

Temptation 301

Chapter 301 - 301 Kneading Dough

Bai Man was not only cold everywhere else, but even her plump, perky breasts were chillingly cool.

The reason was nothing else but that the bra guarding her breasts had already fallen to the ground.

A pair of small watermelons, both in shape and touch utterly perfect, now appeared in the mirror.

The hands that had roamed in the Garden of Eden before were now placed on the twin peaks.

As her delicate hands roamed, her green onion-like fingers also sank into the soft snowy peaks.

Bai Man, as if kneading dough, let the fair and enticing snowy peaks constantly change shape.

"Mmm..."

Her voice gradually became quick, her breath also became incredibly hot.

At that moment, Bai Man seemed like a delicious dish, waiting to be tasted.

Unfortunately, this delicious dish obviously wasn't something everyone could taste.

As Bai Man's gaze became more blurred, Su Fan appeared in her mind.

Thinking of the past times she teased Su Fan and the sensations of tasting the essence of his life, her slender fingers pressed even harder.

The two soft, snowy mounds changed into even more exaggerated shapes under her hands, as if this flesh on her body wanted to be thoroughly kneaded into ruin.

Not only that, her slender fingers quietly explored deeper into the Garden of Eden.

She seductively watched her own reflection in the mirror, unable to stop a self-mocking thought.

Perhaps the noble and cool exteriors belied a naturally little slut.

What normal woman would act as wantonly and passionately disoriented as her?

"Sss—"

Bai Man was harsh to Su Fan and was equally rough on herself.

As she tried to insert three slender fingers, she gasped in pain suddenly.

But she was after all a proud woman, and even so, she forcefully pushed forward, clenched her teeth.

"Ah!"

This made the pain emanating from her body become even more intense.

The narrow secret garden could hardly withstand such torment, yet she insisted on doing so.

At that moment, she even forgot her fingers were still wearing her wedding ring.

The tender area, already aching from her fingers' invasion, would suffer immense pain and strange stimulation if scratched by the wedding ring.

Bai Man had no realization of what she was doing.

Until the moment the wedding ring actually scratched her, her beautiful body shuddered violently.

She subconsciously wanted to pull her hand away, but since she hadn't taken off her pantyhose from the start, her slender hands were bounded and couldn't be moved away immediately.

The continuous stimulation felt like an electric current rushing through the depths of Bai Man's soul.

Even she, who had vast experiences in romantic encounters, finally couldn't control herself and instantly escalated to the ultimate peak.

A warm current burst forth, thoroughly wetting the full-length mirror in front of her.

In Bai Man's blurred eyes, a look of astonishment also emerged.

This surprise had led her to the peak.

But she knew that such an occurrence was probably just this one time.

This time, she was without any mental preparation and the sudden incident allowed for such a wonderful effect.

Even if she tried intentionally in the future, she might not be able to feel the same as she did now.

Moreover, one of the biggest drawbacks was that the splendid sensation was fleeting.

This made Bai Man long for Su Fan to arrive soon, as after reaching the peak, her body went limp without the strength to continue.

But Su Fan, obviously, had plenty of energy.

Chapter 302 - 302 Arrival at the Hotel

On the highway of Xi Jing City, Su Fan sped along the road.

He didn't know what Bai Man was doing, but previously, he had been with Bai Man every day.

Now that Bai Man had been taken away, he hadn't seen her for a while, and he felt somewhat unaccustomed to it.

Bai Man was an incredibly proud woman at heart, who would easily threaten to drive him away at the beginning.

But Bai Man never actually did so.

Moreover, the reason he had been able to come into contact with so many beautiful women in Yang City and secure his position in the hospital was connected to Bai Man.

Perhaps it was because Bai Man had a hold over him from the beginning, or maybe because Bai Man was his aunt by marriage.

He was worried that the incident between him and Bai Man would be known by his uncle or get out.

So when facing Bai Man, Su Fan's heart was also quite complicated.

Emotionally, he wanted to press Bai Man down and ravage her, making her moan tenderly, making her beg for mercy in pain.

But he was somewhat afraid of Bai Man.

