

Tamer Family 581

Chapter 581: Entering the Void (1)

Outside City 32.

After deciding to participate in the Battle of the Void, Yang Chen began to make his final preparations for the battle.

First, he would raise one of his subdued beasts to the Spirit King Realm.

After 25 years of accumulation, the Dao Integration Pearl had already accumulated more than 200 million energy.

Now that he was going to the void to fight with the evil demon experts, it was naturally better for him to be stronger.

As for his choice of subdued beast, Yang Chen decided to choose a Golden Crow after some consideration.

After releasing the Golden Crow, Chen Yang first used his energy to raise the Golden Crow's bloodline to the Spiritual King Bloodline.

After that, he would use up the remaining energy in the Dao Integration Pearl and raise the Golden Crow's strength to the Spirit King Realm.

At this moment, the Golden Crow was no longer a Golden Crow.

At a glance, there was no difference, only that it was slightly larger.

However, if one looked closely, one of the Golden Crow's legs had already become two.

The mark of the sun in the beast's eyes also became much deeper. At the same time, a dazzling sun was carved on the top of the Golden Crow's head.

"Two-legged Golden Crow!"

Yang Chen nodded in satisfaction after mentioning the familiar's name.

Although the Two-legged Golden Crow was not a Spirit King, if he used it well, it could provide a lot of help to Yang Chen.

After putting away the Two-legged Golden Crow, Chen Yang returned to City 32 and waited quietly.

Half a month later.

Early in the morning, Chen Yang went to Dao City after giving Chen Xuan some instructions.

At the same time, the Wood Emperor was already waiting for Yang Chen in Dao City.

After Yang Chen arrived, the two of them exchanged pleasantries.

"Wood Emperor," Yang Chen said. "I'm going to the void this time. You have to help me guard City 32."

"Don't worry," the Wood Emperor said with a smile. "I've already sent the Mystic Ice King to City 32."

"With the Mystic Ice King guarding, nothing will happen to your Chen family."

"If that's the case, I can rest assured." Yang Chen smiled and nodded. He was confident in the Mystic Ice King's strength.

With the Mystic Ice King around, even if the Sky Piercing Fifth Layer demons came, they wouldn't be able to do anything to her.

After exchanging some pleasantries, the two of them sat in the Wood Emperor's carriage and headed towards the Vermillion Bird Divine Tribe.

Within the Vermillion Bird Divine Clan, Nangong Fuming had been waiting for a long time.

After Yang Chen and the Wood Emperor arrived, Nangong Fuming quickly sent someone to bring them into the guest hall.

When the two of them arrived at the guest hall, Nangong Fuming smiled and said, "Wood Emperor, you're really a big shot. Even the Saint is waiting for you to go up."

"What do you mean?" The Wood Emperor smiled and looked at Chen Yang. "This Saint is not waiting for me. He is obviously waiting for the Chen Clan Leader."

"Besides, the Chen Clan Leader is a new emperor and has comprehended the Illusory Great Dao. It's only right for a Saint to wait."

"Wood Emperor, don't mention this again." Yang Chen quickly waved his hand and smiled bitterly. "I'm only an emperor. How could I trouble the Saint to wait?"

"What are you afraid of?" The Wood Emperor smiled and said, "The saints can't hear me anyway."

"Oh? Was that so? I heard it." At this moment, an elderly voice sounded outside the hall.

Hearing this voice, the smile on the Wood Emperor's face instantly froze. He stood up awkwardly and hurriedly bowed. "Greetings, Saint Nan Gong!"

Saint Nan Gong came to the main hall and helped Empress Mu up. He turned to look at Yang Chen. "You're right. I'm waiting for Yang Chen."

“There is competition between you emperors and kings, and there is also competition between us saints.”

“I don’t want such a great general to fall into the hands of other old fellows.”

After saying that, Saint Nan Gong looked at Nangong Fuming, “Clan Leader, I’ll leave the Nan Gong Sacred Clan to you.”

Nangong Fuming looked at Saint Nan Gong with a serious expression, “Old Ancestor, don’t worry. Fuming won’t let anything happen to the Nan Gong Sacred Clan.”

“That’s good.”

Saint Nangong nodded and then looked at Chen Yang and Mu Huang. “Let’s go. The Demon Emperor and the others have been waiting for a long time. It’s time for us to go up.””

As soon as he finished speaking, Saint Nan Gong brought Chen Yang and the other two to the hall where the spatial teleportation array was located.

In the hall, six emperors gathered.

Five of them were from the Nan Gong Sacred Clan, and the last one was the Devil Emperor that Saint Nan Gong had mentioned.

This devil emperor was the strongest among devil cultivators, the emperor ancestor of the devil hall.

After entering, the Wood Emperor first nodded to the emperor of the Southern Palace Sacred Clan. After that, he walked to the side of the Demon Emperor and punched his chest, “Old Devil, you want to go up as well? Aren’t you afraid of dying?”

“Hahaha!” “If a hypocrite like you isn’t afraid of dying up there, why would I be afraid?” the Demon Empress said with a carefree expression.”

Then, the Demon Empress looked at Chen Yang.” This must be the Illusory Emperor Chen Yang. I’ve heard of the Illusory Emperor’s name before.”

“Seeing you today, you’re indeed extraordinary.”

Hearing this, the Wood Emperor patted Chen Yang’s shoulder,” Chen Clan Leader, this is the Devil Hall’s ancestor, the Devil Emperor.”

“Greetings, Demon Empress.” Yang Chen smiled and nodded at the Demon Empress.

After some simple greetings, the group arrived at the spatial teleportation array.

Then, the spatial teleportation array was activated. In an instant, everyone disappeared.

When he reappeared, he had already arrived at the void hall where the Array God was.

After arriving at the main hall, Yang Chen found that there were many people gathered together, pointing at a map.

As for the God of Arrays, he was lying lazily on his chair. It was only when Yang Chen came over that he regained his spirit..

Chapter 582: Entering the Void (2)

“The Illusory Emperor is here.”

The moment the Array God spoke, it immediately attracted everyone's attention.

Almost in an instant, everyone's gaze gathered on Yang Chen. They were all curious about the hope of this Alkaid Realm.

Taking this opportunity, Yang Chen also counted the powerhouses present. Including Saint Nan Gong, there were a total of eight Saints.

Below were 20 emperors and 10 peak king level experts.

There weren't many of them, but they were definitely the top combat strength of Alkaid Realm.

Seeing that everyone had stopped arguing, the Array God stood up and

said, "Everyone, since everyone is here, let me give you a simple explanation."

"I won't say much about the reason why I gathered you here."

"I only have one request. When you kill the evil devil experts, you must ensure your own safety."

"The Alkaid World can't withstand the death of any Emperor or Peak-tier

King."

"As for the ranking rewards, I won't go into detail. I'll just briefly talk about the corresponding ranking points for each demon."

"The rules are very simple. Every King tier is one point, and with this as the foundation, every minor tier will increase by one point."

“The foundation of an emperor is ten points. Every time you advance a small realm, your points will increase by ten points.”

“Saints are 100 points. Every time you advance a small realm, your points will increase by 100 points.”

“In addition, Saints don’t participate in the rankings of your emperors and

kings. Saints have their own rankings, and of course, the rewards are also their own.”

At this point, the Array God paused and then came to the map floating in the

air.

“Next, I’ll arrange our respective battle areas.”

“Everyone, please look. This is our Alkaid Realm. From the Alkaid Realm as the starting point, within millions of miles, it is our battle area.

“I’ve divided these areas into eight. Each battle area corresponds to a saint.”

“AS for the emperor, you can choose freely. Of course, there could not be more

than four emperors in a battle area. Otherwise, the distribution of power would be uneven.”

“Alright, make your own choice.”

Then, the Array God returned to his chair and returned to his lazy state.

Looking at the map, the Wood Emperor whispered to Yang Chen, ""Chen Clan Leader, which one do you choose?"

Yang Chen glanced at the map and hesitated for a moment." I don't know.

Wood Emperor, you know more about the map. Where do you think is the best place to choose?"

Just as the Wood Emperor was about to say something, the Heavenly Fate Saint

came before them." Yang Chen, why don't you choose to follow me?"

"As the number one Saint of the Yaoguang Realm, I can guarantee your safety.'

"Bullshit!"

Before Chen Yang could speak, Saint Nan Gong spoke first, ""The number one

Saint of Yaoguang World? Who gave you this title? Is it the Array God?" At this moment, the Array God was not afraid of blowing things up." I never said that.""

