Chapter 91

He shrugged. "I picked Italy." "Thank you!" I said as I lunged at him. "Don't mess up my masterpiece!" Emmy yelled. Alec smirked as he caught me, giving me a hug back. "Open yours next." Jasper was still frowning. "1..." I saw Emmy hold up the number 4. "Hey! That's cheating!" I yelled. "1407" "No." I said taking the envelope. It had a gift card on it that said shopping spree for Italy. "Thank you guys! However, Emmy is this a gift for me or for you?" I laughed, "Both. You cannot wear anything you own to Italy. However, I will have fun dressing you. Now, get dressed." "144?" Jasper called as I went into the closet. Sticking my head out, I touched the tip of my nose with my finger. "Holy s hit."

I laughed as I slipped on my outfit. "Guess what?" I mind-linked Alec. "Hmm?" Coming out of the closet, I watched Alec's eyes look me over. "I'm not wearing anything under it." His eyes darkened as he made eye contact. v run Jasper had got up and was hugging Emmy but Alec just sat there. It was hard to get a reading on him as he wasn't showing me his emotions. "Do you not like it?" I asked still in the mind-link. Uncertainly through me. Finally he got up and hugged me. "I'm trying to not rip it from your b*dy and f uck you right here and now. Every f ucking guy is going to get his eyes ripped out tonight for looking at you. This night better

go quick head. so I can shove my di ck so far up you that you can't walk tomorrow." He growled in my "So you like it?" "It fits you like a glove. So f ucking s exy His hands started at my hips and run up before going back down. "Thank you." "Dam n girl, you look great. An n is going to lose her f ucking mind." Emmy whistled as Jasper let her go. "That's the hope." I laughed as Alec let me go. "We need to get going." Jasper said. "Yeah, the car is out front." Alec took my hand and we walked out of the room. Alec was wearing a solid black tux with a scarlet red tie. It matched me so perfectly. I felt like the prettiest girl on the sexiest guys arm. "Oh, more more thing.." Alec stopped walking when we hit the foyer. He looked over at a group of kids watching everyone leaving for the dance. My mark was on full display as I smiled at them. I "Hey Calvin!" I said a little ccky. They all looked over and the ones that understood started laughing. "S hit." He hung his head as he drug his feet over to me. "I believe I won the bet." "Yes, Luna." "That would be 100 pushups." I said to him. "I'll make sure he does them!" Ted volunteered. "Perfect. Tomorrow afternoon, I want to see you in our office with all your art work. I hear you have a knack for it and I want to see it."

Calvin's mouth dropped. "But why? I'm no good." "Because I said so. Have fun!" I said to them before Alec led me away. Opening the front passenger door, I got in. Jasper and Emmy were already in the back. "Why do you want to see his art work?" Jasper asked. "He just needs some guidance and I think he will be someone I might hire to work for me at the shop." "He is a screw up." Jasper said. "He needs to find out what he cares about. If I'm right, I think this will be a turning point for him." "Oh?"

Chapter 92

“Obviously...” Jasper put his arm around Emmy. He looked like a classic fuck me boy but thankfully he was good for Emmy. Turning around, Alec placed his hand on my thigh. Wrapping my arm around his. “Remember last time we were on this road?” I said in the mind-link. Alec didn’t respond but squeezed my thigh and shifted uncomfortably. Emmy and Jasper were in their own world. Laying my head on his arm, I just smiled. I “What are you thinking about?” Alec asked me in the mind-link. I was happy. “How happy I am.” I answered in the mind-link but I looked up at him. He glanced down and kissed my forehead. “Good.”

