

Temptation 1031

Chapter 1031

Compared to running around, fighting battles everywhere.

Such a happy life is more attractive to Su Fan.

The high-ranking members of the Parelaya family living in Chalva City basically live such a life.

Su Fan and Bai Man have known each other for a long time, have been together for a long time.

But if possible, he still very much wants to be entangled with Bai Man day and night, continuously giving Bai Man.

After making Bai Man soar into the clouds, let her feel wave after wave of continuous peaks, keeping her unable to come down.

Unfortunately, even though he already owns a fortune of seven billion US Dollars and is a late-stage master of the Gang Qi Realm, he still can't live such a life.

The Parelaya Castle in England, the Kawabata family in Japan, and the Kutuo Temple of Esoteric Buddhism all don't want him to be too comfortable.

This world is a giant chessboard.

As a chess piece, before truly stepping off the board and becoming the one who plays, happiness is destined to be short-lived.

So this fleeting happiness, Su Fan doesn't want to waste even a second.

Bai Man's exquisitely beautiful face is now flushed and burning hot.

Her heart is also beating rapidly in rhythm.

Su Fan's powerful impact is exciting and happy for her, causing her to grip the sofa tightly.

Worried that the office's soundproofing isn't good, she didn't recklessly shout aloud.

If she weren't Su Fan's aunt by marriage, she wouldn't actually mind letting the whole floor know how happy and joyful she is right now.

As the time to part is imminent, Su Fan's attack was a fierce sprint from the start.

Yet this fierce sprint lasted like a marathon.

This made Bai Man's body continuously soft, she could just melt in such extreme pleasure.

In a very short time, she may have endured four or five hundred, even six or seven hundred attacks.

However, even with that, Su Fan's attack did not stop, and continued to speed up.

Finally, after Su Fan unleashed an astonishing and world-shaking powerful thrust, he once again entered Bai Man's mysterious realm.

The ferociously rugged dragon's head was also tightly locked by the Dragon Binding Rope.

His surging life essence continuously entered Bai Man's core, allowing Bai Man to undergo the deepest baptism and nourishment.

After doing all this, Su Fan still didn't leave Bai Man, but rather embraced Bai Man, sitting face to face.

Their hearts pressed against each other, maintaining the deepest connection.

Su Fan looked at Bai Man, who was becoming more radiant and increasingly alluring under the intense peaks, unable to resist kissing her.

Bai Man, already exhausted at this point, could only respond passively to Su Fan's fervent kiss.

Though the passionate battle earlier had all been Su Fan's charge and she only had to passively endure, it still exhausted her.

When Bai Man listens to some emotional radio stations, she often hears that many women are emotionally unsatisfied.

Then Su Fan's bravery makes her so that after every passionate battle with him, she doesn't want to do it again for the next two or three days.

But she can't help it, before going to Baekje, Su Fan has already decided, to have a good entanglement with her.

At the same time, in the Baekje region, the Ye family estate.

Invited by Ye Zhaoyi, Kawabata Yuuta came here alone.

Kawabata Yuuta lacks no women, whether it's Japanese women, North Korean women, or Western girls, he has enjoyed them all.

However, upon seeing Ye Zhaoyi, he couldn't help but give her a few more looks.

In this world, there truly are some women who are incarnations of a goddess of beauty.

They not only have looks, but also grace and elegance in speech, every gesture and expression is supremely graceful.

Obviously, the Underground Emperor of the northern Baekje region, Ye Zhaoyi, is just such a woman.

Upon seeing Kawabata Yuuta, Ye Zhaoyi cut straight to the point and said, "The reason for inviting Mr. Kawabata here this time is to plead for Sakun."

"For the losses Sakun caused to Mr. Kawabata, I am willing to have Sakun compensate you, and sincerely apologize to Mr. Kawabata."

Chapter 1032

Kawabata Yuuta naturally knew what Ye Zhaoyi came to ask of him.

His response to Ye Zhaoyi's request was very straightforward and clear: "No."

In fact, this was not Kawabata Yuuta's personal intention, but rather the decision of the Kawabata family.

Some old hands in the Kawabata family had ideas of extending their reach into Bai Yue.

Ye Zhaoyi's eyes turned cold: "Kawabata, won't you reconsider?"

Kawabata Yuuta shook his head: "I won't relent on this matter, and the fact that I didn't kill Sa Kun is already quite courteous and rule-abiding."

After speaking, he continued to add, "If it weren't for us being sufficiently alert."

"I might not have had the chance to be a guest at Miss Ye's estate, but instead would have become a cold corpse."

