

Temptation 331

Chapter 331 - 331 Excessive Demands

Su Fan found that Yin Qianyue's office was still cleaned too thoroughly.

If it weren't for her incredibly fair skin, he might not even see a trace of dust.

After some thought, he gave Yin Qianyue a command that made her jump, "Go lie down in the hallway."

"I... am scared," Yin Qianyue finally couldn't resist and blurted out.

"Go," Su Fan commanded succinctly, continuing to issue orders.

Biting her silver teeth, Yin Qianyue prepared to stand up, planning to just touch the ground in the hallway and then immediately run back.

Little did she know, Su Fan then said, "Who told you to get up? Slide on the ground out there and come back the same way."

This time Yin Qianyue was stunned, without even thinking, she knew this would certainly make her breasts both dirty and sore!

Yet, the more it was so, the more Yin Qianyue found herself feeling a pleasure she'd never experienced before!

She hesitated for a moment, then lay down on the ground, crawling on her belly.

"Hiss—"

The friction between her breasts and the ground gave Yin Qianyue a huge pain like never before.

At that moment, she almost cried out in pain right there.

But she didn't shed a tear; instead, her pretty face turned even more flushed, her entire body hot as if she had a fever.

Now, she very much longed for Su Fan to be by her side, to ruthlessly and wildly take her, even if it meant fainting.

Unfortunately, Su Fan was still at the Xijing Qinglong Temple scenic spot.

Under Su Fan's command, Yin Qianyue followed every instruction to the letter.

At this time, everyone was busy with work, and no one came over.

The beautiful female director's secret would, of course, never be discovered.

Su Fan, watching the scene on the screen, felt a great sense of achievement as Yin Qianyue's snow-white breasts gathered streaks of dust.

By the time Yin Qianyue went back and forth, returning to the office, Su Fan clearly saw the fruits of his labor.

After some thought, Su Fan then said to Yin Qianyue, "Go back and sit on the chair."

Upon hearing these words, Yin Qianyue felt a bit disappointed, thinking the day's pleasure had come to an end.

She promptly followed Su Fan's request and went to sit in the chair.

But she clearly underestimated Su Fan because, at that moment, Su Fan was already speaking again.

"Take off the chest protector, you're not allowed to wear it for the rest of the day. Later, you will go to the meeting just like that."

"Not just the chest protector, you have to go commando below as well and put on black stockings," he added.

Listening to Su Fan's words, Yin Qianyue's body became even softer.

And having her dressed like that, how was she supposed to lead a meeting with her subordinates?

There were already quite a few scheming subordinates, who during meetings, would often drop something and bend down to pick it up under the table.

Other female colleagues might not know what these men were up to, but she knew, didn't she?

If she really wore what Su Fan described, she wouldn't dare to spread her legs for even a second during the meeting.

Otherwise, she'd be discovered immediately.

But in the end, Yin Qianyue still did as Su Fan requested.

However, she decided to put on a light jacket over her white blouse for the meeting later.

If she didn't do that, anyone who wasn't blind could see how revealing the beautiful female director's attire was.

Su Fan actually had a whole host of other ideas he wanted Yin Qianyue to carry out.

But today clearly wasn't the day, as he had already heard the sound of Bai Man finishing her shower and pushing open the bathroom door.

Worried that Bai Man would discover what was going on, he could only say to Yin Qianyue, "Little slut, you performed well today, I'll grace you with my presence next time, but that's it for today."

Chapter 332: Bending Over Gracefully

Bai Man had no idea what Su Fan had been doing in the room just moments ago.

Now, having finished her bath, she came out of the bathroom draped in a snow-white bath towel.

When Su Fan entered the living room of the suite, he happened to see Bai Man, who had just emerged from her bath like a "beauty."

Bai Man was already very beautiful, and after her bath, her entire demeanor shone even more, making her stunningly attractive.

Her body wrapped in a snow-white towel could not fully conceal her enticing scenery.

As Su Fan's gaze wandered over Bai Man,

She inadvertently stepped on the corner of the towel, causing the towel wrapped around her to slide off her body.

