Chapter 81

Yes, my love?" I didn't even have a chance to respond before his tongue slowly slid down my clit. Alec grabbed my panties and pulled them off. His tongue went back to work, sucking on my clit. The wave of pleasure was building quickly. "Oh fuck! Alec!" I screamed as it hit full force. My body clenched around Alec's fingers but his tongue never let up. "Oh! Oh! Oh!" I moaned as he continued the assault. Making a second orgasm hit within seconds. My entire body was shaking under his touch. Alec moved back up and let me taste myself on him. Wanting to give back, I flipped him over so I was on top. I've wanted to trace these muscles since my eyes laid on them. His hands rested on my hips as I started with his neck. There was a spot, just behind his ear that made his body tense under me. His nails dug into me but not enough to draw blood. Moving down, I had to keep my hair out of my face. Alec wrapped it around his hand and held on. The lower I moved, the tighter his grip. My tongue grazed his shorts and his hips buckled. The bulge in his pants had me worried but this is what I wanted. As soon as his pants lowered enough to free it, the massive 9 inch cock stood in front of me. Keeping eye contact, my tongue started at the base and moved upward. Slowly I watched his eyes roll in the back of his head and his body shudder. A deep growl vibrated his chest as I shoved his dick deep down my throat. With no gag reflex, all 9 inches went in easily.

"Holy fuck!" Alec moaned as he helped move my head up and down. I saw it in a movie once, a girl played with his balls, so I tried it. Cupping them, I just massaged them and to my delight, he came unglued. Moving my head faster, his body stiffened as he shot his load down my throat. I kept going until he finally released my head. Sitting up, my hair was tossed to the side, I tried to look seductive as I cleaned my lips with one finger before sticking it in my mouth, cleaning it off. Alec watched every movement with an open jaw.

Wanting to keep it going, I reached around and unhooked my bra. Letting fall, I bit my lip to really get him going. His dick was already hard as I tossed it to the side. Crawling up to his face, he crushed his lips against mine. "Damn woman." Alec muttered as he rolled me to the side and then on my stomach. Moving my hair, Alec started kissing the back of my neck. Sparks erupted everywhere he touched my back arched, making my ass rub up against him. Claws gently grinded down my side, leaving goosebumps in its wake. Teeth playfully nibbled my sides as he got lower until his hands grabbed my ass cheeks. The sparks were overwhelming. "Alec!" His phone said 12:04am. It was my birthday and the sparks told me what I needed to know. "Turn around." Alec whispered in my ear. Rolling over, I kept my eyes shut. My already fast beating heart took off. Alec laid on top of me. My legs wrapped around his waist and he had my hands pinned above me. "Open your eyes, beautiful." "You sure?" I said in a shaky voice. "Very." The moment our eyes locked, the bond snapped into place. The air on my lungs evaporated right before his dick plunged into me. My body clenched around him as he paused, waiting for me to adjust. "I'm sorry." Alec licked away the tear that escaped as I clung to him for my life. "Relax. It'll feel good in a second." The hot pain slowly faded as he pulled out and pushed back in. "Oh fuck you're tight" He muttered as he continued to hold back so I could adjust. "I'm okay." I said as my shaking

hands cupped his face. "Are you?" The concern I felt through the bond was overwhelming. He truly cared about me.

Chapter 82

y-yes. "Y-yes." Words were starting to get hard to say. Slowly the pain faded and was replaced by pleasure. When Alec felt my b*dy relax, he moved faster. "I don't think I can hold on much longer." Alec said in a strained voice. He was moving faster but it was still a steady lower rhythm. "Oh!" I felt the pressure start to build up again. Alec started k*ssing my neck and down to an extra sensitive spot on my collar bone. "Alec!" My need for him was so strong. "Hold on" Tightening my legs around him, Alec picked me up and moved us so we were sitting up with me straddling him. My hips moved on their own as I rode him more forcefully than he pumped into me. His hand firmly gripped my hips, helping me keep rhythm. I felt an overwhelming urge to bite him. My fangs descended. Alec saw this, "do it." Glancing at him, he pulled me towards him, for support for who, I wasn't sure. Kissing the spot, I felt him shiver under me, a second later my teeth sank into his skin until I hit bone. Alec let out a deep growl as he bear hugged me. His breathing was rapid but kept us moving. Slowly, my fangs retracted and I licked his wounds clean. Alec pulled my head back and k*ssed me passionately. I felt so connected to him. "I'm about to explode." Alec warned.