He always felt he owed something to this woman, that somehow she could inexplicably dominate him.

Thinking about this, Su Fan couldn't help but smile helplessly.

A docile and dependent little bird would of course be good, but a thorny rose like Bai Man was equally attractive.

While thinking, Su Fan continued to drive.

Not long after, he arrived outside the resort where Bai Man was staying.

He parked his car in the parking lot of the resort.

Then he went to the front desk to register his identity.

After everything was done, the front desk confirmed with Bai Man.

Only after confirming that Su Fan was indeed a friend of Bai Man was he allowed to go upstairs.

Su Fan rode the elevator and soon arrived at Bai Man's door.

Not long after he rang the doorbell, Bai Man, who had just finished taking a bath, appeared in front of him.

After opening the door, Bai Man continued to use the hair dryer.

When Su Fan saw Bai Man, he couldn't help but be astonished!

This wasn't because his self-control was too weak but because the Bai Man in front of him was simply too enchanting.

The beauty after a bath always had its own allure.

Bai Man's charm wasn't just that of a beauty after a bath, but of one whose body and mind were completely relaxed.

She wasn't wearing a bathrobe at the moment, but a snow-white long T-shirt instead.

The long T-shirt covered Bai Man's thighs.

Su Fan didn't know whether Bai Man was wearing pants.

His first impression was that Bai Man wasn't wearing pants.

However, Bai Man wore a pair of ultra-thin, flesh-colored pantyhose on her long, straight pencil-like legs.

When she turned around, Su Fan really couldn't help but want to lift her long T-shirt to see if this seductress was really not wearing any pants.

But before he could act, Bai Man spoke up.

"What are you doing here?"

Bai Man's voice was very cold and indifferent, and her proud and frigid demeanor hadn't diminished in the slightest.

"Aunt, I came to see you, and to see if there's anything I could help with," Su Fan said truthfully.

At that moment, Bai Man also sat down on the sofa.

When she crossed her legs, even though it was only a fleeting glimpse, Su Fan was shocked to discover that Bai Man truly wasn't wearing any safety shorts or the like.

She wore a long T-shirt on her upper body and only a pair of ultra-thin, flesh-colored pantyhose on her lower body.

Nothing else.

Su Fan had always been very interested in Bai Man, and now that she was dressed like this, it was naturally difficult for him to remain composed.

But Bai Man didn't notice Su Fan's gaze; she continued to dry her hair.

Chapter 303 - 303 Face to Face

After a while, she finally spoke, "Your intention is enough; you won't be much help with this matter."

Bai Man clearly did not believe that Su Fan could play a crucial role in this situation.

It was only normal, as Su Fan could have possibly been of help had he had a profound background or an incredibly astonishing wealth.

But clearly, Su Fan had neither of these things.

While Bai Man spoke to him, Su Fan still kept his gaze fixed on Bai Man's legs.

Her appearance now was truly a test of his self-control.

At the moment, he had no desire to listen to anything else Bai Man had to say; he only wanted to lift Bai Man's long and straight legs onto his shoulders and output his passion onto her wildly.

By now, his body contained a considerable amount of Inner Strength and True Qi.

To him, a woman like Bai Man was really just a little lamb.

But even Su Fan himself did not know how he managed to restrain himself from ravaging Bai Man under such circumstances.

While he was fantasizing in his mind, Bai Man had already dried her hair.

After placing the hairdryer casually on the table, she walked towards Su Fan.

She was now so close that Su Fan could clearly see the texture of her skin.

Amidst Su Fan's astonishment, Bai Man sat directly on his laps face-to-face, and wrapped her arms around him.

"Auntie... you..."

Su Fan was both surprised and excited, his heartbeat becoming fierce at that moment.

Bai Man's beautiful face was so close that he could even feel her breath.

Not only that, in the sunlight, Bai Man's T-shirt was somewhat translucent.

He could clearly see the alluring outline of her snow-white peaks and feel the charm of the proud and blooming plums standing tall against the wind.

Unexpectedly, Bai Man snorted coldly, "Who gave you permission to look around? Look up!"

Helplessly, Su Fan swallowed and still reluctantly raised his eyes.

