Alkaid World yearns for.

The Wood Emperor's words made Yang Chen even more curious." Lord Wood Emperor, what exactly is this quota?"

Hearing this, the Wood Emperor came back to his senses and said with a smile,""Illusion King, have you heard of the deeds of the Array God?" "I've heard of it." Yang Chen nodded. Before coming to the Land of Evil Demons, the Taoist Faction had already told Yang Chen about it.

The Wood Emperor nodded and asked,"" Then you don't have any problems?"

-What is it?" Yang Chen looked at the Wood Emperor in confusion." Is there anything wrong with this story?"

"Of course there is." "For example, why can the Array God ascend to the divine position in such a short period of time?" the Wood Emperor said with a smile." "Perhaps it's because the Array Deity has high aptitude." Yang Chen said.

"No." The Wood Emperor shook his head with a smile." Which lord wouldn't have extraordinary talent to ascend to the Deity Position?"

"However, the cultivation speed of the Array God is far faster than any other God Realm expert in the past. Even that illusionary god with stunning talent was not even a tenth of the array god's cultivation speed."

"Furthermore, not only did the Formation God ascend to the Deity Position in a short period of time, but his understanding of formations has also reached an unprecedented level."

"If there's nothing wrong with this, how can it be possible?"

Hearing this, Chen Yang looked at the Wood Emperor." So, the Array God is related to this quota?"

"That's right."

The Wood Emperor continued, "The reason why the Array God was able to become a Deity within such a short period of time was because of a cardinal treasure, a cardinal treasure of time!

"The Time Treasure is a mobile secret realm. A hundred years in the secret realm is only a year in the outside world."

"It's also because of this time treasure that the Array God was able to quickly break through to the Deity Realm and was deeply immersed in the Dao of Array

Formations."

A Time Treasure!

Yang Chen raised his eyebrows.

This kind of time treasure could only appear in legends, and most of them existed in people's fantasies.

He did not expect that the Array God had obtained the Time Treasure! Thinking of this, Yang Chen was a little excited. "Lord Wood Emperor, is this quota for people to enter the Time Treasure to cultivate for a period of time?" "That's right." "You can enter the Time Treasure to cultivate for a year," the Wood Emperor said with a smile.

"Of course, this year refers to the year outside."

"In other words, each of these spots can allow you to cultivate for an additional year than others."

"How about it? Do you want to exchange for this quota?"

"Yes, definitely!" Yang Chen nodded repeatedly. This could give him an extra 99 years of cultivation time, so why not?

“Alright,” the Wood Emperor said with a smile. “I’ll contact the Saint Clan first and ask them to contact the Array God to see if the mystic realm is empty.” “Rest in my Dao City for a few days. There should be a reply in a few days.” “Alright, by the way, can you help me exchange for some God Stones? It’s not easy for me to go to the Time Mystic Realm, so I naturally have to make good use of it.” Yang Chen said.

“Sure, no problem.”

After leaving the Merit Hall, Yang Chen went to the courtyard arranged by the Taoist Faction.

Sitting in the courtyard, Yang Chen looked at the teacup on the stone table and was a little lost.

“If I make good use of this trip to the Time Secret Realm, I might be able to reach the peak of the Void Piercer realm.”

■ ■ Of course, the prerequisite is to first receive the inheritance of Yu Sheng.” Yang Chen knew his limits. Even if he had the holy pulse, without the inheritance of the Universe Saint, it would be very difficult for him to break through to the peak of the Void Piercing Stage in 100 years.

Yang Chen picked up the teacup and took a sip. Then, another question popped up in his mind.

“Wait, how does the Dao Integration Pearl absorb energy in the Time Mystic Realm?”

This was very important. If they were in the mystic realm, the Dao Integration Pearl could still absorb energy normally. After this secret plane trip, Yang Chen would have a king-tier subdued beast.

The Dao Integration Pearl gave the answer the moment this question arose. [The mystic realm can only absorb the luck produced by the people or subdued beasts that enter the mystic realm.]

Yang Chen smiled in satisfaction when he saw the answer.

The majority of the energy came from Yang Chen. Wasn’t this equivalent to being able to absorb energy normally?

It seemed that the trip to the Time Mystic Realm this time would definitely not be a little rewarding..

Chapter 562: Heading to the Vermillion Bird Divine Tribe

Endless Mountain Range, outside the inheritance of the Universe Saint.

Looking at the deep pit below, Shen Daokong felt a little emotional.” When we first discovered the ruins of Universe Saint, you were only at the Purple

Prefecture.”

“Now, you have already ascended the throne. In terms of strength, you are stronger than me.”

“The world is unpredictable.”

Hearing this, Li Kehui smiled bitterly and said,””Flame Emperor, you’ve broken through to the King level. Look at me, I was on the stage when the Chen Clan Lord was at the Zifu level. Now that the Chen Clan Lord has ascended to the

throne, I’m still on the stage.”

“Actually, we don’t have to compare ourselves with the Chen Clan Leader. The Chen Clan Leader’s future is at least a Saint. How can we compare ourselves

with a Saint?”

Shen Daokong nodded in agreement." That's right. We don't have to compare ourselves to him. Alright, let's not talk about this anymore. Let's go in."

Then, the three of them jumped into the deep pit together.

A few days ago, after the Wood Emperor reported the news of Chen Yang's request to the Vermillion Bird Divine Clan, the Vermillion Bird Divine Clan conveyed the intention of the Array God within two days.

He could enter.

However, he had to wait for two months.

After learning of this news, Yang Chen asked the Wood Emperor to help him

exchange for the God's Stone.

On the other hand, Yang Chen dragged Shen Daokong and Li Kehui to the place where the inheritance of the Universe Saint was located. He planned to continue receiving the inheritance.

It wasn't easy for him to go to the legendary Time Secret Realm, so Yang Chen naturally had to prepare properly. He couldn't waste this opportunity.

At the bottom of the deep pit.

When Chen Yang and the other two arrived outside the hall, the figure of the

Universe Saint appeared.

After looking at the three of them, Yu Sheng said in surprise, ""How did you guys come so quickly? Could it be that you've already digested the current stage of the inheritance?"

"No, I haven't." Yang Chen shook his head." This happened too suddenly. I need

to receive more of the inheritance.

"Oh?" "What happened?" Yu Sheng asked curiously.

Hearing this, Yang Chen told Yu Sheng that he was going to the Time Secret Realm.

When Yu Sheng heard this news, he was so shocked that his mouth dropped open." Time Mystic Realm? Did you say that the current Divine level experts have mastered the Time Secret Realm?"

"That's right."

"Phew!" The shock on Yu Sheng's face turned into excitement. This Time Secret

Realm had only appeared in ancient times."

"Moreover, this Time Mystic Realm had already gone extinct a million years

ago."

"I didn't expect that the Time Mystic Realm would actually appear again today!"

At this point, Yu Sheng looked at Chen Yang." Since you can enter the Time Mystic Realm, it's your opportunity. I naturally won't stop you from receiving the inheritance."

“However, you have to think carefully. If you accept the inheritance before you finish digesting it, it’s very likely that your brain will be damaged.”

“Whether you accept the inheritance or not is up to you.”

Then, Yu Sheng waited for Yang Chen’s reply.

This risk had already told Yang Chen that what he could do now was up to him.

Yang Chen thought about Yu Sheng’s words and asked, “If I only receive a portion of the inheritance, it only needs to help me cultivate to the peak of the

Void Piercing Realm.”

“Will this affect me?”

“I only received the peak of the Void Piercing Realm...

Yu Saint held his chin and thought for a moment before saying slowly, “If we only receive the peak of the Void Piercer realm, there shouldn’t be any

problems.”

“Of course, I’m just guessing. I can’t guarantee that there won’t be any

problems.”

Hearing this, Yang Chen nodded vigorously. “In that case, I’ll accept the

inheritance.”

Seeing that Yang Chen had made his decision, Yu Sheng waved his hand and the three of them followed Yu Sheng into the hall.

After arriving at the main hall, Yu Sheng took out the ball of light that represented the martial arts inheritance and handed it to Yang Chen.

Try to absorb the bar.

“Yes.” Yang Chen took the ball of light and sat down cross-legged.

Before absorbing the inheritance, Yang Chen looked at Yu Sheng, “Yu Sheng, I only have a month to absorb the inheritance.”

“One month later, please wake me up.”

“No problem.” Yu Sheng nodded.

