

Tamer Family 611

Chapter 611: The Desire for Fairness and the Relieve of Death

Yuan City was located in a dynasty in the Hidden Dragon Region.

Because there was a sixth-ranked aristocratic family, the Yuan Family, in the city, it was named Yuan City.

In Yuan City, Yang Chen walked around like an ordinary pedestrian. While admiring the scenery of Yuan City, he was thinking. Other than the desire to live, what else was the manifestation of the will of all living beings?

It was obvious that just the understanding of life was not enough to push the illusory Great Dao to the realm of the will of all living beings.

Just as Yang Chen was thinking, he heard a burst of heated discussions.

“Hurry up, hurry up, the Yuan Family is recruiting family generals!”

“Really? Why haven’t I heard of this news?”

“Who knows? This seems to be the Yuan Family’s idea at the last minute. In short, hurry up and go. If you’re late, you might lose the opportunity to join the Yuan Family.”

The hearing of Saints was extremely sharp. With just a few ears, Chen Yang understood what these people were talking about.

This was related to the strongest aristocratic family in the city, the Yuan Family. In less than three years, the Yuan Family would recruit family generals. Once they passed the selection, they could join the Yuan Family.

With the attractiveness of the Yuan Family as a sixth-rank aristocratic family, even if they were recruiting servants, there would be many people who would fight to get in, not to mention the servants.

Moreover, the Yuan Family had a rule that every time the first place in the Family Selection would be recruited into the family and given the status of a branch relative.

Once they made a great contribution to the clan, their status as collateral relatives would be promoted to direct descendants.

Of course, this didn't mean that this family would become a direct descendant. They would only enjoy the treatment of a direct descendant.

But even so, it still made the others go crazy.

Yang Chen understood that the position of a general of a big family was very attractive to those itinerant cultivators and warriors from small forces.

After all, when the Chen Family was recruiting family generals, it was much more lively than the Yuan Family.

“Since you're already here, why don't you go and watch the show?”

Thinking of this, Yang Chen followed the group to the place where the Yuan Family was recruiting family generals.

The Yuan City Martial Arts Practice Field was built by the Yuan Family and was the largest martial arts practice field in Yuan City. Naturally, the recruitment of family generals would be held here.

After taking his seat in the audience, Yang Chen watched the Yuan Family members recruiting their generals with great interest.

Originally, Yang Chen was just here to watch the show, but who would have thought that in the process of a duel, someone would use a hidden weapon and obtain the final victory.

It was normal to use hidden weapons in duels. It depended on whether the rules prohibited it.

However, the Yuan Family forbade the use of hidden weapons.

However, that person seemed to be related to the judge and the Yuan Family members who were recruiting family generals. He used a hidden weapon in such a grand manner and was not punished.

Of course, this was only relative.

For Yang Chen, this little trick naturally couldn't escape his eyes, but for the audience, this person was very secretive.

Only a few sharp-eyed audience members could notice it.

Originally, Yang Chen thought that this was the end of the matter. After all, the organizer and the referee were both people of the other party. How could there be a turning point?

But Yang Chen didn't expect that the turning point would really come.

Among the audience, there was a big shot from the Yuan Family. After this big shot found out about the affair, he was furious.

Not only did he severely punish the person who used the hidden weapon, as well as the referee and the organizer of the selection, but he also specially compensated the person who lost.

This action caused everyone present to cheer.

Smiling faces appeared unconsciously.

Looking at these smiling faces, Yang Chen thought for a moment. He could feel that these smiles came from the heart and there was no trace of acting.

Yang Chen had only seen such a smile on the faces of those who had survived the Beast Tide.

What was the reason that made them feel like they had just survived a disaster?

“Why are they so happy? Would the truth be revealed, or would the Yuan Family be fair?”

“Or is this what they want? Then what is this pursuit?”

Yang Chen furrowed his brows. When he heard the important figure of the Yuan Family say that the Yuan Family had always been fair, Yang Chen’s brows gradually relaxed.

“So, what they pursue is fairness.”

Then, Yang Chen disappeared.

The sudden disappearance of the person next to him would naturally cause a commotion, but this had nothing to do with Yang Chen. At this moment, Yang Chen was planning to verify his thoughts.

In the next ten years, Yang Chen continued to travel in the Hidden Dragon Region. He would look for the selection competition here every time he went to a new place.

Every time he looked at it, Yang Chen had a new experience.

Just like that, there were only thirty-five years left to the hundred years promised by the Array God.

“The desire to live is the foundation, and the yearning for fairness is the pillar of all life.’Yang Chen stood on the stage and looked at the disgruntled faces of the players who had been defeated because of the other party’s underhanded manipulation.

After more than ten years of traveling, Yang Chen had a new understanding of the will of all living beings.

First of all, no matter which living being it was, as long as it existed in the world, it could not avoid the desire for life. With this desire as the foundation, he began to yearn for fairness.

As the Great Dao and the Heavenly Dao, they had to ensure this fairness.

The Heavenly Dao was merciless, but it treated all living beings in this world fairly. Some living beings had strong bodies, but their future was limited.

Some obtained all kinds of benefits in the early stages, but they were unable to ascend to the divine throne for the rest of their lives.

This was the embodiment of the fairness of the Heavenly Dao..

Chapter 612: The Yearning for Fairness and the Relieve of

Death (2)

|

Thinking of this, Yang Chen slowly closed his eyes. At the same time, the illusory Great Dao unconsciously spread out. Unknowingly, this illusory Great Dao had already affected the entire Southern Domain.

Surprisingly, none of the creatures living in the Southern Mountain Range felt uncomfortable.

If the Array God was here, he would definitely discover that this illusory Great Dao had already fused with the Alkaid World, just like the Heavenly Dao.

This meant that Yang Chen's illusory Great Dao had taken another step toward the state of all living beings.

When he opened his eyes again, the Great Dao had already been absorbed into

his body.

At this moment, Yang Chen was exuding a noble aura, as if he was not a living

creature.

Feeling his current state, Yang Chen smiled and said, "Right now, I'm only one step away from opening the Divine Road.

"If the All Beings Realm is viewed as a pavilion, the current me is just short of a

ceiling."

"Then what is this?"

"Or rather, if I were the Heavenly Dao, what would I regard as the peak of the

Realm of All Beings?"

Yang Chen stopped smiling and frowned.

To be honest, Yang Chen was also confused at this moment. After all, other than life and fairness, Yang Chen couldn't think of anything else that could be compared to these two.

A yearning for the future?

However, this was already included in fairness. After all, seeking fairness was a manifestation of yearning for the future.

"It seems that I still need to continue traveling and experiencing.

Then, Yang Chen's figure disappeared again.

Hidden Dragon Region, in a city called Dragon City.

Yang Chen's current identity was a traveling doctor. In order to match this identity, Yang Chen had even changed his appearance and turned into a white-haired old man.

Yang Chen originally thought that with his identity as a doctor, it would be more convenient for him to travel.

However, who would have thought that after arriving at Dragon City, Yang Chen would not be able to leave. This stay lasted for three years.

The reason was that the Long Family Patriarch, who ruled the city, was seriously injured. In order to save the Patriarch, the Long Family invited all the doctors in the world and even sent doctors to treat their own Patriarch.

Originally, Yang Chen wanted to leave, but when he was dragged over, Yang

Chen realized that the patriarch was quite understanding. Even if the doctor could not save him, the patriarch would pay him and let him go without any trouble.

Because of this, Yang Chen reluctantly helped him see a doctor.

Although Yang Chen didn't know any medical skills, it was still relatively easy for him to know the condition of a mere Pulse Unsealing realm martial artist.

Chen Yang knew that the Long Family Patriarch's injuries were just a catalyst. The most important thing was that his lifespan had been exhausted.

His lifespan was nearing. Other than treasures that could extend his lifespan, even a god could not reverse the situation.

However, since he was already here, Chen Yang injected some Holy Qi into the

Long Family Patriarch to keep him alive.

Although it was impossible to say the result, at the very least, it would prevent

the Long Family Patriarch from suffering.

