Chapter 24: Busted

The first day Su Fan entered the city and accidentally saw Bai Man nude, it was quite sudden. He hadn't had the chance to look closely, only catching a general outline. But now, he saw everything clearly.

Every detail, even every pore, the tips of her nipples were still pink, small and slightly raised, just like little steamed buns, enticing one to take a bite. The area below her flat abdomen, without a trace of extra flesh, was vastly different from Wang Fei's, whose pubic region was so thick it was almost prickly, whereas Bai Man's was smooth and hairless.

Besides the photos, there were videos.

Videos of Bai Man and Wang Fei together.

"Damn!"

"So, they played this wild."

Su Fan's jaw almost dropped.

In the video, Wang Fei was like a wild horse gone crazy, while Bai Man acted the rider, even holding a whip in her hand...

It seemed that the way Bai Man dealt with that pretty boy that day was quite mild...

He flipped to another video.

There was Wang Fei crawling, Bai Man holding a cucumber wrapped in cling film entering Wang Fei, then she spread her own legs and moved closer...

"Fuck..."

Su Fan kept swearing.

Who could associate the Bai Man in the video with the director Bai dressing in a white coat at the hospital?

My God...

Su Fan couldn't help but place his hand on his "dragon vein" and began to move.

He fantasized about Wang Fei, and even more about Bai Man.

"Crack..."

Just when Su Fan was about to peak, the door was suddenly pushed open.

Having just wrapped up a meeting and returned home from the hospital, Bai Man, filled with anger, had intended to fiercely scold Su Fan, but to her surprise, upon opening the door, she saw such a scene.

She first froze, then burst into giggles.

Her eyes filled with mockery and playfulness toward Su Fan.

"Aunt, auntie..."

Scared, Su Fan shivered and quickly pulled the blanket over his private parts.

"Heh, what are you afraid of? I've seen it before," Bai Man said bluntly.

"Hmm?"

Suddenly, her gaze landed on the Apple iPhone that Su Fan was clutching.

Her mocking look instantly turned fierce and intimidating.

"Did Director Liu buy it for you?"

"No, no it wasn't."

Su Fan quickly shook his head.

"I bought it myself."

He had intended to gloss over it, but in front of Bai Man, he was still too naïve.

"This is the latest Apple iPhone 14 Pro Max, priced around ten thousand, can you afford it?"

"If you say you bought it, then tell me, which store did you buy it from? Where's the receipt?"

Bai Man's cold stare was piercing, like she was about to devour him.

Su Fan instantly cowered.

Yes, he couldn't afford such an expensive phone, and now his gratitude toward Wang Fei deepened. He knew the phone wasn't cheap, but he hadn't expected it to cost over ten thousand.

At that moment, Bai Man lost her temper.

She rushed over, pulled the blanket off Su Fan, and without a word, grabbed his robust "dragon vein."

"Ah."

Bai Man's grip was strong and rough, causing Su Fan so much pain that he was nearly in tears.

"You're becoming bolder by the day. At the hospital, you made decisions arbitrarily, nearly causing trouble for me, and now you dare to lie to me. Do you think I'm easy to fool?"

"No, I don't dare, Aunt, I don't dare."

"What did you call me?"

Bai Man's gaze became even sharper, her grip tightening, causing Su Fan to gasp in pain.

"Master, master..."

Su Fan uttered that humiliating title, his cheeks burning with shame and rage, but Bai Man just laughed heartily.

"You know your place, that I am your master. Now tell the truth, where did this phone come from?"

"Is it from that bitch Liu Ye trying to buy you off?"

Clearly, Bai Man had a significant disdain for Liu Ye.

Su Fan didn't dare to offend Bai Man and now having pissed off Hospital Director Chen Haitao, he needed Bai Man's help even more. He couldn't afford to provoke her, so he told the truth.

"No no no."

"It was Sister Fei who gave it to me."

"Wang Fei?"

Bai Man paused for a moment.