We pulled to see Colt and Penny standing out front. “What?” Emmy yelled. I jumped out of the car, I ran to them. “So happy for you!” Throwing my arms around him. Emmy came up and hugged Penny. Both of them were sporting fresh marks. “Kris?” Dad’s voice boomed from inside I was about to run in when Colt grabbed my arm. Looking at him he shook his head no before giving my arm to Alec. “Keep her close.” Colt mouthed. Alec wrapped his arm around me firmly just as dad made his way out. “Kristen! You look beautiful!” Dad came over to me and gave me a hug. He was shaking Alec’s hand as Anna walked out. “What are you wearing? I had a strict dress code!” Anna was shaking from anger. Both Colt and Alec stepped close to me. Jasper grabbed Penny and moved both girls away. “Anna, let it go. She looks beautiful. It’s her birthday after all.” Dad said. Anna ignored him and walked

up to me. I kept my head high but Alec thought she was close enough and took a step forward, halting her progress. “Get out of my way, boy!” Anna shrieked. “No. That is close enough.” Alec said dangerously calm. “Let’s all head down.” Dad spoke as Jacob walked out. After surveying the scene, he calmly walked around and behind me. Dad grabbed Anna’s arm and pulled her away. Colt took Penny and they fell in line with Jacob. Alec and me were next, then Emmy and Jasper. We all got in our own golf cars and they took us to the event center. Cars were lined up as people made their way inside. Outside, there was a massive banner that read, ‘Happy Birthday Colt and Kristen!’. “Oh wow.” I said as we got off. Alec wrapped his arm around me as we made our way inside. Taking a right, we had to wait to be announced. Jacob went in and took his seat with Emmy and Jasper. Now, it was just Colt, Penny, dad and Anna with us in this tiny room. “Why is it so hard for you to be a good daughter just once!” Anna rounded on me. Alec was instantly pissed off as he firmly kept me beside him. “Anna, I am not doing this! It is her birthday, either don’t speak to her or just fucking leave.” Dad was turning red in the face. “You always take her side!” Anna acted like she was going to cry. “Because you are always being a bitch! Honestly, I would have never mated you if I knew this is how it would turn out but now Colt has his mate, I don’t fucking care.” “After everything I did to make this night happen, this is the thanks I get?” She switched to angry quick. “Are you guys ready? They are about to start.” A staff member with a headset popped his head in. “Yes, we are.” Dad said firmly. “Perfect, line up, please.” Dad stood beside Anna at the front. Colt first and then me. “Present Alpha Brian and Luna Anna!” The announcer called. Everyone cheered as dad and Anna made either way down the carpet and to their seats.

“Future Alpha Colt and his mate Penny!” The cheers were even louder as they walked out. “I hate this part.” I whispered to Alec. “I don’t like being the center of attention.”

Chapter 93

"I know, baby girl." Alec rubbed my back. "How many pet names are you going to try out?" I asked.. "They all just quite don't fit." Alec muttered. "Finally, Kristen and her mate, future Alpha Alec of the Blue Fang pack!" Alec and I walked out to the largest cheering yet. Lights blinded me as I waved going down the aisle. There was whispers about my dress I couldn't not hear. "That dress!" "So pretty!" "Oh my God! I love her dress!" "If an F U dress." That last one was my favorite. that's fo

My heart was pounding as we made our way down the carpet. Dad and An n stood as Colt and Penny took the left and Alec and I moved to the right. I was finally able to see throughout the room. The rest of the ranking wolves were sitting in the front row. On the far end, to the right, was Darin and his ranking wolves as well. His eyes drilled holes into mine as I made eye contact. Shivers ran up my spine. Breaking eye contact, I started listening to the announcements. evening! Will be served. Please enjoy your Right on cue, everyone sat as the waitresses and waiters came out with the meal. Alec helped me sit before he sat. Thankfully, dad was sitting next to me. "Something to drink, Luna Kris?" I recognize him as a pack member of my dad's. "Dr. Pepper and whiskey please." "And you, Alpha Alec?"