Seeing that Yu Sheng had agreed, Yang Chen closed his eyes in relief and began to absorb the martial arts inheritance.

Yang Chen could clearly feel that absorbing the inheritance was more difficult than before.

When he absorbed it, he could feel a faint pain in his mind.

Yang Chen knew that this was the aftereffect of him making an exception to receive the inheritance.

Fortunately, it didn't affect him too much. Yang Chen didn't care and continued to absorb.

Time passed by bit by bit. In the blink of an eye, a month had passed. During this month, Yang Chen had been absorbing the inheritance.

Yu Sheng and the other two surrounded Yang Chen, chatting as they watched his movements.

If Yang Chen felt any discomfort, they would wake him up immediately. Fortunately, Yang Chen had been frowning for the past month, but nothing had happened.

Now, a month had passed. According to the agreement, it was time for Yu Sheng to wake Yang Chen up.

Yu Sheng waved his right hand and the ball of light was sucked into his hand.

Yu Sheng then looked at Shen Daokong and Li Kehui.

Seeing this, the two of them hurriedly shook Chen Yang."Chen Clan Leader

(Yang 'er)..."

After the two of them shouted a few times, Yang Chen slowly opened his eyes." Is the month up?"

"That's right." Shen Daokong nodded and asked impatiently,""Yang 'er, how was it?"

"Not bad." Yang Chen smiled," I don't have any barriers before I reach the

Emperor Realm.."

Chapter 563: Heading to the Holy Vermillion Clan (2)

“Now it seems that we have achieved our goal.”

Hearing this, Shen Daokong said excitedly, “It’s true! “From the looks of it, Yang ‘er, after your trip to the mystic realm, you should have reached the peak of the Void Piercing Realm.”

Shen Daokong was excited when he thought about how Yang Chen would reach the peak of the Sky Piercing Realm in a year’s time.

When that time came, the Shen family’s investment would finally start to pay off.

Even though Chen Yang had saved the Shen family during the evil demon disaster in City No. 18.

But to be honest, that would not be of much help to the Shen family’s future. At most, it would not cause the Shen family to decline.

But after Yang Chen broke through to the Sky Piercing Peak, things were different.

The help that a Void Piercer King could provide was completely different from the help that a Void Piercer King in the first layer could provide.

“Since you’ve received the inheritance, it’s time for you to leave.” Yu Sheng smiled.

Yang Chen stood up.

However, when he got up, Yang Chen almost fell to the ground.

Shen Daokong quickly supported Yang Chen and said worriedly, “Yang ‘er, what’s the problem?”

“It’s nothing. It’s just the side effects of forcefully receiving the inheritance. I’ll be fine after resting for a few days.” Yang Chen shook his head, signaling Shen Daokong not to worry.

Shen Daokong looked at Yu Sheng.

After seeing Yu Sheng nod his head, Shen Daokong felt relieved and left with Yang Chen.

In the following time, the two of them first sent Li Kehui to the Li family. Then, they rode a spirit beast to Dao City in the Land of Evil Demons.

After arriving at Dao City, Yang Chen returned to the courtyard that the Taoist Faction had prepared for him.

While waiting for the opening of the Time Mystic Realm, he recuperated his body.

Half a month later.

This forced acceptance of the inheritance had affected Yang Chen quite a bit, but after half a month of adjustment, Yang Chen was fine.

At the same time, the Taoist Faction also sent news that they could go to the Time Mystic Realm now.

Outside the Land of Evil Demons.

Riding on his Spirit King-tier familiar, Yang Chen looked at the Wood Emperor curiously. “Wood Emperor, where are we going?”

“Let’s go to the Vermillion Bird Divine Clan.” “If you want to go to the Secret Realm of Time, you have to go through the teleportation array in the four sacred tribes,” the Wood Emperor said with a smile.

“The Vermillion Bird Holy Clan is the closest to us, so we naturally have to go there.”

As the most mysterious type of array formation, the teleportation array formation was naturally not something that anyone could set up.

In the entire Alkaid World, only the Saint Clan had a teleportation array that could teleport large spaces.

In the following time, the two of them rode on their subdued beasts and headed straight for the Vermillion Bird Divine Tribe.

The Southern Mountain Range had many continuous mountain ranges.

Among them, there was a mountain range that was more special. This mountain range formed a paradise in a ring shape.

Of course, the reason why this mountain range was special was not that it formed a large-scale paradise.

Instead, it was because of the hidden forces in the peach garden.

Vermillion Bird Divine Clan!

This second-rank super family had a Saint in their clan, and they used their clan's luck to attract the Vermillion Bird Holy Beast to protect their clan!

In the Vermillion Bird Holy Tribe, Nangong Chiling was standing on a mountain peak. He looked into the distance as if he was thinking about something.

When Nangong Chiling was in a daze, a few handsome Nangong clansmen came from behind.

After these people came to Nangong Chiling's side, they sat down with him and also looked into the distance.

Among them, a man with a slightly unstable aura smiled and said, "Chi Ling, ever since you returned from your trip to the Dao Sect, you've been feeling uneasy."

"Why? Is that Yang Chen really that powerful? To be able to have such a huge impact on you."

Nangong Chiling looked at the man and smiled bitterly. "Brother Chi Feng, he's an existence who has comprehended the Illusory Great Dao."

"So what if it's the Illusory Great Dao?"

"In the history of the Alkaid World, there are many people who have comprehended the Illusory Great Dao."

"But in the end? Only the Illusory God had ascended to the position of God."

"Just because the Great Dao is powerful doesn't mean that people are necessarily powerful."

"Chi Ling, you must know that we all have First Grade aptitude and are known as Young Saints. How can we be worried about a person with a humble background?"

"Even if his cultivation is higher than yours, it's just luck."

"You have the Vermillion Bird Divine Clan backing you. Isn't it easy for you to surpass Chen Yang? If you don't believe me, you can invite him to our clan and spar with him personally. Then you'll know if I'm right."

"Brother Chi Feng, I..."

Nangong Chiling wanted to say something, but he saw a young man running over in a hurry.

"Brother Chi Ling, Brother Chi Ling, that person is here." The young man gasped for breath.

“Who’s here?” Nangong Chifeng looked at the young man.” Don’t be anxious. Speak slowly.””

“Yes.” The young man took a deep breath and said,“”Brother Chi Feng, Brother Chi Ling, there are two people in the clan. One of them seems to be the Chen Yang that you’ve been thinking about.”

“Yang Chen!”

Nangong Chiling suddenly jumped up and said excitedly,“”Really?” “Absolutely!”

Nangong Chiling took a deep breath and clenched his fists.” Let’s go. Bring me there.””

“Alright.” The young man nodded and led Nangong Chiling and the others down the mountain.

When they arrived at the clan, they immediately looked for Chen Yang and the others.

However, Yang Chen was nowhere to be seen. This made Nangong Chiling a little anxious.” Where is he? Are you sure you didn’t see wrongly?”

“No, I didn’t.” The young man was also a little anxious. Could this perfectly fine person have disappeared?

At this moment, Nangong Chifeng came to Nangong Chiling’s side,” Chiling, I found it.””

“It’s true!” Nangong Chiling’s eyes lit up and he quickly asked,“”Brother Chi Feng, where is Yang Chen?”

“He was invited to the guest hall by the patriarch and the elders.”Nangong Chifeng said.

Nangong Chiling nodded.” Alright, I’ll wait for Yang Chen here.””

“Chi Ling, if you want to spar with Yang Chen, I advise you to spar now.”Nangong Chifeng said.

“Why?” Nangong Chiling looked at Nangong Chifeng in astonishment.

“According to the news, Yang Chen is going to the Time Secret Realm to cultivate. When he comes out, you probably won’t be Yang Chen’s match.”Nangong Chifeng said.

Nangong Chiling was speechless.

“This trip to the Time Secret Realm requires a large number of merit points and special merit points. How can Yang Chen afford it?”

Hearing this, Nangong Chifeng sighed faintly, and a look of admiration appeared on his face.” Chi Ling, do you still remember the last time we cleaned up the Land of Evil Demons?”

“I remember.” Nangong Chiling nodded.” It’s said that someone discovered the evil demons ‘plot. The evil demons planned to use the altar to receive the evil gods, so they cleaned up the land of the evil demons.”

“What does this have to do with Yang Chen?”

“The person who discovered the evil plot was Yang Chen.”Nangong Chifeng said.

