Chapter 104: Inspecting the Goods

Glancing back, he saw Bai Man lying on a chair inside the small pavilion in the yard, glaring furiously at Su Fan.

Clad only in a sheer chiffon nightgown, it was very cool, revealing quite a bit of a spring view.

However, the two of them had already seen each other fully, so this was nothing new.

"Aunt, it's so late, you haven't slept yet?"

Su Fan asked with a bit of guilt.

"Would I dare to sleep when you, the Divine Doctor, haven't come home?"

Bai Man said sarcastically.

Su Fan blushed.

"Aunt, please stop joking with me."

"Come here."

Bai Man said coldly.

Su Fan could only honestly walk over.

"Kneel."

Bai Man commanded sharply.

"What?"

Su Fan hesitated.

"What, have you forgotten that I am your master? Won't you obey your master?"

Bai Man narrowed her eyes and glared sternly at Su Fan.

Dammit.

It was indeed karma.

He had just been dominating Luo Ya, and now he was being dominated by Bai Man.

Instant karma.

"I, I dare not."

Su Fan honestly knelt on the ground.

"I'm asking you, where did you go tonight?"

"I, I was working overtime at the hospital, haven't you verified that already?"

"Humph, don't play tricks with me. The more I think about it, the more it doesn't add up. Tell me, did you go to a hotel with Luo Ya, that little nurse?"

Bai Man's gaze fixed sternly on Su Fan.

Su Fan's heart skipped a beat.

Bai Man was indeed shrewd, her sixth sense was frighteningly accurate sometimes.

But he could not admit it.

Su Fan did not want to seek death.

"Aunt, you, you've misunderstood, how could I possibly do such a thing, and besides, Luo Ya isn't that type of person either."

"Hehe, do I not know what kind of person you are? You appear to be naive, but in reality, you're full of mischief."

"Besides, do you know what kind of person Luo Ya is? You understand her well?"

"No, I don't know."

Su Fan shook his head.

"Unless, you prove it to me." Bai Man looked at Su Fan mischievously.

"How, how can I prove it?"

Su Fan looked at Bai Man, puzzled.

"It's simple, stand up and take off your pants."

"What?"

"Me?"

Su Fan suddenly became anxious.

"You, you promised me you wouldn't force me to do that, didn't you?"

Bai Man wore a mischievous smile.

"When did I make you do anything with me? I just want to look, check a little, verify the merchandise."

"This?"

Su Fan was troubled.

Bai Man became dissatisfied.

"Or else shall I give your uncle a call, let him come back and deal with it?"

Su Fan panicked.

"No, I'll take them off, I'll take them off."

He took off his pants, exposing the dark green underwear underneath.

"Take those off too."

Bai Man stared greedily at Su Fan's groin area like a fierce wolf.

Crazy woman.

Su Fan removed his underwear.

Divine Artifact, slightly drooping.

Bai Man grabbed the Divine Artifact forcefully.

Then she bent her head down and examined it carefully.

Su Fan was speechless.

Was this woman a freak?

Luckily, Luo Ya had licked it clean; there was not a trace left.

After inspecting it, Bai Man found no results.

She did not know what evidence she was looking for.

"Aunt, can I go now?"

As Bai Man played with it, Su Fan was getting heated up.

The soft Divine Artifact also stood up.

Bai Man began to manipulate it, a look of excitement on her face.

"Let me try to see if it can fully rise, if we're going to check, let's do it thoroughly."

As she said that, Bai Man's hand movements sped up.

Su Fan clenched hold of the edge of a water vat, stimulated beyond words.

After ten minutes.

"Tsst."

Dew sprayed out, landing on the hem of Bai Man's nightgown.

"Giggle, giggle."

Bai Man laughed softly and let go of her hand.

"There's still goods, it seems I really wronged you."

Bai Man lay satisfied back in the chair.

Su Fan pulled up his pants humiliated.

Luckily he was physically fit, otherwise he would have been exposed.

But Bai Man's method of checking was too special, wasn't it?

Poor me... no, the most pitiful should be Uncle Li Jian.

"Well, I'm going back to sleep then."

Su Fan wanted to get away from Bai Man, this devil.

Unfortunately, Bai Man did not give him the chance.

"Wait, did I say you could leave?"
