Chapter 601: Yang Gate's Core Inheritance, Vermilion Bird's Master

Alkaid World, Hidden Dragon Region, Endless Mountain Range.

Looking at the scenery in the mountains, Yang Chen felt as if a lifetime had passed.

Once upon a time, the Endless Mountain Range was synonymous with danger.

To Yang Chen, the Endless Mountain Range was no different from his backyard.

Sitting cross-legged on the two-legged Golden Crow, Chen Yang's mind moved and he said lightly, "Let's go, we'll go straight to the Yang Gate inheritance."

"Yes."

The two-legged Golden Crow answered and flew toward the Yang Gate ruins.

After the Golden Crow and the other subdued beasts all broke through to the Saint Ruler realm, Yang Chen had the idea of coming to the Yang Gate ruins.

According to the information given by the Yang Gate, the ruins of the Yang Gate contained a huge secret. Now that he had become a Saint, it was time for him to go in and investigate.

At this moment, the rules of the Yang Sect had long since been unable to restrict Chen Yang, so he did not care about the fact that he had to receive the inheritance first.

Yang Gate Ruins, inside the grotto-heaven.

In front of Yang Chen, a moth that was about a meter long revealed a shocked look and said with an incredulous expression, "You... You actually broke through to become a Saint Ruler!"

Seeing the giant moth's shocked expression, Yang Chen smiled and said, "I didn't expect Senior's strength to be at the Spirit Sage level."

"As far as I know, there are only a handful of spiritual beasts in the Alkaid World that can reach the Saint level, and there are no seniors among them." Hearing this, the giant moth put away the shock on his face and explained, "Too,ooo years have long wiped out my information."

"But you, Chen Yang, how long has it been? You've already become a Saint Ruler. If you had a few hundred years, wouldn't you have become a God?" "Hahaha, I was lucky, just lucky."

After laughing lightly, Chen Yang placed his hands behind his back and looked at the ruins below. "Senior, do you know what the true core inheritance of the Yang Sect is?"

The Fire God Moth came to Yang Chen's side and explained, "The core inheritance of the Yang Gate is divided into three types: array formations, medicinal pills, and subdued beasts."

"The core inheritance of the Beast Taming Dao is the egg of a divine beast."

"Back then, the Yang Sect was exterminated because of this divine beast egg." "Divine Beast's Eggs?" Yang Chen's eyes flashed with disappointment.

To others, the egg of a divine beast was naturally precious, but to Yang Chen, it was nothing.

As long as Yang Chen was given ten years, he would be able to create a divine beast.

However, despite his disappointment, Chen Yang was still curious about the divine beast egg. "Senior Fire God Moth, do you know what the true body of this divine beast egg is?"

“The original body?”

The Fire God Moth was lost in his memories. After a while, he said, “I can’t remember clearly. The Yang Gate hid this divine beast egg very well. Old Man Li only vaguely mentioned it once or twice before he died.”

Seeing this, Yang Chen shook his head. “Fine, we’ll find out soon anyway.” Then, a terrifying Holy Qi gushed out of Yang Chen’s body. Under the pressure of the Holy Qi, the Yang Gate’s inheritance array was quickly activated to resist Yang Chen’s Holy Qi.

Although this array was extraordinary, it had been set up for 100,000 years. It did not last long before it was completely crushed by Chen Yang.

The reason why Yang Chen only crushed the array and did not wipe it clean was mainly to give his clansmen a place to train.

Seeing how easily Yang Chen dealt with the formation, the Fire God Moth’s eyes flashed with fear.

With such strength, it would probably not take much time to finish him off.

The Fire God Moth was really scared, afraid that Yang Chen would kill it with a single slap.

However, on second thought, he did not seem to have done anything out of line to the Chen family. In addition, he had always protected this inheritance. Even if he did not have any credit, he had worked hard. He thought that Chen Yang would not do something like hiding a good bow.

As if reading the Fire God Moth’s mind, Yang Chen smiled and said, “Senior Fire God Moth, don’t worry. I still have a use for you.”

“I’ll have to trouble Senior Fire God Moth to help my Chen family guard the array and turn this place into a training ground.”

The Fire God Moth nodded.

Although Yang Chen's tone was very polite, the threat in it was obvious.

After all, it was obvious that he was controlling a spirit beast without a contract and not letting the spirit beast swear an oath.

If you agree, everything will be fine. If you refuse, then only death awaits you. Naturally, you don't have to make any Heaven and Earth Oath.

After thinking about this, the Fire God Moth became even more cautious.

As the spiritual beast that had watched Yang Chen grow, the Fire God Moth had no doubts about Yang Chen's monstrous talent.

Perhaps it wouldn't take long for Yang Chen to ascend to the Deity Position. From the looks of it, working for a Deity wasn't something shameful.

After crushing the array, Yang Chen leaped and arrived at the core area of the courtyard.

Then, he sent out a palm, revealing a hole in front of Yang Chen.

As he went deeper into the cave, the core inheritance of the Yang Gate appeared in front of Yang Chen.

This was a hall buried underground. There were many embossed carved on the door of the hall. These reliefs were densely packed, as if they were telling a story.

On both sides of the palace door stood rows of pillars. These pillars were also engraved with embossed.

These embossed were grouped together to describe the past scenery of the Yang Gate.

After briefly reading about the deeds of the Eye Yang Sect, Chen Yang pushed open the door of the hall and stepped into the core hall.

After entering the hall, three statues greeted his eyes..

Chapter 602: Yang Gate's Core Inheritance, Vermilion

Bird's Master (2)

|

These three statues were all human statues. The one on the left was dressed in an alchemist's uniform, and there was a stone alchemy furnace in front of it.

The one on the right was dressed as an array master, and in front of him was a

large array relief embossed.

As for the statue in the middle, it looked ordinary from its appearance. There

was nothing special about it.

However, in front of the statue in the middle, there was a spirit beast carved.

Clearly, this person was a beastmaster.

It was also Yang Chen's goal.

After arriving in front of the statue and sensing it for a moment, Yang Chen bowed to the statue first, then slapped out with his right palm and shattered the statue of the spirit beast in front of him.

After shattering the spirit beast statue, a beam of light suddenly flashed from the beastmaster statue.

Immediately after, the beastmaster statue split into two halves in the middle and slowly pulled apart.

After the statue separated, a table made of red wood appeared in front of Yang Chen. On the table was a beast egg.

A divine beast egg!

Walking in front of the beast egg, Chen Yang sized it up and knew the identity of this divine beast egg.

“It’s actually the egg of a Golden-Winged Roc.”

The Golden-Winged Roc Lion was a divine beast of the Roc Clan. It had also been passed down since ancient times and had the ability to reach the heavens and the earth.

Among the divine beasts, the Golden-Winged Roc had extraordinary strength. After knowing the identity of this divine beast egg, Chu Feng also had the thought of subduing it. immediately, Chu Feng waved his hand, and the egg of the Golden-Winged Roc fell into Chu Feng’s beast pouch.

After putting away the egg, Yang Chen looked at the remaining two inheritances and left.

After Yang Chen appeared in the Paradise, the Fire God Moth quickly flew to

Yang Chen's side." Chen Clan Leader, how's the harvest?"

"Not bad."

Yang Chen was a little vague at first, then he said,""Senior Fire God Moth, I'll leave this place to you. Remember to protect this ruin well."

"Yes, sir!" the Fire God Moth promised.

After obtaining the inheritance of the Yang Sect, Yang Chen left and returned

to the land of demons guarded by the sect.

in the following period of time, Yang Chen first upgraded his family rank and officially became a second-rank aristocratic family.

Then, he quietly waited for the Array God's instructions.

This wait lasted for three years.

Three years later, the Wood Emperor sent the Array God's order.

In the reception hall of City 32, the Wood Emperor was sitting on a chair cautiously. When he saw Yang Chen arrive, he quickly stood up and said,""Greetings, Saint Illusion."

“There’s no need to be so polite, Wood Emperor.” Yang Chen stretched out his hand to lift the Wood Emperor up and sat on the main seat. He smiled and said, “Did the Formation God give any orders for the Wood Emperor to come here?”

“That’s right.”

The Wood Emperor nodded and said, “The Array God has given the order to invite the Illusory God into the void. The Array God will personally discuss the specific task with you.”

“I understand.” Chen Yang understood and immediately laughed. “In that case, I’ll have to ask Wood Emperor to take care of my thirty-second city.