But Bai Man did not let it go, "Take your hands away, who allowed you to touch me?"

When Bai Man sat face-to-face on Su Fan's lap, he had, accordingly, wrapped his arms around her.

His hands were now gently caressing Bai Man's snow-white back.

Hearing her words, he could only remove his hands.

He cursed in his mind, "This woman, still as unreasonable as ever."

"She lets others do whatever they wish to her, but when it comes to her, they must follow her will completely."

After withdrawing his hands, Su Fan no longer took any initiative in their interaction.

To put it inelegantly, Bai Man seemed not to treat him as a companion, but as a plaything.

Perhaps in Bai Man's heart, only she was noble and inviolable.

Even when something happened, it wasn't that a man enjoyed her; rather, the man was serving her.

As Su Fan felt somewhat regretful, Bai Man spoke up once more.

"Kiss me."

Upon hearing this, Su Fan even doubted if he had heard her wrong.

Immediately, he stared at Bai Man with a stunned look, motionless.

Bai Man's delicate eyebrows knit together, and she had to speak again, "I told you to kiss me."

After a moment of stupor, Su Fan realized, even at this juncture, Bai Man was still that dominant woman.

At any time, Bai Man had to be in control.

After a brief hesitation, he gently pressed a kiss onto Bai Man's fair cheek, with a hint of excitement.

Chapter 304 - 304 What I Say, You Do

Bai Man's skin was exceptionally fine, incredibly fair and smooth.

When Su Fan kissed it, he couldn't help but extend his tongue for a lick.

As expected, Bai Man instantly glared at him with cold eyes.

"Do exactly as I say, and avoid any superfluous actions!"

"You may only do what I instruct, and not take liberties unless I specify, do you understand?"

Bai Man spoke with immense authority, her proud demeanor unmistakable.

Last time, due to Liu Feng's incident, Su Fan forcefully dominated Bai Man, but the circumstance was clearly different now.

Su Fan didn't speak, merely nodding slightly.

In his heart, however, he was secretly amused; after all, being able to play with a peerless beauty like Bai Man was clearly to his advantage.

Bai Man, for her part, seemed to think as long as she orchestrated the affair, there would be no loss of dignity on her side.

In any case, having kissed Bai Man on her pretty face at her behest, he felt extremely satisfied.

"Kiss my lips," Bai Man commanded once more.

Having spoken, she also gently closed her eyes.

Looking at her long eyelashes and her features as perfect as a work of art, Su Fan found Bai Man unspeakably beautiful.

Before coming to the city, he never dared dream he could have such an encounter with a woman like her.

As Bai Man slightly parted her lips, he too kissed her.

A sweet sensation instantly filled his mouth.

Fortuitously, he encountered Bai Man's soft tongue once more and began vigorously sucking on it.

This time Bai Man neither resisted nor responded with passion.

It seemed Bai Man truly treated him as a servant, devoutly offering his service to her.

As for Su Fan, he couldn't care less what Bai Man was thinking; he was fully absorbed in relishing her sweetness and softness.

Su Fan wanted to continue, to maintain this blissful state.

However, Bai Man clearly wouldn't fulfill his desire, and she quickly turned her head aside, denying him further kisses.

Su Fan had no choice but to cease as well, while waiting for Bai Man to give her next command.

He was somewhat concerned that Bai Man might ignite his flames only to halt proceedings abruptly, not continuing further.

Fortunately, as Bai Man stirred the fire within him, her own heart was far from tranquil.

Although she still obstinately saw Su Fan as a servant serving a proud queen, she didn't wish to stop there either.

"Touch here."

As she spoke, Bai Man guided Su Fan's hand onto her full and soft bosoms.

Su Fan was thrilled; his arrow standing tall and proud became even more ferocious and imposing.

Since Bai Man and he were sitting face to face, he naturally felt the softness emanating from his taut spear.

Bai Man was well aware this was not within his control and didn't ask him to withdraw.

"Are you starving?"

Bai Man uttered coldly as Su Fan caressed her gently.

Hearing this, Su Fan dispensed with courtesy and exerted pressure with his hand.

