Chapter 571: Inheriting the Evil Demon (2)

Yang Chen smiled. "If that's the case, I'll come too."

Immediately, Yang Chen rushed over and activated his Holy Qi. Spiritual Sword phantoms that seemed to be real stabbed at the demonic emperor. For a moment, his might was not inferior to the Wood Emperor's.

Under the siege of Chen Yang, the Wood Emperor and the Sky Splitting Mottled Tiger, the emperor demon was forced to retreat.

This was because both sides were more restrained. If they had really gone all out, the demonic emperor would have been killed long ago.

"Damn it!"

"Die!" The Imperial Evil Demon King sent out a palm strike. After looking at everyone, he left with hatred.

It knew that no matter what, it would not be able to obtain that treasure today.

After forcing back the evil spirit, the atmosphere between the two sides became a little strange.

The Sky-Ripping Mottled Tiger and the Wood Emperor looked at each other. No one spoke first.

For a moment, the air in this place froze.

"Sky-Ripping Mottled Tiger, I think we can talk about it?" Yang Chen smiled.

“Talk?”

“Hmph!” The Sky-Ripping Mottled Tiger snorted coldly.”

“Then let’s do it once!” The Wood Emperor emitted his own terrifying aura as he stared coldly at the Sky-Ripping Mottled Tiger.

“Do you really think I’m afraid of you?”

The Sky-Ripping Mottled Tiger was also angry. It released all of its aura. For a moment, the miasma in the valley was surging. Even the Path-Understanding Tree was affected.

“Wood Emperor, Sky-Ripping Mottled Tiger, the most important thing for us now should be to figure out the reason why the demons are here, right?” Yang Chen hurriedly said.”

Upon hearing this, the Wood Emperor retracted his aura and looked at Chen Yang,” Chen Clan Leader, you mean...”

“What I mean is very simple. No matter how we fight, that’s also the matter of our Alkaid World’s living beings.”

“And this place clearly hides the treasures that the evil demon needs. Could it be that the Sky-Splitting Mottled Tiger wants the evil demon to succeed?”Yang Chen stared at the Sky Splitting Tiger.

When the Sky-Ripping Mottled Tiger saw this, it also withdrew its aura and slowly said,”This morning, I discovered the demons sneaking in.”

“At that time, I didn’t think too much about it. As soon as I saw the evil spirit, I decided to expel it.”

“Now that I think about it, this demon is a little special. It seems to be looking for something.”

“Sky-Ripping Mottled Tiger, do you know where the demons are looking for them?” Yang Chen quickly asked.”

“Over there.” The Sky-Ripping Mottled Tiger pointed at a withered forest with its front paw.” It has always been in the withered forest. If there really is a treasure that the evil demon needs, it should be in this withered forest.”

Seeing this, Yang Chen looked at the Wood Emperor. When he saw that the Wood Emperor nodded, he looked at the Sky-Ripping Mottled Tiger.” In that case, let’s search the Dead Forest first. Even if we have to dig three feet into the ground, we have to dig out this demon’s treasure.””

“As for the distribution of the Dao Comprehension Leaves, we can talk about it later.”

The Sky-Ripping Mottled Tiger thought about it seriously and agreed with Yang Chen’s idea.

In the Sky-Ripping Mottled Tiger’s eyes, it was fine to give up one or two

Path-Understanding Leaves. After all, they would grow in the future.

However, if this place attracted a powerful demon, it would not be good news for it.

Immediately, two people and a tiger came to the withered forest together and began to search seriously.

Unfortunately, after searching several times, no one found anything special about this place.

“Could it be that we’re thinking too much?” The Wood Emperor was a little suspicious.”

Yang Chen also suspected that he was thinking too much. However, at this moment, Yang Chen and the Wood Emperor felt their hearts palpitate at the same time.

Immediately, the two of them looked at each other and then rushed out together.

When the Sky-Ripping Mottled Tiger saw this, although it did not know what had happened, it also flew out.

Just as the two of them and the tiger left the Withered Forest, the Withered Forest suddenly collapsed. Immediately after, clusters of demonic aura appeared from below the Withered Forest, corroding everything they touched.

Looking at this demonic aura, joy appeared on the faces of the two people and the tiger.

They had really found this demonic treasure!

After the demonic aura had mostly dissipated, the scenery below began to become clear.

There was a hole below, a bottomless hole that covered the entire Withered Leaf Forest.

Looking at this hole, the Sky-Ripping Mottled Tiger said in astonishment, "I've been here for so many years, but I didn't notice that there's a hole hidden under the Withered Forest."

"It's normal." "After all, who has nothing better to do than go to the Dead

Forest to find a hole?" Yang Chen laughed.

"Alright, since this hole has already appeared, we should go in and see what's hidden inside."

Then, Yang Chen jumped down.

The Wood Emperor and the Sky-Ripping Mottled Tiger also jumped into it when they saw this.

The cave was pitch-black. When they reached the bottom of the cave, they couldn't even see their fingers.

Seeing this, the Sky-Ripping Mottled Tiger spat out a ball of flames. This flame floated in the air and illuminated the surrounding scene.

With the help of the fire, Yang Chen looked around and found that there were many skeletons of demons in the cave.

It was obvious that there had been a fierce battle here many years ago.

Looking at these skeletons, the Sky-Ripping Mottled Tiger could not help but ask, "My friends, there's nothing inside."

"If there was, we would have sensed it long ago."

The Sky-Ripping Mottled Tiger's words were true. The senses of emperors were extremely outstanding. If there was really something here, it was impossible for them not to sense it..

Chapter 572: Inheriting the Evil Demon (3)

However, the Wood Emperor had other thoughts. "I feel that the thing that the evil demon is looking for is really inside this."

"Oh?" Yang Chen looked at the Wood Emperor. "What do you mean?"

"I wonder if you have heard of a demon called the Inherited Demon?" the Wood Emperor asked.

"Inherited Evil Demon?" Yang Chen frowned. "What's that?"

The Sky-Ripping Mottled Tiger said impatiently, "Alright, don't keep me in suspense."

The Wood Emperor smiled and explained, "The Inherited Evil Demons are extremely rare. They are known as the Holy Clan."

"This inheritance demon will definitely be able to cultivate to the Saint level. Of course, this is not the most important thing."

"The most important thing is that after the Evil Spirit dies, it will store its cultivation in its bones."

If the other demons obtain the bones of the evil demon, they will absorb all of the evil demon's cultivation for a period of time and reach the level of the evil demon when it was alive."

It has something to do with the skeleton, and it's so attractive to the monarch-level demons. I think it's probably only the skeleton of the Inheritor Evil Demon."

The Sky-Ripping Mottled Tiger was a little disappointed." In the end, this thing is only useful for demons. In the end, we're still working for nothing."

"No."

The Wood Emperor shook his head." We might not be able to absorb the cultivation of the evil spirit skeleton, but the skeleton itself is a rare treasure." "After being soaked in spiritual energy for a long time, this skeleton can already be considered a treasure of the world."

"Especially the bones of the demons with the Saint level inheritance. They can even be called demigod-level Mystical Materials."

"If I wash away the evil aura and use it to forge a spirit weapon, it will at least be a top-notch first-grade spirit weapon. I might even be able to forge a semi-divine weapon."

"This thing is a treasure that a Saint Grade Weapon Craftsman can't get even with thousands of gold."

Hearing this, the Sky-Ripping Mottled Tiger's eyes flashed with greed." In that case, let's agree in advance. If this thing is sold, I must have a share."

"Don't worry, how could I forget you?"

"When the time comes, we'll split it into three portions, one for each of us. However, there is a condition. The Dao Comprehension Leaf must be given to US."

Hearing this, the Sky-Ripping Mottled Tiger was a little conflicted. It was not willing to give up on the Path-Understanding Leaf.

However, there was something to gain. The Sky-Ripping Mottled Tiger gritted his teeth and immediately said,"Alright, I promise you. However, we have to make a Heaven and Earth Oath."

"No problem."

The Wood Emperor made the oath very straightforwardly. This straightforwardly made the Sky-Ripping Mottled Tiger a little stunned. Could there be some other conspiracy behind this?

However, a Quasi Relic could not be faked. Even if one could not forge a Quasi

Relic, the value of a first-grade top-notch spiritual weapon would not be comparable to the Path-Understanding Leaf.

Besides, the Path-Understanding Tree was still in its hands. It only needed to wait until the next time the Path-Understanding Leaf matured before it could harvest another Path-Understanding Leaf.

Thinking of this, the Sky-Ripping Mottled Tiger also made a Heaven and Earth Oath.