But who would have thought that this treatment would force Yang Chen to stay

in Dragon City.

The Long Family Patriarch was kind to others and was quite popular in Dragon

City. Seeing that Chen Yang had improved the Patriarch's condition, the entire

Dragon City, under the leadership of the Long Family, knelt down in front of

Chen Yang and asked him not to leave.

Even if they couldn't save the old ancestor, they couldn't let the old ancestor suffer.

Seeing this, Yang Chen could only stay in Dragon City.

After all, according to Chen Yang's estimation, the Long Family Patriarch would only live for three years at most. Staying in Dragon City for three years would not affect him much.

Perhaps, he might even find out what that roof was in Dragon City.

Dragon City, Long Family, in a pavilion.

Yang Chen was sipping his tea.

There were many young ladies of the Long Family standing around, serving

Yang Chen.

The current Yang Chen was a distinguished guest of the Long Family. It was not respectful to use a servant to serve him, so they naturally had to send a direct descendant to serve him.

Seeing Yang Chen leisurely drinking his tea, a beautiful young lady from the Long Family said worriedly, "Mr. Chen, is the ancestor really hopeless?" Hearing this, Yang Chen put down his teacup and smiled at the man. "Long Xue, you are also a martial artist, so you naturally know what the end of your lifespan means."¹

"Even a Deity is restricted by the end of their lifespan, let alone us?"

"I've already said that the solution is very simple. You just need to find a treasure that can prolong your life, like the Longevity Extending Pill."

Long Xue's face darkened.

The Longevity Extending Pill was a legendary sixth-grade medicinal pill. The

Long family did not even deserve to look at it, let alone buy it.

As for the other life-prolonging treasures, each one was more valuable than the other. How could the Long family obtain them?

"Sir, are you really..."

"Sir, bad news!"

just as Long Xue was about to say something to Yang Chen, a middle-aged man rushed over.

This person was none other than the patriarch of the Long family.

Normally, the Patriarch of the Long Family would always be by the Patriarch's side. Now that he had come to Chen Yang's side with an anxious expression, the Patriarch of the Long Family would probably be unable to hold on any longer.

As expected, as soon as they arrived at the pavilion, the Long family head hurriedly said, "Sir, quickly go and see the ancestor. The ancestor, the ancestor is about to die."

Hearing this, Yang Chen sighed. "Sigh, the world is unpredictable. Let's go." Then, Chen Yang followed Patriarch Long to the room where the Long Family Patriarch was.

Pushing the door open, what greeted his eyes was a mahogany bed. On the mahogany bed lay an old man.

The old man coughed violently, and beads of cold sweat dripped down from his forehead. He panted heavily.

It was as if in the next moment, this old man was going to die.

Seeing this, Yang Chen quickly went forward and injected some Holy Qi into the old man.

The Long Family Patriarch's aura gradually stabilized as Holy Qi entered his body. Then, the Long Family Patriarch looked at Chen Yang gratefully. "Thank you, sir."

-No need to thank me. As a doctor, this is what I should do.'Yang Chen said. Hearing this, the Long family's Elder shook his head." I can tell that you're not a doctor."

"Because it is impossible for a doctor to cure my illness, but not only did Teacher cure my illness, but he also allowed me to live to the end of my life."

"This is definitely not something a doctor can do.

"Although I don't know why you came to my Long family, I still have to thank you."

The Long Family Patriarch seemed to have used up all his strength to speak. After he finished speaking, he continued to pant.

Seeing this, Yang Chen quickly sent some Holy Qi to the Long Family Patriarch. "Sir, there's no need." The Long Family Patriarch waved his hand, indicating that Yang Chen didn't need to inject more Holy Qi.

"I know. I'm afraid I won't be able to make it through today. Teacher, you don't have to waste your energy."

"This old man has already understood. Isn't death the destination of life?" "Whether they are gods or ordinary people, isn't the outcome death? I merely entered the cycle of reincarnation earlier."

Then, a smile appeared on the Long Family's face.

This smile was like that of a newborn baby. It came from the bottom of his heart and did not carry any other emotions. It looked like he was bidding farewell to this world.

This smile made Yang Chen freeze on the spot.

Because Yang Chen had seen this kind of smile twice. The first time was the desire for life, and the second time was the yearning for fairness.

Then this time, was it a release from death?

Thinking of this, Yang Chen asked, "Don't tell me you can't live?"

"I naturally desire to live, but isn't death also a new life? The relief of death, wasn't it also the desire for new life?" the Long Family Patriarch said with a smile.

'■ The heavens are fair," the Long Family Patriarch continued." No matter who it is, they all walk from life to death."

"We can't change anything. All we can do is let go.

Life to death?

Relieved?

All of a sudden, Yang Chen had many thoughts in his mind. It seemed that the roof that he could not find was about to reveal its true appearance.

Thinking of this, Yang Chen looked at the Long Family Patriarch gratefully. "Thank you. You have solved the doubts in my heart.

Then, Yang Chen took out a Longevity Extending Pill from his storage pouch and placed it in front of the Long Family Patriarch.

“This is a Longevity Extending Pill. Whether you take it or not depends on yourself.”

Then, Yang Chen disappeared.

The Long Family Patriarch’s eyes were filled with a desire to live as he looked at the pill beside his bed. At the same time, tears welled up in his eyes.

“Thank you senior, thank you senior...”

Chapter 613: The Divine Path Appears (1)

Hidden Dragon Region, in a certain city.

Yang Chen strolled around aimlessly. There were only three years left before the deadline set by the God of Arrays.

However, the last layer of the barrier could not be broken no matter what.

“I already know that the final barrier is to die in peace, but why can’t I understand it?”

“Could it be that I have to experience death myself?”

Thinking of this, Yang Chen couldn’t help but shake his head with a smile. How could he experience death?

Not to mention that he had the protection of the illusory Great Dao, unless a god personally acted, no one could endanger Yang Chen's life.

Even if someone could, Yang Chen would not choose to die just to comprehend the Great Dao.

With the Dao Integration Pearl, he could completely live in seclusion. After nurturing Divine Beasts, he could naturally cleanse the world and sweep away the filth.

Thinking of this, Yang Chen continued walking...

Ancient City, a city within the Hidden Dragon Region where the sixth-ranked aristocratic family, the Gu family, was stationed.

With a sixth-rank family like the Gu family, the prosperity of the ancient city could be imagined.

After arriving at the ancient city, Yang Chen also looked around with great interest. This nearly 100-year journey had allowed Yang Chen to gain a lot of knowledge.

Yang Chen had also developed the habit of looking at the culture and customs of every place he went to.

Just as Yang Chen was standing outside a storyteller's counter and was about to listen to the storyteller's story, a commotion suddenly came from the street.

After listening carefully to the noise, Yang Chen couldn't help but smile.

It turned out that the Gu family was the same as the Long family. Their ancestor was about to die, and they wanted to find someone capable to extend his lifespan.

This fate was really wonderful.

After a slight hesitation, Chen Yang agreed to this errand.

Perhaps he could even touch the traces of the Divine Road in this Gu family.

After turning left and right in the ancient city, Yang Chen was finally brought to a side hall of the Gu family.

When they arrived at the side hall, Chen Yang found that there were already many people gathered in the side hall. These people had different appearances and gathered together. They seemed to be discussing the illness of the Gu family's ancestor.

Yang Chen pricked up his ears and listened carefully.

After all, he was recruited as a strange person. He could not possibly not know about the illness of the Gu family's ancestor.

"Brother Liu, I didn't expect to meet you here. Are you confident in healing the Gu family's ancestor?"

"It's difficult. The ancestor of the Gu family is not just poisoned. His lifespan is approaching. Otherwise, with the strength of the ancestor, he would have been able to force out the poison himself."

"That's true. This Gu family's ancestor has already consumed many life-prolonging treasures. How can we have any life-prolonging treasures for him?"

"But if we don't extend his lifespan, with our methods, I'm afraid that the Gu family's ancestor will die before the poison is forced out."

