

Temptation 1041

Chapter 1041

As Su Fan approached the mountain cave, he unexpectedly discovered another cave on the slanted mountain ahead.

A place inaccessible to ordinary people, but he and Ye Zhaoyi could get there without any issues.

Moreover, the place was shrouded in dense vines, offering great concealment.

Without hesitation, Su Fan continued to lead Ye Zhaoyi towards that location.

"Snap! Click! Snap! Click!"

While holding someone, he sprinted swiftly along the nearly vertical cliff.

Upon reaching the vine-covered cave, the two figures flashed and entered the cave.

Su Fan was pleasantly surprised to find the place was a natural cavern, not too large nor too small, and very dry.

But it was still a temporary measure; Ye Linxi could even deploy armed helicopters, making it notably easy to find them.

Su Fan could only look at Ye Zhaoyi and said earnestly, "Miss Ye, now to survive, there is only one last method left."

Ye Zhaoyi asked in confusion, "What method?"

Without hesitation, Su Fan explained his constitution and the matter of Ye Zhaoyi being of extremely yin constitution, thoroughly recounting it all to her.

After hearing it, Ye Zhaoyi was utterly shocked, unable to speak.

She never would have imagined, even in her dreams, that her constitution had such advantages.

Though slightly skeptical, all of Su Fan's actions made her choose to trust him.

Su Fan felt a bit restless.

To break through the situation, he had to advance from Gang Qi Realm to Xuan Qi Realm, becoming a Xuan Qi Realm Martial Arts Grandmaster.

But he was uncertain if this time he would upgrade to the peak of the Gang Qi Realm or directly to the early Xuan Qi Realm.

If it was just elevating to the peak of the Gang Qi Realm, it wouldn't have much effect.

Even at the Gang Qi Realm peak in strength, he still wouldn't be a match against a Martial Arts Grandmaster.

However, thinking so much was pointless, the fate of life and death would soon be clear.

For Ye Zhaoyi, what was happening now was utterly absurd.

In her twenty-six years, her pure body, in such an utterly absurd circumstance, was given away.

And the man she was with, it was merely their first meeting.

The understanding she had for him, and he for her, was very limited.

But she had no other choice, she either believed Su Fan was genuine or awaited death right there.

Since it was so, she could only trust Su Fan.

Ye Zhaoyi, the Underground Queen of the northern Bayue region, had never been developed by any man before.

Su Fan's ferocious and rough furious dragon made her suffer greatly this time.

Su Fan relentlessly pushed forward, but he could only tread arduously bit by bit.

Eventually, a thin membrane completely blocked his little accomplice.

Both Su Fan and Ye Zhaoyi understood, once Su Fan progressed further, Ye Zhaoyi would become a true woman.

At this moment, Ye Zhaoyi shut her eyes tightly in tension.

The first sensation left her curious, shy, yet experiencing an inexplicable pain and pleasure.

Su Fan no longer hesitated and chose to thrust abruptly, charging straight ahead.

Even though Ye Zhaoyi was a Martial Artist of the Gang Qi Realm, she couldn't help but let out a cry of pain.

Fortunately, this place was indeed very safe.

Even if the two were utterly absurd and uninhibited here, the Kawabata family and Ye Linxi's people couldn't find them anytime soon.

At this moment, Ye Zhaoyi was entirely seated on Su Fan's lap, a posture that made her overwhelmed by Su Fan.

Her soft body could only embrace Su Fan tightly at this moment.

Since this was Ye Zhaoyi's first time, Su Fan didn't rage and batter her wildly.

For a woman like Ye Zhaoyi, he evidently needed to start from scratch and develop her bit by bit.

Chapter 1042

During his union with Ye Zhaoyi, a surge of pure energy rapidly washed over his entire body, nourishing every organ and limb.

His extraordinary meridians and twelve regular meridians continuously generated a large amount of pure True Qi.

In this process, his power rapidly increased at a visibly fast pace.

Before long, he reached the late stage of the Gang Qi Realm, then the peak of the Gang Qi Realm, and finally Great Perfection of the Gang Qi Realm.

Even at this step, his breakthrough did not stop and continued to advance swiftly.

After Ye Zhaoyi endured dozens or even hundreds of his attacks, Su Fan's strength finally broke through the shackles of the Gang Qi Realm.

"Crack!"

A crisp sound that only Su Fan could hear echoed at this moment.

A feeling of transformation quickly spread throughout his body.

At this moment, he finally advanced further, becoming a Martial Artist of the True Qi Realm, becoming a Martial Arts Grandmaster!

The protective energy shield of a Martial Arts Grandmaster is very powerful.

Those top Martial Arts Grandmasters can, with this shield, even withstand anti-material weapons.