Suddenly, a mesmerizingly beautiful scenery unfolded before Su Fan's eyes.

The sunlight streamed through the window, casting a soft glow on Bai Man's alabaster skin.

Even though he had indulged in this beautiful woman more than once, some women just made a man never tire of looking at them, never wanting to let go.

Bai Man was undoubtedly such a woman.

Seeing Su Fan staring at her continuously, Bai Man couldn't help but glare at him.

"What are you looking at? Go take your bath!"

If it had been in the beginning, Bai Man would have definitely felt quite embarrassed by such occurrences.

As for now, she genuinely felt nothing.

Every inch of her skin, inside and out, everything about her had almost been possessed by Su Fan.

In such circumstances, of course, she would only glare at Su Fan and not have any other reaction.

Su Fan did not continue to stare at Bai Man but moved past her toward the bathroom.

But on his way to the bathroom, he couldn't help but look back.

At that moment, Bai Man, completely bare, had her back to him, bending down to pick up the towel that had fallen at her feet.

As she bent over, the mesmerizing paradise, so vividly clear, appeared right in front of Su Fan.

Although Bai Man had no children, she had been married to Li Jian for a while before getting involved with Su Fan.

Yet, after being developed by two men, that divine place still remained tightly closed and as pale and delicate as ever.

Ordinary people only knew that Bai Man had a very pretty face or that her figure was very appealing.

But only Li Jian and Su Fan truly knew what the most enchanting, most beautiful part of Bai Man was.

At this moment, Su Fan even hesitated to continue to the bathroom but instead wanted to use the siege hammer to burst through the door and launch a fierce assault.

As Bai Man bent to pick up her towel, she seemed to sense Su Fan's malevolent gaze.

Immediately, she reached out to block the sight, making the exquisite view swiftly disappear from Su Fan's view.

She couldn't control Su Fan's eyes, but couldn't she prevent him from admiring?

Moreover, Bai Man felt somewhat emotional, thinking that they say there's only dead cattle, no plowed-out fields.

This saying seemed not to apply to Su Fan.

Su Fan seemed like a strong, tireless bull, capable of plowing any fertile field into ruin.

With no beautiful scenery left to admire, Su Fan then proceeded to the bathroom to start his bath.

He had previously engaged in several hundred exhilarating rounds with Bai Man in the hotel, after which he hadn't bathed.

Earlier, when he was training Yin Qianyue, not only did Yin Qianyue gain immense pleasure, but he also enjoyed it immensely.

It was fortunate that some peculiar smells were masked by the scent of Bai Man's shower gel.

Otherwise, Bai Man would certainly have suspected what he had been doing alone in the room earlier.

Chapter 333 - 333 Wang Fei Arrives

Su Fan soon arrived in the bathroom and began to bathe.

He didn't use the showerhead; instead, he went straight into the bathtub.

As soon as he sat down, he noticed several strands of hair on the bathtub's handle.

But upon a closer look, he was startled.

These weren't Bai Man's hair—they were obviously of a different length and thickness.

If it had been any other woman, Su Fan definitely would have been repulsed.

Towards Bai Man, however, he felt no disgust in his heart.

Right then, he simply scooped up some water and rinsed off the hair on the handle of the bathtub.

Su Fan lay back lazily in the bathtub, letting the warm water completely envelop him.

He realized that after merging with two females housing extremely yin energies, his body had undergone tremendous changes.

His muscles became more elastic, and their outlines more defined.

These muscles, undulating like the coils of a dragon, were like armor on his body.

The developed muscles gave him a powerful strength in all aspects.

Whether it had been dealing with thug-like types like Brother Hu, or taking care of people like Liu Qing, Su Ya, and Bai Man, he had erupted with exceptional power.

Not only that, his already ample build had grown increasingly fierce and rugged, turning into a tremendously deadly weapon.

He didn't understand how, under such ferocious assault by this weapon, Bai Man could still remain so tight and snug.

While Su Fan was bathing in the bathroom, Bai Man was in her room, taking care of her body.

She took out a bottle of rose essential oil and a bottle of carrier oil and began skillfully diluting them.

The reason her skin and delicate areas maintained their condition was partly due to superior genes, and partly due to good maintenance.