Nangong Chiling was speechless.

“I also heard that Yang Chen not only discovered the evil demons ‘plot, but also wiped out all the evil demons near the altar.”Nangong Chifeng sighed.

Nangong Chiling was speechless.

“Although there are tricks in this, Yang Chen’s strength has reached the King Realm, which is stronger than us.”Nangong Chifeng said in disappointment. Nangong Chiling was speechless.

“Void Piercer King? Brother Chi Feng, did you say that Yang Chen had broken through to the Void Piercer King?”Nangong Chiling asked in disbelief.

“That’s right.”

“Then why did you ask me to spar with Yang Chen?”Nangong Chiling’s Dao heart almost collapsed.

I’ve been cultivating for so long just to get back at you. Now you’re telling me that Yang Chen has broken through to the Void Piercer King?

Hearing this, Nangong Chifeng’s expression was a little awkward as he said,“I was just thinking that sparring now is better than sparring when Yang Chen comes back from the Time Mystic Realm.”

At this point, Nangong Chifeng changed the topic,” This Chen Yang is really a monster.””

“Originally, I thought that with the Saint Clan backing us, it would only be a matter of time before we surpass Chen Yang.”

“But now, it seems that I’m a little arrogant and condescending.”

Not only did Nangong Chiling feel defeated, Nangong Chifeng also felt helpless and defeated.

With Yang Chen’s current cultivation, he was no longer from a different world from them.

They were even jealous of Yang Chen and felt powerless.

“In a world of great strife, there are many monstrous geniuses.”Nangong Chifeng sighed..

## Chapter 564: The Peak of Space Breaking

While Nangong Chiling and the others were sighing, in the reception hall of the Vermillion Bird Holy Clan.

The clan leader of the Nangong Clan, Nangong Fuming, was chatting with Yang Chen.

“Illusion King, I’ve heard a lot about you. Let’s not talk about anything else, just say that when I was a king tier, I couldn’t compare to you.” Nangong Fuming laughed.

“Patriarch Nangong is too polite. I only did my part.” Yang Chen said in a neither servile nor overbearing manner.

“Oh right, after this time’s Secret Realm ends, Chen Clan Leader’s strength will most likely soar. At that time, do you want to come to the Evil Demon Land guarded by my Nangong Clan?”

Nangong Fuming sent out an invitation.

Hearing this, Yang Chen looked at the Wood Emperor in confusion.

What, could he change the place that guarded the Land of Evil Demons?

“King of Illusions,” the Wood Emperor explained with a smile. “You don’t know this, but there aren’t many kings in the demonic lands that our Dao Sect guards.”

“In order to unify the power of our Alkaid World, and to help the Saint Clan guard the Land of Evil Demons. Therefore, most Kings would come to guard the Saint Clan.”

“Including my Dao Sect. Unless a demonic calamity occurs in the demonic lands that my Dao Sect is guarding, my Dao Sect will still be in the demonic lands that the Vermillion Bird Divine Clan is guarding in most cases.”

After the Wood Emperor’s explanation, Yang Chen gained a better understanding of the Land of Evil Demons.

At the same time, Yang Chen also understood why Nangong Fuming invited him.

After all, he said that he was going to guard the Holy Clan, but he did not specify which Holy Clan he was going to.

There were a total of four holy clans in the Alkaid World. When the time came, there would definitely be other holy clans who would invite Chen Yang.

Therefore, Nangong Fuming sent out an invitation in advance.

After figuring out the whole story, Yang Chen smiled and said, “Since Patriarch Nangong thinks highly of me, I will naturally obey.”

Hearing this, Nangong Fuming heaved a sigh of relief.

To be honest, with Chen Yang’s talent, if he chose to guard the four holy clans, it would definitely cause a crazy fight.

After all, this was an existence who had comprehended the Illusory Great Dao. He was a hot commodity no matter where he went.

Now that he was able to take down Chen Yang in advance, it was naturally a good thing for the Vermillion Bird Divine Tribe.

Just as Nangong Fuming was about to say some polite words of thanks, an old man slowly walked in from outside the hall.

After the old man entered, he first smiled and nodded at Chen Yang. Then, he looked at Nangong Fuming, "Clan Leader, the Array God has replied. We can send the Illusion King over."

Hearing this, Nangong Fuming stood up and made a "please" gesture. "Illusion King, please follow me."

Seeing this, Yang Chen and the Wood Emperor stood up and followed Nangong Fuming to a quiet hall in the Vermillion Bird Holy Tribe.

The hall looked ordinary, but Yang Chen could sense that there were many masters guarding the hall in the dark.

Presumably, there must be something special about this hall.

Pushing open the door, Nangong Fuming turned around and smiled, "Illusion King, the spatial transfer array of my Vermillion Bird Divine Tribe is inside. Please follow me."

Yang Chen nodded and followed Nangong Fuming into the hall.

After arriving at the hall, Yang Chen looked around and found that the hall was very empty. Other than the Space Transfer Array in the center of the hall, there was nothing else.

Arriving at the teleportation array, Nangong Fuming pointed at it and

said, "Illusion King, please go up. This teleportation array will teleport you to the Array God's side."

"As for the Time Secret Realm, the Array God can only bring you there."

Hearing this, Chen Yang nodded. After a moment of hesitation, he walked to the center of the Teleportation Formation.

When Yang Chen arrived at the center of the Teleportation Formation, Nangong Fuming took out a large number of Spiritual Crystals from his storage bag.

Under Nangong Fuming's control, these Spiritual Crystals were scattered all over the Teleportation Formation.

When these Spiritual Crystals were all in place, Nangong Fuming looked at Chen Yang, "Illusion King, are you ready?"

Hearing this, Yang Chen nodded. "I'm ready."

Seeing this, Nangong Fuming pressed a button in front of the spatial teleportation array. Immediately, pieces of Spiritual Crystals were quickly absorbed.

At the same time, the array gradually revealed the mysteries of space. When all the Spiritual Crystals were absorbed, the Space Array emitted a dazzling blue light. Then, Chen Yang disappeared.

After doing all this, Nangong Fuming looked at the spatial array in a daze, "I'm afraid the Array God won't be able to last long. Illusion King, you have to grow faster. Don't let down the expectations of the living and the Array God."

This was called a spatial teleportation array, and it was still a little uncomfortable.

When Yang Chen was teleported by the Teleportation Formation, he felt dizzy. Everything around him was passing by at a rapid speed, which made him feel even more dizzy.

Fortunately, the teleportation did not last long. In just a few dozen breaths, the teleportation ended.

Yang Chen's figure was in a large hall.

“Where is this place?” After the teleportation, Yang Chen frowned and looked around.

This hall looked solemn and dignified, but it was a little deserted, as if very few people lived here.

When Yang Chen’s gaze swept around and finally focused on a throne in the north of the hall, Yang Chen’s pupils constricted.

Sitting on the throne, a handsome, tall, and mysterious man was smiling at Yang Chen.

Chen Yang had seen this man before, or more accurately, he had seen his shadow.

He was the guardian of the Alkaid World, the Array God!

After seeing the Array God, Chen Yang hurriedly bowed..” Chen Yang greets the Array God!”

Chapter 565: Peak of the Sky Breaking Realm (2)

“There’s no need to be so polite.” The Array God smiled and helped Chen Yang up with his divine Qi, then asked, “Yang Chen, I heard from the demon that you have an illusory Divine Meridian in your body.”

“Array God, it’s true.” Yang Chen nodded.

There was nothing to hide. After all, he could still make himself illusory while sealing the Great Dao. Anyone with good eyesight would be able to discover the difference in him.

Seeing Chen Yang admit it, the Array God smiled and nodded." The Illusory Divine Meridian and the Illusory Great Dao are probably going to give birth to another Illusory God."

"Formation God, you flatter me." Yang Chen said humbly.

"I'm not exaggerating." The Array God put away the smile on his face." This is my request for you, and also the Alkaid Realm's request for you."

Looking at the serious face of the Array God, Yang Chen said in disbelief,""Could it be that this formation can't hold on for long?"

"Sigh." The Formation God sighed and said," How can a formation in this world last forever? Plus, the demons are constantly attacking the formation. It's already very easy for it to last for 100,000 years.""

"However, you don't have to worry. My array can still withstand for a few hundred years. Now, it depends on you. Can you advance to the God Realm in a few hundred years?"

"If you can break through, the two of us can work together and resist the evil gods."