Of course, Su Fan is now only newly entered into the True Qi Realm Grandmaster, and his protective energy shield is not that formidable yet.

But the terrifying power coursing through his body filled him with unprecedented confidence.

Now, when facing Gang Qi Realm martial artists, regardless of their level, he could undoubtedly kill them with a single punch!

He did not plan to reveal his breakthrough to a True Qi Realm Grandmaster.

After resolving this trouble, he intended to keep it a secret as long as possible.

As long as others didn't know he was a Martial Arts Grandmaster, his enemies would only send Gang Qi Realm martial artists to their deaths!

As Su Fan advanced, Ye Zhaoyi also experienced some enhancement.

However, the improvement she received was not as significant as Su Fan's.

She merely advanced from the mid-stage of the Gang Qi Realm to the mid-stage Great Perfection of the Gang Qi Realm.

Even so, Ye Zhaoyi completely believed what Su Fan had said before.

Su Fan wasn't just playing with her or had any special designs on her.

What Su Fan said was true, that he could utilize her special constitution to gain enhancement.

Yet, with danger still looming, Su Fan and Ye Zhaoyi didn't continue their deep conversation.

The first time will naturally lead to more times.

In the not-so-spacious cave, Su Fan adapted to his newfound power in the True Qi Realm.

Reaching a profound understanding of martial arts is termed as True Qi, also known as Grandmaster.

After resolving the sixth internal fire poison, Su Fan advanced directly to the initial Great Perfection of the True Qi Realm.

The elevation in martial arts realm brought him improvement in all aspects.

However, he also realized a problem: the further one goes in martial arts cultivation, the tougher it becomes.

Now to progress further has already become very challenging.

Of course, these concerns were matters for the future.

Right now, he intended to wipe out the Kawabata family and the martial artists under Ye Linxi's command.

After much contemplation, Su Fan decided to bring Ye Zhaoyi along.

After all, Ye Zhaoyi was an accomplished martial artist at the mid-stage Great Perfection of the Gang Qi Realm, not merely a burden.

He no longer needed Ye Zhaoyi's assistance; she simply needed to accompany him throughout.

As Su Fan expected, Ye Linxi and the martial artists of the Kawabata family had indeed laid a trap in this place.

They encircled them from all sides, ready to make this forest their burial ground.

They would never dream that Su Fan and Ye Zhaoyi were somewhat unique.

Their union had actually propelled Su Fan directly into a Martial Arts Grandmaster.

The Martial Arts Grandmaster from the Kawabata family this time was Kawabata Yanjie.

Kawabata Yanjie was a Grandmaster at the initial stage of the True Qi Realm, and his breakthrough into the True Qi Realm was purely by luck.

As such, after reaching the initial Great Perfection of the True Qi Realm, ten years passed without any progress.

Chapter 1043

This is also normal, just like some people are very good at studying during middle and high school.

But as they grow older, they can't keep up.

That's because of limited potential. To shine throughout life, higher talent is needed.

Kawabata Yanjie didn't search all over the mountains like others to find Su Fan and Ye Zhaoyi.

At this moment, he was sitting face-to-face with Ye Linxi, drinking tea.

Ye Linxi poured a cup of tea for Kawabata Yanjie and politely said, "Yanjie, when you find those two, I'll leave them to you to handle."

Kawabata Yanjie nodded while wiping his katana.

Then he said, "The future underground business in the northern part of Bai Yue will be split evenly between the Kawabata family and the Ye family."

Ye Linxi smiled and said, "No problem at all, Mr. Yanjie can rest assured."

"I am a businessman, and integrity is the foundation of business."

"No matter what, I won't break my promise to the Kawabata family."

Kawabata Yanjie "clang" and returned the katana to its sheath.

He then stared at Ye Linxi and seriously said, "It better be so."

Ye Linxi was not angered by these words but instead smiled cheerfully.

At his level, even if he was unhappy inside, his face wouldn't show it; it is called expressing neither joy nor anger visibly.

Both Kawabata Yanjie and Ye Linxi thought that Su Fan and Ye Zhaoyi were simply caged beasts now, not worth worrying about.

However, this time the two were clearly mistaken. Changes were happening where they couldn't see.

Su Fan and Ye Zhaoyi soon encountered a Gang Qi Realm martial artist from the Kawabata family.

Instead of being afraid upon seeing Su Fan and Ye Zhaoyi, this person was actually very excited and rushed towards them.

He wasn't worried about Su Fan fighting with him, but worried that Su Fan would flee with Ye Zhaoyi again.

But this time, he was wrong.

Su Fan had no intention of running. As the person charged, Su Fan suddenly moved.

He took a step forward, his figure swift as a whirlwind, appearing before the Gang Qi Realm martial artist.

No matter how foolish this person was, he could see something was wrong by now.

