Chapter 10: My Expertise Is Eating, And My Interest Is Eating Too (1)

“The heck, is that for real?” He Tiantian’s reaction was even greater than Jiang Yue’s.

“It can’t be!” Even Leng Nuan, who was usually uninterested in campus gossip, couldn’t help but remark.

Shi Yao didn’t say a word, but the hand holding the bag of chips tightened slightly.

“It’s true, take a look for yourself...” Jiang Yue pointed to the iPad screen as she read. “...According to reliable sources, Belle Qin and Adonis Lin have gotten together...”

After which, Jiang Yue began reading the forum responses to this explosive piece of news:

[Baby can’t accept this. Senior Lin is mine.]

[Nonsense, I’m Lin Jiage’s real girlfriend. Look at my ID, Lin Jiage’s Little Girlfriend.]

[Stop making things up, the real Madam Lin is right here.]

[This explosive news is definitely reliable because “the inviolable existence whom everyone wants to sleep with” Adonis Lin has accepted our aloof Belle Qin’s gift.]

[Heartbreak.]

[Heartbreak +1.]

[Heartbreak +10086 1 ...]

Hearing this news, it took Shi Yao a while before she came to. She blinked her eyes as if nothing had happened and went back to munching on her chips as she casually turned around and walked to her desk.

Jiang Yue and He Tiantian continued to scroll through the forum on the iPad. When there was finally nothing more for them to see, it was already about time for dinner. By then, Leng Nuan was also done washing her clothes.

The four of them changed their clothes and left for the canteen together.

After ordering their own meals, they found an empty table and sat down.

Jiang Yue, who was in the middle of a diet, was the first to put down her chopsticks. Looking at how Shi Yao, who sat opposite to her, wolfed down her food, as well as the huge variety of dishes laid out grandly before her, Jiang Yue couldn't help but rub her pudgy belly and say, "Yaoyao, I really do envy you. The first thing you do after waking up is eat, the first thing you do after lessons are over is eat, the last thing you do before sleeping is still eat, and yet, you're still so slim as if you're malnourished!"

Leng Nuan, who had just finished her food at this moment, chimed in, "Speaking of Yaoyao's ability to keep her figure despite her eating habits, I remember how she introduced herself when we first met. ' Nice to meet you, I'm Shi Yao. My expertise is eating, and my interest is eating too '."

He Tiantian swallowed her current mouthful before adding in, "Can that even be considered a self-introduction? She was clearly trying to provoke us and max out our hostility levels..."

Before He Tiantian could finish her sentence, Jiang Yue suddenly noticed something at the entrance of the canteen, and she began striking the table with her palm in agitation, "Hey, girls, look over there, quick! It's Lin Jiage. Lin Jiage!"

Hearing those words, Shi Yao, He Tiantian, and Leng Nuan quickly turned to look at the canteen entrance.

It was indeed Lin Jiage.

The atmosphere in the canteen visibly turned a little heated, with everyone buzzing at his arrival.

Everyone's attention was automatically drawn to him.

Yet, as if oblivious to their stares, he walked calmly before everyone's gazes to buy his food before heading towards an empty window seat.

The bustling canteen quickly quietened down.

Shi Yao noticed that most of the girls making a big fuss earlier were currently conversing silently with one another, and of course, from time to time, their gazes would drift over to Lin Jiage, who was eating leisurely.