"Besides, even if the poison is forced out, the ancestor of the Gu family doesn't have many years left to live."

"That's right, that's right..."

Listening to everyone's discussion, Chen Yang gradually learned about the situation of the ancient family's ancestor.

First of all, the ancestor of the Gu family was poisoned. As for what poison it was, he was not sure for the time being, but it did not seem to be too troublesome.

The real problem was that the Gu family ancestor's lifespan was approaching.

With his lifespan approaching, the Gu family's ancestor was on the verge of death. He could not withstand the torture at all, let alone remove the poison.

While Yang Chen was thinking, the Gu family walked in and bowed to Yang Chen and the others. Then, they said respectfully, "Masters, I'll leave the ancestor's illness to you."

Then, the Gu family member led everyone to the bedroom where the ancestor was.

When they arrived outside the bedroom, the Gu family member first asked everyone to stay outside. Then, he said apologetically, "Ancestor can't stand the excitement, so I can only let everyone in one by one."

"Master Lu, you're a level six pill master, the pill king here. Why don't you go in and take a look?"

The person called Master Lu was wearing an alchemy robe. He looked old and there were some dregs hanging on his gray beard.

Even though Master Lu was unkempt, none of the people present despised him. Instead, they were thinking of ways to get in touch with Master Lu.

Hearing the flattery of the Gu family and the respect in the eyes of the people around him, Master Lu's eyes revealed a proud expression.

“Little brother, don’t worry. I didn’t come the last few times, so Patriarch Gu has been suffering until now.”

“I’m here today. Although I can’t extend Patriarch Gu’s lifespan, I can still get rid of the blood poison.”

Then, Master Lu went to the Gu family’s ancestor’s room arrogantly.

Although Master Lu’s words and actions were filled with arrogance, he had the right to be arrogant.

A Grade Six Alchemist was considered a top figure even in a dynasty.

This time, if the Gu family had not paid a huge price, Master Lu might not have been willing to come and treat the Gu family’s ancestor.

Time passed by slowly. Not long after, the bedroom door opened.

The Gu family member who had brought Chen Yang and the others here looked up with anticipation, only to see Elder Lu’s dejected appearance.

“This... Master Lu, you don’t have a solution?”

Master Lu shook his head and smiled bitterly. “Little brother, when you asked me to come here, you didn’t say that the blood poison had already penetrated deep into your heart.”

“Of course, the blood poison deep in the heart can also be removed, but no matter what kind of pill it is, the side effects are not something that the current ancestor can withstand..”

Chapter 614: Appearance of the Divine Road (2)

“Unless you can find a life-prolonging treasure, there’s no way to cure this poison.”

“I’ll say it again. What did you do back then? If he had paid attention to it earlier, even a seventh grade alchemist could get rid of the blood poison. How could it have developed into such a situation today?”

Elder Lu’s reprimand made the Gu family lower their heads.

The other party was a level six alchemist. He couldn’t even retaliate if the other party hit him, let alone reprimand him.

Moreover, the other party was right. They were indeed carrying it.

However, the problem was that the old ancestor was unwilling to find a doctor to remove the poison. He said that it would affect his grand plan, so it had been delayed until now.

Seeing that the Gu family was accepting the criticism, Master Lu’s anger dissipated.

Master Lu immediately took out a jade bottle from his chest and handed it to the Gu family.” Since you invited me here, I’ll take responsibility until the end.”

“Although the pills inside can’t get rid of the poison in Patriarch Gu’s body, they can still relieve the pain.”

“At the very least, we can let Patriarch Gu live out his last few years in peace.”

“Thank you, Master Lu.” The Gu family member took the pill bottle and then looked at the others.” Masters, let’s go in and take a look.”

Hearing this, everyone hesitated. After a while, an old man in purple slowly said,“This... If Master Lu doesn’t have a solution, we’ll be wasting our time.”

The Gu family knew that they were afraid of Master Lu.

If they gave a solution, wouldn't it be embarrassing for Master Lu?

Seeing this, the Gu family looked at Master Lu.

"Master Lu," Master Lu said slowly, "In the field of alchemy, the master is always the one who has reached the top. Even a ninth-grade alchemist can become the master of an Alchemy Saint."

"If you have a way, why don't you go in and give it a try? It's not in vain for the Gu family to invite you."

Hearing this, everyone gathered their courage and entered the Gu family's ancestor's room one after another.

Unfortunately, no one had a solution.

Soon, it was Yang Chen's turn.

When they entered the Gu family's ancestor's room, they saw a mahogany bed. The person lying on the bed was naturally the Gu family's ancestor.

Seeing another person come in, the old ancestor of the Gu family looked over expectantly.

When he saw Chen Yang's face, the ancestor of the Gu family frowned as if he was recalling something.

As for Chen Yang, he was looking at the ancestor of the Gu family.

In just two short glances, Yang Chen had a conclusion. Although Master Lu was arrogant, he was indeed capable. His words were not wrong at all.

The blood poison in Patriarch Gu's body had already penetrated deep into his heart. It was extremely painful to get rid of it. With Patriarch Gu's current condition, he could not withstand it at all.

Of course, Yang Chen definitely had a solution.

But the problem was that Yang Chen didn't receive any favors from the Gu family, and the Gu family had nothing that could move Yang Chen, so why would they spend treasures to treat Patriarch Gu?

Of course, if he could see the relieved smile on Patriarch Gu's face, he would be willing to help him.

However, the problem was that Patriarch Gu's face was filled with a desire to live and a fear of death.

After taking a glance, Yang Chen pretended to be helpless and shook his head before he walked out.

Seeing Chen Yang come out and the troubled look on his face, the Gu family members 'expressions darkened.' This Gu thanks everyone. Don't worry, everyone. This Gu won't let everyone come for nothing.'"

Immediately, the Gu family members planned to leave with Chen Yang and the others. At this moment, an old voice came from the Gu family ancestor's room.

"Wait!"

Then, Patriarch Gu stumbled out of the room.

Seeing this, the Gu clan member quickly went up to help his ancestor.

However, no one expected that the ancient ancestor would push away his clansmen and then come to Chen Yang.

With a thud, the Ancient Ancestor knelt down and begged, "Senior, please save this old man's life!"

This change stunned everyone.

What was going on with Patriarch Gu? Was he crazy? Why did he call a young man senior?

As for Master Lu, he looked at Yang Chen in disbelief.

Senior? Could it be that this person was an amazing existence?

Could it be?

Was this person one of those old monsters who had retained their looks?

At the thought of this, Master Lu also knelt down. When the others saw this, although they could not figure out the identity of the person in front of them, they also knelt down.

Looking at the kneeling crowd, Yang Chen touched his face in confusion.

With this touch, Yang Chen remembered that he didn't disguise himself. But how did this Ancient Ancestor recognize him?

Thinking of this, Yang Chen looked at Patriarch Gu, "How do you know me?"

Patriarch Gu quickly replied, "Senior, I've been there to fight and saw your elegance with my own eyes!"

"Where?"

Yang Chen frowned. The place Ancient Ancestor was talking about should be the Land of Evil Demons.

If he had been to the Land of Evil Demons, then it wouldn't be strange for him to recognize him.

Yang Chen nodded." Although you know me, I really don't have anything that can save you.""

"Or rather, your life isn't worth me spending a supreme treasure to save you."

Hearing this, Patriarch Gu was a little anxious. Just as he was about to say something, he suddenly realized that Yang Chen was telling the truth.

That's right, what was Yang Chen's identity, and what was he? Why should he help him?

Moreover, if they were too noisy, it was possible that they would destroy the Gu family with one palm.

Thinking of this, Patriarch Gu couldn't help but shiver. Only then did he realize how dangerous his previous actions were.

Fortunately, Chen Yang was a bloodthirsty person.

Seeing the Ancient Ancestor remain silent, Chen Yang wanted to leave, but on second thought, since he was already here, why not ask the Ancient Ancestor? "Patriarch Gu, are you afraid of death?" Yang Chen asked."