He didn't hesitate for a moment and instantly activated his protective qi barrier!

"Buzz—"

No matter what Su Fan had up his sleeve, raising his protective qi barrier first and assessing the situation was always a safe bet.

In fact, Su Fan could have broken his neck with a neck snap before he activated his protective qi barrier.

But Su Fan didn't do that and instead gave him the chance to raise his protective qi barrier.

He wanted to test whether he could now shatter a Gang Qi Realm martial artist's protective qi barrier with one punch.

"Boom!"

"Crack!"

Su Fan's fist broke through the air, and the powerful force instantly shattered the late Gang Qi Realm martial artist's protective qi barrier.

Not only that, but Su Fan, with immense strength and unstoppable momentum, smashed his fist into the person's heart after breaking through the protective qi barrier effortlessly.

"Bang!"

A dull thud was heard, and the Gang Qi Realm martial artist's heart was instantly shattered into pieces.

His body immediately stiffened, then fell straight to the ground.

Su Fan and Ye Zhaoyi didn't immediately leave the place but instead hid nearby.

Su Fan wanted to see if any other martial artists would notice the situation and come seeking death.

As it turned out, just two minutes later, another martial artist from the Kawabata family arrived.

However, this person was only a peak Hua Qi Realm martial artist.

From the tree, Su Fan sent out a palm strike from afar.

"Boom!"

An imprint of True Qi instantly hit the Hua Qi Realm martial artist's head.

This person's legs jerked, eyes flipped, and he died instantly on the spot.

Chapter 1044: The Big Fish Scared Away

After dealing with those two, Su Fan continued to lie in wait in the same place.

Instead of waiting for the martial artists of the Kawabata family, he waited for a martial artist from the Ye family.

Seeing the Ye family's traitor, Ye Zhaoyi was furious.

She immediately said to Su Fan, "Can you capture him alive? I have something to ask him!"

Hearing this, Su Fan nodded.

The newcomer was just a Martial Artist of the Energy Transformation Realm. If he wanted, he could kill the opponent with a distant strike.

As Ye Yonghao cautiously advanced towards this area, he hadn't taken a few steps before everything went black in front of his eyes.

He didn't understand at all what had happened.

Then Gu Qijue lifted his hand and tapped a few points on him, sealing most of his meridians.

At this moment, Ye Yonghao's feeling was not much different from being paralyzed, even more severe than paralysis.

He only had sensation in one leg and his head. The rest of his body was already numb.

When Ye Yonghao could no longer move, he saw the two people in front of him clearly.

Although his body couldn't move flexibly, he could still speak.

Seeing Ye Zhaoyi for the first time, Ye Yonghao immediately begged for mercy.

"Spare me, Young Lady."

Ye Zhaoyi wasn't interested in listening to his pleas and directly asked, "How many people did Ye Linxi bring to deal with me?"

Hearing this, Ye Yonghao didn't respond directly, evidently still weighing the pros and cons.

Ye Zhaoyi could obviously see what Ye Yonghao was thinking.

So, in the next moment, Ye Zhaoyi spoke with a slightly cold tone.

"Answer truthfully, and I'll only kill you."

"If you dare to hide or hesitate, your whole family, young and old, will die with you."

There's a reason Ye Zhaoyi could become the Family Head of the Ye family.

Although she was a woman, she knew when to be merciful and when to be ruthless.

For a traitor like Ye Yonghao, she was determined to kill him.

But for the weak and elderly in Ye Yonghao's family, she might spare them.

Of course, this depended on whether Ye Yonghao had any intention of redeeming himself.

Upon hearing Ye Zhaoyi's words, Ye Yonghao realized.

The Ye Zhaoyi in front of him was no longer the harmless Young Lady of the past, but the Family Head of the Ye family in Baiyue!

After a moment of hesitation, Ye Yonghao truthfully said, "This time, Kawabata Yanjie, a Grandmaster from the Kawabata family of Japan, and Lord Lin himself came."

"Lord Lin and Kawabata Yanjie are just outside the mountain in that restaurant, drinking tea."

"The Gang Qi Realm experts are advancing into the mountain to capture the Young Lady..."

Before Ye Yonghao could continue, Su Fan asked.

"Martial Arts Grandmaster, is Kawabata Yanjie the only one?"

Ye Yonghao nodded. He seemed to want to say something else, but Ye Zhaoyi had already waved her hand in front of him.

In Ye Zhaoyi's hand was a short knife.

She swiftly and decisively ended the life of the traitor Ye Yonghao with a single stroke.

Next, instead of continuing to wait in ambush, Su Fan took Ye Zhaoyi and attacked on all sides.

Su Fan's Grandmaster strength was incredibly formidable.