"Whiskey on the rocks." "Thank you, Roger." I said as he moved on to my dad. A plate of smoked turkey, roasted asparagus with a loaded mashed potato. Everything smelled so good. "This looks good." Alec muttered to me. "It really does." I agreed as I took a bite of turkey. The juices were flavorful as they ran down my throat. "Please try to not make me feral with your moaning." Alec whispered in my ear, so low that no one heard. "I'll save it for later." I replied back as I took another bite. "Go-" Alec started but our drinks arrived. "Thank you." Taking a sip, it tasted and went down too easily. A photographer came around and took pictures of us as a couple before moving on. Multiple times, people would come up to us to either wish me a happy birthday or to congratulate us on our mating. After half the food on my plate was gone, I just started pushing it around. The cake part was coming up and then the first dance. All I wanted was the after party dance. Where the dj really let loose and rocked it out. Alec leaned back and put his arm around my chair and lifted his ankle over his knee. When I leaned back, he pulled my chair closer to his "What will it take to relax you?" Alec said in our mind-link. Grabbing my whiskey, I took a large sip. "To not be sitting here." I said back. "Young lady! Sit up at the table and have some manners!" An n leaned over dad and whispered angrily. "All right, ladies and gentlemen. Let's cut the cake!" Giving An n a smirk, that just pissed her off more, Colt walked up to me. Taking his hand he offered, I allowed Alec to take my drink. We walked over to the cake table that was just off to the side. Colt picked up the knife and offered it to me. Shaking my head no, he went ahead and cut the cake.

Cutting a small piece. However, when he pulled the cake back, it was lemon flavor. I absolutely hated lemon cake. Taking a deep breath, I wasn't going to make a scene. Colt frowned as he looked at dad. Following his gaze, I saw An n smiling brightly. "I almost forgot!" Dad boomed. He held up a finger as he jogged off the stage. Colt was just as confused as I was until dad pulled out a smaller full chocolate cake

with big numbers sitting on top. "My last chance to spoil my litter girl!" Dad joked as the entire tent started laughing. An n put on a half happy face but her eyes were full of anger.

Chapter 94

"Enjoy." Dad k*ssed my forehead as he gave me a hug. Colt cut me a piece before handing it to me. We each took our bites as the room erupted in applause. Everyone went back to talking but as Colt was leading me to the floor, someone stopped us. "Happy birthday!" Darin's voice caused me to recoil. Colt instantly pulled me close to me but I was still standing tall Beside him. "Alec!" I mind-linked him. He didn't respond but I felt his anger. "Thank you. We appreciate you coming out this evening." Colt said in a forced niceness. "It was my pleasure. I was hoping to be able to have a dance with you, Ms. Kristen." I felt Alecs arm sl*p around me. "Thank you for your interest. I am going to have my first dance with my mate, Alpha Alec but I'm sure later on we will be able to meet up." I said as I took Alecs hand. "Hmm, yes." Darin was pi ssed. His eyes landed on my mark but the music started playing so we walked

off. Alec held me close as i wrapped my arms around him. "I'm going to kill him" Alec muttered quietly. His eyes were looking around the room. Pulling his head towards me, his forehead rested against mine. "Later. Right now, let's just da "Anything for you." Alec purred as my thumb rubbed his neck. "You're looking pretty f ucking good tonight." I said to him. My hand wrapped around his tie as I he tight to me. "You look pretty tasty yourself." "This dress needs to survive the night. I want to wear this again." "Can't promise anything." Alecs hand just resting on top of my as s.

"Alec?" Butterflies attacked my stomach. "Yes?" Looking him in the eyes, "I love you." I said as sincerely as I could. His eyes studied mine. The surprise he felt quickly turned into happiness. "You have no idea how much I love you." Alec planted the sweetest k*ss to my l*ps. There was a firm poking on Alec's shoulder. Breaking our k*ss, we looked over. An n was standing there with Darin beside her. "I told Darin he could have the first dance with you." "That wasn't your place to make such a promise." I said bluntly. "I'll dance with him later." "How dare you!" An n grabbed my arm and tried to pull me away from Alec. Thankfully, Alec was faster and pulled me away. "I suggest you walk away or you will not like my next move." Alec said opening threatening. "An n, you are making a scene." Dad muttered angrily as he approached. "I am sick and tired of this b itch acting like she can do whatever she wants!" A nn openly stated. The music stopped and everyone was listening I'm not sure what came over me. I just snapped. Red clouded my vision as I loudly started speaking. "I am not part of my dad's pack anymore and therefore not under your control. I am the f ucking Luna to the Blue Fang pack. You can either accept that and give me the respect I deserve or you can the f uck out of my party. I will NOT be dancing with Darin. Any promises you made to them were empty and had no grounds. You have no authority over me. You can back the f uck up before I put you in your place." I was proud of myself, Alec was beaming with pride. His arm was around me as his claws dug into my hin Colt had an 'oh s hit' look to him as well as everyone I could see. It was quiet for a few seconds! Emmy started clapping. Mrs. Smith Author