After diluting the rose essential oil, she carefully started applying it to her delicate parts.

Rose essential oil could make the skin whiter, smoother, and more radiant, giving it more vitality.

Although Bai Man was subconsciously taking care of herself, halfway through, she couldn't help but stop.

She thought to herself, "Maintaining myself like this benefits Su Fan and other men! It's better not to take care of myself."

Her thoughts were, of course, not wrong.

Previously, after taking care of herself, she may have benefited both Li Jian and Su Fan.

But now, she was almost exclusively benefiting Su Fan.

However, since she had formed the habit of maintaining herself, she soon spread the diluted rose essential oil across her body again.

Just as she was about to finish her self-care routine, Wang Fei also came looking for her.

Upon arriving at Qinglong Temple scenic area, Wang Fei sent Bai Man a message.

"I am at Qinglong Temple looking for you and Su Fan; where are you now?"

Su Fan hadn't told Wang Fei that he was with Bai Man.

But seeing Bai Man's phone, Wang Fei was certain Su Fan was with her.

At that moment, she sent Bai Man the message.

In her room, Bai Man was slightly surprised that Wang Fei had come over at this time.

But she didn't mind, as the two were best friends and lovers; her little lover coming to see her was only natural.

As for Wang Fei's scheming against Su Fan, Bai Man was still unaware.

If Su Fan didn't bring it up himself, Bai Man might remain unaware of it for a long time.

Just then, Bai Man sent Wang Fei the location of her room, and Wang Fei, looking at the map, headed straight there.

Chapter 334 - 334 Grinding Soy Milk

Before long, Wang Fei arrived outside the suite where Bai Man and Su Fan were staying.

The suite was spacious, boasting three beds, so there was no worry of no place to sleep even with Wang Fei moving in.

Having sent a message to Bai Man upon arriving at the door, Bai Man, wrapped in a bath towel, came to open the door for her.

The moment Wang Fei saw Bai Man, she couldn't help but laugh, "You've already taken a shower and are waiting for me?"

As she spoke, her hand was far from polite, slipping through the bathrobe to touch Bai Man's round and full "mini watermelons."

"Stop it," Bai Man said irritably, swatting her away, then asked, "Why have you come over?"

Wang Fei certainly had her excuses ready, "I came to clear my mind and, by the way, to keep you company."

Wang Fei had originally come to confront and accuse, but clearly she couldn't say that.

Moreover, the love affair between her and Bai Man had lasted a long time.

Because of Su Fan's arrival, both she and Bai Man had actually become more involved with Su Fan than each other, reducing the occasions they enjoyed together.

Now, looking at Bai Man fresh from her bath and pampered with rose essential oil, Wang Fei licked her lips.

Joining a wealthy family was her obsession, an aim she was even willing to achieve by any means necessary.

But her affection for Bai Man wasn't fake; she wanted to kiss every inch of Bai Man's skin right now.

While Bai Man was preparing to continue her skin care with the essential oil, Wang Fei hooked her neck and planted a kiss on her lips.

Bai Man was momentarily taken aback but then began to respond.

It wasn't just a simple response; she began to take the offensive.

After all, when she had been with Wang Fei before, she was often the one taking the initiative.

Su Fan didn't take long to shower, so not long after Wang Fei arrived, he had finished.

But Bai Man and Wang Fei had closed the door, oblivious to any noise outside.

Upon exiting the bathroom, Su Fan's ears perked up and he instantly looked towards Bai Man's room.

"What's going on?" he heard the low, melodious moans of Bai Man—or accurately, two women.

Although he didn't know what had happened, Bai Man clearly wasn't alone in the room now.

Su Fan approached and tried the door, only to find that it was locked from inside.

This made him somewhat displeased; even if Bai Man was with a woman, he had come to consider Bai Man as his own and wasn't willing to let just any woman get close to her.

Although Bai Man had locked the door, after all, this was a resort hotel and the entry line to her room ran through the wall.

After a brief inspection, Su Fan disassembled the plastic box protecting the wiring.

A hole, as big around as an arm, appeared before his eyes.

