book 2 chapter 12 Aleera POV Three weeks later .
Darius stayed away from me for weeks . I hardly saw him , and he would
swiftly walk off from me when I did . Even when I
had classes with him , he would swap with Lycus .
Yet I knew it was bothering
my mates . They were bonded to him , and him not
being around I could tell , had them on edge . One
thing I was sure of ,
though , was that Darius was right . Without me
marking all of them , their bonds were more attached
to Darius , which made me
worry , knowing he could order them away from me ,
and they would all oblige , except for Kalen .
They were drawn to him , their bonds seeking him
out like he was their beacon . Sitting in one of
Darius's classes , Lycus stood
at the front explaining something when Darius
walked in . He looked like crap , huge dark circles
under his eyes , his skin paler

than normal . Lycus growled at him in annoyance as Darius walked toward me and I sat back in my chair before realizing he had no magic . He hadn't slept in the room in weeks and I would know if any of them had slept with him so he could absorb their power . They had explained that is how they transferred magic before me , yet it took strong emotion and was mainly only obtainable for Darius to transfer during sex or fury with them , whereas me he only had to touch ,
1/ - 500x300 - 1

Yet I was still angry with him after catching him the other night . He was standing over me after he stabbed me in the hip with a needle . When I asked him what it was , he walked out of the room . Tobias and he had a huge fight , which ended with Tobias bleeding and absorbed of his magic after Darius stole it from him . Tobias explained Darius injected me with a devil's bane serum to stop me from shredding and marking them . My teeth weren't strong enough to mark them without shredding . I had tried , but their skin was too tough for me to pierce , Darius stops in front of my desk , and I look at him . " Aleera , I need , "

" Magic ? Yeah , not happening , " I tell him . Until he either apologized or gave in to the bond allowing me mark them , he wasn't getting anything from me willingly . He growls and punches the desk , making everyone jump and scatter . They run from the room , and Lycus moves closer warily when Darius turns on him . One thing I had come to notice was Darius ; without power was like a withdrawing drug addict . " Out ! " Darius booms and his eyes flicker as he orders Lycus out . Lycus tries to refuse his order . Sweat beaded on his skin , he gritted his teeth . Lycus hands fist at his side and Darius's eyes glowed like burning embers as he used the last of his magic behind it . Lycus snarls but is forced from the room and Darius flicks his wrist using the last dribs and drabs , slamming the door and flicking the lock before I could run out after Lycus . I grip the door handle and jerk my hand back as it burns me . I hiss . My palm burns fiercely and blisters . Darius growls , and I spin around . My hands glow as I feel for my magic , but my burned hand fizzles out , and I cry out as my magic burns my hand

worse . Lycus would tell the others . He was out of magic now , but he was like a raging bull as he stalked toward me . I lift my hand , not wanting to hurt him , knowing it would hurt them , but he wasn't leaving me much choice . " You could try saying please , " I spit at him as he stalks toward me . " Teine air a chuairteachadh , " I blurt , and flames encases his body , but he just walks straight through them absorbing the magic in them and making me gasp before I remember he is demonic – Fae , and fire won't burn him . He reaches for me and grips the front of my shirt and jerks me toward him , and slams me down on my back on the desk knocking the air out of me . I raise my hand . " A lùbadh solas , " I scream as I palm in his face . Light bursts from my hand and blinds him temporarily , and he snarls , clutching his eyes . I kick him when a portal opens up , and Tobias rushes into the room . He tackles Darius and slams him against the wall . Tobias punches him , only for Darius to lose it and headbutt him , knocking Tobias out , and he tosses him off before repeatedly

punching him . I scream and get to my feet . I grab Darius's arm as he goes to hit him again . Darius turned on me instantly , and his face was twisted and demonic – looking , his eyes entirely black and his teeth were sharp points , his skin had turned a greyish color , and I blinked in shock as he turned on me . My heart raced in my chest as I stared at him Tobias groans on the ground , and blood pools around him as Darius gets to his feet . Fear paralyzed me momentarily . That moment cost me as he grabbed me , furiously , he started draining my magic , and I thrashed and panicked , setting myself on fire , but he didn't let me go , only growled , pressing me against the door , and I was forced to put the flames out or set the place ablaze . My clothes were singed and my body tingled . 11 " Give it to me . Stop fighting me , Darius snarled . " Fuck you ! " I snap back at him , and his grip turned bone – crushing , making me cry out , I scream as he turns my magic against me , making me freeze as he turned my blood ice cold . " Ryze ! " I screamed , my breath making smoke clouds in the air

, I screamed for Ryze again , hoping he could hear me . Darius snarls before fighting dirty . His lips crash down on mine when he yanks on my bond , forcing it forward . ” Is this what you want ? ” he snarls , biting my lips and forcing his tongue into my mouth .

Darius rips at my clothes , and I thrash , punching him and clawing at him before he sinks his teeth into my mark . The bond

awakens like a live wire , and I moan involuntarily as his hands rip at my tights , trying to yank them down before fiddling with his

belt buckle . My mind was screaming for him to stop , yet the bond was haywire as he pulled at it , wanting him closer when he

was suddenly ripped off me . The fuzzy cloudiness of the bond being ripped away , and I staggered toward him , wanting to go to

him before shaking myself as my

mind clears of the haze . My vision blurred ,

correcting itself , and I saw Kalen . ” Get out ! ” Kalen yelled at me , flicking his wrist

and opening a portal . I had never really seen Kalen use magic , only a few times , knowing it made him unstable each time he

did use it . Darius got up , and his growl was like a clap of thunder , and I screamed , running toward Kalen . He looks at me over

his shoulder before twisting his wrist , and I run straight at him and burst into our room .
I fall on my hands , and my heart races when I realize Kalen moved the portal in front of me before I could reach . My breathing was harsh as fear coursed through me . I got to my feet and raced for the door , only for an arm to wrap around my waist as I reached for the handle . I thrashed and screamed . ” It’s me , stop . You’re fine , ” Lycus breathes next to my ear . ” You’re okay , ” Lycus whispers , but I shake my head . ” Kalen ! ” I whimper .
” Shh , you’re fine . Kalen will be fine ; Darius won’t hurt him . ” Lycus tells me . ” He hurt Tobias , ” I tell him , and Lycus nods , kissing the side of my neck . ” Tobias will be fine , but Kalen can handle Darius when he is like that . He can manipulate his aura and bring him back , ” Lycus whispers , tugging me back toward the bed . When lust suddenly burns through the bond . Lycus groans behind me and pulls me on his lap . ” I promise Kalen will be fine , ” ” No , you didn’t see his face , “
I stammered , remembering the look on his face I knew it would give me nightmares . ” I know , just calm down . I wouldn’t be

here if I thought Kalen couldn't handle him . Kalen is stronger than you think . " Lycus tells me . I shake my head worriedly . " But

Darius he , " " He became the Demonic – King , " Lycus says , and I turn my face to look at him . "

What ? " " Without magic ,

Darius is only a demon similar rest of the men here , but Darius isn't a normal Demonic – Fae . He is the last of his kind .

Darius is similar , but he also isn't like the other demons here . He has enhanced strength , speed , stamina , and other abilities ,

like possession , mental influence , lower elemental use , and body manipulation . It is why he is so dangerous . Even without

power , he is lethal . Don't tempt him when he is like that . You give him what he wants . " But Kalen is in there with him , " I

exclaim . " Kalen knows how to play Darius like a damn fiddle . Darius can't manipulate him as he can us "

I don't understand , " " Kalen can manipulate his aura , make him feel , remember who he is , who we are to him , control

emotions and twist them , like persuasive coercion , " Lycus tells me , and I moan . Covering my mouth with my hands when

arousal courses through me from the bond with Kalen . Lycus chuckles .

” Told you , ” Lycus purrs , running his nose across my neck and shoulder .

Book 2 Chapter 13 Trigger Warning !!! Rape Content
. Kalen POV The portal closed , and I sighed in relief when I found Aleera

was no longer behind me . Tobias groans on the floor behind me as Darius watches me with a predatory glint in his eyes . I

moved around the desk , trying to keep my distance from him . If he grabbed me before I could touch his aura , I was fucked .