"I'm not afraid." What Yang Chen didn't expect was that Patriarch Gu subconsciously said that he wasn't afraid of death.

Seeing this, Yang Chen smiled and said,"Since you are not afraid of death, why do you try every means to ask others to save you?""

Hearing Yang Chen's words, Ancient Ancestor raised his head and slowly said,""I was forced to do this. It doesn't matter if I die, but once I die, the Gu family's huge family business will probably become a death wish for my Gu family."

“That’s why I want to live a little longer. It’s best if I can hold on until the family gives birth to another martial artist.”

“As for death itself, I’ve lived for so long that I’ve long seen it clearly.”

“The so-called death is just a path that we have to go through. Everyone will experience it. What’s so special about me?” At this point, a relieved smile appeared on Patriarch Gu’s face.

This smile was the kind of smile that was relieved of death.

Seeing this, Yang Chen couldn’t help but frown.

Patriarch Gu was indeed as he had said. He had already accepted death, but he still didn’t want to die. He still wanted to live, because he knew that only by living could the Gu clan maintain its current power.

Thinking of this, Yang Chen’s mind lit up.

This light came and went quickly, making Yang Chen frown and think seriously.

When the others saw this, they obediently prostrated on the ground. They did not dare to say a word, afraid that they would disturb this terrifying expert.

Yang Chen’s eyes lit up.

How could Patriarch Gu’s current situation not contain the Great Dao?

Relaxation towards death did not mean giving up on the desire to live, because only by living could they fight for fairness.

Life was the foundation of everything, and death was just the end.

The relief of death could stimulate the desire for life and the yearning for fairness.

Thinking of this, Yang Chen's body unconsciously emitted an illusory Great Dao, and this illusory Great Dao became larger and larger. Gradually, it enveloped the entire dynasty.

Yang Chen quickly disappeared after he noticed his change.

However, before he left, he left a treasure that could prolong his life for the Gu family's ancestor.

In a certain mountain range in the Hidden Dragon Region, Chen Yang sat with his eyes closed, wantonly emitting an illusory Great Dao. As time passed, the range of influence of this Great Dao became farther and farther.

An empire, an empire, the territory of a rank four force, the Hidden Dragon Region, the Southern Region...

Half a day later, the entire Alkaid World was enveloped by the Illusory Great Dao.

All the living beings in the Alkaid World were turned into nothingness at this moment.

However, they did not notice that the situation had collapsed.

They couldn't sense it, but the God of Arrays did.

In the Void Hall, looking at the illusionary Alkaid World, the Array God smiled excitedly and said, "The will of all living beings! All Beings Realm!"

"Yang Chen's Divine Path has finally opened!"

Chapter 615: A Great Change Is Coming

Alkaid World, in a certain mountain range in the Hidden Dragon Region.

The Array God smiled at Chen Yang. He really didn't expect Chen Yang to have opened the Divine Road in just a few years.

Next, he only needed to concentrate on cultivation and advance to the God Realm.

Thinking of this, the Array God smiled." Congratulations, Illusion Saint. Once this Divine Path is opened, you only need to focus on cultivation and you will be able to reach the Divine Position."

"By the way, over the past few decades, I've collected some Time Great Dao Crystals that can open a five-year Time Mystic Realm."

"In these five years, you can focus on cultivating in the Time Mystic Realm."

Hearing this, Yang Chen was stunned. Didn't they say that they would only give him 100 years? Why did it take another five years?

Thinking of this, Chen Yang asked," Lord Array God, according to the hundred years you gave, there are only three years left. How come there are two more years?"

"You said this,"

The Array God smiled." This five-year period is my estimate. Based on the current situation, you still have a few decades to cultivate."

“Of course, that’s hard to say.”

“The formation has been destroyed for a while and is already on the verge of collapse. It might be damaged tomorrow and it might be able to last for another few thousand years.”

“Now that things have come to this, we can only pray that the heavens are on our side.”

Yang Chen understood. From the looks of it, the current situation could not be underestimated.

Fortunately, as long as he raised a subdued beast to the divine beast realm, the Dao Integration Pearl would make up for his cultivation by one level.

Yang Chen’s cultivation was at Saint Level 2. In other words, he only needed eight Godly Beasts to ascend to the God Throne.

It would not take much time to nurture eight divine beasts.

At most, it would take 4.80 years.

This was also because Yang Chen had yet to become a First Rank Aristocratic Family. If he had become a First Rank Aristocratic Family, he would have been able to settle it within 200 years.

“From the looks of it, as long as the Array God holds on for these two years, the evil demon calamity can be completely wiped out!”

“With the Array God’s strength, it shouldn’t be a problem for him to hold on for these two years.”

After thinking for a moment, Yang Chen smiled and said, “Thank you, Array God.”

“No need to thank me.” The Array God waved his hand. “This is also good for me and the Alkaid World. Alright, time is of the essence. Illusion Saint, come back to the void with me.”

Then, the Array God's figure disappeared.

As for Chen Yang, he also disappeared under the lead of the Dragon Ancestor.

In the void, outside the Time Secret Realm, the Array God looked at Chen Yang as he walked into the Time Secret Realm and said with a complicated expression, "Sigh, I hope we can make it in time."

"I also hope that the treasure in Chen Yang's hands will be more powerful. I hope that he can nurture more Divine Beasts in these 500 years."

"Unfortunately, I can't know the situation in the mystic realm. Otherwise, I would be able to know the progress of Chen Yang's cultivation of the Divine Beast."

Then, the Array God turned around and left. He continued to guard the Void Hall, constantly guarding against the waves of attacks from the Evil Gods and Evil Demons.

At the same time, in the void tens of millions of miles away from the Alkaid Realm, there was also a bustling hall.

There were many demons living in this hall, and these demons all served the master of this hall, the evil god!

Sitting on the throne, the Evil God lazily glanced at the Evil Spirit Saint beside him. "Yuanhai, how is it? Are you still not confident in destroying the array of the Array God?"

Hearing Evil God's question, drops of cold sweat appeared on his forehead. He said in fear, "Report to the Evil God, Report to the Evil God." Still lacking a little.

"Hmm?"

The Evil God's eyes turned cold." The array is on the verge of collapse. Even if no one destroys it, it won't last long."

"What? You can't even destroy a grand array that's about to decline?"

Hearing the Evil God's accusation, Yuan Hai knelt down in front of the Evil God and kept kowtowing." Lord Evil God, I know my mistake!"

"Don't worry, I'll definitely be able to break the array god's array within two years."

"Get up." The Evil God waved his hand in frustration and sighed,""I can't blame you for this. After all, that was a grand array set up by the Array God."

"In terms of the Array Dao, the Array God can be said to be the strongest in both worlds since ancient times. It's normal that you can't destroy it."

"However, I hope that you will hurry up. I have already waited for 100,000 years and I don't want to wait any longer."

"Yes, sir!" Yuanhai hammered his left chest with his right hand." Lord Evil God, don't worry. I will destroy the formation within two years.""

Then, Yuan Hai bowed and retreated.

After the sea disappeared, the Evil God snorted,""Humph! A piece of trash who had received a precious array formation inheritance was actually so useless!"

"If you weren't the only one in my clan who could receive this inheritance, I would have crushed you to death long ago."

“If the Array God comes into contact with this treasure, I’m afraid our Holy Clan will return to the era of the illusory gods from millions of years ago.” “Sigh, the conflict between the two worlds must end in my hands!”

At this point, the Evil God’s eyes were filled with fighting spirit and a vision for the future.

Time passed bit by bit. Unknowingly, a year had passed in the outside world.

As for Chen Yang, who was in the Secret Realm of Time, he had spent a hundred years.

Over the past hundred years, Yang Chen’s strength had improved by leaps and bounds.

Among his subdued beasts, there were two new divine beasts. They were the Golden-Winged Roc and the Qiong Qi..

Chapter 616: A Great Change Is Coming (2)

i °

This Qiong Qi was the evolved form of the heavy-eyed four-winged tiger.