Wherever the two passed, whether Energy Transformation Realm or Gang Qi Realm martial artists, none were a match for Su Fan.

As more and more martial artists were taken down by Su Fan, Kawabata Yanjie and Ye Linxi gradually sensed something was wrong.

Kawabata Yanjie wasn't too alarmed, but Ye Linxi didn't hesitate and chose to retreat immediately.

With so many subordinates being quietly eliminated, there was only one possibility: his Third Uncle had returned!

Unlike his Fourth Uncle, who supported him as the Family Head...

His Third Uncle only supported Ye Zhaoyi as the Family Head and looked down on him, who lacked martial arts talent.

Even though Kawabata Yanjie wasn't panicking, his judgment was the same as Ye Linxi's.

If so many people could be wiped out quietly, it must be the work of a Martial Arts Grandmaster!

This time, the Kawabata family didn't intend to directly clash with the Ye family.

They just wanted to weaken and divide the Ye family to gain some influence in the north of Baiyue.

Now that another Grandmaster of the Ye family had returned, they could only temporarily retreat.

Su Fan had no idea he was mistaken by Ye Linxi and Kawabata Yanjie as Ye Sanye.

But it didn't matter, as long as the crisis of the Ye family was temporarily averted.

When Su Fan and Ye Zhaoyi came out of the mountains, Ye Siye, who had shaken off the Kawabata family's Martial Arts Grandmaster, hurried over to rescue them.

Of course, now Ye Zhaoyi no longer needed his rescue.

Chapter 1045: The Two-Faced Sly Fox

Ye family's Fourth Elder, also known as Fourth Grandfather Ye.

Compared to the straightforward and hot-tempered Third Grandfather Ye, Fourth Grandfather Ye is a cunning old fox.

He supports both Ye Linxi and Ye Zhaoyi.

Whether Ye Linxi wins or Ye Zhaoyi wins, he stands to lose nothing.

Not only that, if others have enough ambition and capability to become the family head of the Ye family,

Fourth Grandfather Ye Hengshan can also support them.

The old fox has no principles, or rather his only principle is profit.

Ye Hengshan rushed over in a whirlwind, looked at Ye Zhaoyi, and asked uncertainly, "Girl, has your Third Grandfather returned?"

Like everyone else, Ye Hengshan received the incorrect news.

They all believed that the Martial Arts Grandmaster beside Ye Zhaoyi was Third Grandfather Ye.

Ye Zhaoyi shook her head, "I don't know."

Su Fan had already instructed her not to reveal that he is a Martial Arts Grandmaster.

The longer they can keep this secret, the longer they can maintain an advantage.

If they can keep it hidden, they can continue to deceive and conquer.

Martial Arts Grandmasters have reached a meticulous level of control over their True Qi.

The aura fluctuations Su Fan currently displays are that of the later stage of the Gang Qi Realm.

Unless he actively reveals his Grandmaster strength at the early stage of the Profound Qi Realm, no one would know he's already a Martial Arts Grandmaster!

Ye Hengshan was not satisfied with Ye Zhaoyi's answer.

But he couldn't do anything about Ye Zhaoyi at this moment.

In this matter, he appears to treat everyone equally.

But in reality, he still favors Ye Linxi.

However, Ye Linxi talked big but delivered little; such a good opportunity, and yet he couldn't do anything against Ye Zhaoyi.

This not only put Ye Linxi himself in a precarious situation but also made things difficult for him.

Ye Hengshan favored Ye Linxi for his own reasons.

That is, Ye Linxi is merely an ordinary person, not a Martial Artist, and is easy to control.

As long as Third Grandfather Ye doesn't return, the Ye family would gradually fall under the control of his line.

Unfortunately, while the imagination is beautiful, reality is harsh.

Ye Zhaoyi is still lively, whereas Ye Linxi's future days are destined to be tough.

Ye Zhaoyi didn't say much to Ye Hengshan. After other members of the Ye family arrived, she borrowed a phone from one of them and began her deployment.

Su Fan had interacted with Chen Mengfei, Yagyu Kaori, and other women, so seeing Ye Zhaoyi's decisive and calm judgment,

he was certain that Ye Zhaoyi, Chen Mengfei, and Yagyu Kaori were of the same kind.

There are many smart men in this world, and naturally, there are also many smart women.

Ye Zhaoyi was the third smart woman he had encountered.

Su Fan watched as Ye Zhaoyi calmly issued orders to the Ye family members over the phone.

Most of Ye Linxi's line was either controlled or directly eliminated during this process.

Once everything was arranged, Ye Zhaoyi pompously went along with Su Fan to Tingquan Villa.

A few hours ago, this was Ye Linxi's territory.

However, now, Ye Linxi's three sons, his wife, and a concubine had already been executed by hanging.