After that, the Sky-Ripping Mottled Tiger looked at Yang Chen." You should also make an oath.""

Just as Yang Chen was about to swear an oath, he was stopped by the Wood Emperor." He's just a King. He doesn't keep his word, so there's no need to swear an oath."

"King!"

The Sky-Ripping Mottled Tiger looked at Yang Chen in astonishment." Just now, he suppressed the Emperor Evil Demon, and you're telling me that he's a King?"

Seeing this, Yang Chen released his aura.

Sensing Yang Chen's aura, the corner of the Sky Ripping Mottled Tiger's eyes twitched. Damn, when did such a powerful king appear?

However, cultivation couldn't be faked. Since that was the case, then so be it. Immediately, the two sides began to search for the bones of the Evil Demon of Inheritance.

As he was searching, Yang Chen intentionally cast a barrier to ensure that the Sky Ripping Mottled Tiger wouldn't eavesdrop on him. He then asked in a low voice,"Wood Emperor, what are you thinking about? Are you thinking about the Heaven-Splitting Mottled Tiger?"

The Wood Emperor was so straightforward that Chen Yang couldn't help but suspect that the Wood Emperor was planning to kill the Sky Splitting Mottled Tiger.

Upon hearing this, the Wood Emperor smiled." Everything I said is true. However..."

There's something special about the Inherited Evil Demon's bones. Once a creature that isn't from the Evil Demon Clan touches the bones, the bones will leave a mark on them."

The original intention was to let the demons find the thief who stole the bones."

"If the Sky-Ripping Mottled Tiger touches it..."

The Wood Emperor didn't finish his sentence, but Yang Chen understood.

"You mean to say that this Sky-Ripping Mottled Tiger has no choice but to join the human camp?"

"That's right."

The Wood Emperor nodded his head." The evil spirit race originally didn't target these spirit beasts. This also caused some powerful spirit beasts to be unwilling to go against the evil spirit beasts. Anyway, there were people who supported them, so they could be safe and sound.""

"However, if we leave a mark behind, the Evil Demon Clan will not let go of the

Sky Ripping Mottled Tiger. At that time, it will definitely join us."

"If you want to seek the protection of the human race, you have to pay some protection fees. I think the Path-Understanding Tree is not bad."

"As for the resources to sell the bones, since it has already joined the human race, it can be considered as strengthening the human race."

Hearing the Wood Emperor's analysis, Yang Chen couldn't help but laugh. This Wood Emperor was really experienced and scheming for the country.

The value of a few Dao Comprehension Leaves was indeed not comparable to selling the inheritance skeleton.

But if it was the Path-Understanding Tree, that might not be the case.

Moreover, the resources that were distributed to the humans would ultimately be used to fight against the demons, making the humans suffer no losses.

As for the two of them, they had brought back such a powerful warrior and a Path-Understanding Tree for the human race. The human race should reward them no matter what.

He would definitely make up for their losses.

It could be said that this was a win-win situation.

Glancing at the barrier, the Sky-Ripping Mottled Tiger said in a low voice, "What kind of conspiracy are you discussing again?"

"Humph! No matter what they discuss, I've already made the Heaven and Earth

Oath, so I'll get at least a third of the resources."

"When the time comes, I'll personally take this skeleton to trade. You won't be able to play any tricks!"

"I've made a killing this time.."

Chapter 573: The Sky-Ripping Mottled Tiger's Shock

Inside the cave.

After searching for a long time, the Sky-Ripping Mottled Tiger still could not find a special skeleton. It looked at the Wood Emperor in frustration. "Human friend, what does the skeleton of the Evil Spirit Inheritance look like?"

"Why did we find nothing after searching for so long?"

The Wood Emperor was also somewhat puzzled. Could it be that he was thinking too much?

However, if it was any other treasure, not only would the demons be able to sense it, but they would also be able to sense it.

Only when this Evil Spirit Inheritance was standing there, would it be sensed by the Evil Spirit Clan.

“The bones of the Evil Demons of Inheritance look no different from the bones of ordinary Evil Demons. The only difference was that there was a five-pointed star carved on the sternum of this skeleton.”

Even though they did not find the skeleton of the Evil Spirit Inheritance, the Wood Emperor still told the Sky-Ripping Mottled Tiger what it looked like.

At this moment, Yang Chen, who was searching on the other side, suddenly called out to the Wood Emperor, “Wood Emperor, come over and take a look. Is this the skeleton of the Evil Spirit Inheritance?”

Hearing this, the Sky-Ripping Mottled Tiger and the Wood Emperor came to Yang Chen’s side at the same time.

When he saw the evil spirit skeleton in front of Yang Chen, the Wood Emperor said excitedly, “It really is, it really is the skeleton of an Evil Demon!”

Hearing this, the Sky-Ripping Mottled Tiger lowered its head and carefully sensed the spiritual energy in the skeleton.

Although the spiritual energy was well hidden, the Sky-Ripping Mottled Tiger could still sense a terrifying spiritual energy from the ordinary skeleton.

Immediately, the Sky-Ripping Mottled Tiger looked at the Wood Emperor excitedly. “Our luck is really good. We actually encountered a Saint-level Inherited Evil Demon!”

The Sky-Ripping Mottled Tiger originally thought that it was already good enough to find the bones of an emperor-level Evil Demon.

Saints were just a dream.

However, the Sky-Ripping Mottled Tiger did not expect that they would actually encounter it.

” It’s not that we’re lucky,” the Wood Emperor said with a smile. ” It’s just that the Inherited Evil Demons will only be sent out after they become Saints.””

”Put yourself in my shoes. If there was someone in your race who could definitely become a Saint, would you let it come out before it grew up?”

” Yes.” The Sky-splitting Mottled Tiger nodded approvingly. ” If there is an existence in my race that can definitely become a Saint, I will definitely wait for it to grow to its peak before letting it out.”

”If we encounter any danger outside, wouldn’t that be a waste of our talent?”

”That’s right.”

As the Wood Emperor spoke, he used his spiritual energy to lift up the skeleton of the Evil Spirit Inheritance. Then, he looked at the Sky-Ripping Mottled Tiger.

”Sky-Ripping Mottled Tiger, in order to show our sincerity in cooperating, I’ll leave this skeleton with you.”

Hearing this, the Sky-Ripping Tiger nodded repeatedly.

It had originally intended to keep the skeleton. Since the Wood Emperor had taken the initiative to propose it, it naturally would not refuse.

Immediately, the Sky-Ripping Mottled Tiger opened its mouth, and in an instant, the skeleton disappeared.

Yang Chen saw this and was a little stunned." Sky Splitting Mottled Tiger, why did you eat the skeleton?"

"I didn't eat." This is my race's divine ability," the Sky-Ripping Mottled Tiger explained." It can open up a space in its belly to store some treasures."

"I see."

Yang Chen nodded and said," Since we've found this skeleton, let's leave quickly. I have a feeling that the demonic emperor won't let it go."

"Alright."

The Sky-Ripping Mottled Tiger and the Wood Emperor didn't have any objections.

Now that he had obtained the treasure, he naturally had to sell it quickly and obtain the resources he needed. Only then would he be completely at ease.

Immediately, the two men and the tiger flew out of the deep pit together. Then, they moved around and arrived in front of the Path-Understanding Tree.

Looking at the Path-Understanding Leaves on the Path-Understanding Tree that were flickering with a magical aura, the Sky-Ripping Mottled Tiger could not help but swallow.

It had guarded the Path-Understanding Leaf for hundreds of years. It was unwilling to hand it over just like that.

However, compared to the skeleton, the Path-Understanding Leaf was nothing.

Immediately, the Sky-Ripping Mottled Tiger gritted its teeth and pretended to be generous."According to the agreement, this Dao Comprehension Leaf belongs to you."

“Then I will follow your orders.”

The Wood Emperor smiled as he approached the Path-Understanding Tree and carefully plucked the six leaves.

The Wood Emperor then came before Chen Yang and passed three of the Path-Understanding Leaves to him.” Clan Leader Chen, these are your Path-Understanding Leaves.””

“Oh right, these Dao Comprehension Leaves can only be stored in jade boxes.”

“Understood.”

Yang Chen took the Path-Understanding Leaf and took out a jade box from his storage pouch.

After opening the jade box, he carefully placed the Path-Understanding Leaf into the jade box and looked at the Wood Emperor.

“Right, Wood Emperor, I still don’t know how to use this Path-Understanding Leaf.”

“The method to use it is very simple.” Before the Wood Emperor could reply, the Sky-Ripping Mottled Tiger explained impatiently.

