Chapter 41: Change

Without the support of the armrest, Liu Ye completely collapsed like a puddle of soft mud, sitting on the ground, panting heavily.

"Director Liu, I, I'm so sorry."

"I was too excited just now..."

Su Fan stammered fearfully.

Having been satisfied, Su Fan had regained his clarity.

Thinking back to his behavior just moments ago, even he found it outrageously wild.

"You bad guy, I, I almost got eaten by you."

"But, you were amazing."

Liu Ye licked her lips, her face showing an expression of blissful satisfaction.

"Ah..."

Seeing Liu Ye's expression, a shock went through Su Fan's heart.

Could it be that Liu Ye has masochistic tendencies, not only unangry but actually happy?

But it also seemed unsurprising, after all, who wouldn't like a man as vigorous as Su Fan?

"However, you were too rough with me, you must compensate me."

Liu Ye said with teary eyes, looking like she might cry at any moment.

"How should I compensate you, it's only my first day at work, and, and I haven't been paid yet, I don't have any money..."

Watching Su Fan's uneasy demeanor, Liu Ye chuckled.

"Who asked for your money."

"I want you."

"Let's do it again..."

Liu Ye's eyes were full of anticipation.

It seems she had become addicted.

"Ah, do it again, can you, can you take it?"

Su Fan asked with concern.

Liu Ye immediately replied.

"It was tough being tossed around by you, but the path has been opened, so I should be able to take another round. However, this time, I must take the lead, let's switch positions."

"This..."

Su Fan was hesitant.

"What, you don't want to?"

Liu Ye showed an unhappy expression.

"No no no, you misunderstood, I would love to, I'm just worried about your body."

"Don't worry about me, just tell me whether you're willing or not?"

Liu Ye's eyes were full of longing.

Su Fan nodded honestly.

"Hehe, then let's go inside, and you lay down on the bed."

Liu Ye immediately smiled like a blooming flower.

Su Fan complied.

As soon as he lay down on the small bed, Liu Ye climbed on as well.

"Oh my..."

Seeing the proud and erect dragon, Liu Ye couldn't help but swallow her saliva.

There was surprise and excitement, but also deep fear.

She had actually withstood such a great impact just before.

The next moment, she carefully sat down on it.

A third of the way.

She frowned slightly.

At half way, she took a deep breath.

When it was fully inside, her face had completely contorted, her pearly white teeth biting down on her red lips, her face filled with an intoxicated expression.

In pain and pleasure.

The faint pain turned into a deeper pleasure.

The next moment, she began to sway.

Su Fan lay there, watching the changes on Liu Ye's face, his hands wrapped around Liu Ye's waist, providing leverage for her.

It was a very beautiful, warm, and silky feeling.

Finally, after ten minutes, Liu Ye lay on top of Su Fan, motionless.

The thick dew carried a faint hint of blood.

"Director Liu, have you reached your peak?" Su Fan asked tentatively.

"Don't call me Director Liu, call me sister."

Liu Ye's face was still intoxicated.

"I can't take it anymore, if you haven't finished, you move."

"Then here I go, just bear with it."

From below, Su Fan, holding Liu Ye's back, began to move.

Liu Ye was completely spent and couldn't care less, letting Su Fan do as he wished.

Another half-hour passed.

Su Fan gave a powerful thrust of his hips, then lay still.

"You, you life-threatening guy, I almost died at your hand."

Liu Ye bit Su Fan's shoulder, leaving a faint bite mark, as her revenge on him.

"Quick, get dressed, if we take too long, we'll be discovered."

Liu Ye shakily got up and picked up her clothes from the floor.

Su Fan also jumped down from the bed.

"Why do I feel not the slightest bit of tiredness after our big battle, but instead am full of energy? Most importantly, it seems like there's an odd stream of energy within me?"

Su Fan could clearly feel a cool flow moving around inside his dan tian, making him feel extremely comfortable.

"Director Liu, how do you feel?"

Su Fan asked Liu Ye.
