

Temptation 29

Chapter 29: The Devil

Facing the dominant Bai Man, Su Fan dared not resist, and could only reluctantly proceed.

The moment he touched her, Su Fan's brain became congested, and his arousal intensified.

"Big, isn't it?"

Bai Man looked at Su Fan teasingly, her face filled with pride.

Indeed, as a woman, having such assets was something to be proud of.

Su Fan guessed correctly that he could not grasp it with just one hand.

"Use both hands."

Su Fan then placed his other hand on her as well.

"Don't you find it awkward standing at the edge of the bed? Get on."

After hesitating for a moment, Su Fan climbed onto the bed.

But Bai Man was still not satisfied.

"I mean, get on top of me."

"Huh?"

Su Fan was shocked.

"How, how do I do that?"

"How can you be so dull? Of course, sit on my waist."

"I..."

Su Fan was about to argue but cowered after meeting Bai Man's indisputable gaze.

He reluctantly sat on Bai Man's slender waist.

The next moment, he gasped sharply.

Because the aroused part had been grasped by Bai Man's jade hand.

"Auntie..."

"Shut up, call me 'Master'!"

"Master, no, this isn't right..."

"Hehehe, I bet you're really uncomfortable now, aren't you? You help me, and I'll help you."

As she spoke, Bai Man's hand began to move.

Su Fan was going insane.

The rhythm of the two matched perfectly.

Su Fan exerted force, and so did Bai Man.

At this moment, both of them had their eyes closed, biting their lips, entering a mysterious state.

Suddenly, Bai Man's phone rang.

Su Fan, startled, was about to withdraw his hand.

"Don't stop."

Bai Man wasn't flustered at all.

As she saw who was calling, Bai Man even looked a bit more smug.

"Look, it's your uncle calling."

"And it's a video call."

Saying this, Bai Man directly answered the call.

This scared Su Fan even more, making his scalp go numb.

"Wife, what are you doing?"

"What else can I be doing? Just finished bathing, planning to sleep."

In the video, Bai Man exposed her upper body and part of the headboard of the bed.

"Hehe, you look really enchanting tonight."

"Cut the crap, what is it?"

Bai Man's tone was crisp and decisive, clearly not taking her husband, Chen Haitao, seriously.

Chen Haitao seemed used to it and wasn't angry.

"It's about Su Fan's job, I saw the news report today, Su Fan did well. But Chen Haitao is no easy opponent, and our relationship can't be exposed right now. I was thinking that you could look after Su Fan quietly at the hospital, after all, he has no one else but me to rely on."

"Hehe."

Bai Man laughed.

She laughed at Su Fan.

A devilish smile.

She was mocking Su Fan.

Although she didn't speak, Su Fan clearly understood her smile, which seemed to say, "Look at how concerned your uncle is about you, yet behind his back you're fooling around with his wife..."

At that moment, Su Fan felt unbearably ashamed wishing he could crawl into a hole.

But he couldn't move because his member was tightly gripped by Bai Man, as if she was afraid Su Fan would run away.

Su Fan dared not move, not even daring to breathe loudly, fearing Chen Haitao might suspect something. But Bai Man, that twisted woman, kept quickening the movement of her hand, making Su Fan feel like his teeth were about to shatter.

"Don't worry, Su Fan is your nephew, I know what I'm doing."

"I'm going to sleep, hanging up."

Bai Man didn't wait for Chen Haitao to respond before she cut off the call.

Su Fan felt sad for Chen Haitao.

Chen Haitao was powerful, a decent man, how did he ever marry such a twisted woman like Bai Man?

"Exciting, wasn't it?"

Bai Man, looking triumphant, stared at Su Fan after hanging up.

Su Fan didn't respond.

"Hehehe, do you think I'm twisted, crazy?"

"I'm telling you, this is your punishment for not listening to me in the hospital today and making decisions on your own. If you dare disobey me again, my punishment will be even harsher."

Devil.

Su Fan cursed Bai Man in his heart, but his face remained compliant.

"I won't dare anymore."

"But, you were also trying to save someone today, weren't you?"
