

Temptation 100

Chapter 100 - 100 Always Obey

"Ah..."

As the massage head touched her bud, Luo Ya let out a startled cry, her legs instinctively clamped shut, her body convulsing.

"Spread them."

Su Fan commanded authoritatively.

"Yes, Master."

Su Fan continued.

Buzz, buzz, buzz.

The vibrator kept lightly brushing over her bud.

Luo Ya's buttocks twitched and turned.

Her legs remained spread apart.

Clear water started to flow from her fountain.

Only one minute.

"Ah ah ah."

Luo Ya suddenly grabbed a pillow, moaned softly, and then lay still.

"Is that all you can take?"

Su Fan smiled, putting away the vibrator.

Minutes later, Luo Ya let go of the pillow.

"I, I, oh my God, what did I do?"

Luo Ya looked at her naked body, stunned.

Obviously, by now the drug had worn off, and she had sobered up.

"What, got amnesia? Or should I help you remember?"

Su Fan tossed his phone in front of Luo Ya.

Everything just now, he had recorded.

Of course, Luo Ya hadn't lost her memory.

That was just an excuse she had found for herself.

But Su Fan mercilessly ripped away Luo Ya's fig leaf.

He completely trampled her pure and innocent image underfoot.

"Su Fan, you, you have to take responsibility."

Luo Ya sat on the bed, hugging her knees, crying, her grievances reaching their peak.

For a moment, Su Fan felt a pang of tenderness but soon snapped out of it.

No.

He couldn't be soft-hearted toward Luo Ya.

This time, he had to subjugate her.

"Take responsibility?"

He feigned an indifferent, cold laugh.

"I think you should thank me."

"Me, thank you for what?"

Luo Ya was pitifully baffled.

Su Fan said.

"First, I saved you from that despicable Liu Feng, otherwise, you surely would have been living a life worse than death."

"Second, I offered my virginity to make you feel good, to help you detox."

"Shouldn't you be thanking me?"

"Su Fan, you're shameless."

Luo Ya cried.

Su Fan, however, maintained an air of nonchalance.

"Of course, we haven't crossed the ultimate line, after all, I didn't penetrate, you are still technically a virgin. We can choose to keep this a secret, pretend nothing happened, and you can still find another man, right?"

"I..."

Luo Ya had nothing to say.

She too was a medical practitioner.

What Su Fan said wasn't wrong.

Medically speaking, since her hymen was still intact, she was still a virgin.

But, having been played by Su Fan through and through, this...

"Su Fan, I hate you."

She wanted to lash out, but lacking any real grounds, could only cover her face and weep in shame.

"Alright, Luo Ya."

Su Fan timely sat beside Luo Ya, gently stroked her back, and softly said.

"Of course, I know we've already done almost everything, and your purity is essentially ruined by my hands, so I'm willing to take responsibility for you."

"You, you're willing to be my boyfriend?"

Luo Ya was pleasantly surprised.

Su Fan shook his head.

"I think romantic relationships restrict each other too much, and I'm not ready for that. I believe 'open relationship' describes it more accurately."

"Or rather, master and servant."

"Master, master and servant?"

Luo Ya's face flushed.

Su Fan said with a smile.

"Right, master and servant. I am your master, you are my female slave, and we can stay together like this forever."

"I, I don't want to be your female slave, Su Fan, you, you're so shameless."

Luo Ya's face turned crimson, her words betraying her true feelings.

"Well then, let's just forget what just happened."

Su Fan stood up, pretending to leave.

"You, wait a minute."

Luo Ya nervously grabbed Su Fan's arm.

"What? Is there something else?"

Su Fan turned around, looking at Luo Ya with cold indifference.

That look was like watching a stranger he had no further interest in, causing Luo Ya's heart to tighten.

"I mean, you really won't just play with me and then abandon me?"

"What do you take me for? I want a slave for a lifetime," Su Fan said earnestly.

Luo Ya struggled internally for a moment

"Master, I, I am willing to serve you forever?"

She knelt on the bed.