"Look, even the Array God hasn't admitted it, and you dare to call yourself the number one Saint of the Alkaid World?

"Chen Clan Leader, let me tell you. In terms of strength, I'm not weaker than Tianji. In terms of survival ability, I'm a level higher than Tianji." Saint Nan Gong laughed.

"Oh?" The Heavenly Secret Saint smiled and looked at Saint Nan Gong." From

what you're saying, we're going to have a match?"

“Let’s compete. I’m not afraid of you.”

“HOW about this, we each choose a saint level demon and see who kills the enemy first.” Saint Nangong said.

Although the two of them wanted to compete, they still maintained their rationality. They did not fight directly, but wanted to see who could kill the enemy first.

In fact, Yang Chen’s uniqueness was one of the reasons why the two of them wanted to fight over this.

On the other hand, it was because he had suppressed his distracting thoughts, making him as uncalm as a child.

Yu Sheng had once said that any old monster who became a Saint by suppressing distracting thoughts had a child-like personality. Everyone present was dumbfounded, even though they knew that the dispute between the two was caused by the suppression of distracting thoughts.

But his first reaction was that they were here to fight for Yang Chen.

In the end, it was the Array God who stopped this battle.” Alright, I have my own arrangements. I won’t be joining you.”

Hearing the words of the Array God, the two Saints gave up and returned to their cold and aloof state.

All the emperors present were dumbfounded.

No, even if the Illusory Emperor is gone, there’s still us. You guys should also compete for us and have some childish fun.

We’re very happy to.

Seeing that the Saints didn't invite them, these emperors and Kings chose the Saints they wanted to follow.

After everyone had chosen their respective battle areas, the Array God waved his hand." Alright, let's go out and take action."

"Yes, sir!"

Hearing this, everyone bowed to the Array God and then disappeared together.

Only Chen Yang and the Array God were left in the hall.

"Sir, I wonder what arrangements you have for me." Yang Chen asked."

The Array God came to Yang Chen's side and patted him on the shoulder." My arrangement for you is very simple. I'll send you to cause trouble."" "To be more precise, we're going to the demons to cause destruction. " The evil gods brought so many evil spirits to invade our Alkaid World. They definitely have a lot of resources."

"As long as we destroy these resources, we can definitely slow down the demons 'attack."

"I wanted to do it myself, but the evil god kept staring at me and I couldn't do

it."

"It just so happens that you're here. You have the Dao of Illusion, so ordinary demons can't do anything to you."

"As for the evil gods, saints, and demons sealing your Great Dao, you don't have to worry. Before every mission, I'll give you a Great Dao clone."

“If evil gods or saints or demons seal your illusory Great Dao, you can activate my Great Dao clone. At that time, they won’t be able to seal your Dao.” Chen Yang originally thought that the Array God was just joking and was mainly trying to mediate the conflict between the Tianji Saint and the Nangong

Saint.

However, he did not expect that God of Arrays actually had a mission for Chen Yang.

Moreover, it was such an extremely dangerous mission.

For a moment, Yang Chen hesitated.

“Don’t worry. Although this mission is dangerous, the reward will definitely be considerable.”

“You should know about the treasure that can help the emperor comprehend the Saint’s Great Path in 100 years, right?”

“Let me tell you, I have two of these treasures, one of which is for the other emperors.”

“The other one is prepared for you.”

“In addition, there are many treasures in the army resources of this demon. As long as you have the ability to snatch them, you can take whatever you want.” Hearing this, Yang Chen’s expression changed and he said seriously, “I’m willing to go through fire and water for the Alkaid World!”

Yang Chen was really tempted.

Whether it was this treasure that could help him comprehend the Great Dao or the resources for the demons, it was enough to tempt Yang Chen.

A great change was about to happen, so he naturally had to think of all ways to increase his strength.

It was so that he could have sufficient strength to deal with the upcoming changes.

Seeing Chen Yang agree, the Array God smiled and said, “It’s good that you have such a heart.”

“The first target is a large floating stone five million kilometers away. This floating stone contains a batch of resources for the Evil Demons to march on.” “I don’t know exactly what it is, but I do know that the demons have sent five emperors to guard this place.”

“From this, we can see that the resources for the army here are definitely not lacking.”

“This is a rough map.”

Then, the Array God handed a jade slip to Chen Yang.

Taking the jade slip, Yang Chen injected Holy Qi into it, and a map of the starry sky appeared in front of Yang Chen.

After a quick glance at the map, Yang Chen had a rough idea.

The so-called floating stone is actually the meteorite in the void, and the floating stone where the target is located is exactly the area that is located five million miles east of the hall.

After putting away the map, Yang Chen cupped his hands at the Array God and turned to leave.

Looking at Yang Chen’s back, the God of Arrays sighed, “I hope this operation can slow down the demons.”

“Damn it, the formation can still last for thousands of years. Why did it suddenly loosen?”

“Could it be that there’s also a formation genius on the side of the demons?”

“Sigh, grow up quickly.. The future of the Alkaid Realm depends on you, Chen Yang!”

Chapter 583: Sneaking into the Evil Demon Resource Point

In the void, Chen Yang was sitting on the Two-legged Golden Crow, flying in the void.

Yang Chen had been flying for three days since he left the Array God Hall.

With the speed of the Spiritual King, they had already covered half of the distance in three days.

Originally, Yang Chen thought that the journey would be very boring, but he did not expect that on the fourth day, he would actually encounter a team of demons.

“Stop. Hide on the floating rock on the right.”

After stopping the Two-legged Golden Crow, Chen Yang ordered the Two-legged Golden Crow to come to a place that was about a hundred meters long and wide. There were many protruding floating worlds on the surface.

After reaching the Floating Stone, the Golden Crow shrunk to about one meter in size. Then, it lay on the Floating Stone with Yang Chen and stared at the approaching demons.

“Damn, there are ten king-level demons, and if we add in the demons below the king-level, there should be at least a thousand of them.”

“Looking at his posture, he should be planning to head to the Alkaid Realm.”

“Since that’s the case, I can’t let them pass.”

After making up his mind, Yang Chen quietly waited for the arrival of the demons.

After the time it took to brew a cup of tea, the Evil Demon team passed by the Floating Stone.

Right at this moment, Chen Yang dashed out and appeared above the Evil Demon Faction.

Immediately after, under the horrified gazes of these demons, Chen Yang clenched his right hand, and in an instant, nearly a thousand demon heads were turned into nothingness.

Puff!

Fresh blood gushed out, and in an instant, Yang Chen ended the lives of these demons.

After doing all this, Yang Chen looked at his hands in confusion.

“D * mn, so this illusory Great Dao is actually good at this kind of group attack.”

Shaking his head with a smile, Yang Chen walked to the corpses of the evil spirits, hoping to find some useful information.

In the end, Yang Chen found a jade slip on the body of a Blood Thorn Evil Demon.

He picked up the jade slip and infused it with Holy Qi. A map appeared in front of Yang Chen.

Looking at the map, Yang Chen was a little puzzled and took out the map of the God of Arrays. Then, he injected Holy Qi and activated the map.

After comparing the two maps, Yang Chen was pleasantly surprised. “Damn, this map is actually the map of the resource point I’m going to.”

“Moreover, it looks even more detailed than the Array God’s map.”

“At the very least, the map on the demon’s body even shows the terrain inside the large floating stone.”

This was a pleasant surprise.

With this map, Chen Yang’s next mission became much easier.

Immediately, Chen Yang summoned the two-legged Golden Crow and continued to sit on it, heading towards his destination.

Two days later.

After another two days of traveling, Yang Chen was getting closer and closer to his goal.

In order not to alert the enemy, Yang Chen put away the Two-legged Golden Crow when he vaguely saw the large Floating Stone.

Then, Yang Chen carefully sneaked onto the Floating Stone.

Perhaps they did not expect the humans to take the initiative to attack and destroy their military resources. The Evil Demons didn’t even set up any defenses, allowing Yang Chen to easily climb up the Floating Stone.

After arriving at the Floating Stone, Yang Chen first found the back of a low slope and hid himself.

After confirming that there were no demons around, Yang Chen took out the map he had found on the demons and began to examine it carefully.

According to this map, the hall where the resources were placed was located in the center of the large floating stone.

There were demons guarding the hall.

In addition, there were five emperors guarding the hall. It could be said that it was done flawlessly.

At the same time, the rooms in the hall were complicated. Even if they were to be inserted, they wouldn't be discovered by the emperor demons, and it wouldn't be easy to find the room where the resources were stored.