"F uck me hard." I whispered in his ear. Alec pulled me back and searched for any sighs of pain before he dropped me on my back and stated pounding away. The sound of skin hitting skin echoed in the valley as my pressure built up. "F uck! Alec!" I moaned. My ti ts were bouncing up and down as he showed no mercy. I watched his fangs descended, moving my hair, I gave him access. My nerves shot up and he laid down on top of me. "Kristen...." Alec voice was full of concern. "Do it! Please!" I begged as the pressure was at a tipping point.

"Look at me." His voice sounded almost painful. Opening my eyes, he was looking between me and my neck. "Alec..." "I love you." He said and then bit down on my neck, hitting bone. My scream sent the birds flying as both of our or ga sms hit at the same time. A deep growl vibrated Alecs chest as the final part of the bond sealed. Alec let me go, and cleaned the wound. My b*dy was numb as darkness threatened to take over. "Don't fight it. Just pass out. I'll be here when you wake up. I love you." Alec whispered in my ear. "Love y-" is all u got out before the world went black. My hearing came first, the sounds of birds filled the air with their happy chirping. Then came the sparks that covered my b*dy. It was like my b*dy was tingling but it felt good. "You awake?" Alec's voice whispered in my ear. "No." Rolling over, I kept my face buried in his chest. "Happy birthday." "Thank you. "We probably need to head back. There is a birthday breakfast for you." Alec was gently rubbing my back. Peaking through my eyelashes, the sun was peaking through the trees. "It's too early for breakfast "Your dad and brother are coming over. Do you want to smell like S** when they get here?" That did the trick Wiggling away from him, I sat up and looked for my clothes. "Where did my clothes go?" "Right here." Alec handed me my clothes. I felt a little awkward getting dressed in front of him but afte my internal battle, this was something I needed to get used to. Putting my bra on first, then I sl*pped my panties on and finally my

dress. "We should take all this with us." "Leave it. When you girls start getting ready for tonight, Jasper and I are coming out to get it." "That seems wrong."

"I did it for him and Emmy. Mrs. Smith Author Thank you all for reading! 37

Chapter 83

"Jasper did this whole set up for Emmy?" I "No. He did his own thing, I meant I helped clean up afterwards. If anything, Colt helped me plan this." "Oh.. that's weird." Alec gathered what he needed and we got back on the golf cart. "You have some amazing hair right now." "That's really your own fault for wrapping your fingers through it." I scolded but still tried to tame it. "Ah, yes but it was worth it." 1 "Was it?" I asked as I felt a little insecure. "Why do you feel insecure about last night?"

My jaw dropped as I forgot he can feel my emotions and me his. I got a wave of humor flood and but this time I was able to realize it wasn't my humor but Alecs. "It was my first time." Crossing my arms, I looked away from him. Alec reached over and pulled me towards him in the beach seat. He placed his hand on the inside of my thigh, holding my leg against his. Wrapping my arm around his, my head rested against his shoulder. "We have brunch and then Emmy has girl stuff for you guys and then the dance. We need to be there around 5:30. Alec filled me in. Disappointed he didn't answer or I guess respond to my statement, I was just going to let it go. "Sounds good." "What are you disappointed for?" "I'm really going to hate this emotion sharing thing." I sighed. Alec smirked and k*ssed my forehead. 1 "So?" "You didn't comment on what I said about it being my first time. Obviously you knew what you were

doing." Alec slammed on the break. If it wasn't for his hand, I would have been tossed out. "Listen here." Alec picked me up and moved me so I was straddling his lap. "I have never felt so alive, last night was the best night in my entire life. I love you, Kristen. I've never felt this way about anyone. You are my life, my world. Don't ever doubt that." Alec k*ssed me passionately as I felt all the love come from him. When he finally pulled back I was able to see all the love in his eyes. "I love you too." I whispered. It was both painful and wonderful to be able to say that and mean it. ou to say.. "Hmm, I heard that's hard for you to "It is." Alec k*ssed me sweetly before allowing me to sl*p next to him again. Putting his hand back on my thigh, we drove back to the pack house. To my pleasure, no one was around to witness my walk of shame. Alec took his sweet as s time but I ran ahead. Unfortunately I didn't have the code to unlock it. "2430" Alec said in my mind. His voice was more se xy in my head. "Do you want to shower first or me?" I asked. "Don't want to shower together?" Alec said playfully as we walked inside. Alec shut the door and locked it. "That's an interesting idea..." One that made me nervous as hell. I was still sore from last night but I told myself I would drop the awkwardness and that means taking a shower with your mate. "I hope you like boiling water" Thankfully, Alec didn't comment on my internal battle. "Does it have to be boiling?" Walking straight to the bathroom, Alec grabbed towels while I turned the shower on. Since he hadn't come into the bathroom yet. I very quickly got undressed and jumped in before he saw me. Which is juvenile but oh

