

## Tattooed 454

### Chapter 454

“Well, then you can figure it out.”

“I’ll tell you what. I’ll give you \$250,000 for that information and I’ll give you the rest after I get Kara out. That sure encourage you to figure something out that doesn’t involve me pissing off another person. Let me kill Vin first.”

Hanging up before he could reply, I got up and headed to Penny. My phone dinged before I got there.

Alec: Just sent them

Opening the door, I sent a reply to Alec: Found Kara. Let you know tomorrow.

As soon as I hit send, I put my phone in my pocket and looked up. Penny was already asleep on the couch. The movie was still running the opening credits but she was out. Going to the closet, I got myself ready for bed. Then I folded down the bedsheets, turned the T.V off and picked Penny up. She stayed asleep as I put her under the covers and curled around her. With my hand on our children, I closed my eyes and fell asleep.

The next morning, only coldness touched my skin. Not wanting to be awake yet, I tried to reach for Penny but she wasn’t there. Cold sheets greeted my hand as I felt for her. “Penny?” I asked out loud. Rising my head up, I looked through one eye into the room.

Penny was sitting on the couch. When I said her name, she looked up and smiled at me. “I’m sorry I fell asleep last night. I got uncomfortable. Turns out, I do need that pregnancy pillow.”

Pulling myself from the comfortable bed, I got up and moved to the couch. “I can have someone get the pillow for you today but I would like you to stay here as much has possible.”

“I understand. You won’t hear an argument from me. I was able to finish all the stuff for the Halloween party. Plus, each program I have installed have really thrived. So far, we only have little issues but nothing that we didn’t anticipate.”

“That’s great to hear.” I was so proud of her for all she has accomplished.

“When do you need to leave? I have already requested your suit be pressed. It should be here in about an hour.” Penny went back to typing on her computer.

“You are honestly the most amazing person on this planet.” Leaning over and kissing her forehead, I needed to shower and get ready. It’s been awhile before I trimmed my beard and it was getting rather long. Usually, I go for the shadow look so having something I can run my fingers through was a little much.

There was something refreshing about being freshly showered, shaved and styling my hair that made me feel like my life was put together. “Colt?”

Penny opened the door and looked at me. I was standing in front of the mirror as I finished my hair.

“What’s up?”

“Your suit is here and so is Alec but I think you should save your suit till you get there. You have a long car ride ahead of you.”

“Sounds like a good idea.” I said as I finished doing my hair.

Penny turned and walked back to the couch. Following her, I saw Alec and Jasper standing in my room.

“Boys ready?”

“You never answered my text.” Alec frowned. “You found Kara?”

“Kara was missing?” Penny was half bent over. She straightened up so fast that she about fell over. Thankfully, Jasper was close and was able to catch her.

“Yeah. I think I found her.” Giving Alec a look, I wasn’t happy he said anything in front of Penny. He seemed to understand as he changed the subject.

“Our suits are in the car. Jasper, why don’t you take Colt’s down and we will be right now.” Alec rubbed the back of his neck.

Jasper must have caught on as his eyes avoided all eye contact and walked out with my suit. “Not very subtle.” Penny glared at me.

“You knew I didn’t tell you it all. Honestly, we just found out that they found the tracking devices. We didn’t even know how long they had been found. I didn’t want to dump it all on you.” I tried to plead my case.

“Where is she?”

“I got word she is going to be sold in an auction in a week.”

“Sold? In an auction?” Penny looked at me like she dared me to argue with what I just told her.

“Yes. Don’t worry. We will get her before that. I literally just found out before I came to bed last night. Once I figure out how we are going to get her, I’ll let you know.”

“Please do. It feels wrong to let her just go through that. We already killed her in front of the pack.” Penny was feeling really guilty.

Knock! Knock! “Luna Pe- oh! I’m sorry, Alpha Colt!” The door opened and someone from the kitchen stepped in before looking at me.

“It’s okay! Come in.” Penny said as she sat down on the couch.