After a simple glance at the map, Yang Chen collapsed on the slope and thought to himself, "What should we do?"

"If I forcefully barge in, I'll definitely alert the enemy. When that happens, not only will I expose myself, but I won't even be able to destroy the resources."

"But if we sneak in, according to the map, the entire hall is under the surveillance of the demons. There is no blind spot to sneak in."

"Damn, I didn't expect this first mission to be so tricky."

After much consideration, Yang Chen decided to go over and take a look. Perhaps he could find a way to enter.

Thinking of this, Yang Chen tried his best to hide his aura and then carefully walked towards the central area.

After walking for about an hour, Yang Chen finally saw the towering hall.

Seeing this, Yang Chen went to a small hill.

He lay on the mountaintop and looked down at the situation below.

Just as the map showed, the hall was in the center, and there were many demons patrolling outside.

Not to mention sneaking into the hall, even getting close to the hall was extremely difficult.

“It’s a pity that the map doesn’t indicate which room contains the resources. Otherwise, I could have forcefully entered.”

After shaking his head, Yang Chen continued to observe the scene below.

“Hmm? What’s going on? Why are all the demons gathering in the north of the hall?” Yang Chen, who was observing the direction of the demons, suddenly noticed that these demons were approaching the main entrance of the hall.

Could it be that some powerful demon had descended?

Thinking of this, Yang Chen looked towards the north side of the hall and continued to suppress his aura, afraid of revealing a trace..

Chapter 584: Sneaking into the Evil Demon Resource Point

Unfortunately, there was still some distance from the main hall. He could not see what exactly had happened.

Thinking of this, Yang Chen slipped down from the hill and followed the last group of demons, quietly approaching the north of the hall.

After sneaking to a low slope in the north of the hall, Yang Chen stopped.

He couldn't go any further. If he did, he would be discovered.

After stopping at the slope, Yang Chen lay on the slope and observed quietly.

Although the short slope was still a few miles away from the northern part of the hall, with the emperor's eyesight, he could still see what was happening in front of the hall.

Yang Chen carefully poked his head out and looked towards the north of the hall.

When he looked at it, Chen Yang quickly retracted his head.

Although there were many demons blocking his vision, Yang Chen could still see the demons in the middle.

!!..

The demon was known as the Heart-refining Evil Demon by the human race, and it was best at illusions.

Of course, this wasn't important. The important thing was that the Heart Refining Evil Demon was just as special as the Inherited Evil Demon. Those who could appear on the battlefield outside were at least peak Emperor Realm existences.

In fact, it was even a saint demon!

"Dammit, why would this lotus heart demon come to such a small place? Didn't they say that this was just a small military resource center?"

Yang Chen frowned. Could it be that the Array God's information was wrong?

No, it shouldn't be. It's impossible for the God of Array to not even know the size.

This place was indeed a small resource point, and since the Heart Refining Evil Demon had come here, it meant that there should be some extraordinary resources here.

“If my guess is correct, it should be that the nearby demons have collected some precious resources.”

“Just in case, we’ll place them here first. Then, we’ll inform the important figures among the evil demons to send experts here to receive them.”

“Then here comes the question. What treasure is it that is worth the Honed Heart Evil Demon’s personal attention?”

Yang Chen glanced sideways at the hall, and his determination to go in and take a look became even stronger.

With the Array God’s Great Dao clone, even the Heart-Tempering Evil Demon could not do anything to him.

Thinking of this, Yang Chen touched the jade pendant in his arms. This was given to him by the Array God before he left. The Array God’s Great Dao avatar was in this jade pendant.

Touching the jade pendant, Yang Chen became bolder.

Yang Chen continued to look at the northern part of the hall. As he looked at it, Yang Chen slapped his forehead.” Damn, how could I have forgotten about this?””

“I’m here to cause trouble, not to be a guest. Why must I sneak in through the main entrance?”

“Since these demons are all gathered in the north, why don’t I head to the south of the hall and enter from the south?”

Immediately, Yang Chen carefully avoided the evil spirit's line of sight and then rushed to the south of the hall.

When they reached the southern part of the hall, Yang Chen looked around and touched the wall of the hall.

At this moment, Chen Yang planned to use the Illusory Dao to first turn the wall into a blur, and then he could enter the portal.

To be honest, it was still quite dangerous to use the Great Dao now. This was because if he was not careful, the evil spirit might sense the aura of the Great Dao.

But now, he could only take a gamble.

After turning the wall into a phantom, Yang Chen quickly entered it.

Inside the hall, Yang Chen found that he was in a storeroom. There were many things inside, and the smell was a little unpleasant.

Fortunately, there were no demons inside, so Yang Chen was not in danger for the time being.

“Hehe, I didn't expect that my Dao would be more suitable for such a gentleman.”

After smiling and looking at his hands, Yang Chen quietly walked to the door.

Yang Chen placed his ear on the door to make sure that there was no sound outside. He then quietly opened the door.

Chen Yang was ready to open the door. As long as the evil spirit found him, he would use the Illusory Great Dao.

Fortunately, there were no demons outside.

After leaving the storeroom, Yang Chen first glanced at the corridor. After a moment of hesitation, he walked to the right.

These rooms were all next to each other. After a few steps, Yang Chen encountered a new door.

As for the right side of the door, it was written in demonic characters.

“Good heavens, there’s actually a door plate here. This saves me a lot of trouble.”

“Although I don’t know the words ‘evil spirit’, I can still recognize the words ‘resources’ and ‘treasure’.”

“Next, I’ll specifically look for rooms with these two words on the door plate.”

On the map of the God of Arrays, the words “resources” and “treasures” were clearly marked. It was hard for Yang Chen not to recognize them.

Immediately, Yang Chen began to explore along the corridor while paying attention to the movements of the demons.

After searching for a while, Yang Chen finally saw the word ‘resources’ at the corner of the corridor.

Immediately, Yang Chen carefully pushed the door open.

The moment the door was pushed open, the Holy Qi was ready to attack the evil spirit inside.

However, Yang Chen didn’t expect that there wasn’t even a single strand of Evil Demon’s hair in there. There were only resources that filled the entire room.

"D * mn, what's going on?"

"Could it be that the Heart-Tempering Devil is so proud that all the other demons have gone to welcome him?"

"Or could it be that the evil demon has transferred all its power to the room where the treasure is stored in order to protect this treasure?"

Compared to the first guess, Yang Chen felt that the second guess was more accurate.

From the looks of it, this treasure was definitely not simple.

Not only would he be able to get the Heart-Tempering Evil Demon to personally come, but he would also be willing to risk damaging other resources and treasures to get the Evil Demon to guard them.

Yang Chen was even more curious.

However, now was not the time to search for the treasure. It was more important to get down to business first.

Thinking of this, Yang Chen glanced at the resources in the room.

After taking a look, Yang Chen had some idea of these resources. Most of them were contaminated by blood-red Spiritual Qi, mainly Spiritual Stones and Spiritual Crystals.

Humans had no use for these things, so they could only destroy them.

However, if he were to cause any damage here, it would attract the attention of the demons. Yang Chen then placed all the resources into his bag of holding.

After cleaning up the place, Yang Chen left in satisfaction.

In the following time, Yang Chen found a few more resource rooms. Unfortunately, these resources were not needed by the Human Race. They could only be stored in the storage bag and destroyed together when they were brought out.

After walking for a while, Yang Chen stopped outside a room.

On the door plate of this room, the word 'treasure' was written in the word 'demon'.

"It seems like there must be some kind of treasure here."

Yang Chen muttered in his heart and was about to push the door open.

When Chen Yang's hand touched the door, the sound of whispers suddenly came from the room.

There were demons!

Yang Chen quickly withdrew his right hand. After thinking for a moment, he placed his left hand against the wall.

Immediately after, the illusory Great Dao was released.

To sense the Great Dao fluctuations, one had to have the strength of the Dao Origin at the very least.

Chen Yang was the evil spirit in this room. It had the strength below Dao Origin.

In the end, Yang Chen made the right bet.

There was no reaction from the inside after the entire wall was blurred. Immediately, Yang Chen jumped into the room.

Then, he saw the demons guarding the room. Before the two demons could react, Chen Yang immediately used the Illusory Dao to wipe out the lives of the two demons.

“It’s actually just a demon guarding the stage. It seems that there shouldn’t be anything too precious here.”

Then, Yang Chen glanced around the room and looked at the treasures inside.

