Chapter 146: Check into a Room

"What... what are you going to do? I'm, I'm not daring anymore, I swear I'll never bully Sun Rui again, please spare me."

The short-haired girl wisely bowed her head and begged Su Fan for mercy.

But what she truly thought in her heart was unknown.

"Stop playing the victim."

"If you don't come over, I'm calling the police."

Seeing that Su Fan was about to call the police, the short-haired girl immediately chickened out.

She took small steps and approached Su Fan.

This girl was actually quite pretty, but unfortunately, Su Fan wasn't very interested in such a brat.

He raised his hand and pointed a finger at the girl's neck.

"Ah."

The next moment, the short-haired girl collapsed on the ground, convulsing.

At the same time, her body itched unbearably.

"Ah, it's so itchy, so painful, so uncomfortable, I was wrong, please spare me, spare me please."

The short-haired girl rolled on the ground while begging for mercy.

Su Fan simply watched coldly without intervening.

The blond young man, scared out of his wits, was shivering in a corner of the wall.

"Big brother, this has nothing to do with me, she gave me fifty bucks to do this for her, I don't want the money anymore, big brother, I'm offering it to you."

The blond young man took out fifty dollars from his pocket and kept shouting.

Obviously, he was terrified out of his mind.

Su Fan couldn't be bothered with such an idiot.

After five minutes, the short-haired girl on the ground had scratched herself bloody.

Regrettably, that itching sensation was inside her, and no matter how much she scratched, it wouldn't subside.

"Please, let me go, I swear I'll never touch a hair on Sun Rui again."

The short-haired girl was truly scared of Su Fan now.

"Please, let her go, don't... don't make a big deal out of it, it might cause trouble for you."

Sun Rui, seeing the miserable state of the short-haired girl, found it hard to bear as well.

At the same time, she was worried about causing any trouble for Su Fan because of her.

Su Fan sighed helplessly.

"With your personality, it's no wonder you get taken advantage of."

"Forget it, today, for your sake, I'll let her off."

With that, Su Fan squatted down and unlocked the girl's pressure points.

As soon as Su Fan touched her, the short-haired girl immediately felt relieved as if a massive burden had been lifted and returned to normal.

"Now get out of here, next time you dare to bully my sister, I promise I'll make you suffer a hundred times more than today."

"Alright, alright..."

The short-haired girl and the two young men, as if pardoned, supported each other and quickly ran out of the alley.

"Thank you."

Watching the three leaving, Sun Rui breathed a sigh of relief and relaxed quite a bit

She bowed to Su Fan, expressing gratitude.

Su Fan waved his hand

"No need for that, dealing with those numskulls is just a trifle for me."

"By the way, what was she asking you to do just now that you said you couldn't do?"

"No, nothing."

There was a fleeting look of panic in Sun Rui's eyes as she deflected the question.

As their meeting was a chance encounter and Sun Rui was reluctant to elaborate, Su Fan didn't press further but instead offered advice.

"If they bully you or trouble you again, you can come to me, by the way, I am..."

Before Su Fan could finish, Sun Rui interjected.

"You're Su Fan, a doctor at the City First Hospital."

Su Fan was taken aback.

Right, they had a misunderstanding that morning, and Su Fan had revealed his identity then.

"Heh heh."

The two exchanged a look and burst out laughing simultaneously.

"How about I walk you home?"

Su Fan asked tentatively.

He was eighteen himself and about the same age as Sun Rui. He felt more at ease around her than when facing older 'sisters' like Bai Man, Liu Ye, and Wang Fei.

"Home, I don't want to go home."

Sun Rui declined Su Fan's offer.

It seemed she had a strong aversion to going home.

"But it's raining, and you're all wet, what will you do if you don't go home?"

Su Fan asked with some concern.

Sun Rui thought for a while, her cheeks turning red as she said.

"Then, maybe you can take me to get a room?"