Looking down from this vantage point, he could see exactly where Bai Man's bed was.

And then Su Fan saw that the person with Bai Man was, in fact, Wang Fei.

He couldn't fathom what had gotten into this woman, to run to the resort to find him and Bai Man.

And after finding Bai Man, she threw caution to the wind, diving straight into pleasure with Bai Man.

Su Fan saw it all very clearly; Bai Man and Wang Fei had changed their clothes by now.

Both opened their legs, sat on the bed, and embraced each other.

Under his gaze, Bai Man's and Wang Fei's legs soon intertwined.

Their two secret gardens quickly came into contact.

Then Wang Fei and Bai Man both began to sway their hips in a practised manner.

Chapter 335: Witnessing the Entire Process

Outside the room, Su Fan felt an unusual sensation stirring within him.

He also saw the expressions of Wang Fei and Bai Man at that moment, tantalizingly seductive to the utmost.

Both were completely intoxicated, utterly enjoying themselves as they seemed to experience an indescribable immense pleasure.

However, the two elusive paradises had not yet truly come into intimate contact.

That's because on Bai Man's long, smooth legs, she wore a pair of seamless black pantyhose.

On Wang Fei's long, straight legs, in contrast, she wore a pair of seamless white pantyhose.

Now, Su Fan was no longer the naive youth from the mountains.

He could tell at glance that the stockings on their legs were very thin, probably not even 10 deniers.

In this way, although they were wearing them, it was as if they weren't, yet there still was a kind of hazy beauty.

Looking through the mist, although there was still a barrier, the flowers viewed through the mist appeared even more vivid.

Su Fan now entertained the thought of picking those mist-enshrouded flowers.

With his prowess, even if he had to face both at once, it wouldn't be a problem.

He could even let Wang Fei take over when Bai Man couldn't handle it anymore.

And when Wang Fei also couldn't stand it anymore, Bai Man could take her turn again.

However, this clearly required careful consideration, as disturbing the mood of these two women now would undoubtedly offend both at once.

Although he couldn't engage directly, watching the four beautiful petals clash and grind against each other excited Su Fan tremendously.

Not only that, Bai Man and Wang Fei were now kneading each other's "dough."

Both women were using considerable effort, constantly flattening and rounding the small watermelons in their hands, transforming their shapes.

Compared to Wang Fei, Bai Man's aggression was undoubtedly stronger.

She grabbed the proud snow-capped plums fiercely and pulled hard.

"Hiss—"

Her actions made Wang Fei inhale sharply in pain.

"What are you doing!" Wang Fei spoke somewhat crossly.

That was flesh, after all, and Bai Man was pulling at it just like pulling a rubber band!

Bai Man pouted and said, "You can do the same to me."

Upon hearing this, Wang Fei got even more excited, "That's your own word!"

As she spoke, she also grabbed at that bit of proud snow plum and gave it a pull.

"Ah—"

Bai Man, who had been bold in her words just now, now teared up from pain.

She could do nothing but huff angrily and begin fiercely rubbing against Wang Fei.

In such an aggressive attack, it inevitably meant injuring the enemy by a thousand and self-harming by eight hundred.

The delightful groans emerging from the deepest part of their throats soon fused into an enchanting symphony.

Su Fan soon witnessed an extremely spectacular scene.

If a dragon's roar was common, then a phoenix's tears were certainly rare.

Two phoenixes weeping together, with two clear and warm streams converging, was undoubtedly even rarer.

And now, Su Fan was watching it unfold.

This gave Su Fan an extremely strong impact, making him even more eager to be in the same room with Bai Man and Wang Fei.

He even took out his phone, adjusted the angle, and captured this beautiful and entrancing scene.

Because of the angle, the faces of Bai Man and Wang Fei were not visible.

One could only tell that they were two women with excellent figures.

However, Su Fan did not share this video recklessly, he only sent it to Yin Qianyue.

At that moment, Yin Qianyue was already at home, and she was stunned when she received the message from Su Fan.

Chapter 336: Dress Like This from Now On

Yin Qianyue pulled out her phone and saw a performance that made her breathing quicken.