This side of Darius only recognized power Darius was starving for it and would kill for it if I couldn't change his aura to recognize me . This was not Darius , and I had not seen him like this in years .

He always made sure to keep this side of him contained . Nothing was more dangerous than the Demonic King . Just like when he killed his father , his father was power – hungry , just like him . Once his mate died , his father would take power however he

could . But Demonic Fae could kill and absorb power , yet that required someone to die . He reminded me of his father when he was like this , a cruel monster . Just like Tobias was a monster when frenzied , so was Darius , without power . It was why Darius killed his father . His father wanted us to claim Aleera , so she could power share . I knew he wanted to use her so he could retain power also and we got into an argument over it . Aldric lost it ; he hadn't had power in weeks , after Darius learned how he was maintaining power and confronted him . So when I got into an argument with him over Aleera , Lycus jumped in to stop Darius's father from raping me . Aldric knew how we maintained power , and figured if we wouldn't share Aleera with him , then we were fair game . Lycus was nearly dead by the time Tobias and Darius got here . I had no memory of it after being knocked out when I called on them . Lycus refused to tell me what happened , and so did the others . All I knew was that I woke up to Aldric dead , and Darius had absorbed his father's energy and soul .

So seeing Darius like this petrified me . We were all worried about this , but figured he would have enough sense to come to one of us and not let it get this far . Darius's aura was so black it was like looking into oblivion . It stung as felt for his bond , temporarily blinding me as I looked through the aura that resonated around him consuming me as I sought out his bond . Darius lunged over the table at me . His sharp – pointed nails reached for my neck when he was tossed sideways . Darius smashed into the wall on his side as a red light blasted past me . I glanced at Tobias to see him sitting up . His hand was outstretched , blood running down the side of his head from his temple a drenching his shirt . Darius groaned , and his skin turned scaled as he growled before rushing at me . I see Tobias's hand flick toward him , but I step in his way , making him drop his magic and I grip Darius ' head in my hands as his sharp needlepoint nails dig into my shoulder . I stun Darius , numb and mute his aura and him . " Leave us , " I yell at Tobias . " Like fuck I will when he is like that ! " Tobias says , spitting

blood on the floor . Darius , who was stunned under my magic , stared at me as the tendrils of darkness seeped into me , telling

me to give in to the darkness and to follow it .

Focusing , I manipulated his aura , trying to take some of the darkness out of it ,

but it was so cold , making me breathe smoke clouds in the air . " Kalen ? " Tobias says , coming up behind me .

I feel his hand touch my lower back , and his worry bleeds into me as the darkness tainting Darius washes into me from his aura

. " I'm fine , " I gasp as Darius ' grip tightens , his nails breaking my skin through my shirt . " Twist it . " Tobias growls behind me .

" What ? " " Change the direction of it . Stop trying to take it , I will do it . " Tobias says . 11 " Tobias , he will hurt you , " " I don't

care . I won't have him hurt you . Not like last time ,

11 " I was fine , " I retorted . Although he had a point . I couldn't sit properly

for a week , and I was so power drained that I burned out , which knocked me out for two days straight .

" He doesn't want to hurt me , " I tell Tobias , feeling some part of Darius stuck behind his basal instinct . " But he does , doesn't

he , ” Tobias says . ” Tobias , get out ! ” I tell him . ”
Kalen ! No ! ” Tobias snarls at me . ” Get out or
fucking watch ! I’ll power him ,
but I am not letting him hurt you , ” I tell Tobias . I
was useless at everything else . One thing I could
contribute to our bonds was
helping them stay in control or dealing with Darius
when he was like this . But I knew I had to change
his anger to something else
, and warm and fuzzy wasn’t Darius . The only thing
stronger than his fury was his lust . I didn’t mind ,
and I knew he didn’t mean
to hurt me . He would drain me of power , but I am
used to not having magic .
Darius used it as punishment over the years ; I could
live without it . ” Fuck ! Then let me knock him out . ”
Tobias curses ,
realizing I wasn’t letting him swap places with me . ”
And when he wakes up , he will be ten times worse !
You know this ! ” I
growl at my mate .. Tobias was more potent than me
, but that would make Darius rougher with him . I
know Darius fights it with
me , but he won’t with Tobias . And then once
Tobias was drained of power , we would be dealing
with a frenzied Vampiric Fae .

Going from one monster to another . Tobias wanders off as I feel through the bond for Darius ' bond , tugging on it and luring it out .

Darius ' breathing becomes harsher as I use my aura to taint him , turning his hunger for power into lust . The moment I moved

my hands , I was going to be like a puppet in his strings , because I couldn't fight him and maintain concentration at the same

time to hold it over him . Every time this has happened , I have usually been on my own or with Lycus , and I always block Lycus

out . Yet with Aleera , I wasn't sure I could block her fully now she had marked me . My hands trembled as I let him go , knowing

what I was in for , and my eyes glazed over as I tried to maintain the same level of control , contorting and twisting his aura . Still

, at the same time that left me defenseless against him . It blinded me from my surroundings as his aura enveloped me . He had

no control , he never did , and neither did I , which left us both at the mercy of his instincts .

This was instinct for him to take , to humiliate , and destroy souls and feast on their pain and magic .

That is what the Demonic

King does . He could twist your worst nightmare ,
demolish it and rebuild it into something worse .

Take on the persona of the
person you feared most . Blinded suddenly to my
surroundings , I heard him growl before the air was
knocked out of my lungs .

The room fizzles into view momentarily as I drop my
magic before I am suddenly blinded as I regain
control . Darius tugs at my
clothes , and I feel with my hands to realize I am on
my back on the desk . He snarls , the sound sending
a chill up my spine so
cold I thought it would freeze my heart . Tobias , I
could feel he was horrified as Darius shredded my
clothes .

He'd never seen Darius like this . I always dealt with
him when he was this way after learning firsthand
what he was capable of .

Therefore , I made sure I forced them out , yet
Tobias wasn't leaving Darius ' hands fall on my hips
before he flips me , making
me lose my magic as he slams me on my stomach
on the desk , flinging me around like a rag doll .

Reaching out , I opened a
portal , wanting Tobias to step through it . Yet all he
did was shake his head , and refused to tear his
eyes from us . My magic

drops when Darius forces himself inside me , as pain rips through me .

I grip the desk and grit my teeth , instead focusing on his aura and trying to slow him as he thrust into me . I felt like I was tearing

in two when I felt him suction on to my magic and draw on it . Once it was gone , I would have not a sliver of control left over him

until he was done with me and came back to us . It sickened me knowing this could have been Aleera if she didn't get out in time

. Tobias growls and I feel my magic fading away with each brutal thrust . Darius groans behind me and my vision flickers as he

drains me of power , the room coming back into view when I see Tobias step into a portal .

It closes , and I sighed with relief , no one wants to witness this . However , moments later , it opens and I whimper as I find

Tobias step through it with Aleera ... Tobias's back was to me and I could see she was crying , making me wonder if I had

managed to block her at all . I would kill him for bringing her in here , only when he moves I see she is blindfolded , her hands

outstretched . M My scream is deafening when I feel Darius rip himself from me , feeling her energy burning like a beacon . And I

turned , trying to grab him as he rushed at her . ”
immobilize agus faigh ! ”

Tobias says , and he grits his teeth , trying to hold it
over Darius , as Darius resists it now writhing with
my power . This was

stupid of him to bring her here . Lycus steps through
the portal behind her and glances at me before his
eyes flick away . Lycus

grabs her arms , leading her toward him . ” Hurry ,
Lycus ! ” Tobias spits as Darius breaks free of his
magic and slams against

her . They all tumble to the ground and Aleera
screams as Darius bites into her neck ; he would kill
her to get her magic . Lycus

is trapped beneath the pair of them when Aleera
clamps her hands on his face .

Her hands glow gold as she feeds her magic into
him , burning it out . Her eyes glow through the
blindfold like a torch was turned

on beneath As he magic fades , Darius rips his teeth
from her neck . Blood ran down his chin and
Aleera’s arms fall at her sides

as her body goes slack . I see Darius ‘ aura flicker as
his conscious mind returned . Meanwhile , Aleera’s
magic was burned out

completely . He drained her entirely , not leaving
even a speck of power .