"Hmm..."

With that firm touch, Bai Man involuntarily let out a delightful hum.

Su Fan was unaware of Bai Man's feelings, but his own experience was unprecedentedly pleasurable.

Soft, it was exceptionally soft, like grasping an elastic, textured yet exceedingly tender ball of cotton.

"Use your palm to slap."

At this moment, Bai Man once again spoke, making an unexpected request.

Su Fan hadn't imagined Bai Man would want him to treat her this way.

But Su Fan didn't refuse, and he raised his hand, delivering a smack onto her plump breast.

"Ahh..."

From Bai Man's mouth came a pained cry that seemed laughable, yet simultaneously like a soul-stirring moan.

Chapter 305: Earrings

"Keep going! If I don't say stop, don't stop."

Those words from Bai Man left Su Fan somewhat puzzled.

But this woman was always somewhat different, and Su Fan didn't think much about it.

Moreover, when he had slapped Bai Man's full bosom just now, his heart had trembled.

It was as if Bai Man had opened a new door for him.

"Smack!"

Su Fan raised his hand and slapped toward her plump bosom.

Bai Man's expression turned peculiar.

Clearly in pain, she furrowed her brows, but her eyes grew more dazed after the furrow, and her pretty face was filled with a look of enjoyment.

Just as Su Fan was about to deliver a few more blows, Bai Man grabbed his hand again.

"Like this."

This time, Bai Man lifted the hem of her long T-shirt.

Guided by her, Su Fan's hand plunged forward, unobstructed, and touched Bai Man's pale, smooth skin.

Bai Man, wielding his hand like a tool, gradually exerted pressure.

Causing Su Fan's fingers to sink into her snowy peaks.

Then came the constant tightening, and then loosening slowly, repeating the process.

Su Fan took a deep breath, sternly suppressing the urge to erupt like a volcano.

If he lost control now, he would only be making himself the butt of Bai Man's jokes.

Indeed, Bai Man harbored such thoughts in her heart.

After all, in their previous encounters, Su Fan could hardly last long before surrendering.

This time, she wanted to see how long he could endure.

Feeling his erection, hard as an iron rod, Bai Man thought that Su Fan was going to lose his hold like before.

Making it to this point was already the limit for Su Fan.

He likely couldn't withstand even the second peak and would have to admit defeat, missing the chance to experience the mystical paradise.

If it had been like before, that probably would have been the case.

But this time was different, as Su Fan had now advanced to the Bursting Strength realm, and his control over Inner Strength and True Qi had improved significantly.

While the impending volcanic eruption was indeed intense,

the Inner Strength and True Qi within him were still enough to suppress it, preventing the angry volcano from erupting and causing him to falter before Bai Man.

"Kiss here, here, and here."

At that moment, Bai Man spoke again, pointing to three spots on her body.

"Okay," Su Fan nodded.

But Bai Man glared at him, "I asked you to kiss me, not to talk!"

Su Fan rolled his eyes; he was the one enjoying it now, so it hardly mattered what Bai Man said.

He immediately acted without further words, biting softly into Bai Man's red, tender earlobe.

Bai Man usually wore earrings, but she wasn't wearing them now.

Su Fan, like sucking on candy, held her earlobe in his mouth and drew on it.

This feeling was not something any other woman had given him.

But Bai Man clearly would not let him enjoy this for long, as she pushed his head to her collarbone.

She also pulled her T-shirt down below her fragrant shoulders herself.

Seeing her snow-white, smooth shoulders, Su Fan really wanted to touch them, or even to press his lips against them.

But since Bai Man had not spoken, he did not dare to take the initiative.

If he angered Bai Man and she forbade him from continuing, or even from touching her ever again, that would be a real problem.

Su Fan could only follow Bai Man's request and kiss her collarbone.

"Ah..."

With a dazed look in her eyes, Bai Man issued a long, seductive moan.

Chapter 306: Strive to Suppress

After her collarbone, Bai Man boldly lifted her own clothes and pressed Su Fan's head towards her snowy peaks at the front.

A fragrant scent that soothed the heart and spleen instantly filled Su Fan's nostrils.