Thank you all for reading!! 8

Chapter 95

“That was amazing!” Emmy ran up to me, barreling into me. “I’m not sure what got into me.” I was a little shocked myself. “It’s the Luna in you coming out. Your authority was being questioned and your wolf didn’t like it.” Jasper nodded in approval as he pulled Emmy to him. Alec had his arm around me instantly as we followed Jasper over to his table. Jacob had his arm around some girl, Kevin was doing the same and Colt had just arrived. “Penny! Congratulations!” Emmy gave Penny a hug. “I was so shocked!” Penny was smiling from ear to ear. Alec handed me my drink as the music changed. The young crowd started dancing like it was a club. “Now this is a party!” Jacob took a drink as he made eye contact with me. His eyes were haunted. “I got a surprise for you.” Alec whispered in my ear. He led me to the front of the tent. On a table of his own, a massive picture of Ace sat there with a beautiful flower arrangement. “Thank you.” My arm went around his waist as I looked at it. “I can’t believe he is gone.” Jacob said as he walked up behind us. “I know. I expect him to walk in the door any minute.” I said in response.

“This was a nice thing you did, man.” Jacob held out his hand to Alec. “I can’t imagine the pain you are going through. Anything I can do for you?” “Appreciate it. Just take care of our girl. She’s like my sister.” Alec agreed. “She is something special.” “I’ll do for you guys. We walked back to the group. Alec sat in the chair and I sat on his lap. “That dress is everything.” Penny

applauded me. “Thanks! I found it fitting to wear.” Taking a sip, I did a little shake. “Let’s dance!” Emmy said as a Low by Flo Rida came on. Taking her hand, I jumped up and took off dancing. Alec POV “I want Darin removed from this evening.” I said to the table. Colt, Jasper, Jacob and Kevin all leaned in. Jacob told his date go to dance so we could speak. “What did you have in mind?” Jasper asked. “I don’t f ucking care. Kristen doesn’t lay eyes on him again.” “I got this.” Jacob stood up and walked into the crowd. Colt watched him leave but didn’t make a move to stop him. “Your boy good?” I was trying to hide how f ucking pissed off I was. “He’s got this.” Colt said confidently. “There has already been enough drama” C hugging the rest of my drink, I needed another. “Colt, you got her?” I asked. “Yeah, grab me one.” Colt chuckled as well. I knew my face wasn’t friendly. I didn’t realize it was as bad as it was until everyone moved out of my way. I “A-alpha Alec? What c-can I get you sir?” The bartender asked. “Two whiskeys on the rocks and a whiskey and Dr. Pepper.” He nodded and started making them. “Lovely evening, isn’t it?” My fist balled up. “The f uck do you want, Darin?” “Just one dance.” He slid his glass over to another bartender.

“Over my dead b*dy.” I “I’m sorry, Alpha Darin, we are out of Jameson. Can I offer you this bottle of Jim Beam instead?” “F ucking bar. I guess.” The bottle was already open but I saw a fresh bottle of Jameson that wasn’t opened. The bartender poured him a drink and then passed it to him. “Good evening, sir.” Sliding my glasses to me, he nodded before walking away. “I’d be careful. People might think we are

enemies.” Darin took a large sip of his Jameson. “We sure as hell aren’t friends.” I had to bit my tongue. “I have a feeling we are going to be spending more time together” Darin muttered right as his stomach started rolling. “Sounds like you need a bathroom “I found that incredibly amusing Jumping him would be too obnout. Poisoning him would be cause for a war Giving him the s hits would force him to stay in the bathroom “The f uck did you do to me?” His eyes glared as he started to sweat