These treasures included spirit herbs, spirit materials, and some precious medicinal pills. Unfortunately, the human race could not use any of them.

“Hmm? What’s that?”

After scanning the room, Yang Chen focused his gaze on a wooden box near the north wall.

“Since it’s specially packed in a box, the treasures inside should be very precious.”

He walked to the chest and opened it. When he saw the treasure inside, Chen Yang was ecstatic.

“It’s actually an entire box of Universal Great Dao Crystals!”

This was a surprise!

Chen Yang would never complain about having too many Universal Dao Crystals.

After a simple flip, Chen Yang found that there were a total of 500 Great Dao Crystals in the box.

Although these 500 Great Dao Crystals provided little help to Chen Yang, it was not impossible for him to accumulate a satisfactory harvest on this trip..

Chapter 585: The First Confrontation with the Heart

Refining Evil Demon

“WU WU WU...”

In a treasure room, the evil spirit guarding the room looked at the man in front of him with despair.

The man suddenly appeared in the room and flashed in front of it.

When the evil spirit wanted to call the other evil spirits over, it realized that it couldn't control its head.

Moreover, he had even seen his body fall straight down.

After dealing with the demon, Yang Chen put the treasures inside into his storage bag.

“Fortunately, this storage bag of mine is not small. Moreover, in order to reward the juniors, I still have many storage bags with me. Otherwise, I really don't know if I could store the resources of the entire Resource Hall.”

I found three treasure rooms and seven resource rooms.”

!!..

“Among them, there's nothing in the resource room that humans can use. We can only destroy it together when the time comes.”

“And in the three treasure rooms, other than the Great Dao Crystals that were discovered at the beginning, there’s nothing else that humans can use.”

“I hope this room can give me a surprise.”

As he spoke, Chen Yang kept the treasures into his storage pouch. After he had stored all the treasures, Chen Yang shook his head, “Sigh, I wasted my time again.”

“Fortunately, there are still many rooms here. Let’s go to the next room and look.”

That’s right, there were still no treasures that humans could use in this treasure room.

However, Yang Chen wasn’t disappointed. It was just a coincidence. It was better to have it, but it wasn’t a big deal if there wasn’t.

Yang Chen pushed open the door and walked into the corridor. He then continued to walk to the next room.

After this period of investigation, Yang Chen had gradually understood the structure of the hall.

The rooms here were arranged in rows, and the east and west corridors connected the north and south. It was similar to the residential area in a small town.

At this moment, Yang Chen was in the second corridor from north to south.

After plundering the resources in the two resource rooms, Yang Chen came to a room that stored treasures.

“This is the fourth treasure room. I hope it will bring me a pleasant surprise.”

After a slight hesitation, Yang Chen used the same trick again. He used the

Great Dao to create an illusion wall and then flashed into it.

As soon as he entered, Yang Chen used the Great Dao to take away the life of the demon guarding him.

Then, Yang Chen began to look at the treasures in the room.

“Hmm? What’s that?”

Yang Chen looked around and finally focused his gaze on a table. To be precise, he cast his gaze on an ancient wooden box on the table.

This ancient wooden box wasn’t big, and he could play with it with one hand.

After arriving at the table, Yang Chen carefully opened the ancient wooden box. Yang Chen had thought that this ancient wooden box might contain some kind of treasure or mechanism.

But what surprised Yang Chen was that there was a piece of yellow paper inside the box.

Yang Chen’s eyes lit up as he unfolded the yellow paper.” This looks like a map.

Why does it look so similar to this hall?””

“I know, this is the map of the hall!”

“Strange, why is the map of the interior of this hall here?

“Forget it, this is not important. Since I have it, I naturally have to make good use of it.”

Immediately, Yang Chen looked at the map in his hand. Finally, Yang Chen focused his gaze on a room marked with a red dot in the center of the map. "What's in this room? Could it be the precious treasure that the evil demons had found?"

"Then...Do you want to take a look? What if the evil demons didn't rush over? Wouldn't they be able to take these treasures?"

"Let's take a gamble! If the Heart-Tempering Evil Demon didn't come, then he would have made a huge profit. If the Heart-Tempering Evil Demon came, he might be able to escape unscathed if he acted carefully."

After a moment of hesitation, Yang Chen made up his mind.

If he continued to search room by room, he was afraid that he wouldn't be able to collect many resources and treasures by the time the demons returned.

If he rushed over in advance, he would be able to destroy or take away the treasure.

The losses to the evil demons were much greater than the losses of ordinary resources and treasures.

Thinking of this, Yang Chen put all the treasures in the room into his storage bag, not caring if there were any humans who could use them.

After doing all this, Yang Chen followed the map and quickly arrived at the east and west corridor. Then, he quickly rushed toward the center of the hall.

There were also demons guarding the corridors that connected the north and south.

However, these demons were basically all piled up on the north side. Coupled with Yang Chen's illusory body, which was embedded in the wall, these demons did not discover any traces of Yang Chen.

Yang Chen found the target's room in the south-facing corridor.

After entering the corridor, Chen Yang quickly found the south wall of the target room. Then, he maintained his illusory state and walked in.

Although the illusory body was easier for the evil spirits to sense the fluctuations of the Great Dao than the illusory wall, it was still not as easy as the illusory wall.

However, in such a dangerous place, he naturally had to ensure his own safety. Although the illusory body was easier to discover, it could guarantee his safety.

Back to the main topic.

When Yang Chen passed through the wall and entered the room, he was stunned.

Because in front of Yang Chen, the Heart Refining Evil Demon was leaning against the wall, smiling at Yang Chen." The future Illusory God, you're finally here."

Yang Chen stood rooted to the ground as if his back was being pricked. Damn it, when did this demon discover me?

From the sound of it, it seemed like this Heart Refining Evil Demon had been waiting for him for a long time?

Chapter 586: The First Confrontation with the Heart Refining Evil Demon (2)

Seemingly able to read Yang Chen's mind, the Heart Refining Evil Demon smiled and said,""Are you wondering when I discovered you?"

"It's very simple. I discovered you when I used the Great Dao to sneak into this hall."

“Future Illusory God, didn’t the Array God tell you not to underestimate the senses of Saints?”

Yang Chen narrowed his eyes. He had underestimated the Saint.

“Saint, why are you waiting for me here? What, you want to kill me here and eliminate a threat for the demons?” Yang Chen asked.

“Kill you?” “No, no, no,” the Heart-Tempering Evil Demon said with a smile. “I know my limits. Since you dare to come here alone, it means that the Array God has given you a Great Dao clone.”

“With the Array God’s Great Dao clone here, I can’t seal your Great Dao. There was no way to seal the Illusory Great Dao. Even if the Evil God came, he wouldn’t be able to kill them.”

“The reason why I waited for you here was because I wanted to give this to you.”

As he spoke, he took out an ancient wooden box and placed it on the table. Under Yang Chen’s gaze, the Heart Refining Evil Demon opened the box.

This box contained a Great Dao Crystal that flickered with the light of the starry sky.

!!..

“This is...Time Great Dao Crystal!”

Chen Yangyi looked at the Heart-refining Evil Demon in shock. “What do you mean by this?”

“Nothing, I just want to make friends with you. After you destroy the evil god, you can let my evil demon race off because of today.” The Heart-Tempering Evil Demon laughed.

Hearing this, Yang Chen was even more confused.

Could it be that this Heart Refining Evil Demon wanted to betray the Evil Demon Clan?

Seeing Yang Chen's hesitation, the demon sighed. "Fine, if I don't explain it clearly, you won't be able to take the Dao Crystal with ease."

"Evil God, he has a huge grudge against our clan. He has been suppressing our clan."

"If I don't think about saving myself, I'm afraid that it won't be long before my Honed Heart Clan disappears."

"So, I took a fancy to you and hoped to use you to help me get rid of evil gods." After hearing this, Yang Chen's eyes narrowed and a gleam of light appeared. There seemed to be nothing wrong with the words of the Heart Tempering Evil Demon, but after thinking about it carefully, it was full of loopholes.

First of all, if the Heretic God really had a grudge against the Heart Refining

Evil Demons, why didn't he just exterminate them?

Secondly, even if the demons couldn't destroy the Heart-refining Evil Demons due to the overall situation, they wouldn't let the Saints of the Heart-refining Evil Demons take the Time Great Dao Crystal, right?

Most importantly, if the Honed Heart Evil Demon couldn't bring the Great Dao Crystal back, would the Heretic God not punish it?