At the same time, Yang Chen’s cultivation had reached Saint Level 4, and the Chen Family had become a first-rank aristocratic family.

Moreover, judging from the current speed at which the Dao Integration Pearl was accumulating energy, Chen Yang would be able to control ten subdued beasts that had reached the Divine Beast realm in less than a hundred years. His cultivation would also reach the Divine Realm.

Of course, Yang Chen, who was satisfied with his progress, did not know that the outside world was already filled with a strange atmosphere.

In the Array God Hall, the Array God looked at the Heavenly Secret Saint and rubbed his temples.”
Heavenly Secret, you still don’t understand why the demons have been so crazy recently?”

“No, I haven’t.” The Heavenly Secret Saint shook his head with a bitter smile.

In the past month, the Evil Demon Clan had attacked the Alkaid World crazily It was not only limited to the Evil Demon Land, but even in the void, there were many Evil Demons attacking the array fearlessly.

The evil spirit’s abnormal behavior immediately attracted the attention of the Array God. Unfortunately, no matter how he investigated, the Array God could not find the reason.

Was the evil god crazy?

The God of Arrays felt that the Evil God couldn’t have gone crazy, so there was only one possibility. The Evil Demon Clan was plotting something.

Then, what was the evil god plotting?

The Array God and the Heavenly Secret Saint fell into deep thought at the same time. After a while, the Heavenly Secret looked at the Array God.” Lord Array God, we can change our way of thinking.”

“Change your train of thought?” The God of Arrays raised his eyebrows and continued to speak.”

“Yes.”

Tianji Saint nodded and said,““No matter what scheme these evil gods and devils are brewing, their goal is ultimately the same. That is to destroy the array and attack Alkaid World.”

” If we think about it from this perspective, then everything the evil gods are doing now should be in preparation to destroy the array.”

“Destroy the formation!” The Array God’s expression changed, and he immediately closed his eyes to carefully examine the array.

He wouldn’t have known if he hadn’t checked, but the moment he checked, the Array God was shocked.

Although this array looked safe and sound, if one looked carefully, they would be able to sense that this array was already strong on the outside but weak on the inside. It was estimated that it would not be long before the array collapsed.

After sensing this change, the Array God’s eyes were filled with worry.” I didn’t expect an array genius to appear in the Evil Demon Clan.”“

“Tianji, it’s fortunate that you warned me early. Otherwise, I’m afraid that this array won’t be able to hold on for another month.”

“Then, Lord Array God, what do you plan to do?” Tianji asked.”

” Naturally, I want to find a way to break the evil god’s scheme.”The Array God suddenly stood up and then looked at the Heavenly Secret Saint.” Heavenly Secret, I’ll leave the command of the Alkaid World to you.”

With that, the Formation God instantly disappeared.

Looking at the empty hall, the Heavenly Secret Saint was stunned for a moment before sighing faintly.” Sigh, Chen Yang, hurry up and break through to the God Realm. The Alkaid Realm can’t hold on much longer.”

The Heavenly Secret Saint wasn’t confident that the Array God could break the evil god’s scheme.

After all, the Evil God’s strength far surpassed the Array God. It was easy to stall him. Then, all he needed to do next was to destroy the array for a moment.

Of course, the Array God definitely had a way to counter it.

But this method could only delay time and not solve the evil god's scheme. At this moment, he could only pray that Chen Yang would break through quickly and save the Alkaid World. At the very least, he had to maintain his current state.

In the Evil God Hall, the Evil God who was sitting on the throne suddenly opened his eyes." As expected of the Array God. He discovered it so quickly."" "But so what if you discovered it? With me here, you can only accept the outcome of this grand array being destroyed by us."

Then, the evil god disappeared.

When he reappeared, the Heretic God had already appeared in front of the Array God.

After sizing up the Array God, the Evil God revealed a devilish smile." Array God, you dare to come out alone. Aren't you afraid that I'll kill you here?""

"Stop joking." "You and I both know the ability of a god. You can't kill me yet." The Array God sneered."

"You're right. I really can't do it."

The Evil God clapped and smiled,""However, I can suppress you. With time, I

can destroy a god like you."

Hearing this, the Array God's eyes revealed a hint of fear.

Time was the most terrifying weapon in the world. No matter who you were, you could not resist the erosion of time and would eventually become a pile of bones.

However, in the blink of an eye, the fear in the Array God's eyes disappeared and was replaced by a strong fighting spirit." You can try.'"

"Hahaha, Array God, you're still as hot-tempered as ever. If you're like this, how are you going to rule this world?"

"It's better to hand over the Alkaid World to me. I can guarantee that I'll spare your life and let you still enjoy the honor of a god.'The Evil God laughed.

"Leave it to you?" "Since when is it a beast's turn to bargain with humans?" The Array God sneered."

Hearing that, the Evil God's expression changed and a cold light appeared in

his eyes." You're courting death!'"

Immediately, a fierce battle broke out between the two gods.

The space shattered, and the chaotic air devoured everything in the void along with the spatial turbulence. Even the Great Dao was trembling in the battle between the two gods.

This battle lasted for half a month before the two sides stopped.

From the outside, the Formation God and the Evil God didn't seem to have any injuries, but both of them knew that the other party wasn't feeling well.

Between them, they were all using the power of the Great Dao to fight. From the outside, it was naturally impossible to see anything.

"Bah!"

The Heretic God spat out a mouthful of blood and instantly felt relieved. He grinned and said, "Array God, you must be feeling terrible."

"I know why you're here, and I'm not afraid to tell you that as long as I'm here, you can forget about ruining my grand plan."

"Unfortunately, I've already destroyed it." The corners of the Array God's mouth curled into a sinister smile.

"What?" The Heretic God's expression changed and he quickly sent out a part of his mind to investigate. When he saw Yuan Hai's anxious look, he knew that the Array God was right.

"Good! You Array God!"

"Hmph!" The Evil God snorted coldly. "You were actually able to divert your attention to destroy my plan when you were fighting me."

"I admit that you can be considered the strongest in the Dao of Formations."

"But don't forget that my strength still far exceeds yours!"

Then, the Evil God burst out with terrifying divine Qi. However, this divine Qi did not attack the Array God. Instead, it turned into a barrier and surrounded the Evil God Hall.

The Evil God sat in the air above the hall and sneered, "Didn't you rely on your grand formation to stop my Holy Race in the void?"

Today, 111 learn from you and block you in the void."

"Your previous destruction only delayed it for ten months. I want to see what you will do next!"

Hearing this, the Array God's eyes revealed a worried expression. He wanted to attack this barrier, but in the end, he put down his hand.

Hahaha!" Seeing this, the Evil God laughed maniacally. Array God, if I were

you, I would hurry back and prepare for the battle."

"Staying here is just a waste of time!"

Hearing the Heretic God's words, the Array God narrowed his eyes and turned to leave.

Looking at the back of the Array God, the Evil God's eyes revealed a victorious

look." Soon, this is only the first step.'"

Next, destroying the great war and occupying the entire Yaoguang Realm is my ultimate goal!"

In the Array God's main hall.

Seeing that the Array God had returned, the Heavenly Secret Saint hurriedly went up to him. ■' Array God, how is it?"

The Formation God sighed faintly." Sigh, prepare for the final battle."

Hearing this, the Heavenly Secret Saint's expression darkened, and he immediately nodded his head forcefully." Array God, don't worry. We're willing to live and die with the Alkaid World!"

Looking at the determined expression on the Heavenly Secret Saint's face, the Array God smiled and said,""What are you worried about? With me around, you have to queue behind me even if you want to die."

“Besides, if the evil god is prepared, why can’t I be prepared?”

With that said, the Array God took out an array disc. A pained expression flashed across his eyes, but he still resolutely threw the array disc into the Alkaid World..

Chapter 617: Array Broken, Alkaid World Despair

1 r

Time passed bit by bit. It had been ten months since the last collision between the Array God and the Evil God.

It had been a year and eleven months since Yang Chen had gone into seclusion.