"If Miss Ye is meeting me today only to discuss this matter, then I think we don't need to continue."

Since Ye Zhaoyi became the Underground Emperor of northern Bai Yue, no one had dared speak to her like this.

At this moment, she even had the thought of killing Kawabata Yuuta.

But upon thinking of the Liu Sheng family in Eastern Japan, watching intently, she decided to endure quietly!

She pondered a moment and said, "Can you give me three days' grace? I am thinking of a solution that will satisfy both sides."

Kawabata Yuuta was certainly obliged to grant this favor.

The interests belonged to the family, but the life was his own.

If Ye Zhaoyi harbored murderous intent, he might not be able to leave alive today.

After Ye Zhaoyi spoke, Kawabata Yuuta nodded: "Okay."

Time is the most relentless, yet also the most fair.

Everyone's time in this world is the same, but their life circumstances differ greatly.

Under the same sky, Su Fan is with Bai Man in a loving moment, Ye Zhaoyi is negotiating with Kawabata Yuuta.

The Kawabata family from Eastern Japan is contemplating how to extend their reach into the Bai Yue region.

Previously considered a prominent figure in Bai Yue, Sa Kun was now close to collapse.

His two beautiful wives and his young and pretty twin daughters are being tossed around, each already having suffered numerous stabs.

While Ye Zhaoyi and Kawabata Yuuta were negotiating, he learned of the outcome from a pavilion in the estate.

Despite Ye Zhaoyi's effort, she had only managed to secure him a three-day period.

But within these three days, what can he do?

Perhaps Sa Kun's options are truly limited.

However, the Kawabata family from Eastern Japan used these three days to gather a batch of experts to head for Bai Yue.

Similarly, Su Fan was also preparing for his journey to Bai Yue at this time.

After years of effort, the elderly patriarch Ning Zhengde finally broke through the Gang Qi Realm this time.

If the Ning family hadn't splintered, then the Ning family of Hangcheng would have indeed advanced further.

After Ning Zhengde's breakthrough, among Su Fan's seven, only Xia Zhaonan and Zhen Bingyu had yet to break through.

After days of preparation, Su Fan along with Ning Zhengde and others set off on their journey once again.

Their group, with Su Fan and Ning Tianhe, comprised the main combat power.

Su Fan was at the latter stage of the Gang Qi Realm, Ning Tianhe was at mid-stage completion of the Gang Qi Realm.

Zhao Chunqiu was an Ancient Swordsmith, who not only could forge swords but other weapons as well.

Ning Zhengde was responsible for administration and aftermath; their journey from departure to return was all overseen by Ning Zhengde.

Zhen Bingyu and Ning Miaoqi initially counted as the second-line combat strength.

But after Su Fan acquired some advanced weaponry for them on the dark web, they clearly could play a stronger role.

The intense battle at Eludi and the later trip to Eastern Japan gave this special small team a high level of compatibility and action ability.

Chapter 1033

Half a day later, the group appeared in the Baiyue region from Yang City.

Their resting place was a five-star hotel in Baiyue.

Although they had arrived in Baiyue, Su Fan was not in a hurry to take action. He was waiting for news from Chen Hanqing.

Chen Hanqing was considered a non-combatant member of their small team, and as a top hacker in the internet era, he could do a lot.

Most of the activities of Kawabata Yuuta and others were monitored by Chen Hanqing.

In the hotel, Su Fan was not idle while waiting.

Now, he was with Zhen Bingyu, both sitting in the warm bathtub.

Zhen Bingyu looked at Su Fan, who had come into her room, with slight helplessness and asked, "Why don't you go to find your Ning Miaoqi?"

She wasn't jealous; it's just that she liked to be alone when bathing.

To Zhen Bingyu's words, Su Fan casually replied, "Aren't you mine too? So finding you is the same."

Zhen Bingyu didn't refute but rather asked with a playful look in her eyes, "So, do you want to try the feeling in the water?"

Su Fan smiled and said, "Although I didn't have this thought before, it's not impossible if you want to try."

Hearing this, Zhen Bingyu laughed coquettishly and said, "Then I don't want to try; let me bathe alone."

Of course, Su Fan wouldn't agree. He raised his hand and directly pulled Zhen Bingyu onto his lap, mounting his stance.

His mighty and rugged figure filled Zhen Bingyu completely.

Even in the water, the two were tightly connected.

Zhen Bingyu immediately asked with a bit of charm, "How does it feel?"

This question was not something Su Fan could answer.

He only felt as if numerous tiny mouths were sucking on his ferocious and rugged dragon, making him feel as though he was floating.