“Don’t worry, Saint of Illusion. Our Taoist Faction guarantees that we won’t let anything happen to City 32.” the Wood Emperor said.

After that, Chen Yang first gave some instructions to his family before heading to the Vermillion Bird Divine Clan alone.

At the entrance of the Vermillion Bird Divine Tribe.

Nangong Fuming led the experts and geniuses of the Nangong Clan and stood there respectfully, as if they wanted to welcome someone.

The young clansmen at the back of the group were all whispering amongst themselves. They wanted to know who exactly had the face to make the Nan Gong Sacred Clan treat them with such caution.

“Do you think that Saint will descend?”

“Saint, could it be a Saint?”

“Nonsense. If he isn’t a Saint, is he worthy of our Vermillion Bird Divine Clan treating him like this?”

“Could it be the Heavenly Secret Saint? Or Saint Xuan Huo?”

“Don’t tell me it’s the Darknorth Saint. That shouldn’t be the case. The relationship between the two clans isn’t good to begin with. How could the Darknorth Saint come to our Vermillion Bird Divine Tribe as a guest?”

“Do you think it’s the Illusion Saint?” “Illusion Saint? But the strongest monster in the history of the Alkaid World?” -The Illusion Saint is my idol. If the Illusion Saint really came, that would be great.”

“Oh right, I heard that Uncle Chi Ling fought with the Illusion Saint. Uncle Chi Ling, did the Illusion Saint show his might at that time?”

These words caused the juniors of the Nan Gong Sacred Clan to turn their gazes to Nangong Chiling.

Nangong Chiling smiled awkwardly.

Fighting with the Illusion Saint? That was just a one-sided suppression. When he was young, he still wanted to fight with the Illusion Saint again to get back at him. Now, it seemed that he really did not know the immensity of heaven and earth.

Nangong Chiling smiled bitterly for a while before he turned his attention to Chen Yang, waiting for his arrival.

Time ticked by. After about an hour, a streak of light streaked across the sky. Then, Chen Yang appeared in front of everyone on his two-legged Golden Crow.

Seeing Chen Yang appear, Nangong Fuming hurriedly bowed.” Greetings, Saint Illusion.”“

Under Nangong Fuming’s lead, the Nangong clansmen also bowed and shouted in unison,”“Greetings, Saint Illusion!

“Everyone, there’s no need to be so polite.”

After using his Holy Qi to lift up the Nangong clansmen, Chen Yang smiled and came to Nangong Fuming's side." Clan Leader Nangong, we'll have to use your Nangong Clan's Teleportation Formation next."

"Illusion Saint, feel free to use it. It's the honor of my Nangong Clan."Nangong Fuming laughed.

Following that, Chen Yang walked into the Nan Gong Sacred Clan under the welcome of the Nan Gong clansmen.

At this moment, a ray of red light streaked across the sky. Immediately after, a scorching ball of fire appeared in front of Yang Chen under everyone's shocked gazes.

Then, the ball of fire dissipated, and the Vermillion Bird's figure appeared in front of everyone.

"Vermillion Bird Ancestor, why are you here?"After seeing the Vermilion Bird clearly, Nangong Fuming said in shock.

The Vermilion Bird ignored Nangong Fuming and stood in front of Yang Chen without saying a word. However, its proud head lowered at this moment.

"This..."

Yang Chen couldn't understand what was going on and looked at Nangong Fuming in confusion, hoping that Nangong Fuming could help explain.

Nangong Fuming seemed to have guessed something and said with a bitter smile,"Illusion Saint, this is the Vermilion Bird recognizing its master." "Vermilion Bird recognizes its master?"

Yang Chen was stunned. He had indeed heard of the Vermilion Bird recognizing its master.

Legend had it that the Vermilion Bird was a sacred beast created by heaven and earth. It loved people with great luck and would recognize them as its master. Yang Chen had always thought that this was just a legend.

However, he did not expect that the legend would actually appear in front of him, and that the Vermilion Bird Sacred Beast would recognize him as its master.

For a moment, Yang Chen didn't know what to do.

At this moment, an old voice slowly sounded from the sky.

"Illusion Saint, since the Vermilion Bird wants to recognize you as its master, just agree."

Along with this voice, Saint Nan Gong appeared in front of everyone.

When the Nangong clansmen saw this, they hurriedly bowed." Greetings, Patriarch."

Saint Nan Gong first used his Holy Qi to lift everyone up, then signaled for them to leave.

After everyone left, Saint Nan Gong smiled and said,""Saint Illusion, you don't have to worry. It's common for the Vermilion Bird to recognize a master." Moreover, is it a good thing to recognize the master or the master?" "Something good?" Yang Chen glanced at Vermilion Bird and asked,""Dare I ask Saint Nan Gong, what good thing is this?"

"Hehe."

Saint Nan Gong smiled mysteriously and said,""Illusion Saint, do you know who the Vermilion Bird has acknowledged as its master in history?

"How would I know?" Yang Chen smiled.

The Four Sacred Beasts were existences that had been active in the Alkaid World since it was born.

There were naturally many people who had acknowledged their masters, so how could Yang Chen know all of them?

“I know.”

Saint Nan Gong retracted his smile and said respectfully, “Anyone who has been recognized as a master by the four sacred beasts has become a god. Without exception, that includes the Lord Array God!”

“God?”

Yang Chen looked at the Vermilion Bird in astonishment. “In other words, the Vermilion Bird has already acknowledged the Array God as its master?”

“To be precise, it was the previous Vermillion Bird.”

“The four sacred beasts have a special characteristic. After reincarnation, they will no longer recognize their previous masters as their masters..”

Chapter 603: Returning to the Void and Killing a Saint Evil Demon

“Then what should I do now?”

Yang Chen couldn't help but ask after listening to Saint Nan Gong's explanation of the Vermillion Bird recognizing its master.

The Vermilion Bird was right in front of him, begging him to acknowledge it as his master. He could not pretend not to see it, right?

However, if they recognized him as their master, wouldn't it be unfair to the Nan Gong Sacred Clan?

After all, he had been supporting the Vermilion Bird for so long.

Seemingly seeing through Chen Yang's thoughts, Saint Nan Gong smiled and said, "Saint Illusion, you don't have to worry about us. This is the Vermilion Bird's own choice."

"In the current situation, you only need to recognize me as your master."

Chen Yang didn't hesitate after hearing Saint Nan Gong's words. He immediately walked in front of the Vermilion Bird and placed his right hand on its head, starting to sign the beast contract with the Vermilion Bird.

The Vermilion Bird could not refuse this contract, so it agreed to it without hesitation.

After signing the contract, Yang Chen put away the Vermilion Bird and continued walking forward with Saint Nan Gong.

Although Chen Yang had put away the Vermilion Bird Saint Beast, Saint Nan Gong's face was still full of smiles. His expression did not change much, and he would occasionally suggest to Chen Yang to visit the territories of the other Saint Clans.

From the looks of it, Chen Yang must have taken the other Sacred Beasts as well.

Yang Chen just laughed it off and didn't explain it clearly. The two of them went all the way to the hall where the Space Teleportation Array was stored.

After arriving at the main hall, Yang Chen stood on the Space Transfer Formation. The moment the Space Transfer Formation was activated, Yang Chen's figure disappeared.

When he reappeared, he was already in the Array God Hall in the void.

Looking at Chen Yang who suddenly appeared, the Array God sitting on the throne smiled and stood up. He flashed to Chen Yang's side." Illusion Saint, long time no see."

"Chen Yang greets the Array God."

"Sigh, there's no need to be so polite, Saint Illusion."The Array God helped Chen Yang up and then smiled,""According to our agreement, you should go and complete those missions."

"Same old rules. My goal is to destroy these resource points. As for what you get, it's all yours."

"Yes." Chen Yang nodded and asked,""Lord Array God, when should I take action?"

"Let's do it now."

"No problem."

Time flew by. A month later, on a large floating rock somewhere in the void.

Lying on a small hill in this area, Yang Chen looked at the Evil Demon Hall in front of him with some fear.

"I didn't expect there to be a Saint guarding this place. It seems that this should be the largest resource point for the demons."

Although the Evil Demons were stronger than the human race, they weren't overly powerful.

There were no more than eighteen Saints in the Evil Demon Clan.

No matter who it was, these 18 Saints and demons were the ones who decided the fate of the Evil Demon Clan. They would never use them without permission.