Although she secretly wanted to be Su Fan's female slave, such a scene still stirred her feelings.

Su Fan showed these to Yin Qianyue, of course not just for her appreciation.

Because he soon messaged her, "You little slut, do you want to join?"

Wang Fei's and Bai Man's energetic performance had already given Su Fan a strong thrill.

If Yin Qianyue, this stunning beauty, were to join the fray, it would undoubtedly be more interesting.

Yin Qianyue quickly replied to Su Fan, "Master, whatever you want is fine."

Even though Yin Qianyue said so, Su Fan knew that getting these three women to perform together would be extremely difficult.

Up to now, Wang Fei had been contemplating how to outwit Yin Qianyue, how could she be willing to perform together with her?

However, Su Fan was convinced that there was still a chance.

As long as he thoroughly conquered these three women, how things would be done would still be up to him, wouldn't it?

Su Fan was feeling a bit like training Yin Qianyue at the moment, but he worried that Wang Fei and Bai Man would finish soon.

Left with no choice, he could only inquire about Yin Qianyue's afternoon.

"During the meeting this afternoon, did anyone in the company discover the little slut's secrets?"

Seeing this message, Yin Qianyue felt a thrill of fear, yet also a tremendous pleasure.

She quickly replied to Su Fan, "Although the little slut's white blouse was covered with a small jacket..."

"During the staff meeting this afternoon, many men still stared at the little slut's firm peaks. I don't know if they discovered anything."

Hearing her say that, Su Fan felt a bit of regret for not having witnessed the scene himself.

But he quickly gave Yin Qianyue another command.

"You little slut, from now on you're not allowed to wear those intimate garments. Do you hear me? Master might check at any time!"

Yin Qianyue was taken aback, as doing what Su Fan said would surely make her very uncomfortable.

But in the end, she still sent back a "Hmm."

Su Fan immediately messaged her, "Take them off now. Start following this command from this moment on."

This time Yin Qianyue did not reply to Su Fan's message immediately, but after a while, she sent Su Fan a video.

In the video, the stunningly beautiful Yin Qianyue placed her phone at her collar.

At first glance, Su Fan could see, clearly, that her snowy peaks were left unprotected.

Not only that, but Yin Qianyue also lifted her skirt.

Even though she was wearing a pair of ultra-thin black stockings on her legs, underneath the stockings, the tempting secret garden was clear and unguarded.

In this way, if Yin Qianyue was beside Su Fan, he wouldn't need to do much. Just lift the skirt and operate.

Seeing that Bai Man and Wang Fei wouldn't be finishing anytime soon, Su Fan immediately asked Yin Qianyue, "Do you have a long coat?"

Yin Qianyue immediately replied, "Yes."

Su Fan's interest was piqued, "Then put on a long coat and a pair of black stockings. Don't wear anything else, and go out now."

"What?" Yin Qianyue was startled. Dressing like that, she could easily be found out.

But like before, she quickly chose to comply.

In no time at all, Yin Qianyue had changed clothes.

Afterward, following Su Fan's instructions, she left her villa.

Chapter 337: The Secret Beneath the Trench Coat

By now, it was already night, and the light outside was not very good when Yin Qianyue went out.

In such conditions, it made her a lot safer.

Otherwise, with her attire, it would have been very easy for people to notice something was amiss.

Su Fan watched the video feed from Yin Qianyue and immediately said to her, "Now go hail a taxi."

Upon receiving Su Fan's instructions, Yin Qianyue immediately went to the side of the road and began hailing a cab.

Standing at the edge of the road, she felt very cold.

But she didn't stand for long before a taxi arrived.

The driver was an old man in his fifties.

When he saw Yin Qianyue, his eyes lit up, finding her very beautiful.

At the same time, he also thought there was something odd about Yin Qianyue.

But he couldn't quite put his finger on what exactly was strange.

Just like that, Yin Qianyue got into the back seat of the car.

She mentioned a destination casually to the driver, and he started the car.

Once again, she received instructions from Su Fan.

"On the car, open your trench coat three times."

This instruction made Yin Qian Yue's pretty face change color again and again.

She felt both embarrassed and incredibly thrilled inside.