In these ten months, the Evil God and the Array God didn’t have any conflicts. It seemed like both sides wanted to maintain the status quo and coexist peacefully.

However, regardless of whether it was the experts of the Evil Demon Clan or the human race, they all knew that this was the last calm before the storm.

In the void, in the Evil God Hall.

The Evil God came to Yuan Hai’s side and looked at him coldly.” It’s been ten months. You still haven’t broken the array?””

“This lord’s patience is limited. If you still can’t complete this lord’s mission even if you temporarily let the Alkaid World go, this lord will still use your ’ blood as a sacrifice to the flag!”

Yuan Hai trembled and said,”“Sir, don’t worry. I’ll definitely break the array formation today.”

Yuanhai was also very aggrieved. In these few months, Yuanhai had completely comprehended the array set up by the Array God. He was only one step away from removing the array.

However, this last barrier was like a natural moat, blocking the sea of the sea.

“Damn it! What else was this array hiding? Why can’t I break it!”

Yuanhai was also a little anxious. After all, he had made a military pledge. No matter what, he had to break the array today.

Unfortunately, it was useless to be anxious about such things.

Yuanhai could only calm down and continue to unravel the array formation of the array.

“Hu! Don’t be anxious, take your time.”

Perhaps because his life was in danger, the Abyssal Sea erupted with power that far exceeded his own level. This extremely complicated array actually became simple.

But unfortunately, this state could make the Abyssal Sea do more with less effort. Unfortunately, the array god’s great array surrounded the entire Alkaid World, so it was naturally not so easy to deal with it.

Time passed bit by bit. Unknowingly, there was only one or two hours left until the day.

As time passed, cold sweat dripped from Yuanhai’s forehead. The entire Evil Demon was extremely nervous.

“What is it? What is this barrier?”

“Wait! What is this?”

Yuanhai's eyes lit up. This was because there were actually some mistakes in the array set up by the Array God in front of him.

Could the Array God make a mistake?

Of course it was possible, but this array had already been set up for 100,000 years. Even if there were any mistakes, it would have been repaired by the Array God long ago.

But why were there still mistakes in this array?

That meant that this was not a mistake at all. It was the last barrier to stop the destruction of the grand array.

Thinking of this, Yuan Hai's eyes revealed admiration." As expected of the

Array God. He actually used a mistake as a backup plan for the array."

"If I didn't believe in your strength, you definitely wouldn't have made such a mistake."

After sorting out his thoughts and knowing how to destroy the array, Yuan Hai excitedly found the Evil God." Lord Evil God, I already know how to remove this array!"

"Is that so?" The Evil God's eyes were filled with excitement." Alright pass on my divine order. All Saints, Emperors, and Kings must gather within a day."

Those who disobey will be killed without mercy!"

"Yes, sir!"

Yuan Hai replied excitedly and quickly conveyed the Evil God's order.

Yuan Hai knew that as long as he annexed the Alkaid World, it would be the greatest contribution and the Evil God would definitely not be stingy with his rewards.

Perhaps, he might even reward the Alkaid World to it.

Thinking of this, Yuanhai became even more excited. He started to deliver the news of the Evil God and became even more diligent.

A day later, outside the Evil God Hall.

Looking at the demons that were emitting terrifying auras, the Evil God nodded in satisfaction.

More than 80% of the experts from the Evil Demon World were gathered here, excluding those who needed to guard the Evil Demon World. All the power of ' the Evil Demons had been gathered here.

With so many evil demon powerhouses, were they afraid that they would not be able to flatten the Alkaid World?

At the thought of this, the Evil God's eyes were filled with boundless heroism." Everyone! The conflict between us and the Alkaid Realm has been going on for tens of millions of years!"

" But from today onwards, this prolonged dispute will end in my hands and in your hands!"

At that time, you will be able to leave your names in history with me!"

"Your names will be recorded in the history books of the future! "They will record that you followed me and wiped out our great enemy, ending the war that has lasted for tens of millions of years!"

The Heretic God's words completely roused the morale of the evil demon powerhouses.

Almost every single one of them had a strong fighting spirit and heroic spirit in their eyes.

Under Yuan Hai's lead, they shouted in unison.

"flatten the Alkaid World! Vanquishing Yaoguang World! Wipe out the Alkaid World!"

Seeing that their morale had been completely roused, the Evil God's eyes revealed a satisfied expression. Then, the Evil God pointed at the Alkaid World and said coldly, "'Let's go!"

In the Array God's main hall.

The Array God looked in the direction of the Time Mystic Realm with some worry." Sigh, I wonder how many Divine Beasts Chen Yang has nurtured The situation is changing a little fast. There's not much time for you to cultivate.'" The Array God knew that his grand array probably could not hold on for much time.

Who asked a demon who was good at array formations to appear among the demons?

Thinking of this, the Array God smiled bitterly and said,"God, could it be that you really abandoned my Alkaid Realm?"

Just as the Array God smiled bitterly, a powerful aura suddenly came from the outside world. Sensing this aura, the Array God's expression changed..

Chapter 618: Array Broken, Alkaid World Despair

Immediately after, the Array God flashed to the outside of the Array God Hall.

At the same time, saints and emperors also appeared around the Array God. They looked ahead with the Array God, and everyone was shocked.

That was because in front of them, there were many evil demon experts emitting terrifying auras. They were following behind the evil god and looking at them with cold smiles.

Seeing this, the Array God narrowed his eyes and snorted coldly, "Humph! Evil God, do you want to start the final battle?"

"Or do you have the confidence to break my formation?"

"If not, I advise you to retreat as soon as possible. Don't joke around with the lives of your clansmen!"

"Hahahaha..."

The Evil God laughed arrogantly. After laughing enough, the Evil God said coldly, "Array God, stop bluffing. I dare to lead my clan's experts here, which means that your turtle shell can no longer stop us!"

Then, the Evil God looked at the Abyssal Sea.

Seeing this, Yuan Hai stepped forward and took out a special ball from his pocket. Then, Yuan Hai threw the ball into the array.

In an instant, the array set off waves of ripples. It looked as if it was on the verge of collapse, as if it would be destroyed in an instant.

Seeing this, the Array God's expression changed. He hurriedly mobilized the power of the Great Dao in his body, wanting to repair the array.

However, how could the Heretic God let the Array God do as he pleased? When the Array God mobilized the power of the Great Path, the Heretic God also mobilized the power of the Great Path in his body to fight with the Array God.

At the same time, the Evil God looked at the Abyssal Sea." Abyssal Sea, continue to destroy the array. The rest of the experts, protect the Abyssal Sea!"

Seeing this, Yuanhai hurriedly mobilized the spiritual energy in his body and broke through the array layer by layer.

When the other human experts saw this, they wanted to stop him. However, just as they moved, they were stopped by the evil demon experts.

In the end, the strength of the Evil Demon Clan still surpassed that of the human race.

Even if the human powerhouses tried their best to resist, it was still useless. They could only watch helplessly as Yuanhai destroyed the array.

As time passed, the array was ultimately unable to resist.

As Yuan Hai let out a smug laugh, the grand array that had protected the Alkaid World for 100,000 years completely shattered like glass at this moment.

"Hahahaha..."

Seeing that the array was broken, the Evil God laughed maniacally. Then, he looked at the Array God." Array God! No matter how much you schemed, you still couldn't protect this Alkaid World."

"I still have the same words. As long as you rely on me, I can guarantee that you will continue to be the ruler of this Alkaid World."

"We won't exterminate you humans. We will only extract a portion of you from time to time to increase our strength."

"Humph!" "You put it nicely, but you're just planning to rear us humans like livestock."

“As long as I’m here, don’t even think about getting your way!”

Hearing the Array God’s words, the Evil God’s expression turned cold.” You’re still obstinate! Do you think you can stop me with just you?”

With that, the Evil God erupted with all its strength. A dense divine qi quickly burst out, and with the power of the Great Dao, it suppressed the Array God until he retreated.

At the same time, the Evil God pointed at the Alkaid World.” Sons, go and kill!”