“I say, can we hurry up? This thing is a hot potato, and you guys still have the time to talk about how to use the Path-Understanding Leaf.”

Hearing this, Yang Chen looked at the Wood Emperor.

Seeing the Wood Emperor nod, Yang Chen was relieved. Immediately, the two of them and the tiger left the valley.

Not long after Yang Chen and his group left the valley, the emperor level demons that had just escaped arrived with a few emperor level demons.

"Roar!" The Imperial Evil Demon roared in rage when it saw the collapsed forest.

After the roar ended, the Imperial Evil Demon looked at the other evil demons." Inform the lord that someone has taken away our race's sacred item."

"Good!" The other monarch-level fiends were also furious.

Immediately, the group of demons also disappeared..

Chapter 574: The Sky-Ripping Mottled Tiger's Shock (2)

Within the Land of Evil Demons guarded by the Vermillion Bird Divine Tribe.

Glancing at the Land of Evil Demons, which had an unknown boundary, the Sky-Ripping Mottled Tiger said impatiently,""Hey, we've been flying for so long, but we haven't reached your human base yet?"

"Sky-Ripping Mottled Tiger, don't be anxious. Before we go to our human race's major factions, we still have to complete the mission that the human race has given us."the Wood Emperor said with a smile.

"Mission?"

The Sky-Ripping Mottled Tiger glared at the Wood Sovereign." This is a mission given to you by the Human Tribe. What does it have to do with me?"

"Of course it has nothing to do with you. We don't need you to do anything. We just need you to wait by the side."

"Sky Splitting Mottled Tiger, if we don't complete this mission, we won't be able to return."

“Don’t worry. This mission is quite simple. It’s just killing some King or Fiendish Demon.”the Wood Emperor said with a smile.

Hearing this, the Sky-Ripping Mottled Tiger suppressed his anger.

If he wanted to kill the King of the Outworld Fiends, it wouldn’t take much time.

After flying for another hour, Chen Yang and his group finally arrived at the city that the Tenth Elder had told them about.

Looking at the demons near the city, the Sky-Ripping Mottled Tiger smiled disdainfully.” Is it worth it for an emperor like you to personally take action against these few demons?”

“Aren’t you humans a little too timid?”

The Wood Emperor ignored the Sky Splitting Mottled Tiger and looked at Chen Yang instead.” Chen Clan Leader, I’ll go deal with the demons first. You can communicate with the King guarding this place.””

“Alright.”

Yang Chen nodded and immediately leaped towards the city wall.

When the experts on the city wall saw the Wood Emperor’s attack, they all boiled over.

They could all sense the terrifying aura on the Wood Emperor’s body. He was a sovereign!

With the emperor personally taking action, how could they not be able to resist the evil demon calamity here?

At this moment, Yang Chen arrived at the city wall.

As soon as he arrived, someone came forward to welcome him." Nangong Lingyun greets senior."

"There's no need to be so polite." Yang Chen gestured for the man to stand up and said,""We are here to assist you on the orders of the Nangong family head."

"Leave these King level fiends to me and the Wood Emperor. As for you guys, go deal with the ordinary fiends."

Hearing this, Nangong Lingyun quickly said,"Yes, we will obey!"

After the exchange, Chen Yang also leaped out and found a King of Evil Demons to hammer to death.

Looking at Chen Yang's figure, the Venerable beside Nangong Lingyun asked in puzzlement,""Sir, who is this sir? Why don't I know him?"

"I don't know him either." Nangong Lingyun shook his head." Maybe some hidden experts."

"No matter what, with the arrival of these two sirs, the calamity of the demons can be considered to have passed."

"Everyone, follow me out of the city to kill the enemy!"

"Understood!"

All of a sudden, a group of experts flew out from the city wall and charged towards those demons.

As for the high-end battlefield, with the help of the Wood Emperor and Chen Yang, it didn't take long for them to completely exterminate all the kings and devils of the Evil Demon Calamity.

Looking at the demons retreating, Yang Chen smiled and said, "I remember that a few years ago, when I was dealing with a calamity of this level, it was still rather difficult."

"Now, it's so easy to solve it."

Upon hearing this, the Wood Emperor also sighed with emotion, "This is the power of the Time Secret Realm. It's only been a year, but it feels like a lifetime."

"That's right."

Yang Chen's eyes were filled with yearning. If he could use the Time Secret Realm again, how much could he gain?

Bang!

Just as the two of them were sighing with emotion, a loud bang suddenly sounded.

The two of them looked in the direction of the loud noise and saw a few demons that emitted the aura of emperors staring at them.

Beneath this demonic emperor lay the corpses of many demonic and human cultivators.

"Damn it, it actually came so quickly!"

The Wood Emperor's expression changed. "Chen Clan Leader, we're in trouble. These monarch demons should have been attracted here by the inheritance skeleton."

"I underestimated the attraction of the bones to these demons."

Chen Yang smiled." It's fine. The Vermilion Bird Divine Tribe will definitely know about the appearance of these royal demons.""

"We just need to hold on for a while."

Then, Yang Chen released his own aura and faced off against those emperors and demons.

On the side of the demons.

After these evil demons descended, they were not in a hurry to attack. Instead, they first let an evil demon sense it.

After a while, the demon pointed at the Sky Splitting Mottled Tiger and said,""The sacred object is on it."

Then, the group of emperors and demons disappeared.

When they reappeared, they surrounded the Sky-Ripping Mottled Tiger.

The Sky-Ripping Mottled Tiger was stunned. It was just watching the show. Was there a need to be surrounded by so many demons?

"What do you mean? Could it be that you want the demon beast clan to join the battlefield and help the human race?"

The Sky-Ripping Tiger hurriedly raised the flag.

Hearing this, one of the demonic emperors said disdainfully,""Demonic Beast Clan? Hehe, they were just animals. So what if they helped the human race?"

" Don't talk nonsense with it. Kill it. We'll talk after we get the relic.""

For a moment, the few emperors attacked at the same time. Waves of blood-red spiritual qi whistled out and transformed into powerful moves that bombarded the Sky-Ripping Mottled Tiger.

After hearing the words 'Sacred Artifact', the Sky-Ripping Mottled Tiger knew that these demons were probably eyeing the skeleton.

Damn it, he was tricked by the humans.

I was wondering why those two guys were so kind to let me take care of them.

It turned out that they had known long ago that the demons could sense the skeleton.

Cunning humans!

Although it was complaining in its heart, the Sky-Ripping Mottled Tiger did not want to give up the food that was in its mouth. It immediately roared, "Human friend, why aren't you coming to help?"

Seeing this, the Wood Emperor circulated his Holy Qi." Chen Clan Leader, please help. After all, the skeleton is still with the Sky-Ripping Mottled Tiger."

"Alright."

Immediately, the two of them charged at the sinister devil together.

Seeing this, the leader of the demons sneered, "Send two emperors to stall these two humans."

Hearing this, the two emperors and demons rushed out together and entangled Yang Chen and the Wood Emperor.

This was especially true for the King of Evil Demons who was fighting Yang Chen. When he saw that his opponent was only a King, he laughed disdainfully, "Even Kings dare to get involved in a King's battle now?"

"Fine, since you're courting death, I'll give you a quick death!"

Then, a vigorous spiritual energy gathered in the hands of the demonic emperor. Immediately after, the shadow of a scorching sun contaminated by blood qi appeared.

Not only did the sun shadow not give off any warmth, but it also emitted a sinister aura.

Of course, the most important thing was the terrifying aura contained in the sun.

If they were hit by this sun shadow, even a fourth-level Emperor Realm expert might not be able to survive.

"Die!"

A cruel smile appeared on the Evil Monarch's face as he punched out. Instantly, the shadow of the scorching sun flew out like lightning and arrived in front of Yang Chen in the blink of an eye.

Yang Chen seemed to be scared silly by the scorching sun and did not even dodge.

Bang!

With a loud bang, Yang Chen's body was completely submerged in the shadow of the sun.

Upon seeing this, the demonic emperor shook his head. "Boring. It was settled so easily."

"Fine. I hope that spirit beast can give me a different experience."

Then, the Evil Spirit Emperor turned around and left.

At this moment, the phantoms of Spiritual Swords suddenly pierced into the back of the demonic emperor.

A sharp pain came from the body, and the demonic emperor turned around in confusion. When he saw that Yang Chen was not injured at all, the demonic emperor was shocked, "How is this possible?"

"Even an emperor can't withstand this move of mine. How can you be fine?"

Suddenly, the demonic emperor thought of something and shouted, "This person is the Illusion King! The human ranked second on the must-kill list!"