Moreover, he felt immense resistance.

Though he had developed Zhen Bingyu many times, she was still incredibly tight.

Each time, a strenuous effort of perseverance was required to reach the depths.

Earlier, Zhen Bingyu had asked casually, but now she was enjoying it with mesmerizing eyes.

She even pulled Su Fan's hand, placing his hands on her soft, full, and firm peaks.

The exquisite feeling intensified Su Fan's already ferocious and rugged prowess.

While experiencing ultimate pleasure, Zhen Bingyu also worried slightly that Su Fan might break her.

While Su Fan and Zhen Bingyu were playing in the double bathtub, Ning Miaoxi also came looking for Zhen Bingyu.

She had just finished bathing, was wrapped in a towel, and was playing on her phone as she arrived.

However, when she looked up, she was astonished to find that there were indeed two people in the hotel's double bathtub.

She immediately wanted to leave, but Su Fan grabbed her.

Afterward, Su Fan put Ning Miaoxi's phone aside and lifted her into the bathtub.

Even with three people in the double bathtub, it wasn't too cramped.

Though slightly embarrassed, Ning Miaoxi didn't leave either.

She and Zhen Bingyu were originally friends and partners, and both had been intimate with Su Fan.

Under these circumstances, there was no need to be overly shy or evasive.

After entering the bathtub, she thought for a moment and still spoke up: "How about letting her train then?"

"Otherwise, when everyone is in the Gang Qi Realm, she'll still be at the peak of the Transformation Qi Realm."

Upon hearing this, Zhen Bingyu immediately shook her head, "I don't want to train now, I just want to cling to a man."

With the close relationship, she spoke freely without any reservation.

Ning Miaoxi naturally could only roll her eyes, then her delicate face changed slightly.

Because as she rolled her eyes, Su Fan's hand had already found its way to her secret garden.

Ning Miaoxi's delicate body trembled slightly, yet she didn't push Su Fan's hand away; instead, she subconsciously spread her legs.

Chapter 1034

Zhen Bingyu noticed her change and teased, "Little vixen, are you running a fever?"

Ning Miaoqi immediately retorted, "You're the one with the fever."

While speaking, she fiercely pinched Zhen Bingyu's soft peaks.

Zhen Bingyu didn't continue to tease Ning Miaoqi. Although the three were very close, she knew Ning Miaoqi was thin-skinned.

Therefore, her teasing of Ning Miaoqi was just enough to tease without making Miss Ning angry.

At this point, Zhen Bingyu had changed the topic.

She played with Ning Miaoqi's soft peaks while asking Su Fan, "Why not just make a move?"

"In an unexpected situation, we could use a sniper rifle and take down at least two enemies."

Su Fan shook his head, "The situation is a bit complicated now. Sakun is figuring out how to deal with Kawabata Yuuta."

"Sakun's backer Ye Zhaoyi and Kawabata Yuuta's backer, the Kawabata family from Japan, now seem to be at odds."

"I'm planning to wait until the situation becomes clearer before taking action against these people."

"If we could watch the tigers fight from the mountain, that would be ideal."

Zhen Bingyu responded with a hint of surprise, "How do you know so much about this?"

Ning Miaoqi wanted to know this too.

Even though they had followed Su Fan for quite some time, they still didn't know much about Su Fan.

It was normal; Su Fan and Chen Hanqing had a single-line connection.

Chen Hanqing wasn't a classically trained elite with bachelor's, master's, and PhD, but a genius with no systematic education.

Such a person's abilities were unknown to most.

No one would think that he alone supports Su Fan's current intelligence network.

Su Fan half-truthfully answered Zhen Bingyu's question, "Because I have a top-notch hacker team working for me."

Ning Miaoqi asked upon hearing this, "Are you monitoring us?"

Su Fan shook his head, "No, why would I monitor you?"

Ning Miaoqi seriously stated, "Just asking, although it would be understandable if you did, giving us some personal space would be even better."

Su Fan understood her words.

Everyone has their own secrets. It's enough for oneself to know them without sharing with anyone.

Facts proved that Su Fan's decision to remain inactive upon arriving at Bai Yue was correct.

Even though Sakun feared Kawabata Yuuta, when one is driven to the edge, they clearly unleash their full potential.

Instead of sending more people to China to deal with Su Fan, Sakun spent heavily to drag Ye Zhaoyi's brother Ye Zhao Hua into it.

The Kawabata family from Japan originally wanted to target Ye Zhaoyi; now they naturally have more reasons to act.

While Su Fan immersed himself in gentle comfort, this group of people was experiencing blades flashing and bullets flying.