He, already wanting to explode, resembling a roaring dragon, could barely restrain himself at this moment.

He could only try hard to steady his mind, to avoid surrendering right then and there.

At the same time, he secretly sighed in his heart, "This woman is truly formidable."

To marry such a wife, letting her be idle for even a minute seemed almost sinful.

After reaching this step, Bai Man's heartstrings were clearly in disarray.

Next, she abandoned the idea of proceeding step by step and directly pushed Su Fan onto the sofa, grasping the ferocious, roaring dragon.

"Hiss—"

Bai Man's sudden attack nearly caused Su Fan's defenses to crumble.

Only after taking a sharp breath was he able to barely hold back.

He had originally thought that Bai Man would play with him as she had in the past.

Who would have thought that after pushing him down, she would slightly bend forward and then open her cherry lips slightly.

The next moment, a feeling of utter bliss that reached the depths of his soul instantly spread throughout Su Fan's body.

Just at that moment, he could hardly bear it anymore, and indeed he did not completely resist.

A bit of dragon saliva still involuntarily spilled out.

Although Bai Man continued her actions, she still looked up to give Su Fan a very mocking glance, the irony self-evident.

Filled with rage, Su Fan strived to focus his mind and not let Bai Man succeed.

Luckily, after his breakthrough, he gained an even more exquisite control over his Inner Strength and True Qi.

Otherwise, by this time, he would have already lost the battle.

Bai Man, despite showing little change on her beautiful face after seeing Su Fan's performance, felt extremely joyful in her heart.

The stronger and more formidable Su Fan was, the more pleasure she could feel.

Moreover, she was not sure if it was just her imagination.

She only felt that over time, Su Fan's already fierce and rough dragon had become even more terrifying.

This made Bai Man's heart have the urge to try.

Once this thought emerged, it could no longer be suppressed.

Immediately she rose, allowing the rough and terrifying dragon to approach her secret paradise.

Her body drew close to Su Fan, sticking against him.

Her soft, fiery red lips quickly met Su Fan's in a kiss.

Su Fan had thought he would be somewhat uncomfortable, yet when Bai Man's delicate tongue approached, all he felt was exhilaration.

Not only that, but as Bai Man slowly sank her hips, a sensation of being enveloped tightly from all directions almost made Su Fan lose his reason.

This was an indescribable, wonderful experience; even though it was not his first time interacting with Bai Man, each time the sensation she gave him was clearly different.

"Auntie, wait a moment..." Su Fan reluctantly spoke.

At this moment, his mind wavered, his Inner Strength and True Qi somewhat chaotic.

This time with Bai Man, they hadn't taken any protective measures.

He was worried his life essence would have an adverse effect on Bai Man.

Yet Bai Man's movements did not stop at all, it was as if she truly only regarded Su Fan as a plaything, not an equal partner.

This kind of behavior was, of course, playing with fire.

The easygoing composure Su Fan had earlier had vanished, replaced by something solemn and enduring.

Bai Man's movements continued unabated and became more and more exaggerated, more and more unrestrained.

Although the sacred sword was only sheathed by a third, Bai Man still felt immense pleasure.

As time passed, Su Fan found it increasingly difficult to endure.

Chapter 307: Who Let You Finish Inside

Finally, the moment came, and he reached his utmost limit.

Seeing the change in Su Fan's expression, Bai Man immediately sensed something was wrong.

She promptly tried to dodge, but the streams of warmth were already distinctly felt by her.

Bai Man's pretty face became panicked at that moment.

She was outside now, unlike at home where she had everything she needed.

If she didn't deal with it immediately, in a while, she could end up giving Su Fan a son.

Su Fan looked up to find the dragon saliva spreading through the paradise world.

Such a scene certainly had a huge impact on him as well.

Bai Man, extremely annoyed, punched Su Fan on the shoulder.

"Who allowed you to finish inside?"

"Hurry up and buy me some medicine!"

Bai Man was both annoyed and panicked, and at the same time, she inwardly scolded herself.

"Bai Man, oh Bai Man, you really are such a slut, not knowing how to hold back."