Now, one of the Saints and Evil Demons had appeared at this resource point. Moreover, from the looks of it, it didn't seem like it was transporting any treasures.

That was enough to show how large the resource point was.

Thinking of this, Yang Chen smiled.

The larger the scale of the resource point, the more treasures there would be. It might even surpass all the treasures that Yang Chen had collected previously.

In the month since he left the Array God Hall, Yang Chen had destroyed a total of five resource points.

The scale of these five resource points was not small, so they were naturally more dangerous. Fortunately, with the Illusory Great Dao, it was not a problem to escape.

These five resource points contained a large number of treasures that the human race could use.

The most precious of them all was naturally the Godstones. From these five resource points, Yang Chen had found a total of 1,000 Godstones. Adding on the other resources, he had collected about 3,000 Godstones.

With so many divine stones, he could exchange them for treasures to comprehend the Great Dao with the Array God or other Saints.

After the Dao Integration Pearl had mutated, Chen Yang naturally did not have to worry about cultivation. The biggest obstacle on the road to becoming a god was the Great Dao.

Yang Chen didn't know how to comprehend the fifth realm of the Great Dao, the Great Dao of All Beings.

However, Yang Chen knew that no matter how hard he tried, the treasures that could aid him in comprehending the Great Dao would definitely be useful.

Therefore, the most important thing now was to collect all kinds of resources and then exchange them with the Array God or other Saints for treasures that could help him comprehend the Great Dao.

Back to the main topic.

Looking at the Evil Demon Hall again, Yang Chen couldn't help but laugh, "This palace is so vast. Perhaps we can find some treasures that can help us comprehend the Great Dao."

Then, Yang Chen disappeared.

When he reappeared, Yang Chen was already at the main entrance of the hall.

Yang Chen's sudden appearance had caused the demons to panic. They quickly gathered and surrounded Yang Chen.

Seeing this, Yang Chen laughed and said, "Go and call out your Saints. You are not my opponent."

Accompanied by laughter, a terrifying aura whistled out of Yang Chen's body and sent the group of demons flying.

From his investigation, Yang Chen knew that there was only one saint in the hall.

Now, he didn't need to think of any schemes. He only needed to deal with the Saints and Evil Demons here, and then he could slowly count the resources.

The moment Chen Yang released his aura, a terrifying aura also surged out of the hall.

This aura was even stronger than Chen Yang's. With the support of this aura, the demons heaved a sigh of relief..

Chapter 604: Returning to the Void and Killing a Saint Evil Demon

Accompanied by this terrifying aura, a three-eyed demon slowly walked out of the hall.

"Three-Eyed Evil Demon?"

Yang Chen frowned. He didn't expect the Saint here to be a Three-Eyed Evil Demon.

The Three-Eyed Evil Demon Clan, as the name suggested, had three eyes. Two of them were placed normally, while the other eye was placed between the eyebrows.

And most of the abilities of the Three-Eyed Fiend came from the third eye on its forehead.

Among the demons, the Three-Eyed Demons were one of the top races. They were also the best among the Saints.

While Yang Chen was observing the Three-Eyed Demon, the Three-Eyed Demon was also observing Yang Chen.

After observing for a long time, a trace of unnoticeable fear appeared in the three-eyed demon's eyes." You're the recently famous Illusion Saint!" "Oh? Since you recognize me, why don't you hurry up and join me?" Yang Chen smiled.

Hearing this, the three-eyed demon let out a cold snort. Arrogant fellow!"

“You’re only in Saint Level 1. Where did you get the guts to say such arrogant words? Is it just because of your illusory Great Dao?”

“Although I can’t deal with the Illusory Great Dao, I’m a Saint Level 4 existence. With me guarding, your scheme won’t succeed.”

As it spoke, the three-eyed demon released a terrifying aura from its body.

After seeing Yang Chen’s frown, the three-eyed evil spirit smiled and said, “Since you’re afraid, then scram. I can guarantee that I won’t chase after you.”

“Afraid?”

Yang Chen’s brows relaxed and he sneered, “I’ve been practicing until now, but I still don’t know what fear is. Since you’re a good teacher, then explain to me what fear is!”

After saying that, Yang Chen quickly turned into an illusion. Immediately after, his thick black hair turned purple in an instant.

At the same time, the power of the Great Dao surged toward the three-eyed demon. When the three-eyed demon sensed the power of the illusory Great Dao, its expression changed drastically. It hurriedly mobilized the Great Dao in its body and used all its strength to resist the invasion of the illusory Great Dao.

The three-eyed demon was still stronger than Yang Chen, and its comprehension of the Great Dao was also stronger than Yang Chen’s.

After some pulling, the Three-Eyed Evil Demon finally managed to wipe out the illusory Great Dao that Yang Chen had released.

However, the Three-Eyed Evil Demon wasn’t in a good state either. There wasn’t much Great Dao left in its body, and it was panting heavily as it looked at Yang Chen with fear.

“As expected of the Illusion Saint.”

After praising it, the three-eyed demon straightened its back and laughed, “However, the difference between you and me is not something that the Great Dao can erase.”

“You probably don’t have much power of the Great Dao left now, right? I’ll still say the same thing. As long as you retreat now, I can let bygones be bygones.” Hearing the words of the three-eyed demon, Yang Chen’s eyes revealed a trace of mockery.

The Three-Eyed Evil Demon was right. Chen Yang didn’t have much of the illusory power of the Great Path left in his body. In addition, he had to maintain his illusory state, so he didn’t have much power left to attack.

However, it did not mean that Yang Chen did not have any other methods. “Three-Eyed Demon, do you know who I am?” Yang Chen asked with a smile. “Your identity?” The three-eyed demon frowned. It could sense that something was wrong.

However, the three-eyed demon still pretended to be calm. “I don’t care what your identity is. It’s not going to end well anyway.”

Yang Chen acted as if he didn’t hear the Three-Eyed Evil Demon’s words and smiled to himself, “I actually have another identity, and that’s beastmaster.”

As soon as he finished speaking, subdued beasts with terrifying auras surged out of Yang Chen’s subdued beast bag.

A total of five Saint-level subdued beasts, together with Yang Chen, surrounded the three-eyed demon.

Sensing the terrifying aura of the surrounding Spirit Saints, the three-eyed evil spirit finally stopped pretending to be calm. It said in disbelief, “Impossible! Why do you have so many Saint-level subdued beasts?”

The three-eyed demon’s mentality had collapsed.

There were five Saint-level subdued beasts in total. If Chen Yang attacked it together, even a Saint Level 4 expert wouldn't be able to withstand it.

One had to know that he didn't have much Great Dao power left, while the Great Dao power in these subdued beasts' bodies hadn't been consumed at all. Could it be that this was all part of the Illusory Saint's scheme?

First, he would use the Illusory Great Dao to consume the power of the Great Dao in his body, then release his subdued beast and use the power of the Great Dao to attack him?

Damn it, were those scoundrels who gathered information for nothing? He didn't even know about such important information!

The Three-Eyed Evil Demon couldn't be blamed for this. It was mainly because battles between Saints relied entirely on their own Great Dao.

Without the power of the Great Dao, the combat strength of Saints would be greatly weakened.

Then, the advantage of the three-eyed demon's cultivation level would also be wiped out.

Back to the main topic.

After unleashing his subdued beasts, Yang Chen gave the group of subdued beasts a look. Then, the five Saint subdued beasts mobilized the power of the Great Dao in their bodies.

In an instant, the power of the Great Dao rippled and whistled toward the three-eyed demon.

With so many Great Daos activated at the same time, even the surrounding space was torn apart. The Great Daos were in chaos, and the aura of chaos scattered. It was a scene of doomsday.

At the center of these Great Dao attacks, the three-eyed demon's eyes flashed with horror.

Dammit! How could these Great Daos be so powerful? How could he stop them?

Although he wanted to curse in his heart, now was not the time to complain.

The three-eyed demon immediately mobilized the remaining Great Dao in its body and clashed with the power of the Great Dao.

After finally blocking the attacks of the Great Path, the five subdued beasts began to cast their innate saint spells again.

The three-eyed demon didn't even have time to catch its breath before it tried to mobilize its spiritual energy to resist the saint spells.

This time, the three-eyed demon was unable to block the attack. However, with its terrifying strength, it did not die. However, its combat strength was already less than one-tenth of its original strength.

At this time, Chen Yang appeared above the three-eyed demon's head and said with a smile, "Three-Eyed Demon, do you still want me to leave?"