well. Thankfully, the water was hot and I was able to be under it for a second before I heard Alec step in. "Seriously?" "What? It feels good." I was standing there, in all my n*ked glory with my eyes closed. The water was hitting the top of my head and falling down. "I know something else that feels good." His hands gripped my hips and pulled me to him. The cold air hardened my nipples as his dick pressed into me.

Chapter 84

Instantly, my eyes opened. Alec leaned down to k*ss me but I swerved out of the way. "Whoa!" "What?" Alec felt a little hurt by that. "Your mark! I mean, our mark. It's so cool looking." I knew Alec was watching me as I traced over. It was a full black moon with a design in the middle. Alec had his arms around my waist, keeping me pressed up against him as I studied it. It was truly unique. Alec's had a design on his that looked like an abstract A. Mine was more like an L. "Have yo-" I looked up at Alec and my words were caught in my throat. His eyes were black as his wolf had come forward. "Hey." I said in a whisper. Alec closed his eyes and when he opened them up, they were back to normal. Without speaking, he picked up my shampoo and started massaging it in. My eyes rolled back as my head did a little. It felt amazing. I had to wrap my arm around his waist to keep me upright. I felt the desire shoot through me

from Alec. He found it sexy. Wanting to taunt him, I added a moan. "Hmm, that feels good." It worked as I felt his b*dy shudder but he didn't stop. Instead he put me under the water and rinsed it out. Next was the conditioner Taking my fingernails, they gently ranked down his back. Letting out a soft moan as I bit my lip I could take. Pushing me against the wall, my eyes opened. "Like to tease?" "No teasing, fuck me, Alec." My hand slipped between us as I started stroking him. "My little vixen." His finger started rubbing my clit as I placed my leg around his waist. I was already wet and ready to go. The need was so strong that I just shoved his hand away and his dick to me. "Please?" That's all it took for Alec to shove his dick into me. "Ah, fuck!" Alec said in a deep growl voice.

"Ahh!" My b*dy tighten around him but it didn't hurt long. Only a few seconds and the pleasure started building. "Harder!" I put my hands on his shoulders as my hips makes his thrust. "Fuck, woman." Alec growled as he watched my tits bounce up and down. "OH!" My orgasm hit as his did, leaving up both panting. "Thanks." I said Patting his shoulder. "Thanks?" When he finally pulled back I was able to see all the love in his eyes. "I love you too." I whispered. It was both painful and wonderful to be able to say that and mean it. "Hmm, I heard that's hard for you to say.. "It is." Alec k*ssed me sweetly before allowing me to slip next to him again. Putting his hand back on my thigh, we drove back to the pack house. The cold air hardened my nipples as his d ick pressed into me.

Chapter 85

“I really do. Thank you.” Turning, I flung my arms around him. He hugged me tightly for a few seconds before letting me go. “We better get moving, your brunch starts in five minutes “Okay.” We headed to the door and down to the kitchen. “I’m going to need to go to your office after this and call Calvin in there. He owes me 100 pushups.” “You were serious about that?” Alec laughed. “Of course!” We walked into the formal dining room to everyone yelling happy birthday! “Thanks!” I said to everyone but I ran up to Colt and gave him a big hug. “I’m so happy for you, sis.” He whispered in my ear. “Thank you. Have you found your mate yet?” “No but it isn’t Kara. I saw her earlier and she ran away crying.” Colt said as he let go of me and shook Alec’s hand. Dad came over and hugged me before shaking Alecs hand as well. Even Alec’s parents were there. “Welcome to the family.” Alpha Marc said to me as he shook Alec’s hand. “Thank you! I’m happy to be part of this pack.

