Chapter 147: Not Wearing

The girl's words startled Su Fan.

This girl was probably still a minor...

"We've just met, isn't this inappropriate?"

Su Fan said somewhat nervously.

"What are you thinking? It's just getting a room, not necessarily doing that sort of thing..."

"Don't get the wrong idea, okay? I, I just want to take a shower and rest a bit. You, you're not a bad person, right?"

Su Fan breathed a sigh of relief at her words.

Yes, he was overthinking it.

"Well, okay then."

Su Fan looked at the girl's pitiful appearance and couldn't help but soften his heart.

Since Bai Man was not at home, it probably wouldn't matter if he went home later, right?

He took Sun Rui to a small hotel nearby.

Once they were in the room, the enclosed space made them both feel tense and uneasy.

"Well, I want to take a shower. Would you mind going downstairs to buy me some clothes?"

"What kind of clothes?"

"Undergarments, you know. Haven't you ever bought them for your girlfriend?"

Sun Rui said shyly.

Su Fan replied awkwardly.

"I don't have a girlfriend yet."

"You don't have a girlfriend?"

Sun Rui's eyes lit up with excitement.

"So, could you help me buy some?"

Su Fan hesitated for a moment, then nodded.

"But, what size should I buy? I really don't know..."

Su Fan was still talking

when Sun Rui unzipped her top.

Underneath was a tank top, prominently bulging at the front.

At least a C cup.

For her age, that was surprisingly large.

If she developed further, she would definitely rival Wu Miao, the big-breasted one.

"Gulp."

Su Fan couldn't take his eyes off her and even swallowed his saliva.

Sun Rui's cheeks turned pink.

"Have you had enough, you pervert?"

She complained softly, but apart from being shy, there was no sign of anger on her face.

Clearly, she was just being tsundere.

Su Fan sheepishly looked away.

"Go ahead and shower. I'll go buy you clothes."

He hurried out the door,

feeling his lower body reacting, wary that something unintended might happen if he continued to stay alone with Sun Rui, this "little busty cow."

...

Half an hour later, Su Fan returned to the room.

Sun Rui had already taken her shower.

Her original clothes were soaked by rain and no longer wearable; she was only wrapped in a bath towel.

Most of her fair skin was exposed to the air, especially those long, fair legs that were captivating.

Among all the women Su Fan had encountered, Sun Rui was the youngest.

No, she should be called a girl.

The tender type that seemed like one could squeeze water out of her.

Even Luo Ya, who had just graduated from college, couldn't compare with Sun Rui. She was too young, like a bud ready to bloom.

Girls of this age were the most attractive.

Su Fan only glimpsed at the freshly bathed Sun Rui for a moment before hurriedly bowing his head, extending the bag to her.

"The clothes are all in here. I also bought you a sundress. Put it on."

"I'll wait outside for you."

"Don't go. I'm scared to be alone."

"Then, how are you going to change your clothes?" Su Fan asked, sounding somewhat annoyed.

Because his desire was too strong now.

"Just turn around. I trust your character," Sun Rui said with rosy cheeks.

"Ah, well, okay then."

Su Fan wanted to refuse, but a primal desire inside him was reluctant to leave.

He turned around.

There was rustling behind him.

It must be Sun Rui changing clothes. Su Fan couldn't help but fantasize.

Such a young body must be incredibly tempting,

like freshly husked, plump, juicy, young corn.

"You can turn around now."

Sun Rui spoke in a trembling voice, very softly.

Su Fan, without thinking much, turned around.

The next moment, he almost spouted a nosebleed.

Her white body, completely uncovered, was exposed right in front of his eyes.

She wasn't wearing anything?