Although Su Fan was somewhat reluctant to finish, he also knew that the situation was serious, and immediately got up.

But before he could leave, Bai Man said angrily, "Get me some tissues, don't you know what you've done?"

"Oh, oh," Su Fan said somewhat awkwardly and then got the tissues to help Bai Man clean up.

Bai Man intended to slap Su Fan's hand away, not letting him touch her.

But with the flood imminent and about to drip onto the sofa, she had no choice but to let Su Fan have his way.

When Su Fan touched the mysterious peach garden, his hands trembled slightly.

But at that moment, he couldn't afford to savor the feeling, he had to quickly clean up the aftermath, and then go buy medicine for Bai Man.

"Okay, go now, I'll clean up myself," Bai Man said after regaining her composure following the initial panic, urging Su Fan to leave.

Although Su Fan wanted more, he still had to comply with her requests.

Unless he no longer wished to enjoy this delicious treat in the future.

He quickly left the apartment, descended the stairs to buy medicine for Bai Man, and also brought back food.

Once Su Fan had left, Bai Man couldn't help but complain, "So annoying, why is there so much!"

When Bai Man was with Li Jian, most of the time, his release was only a trickle, sometimes even just a few drops.

Su Fan was different; the whole otherworldly paradise seemed as if it was about to be filled with dragon saliva.

Bai Man, covering herself with her hand, quickly ran to the bathroom, and only under the showerhead did she finally breathe a sigh of relief.

Meanwhile, an unbelievable amount of dragon saliva flowed down her lithe jade legs.

Clearly, her previous shower had been for naught.

Bai Man, gazing at the very crystal-clear dragon saliva, couldn't resist stretching out her slender hand, gently scraping it off, and then bringing it to her cherry lips to savor.

On the other hand, Su Fan had already left the elevator and was heading to a nearby pharmacy.

Though he felt quite refreshed, he still wanted more.

What a pity that Bai Man was not Liu Ye, having not been completely conquered by him yet.

When he was with Liu Ye, no matter what he wanted to do to her, she would oblige his wishes.

Even if Liu Ye disagreed, he could force his way.

Bai Man was different; her pride and aloofness were ingrained in her bones, in her soul.

If she didn't want to play, she wouldn't even let him touch her.

Although his medical skills were exceptional and he had Inner Strength and True Qi, in today's society, he obviously wasn't at a point where he could do whatever he wanted.

However, based on his understanding of Bai Man, he believed that not only would they not stop here, but before long, they would surely take it even further.

Chapter 308: The Charming Proprietress

The location of the pharmacy wasn't far from the hotel Bai Man had booked.

There were three people in the pharmacy, a man in his forties who was the owner and also a practitioner of Chinese medicine.

He saw patients in the pharmacy, diagnosed illnesses, and also brewed Chinese herbal medicine for them in the store.

Apart from the owner in his forties, there was also a woman in her late twenties, the wife of the owner.

She was extremely beautiful, with a modest and shy personality, yet she had a large bust.

The customers who came to buy medicine almost couldn't help but steal glances at the curvaceous and attractive wife of the owner.

There was also a young man in his twenties in the pharmacy.

This person was the owner's nephew, who had come to help in the pharmacy after graduating from a medical vocational school.

Because he was very handsome, the wife of the owner, intentionally or not, would look over at this young man from time to time.

However, she only dared to look, without any special thoughts in her mind.

But this young man, named Lu Yang, was not a simple character.

At this moment, the wife was sitting behind the counter in a skirt, and Lu Yang was at her feet, organizing the medicinal products.

If Lu Yang had merely been organizing medicines, it would have been fine.

But after arranging the medicines for a while, he reached out and touched Huang Ying's instep.

Huang Ying was the owner's wife's name, and although she was shy, her large chest always attracted a lot of attention.

Furthermore, she was very fond of wearing short skirts with black stockings.

On the first day Lu Yang started working at the pharmacy, Huang Ying had become the object of his fantasies.

After Lu Yang touched Huang Ying's instep, she immediately retracted her foot shyly.

However, she did not blame Lu Yang, as a beautiful woman in her late twenties married to a man over forty, life certainly lacked romance.