"If we can't break through, then our Alkaid World..."

The Array God didn't say it explicitly, but Yang Chen also understood that if he couldn't break through, the Alkaid Realm would probably become a paradise for evil spirits.

However, it was easier said than done to break through to the God Realm in a few hundred years.

Even Yang Chen couldn't guarantee that he would be able to break through to the God Realm in a few hundred years.

Seeing the worry on Yang Chen's face, the Array God smiled and said,""You don't have to worry. With my Time Mystic Realm around, it can help you gain a lot of time."

“However, I can’t openly support you. After all, there are a few freaks with divine meridians or divine-grade aptitude in the Alkaid World. How can all the resources be concentrated on you?”

“At that time, before the demons can break through the formation, we will be in chaos internally.”

“However, I can give you a special treatment. As long as you find the resources to activate the Time Mystic Realm, I can give you priority to use them.”

“At that time, the others won’t be able to say anything.”

“Resources from the Time Mystic Realm? Could it be that using the Time Mystic Realm required the consumption of resources?” Yang Chen looked at the Array God in confusion.

“Of course,”

“Do you think you can accelerate the flow of time out of thin air and create a time difference with the outside world? Not only did this Time Mystic Realm consume resources, but the resources it consumed were not ordinary resources.”

Chen Yang understood. Just like a treasure like the Dao Integration Pearl, it still needed luck as a resource. Naturally, the Time Mystic Realm also needed resources.

“What kind of resources do you need?” Chen Yang asked immediately.”

“You should know about the Great Dao Crystal, right?”

Yang Chen nodded.

“The resources needed for this Time Mystic Realm are the Great Dao Crystals of the Great Dao of Time.” Formation God.

Hearing this, Chen Yang's eyes widened. He did not expect that the resource required by the Time Mystic Realm was actually the Great Dao Crystal of the Time Great Dao!

There was no need to say how rare the Great Dao of Time was.

Similarly, the Great Dao Crystal of the Time Great Dao was also extremely rare. It might not be possible to condense a single one even after hundreds or thousands of years.

It seemed that it was not easy to use the Time Mystic Realm for a long time.

"Alright, we've talked so much. It's time to get down to business." The Array God stood up and instantly came in front of Yang Chen. He patted Yang Chen's shoulder and said, "Come with me."

Immediately, Chen Yang followed the Array God and left the hall.

After leaving the hall, Yang Chen realized that the hall was built in the void.

Under the void was the Alkaid Realm where they lived.

On the other side of the void stood a dense group of demons.

Looking at this scene, Yang Chen couldn't help but be stunned.

The God of Formations smiled. "Isn't it spectacular? This is where a god should be." Cultivate well. In the future, we'll have to fight demons in the void together."

Then, the Array God grabbed Yang Chen's arm and the two of them disappeared together.

When they reappeared, Yang Chen found that the two of them were already in a world of white.

This world was no different from the outside world, and the aura of the Great Path was even denser than the outside world. It seemed that this place was a rare cultivation treasure land.

“This is the Time Mystic Realm. Cultivate well. I’ll come and pick you up in a hundred years.”

Then, the Array God disappeared.

Seeing this, Yang Chen took out the Divine Stones and Spiritual Crystals that he had exchanged in advance and began to cultivate.

After leaving the Time Secret Realm, the Array God appeared in the void.

Looking at the demons in the distance, the Array God couldn’t help but laugh.””Evil Demon Clan, you won’t be able to run around for much longer.” “The heavenly secrets show that the day Chen Yang becomes a god will be your doomsday!”

At this moment, the Array God turned his head to look at the Alkaid World. To be precise, he looked at the grand array outside the Alkaid World.

“I wonder if my array can last until Chen Yang ascends to the divine throne.”

The river of time flowed slowly. Unknowingly, it had been a year since Chen Yang left the Alkaid Realm.

Alkaid World, within the Vermillion Bird Divine Clan.

Nangong Fuming and the Wood Emperor were sitting at a stone table in a quiet courtyard. On the stone table, there were tea cups and teapots.

After pouring a cup of tea for the Wood Emperor, Nangong Fuming smiled and said,””Counting the days, the Illusory King should have ended the Time Mystic Realm by now.”

“Soon.” The Wood Emperor took the teacup and took a sip before

continuing, “If nothing unexpected happens, the Illusory King should be able to return today.”

“How much do you think the Illusory King can increase his cultivation?”

Nangong Fuming pondered for a moment when he heard the Wood Emperor ask about him. Then, he smiled and said, “I don’t know. I’m not surprised at how fast these monsters with divine meridians or divine-grade aptitude who have the hope of becoming gods cultivate.”

“I should be able to guess what realm the Illusory King can cultivate to.” the Wood Emperor said with a smile.

Hearing this, Nangong Fuming’s interest was piqued. “Oh? Tell me.”

Immediately, the Wood Emperor placed the teacup on the stone table and smiled at Nangong Fuming. “I don’t know the exact realm, but I can be sure that the Illusory King won’t break through to the Emperor Realm.”

Hearing this, Nangong Fuming glanced at the Wood Emperor. “Do I even need you to say that? Without the Emperor Realm and the cultivation technique behind it, how could the Illusory King break through to the Emperor Realm?” “Besides, even if there are follow-up cultivation techniques, it’s impossible to achieve the prerequisite of breaking through to the emperor realm in these 100 years.”

“Seriously, what level of cultivation do you think the Illusory King can reach?” Seeing this, the Wood Emperor thought about it seriously for a moment. “According to past records, geniuses with divine pulses break through a realm every forty years on average.”

“As for the God Realm, it takes an average of thirty years for a God to break through to the next realm.”

“Let’s just assume that the Illusory King will definitely become a divine fortune-teller in the future. In addition to the fact that he didn’t accumulate as much in the past, I estimate that the Illusory King’s cultivation should be at the fifth layer of the Void Piercing Realm.”

When he said this, the Wood Emperor was filled with envy.

Comparing people was infuriating.

On average, he would need 100 years to break through to the next level of the King Realm, and this was the academy where he had some fortuitous encounters.

As for those freaks with divine-grade aptitude, their cultivation speed was at least three times faster than his.

How could he compare to them?

Nangong Fuming also nodded, "This cultivation should be about the same. Sky Piercing Fifth Layer is the limit of the Illusion King."

"Patriarch, the Formation God has sent a message for the Patriarch to head to the spatial transfer formation." At this moment, an elder came into the courtyard.

Hearing this, Nangong Fuming looked at the Wood Emperor. "It seems like we will have an answer soon."

In the Time Mystic Realm.

Yang Chen slowly opened his eyes and sensed his cultivation. He couldn't help but laugh out loud.

"Hahahaha!"

At this moment, the figure of the Array God appeared. "You're smiling so happily. Your harvest this time is not bad, right?"

Hearing this, Yang Chen stood up and bowed. He suppressed his laughter and said, "Array God, I've already reached the peak of the Sky Piercing Realm." Peak Void Piercer!

After hearing these words, the Array God's eyes widened and he said in disbelief, "You've broken through to the peak of the Void Piercer realm?"

Chapter 566: The Realm of All Beings (1)

| °

The Array God was a little stunned.

He did not doubt Yang Chen's aptitude. After all, he had the holy pulse, so his cultivation speed could not be low.

However, the Array God did not expect that Chen Yang had actually cultivated to the peak of the Sky Piercing Realm!

This was equivalent to breaking through one realm every ten years on average. How was this possible?

This was much faster than his cultivation speed back then.

Seeing the awkwardness on the Array God's face, Yang Chen smiled and said, "Array God, there is no need to be shocked. I was lucky and obtained some inheritances."

"Inheritance?"

The Array God pondered for a moment and then asked, "Could it be the legendary martial arts inheritance?"

“I remember that this martial arts inheritance can help people clear the barriers in their realms. When they cultivate, there is no obstruction at all. They only need to accumulate spiritual energy.”

“However, this method of inheritance disappeared 200,000 years ago.” “Could it be that you have obtained the inheritance of an expert from 200,000 years ago?”

“That’s right.” Yang Chen nodded.

Upon hearing this, the Array God looked at Chen Yang with envy.” You’re quite lucky. When I first heard about the martial arts inheritance, I always wanted to find one too.”

“It’s a pity that we didn’t find the martial arts inheritance. We only found this time mystic realm.”

Yang Chen was speechless.

This was even more enviable.

