Chapter 117: The Anxious Wang Fei

Administrative building, office of the head of the administration department.

"Head Sun, you can't just stand by and do nothing. Please, help me..."

Liu Feng begged pitifully for Sun Zhigang's assistance.

With his face still swollen from Su Fan's slap, Sun Zhigang gave Liu Feng an annoyed glance and said unhappily.

"You still have the nerve to ask. If it weren't for this damn idea that you came up with, would I have been slapped?"

"Now look, not only did we fail to get rid of that little punk Su Fan, but we also helped him cozy up to the mayor's wife as his backer. How will I ever have a chance to get rid of him now?"

"Get lost, you're useless. Just seeing you annoys me."

In his heart, Liu Feng cursed Sun Zhigang, but he still had to humbly beg for mercy.

"Head Sun, you... you can't just cross the river and tear down the bridge. How could I have known Su Fan had such great ability? But I still have methods to deal with him."

"With Nalan Xue supporting him, what could you possibly do?" Sun Zhigang was skeptical.

Liu Feng said with a sinister expression on his face.

"If we can't do it openly, we can operate in the shadows."

"Oh?"

Sun Zhigang suddenly became interested.

Seeing this, Liu Feng leaned in and whispered a few sentences.

Sun Zhigang's eyes lit up at the words.

"Good."

He slapped the table, excited, and said,

"Fine, we'll do it as you suggested. I'll create the opportunity, and you'll handle the rest."

"If you get this done right, I'll definitely find a way to keep you on."

"Yes, yes, yes."

Liu Feng also showed his excitement.

...

After a satisfying meal, Su Fan walked out of Liu Ye's office.

He saw a few patients in the afternoon, visited Su Ya's daughter's ward, and finished his shift on time.

Someone was already waiting for him.

A Mercedes sports car was parked by the roadside.

Su Fan opened the car door and got in.

It was Wang Fei.

After Su Fan got in the car, Wang Fei quickly drove off, taking Su Fan to a small park near the hospital.

"Hehe, Fei, you dare to seek me out right under Bai Man's nose, aren't you afraid of being discovered?"
Su Fan said.

Wang Fei responded with a defiant look.

"You're her cousin, not her husband. What does it matter if she sees us?"

Today, she was wearing a pink body-hugging skirt, very short, revealing her white, lovely legs, and the top also partially displayed her cleavage.

Combined with her pouting and cute expression, she stirred something in Su Fan.

"What, are you worried that you and Bai Man have something going on, and feeling guilty? Tell me honestly, have you and Bai Man already...?"

Wang Fei examined Su Fan suspiciously.

A woman's sixth sense is usually quite accurate.

Inside, Su Fan panicked, but he still denied it.

"Fei, don't you trust my character? Bai Man is my cousin's wife, Li Jian; what could I possibly do with her?"

"By the way, what did you want to see me for?"

Su Fan changed the subject.

Indeed, he couldn't possibly do anything with Bai Man, but he couldn't resist Bai Man wanting to do something with him.

Wang Fei's attention drifted, and she said eagerly,

"It's definitely something important. I have good news for you."

"My period has ended."

"Hehe..."

Last time, it was because her period suddenly started that she and Su Fan didn't fully consummate their union but took a different route instead.

Today, the moment her period was over, she rushed to find Su Fan to fulfill her dream.

Hearing this, Su Fan swallowed hard.

"What do you mean by that?"

"You silly boy, do you really not understand what I mean, or are you just playing dumb? I, of course, want to finish what wasn't completed."

"I want to truly become your woman."

Su Fan's passion was instantly ignited.

"Then, let's hurry and go find a room," he said.

Wang Fei covered her mouth and chuckled.

"Why waste money on a room? Isn't this place good?"

Su Fan was taken aback.

"You mean..."

The next moment, Wang Fei kissed him.
