

Temptation 139

Chapter 139 - 139 Invitation

Su Fan opened his driving license and glared at it, shocked.

It was his own driving license!

That meant the woman had gotten all his information.

"How did you get this?"

Lin Qianjiao smiled disdainfully.

"Do you think you can survive in this business without connections within the system?"

"A leader at the city bureau is my sworn brother. I made a phone call to him, and he helped me with it."

"Now, you can rest assured and accept the car I'm giving you."

Lin Qianjiao was intentionally flaunting her social connections in front of Su Fan.

However, Su Fan remained unmoved and straightforwardly placed the driving license in front of Lin Qianjiao.

"Sorry, I don't take rewards for work I haven't done. We're not that close yet, I can't accept it."

Su Fan's response took Lin Qianjiao by surprise.

She had already thoroughly investigated Su Fan's circumstances.

His family was very poor, yet he remained indifferent in the face of such a generous gift?

"Heh."

She laughed.

"Divine Doctor Su, what you're saying isn't right. You saved my life; you are my savior. How can you say we're not close?"

"These things are not cheap, but compared to my life, they're worth nothing. If you put it that way, are you looking down on me?"

Su Fan stared at Lin Qianjiao for a moment.

Lin Qianjiao was also staring at Su Fan.

After a brief pause, Su Fan smiled.

"Let's not beat around the bush. I don't believe you came to me today just to express gratitude. Tell me, what do you really want?"

"As expected, Divine Doctor Su is a smart man. Then I'll be straightforward."

"I would like to invite Divine Doctor Su to join our Baihua Society."

"I can offer you the position of second-in-command, only beneath me. Each year, you would be paid five million in compensation. What do you say?"

Baihua Society?

Su Fan slightly furrowed his brows.

Second-in-command, just beneath her?

Although Su Fan was new to the city, he had learned some things.

In Yang City, there were seven or eight gangs, with the Blood Wolf Gang, which he had encountered today, at the bottom layer.

And at the top was the Baihua Society.

Their influence covered more than half of Yang City.

They were a lot more powerful than the Blood Wolf Gang.

He never imagined the woman he had inadvertently saved last night would be the underground queen, the notorious leader of the Baihua Society.

With this in mind, he needed to keep his distance from Lin Qianjiao.

"President Lin, I appreciate your kindness, but I am a doctor. I have no interest in these underground societies, so I must decline your invitation. If there's nothing else, I'll be leaving now."

As he spoke, Su Fan stood up to leave.

"Wait."

Seeing this, Lin Qianjiao stood up, blocking Su Fan's way.

Her beautiful eyes fixated on Su Fan, she said somewhat urgently,

"Divine Doctor Su, my invitation is sincere. If you have any conditions, please state them. I will fulfill them."

Su Fan replied directly.

"I've made my stance clear. I am a doctor and will not associate with underground gangs."

Associate with the likes of them?

A hint of anger appeared in Lin Qianjiao's beautiful eyes.

"Is Divine Doctor Su looking down on us gang members?"

"Do you think we're dirty?"

Su Fan did not respond, which was as good as confirming it.

Lin Qianjiao's expression immediately fell.

"Divine Doctor Su, your views are rather narrow-minded. Not all doctors are the same, nor are all societies. Perhaps some societies are involved in shady dealings, but I can assure you, our Baihua Society is clean."

"And I, Lin Qianjiao, am not a villain of great evil."

"That's irrelevant to me."

Su Fan was unmoved.

He knew very well that he could not show any weakness in his attitude right now.

"You..."

Who had ever dared to reject the Underground Queen so coldly?

Lin Qianjiao was furious.

But then, she suddenly smiled again.

"Your stance is indeed firm, Divine Doctor Su. However, I, Lin Qianjiao, am not one to give up easily."

"I bet you'll change your mind. Just you watch."

With that, Lin Qianjiao left first.

"Take your things with you."

Su Fan called out to Lin Qianjiao's retreating figure.

Lin Qianjiao did not stop walking and said indifferently,

"I, Lin Qianjiao, don't like owing favors. Besides, since when do gifts given get taken back?"

"Besides, you don't want to owe me, right? By taking these, your debt to me for saving your life will naturally be canceled out."

Then, she left for good.

Su Fan looked at the million-yuan bank card, the car keys, and driving license on the table and hesitated for a moment.
