

Su Fan felt like he was about to explode.

"No, you, you're my aunt by marriage, my uncle is very good to me, I, I can't do something to wrong him, please, please get off, let me go..." Su Fan was close to tears.

But the more Su Fan acted like this, the more Bai Man felt a rush of pleasure.

She licked her lips.

"It seems I am not alluring enough, huh? Then let me show you a more charming side of me."

With those words, she leaned forward, her two breasts sliding across Su Fan's chest, her hand, which was gripping Su Fan's shaft, moved even faster.

"Ah..."

Suddenly, Su Fan let out a long howl.

Immediately after, he collapsed onto the bed.

"Hahaha, less than three minutes, it looks like my charm is still quite powerful..."

Bai Man, straddling Su Fan's waist, looked at her wet hand with a triumphant expression on her face.

"Aunt, please spare me..."

Su Fan covered his face with a blanket, the shame reaching its peak.

Unlike the service from Wang Fei the night before, which was a blending of souls, a true enjoyment,

Bai Man was just humiliating him.

He felt like a duckling, one that had been plucked at that.

Just a toy, at the mercy of Bai Man's manipulation.

But, for the sake of his grandfather's wish, he had no choice but to submit.

Suddenly Bai Man's phone rang.

Bai Man grabbed the phone with her other hand and shook the caller ID in front of Su Fan's face.

It was Li Jian.

Su Fan's face turned instantly pale.

He was extremely panicked.

"What do you think, if your uncle knew I was "helping" you... what would he do?"

"Don't."

Su Fan broke down in tears.

"Aunt, I'm begging you, please spare me, don't let uncle find out, I'm begging you..."

No man could accept his wife being with another man...

If Li Jian found out about this, Su Fan would not only lose his help but would also face Li Jian's crazed revenge, and his grandfather's last wish would never be fulfilled.

"If you want my help, you will have to obey my commands unconditionally from now on."

"I'll obey, I'll listen to you from now on."

"But I truly can't... get on top of you..."

"Get on top of me, you think you're worthy?"

"You don't have the right to enter my body. I just want to toy with you, understand?"

"Slap."

Bai Man immediately slapped Su Fan across the face, causing a burning pain.

But Su Fan didn't dare utter a word of protest.

"Giggle giggle giggle..."

Bai Man laughed triumphantly.

"What an obedient little dog."

Saying that, Bai Man answered Li Jian's call.

"Hello, wife, are you at home? How did it go with little Fan's hospital visit?"

Li Jian's voice came through the phone, full of concern for Su Fan.

This made Su Fan feel even more mortified.

Bai Man gave Su Fan, who was pinned under her, a wicked look. His frightened gaze thrilled her immensely.

"Hmm..."

She gyrated her hips and climaxed.

That was thrilling.

Suppressing the pleasure in her heart, she said,

"Oh, I'm at home. I've already spoken to the hospital director about Su Fan's job, we'll be going there soon for him to report in."

"Great, great, my hard-working wife, when I get home, I'll make sure to reward you well," Li Jian said joyfully.

"Oh, if it's nothing else, I'm going to hang up."

Bai Man hung up the phone coldly.

Obviously, Li Jian was at a complete disadvantage in this marriage.

To any regular person, Li Jian was a successful man, but, at this moment, Su Fan even felt a bit of pity for his uncle.

Having no status in his own family was one thing, but his kind, beautiful wife turned out to be an outright pervert.

"Did you hear that? Your uncle is so concerned about you, yet you've done something to betray him."

"Heh, you're really scum, aren't you?"

As she spoke, Bai Man harshly squeezed Su Fan's shaft.

"Tell me, how does it feel to be pleased by your uncle's woman?"