Lycus was breathing heavily and Aleera's head rolled to the side of his chest . When Darius came too . The air fizzled around him , hazed , like a veil was lifted . He panted , trying to catch his breath before his breath halts completely . His eyes peering down at her before realizing he was naked . His head whips to the side to look at us in horror . Tobias stood in shock . Lycus was just staring vacantly at the ceiling clutching her body when Darius ' eyes fall on Aleera pinned beneath him , her clothes all torn from their earlier struggles . He makes a strange

Book 2 Chapter 14 Kalen POV Darius pushes off the ground , looking down at her , horrified . Guilt smashed into me , not his , but my own . They hated him for what he did , but they didn't know what it was like for him when he was like that . He wasn't human , man , or Fae in those moments . He was demonic possession , dark energy that knew no limits , no boundaries . I felt guilty because I couldn't get them to see that . The look of revulsion and pure disgust on their faces as he tried to pick her up upset me , and embarrassment washed through

the bond . He was ashamed of himself . Tobias shoves him away when he reaches for her , but it is Lycus who gets up and growls ferociously . None of them knew . I kept the act itself from them just like I kept their secrets and how I kept Darius's . This was our secret . They didn't need to know . If Tobias just left as I asked , this wouldn't be an issue right now . Lycus always left , or I was always able to make him ,
1/ - 500x300 - 1
convince his mind into thinking I was simply tainting Darius's aura .. Tobias being Vampiric , I couldn't compel his mind ; I wasn't strong enough . The joys of being a dark – Fae , and empathic Fae . I hated it but also loved it . There was nothing they could hide from me , not even their darkest secrets they refused to share . I knew it all . Every dirty sin , every desire , and every secret . Despite the darkest parts of them , I loved them . I loved Darius and knew he would never hurt me , his possessive demonic side would , but I knew that was a separate entity to him . So for that , I couldn't hate him . Tobias grabs her off Lycus , cradling her to his chest and Darius looks wounded as he stares at her . Lycus , however , rises to

his feet before punching Darius . Darius doesn't even fight back . He wants them to hurt him for what he did to me . He hated himself . Darius landed on the ground on his back before Lycus pounced on him . Burning rage bled through the bond , and Tobias simply opened a portal and stepped through , abandoning Darius . Turning his back on him . He didn't care if Lycus hurt him , however ; I did . Darius was our mate , and I wouldn't let them harm him even if he wanted them to . Therefore , I yanked my pants up before rushing around the desk and slamming against Lycus . I tumbled on top of him . His beast raged within him , and his eyes glowed , canines protruding from his lips as he snarled . He shoved me to the side and growled . Lycus wanted to rip him to pieces and destroy him like he thinks Darius did to me . Darius sat up , and I threw myself in his lap as Lycus's fist went toward my face . I closed my eyes a second before his eyes widened at the realization he was going to hit me . His breathing rasped , and he whimpered , making my eyes open to see Darius ' hand encasing his fist just off my

face . Lycus jerks his hand back instantly , breathing heavily and looks at me , his eyes returning to normal , no longer the glowing obsidian of his beast , he stares at me in shock that I would defend Darius against him . I suck in a shuddering breath when – Lycus cups my face in his hands , and I can feel the warmth of Darius’s blood dripping on me , his face bleeding profusely ” Come , Kalen . I will get you out of here . Let’s get you cleaned up , ” Lycus purrs . The sound usually soothes me , but not today . I wasn’t leaving Darius right now . His emotions were implosive , and I worried he would harm himself . Our secret was out . He always hated himself for what he did , but today was worse because he had their added hate amplifying it through the bond . I shake my head . ” Go . I am fine , ” I tell him , but his eyes move over my shoulder to Darius behind me , his eyes flicker , but I grab Lycus ‘ face , turning his gaze back to me . ” Go , ” I whisper . ” How can you even be near him after what he did ?! ” Lycus demanded , his voice coming out in a growl . He wanted to kill him . Lycus didn’t care that Darius was our mate . He only cared that he hurt

Aleera and me .

" Because he didn't do it , " I tell him , and Lycus snarls , not believing me but I didn't care . I knew Darius better than they did , understood him and the monster that lurked beneath his skin . They didn't need to understand it , they needed to accept that I

forgive even this side of him , and they should , too .

" How can you say that ? He is bad as the priests at the orphanage , " he

spat at me . I shake head and press closer to Darius . my

" No. They are monsters . Darius is our mate , " I answered . " Mates don't rape each other ! " Lycus sneered , gripping my wrist

to jerk me to my feet , but I pulled my hand away . "

Kalen now ! " Lycus growls . " Leave . I will be up soon , with OUR mate , " I

tell him , and I feel Darius move as he shakes his head behind me . " Lycus is right . You should go with him , " Darius whispers

behind me . " I'm not leaving you , " I tell him , not taking my eyes from Lycus , who still looked like he was going to rip me away

from him . He flashes his canines at Darius before his eyes move back to mine . " Fine . But keep him away from me , or I will

fucking kill him ! ” Lycus snarls before opening a portal and stepping through it . I let out a breath when it closes , leaving me alone with Darius . ” He’s gone now , ” I whisper to Darius as his arms encircle my waist , and he buries his face into the back of my neck . His body shakes as he squeezes me . His tears ran down my skin as he cried . Only I ever saw this side of him , saw how broken he truly was . ” I’m sorry , ” he kept whispering on repeat , pulling me closer like he was afraid to lose me , and he was . He feared nothing more than everyone abandoning him . They always did . His mother left him after he accidentally killed his sister . She became comatose , and Darius cared for her , living with the guilt of the secret his mother kept saving him from his father . Even if it wasn’t intentional , his father would have killed him for it . His father left him to raise himself . His father was too consumed with finding a cure . A cure for the plague he helped create that destroyed his family . Darius was a boy , and it was an innocent mistake , yet he blamed himself for her death , for his mothers . Just like he blamed himself for being the one that ended the world as it used to

be . He blamed himself for the plague . Nothing I said convinced him otherwise , just like he blamed himself for Tobias's twin's death . Twisting in his grip , I straddle his lap , his sadness , guilt , and pain seeping into me hotter than any emotion I felt toward him . He kisses my chest and neck before resting his forehead against my collarbone . His breath was hot against my skin . " You should hate me . And I wished you did , " Darius murmurs . " I couldn't hate you even if I wanted to . But I will let you make it up to me , " I tell him , and he pulls away and looks at me desperately . He would do whatever I asked . I knew Darius needed to make up for his sins , as he saw them , and needed to untaint what he tainted . " Anything you want , " he says , and I cup his face in my hands . His stubble was rough against my palms , his black eyes searching mine . I could ask the man anything and knew he would oblige . Darius would kill for me and had . No one had blood on their hands like Darius Wraith . But he always had his reasons . He wasn't a cold – blooded killer like the world perceived him as . They saw a monster while I saw him He was cruel and cold by

nature , but inside , he loved fiercely and was protective . He wore the perception everyone gave him like armor and refused to let others in , knowing that was how everyone could also destroy him . ” Anything ? ” I asked him , and he nodded , clutching me tighter and dragging me against him . His lips pressed to the center of my chest . He could never deny me , but I also never asked for anything either . But this time I would .

Book 2 Chapter 15 " Stop giving Aleera the devil's bante . Let her shred Darius . Let her bond us . I get why you don't want her to mark you , but you're punishing all of us by not letting her mark the rest of us . Punishing her , " I tell him , and he shakes his head against my chest . " I can't let her mark me . You think I don't wish I could ? " he says . " She will forgive you . They all will . " I try to reason . " You don't know that , " he says . " I do , because I forgive you Your perception of what you have done is wrong . You can't see past your guilt . And Tobias will see that . Aleera will see that , " "

" I killed his twin and killed her father . I destroyed the white Fae . " he says as sadness courses through me from the bond . " No. Your father did , and hers . Not you , " I tell him . Darius shakes his head . He would never believe me . I sighed , pressing closer and gripping his face to turn it up to look at him . " You're worthy of their love . They are the ones not worthy of you . They don't see what you have done for them , but I do , " I tell him , meaning every word I spoke . His lip quivers , not believing me despite feeling me through the bond . " Let her shred . Even if you don't let her mark you right away , but at least let her mark them . The rest we can figure out later , " I tell him , and he sighs and reluctantly nods . Darius turns his head , kissing my palm . " Okay . Will you leave me if they do ? " he asks , looking back at me . " No. Because I know they won't be leaving you . Aleera won't leave you ,

1/ - 500x300 - 1

" I try to assure him . " But if they did ? " " I go where Aleera goes , and you know Lycus will go where I go . Just make sure you follow us , " I smile sadly . " Always , " he breathes . I knew he would anyway , even if they left him . I knew Darius would follow in

the shadows and watch over us . He would never abandon us .

