The Divorced Billionaire Heiress chapter 2462-“Zachary Salvatore.”

Selena frowned and was a little upset.

Eric only mentioned it at this time, so did he just overhear the contents of her phone call?

Why was he pretending like he did not eavesdrop on her?

“Right, Zachary Salvatore. Did he tell you that he helped, and you actually believed him?”

Eric’s mocking tone made Selena very uncomfortable.

Even if she blamed Zachary for not being honest about it, Zachary had also helped her.

At least, he helped with replacing the equipment.

Thus, Selena was in no position to accuse Zachary.

What right did Eric have to say that?

Selena frowned and suddenly felt a little upset.

“He didn’t say that. I just misunderstood it. Mr. Ferguson, didn’t you say that you won’t help? Why did you go back on your word?”

She remembered that Eric clearly told her back then that he would not help her.

How did he forget what he said?

He had a horrible memory!

Eric sneered.

“I was just afraid that you’d cry and beg me. Then, there will be a million scandals going around by then!”

As he said that, he looked away.

The outside was lush and green. The sky was gradually dimming. The sunlight broke through the clouds, and the beam of light shone straight down on the ground.

It was very beautiful.

Eric thought that he had not looked outside like this for a longtime.

Clearly, this villa had the best view.

In the evening, the servants prepared their meals and brought them up.

Once Eric woke up, there was nothing to hide.

The company stabilized.

However, Eric only had a bland vegetable soup while Selena had king crab and seafood chowder with various nutritious side dishes.

Eric was a little dumbfounded.

Why was there such a big difference between their meals?

Selena smiled brightly.

“Eat, Mr. Ferguson! Don’t be shy!”

She lowered her head and ate the seafood chowder in front of her with relish.

‘This king crab is so fresh! Only you are capable of getting such freshly flown seafood!’

Selena kept praising the food with one word, “fresh”.

Eric was frustrated. “So, I can only have this while you eat all that?”

Selena seemed surprised.

“Of course! You can’t eat seafood or any other allergens now. But you can watch as I eat and pretend that you’ve eaten it!”

Eric suddenly lost his appetite.

This woman was deliberately here to torture him.

After finally finishing her meal, Selena went out for a walk by herself and came back.

Eric bossed her around.

Selena cursed him a million times in her heart, but she still kept a decent smile on her face.

Finally, when Eric was done with his work, Selena started to yawn and feel sleepy.

She felt that even if Eric became a disabled person, she could still give him an award for being a determined individual.

This was not something ordinary people could achieve.

After Eric washed up and prepared to rest, Selena went to take a shower and changed into her pajamas.

Then, she went to the inside study, where she usually slept.

Eric had not fallen asleep yet, but when he saw her going to the study in the dark, he felt something strange in his heart.

In less than an hour, Selena's phone rang.

Selena had already fallen asleep and was woken up, so she was annoyed.

"Who is it?"

"Ahem... It's me. I haven't taken my medicine yet..."

Hearing his voice, Selena instantly woke up.

"Eric?"

"Who else are you expecting?"

Selena endured her hot temper and said, "Why didn't you say so earlier? It's already midnight! How ignorant are you?!"

Eric was silent.

This was the first time someone scolded him for being ignorant.

He was speechless for a while.

The sky was dark.

It was pitch black outside.

Selena was careless and did not know where she threw the curtain remote control. Thus, Eric would definitely be blinded by the morning sun the next day.

Eric secretly deducted her points again for being careless.

He felt his mood improve.

After he deducted all her points, he would then tell her that they were not suitable to be together, so she should stop her delusions.

Selena came out wearing a shawl. She was annoyed and lazy. She did not bother to get a cup of warm water and gave him cold water instead.

The medicine was on the table. However, Eric would not bend down and endure the pain to get the medicine.

That was her job as his caretaker.

After Eric took his medicine, Selena sat there and stared at him with scrutiny and inquiry in her eyes.

Eric coughed. His face was pale under the moonlight.

“Why are you staring at me?”

“I’m just afraid that you still want to boss me around and call me again. So, just tell me all your instructions in one breath!”

Eric deliberately pretended not to understand Selena’s sarcastic tone.

“That’s all for now, but I can’t guarantee that I won’t have any in a while!”

“It’s really hard to earn your money!”

“Nothing comes easy.”

Eric told her as someone who had gone through it before.

Selena snorted coldly. In the dimly lit room, her hair was disheveled, so she looked like a ghost. She also wanted to scare Eric on purpose.

Too bad it did not work.

Eric coughed twice and suggested.

“Well, if you really can’t stand the phone ringing, you can just sleep here.”

“Here? You want me to sleep on the sofa?”

Selena could not believe it.

She was here as a guest, so she would not sleep on the sofa or the floor.

After all, she still had a backbone.

Eric paused. "Where else can you sleep? Are you thinking of sleeping on the bed?"

Eric raised his eyebrows with a bit of playfulness and scrutiny. His deep voice was mellow and magnetic in the dark night. It made Selena's heart itch.

Selena suddenly raised her head and bumped into the man's dark gaze that seemed to ripple at this moment.

Eric was still calm and composed, as if he was waiting for her to jump into the trap voluntarily. He looked confident.

However, Selena's cheeks felt a little warm, and the heat spread to her neck.

Although she used to be married, she was very resistant to sex.

Derek Norton did not have much patience with her back then. Every time they had sex, he only cared about pleasing himself and used her as a tool, humiliating her.

Thus, Selena was not interested in sex and was resistant to it.

Selena had no plans to remarry, and Eric was not within her range of choices.

At this moment, Selena felt that her hormones were getting out of control because she was getting older. Her heart was beating so fast when she looked at his stern face.

It should not be like this.

Fortunately, the light was dim, so Eric could not see the blush on her face.

Selena stood up abruptly and pulled away from Eric.

"I can't just accept anyone, so I won't sleep with you."

Eric did not get mad. He just chuckled lightly.

'Well, I also think it's dangerous. After all, I'm the one who is injured now. If you really can't control yourself, I'll be the one who suffers. I think I should worry about you.'

Selena frowned. Her gorgeous face was furious.

'You?! I've seen a thousand men's bodies. You're an old geezer who is almost 40 years old, so you're not anywhere near my list. You're just too confident in yourself!'