“Let me see it!” Emmy squealed. Pulling my dress to the side, I showed them my mark. “Nice!” Colt said. “Pretty!” Emmy yelled before pulling me to the table.”I’m starving so can we eat?” “Of course!” Everyone sat down around the table. There were different foods that really made my stomach growl. I grabbed a chicken Caesar salad and water. “How’s the decorations coming along?” I asked dad. “Well, I had to call Penny over since you weren’t available. She has got it down.” Colt answered for dad. “Ah, she is amazing.” I agreed.

“I’ll go down there after this and make sure it’s looking good.” Dad followed up. “I see you had some people help clean your shop.” Alpha Marc said to me. “Alec and Colt organized that but yes, they got it cleaned out. We picked the design yesterday.” I answered. “Should be ready in a week or so.” Alec nodded. “That’s good to hear!” Alpha Marc said a little too cheerful. Looking around, everyone was looking a little too chipper. Their smiles seemed a tad too big. “Damit.” Alec muttered. “What is going on here?” I asked the room. “What do you mean?” Colt asked. My eyes zeroed in on him. “Cut the c rap, what happened?” Colt sighed. “Told you, man.” He said to Alec. “I know.” Alec let go of the breath he was holding and turned to look at me. “Darin and the ranking wolves. will be there tonight. He has

requested a song to dance with you on." My heart sank to my stomach. "So, you all thought you would keep that to yourself?" I looked at each one of them. "Just until after lunch. I was going to tell you before your massage." Emmy looked ashamed. "I don't have to do it, do I?" I looked at Alec. "No, you don't." He responded forcefully. That helped but my stomach still felt uneasy. "We are trying to keep appearances up..." Dad started. I knew what that meant. Play nice till we strike. Acceptance filled me as I stabbed more salad and shoved it into my mouth. "Kristen.." Alec reached and started running my back. 1 Oddly, it did help calm me. "It's fine. I'll do it." "Ice, yo-" Colt started. "I said it's fine. Move on." I snapped. I instantly felt bad. "Excuse me." Standing up, I walked quickly out

of the kitchen and into the hall bathroom. Taking a deep breath, I worked on calming my nerves. "Kristen?" Alec was on the other side. "Come in." I was resting my hands on the vanity and looking at myself in the mirror. Alec opened the door but didn't make a move to touch me. Instead, he leaned against the wall. "Are you okay?" Mrs. Smith Author Thank you all for reading!! 6

Chapter 86

"No, Alec I'm not." "I'm not happy about this either. I have it in me t-" "No Alec. I'm not okay because everyone thinks they need to keep s hit from me. I'm a big f ucking girl and Luna of this pack. Mates don't keep secrets. You had no right to keep that from me. We are supposed to be equals! I expect that from them but not from you." Alec took the as s chewing and had the decency to look ashamed. "You're right. I'm sorry." Alec walked in and rubbed his hands up and down my arms. He stood behind me as I glared at him in the mirror. "I want to protect you." I "There are some things you cannot protect me from." I responded as I calmed down. know. I'll try to remember that." Turning around, Alec wrapped me in a hug. "I'm still mad at you." I mumbled but my anger was fading. "I know." Pulling my face up to him, he k*ssed me softly. "Ready to go back out there?" "Yeah." Alec closed the door behind us. We were holding hands as we walked back into brunch. Thankfully they moved on and was talking about what moving forward would look like. "Have you found a new beta?" Alpha Marc asked.

"Probably will move Jacob up but that will be a conversation. He Colt sighed. Would need to change his ways a little." "Hopefully you find your mate tonight." Dad sighed. It wasn't unheard of to take over the Alpha role without one but it made you stronger. "Hope so." Colt gave me a look. It was, now the pressure is on me kind of look. I responded with a smirk

of my own. "Are you going to come finish packing your room?" Colt asked. "Probably should. There isn't too much I want to bring but there are some stuff." "I'm just telling you now, An n is dead set on making it into a guest room asap so anything left behind will be thrown away." Colt warned me. "Do I have time to get it after we eat?" I asked Alec. "Of course. We can go afterwards. Can't spend a lot of time over there but it's your birthday, you can do whatever you want." I could tell Alec didn't want to go over there but he also didn't want me to not have my stuff. "I'll tag along. That way I can make sure to keep anything you don't want to bring over here but don't want An n to throw away." Colt stated. Alecs