The three-eyed demon smiled bitterly. Of course, it had to leave quickly. If it didn't leave now, it would be killed.

Unfortunately, Yang Chen would not leave. As Yang Chen mobilized the power of the Great Path again, the Saint-level Three-Eyed Evil Demon could no longer resist and died at Yang Chen's hands.

This was also the first time that the Evil Demon Clan had lost a Saint-level Evil Demon to Chen Yang.

After killing the Three-Eyed Evil Demon, Yang Chen began to command his familiars to clear out the Evil Demons in the area.,

Soon, only Yang Chen and his subdued beasts were left in the resource point.

After clearing out the evil spirits, Chen Yang pushed open the door of the hall and began to count the resources here.

After an hour of counting, Yang Chen walked out of the hall with satisfaction.

This resource point was indeed guarded by a Saint. There were many treasures here.

Excluding the treasures that could only be used by demons, the remaining resources and treasures were worth a total of 20,000 Divine Stones.

What kind of concept was this? 20,000 Divine Stones were enough to nurture more than a dozen Saints without the restriction of the Great Dao.

With so many resources, how many treasures could he exchange for to aid in comprehending the Great Dao? Chen Yang did not even dare to think about it.

Apart from that, Yang Chen also plundered many treasures that could aid him in comprehending the Great Dao from this resource point.

There was no need to elaborate on some ordinary treasures. Among these treasures, the most precious one was the five-colored lotus flower, which was known as the divine medicine.

This five-colored lotus flower was similar to the lotus of the Great Dao. They could both help martial artists comprehend the Great Dao.

The difference between the two was that the Lotus of the Great Path would definitely help warriors comprehend the Great Path of Saints, while the Five-colored Lotus was purely a support.

It was just that the effect was strong and was slightly better than other spirit medicines, so it could be ranked as divine-grade.

With so many treasures, he could finally rest assured and comprehend the Great Dao.

Oh right, I still don't know how to comprehend the Great Dao of All Beings. I'll go back and ask the Array God.

Thinking of this, Yang Chen looked at the Two-legged Golden Crow.

Seeing this, the two-legged Golden Crow spat out a ball of fire from its mouth and completely destroyed the hall.

After doing all this, Yang Chen sat on the two-legged Golden Crow and flew towards the Array God's Palace..

Chapter 605: Experience in the Mortal World

In the void, within the Array God's palace.

The Array God looked at Yang Chen in front of him with a face full of joy and couldn't help but laugh, "Illusion Saint, you've really made me proud this time."

"Within a month, he destroyed five of the Evil Spirit Resource Points and killed an Evil Spirit Saint."

"You don't know, but that evil god's face was almost green with anger."

"Ahem, that's not important. The important thing is that because of your actions, the evil demons' attack has been completely delayed. I estimate that the demons won't do anything big within a hundred years."

Hearing this, Yang Chen's eyes lit up.

A hundred years of stability was enough for Yang Chen to improve his strength.

At the very least, Yang Chen would be able to nurture a God-level subdued beast within a hundred years.

In this way, even if the array couldn't withstand it, Yang Chen didn't have to worry about not being able to protect himself and the Chen family in the face of a great change.

Thinking of this, Yang Chen looked at the Array God, "Array God, I guess I've completed my task."

He was about to obtain a God-tier familiar, so Yang Chen naturally didn't want any accidents to happen.

The safest way was to spend the next hundred years in the Glorious Light Sector.

Of course, it was better to spend time in the Time Mystic Realm. However, Chen Yang did not have the Time Great Dao Crystal in his hands now.

Hearing Yang Chen's words, the Array God smiled and nodded, "That's right, you have completed my mission."

"It's time to return this Divine Scripture to its rightful owner."

Then, the Array God took out the Divine Code from his storage ring and handed it to Yang Chen.

Yang Chen didn't really care about the God's Code.

After all, he had already learned this thing. If he handed it to the Array God, then so be it. What Yang Chen wanted most was to find a safe place and wait for the appearance of the Divine Beast.

But what reason should he use?

For some reason, Chen Yang recalled that the Wood Emperor had mentioned that the Array God had a method to comprehend the state of all living beings. If he asked, wouldn't he have a reason to find a place to comprehend the state?

Thinking of this, Yang Chen quickly asked, "Lord Array God, the demons will not wantonly invade our Alkaid World for the next hundred years."

"That's why I was wondering if I could comprehend the All Beings Realm in these 100 years. What do you think..."

"I understand what you mean." The Array God smiled. "Actually, this is what I was thinking."

"You're the future of our Alkaid World, so you naturally have to make good use of all the time to increase your strength. Even if you don't say it, I'll let you return to the Alkaid World for the time being."

"As for how to comprehend the state of all living beings, logically speaking, I should only be able to tell you this after you reach the peak of the Saint Realm."

"However, things are different now, so there's no need to strictly follow the rules."

The Array God sorted out his thoughts and said, "The method to comprehend the state of all living beings is very simple."

"Experience in the mortal world?" Yang Chen frowned. "What is the world of mortals?"

"As the name suggests, it is to let you enter the mortal world and understand the thoughts of ordinary people and low-level martial artists. Of course, it was from the perspective of the Heavenly Dao to understand these thoughts and comprehend the true meaning of the Great Dao from these thoughts."

“Of course, the prerequisite for all of this is that you have to comprehend your Fourth Plane Great Dao to the peak.”

“If you haven’t reached the peak, it’s futile to go through the mortal world.”The Array God explained with a smile.

After hearing the words of the Array God, Yang Chen fell silent.

This was the first time he had heard of this worldly experience.

However, since the Array God said so, he naturally had to give it a try. In any case, he was only waiting for the Dao Integration Pearl to accumulate energy. He had a lot of time to waste.

Thinking of this, Yang Chen nodded and said to the Array God,“”Lord Array God, I understand. In the next 100 years, I’ll return to the Alkaid Realm first.”

“Yes, go. The sooner you comprehend the realm of all living beings, the easier it will be to become a god once the Divine Road opens.”The Array God sighed.

After bowing to the Array God again, Yang Chen’s figure disappeared.

Time passed bit by bit. In the blink of an eye, fifty years had passed.

Hidden Dragon Region, in a small city of an unknown empire.

A few handsome and arrogant young men in luxurious clothes rushed to a certain place.

“Brother Liu, how are the spirit stones? I heard that our Dynasty Tournament is about to begin. Before that, we have to properly raise our strength.”

The young man called Brother Liu chuckled. ""Hehe, I've long been prepared. This time, no matter what, I have to take down that demonic beast that contains the Demon Venerable bloodline."

Upon hearing the words 'Demon Venerable Bloodline', all the young men present revealed looks of yearning.

To the disciples of Rank-8 and Rank-9 forces like them, Demon Venerables were like the heavens. They were existences that could not be touched.

And now, this untouchable and unimaginably powerful Demon Venerable had actually appeared in a newly opened subdued beast shop in the city.

This made them feel lucky, but at the same time, it also made them feel a little unbelievable.

Such a precious treasure, wouldn't those major powers be tempted?

However, this trace of disbelief did not last long before it was erased by the few of them.

This was not the first time. Ever since the Imperial Beast Pavilion was established, it had been selling many young demon beasts and demon beast eggs with powerful bloodlines.

However, no matter how precious the items sold were, no one came to cause trouble.

This made these young people suspect that the origin of the Imperial Beast Pavilion was not ordinary..

Chapter 606: Experience in the Mortal World (2)

They had also asked their elders, but they had received vague answers, as if there were some secrets that they could not talk about.

They trusted their judgment even more.

But so what?

The reason they opened their doors to do business was naturally to earn spirit stones. As long as they offered spirit stones, they could still buy treasures that they had never dared to think of before.

Among them was the young demon beast that contained the bloodline of the Demon Venerable.

At the thought of this, the eyes of the group of young men were filled with fervor. Even their movements quickened.

Everyone jogged all the way and finally stopped in front of a pavilion in the north of the city.

The pavilion was resplendent and magnificent, and the words 'Imperial Beast Pavilion' were written on the plaque.

On both sides of the steps at the main entrance, there were statues of demon beasts on both sides, which made the pavilion look extremely majestic.

Standing outside the pavilion, the group of young men took a deep breath and stepped into the pavilion.

As soon as he entered the pavilion, he saw a counter.

Behind the counter, a young man was slumped on an armchair, holding an unknown book in his hand. He was reading it with great interest.