"Everyone, come and kill him!"

Hearing the demon's shout, the other demons turned around and thought of something. They quickly put down their opponents and charged at Yang Chen.

The Sky Splitting Mottled Tiger was stunned. Who was this king tier? Why would these demons give up on the bones of the demon with the inheritance to kill him?

Wait, the Kill List?

I remember that the number one on the must-kill list seems to be the Array God.

That emperor said that he was second. Could it be that this person was an existence second only to the Array God!

The Sky-Ripping Mottled Tiger looked at Yang Chen in shock.. What kind of monster was he related to?

Chapter 575: The Heavenly Secret Saint Appears

Looking at the evil spirit that was trying to kill him, Yang Chen couldn't help but laugh, "I say, do I have that much face to make you give up the inheritance skeleton?"

Yang Chen couldn't believe it.

After all, the inheritance was a treasure that could create a saint-level demon.

Just to kill him, he gave up just like that?

Could it be that he was more precious than a Saint?

Yang Chen's words had obviously convinced several demons.

Immediately, many demons looked at the Sky-Ripping Mottled Tiger with interest in their eyes.

If they could get the inheritance skeleton, they could become Saints.

No, he would definitely become a Saint!

Even the leader of the Evil Devil Emperor looked at the Sky Splitting Mottled Tiger with pity. He gritted his teeth and made up his mind, "We can talk about the inheritance skeleton later. Today, we'll kill this kid first."

To them, a Saint on their side was far inferior to a God on the other side.

Especially since this god was an illusory god who had already engraved fear into their blood.

Hearing this, the group of emperors and demons made up their minds and charged at Chen Yang.

At the same time, they unleashed their respective Daos, intending to seal Yang Chen's illusory Daos.

Seeing this, Chen Yang shook his head, "Why do you have to do that? Even if you can seal my path, I still have my holy pulse."

"You still can't do anything to me!"

Then, Yang Chen's entire body turned illusory. The terrifying martial arts passed through Yang Chen's body and exploded in an unknown place.

A series of explosions rang out, accompanied by a cloud of dust behind him. Yang Chen slowly spread his hands.

Then, he clenched his fists, and the shadows of illusory spiritual swords appeared.

Then, these illusory Spiritual Sword phantoms dashed toward the evil spirit at lightning speed.

Bang! Bang! Bang!

Loud sounds rang out as these Spiritual Swords struck the evil demons, instantly causing the entire battlefield to explode.

After the explosions subsided, all the evil demons were heavily injured.

Yang Chen's current strength had reached the peak of the Sky Piercing Realm.

However, it was impossible to say that he was not injured at all.

Immediately, the leader wiped the blood from the corner of his mouth and said with a sinister smile, "As expected of a dual possessor of the illusory divine pulse and the illusory Great Dao. It's really difficult to deal with."

"If there were only the few of us here, we might not be able to do anything to you."

"However..."

"Sir, please show yourself!"

After saying that, the leader of the evil demons half-knelt in the air with a fiery expression.

Seeing this, the other demons also half-knelt in the air, their faces burning with passion.

Yang Chen was shocked by this scene.

"D * mn, could it be that the evil gods are here again?"

Luckily, the evil gods didn't descend, but the evil spirits weren't easy to deal with.

A fiery red meteor streaked across the sky and headed toward them.

In the blink of an eye, the fiery meteor arrived. At this moment, everyone could see the true appearance of the fiery meteor.

It was a demon that was at least ten meters tall.

Its entire body was fiery red, and there were two sharp thorns on its shoulders.

It had a five-meter-long tail on its back, and there were barbs on its tail. If it was swung by this tail, it would definitely not feel good.

Of course, this was not important.

The most important thing was the aura that this demon was emitting.

Saint!

Moreover, it was not an ordinary Saint. After all, the aura of this demon was stable. It did not look like it had just broken through.

After this Saint Outworld Devil appeared, he first looked at the Emperor Outworld Devil behind him, then at the Sky-Ripping Mottled Tiger not far away.

Finally, he focused his gaze on Yang Chen.

“You are the Illusion King? Indeed, the rumors are true. If we let you grow and cooperate with the Array God, I’m afraid the end of our race will come.”

“Fortunately, I met you today.”

“No one can save you!”

Yang Chen’s expression changed when he heard the Saint’s words.

Damn it, how did a saint level demon appear? What the hell did the Nangong Clan do with their intelligence?

” Also, the words of this Saint Evil Demon are so conclusive. Could it be that he has a method to resist my divine pulse and pull me out of the illusion?

Thinking of this, Yang Chen couldn't remain calm.

All along, the reason why he was not afraid of the evil spirits was mainly because he relied on his illusory body so that others could not attack him.

However, if he were to be dragged out of the illusion, he would not be a match for even an Emperor, much less a Saint.

Don't worry, maybe this is just a demon scaring me.

"What? Do you think I'm scaring you?"

As if he could read Yang Chen's mind, the saint opened his right hand and clenched it.

Suddenly, Yang Chen felt a surge of power enter his body.

This power did not have any lethality, but it was extremely difficult to deal with. More importantly, this power actually sealed his divine pulse and pulled him out of the illusion.

Looking at his body turning from an illusion to a real body, Yang Chen said in disbelief, "This... How did you do it!"

"It's not a big deal to seal the divine pulse."

The Saint explained in surprise, "Every saint can seal the power of the holy pulse. This is a change brought about by the Great Dao after reaching the fourth realm.."

Chapter 576: The Appearance of the Tianji Saint (2)

“Although you are in an illusion, in the end, you are only using the power of the illusory Great Dao.”

“The illusory divine pulse also originates from the illusory Great Dao.”

” Since it comes from the Great Dao, you can use the Fourth Plane Great Dao of Saints to ignore illusions and seal your holy pulse from the source of the Great Dao.”

“With the divine pulse sealed, you naturally can’t remain illusory.”

“Alright, it’s time to know your life.”

Then, the eyes of the Saint and the Evil Demon turned vicious.

Then, the Saint Fiendish Demon threw a punch.

Instantly, a fist phantom that was a thousand feet in size appeared. This fist phantom flickered with a dark red light, and its body contained the power to destroy a sovereign.

Seeing this shadow, Yang Qing subconsciously wanted to escape.

But no matter how he tried to escape, Yang Chen realized that he couldn’t seem to escape from this fist shadow.

It was as if he had been locked onto by this fist phantom.

“Could it be that I’m actually going to die here today?” For a moment, Yang Chen’s face was filled with despair.

The Wood Emperor was also in despair. There was no reason for these demons to let him go.

Saints and demons had appeared. It seemed that the outcome was already set.

” Saint Fire Devil, you have crossed the line.”

Just as the fist shadow arrived in front of Yang Chen, who was about to close his eyes and wait for death, an old voice sounded.

Then, the fist phantom that contained terrifying spiritual energy disappeared in an instant.

At the same time, a sage-like old man in a Taoist robe appeared in front of Yang Chen.

Upon seeing the old man, the Wood Emperor was instantly overjoyed. He quickly came to the side and bowed, ”” Greetings, Tianji Saint!”

The person who came was precisely the number one Saint of the Yaoguang World, the Tianji Saint!

After seeing Tianji Saint, Fire Demon Saint’s eyes flashed with fear.

It had experienced the strength of the Heavenly Secret Saint. Although he looked kind now, once he started fighting, the Heavenly Secret Saint would be more ruthless than anyone else.

Coupled with his terrifying strength, the Fire Demon Saint probably wouldn’t even be able to last two hours.

The Fire Demon Saint knew that he couldn’t do anything to Yang Chen today.

The intention to retreat appeared at this moment.

However, the Fire Demon Saint was still unwilling to leave just like that. After glancing at Chen Yang, the Fire Demon Saint snorted coldly and said, "Humph! Tianji Saint, you can protect this person for a while, but you can't protect him forever."

"My race will kill this person sooner or later. If you are willing to hand him over, perhaps my race will be able to live peacefully with you for tens of thousands of years."

"Hmm? Are you threatening me?"

A trace of killing intent appeared on the Heavenly Fate Saint's smiling face. Then, he waved his right hand, and Chen Yang, the Wood Emperor, and the Sky-Ripping Mottled Tiger disappeared.

Then, the Heavenly Secret Saint twisted his neck and charged at the Fire Devil Saint.

Seeing this, the Fire Demon Saint's expression changed drastically. He hurriedly used his spiritual energy to block. "Tianji Saint! You lunatic!"

"I was just casually saying that. If you're not willing, then you're not willing. Why do you have to fight?"

"Could it be that you want to turn this place into a sea of fire?"