Furthermore, there was a grudge between the two sides. Was the Heretic God not worried that the Heretic God would use this opportunity to wipe out the entire Heretic Demonic Tribe?

This was a conspiracy!

Yang Chen opened his eyes again and smiled at the Heart Refining Evil Demon.

Since it was a conspiracy, he should think about what the Heart Refining Evil Demon was after.

Did he want to kill her or do something else?

Wait a minute!

This demon was saying a thousand things because he wanted him to take the Time Great Dao Crystal.

Could it be that there was something wrong with the Time Great Dao Crystal? Thinking of this, Chen Yang cast his gaze on the Time Great Dao Crystal and approached it step by step.

When the Heart Refining Evil Demon saw this, a hint of excitement appeared in its eyes, as if it really hoped that Chen Yang would take the Dao Crystal.

The excitement in the Heart Refining Evil Demon's eyes naturally couldn't escape Chen Yang's eyes.

In other words, Chen Yang seemed to be approaching the Time Great Dao Crystal, but he was actually paying attention to the Heart Refining Evil Demon.

Seeing this, Yang Chen knew that his guess was right. There was definitely something wrong with this Dao Crystal.

However, why did this Great Dao Crystal look very normal to him?

Wait a minute!

Yang Chen suddenly remembered that this Heart Refining Evil Demon was best at using illusions. Could it be that this Great Dao Crystal in front of him was not a Great Dao Crystal at all, but something else?

However, this evil spirit had used an illusion technique to change his original appearance.

Thinking of this, Yang Chen suddenly stopped and looked at the Heart Refining Evil Demon with a smile. "I'm afraid it's not good for me to take such a precious item."

"How about this, why don't you hand it over to the Array God yourself? Making friends with the Formation God is better than making friends with me." Hearing this, a hint of anxiety flashed through the Heart Refining Evil Demon's eyes. However, he still said unhurriedly, "Future Illusory God, you underestimate yourself."

"In other words, you have never faced the attacks of the Illusory God before, so you naturally don't know how powerful the Illusory God is."

"With the power of the Illusory Great Dao, it's easy for him to fight someone of a higher level."

"The benefits of befriending you are much greater than befriending the Array God."

"Oh? Is that so?" As Yang Chen spoke, he mobilized his Holy Qi and wrapped it around the Array God's avatar, ready to activate it at any time.

"I believe your words and your sincerity. Of course, the prerequisite was that you had to reveal the original appearance of this thing."

Hearing this, the Heart Refining Evil Demon's pupils constricted. "What do you mean?"

"I mean it literally!" Yang Chen suddenly jumped up, passed through the dome of the hall, and arrived in the sky.

At the same time, the Honed Heart Evil Demon also broke through the dome and quickly arrived in front of Chen Yang. Then, a Great Dao swept out and quickly suppressed Chen Yang's Great Dao.

“You actually saw through my illusion.” The Heart Refining Evil Demon had a look of admiration on its face. “I really wish that you were a genius of my race. Unfortunately...”

“Unfortunately, you are not. I can only bear the pain and end your life.” Shaking his head, the Heart Refining Evil Demon punched out. A terrifying spiritual energy enveloped Yang Chen in an instant.

It was as if he was going to take Yang Chen’s life in the next moment.

At this moment, the Array God’s Great Dao clone was activated, and it quickly smoothed out the suppression of the Heart-refining Evil Demon’s Great Dao.

At the same time, Yang Chen quickly returned to his illusory state.

That terrifying attack passed through Yang Chen’s body and finally hit the huge floating stone, causing the entire floating stone to tremble.

The Heart-Tempering Evil Demon wasn’t surprised to see the phantom of the Array God’s Great Dao.

“I knew it. The Array God definitely placed a Great Dao phantom on you.” “However, I don’t understand one thing. How did you see through my illusion?”

You must know that no one can see through my illusion unless a god comes personally.”

“I didn’t see through your illusion.” Yang Chen smiled, “I just judged that you were lying from the story you told.”

“Combined with your ability, you can naturally guess that this Time Great Dao Crystal is fake.”

Hearing this, the Heart-Tempering Evil Demon was stunned.

After a short while, the Heart-Tempering Evil Demon shook its head with a bitter smile." What a clever human. How nice would it be if he was one of my clansmen?"

"Forget it. With the Array God's Great Dao phantom, I can't do anything to you." Yang Chen glanced at the Heart Refining Evil Demon and left without looking back.

After Yang Chen left, an emperor demon came to the side of the Heart Refining Evil Demon and cupped his hands,""Milord, why did you let him go?"

'We can totally follow him and kill him when he runs out of the power of the Great Dao."

Hearing this, the Heart-Tempering Evil Demon glanced at the Imperial Evil

Demon." Follow him? Who will escort the treasure?"

"This treasure was specifically requested by Lord Evil God. If anything happens, will you be responsible or will I be responsible?"

Can't you tell which is more important?"

Hearing the heart tempering demon's reprimand, the imperial demon hurriedly lowered his head," I was too rash."

The Heart-Tempering Evil Demon didn't want to blame the Imperial Evil Demon. It turned around and returned to the hall. Looking at the Time Great Dao Crystal that it had transformed into with an illusion technique, the Heart-Tempering Evil Demon shook its head.

"I originally wanted to use this thing to seal the illusory Great Dao, but in the end, it was all for nothing."

" Forget it, the main purpose of this trip isn't to deal with this person. Let's finish the evil god's mission first."

With that, the Heart Tempering Evil Demon took out a box sealed with a spell formation from the room.

After keeping it in his bag, he was about to leave.

However, what the Honed Heart Evil Demon didn't know was that Yang Chen, who had just escaped, was currently lying on a small hill on the Floating Stone. At the same time, the Heavenly Secret Saint and the emperor who followed him were also lying on the short mountain..

Chapter 587: The Battle Begins

"Heavenly Secret Saint, why are you here?"

On the hill, after confirming that the Heart Refining Evil Demon had returned, Chen Yang looked at the Heavenly Fate Saint and the others and asked curiously.

Hearing this, the Heavenly Secret Saint smiled and explained,""This is our battle zone."

"As for why I came here, it's a long story."

After we left the Array God Hall that day, we began to search for demons. At first, it was quite smooth, and the demons we encountered were not very strong."

"Three days ago, we encountered a group of demons led by a Saint."

"This was a bitter battle. Of course, the result of the battle was naturally our victory. Otherwise, we wouldn't have come here."

After defeating this Saint, we chased him all the way until we finally reached this area. "When we saw a building on the floating stone here, we were shocked. He guessed that this place was built by demons."

“Since we’re already here, we naturally have to kill a few demons before returning.”

Just as we were about to make a move, we saw you running over. You’ll know everything that happened after that.”

!!..

Chen Yang nodded after listening to the Tianji Saint’s explanation.

He was really lucky to have met the Heavenly Secret Saint here. Otherwise, he could only return like this.

Yang Chen immediately told the Heavenly Fate Saint about his mission.

” Tianji Saint,” Yang Chen continued,” I met a Saint level Heart Refining Evil Demon in the Resource Hall.””

“Logically speaking, there shouldn’t be any Heart-Tempering Evil Demons here.”

“That’s why I suspect that this place must have obtained some kind of treasure. The Evil God sent out the Heart-refining Evil Demon to escort the treasure.” Hearing this, the Heavenly Secret Saint nodded.” Your guess is not without reason. Moreover, no matter what, since we’re here, we can’t return empty-handed.”

“I don’t care if this Heart-refining Evil Demon is here to escort treasures or to take a vacation.”

Immediately, the Heavenly Fate Saint planned to lead his subordinates to attack.

At this moment, Chen Yang hurriedly called out to the Heavenly Fate Saint,” Heavenly Fate Saint, please wait. This matter cannot be rushed.””

“Not only is there a Saint level demon here, but there are also five Emperor level demons.”

“The local forces are not weak, so we naturally have to plan well.”

“Plan?” The Heavenly Secret Saint looked at Chen Yang and smiled.-‘Alright, what do you think we should do?’”

Yang Chen thought about it seriously and then looked in the direction of the Resource Hall.

Then, Yang Chen revealed his plan,” Just based on the fact that the Heart Refining Evil Demon didn’t chase after us, I can conclude that the Heart Refining Evil Demon must have some kind of mission.”

“We can wait for it to finish its mission and kill it halfway.”

“No matter how powerful this Heart-Tempering Evil Demon is, he won’t be

able to do anything when he’s alone.”

