The Divorced Billionaire Heiress chapter 2464-Say Nice Things

Selena was disgusted by Cindy's rudeness.

Selena did not feel sorry for Cindy.

Cindy was the one who crossed Eric unhappy by playing tricks at Chance's birthday party. Cindy did not end up like this because of Selena's appearance.

Why did it feel like Cindy was the real wife and Selena was a mistress?

Selena put down her chopsticks slowly and had a playful gaze.

"Ms. Yeager, there are many things that you're not aware of!"

Cindy glanced at her coldly and snorted.

"Ms. Nelson, you won't believe that Eric loves you, right? His true love is someone else. It's not like you don't know about his true love, so why are you here? Is it for money? Or some other purpose? But I do admire your means. Not everyone can climb into Eric's bed, let alone a divorced and abandoned woman."

There was a dead silence in the living room.

The two servants had already retreated quietly.

Selena appreciated the servants for this. At least, she would not feel embarrassed since they did not stay to watch the show.

She sneered and sat there with her arms folded. She did not move and looked like the lady boss of this house.

Since she already knew what Cindy meant, Selena did not get angry.

That was because as a woman, Selena suddenly knew how to make Cindy angrier.

With a languid stance and a charming smile, Selena intentionally provoked Cindy.

"You're right. I actually climbed into his bed. It really isn't something that everyone can do, huh? After all, you and your whole family have been thinking about it for a long time, but you still haven't even touched the edge of his bed. How regrettable!"

Cindy's face became stiff and glum. She was furious, so she gritted her teeth and said, "Do you think you'll end well? Do you think he will marry you? You're just a plaything

that can't be seen in public! Eric is an extremely selfish egoist. He doesn't care about anyone's interests except the woman he cares about. It's even more impossible for him to share his property with other women. He'll only marry a well-matched partner, so you're just daydreaming."

Selena's eyes narrowed slightly. She lowered her head and smiled indifferently.

"I'm just playing with him, so it really doesn't matter. You don't have to worry for me, Ms. Yeager."

At first, Selena had some empathy for Cindy for knowing full

well what kind of marriage she was getting into. This marriage was hopeless and would not bring her any happiness, yet Cindy still jumped in head first without hesitation.

However, the last thing Cindy should do was harm Chance.

Not to mention Eric, even an outsider like Selena could not stand this.

Cindy wanted to get rid of her stepson before she even married Eric.

Coupled with the fact that Cindy was irrational, Selena felt that she did not need to be polite to Cindy.

If she was polite to Cindy, then it would make it seem that she was easy to bully.

Cindy gritted her teeth and took a deep breath. Her eyes were full of disgust.

"Fine, I'm not bothered with you. Where's Mr. Ferguson? I'm here to look for him."

"Why are you looking for him? He was too exhausted from last night, so he's still sleeping."

Selena smiled and shrugged, deliberately misleading Cindy.

Cindy had accumulated a lot of anger and disdain, so she wanted to teach Selena a lesson.

Selena found it amusing when she saw Cindy's resentful face, yet Cindy could not do anything to her.

She did not bother to talk anymore and got off the chair.

"Alright. I'll go upstairs and convey the message. Just wait a moment."

Selena turned around leisurely and sashayed up the stairs with her slender figure.

The way Selena twisted her hips and walked was alluring. To Cindy, this was simply Selena's seductress trick.

How smug!

Selena's mood improved inexplicably because of Cindy's arrival.

Look, everyone except Eric had a cute side to them.

Thinking so, Selena opened the door and went in. She saw Eric leaning on the bed, full of resentment. He was trying to get out of bed while holding his chest with difficulty.

When Eric saw her, he snorted coldly and had a strange expression on his face.

"Didn't you just leave? I thought no one would be able to invite you back!"

Selena walked over leisurely, smiled, and tied up her hair with the hair clip on the table.

"I know you don't want to see me, so I'll leave soon. There's someone waiting to see you downstairs. I'll ask her to come up then!"

Eric frowned. "Who's downstairs?"

"Ms. Yeager!"

Selena smiled. Seeing Eric's cold and stiff expression, Selena immediately felt her mood lifted.

She patted him on the shoulder.

"We just had a good conversation, so I hope it won't affect your happy marriage."

As she said that, she happily planned to leave.

However, Eric grabbed her wrist.

No matter how hard she struggled, he would not let go.

"You can't leave now."

"Why not? I can leave whenever I want!" Selena raised her chin and snorted coldly.

Eric pursed his lips. His face was tense and somewhat serious.

"You don't want that \$10 million?"

“Nope! I won’t stand to be humiliated!”

Selena had a backbone.

Eric frowned and was very puzzled. “Who insulted you?”

Selena widened her eyes.

“How can you pretend that nothing happened? You said that I was snoring, grinding my teeth, and talking in my sleep!”

Eric frowned slightly and looked a bit helpless.

Was he wrong for telling the truth?

However, he exaggerated it a little. Selena did not grind her teeth and talk in her sleep. She was just snoring slightly.

Why was she angry because of this?

Women were so petty!

Eric gritted his teeth and softened his expression. He tried to coax her.

“That didn’t happen. I lied to you. I just didn’t sleep well and was in a bad mood when you woke me up.”

Hah!

So, Eric was lying!

Selena’s complexion finally improved. She snorted coldly and knew that this annoying man made it all up!

“Then you have to apologize to me and say something nice.”

Eric was speechless.

There was silence.

Eric told himself to endure it.

He took a deep breath and said, “I’m sorry. It’s my fault.”

Obviously, he was the one who did not sleep well, so why did he end up apologizing?

Selena was not satisfied and took the opportunity to embarrass him.

“Continue.”

Eric took a deep breath, closed his eyes, and finished speaking in one breath.

“Actually, I was the one who snored, ground my teeth, talked in my sleep, and wrongly accused you of it. Ms. Nelson, you’re a beautiful person with a kind heart. I promise not to do this in the future.”

Selena sighed happily. She looked at the beautiful scenery outside the window and was finally willing to let him go.

‘This is passable.’

Eric raised his head with a cold expression.

“Now go and drive that woman away. Don’t let her know about my injury.”

Selena pursed her lips. “Fine. I’m doing this because you can be taught.”

She took her time to go out. Her cheeks were rosy, and she had a bright smile. She had also changed her hairstyle.

When Cindy saw this, she squinted her eyes for a second.

The more Cindy looked at Selena, the more uncomfortable she felt. Jealousy kept spreading in her heart.

Cindy thought, ‘How did Selena deserve all this?’