"What nonsense!" "Hmph!" The Heavenly Secret Saint snorted coldly. "I'm not in a good mood, so I want to teach you a lesson!"

Then, the Heavenly Fate Saint unleashed another terrifying martial art.

While the Heavenly Secret Saint and the Fire Demon Saint were fighting, Chen Yang, the Wood Emperor, and the Sky-Ripping Mottled Tiger appeared a few thousand miles away from the battlefield.

As soon as it landed, the Sky-Ripping Mottled Tiger asked impatiently, "Who exactly are you, and why did the Evil Demon Clan place you in second place on the Kill List?"

“You have to know that the number one on the must-kill list is the Array God.”

“From the looks of it, you are an existence second only to the Array God. What did you do to make the evil devil so determined to kill you?”

“And this Heavenly Fate Saint actually started a war with the Evil Demon Saint because of you. This is too unbelievable.”

The Sky-Ripping Mottled Tiger asked a bunch of questions in one go, then looked at Yang Chen with anticipation.

Yang Chen saw this and smiled.” It’s nothing. I just comprehended the Illusory Great Dao and have the Illusory Divine Meridian.””

“Oh, that’s all.”

The Sky-Ripping Mottled Tiger wagged its tail and suddenly felt that something was wrong. It said in disbelief,” What did you say?”

“You have comprehended the illusory Great Dao and have the illusory divine meridian!!!”

“Oh my god, isn’t this the rebirth of an illusory god? I say, why does this demon have to kill you?”

“In fact, I don’t even want this inheritance skeleton anymore.”

Speaking of the inheritance skeleton, the Sky-Ripping Mottled Tiger changed the topic.” I say, when are we going to exchange for the reward?”

“No rush.” The Wood Emperor shook his head.” Since the Heavenly Fate Saint has appeared, we naturally have to wait.”

“With the Tianji Saint here, we can exchange for greater profits.”

Hearing this, the Sky Splitting Mottled Tiger nodded. It immediately lay on the ground and waited patiently.

Time trickled by. In the blink of an eye, half a day had passed.

This half a day of waiting already made the Sky-Ripping Mottled Tiger somewhat impatient.

Just as the Sky-Ripping Mottled Tiger was about to ask when the Heavenly Fate Saint would return, the Heavenly Fate Saint suddenly appeared in front of them.

“Greetings, Tianji Saint!” Yang Chen and the Wood Emperor hurriedly bowed.

Even the Sky-Ripping Mottled Tiger bowed, afraid that it would anger this cruel Saint and make itself into soup.

“Get up, there’s no need to be so polite.” The Heavenly Secret Saint helped the two of them up and smiled. “What are you here for?”

“Saint, we came here to find the Path-Understanding Leaf. However, when he was trying to snatch the Path-Understanding Leaf, he accidentally bumped into an evil spirit searching for treasures.”

“After we chased away the demon, we found the skeleton of the demon that inherited the Saint’s legacy in that place...”

The Wood Emperor briefly recounted the sequence of events, as well as the agreement with the Sky-Ripping Mottled Tiger. He also informed the Heavenly Secret Saint of it.

When he heard that the skeleton had been preserved by the Sky-Ripping Mottled Tiger, the Heavenly Fate Saint suppressed his laughter and looked at the Sky-Ripping Mottled Tiger.

This Sky-Ripping Mottled Tiger looked at it with a puzzled expression.

“Since you plan to sell this treasure, let me introduce you to a buyer.”

“Let’s go to Nangong City first.”

Then, the Heavenly Fate Saint tore open space and disappeared with Chen Yang and the others.

Nangong City.

As the largest city in the Land of Evil Demons, Nangong City occupied a hundred miles.

This area might be a little small in the outside world, but it was already considered a huge in the Evil Demon Land.

In the City Lord’s Mansion of Nangong City.

The Saint from the Nangong Clan sized up the inheritance skeleton before looking at the Heavenly Fate Saint, Chen Yang, and the others.

“The quality of this skeleton is not bad. It should be able to sell for a good price.”

“However, I still think that you should exchange for merit points or something. Why don’t you just exchange for something? Those artifact masters have quite a number of treasures in their hands.”

“If you communicate properly, each of you will receive at least a top-notch second-grade treasure.”

Hearing this, the Heavenly Secret Saint looked at the three of them.” You can decide for yourselves.”

Upon seeing this, the Wood Emperor looked at Yang Chen and the Sky-Ripping Mottled Tiger." What do you think?"

The Sky-Ripping Mottled Tiger looked down at the Heavenly Fate Saint and the Saints of the Nangong Clan and said kindly,""I'm fine with anything. It's up to you."

Seeing this, the Wood Emperor shifted his gaze to Yang Chen.

Chen Yang thought for a moment and then looked at the Saint of the Nangong Clan." Sir, can I use any treasure?" Would a treasure that could assist in comprehending the Great Dao be enough?"

Hearing this, Saint Nan Gong smiled," If it was someone else, I might not be able to do it. But if it was a Weapon Refinement Master, then there shouldn't be any problem.""

Seeing this, Yang Chen nodded." I agree with you, sir. It would be best if we can exchange it for some treasures that can comprehend the Great Dao."

"Then I agree, but I want to exchange it for some treasures that can increase my strength.."The Wood Emperor did not object.

As for the Sky-Ripping Mottled Tiger, it whispered,""! wish to have some treasures that can increase my bloodline or strength."

"Of course, if you don't have any, other treasures are fine."

After hearing the two people and one tiger's request, Saint Nan Gong nodded," Alright, leave it to me.."

Chapter 577: The Great Dao of the Emperor, Changes in the Array Formation

In a quiet courtyard in Nangong City.

Yang Chen and the Wood Emperor sat around a stone table, holding tea in their left hands and facing Yi with their right hands.

As for the Sky-Ripping Mottled Tiger, it shrunk its body to the size of a normal tiger and lay lazily in the courtyard, basking in the sun comfortably.

“Wood Emperor, how much longer do you think we need to wait?”

Chen Yang placed his piece and after putting an end to the anger of the black players, he smiled and looked at the Wood Emperor.

The Wood Emperor picked up the black piece that had been eaten and said with a smile, “Who knows? But it’s been a month. Logically speaking, it should be about time.”

That’s right, it had been a month since he had handed over the inheritance skeleton to Saint Nangong.

For the past month, Yang Chen and the Wood Emperor had been staying in the courtyard. When they were bored, they would play chess for fun.

Hearing the Wood Emperor’s words, Yang Chen was deep in thought. He then shook his head, “The longer I stay here, the more panicked I become.””

“That’s normal. After all, this isn’t a simple treasure. I’m also quite worried that I won’t be able to exchange for the treasure I want.”

“However, there’s no use in being anxious. All we can do now is wait.”the Wood Emperor said with a smile.

‘Tve learned my lesson.” Yang Chen nodded and focused on the chessboard.

Just as the two of them were locked in battle, there was a knock on the courtyard door.

Seeing this, the Sky-Ripping Mottled Tiger hurriedly opened the courtyard door.

Outside the courtyard, the Heavenly Fate Saint was looking into the courtyard with a smile.

After seeing the Heavenly Fate Saint, the Sky-Ripping Mottled Tiger instantly became excited and hurriedly called out, "Chen Yang, Wood Emperor, Lord Tianji is here."

Hearing this, Yang Chen and the Wood Emperor quickly put down their chess pieces and went to the courtyard together.

"Greetings, Tianji Saint!"

"There's no need to be so polite." Tianji Saint used his Holy Qi to help the two of them up. He then smiled and said, "Saint Nan Gong told me that he has already helped you sell the inheritance skeleton."

Hearing this, Yang Chen and the Wood Emperor were excited.

Finally sold!

Although both of them knew that this thing definitely wouldn't have to worry about selling.

However, it was one thing to be able to sell it, but it was another thing to really sell it.

"Let's go. Follow me to see Saint Nan Gong."

Immediately, Chen Yang followed Tianji Saint to Saint Nangong's courtyard.

After arriving at Saint Nan Gong's courtyard, the Heavenly Secret Saint first chatted with Saint Nan Gong for a while before getting down to business. "Oh right, didn't you sell the skeleton? If you give it to them now, they can rest assured."

Hearing this, Saint Nan Gong took out a storage bag and handed it to Yang Chen.

"There are three treasures in this bag of holding."

"The first is the Resurrection Lily, a top-tier second-grade cardinal treasure that can help warriors comprehend the Great Dao."

"Only in the Nirvana Realm can one find the true meaning of the Great Dao. It's a rare treasure. "If you use it, I estimate that you will be able to comprehend the third realm of the Illusory Great Dao within 30 years."