Hearing this, the evil demons let out cruel laughter and flew towards the Alkaid World together. The closer he got to the Alkaid Realm, the wider the smile on his face became.

It was as if they had already seen the scene of them wantonly slaughtering in the Alkaid Realm.

But just as they were about to enter the Alkaid World, the Alkaid World suddenly condensed into a large array again.

This formation was like a barrier, blocking the demons outside.

Seeing this, Yuanhai said with an incredulous expression,”“No, I can’t! This was impossible! I’ve already broken the array, how can this array still remain!” “Enough!”

As if his subordinate was making a fuss, the Evil God’s expression was also a little ugly.” This is not the previous array. It’s a new array that the Array God condensed according to the power of the Great Dao.”

”I estimate that this formation has already consumed 100,000 years of the Formation God’s lifespan.”

“Array God, is this worth it?”

The Heretic God looked at the Array God with confusion.

In the eyes of the evil god, the Array God's actions were unnecessary. He had spent 100,000 years of his lifespan to protect his own kind. In the eyes of the evil god, this was extremely stupid.

However, the Array God smiled indifferently. "What's there to be concerned about? As long as I can stop you, I'm willing to bear the cost of 200,000 or 300,000 years of lifespan, let alone 100,000 years!"

"Your courage is commendable."

The Evil God clapped and then sneered, "But you probably don't know, Array God, but my cultivation has improved again."

"I might not be able to break the formation you set up earlier, but this temporary formation of yours is unable to stop me!"

In an instant, the Evil God released another aura.

This aura was much stronger than before.

Sensing this aura, the Array God's face revealed horror and despair. Could it be that the Alkaid World was really going to be destroyed?

After revealing its aura, the Evil God suppressed the Array God while circulating the power of the Great Dao in its body. Together with the divine qi, it attacked the array above the Alkaid Realm.

All of a sudden, a fist phantom that was 30,000 meters tall appeared.

The fist shadow contained the power of the Great Path. Under the pressure of the power of the Great Path, the space around the fist shadow continued to crack. Spatial turbulence appeared and added to the shadow, adding a lot of power.

At the same time, under the influence of the divine Qi, the spiritual Qi of heaven and earth within tens of thousands of miles was attracted.

As ordinary Spiritual Qi of Heaven and Earth, a little bit of it might not have much power, but when tens of thousands of miles of Spiritual Qi gathered in a martial art, the power was enough to destroy the world.

The aura of this fist phantom even caused beads of cold sweat to appear on the Array God's forehead. He felt great pressure.

The Array God knew that he absolutely could not withstand this move.

Then, could this array that had consumed 100,000 years of his lifespan and condensed using the power of the Great Dao of Arrays withstand it?

Soon, reality told the Array God the answer.

After the condensation of spiritual energy, the fist shadow quietly disappeared and reappeared in front of the array.

Then, his fist landed.

Bang!

A loud sound that resounded for ten thousand miles sounded out. The fluctuation of this explosion even made the Alkaid World tremble.

The shockwave spread out and devoured everything it encountered.

Feeling the aftershock, the Evil God and the Array God even gave up on each other for the time being. They used their methods to protect the experts of their respective races.

The Heretic God and the Array God knew that even Saints couldn't withstand the shockwaves.

When the shockwaves dissipated, everyone looked at the formation.

Could this grand array still withstand it?

Under the watchful eyes of the demons and humans, the grand array held up for a moment before shattering like the previous grand array.

Seeing this, the Evil God laughed wantonly again. "Hahahaha, Array God, you can't stop me in the end!"

Seeing this, the other demons also shouted excitedly. Their eyes revealed unconcealed killing intent.

Finally, he could finally kill to his heart's content.

Unlike the demons who were excited, the humans were shrouded in despair.

Even the array god's grand array could not protect the Alkaid World. Could it be that this Alkaid World was really going to perish?

Even the Formation God himself was filled with despair towards this battle.

The Array God knew that once the array was broken, he would not be able to stop the evil god.

"I didn't expect you to break through again. Perhaps the heavens are really on your side."

The Array God smiled and looked at the Evil God. "But you have to know that I will not let you easily annex the Alkaid World."

"Since my formation can't stop you, then I'll use me to stop you!"

Then, a destructive aura emanated from the Array God's body.

Sensing this aura, the Evil God's expression changed drastically. "Damn it! You actually plan to self-destruct! Are you crazy?"

The power of a God's self-destruction was much stronger than the Evil God's martial arts. Even the Evil God himself could not guarantee that he could withstand it.

This was also why that Spirit Advent Pill would become the foundation of the Alkaid World.

But even if the Array God wanted to self-destruct, the Heretic God had no intention of retreating. Since he chose to annex the Alkaid World, the Heretic God was prepared to sacrifice everything.

When the Formation God saw this, his expression darkened.

Since his self-destruction couldn't scare them away, he could only pray that his self-destruction would take away as many demons as possible.

If he could take the evil god away, that would be even better...

Just as the Array God made up his mind to self-destruct, lightning clouds suddenly gathered in the sky.

A familiar figure appeared under the thunderclouds.

"Yang Chen!"

Chapter 619: The Final Battle (Finale)

In the void, clouds of thunder gathered and finally condensed into a cloud of thunder that stretched for nearly a million miles.

The thunderclouds contained terrifying energy. Even a god would be shocked when he sensed this energy.

Even the two gods took action personally and used their divine power to protect everyone from being affected by the thunderclouds.

This change caused the demons and human experts to be stunned on the spot. Every living being had a look of disbelief on their faces.

As the strongest beings of their respective planes, they naturally knew what these thunderclouds represented.

This was the Divine Tribulation!

Someone was about to break through and become a god!

The evil god looked at the thunderclouds in front of him with a gloomy expression. It never thought that it was about to annex the Alkaid World. In the end, there was actually someone in this Alkaid World who wanted to break through to God Realm!

Damn it, are you so naive that you won't help me?

With one more god in the Alkaid World, there would naturally be many changes.

However, the Evil God did not dare to disturb the person who was undergoing the tribulation. Once the God Tribulation was disturbed by a living being, the tribulation would increase by more than ten times.

Even evil gods couldn't withstand such power.

Not only could the evil gods not disturb the person who was going through the tribulation, but they also had to be wary of the humans in case they did something desperate.

Speaking of which, it was quite ironic.

“Humph! I’ll let you transcend the tribulation!”

The Evil God snorted coldly and said, “Even if your Alkaid Realm has another God, you’re definitely not my opponent.””

“You still can’t change the ending!”

Unlike the Evil Demon Clan, the Array God’s side was in ecstasy.

He had clearly fallen into despair, but now he had been saved from death. Such joy was naturally indescribable.

“Chen Yang! You have finally succeeded!

The Array God said excitedly, “With the power of the Illusory Great Dao, as long as Chen Yang breaks through to the God Realm, even if he can’t defeat the evil god, he definitely won’t let the evil god attack our Alkaid World.””

“With Chen Yang’s divine beast, perhaps we still have a chance of winning?”

The Array God knew that the scale of victory and defeat this time was already gradually tilting towards the Alkaid World’s side.

Of course, all of this depended on whether Yang Chen had successfully transcended the tribulation.

Under everyone's gaze, Yang Chen slowly opened his eyes.

When he saw the lightning tribulation above his head, Yang Chen's mouth curled into a smile." I didn't expect this to be the God's tribulation.""

"The Array God once said that in the face of the Divine Tribulation, I can't use the Illusory Great Dao and the Illusory Divine Meridian. I can only rely on my own strength to resist."

"But I also left a backup plan. I deliberately pushed both subdued beasts into the divine beast realm at the same time."

"In that case, not only can I break through to become a God, but I can also accumulate a little more in the God Realm."

"Although this isn't enough, at the very least, it's a little stronger than those who want to transcend the tribulation just to break through to the divine realm."

"I naturally have more confidence in transcending the tribulation."

After muttering to himself, Yang Chen looked at the lightning pillar that was still brewing in the sky. Let me see how terrifying your God Tribulation is!"