Seeing this, everyone hurriedly bowed." Greetings, Shopkeeper Chen.""

When they bowed, beads of cold sweat appeared on their foreheads.

It was no wonder that everyone was so nervous. The main reason was that this Shopkeeper Chen was really too strange.

Shopkeeper Chen had lived in this pavilion when their father was their age. In the blink of an eye, decades had passed. Their father was middle-aged, and his sideburns had already turned white.

Shopkeeper Chen, on the other hand, did not change his appearance. He even looked younger than them.

There were only two possibilities. One was that Shopkeeper Chen had taken a pill to maintain his appearance, and the other was that Shopkeeper Chen's cultivation had already reached the realm of governing heaven and earth.

No matter what the situation was, it was not something they could afford to provoke. Naturally, they had to be nervous and careful.

When Shopkeeper Chen saw someone enter, he pressed the book in his hand against his stomach and said lazily, "So it's the Song, Liu, and Li family kids. Go ahead, pick your own."

Then, Shopkeeper Chen picked up the book again. It seemed that business was not as interesting as the book in his hand.

Upon hearing this, the group of youths felt as if a burden had been lifted off their shoulders. Then, they rushed into the pavilion and chose the demon beast cubs in the pavilion.

Looking at these youths, Shopkeeper Chen's lips curled into a smile. However, this smile was soon replaced by worry.

"I've been here for almost forty years, but I still don't have any clue about the state of all living beings."

That's right, this Shopkeeper Chen was a famous figure in the Alkaid World, the Illusion Saint Chen Yang!

Ever since Yang Chen left the Void 50 years ago, he first found a place to use the Flower of Dao and other treasures to help him improve his Illusory Dao.

The Great Dao Flower was indeed a divine-grade treasure. In just over ten years, it had raised Chen Yang's illusory Great Dao to the late-stage Great Dao realm. It was not far from the peak of the fourth realm.

At that time, Yang Chen remembered the experience in the mortal world.

In order to save time, Yang Chen decided to train in the mortal world while improving his Dao.

In the end, Yang Chen chose this city and opened a Imperial Beast Pavilion in the city that sold demon beasts.

Of course, in order to prevent any unnecessary trouble, Yang Chen specifically sought out the Taoist Faction to help him deal with the major forces here.

Chen Yang finally merged into the small city and began his training in the mortal world.

Unfortunately, in the next thirty years, the Illusory Great Dao had long been comprehended to the peak of the fourth realm, but he had no clue about the will of all living beings.

However, this is also very normal, if this is the will of all living beings, so good understanding, shaking the light world history, it is also impossible to give birth to such a little god.

After rubbing his forehead, Yang Chen suppressed his worries and looked at the juniors with interest as they picked out the demon beast cubs in the Imperial Beast Pavilion.

As his cultivation advanced, Yang Chen had long forgotten the days when he led the Chen family to rise.

Looking at these juniors, Yang Chen suddenly remembered the past.

It should be said that this mortal world experience had an excellent effect on erasing the injuries caused by long-term battles.

Not long after, these juniors had also finished choosing the demon beasts they liked. Each of them held a cage and came to the counter with apprehension.

“Alright, pay the spirit stones after choosing.” Yang Chen said with a smile.

To Yang Chen, these demon beasts with the bloodline of the Demon Venerable were not even worth a joke.

If he didn't like the feeling of doing business, Yang Chen might have given these demon beast cubs to these people.

Hearing Yang Chen's words, the group of young men heaved a sigh of relief. Then, they quickly paid the spirit stones and left the pavilion in a hurry.

“Are you so afraid of me? Will I eat them?” Yang Chen looked at the fleeing figures and smiled as he pocketed the spirit stones.

Then, Yang Chen continued to lie on the armchair, reading the book in his hand.

“Is Senior here?” Just as Yang Chen was feeling bored and was about to close the shop to rest, a light voice sounded in front of the door.

Hearing this, Yang Chen looked towards the source of the voice. He saw a woman with a graceful figure, a voluptuous body, and a beautiful face. Her big eyes were sparkling as she looked into the pavilion curiously.

After taking a look, Yang Chen retracted his gaze and said casually, "The demon beast cubs are all inside. You can choose whatever you like."

Then, Yang Chen continued to read the book in his hand.

The woman was pretty, but Yang Chen had seen all kinds of women in his life. He couldn't take another look at her.

Seeing Chen Yang's expression, the woman muttered to herself, "It's rumored that this senior is unreasonable. Now it seems that the rumors are true."

After muttering in her heart, her beautiful eyes shined brightly. She had heard that there was a young demon beast with the bloodline of a demon king here.

This time, he came to investigate the clan.

If there really was one, then he had to take it down no matter what.

After running into the pavilion, the woman looked at them one by one. It didn't matter if she didn't look, but when she did, she was shocked.

There was a dazzling array of demon beast cubs inside. Their bloodline levels ranged from level one to Demon Venerable. She even saw several demon beasts that contained the bloodline of Demon King.

There were actually so many treasures here!

However, none of the forces dared to provoke him. Could it be that the owner of this shop was really an unimaginable supreme expert as the legends said?

Many thoughts flashed through the woman's mind, and she respectfully returned to the counter.

Seeing that the woman didn't choose anything, Yang Chen said with a little disappointment, "Since there's nothing you like, then leave. I'm closing up too."

Hearing this, the woman wanted to leave, but just as her right foot stepped out of the pavilion, she said hesitantly, "Senior, with your strength, why did you stay in this small shop?"

"My Liu Family is a seventh-rank family. If you join my family, we are willing to give you ten thousand spirit stones a year."

10,000 Spiritual Stones a year was a considerable expenditure for a Rank-7 force.

Moreover, these spirit stones were only for poaching one person. Liu Ruxue had to pay for it herself, so the senior before her shouldn't refuse.

However, Liu Ruxue did not expect Yang Chen to reject her so straightforwardly. "Forget it. I'm used to living in the wild."

10,000 spiritual stones was a lot, but to Yang Chen, it was nothing.

If he wanted to use 10,000 spirit stones to make Chen Yang move, he must be dreaming.

10,000 Godstones was more like it.

Hearing Yang Chen's words, Liu Ruxue took a deep breath and said, "With Senior's strength, are you really willing to stay here?"

"The demon beasts outside are getting more and more dishonest. Who knows when a demon beast tide will erupt? Since Senior has extraordinary skills, why don't you resist the demon beast tide with us?"

"You must know that when the nest is overturned, there are no intact eggs."

“That’s all Ruxue has to say. Senior, please consider it. My Liu family will always open its doors for you.”

Then, Liu Ruxue disappeared..

Chapter 607: The Desire to Live (1)

Gu City was originally an ordinary city in the Hidden Dragon Region.

But because of one person, Gu City entered the sight of Taoism.

The reason was very simple. This Valley City was the place where Yang Chen chose to train in the mortal world.

In the sky above Gu City, the Supremacy of One Dao Sect said worriedly as he watched Liu Ruxue walk out of the Imperial Beast Pavilion,“Should we remind the major powers here not to disturb the Saint?”

“No need.” Another Venerable shook his head.” Since the Saint has chosen the Red Dust Trial, we shouldn’t interfere with what happens. Otherwise, what’s the point of this Red Dust Trial?”

After being persuaded by his companions, the Venerable nodded and pretended that he had not seen anything.

Inside the Imperial Beast Pavilion in Gu City, Yang Chen closed the door after Liu Ruxue left.

Then, he put on a mask. In an instant, his entire appearance changed drastically.

Then, Yang Chen walked out of the back door of the Imperial Beast Pavilion and began to stroll around Gu City.

This was something that Yang Chen had repeated every year for the past few decades.

He wanted to travel around this small city and see if he could obtain some understanding of the mortal world.

“Those who come from the south and those who go from the north, stop your footsteps and come to our shop to have a cup of hot tea.”

“Speaking of which, three hundred years ago...”

“Chaos! Good chaos!”

Yang Chen was not annoyed by the sounds around him. Instead, he enjoyed it.

Sometimes, he even went to bargain with the stall owner and enjoyed the life he had never experienced before.

However, although these days were good, it did not help him to comprehend the Great Dao. This made Yang Chen very distressed. What exactly did the will of all living beings refer to?

After strolling around for another two hours, Yang Chen returned to the Imperial Beast Pavilion and continued to read through the book all night.

At the same time, Gu City fell into silence.

However, a mountain range thousands of miles away was not as desolate as Gu City.