Hearing this, Yang Chen was delighted. Didn't this mean that he would be able to break through to the Emperor Realm in 30 years?

The Wood Emperor looked at Yang Chen with envy. Yang Chen's cultivation speed was too fast. It was so fast that he couldn't believe it.

Fortunately, his cultivation would also rise through this profit.

As expected, Saint Nan Gong started to introduce the second treasure. "This second treasure is what you need, Wood Emperor."

"This treasure is called the Nine Revolutions Saint Pill. It's a top-notch second-grade pill. In the next too years, his cultivation speed would be the same as that of a Saint Grade talent."

"Oh right, Sky Ripping Mottled Tiger, your reward is also this Nine Revolutions Saint Pill."

The Wood Emperor looked at Saint Nan Gong in surprise. He never thought that he would be able to obtain a Nine-Revolutions Saint Pill.

This was something that he did not even dare to think about in the past.

As for the Sky-Ripping Mottled Tiger, it had long been staring at the storage bag in Yang Chen's hand.

Seeing this, Yang Chen opened his storage bag and handed the treasures of the Wood Emperor and the Sky-Ripping Mottled Tiger to the two parties.

After receiving the Nine Revolutions Saint Pill, the Sky Splitting Mottled Tiger Beast's eyes rolled, and it immediately said, "Milords, since the reward has arrived, I won't stay any longer."

"Farewell!"

With the permission of the two Saints, the Sky-Ripping Mottled Tiger quickly disappeared and tore through space.

After the Sky Splitting Mottled Tiger left, the Heavenly Fate Saint smiled and said, "The two of you have found a good helper for the Nan Gong Sacred Tribe."

Hearing this, the Wood Emperor and Yang Chen both smiled.

This Sky-Ripping Mottled Tiger delivered itself to the door, naturally it had to make good use of it.

"Since you have given my Nan Gong Sacred Clan such a huge gift, then my Nan Gong Sacred Clan cannot be stingy."

"How about this, I will give each of you too divine stones as a thank you gift from my Nan Gong Sacred Clan." Saint Nan Gong laughed.

Hearing Saint Nan Gong's words, Yang Chen and the Wood Emperor looked at each other. They could see joy in each other's eyes.

This was a pleasant surprise.

If he wanted to exchange for too Deity Stones, he would have to kill too King Fiendish Demons no matter what.

And now, the Nan Gongsheng Clan was actually giving them a reward just like that.

"Thankyou, Lord Saint!" The two of them hurriedly thanked him.

"There's no need to be so polite. This is what you deserve." Saint Nan Gong gave them a storage bag each.

Inside the bag of holding were Godstones.

After handing over the rewards to the two of them, Saint Nan Gong waved his hand." Alright, since the rewards have already been given to you, there's no need for you to stay here. Go back and guard the Land of Evil Demons.."

Chapter 578: The Great Dao of the Emperor, Changes in the Array Formation

"Yes, we will obey."

Then, the two of them left Saint Nan Gong's courtyard.

After the two of them left, the Heavenly Secret Saint sighed." Nangong, do you think we can hold on until Yang Chen breaks through?"

Hearing this, Saint Nan Gong's expression sank. He sighed and said, "Now that things have come to this, we can only look forward to Yang Chen."

"Moreover, the Array God said that as long as Chen Yang can take out the Time Great Dao Crystal, he can use the Time Mystic Realm."

"With the Secret Realm of Time, Chen Yang might be able to quickly cultivate to become a god."

"But the problem is that there's no Time Great Dao Crystal." The Heavenly Secret Saint sighed and said, "The last Time Great Dao Crystal was used up a few days ago."

"Even if we want Yang Chen to use the Time Secret Realm, we don't have the resources to activate it."

"Tianji, don't worry. You have to trust Chen Yang. Which of those existences who had ascended to the divine throne did not have great luck?"

"Perhaps Chen Yang can find the Time Great Dao Crystal." Saint Nan Gong consoled.

The Heavenly Secret Saint nodded. "Now that things have come to this, we can only trust Chen Yang."

In the land of demons guarded by the Dao Sect.

After returning with the Wood Emperor, the two of them had a simple conversation before Yang Chen returned to City 32.

After arriving at City 32, Yang Chen gave a simple explanation and then entered the seclusion room to begin his seclusion.

Inside the closed door cultivation room.

Chen Yang took out the Path-Understanding Leaf. After a moment of hesitation, he swallowed it.

The moment the Path-Understanding Leaf fell into Yang Chen's body, Yang Chen noticed that the distracting thoughts that had been bothering him and preventing him from comprehending the Great Dao had suddenly disappeared. "Is this the Path-Understanding Leaf? He is indeed extraordinary."

After personally comprehending the wonders of the Path-Understanding Leaf, Chen Yang had a bit more confidence in comprehending the Great Dao.

With this treasure, would he be afraid of distracting thoughts hindering his comprehension of the Great Dao?

Immediately, Yang Chen took out the Resurrection Lily and began to focus on comprehending the Great Dao.

Time passed bit by bit. In the blink of an eye, the river of time extended for another ten years.

After ten years of cultivation and development, the strength of the Chen family members had improved by leaps and bounds. The clansmen who followed Chen Yang here were all in the Core Formation realm.

As for the Elders and direct descendants, they had all cultivated to the late-stage Zifu Disciple realm.

From this, it could be seen that although the Land of Evil Demons was dangerous, it was indeed a place full of opportunities.

Other than that, Chen Xiao, as the strongest expert in City 32, had also cultivated to the fourth level.

In addition to the subdued beasts that Chen Yang had placed in the city, City 32 had become a forbidden area for demons.

However, this day in the forbidden area was not very good.

Looking at the King of the Outworld Fiends fighting with Shen Daokong, Chen Xuan's expression turned ugly as he said, "Didn't you say that this place absolutely wouldn't give birth to any King or Fiendish Demon?"

"Why did a king-level demon suddenly appear?"

"If the Flame Emperor hadn't come to our 32nd City as a guest, our 32nd City would have been destroyed."

When he heard Chen Xuan's complaints, the eleventh elder of the Shen family, who had followed Shen Daokong here, smiled bitterly and said, "This has happened more than once."

"The reason why Patriarch Dao Kong came here was to ask the Chen Clan Lord if he knew anything about the inside story."

"Patriarch..."

Chen Xuan looked at the City Lord's Estate with some worry. Could the family head still cultivate in peace during this great change?

Bang!

Shen Daokong's expression turned ugly after he sent the King of the Outworld Fiends flying with a single punch.

The strength of this King of Outworld Fiends before him was extremely formidable. He was most likely not its match.

However, he could not disturb Yang 'er's cultivation. What should he do?

"For now, I can only hope that the reinforcements from the Taoist Faction will come soon. Otherwise, I can only disturb Chen Yang's seclusion."

After muttering to himself, Daokong's eyes turned and he circulated his Holy Qi, planning to charge at the evil spirit again.

At that moment, a familiar voice sounded in Shen Daokong's ears.

"Patriarch Dao Kong, let me do it."

Shen Daokong looked in the direction of the voice in surprise and saw a familiar figure.

"Yang 'er, you've come out of seclusion."

Yang Chen glanced at the King of Outworld Fiends," This guy is already at my doorstep. I have no choice but to come out of seclusion.""

"Fine, I'll use this King of Fiends to test out my newly awakened Great Dao ability."

Then, Yang Chen slowly stretched out his right hand and clenched it into a fist.

The moment Yang Chen clenched his fist, the demon's belly suddenly became illusory.

The King of Outworld Fiends looked at his stomach in surprise, then looked at Yang Chen in confusion.

What was this illusory enemy doing? Was he afraid that he would kill the enemy?

Very quickly, the King of Evil Demons understood what Yang Chen meant.

As mentioned before, Yang Chen had turned the belly of the evil spirit into nothingness, but the other parts of the evil spirit were not.

This was equivalent to the belly of a demon being dug out by someone.

There was no need to explain what was going to happen next.

Puff!

Blood gushed out from the wound. The King of the Outworld Fiends could sense his life force rapidly draining away, and he was already in a state of panic.

She pounded her illusory stomach fiercely, hoping that it would return to its original state as soon as possible.

However, it was all in vain.

The evil spirit could only watch helplessly as its blood and life force flowed away.

At this moment, Yang Chen reached out his left hand again and clenched his fist.

This time, it was the head of the evil spirit.

Without a head, even Saints couldn't survive, let alone Kings.

The King of Outworld Fiends died in Yang Chen's hands.