Five bodies were left dangling in the breeze at the Tingquan Villa square.

As a woman, when Ye Zhaoyi gets ruthless, she is more decisive and deadly than most men.

After arranging everything, Ye Zhaoyi and Su Fan sat facing each other once again.

Su Fan found it hard to imagine that this seemingly cold and ruthless woman in front of him was the same person who had been gentle and affectionate with him in the narrow cave.

But it was all true. Ye Zhaoyi could be very gentle, and she could also be very cold.

Chapter 1046: You Really Dare to Hold Me

Ye Zhaoyi lit a cigar.

There are many people who smoke in this world, but not many who smoke cigars.

On one hand, good cigars are hard to come by; on the other hand, not everyone likes the taste of cigars.

Ye Zhaoyi is rather unique, she only smokes cigars.

"Hooo—"

After slowly exhaling a smoke ring, Ye Zhaoyi looked at Su Fan with somewhat complicated eyes.

She said seriously, "You might not believe it, but I really want to settle the score with you now."

"Even though doing so might seem ungrateful, for someone like me, neither morality nor law is of concern; they're just jokes to me."

"Even if I've done something like burning bridges, I would do so with a clear conscience, without any mental burden, nor would my heart suffer any torment."

"Do you believe that?"

Su Fan nodded, "I believe."

He could only believe, because it was Ye Zhaoyi who had personally strangled Ye Linxi's wife, Ye Linxi's concubine, and Ye Linxi's three sons, who are her three cousins, not long ago.

This woman, as cold as ice and as mechanical as a machine, killed them all one by one.

Of course, mercy doesn't command troops, and justice doesn't handle wealth.

If she had no principles of her own and wasn't ruthless enough, she would not have been able to become the Family Head of the Ye family.

After Su Fan nodded, Ye Zhaoyi sneered, "Do you think just because you have the strength of a Martial Arts Grandmaster, I can't teach you a lesson?"

"Do you know that my fourth granduncle is drinking tea in the room not far from here."

"On the vantage points around us, there are anti-materiel sniper rifles, and those using these weapons are ace snipers."

"If I wanted to, you absolutely wouldn't be able to leave Tingquan Villa alive today."

"We just met on the first day, and you had your way with me, don't you think I should teach you a lesson?"

Ye Zhaoyi's words might have already made other Martial Arts Grandmasters' scalps tingle.

Though Martial Arts Grandmasters are proficient in martial arts, they're not invincible immortals.

The power of anti-materiel sniper rifles is terrifying, capable of penetrating even the armor on armored vehicles.

The protective aura of a Martial Arts Grandmaster couldn't withstand such firearms.

However, obviously, Su Fan wasn't an ordinary Martial Arts Grandmaster. Instead of being afraid, he stood up and started walking toward Ye Zhaoyi.

In the process, snipers stationed at six vantage points surrounding them could have killed him many times.

But there was no gunfire, and in Tingquan Villa, only the sound of flowing water could be heard, with no sound of gunshots.

Su Fan boldly walked up to Ye Zhaoyi, embracing this woman he had admired not long ago.

Just a moment ago, Ye Zhaoyi was as cold as frost, but now she suddenly laughed.

"Haha!"

She let out a laugh, then laughed heartily without a care.

After a while, she hesitated and said, "I really don't know whether you're incredibly brave or just recklessly bold."

"In this situation, you really dared to come over and hug me."

Su Fan buried his face greedily on the fullness of Ye Zhaoyi's chest and said flatly, "Does it make a difference?"

Ye Zhaoyi thought for a moment, then immediately said, "Seems like it doesn't, but why aren't you afraid?"

Su Fan replied without hesitation, "I don't know."

He was speaking the truth as he also didn't know why he wasn't afraid.

But just now, he indeed felt no fear.

As he spoke with Ye Zhaoyi, his rough hand reached into her clothes.

Even though he had taken Ye Zhaoyi's virginity not long ago, making her a real woman,

he hadn't had the chance to truly appreciate the fullness of Ye Zhaoyi's chest.

Ye Zhaoyi didn't reject Su Fan's actions.

If it weren't for the unsettled matters, she really would want to go to the soft big bed with Su Fan and have a passionate battle.

Chapter 1047: The Living Dead Syndrome

As Su Fan toyed with her soft peaks, Ye Zhaoyi was also discussing serious matters with him.

"Ye Linxi and Kawabata Yanjie, along with others, have now fled to the southern part of Baiyue and allied with the Hu family."

The underground factions in Baiyue are said to be dominated by the northern Ye and southern Hu.

Kawabata Yanjie, Ye Linxi's defeated soldiers, plus the power of the Hu family.

The future situation for Ye Zhaoyi and the Ye family clearly won't be good.