Kawabata Yuuta and others didn't die by Su Fan's hand in China.

Now Kobayashi Sazai and Kawabata Takeshi have fallen into the hands of Ye Zhao Hua and Sakun.

The basement of Sakun Manor was extremely bloody at the moment.

Recently, Sakun's two wives and twin daughters were stabbed in this place.

Although Sakun didn't catch Kawabata Yuuta, he did catch Kobayashi Sazai and the other.

Holding a metal baseball bat, he continuously beat the two whose Qi Sea had been destroyed.

"Ah!"

The basement echoed with continuous screams.

Thinking of his two sliced and bloodied wives and beloved daughters,

Sakun longed to smash these two into minced meat with his baseball bat.

But Sakun's revenge didn't entirely succeed.

The Kawabata family from Japan had already sent experts over.

So not long after Kawabata Yuuta escaped, another gun battle erupted at this manor.

Chapter 1035

The subordinates of Sakun and Ye Zhao Hua kept being shot down amidst the gunfire.

The incessant sound of gunshots outside puzzled Sakun.

He immediately asked a nearby subordinate, "What's going on?"

The subordinate couldn't answer his question, of course.

Moreover, two flashbang grenades rolled in from the hallway at that moment.

"Bang! Bang!"

Two loud explosions echoed, causing cries of anguish in the basement.

Even Sakun and a few others, who reacted quickly and took precautions, were quite uncomfortable now.

As Sakun slowly regained his senses, he saw a gun pointed at his forehead.

Not only that, Ye Zhao Hua, who had almost taken all his assets, was now thrown to the ground, wounded like a dead dog.

His two wives, who had been taken away for treatment, and the pair of twin daughters, were also brought back.

In this moment, Sakun could only kneel and beg for mercy.

He had thought that the Kawabata family from Japan couldn't reach the Baiyue region, and that he had dragged Ye Zhao Hua into the water this time.

He never expected Kawabata Yuuta to return so quickly.

Kawabata Yuuta didn't look at Sakun, who was kneeling and begging for mercy, but went to Kawabata Takeshi and Kobayashi Sakai's side.

"How are you, Kobayashi-kun?"

Although Kawabata Yuuta was a killer, he still felt a bit uneasy at this moment.

A short while ago, Sakun and his subordinates had brutally attacked Kobayashi Sakai and Kawabata Takeshi with metal baseball bats and heavy sledgehammers meant for smashing stones.

Kobayashi Sakai's eyeballs had burst, and his limbs were stuck to the ground like meat patties.

He was barely clinging to life, while Kawabata Takeshi had already been beaten to death.

Upon hearing Kawabata Yuuta's voice, Kobayashi Sakai tried to speak, but as he opened his mouth, he breathed his last.

This sent Kawabata Yuuta into a complete rage!

He picked up the sledgehammer used for the quarry and began hammering Sakun and the others to death.

In the five-star hotel, when Su Fan, Zhen Bingyu, and Ning Miaoqi came out of the bathroom.

Chen Hanqing sent over numerous videos recorded by the cameras in Sakun Manor.

Su Fan quickly browsed through them and realized the situation was going smoother than he had imagined.

Indeed, the Kawabata family from Japan had clashed with the Ye family, one of the two major local powers in the Baiyue region.

Curious, Zhen Bingyu asked, "What's the situation now?"

Su Fan casually replied, "I don't know the specifics, but from these videos, it looks like the Kawabata family and the Ye family are fighting."

"You guys tidy up and wait for my news; I'll go ahead and check it out."

He wanted to contact Ye Zhaoyi from the Ye family first, as he didn't know much about this woman.

However, one thing was certain: he had no conflicts with the Ye family in Baiyue.

This time, it seemed he could work together with the Ye family to deal with the Kawabata family.

Su Fan changed into a different set of clothes and headed for Ye Zhaoyi's manor.

Upon arrival, he realized the Kawabata family's retaliation had come swiftly.

At this moment, Ye Zhaoyi's manor was also witnessing intense gun battles.

As one of Baiyue's two Underground Emperors, Ye Zhaoyi evidently suffered a major intelligence failure.

Right now, there weren't many armed forces in her manor.

Bodies of her security personnel were scattered all over the manor.

What Su Fan didn't know was that even Ye Zhaoyi's situation was quite precarious now.

Her heart had been punched by a traitor; she almost died from that single punch.

Although Ye Zhaoyi and her people were in a dire situation, Su Fan still decided to sneak into the manor for a detailed discussion with Ye Zhaoyi.

Chapter 1036

Northern Baiyue, Ye Family Manor.