Chapter 96

“Me? What did I do?” I laughed. Taking advantage, my fist connected with his stomach. At the same time, his as s lost the battle as s hit ran down his leg. Seeing him half run, half jog out of the room was hilarious. Pulling ing out my wallet, I tossed a \$50 to the bartender. “Thank you.” I said as I walked back to the table right as the girls got there. Sliding Colt’s over to him, Jacob returned. “Get the drinks okay?” Colt asked. “Yeah. S hittingly well.” Jacob smirked as Colt frowned but rolled his eyes at Jacob. “What did you guys do?” Kristen asked as she took a sip. Her eyes looked at us accusingly. “Not a d amn thing. I got us more drinks.” I said, I’m my defense. “Just enjoy your evening.” Colt took a sip. “It’s your birthday too.” Kristen said. She looked around before whispering something in Colt’s ear. His b*dy tensed slightly but otherwise, remained neutral. I doubt anyone noticed it was so minimal. “Hey Ice, you ready for tomorrow?” Emmy looked at Kristen over her drink. Excitement ran through Kristen. “F uck yeah! This will be so much fun.”

Taking my own sip, I had forgotten about her challenge. I was not happy she issued one when I heard it and I’m still not happy. It wasn’t that I doubted her, I didn’t want her to have to fight. This whole thing was pointless now she was Luna. What did she need to prove by fighting. “We will have to grill tomorrow after!” Emmy was making a whole thing of this. “Alpha, there is a situation out back.” A warrior mind-linked me. “Excuse us ladies.” I said and nodded for Colt to follow me. Jasper and Jacob turned themselves so their were watching the girls. However, they were so engrossed in making plans, I doubt they noticed our departure.

Colt didn’t a etwo ask but followed my lead as we walked out the front and down the sidewalk. There were men on the ground and four standing over them. “What’s going on?” I asked. That’s when I heard the whimpering. Looking over, there was a girl huddled against the wall. Her dress was torn and she was bleeding from her “It’s what it looks like, Alpha. We heard the scream and now knuckles. nose here just in time.” My warrior had blood on his “Pick them up.” I said as I took my jacket off and rolled my sleeves. Colt was already doing the same. “Move into the trees.” I said. Two men grabbed each guy that was on the ground. “She asked for it!” I didn’t even respond but landed a punch to his jaw. I knew I broke it, instantly. We got into the woods and my warriors held them still. “Mom, there is a girl outside that needs your help.” I mind-linked her. I closed the link instantly. She didn’t need to hear this. “What pack are you from?” I asked but I knew the answer. ” you.” Colt landed a solid punch to his stomach. “You think it’s appropriate to touch what isn’t yours? I didn’t let them answer as I landed my own punch to his stomach. Without waiting, I brought my knee up, breaking his nose. My guy was on the ground moaning. After stomping on his d ick, I picked him up by his shirt. “Don’t touch another f ucking girl like

that or I will kill you." Then I delivered the final punch knocking him out. Thankfully I had an all black shirt off. Looking at my warriors, "take care of them." I commanded.

Colt and I walked out of the woods. Mom was kneeling down, talking to the girl. They both looked at me as we approach. "How are you?" Colt asked. "Could have been worse." Mom frowned. "What pack are you from?" "Midnight River." "Is that common practices?" I asked. "Y-yes." She didn't want to answer me but did. "Please just let me go. It will be worse for me if anything comes of this." "How old are you?" "19." "Do you have a mate?" Colt asked. "N-no" she shook her head. I held out my hand and helped her stand up. A little blood got on me from her

Chapter 97

"Let my mom take you to the bathroom and help you clean up so you can rejoin the party." I commanded. There was an option there but not much. "Come on, dear" Mom put her arm around her and we followed them. As they went into the woman's bathroom, we went into the men's. Jacob was washing his hands. Walking up to the sink, his back straightened. "What is that smell?" Colt and I looked at him weird. "Blood." I shrugged. Turning the water on, I was about to put my hands in the water but my back slammed against the wall. My claws and danger were out as I circled his neck. "What the hell, Jacob?" Colt asked. Jacob ignored my hand as he smelled my hand. It was then I clicked. "Fuck." Retracting my claws, I drug him out of the bathroom. Not even knocking, I stuck my head into the women's. Mom looked at me appalled.