Although she didn't dare to take the initiative with Lu Yang, she undoubtedly had feelings for him, being very handsome.

She was nervous at the moment because the pharmacy owner was close by, brewing herbal medicine.

When the owner was out, even if Lu Yang put his hand on the soft peaks in front of her, she wouldn't oppose, yet she wouldn't say anything, either.

When Lu Yang had just touched Huang Ying's beautiful foot wrapped in black stockings, he felt a thrill.

Seeing his aunt-in-law's shy and nervous demeanor, he found it even more interesting.

Lu Yang boldly grabbed his aunt-in-law's foot.

This time, Huang Ying was genuinely startled, worrying about how she would fare if Lu Pingwei found out!

She had had quite a few contacts with Lu Yang before, but only dared when Lu Pingwei was not at home.

As long as Lu Pingwei was not at home, Lu Yang could do anything to her and Lu Pingwei certainly wouldn't find out.

Neither of them would talk about such things, obviously.

After Lu Yang grabbed her foot, Huang Ying could only lower her voice and say, "Lu Yang, let go quickly, if he finds out, it's all over!"

Hearing his aunt-in-law's words, Lu Yang grew even more excited and even less willing to let go.

Huang Ying had her foot in his grasp and couldn't retract it.

At this time, Lu Yang made an even bolder move.

He actually took off Huang Ying's high-heeled shoe from her right foot, then pressed his cheek to the top of her foot to sniff it, his face full of intoxication.

Huang Ying, seeing Lu Pingwei not far away, had her heart pounding in fear!

Chapter 309: The Pleasure of an Affair

Huang Ying clearly still underestimated Lu Yang's boldness, for at that moment, Lu Yang actually grabbed her foot and moved it toward his thigh.

Immediately, Huang Ying glared at Lu Yang, signaling him to stop messing around.

But Lu Yang didn't care about her gaze and continued as he pleased.

However, brewing traditional Chinese medicine was clearly a very lengthy process.

Every so often, it was necessary to check on it and adjust the heat to ensure the medicinal effects were fully utilized.

This meant that Lu Pingwei's entire attention was on brewing the medicine, completely unaware of what was happening behind him.

Lu Yang dared to be so bold precisely because of this reason.

Although he still couldn't treat patients, helping with brewing medicine was not a problem for him.

That's why he dared to act so recklessly, as Lu Pingwei surely couldn't free himself anytime soon.

Normally, this time would be working hours, and there wouldn't be many people coming to buy medicine.

But neither Lu Yang nor Huang Ying noticed that, at some point, another person had appeared beside the counter.

The person who came to the pharmacy was none other than Su Fan.

Initially, Su Fan didn't notice anything unusual.

But being tall and having good vision, as he looked below the counter, he was somewhat astonished.

No wonder the female pharmacist's expression was odd, below the counter there was another person.

The young man was clutching the pharmacist's foot, rubbing it on an "energy line."

At the moment Su Fan looked over, he happened to see the "fierce dragon roar, spewing saliva."

The pharmacist was wearing a pair of black stockings, which contrasted starkly against the white "saliva."

At that moment, both the pharmacist Huang Ying and Lu Yang on the floor were terrified to find Su Fan next to the counter.

Both Lu Yang and Huang Ying felt as if they had fallen into an ice cave.

Neither of them had ever thought they would be discovered by someone else.

They hadn't even noticed when Su Fan had arrived.

Now, Lu Yang didn't dare to dally, quickly zipped up, and made a swift exit.

Huang Ying, quite frightened, took out a tissue and wiped her instep, all the while anxiously watching Su Fan.

Su Fan glanced at Lu Pingwei, who was still brewing the medicine not far away, and roughly understood what was happening.

However, he had no intention of meddling. He had come out to buy medicine for Bai Man.

After all, without hastening, Bai Man might end up becoming a mother soon.

Su Fan immediately didn't mention what had just happened between Huang Ying and Lu Yang, but instead said,

"Hello, I want to buy some contraceptives."

"Oh, okay." Huang Ying snapped back to reality, nodded, and then went to get the medicine for Su Fan.