In a treatment room deep within the manor, Ye Zhaoyi was receiving medical attention.

Earlier, she had been punched by a traitor. Even though she promptly activated her protective Qi barrier, she was still severely injured.

This was the closest she had come to death since becoming the Underground Emperor of Northern Baiyue.

Had her reaction been just half a second, or even a few milliseconds slower,

that opponent's overwhelmingly powerful punch could have easily shattered her heart.

Now, her heart wasn't shattered, but her condition was still dire.

The intense pain made her tremble slightly.

All her bodyguards had been dispatched to fend off the enemies, leaving only her personal doctor by her side.

Her subordinates from other places couldn't come to this location in a short time.

This inevitably made Ye Zhaoyi feel somewhat desperate inside.

In her heart, she couldn't help but think, "Is today the day I meet my end?"

As countless thoughts raced through her mind, she suddenly looked nervously in one direction.

"Who's there?"

While speaking, Ye Zhaoyi struggled to pull out an automatic pistol and aimed it at the window.

Her personal doctor was also extremely nervous, taking out a gun and aiming outside the window.

But this female doctor clearly was only good at saving lives, not taking them.

Holding the gun, she had not even disengaged the safety lock.

Outside the window, of course, was Su Fan.

Su Fan did not enter rashly but said, "I am Su Fan from Eastern Medicine Company, Qin Province Yang City, Huaxia."

Ye Zhaoyi understood Chinese, and she spoke it very fluently.

Upon hearing Su Fan's words, Ye Zhaoyi was initially stunned, but then she suddenly remembered who he was.

"The Su Fan who killed Irudi and destroyed the Yagyu family in Japan?"

Su Fan nodded, "That's me."

He didn't expect that by revealing his detailed information, the other party wouldn't recognize him.

But when introducing himself, he couldn't always say he's the Su Fan who killed Irudi.

After knowing it was Su Fan, Ye Zhaoyi did not relax her guard but became even more tense.

In her eyes, Su Fan was even more dangerous than Kawabata Yuuta and others.

Ye Zhaoyi could only nervously ask, "What guidance does Mr. Su Fan have?"

Su Fan replied without hesitation, "I want to cooperate with you."

"Cooperation?" Ye Zhaoyi's beautiful face frowned slightly.

She really couldn't think of how she could cooperate with Su Fan.

Su Fan said confidently, "Yes, cooperation."

"I want to join forces with Miss Ye to deal with Japan's Kawabata family."

He had Yagyu Zhengren as a key player in Japan. One day, after eliminating the Kawabata family, he could easily let Yagyu Zhengren take over their industries.

Of course, that's something for the future. Right now, the urgent task is to become allies with Ye Zhaoyi and help her get through this crisis.

After thinking for a moment, Ye Zhaoyi said, "I can cooperate with Mr. Su Fan, but I need to overcome the immediate crisis first."

As she spoke, she put down her gun and signaled her personal doctor to do the same.

After expressing her goodwill, Su Fan walked in from the front.

He glanced at Ye Zhaoyi and casually said, "Your heart injury is very severe. If you don't treat it, it will leave aftereffects."

"If you trust me, I can help you with medical treatment."

Su Fan's words surprised Ye Zhaoyi quite a bit.

After all, she was sitting quite normally without showing any signs of abnormality.

Ye Zhaoyi then asked a question that left Su Fan somewhat speechless.

"You know how to treat illnesses?"

Clearly, Su Fan's reputation on the dark web had been misconstrued.

People on the dark web all assumed he was a formidable Martial Artist who appeared out of nowhere, unaware that his medical skills surpassed his martial arts.

Chapter 1037

Su Fan smiled and said, "Shouldn't I be able to treat illnesses?"

Ye Zhaoyi certainly couldn't just let Su Fan treat her after a few casual words.

She took out her phone, logged into the dark web, and began to check information related to Su Fan.

After purchasing several pieces of information, she was surprised to find.

Su Fan, while making a name in martial arts, was also very skilled in medicine.

At the affiliated hospital of the Medical University, he had repeatedly brought patients back from the brink of death, performing miracles.

Not long ago, he won first place in the city-level competition of the Chinese National Medical Tournament!

Without a doubt, Su Fan's medical skills were more advanced than those of the private doctor she hired at great expense.

Ye Zhaoyi immediately nodded and said, "Thank you for your trouble."

This time, Su Fan didn't hesitate. He took out the silver needles he carried and approached Ye Zhaoyi.

With just three needles, the intense pain Ye Zhaoyi was feeling was greatly alleviated.

At the same time, Su Fan was extremely surprised!

