Tasting All My Mates by Alexis Dee

Chapter 5

He walked straight after he had stretched his neck, leaving his black shirt open that he quickly pulled on and reached me. He was probably 6 feet 2 inches tall, an inch taller than the other boys. Once he had stood face to face with me, I lowered my eyes to avoid the eye contact and focused on the gun in his hand. Why did he have a gun waving around? He sneakily put it away while maintaining contact with my face.

“am Thiago Shepard!” he bent down to reach my level, the name was too familiar. His voice was heavier and deep than anything ever. I have never heard such a deep and sexy voice before, his aura was also too much for my wolf. I have heard all about him and how he and his pack always breaks the rules Alpha King makes. My heart then skipped a beat when he added, “And darling, I am the Alpha of the Shadow Winder Pack,” I lifted my face because I have recognized him already from his name and our eyes met from close. He had a weird gray in his eyes that shone like diamonds, almost matching my eye color but deeper.

He had the same black hair like mine, his skin also shone in black.

“So, tell me again what interests do you have for me?” he had his hands on his knees while reaching my face, “do you want me to show you around?” he tilted his face, pouting like he was talking to a child, “or around?” he added whilst gesturing down at his shorts.

“No, thank you!” I bowed my face down but they all stayed there staring at me for a moment before Laz lo said.

“Which pack’s bitch are you?” the way he asked me that question, I wanted to slap him across his face but on second thought, how the hell can I come out alive after messing with either one of these sexy beasts?

“Crimson Fangs Pack.” I ended up replying obediently, awkwardly trying to avoid the alpha bowing right in my face.

“Crimson Fangs pack! The pack of bastards,” Thiago straightened his pack as he scoffed, “no wonder you are here,” he shook his head as he taunted at the reason I was brought here.

"I am not here for the same reason you guys are," That was it, the wolf inside me couldn't stay calm for too long. Me raising my voice had caught their attention, they all stood at a distance from me and stared at me to explain my statement, "You all are here because you are too spoilt. And I am here because—"
" | stopped talking when I acknowledged the accusations against me weren't very pleasant either.

"Aha?" Maynard brought his ear near me, "I don't know if you said it already or not, but I didn't hear any thing," he joked, finally walking away from me.

So that proved one thing, I can talk back to them and hopefully, they will not hit me for it because apparently, there were no rules against anybody bullying the Omegas here.

"Anyway, after 12, you are supposed to keep the lights out," Lazlo, who had walked back to his room, stated to let me know that I cannot break the rules but they can.

He had only spoken those words when a harsh knock on the door got our attention, "LIGHTS OUT!" a very deep and manly voice.

"That's the punisher, he wanders around and punishes those who break the rules," Lazlo whispered while Thiago turned the lights off. The only lights penetrating the room were the light from the window **now**.

I sat down in the bed again, waiting for them to finish using the bathroom so that I can get inside and probably take a shower to ease my tensed-up muscles when I saw Maynard pulling the towel off and walking towards the bed completely naked. Bless the punisher for making us turn the light off in time because I didn't want to see his dick on our first meeting.

"Ugh!" | closed my eyes and when opened them, Lazlo was in the process of taking off his clothes too, "Excuse me! Do you guys realize you have a female roommate now?" I kept my eyes lowered as I complained.

The boys remained silent before they snorted out a laugh, once again laughing at me as if I am stupid.

5—Too Hot To Handle

"This is how we live. We don't like our soldiers in a cage when we sleep," Maynard casually walked around naked, making me drown my head even lower so that the only thing I could see was his feet.

"In fact, you should also take off your clothes. Once the barrier is out of the window and we have all seen each other naked, the shock part will be over," Lazlo suggested and my heart missed a beat. I re

at his suggestion just fades away but nope! The other two liked his idea a lot.

"He is not wrong though," Maynard, who was ready to jump into his bed, stopped, "She had seen his half-naked, that is like an invasion of privacy," the way he took the subject to an entirely new direction of finding an excuse to see me naked, I felt like slapping my forehead.

Can I get a little rest before I wake up to this new life?

"I didn't ask you to walk around naked," I instantly snapped, getting on my feet to sprint to the bathroom and lock the door. I have planned to stay in there and only come out hours later when they have fallen asleep.

"We weren't done talking yet," my proceedings steps were interrupted by Thiago, who came in my way and blocked my way to the escape.

"I am not taking off my clothes," I replied, thankfully, he was still wearing the shorts while the others were just butt naked.

"You saw us shirtless, it should be even," I was amazed at how his eyes were shining in the dark until Maynard walked behind me to block my way.

"ARGHHH!" I jumped on my spot, covering my mouth to cease the screams when something hard and big poked my butt.

It was Maynard's Dick.

I didn't even turn around to push Maynard away because the horror of coming in contact with his dick was already enough for me. I dodged Thiago and rushed into the bathroom, locking the door while my heart pounded like a drum.

"Hey! just so know, I am always this hard," Maynard shouted from the other side of the door while the others chuckled.

'This is torture,' gasped to Nia, who was probably shaken up as well.

We cannot stay here,' I added to her, 'they will eat us alive, I realized living with these Alphas will be the worst thing happening to us.

'But we cannot leave, we are punished to stick around for two years,'Nia reminded me of the punishment we got but that didn't matter. I will do anything to leave this hell-hole.

'It will all be fine,' I said, pacing back and forth in the bathroom until noticed the bathtub. Wow! the bathroom was really one beautiful place here, obviously, it was made for these big alphas.

'Wait! We can get out of here if Corbin—'Thad to pause