phone started vibrating. He glanced at it before standing up and walking out of the room. My eyes followed him as he answered the phone. "Is Alec okay with that?" Colt asked. "He's fine. He just doesn't like A nn." I shrugged. "No one does." Emmy muttered before looking shocked by her comment. "I'm so sorry! It sl*pped." Marc shook his head but the rest of us laughed. "It's okay, girl. You saw first hand how she is." "What's so funny?" Alec asked as he walked back in. "Emmy." I said as I took another bite. "Penny is going to meet us at the pack house. I guess we missed something she needs." "On what?" I asked. "The shop." "Why is she working on the shop and the party?" I asked appalled. "Because that woman is gifted." Alec nodded. "Very much so. I better never lose her.)

"Penny has worked under you, learned from you for almost 4 years now." Colt commented "Yup, she just needed some guidance." I agreed. "That didn't make you jealous Alec said that about Penny?" Emmy asked. The bite of food I was about to eat hung in the air. "Nnooo?" I looked at Alec for an answer. "You really aren't the jealous type." Colt answered. "I guess he hasn't given me a reason to be jealous? I don't know. I guess I never really thought about it." I "Well don't start." Alcaid and we all laughed "Why?" I asked Emmy the opened and closed her mouth a few times. "She gets jealous over the littlest thing if I'm talking to a pack member over the menu Jasper said as he rubbed her back

Chapter 87

"You're going to be the death of me." Alec said with a smile. "As long as you die happy." I shrugged. As we pulled up, dad and Marc were still standing around talking. "Hey kids. It go okay?" Dad asked. "You should ask Colt that question." I smiled as I grabbed my stuff and Alec grabbed the box. "Is that it?" Alpha Marc asked. se we pass "Yup, I didn't have a lot." I said as we headed up to our room, put all my stuff on the coffee I table. "I need to go clean that stuff up. Are you going to be okay?" Alec asked. "Yup, Emmy and I will be in her room the rest of the day." I said as I looked at my stuff.

"Well, this is your room now so think about what changes you want to make here. I want you to be comfortable." Alec looked around. Grabbing the two pictures, and jewelry box, I walked over and placed them on my side of the bed, on end table. Placing the jewelry box in front of them, I smiled. "I unpacked!" I gave Alec a sad smile. He looking through my sketches. "Those are private." I said. "These are amazing." Alec said as he kept fl*pping. He landed on one of Ace. "Can I borrow this?" "Why?" "Just trust me please?" I wanted to say no. "Okay." Alec k*ssed my forehead. "I won't damage it. Let's go down to Emmy's room." "Okay." After knocked once, Emmy ripped the door open. "About time!" She grabbed my hand and pulled me

in. "Jasper started without you. He left a cart for you." "Bye!" I yelled as Emmy slammed the door on an amused Alec. "Did I pis s him off?" Emmy asked as she pulled me to the massage beds. "No, he was amused." "Good. Get undressed and lay down." The massage therapist turned around as I got undressed and laid my stuff in the chair. Laying down, I covered myself up. As she got to work on my muscles, I let my mind drift. What would I want my bedroom to look like? Obviously it still needs to have

an element of Alec. It's mainly reds and black. However, I just brought a red dress and a black dress. Maybe nothing needed changed. Maybe he already had it decorated how my soul wanted. "Thank you!" Emmy said to the ladies as they left the room. If my hair wasn't a nest before, it was now. That scalp massage was everything "Should I be worried how good you feel right now?" Alec joked in my head. "I'll hold out judgement until you show me what you can do tonight and I'll let you know." I teased. "Challenge accepted." Alec muttered. "Earth to front of my face. Krick Emmy snapped her finger "Sorry!" I smiled at her. "You can shower first!" "Yes, ma'am!" Jumping up, my n*ked as s ran into the bathroom to get ready. I couldn't help myself. The mind link was open still with Alec. "Oh, Alec." I moaned as I touched myself. "The f uck you are! Stop that!" He was fighting the urges. "What? I'm in the shower. My b*dy is dripping wet. The soap is sliding down m-* "Unless you want me to come up there and f uck you in front of Emmy, I would stop." He warned. "Not a terrible idea."