“It’s also your opportunity to obtain the martial arts inheritance. Perhaps it’s because of this martial arts inheritance that you can successfully break through at the most critical moment.”

“Alright, let’s not talk about this anymore. It’s time. I’m going to take you back now.”

Immediately, the Array God waved his hand, and Chen Yang and the Array God disappeared from the Time Secret Realm. When they reappeared, they were already in the hall outside the void.

Pointing at the Space Teleportation Formation, the Formation God smiled and said,“I’ve already asked the Nangong Clan to wait for you in the Alkaid Realm.” “Understood.”

Yang Chen nodded and went to the center of the Teleportation Formation.

Yang Chen had already taken the Space Transfer Array once, so he wasn’t as nervous as before.

After placing the spirit stones, the array was activated.

In an instant, Yang Chen disappeared.

Looking at the place where Yang Chen left, the Array God was a little absent-minded. In an instant, the Array God sighed and said, "Hurry up and cultivate. I'm afraid that the formation really can't hold on any longer." Alkaid World, Vermillion Bird Divine Clan, in the hall where the spatial teleportation array was located.

Nangong Fuming and the Wood Emperor looked at each other nervously when they saw the flickering light on the Spatial Teleportation Formation.

To be honest, they were really afraid that something would happen to this spatial teleportation array, causing something to happen to Chen Yang, who carried the future hope of the Alkaid World.

Fortunately, this teleportation array was set up by the Array God. It was not a problem for it to be sturdy.

After the light faded, Chen Yang's figure appeared in the center of the array.

Seeing this, Nangong Fuming heaved a sigh of relief and stepped forward with a smile, "Illusion King, welcome back."

Yang Chen walked out of the Teleportation Formation and said with a smile, "I haven't seen you for a hundred years. I really miss you two."

"TO you, it's a hundred years. To us, it's only a year." the Wood Emperor said with a smile.

"This is not the place to talk. Illusion King, I've already prepared a banquet. I'm just waiting to welcome you."

“Illusion King, please!”

Nangong Fuming made an inviting gesture.

Seeing this, Chen Yang also made a gesture of invitation, “Patriarch Nangong please.””

“Hahaha, why are you being so polite? Let’s go together!”

Immediately, the three of them left the hall and headed for the banquet. At the banquet, after three rounds of wine and five dishes, Nangong Fuming smiled at Chen Yang, “Illusion King, I wonder what level your cultivation has reached?”

Generally speaking, it was a sign of disrespect to probe the cultivation of others without permission.

If Chen Yang was still a Venerable, then Nangong Fuming could just investigate.

However, Yang Chen had already broken through to the King realm, and his future was limitless. Nangong Fuming did not want to offend Yang Chen.

However, he was also a little curious in his heart. With such talent, what level would Chen Yang’s cultivation reach after experiencing the Time Secret Realm for a hundred years?

Yeah, tell us about it.” The Wood Emperor laughed as well.

Seeing this, Yang Chen released a wisp of his aura.

Sensing this aura, Nangong Fuming was so shocked that he didn’t even realize that his chopsticks had fallen onto the table.

“Break...PeakVoid Piercer?”

Nangong Fuming and the Wood Emperor looked at Chen Yang in disbelief." Illusion King, this..."

"Don't be shocked. I'm just lucky and have some opportunities. According to my true cultivation speed, I won't be able to reach the peak of the Void Piercing Realm." Yang Chen explained.

The two of them looked at each other. This was easy for people to accept and was also in line with common sense.

But no matter what, Yang Chen's cultivation was already at the peak of the Void Piercer Realm. This was an indisputable fact.

"Illusion King, congratulations on successfully breaking through to the peak of Void Piercing. This way, giving other gifts would seem a little cliché."

"After we return, I will give you the portion of the Ten Thousand Beast Technique in my Dao Sect's Dao Scripture." the Wood Emperor said with a smile.

Yang Chen looked at the Wood Emperor in surprise. He had never thought that the Wood Emperor would be willing to give him the cultivation technique.

Immediately, Chen Yang smiled and said, "This Wood Emperor is so generous. I really don't know what to say."

"Hahaha, there's no need for the Illusory King to do this. Anyway, our Dao Sect doesn't need this cultivation technique. As the saying goes, a fine horse matches a hero. This good cultivation technique naturally has to be given to those who need it." the Wood Emperor said with a smile..

Chapter 567: The Realm of All Beings (2)

Nangong Fuming curled his lips when he saw the Wood Emperor's smile.

This old fox had even taken out his own cultivation technique in order to befriend the Illusory King.

Nangong Fuming didn't believe a single word of what he said.

The Law of Dao was all-encompassing. There were many cultivation techniques that the Law of Dao did not need, but he did not see the Dao Sect giving away other cultivation techniques.

In the end, he was just trying to please Yang Chen and make friends with him. Immediately, Nangong Fuming steeled his heart and said, "Illusion King, speaking of cultivation techniques, the divine code of beast taming cultivation techniques is in our clan."

"However, we can't use the God's Code at will. We can only ask the Illusory King to exchange for it with merit points."

"Of course, in the Divine Code, the Nangong Clan can still make the decision to cultivate to the level of a Saint."

"How about this? In order to congratulate the Illusory King for breaking through to the peak of the Void Piercing Realm, my Nangong Clan is also willing to give you a cultivation technique that can cultivate to the Saint Realm."

Yang Chen was a little confused. What was going on with these two today? How could they give away such a precious cultivation technique just like that?

However, since the other party had come knocking on his door, Yang Chen would not refuse. He immediately said, "I understand your intentions. Don't worry, if you need the Chen Clan in the future, feel free to ask."

Upon hearing this, Nangong Fuming and the Wood Emperor smiled at each other.

This was what they had been waiting for.

Although they wouldn't blackmail them, as long as they had this layer of friendship, no one would dare to touch the Chen family and Chen Yang in the future.

In the following time, the host and guest enjoyed themselves.

After the banquet ended, Nangong Fuming immediately handed the cultivation method to Yang Chen.

After obtaining the cultivation technique, Yang Chen did not stay for long and left the Vermilion Bird Clan with the Wood Emperor.

Although he had said that the Chen Clan would go to the Evil Demon Land that the Nan Gongsheng Clan was guarding, it was still a pity.

However, he couldn't go immediately. The preparation and deployment would take some time.

Before that, Yang Chen still had to return to the evil land guarded by the Taoist Faction and continue to perform his mission.

City 32, City Lord's Mansion.

Chen Yang looked at Chen Xuan." Great Elder, nothing has happened in the city in the past year, right?"

"No, I haven't." Chen Xuan shook his head." With the family head's subdued beasts around, even if those demons descend, they won't live past the next day."

Hearing that nothing had happened, Yang Chen nodded in relief.

He was afraid that something would happen in Fortress 32 during the year he was away.

“Right, I’m going out for a while. First Elder, prepare for the promotion ceremony first. When I come back, we’ll advance to Rank-4.” Yang Chen said. “So fast?” Chen Xuan looked at Chen Yang in shock.”

“During special times, everything will be simple. As for the invited forces, just invite the Taoist Faction and the Shen family.”

Then, Yang Chen turned around and left.

The reason why Yang Chen wanted to leave City 32 was because he wanted to improve the strength of his subdued beast.

This trip to the Time Secret Realm had saved Yang Chen 365,000,000 energy points.

Excluding the 200 million energy points, it could allow one subdued beast to break through to the Spiritual King Realm, and it could also allow the remaining subdued beasts to advance to the Spiritual Venerable Realm.

This was a huge improvement.

After finding a place with no one around, Yang Chen released all his familiars. Looking at these subdued beasts, Chen Yang hesitated for a moment before spreading out his right hand and saying to the Dao Integration Pearl, “The Dao Integration Pearl can raise the Dragon Kun to the Spirit King Realm.”

The reason for choosing the Dragon was very simple. The Dragon’s bloodline was at the Spirit King level, and it could save Yang Chen ten million energy points.

If he were to upgrade other subdued beasts, Chen Yang’s energy wouldn’t be enough to upgrade the remaining subdued beasts to the Spiritual Venerable Realm.

Following Chen Yang’s command, waves of energy gushed out of the Dao Integration Pearl and poured into the Kun Dragon’s body.

Seeing this, Yang Chen continued, "The Dao Integration Pearl will raise all the remaining subdued beasts that have yet to break through to the Spiritual Venerable Realm to the Spiritual Venerable Realm."