" They hate me , " he breathes . " They just don't understand , I tell him . " And when they do , they will still hate me , " he says . "

No. Aleera will understand , and she may not say anything to Tobias . I haven't , because I know you didn't mean it . And if

anything , she would probably be more freaked out that you used to visit her every night while she slept . Because that is a little

creepy , " I laugh . " Not every night , " he chuckles . I pull away and raise an eyebrow at him .

" Okay , every night , " he admits . " But I wasn't being a creep , " he adds . " No , you just needed to make sure she was safe , I

know . " " I couldn't let them hurt her , " Darius growls . " And they won't , because she has you , " I tell him while getting to my

feet . I hold my hands out to him , and he takes them , letting me pull him to his feet . " I have no magic , " I tell him , and he flícks

his wrist , opening a portal . " I can give it back , but I don't want to hurt you more , " he says . I shake my head , knowing once

Aleera awakes , the others will power her , and she will give me magic . Stepping through the portal , I see we are 11 in the room

next to ours , and I sigh . Darius ? ” I growl . ” I don’t want to face them yet , ” ” You will sleep in our room tonight . With our mates

. You promised , ” I tell him . ” I promised to let her shred . I said nothing about sleeping in the room , ” ” But you will , ” I tell him . He growls and clenches his teeth . Darius nods once before opening the door to the bathroom

between the two rooms . Aleera was still with Tobias , though he was struggling to clean her up while she was still out cold .

Darius makes a strangled noise , and Tobias glances over his shoulder and bares his fangs at Darius in a warning . ” Where is

Lycus ? ” I asked while stepping into the bathroom .

The steam made their scents extra potent and fogged the mirror . I knew her

scent was making Tobias uneasy , her scent morphing without magic and he hated the new scent , wanting her scent to return to

normal . ” He went for a run to stop from killing him ,

” Tobias answers , glaring at Darius . Tobias hoists her up higher in his arms

,

trying to wash the shampoo from her hair . I strip my clothes off and step into the shower with him .

Taking her limp body from

him , and he tips her head back to wash the soap from her hair . Her bond was dormant , and I was not too fond of the feeling of it . Knowing Darius had hurt her bond . He was the only one that could awaken it . We needed her bond to awaken so she could take power back and draw on us . ” No ! ” Tobias snarled . ” He is in control , ” I tell Tobias , and I look to see Darius walk back into the room . ” Darius ! ” I snapped , and his posture tensed , but he turned around , his eyes going to Tobias’s blood – red eyes . He swallows , looking down at Aleera in my arms . Tobias growls at him , and I turn my head and glare at Tobias .

” Get out . You may not want him near her , but he can’t awaken her bond if you don’t let him near her , 11 ” And what ? Have him destroy her more ? You know she felt what he did to you , ” Tobias snarled , and I swallowed . She felt it . I hoped I could block her , but she felt it . I glanced at Darius , who hung his head in shame . ” Doesn’t matter . He hurt her bond , and only he can awaken it . I will speak with her when she wakes , ” I tell Tobias . ” And tell her what ? Huh , Kalen ? Sorry you got

figuratively raped while our mate raped me ? ” He sneered , and I cringed at the thought . ” No. I’ll tell her the truth . ” @ ” That is the truth ! ” Tobias screamed . ” As you know it . That’s your truth , not mine ! ”

I tell him , and he glances between me and Darius , who remained quiet .

Tobias stepped out of the shower and snatched a towel from the heated towel rack . He wraps it around himself before turning on Darius . ” You fucking hurt her , I will help her destroy you for it , ” he warned before turning on his heel and storming out . He slams the door , making the shower screen and mirror rattle . I hoist her higher . Her deadweight was becoming heavy in my arms . ” Can you take her ? ” I ask Darius while peering over my shoulder . He bites his bottom lip but nods , stepping into the shower . My legs shook , and I needed to wash the blood off , not wanting her to see it . ” She felt it , ” Darius whimpered . ”

She felt my pain , nothing more , ” I answer . ” How can you say that ? ” he asked , shaking his head . ” Because for her to feel violated , I would have had to feel violated . And I don’t , ” I tell him . ” You should , ” he says , sitting on the

ledge that came out of the wall . He turned her on his lap , and I watched as he reached for the soap . His hands were gentle , and I could feel him searching for her energy , anything to lure her bond out so she would wake . ”

Aleera looked at me funny before she passed out , ” Darius murmurs . ” Yes . Because she felt it . She felt it wasn’t you . It scared her because she doesn’t

understand how it is possible . ” I tell him . ” You have to tell her . Your father was a monster , but you aren’t . He made your entity like that . She just needs to understand it . Aleera needs to understand what happens when a Harmony – Fae is stripped of their light , ” He shakes his head . ” That may scare her more , ” he whispers . ” And she is right

to fear it . She is the last harmony fae , but she shouldn’t have been . You two would have been unstoppable if you were still one

too , ” I tell him and he sighs , knowing I speak the truth

Everyone believes he was a dark demonic fae , and he is now , but his mother wasn’t always a dark Fae , and she never had an

affair like the world believed . No , she was pure white Fae and his father pure dark Demonic – fae , and Darius was like his

sister . Only she was pure harmony , and Darius was the first of his kind . A harmony demonic – fae . How else would he be an elemental ? How else could he be our keeper for all those years ? ” I won’t let them do that to you . I will keep you safe , ” he whispers to her , and I knew he would . Darius would die for her , he would die for all of us .

Tempting Darkness By jessicahall Book 2 Chapter 16

Aleera POV I felt like I was stuck in a void, yet I could hear some buzzing noise trying to reach me, voices I was familiar with as the darkness sucked me under. Fragments of memory were coming back to me. The dead look on Darius's face was like he was looking through me. The power that emanated from him was demonic and as dead as the look in his glazed over eyes.

1/ - 500x300 - 1

Eyes I was sure would haunt me for the rest of my life. Yet as I peered into those endless depths. I had seen and felt things, things I couldn't explain, things I wished I could unsee. People in lab coats, the smell of metal,

something that shouldn't have a scent but did. It was potent, and the metallic taste of it on my tongue I could still taste even while in this state.

It was like a ghost of a memory that wasn't mine, all seen in the pools of darkness that swirled within the darkness of untapped power when he touched me, sucking my magic out of me. I felt the coldness of it licking at my bones and sinking deep into my soul. The screams of a child and the smell of burned hair and metal I could still smell.

The blurring vision of people in lab coats, yet I felt blind and delirious. Was this some suppressed memory of mine, or was it

Darius's? Was it a figment of my imagination or a reality he was once trapped in? Yet as the screams and the smells

overwhelmed me and tried to trap me inside myself, I felt a tugging sensation. One that was luring me out of the darkness, calling me out of myself, calling me out of the void that was once my power.

I felt cold despite the warm hands touching me and the sparks rushing over my skin. "And she is right to fear it. She is the last

harmony fae, but she shouldn't have been. You two would have been unstoppable if you were still one too," I hear Kalen's voice, his words growing clearer, and I hear someone sigh. His words confused me, and I wondered which of our mates he was speaking to. The bond felt numb, felt like it was stunned, and my eyes were too heavy to force open. I wanted to know who Kalen was speaking to and what his words meant, yet my tongue felt thick in my mouth. "I won't let them do that to you. I will keep you safe," Darius whispers, and I 000 finally figure out who held me.

The sparks made my skin tingle and burn, yet his voice didn't sound like the same demonic crazed voice from earlier. No, he sounded like his regular self, but what he did to Kalen, what I felt through my bond, made my eyes burn with tears.