After all, there was nothing under her trench coat, not even a bra.

Although she was sitting in the back now, she could still see some things through the taxi's rearview mirror.

Before Yin Qian Yue had a chance to reply, Su Fan sent another message.

"When you open the trench coat, I want to be able to see the situation inside the car."

Yin Qianyue could only respond with an okay and began to unbutton her trench coat, looking for the right opportunity.

The opportunity came quickly, as the traffic lights up ahead began to blink, and the driver focused entirely on accelerating.

It seemed that he certainly did not want to wait for the traffic light.

Yin Qianyue of course wouldn't miss such a rare opportunity and immediately yanked her trench coat open.

A pair of snow-white breasts were soon exposed to the air.

Unfortunately, at that moment the taxi driver's attention was solely on beating the traffic light, and he did not look at the rearview mirror at all.

Otherwise, he would have seen a sight that ordinary people would never get to appreciate.

Although the taxi driver didn't see it, the driver of a car turning right at a distance couldn't help but look back in their direction.

From the corner of his eye, he had caught a glimpse of something incredible.

It was a beautifully shaped and pale half-sphere, but unfortunately, his car was moving very fast, and so was the taxi.

After a fleeting glimpse, the two vehicles passed each other by.

After passing the traffic light, Yin Qianyue immediately closed her trench coat.

The taxi continued to race down the highway, and she waited in the dark for the next opportunity.

Su Fan watched Yin Qianyue's expressions with interest, but just then, there was movement in Bai Man's room.

Su Fan immediately had to cease his previous engagement and messaged Yin Qianyue, "Little slut, that's enough for now, head back on your own, and make sure nobody takes advantage of you on the way."

Having sent the message, Su Fan quickly went to the sofa in the living room.

Bai Man and Wang Fei, both with lingering blushes on their faces, came out of the room.

Seeing Su Fan on the nearby sofa, neither of them was very concerned.

Wang Fei even said, "Tonight I'm sleeping in the room next to yours."

Bai Man nodded, not objecting.

Afterwards, the three of them went to the scenic area's restaurant for dinner together.

Neither Su Fan nor Wang Fei mentioned the quarrel that had happened earlier.

Chapter 338: Restaurant Scenic Area

In the scenic area restaurant, there were many diners.

But when Su Fan, Bai Man, and Wang Fei appeared together, they still attracted a lot of attention.

Su Fan was quite handsome, and even more impressively built.

Because he was only wearing a T-shirt, the women around could even see the contours of his muscles.

There was no need to say much about Bai Man and Wang Fei, both were beauties capable of bringing calamity to the nation.

Wherever they appeared, they were an extraordinarily beautiful scene.

When the trio arrived at the restaurant in the scenic area, Bai Man went to order.

After Bai Man had left, Wang Fei immediately whispered in Su Fan's ear.

"Su Fan, don't be mad at your sister anymore. I was a bit too harsh with my words before," she said.

After saying that, she continued, "Sister will make it up to you and make you very happy."

Even though Su Fan knew Wang Fei had ulterior motives, he still wasn't going to reject a woman like her.

Apart from her character not being all that great, everything else about Wang Fei was good.

So Su Fan also lowered his voice and said, "How will you make me very happy?"

Wang Fei had an LV tote in her hand, and when Su Fan asked, she used the tote to cover the front of her body.

At the same time, she grabbed Su Fan's hand, lifted the edge of her skirt, and directly explored the mysterious peach garden.

Her bold move startled Su Fan.

Although no one around was continuously looking their way, and Wang Fei had blocked most of their view with the tote,

if someone were to approach the two, they would still notice something amiss.

If someone walked past on Su Fan's left side, they could even see Wang Fei's splendid peach blossom garden.

Wang Fei also didn't dare to be too reckless, so she just let Su Fan touch her briefly, then said with a smile,

"Su Fan, did that make you happy just now?"

"Sit next to your sister later, and there will be more surprises for you."

Wang Fei was willing to pay a price to marry into wealth.

Since Su Fan was a weapon in her hand, she certainly intended to take good care of him.

Wang Fei's tough approach wouldn't concern Su Fan.