Glancing at the pitch-black mountain range, a soldier on a pass spat.” Damn it, this is not a job that a human can do.””

“Not only is it tough, but we also have to bear the danger. If the demon beasts in this mountain range want to change their taste, us brothers won’t be able to bear the consequences.”

“Isn’t that so?” This person’s words were like a spark that lit up a dry wood. For a moment, the voice of complaint frowned.

“This group of beasts always want to come out and attack our human race. What do you think those experts are thinking? Why don’t they exterminate this group of beasts?”

“How would I know? Maybe the strong have their own considerations, or maybe the strong can’t wipe them out.”

“We can’t exterminate them? Do you mean that there are terrifying demon beasts in this mountain range that even our dynasty’s ancestor can’t defeat?”

For a moment, everyone fell silent.

Everyone’s forehead was covered in cold sweat as they focused their attention on the person who had just spoken.

When that person saw this, he swallowed his saliva and immediately said, “I’m only hearing what you say.”

“Alright, don’t keep me in suspense.” Everyone urged.

That person hesitated for a moment before gritting his teeth and saying, “Alright, then I’ll say it. Everyone should be clear that our dynasty’s ancestor has the strength to reach the third level.”

“The reason why the demon beasts in this mountain range are usually so quiet is because of the fear of the ancestor.”

“But recently, a demon emperor in this mountain range has broken through to the middle stage of the demon emperor realm.”

“To us humans, this is an existence that has reached the fourth level at the very least.

It’s also because of this Demon Sovereign’s breakthrough that the demon beasts in the mountain range are not obedient. That’s why we’re guarding this pass so frequently.”

Hearing this, the soldiers guarding the pass could not help but shiver.

If this was true, wouldn’t they be in a very dangerous situation?

“No, is this true? How could I not believe that a mere soldier like you would have such a source of information?” Someone said in disbelief.

“No, I already said that I heard it by chance. I’m not sure if it’s true or not. However, I’m sure that what I said is what I heard. I...”

“Roar!”

That person’s face was flushed red. Just as he was about to retort, a beast roar came from the mountain range.

Immediately after, pairs of blood-red beast eyes that emitted a bloodthirsty aura appeared in the dark night.

“Demonic beasts are attacking!”

All of a sudden, the soldiers and martial artists at the pass reacted.

Immediately, the array was activated and the spiritual energy ballistae were prepared, vowing to stop these demon beasts.

Unfortunately, it was futile.

The beast tide this time was far more powerful than before. Terrifying demon beasts all over the mountains and plains rushed down at the same time. This small pass could not withstand it at all.

In less than an hour, the mountain pass had turned into ruins.

As for the demon beasts, they passed through the pass and charged into the dynasty.

The next morning.

Yang Chen opened the door and stretched. He was about to start his business when he suddenly froze.

Today's Gu City was a little different from the past. Many people packed their bags and ran to the north gate with all their might.

Seeing this, Yang Chen stopped someone." Brother, what happened?"

The person who was stopped wanted to get angry, but when he saw that it was Yang Chen who stopped him, he quickly said honestly,"It's Boss Chen."

"It's like this. According to the news from the county government and the merchants passing by, the demon beasts officially broke into Liyang County late last night. The entire county was trampled by the demon beasts and became a purgatory on earth."

"This Liyang County is only a few hundred miles away from us. It won't be long before the demonic beasts come to our Valley City, so everyone wants to escape as soon as possible.."

Chapter 608: The Desire to Live (2)

“Beast Tide?”

Yang Chen frowned. He first let the man go, then looked at the South City gate. Immediately after, his expression changed.

These beasts were really fast.

Yang Chen could sense that there were already many demonic beasts lurking outside the valley.

The reason why they hadn't launched an attack yet seemed to be because they were waiting for something.

Seeing this, Chen Yang did not take the initiative to attack. In any case, with Chen Yang's strength, these demon beasts could be destroyed with a flip of his hand.

Not long after, Yang Chen finally figured out what these demon beasts were waiting for.

A demon king level demon beast came to the south gate of Gu City unhurriedly and then let out an angry roar.

Immediately after, countless demon beasts roared at the same time, and the entire Gu City fell into panic.

“Roar!”

“This... This is the roar of a beast. The beast tide is coming. Everyone, run!”

“Don’t block the way!”

“Quick, let’s go!”

All of a sudden, the stampede happened again and again. Benevolence, morality, etiquette, and humility were all turned into ashes at this moment.

Everyone rushed to the city gate, afraid that if they were a step slower, they would become food for the demon beasts.

“Sigh!”

At this moment, Yang Chen let out a long sigh. Then, under the astonished gazes of the crowd, he stepped into the air and arrived at the southern city gate.

Immediately after, Yang Chen struck out with his palm.

All of a sudden, everything became silent. The densely packed demon beasts were all turned into powder under Yang Chen’s palm.

This sudden change stunned everyone in Gu City.

After a while, they finally reacted. The owner of the Imperial Beast Pavilion was a super expert, and this super expert had saved their lives today.

For a moment, everyone’s faces revealed a smile of having survived a disaster.

All of them knelt down and kowtowed to Yang Chen.” Thank you, sir! Thank you, my lord!”

Looking at the desire for life on everyone's faces, Yang Chen's heart throbbed a little. The Great Dao that had been resting for a long time was also touched.

Seeing this, Yang Chen frowned. He grabbed hold of this feeling and tore open space to leave.

As the capital city of Liyang County, there was no need to say much about the prosperity of Liyang City.

However, the current Li Yang City did not have the slightest sign of prosperity as before.

Countless demon beasts wandered around Liyang City. When they were in a good mood, they would devour the corpses of the humans beside them.

If they were in a bad mood, they would go and slaughter the remaining humans.

As for the remaining humans, they were all gathered in one place under the conscious drive of the demon beasts.

They snuggled up to each other, and their faces were filled with the desire to die.

The slaughter of the demonic beasts had long made them lose their desire to live. To be able to die quickly had become their only wish.

Unfortunately, since the demon beast chose to keep them, it would not let them die so easily.

Just as these people lost the will to live, ripples suddenly appeared in the sky.

Immediately after, under everyone's shocked gazes, space was torn apart, and a man in green appeared in front of everyone.

This person was none other than Yang Chen.

This Liyang City was Yang Chen's last battle.

During this period of time, Yang Chen had already killed most of the demonic beasts. The remaining ones had fled to other cities, thinking that they were not worth worrying about.

Some of them retreated into the mountains.

Yang Chen wasn't in the mood to kill these monsters.

At this moment, Yang Chen was at a critical juncture. He needed these people of Li Yang to verify his thoughts.

After arriving at Liyang City, Yang Chen first glanced at the remaining humans in the city and then clenched his fists.

With a loud bang, all the demonic beasts in Li Yang City turned into dust.

It was as if they had never been here.

After doing all this, Yang Chen looked at the remaining humans." I've killed all the demonic beasts. You're saved.""

Hearing this, everyone remained unmoved, as if everything was a dream.

However, after a while, someone finally realized that this wasn't a dream. It was truly happening in front of them.

Someone had saved them from the mouth of the demonic beast.

“Thank you, my lord! Thank you, my lord!” The man hurriedly kowtowed to Yang Chen. At the same time, the death look on his face disappeared and was replaced by a desire to live.

Under the lead of this person, the people who were like walking corpses burst out with vitality again. They followed this person and kowtowed to Yang Chen.

As for Chen Yang, he stood in the air and accepted the kneeling of these people.

This was not because Yang Chen liked it, but because he was looking at the expressions on their faces.

As he watched, the Great Dao in his body surged.

Then, Yang Chen looked up at the sky and muttered to himself, “The desire to live?”

Then, Yang Chen disappeared.

More than ten years later.

The damage caused by the beast tide to Liyang County had been completely repaired in the past ten years.

For the survivors who survived the Beast Tide, they would dream of the Beast Tide every night.

Of course, this wasn’t just a nightmare.

Because every time they experienced the despair of the past in their dreams, there would always be a man in green who saved them from danger.

This person’s great kindness was remembered by the entire Liyang County and even the entire Li Prefecture.

Ancestral temples were built in Li Prefecture, and people would come to worship them from day to night.

In the Li Prefecture, this person had more ancestral halls than the forefathers of the dynasties.

The royal family did not have any objections to this. Instead, they helped the locals build ancestral halls.