"Woman..." Alec sounded tired. "I'm sorry, did I wear you out already?" "And I thought I had a high S** drive." Alec sighed. "Can you keep up?" I finished my shower and got out. Drying myself off, I was loving this.

Chapter 88

"Jealousy is a normal thing for wolves. We are very territorial and I'm more worried she isn't jealous." Marc chimed in. "Jasper just needs to make sure you feel comfortable. Like if he is talking to a member, pull her into the conversation or ask her opinion." I said looking at him. "You could be more jealous too." Alec joked. I "Keep dreaming." Rolling my eyes, I had finished my meal. The room chuckled as we all leaned back. "Ready to get your stuff? I got stuff to do today." Colt looked at his watch. "Like what? It's your birthday too." "But I'm a man and future alpha. I don't get a relaxing day of pampering like you." "Sometimes being a girl pays off." Emmy whispered. I held up my fist and she bumped it.

"Let's go." Alec stood up. Following his lead, we made our way to the cars. "Do I need a pick up?" "No. I don't own anything that big." "Let's take the convertible." Alec smirked as he unlocked his cherry red Corvette. "Hell yeah!" Jumping in, I was ready for this. Alec started the car as I sat up on the back of the seat. Flooring it, we lead the way. It felt amazing having the wind in my hair. I sat like that the whole drive so when we got there, my hair was crazy looking. "That looks like a rats nest!" Colt joked. "Yeah, I'll fix it up there." I tried to look at it but there wasn't much hope. "Totally worth it Going inside, Alec was very stiff. He kept his hand around my waist as we walked up the stairs. It wasn't until we were in my old room that he relaxed. "So what do you want?" Colt asked. "My sketches. My jewelry box." Grabbing two pictures of the wall, I held them close. One was of my mother holding me as a baby before she died and the other was dad, Colt and I at the park. He was bear hugging us. Both of us had huge smiles on our faces.

Setting them in the coffee table, I went into the bathroom. To fix my hair and to get my bathroom stuff. Thankfully I had a good size bag to put it all. There was a knock on the door. Walking out, I just made it

to witness Penny walk in and look right at Colt. Both of them whispered Mate before Penny dropped everything and ran into Colt's arms. Alec smirked but when he saw my face, he walked up to me. "What's wrong?" He asked in the mind link. "People usually mate within their rank or close to it." "Yeah?" "Penny was an orphan when I hired her." Alec finally got my drift as we watched them make out. His hands rubbed up and down my back as a bad feeling came over me. I loved Penny but since we didn't know where she came from... Finally, they let each other go. Penny had tears in her eyes. "Kris?" Snapping out of it, I smiled and walked over to give her a hug. "I'm so happy for you! You will be a great Luna" "Thank you. I never expected this." Penny smiled at Colt. "Do you think you could show Alec the questions you had? I need to ask Colt about what pictures he wants and which ones I want to take." "Of course!" Penny and Alec walked over to the door and Colt followed me into the empty closet. "Ice?" Colt asked "First, I am so happy for you. Penny will truly be an amazing Luna." "But..." "You will need to find out where she is from. When I hired her, she was an orphan. People mate within their rank, Colt. What pack abandoned a ranking wolf's daughter?" "You don't think I should mate her?" "The exact opposite. You need to mark her asap. Before tonight. That way we can protect her at all costs. She deserves to be treated like a queen.

"Maybe you're right." Colt agreed. "I couldn't have picked a better mate for you. You two will be truly a great couple. If you mate her before anyone finds out, they can't do anything about it. They can't take her back."

Chapter 89

"Colt?" Penny's voice came from the other side of the door. Colt grabbed the box of photos and walked out. "What's wrong? You seemed really concerned." "Just thinking about the party tonight." Colt said. "It is looking really good!" Penny smiled. "I have no doubt. You do amazing work." I smiled at her. I left them to talk as I gathered anything else I wanted to take. Colt a put a box in front of my bookcase. Piling in my books, I knew Alec was going to have to carry this one. "What else?" Alec asked as he moved the box to the door. "I think that's it." Looking around, there wasn't much left. I always knew I was going to be moving so I didn't keep stuff. Alec cupped my face my face. "You okay?" He knew what I felt but he also knew I didn't like he he used them without asking or waiting for me to tell him.