Kalen however, was accepting. I remember that much, almost willing and resigned to his fate, I couldn't explain it. How could he be willing but not at the same time? Gentle fingers stroked my face, brushing my hair back, and I realized we were in the shower, the sound of rushing water reaching my ears and the feel of it hitting my skin.

“I can feel her. She is waking. You should take her before she wakes,” Darius murmurs. “No, you hold her,” “She won’t want me holding her, Kalen. Not after what I did,” Darius says, and I tried to blink, try to move, yet I felt paralyzed, but finally, my body willed my eyes to open.

I stared at the ceiling, and I could see the side of Darius’ face, yet I couldn’t turn my head to look for Kalen. Darius gasps looking down and seeing my eyes open and peering back at him, looking away from me when I catch myself staring at him. “She is fine.

Her bond is fully awake,” Kalen says.

“Kalen, please,” Darius says, his voice pleading, yet I couldn’t understand why. “No. You will hold her,”

Kalen says, his voice sounding firm, which was odd. He was never so demanding, especially with Darius. What was more shocking was watching

Darius give in to his demands as Kalen stepped out of the shower where I could no longer see him.

Darius turns slightly, watching him get out before turning his face back to look at me.

“I won’t hurt you,” he whispers. He sounded so defeated and unsure of himself, and it was odd seeing him like that. I wondered

how long it would last before he was back to pushing me away because if past behavior was any indicator, he would do just that.

However, for now, he was being pleasant.

I couldn't think of any other word to describe his out-of-character behavior. Yet I knew he wasn't the monster I encountered in

the classroom. No, this was a different side, one I had a feeling only Kalen ever saw.

He swallows before moving his hand back to my face. His thumb brushed over my lips. His touch burned and seared my bond

like it wanted to recoil away from him for what he did to recoil away from him for what he did to Kalen and yet run to him at the

same time. "You don't want me touching you.

I get it But I need to if I am to give it back," he murmurs though, by the look on his face, he appeared to be conflicted. I too, was

conflicted because it sounded like he was asking permission, something he never does, yet I was powerless and immobile to stop anything he would do.

... A broken toy for him to break or fix. So I was shocked when his lips pressed against mine, his thumb on my chin tugged my

lips apart so his tongue could slip inside and brush mine. The energy of the power radiating off him zinged through me, and his arms holding me to him pulled me closer as he kissed me deeper, yet I felt nothing, only the barest scraps of his magic when he pulled away.

P “Take it, Aleera. Pull on my magic,” he growled, yet I saw the monster he becomes without it, so I refused.

My bond even refused, not wanting to see that side of him again. It scared me, scared the bond, tarnished it with knowledge of what he could become. Darius sighs and presses his lips to my head. “I will give you back to your mates then,” he whispers, looking away before he stands.

Darius cradles me against his chest and moves toward the bedroom door. It opens seconds before he reaches it, and Tobias steps in with a towel. He growled at Darius, and I felt mortified, caught between them both as they stood off.

Tobias dried my skin as best he could. Darius then placed me on the bed before walking back through the bathroom, only to

return moments later. I recognized the black purse instantly, and anger festered inside me as he opened it and pulled out a syringe. Lycus snarls at him as he draws the liquid from the small vial. "No! You have done enough damage."

Lycus snarls, gripping his wrist only for Kalen to crawl onto the bed from the other side. "He is reversing it," Kalen says simply, before falling on his side beside me. He pulls me over and onto my side, and I wonder how long I will be paralyzed. I hated it, and gosh, I hope I get feeling back before I need to use the bathroom.

Tempting Darkness By jessicahall Book 2 Chapter 17

Lycus hesitates, then snatched the vial from Darius. He sniffs it before passing it to Tobias, who does the same. He purses his lips but nods to Darius, who then stabs the needle in my thigh. I felt nothing. It made me wonder why this time I was paralyzed or if it was a side effect of him hurting my bond because he had stolen my magic plenty of times before and it never affected me like this.

1/ - 500x300 - 1

“Did you give her back her magic?” Tobias asked, leaning over me. All I could do was stare at him. I wished I could speak their anger toward Darius though warranted was upsetting Kalen, and I could feel the darkness swirling in him. The depressiveness of it tainting him, and it scared me. I knew how low he could get, and their anger was not helping him.

3 5 “She wouldn’t take it back,” Darius murmured, and the guilt on his face was clear as he looked at Kalen, who smiled sadly, sweeping my hair back over my shoulder before laying his head beside mine on the pillow. Yet as the day turned to night, Darius moved toward the couch and slept on it.

Yet as the bond awoke more I felt Darius’s guilt, felt Kalen’s anguish, and Tobias and Lycus’s anger. All of them. And it made me realize how broken they all were, just like my bond was. I hated the feelings they invoked, hated how they all felt.

I suddenly hated being their keeper because the yearning I had inside to fix it was almost unbearable, and part of me knew some things weren’t forgivable. However despite that, I knew forgiveness was what Darius needed, what Kalen wanted and what the other two refused to give.

My bond hated that Darius hurt it, yet couldn't hang onto the anger because it needed Darius just as much as the others. And

Tobias and Lycus' hate towards Darius only seemed to bother Kalen. All of them, as they kept stirring all night.

But as time slipped by the more my movement returned, until eventually I rolled myself over as I felt Kalen climb out of bed.

Sitting up, I heard him muttering to himself, pacing the room, when I realized Darius was no longer asleep on the couch. Kalen

was pacing the room and muttering in his sleep, almost as if he was searching for something.

Recognition hits me moments later, and this was the darkest part of Kalen returning and the darkness that trapped him.

Climbing out of bed, I move toward him and wave my 550 19000 hands in front of his face, but it was as if he couldn't see me

despite looking directly at me. It took my bond only moments to recognize he was seeking out Darius as he usually did and I

glanced at the door, wondering if I should search for him.

It was still late at night, so I assumed he went to sleep in the other room. Moving toward the door Ryze, who I hadn't noticed was

perched on the windowsill, flew over to me, he pecked at the door by my feet and I opened the bathroom door and walked through to my old room. The moment I pushed the door open, Ryze waddled over to Darius's bed and jumped on it.

He rubbed his beak on his cheek and earning a swat from Darius, who was snoring softly. Ryze bit his finger, making Darius

lurch upright just as I reached the side of the small bed. "Fuck off, birdbrain!" Darius growls, reaching for the lamp. He turns it on

and rubs his eyes, and Ryze squawked at him climbing up his chest and Darius groans.

He huffs before realizing I was standing on his other side. Darius jumps and Ryze rubs his beak over his stubble, his snake- like

split tongue licking him. It was odd seeing Ryze get along with Darius. Or maybe stranger yet, was that Ryze seemed to like him.

"Aleera?" Darius whispered, he looked toward the door I came in before looking at me.

"Kalen is sleepwalking," I tell him, chewing the inside of my cheek. Darius sighs but tosses the blankets back. Ryze jumps off him

and jumps along the floor toward the other room ahead of us. I watch as Darius reaches for a shirt that hangs over the back of

the armchair in too here, he tugs it on before staring at me.

“Are the others awake?” he asked, and I shook my head. “No, I could tell he is looking for you,” I tell Darius, and he nods, walking ahead of me. He moved into the room and I noticed Ryze perched on the windowsill again. I pet his feathers and he coos softly as I watch Darius. His hands glow as he runs them up Kalen’s arms, letting Kalen feel his magic. His muttering instantly stops. Darius gets him to climb back in bed next to Lycus, who instantly rolls, tugging Kalen closer and Darius turns to head back to his room.

“You need to stay, Darius. Kalen isn’t alright. He will only wake again when you leave,” I tell him. It was odd speaking to him. My bond craved him, yet my voice was oddly calm. Darius pauses and watches Kalen for a second.

“You know I didn’t mean to hurt him or you?” Darius asks and I nodded, looking at Kalen before looking back at him.

“You leaving will hurt him,” I tell him, motioning toward the bed. “But does me staying hurt you?”

“You already did that Darius. You

can't hurt me more than you already have." I tell him. And I don't think anything would feel as pained as my bond did unless one of them died. "Aleera, I...