Then, the Dao Integration Pearl flashed with seven-colored light.

Immediately after, beams of energy poured into the bodies of each subdued beast.

Pegasus, Howling Moon Wolf, Heavy Eye Four-Winged Tiger, Purple-Winged Heavenly Eagle, Red Dragon...

One by one, the subdued beasts were infused with energy by the Dao Integration Pearl. Those whose bloodlines did not meet the standard would first raise their bloodlines, while those whose bloodlines met the standard would begin to raise their cultivation.

This time, the grand upgrade emitted many terrifying auras.

If Yang Chen hadn't helped to cover it up, he would have been discovered long ago.

Half a day later, all the familiars had leveled up.

Looking at these subdued beasts that were emitting a terrifying aura, Yang Chen nodded in satisfaction. "Not bad. It seems that after the Chen family advances to the Fourth Stage, they will be able to nurture another Spirit King in another 30 years."

Yang Chen put away his subdued beast and returned to City 32.

In the following period of time, City 32 had been making preparations for advancing to the Fourth Stage.

A month later, the Chen family officially advanced to the Fourth Stage in City 32.

Under the witness of Taoism and the Shen family, Yang Chen paid his respects to the heavens and received their response, officially elevating the Chen family to the Fourth Stage Realm.

After Yang Chen came down from the altar, the Wood Emperor took the lead to congratulate him, "Congratulations to the Chen family for advancing to the Fourth Stage. Our Dao Sect has taken out the Dao Scripture. May the Chen family's martial arts prosper."

The Wood Emperor had originally planned to give Yang Chen the Ten Thousand Beast Technique in the Daoist Canon.

Now that the Chen family had advanced to Rank-4, they could use this opportunity to get a good fortune.

As for Shen Daokong, he said awkwardly, "Yang 'er, this matter happened so suddenly that the Shen family didn't prepare any gifts."

"Patriarch Dao Kong, there's no need to do this."

Yang Chen smiled and said, "Do we still need to use gifts to measure our relationship?"

"Alright, the banquet is about to begin. Don't be so reserved."

At the banquet.

The Wood Emperor first raised a cup of wine and then looked at Chen Yang, "Chen Clan Leader, let me toast you."

Seeing this, Yang Chen quickly raised his glass and agreed.

After they finished drinking, the Wood Emperor asked with a smile, "Chen Clan Leader, do you have any confidence in breaking through to the Emperor Realm?"

“Emperor?”

Yang Chen thought for a moment, then smiled and shook his head, “I’m not worried about cultivation, but I’m really helpless when it comes to comprehending the Great Dao.”

“After all, those distracting thoughts have always affected me, preventing me from comprehending the Great Dao.”

“I really don’t know what to do if I can’t comprehend the Great Dao of a Deity and get rid of all distracting thoughts.”

“Speaking of which, I still don’t know why these distracting thoughts will affect my comprehension of the Great Dao of the Gods.”

“I see.”

The Wood Emperor put down his wine cup and smiled. “I thought you knew. I didn’t expect you to not know the use of distracting thoughts. Alright, let me explain it to you.”

“Regarding distracting thoughts and the great Dao of the Deity, the God of Array has specially explained it to us.”

Hearing this, Yang Chen put down his wine cup and listened carefully to the Wood Emperor’s next words.

“This so-called Deity’s Great Dao is actually to comprehend the Great Dao to the fifth realm. Chen Clan Leader should be clear about this.” the Wood Emperor said with a smile.

Yang Chen nodded.

“The problem lies in the fifth realm,” the Wood Emperor continued.”

“The first four realms of the Great Dao, to put it bluntly, are nothing more than increasing the power of the Great Dao. However, the fifth realm is to increase the range of influence of the Great Dao.”

” Range of influence?” Yang Chen frowned.” Now that we’re using the Great

Dao, it’s not limited to one person or one object.”

“No, no.”

The Wood Emperor shook his head.” Even if your Great Dao can affect living beings hundreds of thousands of miles away, it’s still a small category. It’s still in the category of increasing the power of the Great Dao.”

“The fifth realm is also known as the Beings Realm. Once it is used, it can completely absorb an entire world.”

“Take your Illusory Great Dao as an example. Once you comprehend the fifth realm and use the Illusory Great Dao, you can completely turn the entire Alkaid World into nothingness.”

“Illusion the entire Alkaid World!” Yang Chen widened his eyes.

How how is it possible to turn the entire Yaoguang World into nothingness! “You can’t believe it, can you? No matter how much you try to strengthen the Great Dao, you can’t expand the influence of the Great Dao to the entire world.” “This is the true meaning of the Beings Realm in expanding the area of influence of the Great Dao.”the Wood Emperor said with a smile..

Chapter 568: Path-Understanding Leaf (1)

“

All Beings Realm!

Yang Chen knew that if he wanted to ascend to the Deity Position, he had to unlock the fifth realm of the Great Dao.

However, Yang Chen had never thought that the fifth realm would be so powerful that it could be called the Realm of All Beings.

Then, what did the Beings Realm have to do with distracting thoughts? Thinking of this, Yang Chen looked at the Wood Emperor, waiting for his explanation.

Moreover, Yang Chen had a hunch that the Wood Emperor would not talk about the state of all living beings with him for no reason.

He was afraid that there was something waiting for him down there.

The Wood Emperor continued to explain. "As for distracting thoughts, it's not exactly called distracting thoughts. The correct name should be the will of all living beings."

"The Will of All Beings... Yang Chen clicked his tongue.

The will of all living beings and the realm of all living beings. It seemed that there must be a connection between them.

"That's right, the will of all living beings in the realm of 'Mother'."

■'Every living being has all kinds of thoughts when they are born," the Wood Emperor said."

"The simplest is happiness, anger, sorrow, and joy."

"And these thoughts will ultimately affect the judgment of living beings and affect the way they handle things."

“This is the manifestation of the will of all living beings.”

“As for why the will of all living beings would affect the improvement of the Great Dao. This was because the path that living beings took to become gods was actually to advance according to the path set by the Great Dao.”

“The Great Dao is dead, so it naturally remains unchanged. Every point has strict requirements.”

However, the will of all living beings is alive and will change under the influence of various factors. In addition, the path to becoming a god is to go against the heavens, so it will naturally hinder the comprehension of the Great Dao.”

Chen Clan Leader, you should understand this.”

Yang Chen nodded.

After the Wood Emperor’s explanation, Yang Chen had a new understanding of the influence of the will of all living beings on the Great Dao.

However, there was still a problem. Since the will of all living beings would have such a huge impact on the Great Dao, why did it have to be the will of all living beings when comprehending the realm of all living beings?

As if he could see Yang Chen’s confusion, the Wood Emperor smiled and said,““Although the will of all living beings has many restrictions on comprehending the Great Dao.”

“But to become a god, one cannot do without the will of all living beings.” “I won’t keep you in suspense. According to the Array God, becoming a god actually represents that you have already evolved from a living being to a god.” “These gods are the same kind as the Great Dao and the Heavenly Dao They can also be seen as agents chosen by the Great Dao and the Heavenly Dao to manage living beings.”

“How can it be so easy to become the agent of the Great Dao and the Heavenly Dao. Not only do you have to comprehend the Great Dao and reach the standard of becoming a god, but you also have to fuse the will of all living beings into the Great Dao.”

“This is because the will of all living beings was created by the Heavenly Dao and the Great Dao. Otherwise, why would there be a saying that the heavens have eyes and the heavens bless? And if one wanted to become one of the Great Dao’s clansmen, one naturally had to grasp the will of all living beings.” “This is why if you want to become a god, you can’t abandon the will of all living beings.”

“Because once you abandon the will of all living beings, it means that you will never be able to become a member of the Great Dao and the Heavenly Dao.” “Then naturally, you won’t be able to become a god.”

“And only by fusing with the will of the living beings can one comprehend the realm of the living beings and use the Great Dao that can affect an entire world.”

After this speech, the Wood Emperor’s mouth was dry.

When Yang Chen saw this, he quickly poured a cup of wine for the Wood Emperor.” Thank you for your explanation, Wood Emperor. However, Wood Emperor, how do you integrate the will of all living beings into the Great Dao?” The Wood Emperor raised his cup and downed the wine in one gulp. He then smiled and said, “I don’t know. I reckon that the only one who knows this method is probably Lord Array God.”

“However, the Formation God said that only when you break through to the peak of the Saint Realm can you ask about this method.”