Anyone with discerning eyes could tell that the person who attacked that day was a terrifying expert. How could the royal family be jealous of such an expert?

What the people of Lizhou didn't know was that the green-robed man whom they worshipped was sitting in the middle of the barren mountain, motionless like a statue.

While Yang Chen was meditating, a yellow leaf slowly fell from his head.

When the leaves fell to the ground, Yang Chen suddenly opened his eyes.

The moment Yang Chen opened his eyes, the mountain he was standing on, including all the living beings living on it, turned into nothingness.

However, in the next instant, Chen Yang had touched the void-ification. This was why these creatures did not notice their mutation.

“The desire to live...”

After muttering to himself for a moment, Yang Chen stood up and walked forward.

As Yang Chen moved forward, everything around him started to fade. Strangely, Chen Yang did not use the Illusory Great Dao.

If the Array God was here, he would be pleased to find that Yang Chen had opened the door to the realm of all living beings.

Unconsciously letting everything around him conform to his own Great Dao was the concrete embodiment of the realm of all living beings.

As Yang Chen continued to move forward, the area affected by him became smaller and smaller until there was nothing left.

At this moment, Yang Chen had completely digested the Dao after the upgrade.

At this moment, the Illusory Great Dao was already in a more mysterious realm. It was stronger than the fourth realm, but not as strong as the fifth realm.

Yang Chen didn't mind.

At this moment, Yang Chen was still mumbling to himself, "The desire for life is the first thought of all living beings when they are born. It is also the foundation of the will of all living beings."

"Now that the foundation has been laid, what should we do next?"

Yang Chen could clearly feel that he had opened the door to the state of all living beings, but there was still a long way to go before he could truly reach the state of all living beings.

There were also some things that were also the manifestation of the will of all living beings. It was just that Yang Chen did not know about this manifestation for the time being, nor did he have a deep understanding of it.

"Looks like I have to continue my training in the mortal world."

After shaking his head, Yang Chen opened his right hand, and the figure of the Dao Integration Pearl quietly appeared.

After more than 60 years of accumulation, Yang Chen had accumulated enough energy to raise a subdued beast to the god-level.

With that, Yang Chen would be able to protect himself when the change came.

Then, who should he choose to upgrade first?

Chapter 609: Dragon Ancestor Appears, Divine Beast

Appears

Hidden Dragon Region, in an uninhabited mountain range.

Looking at the familiar in front of him that had evolved into a Golden Dragon

(Red Dragon), Yang Chen smiled and opened his right hand.

Since he had decided to nurture a Godly Beast, he naturally had to choose the strongest subdued beast.

Among the subdued beasts that Yang Chen controlled, if they were to advance to the Divine Beast Realm, the most powerful would naturally be the Dragon

Tribe.

The divine beast realm dragon race was called the dragon ancestor, known as the illegitimate child of the Heavenly Dao, and had all kinds of terrifying divine powers.

The Dragon Ancestor, who had just entered the divine beast realm, was already able to erupt with terrifying strength.

Yang Chen estimated that after pushing his subdued beast into the Divine Beast realm, he would definitely be unable to continue hiding his secret.

Since that was the case, it would be better to choose the strongest subdued beast to nurture. That way, it could also intimidate others.

After all, one could not have the heart to harm others, but one could not be without the heart to guard against others.

The value of the Dao Integration Pearl was much more important than the

Array God's Time Mystic Realm.

Moreover, even the Array God did not expose the Time Secret Realm before he broke through to the God Realm.

The Dao Integration Pearl was so precious that it naturally had to nurture the strongest Divine Beast to stop the greed of others.

Thinking of this, Chen Yang mobilized the energy in the Dao Integration Pearl and said to the Dao Integration Pearl, "I'll first raise the golden dragon's bloodline to the dragon ancestor realm, then raise my cultivation to the divine

beast realm."

As Yang Chen's voice fell, terrifying and supreme energy surged out of the Dao Integration Pearl. This supreme energy was instilled into the Golden Dragon's body, crazily improving its bloodline.

Under this enhancement, the Golden Dragon's appearance underwent a world-shaking change.

First, the dragon horns disappeared and were replaced by two dragon whiskers. Then, four wings grew out from his back.

Looking at Golden Dragon's changed appearance, Chen Yang could not help but mutter, "Why does it look so much like a Flying Snake?"

The Flying Snake had wings on its back and had the ability to change the world.

It was a relatively powerful existence among the divine beasts.

But even though the Soaring Snake was strong, Yang Chen wanted the Dragon Ancestor.

Not long after, the Golden Dragon's body changed again. This time, it was the Golden Dragon's eyes that changed.

The moon was carved in the left pupil, and the sun was carved in the right pupil.

Looking at the golden dragon's pupils, Yang Chen frowned. "Why did the eyes turn into Torch Dragons?"

The Torch Dragon was an ancient divine beast. Legend had it that when its left eye opened, it represented the arrival of night, and when its right eye opened, it represented the arrival of day.

The Golden Dragon now looked more and more like a stitched monster. However, the changes were not limited to this. Its claws, scales, tail, and even the horns that had grown out on its head all had the shadows of various divine beasts.

Looking at the Dragon Ancestor, who was vaguely a dragon creature but contained the characteristics of other divine beasts, Chen Yang said in relief, "I finally understand why this Dragon Ancestor is called the illegitimate son of the Heavenly Dao."

“Good fellow, this body has the strongest part of all kinds of divine beasts. I think it can also use the divine power of the divine beast.”

“In addition to the unique characteristics of the dragon race, how could this dragon ancestor not be powerful?”

Time passed by bit by bit. After about two hours, the transformation finally ended. At this moment, the Golden Dragon had already become the legendary

Dragon Ancestor.

Looking at the Dragon Ancestor’s noble appearance, Yang Chen nodded his head in satisfaction.

Although the process of evolution seemed a little strange, it was still quite impressive after the evolution was over.

Then, it was time to raise the cultivation of the Dragon Ancestor.

As if he could hear Chen Yang’s voice, a surge of energy that was even more majestic than before surged out of the Dao Integration Pearl.

The terrifying energy poured into the Dragon Ancestor’s body, causing him to let out a roar as his entire body slumped to the ground.

Looking at the Dragon Ancestor lying on the ground, Yang Chen couldn’t help but clench his hands. He had to succeed.

Time passed by bit by bit. In the blink of an eye, it was already the second day.

After an entire day of leveling up, the Dragon Ancestor finally rose from Saint Level 1 to God Level 1. He was constantly emitting a terrifying aura.

Although the Dragon Ancestor had broken through, Yang Chen's face did not have the slightest smile.

The reason was very simple. Although he had broken through, he still had no intention of withdrawing his energy. It was as if he was still preparing to continue doing something.

This was something that Chen Yang had never encountered before."

Chen Yang, who did not know the answer, could only choose to ask the Dao Integration Pearl.

At this moment, the energy around the Dragon Ancestor disappeared. Seeing this, Yang Chen heaved a sigh of relief. It was good that there was no problem.

Suddenly, bolts of lightning gathered in the sky, causing the smile on Yang Chen's face to freeze.

"No! If he used the Dao Integration Pearl to increase his subdued beasts' strength, wouldn't they not experience the lightning tribulation?" Yang Chen blurted out as he looked at the increasingly intense lightning tribulation in the sky.

The subdued beasts that had been upgraded so many times in the past had never survived the lightning tribulation.

Why did he have to go through the lightning tribulation here?

"Could it be that after becoming a god, the Dragon Ancestor became a member of the same race as the Heavenly Dao and Great Dao, so this calamity could not be avoided?"

After thinking about it, Yang Chen felt that this was the only possibility. Immediately, Yang Chen looked up at the sky worriedly. Fortunately, although the Dragon Ancestor was going to undergo the Thunder Tribulation, his strength had already reached the God Realm. The possibility of him passing the Thunder Tribulation was not low.

In the sky, the lightning tribulation was brewing bigger and bigger. Before long, it had already spread to hundreds of thousands of miles. It was estimated that it would not take long for the lightning tribulation to envelop the entire Hidden Dragon Region..

Chapter 610: Dragon Ancestor Appears, Divine Beast

Appears

This change naturally couldn't escape the eyes of the Saints and Array Gods.

When the Array God saw the lightning tribulation, he said with a look of surprise, "This... This was the Divine Tribulation. Someone in the Alkaid World became a Deity!"

The Array God became excited. The current situation was becoming more and more serious. If there was an additional god, it would undoubtedly be a huge relief for the Alkaid World.