"I shake my head. "I know it wasn't you. I could see that. But whatever you're hiding won't remain hidden, Darius. We all have secrets, and me not marking you won't stop me from figuring them out. But for now, get in the 5 figuring them out. But for now,

get in the bed. Your mate needs you," I tell him.

"Some secrets are best kept a secret," Darius says.

"Like you being a dark harmony fae?" I asked. "You heard us?" I nodded. "I

wish it was only that," he murmurs. "What did my father do to you?" I asked, remembering the cast.

"Your father did nothing. I did

it," he answers while watching me. I could tell he hoped I would drop it but I pushed wanting to know, needing to know something

to set my mind at ease. "You did what?" I asked.

"You don't want to know," "I do want to know. You think you can scare me

away? But you can't. You think you can break me? You can't

. Is it because you think I won't forgive you for what you have done? Because you're wrong. If Kalen sees the good in you and

they do, what makes you think I won't forgive whatever it is you did? The bond won't allow me to hate you, so what are you so afraid of?" "You don't hate me for what I did to Kalen?" he asks. I swallowed and I looked away. "I hate what you did. But I know it wasn't you. And Kalen doesn't hate you for it either. So no, I don't hate you," "That will change," Darius says, pressing his lips in a line. "Why? Because you helped create the plague?" I asked. It was the only thing that made sense.

The people in lab coats, the blood tests, the torture he endured. He shakes his head. "I didn't just help make the plague. I killed the white fae, Aleera. I was the one who unleashed it." Darius tells me. My brows furrow because he was only a child. There was no way he could have unleashed the plague.

"Is that what you wanted to hear? Can you forgive that? Knowing I killed the Fae?" "You didn't kill the Fae," I tell him. "You say that now. Your father was a monster for what he did to me. But even still, it doesn't compare to what I have done."

"And you let your recruits think my father started the plague?" Darius looks away guiltily. "Do they know you

helped?" I asked, and he shook his head. "And if I told them?" "They would try to kill me for it. Probably try to kill our mates," he answers, watching me. Yet I knew Darius wouldn't allow anyone to hurt them. But it made me wonder if I did tell, if he would kill me for risking them, not that I would because I didn't believe he had unleashed the plague seeing as he was a boy when the first wave hit.

"Then it's a good thing I know how to keep a secret," I tell him, motioning toward the bed. He looks at it and confusion crosses his features. "You would still have me, knowing that?" 20000 I chuckle at his words. "You four are all I have. Nothing you're hiding will change that. I will keep your secret, Darius," he seemed confused as to why I would after everything. "What do you want?" he asked cautiously.

"I want you to get in the bed," I tell him. He scratches the back of his neck awkwardly. "That's it?" he asks. "That's it Darius," I tell him and he chews his lip nervously while looking at Kalen before he nods, walking past me and climbing in behind Kalen and I sigh. I would find out what he was hiding, but as much as I wanted to hate him, I couldn't.

Not after what I saw in the lab. Not after seeing the darkness that resided in him. The torment so similar to the darkness MG00 that swirled in Kalen. I climbed in beside him, tugging the blankets up. I drape my arm across his waist and Kalen's melting into his back and he sighed. "I don't hate you, Darius. I just don't understand you," I tell him. He says nothing, yet my bond relaxes, feeling all our mates close and feeling Kalen's bond relax. The darkness inside him easing off.

Chapter 97

Darius POV The warmth against my back was driving my bond insane . Tingles flared up my spine , yet it was the best night's sleep I had in ages , though Kalen's squirming woke me early , so I climbed out of bed , moving toward the couch . Kalen moved instantly and rolled toward Aleera , seeking her out . Seeking power out , but he would find none with her because she refused to take her magic back . I watched as their bonds sought each other out in their sleep , watched them drawn together like magnets . Tobias groans , and I could see his boxer shorts had

pitched a tent , and I tried not to laugh . Yet even Aleera felt the space beside her .

1/ - 500×300 - 1

Her outstretched hand touched the empty space where I was as Kalen rolled away , not picking up on her energy because she

had none . I bite my lip as Lycus grabs Tobias ' cock in his sleep , making me wonder if Aleera would soon shred . They weren't

usually stirring like this . Ryze , who was perched on the windowsill , tilted his head , watching them as they sought each other

out before he craned his neck , turning his head in my direction .

His long tongue slivered and waggled in the air at me , and I raised an eyebrow at the bird with whom I had a love – hate

relationship . I roll my eyes , almost sensing what it is he wanted . Moving toward the bed , I hover over Aleera before gripping

her chin . However , the moment I dipped my face lower , I could smell her intoxicating scent , awakening my own bond to

another level . She would shred soon so that just made my mind up further as I pressed my lips to hers . She jolts , her eyes

flying open , and she gasps . I use that as my opportunity to slip my tongue past her plump lips , kissing her harder , forcibly .

She would be forced to take my magic or not breathe . Either way , she was taking it . Yet I could feel her resisting it . Fear coursed through the bond .

She was scared of what I was without it . They all were , so it was no surprise , yet it would be more painful if she shredded without magic . Letting her chin go , my hand trails down her arm moving beneath the blanket and down to her hip . Her bond

latched onto mine hungrily as it took over . So , I moved my hand to her thigh before trailing my fingertips along the inside of her thigh . Her legs parted on instinct , her bond taking control ,

and I used mine to draw hers out more as I cupped her pussy through her pajama shorts . She moans , her legs closing around

my hand , and she kisses me back hungrily , making me chuckle as she siphoned me without realizing it .

My laughter seemed to

pull her back to her senses because she jerked away from me , and I smiled down at her . Her face flushing as her bond called

to mine , but I didn't withdraw mine and force it back . Instead , let her feel it .

Though after pressing my lips back to hers , I moved away . And in the nick of time before , Kalen pounced on her , his hands

pawing at her . As he stole her breath when he kissed her . I moved back to the couch , watching him trying to dominate her , but

he wasn't really sure what he was doing with her .

Us he had worked out , but Aleera , she was female and completely different .

Yet Aleera was just as inexperienced . So she didn't seem to notice the tremble in his hands as he tugged at her clothes .

Though he yelps when Tobias sits up . Tobias smirks at me . Lycus was still asleep , squeezing his cock

, when Tobias looked at Kalen . He had undressed the bottom half of Aleera but struggled with her crop top , making her giggle

as her arms and hair got tangled in it . Tobias raises an eyebrow at me and smirks . Leaning over , he sinks his teeth into Kalen's

bare ass , making him jump and hiss . " Stop

hogging her . " Tobias growls , seemingly in a good mood . Or maybe they were

picking up on her energy . Kalen growls at him , shooting him a glare while Tobias licks his bloodstained lips . Lycus waking up between the pair of them , sits up , taking in the surrounding scene , and his eyes flicker to his wolf .

A

silly grin graces his face as he flicks his hair from his face and shoves Kalen off the bed . Kalen topples over the top of Aleera , landing on the floor with a thud , while Lycus snatched up his spot , forcing himself between Aleera's legs . " That wasn't nice , " Aleera scolds him , looking over the side of the bed where Kalen shakes himself . " I never claimed to be nice , " Lycus purrs nipping at her lips while Kalen pouted before his eyes went to Ryze . It was odd seeing Kalen use his magic . We mostly forbid him of it , knowing the dark places it would take him . Yet the glaze in his eyes , I knew what he was doing as he looked at the phoenix . I found it amusing the way they fought for her attention , similar to how they used to fight for mine . I just hoped they didn't scare her . They could be vicious with one another , though usually Kalen

always won . Ryze opens his wings and flaps them twice before swooping off the window ledge and sinking his talons into Lycus ' back , who squeals like a girl , and Ryze starts bashing his head with his beak while squawking . Tobias howled with laughter while Lycus screamed like a banshee flailing , trying to get Ryze 's talon out of his back . Laughter spills from my lips when Aleera scolds the bird . " Ryze ! Get off him ! " she screeches as Lycus crushes her with his weight . Ryze releases his talons from his back , peering over Lycus 's shoulder at her , before looking at Kalen to tell her he had permission to attack . His tongue flicks out , caressing her cheek , and I whistle to him , making him sit upright . Lycus hisses as Ryze walks across his back before jumping off and flying over to me . I pet his chest feathers and wink at Kalen , who had a mischievous grin on his face . " Now , where were we ? " Lycus purrs , nipping at her neck when she shoves him off , making him land on the floor on his butt beside Kalen . " Getting ready for classes , " Aleera says , swinging her legs over the

side of the bed . Kalen and Lycus start wrestling on the floor , and Aleera shakes her head at them , stepping over the top of them to move toward the bathroom . Lycus grabs her thigh as she steps over the top of them , and she looks down at him . His eyes were on her naked pussy . Lycus licks his lips when Kalen bites Lycus chest , who was pinned beneath Lycus , making Lycus let her go . She walks off , shutting the door as Kalen and Lycus fight trying to follow her . Tobias clicks his tongue . ” Instead of fighting each other , why don’t one of you get here and get on your knees for me ? ” Tobias snaps at them . Lycus sits up and looks over to where Tobias was standing beside the bed , his pants tented still .