"What the hell, Alec?" "Bring the girl out here." I said with authority. I saw them look at each other weirdly before they head my way. Colt was standing by with his arms folded. We had made enough noise that the music stopped and a crowd gathered. Kristen walked up, looking shocked that my hand was still firmly around his throat. "Alec?" I held up a finger, telling her to wait. Mom and the girl came out and as soon as they saw each other they both yelled mate. Jacob tried to run to her but she was frozen, Grabbing her arm, I drug both of them outside. "Alec! Wait!" My mom yelled. Probably scared for what I was going to do. Unfortunately, the crowd

came with us. "Everyone! Back inside!" I growled angrily. Everyone went inside but mom, Kristen, Emmy, Jaspers, Colt, Penny and our parents. "Let me go!" Jacob demanded. "Shut the fuck up" I growled at him. My authority was enough he stopped fighting me. The girl was just standing there. Letting her go, she put a few feet between Jacob and herself. "Jacob listen. She was just attacked by some guys. She is scared and needs some space." I said trying to "We already took care of them." Colt stepped forward. Jacob stopped fighting me. Colt nodded at me and I let him go. "Jacob is the gamma at Blue Fang pack. Colt's pack. You will be safe there. He will treat you right." I spoke softer to the girl. "It's okay." She took a few hesitant steps towards Jacob. He help out his hands and waited for her to touch him. Her hands shook as she reached out and touched his fingers before quickly pulling them back. "What was that?" She asked scared looking around. "The mate bond." Kristen said coming

forward. She put her arms around my waist. She tried again as she reached out again and put her whole hand in his. Slowly she inched closer until she wrapped her arms around him. Jacob gently eloped her into a hug, holding her tightly. "What do we have here?" Darin asked as he stepped out from the door frame. "Sherry?" "Y-yes, Alpha?" She backed away and kneeled before him. I had to keep my claws away. "It appears she is mated to my gam ma, Jacob." Colt said through gritted teeth. Kristen let go of me and moved the other girls back.

"Is this true?" He asked Sherry. "Yes, Alpha." She kept her head down. "Hmm, this is interesting, indeed." Darin muttered. "It goes without saying she will be accompanying us home." Colt said. "What about your belongings?" "We have a tradition where newly mated members get a whole new closet." Kristen spoke up. Looking back, she was standing in front of all the women, even my mot her. "I'll tell you what. I'll allow her to go home with Jacob here, if you dance with me to the song of my choice." Darin was looking at Kristen. Her back straightened but looked right at Sherry. Sherry was shaking in fright.

Chapter 98

"As long as you behave, I'll dance once with you." My eyes narrowed at her. "Good. Let's go." Darin held out his arm to her. Kristen avoided eye contact with me as she took his arm. I felt a hand wrap around my arm. "You're going to want to let go." I said firmly. "Stay out here. I have her." It was Colt. Probably the only man that has the balls to touch or question me. "I'm fine." Ripping my arm free, I walked in just as the music changed into tango. The most f u cking S**ual type of dance there was. I was f u cking fuming. His hand was just barely over her as s. "Alec.." Jasper and Emmy walked up beside me. "You're going to want to leave me the f u c k alone." I said as I took his drink from his hand and shot it back. Jasper led Emmy away but Colt stayed beside me. "I don't need a f u cking babysitter." "If you go, I go." His voice was just as restrained as I felt. He didn't feel her emotions though. She felt disgusted and repulsed.

"We are leaving after this." "Us too." The song came to an end and Darin dipped Kristen. Setting my drink down, I walked up to them. He was k*ssing her hand. "I was just thanking her for the dance." Pulling her against me, my hand firmly around her waist. "Sherry is going home with Jacob." I said firmly. "A deal is a deal" Darin smiled at Kristen. Turning, I pulled Kristen with me. Walking past our table, "we are leaving, now!" I commanded and kept walking. Kristen didn't even protest as she kept up pace with me. The cars were around front as soon

as we walked out. I assumed Jasper called them but I didn't f u cking care in this minute. Walking up to the driver's door, my hand ripped it opened. "Get out." I wanted to f u cking drive. Looking around, I appeared everyone was getting into a vehicle. Jasper and Emmy sat quietly in the back. Slamming the door, my foot slammed on the gas. "F U C K!" I half yelled, half growled as my hand slapped the steering wheel. Kristen reached over and put her hand on my thigh. Both my hands gripped the steering wheel as