Extreme Yin body! There's an Extreme Yin body! And it's an unpenetrated Extreme Yin body!

This made Su Fan quite excited; if he could win over Ye Zhaoyi, he could progress from the late Gang Qi Realm to the Grandmaster Realm!

A Martial Artist in the Grandmaster Realm, also known as a Martial Arts Grandmaster!

Any Martial Arts Grandmaster is a formidable force in the martial arts world.

However, it's evidently not easy for Su Fan to take on Ye Zhaoyi.

Ye Zhaoyi also has a Martial Arts Grandmaster behind her.

Chen Mengfei and Ye Zhaoyi are both women of high status and position.

But compared to the flawless Chen Mengfei, Ye Zhaoyi seems relatively easier to handle.

Chen Mengfei can receive protection from the Dragon Group within China.

The assassins from the Kawabata family find it difficult to enter China to harm her.

Moreover, the Chen family boasts two Grandmasters, and nearly 24 hours a day, Martial Arts Grandmasters protect Chen Mengfei.

Ye Zhaoyi is different, according to the dark web intelligence, although the Ye family has Grandmasters and is a family with two Grandmasters.

One is constantly roaming around, while the other isn't always by Ye Zhaoyi's side.

If otherwise, Ye Zhaoyi wouldn't be in such danger now.

After administering three needles to Ye Zhaoyi, Su Fan said to her, "The next treatment requires you to remove your clothing."

The first three needles were placed on Ye Zhaoyi's arm.

But Ye Zhaoyi's injury was to her heart, and it's impossible to administer the acupuncture through clothing.

Ye Zhaoyi hesitated upon hearing this.

Under normal circumstances, she would never agree.

Now, however, things were different; it was a matter of life and death.

Her recovery would significantly impact her strength, a complete recovery was a completely different concept.

Thinking this, Ye Zhaoyi immediately said to the private doctor beside her, "Dr. Li, please leave for now."

Li Sisi heard this and immediately stepped outside the room.

Then Ye Zhaoyi, somewhat resignedly, began to undress.

What surprised Su Fan was that Ye Zhaoyi had a tattoo.

Her tattoo was very special, located on her ribs, and was of a masked black cat.

Su Fan didn't keep admiring Ye Zhaoyi's tattoo but started to focus intently on the acupuncture.

His extraordinary medical skills allowed Ye Zhaoyi to recover rapidly.

A trace of his blood and True Qi flowed continuously into Ye Zhaoyi's body through the silver needles.

His initial three needles had already amazed Ye Zhaoyi.

Each subsequent needle made Ye Zhaoyi's eyes widen in astonishment!

Ye Zhaoyi's injuries were recovering at an incredible speed.

Her stunning face showed an increasingly strong look of shock.

This led Su Fan, while treating her, to admire her beautiful body, but Ye Zhaoyi wasn't aware at all.

Chapter 1038

As time passed, Ye Zhaoyi's discomfort gradually disappeared.

Because she did not take off her close-fitting chest guard, Su Fan did not see the full view of her impressive bosom.

Although he didn't see it fully, he understood Ye Zhaoyi's size.

Ye Zhaoyi might have a slender figure, but her bosom was very large and very full.

Among the many women Su Fan had, there was no lack of well-nourished and well-developed ones.

But in terms of outline, shape, and size, Ye Zhaoyi ranks first.

It's just unclear if, in terms of feel, Ye Zhaoyi is also number one?

Su Fan believed that it wouldn't take long before he would know the answer.

After Su Fan put away the needle, Ye Zhaoyi, who had almost recovered, quickly put her clothes back on.

Then she looked at Su Fan and seriously said, "Dr. Su, I have another request for you."

Su Fan casually replied, "What is it?"

Ye Zhaoyi hesitated for a moment, then spoke up, "Take me and escape."

Without waiting for Su Fan to inquire, she actively explained to him.

"I don't know where my third grandfather is now, and my fourth grandfather is being held back by the Kawabata family's Martial Arts Grandmaster."

"If I continue to stay here, everyone in this manor might die."

"Only if I leave here will the Kawabata family's assassins come to pursue me."

"I have three manors in the northern part of Baiyue; this is not actually my true base."

"As long as we reach Tingquan Manor, I can mobilize enough Martial Artists to deal with the Kawabata family's assassins."

After Ye Zhaoyi finished speaking, she waited for Su Fan to decide.

If she continued staying here, support was uncertain when it would arrive.

If her support didn't arrive and the Kawabata family's reinforcement did, it would be troublesome.

As Su Fan began considering whether to let Zhao Chunqiu and others take action.