Tempting Darkness book 2 chapter 19 by jessicahall
Lycus huffs and shakes his head before pecking Kalen's lips . " He's all yours , " Lycus laughs , pushing off Kalen , who tries to trip him as he saunters off toward the bathroom , where I could hear the shower running . " Well , someone best be sucking this cock . It won't suck itself , " Tobias whines , squeezing his dick through his shorts .

I chuckle and look expectantly at Kalen , whose lips tug up , and my smile falls when he gets to his feet , rushing toward the bathroom , and I hear the lock click in place . That little ... I growl when Tobias's hands fall on my shoulders , and I groan , looking up to find Tob leaning over me . Hope you have your chapstick , " Tobias growls , and I groan before gripping his arm and ripping him over the arm of the chair and onto my lap . How I missed him .

We had been at each other's necks , so to see him want me near without wanting to kill me and me wanting to kill him was thrilling , but I wasn't sucking cock this early in the damn morning . Tobias growled when I lifted my hips while gripping his . " I am not sucking cock , but you can feed on me . " I tell him , letting him sit up . " Someone is sucking this fucking dick . I am not going to class like this ! " he hisses , straddling my lap . I tilt my head to the side , and the temptation is too much , distracting him from his arousal momentarily as he sinks his fangs into my neck .

His tongue hungrily lapped at my neck , and his grip on my arms tightened . He feeds on me for a few minutes before pulling

away , sated , and recharged . He runs his tongue over the bite mark when I hear Lycus's phone bing making me twist my head to look at the nightstand . Tobias clicks his tongue at Ryze , who flies over , scoops the phone off the nightstand , and brings it back , dropping it in his hand . " What's wrong ? " I asked Tobias as he flicked through Lycus's phone . " Nothing , " he says , but the way his brows scrunched and the strange anger through the bond , which wasn't directed at me once , was an indicator that he was lying . " Tobias ! " I asked , and he sighed , turning the phone around to show me . " Like I thought . I will fucking deal with it , ' Tobias growls , climbing off my lap . I look at the screen and press my lips in a line . " What's he want this time ? " I snapped . " Probably the same thing as always , fucking money . And if I find out Lycus was in the pits again for that bastard when he took off the other night , I will fucking kill him , " Tobias snarls . Just as the bathroom door opens , Lycus steps out with a towel around his waist . His eyes go to the phone in my hand , and he storms over , snatching it from my grip . stuff ! " What the fuck ! Don't go through my " he snarls , but I move before he

can pull away and grips his wrist . ” Were you in the pits ? ” I snapped at him . He knows we hate him fighting , he hates it too , and if I find out he is running around for that bastard again , he was in for a world of hurt . Lycus snarls and jerks his hand away , only to stumble backward and bump into Tobias . ” Answer him ! ” Tobias snaps . smelt off when you returned home the other night after your run . I could tell you showered , ” ” I knew you ” I didn’t want to fucking ask ! It’s fine . I have it handled . ” ” Until he asks for more money . Cut him off . I don’t understand why you still fucking run to him whenever he comes looking for you , ” I growl , furious . ” I have it handled , ” Lycus retorts , glaring at me as he storms off toward the closet . ” How much is it this time , Lycus ? ” Tobias asks , but Lycus doesn’t answer when I notice Aleera standing by the bathroom door . ” What is going on ? ” she asks , looking at Lycus , who slams the closet door . ” Nothing . Just fucking Porter , ” Tobias says . ” Who’s Porter ? ” Lycus’s father , ” I tell her , and she looks at me . ” Wait , I thought his father put him in the orphanage ? ” she

asks , and I nod my head . ” Yeah , had nothing to do with him until he learned of who Lycus was mated to , Tobias growls , walking off toward the closet . I motion to Aleera to come to me , and surprisingly , she does .

” Why would he talk to his father after that ? ” she whispered , still staring at the closet door where Tobias disappeared after

Lycus . I tug her on my lap just as Kalen steps out , his hair wet and a towel low on his waist . ” What happened ? ” Kalen asks , and I grip Aleera’s chin when she goes to answer him

. She seems to figure out my silent message as she looks at me because she doesn’t tell him . ” Nothing , Tobias is harassing

Lycus . So unless you want to suck his cock I would stay out here , ” Aleera laughs , and Kalen’s lips turn up in the corners . I

kiss her jaw , tugging on the front of her towel and opening it . She growls at me , snatching it closed . Are you right there ? ” she

snaps at me , and my hand on her hip moves as I squeeze her ass , I tap her butt . ” Get dressed . We have class , ” I tell her , and I look at Kalen over my shoulder .

" You will join us this morning . Tobias and Lycus will be busy , " I tell him , and he nods , moving toward the drawer to grab some shorts .

Chapter 20 – Tobias Pov

I was furious that Lycus would do this. Why he would sneak off to see the man responsible for abandoning him and almost killing him and Kalen multiple times was beyond me. “Hurry up, Lycus! I swear if he followed you back here..” I don’t finish when Lycus comes out the doors. “He couldn’t have followed me, I portaled,” Lycus says, and I shake my head. “That doesn’t mean he didn’t follow you,” I tell him. Lycus glares at me while sitting on the edge of the bed and pulling on his socks and boots.

Ryze watches us from where he is perched on the windowsill. I whistle at him, and Ryze lifts his head to look at me before he flies over. He might as well come since Aleera wasn’t here, and we were going to check the wards weren’t breached because

Lycus decided to meet up with his piece of shit father. I grab my jacket, pulling it on. "How much?" I ask him, opening up the portal.

Lycus doesn't answer, and I knew if he went to the pits, it was to fight, which brought in hefty numbers. "Does it matter? I didn't want to ask you for money," he says as I pass through it. "Because it would have been a no. He can't

touch Kalen or us, so why do you continue to give into him?" I demand, stepping through the portal.

Lycus follows, and I look around the forest. It appeared untouched, but we need to be sure he wasn't followed, and that none of the wards were broken.

And Darius had nearly 30 wards placed that we now had to spend our day trekking through thick terrain to find and make sure

they hadn't been tripped or broken. The ones on the castle, Darius felt, these one's around the perimeter, though we're more of camouflage and deterrent.

They had a wicked kick, which was usually enough to stop anyone who may try to cross. "So answer me, how much did you

make him?" I ask Lycus as I swat a fly that was buzzing around my head. I smack it, sending it flying into the ward, for it buzzes

loudly and dies as it is electrocuted when Ryze jumps off my shoulder and snatches up a lizard. Lycus pulls a face as Ryze chomps the poor critter, then slurps its tail in like it is eating a noodle. I chuckle, watching the marvelous bird before he puffs out his feathers. “30,” Lycus breathes, scratching the back of his neck nervously.

“Better be thousand and not you risking your damn life for \$30!” I growl, and he stops and glares at me.

“As if I would agree to be punched in the damn head for \$30!” Lycus snaps at me. Ryze hisses at him before looking at me, and I roll my eyes when he flaps his wings and jumps onto my shoulder.

“Better not have. Your pretty little head is worth so much more than that.” I chuckle while he glares at me. I scratch Ryze’s chest

feathers. “Why would matter if I did? It’s my goo ㄣxx Tasting Darkness book 2 Chapter 20 head,”

Lycus growls. “You better not have, or I will beat your ass for free for your stupidity,” I snap at him.