Looking at the King of the Outworld Fiends who was still filled with hatred and anger before his death, Yang Chen smiled and said, "Is this the third realm of the Great Dao, the ability to make others illusory?"

"It's indeed powerful. It can dismember the enemy unknowingly."

“I finally understand why the demons are so afraid of the illusory gods.”

During the 10 years of seclusion, Yang Chen’s cultivation level did not change, but his comprehension of the Great Dao had successfully reached the third realm.

In other words, the Great Dao that Yang Chen currently grasped was a Great Dao that could only be used by emperors.

The ability of the Third Great Dao was to create illusions of other living beings.

This was not only a treasure to save others, but also a weapon to take the lives of enemies.

The first time it was used, it showed its ferociousness.

After getting rid of the King of Evil Demons, Chen Yang came to Shen Daokong and asked worriedly, “Patriarch Dao Kong, are you alright?”

“I’m fine.” Shen Daokong shook his head.

Yang Chen heaved a sigh of relief and asked, “Patriarch Dao Kong, what’s going on with this King of Fiends? Could it be that the calamity of the fiends is here again?”

“No.”

Shen Daokong looked at the sky worriedly and said, “This is also the reason why I came to your 32nd city.”

“In the past few years, the descent of the demons has been irregular. Even ordinary cities have been able to descend with the descent of King level demons.”

“Let’s take the demons in front of City 32 for example. They descended from the normal passageway.”

“I suspect that there might be a problem with the array formation of the Array God.”

“Is there a problem with the formation?” Yang Chen frowned. This was not good news.

The reason why the Alkaid World still existed was precisely because of the Array God’s array formation.

If there was a problem with the array formation of the Array God, then didn’t that mean that the Alkaid World probably wouldn’t be able to hold on for long?

As if he could read Yang Chen’s mind, Shen Daokong smiled and said, “Yang

’er, don’t worry, it’s not the final moment yet.”

Yang Chen nodded. “I understand.”

No matter what, Yang Chen couldn’t give up until he was at the end of his rope.

Next, he only needed to make good use of this time to cultivate hard and strive to have sufficient strength to deal with the enemy when the great change was coming.

City 32, City Lord’s Mansion.

Shen Daokong looked at Yang Chen. “Yang Er, what are your plans?”

Hearing this, Yang Chen sighed and said, “I originally planned to keep cultivating in seclusion, wanting to break through to the Emperor Realm.” “But now it seems that I can’t enter seclusion. I can only cultivate normally.” “You don’t have to worry about that. I can help you guard City 32, and you can go into seclusion.” Shen Daokong laughed.

“But if you help me guard the city, what about the Shen family?” Yang Chen said worriedly.

“You don’t have to worry about that.” “According to the rules, we’re about to leave. The Beast Tamer Sect will take over.”

“Beast Tamer Sect?” Chen Yang looked at Shen Daokong in confusion. “According to the rules, doesn’t the Beast Tamer Sect still have some time before replacing the Shen family?”

“This, you have no idea,” “changed,” now becomes every 50 years, one transfer.” Shen Daokong said.

When he heard Shen Daokong say this, Chen Yang nodded his head in relief. “If that’s the case, I’ll have to rely on you for the next dozen years, Patriarch Dao Kong..”

Chapter 579: The Mission to Break Through to the

Emperor Realm and Become an Array God

Winter.

The Land of Evil, which was known for its four seasons of martial arts, had actually started to snow for the first time.

Perhaps it was because of the uniqueness of this place, even the falling snowflakes had a faint blood-red color.

Looking at the heavy snow falling from the sky, Shen Daokong sighed. “Sigh, it’s been fifteen years. Yang ‘er should be out of seclusion by now.” “Flame Emperor, even I know that it’s extremely difficult to break through the barrier between King and Emperor.”

“It’s only been fifteen years. It’s normal that the patriarch hasn’t broken through.”

Shen Daokong glanced at Chen Xuan but did not speak immediately.

Chen Xuan did not know that Chen Yang had received the inheritance of the Universe Saint. Therefore, Chen Xuan thought that if Chen Yang wanted to break through to the Emperor Realm, he needed to break through the bottleneck.

In fact, to Yang Chen, this barrier that could stump a king tier didn’t exist.

The reason why he hadn’t broken through yet was probably because the accumulation between King and Emperor was too great.

“Sigh, the demons that have descended recently are getting stronger and stronger. That’s why I hope that Yang ‘er can break through as soon as possible.” Shen Daokong said.

Hearing this, Chen Xuan also looked up worriedly.

The last time, even the demons that broke through the fourth layer had descended.

At that time, if it was not for the support of the Taoist Faction, they might have really called Chen Yang out.

Now that the situation was already so bad, would there still be time for Yang Chen to continue his closed-door cultivation?

At this moment, light spots flashed down from the sky again.

Shen Daokong’s face was filled with anger when he saw those light spots.” Damn demons. They really don’t want us to recuperate for a few years.”

“Chen Xuan, give the order to get everyone ready.”

“Yes, sir!”

Chen Xuan hurriedly instructed. In an instant, the Chen family's experts climbed up the city wall one by one and looked at the light spots in the sky in a serious manner.

The Vermilion Bird Crossbow was also fully loaded, and it contained a large amount of spiritual energy. It was only waiting for the arrival of the evil spirit before it could launch a strike that it had been preparing for a long time.

Just as Shen Daokong and the others were preparing to fight against the demons, a frightening aura suddenly came from the City Lord's Mansion.

Shen Daokong turned his head and saw Chen Yang leaping out of the City Lord's Mansion. His aura was extremely unstable.

Above Yang Chen's head, balls of lightning gathered, and a terrifying aura that could destroy the world spread.

“Yang 'er is about to break through to Emperor Realm!” Shen Daokong's face lit up. He was finally about to break through! However, in the blink of an eye, Shen Dao's expression turned ugly. If he were to break through at this time, he would probably be affected by the evil spirit.

Damn it!

He could not delay his breakthrough because of these demons.

Just as Yang Chen was preparing to deal with the lightning tribulation, he saw the light spots in the sky.

Yang Chen thought for a moment, then he rushed out and arrived outside the city.

Then, he suppressed the aura in his body and did not allow it to trigger the lightning tribulation. It was as if he was waiting for the demon.

Shen Daokong saw through Yang Chen's thoughts and quickly shouted, "Yang Er, this is too dangerous. How can we use the lightning tribulation to kill the enemy?"

"You have to know that once someone gets involved in the lightning tribulation, the power of the lightning tribulation will continue to rise. You won't be able to withstand it!"

"Hahaha, Patriarch Dao Kong, how could you forget that my bloodline has already evolved into an illusory divine meridian!"

"Once I activate my illusory self, I won't be afraid even if the power of the tribulation lightning increases by a hundred times!" Yang Chen said casually.

Shen Daokong only reacted after Yang Chen's reminder.

Yes, with the illusory divine pulse, what was the use of the lightning tribulation no matter how powerful it was?

Humph! That was good, he would let these demons have a taste of the lightning tribulation!

As the light spots landed on the ground, the evil demons revealed their auras wantonly. This posture seemed to have the feeling of swallowing the city in front of them.

Every single one of them had an arrogant look on their faces.

However, their arrogance soon disappeared because they could sense a terrifying lightning tribulation gathering above their heads.

"Run!" Immediately, the leader of the King of Outworld Fiends gave the order

to retreat.

But it was too late.

The sudden appearance of these demons completely angered the lightning tribulation. In an instant, terrifying bolts of lightning gathered!

Bang!

Lightning pillars with a diameter of nearly ten meters kept striking down. For a moment, the area outside City 32 had become a sea of lightning.

Under the bombardment of this lightning pillar, a large number of evil demons were directly blasted into powder, and they did not even have the chance to scream.

They were considered lucky.

Those powerful demons might not die from this lightning pillar, but they would suffer the pain of the lightning pillar.

This was especially true for the King of the Outworld Fiends. Although the lightning bolts were all aimed at Yang Chen, the lightning bolts that struck the King of the Outworld Fiends were still equivalent to the full power of a King Level 4 expert.

If it had been a single strike, it would have been fine. However, the continuous bombardment had already caused the King of the Outworld Fiends to lose the courage to continue living. It could only pray that the lightning pillar would give it a quick death.

Boom!

The lightning tribulation once again blasted down a sea of lightning. This time, the evil devil finally got what he wanted.

Under the sea of lightning, all creatures, rocks, and plants were turned into dust.

The ground was pitch-black, and deep pits appeared. The remaining lightning told the world what kind of destruction this place had experienced.