While kneading Ye Zhaoyi's little white rabbits, Su Fan openly asked, "Need my help?"

Ye Zhaoyi shook her head, "Before my third granduncle returns, we can't do anything to them."

"Of course, now that I've taken precautions, they can't do anything to me either."

"I'm waiting for my third granduncle to return before making a move against Ye Linxi and others."

Hearing this, Su Fan asked, "When will the third granduncle return?"

This time, Ye Zhaoyi said a bit helplessly, "If nothing goes wrong, it'll be nearly a year from now."

Su Fan continued to ask, "Where did the third granduncle go?"

Ye Zhaoyi's answer this time was absolutely unexpected for Su Fan.

Because she said, "Searching for a Fangshi."

The so-called Fangshi generally refers to a group of people who played with supernatural elements during pre-Qin and Qin times.

These people either went overseas seeking immortals, concocted elixirs, or did other mystical things.

To people nowadays, they seem like a group of ignorant and deceitful charlatans.

The truth is mostly like that.

But among them, a very few indeed had real skills.

The alloy formula Su Fan acquired was the crystallization of the wisdom of ancient Fangshi.

This alloy formula, throughout the production process, requires Martial Artists to channel True Qi, giving the alloy special properties.

Thus, even with today's highly advanced technology, it's still impossible to produce such specialized alloys like Yin-Yang Xuan Gold using technical methods.

Su Fan's attitude toward Fangshi is also divided into two parts.

Some Fangshi are definitely tricksters.

Another part of Fangshi truly possesses real skills.

The Fangshi the third granduncle seeks is obviously the latter.

But Su Fan is curious, are there Fangshi in modern society?

The answer may not be difficult to deduce.

As of today, some tribes on the African plains still live in a tribal society.

For China, the tribal era was over 5,000 years ago.

Since even 5,000 years later, there are still human groups living in a tribal society.

It is quite normal that in some famous mountains and large rivers, where people seldom tread, some Fangshi legacies exist.

{So here comes the question again, what is the third granduncle seeking Fangshi for?

Su Fan couldn't figure this out, so he could only ask Ye Zhaoyi, "What is your third granduncle looking for a Fangshi for?"

To Su Fan, Ye Zhaoyi probably wouldn't have an answer to this question either.

But Ye Zhaoyi did answer.

Her answer was simple, with only two words: "To save someone."

Upon hearing this, Su Fan became even more puzzled, "To save whom?"

This time, Ye Zhaoyi was a bit hesitant. It wasn't exactly a secret, and she'd already been intimate with Su Fan, so it seemed there was no need to hide it from him.

After pondering seriously, Ye Zhaoyi truthfully said, "To save an uncle of mine, who is my third granduncle's eldest son."

Su Fan curiously asked, "What happened to this uncle of yours?"

Ye Zhaoyi replied, "This uncle of mine, his name is Ye Changqing."

"When he was forty, he achieved the peak of the True Qi realm, reaching the Great Perfection."

"But for some unknown reason, when he tried to break through to the realm of Grandmaster, he suddenly died."

"It wasn't exactly sudden death, more like he turned into a living dead person."

"His body became incredibly cold, as if he were constantly placed in liquid nitrogen."

"But his blood, it's flowing at a very slow rate."

"In any case, Uncle Ye Changqing's situation is extremely peculiar, and no one knows what's going on."

Chapter 1048: Agreement with Ye Zhaoyi

Even though Su Fan had studied the thirteen volumes of the Qi Huang medical codes, he was still stunned upon hearing about Ye Changqing's symptoms.

There was no doubt that Ye Changqing was sick.

The illness Ye Changqing suffered from wasn't typical for ordinary people; it should appear only in martial artists, and powerful ones at that.

But what exactly was going on, he couldn't say.

Martial artists are similar to ordinary people in many ways, but not entirely the same.

A martial artist's physical functions exceed the limits of ordinary people in many aspects.

Nurtured over the years by True Qi, martial artists have certain magical qualities in their bodies.

But Ye Changqing's situation was indeed too unusual.

Unless he could obtain more of the Qi Huang medical codes, he wouldn't know what was wrong with Ye Changqing.

At this moment, Su Fan also realized why Ye San Taiye wasn't searching the world for doctors for Ye Changqing.

Instead, he sought elusive and mysterious alchemists to treat Ye Changqing.

Ye Zhaoyi quickly thought of something.

Then she seriously looked at Su Fan and asked, "Your medical skills are so great, can you save my Uncle Ye Changqing?"

Su Fan shook his head, "At least not now."

He had some ideas about Ye Changqing's symptoms, but he couldn't start.

Since he could have nine traces of fire poison in his body, could Ye Changqing have similar symptoms?