He suddenly received a call from Chen Hanqing, who urgently said on the phone:

"Su Fan, right now, a Kawabata family's Martial Arts Grandmaster is approaching your current location."

Upon hearing this, Su Fan had no further hesitation and decisively said to Ye Zhaoyi, "Let's go."

Ye Zhaoyi, being a Gang Qi Realm Martial Artist, of course heard the content of Su Fan's call.

She dared not delay, asked Li Sisi to find a place to hide, and then followed Su Fan to break through together.

Su Fan skillfully moved, secretly infiltrating the manor with ease.

Now wanting to quietly leave the place with Ye Zhaoyi was much more difficult.

After the two advanced a distance, they encountered two Kawabata family Martial Artists who they couldn't bypass.

Ye Zhaoyi had mid-stage Gang Qi Realm strength, comparable to Ning Tianhe.

She initially wanted to suggest to Su Fan that they each handle one opponent.

Unexpectedly, Su Fan quickly approached one of them.

At the instant when the early-stage Gang Qi Realm Martial Artist furrowed his brows and prepared to turn.

Su Fan's Tai Chi Sword had already pierced through the man's back.

Subsequently, without even looking at this person, Su Fan charged at the other Gang Qi Realm Martial Artist.

The death of his companion had already caught this person's attention.

He hesitated not, immediately firing his gun.

"Bang! Bang! Bang!"

A series of gunshots rang out, and Su Fan, while activating his body-protecting Qi, also utilized his movement technique to avoid them.

Although after several shots, Su Fan managed to get close.

Then Su Fan did not hesitate with the person, directly chopping down with his sword!

"Clang—"

This Gang Qi Realm mid-stage Martial Artist instantly supported a body-protecting Qi barrier.

Su Fan's sword strike resonated like the sound of a ringing bell but failed to harm him significantly.

However, Su Fan anticipated this, as he unleashed an unstoppable punch instantly.

Chapter 1039

"Bang!"

This punch made the protective Qi gang around the person flicker unsteadily, clearly affecting the circulation of True Qi.

"Bang! Bang!"

Without a word, Su Fan delivered two more punches, shattering the opponent's protective Qi gang as if it were nothing.

His relentless punch landed squarely on the martial artist's forehead, shaking their brains into mush.

Su Fan dealt with these two people so cleanly and efficiently that Ye Zhaoyi's beautiful eyes were filled with amazement.

She had seen many formidable martial artists, but one as young and strong as Su Fan was a first for her!

Ye Zhaoyi wasted no time; soon she joined Su Fan and broke through from this direction.

This place was very close to Ye Zhaoyi's garage.

After fetching a Maybach, she swiftly took off with Su Fan.

"Vroom—"

Ye Zhaoyi's driving skills were superb; she maneuvered the car effortlessly and sped out of a narrow alley with Su Fan.

The commotion here had naturally alerted the Kawabata family's assassins.

Someone immediately reported to their superiors: "Ye Zhaoyi has escaped! She's driving away in a Maybach."

The Kawabata family had mobilized such a large force against Ye Zhaoyi; they definitely did not want their efforts to end in vain.

Instantly, the Kawabata family's command center in Japan directed and organized many family assassins in the Baiyue region.

Though Ye Zhaoyi's escape in such circumstances surprised them somewhat.

The Kawabata family executives were not concerned about Ye Zhaoyi being able to escape unharmed.

Because they still had two aces up their sleeves, yet to be played.

One ace was the Martial Arts Grandmaster heading to Ye Zhaoyi's manor.

The other ace was Ye Zhaoyi's uncle, Ye Linxi.

In terms of ability, Ye Linxi was on par with Ye Zhaoyi.

But unfortunately, he lacked the martial arts talent and couldn't practice martial arts.

Therefore, Ye Zhaoyi, with remarkable ability and as a Gang Qi Realm martial artist, became the Family Head of Baiyue's Ye family.

Someone like Ye Linxi would certainly not be satisfied with just being a supporting role.

Ye Zhaoyi had no idea that her uncle at Tingquan Manor wanted her dead.

At this moment, she was driving the Maybach at high speed, fleeing towards Tingquan Manor.

After driving some distance, Su Fan suddenly said, "Something's not right, I just saw someone observing you nearby."

Ye Zhaoyi was taken aback but chose to trust Su Fan.

"What should we do now?"

Su Fan decisively said, "Find a place to abandon the car, then we hide and observe the situation."

Hearing Su Fan, Ye Zhaoyi immediately turned the car into an alley.

As soon as she and Su Fan got out of the car and ran towards a wildlife park, Ye Zhaoyi received a text message.