But she was still very frightened, worried that Su Fan would tell Lu Pingwei about the incident.

Fortunately, Su Fan didn't seem interested in gossiping and had no intention of speaking to Lu Pingwei.

After Huang Ying took a box of medicine from the counter for Su Fan, he again spoke,

"Do you have acupuncture needles here? I want to buy two sets."

Su Fan carried his own set of acupuncture needles, but he had previously discovered they could be used as hidden weapons.

He was also planning to buy two more sets to keep on him for emergencies, using them for healing when needed,

or as weapons when faced with sudden situations.

"Acupuncture silver needles? Yes, we have those," Huang Ying nodded again, then went to get them for Su Fan.

As Huang Ying was fetching the needles, Su Fan also asked Lu Yang, "Can I use the restroom in your pharmacy?"

Chapter 310: Come and Have a Go

Hearing Su Fan's words, Lu Yang immediately nodded, "The restroom is over there."

"Okay." Su Fan nodded slightly and then headed to the pharmacy's restroom in the back.

Behind the pharmacy, there was a restroom and a storeroom, and beyond those was the residence of the Lu Pingwei family.

Huang Ying had just looked around in the pharmacy and discovered that there were no silver needles left.

She immediately went to the storeroom behind the pharmacy to find acupuncture silver needles for Su Fan.

Arriving at the back of the pharmacy, Huang Ying didn't go straight to the storeroom but headed towards the restroom instead.

This was the pharmacy's public restroom, a tiny cubicle and unisex.

At that moment, Huang Ying also felt the urge to relieve herself and walked towards the restroom.

Having searched for silver needles for Su Fan just now, she had no idea that someone was in the restroom at this time.

Meanwhile, Su Fan had just entered the restroom, unbuckled his belt, and released his wrathful dragon, when Huang Ying reached the outside of the restroom.

Su Fan hadn't expected that the door to this restroom was broken; locking it was the same as not locking it at all.

Normally, when others used this restroom, they would hang a sign.

But Su Fan didn't know any of this, and it never crossed his mind that someone else could enter at this time.

Just as a stream of water was gushing down fiercely, Huang Ying pushed the door open.

Su Fan was immediately startled and almost by reflex, spun around quickly.

The torrential water in just an instant found its way onto Huang Ying's two slender and beautiful legs.

The black stockings, previously tainted by Lu Yang, were now even hotter and wetter.

When Huang Ying saw Su Fan, she was so frightened she nearly screamed.

Of course, Su Fan didn't dare let her scream and could only cover her mouth with his hand.

This scene was entirely accidental, and only now did he realize that the restroom's door lock was broken.

Huang Ying, too, came back to her senses, wondering what was happening.

The splashing water flowed down Huang Ying's long and straight beautiful legs, all the way to her high heels.

Huang Ying felt extremely uncomfortable and quickly took her foot out, then poured the water out of her high heels.

As she bent down, her spectacular cleavage also came into Su Fan's view.

Although Su Fan had previously enjoyed Bai Man's pair of peaches, and Bai Man's peaches were as beautiful as art,

Huang Ying's pair of small watermelons also held another kind of allure.

Su Fan was sure that the scale of this pair of small watermelons was not something he could completely grasp with his hands.

With one leg raised and the other on the ground, wearing high heels, Huang Ying obviously couldn't stand steadily.

As Su Fan fastened his belt, she lost her balance and her head quickly moved towards the wall beside her.

Su Fan quickly caught Huang Ying with a swift move.

His hand extended, and a shocking softness spread instantly across his palm.

It wasn't just soft, but also possessed an incredible elasticity beyond his imagination, like a piece of extremely soft and bouncy cotton candy.

For a moment, Su Fan found it hard to let go.

But Bai Man was still waiting for him to return with the medicine, clearly unable to linger here too long.

Even if Su Fan wanted to entertain further fantasies, he had no choice but to desist for now.

At most, he could remember this pharmacy to see if there would be another opportunity in the future.

Given Huang Ying's personality, if there was an appropriate time,

he obviously could have an encounter with this demure and shy-looking pharmacist who harbored her own hidden desires.