Or perhaps Ye Changqing's constitution was also special, but the martial arts world is not flourishing now, so no one knows what's going on.

Upon hearing Su Fan's response, Ye Zhaoyi wasn't disappointed.

She looked at Su Fan and continued to ask, "What are your plans next?"

Su Fan sighed and said, "I can only return home."

Ye Zhaoyi, hearing this, pouted and said, "Pah! You scoundre!! Sleeping with me and then wanting to run!"

Of course, Su Fan knew Ye Zhaoyi was joking.

So he said to Ye Zhaoyi, "I can take you to Yang City too, but you surely won't go."

This time, Ye Zhaoyi didn't refute.

Even though she slept with Su Fan, she couldn't go back to Yang City with him.

Unless one day, she wasn't the Family Head of the Baiyue Ye family anymore.

She thought for a moment, then could only say, "When will you come to see me then?"

Su Fan asked back, "When do you want me to come see you?"

After a little thought, Ye Zhaoyi extended a slender jade finger, "Once a month, there shouldn't be any problem, right?"

Su Fan wanted to say there was a problem, as Bai Jijia and Han Xinying were in Tianhai, and he couldn't go there once a month.

Of course, after Ye Zhaoyi spoke, he also decided.

In the future, he would visit Tianhai and Xijing at least once a month.

Since he couldn't bring Bai Jiajia and the others to Yang City.

He would take time out for a rendezvous with them once a month.

So he nodded in agreement to Ye Zhaoyi's request, "No problem."

After becoming a Martial Arts Grandmaster, he faced the Mizong Kutuo Temple, the Kawabata family from the East, and Paleya Fort from England, with more assertiveness.

He could always pretend to be clueless and act shrewdly if the opponents were unaware of his abilities.

Next, Su Fan didn't return to Yang City immediately.

But he still called Ning Zhengde and the others.

He asked Ning Zhengde and the group to return to Yang City first.

This time, originally meant to deal with Kawabata Yuuta and others, things turned increasingly complex, and Ning Zhengde's group didn't get a chance to act.

After receiving Su Fan's instructions, Ning Zhengde's group returned to China, returning to Yang City.

This time it was like a vacation for them in Baiyue.

Su Fan stayed for a reason, or rather three reasons.

One reason was that Fu Zan Master from Mizong disappeared without a trace.

But most probably, he was still in Baiyue.

Chapter 1049: Back Mountain Hot Spring Room

Since Fu Zan Master wants to kill Su Fan, Su Fan certainly won't let Fu Zan Master go either.

Before returning to China, Su Fan plans to deal with this Fu Zan Master.

As for the second reason, it is to negotiate cooperation with Ye Zhaoyi.

Ye Zhaoyi, being the Underground Emperor of the northern part of Baiyue, holds a lot of resources.

Dongfang Medicine is destined to break out from Yang City, out of Qin Province, out of China, and enter the international market.

The Baiyue region evidently can be the starting point.

The last reason is that Su Fan wants to thoroughly explore Ye Zhaoyi, the great beauty of the Ye family.

So, he won't be returning to China for a while.

At Tingquan Villa, Su Fan told Ye Zhaoyi about the matter with Fu Zan Master.

After listening, Ye Zhaoyi nodded, "As long as he is still in the northern part of Baiyue, it won't take long for me to find this person."

She now already considers Su Fan as her man.

Since Fu Zan Master is Su Fan's enemy, he can only become a dead man.

After arranging everything, Ye Zhaoyi said to Su Fan, "Follow me."

Su Fan casually asked, "Where to?"

Ye Zhaoyi said, "To a great place."

Su Fan didn't ask further and followed Ye Zhaoyi towards the back mountain of Tingquan Villa.

This place is Ye Zhaoyi's residence.

Usually, Ye Zhaoyi lives here alone.

After arriving here, Su Fan discovered that this place really is a great place.

There are natural hot springs here, and a hot spring house has been built.

The day's rush and battles made Su Fan quite tired.

Being able to soak in the hot spring now would be wonderful.

He quickly entered the hot spring house.

Ye Zhaoyi instructed a servant to bring Su Fan a bathrobe.

Su Fan soaked in the hot spring for a while but didn't see Ye Zhaoyi, which made him a bit puzzled.

There was naturally a reason why Ye Zhaoyi let him wait for so long.

This time, when Ye Zhaoyi came over, she brought a suitcase with her.

After arriving, she closed the door of the hot spring house, then dragged the suitcase next to Su Fan.

She opened the suitcase and asked Su Fan, "You know how to use these things, right?"

Seeing everything in the suitcase, Su Fan suddenly felt dazed.

For over twenty years, Ye Zhaoyi has kept herself as pure as jade, looking like a pure maiden in every way.

But the suitcase was filled with various props and outfits from certain circles.