"Yeah. Just....I realized I never really created much of a base here. I always knew this was temporary all my possessions fit in my arms." "We will build a life together." Alec gave me a soft k*ss. "You two are so cute together." Looking over, Colt had his arm around Penny as they watch out exchange. "Anyway." I said as Alec dropped his hands. "We need to get going. Did you get her question answered?" "Yeah." Alec said as he walked over to the box of books. "I'll see you tonight, Ice." Colt gave me a hug before opening the door. Alec picked up the books but made me walk in front of him. Colt held Penny's hand as they followed Alec. We made it to the foyer when we heard a crash. "HER? You chose her over me?" Kara looked like she had been crying for hours. "She is my mate so yes." Colt said firmly. Kara ran away crying as Penny looked sad. "Why are you

upset?" "Because her heart is broken. You guys have dated for forever. This must be hard for her." Penny looked at the hallway she ran down. "Maybe I should talk to her." "F uck no!" I said maybe a little harsh. "Maybe wait till after you mate." I said a little nicer. "Okay..." Penny said looking unsure. "Let's get going." Alec said in the mind link. "I don't want to run into the b itch." Nodding. I turned and walked to the car. Alec put my books in the trunk and I put my stuff in after. "See you tonight!" I yelled as we got in and Alec stepped on it. Alec reached over and placed his hand on my thigh. "How is your arm feeling?" "Sore but close to normal." He didn't look at me. "You okay?" I asked. "Okay?" Taking the tissues out, and pulling out the most beautiful white silk button up oversized shirt and matching shorts. It said Luna on the back. "I got matching ones but it doesn't say Luna!" Emmy held up hers. "I love it!" "Good, I'm going to shower and you need to wait for the rest till I bet back!" She took off. Grabbing some lotion, I was able to put some on, get dressed and was working on blow-drying my hair before she came out. "Oh good! You got it started." "You refused to let me open my presents." "Well, you can wait actually till everyone is here." Okay," Emmys love language was gift giving and I didn't like spoiling her fun. "Sit down." I had finished blow-drying my hair and sat down. She started putting in curlers in my hair. A knock at the door sounded and Emmy ran to let them in. It was someone from the kitchen bring a trav of fruits and veggies. "Alpha Alec wanted me to bring you girls some snacks." "Thank you." I said to her.

Emmy grabbed a strawberry and ate it. 1 She finished my hair and then moved on to hers. "Emmy, are you happy here?" "That's a deep question. What's wrong?" "Nothing wrong. All this is so sudden and ..." "Kristen. I've known you since we were babies. Your commitment issues are showing. I thought you

were happy with Alec. He treats you like a princess." "I love Alec. I'm liking it here. It's just new." "Have you told him you loved him?" "Yes." I said defensively. "Like really told him? Not an I love you too kind of thing." I just frowned. "Home is where Alec is. What do you need to make this feel like home?" "Colt." I sighed. I've always had Colt. "Colt will always be a phone call away. Your twin isn't going anywhere. It will be a change but it will be a good one." Emmy finished her curlers. "Come sit so I can do your

makeup.” eve w “Okay.” I wasn’t permitted to talk so we sat in silence as she gave me the works. The smoky on point with the winged eyeliner. My red l*ps will match my dress perfectly. The black earrings pulled it together. Emmy took my hair and while leaving a few strands down, did a low bun looking thing. It had different loops and I felt beautiful. “Go sit over there and don’t mess up my artwork.” Emmy joked before doing her own. Grabbing some carrots, I sat and watched her work. She left most of her hair down but pulled the front back. Right as was finishing her make, the door opened. The guys walked in. “You look beautiful.” Alec said as he came up to me. “Don’t you mess up her makeup!” Emmy yelled as Alec was about to k*ss me. “I am her doll.” I laughed as Alec k*ssed me anyway. “You girls are cutting it close.” Jasper looked at her watch. “Ice, you can open your presents now.” “Do we get to call you Ice too now?” Jasper joked as he sat down in an arm chair. “As soon as you guess my IQ” I laughed as I sat down to open my presents. “120” He asked.

“Nope.” My first gift was from my dad. It was a gorgeous tennis bracelet. Alec helped me put it on. “Lower or higher?” Jasper thought. “What a rude question!” I faked being hurt. “125?” Jasper guessed again. Second present was from Colt.