“It was 30 thousand! Geez, what do you take me for?” Lycus says as we start walking. Ryze nips at my fingers when I stop petting him. And I flick his beak.

"You know you're heavy, right? So be nice, 'I snap at Aleera's pet. Turning my attention back to Lycus, he checks another ward, hissing when he pokes the stake. 11 "Did you win?" I ask because I would beat ass for losing if he didn't. "What do you think?" he asks, bending down and checking the next stake in the ground. He touches it before pulling his hand back when it jolts him and sucking on his thumb and growling 7 Dod Tasting Darkness book 2 Chapter 20 on his thumb and growling. "Fucker! You're touching the next one," Lycus hisses.

"Nope, you're the reason we are checking them in the first place. Therefore, you get to poke them," I tell him. We made our way around the site, coming up where we were lined up with the training grounds. We could smell the smoke and the charged air

where everyone was training. I could even hear them hollering as they taunted each other.

"Did he say anything afterward?" I ask Lycus, wanting to know if he agreed to meet up with the bastard again because if he did, I would be following to kill the prick. "He said that he would be in touch," Lycus says, and I frown before shaking 7 Tasting

Darkness book 2 Chapter 20 my head and cursing.

I knew why he did it before, but now he had Darius and me. We won't let his father hurt them, so why? He did not need to do his father's bidding? Did he believe we couldn't keep Kalen safe from his father? I watch as Lycus bends down, checking the stake, when Ryze screeches, flapping his wings where he was perched on my shoulder. Ryze had insisted on hitching a ride because the bird was too lazy to fly. Instead, he wanted me to cart his heavy ass around. Lycus curses before standing and looking to where the next marker is and runs over to it . "What is it?" I ask him and my eyes widen when I see him pick up the stake that shouldn't be able to be pulled from the earth. He ran through the shrubs, moving ferns and grabbing another, and the fear that raced through the bond was strong. "Tobias, I... I'm..." his words cut off when Ryze screeches loudly, jumping from my shoulder and flying up and through the trees, just as screams ring out and shouting. "We have been breached!" I gasped in horror as my infinity mark burned when a portal opened up directly behind Lycus. "Lycus, behind you!" I screamed out to him, tossing my hands forward just as he ducked.

Lycus turns and pivots before he drives the stake in his hands straight through the hooded figure's chest. The person crumpled to the ground, and I dropped my hands and raced to his side as Lycus bent down, ripping the hood back."Power hunters!" Lycus gasped. "Aleera!" I gasped, looking in the castle's direction before opening a portal.

Chapter 21 – Aleera POV

As I got dressed, I couldn't help but wonder what caused the anger sizzling through the bond. I knew it had something to do with

Lycus's father, yet it seemed like so much more than that. Yet I couldn't ask because it was obvious whatever it was, they didn't

want Kalen to know. So instead, I followed Darius down to the training grounds. Kalen was particularly antsy today, jittery and

excitable, and I was sure it was the buzz of Darius' magic that caused it. Darius watched him as we walked, and I could sense

Darius's worry and moved to slip my hand in Kalen's as I caught up to him. The recruits were all waiting by the training grounds,

nervously looking Tasting Darkness Book 2 Chapter 21 around, when I noticed the hundreds of Phoenixes on the roof.

I gulped, knowing my magic had brought them here, yet Darius didn't seem to mind as they watched with their eagle-like eyes.

The men took their places, yet no one moved to train with me, and Kalen wasn't allowed, so I faced Darius instead. He quirked

an eyebrow at me. "Challenge accepted then. Don't think I will go easy on you because you're a girl," he chuckles. I smile at the

challenge. "And don't think I will go easy on you because you're my mate!" I tell him, and the gasps from the crowd of men were

loud. They knew, but it was the first time I had outwardly claimed them back.

Yet Darius doesn't seem mad at my words. "We'll see then," he chuckles, moving into the circle. 7

Chapter 21 For the most part, we worked on fire magic, seeing as that is what most of those here contained. Yet as Darius and I

trained, I was beginning to understand why he was so feared among them.

He had not only the stamina to keep up with my attacks but those the men would sometimes hurl his away. He didn't even break

a sweat while I was becoming drained of power and exhausted from it. My vision blurs as I dodge another of his fireballs

. Our training had turned into a game of violent dodgeball. Everyone joined in. Yet I was exhausted when Darius called out for

everyone to pack up. Yet as they moved around, they were still fooling around, and a fireball raced past me, and he growled, catching it and hurling it back, making the man who tossed it scream when it caught his clothes alight.

“Aleera!” Darius calls, and I look back just in time to see one coming straight

toward me. Ducking a blue ball of flames from one recruit, I shriek when another is hurled, and I close my eyes, waiting for the

impact as I toss my arms out, feeling my magic fizzle out as I try to block it.

I gasped, knowing I was about to be burned, when I felt the heat blast around me, only to open my eyes to see the fireball split in

half and go around me; the whistling of the wind was loud and I realized Darius used air magic to deflect it. His growl is thunderous.

“Ah, come on, Darius!” one of the recruits screams out, none of them wanting to quit their stupid game.

“No! We are done for the day.

Pack up!” 4690 Tasting Darkness Book 2 Chapter 21 Darius orders, yet the energy around the field we stood on was fully

charged, and Darius curses, making my brows furrow. “Half an hour more, and that’s it.

Aleera, off the field, you’re exhausted,” Darius says, and I wasn’t going to question him, I was exhausted, and power drained, yet

as I blinked, walking toward Kalen, my vision blurred, and my stomach cramped from the stitch in my side. Suddenly, the field

goes quiet, and I rub my eyes, trying to clear the sweat from them.

Opening them, I see Kalen get to his feet, and the look of pure horror on his face makes me turn to see portals opening up

everywhere on the field. Stunned, I stopped when one man suddenly screamed out, “Power hunters! ” he bellowed while another

screamed that we were under attack.

60 7 Tasung Darkness Book 2 Chapter 21 Hundreds of portals opened up, and I stopped in my tracks when I saw Darius turn to

look at Kalen and I before wind rushed toward me, and I was tossed backward as he lifted his hands. I smack into something hard and hear the person grunt, only to realize I hit Kalen before seeing the portal Darius created open, only for us to smash into the ground when his magic dropped abruptly, and the portal closed. I shake myself, rolling off Kalen to see Darius fighting alongside his men as they try to stop them from getting to us. I get to my feet to go to help them when Kalen rips me back.

“You have no magic,” he says, ripping on my arm and trying to pull us away from the fray. “Kalen, get her out of here!” Darius screamed before being blasted with green E 6009 7xx magic and tossed into the castle’s stonework. My eyes took in the scene as I watched their recruits slowly getting taken down when I felt my infinity mark burn violently, as Kalen called for our mates.

Yet Darius staggered as he got back up when Kalen screamed when he was hit again, trying to protect one of his men.

“No!” I screamed as the figures in hooded cloak’s stalked after him, yet my mind was reeling as to how they got past the wards.

However, my scream made them stop and turn toward me, and Kalen and I gasped when Kalen tossed up a shield as they threw their magic at us. He grunts, deflecting it, and I look to the rooftops before sticking my fingers in my mouth.

I needed magic, and those birds were full of it. Q What I wasn't expecting was the moment I whistled was the beat of their wings as if they were waiting for the command. They all took flight, circling the sky above, and I ran toward Darius as they all started diving, helping out the men and going for those in the hooded cloaks.

1 Yet even that was not enough when I felt the air expel from my lungs and my entire body became paralyzed, and every muscle in my body tensed and locked, and my nerve endings felt like they had been put on fire.

"Aleera!" Kalen screams when I see Ryze attack the hooded person who had me trapped in his magic just as another of my phoenixes fell from the sky, hitting the ground near me only to be pounced on by the hooded figures as they slaughtered him.

His squawks would Tasting Darkness Book 2 Chapter 21 forever haunt me when a mighty screech was heard above, and I

gritted my teeth while Ryze tried to get the man to release me from his magic. Jessicahall Author Sorry guys I have had the worst writers block with this book, more to come later today.