The message was written in code, incomprehensible to others, but Ye Zhaoyi understood it at a glance.

Instantly, her expression turned very grim.

While Su Fan led Ye Zhaoyi among the many visitors in the wildlife park, he casually asked, "What's going on?"

Ye Zhaoyi said with some discomfort, "My uncle has betrayed me; he's colluded with the Kawabata family and wants me dead."

"Fortunately, we didn't go straight to Tingquan Manor; he had snipers lying in ambush there."

"If we had gone to Tingquan Manor without being prepared, we might have been directly killed by his snipers in the ambush."

Su Fan didn't expect things to become so complicated in such a short time.

"Bang!"

As Su Fan and Ye Zhaoyi were talking, a gunshot suddenly rang out.

A bullet from a sniper rifle exploded the head of a tourist right in front of Su Fan.

Whether it was a Kawabata family sniper or Ye Linxi's sniper, they had clearly arrived and occupied a vantage point.

Chapter 1040

Su Fan didn't dare to be careless and quickly led Ye Zhaoyi into a nearby exhibition hall.

The exhibition hall was crowded with tourists.

However, the assassins behind them didn't care at all about the lives of the tourists.

Su Fan continuously gathered True Qi into a thin layer enveloping his body surface.

This was a technique for body protection that could block small-caliber gunfire.

"Clang!"

A handgun bullet indeed hit Su Fan's shoulder, but the bullet was deflected by the protective Qi.

In front of a Martial Artist in the Gang Qi Realm, a handgun is meaningless.

To deal with a Gang Qi Realm Martial Artist, usually Barretts or even anti-material sniper rifles are used.

Su Fan, with Ye Zhaoyi, frantically fled, quickly reaching the back mountain of the wildlife park.

But just then, two assassins suddenly rushed out.

One of them wielded a combat knife, aiming a fierce stab at Su Fan's heart.

The other delivered a sudden push kick to Ye Zhaoyi's abdomen.

Ye Zhaoyi instantly fell, and the person followed with an axe-like chopping kick aimed at her neck.

If the kick landed, Ye Zhaoyi's head would surely be separated from her body.

Facing this lethal sneak attack from a late Gang Qi Realm expert, all Ye Zhaoyi felt was despair.

At this moment, she was paralyzed and unable to dodge.

However, just at the critical moment, Su Fan suddenly lunged onto her.

"Bang!"

The opponent's fierce kick, though mostly offset by the protective Qi,

still caused Su Fan's True Qi to tremble violently, drawing a line of blood at the corner of his mouth.

Su Fan dared not linger, rolling on the ground with Ye Zhaoyi and quickly getting to his feet.

A bullet also chased after the two, flying past them.

In this life-and-death moment, Su Fan was calm like never before.

He carried Ye Zhaoyi, flipped over a railing, and leaped down.

Beneath was a dense sloping forest, concealing them from the sniper's line of sight.

Even the numerous approaching assassins now had no idea where Su Fan and Ye Zhaoyi had gone.

But the two dared not stop and continued to flee through the mountain forest.

During the escape, Ye Zhaoyi received another message.

"Miss, a Martial Arts Grandmaster from the Kawashima family is hunting you down."

"Also, your phone has been tampered with by Linxi's men. They can track your location."

"You'd better toss away your phone and other electronic devices now."

Ye Zhaoyi clearly had her own intelligence network. After seeing the message, she directly threw the phone down a cliff.

Not only that, but her wristwatch and smart bracelet were also thrown away.

After doing all this, she continued to run with Su Fan.

But this time, the alliance between the Kawashima family and Ye Linxi quickly locked down this mountain forest.

As Su Fan and Ye Zhaoyi ran all around the mountain, they saw numerous drones in the air, along with two helicopters, searching for their location.

Seeing this scene, Ye Zhaoyi felt utterly hopeless.

Faced with such a net from heaven and earth, she and Su Fan had no chance of escaping.

If the drones or helicopters discovered their location, the Martial Arts Grandmaster from the Kawashima family would quickly appear before them.

Although Ye Zhaoyi didn't want to die, at this moment, she could only say to Su Fan, "Dr. Su, you should run alone."

"They are after me; it has nothing to do with you."

What she said was indeed true.

Even though the Kawashima family had grudges with Su Fan as well,

this time, the target was not Su Fan, but Ye Zhaoyi.

After Ye Zhaoyi spoke, Su Fan shook his head: "There's a cave up ahead, let's hide in it."

With that, he quickly picked up Ye Zhaoyi and headed towards the cave.