we raced down the highway. I emotions were calming down the further away we got. Which, helped me but I was still f ucking pi ssed. I I “Open the f ucking gate.” I mind linked the guards. The gate was open just enough as I plowed through it. Rock got sent flying as I came to a skidding stop. Not wasting any time, there was one thing on my mind. Kristen didn’t wait for me as she ran ahead. I took two steps at a time until we were at the bedroom door. Opening it with my code, I barely got it closes before I slammed Kristen against the wall. My mouth was on hers but it was her hands taking my clothes off. Lifting up her dress, she has my pants dropped. Stepping out of them, I inserted a finger into her. “Ah!” Kristen’s eyes rolled back as she clung to me. I couldn’t wait. She was wet and I had needs. Ramming my di ck into her, she wrapped her legs around me. Clinging into me, she matched my energy. “I’ll make it up to you.” I groaned. “F uck me, Alec!” T “Say my name!” I demanded. “Alec!” “Again!” “Alec!” She moaned. “AGAIN!” I pushed my aura out even though it did nothing.

“ALEC!” “That’s right, you are f ucking mine!” I growled before I bit my mark as I shot my load into her. “ALEC!” She screamed before I felt a sting in my own shoulder. The need wasn’t as strong but I wasn’t done. Kristen pov I was f ucking sore this morning. However, it was the best night of my life. Currently, I was wrapped up around me, keeping me feeling safe. After yesterday, I wanted nothing more than to stay here. “You’re awake.” Alec muttered, it wasn’t a question but a statement.

Chapter 99

“Nope.” Shoving my as s further into him, I felt him chuckle. “You need to get up and get a good breakfast in you. You have a fight to win.” “Looking forward to it!” “You need to focus. Winning this will keep others away.” He sounded more concerned then I felt. “Who else has had the balls to challenge me? Plus, I am the one that issued this challenge.” I sighed as I rolled out of bed. It was getting more and more comfortable to be n*ked in front of Alec. I was very much aware of him staring at my as s as I walked to the bathroom and shut the door. A shower wasn’t needed but since I probably smelled like S**, I wanted to go in smelling neutral. The bathroom door opened right as I put my head under the hot water. “They might not have issued the challenge yet but it is still a possibility.” Alec muttered as he joined me in

the shower. It was all I could do to not roll my eyes at him. “Are you worried someone might beat me?” I was massaging shampoo in my hair as Alec was washing his b*dy. Nothing about this was S**ual. Just two people in the shower having a conversation. It struck me a weird, since I had always assumed when people shower together, it was a S**ual thing. This was level of comfort I didn’t realize was possible. I “No. I mean... I haven’t seen you fight but I rather not see it either.” Alec was clearly not happy about today. Actually, he seemed rather grumpy. “Is Colt coming today?” “Suppose to.” We rotated position as the shampoo was rinsed out of my hair.

“I still can’t believe him and Penny are mates.” She was an amazing person. “I wonder how Kara is taking it.” “Is Kara a fighter?” My b*dy froze as my mind went to where his was. “Yes. Penny isn’t. She is a

scholar like me." "But you still fight." Alec sighed. "Only because I forced my dad to teach me." After one last rinse off, Alec turned the shower off and handed me a towel. We both walked out of the bathroom and into the closet. "I have some s hit to do today." Alec had his back turned to me as he got dressed. "That's fine. I am capable of finding my own way down there." I was starting to get annoyed at his attitude. He's known about this fight for over a week now. We weren't even mated when I issued it. "Fine." Alec walked out and slammed the bedroom door on his way out. "Someone needs a tampon today..." I whispered under my breath. Grabbing my cell phone. / dialed Penny's number. "Hello?" girl! How How are you?" I im you?" I immediately kicked myself for not thinking they would be busy "I'm good. We were actually getting ready to head over to your pack. Colt has some stuff to do with Alec." Penny sounded like she was slightly out of breath. "Okay! I was looking for an update on the shop. I feel weird not having anything to do" "Okay, I will bring all that with me." Penny's voice sounded far away like she had put the phone down. Her tone said she wasn't actually paying attention to the conversation "Okay, well. Thank you. I'll see you soon." "Okay, bye!" Penny hung up the phone quickly. Looking down, my heart sank a little. I had put on a sports bra with a fitted workout tank. They were white with matching black and white shorts. Although