In the sky, after seeing that most of the demons had been taken away by the lightning pillar, Yang Chen looked at the sky with relief and continued to transcend his Emperor's Great Tribulation.

Under the premise that the illusory divine pulse was illusory, although the Thunder Tribulation used all kinds of martial arts and almost blasted the ground into a canyon, it still could not do anything to Chen Yang..

Chapter 580: The Mission to Break Through to the

Emperor Realm and Become an Array God

There was no other way. After the lightning tribulation symbolically struck one last time, it left dejectedly.

After the lightning tribulation ended, Yang Chen's aura also rose. Not long after, he had already stabilized at Emperor Level 1.

Seeing this, Shen Daokong quickly flew to Yang Chen's side and said with a smile, "Congratulations, Yang Er. From today onwards, you are the Illusory Emperor."

"It's been hard on you, Patriarch Dao Kong." Yang Chen said.

“What are you talking about? If it wasn’t for you, I wouldn’t have broken through to King tier. So what if I helped you guard the city for ten years?” Shen Daokong indicated to Yang Chen that he did not need to worry about it.

Then, Shen Daokong thought of something and quickly said, “Oh right, I heard that the Taoist Faction has been sending people to look for you recently. I think there should be something.”

“Looking for me?” Chen Yang looked at Shen Daokong. “Patriarch Dao Kong, do you know why the sect is looking for me?”

“I don’t know.”

Shen Daokong shook his head. “However, I think it should be related to the Array God’s array.”

“During this period of time, the demons that descended through the passage have become stronger and stronger. The Dao Sect naturally knows some news.”

“In the Hidden Dragon Region, besides the Wood Emperor, the strongest is you, Yang ‘er. If the Taoist Faction knows anything, they will naturally discuss it with you.”

Hearing Shen Daokong’s words, Yang Chen suddenly understood.

It turned out that he was already so powerful.

He could already participate in the decisions that truly affected the Alkaid Realm.

“In that case, I’ll wait for the Dao Sect to come and find me.”

After that, Yang Chen cleaned up the remaining demons and returned to the City Lord’s Mansion.

In the following period of time, Chen Yang first communicated with Shen Daokong. After learning about what had happened in the past fifteen years, he sent Shen Daokong away.

As soon as Shen Daokong left, the Mystic Ice King of Dao Sect arrived at the City Lord's Mansion.

"Mystic Ice King, please come in."

After welcoming the Mystic Ice King to the reception hall and waiting for the servant to serve tea, Yang Chen smiled and asked,""Mystic Ice King, you must be here for something, right?"

The Mystic Ice King put down her teacup and stood up."I came here for two reasons."

"The first one is to represent the Dao Sect and congratulate the Illusory Emperor on breaking through to the Emperor Realm!"

"The second one is the Wood Emperor of our Dao Sect who invited the Illusory Emperor to Dao City for a chat."

"As for City 32, I will guard it for the Illusory Emperor."

After hearing the Mystic Ice King's words, Yang Chen nodded." Alright, I understand what the Wood Emperor means. I'll head to Dao City now."

"I have to trouble Mystic Ice King for City 32."

"I don't dare. It's my duty." The Mystic Ice King said respectfully.

Yang Chen tore through space and headed towards Dao City.

After breaking through to emperor realm, the space he tore apart was even further.

When one was a king tier, even if one used all their strength, they might not be able to cross 100,000 miles.

Now, City 32 was hundreds of thousands of miles away from Dao City, but Yang Chen had arrived there effortlessly.

After arriving, Yang Chen went straight to the Taoist Faction.

When the sect master learned of Chen Yang's arrival, he quickly organized the elders to welcome Chen Yang into the guest hall.

Then, he carefully stood at the side and smiled apologetically. He told Chen Yang that the Wood Emperor would be here soon.

Not long after, the Wood Emperor arrived at the guest hall.

As soon as he entered, the Wood Emperor waved his hand, signaling for the others to leave.

When only Wood Emperor and Chen Yang were left in the hall, Wood Emperor smiled and said, "Congratulations to the Illusory Emperor for successfully ascending to the throne."

"I invited the Illusory Emperor here because I have something to discuss with him."

"Oh?" Yang Chen looked at the Wood Emperor. "May I ask what it is, Wood Emperor?"

The Wood Emperor was not in a hurry to tell her what exactly was going on. Instead, he asked, "Does Clan Leader Chen know about the changes in this passageway?"

"I know." Chen Yang nodded, "The passageway above the 32nd city is already open enough for King of Outworld Fiends to descend."

“And as time passed, the demons that descended became stronger and stronger.”

“Wood Emperor, is there a problem with the formation?”

“Sigh!” The Wood Emperor sighed deeply. “I’m not happy with the Chen Clan Lord. Not only City 32, but all of the passages in the Evil Demon Land have allowed higher levels of demons to pass through.”

“According to the information sent by the Array God, there is indeed a problem with the array. Although it can still function at the moment, the restrictions of the passageway are not as precise as before.”

“According to the Formation God’s estimation, it won’t be long before this passageway becomes even more spacious. At that time, even the ordinary passages might have the possibility of emperors and demons descending.”

Hearing this, Chen Yang revealed a worried expression. If this continued, how would they defend this passage?

Could it be that he had completely closed the passage?

However, after closing the passageway, how would the experts cultivate and comprehend the Great Dao?

All of a sudden, many thoughts appeared in Yang Chen’s mind. He suppressed these thoughts and looked at the Wood Emperor, “Wood Emperor, did the Array God have any orders for me to come here?”

“That’s right.”

The Wood Emperor slowly explained, “The weakening of the array has become irreversible. In order to protect the Alkaid Realm and reduce the burden in the future.”

“The Formation God has decided to let us enter the void and fight the demons. We should try to weaken the demons before the formation channel completely fails.”

“As for the evil gods, they will be held back by the formation god and won’t affect us.”

“And according to the God of Formations’ estimation, the evil gods won’t stop us. After all, we want to weaken them, and they want to weaken us.”

“In this exchange, the two gods have formed a tacit understanding.”

” Also, the first batch of warriors have entered the void. From the results, the Evil Gods didn’t stop them and allowed the two sides to fight in the void.”

After listening to the Wood Emperor’s explanation, Yang Chen nodded.

This method of weakening the combat power of the higher-ups in advance could indeed alleviate their fatigue in the future.

However, the prerequisite was that they could kill the demons.

However, from the looks of it, the Alkaid Realm was still not a match for the evil devil. Then this journey to the void was probably not that simple.

Even if he were to fight with the demons, he had to use a certain strategy and not fight them head-on.

Thinking of this, Yang Chen asked again, “That’s why we have to go to the void as well.”

“All the emperors will go.” “Oh, right,” the Wood Emperor said. “I forgot to tell you that there are rewards for this operation.”

“According to how many evil spirits you have killed, the Array God will rank you and reward you according to your ranking.”

“Among them, the first place can even obtain a divine-grade treasure. According to the Array God, this treasure can even allow us to comprehend the fourth realm of the Great Dao within a hundred years.”

“This is the Array God’s trump card. If it wasn’t for the danger, the Array God wouldn’t be willing to take it out.”

“Comprehending the fourth realm of the Great Dao in a hundred years!” Chen Yang looked at the Wood Emperor in shock.

Yang Chen had already experienced how difficult it was to comprehend the Great Dao.

To be honest, even if Yang Chen was given 1,000 years, he was not confident that he would be able to comprehend the Fourth Realm’s Great Dao within 1,000 years.

But now, as long as he obtained first place, he could shorten the time by ten times.

Yang Chen was tempted.

Before the great change, Yang Chen didn’t want to miss out on any treasures that could increase his strength.

It seemed that he had to fly for this trip to the void.

Thinking of this, Yang Chen looked at the Wood Emperor. “Wood Emperor, when are we going?”

“In half a month’s time, I’ll go up with the emperor of the Vermillion Bird Divine Clan.” the Wood Emperor said.

The Wood Emperor sighed." I didn't plan to send you up initially. However, although this operation is dangerous, it's also an opportunity.""

"If you make good use of it, you might be able to grow rapidly."

"When the time comes, we can also turn the tide."

Hearing this, Yang Chen smiled and said,"The Wood Emperor thinks too highly of me.""

"No, it's not that I think highly of you.""This is what the Formation God and the Saints have always hoped for you," the Wood Emperor corrected."

"To put it bluntly, it's precisely because of you that the experts have the heart to persevere."

"Because they believe that their persistence will be rewarded one day."

Looking at the Wood Emperor's serious face, Yang Chen nodded." I understand.""

It seemed that the pressure was not ordinary..