But with Wang Fei employing her charm, Su Fan was somewhat at a loss.

Over at Bai Man's side, she quickly returned from ordering, and the three of them walked to a private booth to sit down.

As they sat down in the private booth, Bai Man was a bit distracted.

The arrival of Su Fan and Wang Fei apparently couldn't fully divert her mind from the matters at home.

Thus, even when Su Fan and Wang Fei sat next to each other, she didn't notice anything amiss.

The food in the scenic area restaurant was served very quickly, and before long, the server brought over the food Bai Man had ordered for the three of them.

Bai Man and Wang Fei were both starving.

The vigorous physical activity they had engaged in earlier had clearly burned a lot of their calories.

Su Fan also picked up his chopsticks and began to sample the scenic area's dishes.

But before he could taste the scenic area's dishes, his left hand was seized by Wang Fei again.

Before he could taste the scenic area's cuisine, Wang Fei invited him to savor a delicious abalone.

This wasn't Su Fan's first time exploring Wang Fei, but it was indeed the first time he did so almost in front of Bai Man.

The warm, moist sensation from his hand made him unavoidably recall the scene he had witnessed outside Bai Man's room earlier.

"Do you two drink?" Bai Man, feeling out of sorts, asked such a question.

Wang Fei replied casually, "Maybe just a little."

Su Fan also nodded. He could take it or leave it, but having some alcohol might make things easier later tonight.

Chapter 339 - 339 Too Outrageous

After Bai Man ordered drinks, the three of them ate and drank together.

During this meal, Su Fan had an extra dish compared to Bai Man and Wang Fei, abalone.

Throughout the meal, his left hand was up to something under the table.

"Rip—"

Amidst the noisy symphony of the restaurant, a subtle tearing sound emerged.

The stockings on Wang Fei's legs had clearly been tampered with.

She seemed to have planned to take control of Su Fan during this meal.

Therefore, although she wore sheer stockings, she did not wear any undergarments beneath them.

After Su Fan effortlessly breached this barrier, he was already able to touch the gates of paradise.

While eating, he couldn't help but knead and tug incessantly.

Wang Fei was obviously in discomfort, but she could only silently endure.

To wear the crown, one must bear its weight.

Without paying a sufficient price, she clearly couldn't achieve her ultimate goal.

Although Wang Fei was suffering, thankfully Su Fan did not go too far; she was still able to eat normally.

But she didn't know that what Su Fan despised the most was being deceived.

Thus, when Wang Fei was completely off guard, Su Fan suddenly used three fingers.

His fingers, though slender, were not delicate at all.

The deployment of three fingers side by side was an extremity Wang Fei had never experienced before.

She almost screamed in that instant.

Luckily, she clenched her teeth in time, preventing those around her from detecting any abnormality.

Of course, Su Fan was just warning her with a minor punishment, so he did not continue.

This meal, with Bai Man's mood not being particularly delightful, tasted bland to her.

Wang Fei was constantly on edge, and even the various delicacies tasted like wax to her.

Only Su Fan, who indulged in an extra dish of abalone, was quite satisfied with his meal and even enjoyed a few drinks.

After finishing their meal, the three of them returned to the hotel in the scenic area together.

Upon returning to her room, Wang Fei hurriedly locked the door and then checked the damage Su Fan had done.

Only after seeing that she was not harmed by Su Fan did Wang Fei breathe a sigh of relief.

On the other hand, Su Fan initially wanted to go to Bai Man's room with her.

But now that Wang Fei had come along, he wasn't sure whether Bai Man would still allow him into her room.

While Su Fan was hesitating, Bai Man spoke up.

"Come on in, what are you standing at the door for?"

Bai Man had been quite upset before, but at this moment, she couldn't help but think of a wicked plan to torment Wang Fei.

Tonight, she intended to perform a beautifully stirring symphony for Wang Fei in the neighboring room, with Su Fan's help.

To completely envelop that woman in flames, yet leave her helpless.

Su Fan didn't know Bai Man's thoughts, but as he entered her room, he couldn't help but think about the scandalous acts Bai Man and Wang Fei had engaged in here earlier in the afternoon.