“However, although I don’t know how to fuse the will of all living beings into the Great Dao, I do know how to make the will of all living beings not affect my comprehension of the Great Dao at this stage.”

Yang Chen’s eyes widened.

This will of all living beings had always been a burden to Yang Chen’s comprehension of the illusory Great Dao.

If he could prevent the will of all living beings from affecting him, then Yang Chen was confident that he would only need about fifty years to comprehend the third stage of the Great Dao.

Immediately, Yang Chen hurriedly asked, "Lord Wood Emperor, please enlighten me."

"I don't dare to teach you. This is actually one of the reasons why I'm here." The Wood Emperor put down his wine cup and took out a jade slip from his storage ring.

After that, the Wood Emperor passed the jade slip to Chen Yang. "Please take a look, Chen Clan Leader."

Yang Chen took the jade slip in confusion. After looking at it briefly, he poured Holy Qi into it.

In an instant, a map appeared in front of everyone.

Looking at the map, Yang Chen couldn't help but ask, "Wood Emperor, what is this?"

"This is a map."

"I know this is a map. What I'm asking is, where is this map?" Yang Chen smiled.

"This is a map of a dangerous place in the Evil Demon Land that the Vermillion Bird Divine Tribe is guarding." the Wood Emperor said.

"Danger zone?"

Yang Chen looked at the map again, then turned to look at the Wood Emperor. "Wood Emperor, you mean that there are treasures in this perilous land that can help me suppress the will of all living beings and allow me to comprehend the Great Dao without worry?"

"Chen Clan Leader is smart."

After praising Yang Chen, the Wood Emperor smiled and explained, "In this dangerous place, there is a second-grade spirit plant called the Path-Understanding Tree."

"This Path-Understanding Tree doesn't look special. It's just an ordinary tree." "However, there are six Dao Comprehension Leaves growing on the Path-Understanding Tree.."

Chapter 569: Path-Understanding Leaf (2)

1

In the eyes of others, this Dao Comprehension Leaf can help warriors comprehend the Great Dao. But in reality, the function of this Path-Understanding Leaf was to suppress the will of all living beings. It could only help a martial artist comprehend the Great Dao."

"Logically speaking, only one treasure can be used at a time to help a martial artist comprehend the Great Dao."

"That's why we can use the Path-Understanding Leaf together with other treasures that aid in comprehending the Great Dao."

"This way, the effect will be even better, and we can use the Path-Understanding Leaf more effectively.'1

The Wood Emperor paused for a moment and smiled.-Speaking of this Path-Understanding Tree, I was lucky enough to find it by chance when I was guarding the Vermillion Bird Holy Tribe's land of demons."

"When I discovered it, I drew a map and waited for the day when I was strong enough to pick the Path-Understanding Leaf."

"It's a pity that my strength has been rising rather slowly, so I'm not confident that I can pick it now. However, after seeing the strength of the Chen Clan Leader, we can give it a try."

“If we succeed, we’ll split these six Path-Understanding Leaves equally.” Yang Chen looked at the Wood Emperor. Although the scene that the Wood Emperor had described was very good, Yang Chen was not in a hurry to agree. Since the Wood Emperor did not go alone, it meant that the danger of this perilous land was something that even the Wood Emperor was not confident of passing through.

From the looks of it, it was even more important to ask clearly.

“Wood Emperor, what exactly is the danger in this perilous land that even you don’t have the confidence to pass?” Yang Chen asked immediately.” “The danger in the danger zone is nothing to worry about. It’s just some death miasma.”

“The truly dangerous one is the Spiritual Emperor in the danger zone.” the Wood Emperor said.

“Spiritual Emperor?”

Yang Chen frowned. If there really was a Spiritual Emperor, he would have to plan carefully.” Wood Emperor, how strong is this Spiritual Emperor?” -This spirit beast’s strength isn’t bad. If it’s compared to our human strength how can it be at Emperor Level 3?”

“Although my cultivation is also at Emperor Level 3, in terms of strength I’m not a match for this spirit beast. I don’t have the confidence to defeat it.” -However, with the Chen Clan Leader around, we don’t necessarily have to defeat this spirit beast.” the Wood Emperor said with a smile.

Looking at the smiling face of the Wood Emperor, Yang Chen suddenly understood what the Wood Emperor meant.

The Wood Emperor was planning to let Chen Yang use the Illusory Great Dao to pick the Path-Understanding Leaf while he was responsible for delaying the spirit beast.

After the harvest was successful, even if the Wood Emperor couldn’t hold the spirit beast back, the spirit beast wouldn’t be able to do anything to Yang Chen under the activation of the illusory Great Dao.

Thinking of this, Yang Chen smiled and looked at the Wood Emperor” What the Wood Emperor means is that you will lure the Spirit Emperor away while I go pick the Path-Understanding Leaf.”

“That’s right.” The Wood Emperor nodded.

“In that case, I agree.”

Yang Chen judged his own strength. If the enemy was really only an early stage Spirit Emperor, then it would be very easy for him to escape.

Furthermore, once he obtained the Path-Understanding Leaf, it would be much easier for him to break through to emperor realm.

Seeing Yang Chen agree, the Wood Emperor hurriedly smiled and said,“”Alright, it’s settled then. In a month, we’ll head to the demonic land of the Vermillion Bird Holy Tribe together.”

“As for the thirty-second city, you don’t have to worry about it. I’ll send the Mystic Ice King to guard it.”

“Wood Emperor, I have another question.”Yang Chen continued to ask,” What reason do we have to go in? If we’re looking for the Path-Understanding Leaf, we should at least give some to the Vermilion Bird Divine Tribe.””

“If we give it to the Vermillion Bird Divine Tribe, how many pieces do we have to give up?”

If you went to other people’s territory to search for treasures, you should at least give them some. This was a matter of course.

Since they were going to be distributed to the Vermillion Bird Divine Tribe, they naturally had to make arrangements beforehand to prevent any conflicts from arising due to the uneven distribution.

The Wood Emperor smiled." You're worrying too much, Chen Clan Leader You're trying to attract other Kings to help guard the Vermillion Bird Holy Tribe's land of demons. The Vermilion Bird Divine Clan had said that whatever they found inside could belong to them."

"As for us going in, there's even less to worry about. Even if we don't say anything, the Vermillion Bird Divine Tribe will let us in."

"However, before we can come out, we have to kill a King of Fiendish Demons This is the price we have to pay for searching for treasures inside."

This is already a tacit understanding."

"In the land of demons guarded by the Vermillion Bird Holy Tribe, King level demons are quite common, just like the demons on stage here. If you look carefully, you can find one in half a month."

After listening to Wood Emperor's words, Yang Chen nodded," I understand."" After the discussion, they began to chat until the end of the banquet.

After the banquet ended, Yang Chen began to prepare for the search for the Path-Understanding Leaf.

Just like that, a month later.

When it was time to set off, the Mystic Ice King took the lead and arrived at City 32.

After exchanging some pleasantries with the Mystic Ice King, Yang Chen tore the space apart and left with the Great Dao of Space.

It had to be said that ever since he broke through to the peak of the Void Piercing Realm, he was quite proficient in using the Space Great Dao to travel.

Dao City.

The Wood Emperor had been standing outside the city gate for a long time. When he sensed the traces of Fan Space Great Dao nearby, he smiled.

Then, Yang Chen's figure appeared.

The moment they met, the Wood Emperor took the lead and said, "Chen Clan Leader, long time no see."

"Long time no see."

After a polite greeting, Yang Chen asked, "Wood Emperor, when are we leaving?"

"Now."

The Wood Emperor nodded, then released a Spirit King-level subdued beast. The two of them rode on the subdued beast and flew out of the Land of Evil Demons.

Two days later, in the Vermillion Bird Divine Clan.

Nangong Fuming was drinking hot tea when the Vermillion Bird Holy Tribe's First Elder rushed in. "Family Head, the Illusion King and the Wood Emperor are entering the Land of Evil Demons."

"Illusion King? Wood Emperor?"

Nangong Fuming frowned and put down the teacup in his hand. "Looks like the Wood Emperor has found some treasure again."

"Tsk tsk, a treasure that can move the Illusory King. It seems that this treasure is not ordinary."

"Then should we reject them?" First Elder asked.

“Nonsense!”

Nangong Fuming glanced at the First Elder.” Not to mention the Illusion King’s special identity and monstrous talent. Just the rules set by our Holy Clan alone, we didn’t reject anyone.”