“The plan is not bad.” The Heavenly Secret Saint smiled and nodded. Then, he looked at Chen Yang.” But it’s the Illusory Emperor. How do you know which direction the evil spirit will leave from?’”

This...” Yang Chen hesitated. He hadn’t thought about it yet.

According to Yang Chen’s original intention, he was planning to lure the Heart Refining Evil Demon over, but on second thought, Yang Chen himself erased this idea.

He had already left earlier, and if he went over now, the Heart-Tempering Evil

Demon would definitely guess that there was a trap waiting for him.

Seeing Chen Yang's hesitation, the Heavenly Secret Saint smiled and said, "Illusory Emperor, you are still young and don't know that there is a truth in this world."

"Truth?" Chen Yang looked at the Heavenly Fate Saint, waiting for him to continue.

"The truth is very simple.

"As long as we have enough strength, there's no need for us to scheme. We can just charge over and kill these demons."

"As for the problem of strength, as long as you hold back those monarch-level demons, I can guarantee that I will be able to get rid of this Heart-Tempering Evil Demon before they arrive."

The Tianji Saint's words were filled with a strong sense of dominance.

"In that case, let's do as the Saint says." Yang Chen nodded.

There was no need to doubt the Heavenly Fate Saint's strength. As long as they could stall the emperor sinister devil, the Heavenly Fate Saint would be able to kill the Heart-refining Evil Devil.

Just as the Heavenly Fate Saint was about to take action, one of the four emperors who had comprehended the Luminous Gold Great Dao, the Luminous Gold Emperor, stopped the Heavenly Fate Saint.

"Sir, please wait a moment."

After stopping the Heavenly Fate Saint, the Brilliant Gold Emperor looked at

Chen Yang. "Illusory Emperor, do you know the exact strength of those five emperor demons?"

"Your specific strength?"

Yang Chen frowned, "I have never fought with those emperors and demons.

This information was given to me by the Array God."

That's difficult." The Brilliant Gold Emperor looked worried.

"What's wrong?" The Heavenly Secret Saint asked. "What's your concern, Yaojin Emperor?"

Saint." "I don't know the strength of the emperor demons. How should we distribute them?" the Golden Emperor cupped his fists.

"Since we are stalling for time, we can only fight the strongest against the strongest, and the weakest against the weakest. Only in this way can we buy you as much time as possible to kill the Heart Refining Evil Demon."

The Yaojin Emperor was right. They were not here to kill the evil demons, but to buy time for the Heavenly Fate Saint.

In that case, only the strong against the strong and the weak against the weak could stall for time to the greatest extent.

"What's there to worry about?" The Heavenly Secret Saint smiled.. "Won't we know everything once we make a move?"

Chapter 588: The Battle Begins (2)

"However, it is better to prepare in advance." the Golden Emperor said.

“Golden Emperor, you worry too much. Even if we know the strength of the emperor demons, it won’t change anything.

“We can’t drag it out.”

“It’s better to go faster. If we’re late, I’m afraid that this Heart-Refining Evil

Demon will escape.’The other emperor, Zhen Jin Emperor, laughed.

Hearing this, the Golden Emperor did not insist. Immediately, the group of six headed toward the Resource Hall.

Inside the Resource Hall, the Evil Demon looked anxiously at the Emperor Evil

Demon in front of him,” Are you not ready?”

Hearing this, beads of cold sweat appeared on the Evil Monarch’s forehead. He braced himself and said,”“Sir, this Time Great Dao Crystal is really difficult to mine. If you’re not careful, you’ll damage the inner core, so...” “Alright.” The Heart-Tempering Evil Demon waved his hand.” Hurry up and do it. I’m feeling a little restless, and something might happen.”

“Yes, sir!”

!!..

The demonic emperor was relieved of a heavy burden. He hurriedly nodded and turned to leave.

After the Emperor Evil Demon left, the Heart-Tempering Evil Demon slumped into its chair anxiously.” Lord Evil God’s Great Dao isn’t the Time Great Dao either. Why is he in such a hurry to obtain the Time Great Dao Crystal?” “Could it be that the Lord has also found a time treasure like the Time Secret Realm and needs the Time Crystal to activate it?

Thinking of this, the Heart Refining Evil Demon sat up straight." If that's the case, then it's a blessing for our race."

"Perhaps we can use this opportunity to break the array god's grand array in one fell swoop and attack the Alkaid World."

"It seems like this is an extremely important area for the game.

"There shouldn't be any accidents, right..."

Before the Honed Heart Evil Demon could finish speaking, a terrifying aura swept over.

Then, a loud shout exploded in the sky like thunder." Heart-refining Evil

Demon, get out here!"

Upon hearing this, the Heart-Tempering Evil Demon cursed in its heart. Then,

it broke through the dome of the hall and flew into the sky.

Standing in the air, the Heart Refining Evil Demon immediately saw the

Heavenly Fate Saint who was emitting a terrifying aura.

Immediately, the Heart Refining Evil Demon gritted his teeth and said,""It's you! Heavenly Secrets!"

"And you are?"

Tianji frowned. Then, he seemed to have thought of something, and his eyes lit up." I remember now. Are you the younger brother of that arrogant demon?" "Tsk tsk, what a coincidence. Today, I'll send you

and your brother to reunite!” Then, an Eight Formation Diagram about ten meters in radius appeared behind the Heavenly Fate Saint.

As soon as the Eight Trigrams Formation appeared, the sky darkened. A terrifying aura swept out. For a moment, everything was silent. The end of the world had arrived.

Seeing the Eight Trigrams Diagram, the Heart Refining Evil Demon frowned deeply.

It recognized this move. Its brother had died under this move without even having the chance to resist.

At that time, his brother was only an emperor, and he was already a saint. But the problem was that the Heavenly Secret Saint was much stronger than before.

The Heart-Honed Evil Demon didn't have the confidence to block the Eight Trigrams Formation that the Heavenly Secret Saint had released.

“Everyone, come up and set up the Six Directions Formation!”

As soon as he said that, the monarch-level demons responsible for mining the Time Great Dao Crystal leaped up and quickly arrived beside the Heart-Tempering Evil Demon.

Following which, these demons split up into groups and stood behind the Heart-Tempering Evil Demon, according to their specific positions, immediately after, these demons mobilized the spiritual energy in their bodies and sent it forward at the same time.

At the same time, the spiritual energy in this world gathered rapidly. Before long, a tornado of spiritual energy formed above the head of the Heart-refining Evil Demon.

These Spiritual Qi tornadoes absorbed the Spiritual Qi in the world and kept compressing it until it was no different from the Holy Qi used by Saints and demons. Then, they passed through the head of the demon and entered its body.

After receiving this terrifying spiritual energy, the aura of the Heart-refining Evil Demon suddenly soared. For a moment, it was actually on par with the Heavenly Fate Saint.

“Hexagonal Formation?”

The Heavenly Secret Saint frowned. “I didn’t expect the emperor demons here to be able to use the Hexagonal Formation.”

“Tianji, since you know what’s good for you, then quickly retreat! Perhaps it was because it had absorbed too much spiritual energy, but the Heart Refining Evil Demon’s face turned red.

Forcefully suppressing the violent spiritual energy in its body, the Heart Refining Evil Demon continued, “Now that our strengths are similar, if you don’t want both sides to suffer, retreat.

I promise that I will never hurt or kill you.”

“Hunt me down?”

“You think you’re worthy?” The Heavenly Secret Saint sneered.

“I didn’t want to go through so much trouble. Since you’ve already used the Hexagonal Formation, I have to show you some respect.”

” Yaojin Emperor, come out.”

Chen Yang and the others appeared beside the Heavenly Fate Saint.

Upon seeing these people, the Heart Refining Evil Demon’s expression changed.

■Damn it, this Heavenly Secret Saint wouldn’t happen to know how to break the Six Directions Formation, right?’

The Heart Refining Evil Demon's worries were fulfilled. The moment Chen Yang and the others appeared, the Heavenly Secret Saint said, "This formation is called Six Directions."

"It's a formation that uses one's own spiritual energy as a catalyst to absorb the spiritual energy of heaven and earth to increase one's strength.

"As for the method to break it, it's very simple. Each of you will attack the back of those Imperial Evil Demons at the same time.

"That's the life-gate of the formation. Go, I'll protect you."

As soon as the Heavenly Secret Saint finished speaking, Chen Yang and the others moved quickly and rushed behind the evil spirit.

Seeing this, the Heart-Tempering Evil Demon hurriedly activated its Spirit Qi and Great Dao, wanting to stop Yang Chen and the others.