As if responding to Chen Yang, the lightning pillar that was dozens of miles wide and contained the power of a God's attack quickly entered Chen Yang's body.

Terrifying waves spread out, making many Saints shiver.

Oh my god, is this the Divine Tribulation?

Was there really anyone who could withstand such a terrifying calamity?

Obviously, someone had to be able to block it. Otherwise, there wouldn't be a group of gods.

Today, there would be another name for those who resisted the Divine Tribulation. This name was Chen Yang.

Hualala!

After the lightning pillar that was like a flowing river was completed, Yang Chen's figure was revealed in front of everyone.

What shocked everyone was that Yang Chen did not change at all. It was as if the lightning tribulation had not struck Yang Chen.

Could this be the ability of the Illusory Great Dao?

However, the Divine Tribulation would clearly seal all Great Daos and bloodlines!

Could it be that Yang Chen had other tricks up his sleeve?

Yang Chen's eyes were also filled with astonishment. He had wanted to mobilize the Divine Qi in his body to resist the lightning pillar.

However, at the critical moment, the Dao Integration Pearl released a beam of light.

Accompanied by the light beam, Yang Chen was shocked to find that he could actually use the ability of the Illusory Great Dao.

Although it could only be an illusion, it was enough to withstand a myriad of treasures.

"I didn't expect this Dao Integration Pearl to actually help me overcome the Lightning Tribulation."

“In that case, let’s continue.”

Immediately, bolts of lightning struck down, but unfortunately, these bolts of lightning were unable to harm Chen Yang, who was in an illusion.

Finally, the Thunder Tribulation ended. Yang Chen’s aura rose steadily and finally stabilized at the God Realm.

Feeling the terrifying energy in his body, Yang Chen revealed a satisfied smile.” So this is a god? As expected, his strength far surpassed that of a Saint.”

“Then, it’s time to deal with these demons!”

Yang Chen’s eyes were like lightning as he stared at the evil spirit not far away.

When he came out, Yang Chen had already noticed this group of demons. With Yang Chen’s intelligence, how could he not see that this group of demons had already broken the array of the Array God and was planning to fight the final battle.

A great change was coming!

Fortunately, he had successfully caught up with the great change.

Sensing Yang Chen’s gaze, the Evil God removed the barrier and grinned,””However, he has just broken through to the God Realm.. He might not even be able to defeat an Array God, yet he still dares to look at me like this?”

Chapter 620: The Final Battle (The Final)

“Alright, I’ll let you see today. There’s also a clear gap between gods!”

Then, the Evil God exploded with a terrifying aura again.

This aura was so strong that it even suppressed Chen Yang and the Array God.

The two of them also burst out with all their divine qi to be able to hold off the evil god.

“As expected of the strongest evil god since ancient times. He’s just not ordinary!” Yang Chen’s eyes flashed with a playful look. “But today, even if there is another you, it won’t change the outcome of failure!”

“Come out, my familiars!”

With Yang Chen’s command, ten Divine Beasts rushed out of Yang Chen’s Imperial Beast Bag and surrounded the Evil God.

It was the Divine Beast Sky-Devouring Wolf that had evolved from the Howling Moon Wolf!

The divine beast Qiongqi that had evolved from a Winged Tiger!

The Heavenly Dao Cloud Eagle evolved from the Flashing Light Eagle!

The red dragon continuously improved its bloodline and finally evolved into the divine beast dragon ancestor!

The Fire Raven continued to increase its bloodline, eventually evolving into the divine beast, the Three-legged Golden Crow!

The Kun Dragon continuously upgraded its bloodline and eventually evolved into the divine beast Kun Peng!

A Dark Ancestral Cat evolved from a Shadow Cat!

The Hell Earth Dragon had evolved into the Nine Hell Crimson Dragon!

And the Golden-Winged Roc, who had the bloodline of a divine beast!

Every Divine Beast emitted a terrifying aura. Sensing this terrifying aura, the Evil God completely fell into panic.

“No, I can’t! This was impossible! How come you have ten more divine beasts!”

Divine beasts were existences on the same level as gods.

It was already very good for a world to have one, but this Alkaid World actually nurtured ten!

With such strength, why would he still pretend to be weak? Wouldn’t it be better to directly crush the Evil Demon World?

Unlike the Evil God’s pale face, the Array God was excited.” My God, there are ten Divine Beasts!”

“This, this, this...My Alkaid World will definitely win, my Alkaid World will definitely win!”

Perhaps it was because he was too excited, but the Array God actually stood rooted to the ground like an evil god.

After all, this was a great enemy that had troubled the Alkaid World for tens of millions of years. Now, it was actually resolved under his own eyes. How could he not be excited!

Yang Chen reminded, ""Array God, now is not the time to be excited. Let's deal with the evil god first."

"Yes, yes, yes."

The Array God seemed to have woken up from a dream. He then looked at the

Evil God proudly, " Evil God, you will definitely die today!"

"The Dao of Formations! Formation World!"

As the Array God shouted, the power of the Great Dao surged out of his body and absorbed the spiritual energy within a million miles. Finally, it slowly condensed into an eight-trigram array.

The Eight Trigrams Formation flashed with light and spun slowly. It quickly flew to the Heretic God's head and slowly pressed down.

This was a divine technique that could be used to supplement one's own Great Dao after breaking through to the God Realm.

This kind of divine technique could be called the final attack because the price of using it was the power of the Great Dao in the entire body.

Once the power of the Great Dao was exhausted, it would take a lot of time to recover.

Unless it was absolutely necessary, no god was willing to use divine arts.

The Array God did this to kill the Evil God in one strike.

Seeing this, Yang Chen didn't hesitate and quickly shouted, "Illusion Great Dao! Annihilate the Heavens!"

As the illusory power of the Great Path surged out of Chen Yang's body, black smoke appeared around the Evil God.

The smoke seemed to contain a terrifying power of annihilation. Even the Great Dao would be devoured by this power of annihilation.

When the illusion reached the extreme, it would be annihilated!

Seeing this, the other Divine Beasts also mobilized the power of the Great Dao in their bodies and executed their respective divine techniques.

In an instant, a total of 12 divine arts swept towards the Heretic God.

When the evil god saw this, despair appeared on his face, "No! I don't want to die! Evil Ripples!"

With its life in danger, the Heretic God did not intend to hide. It immediately used its own divine spell.

Unfortunately, they were outnumbered.

Although this evil fluctuation was powerful, it was still not a match for the twelve divine arts combined.

In just a few breaths, the evil fluctuations were completely consumed. The remaining divine arts completely devoured the evil god.

"No!"

"I can't accept this!!!"

A generation of evil gods had their lives completely ended by twelve divine spells, leaving behind only one unwilling last word.

Bang!

An explosion sounded, and the divine spell of the Evil God of Destruction finally exploded together, setting off a shockwave that could destroy any Saint.

Seeing this, Chen Yang and the Array God quickly protected the human experts.

As for the evil demons, they weren't so lucky. After the evil god died, they were already shrouded in despair.

Now that he had encountered such a terrifying aftershock, he had completely lost the courage to live.

When the shockwave ended, it didn't just take away the evil gods and demons, it also took away the chance of victory.

This war that had been going on for tens of millions of years finally disappeared completely after Chen Yang broke through to the God Realm.

“We won!”

“We won!”

All of a sudden, under the lead of the Array God, earth-shattering cheers sounded in the void.

Everyone's face was filled with smiles from the bottom of their hearts.

Yang Chen looked at all of this and couldn't help but reveal a smile. This was really good. Only a Alkaid World like this was worth protecting.

After the celebration, the Array God came to Yang Chen's side and cupped his hands at Yang Chen." "Illusory God, let's head to the Evil Demon World and finish them off."

"Good!"

Yang Chen nodded and did not refuse.

This kind of battle between races had nothing to do with right or wrong. Naturally, there was no mercy for the weak. Now that they had won, they naturally had to completely resolve the Evil Demon Realm..
