

## THE TEMPTATION BEHIND GENTLENESS

### Chapter 6 - 6 Three People Can Also

"Wow..."

Finally, Su Fan could no longer hold back, uttering a long moan, his life force spilling out, then contracting much.

The woman realized something was amiss, withdrawing her jade hand, still dripping with sticky dew, she sniffed it at the tip of her nose, a strong fishy smell emanating.

"This, this is..."

"Really?"

"Aunt, I'm sorry..."

Like a criminal, Su Fan apologized in a quiet voice.

"This voice..."

The woman turned on the light, looking at the tall, solid back.

"Ah, a man..."

The woman screamed in terror.

Su Fan also noticed something was wrong, quickly turned around, and saw a plump woman around thirty, about five feet five inches tall, stark naked, staring at him with wide-open eyes.

In the bright light, the woman's body was clearly visible to Su Fan, her skin as delicate as jade, especially her breasts, which were astonishingly developed.

"Who, who, who are you..."

Horrified, the woman stared at Su Fan, uttering a sentence before her eyes went dark and she fainted.

Clearly it was too much shock.

"This is bad..."

In a western restaurant, looking at her phone, Bai Man hadn't expected her best friend Wang Fei would faint from fright and hurriedly rushed back.

"Aunt, I really didn't do anything..."

"Get out..."

Su Fan was scolded out of the room, standing in the hallway waiting.

Bai Man, who was also a doctor, quickly dealt with the situation, and Wang Fei woke up after a while.

"Wow..."

Upon seeing Bai Man, Wang Fei began to cry.

Minutes later, Wang Fei's emotions stabilized, and she began to question Bai Man.

"Why was there a man in the room, I, I actually helped him with my hand, I, I have never even touched a man before, it's so disgusting, what exactly happened?"

Bai Man immediately pleaded aggrievedly.

"He's a relative from my husband's village, just came of age, named Su Fan, just arrived in the city yesterday. Today is your birthday, isn't it? I thought it would be good to have one more person to liven things up. You're always too flirtatious, how can you blame me?"

"You're the flirt..."

Thinking of her earlier actions, Wang Fei wished she could crawl into a hole.

However, a trace of excitement soon appeared in her eyes.

"You said he just arrived in the city yesterday, and he's just come of age?"

"Yes, why?" Bai Man nodded, puzzled.

"That's great."

Wang Fei immediately became even more excited.

"Looks like, he's still a virgin, hehe, I've always avoided men because I think they're too dirty with their affairs, hehe, he must be very clean. Besides, he really seems excellent, it must be a unique experience..."

"I really want to try..."

Listening to Wang Fei's crazy words, Bai Man was stunned.

She knew her best friend was a lesbian, and had thought she would want to kill Su Fan on the spot, but now Su Fan had unwittingly opened a new world's gate for her?

Yet, due to the special relationship between her and Wang Fei, she felt nervous thinking about Su Fan being taken by her.

Moreover, originally she had no interest in Su Fan, but having seen what Su Fan had to offer, she changed her mind.

Such a great man should be used by her.

"No way, no way..."

She immediately stated.

"Su Fan is my husband's nephew from the same village. My husband said we should take good care of him; you better not mess with him."

"Tsk, tsk, tsk."

Wang Fei immediately gave Bai Man a strange look.

"Why, why are you looking at me like that?"

"Since when did you care about what that old man at your house thinks? I say, you wouldn't be thinking about keeping the virgin boy for yourself, would you?"

"Actually, if you're willing, the three of us could..."