But how could the Heavenly Secret Saint let the Heart-refining Evil Demon have his way?

The moment the Heart-refining Evil Demon activated its Spirit Qi and Great Dao, the Eight Trigrams Formation behind the Heavenly Fate Saint quickly flew out.

It contained a terrifying amount of spiritual energy that was enough to destroy the floating stones here. In the blink of an eye, it arrived in front of the Heart-Tempering Evil Demon.

Seeing this, the Heart Refining Evil Demon could only temporarily let Chen Yang and the others go and focus on resisting the Eight Trigrams Formation.

Bang!

A loud sound rang out.

Waves spread out from the center of the explosion.

in an instant, the abnormally sturdy hall that was protected by the array formation quickly turned into ruins under the impact.

The resources and treasures in the hall were also crushed by the aftershock, saving Yang Chen a lot of effort.

As for the demons in the hall, who knew how many of them had died.

Looking at the collapsed hall, the Heart-Honed Evil Demon felt its heart ache.

It did not care about the loss of the hall, but it must not affect the Great Dao Crystal.

However, at this moment, the Heart Refining Evil Demon couldn't care less. While the Heart Tempering Evil Demon was defending against the Eight Trigrams Formation, Yang Chen and the others had already arrived behind the Heart Tempering Evil Demon.

Almost at this moment, everyone saw the red dots on the backs of those emperors and demons.

in an instant, everyone moved together and slapped a chapter toward the red dot at the same time.

Bang!

Another loud sound came from the sky. This time, Chen Yang and the other five people and the five demons were sent flying. Everyone and the demons were injured.

Wiping the blood from the corner of his mouth, Yang Chen looked up at the sky.

In the sky, the Honed Heart Evil Demon was not in a good state either.

The Hexagonal Formation had been forcefully broken, and the Heart-Tempering Evil Demon had suffered quite a bit of damage.

However, the Heart Refining Evil Demon couldn't care less about its own injuries. The Heavenly Secret Saint was already charging over, so it could only block.

While defending, the Heart-Tempering Evil Demon shouted at the other monarch-level evil demons, "Kill those humans for me."

"I'll help you stall the Heavenly Fate Saint here. After we kill the humans, we'll use the Hexagonal Formation!"

"Yes, sir!"

Hearing this, the group of demons took action one after another, each looking for their own opponents.

The one who chose Yang Chen was a third-level Emperor Realm Bloody Thorn Demon.

His strength was extraordinary. In terms of cultivation level, he was ranked fourth among this group of demons.

After seeing Yang Chen's opponent, the Golden Emperor shouted, "Whoever is dealing with the weakest evil spirit, quickly swap with the Illusory Emperor." "The Illusory Emperor has just broken through to the Emperor Realm and is no match for this Bloody Thorn Demon. Hurry up and change.. Don't delay the Saint's plan!"

Chapter 589: The End of the Battle

As the Golden Emperor fought with his opponent, he looked at Yang Chen anxiously.

Yang Chen had just broken through to Emperor Realm, so how could he be an opponent of Emperor Realm Level 3?

Once Yang Chen was defeated, a chain reaction would occur. Not only would they not be able to kill the evil spirit, they might even die here.

After hearing the roar of the Brilliant Gold Emperor, Emperor Windwalk, who was fighting the weakest emperor demon here, hurriedly pushed his opponent away with a palm and rushed towards Yang Chen.

However, if the humans could see this, the demons could too.

Just as Emperor Windwalk was about to reinforce Yang Chen, his opponent unleashed a terrifying amount of spiritual energy that quickly entangled Emperor Windwalk.

At the same time, the demon roared, "Quick, let's stall these four people. Mo Yuan, hurry up and kill your opponent!"¹

Hearing this, Mo Yuan nodded and looked at Chen Yang with a cruel smile. "If you want to blame someone, blame your bad luck. I actually chose you as my opponent."

"For the sake of our clan's great cause, you'd better hurry up and die!"

Then, Mo Yuan punched out. Terrifying dark red Spiritual Qi quickly gathered into a blood-red scorpion phantom.

!!..

Then, the blood-red scorpion shadow absorbed all the spiritual energy in the vicinity in an instant and roared at Chen Yang.

It sounded like a long story, but it happened in an instant.

Not long after, the blood scorpion phantom was already close to Yang Chen.

Seeing this, Yang Chen quickly turned illusory. The Blood Scorpion phantom passed through Yang Chen and landed on the ground not far away.

This change stunned the Brilliant Gold Emperor, who had been paying attention to Chen Yang.

However, in the next moment, the Brilliant Gold Emperor said happily, "Good! Very good! Yang Chen, just stall your opponent and wait for our reinforcements!"

Seeing that the Yaojin Emperor was fighting against himself and even distracted himself to talk to others, the Yaojin Emperor's opponent, Mo Rong, was completely enraged.

"What an arrogant and insolent man. You actually dare to be distracted while fighting with me?"

"Fine, I'll let you pay the price for your insolence!"

Mo Rong's eyes flashed, and a terrifying aura swept out from Mo Rong's body. This aura was so powerful that it was almost comparable to a Saint.

Of course, everyone knew that Mo Rong's strength could not be a Saint.

However, this did not affect how powerful Mo Rong's next move was.

As this aura swept out, a phantom of a sea of blood that seemed to have spewed out from hell appeared behind Mo Rong.

At first, the phantom of the sea of blood was quite ordinary. However, when Mo Rong clenched his fists and spiritual energy surged into the phantom of the sea of blood, the phantom of the sea of blood that was a thousand feet in diameter surged violently.

At the same time, he began to absorb the nearby spiritual energy.

The speed at which the spiritual energy was absorbed was almost as fast as the martial arts techniques performed by Saints.

Sensing the terror of this move, the Golden Emperor quickly returned to his senses and began to mobilize the Holy Qi in his body. A golden light appeared behind him.

“Luminant Golden Fist!”

The Brilliant Gold Emperor was ready for battle. After he slowly spat out a sentence, the brilliant gold light behind him quickly competed with the phantom of the blood sea for the spiritual energy between heaven and earth.

In just a few breaths, after devouring the amount of spiritual energy contained in a King’s body, the golden light behind the Brilliant Gold Emperor instantly transformed into a golden fist that was 1,000 feet wide.

After the Brilliant Gold Fist was gathered, the Brilliant Gold Emperor formed a fist with his right hand and pushed hard.

The dazzling golden fist carried a terrifying aura as it quickly whistled out, setting off a series of sonic booms.

This martial art had consumed most of the Brilliant Gold Emperor’s Holy Qi. At this moment, the Brilliant Gold Emperor was panting and looking in the direction of the Brilliant Gold Fist with a pale face.

Although he was confident in his martial art, his enemy was not weak either. Moreover, the move he was prepared to use was not an ordinary person.

The Golden Emperor was not confident that he could defeat the enemy easily.

Even if they ended up in a draw, the Golden Emperor did not have enough confidence.

Just as the Luminant Golden Fist was about to approach him, the sea of blood behind the Demonic Dissolution had also finished gathering spiritual energy.

Seeing this, Mo Rong also punched out.

Compared to the exhausted appearance of the Brilliant Gold Emperor after performing his martial arts, the Demonic Dissolution seemed to be more relaxed.

However, this ease did not mean that the move Mo Rong used was not powerful.

As a matter of fact, when the phantom of the sea of blood whizzed out, an aura that far surpassed the phantom of the Luminant Gold Fist spread out.

After sensing this aura, the Human Sovereign looked worried, while the Evil Demon Sovereign revealed an expression of victory.

Bang!

The two shadows did not fly for long before they collided.

For a moment, a terrifying aftershock swept out. If one was affected by this aftershock, even an emperor would not be able to get away with it.

If a king tier was affected, they could only pray that their luck would be better in their next life.

Furthermore, the range of the ripples was only second to the ripples caused by Chen Yang and the others destroying the Six Directions Formation.

In the next moment, the shockwave had already spread to the battlefield of the other emperors.

All of a sudden, both demons and humans suffered significant injuries.

Of course, Yang Chen was an exception. After all, Yang Chen was still in an illusory state.

Although they were affected by the aftershock, both humans and demons did not care about their injuries. They all looked anxiously at the place where Yao Gold Emperor and Mo Rong were fighting.

Even the movements of their hands became gentle. At a glance, it seemed as if both parties were acting.