“It is their ability to find treasures in the Land of Evil Demons. How can we refuse?”

“However...”

Nangong Fuming smiled,” Since they’re here, we can’t let them leave so easily.”“

“How about this? Didn’t a small wave of evil demons arrive in City 132? Since they’re here to search for treasures, help me resist this wave of evil demons.” Yes, sir!” The Great Elder retreated.

Outside the demonic land guarded by the Vermillion Bird Divine Tribe.

The Wood Emperor said solemnly to Yang Chen,”“Don’t worry, Patriarch Chen. Patriarch Nangong won’t reject us.”

At this moment, the Tenth Elder of the Nangong Clan came to the Wood Emperor’s side and said with a smile,-Wood Emperor, Illusion King, the clan head has already sent word that he has agreed to let you in.”

“However, there is one thing that the clan master would like to ask of you.” “Something?” The Wood Emperor looked at the Tenth Elder in astonishment.” Tenth Elder, there was no such rule in the past.”

Hearing this, the Tenth Elder smiled bitterly and said,” We have no other choice. The demons ‘attacks are getting stronger and stronger, and we are also somewhat lacking in manpower.”

“But don’t worry, it’s nothing serious. I just want you to help me resist a wave of king-level demons.”

“According to the rules, the two of you are also going to kill the King of the Outworld Fiends.”

The Wood Emperor smiled as he looked at the Tenth Elder.” Nangong Fuming,

you really know how to order people around at the right time.””

“Fine, it’s our duty to fight against the demons, so we’ll accept it.” upon hearing this, the Tenth Elder hurriedly handed a map to the Wood Emperor.” The place where the evil demon calamity occurred is on this map.” “Please enter.”

Then, the Tenth Elder opened the array and invited Chen Yang and the Wood Emperor in.

When they arrived at the Land of Demons, Yang Chen asked””“Wood Emperor, are there a lot of evil demons here?”

The Wood Emperor nodded.” The land of the demons guarded by the four holy races is ten times the size of ours, and the number of demons is a hundred times more than ours.”

“Evil Demon Calamities at the level of Kings often occur, just like how the evil demon entered through a normal passageway.”

“Since we’re here, let’s settle this while we’re at it.”

“Based on my understanding of Nangong Fuming, he wouldn’t trouble us if he didn’t really need it.”

Hearing this, Yang Chen nodded.” Alright.””

A King level Evil Demon Calamity was no longer a threat to the current Yang

Chen. He could easily resolve it.

Not to mention, Yang Chen had the Wood Emperor beside him..

Chapter 570: Inheriting the Evil (1)

|

Within the demonic land guarded by the Vermillion Bird Divine Tribe.

As one of the four top demonic lands in the Alkaid World, the demonic land guarded by the Vermillion Bird Holy Clan was not only much larger than ordinary demonic lands.

Even the spirit beasts that were affected by the demonic Qi and became violent inside were much more than those in the other demonic lands.

As for demons, there was no need to mention them.

King level demonic devils were often seen, and even emperor level demonic devils would occasionally appear to cause trouble for the Vermillion Bird Divine Tribe.

After riding the Spirit King for a long time in the Land of Evil Demons, Chen Yang took out the jade slip and opened the map.

After looking at the map and the surroundings, Yang Chen said excitedly, ""Wood Emperor, we're almost there."

The Wood Emperor's eyes also revealed an excited expression." Yes, we're almost there. After we obtain the Path-Understanding Leaf, our Great Dao will definitely improve."

The Wood Emperor couldn't help but feel excited when he thought about the wonders of the Path-Understanding Leaf.

Fortunately, the Wood Emperor had experienced many things and knew how to calm himself down.

Not long after, Wood Emperor's heart was as still as water as he calmly commanded the Spirit King to fly.

After flying for about an hour, Yang Chen could already see a valley not far away, surrounded by a grayish yellow gas.

That grayish-yellow gas should be miasma.

Since he had already seen the miasma, it meant that the valley ahead was where the Path-Understanding Tree was.

Before approaching the valley, the Wood Emperor put away his subdued beast and looked at Chen Yang." Chen Clan Leader, the valley where the Path-Understanding Leaf is located is right ahead."

"Before we enter, let me tell you about the Spiritual Emperor."

Hearing this, Yang Chen perked up.

"This Spiritual Emperor is called the Sky Splitting Mottled Tiger. He has the bloodline of the legendary Divine Beast, the Sky Treading Tiger, and his strength is extremely extraordinary."

"The Sky-Ripping Mottled Tiger was already extremely violent. Coupled with the influence of the demonic Qi, it became even more bloodthirsty and violent. It did not allow any living beings to enter its territory."the Wood Emperor said.

"Sky Splitting Mottled Tiger?"

Yang Chen clicked his tongue. He had heard of this kind of spirit beast.

This Sky Splitting Mottled Tiger was not only powerful, but it also grasped a terrifying life-bound yao art called the Sky Splitting Slash.

The power of this Heaven Splitting Slash was extremely powerful. Once it was used by the Heaven Splitting Mottled Tiger, even if it was a realm higher than the Heaven Splitting Mottled Tiger, it might not be able to withstand it.

Fortunately, they didn't need to face the Sky-Ripping Mottled Tiger head-on. They only needed the Wood Emperor to stall the Sky-Ripping Mottled Tiger while Chen Yang sneaked in to pick the Path-Understanding Leaves.

After a brief introduction of the Sky-Ripping Mottled Tiger, the two of them used Holy Qi to wrap themselves up to ensure that they would not be affected by the miasma.

After doing all this, the two of them stepped into the valley.

As soon as they entered, they heard a tiger roar.

Seeing this, Yang Chen immediately became nervous." Wood Emperor, could it be that the Sky-Ripping Mottled Tiger has discovered us?"

"That shouldn't be the case." The Wood Emperor was also confused." This Sky-Ripping Mottled Tiger's perception is not good to begin with. Coupled with the influence of the miasma, it's absolutely impossible for it to discover us."

"As for this tiger roar..."

"Looks like something must have happened in the valley."

Immediately, the two of them didn't bother to hide and directly leaped out.

When they arrived at the core of the valley, the two of them stopped at the same time. They could see the shock on each other's faces.

The reason why the two of them were so shocked was that in the core area of the valley, an emperor evil spirit that gave off a terrifying aura was currently fighting with the Sky-Ripping Mottled Tiger.

It was just that both sides had some misgivings and did not use their full strength. This was why Yang Chen and the Wood Emperor did not sense the commotion of the battle.

"Wood Emperor, what's going on? Could it be that this Path-Understanding Leaf was also useful for demons?" Yang Chen asked.

"Impossible!"

"The Evil Demon Clan is a little special," the Wood Emperor said resolutely. "They can only use treasures that have been infected by the Evil Demon Qi."

"And this Path-Understanding Tree has already grown. It's too late to infect it."

"In other words, the Demonic Path-Understanding Leaf can't be used."

"Then why is this demon fighting the Sky-Ripping Mottled Tiger?" Yang Chen looked at the battle below in confusion.

The two of them must have been discovered by the evil spirit. Logically speaking, the evil spirit should have escaped long ago.

However, the evil spirit didn't leave, which meant that there must be something in this place that was attracting the evil spirit. It was willing to risk dying here to take the risk.

But the question was, what kind of treasure was there that would make the demon take such a huge risk?

“No matter what is here, since we have encountered a demon, we can’t let it go!”

The Wood Emperor rolled his eyes and released a killing intent.

No matter what the evil spirit was up to, he would not let it succeed.

The Wood Emperor immediately joined in and attacked the evil spirit together with the Sky-Ripping Mottled Tiger.

When the Sky Splitting Mottled Tiger saw the Wood Emperor, it snorted coldly and said, “Human, I know you’re thinking about the Path-Understanding Leaf.”

“We can fight for the Path-Understanding Leaf privately, but right now, we have to kill this demon together!”

“Haha, that’s exactly what I was thinking.” The Wood Emperor forced back the evil devil with a palm and immediately smiled at the Sky-Ripping Mottled Tiger.

When the Sky Splitting Mottled Tiger heard this, it slashed its claw at the evil spirit and roared, “In that case, let our friends up there join the battle.”

“To be able to conspire with you to seize my Path-Understanding Leaf, the strength of this person above must not be low. I’m afraid it’s not good to stand by and watch..”