Immediately, the Array God moved quickly and turned around to enter the Alkaid World. When he saw the target of the lightning tribulation, the smile on the Array God's face disappeared.

"It's actually the Dragon Ancestor! Damn it, how could it be the Dragon Ancestor! How did the dragon race hide the traces of the dragon ancestor?"

If the human race broke through to become a god, it would naturally be a joyous occasion. However, if the person who broke through was the Dragon Ancestor, that might not be the case.

Those who weren't of the same race would definitely have different intentions. Who knew if this Dragon Ancestor would stand with the Formation God and fight against the evil demons together?

"Now that things have come to this, I can only hope that this Dragon Ancestor can remember that the Alkaid World is everyone's home and fight against evil gods with me."

The Array God let out a faint sigh. He did not expect that the existence that was about to break through to the God Realm was actually the Dragon Ancestor.

Not only did the Array God not think of this, but the true dragon race and the pseudo-dragon race in the Glorious Light World did not think of this either.

However, after sensing the aura of the Dragon Ancestor, the experts of the two races quickly gathered together and asked where the Dragon Ancestor had come from.

Unfortunately, his inquiry was fruitless.

In the end, these dragons could only give up and watch the lightning tribulation anxiously, praying that the Dragon Ancestor would succeed.

This way, under the leadership of the Dragon Ancestor, the dragon race could become a race on par with the human race.

For a time, the place of tribulation transcendence completely became the center of attention of the Alkaid Realm's peak powerhouses.

Under the center of attention, the Dragon Ancestor began his tribulation.

The Dragon Ancestor glanced at the lightning tribulation with disdain, and then the horn on his head shot out a blue light.

The blue light pierced through the Tribulation Lightning and destroyed it.

"No! It's over!"

The Array God's mouth was wide open as a thick wave of jealousy rose in his heart.

Thinking back to the time when he was transcending the tribulation, he had suffered quite a bit. Why was it so easy for him to do so when it came to the Dragon Ancestor?

Wasn't this Heavenly Dao too biased? He wasn't even willing to go through the motions?

What the Array God did not know was that this was not the Heavenly Dao's favoritism, but the Dao Integration Pearl's credit. Under the Dao Integration Pearl's enhancement, the Dragon Ancestor's cultivation had already reached the God Realm.

It was a piece of cake for a God Realm expert to fight against this lightning tribulation.

Not to mention that the one who became a god was the Dragon Ancestor, who had rather powerful combat strength.

But no matter what the reason was, since the Dragon Ancestor had successfully broken through, the Array God, as the strongest expert of the human race, naturally had to go up and congratulate him.

Immediately, the Array God appeared in front of the Dragon Ancestor in a flash. He cupped his hands and bowed, "Congratulations to the Dragon Ancestor for breaking through to become a god and achieving the great cause of a divine beast."

The Array God originally thought that he was here to rope in the Dragon Ancestor, so there was nothing wrong with being a little polite.

But what the Array God did not expect was that not only did the Dragon Ancestor dodge his bow, he even said respectfully, "The Formation God is my master's senior, so there's no need to bow to me."

Array God: ???

"Master?" The Array God's eyes widened as he looked at Dragon Ancestor in disbelief.

This Dragon Ancestor actually had a master?

Then who could become the master of the Dragon Ancestor?

“That’s right, Master.” The Dragon Ancestor nodded and shrunk his body to stand behind Yang Chen.

At this moment, the Array God saw Chen Yang below.

An absurd thought appeared in the mind of the Array God. The master that the Dragon Ancestor was talking about couldn’t be Chen Yang, right?

Immediately, the Array God came to Chen Yang’s side and said with an awkward expression, “Chen Yang, this Dragon Ancestor...”

“That’s right. This is my familiar.” Yang Chen smiled and nodded.

“It really is your familiar!” The Array God’s eyes widened, and his entire person fell into a daze.

The dignified Dragon Ancestor actually chose to submit to the human race. The key was that the person who submitted was weaker than him.

“Chen Yang, please forgive me for speaking too much. I really don’t understand why the Dragon Ancestor chose you.” The Array God asked.

The Array God couldn’t be blamed for being puzzled. It was mainly because there had never been a situation where the strong submitted to the weak and willingly became the subdued beast of the weak.

What was a familiar? It was actually similar to a servant.

The Array God would definitely not be willing to acknowledge a King as his master.

Putting himself in his shoes, the Dragon Ancestor would not be willing either. However, the truth was right in front of the Array God.

“The reason is simple.” Yang Chen smiled and said, “Because I’m the one who nurtured it.””

Array God: ???

“You raised the Dragon Ancestor to the God Realm?” This time, the Array God was even more dumbfounded. This was even more unbelievable than the Dragon Ancestor choosing the weak to submit.

“That’s right.” Yang Chen nodded and smiled, “I have a treasure that can consume resources and time to increase the strength of subdued beasts.”

“Thus, under my nurturing, the Dragon Ancestor broke through to the God Realm.”

Yang Chen didn’t plan to hide anymore. In any case, the Dragon Ancestor had already broken through to the God Realm. It could be said that he was already the strongest in the Alkaid Realm.

In that case, he might as well tell the Array God the secret of the treasure and ask him to help him search for the Time Crystal.

Sure enough, after hearing Chen Yang’s words, the Array God was stunned at first, but then he said with ecstasy, “In other words, as long as you are given resources and time, you will be able to nurture more Divine Beasts?”

The Array God was completely ecstatic.

If that was really the case, didn’t that mean that before long, a batch of divine beast armies would appear in the Alkaid World?

At that time, what would this demon be?

When he thought of the future records that said that the Array God and the Illusory God destroyed the Evil Demon World together and wiped out the great enemy for the Alkaid World, the Array God could not help but become excited.

This was a matter that was even more glorious than becoming a god.

Cough, cough, he was too excited.

Slightly restraining his emotions, the Array God looked at Yang Chen expectantly.

Yang Chen smiled and nodded.

Seeing Chen Yang admit it, the Array God took a deep breath and said, "Yang Chen, I won't ask you what this treasure is. You only need to tell me what resources you need."

"Even if I go to Qiong Biluo, I will still be able to collect resources."

Seeing the Array God's expression, a hint of joy flashed in Chen Yang's eyes.

He had made the right bet. This Array God was indeed not a greedy person. Or rather, the greed in his heart was beneath the righteousness of the human race.

Chen Yang revealed his secret. On the one hand, he planned to get the Array God to help search for the Time Great Dao Crystal. On the other hand, he wanted to test the Array God.

Once the Array God revealed a greedy look, Chen Yang would definitely kill the Array God.

Fortunately, the Array God did not do that.

At the very least, the current Array Gods did not do that.

That was enough.

Chen Yang didn't care if the Array God was pretending or if he really thought so, as long as the result didn't change.

As long as he passed this stage and became a god, even if he was pretending to be a god of arrays, he would pretend to be one for the rest of his life.

Then, it wasn't a disguise.

Thinking of this, Chen Yang smiled and said, "Lord Array God, you don't have to worry about the resources. You only need to help me collect the Time Great Dao Crystals and open the Time Mystic Realm." "

Upon hearing this, the Array God was stunned for a moment before he nodded. "That's right. The demons are forcing you to do so, and you have such a treasure. Naturally, you have to make good use of the Time Mystic Realm and nurture a few more Divine Beasts before the demons break the array."

"How about this? I'll go back and search for the Time Great Dao Crystal. As for the resources, I'll leave them to you."

At this moment, the Array God had already completely treated Chen Yang as an expert of the same level, so he did not take care of everything and instead acted separately with Chen Yang.

Yang Chen nodded.

After the two sides finished discussing, the Array God returned to the void.

Looking at the disappearing figure of the Array God, Yang Chen slowly said, "Lord Array God, I hope you won't do anything stupid."

In fact, the Array God had also been greedy. After all, it would be a lie to say that he was not greedy for a treasure that could nurture divine beasts.

However, at the critical moment, reality shattered the greed in the Array God's heart.

With the demons so close to him, if he and Yang Chen were to fight, the demons would be the ones to benefit.

At that time, even if he managed to obtain the treasure, it would still be a good thing for the demons.

It would be better to focus on helping Yang Chen. This way, not only would he be able to win a good name in history, but Yang Chen would also naturally support him when he became successful in the future.

The Array God knew that Chen Yang was never stingy with resources and treated the people around him well..