Under everyone's attention, the explosion caused by the collision between the Luminant Gold Fist phantom and the Blood Sea phantom dissipated..

Chapter 590: End of the Battle (2)

Only then did everyone see the situation inside clearly.

At this moment, the Luminant Gold Fist was already extremely dim, but the phantom of the sea of blood did not change at all.

Seeing this, the Emperor's expression changed. He quickly mobilized the remaining Holy Qi to replenish the Holy Qi in the Luminant Gold Fist.

But it was too late.

Pa!

The sound of glass shattering rang out. The golden fist shadow shattered like glass at this moment.

Then, the blood sea shadow flew toward the Golden Glory Emperor.

Of course, this was only relative to the speed of the Blood Sea phantom.

In fact, the moment the phantom of the blood sea shattered the golden fist, it had already arrived in front of the Golden Emperor. There was no time for the

!!..

Golden Emperor to react.

Sensing the scent of blood and the terrifying aura, the Brilliant Gold Emperor revealed a look of despair.

In the end, it still didn't work?

Or is it because of me that the human race's actions have been delayed?

At this moment, the Yaojin Emperor was deeply remorseful.

He blamed himself for not being stronger so that he could stall Mo Rong and buy time for the Heavenly Fate Saint to kill the Heart Refining Blood Demon.

“I can only repay my mistake in my next life...

After blaming himself, he closed his eyes in despair and welcomed the arrival

of the Grim Reaper.

At this moment, the Brilliant Gold Emperor suddenly felt a change in his body.

It was as if his body was not his.

Emperor Yaojin thought that it was the effect of the Blood Sea Phantom, so he didn't use Holy Qi to drive it away and waited for death in despair.

As time passed, the Emperor of Gold Glory was shocked to find that his entire body did not seem to belong to him.

The most important thing was that even so, the Emperor could still clearly feel that he was still alive.

For some reason, the Brilliant Gold Emperor opened his eyes and happened to see Mo Rong's incredulous look.

“How is this possible?”

At first, Mo Rong lost his composure and shouted, “After that!” Then, he realized that Chen Yang had saved the Golden Emperor.

After thinking it through, Mo Rong looked at Mo Yuan and said with some blame, “Demonic Abyss! What are you doing! How could he let this person free his hands to rescue the Brilliant Gold Emperor?”

“I had no choice. This person had turned himself into an illusion. Even if I wanted to stop him, I couldn't.” Mo Yuan said somewhat aggrievedly.

Listening to their conversation and looking at his own illusory body, Yao Jinhuang understood.

Previously, when the Blood Sea phantom was about to drown him, Chen Yang used the Illusory Great Dao to illusionary him and saved his life.

The situation that he sensed just now should be Yang Chen using the Illusory Great Dao to make himself illusory.

Thinking of this, the Golden Emperor looked at Yang Chen awkwardly.

He had been worried about Yang Chen's condition earlier, but now he was saved by Yang Chen.

At the thought of this, the Yaojin Emperor was so embarrassed that he wished

he could find a hole to hide in.

Of course, he couldn't do it now. The Brilliant Gold Emperor still had to resist the demonic corrosion.

Immediately, the Brilliant Gold Emperor shouted at Yang Chen, "Illusory Emperor, put away the power of the Great Dao in my body. Don't consume your power of the Great Dao anymore."

"This beast has used such a powerful move. It's impossible for it to use it a second time. With my current condition, it shouldn't be a problem to stall this beast."

"Put away your power of the Great Dao. When the others need help, you can go

and rescue them."

After hearing the Golden Emperor's roar, Yang Chen hesitated for a moment before recalling his power of the Great Path.

The Golden Emperor was right. To make an illusionary emperor, the power of the Great Dao was not small.

And to maintain this state, the power of the Great Dao consumed was still not a

small amount.

Since the Brilliant Gold Emperor no longer needed it, he naturally had to quickly remove this state.

After seeing that he had returned to his physical form, the Emperor of Gold Glory looked at Yang Chen gratefully. Then, he turned to look at Mo Rong and twisted his neck. "Demon brat, can you use it again?"

"If you can't, then give me your life!"

Then, he mobilized his remaining Holy Qi and rushed toward Mo Rong. Mo Rong's expression turned ugly when he saw the Luminous Gold Emperor approaching him.

The Golden Emperor was right. It could no longer use the move it had just

used.

"Humph! Although I can't use the previous move, I'm not someone you can casually manipulate. Since you're courting death, I'll fulfill your wish!" After snorting coldly, Mo Rong charged at the Brilliant Gold Emperor at the same time. The man and the evil demon were entangled in battle.

Whether it was the Brilliant Gold Emperor or the Demonic Melting, they had consumed too much Holy Qi and Spiritual Qi. It was not easy to determine the winner in a short time.

After seeing it clearly, the others also withdrew their attention and focused on dealing with the opponent in front of them.

Two flowers bloomed, each showing a branch.

After confirming that the Golden Emperor was fine, Yang Chen looked at his opponent." After playing for so long, it's time to finish you off.

" Hahaha!" Hearing this, Mo Yuan was stunned for a moment before he laughed out loud." Hahaha, are you stupid?!"

"Although I can't do anything to you, you can't do anything to me either. You were able to hold a stalemate with me because you relied on the benefits of the illusory Great Dao!"

"In terms of true strength, you are far from my match.

"You still dare to boast shamelessly and try to kill me?"

Seeing that Mo Yuan looked like he had just heard the funniest joke of his life, Yang Chen smiled and said,""Since you don't believe me, I'll prove it to you." Then, Yang Chen's figure suddenly disappeared. When he reappeared, he was dozens of meters away from the Demonic Abyss.

This sudden change shocked Mo Yuan.

However, in the blink of an eye, Mo Yuan recovered. So what if you came to my side? The difference in strength is something you can't erase no matter what!"

"Is that so?"

Yang Chen opened his right hand and clenched his fist.

Suddenly, waves of illusory power of the Great Path whizzed out from Yang Chen's palm. In an instant, it wrapped around the Demonic Abyss.

Immediately after, the illusory power of the Great Dao wrapped around Mo Yuan's head and began to activate the power of the Great Dao.

When he noticed that his head was starting to fade, Mo Yuan's expression changed and he hurriedly used the power of the Great Dao to drive it away.

"Damn it! You're just a new emperor, yet you're so familiar with the Third Great Dao. How is this possible?" Mo Yuan said in disbelief.

"The impossible is yet to come!"

Yang Chen sneered. He then activated the illusory holy pulse in his body with all his might. In an instant, his black hair quickly turned purple.

Under the full activation of the illusory holy pulse, Chen Yang's power of the Great Path became abnormally powerful. Soon, he dispersed the power of the Great Path of Mo Yuan and quickly occupied his head.

Then-

Puff!

Balls of blood spurted out from Mo Yuan's neck. Feeling the blood spurting out, Mo Yuan's expression changed drastically. However, at this moment, he could not do anything. He could only wait for his life to pass.

Waves of regret surfaced in Mo Yuan's heart.

Why did he have to pick a soft persimmon to pinch and choose such a seemingly weakest opponent?

How could he have forgotten how terrifying the illusory Great Dao was deep in his bloodline?

Unfortunately, it was too late.

As time passed, Mo Yuan fell headfirst onto the Floating Stone, completely losing his life.

Although Mo Yuan had made many counterattacks before he died, it was a pity that no attack would have any effect on Chen Yang in the illusory state.

In the end, Mo Yuan could only die in grievance.

“Demonic Abyss!”

This change made the other demons worried about their own condition.

Now, they were barely in a stalemate. Whoever could add another emperor would be able to break this emperor.

Originally, the evil spirit thought that this peace would be broken by Mo Yuan. However, who would have thought that the one who broke the peace was not only Mo Yuan, but also the Illusory Emperor who was much weaker than Mo Yuan!

After dealing with his opponent, Chen Yang made some adjustments and went to support the other emperors.

With Yang Chen’s participation, the balance was completely broken.

In reality, maintaining the balance was harmful to the evil spirit. After all, the Heart Refining Evil Spirit was far from being a match for the Heavenly Fate Saint.

The only way to turn the tables was to rely on the Hexagonal Formation. As Yang Chen killed his enemies, this cycle was completely wiped out. About half a day later, the Heart Refining Evil Demon roared, "Heaven's Secrets! Illusion! I'll remember you!"

Then, the Heart Refining Blood Demon fled.

Seeing this, the Heavenly Secret Saint didn't chase after them. Instead, he helped the other emperors to eliminate the demons..