Although he couldn't share the joy they experienced that afternoon,

the thought of wildly taking Bai Man next to Wang Fei's room still gave Su Fan an unusual sense of exhilaration.

As the night deepened, Wang Fei also took out her phone, prepared to send a message to Su Fan.

She wanted Su Fan to sleep so soundly tonight.

Once Bai Man was asleep, she would make Su Fan experience true pleasure.

But she had no idea, before she could even message Su Fan, rhythmic drumming sounds came from the neighboring room.

Accompanying the drumbeat were intensely enchanting, melodiously low moans.

Wang Fei was furious!

"This Bai Man is really too much, no matter what, she is Su Fan's older relative, how could she do such a thing?"

Chapter 340 - 340 Excessive Madness

In the room, Su Fan and Bai Man embraced each other.

Due to the alcohol, Bai Man's pretty face was flush with red.

Just a moment ago, as soon as Su Fan came over, Bai Man's soft body leaned in close.

Not only that, Bai Man didn't bother being polite at all and directly freed the angry dragon.

The angry dragon, held in Bai Man's hand, immediately woke.

With Bai Man's slender jade hands moving up and down, the angry dragon quickly became ferocious and rugged, as if ready to devour someone.

But clearly, the angry dragon couldn't devour anyone as a warm and moist paradise had completely enveloped it.

The tight sense of constriction made it difficult for the angry dragon to easily escape.

Before Su Fan could make any move, Bai Man pressed down on his shoulders and sat atop him.

Her slender waist began to move swiftly.

Feeling Bai Man's speed and frequency, Su Fan even worried that she might twist her delicate waist out of shape.

It might have been to stimulate Wang Fei next door, whether it was because of her.

The previously soft and melodious sweet nothings now became a series of soul-destroying lascivious sounds.

"Man, what are you doing?" Su Fan's face showed utter astonishment, not understanding what Bai Man was up to.

"Mind your own business!" Bai Man gave Su Fan a fierce look, but her movements didn't stop in the slightest.

Of course, Su Fan wasn't planning to interfere; he was busy enjoying himself, why would he bother with her?

"Mmm..."

"Ah..."

From deep in Bai Man's throat, a continuous series of enchanting sounds played like a beautiful symphony.

In the room, there was also a rhythmic thumping, very much in time like drum beats.

The soundproofing of the hotel in the scenic area wasn't very good, let alone when Wang Fei and the two were only separated by a wall.

The reason Bai Man was so unrestrained right now was partly because she had been under immense pressure lately.

The other reason was because of the alcohol she drank tonight.

Alcohol enters the gut, turning to tears of yearning.

Bai Man had no tears of yearning, only the yearning itself.

And Su Fan, who had been by her side during this time, was not the perfect cure for her yearning?

"Hiss—"

After putting in another forceful effort, Bai Man finally couldn't help but gasp for air.

A moment's inattention had caused the angry dragon to crash directly against her sweet spot.

That wonderful sensation made Bai Man hurt so badly she nearly collapsed, and yet it also brought a different kind of satisfaction to her heart.

Unlike Bai Man's pain, Su Fan could feel nothing but pleasure, pure pleasure.

If he took charge himself, he would definitely strike directly to the heart every time.

After Su Fan's many developments, although Bai Man was gradually able to accept the ferocious and rugged angry dragon, she could only take part of it.

If Su Fan went all out, he might just break through her completely.

At this moment, both Su Fan and Bai Man were happy.

But Wang Fei, just through the wall from them, was not at all happy.

The sounds from the next room made Wang Fei both embarrassed and annoyed, and she cursed under her breath.

"Indecent, it's simply indecent. These two are really too much!"

"One is an aunt by marriage, the other her nephew, yet they still engage in such an improper affair under the guise of being relatives!"

"Shameless!"

For Wang Fei, the noise coming from next door was torture.

If Su Fan and Bai Man really had to do something, there was no need for them to make so much noise.

As Wang Fei's frustration grew, the noises from next door became even louder.

Wang Fei had also had some drinks earlier, and under such stimulation, she was beginning to feel a burning heat herself.