they weren't spandex, it was still rather tight on my thighs. Showing off my killer b*dy. Putting some tennis shoes on, I decided to get some breakfast before. Walking gout of our bedroom, the packhouse was alive. Voices echoed up the stairs with laughter and the sounds of feet running across the marble. It was Saturday morning and summer was almost here. It was 7:30am so I assumed morning training was already complete. My wolf was energetic and loving the energy this pack had. We weren't a technical member yet but since we were marked by the future alpha, this was our pack.

Chapter 100

The kitchen doors were wide open, probably from all the voices blowing it open. Multiple tables were lined in rows as everyone was catching about their days activities. My eyes landed on Emmy sitting at the front table with Jasper. Smiling, I made my way to them. "Hey guys!" I said cheerfully as I pulled out a seat in front of them. "Hey girl! I'm surprised to see you here!" Emmy turned to face me and away from Jacob. He leaned back and lifted an eyebrow. 1 "Why's that?" "After last night, I assumed Alec would have you tied up in your room." Her eyes did a little dance of excitement. "S hit. He is pis sy this morning. I don't actually know where he is." I rolled my eyes and leaned back as well.

"What did you do?" Emmy laughed. 1 didn't do s hit! He is mad about this challenge I have today." I leaned in so other couldn't hear me. "I think it's that time of month for him." Emmy busted up laughing as Jasper tried to hide a smile. "Colt should be here soon with Penny. I think Jacob is coming with Sherry too." That caught my attention. "Seriously? I leaned forward and put my hands on the table at this information. "Yes. There is going to be a big meeting after your challenge. Did-did Alec not tell you about it?" My eyes narrowed at this. That mother f ucker. "No. He did not." Standing up. "Excuse me. It appears I need to have some words with my mate." I said through gritted teeth. "This will be good." Jasper whispered as I turned around and started walking off. My good mood was gone. I could hear

Emmy and Jasper following me. My angry foot steps echoed all the way up the stairs and to Alec's office door. Not even knocking, I threw the door open. Alec was sitting in his chair

and Angela was standing in front of him. It looked like she just bathed and put on her own clothes for this fight. My wolf was instantly pissed off. I knew my eyes changed as Alec's closed and took a deep breath. "Isn't this cozy." I said as I walked in. Jasper and Emmy slipped in and closed the door behind them. They slipped off to the couch and sat down like they would enjoy the show. "This meeting doesn't concern you." Angela narrowed her eyes at me. "Is that so?" I walked around Angela, intentionally bumping my shoulder into hers, I went straight up to Alec. Shoving his chair back, I sat down on his lap with an attitude. I knew by his grunt that I got him a little but I didn't give a fuck. Crossing my legs and arms, I glared at her. "Last time I checked, this was my office too as I am the future luna here. Whatever you need to speak to MY mate about, you can say in front of me." Alec didn't even try to move me. Instead, he felt rather amused by this whole thing. "Angela requested a meeting before the challenge." He spoke out loud. "Great. What do you want to talk about? You can't be asking to stop the challenge as I am the only person that can do that. So please, explain why you need to speak with Alec?" "The challenge was in place before you guys mated, making this completely Alec's concern." Angela crossed her arms over her chest and popped out her leg. Her boobs popped out from her shirt and I swear her whole ass was hanging out. "Wrong. If you want to go off that logic, I was still part of my dad's pack. That would mean it would be his choice to stop this, not Alec's. Hell, it would even be Alpha Marc's choice to cancel this. Believe it or not, this is fucking happening." "I was just trying to save you the embarrassment of losing. Plus, I know what Alec likes in the bedroom. I would be a better mate for him." Angela gave me a fuck you smile. Mrs. Smith