Su Fan, somewhat bewildered, looked at Ye Zhaoyi, "Where did you learn this from?"

Ye Zhaoyi felt a bit embarrassed by Su Fan's question but honestly confessed, "I saw that my sister and brother-in-law really enjoyed playing like this, and I got curious."

As the Family Head of the Ye family, most situations with the Ye family core members were under her surveillance.

She even knew the specifics of her sister and brother-in-law's intimate moments.

What Ye Zhaoyi didn't tell Su Fan was that she noticed how every time that little flirty sister of hers seemed to enjoy herself immensely, so she thought using these things might be more fun.

Anyway, Su Fan had already been with her, so playing this way with Su Fan certainly wasn't a problem.

Ye Zhaoyi couldn't help but ask Su Fan again, "Do you know how to use them?"

Su Fan nodded but still said, "Actually, we don't need these things."

Ye Zhaoyi wasn't pleased, "No way, I want to try them."

Since she insisted, Su Fan certainly wouldn't persuade her otherwise.

Next, Ye Zhaoyi changed into a one-piece fishnet stocking, which happened to be open at the chest area.

Thus, Ye Zhaoyi's exquisite figure was perfectly displayed.

Furthermore, the many techniques Su Fan learned to deal with Yin Qianyue were now useful.

Before long, Ye Zhaoyi was tied up to the beam in the hot spring house by Su Fan.

Chapter 1050: High-Difficulty Splits

Her entire body, only her left foot's tip can touch the ground.

Her right leg is positioned at her right shoulder, maintaining a split position.

Such a position, aside from dancers, only martial artists with excellent flexibility can achieve.

Although Su Fan has conquered many beautiful women, he has not used this split position to initiate an attack on his multitude of women.

Among Su Fan's many women, Ye Zhaoyi was already one of the most beautiful and sensual.

Now, Su Fan had tied one of her legs, and the other leg was only supported by her toes, in a complete split stance.

Coupled with the fishnet stockings she was wearing, she was simply alluring to the extreme.

That once-developed, incredibly tender and soft secret garden was now fully exposed in front of Su Fan.

The sakura-like tender pink hue even made Su Fan unable to resist, giving it a kiss.

Although many women have tasted the wrath of Su Fan's dragon, Su Fan almost never kissed their second little mouth.

Ye Zhaoyi was an exception, but it was only a fleeting kiss.

The next moment, Ye Zhaoyi, already without support, suffered a powerful invasion from Su Fan.

She felt like she was being penetrated by an iron rod.

Having been developed only once, Ye Zhaoyi was unusually tight.

Normally, in such a split position, she couldn't exert force to clasp Su Fan.

The reason Su Fan was struggling so much was mainly due to Ye Zhaoyi preserving herself like a jade.

Being able to completely take Ye Zhaoyi gave Su Fan a great sense of accomplishment.

This woman, who was once high above, now belonged to him completely, body and soul.

Ye Zhaoyi didn't know what Su Fan was thinking, but now the little bell on her body was ringing endlessly.

Her soft and tender body couldn't help but tremble convulsively at this moment.

The feeling of extreme hardness, heat, and fullness made her experience unprecedented ultimate pleasure.

"Ah!"

Because in this place, there were only her and Su Fan.

Without her orders, no one else would come here.

So Ye Zhaoyi was not holding back at all, expressing through her fluctuating screams the continuous and undulating pleasure she was experiencing.

Su Fan had heard many moans during sex, but like Ye Zhaoyi's wanton and unrestrained ones, it was his first time.

The multi-dimensional stimulation almost made him lose control at the key moment.

Needless to say, Ye Zhaoyi was excellent and very enchanting.

In his heart, Su Fan also made a decision to be with Ye Zhaoyi twenty times, even thirty times, before he returned to Yang City.

With two times a day, he and Ye Zhaoyi would have to stay together at least ten days to half a month before parting.

As these thoughts crossed his mind, Ye Zhaoyi was extremely shy.

Her body was now uncontrollably convulsing strongly, and streams of clear liquid were gushing uncontrollably.

The ground beneath her and Su Fan was now completely soaked.

Not only that, these clear streams seemed to never stop.

The intense stimulation caused these streams to continue for a full eleven or twelve times.

Su Fan looked at Ye Zhaoyi with a somewhat surprised look.

He seemed fortunate, Ye Zhaoyi's body was not ordinarily sensitive.

This meant that Ye Zhaoyi would respond more to his advances.

Not like Yagyu Kaori's obliging nature, but a natural expression that made a man happier and more accomplished.

During the sharp screams, Ye Zhaoyi was directly brought to tears by Su Fan.

Of course, it wasn't because Su Fan did something to her, but uncontrollable tears from extreme joy.
